

## D Emperor 2881

### Chapter 2881: Bad intentions

The wild mountains have extremely powerful fields, and the closer to the front, the stronger the field.

Therefore, if you want to enter the wild mountain range, you must enter from the tail of the wild mountain range. After entering the mountain range, the role of the field will be reduced a lot. In this way, along the mountain range, you can slowly go deep into the wild mountain range Too.

Therefore, all people enter from the tail when they enter the wild mountains.

The eight Lu Ming flew in from the tail. As soon as they entered the wild mountain range, Lu Ming felt a powerful field, acting on him, and almost immediately dragged Lu Ming down the mountain range.

They quickly operated the divine power, resisting the external field, and slowly landed on the ground.

Roar!

As soon as they landed, there was a roar, a wild animal.

Many wild beasts have survived in the wild mountain range. Some wild beasts are very powerful, but this wild beast has only the strength of the true \*\*\*\* Jiuzhong.

"Every true divine realm, I also want to sneak attack to find death!"

The seductive woman sighed coldly, a sword flashed across, splitting the wild beast into two halves, and then coldly glanced at Lu Ming, as if to say that it was useless, the real \*\*\*\* realm, it was so vulnerable.

Lu Ming is too lazy to ignore this woman. In Lu Ming's mind, this woman is a fool.

Ignored by Lu Ming, a flash of cold light flashed in the eyes of the seductive woman.

A true \*\*\*\* everywhere, dare to ignore her, really do not know the sky is thick.

"follow me!"

Three missing, and then walked in one direction.

Everyone followed the three shortcomings, moving forward and along the way, from time to time, they will encounter attacks from the wild beasts, but the wild beasts here are not very high in level, most of them are below the gods realm, and not many reach the gods realm. For Lu Ming, there was no threat and they were easily killed by them.

Going all the way, half a day later, they have penetrated millions of miles into the wild mountains.

Here, the field of the wild mountains is already amazing, and the pressure is increasing. Here, let alone flying, even with divine power, it is difficult to operate.

At this time, they came to a huge valley.

At this point, San Que's figure suddenly stopped.

"San Que, why didn't you leave? Do you know where the heart of the desert is?"

A big man asked.

"Hey, hey!"

San Que strange laughed a few times, glanced at Lu Ming and the seven of them, said: "I don't know where the heart of the wildness is, but I know, you are going to die, hehe!"

Among the seven people, except Lu Ming, the other people's faces were all changed.

"San Que, what do you mean? What do you want to do?"

The charming woman's eyes slammed and glared at the three defects.

"What are you doing? It's very simple, hand over all the treasures on your body, I can give you a whole body, otherwise, you can only feed you to the wild beast."

San Que sneered.

"San Que, you brought us here, and I didn't feel good about it, but it's a bit ridiculous because you want to kill us."

A big man calmed down a lot, and at this time he spoke coldly, and his body exhaled a strong breath.

Ten gods!

This great man is the realm of the fourfold of the gods, which is higher than the realm of the three lacking gods.

The strong breath of the big man pressed against San Que, but San Que's face did not change at all, and even the killing in his eyes became stronger.

"Come out!"

San Que called out.

Uh! Uh! Uh! ...

As San Que's voice sounded, some figures suddenly rushed out of the valley.

There are eleven figures in total, the speed is astonishing, like a streamer, a few flashes, they surrounded Lu Ming.

"San Que, you... you have an ambush here, you are over us!"

"Damn!"

Alluring women, Dahan and others shouted all their faces wildly.

By this time, even if they were stupid, they understood what was going on.

San Que asked them to form a team together, it was totally pitting them, it is a long-term plan, let other people ambush here, to kill someone more.

They were fooled.

"It's him!"

Lu Ming's face was calm, but when he saw one of the burly men, a flash of murderous light flashed in Lu Ming's eyes.

The burly man was the one who sat in the star warship and bombarded Lu Ming star warship.

At that time, Lu Ming didn't care, he didn't expect to encounter this big man again, and he robbed him with San Que and others. He had to say that it was really a narrow road.

"Hand over all your treasures, lest we do it ourselves."

San Que sneered.

However, if no one moves, who will easily hand over their treasures?

"So much nonsense with them? Just kill them directly to avoid long nights."

The big man who had previously dealt with Lu Ming coldly exploded into a strong breath.

This great man is also the fourfold cultivation practice of the gods.

In fact, among these people, there are six of them.

Lu Ming and them, there is only one celestial \*\*\*\* fourfold existence, the gap is too much.

"Want me to hand over the treasure and dream!"

On Lu Ming's side, the fourfold existence of the gods roared, bursting out of strength, and rushed to the side.

boom!

He punched out with a punch, his breath exploded, crushing forward, trying to kill a \*\*\*\* road and escape.

"court death!"

On the other side, several masters drank coldly, and at the same time killed the big man.

These people, all four powerful gods of the gods, teamed up to kill the big man and cast a terrible trick.

One enemy, three opponents, and no enemy at all. Two of them attacked and bombarded the big man. The big man screamed, his body flew out, he vomited blood, and he was half dead.

The seductive woman and others were pale as snow, without a trace of blood.

The strongest of them were almost killed by a stroke, and they were even more hopeless.

Many people showed their despair.

"Three missing big brothers, a few big brothers, as long as you don't kill the little girl, the little girl can agree to whatever you want."

The charming woman, with a charming smile on her face, scratched her head, twisted the waist of the snake, her eyes were silky, and she swept to San Que and others.

"Bitch, get out! Your move is not effective for us. Let us kill them."

Sanque cold drink.

Doing their business will definitely not leave a live mouth, even if the charming woman scratches her head no matter how useful it is.

boom! boom! ...

San Que and others shot directly.

"Boy, the old man will take you on the road first!"

San Que's eyes radiate cold light, staring at Landing Ming, the first to kill Landing Ming in the past, his claws are blood red, grabbing Lu Ming's heart.

However, after a flash of cold light passed away, San Que's body stiffened, and his eyes glared round, revealing an incredible look.

Because, his heart has been penetrated by a long gun.

This spear was naturally stabbed by Lu Ming.

Chapter 2882: Road to Vitality

"you you..."

Three incomprehensible look at the landing song, and then, showing a terrified look.

He had never imagined that Lu Ming was just a true \*\*\*\* with a heavy weight, and his shot would be so fast. He didn't see how Lu Ming shot. The long gun in Lu Ming's hand pierced his heart.

He knew that he had encountered a terrible arrogance, a arrogance that could not be measured by cultivation capacity.

"Rao...Rao...Fate..."

There was blood flowing continuously in the three gaps, and he wanted to ask Lu Ming for mercy.

"Get on the road!"

Lu Ming spoke indifferently, his spear was shocked, his body lacked, and he fell apart on the spot.

"Boy, you are dead..."

The previous big man who shot Lu Ming's star battleship screamed loudly and slammed towards the landing.

With a four-ply breath of gods, he rushed towards Landing Ming violently to kill Lu Ming.

"Shenlong Faxiang!"

A low voice came from Lu Ming's mouth. Immediately, two nine-claw dragons appeared in the sky. The nine-claw dragons meandered and rushed towards each other.

Two nine-clawed dragons, a total of 18 dragon claws, killing the sky and killing, amazing power.

The big man's face changed wildly, his palms turned to black, and he slashed out constantly, blasting against the dragon claws of the Nine Claws Dragon.

boom! boom! boom!

The terrible collision kept ringing, and in a blink of an eye, dozens of moves were made.

The big man's face changed wildly, his body suddenly retreated, and blood was spurting wildly in his mouth.

With Lu Ming's current cultivation practice, even if it does not turn into an ancient \*\*\*\* body, it only triggers four times the combat power of the war character tactics, and the power is also amazing, not the other party can resist.

Roar! Roar! ...

The two nine-clawed dragons roared and continued to pounce on each other. The dragon claws tore down and directly tore the other into four parts.

"how is this possible?"

Lu Ming killed two masters in a row, and the others were finally shocked and exclaimed, their faces unbelievable.

Originally, they thought Lu Ming was just the cultivation of the true \*\*\*\* realm, they did not put Lu Ming in their eyes at all. At this moment, Lu Ming exploded in incredible combat power, which directly shocked them.

"Okay, okay..."

The seductive woman and others, at first, were also open-mouthed, but immediately showed ecstasy.

Lu Ming actually had such a strong combat power, they were saved.

"kill!"

Lu Ming turned around and shouted, and a nine-clawed dragon appeared in the air. A total of three nine-clawed dragons rushed to other people.

At the same time, Lu Ming waved his spear, struck out three blows, and killed another.

puff!

The crescent-shaped gun-man's power splits down, and a four-strength powerful \*\*\*\* is split in half. Then, three nine-claw dragons work together to kill the other four-fold god.

Completely crushed!

"Go, go..."

Others were frightened, backed wildly, and ran desperately in all directions.

Lu Ming rushed up and killed the two of them, and he did not continue to pursue them. Soon, those people disappeared into the vast mountains.

The charming woman and others looked at Lu Ming's eyes, full of shock and horror.

They knew that they had encountered a peerless genius.

"Lu Ming, thank you for your help, thank you very much!"

Several people thanked Lu Ming one after another.

"Lu Ming, you are so powerful. The older sister looked away. The older sister apologized to you!"

The charming woman's eyes turned and she smiled, twisting the water snake's waist, and approached Landing Ming. She also flirted at Landing Ming with a look like...Ling Luming.

Lu Ming glanced at the other indifferently, too lazy to say a word, and turned away.

This woman, with a snobbish look on her face, used to look at Lu Ming's cultivation of the true \*\*\*\* realm and sneered. Now that she sees Lu Ming's amazing strength, she immediately comes to Lu Ming.

It can be described as shameless.

"Brother Lu Ming, where are you going, sister, come with you!"

The seductive woman quickly followed Naruto.

"roll!"

Lu Ming turned around and drank coldly, his eyes sharp and exuding cold murder.

The seductive woman was scared and pale, she stopped and dared not get close.

Lu Ming flicked into a rainbow, and left the place directly.

"This Lu Ming must have come from the thirteen ancestors of Qin Tian, or even the peerless geniuses of the three overlords. Before that, we looked away."

"It's true that these people have very high vision. Based on your qualities, you want to seduce others. It's really delusional."

Several others looked at the seductive woman sarcastically, making the seductive woman bleed in shame.

...

After Lu Ming was alone on the road, he had been heading towards the depths of the wild mountains.

Along the way, there were no dangers, and soon afterwards, Lu Ming went halfway through the deserted mountains.

At this time, Lu Ming found that people were constantly rushing in one direction.

Lu Ming's eyes moved, and he went in that direction.

After flying for a while, a lake appeared in front of it, and many people gathered in this lake in all directions.

Everyone stared at the lake.

"Aren't the wild hearts right here?"

Lu Ming thought.

Wow!

The lake was rolling, and the waves were turbulent, causing thousands of waves.

Then, an amazing scene appeared. Under the lake, a violent roar suddenly exploded, exploding the entire lake water into the sky.

The lake splashed, revealing a dark cave underneath.

Rumble!

Under the cave, suddenly stretched out tentacles.

However, these tentacles are not the tentacles of the soul, but are composed of energy. After being waved out, they are like a road paved in the sky.

There are a total of 81 articles.

"This is the path of vitality, and the heart of desolation is inside. Only by embarking on the path of vitality, one can enter the cave and get the heart of desolation!"

Someone shouted.

"The wild heart is mine."

"go!"

Suddenly, someone rushed towards the path of vitality and landed steadily on the path of vitality.

"Why, why can't I set foot on it."

"Neither can I!"

"I understand that a path of vitality can only accommodate one person. Once one step on, the other person can't go up."

Someone saw it as greasy.

Once one person in front stepped on the path of vitality, and others wanted to continue to step on, they would be blocked by a layer of powerful forces and blocked from the path of vitality.

A path of vitality can only accommodate one person.

A total of 81 roads can only accommodate 81 people into the cave.

However, there are thousands of people here.

Of the thousands, only eighty-one can enter.

Having figured this out, everyone's eyes showed a fiery light, and immediately they shot.

"This road is mine, leave me alone!"

Someone broke out, and displayed a powerful attack, attacking those who set foot on that path.

Although they could not enter, they attacked from the outside without obstruction.

what!

A scream rang out, one of the paths of vitality, one of which was insufficiently repaired, was directly beheaded, and the road of vitality was sprinkled with blood.

Chapter 2883: Snatch a road

The melee broke out, and thousands of people rushed to see the eighty-one paths of vitality and started \*\*\*\* fighting.

"Go away, this way is mine!"

"It's you who is going to die, die for me!"

The chaotic heart is extremely precious. Many people's eyes are red, and they rushed to the road of eighty-one vitality. The blood splattered, the screams continued to ring, and people were continuously killed.

Some of the powerful real gods instantly died a large number of them, and the remaining real powerful real minds finally got awake and retreated in horror, withdrawing from the competition.

They understand that, by virtue of their cultivation practices, they simply cannot compete with the gods, otherwise there is only one way to die.

However, the number of characters in Tenjin Realm is still very large, and the war is even more tragic.

But among them, some people's cultivation is extremely advanced, reaching the seventh level of the gods.

The sevenfold \*\*\*\* of heaven, among these people, is definitely the most top-notch existence. The divine power is like a wave. When a punch blows out, several people are killed, and no one can stop it.

There are more than a dozen such characters, directly occupying more than a dozen vitality roads.

In addition, the existence of some of the six supernatural beings is extremely terrifying, overwhelming the heroes, and also occupying some vitality.

The strongest competition is the existence of some five gods and four gods. There are a lot of people who cultivate in this way, more than eighty-one. They know that competition is only the existence of those six gods and seven gods, so they gather to On the way to other vigor, the competition is fierce.

Lu Ming didn't shoot at first. After a while, he flew towards one of the vitality roads.

"This real \*\*\*\* boy, dare to go up, really looking for death!"

"The heart of greed is too strong to live long."

After seeing Lu Ming, some characters from the real \*\*\*\* realm made ridicule and waited to watch a good show.

Lu Ming is very fast and has come to an intersection of vitality.

"A kid from the true \*\*\*\* realm also came to join in the fun and seek death!"

A big \*\*\*\* in the heavenly realm, punched Lu Ming with a punch, forming a terrible roar.

"roll!"

Lu Ming drank coldly, triggering four times the combat strength of the war character tactics, the long gun vibrated, and a shot was drawn towards the other party.

The spear collided with the opponent's fist, and a violent roar erupted. The punch of the big man was instantly crushed, his body trembling, his body retreating, and he vomited blood.

"How can it be?"

Others were dumbfounded.

Especially those who mocked Lu Ming's true \*\*\*\* realm were even dumbfounded.

"This kid, a real \*\*\*\* realm, has such a strong force, kill him first!"

An old man shouted and killed Lu Ming with a violent breath.

This person has a fivefold cultivation practice.

"Go, go..."

Lu Ming shouted and stepped forward. Every step, a nine-claw dragon appeared on the top of his head. After three steps, three nine-claw dragons appeared on the top of his head.

Three nine-clawed dragons roared to each other with roar.

At the same time, nine ice chains appeared on Lu Ming's body, entwining towards each other, exuding an amazing chill.

In the absence of the ancient \*\*\*\* body, facing the five-fold existence of the \*\*\*\* of heaven, Lu Ming must do his utmost.

"Three strikes to destroy the world, cut the moon!"

Holding the gun in both hands, three consecutive shots, three crescent-shaped guns, chopped towards each other.

boom! boom! boom! ...

The two collided and fought fiercely together.

For a time, it was difficult to stand alone.

But others, took the opportunity to rush towards the path of vitality.

"Boy, I won't fight you."

The old man and Lu Ming slammed each other, and their bodies backed away, killing them on a path of vitality.

Lu Ming also keeps up and fights with others.

On this road, there are three celestial beings with five levels of existence, and four celestial gods with four levels, plus Lu Ming, and eight people fighting fiercely.

The gods below the quadruple level are not very competitive at all and cannot join the battle group.

The eight-person melee battle became a pot of congee, and several gods started to hold on for a few times, but soon, they couldn't hold on. One of them was hit by a strong man of five gods and fell on the spot.

"Cut the moon!"

Lu Ming blasted out, also struck a strong \*\*\*\* of the four gods into a serious wound, and the rest of the four gods of the gods, with a dignified face, retreated.

On this road, there are only three celestial gods, and Lu Ming is still fighting.

Lu Ming did not intend to use the ancient \*\*\*\* body. The ancient \*\*\*\* body was his killing trick and could not be easily used. After all, through this path of vitality, there will definitely be more terrible competition.

In case of a wild heart, a \*\*\*\* fight is inevitable.

Lu Ming just used various magic skills, as well as the two chains of ice chains and the magic method of the magic dragon, fighting with the enemy.

This kind of war is very great for the consumption of their divine power. There are hundreds of moves in the war. The divine power of several other people is somewhat out of support, but Lu Ming is still alive and well.

Lu Ming began to gain the upper hand gradually.

And at this time, those who have seven gods and six gods have already entered the cave.

The other three were anxious.

"This kid is too weird. The cultivation of the true \*\*\*\* realm has such a strong divine power. How about the three of us teaming up to win him, and how about a victory?"

The existence of the other three gods with five layers is planned to join hands to deal with Lu Ming first.

All three people have the same meaning. They hit it off immediately, and the three joined forces to kill Lu Ming.

"If you wanted to keep the bottom card, now you are all done!"

Lu Ming's eyes were cold, and then his body quickly swelled up. Lu Ming began to use the ancient magic formula and turned into an ancient magic body.

However, Lu Ming did not fully exert the ancient \*\*\*\* tactics, nor did he suddenly become the ancient armor of the green armor, only to the second level, the ancient armor of the orange armor.

Height is only more than 30 meters high.

In this way, you can greatly save physical strength.

Even if it turned into an ancient \*\*\*\* of orange armor, Lu Ming's strength also skyrocketed, and his spear was spurted out, and a five-fold old man of the gods was directly pumped out.

"kill!"

Lu Ming strode forward and killed the old man. The violent attack, like a storm, poured out towards this person.

"How can it be?"

The old man was shocked and tried his best to resist, but Lu Ming couldn't stop it at all. After barely blocking it, Lu Ming was shot and killed.

Then, Lu Ming killed two others.

The other two were so shocked that they did not dare to stop Lu Ming from retreating far away.

Lu Ming landed on the road of vitality, striding forward, no one stopped.

"This... this is too strong, is this still the realm of real gods?"

The existence of those real gods in the distance, dumbfounded, was difficult to react for a while.

Some people are not discouraged, and they are also in the true \*\*\*\* realm. The gap between them and Lu Ming is also very different.

They didn't know whether they were too wasteful or Lu Ming was too perverted.

Lu Ming was too lazy to pay attention to the thoughts of these people. He hurriedly jumped along the path of vitality and went deep into the cave.

Chapter 2884: Vitality

After Lu Ming ran for a while on the path of vitality, he used the ancient magic tactics to shrink his body and return to its normal form.

The ancient \*\*\*\* body has been maintained, but it is very physical. Next, I am afraid that there will be a big battle. He needs to save energy.

The road of vitality, I don't know where it came from, Lu Ming walked along the road of vitality for thousands of miles, and finally came to an end.

In front, in a dark void, a huge bubble was suspended.

This bubble stretches out tentacles. These tentacles are exactly the path of the eighty-one vitality under their feet.

Lu Ming's eyes were instantly attracted by something in the center of the bubble.

It was a crystal like a heart, emitting a brilliant light.

Desolate heart!

Lu Ming knows that this is the heart of disorder.

However, at this moment, no one was fighting. The people who came in earlier than Lu Ming stood at the end of the road of vitality, looking at the wild heart greedily.

"These people should not be able to enter!"

Lu Ming thought about it, and did not act rashly.

However, Lu Ming did not move, but the others moved. An old woman who entered Lu Ming about the same time, her eyes flickered, strode forward, and pounced on the bubble, trying to rush into the bubble and hold the heart of desolation. in.

The others looked at with sneer.

bump!

The old woman hit the bubble firmly, and hit a strong one.

With a scream, the old woman retreated suddenly and was hit with a bruised nose, but her injuries were not serious.

"Don't dream, this bubble, you can't get in now."

One of them sneered.

"Why didn't you remind me just now?"

The old woman stared dully at the man.

"What are you counting? Why should I remind you?"

The man sneered.

"you..."

The old woman gritted her teeth, but she was not as good as the other, and she dared not say much.

"What should I do? Isn't it just watching the wild heart in front of me, but not getting it."

Someone frowned.

"The heart of chaos has appeared before, and I have seen records in a classic."

At this time, a white-haired old man spoke.

"You have seen the record, then do you know how to get the Heart of Desolation?"

Someone's eyes lit up and looked at the white-haired old man.

"I do know, it's okay to tell you!"

The white-haired old man smiled faintly and said, "The balloon outside the wild heart is the vitality composed of powerful energy. The vitality will extend out the path of eighty-one vitality. Each time, there can only be eighty-one people. Follow the path of vitality and come to this central place."

"So, only when there are creatures stepping on the eighty-one path of vitality, can there be a way to get a wild heart!"

"As you say, when there are people on the eighty-one path of vitality, this bubble, that is, the vitality, will disappear?"

Someone asked.

"I want to be beautiful. I tell you that it is not that there are people on the eighty-one path of vitality. You can get a heart of disorder. It is not so easy to break through the vitality. It takes some luck."

The white-haired old man said.

"What more luck is needed, old guy, can't you just finish talking in one go?"

Someone said impatiently.

"What's the hurry? Isn't there still a lot of vitality that nobody has arrived?"

The old man with white hair responded faintly, and then said slowly: "To break through the vitality day and night, everyone must join forces. Everyone on the path of the eighty-one vitality forces join forces to inject the divine power into the vitality day and night. The pillars of vitality will be stimulated, and only the pillars of vitality of 999 can be broken in order to break through the vitality."

"It turns out so simple, I'll come first!"

A middle-aged man, stepped out first, came under the vitality, and his palm was facing the vitality, and he was constantly pouring into the vitality.

Buzz!

The vitality shook slightly in the morning and evening, and then a certain part of the vibration became more and more intense. The last pillar of vitality flew out for a hundred meters, like a long snake flying in the air.

"Come again!"

The middle-aged man roared and continued to input divine power. The vitality shook day and night, and then two pillars of vitality flew out.

There are a total of three pillars of vitality, but here, no fourth pillar of vitality appears.

"Give me out, give me out..."

The middle-aged man roared and continued to input divine power, but his vitality remained immobile and there was no response at all.

"So few, only three?"

Many people looked at each other.

The middle-aged man, who had the sixfold cultivation practices of the gods, could only inspire three pillars of vitality, which made many people's hearts sink.

Want to open the vitality day and night, but need 999 pillars of vitality, and they only have 81 people, according to this ratio, it is impossible to open the vitality day and night.

The big man himself, flushed with shame.

"I come!"

Then, another middle-aged woman stepped forward and input the divine power into the vitality day and night. This person also had the sixfold cultivation practices of the gods, but she tried her best to only inspire three pillars of vitality.

This makes many people's faces even more ugly.

Then, the existence of a seven-fold \*\*\*\* of heaven came forward, but the situation was not much better, and only inspired five pillars of vitality.

"This..."

The people looked at each other in accordance with this ratio. Even if all 81 of them stepped forward, the pillars of vitality would not exceed 300 at most.

"Hey, it is so. As far as I know, although the number of pillars of vitality is related to Xiuwei, it has a greater relationship with talents. The higher the talent, the more pillars of vitality!"

"Before, every time the heart of the desert was born, people who started to gather in the wild mountains, very few people could get it, because the vitality was not open, only after the news came out, the pride of the major forces gathered together and joined forces. To be able to open up the vitality!"

The old man with white hair sighed before.

"Wait for those great arrogant figures to come, where is our share? No matter what, we have to give it a try. Next, I will come!"

An old woman was not reconciled, stepped forward, input the divine power into the vitality.

This old lady is the strongest and has inspired six pillars of vitality.

Others were not reconciled. They stepped forward and entered their divine power. One pillar of vitality flew out like a long snake dancing.

However, some of the five gods have fewer pillars of vitality, some have two, and some even have only one.

Soon after, of the eighty-one people, eighty people have already shot, but Lu Ming has not shot yet.

Eighty people add up to only two hundred and fifty-one.

The distance is nine hundred and ninety-nine, which is a full difference of seven hundred and forty-eight.

Chapter 2885: All open

Everyone present was ugly.

"Hey, it still doesn't work!"

"There are only two hundred and fifty-one, the difference is too far away, and the wild heart has no chance with us."

"It is also estimated that only many Tianjiao characters can join forces to open up the vitality!"

Many people lamented that some people glanced at Lu Ming and ignored it directly.

Lu Ming didn't do it alone, but everyone had no hope.

Lu Ming, a person with a true divine realm, is a miracle to be able to walk here. Let him inspire the pillar of vitality, which can stimulate a good one.

Even if Lu Ming is young, he may have a good talent, but there are more than 700 remaining, and there is no hope for him.

"Forget it!"

Someone shook his head, put away his divine power, and took a dozen steps back.

Then other people shook their heads and put away their divine power, and the pillars of vitality disappeared.

However, no one left because some were unwilling.

"It does mean something. I don't know how many pillars of vitality I can inspire when I step forward?"

Lu Ming thought, showing a trace of interest, and then stepped forward.

Lu Ming moved, many people looked at Lu Ming.

"This kid has to go up, we all failed, he has to go up, is it silly!"

"But speaking of it, it's not easy for this kid to get here by virtue of the cultivation of true \*\*\*\* realm, maybe he is a genius!"

"Even if you are genius, how many pillars of vitality can be inspired, ten, twenty, and even one hundred, it won't help."

"Yes, guess what number of pillars of vitality this kid can inspire?"

"How many roots? This kid is so young. With such cultivation, he can still come here. His talent is certainly not weak. I guess he can inspire at least ten pillars of vitality."

"Ten roots, maybe more than that, I guess between twenty and thirty!"

"Twenty to thirty? This is too exaggerated, you know, we can only have six at most."

There was a lot of discussion, and they began to guess how many pillars of vitality Lu Ming could inspire.

Lu Ming had already reached the pillar of vitality, and then stretched out a palm, sticking it on the evening of the vitality, the divine power slowly poured into the evening of the vitality.

Buzz! Buzz! ...

The vitality was shaken violently overnight, and then a pillar of vitality was formed and flew in the air.

Thirty-six!

At the moment Lu Ming entered his divine power, Lu Ming inspired 36 pillars of vitality.

"This... so much?"

Others looked shocked.

Just now, some people guessed that Lu Ming could inspire between 20 and 30, and some people think that too much guessing is difficult for Lu Ming to do.

Unexpectedly, Lu Ming's shot was only instant, and Lu Ming inspired 36 pillars of vitality.

But this hasn't stopped yet. Next, the vitality was more and more vibrated day and night, making a loud rumbling sound, like the waves of the ocean.

Wow wow wow...

In the vitality day and night, more pillars of vitality were rushed out, and this time, three hundred and sixty were rushed out.

With the previous 36, there are 396 of them.

Sisisi...

There was a breath of cold breath at the scene, and everyone's eyes were stunned and gaping.

Three hundred and ninety-six, everyone looked at the three hundred and ninety pillars of vitality flying in the air, and almost thought they were dreaming.

"God, there are 396 articles, how is this possible, how is this possible, how could he inspire such a pillar of diversity?"

"Incredible, demon, demon, this person is a peerless genius, if you come to three such characters, you will be able to break through the vitality."

Some people shouted in shock.

Lu Ming alone had more pillars of vitality than they had together.

However, their shock is far from over.

Boom Boom...

At this moment, the heart of Lu Ming's ancient god, thumped, a breath of ancient gods poured into the palm of Landing Ming and entered into the vitality day and night.

Buzz! Buzz! Buzz! ...

Above the dawn of the vitality, it began to vibrate again, and then another pillar of vitality flew out.

This time, more than 300 pillars of vitality were formed.

In total, there are seven hundred.

"Also...and..."

The others were completely ashamed and completely there.

Seven hundred, seven hundred.

In history, the strongest genius has inspired more than 100 at most, but Lu Ming has inspired 700. How is this possible?

How can there be such a strong arrogance in the world?

The other eighty people think they have seen the world, but at the moment, they all feel that they are country gangsters, who come out of the backcountry and have not seen the world.

"Seven hundred, this should be the limit!"

The old white-haired old man swallowed hard, his eyes rounded and his heart thumped.

However, the next moment, he almost sat down on the ground.

Because the vibration of the vitality has not stopped, but the vibration is more intense.

"Does it... can it inspire the pillar of vitality?"

Some people said dryly.

"Seven hundred, it's not enough, then try the Zhanzi Juice."

Lu Ming's eyes flashed a beam of fine light, and then he began to mobilize the war of words.

Lu Ming's comprehension of Zhanzi Ju is now more and more advanced. Now, he has mobilized Zhanzi Jue four times as much power and has already achieved a 50% success rate.

Lu Ming's body was filled with a strong fighting intention, and a powerful force erupted from his body.

Rumble!

The vitality was shaken more and more violently, and then another pillar of vitality rushed out.

This time, hundreds of pillars of vitality rushed out, and the sky was full of pillars of vitality.

The number of pillars of vitality has reached 999.

The pillar of vitality needed to open the vitality day and night is 999.

"God, he alone has inspired 999 pillars of vitality, which is amazing."

"Incredible!"

The crowd at the scene was almost scared to death.

But at this moment, the tremendous vibration of the vitality day and night rolled up the waves of the vitality day, and a terrible roar broke out.

"It's about to open, the vitality is about to open!"

"The Heart of Desolation is coming!"

Many people shouted with fiery light in their eyes.

This time, it was really beyond everyone's expectations. They originally thought that they would not be able to open their minds at all. They would have to wait until the news came out, and the geniuses of the powerful forces of Qin Tianxing would gather and open. Able to open.

"Hahaha, the wild heart is destined to belong to me."

A powerful seven-layered \*\*\*\* screamed in his heart, his eyes fiery.

Although Lu Ming inspired 999 pillars of vitality, in his view, Lu Ming was only talented, and his cultivation ability was not in his eyes at all.

Chapter 2886: Show strength

In fact, not only the master of the Seventh God of God thinks so, but other people think so too.

They admit that Lu Ming's talent is so high that it is unheard of.

However, Lu Ming's cultivation practice is, after all, only a true divine realm. His high talent does not mean that he has strong strength.

Everyone's eyes were staring at the deserted heart of the vitality, waiting for the moment when the vitality collapsed.

boom!

Finally, the vitality burst into a loud noise day and night, completely exploded, and turned into endless vitality dissipation and air.

"The heart of chaos is mine!"

A powerful seven-layered \*\*\*\* screamed and rushed towards the heart of the desert.

"Go away, the wild heart is mine!"

"kill!"

Others shouted, and their bloodshot eyes rushed to the heart of desolation.

The ones who can come here, the cultivation base is the lowest, are the five-fold existence of the gods. Each one has amazing fighting power. A total of 80 people are rushing towards the heart of the desert. A melee battle has begun.

boom! boom! boom!

The crowd fiercely fought together.

Eighty people all want to get the heart of the desert, but anyone who approaches the heart of the desert will be besieged by others.

At the beginning of the fight, some people fell and were bombed here.

Several screams sounded, and several gods' five-fold existence was bombarded.

However, no one stepped back, still killing one after another toward the heart of desolation.

The chaotic heart, even the powerful in the realm of God, must be tempted, and they must fight for it. The value is high. One can imagine how ordinary practitioners can resist such temptations.

Everyone ignored Lu Ming, and no one thought Lu Ming was a threat.

Lu Ming stood aside with a smile, put away the divine power, and did not start, sitting on the hill to watch the tigers and taking advantage of the fisherman.

The fighting is getting more and more fierce. Some people who are weak are constantly being killed and falling. Finally, some people are afraid, with a terrified look, they retreat outside the battlefield.

There are only a few ten gods and seven gods, still fighting and competing.

However, no one can approach the heart of the desert.

This fight, for half a day, still has no one to get the heart of the wild.

In the end, the fighting stopped. The strongest batch of masters stopped in the heart of the desert, confronting each other and gasping for breath. Obviously, the consumption was very serious.

After this fight, the original 80 people, only about 40 people left, nearly half of them fell here.

The remaining people confronted each other and stared at each other. For a time, no one dared to take the lead.

They all know that if anyone takes the lead now, they will be besieged by others.

No one can guarantee that under the siege of others, they can still retreat.

"about there!"

At this moment, Lu Ming whispered, then stepped out, step by step, forward, toward the heart of the wild.

"This kid, what do you want to do?"

Many people's eyes converged on Lu Ming, and some people's eyes froze coldly.

"Does this kid want to seize the wild heart?"

"Really dead!"

Some people's eyes are thriving.

"Boy, stop!"

Someone shouted.

But Lu Ming kept walking and continued to move forward, simply not bothering to care about the man.

"Boy, you are dead!"

The man shouted and slashed towards the landing.

This person has the sixfold cultivation practice of Tenjin, but just one battle ago, this person has been injured, and the divine power is consumed seriously, the combat power has weakened a lot, which is not as good as the normal five-tier Tenjin.

"roll!"

Lu Ming shouted, shot with all his strength, and shot at the person with a shot.

boom!

The two slammed at each other, and a loud noise erupted. Lu Ming's figure just shook, while the other body shook violently, and backed off again and again.

"This kid..."

Many people's eyes narrowed in surprise.

Lu Ming's combat power exceeded their expectations.

Although the man's combat power has weakened a lot, it is also a trivial matter, and Lu Ming is only the cultivation of the true \*\*\*\* realm, and can actually retreat such a master.

"No wonder you can get here!"

Many people have such an idea in their hearts.

After Lu Mingzhen retreated from the man, he continued to rush towards the heart of the desert.

"Boy, there is some strength, but with such strength, it is not enough!"

An old lady drank coldly, stretched out her dry palm, and grabbed her with a dry palm. A dry claw suddenly grew larger, emitting a disgusting smell, and grabbed the landing Ming.

This old woman, with the seven-fold cultivation practice of the gods, had inspired six pillars of vitality before, and the strength was extremely amazing.

Even though she now consumes a lot of divine power, her strength is extremely terrifying at the first shot.

However, Lu Mingsi was not afraid.

"Ancient God Body!"

With a move in Lu Ming's heart, he exhibited the ancient magic formula, and his body suddenly grew larger.

This time, Lu Ming did not retain his strength, but showed his full strength.

He turned into a two hundred meters high ancient \*\*\*\* of green armor, and a roar of the ancient \*\*\*\* broke out in his mouth.

Roar!

A loud roar came out, and Lu Ming stabbed him with a shot.

puff!

The dry old lady's palm was directly pierced by Lu Ming. The old lady screamed sharply, her claws stretched back, her face was white, and her palms were bloody.

Others were shocked. The strength of the old woman was extremely terrifying. Although it was consumed, it was also terrible. She was injured by a shot by Lu Ming.

A man of true \*\*\*\* realm, the combat power is so terrifying?

After repeling the old woman, Lu Ming flashed into the wild heart.

"He wants to take away the wild heart and shoot together to kill this person!"

The old woman shouted, and a strong breath broke out, killing Lu Ming.

At the same time, other powerful men also killed Xiangming Lu together.

There are more than ten celestial gods with seven folds, and many celestial gods with six folds.

With so many people shooting together, the momentum is amazing.

"court death!"

Lu Ming drank coldly, a layer of red gold armor appeared on the huge body, and then nine cold chains of ice fluttered out around the body.

Lu Ming first laid a lot of defense, and then killed the old woman.

boom!

Lu Ming stabbed out with a gun, and a gun lance was like a desolation, stab at the old woman.

Lu Ming is now trying his best to suppress the Supreme Son.

The cultivation of the Supreme Son, although it is only the sixfold of the gods, but the strength of the battle is enough to kill the existence of the sevenfolds of the gods. I am afraid that it is stronger than the old woman.

And Lu Ming was able to suppress the Supreme Son and deal with the old woman, of course, let alone, the other party's divine power was also consumed seriously.

puff!

The gunman directly defeated the old woman's attack. The old woman screamed, vomited blood, and quickly retreated.

At this time, other people's attacks also fell on Lu Ming.

Nine ice chains and red gold armor, after shaking a few times, burst and burst, and then landed on the blue scales on Lu Ming's body. However, the blue scales were amazingly defensive and successfully blocked the attacks of others.

Chapter 2887: succeed

The cyan scales on the body of the ancient \*\*\*\* have a powerful defense force. Although many masters defeated Lu Ming's ice chain and nine-fold red gold armor, they did not break the defense of the cyan scales.

Although some scales shattered and blood oozed out from the body, they were eventually blocked by Lu Ming.

Lu Ming has roughly counted on his defense.

"kill!"

Lu Ming shouted, no longer cared about his own defense, brandished a spear, and killed towards the old lady.

The old woman has been hit hard by Lu Ming, and she has no strength to fight back. At this moment, the panicked madness retreats and growls in her mouth: "Save me, save me..."

But Lu Ming resisted other people's attacks and killed him. Other people wanted to rescue, too late.

bump!

The spear pierced, a huge gunman, crushed towards the old lady, the old lady's body in front of the huge gunman, as small as an ant, directly exploded and turned into fly ash.

A powerful seven-layered \*\*\*\* of heaven was just killed by Lu Ming.

After killing the old woman, Lu Ming's gun situation changed, and he killed others.

In the process of attacking other people, Lu Ming's body constantly flashed a variety of lights.

Nine heavy red gold armor, chains of ice, and even three magic dragons.

These magic skills, secret techniques, Lu Ming are not used to attack, but used to defend.

boom! boom! boom!

A series of attacks landed on Lu Ming, Lu Ming's body vibrated, the chains of ice, the nine-fold red gold armor, and the dragon's physical appearance all collapsed. Blocked by Lu Ming.

Lu Ming looked bloody, but it didn't hurt.

Lu Ming blocked other people's attacks, but others couldn't stop Lu Ming's attacks. Lu Ming specifically stared at the presence of a seven-fold \*\*\*\* and launched an offensive. Soon, this person stepped into the footsteps of the old lady and was Lu Ming bombarded.

Killing the existence of the two gods and sevenfolds in succession, the others were finally a little scared, with a look of horror in their eyes, and some people slowed down their shots, planning to run away if something went wrong.

Lu Ming, however, became more and more courageous in battle, and the fighting intentions were so violent that a terrible lance was stabbed and swept out constantly. Soon after, two others were killed.

"not good!"

"Retreat!"

Some people were terrified. When Lu Ming killed him, they did not dare to fight back. They backed off again and again, afraid of being stared at by Lu Ming.

Uh!

Lu Ming didn't chase down, his figure flickered, and he rushed towards the heart of the desert. When he was near the heart of the desert, no one competed with him.

Lu Ming grabbed the wild heart in his hand and put it in the storage ring.

"Damn..."

"Damn it, my wild heart!"

Many people roared in their hearts, watching Landing Ming take away the wild heart, envious of the death, but no one dared to step forward and stop.

Lu Ming's combat power is too strong, mainly because his defense is too perverted. They can't break Lu Ming's defense and cannot give Lu Ming a fatal blow.

If it is replaced by another attacking force similar to Lu Ming, but the defensive force is not so strong, it is definitely not an opponent of so many of them, and will be bombarded together.

It is a pity that after Lu Ming turned into the body of the ancient god, his defense was so perverted enough to resist their attack, and then stared at a person to chase down, which made them frightened.

"The Heart of Desolation is finally here!"

Lu Ming smiled at the corner of his mouth, and then rushed in the direction he had come.

No one stopped Lu Ming at all.

Although the chaotic heart is precious, it is far worse than its own life.

Lu Ming left here unimpeded and went outside.

Outside, many people glanced at Lu Ming, revealing suspicious looks.

"You come out? What's inside? Has the heart of disorder been obtained?"

"Looking at your serious injury, you were severely injured and quit the competition?"

Many people saw Lu Ming coming out first, and suddenly asked with a big mouth.

"Yes, there is a heart of competition and wildness in it, and there is still a war. I am too weak to defeat them, and I survived."

Lu Ming said something.

Everyone nodded, thinking that Lu Ming said it was true, and no one suspected that Lu Ming had a heart of disorder.

Therefore, no one doubted Lu Ming at all. Lu Ming left the place unimpeded and headed out of the wild mountains.

"Hahaha, Lu Ming, your luck is really good. The grass hasn't been obtained. You actually got the heart of the desert. You can use the heart of the desert to refine your position. The power will be even more amazing. It's bigger again."

Knowing the sea, the bone demon laughed and lamented Lu Ming's luck.

Lu Ming was also very happy in his heart. Now, what the bone demon said has been found. Now, he can return to Xuan Xuanzong and refine his position.

It is not so easy for Longzhou Mountain to sacrifice him and break the trapped dragon ascension array!

Soon after, Lu Ming left the deserted mountains, and after spending some time, he returned to Kong Xuanzong.

After returning to Kong Xuanzong, Lu Ming found Ouyang Qingxiang.

"Lu Ming, do you want to see my grandfather?"

Ouyang Qingxiang asked in surprise.

"Yes, I have something to ask Senior Yue for help."

Lu Ming nodded.

The kind of position mentioned by Bone Demon is extremely mysterious. With Lu Ming's current cultivation practice, it can't be refined at all. If you want to complete the refinement and be able to exert its due power, only the \*\*\*\* king can do it. Row.

However, it's not easy to ask God King to take action, so Lu Ming thought of Ouyang Qingxiang's grandfather, Yue Wuya.

Lu Ming helped Ouyang Qingxiang take the position of Emperor Xuanzong, and Yue Wuya had no reason to refuse Lu Ming.

"Get my grandfather to help, this is a trivial matter, come with me."

Ouyang Qingxiang nodded, then led the landing to Mingyue, and headed towards Yue Wuya's land of cultivation.

Coming to Yue Wuya's cultivation land, Lu Ming waited outside, and Ouyang Qingxiang went in to find Yue Wuya.

Soon after, Ouyang Qingxiang came out with a smile on her face and said, "Lu Ming, my grandfather just got out of the customs, I will take you to see him!"

Lu Ming nodded, then followed Ouyang Qingxiang, came to a hall, and saw Yue Wuya.

"Younger Lu Ming, I have seen Senior Yue!"

Lu Ming clenched his hands to salute, after all, the other party is a strong king of God King Realm, Qin Tianxing domain's top master, a certain number of gifts, still want.

"Lu Ming, you're welcome, sit down!"

Yue Wuya smiles, please sit down Lu Ming.

Lu Ming helped Ouyang Qingxiang get the position of a sect. Yue Wuya's impression of Lu Ming is really good. The more she looks at Lu Ming, the more pleasing to her eyes, and even mentally thinks about how to match Lu Ming and Ouyang Qingxiang. In this way, Ouyang Qingxiang From now on, the status of Emperor Xuanzong will be as steady as Mount Tai, so he is very polite to Lu Ming.

Lu Ming and Ouyang Qingxiang were seated, and someone came to make tea.

Chapter 2888: Get it right

Yue Wuya took a sip from the teacup and looked at Lu Ming again, asking: "Listening to Qingxiang, do you have something to ask me for help?"

"Yes, Senior Yue, the junior want to refine a position, but the cultivation level of the junior is too low to be refined, only the \*\*\*\* king strong can refine, so the junior thought of the senior!"

Lu Ming did not hide it, and directly informed him of his purpose.

"What market? Need God King to refine?"

Yue Wuya also came to interest.

"Sir, please see!"

Lu Ming took out a piece of jade rune, and with a wave of his hand, the jade rune flew towards Yuewuya.

Yue Wuya took it in his hand, swept his consciousness, and looked at the content in the jade rune.

After a while, Yue Wuya showed a marvelous color, saying: "What a mysterious array, the method of refining this array is really unheard of, wonderful, wonderful, no wonder your cultivation is not Refine..."

"Oh, don't look at who gave the position, can the position given by this seat be worse?"

Bone Demon's proud voice sounded.

"Senior, this was accidentally obtained when the junior explored a ruin. Can the junior refine it?"

Lu Ming asked.

"The old man can be refined, but the materials needed to refine this position are quite rare, and even the old man can't get it together for a while!"

Yue Wu Da Dao.

"Senior, the material is not a problem, the junior has already got it together!"

After Lu Ming finished speaking, he took out all the materials needed for refining the market.

"The Heart of Desolation, Lu Ming, you actually have a heart of desolation?"

When seeing Lu Ming take out the wild heart, Yue Wuya was shocked. Lu Ming's weight in his heart was a bit heavier.

"This is a lucky junior!"

Lu Ming said modestly.

Yue Wuya smiled, knowing that Lu Ming was humble.

Luck can be obtained, so how can no one else get it?

"Lu Ming, since the materials have been prepared, the old man can start refining, but it will take a few months to complete the refining successfully. After the refining is completed, I will send someone to inform you."

Yue Wu Da Dao.

"Thank you senior, senior and junior for one more request. I hope that seniors will not tell others about this position, especially other \*\*\*\* kings."

Lu Ming said.

If it happened to Longzhou Mountain, or if it was seen by Longzhou Mountain, I am afraid that it would cause the alert of Longzhou Mountain.

Yue Wuya looked at Lu Ming with surprise. He didn't understand why Lu Ming didn't dare to let other gods know, but he didn't ask much and nodded: "Relax, the old man will never let the second person know."

"Thank you senior!"

Lu Ming clenched his fists, and then left here with Ouyang Qingxiang.

It can be cultivated in a few months, and when there is enough time, it is completely within time.

Long Zhoushan gave Lu Ming ten years.

Returning to his place of residence, Lu Ming felt at ease to practice.

In a flash, a few months passed.

Yue Wuya has already refined the market and brought Ouyang Qingxiang to Lu Ming.

Lu Ming breathed a sigh of relief.

"Cultivation is too slow. It is impossible to break through to the gods' realm within ten years!"

On this day, Lu Ming ended his practice and frowned.

The ninth peak of the True God, to the Heavenly God Realm, has a huge sky, and it is too difficult to break through.

There are ninety-nine people, always stuck at the peak of the true god, and it is difficult to break through.

Only some talented people can break through after a long time of accumulation or encountering some opportunities.

Therefore, most of those who can break through the heavenly realm are the arrogance of Wangpin's divine power.

The higher the level of divine power, the easier it is to break the level.

Most of those who control the ordinary divine power are difficult to break through to the heavenly realm. Of course, it is not absolute. There are also those who control the ordinary divine power to break through to the heavenly realm. But that is only a handful, very few.

However, even if you are in control of Tianjiao, which has the highest level of divine power, it is difficult to achieve the breakthrough of the ninth peak of the true god, and you will be able to break through the heavenly realm within ten years, unless you have a great chance.

Lu Ming frowned. He had no doubt that if he could not break through the Tenjin within ten years, Longzhou Mountain would really do it for him.

Lu Ming was thinking, what method should he find to enable him to make a quick breakthrough? At this moment, Lu Ming felt a move and felt that someone was coming outside the courtyard.

Lu Ming walked out of the other courtyard and saw a white-haired old man standing above the other courtyard.

"Lu Ming Shengzi!"

The white-haired old man nodded and smiled.

"Elder Liu, you come to me, what is it?"

Lu Ming asked.

Lu Ming knew that this old man with white hair was an elder from the inner door.

"The patriarch ordered that all the sons and daughters be summoned, and there is a task for you!"

Elder Liu said.

"Has a mission? Also called all the sons and daughters? What mission?"

Lu Ming was puzzled and asked.

"To be honest, I don't know. I'm just in charge of spreading the word. Son Lu Ming, come with me. Wait a minute, the elders will tell you."

Elder Liu said politely, and then Lu Ming followed Elder Liu and flew deep into the inner door.

Soon, the two came to the top of a mountain.

"It's all here!"

Lu Ming glanced and found that the top of the mountain, the Supreme Son, Shengguang Son, Yankong Son, Zhixia Son, Ouyang Qingxiang, Xuetao Shengnv, all came.

Seeing Lu Ming coming, everyone's eyes fell on Lu Ming.

Especially the Supreme Son, the cold light flashed in his eyes, revealing a ray of murderous opportunity, but only a flash of light, he was hidden.

But Lu Ming's keen sense of spirit was still clearly captured.

"Want to kill me, hum, it's best not to be found by me..."

Lu Ming also flashed a murderous thought in his heart.

Obviously, the Supreme Son lost to Lu Ming last time, holding a grudge against Lu Ming and wanted to kill Lu Ming.

For such a person, if there is a chance, Lu Ming will not be soft-hearted and will find a chance to get rid of it.

His eyes swept past the Supreme Son, the Son of Floating Light and others, and fell on the old man in the forefront.

"Elder!"

With a move in Lu Ming's heart, from the perspective of the old man's dress, Lu Ming knew that this person was a veteran of the Emperor Yuan Xuanzong's courtyard, and the existence of the God Realm.

Elder Liu landed in front of the elders, respectfully performed a salute, said: "Senior elder, Lu Ming Shengzi has been brought."

"Well, go on!"

The veteran said lightly, and then Elder Liu left respectfully.

On the mountain peak, only Lu Ming, their sons and daughters, and the elders themselves.

"You must be very curious. What is the task of calling you together this time?"

The veteran smiled slightly and said.

"Yes, Elder Fan, I don't know why they called us at the same time. Why?"

The Supreme Son asked first.

"There is indeed a big event this time. You need to join hands and locate in the dark light galaxy. As for the specific thing, don't worry, you come with me. When the dark light galaxy comes, I will tell you, let's go!"

After Fan Yuanlao finished talking, he left in the direction of the teleportation array.

Everyone can only follow the veteran Fan with doubts and embark on the teleportation array.

Chapter 2889: Refine Star Core

The dark light galaxy is an extremely remote galaxy in the Qin Tianxing field, which is more remote than the riot galaxy.

Because, in this galaxy, there are very few creatures, very few practitioners, and few gods, so usually, few people will come here.

Each major force just set up a teleportation point in the Dark Ice Galaxy, and sent a few people to guard it.

Through the teleportation array, Lu Ming and they came to this teleportation point, and then Fan Yuanlao waved them, a magical power enveloped them, and rushed them to the universe starry sky, the speed was almost extreme.

"What an amazing speed!"

Lu Ming stared at the stars flying around and staring around, and was amazed.

The speed of the \*\*\*\* king realm is too fast, shuttles the starry sky, faster than most starry sky battleships.

In fact, after arriving in the Realm of the Kings, almost no star warships are needed. Unless it is an amazing star warship with rare and high levels, otherwise, the speed of the star wars through the starry sky is not as fast as the speed of the God King.

Half a day later, in the starry sky ahead, a dazzling light suddenly shone.

In front of the starry sky, there was a circle of radiance, dazzling, brighter than stars, illuminating the universe.

Lu Ming they stopped.

"That is..."

Everyone looked at the front with surprise.

Because that circle of glory is really too big, many times larger than the life planet.

"This is the goal of our trip. In front, there is a galaxy!"

Elder Fan explained.

The crowd stared at each other, and they really saw that there was indeed a galaxy ahead.

The core of this galaxy is a star, but this star has extremely dim light, and seems to be extinguished at any time.

Around this star, there are planets revolving around it, about a dozen.

And that circle of light was radiated from around this galaxy, and one can imagine how huge it is.

boom! boom! ...

At this moment, a roar of horror erupted outside the galaxy, the divine light shone on the starry sky, and the horrible explosion made the whole galaxy vibrate.

"A strong man is attacking that galaxy..."

Ouyang Qingxiang exclaimed.

"Yes, there are indeed strong men attacking this galaxy. They are the masters of the 13th dynasty of Qin Tian, as well as some elders of the God Realm."

Elder Fan explained.

Lu Ming was even more surprised.

Qin Tian's thirteen patriarchs have all arrived, and there are some elders of God Realm that are besieging this galaxy. What is in this galaxy?

"The old man tells you that this entire galaxy has been laid down in a large array, and that circle of radiance is the light of the large array. The throne of the 13th Sect of Qin Tian and the strong men of God Realm are difficult to break open."

Elder Fan explained.

"Arrange in a galaxy!"

Lu Ming and others were stunned.

How big a galaxy has to be. Some people have put the whole galaxy into a large array. This is a terrible masterpiece. It is really amazing.

"Elder Fan, what is there in this big formation? It actually attracted the thirteen clan of Qingtian, and what does this have to do with us?"

The Supreme Son asked.

The throne of the thirteen ancestors of Qin Tian, as well as some elders of the \*\*\*\* king realm, are there any relations with them?

With their cultivation practices, they can't get started.

"Don't worry, this thing has to start from the beginning..."

Next, Fan Yuan explained the ins and outs of the matter in detail.

The dark light galaxy has no attention at all, and almost no one comes.

But a few months ago, someone accidentally discovered that a galaxy here is extremely peculiar. After some scrutiny, it was discovered that this galaxy was actually deployed.

Such a generous work quickly alarmed the senior executives of Qin Tian XIII Middle School. Thirteen cases of Qin Tian immediately sent masters who were proficient in formation to study, and finally reached an amazing conclusion.

In the long past, some people put the entire galaxy into a large array, with stars as the core, the purpose is to refine the star core.

Refining an entire star into a star core.

As soon as this news came out, it shocked most of the thirteen thrones of the Qin Tian.

Because, as soon as the practitioner reaches the Divine King Realm, he must condense the star core.

After the God Realm broke through to the God Realm, the fire within the body would turn into a star core.

The star nucleus is the core of the stars, and it condenses infinite power.

However, the star core of the Divine Realm is still very fragile, very small, and cannot be compared with the star core of the stars.

Some people actually want to refine a star into a star core.

A star nucleus made by a star is absolutely a priceless treasure. If a \*\*\*\* king can get it, his cultivation will definitely advance by leaps and bounds.

Moreover, some masters of formation have already concluded that the years under this large formation have been very long, the stars have been almost refined, and the core has been successfully refined.

Those \*\*\*\* kings don't feel strange. If they get a star core, they can quickly suppress other \*\*\*\* kings and dominate the Qin Tianxing domain.

Therefore, the throne of Qin Tian's thirteen sects, as well as many \*\*\*\* kings coming together, wanted to compete for the star core, but they were blocked by the large array of galaxies.

After several months of attack, many powerful players were unable to break through the large array and break into the galaxy.

After research by several masters of array method, if you want to enter this galaxy, it is estimated that only the younger generation's Tianjiao can enter.

Because of the special arrangement of the large array, when the age exceeded a certain range, they could not enter at all.

Therefore, they will be called together.

"It's not just our empty Xuanzong, the top arrogances of other forces are all called together."

"However, the suzerains, as well as the gods and elders, are still unwilling to make the last attempt to see if they can break through this large formation."

Elder Fan finally explained.

Lu Ming and others suddenly realized that they finally knew what had happened.

In front of you, you, the lords, and the elders of the God Realm last time tried to break the battle. If they still can't break it, it is estimated that they will send their younger generation.

No wonder this time all of their sons and daughters are called up, because it is possible to compete with the top arrogance of other forces, or even the arrogance of the three hegemonic forces.

boom! boom!

In the starry sky ahead, the roar still continued, shining brightly.

"You follow me!"

Fan Yuanlao brought Landing Ming and others and went forward.

Uh! Uh! ...

At this time, a stream of streamers also flew over in other directions.

Lu Ming glanced at them, and they saw every stream in the stream.

There is a strong man of God Realm, with some young people.

Obviously, this is a master of other forces, coming with a young Tianjiao.

After flying for a while, not far from the galaxy ahead, they stopped.

Chapter 2890: Sanso Miko

There are other people in this area besides Lu Ming.

There are a total of thirteen batches, and each batch contains some young people. The 13 arrogances of Qin Tian are here.

Among them, the three major overlords, the Alien Academy, the Immortal Sword Sect, and the most innumerable holy land have the most people. Each one has a strong breath and is full of powerful vitality between eyes.

Obviously, they are all masters, and all of them are characters of the Holy Child.

However, some sects are going to be more tarnished. Although there are a lot of people, and there are even more sects from Zongmen than Kongxuanzong, there are very few characters of the Holy Child, and some forces are only one or two. Others, The character who is not a saint child is far worse than the character of a saint child.

The arrogance of Qin Tian XIII Middle School is looking at each other.

"Sovereign Qiankun, I heard that Kong Xuanzong was competing for the ancestors some time ago. You were defeated. Hahaha, you are really a waste."

At this time, a loud laugh came from the Astrology Academy.

Lu Ming and others looked away and looked.

"Huh? Domu people!"

Lu Ming's eyes moved.

The person who spoke just now had four eyes on his face, and two eyes on the left and right sides, four eyes, all shining in the cold light.

This is the multi-eye tribe, also known as the four-eye tribe.

Like the three-eyed tribe, it belongs to the multi-eye tribe.

"Four eyes empty court, what do you say?"

The Supreme Son was extremely cold and stared at this person.

This person's name is called Simukongting.

"Why? Am I wrong? I heard that you were defeated by a new disciple who was short of Xuanzong Sect. What are you not a waste? It is disgusting to lose your reputation with me before."

Simu Kongting sneered, disdainful.

"Hahaha, Simukongting, you are right!"

"Supreme Universe, you are such a waste!"

Indestructible Jianzong, in the immeasurable holy land, some people also disdain, sneer again and again.

This makes the face of Supreme Son more ugly and gloomy.

"Lu Ming..."

The Supreme Son roared in his heart, which was a shame and disgrace to him, and he counted these shames on Lu Ming.

All are Lu Ming, if not Lu Ming, would he be humiliated by this.

"Lu Ming, there are some people in the three forces that you should pay attention to. The four-eyed empty court is a person with the same name as the Supreme Son. He has extremely high talent, strong combat power, and strong strength. I am afraid that he is better than the Supreme Son. It's better."

Ouyang Qingxiang sent a message to Lu Ming.

"Also, there is such a figure in the immortal sword sect and the immeasurable holy land, all of which are extremely scary!"

Ouyang Qingxiang continued to send a message to Lu Ming.

Lu Ming nodded and asked, "I heard that there are god-level characters in the three overlord forces. Didn't their \*\*\*\* son come?"

"All here!"

Ouyang Qingxiang said: "Did you look at that cold-faced bald young man in Astrology Academy, that is the \*\*\*\* son of Astrology Academy, Devil Nine Nights!"

Lu Ming looked in the direction of Ouyang Qingxiang's instructions. Sure enough, in the crowd of the Xiemo Academy, he saw a bald young man.

This person looks ordinary, his breath is converging, standing in the crowd, it is easy to be ignored, before, Lu Ming did not pay much attention to this person.

Unexpectedly, this person is the \*\*\*\* son of the Xiemo Academy, a peerless arrogant who controls the divine power.

It seemed that Lu Ming's gaze was sensed, and the Devil Nine Nights' gaze also looked at Lu Ming, a dark magic light flashed in his eyes, like the blade of a sword, bursting toward the landing.

Lu Ming's eyes narrowed, and he felt a tingling in his eyes, and he quickly resisted.

"This person is scary!"

Lu Ming reached a conclusion in his heart.

Mo Jiuye stared at Landing Ming, a cold light flashed in his eyes, a sneer appeared in the corner of his mouth, his lips moved slightly, and a whisper of sound suddenly sounded in Lu Ming's ear.

"Lu Ming, in the ancient world of the gods, you killed my son in the astral academy, this is a great sin, and I will let you pay your life."

Mo Jiuye's voice was ruthless and full of terrible killing intent.

"Want to kill me? I'm afraid you don't have this skill!"

Lu Ming responded strongly.

"Oh, you are confident, then wait!"

Mo Jiuye said coldly, and then did not continue to speak.

Ouyang Qingxiang did not know that Lu Ming and Mo Jiuye had talked in secret, and continued to introduce Lu Ming.

"The indestructible Jianzong young man in white who bears a long sword is the goddess of the indestructible Jianzong, the sword is infinite, and the long sword in his hand is terrifying!"

Ouyang Qingxiang said.

Lu Ming's eyes moved away from Mo Jiuye and looked at a young man in white who was indestructible in Jianzong.

This man, called Kendo Promise, looks extremely handsome, revealing a terrible sword in his whole body, which cannot be ignored.

Another horrible arrogance!

Lu Ming secretly said.

Kendo's infinite eyes also looked at Lu Ming, a sneer in the corner of his mouth, a pair of eyes, flashing like two divine swords, emitting a terrifying sword.

Even Tian Tianjiao, who is standing next to him, has changed his face, and has left him one after another, lest he be hurt by his sword intention.

"The young man in the immeasurable holy land, who is very burly and dressed in fiery red armor, is called Cangyan Pojun, but is the \*\*\*\* son of the immeasurable holy land!"

Ouyang Qingxiang introduced.

Lu Ming looked at it again.

It was a young man nearly three meters tall. He was extremely burly and wore a thick flaming red armor, which gave a strong oppressive force.

This person's pressure is no better than Kendo Promise, Mo Jiuye is weak, and it is also a terrifying arrogance.

Lu Ming wrote down the three men.

Thirteen cases of Qin Tian came to Tianjiao, but Lu Ming really felt threatened. Only these three people, the others, did not pay attention to him.

boom! boom! ...

Just as everyone looked at each other, the explosion in front was more intense. You can see that around the galaxy, a circle of dazzling light, shining continuously, blocked a terror attack.

After a while, the attacks stopped, and then streamed, flying towards here.

The throne of Qin Tian's thirteen sects, as well as other powerful lords of the King Realm, ended the break and returned.

At the next moment, Lu Ming had five more figures in front of them.

The person headed is the Sovereign of Emperor Xuanzong, Longzhou Mountain.

The other four people are all the elders of Emperor Xuanzong and the characters of God King Realm.

The five people in Longzhoushan all have a little floating breath, and it is obvious that they just broke through and consumed very seriously.

"Sovereign, how is it? Or not broken?"

Fan Yuanlao said.

"Unbreakable!"

Long Zhoushan shook his head, then his eyes fell on Lu Ming and said, "Next, it's up to you!"

"The Sect Master is assured, I will do my best to help the Sect Master get the star star core!"

The Supreme Son said quickly.

Long Zhoushan waved his hand and said, "There is no need for you to get a stellar core. You can't get a stellar core based on your cultivation. According to several formation masters, there will be some cards in this galaxy!"
