

D Emperor 2891

Chapter 2891: Enter the galaxy

"Yes, the person who formed the array did not completely seal Lu Ming. When he was arrayed, he still left the possibility, that is the array!"

"According to several stratagem masters speculation, there should be twelve arrays in the galaxy. As long as we hold the array, we can enter the galaxy unimpeded and get the core!"

"So, this time your task is to enter the galaxy, look for the cards, at least, get a card!"

Longzhoushan Road.

"The Sect Master is assured that the disciples will do their best, even if they are desperate, they will get a card!"

The Supreme Son is the first opening.

"The mission this time was not so easy. Other forces also came out of the nest and sent out all the arrogances. So, the mission I gave you is one array, at least one. Of course, the more the better!"

"Also, those cards are scattered on different planets of the galaxy. It is not so easy to find them."

Longzhoushan Road.

Lu Ming and others were silent, and began to think.

"It seems that this star core is very important for Longzhou Mountain."

Lu Ming moved.

"However, entering this galaxy this time is a chance for you, although it is dangerous!"

"Before the endless years, there were powerful people here to stratify the stars into nucleus. Now the nucleus has been formed, and in the galaxy, there will be some other treasures, such as some extremely precious refining tools. The material, even star debris may appear."

Longzhoushan Road.

"Star debris?"

Lu Ming, Supreme Son, Ouyang Qingxiang and others all had bright eyes, showing fiery light.

"Yes, it's star debris. After all, this star is to be refined into star nuclei. During the refining process, some star debris will appear. It is also very likely that if you can get star debris, It's also a great opportunity."

Longzhoushan Road.

This made Lu Ming even hotter in their hearts.

"Lu Ming, this is also a great opportunity for you. If you can get some star debris, you will have a great chance to hit the heaven and earth in one fell swoop. Give me a good grasp. Your time is only ten years... Don't say I didn't give you a chance!"

The indifferent voice of Longzhou Mountain rang in Lu Ming's ear.

The cold light flashed in Lu Ming's eyes, and he didn't speak.

Long Zhoushan reminded Lu Ming that he didn't have a good heart. He wanted Lu Ming to break through the heaven and **** realm, so that he could use it to help him break through the trapped dragon formation.

Of course, Lu Ming is also very excited about the debris of the star, and he also intends to use the debris of the star to attack the heavenly realm.

In this game with Longzhou Mountain, the higher the natural cultivation, the better.

"If any of you get a card, I will definitely be rewarded. Well, come with me!"

After finishing the last sentence, Longzhoushan turned and walked towards the galaxy.

Lu Ming, Ouyang Qingxiang, Supreme Son and others followed.

In another direction, Qin Tian's 13 other arrogances, led by their respective suzerains, also came to the edge of the galaxy.

"The task I gave you, twelve cards, you get at least three, you understand?"

The Dean of the Xiemo Academy, admonished the Tianjiao of the Xiemo Academy, the voice was not concealed, and it was heard from afar.

"The dean is assured that with twelve cards, we will definitely get three!"

"no problem!"

The arrogance of the Xiemo Academy was very confident.

"Your Almighty Academy is confident, but, if I don't destroy Jianzong, I have to get at least three cards. Do you have confidence?"

Sovereign of the Unbroken Sword Sect sneered, and finally asked loudly about the arrogance of the Unbroken Sword Sect.

"Have!"

"Three cards, aspire to get!"

The invincible Jianzong shouted with pride and confidence.

On the other side, the arrogance of Innumerable Holy Land is also roaring, and their goal is also at least three cards.

There are twelve cards in total, and the three major overlords, each of whom is confident, must get three cards. This makes the top ten sect's forces look dignified and open.

Their appetite is naturally not that big, their goal is a single card, as long as they can get a card, they are satisfied.

"Okay, let's go!"

The Demon of the Demon Academy waved his hand.

"Yes!"

The Tianjiao of the Xiemu Academy answered, and then flew towards the galaxy ahead.

There are a total of eighteen planets in the galaxy ahead, orbiting the star.

All these eighteen planets may have array cards, so they can only choose a star and fly up by luck.

However, at the beginning, they could only choose the outermost planet to fly up, and start looking for the outermost planet first.

Tianjiao of Xiemo Academy chose a black planet and flew up.

Then, Unbroken Sword Sect, Infinite Holy Land, selected a planet and flew up.

In this way, the three planetary overlords each occupy one of the several outer planets.

"Let's go too!"

Longzhou Mountain ordered Lu Ming to order them.

"Let's go to that planet first!"

Ouyang Qingxiang pointed to one of the azure blue planets. This planet is not a planet entered by the three hegemonic forces. Others did not have any opinions, and they all set off and flew towards this planet.

The eyes of the other sect gates flickered, and they chose the planets to fly.

Some sects choose to fly with the same planet.

After all, the area of the planet is very large, even if it landed on the same planet, it may not be touched.

Lu Ming, Ouyang Qingxiang, and others, flew into the galaxy's range without any anomalies.

Originally, after flying to this distance, those strong kings of the gods would be blocked by the large array of galaxies, and Lu Ming, they were no exception.

"It really works..."

Many **** king strong eyes are bright.

Seeing no anomalies, Lu Ming accelerated their speed, like a rainbow of light, and flew to the blue planet. As they approached, the planet grew larger and larger in front of their eyes. At the same time, they felt a share of Strong gravity acts on them.

"Good gravity..."

Everyone's face changed slightly.

They feel that the gravity of this planet is amazingly strong.

Moreover, when they are closer to the planet, the gravity is more and more scary. In the end, when they appear tens of thousands of meters above the galaxy, the gravity is already amazing. They need to continue to operate in order to maintain their flight. Divine power can resist that gravity.

"Go on!"

Ouyang Qingxiang took the lead and flew downward, others followed him and landed on the ground.

bump! bump! ...

In the end, they landed heavily on the ground and smashed the ground into pits.

"Good hard ground..."

Everyone was moved, very surprised.

Chapter 2892: Respective actions

Everyone found that the ground of this planet is extremely hard, like metal, not like ordinary rock at all.

"Here is surrounded by a large array all year round, that large array can make a star into a nucleus, so these planets around the star are also affected, the volume is much smaller than other planets, but the density is also many times higher, this The density of the objects above must be many times higher!"

Ouyang Qingxiang said.

Lu Ming and others nodded, they also thought of this.

In such an environment, this planet is naturally dead, without any creatures, and the eyes pass by are bare rocks, which emit metallic luster.

Moreover, these rocks are all fiery red, like a piece of ruby. Of course, if these rocks are placed in the mortal world, they are treasures, but to Lu Ming, they have no effect.

"Although this planet is much smaller than the outside world, the area is still amazing. I think we are still separated, so that it is easier to find the cards!"

At this time, the Supreme Holy Son's cold and quiet opening.

"Yes, I think so, supreme heaven and earth, let's join forces!"

The Son of Floating Light also said.

"Okay, exactly what I want!"

The Supreme Son smiled.

Uh! Uh! ...

The figure flashed, the Son of Floating Light, the Son of Zhixia, the Son of Yankong, the Saint of Xuetan, appeared beside the Supreme Son, the meaning of which was self-evident.

"Lu Ming, Ouyang Qingxiang, then we will compare to see who can get the cards!"

The Supreme Son sneered, then took the Floating Light Son and others and turned to leave quickly.

Lu Ming did not stop or speak. The Supreme Son left them, just as Lu Ming meant. Lu Ming was too lazy to act with the Supreme Son.

Even if the other party does not leave, he will find a reason to leave.

At the scene, only Lu Ming and Ouyang Qingxiang were left.

The two discussed, and then chose a direction at will, and ran along the ground.

The ground here is full of fiery red rocks, and some of them have crystallized and are extremely hard and hard to grow.

The two of them ran for tens of thousands of miles, which was the case, and nothing was found.

The two were helpless and could only continue to move forward. They didn't even know where the array was, and they could only glance at each other, looking for luck.

In this way, after a few hours, still nothing.

"There is something on the ground..."

At this moment, Lu Ming's eyes flashed, and he felt a slight vibration under the ground.

bump!

Just when Lu Ming's voice fell, the rock on the ground exploded, and then a fiery red light rushed towards the landing.

boom!

Lu Ming didn't want to think about it. His divine power exploded, and he punched out with a punch, blasting above the fiery red light, and a fierce roar erupted, and then the fiery red light was blasted out and smashed to the ground. Go up and smash the hard ground into a big pit.

"There are creatures here..."

Lu Ming and Ouyang Qingxiang both looked stunned.

At this moment, they have seen what the fiery red light is. It is a creature, which looks very similar to the pangolin. It is covered with a layer of fiery red armor. Claws.

Creak...

The pangolin creature squeaked and looked at Lu Ming with a pair of eyes, revealing its greedy greed.

"Meat, flesh..."

The pangolin gave a sound in his mouth, his body flicked, and he slammed towards the landing.

bump!

Lu Ming blasted out again, blasting out this pangolin creature and hitting the ground, but the pangolin creature shook his body and stood up again.

"Good defense..."

Lu Ming's eyes moved.

He can see that this pangolin creature has about ten days of cultivation, but its defensive power is much stronger than that of other gods.

Ordinary Tenjin's heavy existence was absolutely torn apart by Lu Ming's fist, but this pangolin was hit by Lu Ming's two punches in succession, but it seemed like nothing.

"Meat, flesh..."

The pangolin creature made a sharp cry and rushed towards the landing.

This time, a long spear appeared in Lu Ming's hand, and one shot stabbed.

puff!

The spear pierced into the mouth of the pangolin, and penetrated the pangolin. This time, the pangolin was struggling a few times, and then it was motionless, without any breath.

Lu Ming waved his hands away and collected the pangolins.

This pangolin creature's scale armor is extremely hard and is used to make armor. It is difficult to break under the gods. This is a good thing.

"There are still creatures on this planet, which is really wonderful!"

Ouyang Qingxiang also sighed.

"I guess it's the remaining creatures on this planet..."

Lu Ming said.

He speculated that there must have been many creatures on this planet, but with the formation of the large array, the stars gradually extinguished and the outside environment changed greatly, many creatures were extinct, or left here.

However, some creatures have extremely tenacious vitality, and may evolve with changes in the environment, and survive tenaciously, just like this pangolin creature.

The emergence of pangolin creatures has raised their vigilance.

Since pangolin creatures can exist, there may be more creatures, maybe there are terrible creatures, maybe they have to be careful.

The two converged and continued to move in the previous direction. Shortly afterwards, they encountered an attack from the pangolin creature, but their strength was similar to the previous one. The two shot with all their strength and easily killed.

"There are creatures here, maybe these creatures know the whereabouts of the cards!"

Suddenly, Ouyang Qingxiang's eyes lit up.

"Yes, how come I didn't expect it!"

Lu Ming's eyes also brightened.

Thinking of this, the two of them got hot in their hearts and continued to move in this direction. Sure enough, soon after, they encountered several pangolin creatures attacking.

The two devastated one of the pangolin creatures and killed all others.

"Say, do you know if there are any cards here?"

Lu Ming stepped on the pangolin creature, condescending, and asked indifferently.

"Meat, flesh..."

The pangolins struggled constantly, and kept roaring in their mouths, not answering Lu Ming's question at all.

"Such creatures seem to have very low intelligence, and only know to devour flesh..."

Ouyang Qingxiang frowned.

Obviously, there are no other creatures on this planet. These pangolin creatures are very eager for flesh and blood, so they will continue to attack them on the landing.

However, spiritual intelligence is extremely low.

"Since the intellect is not good, then search the soul!"

Lu Mingdao, and then performed the soul-searching technique to start the soul-searching.

Soon after, Lu Ming got some useful information from the soul of this pangolin creature.

Chapter 2893: Fight Supreme

The information contained in the soul of the pangolin is very scattered, but Lu Ming still captures a little useful information.

In a certain place on this planet, it is very peculiar. Many pangolins live there.

"There must be monsters in abnormal circumstances. Maybe there is a place in that place. Even if there is no place, there are other treasures, it is worth walking!"

Lu Ming thought.

"Lu Ming, what did you find?"

Ouyang Qingxiang asked.

"It has been found that there is something abnormal in a certain position on this planet, let's go and see.

Lu Ming said.

Immediately, Lu Ming went in a certain direction based on the information obtained from the soul of the pangolin.

Along this direction, along the way they were constantly attacked by pangolins. In this direction, the number of pangolins seemed to have increased.

Fortunately, the cultivation behavior of this pangolin creature is not very high. Almost all of them are one-fold existences of the gods, and two-fold ones are almost never encountered.

Tenjin is important, even if the defense is strong, for Lu Ming and Ouyang Qingxiang, there is no pressure, and rushed all the way.

Two days later, they came outside a hill.

From afar, this hill looks like huge rubies, inlaid on the ground, shining brightly.

From time to time, you can see the pangolins crawling through the hills.

According to the memories of pangolin creatures, that special place is right in the center of this hill.

boom! boom!

At this moment, the sound of roar came from the depths of the hills. From a distance, you could see a sky of divine light rising straight into the sky.

Someone is fighting in the hills.

"Who is it? Are they supreme?"

Ouyang Qingxiang's eyes moved.

"It's very possible that those pangolin creatures are all going inside. Let's go, we follow in!"

Lu Ming said.

Among the hills, the pangolin creatures heard the movement inside and ran towards the depths of the hill.

Lu Ming and Ouyang Qingxiang converged their breath to the extreme and quietly followed.

Soon after, they reached the depths of the hill.

Seeing the front, there are five figures, fighting with a group of pangolin creatures.

"It really is them!"

Lu Ming and Ouyang Qingxiang glanced at each other.

The five in the front and the pangolin creatures were killed by the Supreme Son and the Five Sons of Floating Light.

There are hundreds of pangolin souls, constantly fighting the five Supreme Sons.

However, although there are a large number of pangolin creatures, the cultivation level is not high. Most of them are one of the gods. There are only a few, two of the gods, and none of the three.

The five Supreme Sons have the upper hand.

They kept breaking through and rushed towards a hill.

Lu Ming and Ouyang Qingxiang's eyes also swept toward that hill, their eyes suddenly shining.

On the hill, there is an altar, not high, only more than one meter.

On the altar, a rune shined, and above the altar, a bronze token floated.

Battle!

Lu Ming and Ouyang Qingxiang both moved in their hearts, which is very likely to be the card they were looking for.

Unexpectedly, there is really a team here, and they are lucky.

You know, there are only twelve such cards in total.

"Rush over, we must get this card!"

The Supreme Son roared. At this moment, he has been transformed into the body of the Supreme King Kong. His body is huge, and his fists are constantly blasting out. Every punch can fly a pangolin soul out.

Some even burst directly.

Although the defense of the pangolin creatures is strong, it can't stop the Supreme Son's full blow.

Fuguang Shengzi and others followed on both sides of the Supreme Son, and they kept attacking, and they quickly approached the altar.

"This card is mine!"

There was a sneer in the corner of Lu Ming's mouth. Since he was touched by him, how could they be obtained by the Supreme Son?

"go!"

Lu Ming and Ouyang Qingxiang moved quickly toward the altar.

Most of the pangolin creatures are besieging the Supreme Son, and they have not noticed Lu Ming and Ouyang Qingxiang.

Lu Ming and Ouyang Qingxiang are almost unimpeded. Only a few pangolin creatures attacked them and were easily hit by them. They quickly approached the altar.

"Lu Ming..."

The Supreme Son also found Lu Ming and they roared violently, especially seeing that Lu Ming and the two were approaching the altar quickly, he was so angry.

"Come on..."

The Supreme Son roared, ignoring his own defense, and let those pangolin creatures' attacks fall on him, and he rushed toward the altar frantically.

In this way, his speed is indeed much faster, but it is still slower than Lu Ming.

Soon, Lu Ming and Ouyang Qingxiang were less than one kilometer away from that altar.

At this time, most pangolin creatures were finally disturbed, and many pangolin creatures came to the landing to kill two people.

"Qinglian Sword Song!"

Ouyang Qingxiang drank, waved her hands, and around her body, a lot of blue lotus appeared, and an infinite sword burst forth, devoted to the key of the pangolin creature's mouth and eyes.

Suddenly, many pangolin creatures were beheaded.

"Ancient God Body!"

Lu Ming directly displayed the ancient **** tactics, and his body suddenly became larger, turning into an ancient **** of more than two hundred meters.

bump! bump! ...

Lu Ming swept the thousands of troops with a long rifle, and swept away a dozen pangolin creatures at once.

Lu Ming took a stride, stepped out a few steps, and came to the altar, then the rifle vibrated, flying a pangolin-only creature, then extended a large hand, and grabbed the array.

"Lu Ming, how dare you..."

The Supreme Son roared, madly shocked, but still a step slower.

Lu Ming grabbed the array card without any exception. Lu Ming grabbed the array card in his hand.

"Lu Ming, I discovered the cards first, hand them over!"

The Supreme Son roared, and finally rushed over, screaming at the landing.

The dazzling fist, like a golden sun, rolled down towards the landing naming, the power was terrifying.

Lu Ming swept back with a single shot.

boom!

The two's attacks collided together, and a roar of thunder broke out, and a circle of energy burst out, sending many pangolin souls out.

bump! bump!

The huge bodies of the two people shook, and they stepped back a few steps.

"Don't you know that you have a share? Moreover, you just saw it, but haven't got it yet. Why can't I shoot?"

Lu Ming responded with a sneer.

"Then you die, Supreme Fist!"

The Supreme Son roared and threw his fist towards the landing.

Lu Ming thought about it, put away the cards, then waved his spear and killed the Supreme Son.

Roar! Roar! Roar!

During the war, Lu Ming displayed the magic formula of the dragon, three giant nine-claw dragons appeared in the air, and went towards the Supreme Son.

Chapter 2894: Borrow a knife to kill

Lu Ming and the Supreme Son are fighting fiercely together.

The two had just fought a while ago, and at this moment, Lu Ming still has the upper hand.

Lu Ming did his best. After the two men fought for more than a dozen moves, Lu Ming had fully gained the upper hand. The Supreme Son lost, and retreated.

"Come and help me!"

The Supreme Son roared.

Behind them, Shengguang Son, Zhixia Shengzi and others also rushed up.

"Fuguang, your opponent is me!"

Ouyang Qingxiang drank coldly, killing Fuguang Shengzi.

The cultivation of Ouyang Qingxiang and Fuguang Shengzi are all five gods, and the two fight fiercely together.

As for Zhixia Shengzi, Yankong Shengzi, and Xuetao Shengnv, the three of them would be weak. They rushed to Lu Ming, and Lu Ming flew out with a shot, almost injured and vomiting blood.

In the battle between Lu Ming and the Supreme Son, they couldn't get in the way.

After fighting a few tricks, a dragon claw of the Nine-claw Divine Dragon Law caught the Supreme Son, and on the Supreme King Kong body of the Supreme Son, a few deep scars were caught.

The Supreme Son roared and threw a fist to crash the Nine-claw Divine Dragon.

However, Lu Ming has the quantification tactics, the divine power continuously flows into the body, the three nine-claw divine dragon phases, once again condensed out.

There are also nine chains of ice, and as soon as they are defeated, Lu Ming condenses and does not care about the consumption of divine power.

"Damn, damn, Lu Ming, you wait for me..."

The Supreme Son roared, then turned and left.

He knew that Lu Ming got the card, he wanted to **** it back, it was impossible, and continued the war, but it was against him.

The Supreme Son turned around and walked away, where the Son of Floating Light and others, who dared to fight, quickly ran with the Supreme Son, and quickly rushed out of the surrounding circle of pangolin souls and left here.

Lu Ming did not pursue.

Although his combat power can suppress the Supreme Son, defeating and killing are two different things. With his current strength, it is impossible to kill the Supreme Son.

"We are leaving too!"

Lu Ming said to Ouyang Qingxiang, and then the two of them impacted in the other direction, rushed out of the siege, and disappeared in this world.

More than a hundred thousand miles away, Lu Ming and Ouyang Qingxiang found a place to rest.

Two days later, after the two returned to their peaks, they continued to search on the planet.

It's a pity that they searched for seven or eight days on this planet and found nothing.

"It seems that there is only one card on this planet, let's go to other planets to see it!"

Ouyang Qingxiang said.

"Okay, let's go to that planet!"

Lu Ming reached out to the sky.

Above them, there is a fiery red planet suspended in the sky, this planet is closer to the star.

"it is good!"

Ouyang Qingxiang nodded, and immediately the two rose into the sky, turned into two streamers, and flew towards the planet.

Soon after Lu Ming and Ouyang Qingxiang left, five figures appeared in a secret place not far away. They were the Supreme Son and the Floating Son.

"Supreme Universe, what shall we do now?"

The Floating Son asked.

"Lu Ming and Ouyang Qingxiang must die!"

The Supreme Son gritted his teeth, and his eyes shone with fierce light.

"With our strength, I am afraid that they cannot kill Lu Ming!"

The Virgin Mary Road.

"We can't kill it. Someone killed it naturally. At the time of the ancient **** land, Lu Ming killed the strange demon academy and the immortal son of Jianzong. Both of these two forces wanted to get rid of Lu Ming!"

The Supreme Son coldly said.

"Are you trying to borrow a knife to kill someone?"

His eyes were brightened by Shengguang Son and others.

"Yes, now, Mo Jiuye and others in the Xiemo Academy are just above that dark planet. We went there and informed Lu Ming about his whereabouts. Moreover, Lu Ming still had a card on his body. I believe Mo Jiuye Will definitely be shot."

Supreme Saint Son Road, a terrible murderous opportunity emerged from his body, his eyes swept over Fuguang Shengzi and others, and then said: "As long as Lu Ming and Ouyang Qingxiang die, Kong Xuanzong is still mine, I promise, I will never be ill-treated in the future you guys!"

"Rather than Xuanzong's future falling on the hands of Lu Ming and Ouyang Qingxiang, it is better to let you supreme Qiankun take the lead and let's go, let's go to the Devil Nine Nights."

The Son of Floating Light.

Immediately, the five flew towards the dark planet where the Xiemo Academy was located.

...

Lu Ming and Ouyang Qingxiang did not spend much time on the fiery red planet.

The environment of this planet is even worse.

The gravity of this planet is stronger than that of the previous planet, and the temperature is so amazing that ordinary creatures can hardly survive.

When the two came to the planet, they looked around.

"This is... Cabernet Sauvignon!"

Soon after, they found some strange pieces of metal.

Cabernet Sauvignon, a very rare and rare refining material, is capable of refining superb artifacts dedicated to the King of Gods.

The two were overjoyed. Long Zhoushan was right. In this galaxy, in addition to that kind of array, it really has other treasures.

"This metal has a great effect on the ball. He swallowed it, and it will definitely have a great effect."

Lu Ming thought.

Thinking of this, Lu Ming looked at the bracelet on the wrist.

Since in the ancient **** world, the ball has eaten the bronze of the bronze altar, and has been sleeping, and there is still no sign of waking up.

There are a total of two pieces of Cabernet Sauvignon gold, which should be divided equally. Lu Ming wants to buy Ouyang Qingxiang with Shenjing. Ouyang Qingxiang shook his head and gave the Cabernet Sauvignon gold directly to Lu Ming.

Lu Ming was also polite and put it away.

Next, they have been searching on this planet and really found a lot of precious metal materials. Ouyang Qingxiang knows that these metal materials are of great use to Lu Ming, all of which were given to Lu Ming, but they only received some **** crystals symbolically.

Just as Lu Ming was looking for them on this planet, on the other side, the Supreme Son and the Floating Son, they had found Mo Jiuye and others.

"Supreme heaven and earth, you dare to take the initiative to find us, are you afraid that I will leave you behind?"

Mo Jiuye sneered at the Supreme Son and others, a flash of murder in his eyes.

The faces of Supreme Son, Son of Floating Light and others changed slightly, but they were also very human and quickly calmed down.

"Magic Nine Nights, for you, we are not a threat at all. It is Lu Ming who really threatens you!"

The Supreme Son.

"Lu Ming? Do you think that kid is a threat to me?"

A cold light flashed in Mo Jiuye's eyes, revealing strong self-confidence.

"Yes, there is no doubt that Lu Ming's control of divine power is also divine power, and he also controls several extremely terrifying secrets. The combat power is amazing. If he waits for his cultivation to improve, he may not be able to fight you!"

"Also, he already has a card in his hand."

The Supreme Son.

Chapter 2895: Be surrounded

"Oh, there is an array?"

Mo Jiuye's eyes lit up slightly, and he looked at the Supreme Son with a smile, saying, "Sovereign Universe, I know that you want to borrow my hand to get rid of Lu Ming, but Lu Ming has offended my strange college repeatedly. , Killing my son in the Xiemo Academy, the sin should die, even if you don't say it, I will kill him, ha ha!"

"Not by your hands, but by cooperation, we cooperate to get rid of Lu Ming, and the cards belong to you, each needs what you need!"

The Supreme Son.

"Anyway, let's talk, where is Lu Ming?"

Mo Jiuye said lightly.

"Just above that planet!"

The Supreme Son pointed to the fiery red planet in the sky.

"Okay, then go to that planet!"

A cold light flashed in the eyes of Mo Jiuye. When he first rose into the sky, he flew to the planet where they landed.

At the same time, other masters of the Xiemo Academy, he rushed over with Mo Jiuye.

"Lu Ming, this time, how do you die?"

The cold light flashed in the eyes of the Supreme Son, and then with the floating light Son and others, the people who followed the Demon Academy, also rushed to the planet where Lu Ming was.

Soon after, Devil Nine Nights, Supreme Son, and others, descended on the planet where Lu Ming was located, but they searched around and did not find Lu Ming's figure.

"Lu Ming, have they already left this planet?"

The arrogant way of a strange magic academy.

"It shouldn't be. They just came to this planet shortly. They must spend some time looking for it. It's just that the planet is very large. We haven't encountered it."

The Supreme Son.

"Then we act separately, four eyes, you take a few people, and they act together with the Supreme Emperor Qiankun, I will take a few people to act, remember, once you meet them Lu Ming, immediately send me a message, so as not to be run away by him. "

Mo Jiuye ordered.

"Yes, once he meets that Lu Ming, he can't run!"

Confident.

Supreme Qiankun's eyes flashed and he didn't speak. He knew that this arrangement was the best.

The combat power of Simu Kongting is not weaker than him. He and Simukongting joined forces, and they were not afraid of Lu Ming. As long as the devil arrived at night, Lu Ming would die.

After dividing, Mo Jiuye left here with a few days of arrogance.

The Simu Kongting and Supreme Qiankun took some people from another direction.

...

Lu Ming and Ouyang Qingxiang didn't know that the Supreme Son had joined forces with the Astrology Academy and had already killed the planet.

They continue to search on this planet.

There are really no creatures on this planet, they can only look black and search indiscriminately.

I have to say that their luck was so good. Two days later, they found an altar in a canyon. Above the altar, a bronze array was suspended.

There were only twelve cards in total, and they actually saw another one. This luck was indeed amazing.

Both were overjoyed, just about to fly over, take away the array card, just then, not far away, there are some figures, rushing towards this side, the speed is amazingly fast.

In an instant, Lu Ming appeared in front of them, blocking their way.

"Supreme Universe, it's you again, the four eyes are empty, how do you come together?"

Ouyang Qingxiang's eyes suddenly changed.

"Tell the Son of God!"

At this moment, Simu Kongting ordered the Tianjiao of a different demon academy to send a voice to Demon Jiuye, and himself, his four eyes flashed cold light, staring at the land.

"Hey, Lu Ming, Ouyang Qingxiang, this time, see where are you going?"

Supreme Saint Child's body flashed, appearing behind Lu Ming, blocking their retreat.

"Supreme Qiankun, did you actually join forces with the people of the Xiemo Academy? Against our disciples of Kongxuanzong?"

Ouyang Qingxiang was angry, her face looked ugly, and she glanced around.

She was afraid that Mo Jiu Ye was also nearby, which would be dangerous, but Ouyang Qingxiang felt relieved when she did not see Mo Jiu Ye.

"Lu Ming, Ouyang Qingxiang, who asked you to be stubborn and stubborn, to fight against me, it is a sin to die!"

The screaming of the Supreme Son, and then said to the Simu Kongting: "Simukongting, we will work together to hold Lu Ming."

"To deal with Lu Ming in every district, why don't we work together to supreme heaven and earth, I think you are more and more waste, I come!"

The four eyes looked at the Supreme Son with disdain.

He clearly sensed that Lu Ming was nothing but the cultivation of the true divine realm. He didn't believe at all that a person with a real divine realm could confront him.

boom!

The four-eyed empty court was filled with a violent breath, a vast divine power, surging out.

The sixfold heavenly realm, the cultivation of the four-eyed empty court, like the Supreme Son, is also the sixthfold heavenly **** and controls the divine power.

"kill!"

Between the waves of the four eyes, from his fingers, bursts of guns burst out, sharp and bright, and killed Lu Ming.

"Ancient God Skill, Breaking the Sky..."

In an instant, Lu Ming exhibited the ancient **** tactics and turned into the body of the ancient god. The long spear in his hand continued to pierce and crushed the guns of the four-eyed empty court.

"The body of the ancient god, you also cultivated the body of the ancient god!"

Four eyes empty court roared unbelievably. All four eyes were envious and jealous. They shouted and turned into a streamer, killing Lu Ming.

At the same time, four of his eyes were gleaming, and then four terrible beams burst out, killing Lu Ming, and the power was extremely terrible.

"Broken, Broken..."

Lu Ming continued to display the first move of the World Extermination Three Strikes, shaking the spear, and in an instant, there was a terrible spear piercing, blocking the attack of the four-eyed empty court.

"How strong is it?"

At this moment, Simukongting was shocked.

He finally knew why the Supreme Son was lost to Lu Ming's hands, not the Supreme Son's waste, but Lu Ming was too perverted.

When Long Yin sounded, Lu Ming exhibited the magic formula of the dragon dragon, and tried all kinds of means to kill the four-eyed empty court.

The combat power of Simukongting is indeed very strong, not weaker than the supreme heaven and earth, especially the attack in his four eyes, the power is very terrible, so Lu Ming is quite afraid.

In a blink of an eye, the two met a dozen tricks.

The more he fought, the more shocked Si Si Kongting felt, because he felt that he was going to lose to Lu Ming.

"Supreme heaven and earth, come together!"

Four eyes empty roar.

"I have told you already that I will shoot together!"

Supreme Qiankun mocked together, then turned into Supreme King Kong, and killed Lu Ming.

The two joined forces, and for a time, Lu Ming was crushed.

On the other side, other people killed Ouyang Qingxiang, making Ouyang Qingxiang precarious.

"This place should not stay long!"

Lu Ming turned his thoughts in his heart, intending to retreat first.

The supreme universe, or the four-headed empty court, alone is not Lu Ming's opponent, but when the two join forces, Lu Ming loses, and at most can only protect himself.

Chapter 2896: Encounter Magic Nine Nights

Even if Lu Ming can protect himself, Ouyang Qingxiang is also very dangerous.

Therefore, Lu Ming is too lazy to fight with the other party.

"Boom me..."

Moving in Lu Ming's heart, the three nine-claw Shenlong Fas burst and burst, forming a terrible wave of strength, and the Supreme King Kong transformed by the Supreme Son suddenly rushed back and forth.

Taking advantage of this opportunity, Lu Ming rushed out of the encirclement and killed Ouyang Qingxiang.

At this moment, Ouyang Qingxiang defended with all his strength. A lot of blue lotus flowers suspended around to resist the attack from the outside, but it was still precarious.

Because there is a stronger combat power than Ouyang Qingxiang in the Xiemo Academy, even if Ouyang Qingxiang is defensive, it is also very dangerous.

"roll!"

At this moment, Lu Ming killed him, and the spear fell down, turning into dozens of huge gun shadows, pressing down like a mountain.

Rumble!

The gun was depressed, and it made a terrible shock.

Shengguang Son, Zhixia Son, Yankong Son, Xuetao Saint Girl, and the six Saint Son Daughters of Astrology Academy, all changed their faces, and then screamed, everyone broke out the most A strong attack slammed into Lu Ming.

boom! boom! boom! ...

The terrible shock erupted, and then saw more than ten figures retreat.

The top ten masters such as Fuguang Shengzi were repulsed by Lu Ming at least one hundred meters away, and even a few people were weaker, his body shivered and a spit of blood spewed out.

"too horrible!"

In their hearts, there was an idea.

They are also the characters of the Holy Child, but so many people joined forces, but they were repelled by Lu Ming. Some people were injured. Lu Ming's strength made them shocked.

"go!"

Lu Ming rushed by, a divine force rolled Ouyang Qingxiang, and ran towards the front.

"Where to go?"

"chase!"

The supreme heaven and earth, the two eyes of the four courts shouted. When they first chased at the landing, the others followed.

The two sides chased and fled, and went out thousands of miles in an instant.

However, Lu Ming's speed is faster. For example, Kun Kunpeng is flying, and the distance from the Supreme Emperor Qiankun, the Simu Kongting, and others is constantly increasing.

"Damn..."

The roar of supreme heaven and earth, the killing in my heart, has been very rich.

Lu Ming must die, otherwise, he must join forces with the people of the Xie Mo Academy to kill Lu Ming, and he will definitely be exposed. People spurn.

Therefore, he must kill Lu Ming and Ouyang Qingxiang.

"Relax, let him run in this direction!"

Four eyes empty, but a calm face.

"Is it in that direction..."

What the supreme Qiankun thought, his eyes lit up.

"Yes, Mo Jiuye, he came from that direction, he ran in that direction, that is, from the net, so we just keep chasing behind and let him run forward."

Simu Kongting sneered.

"Great!"

Extremely happy.

Of course, their dialogues were transmitted by voice, and they were afraid that Lu Ming would hear them.

The two sides chased and fled, and another half an hour later, the distance between the two sides has been far apart, and they have almost lost sight of Lu Ming.

"No, Lu Ming, stop!"

At this moment, the bone demon's voice sounded.

"what happened?"

Lu Ming jumped in his heart and couldn't help but stop.

"There is a master in front, who is coming quickly. This person is extremely strong. You are definitely not an opponent. So fast, you are almost there, and you will quickly change direction."

Bone Demon shouted, anxious.

"Is it Devil Nine Nights?"

As soon as Lu Ming moved, he thought of Mo Jiu Ye at the first time.

Simu Kongting and others have appeared, and it is likely that Mo Jiuye is also on this planet.

Without thinking, Lu Ming immediately turned around and rushed towards the left.

"Damn, how did he change direction? Has he found Mo Jiu Ye? Chasing!"

Simu Kongting screamed and chased in the direction of landing.

Rumble!

Lu Ming just changed direction and ran not far away, he sensed the previous direction, and a terrible breath came.

The speed of that breath was extremely alarming. When it first appeared, it was still very far away. A few breaths appeared not far away.

"It really is Devil Nine Nights!"

Lu Ming glanced at the figure of Mo Jiuye.

A black light emerged from the outside of Mo Jiuye's body, making him look like a dark cloud, chasing toward the landing sound at an alarming speed.

Its speed is still above Lu Ming.

The distance between him and Lu Ming is getting closer.

At the beginning, the two sides were separated by thousands of miles, but soon, the two sides were less than a thousand miles apart.

After running for a while, the distance between the two sides was reduced to less than three hundred miles.

In this way, Lu Ming will soon be caught up.

"Lu Ming, die for me!"

Mo Jiuye's indifferent voice sounded, and the black light around his body surged into a black claw, spanning hundreds of miles, and caught the landing song.

"Shenlong Faxiang!"

Lu Ming exhibited the magic formula of the dragon, three giant nine-claw dragons condensed out, and pounced on the claws of the magic nine night.

"Trick and worm, break me!"

Mo Jiuye drank coldly, and the black hands fell down.

bump! bump! bump!

Three roars, and three nine-claw dragon patterns, directly smashed apart. They couldn't stop it at all, and the black claws continued to grab at the landing.

Lu Ming changed his face, turned around, and tried his best to make a move.

What Lu Ming is doing is the second type of three-strike eradication, chopping the moon.

With both hands in the gun, the crescent-shaped lance burst into the dark claws. When the crescent-shaped lance fell on the dark talons, a violent roar broke out. It kept shaking and then burst.

Lu Ming felt a powerful force, coming from his spear, his body shook, his body was huge, and he receded wildly.

puff!

Lu Ming spouted a blood in his mouth, and he felt a dark energy, covering him, with a terrible power of corrosion, to corrode his body.

"What a terrible power!"

Lu Ming's face was dignified, the six magical fires in his body were running at full strength, and the divine power constantly rushed to the surface of the body, blocking that divine power.

Magic Nine Nights, the divine power under control, is a kind of divine power, amazing and powerful.

"go!"

Lu Ming did not stay, while resisting that divine power, while running forward.

"A little strength, but not enough, kill!"

Mo Jiuye drank coldly and launched an attack again.

Lu Ming resisted while running.

The strength of Mo Jiuye is really amazing.

Lu Ming has sensed that the cultivation of Devil Nine Nights is the sixfold of the God of Heaven, but he is in control of the divine power and strength compared to the supreme heaven and earth, the flow of the four eyes and empty courts. I do not know how much stronger, Lu Ming is not an opponent at all.

Even in the air, the power is still amazing.

Chapter 2897: Planet near the star

The cultivation base of Mo Jiuye, although it is still the sixth level of the heaven and **** realm, is comparable to the supreme heaven and earth, and the four heads of the empty court, but the strength of the battle is stronger than them.

Even if there were a few tricks in the air, Lu Ming felt that he was far from Mo Jiuye's opponent.

After a few strokes, Lu Ming's blood boiled, and there was blood at the corner of his mouth.

The distance between Mo Jiuye and him is getting closer.

"That kid is dead!"

In the rear, the supreme Qiankun was overjoyed, speeding up and chasing down to Landing Ming, wanting to besiege Lu Ming together with Mo Jiuye.

"It won't work like this!"

Lu Ming's thoughts changed sharply.

If this continues, it won't take long before it will be caught up by the Devil Nine Nights. At that time, the Supreme Heaven and Earth will be chased together, and the four eyes will be chased together. Lu Ming can't fly, but only one dead road.

"Lu Ming, there is only one way now, to fly in the direction of the star, to the planet closest to the star, the closest to the star, the gravity will be greater, and the above environment will definitely be more complicated, so that you can have a chance to escape! "

Bone Demon's voice sounded, his knowledge was broad, and he soon came up with a countermeasure.

"it is good!"

Lu Ming did not hesitate at all. He shot a gun with a huge gun, and collided with the attack of Mo Jiuye. The spirit was excited and Lu Ming's body was shocked, but at the same time, Lu Ming also took advantage of this Power, shape rises to the sky.

A sound of Kunpeng's tweet sounded, and Lu Ming exerted nine days of Kunpeng's technique. The strong divine power condensed into a Kunpeng on Lu Ming's body, with one wing, and Kunpeng swayed straight up, and rushed towards the planet closest to the star.

"Want to go and dream!"

Mo Jiuye reacted, and his figure rose to the sky, chasing toward Landing Ming.

In the rear, the Supreme Emperor Qiankun, the Simu Kongting, and others also rose to the sky, chasing Lu Ming.

After bursting out of the starry sky, Lu Ming exerted all his strength to perform the nine-day Kunpeng technique, but the speed was faster. There was a feeling that the sky was high and the birds could fly. For a time, Mo Jiuye couldn't catch up with Lu Ming.

The two sides chased and fled, crossing a long distance, and quickly approached the planet closest to the star.

The planet closest to the star, when viewed from afar, was flaming red, and it seemed to be shrouded by a layer of flaming red clouds.

Soon, Lu Ming was not far from the planet.

"Lu Ming, even if you escape to the end of the world, you will definitely die!"

Mo Jiuye roared, exerted all his strength, and chased towards Landing Ming.

Lu Ming didn't say a word and buried himself in a hurry. Finally, he came over the planet and rushed into the dazzling clouds.

As soon as he rushed into Yunxia, Lu Ming's body shook wildly, almost unable to control his figure, and fell towards the ground.

"What a terrifying gravity..."

Lu Ming showed a shocked look. The gravity of this planet exceeded Lu Ming's imagination. It was extremely terrible. Even Lu Ming, almost accidentally, almost made a move.

But before Lu Ming could relax, a gust of wind hit the landing whistle, the speed was extremely alarming, and Lu Ming was swept in by the gust of wind before he could respond.

heat!

This is Lu Ming's first feeling.

The violent wind was extremely hot, and the temperature was even more terrifying than that of magma. Lu Ming felt burning and tingling on his skin.

Lu Ming quickly ran the magic power to resist, which was slightly better.

However, the force of this gust of wind was really amazing. Even if Lu Ming broke out and tried to rush out, he couldn't do it at all. He could only be swept by the gust of wind, not knowing where he was flying.

Behind, Mo Jiuye followed Lu Ming to rush into the planet, but his end, like Lu Ming, rushed in, and was swept by a hot gust of wind, unable to help himself, rolled to one and Lu Mingbu The same direction.

After the Magic Nine Nights, the Supreme Heaven and Earth, the four-eyed empty court, and the Son of Floating Light rushed into the planet one by one.

But some were weaker and worse, unable to control their body directly, attracted by terrible gravity, and fell to the ground, seriously injured.

And those who cultivated higher, though resisted gravity, were swept by the fierce gust of wind. They didn't know where they were flying, and a group of people dispersed.

Lu Ming drifted along with the gusty wind, not knowing how much distance he flew out. Slowly, the power of the gusty wind weakened. Lu Ming seized the opportunity, rushed out of the gusty wind, and flew towards the ground.

bump!

Lu Ming landed heavily on the ground.

The hardness of the ground here is even more amazing, and it is several times harder than that of the previous planets.

Strong gravitational force is constantly acting on Lu Ming, so that Lu Ming can only run the magic power to resist at all times.

Lu Ming was alert, but after waiting for a while, there was nothing wrong.

"It seems that the kind of gusty wind is only found in the high altitude of this planet, and it is still relatively small on the ground. As long as you avoid it carefully, it should be fine!"

Lu Ming thought, and then released the palm of her right hand, Ouyang Qingxiang, sitting in the palm of Lu Ming.

At the moment, Lu Ming is the body of an ancient god, with a height of several hundred meters and a huge palm. It is very simple to hold Ouyang Qingxiang.

"Lu Ming, are you okay, how about them?"

Ouyang Qingxiang quickly asked.

"Get rid of them!"

Lu Mingdao said, Lu Ming's body quickly shrank and became the size of an ordinary person, and then he felt a sense of weakness.

In the previous battle, Lu Ming had maintained the ancient war of gods, which consumed a lot of physical energy.

Then, the two chose a direction and ran away, and soon found a secret place, where the two took a break.

A few days later, both of them returned to their peaks, and then they left here and walked forward.

Soon, the two gained something, and Lu Ming found some strange metals.

In the next few days, the two kept gaining. Lu Ming's precious metals on the planet were so many, Lu Ming smiled.

This planet, the closest to the star, is also the most affected by the formation, which is really unusual.

Quack!

Suddenly, a sharp cry came from the front.

"Are there souls?"

Lu Ming and Ouyang Qingxiang both looked stunned.

Listening to the sounds seems to be the sound of birds, but on this planet, in such a harsh environment, there are creatures living?

The two were very curious and flew towards the sound.

boom! boom!

Soon, the two heard a violent roar, and some were fighting.

The two quickly converged and flew for a while, finally seeing the situation clearly.

Five young men and women are fighting fiercely with three giant birds.

"It's Chonglouzong!"

Ouyang Qingxiang recognized the origin of the five people at a glance, which was the arrogance of Chonglou Zong, one of the ten top ancestors of Qin Tian.

The Chonglou Sect is among the top ten Sects, and it is considered to be relatively advanced. Of course, it is still worse than the empty Xuanzong.

The five people in front of them are all very strong. Three of them are figures of the Holy Child. The strongest one is not weaker than Ouyang Qingxiang.

Chapter 2898: Star debris

It was three big white birds fighting against the five, with wingspan spread out, not less than fifty meters.

"No, this is not a real creature, but an energy."

Lu Ming's eyes moved, and he could see that the three big birds were not creatures at all, but a kind of energy condensed, without the slightest breath of life.

"Chonglou Feixue!"

The five young men and women of Chonglou Sect used a tomahawk with powerful weapons. The tomahawk cut off and completely suppressed the three big birds.

Especially a young man in soap robes, whose strength is not weaker than Ouyang Qingxiang, cut off the battle axe and cut off the wings of a big bird.

"kill!"

The Soap Robe youth shouted, the tomahawk split, there was the prestige of the sky, the axe was swept over, the head of the big bird was cut off, and the body was scattered directly.

What surprised Lu Ming and Ouyang Qingxiang was that after the big bird broke apart, it actually turned into a wave of energy and poured into the soap robe youth, pouring into his body. Excited.

"kill!"

Then, the young man in Zaobao killed two other big birds.

Soon after, the remaining two big birds were all killed. Like the previous one, the two big birds also broke up and turned into a wave of energy, which was absorbed by five young men and women.

"It's cool, it's so cool, if we go on like this, our cultivation will soon break through!"

A young woman's face was full of excitement.

"Yes, this big bird, I don't know what it is. If we kill it, we can actually absorb their energy. This is really a great opportunity. Let's go, let's move on."

Soap robe youth said, and then the five people continued to move forward. Soon afterwards, a few big birds appeared and killed the five young people in Soap robe.

"Waste, they absorb like that, it's just a violent **** thing, the old lady is mad!"

Knowing the sea, yelling uncomfortably.

"Old man, do you know what that big bird is?"

Lu Ming asked.

"Nonsense, the old lady certainly knew that it was formed by the energy spilled from the star core fragments. The energy of the star core is extremely refined, so the energy overflowed by the star core fragments can be directly absorbed by people."

Measure the word.

"Star fragment!"

Lu Ming's eyes lit up.

No wonder the five young people in the Soap Robe have killed that big bird and can absorb the energy of that big bird.

"They absorb it like that, it's a waste. I'm afraid half of the energy can't be absorbed. The rest of it will be dissipated. If you change to an old lady, you can definitely absorb it 100%."

Measure the word.

"You mean, there are star debris in this area?"

Lu Ming questioned.

"Yes, boy, if you get the star core fragments, the old lady is sure to let you hit the heavens in a short time!"

Measure the word.

"Star debris, I must get it."

Lu Ming's eyes flashed repeatedly.

Just after Lu Ming planned to rush out and chase away the young people in Soapao, and monopolize this place, there were a few rainbow lights in the distance, and flew quickly.

"It's him, all eyes are empty!"

Lu Ming's eyes swept, and found that the corner was the peerless arrogance of the Xiemo Academy, and his eyes were empty.

In addition, there are also the arrogance of several alien colleges.

Soap robe youths and others also found Simu Kongting and others, their faces all sinking.

Uh! Uh! Uh! ...

Simu Kongting and others stood above them, looking at the big birds, revealing the light of greed.

"This is... formed by the energy spilled from the nuclear debris, hahaha, there are actually nuclear debris here!"

Simu Kongting roared in his heart, and all four eyes were full of greed.

As a peerless arrogant of the three hegemonic forces, he naturally has a very broad vision. At a glance, he can see that this big bird is formed by the energy spilled from the debris of the star core. This is a great opportunity.

"You guys, you can go. I want this place."

Simukongting said indifferently.

"Simukongting, this place was discovered by us first. It would be too domineering to drive us away like this!"

The robe of the young robe said.

"Overbearing? Ha ha, you don't have to leave, then stay here forever."

Simukongting sneered.

"you..."

The five young people in the soap robe showed anger, and finally encountered such an opportunity to let them leave like this.

They retreated sharply, evading the attacks of a few big birds, and retreated aside, but they had no intention of leaving.

"Do you still have a lucky heart? It's really stupid, then send you on the road."

Simu Kongting drank coldly. Between the opening and closing of the four eyes, four beams of light burst out, killing the five young people in the soap robe.

"Chonglou Feixue!"

Soapy youth roared, and the battle axe in his hand kept chopping out. More than a dozen axe slashed into the beams excited by the four eyes.

bump! bump! ...

After a few violent roars, the soap-robed youth shook all over, backing up again and again, with a spit of blood in his mouth.

He is not an opponent of the four eyes.

Just like Ouyang Qingxiang's supremacy, Ouyang Qingxiang can't stop a few tricks.

"Oh, Simukongting, you are such a great majesty!"

At this moment, there was a cold laughter in the distance, and then, several sword lights flashed rapidly, and the next moment, there were several more figures in this place.

Several young people, with long swords on their backs, one person headed, sword eyebrows, eagle eyes, and Qiyu extraordinary.

"Don't move!"

Simukongting's eyes were cold, revealing a dignified color.

"It's him, this person is within the Indestructible Sword Sect, an extremely strong arrogance, second only to the Indestructible Sword Sect's **** child Kendo, and its strength is not weaker than the supreme Qiankun!"

Ouyang Qingxiang's face also showed a dignified color, sending Lu Ming a voice.

Lu Ming nodded. He was also in this person, feeling a terrible sword.

The five young people in the soap robe saw Zhuo motionless, and their faces were even more ugly.

Four eyes empty court, Zhuo motionless appeared one after another, the opportunity of this place has nothing to do with them.

"Good luck, this place, there are really star debris, haha, it's mine."

Zhuo motionlessly laughed, full of confidence, and greed.

"It's yours? Zhuo doesn't move, you're really overconfident!"

Simukongting sneered.

"Simu Kongting, you want to stop me? The outside world has been holding me side by side with me. Today, I will see, what qualifications do you have to stand side with me!"

Zhuo motionlessly opened his mouth, and as soon as his words fell, he had a terrible sword in his body, and with the sound of Keng, his long sword came out of his way, and a white sword light hit the four eyes.

"Four eyes set the sky!"

The four eyes shouted, the four eyes resembled the four suns, emitting a dazzling brilliance, and then four beams of light burst out into four spears, killing Zhuo still.

Keng! Keng! Keng! ...

The sword light and the destruction beam collided continuously, and a horrible sound wave erupted. In a flash, the two collided dozens of moves.

After dozens of moves, the two bodies retreated at the same time.

have equal shares!

Chapter 2899: Care about each other

Simu Kongting and Zhuo Fudo were facing each other, their faces were dignified, and for a time, no one started.

They knew that if the two of them had a decisive battle, they wouldn't be able to tell the difference in a short period of time, and if they lost both sides, they would let the young people like Zaobao pick up the bargain.

quack...

At this moment, several big birds chirped, culling Xiang Sikong and Zhuo Fudo, respectively.

Keng!

call out!

Simukongting and Zhuo Fudo shot at the same time, and in a few moments, several large birds were killed by the two, and then turned into rolling energy, poured into their bodies and absorbed by them.

"Cool, great!"

The intoxicated color of the eyes of the four eyes.

Zhuo motionless is almost the same.

Absorbing such a big bird, their cultivation behavior can be quickly promoted, and absorbing a big bird can withstand their thousands of years of hard work, what better than this.

"Simu, the star debris here, how do we compete fairly, who can get it, and who should be?"

Zhuo motionless stared at the eyes of the empty court.

"Okay, just do it, but before that, some idlers and other people have to clear it!"

After the Simu Kongting finished speaking, his gaze swept coldly toward the Zaobao youth and others.

"Good, go, otherwise, die!"

Zhuo Fudo said even colder.

The five young people in the Soap Robe looked ugly, but they dared not refute.

In this world, power is always a priority. Without power, there is more talk, and there is only one way to go.

"let's go!"

The Soap Robe youth snorted and turned away.

Although the other four Tianjiao of Chonglou Zong were unwilling, they could only leave here with the youth of Zaopao.

"There are two more ants, why? Are you still off?"

After the five young people in the soap robe left, the cold eyes of Simukongting looked at Lu Ming and Ouyang Qingxiang, coldly.

"It seems that we were found!"

Lu Ming smiled faintly, and then stepped out with Ouyang Qingxiang.

"Lu Ming, it's you..."

After seeing Lu Ming and Ouyang Qingxiang, the Simu Kongting screamed, and the cold killer flashed in the four eyes.

"Lu Ming, it's you, ha ha ha, well, very good. In the ancient **** world, you killed me a saint who can't destroy Jianzong. Now, let's save your life."

Zhuo Fudo rushed out of his body with a terrible sword intention. As soon as the words fell, a snow-white sword awn struck the landing and was terrifyingly powerful.

Without any hesitation, Lu Ming directly displayed the ancient **** tactics, turned into the ancient armor of the green armor, and shot out with a single shot, defeating the unmovable sword mans.

"kill!"

Lu Ming shouted, fighting for the night, under the blessing of four times the fighting power, Lu Ming was full of power, holding a spear, and drove towards Zhuo motionless.

Zhuo Fudo's pupils contracted for a while. Obviously, Lu Ming's strength far exceeded his expectations.

"Indestructible Kendo!"

Zhuo motionlessly shouted, and displayed a terrible magical skill, killing Lu Ming.

boom! boom! ...

In a blink of an eye, the two confronted a dozen tricks. The others only saw the sky and the sword. At the beginning, the gun and the sword were confronted with each other, and they were indistinguishable.

However, after a few breaths, the gunman began to suppress the swordman, the swordman kept shaking, and finally burst with a bang, and he saw a figure, and he retreated.

The retreating is naturally outstanding.

"How can it be?"

There are incredible colors in Zhuo's motionless eyes.

He never imagined that Lu Ming's strength was so strong that even he was no match.

Simu Kongting and Lu Ming fought, but they were not too surprised.

"Zuo Fudo, this Lu Ming, is really perverted. I am afraid that you alone cannot win him. How can we join forces to kill this person?"

Simukongting said to Zhuo.

"It is good!"

Zhuo motionlessly nodded his head, bursting out a terrible sword.

The four-eyed empty court and Zhuo motionless form a horn, and force to the landing.

"The two of you want to join forces to kill me, okay, very good, but do you think you can kill me easily? If I try hard enough to pull one of your backs, even if I can't kill, I can be hit hard!"

"If one of you is hit hard, the other one will let him go?"

Lu Ming sneered.

As soon as the words came out, the four-eyed empty court and Zhuo immobile figure stopped directly, glanced at each other, and all saw the meaning of alertness in each other's eyes.

Lu Ming was right. Even if the two of them joined forces to deal with Lu Ming, with Lu Ming's strength, if they were to fight back, it would not be impossible to pull one of them back.

Even if you can't kill, it's definitely possible to hit hard.

If one of them is hit hard, the other will let each other pass? Totally impossible!

Star debris, who doesn't want to swallow alone?

For a while, neither of them shot.

"Lu Ming, you do not want to provoke divorce!"

Four eyes empty court sounded.

"Oh, provoke alienation? I'm only talking about facts, you have to fight, I will accompany you!"

Lu Ming sneered.

Simu Kongting and Zhuo still did not move.

They naturally knew that what Lu Ming said was indeed true.

For a time, the three parties stalemate here.

"The star debris, we have a share in seeing each other, and we, the three parties, compete fairly. Whoever can get it, how do we get it? When the others come, there will be no share for us, especially your gods..."

Lu Ming said with a smile.

Simukongting and Zhuo motionless, all eyes flashed, apparently moved.

In the Xiemo Academy, or the Indestructible Sword Sect, the Holy Sons and the Divine Sons are also in a competitive relationship, just like Kong Xuanzong.

The Simukongting, has been pressed by Mo Jiuye, saying that he did not want to replace it, defeating Mo Jiuye, that is false.

If you wait for Mo Jiuye to find here, the star core fragments must be monopolized by Mo Jiuye, how can he have his share?

Compared to killing Lu Ming, of course, it is more important to get the chance by yourself.

"Okay, let's compete fairly among the three parties. Who has the strength, who has the chance, and who owns the star debris!"

The Simu Kongting finally compromised, leaving a sentence, and with the people from the Xiemo Academy, turned and rushed forward.

"go!"

How could Zhuo not move backward, and also rush towards the front with a few days of indestructible sword sect.

"Let's go too!"

Lu Ming nodded to Ouyang Qingxiang, the two flashed, and they headed forward.

Along this direction, after walking a short distance, large birds rushed out and culled them.

"kill!"

Lu Ming waved his lance, and when pressed down, a big bird was killed by Lu Ming.

Suddenly, the big bird burst apart, turned into rolling energy, and rushed into Lu Ming's body.

"Lu Ming, let me come first, I will devour you after I devour it!"

Measure the word, and then burst out a strong attraction, engulfing the energy of the big bird, and at the next moment, an incomparable amount of energy poured out of the word, and poured into To Lu Ming's limbs.

Lu Ming ran "Qiankun Wandaο Jue" to absorb this energy and transform it into divine power.

Chapter 2900: Only Lu Ming can enter

With just a few breaths, Lu Ming fully absorbed and refined this energy, and Lu Ming felt that his divine power was rich and pure.

Of course, there is still a long way to go before the God Realm.

"Really strong energy..."

Lu Ming sighed.

"This is of course. After my absorption, it is fully utilized. Others can only absorb at most half!"

The amount of words is complacent.

Lu Ming smiled, without delay, waved his spear, and then killed a big bird, continuing to absorb energy.

At the moment, Ouyang Qingxiang also killed a big bird, absorbed the energy of the big bird, and gained a lot of magic in the body.

Killing this kind of big bird practice is faster than usual practice, I do not know how many times faster.

On the other side, the four-eyed empty court, Zhuo Fudo and others are also speeding up, killing the big bird and absorbing the big bird's energy.

After they absorbed the energy, they moved on.

After solving a few large birds, Lu Ming and Ouyang Qingxiang also moved forward.

As they deepened, the number of large birds appeared also increased.

They knew that the star debris must be in front.

Although the strength of such a big bird is quite strong, it is still being hunted and killed by such powerful people as Lu Ming, the four-eyed empty court, and Zhuo Fudo.

One big bird was killed, Lu Ming went deeper and deeper.

Quack...

Suddenly, there were piercing sounds in front.

Lu Ming et al.'s gaze was also condensed, revealing a shocked look, and stared at the front in a daze.

In front, there is a huge canyon, but at the mouth of the canyon and over the canyon, there are countless large birds flying.

At a glance, the number is definitely no less than a thousand, covering the sky and the sun, blocking the light in this area.

"so much..."

Someone's voice is dry.

Such a big bird alone, Lu Ming, the four-eyed empty court, Zhuo Fudo, such master, naturally did not put his eyes, but if so many fight together, even they are also mysterious.

"The star debris must be in this canyon!"

There was deep greed in the eyes of Simukongting.

"What should I do, with so many big birds, how can I get in?"

Zhuo motionlessly whispered, and his mind kept turning, trying to come up with a way to not only get rid of other people, but also swallow the star debris.

"Lu Ming, the old lady has a way to help you in."

At this time, the word measurement tactics spoke again.

"Do you have a way? What way?"

Lu Ming's eyes lit up and secretly talked to Liang Zijue.

"These big birds are formed from the energy spilled from the debris of the star's core. They have almost no intellect, only an instinct."

"And the old lady is the original word "quantity", which is the source of all energy. It can devour all energy. As long as the two mothers exhale the breath, those big birds made of energy will certainly not dare to approach you."

Measure the word.

"So simple?"

Lu Ming stunned.

"It's that simple!"

Measure the word to cut the gold and iron.

"It is good!"

Lu Ming nodded secretly, and he already had attention in his heart.

"Four-eyed empty court, Zhuo motionless, today's plan, it seems that we can only rush in with us together."

At this moment, Lu Ming opened his mouth and said nothing to the Simu Kongting and Zhuo.

"Join together?"

The four-eyed empty court and the table flickered.

"Good, join forces, and after rushing in, each will rely on his own ability to seize the nuclear debris."

Lu Ming said.

"Okay, I agree!"

"I agree!"

Simu Kongting and Zhuo Fudo nodded one after another.

Pay attention, they are ready to shoot.

"Fragrant, wait a minute, you must follow me closely."

Lu Ming sent a voice to Ouyang Qingxiang.

Ouyang Qingxiang nodded silently, closely following Lu Ming.

"kill!"

Suddenly, Lu Ming screamed and rushed towards the large group of birds at the mouth of the canyon.

At the same time, the four-eyed empty court, Zhuo Fudo also rushed towards the mouth of the canyon.

Quack...

As soon as they moved, the big birds also found them, and they moved together, making a sharp chirp, culling Xiang Luming to them.

Lu Ming shouted, brandished a spear, and killed those big birds.

People like Simu Kongting and Zhuo Fudo also tried their best to kill the big birds, but there were too many big birds. If you want to rush in, it's not easy.

However, as a result, Zhuo Fudo and Simukongting also attracted a large number of big birds.

"Old volume, now!"

Lu Ming spread the news to Liangzijue.

"Look at the old lady!"

The voice of Liangzi Jue came out, and at the same time, Liangzi Jue glowed all over the body, and a mysterious breath emanated from Lu Ming.

Originally, a few big birds rushed to Lu Ming, and suddenly sensed the breath of the word measurement tactics, and there was a terrified look in their eyes, flying directly from Lu Ming's sides.

"Really effective, fragrance, follow me!"

Lu Ming took Ouyang Qingxiang's little hand and measured the breath of the word. It also followed Ouyang Qingxiang's little hand and covered her body. The big birds around her also skipped Ouyang Qingxiang directly and didn't fight her.

When Lu Ming pulled a small hand, Ouyang Qingxiang started to tremble, and her face was crimson, but at the next moment, her beautiful eyes showed a strange look.

Because she found that those big birds, instead of rushing to her, skipped her directly and rushed to the Simukongting and Zhuo could not move them.

Ouyang Qingxiang was very surprised. Knowing all this was due to Lu Ming. Her curiosity about Lu Ming was even heavier.

"go!"

Lu Ming took Ouyang Qingxiang's little hand and rushed into the canyon, and no big bird stopped him.

"Damn!"

"how is this possible?"

Simu Kongting and Zhuo Fudo also found Lu Ming's strange appearance, which was incredible, and then roared.

"Lu Ming, you stop me!"

"You dare to indulge me!"

The four-eyed empty court and Zhuo motionless roared, and the murderous coldness was like a knife.

"Play slowly, I will not accompany you!"

Lu Ming smiled indifferently, and Ouyang Qingxiang continued to rush forward, blinking and disappearing into the vision of Simu Kongting and others.

The Simukongting and Zhuo motionless roared again and again, killing ice cold like a sword, but there was no alternative.

"We don't want to fight with these big birds, save our strength, stay outside, and wait for Lu Ming's boy to come out, it's his death!"

Four eyes empty court cold road.

"Yes, that kid dared to yell at me, and he was just looking for his own way!"

Zhuo motionless voice is also extremely cold.

Immediately, instead of fighting with the big birds, they backed away one after another. When they withdrew a distance, the big birds stopped chasing and flew back around the canyon.

The Simu Kongting and Zhuo Fudo didn't take people to stay nearby, waiting for the landing to come out, and then killed Lu Ming.

After Lu Ming and Ouyang Qingxiang broke into the flock of birds, their vision suddenly widened.

There is no big bird in the canyon. Those big birds just hover over the mouth of the canyon and above the canyon.

As soon as Lu Ming and Ouyang Qingxiang came in, their eyes were deeply attracted.

In the midair of the canyon, there is a light mass, suspended there, emitting a dazzling light.
