

D Emperor 2901

Chapter 2901: Moment of crisis

A ball of light, suspended in the canyon, exudes dazzling light.

And, there is a constant and incomparable energy, which diffuses out.

"Star fragment!"

Lu Ming and Ouyang Qingxiang's eyes are fiery.

This is definitely the star debris, they are right.

The two involuntarily approached the nuclear debris, and finally saw the whole picture of the nuclear debris.

It was a crystal of the size of a fingernail. It was crystal clear. Although it was small, the energy contained in it was terrifying and shocking.

"So small..."

Lu Ming whispered.

"Boy, what do you know? The star core is the core of a star. The energy contained is extremely large, but it is also very pure and easy to be absorbed. It is a peerless treasure!"

"And the nucleus here is made by people in a large array and hardened, and a star is smelted into a nucleus. The energy contained in it is even more terrifying. Don't underestimate that such a small piece is enough to make your Cultivation has impacted the heavenly realm."

The scornful voice of the vocabulary sounded.

"Then let's get started!"

Lu Ming said, they can't wait any longer.

Immediately, Lu Ming and Ouyang Qingxiang walked towards the star debris. When they came to the star debris, the two sat cross-legged and began to exercise energy to absorb the energy of the star core.

"Lu Ming, the old lady can help you absorb it, can help you break through the gods faster!"

Measure the word, and then burst out a strong attraction. The energy in the nucleus continually surged towards the landing, was absorbed by the measure, converted into more pure energy, and poured into Lu Ming. .

Lu Ming puts all his efforts into the "Quan Kun Wan Dao Jue" to absorb this energy.

The energy of the star core is extremely pure, even if there is no quantitative word formula, it can be refined quickly. With the help of the quantitative word formula, the refining speed is naturally faster.

The steady flow of energy is transformed into divine power, and Lu Ming's divine power is rapidly improving.

In Tan Tian, the six **** fires are burning, and the flames are more powerful.

Lu Ming is striking towards the God Realm at an amazing speed.

On the other side, Ouyang Qingxiang is also working on the exercise method to absorb the energy of the star debris, but the speed of her absorption is far from that of Lu Ming.

In this way, as long as they practice, they have seven days.

In seven days, a piece of star core fragment the size of a fingernail was almost completely absorbed by the two, leaving only a particle of dust.

boom!

At this time, Ouyang Qingxiang burst into a strong breath.

She broke through and reached the sixth realm of Tenjin.

Ouyang Qingxiang didn't break through the tenth celestial body just shortly, and then impacted the tenth celestial body, thanks to the star debris.

However, the energy absorbed by Ouyang Qingxiang is far inferior to Lu Ming.

At this moment, the breath of Lu Ming's body also rose to the extreme. Six kinds of divine powers surging, shining a dazzling light, circulated constantly on Lu Ming's body.

Lu Ming's body is like a volcano, which is about to erupt at any time.

boom!

Finally, Lu Ming broke out, and a breath of breath broke out in him, and a powerful pressure came out.

This is the coercion of Heavenly God Realm.

The divine power controlled by Lu Ming is the divine power, and there are five other divine powers. The energy required to break through is much more than that of Ouyang Qingxiang. At this moment, after absorbing the energy of the star core fragments, Lu Ming finally broke through the bottleneck and shocked. To the realm of the gods.

As soon as he entered Tianshen Realm, Lu Ming was filled with a strong attraction, and the energy between heaven and earth violently rushed towards the landing Ming.

puff!

At the last point, the star debris made a soft sound, completely broken up, turned into energy, and poured into Lu Ming's body.

At the moment when the debris of the star collapsed, the big birds around the canyon also uttered a cry, and then broke apart, all turned into energy and poured into Lu Ming's body.

Simu Kongting, Zhuo Fudo and others, who had been waiting outside the canyon, waited for Lu Ming to come out and then killed Lu Ming.

At this moment, they suddenly saw that the big birds broke apart one by one and were frightened.

"what happened?"

"That's Lu Ming, he's practicing!"

"Damn, it must be the star nuclear debris. Lu Ming absorbed the star nuclear debris, which caused all the big birds to break apart, kill, kill him!"

Simu Kongting and others saw Lu Ming and Ouyang Qingxiang, combined with the situation in front of them, it was easy to guess the course of things, suddenly roared, his eyes were red, it was envy and jealousy.

"kill!"

Zhuo Fudo was the most direct, with a cold drink, a terrible sword burst out, and the swords of others merged into a dazzling sword light, beheading Xiang Lu Ming.

Lu Ming actually absorbed the debris of the star, and he wanted to smash Lu Ming.

Jianguang was extremely fast, and immediately approached Lu Ming.

The key to Lu Ming's breakthrough at the moment is simply unable to resist.

In fact, the current situation is also beyond Lu Ming's expectations. He did not expect that after he absorbed the nuclear debris, the big birds would break apart.

"Qinglian Sword Field!"

Ouyang was fragrant and dazzled, her body's voice burst into a dazzling blue sword light, and a lot of blue lotus flowers appeared in front of Lu Ming.

Keng! Keng! Keng!

Sword Qi confronted each other, and in a flash, the sword qi of both sides collided hundreds of times.

After a few hundred strokes, the blue lotus broke up, and the immobile figure was blocked and stopped.

"Your cultivation base has broken through!"

Zhuo motionlessly stared at Ouyang Qingxiang with an ugly face.

"It must have been a nuclear fragment, she also absorbed the energy of the nuclear fragment, **** it, **** it!"

Four eyes empty court rushed over, roaring in the mouth, jealous to be mad.

In his view, Lu Ming and Ouyang Qingxiang absorbed the debris of the star's core, which is simply a riot.

If the star core fragments were absorbed by him, how good it would be, he would definitely be able to impact Tenjin Sevenfold, and even Tenjin Eightfold. In that way, he could fear the Devil Nine Nights, even suppress the Devil Nine Nights, and become a young Demon Academy. The first master of a generation.

But now this hope has been shattered by Lu Ming and Ouyang Qingxiang.

"How about breaking through? Kill!"

Zhuo motionlessly shouted, Jianguang was more prosperous, and killed Xiang Ouyang.

"Shoot together, get rid of this bitch, and kill Lu Ming again!"

The Simu Kongting roared, and also shot. In the four eyes, a terrible light beam burst out, killing Ouyang Qingxiang.

"Qinglian Sword Field~"

Ouyang Qingxiang drank again, all her divine power was burning, she exploded all her strength, and around Lu Ming and her, the Qinglian sword territory was laid.

Infinite sword spirit, gathered into a few giant blue lotus, enveloped the two, resisting the attack around.

However, Ouyang Qingxiang's practice is just to break through to the sixth level of Tenjin. Even in the face of the four-headed empty court or Zhuo Fudo alone, she is not an opponent, not to mention the two teamed up.

At the moment when the two sides collided, the blue lotus trembles sharply, Ouyang Qingxiang snorted, her body shivered, a spit of blood spewed out, and her body was blown out.

Chapter 2902: Breakthrough Tenjin

Ouyang Qingxiang was shot and flew out and fell to the ground, her face white.

"Lu Ming..."

Ouyang Qingxiang whispered, with deep worry.

"Unrestrained, Lu Ming, let me die!"

Simukongting looked at Lu Ming, his eyes were extremely cold, four beams of destruction directly burst out, killing Lu Ming.

If he is hit, Lu Ming will definitely die.

At this moment, Lu Ming's tightly closed eyes suddenly opened, flashing cold murder in his eyes.

call out! call out!

Two guns burst out of Lu Ming's hands, more brilliant than meteors.

When the gun was shocked, the four lights of destruction in the four-eyed court collapsed.

what!

A scream of sorrow spread throughout the audience, and immediately after that, the blood burst and a figure quickly retreated.

This figure is the four-eyed empty court. At this moment, the four-eyed empty court roared madly. If he was crazy, he saw that his two eyes had disappeared. Instead, there were two blood holes.

The eyes of Simukongting were blinded by Lu Ming.

"Lu Ming, you are looking for death, you are looking for death, I want to smash you to death!"

The four-eyed empty court shouted wildly, his body bulging sharply, and turned into a giant worm.

This giant worm, which is as long as 100 meters, is full of disgusting tentacles, which is the body of the four-eyed empty court.

In fact, there are many noumenons of the Domu tribe, not one race, but a variety of different races.

Simukongting turned into an ontology, culling Xiang Luming, exerting his strength to the peak.

"kill!"

Lu Ming spoke indifferently, his body quickly grew into an ancient **** of green armor, and the spear swept out. The strong divine power, like the mountains and the sea, pressed against the four-eyed empty court.

boom!

Lu Ming now breaks through to the weight of Tenjin, and is still the peak of Tenjin. The divine power is much stronger than before. Under the pressure of the spear, it is like breaking down and decaying, breaking through the attack and defense of the four-eyed air court, bombarding him. Body.

The huge body of Simukongting was directly blown out, and a piece of body exploded directly, flesh and blood flying.

"It's you who died!"

Lu Ming's indifferent voice sounded, and one step out, it was a hundred miles, and the spear was like a shooting star, assassinating the four-eyed empty court.

"Ah, don't move, come help me!"

The four-eyed empty court shouted in horror, and at the same time exploded its own strength to the extreme, resisting Lu Ming.

Keng!

The sound of Jianming sounded, Zhuo motionless, Jianmang was like the light of a flying fairy, traversing the void and slashing to Lu Ming's head.

Not only Zhuo motionless, Alien Academy, and other Tianjiao of Jianzong indestructible, also shot at the same time, sending Lu Ming a terrible killing move.

Humph!

Lu Ming snorted coldly, his eyes icy cold, his left hand exuded a radiant brilliance, and a fist slammed into Zhuo Duo motionlessly. At the moment of the blast, Lu Ming's left hand fist flew three nine-clawed dragons.

This is the appearance of the dragon.

With Lu Ming's continuous understanding of the magic formulas of the dragons and the deeper his understanding, he used them more handily. With one punch, he could condense three magical forms of the dragons.

The three magical methods of the dragon are fighting Xiang Zhuo motionlessly, while other Tianjiao's attacks, Lu Ming ignores them and allows them to attack them.

Lu Ming's spear continued, and he continued to assassinate the Simu Kongting.

The Simukongting was furious, and broke out with all their strength. When the spears were stabbed, these defenses continued to shatter and burst. Then, Lu Ming's spear pricked from the head of the Simukongting. Going down, nailed the Simukongting to the ground.

Simukongting is not dead yet, struggling crazy.

On the other side, three magic dragons blocked Zhuo's unmoving attack, while other Tianjiao's attacks fell on Lu Ming, but they could only break through the defense on Lu Ming's body, leaving a shallow scar on Lu Ming's body. For Lu Ming, it is no different from tickling.

"Ah, Lu Ming, don't kill me, don't kill me..."

Shouting in horror, Simukong began to beg for mercy.

In fact, his strength is not so unbearable. If he fights with Lu Ming with all his strength, he can never be crushed so easily by Lu Ming.

Mainly because he was caught off guard by surprise and was blinded by Lu Ming.

The eyes of the Duomu tribe are crucial. Once they are stabbed blind, it will cause great damage to their strength, so he will be easily crushed by Lu Ming.

"Dead!"

Lu Ming spoke indifferently, Simu Kongting wanted to kill him everywhere, would he let go of Simu Kongting, a spear, a terrifying force burst, bursting from the body of Simu Kongting, and the body of Simu Kongting split, Broken into pieces.

Zhuo's immobile pupil contracted sharply and his figure receded.

"Leave me all!"

Lu Ming drank coldly, and the spear swept out of the direction of a thousand troops.

A spearman, as long as a mountain, swept toward the Demon Academy and the unstoppable Jianzong Tianjiao, and at the same time, a crescent-like spearman burst out.

"not good!"

"Rewind!"

The Tianjiao of the Xiemo Academy and the immortal Jianzong changed their faces wildly, and went back one by one crazy, but still one step late.

The spear rolled down, several of them were weak, and the body exploded directly.

Some of the stronger ones were also violently shocked. They were exploded like shells, hitting several mountain peaks and smashing them, all of them were hit hard.

Among the people, it is better to belong to Zhuo Fudo. He continuously produced his sword, and the sword light was chopped on the crescent-shaped lance, and a violent roar. Although his sword light also shattered, but he used this There was a force, and his figure drifted back thousands of miles, but there was a trace of blood at the corner of his mouth.

"This person is too scary, retreat first!"

Zhuo motionless without any hesitation, turned into a sword light, galloping towards the distance.

"Leave me!"

Lu Ming shouted and threw the spear out of his hand. The spear fired out like an electric light and shot towards Zhuo motionless.

Zhuo's face changed drastically, bursting out thousands of sword lights in his hand and slashing towards the spear.

Bump bump bump...

The lance and the sword light exploded intensively, and finally all the sword light shattered, the gun flashed, Zhuo motionlessly uttered a scream, his abdomen was pierced by the gun, and blood was flowing.

He didn't dare to stay in the slightest, with an injury, broke out with all his strength, and suddenly disappeared here.

"unfortunately..."

Lu Ming did not pursue, Zhuo did not repair the sword. Jian Xiu not only had a strong attack power, but also an extremely amazing speed. At this moment, Lu Ming did not necessarily pursue even if he wanted to chase.

Lu Ming's eyes swept towards those seriously injured astral colleges and the immortal Jianzong Tianjiao.

Those days of arrogance, their faces changed wildly, their faces were white, without any trace of blood, they were all frightened.

"Lu Ming, don't kill us!"

"My elder brother at the table has escaped, you killed us, and the indestructible Jianzong will not let you go."

The Demon Academy and the Immortal Sword Sect's arrogance shouted in succession. They are all characters of the Holy Child, but they don't want to die here.

"It's okay not to kill you, swear by the source of life, and loyal to me in the future, I can keep you alive!"

Lu Ming said coldly.

Chapter 2903: Gods War

"Swear allegiance to you at the root of life? You... you don't want to!"

The arrogant roar of a strange magic college.

puff!

A flash of gunfire flashed through, and Tian Tian's eyebrows were pierced and fell on the spot.

The other Tianjiao immediately fell silent.

"If you don't want to, I will send him to the road immediately, who else?"

Lu Ming glanced around.

Without a single person speaking, Lu Ming's methods were too ruthless, and he had no scruples at all. They had no doubt.

"I give you ten breaths of time. After ten breaths, if you don't agree, you can only send you on the road, ten..."

"nine..."

Lu Ming began to count down.

"I promise!"

"I promised too!"

...

After all, the magic of the Aboriginal Academy and the immortal Jianzong all agreed, and then vowed with the origin of life, and later loyal to Lu Ming.

Lu Ming smiled.

There are a total of six people in the Xiemo Academy and the Immortal Sword Sect.

These are all the characters of the Holy Child, you know, the Holy Child of the Emperor Xuanzong only adds up to seven.

Lu Ming got the allegiance of the six holy children at once. These characters will definitely be used in the future.

"Okay, now you don't want to announce your relationship with me. You are still the astral academy and the immortal sword sage. I will naturally contact you if I can use you in the future, go!"

After Lu Ming finished speaking, he waved and let everyone leave.

"Yes!"

Tianjiao, the six holy children, bowed and nodded, then flickered and left here.

"Lu Ming, you are getting more and more powerful. With your current combat strength, I am afraid that you can fight against the **** sub-class Tianjiao of the three overlords."

Ouyang Qingxiang came over, envious.

"Excuse me, the debris of the star, I absorbed so much energy!"

Lu Ming smiled a little embarrassedly.

The star debris, 90% of the energy, is absorbed by Lu Ming.

"The star debris was originally obtained by you. I am embarrassed that I have absorbed so much energy, and I am very lucky to have broken through a new cultivation practice."

Ouyang Qingxiang smiled.

"This planet is the closest to the star. Maybe there are other nuclear debris. Let's go find it again!"

Lu Ming said.

After negotiating, Lu Ming put away the storage rings of several people in the Simukongting, and then left here with Ouyang Qingxiang.

However, their luck seems to be running out, or, on this planet, there is only one piece of star nuclear debris. In the next five or six days, they have not found the second piece of star nuclear debris. To.

It's some precious metals. They got a lot, and Lu Ming put them away with no mercy.

Rumble!

Suddenly, in one direction, a violent roar came, and at the same time, there was a terrible strength spreading towards this side.

"This is the divine power fluctuation. In that direction, someone is fighting!"

Ouyang Qingxiang said.

"Such amazing fluctuations, the people who deal with it are very strong, go and see!"

Lu Ming's eyes flashed.

The two converged and went in this direction.

At least tens of thousands of miles forward, the fluctuations in front are getting more and more intense.

Looking at the front, I only saw three figures in front, entangled, fighting each other, fighting each other.

The strength of the three players can fluctuate so far, it can be seen that the three men are powerful.

"Shenpin divine power, it is them, Devil Nine Nights, Promise of Kendo, Cangyan breaks the army."

Ouyang Qingxiang's eyes widened, revealing shock.

Lu Ming's gaze was also condensed.

The three people in front of the battle are three devil-level characters, who are magic nine nights, kendos, poleless swords, and Cangyan breaking the army.

However, the three of them apparently did not use their full strength, and they should all have reservations, so the battle is inseparable.

Below the trio, there are other arrogances, all of which are the arrogance of the three hegemonic forces.

In front of these people, there is a stone tower, nine stories high, with the door closed.

Devil Nine Nights, Promise of the Sword, Prosperity of the Cangyan and the Army, it was because of this stone tower that the war broke out.

The three men fought dozens of moves in a row, and then backed away from each other.

"Two people, seeing each other, this stone tower, how can we go together?"

Kendo Promise has long hair fluttering, the sword rushes into the night, like a sharp Excalibur.

"Well, you will pick up cheap, this stone tower, I found first."

Mo Jiuye drank coldly, he was covered with black light, as if he were in the dark.

"What did you find out first? You haven't broken the gate of the stone tower by yourself. There is a fart. In my opinion, we shot together. We broke the gate of the stone tower and went in together. What treasures are there, by This is the fairest competition!"

Cang Yan broke the army loudly, he was wrapped in crimson armor, covered in flames, and the terrible high temperature burned the space a bit.

There are rumors in the outside world that Cangyan Pojun has the blood of the Chiyan clan, and he does not know the truth.

"I agree with Brother Cang Yan's proposal!"

Kendo Promise.

Mo Jiuye's face was ugly, but he was helpless in the face of Kendo Promise and Cangyan.

No one with Promise of Kendo and Cangyan can break the army.

"Okay, so decide, but before that, it seems that two uninvited guests are coming!"

After Cangyan Pojun finished his speech, he looked in the direction of Lu Ming and Ouyang Qingxiang.

At the same time, Mo Jiuye and Kendo were also looking over, with cold light flashing in his eyes.

Lu Ming smiled faintly. The characters of the **** child level, with unpredictable means, discovered that they were also normal.

"When we go out, we will know the characters of the **** level!"

Lu Ming smiled and said that since he was found, there was nothing to hide.

Lu Ming and Ouyang Qingxiang walked out side by side.

"Boy, you..."

Upon seeing Lu Ming, Mo Jiuye burst into an extremely cold murderous eye, and a icy breath came to the landing Ming.

It was because he chased Lu Ming that he chased this planet, but he did not expect to be escaped by Lu Ming. When he saw it at this moment, the killing was extremely powerful.

Lu Ming looked away, and did not find Zhuo Fudo's figure. It seemed that Zhuo Fudo had not met with Kendo Wuji and others. Mo Jiuye naturally did not know that Lu Ming had killed Simu Kongting.

"Kong Xuanzong Lu Ming, ha ha!"

Kendo Wuji also sneered twice, and the sword in him also became extremely cold.

In the ancient **** world, Lu Ming killed an immortal son of Jianzong, so Lu Ming was also on his list of must-dos.

"What about me?"

Lu Ming smiled, strode forward, his face pale, without fear.

"Very good, you dare to come out, it is self-seeking death, now let you go!"

Mo Jiuye's face was fierce, and he stepped forward, his black light condensed into a large black hand, and clambered down towards the landing.

Chapter 2904: War Nine Nights

"Humph!"

Lu Ming snorted, without retreating, instantly triggered the four-fold combat power of Zhanzi Jue.

boom!

The crescent-shaped spears were chopped on the dark black hands that were condensed by Mo Jiuye, and the two sides collided terribly with vigour.

Rumble!

The crescent-shaped spear, continuous shaking, and finally burst apart, Lu Ming shook his body, and took six or seven steps in a row, but the claws condensed by Mo Jiuye were also split in half.

"Ok?"

Mo Jiuye's eyes condensed, a little surprised. Obviously, Lu Ming couldn't stop him.

Although he just shot at random that time, the power is also extremely amazing, and Lu Ming has not displayed the ancient **** body, so he blocked this trick and made his eyes dignified.

Beside, the sword is infinite, and the expression of Cang Yan's broken army is also moving.

Obviously, Lu Ming's combat power was also beyond their expectations.

"It turns out that you have broken through to the Gods Realm, but do you think that if you break through to the Gods Realm, you will be able to fight me? I will let you know the gap between us!"

Mo Jiuye's eyes were cold and cold, and there was more black light on his body, which completely turned into night within 10,000 meters around his body.

It was a pure night, a night without any light.

"kill!"

Mo Jiuye drank coldly, flashing like a ghost, and rushed to Lu Ming. The dark night around his body quickly filled Lu Ming.

As soon as Lu Ming was shrouded in, he felt as if he had entered a bottomless abyss, surrounded by silence, no sound, nor light.

call out! call out! ...

Suddenly, in all directions, a fierce breaking sky sounded, and a pair of dark claws suddenly appeared, grabbing Lu Ming.

These claws, like a pair of ghost claws, exude a disgusting smell.

"Broken..."

Lu Ming's divine power surged, using the trick of breaking the sky, and the gunshot was like a meteor, stab the claws, and crush the claws.

But as soon as those claws were defeated, they would immediately reunite out and grab Lu Ming.

"Ice Chain!"

With a move in Lu Ming's heart, nine ice chains flew out of his body, each of which became tens of thousands of meters long, constantly entangled, entwining a pair of claws.

The chain of ice, as Lu Ming stepped into the heavenly realm, the power also rose, and it became very amazing. The terrible cold, frozen all the ghost claws, and then burst apart.

"Lu Ming, there is some strength, but, in my eternal night cage, see how long you can persist, Nine Armed Demon King, come out to me!"

In the dark night, the sound of Mo Jiuye sounded.

Then, there was a roar of roar, and then, in the dark night, three giants appeared.

Three behemoths, covered with scale armor and wide-mouthed fangs, actually had nine arms on their bodies, like a demon coming out of the abyss.

This is the nine-armed demon king said by Mo Jiuye.

The nine-armed demon, each arm, holding a weapon, roared to the landing with a roar.

Lu Ming displayed the magic formula of the dragon's dharma, three nine-claw magic dragons fought out, and at the same time, he brandished a long gun and killed him.

Uh! Uh! ...

The three-headed and nine-armed demon wielded nine weapons and chopped them out continuously. The three nine-clawed dragons were the first to bear the brunt.

At this moment, Lu Ming's attack has also been attacked, and the spear and the weapon of the Nine Armed Demon King collided together.

when! when! ...

The terrible roar sounded, but Lu Ming's complexion changed. He felt the power from the Nine Armed Demon King was so amazing that he couldn't resist it. His body was violently shaken, and he stepped back and forth, almost spitting out blood.

The three nine-armed devil, in three directions, slammed towards the landing.

"Lu Ming, show your ancient **** body, let me see, how strong are you!"

The sound of Mo Jiuye sounded again.

"Since you want to see it, it is as you wish!"

Lu Ming opened his mouth and then exhibited the ancient **** tactics. His body collided sharply and turned into an ancient **** of several hundred meters.

Turned into an ancient **** of green armor, Lu Ming's strength skyrocketed, his spear was wielded, and a burst of guns burst out, killing the three-headed nine-armed devil.

The Nine Armed Demon King also waved his weapon to kill, but this time, the Nine Armed Demon King was completely invincible and was retreated by Lu Mingzhen.

"kill!"

Lu Ming stared at one of the nine-armed devil and killed it. The offensive was like a storm, attacking the nine-armed devil.

bump!

The nine-armed demon king barely resisted a few strokes and was struck by Lu Ming's spear on his head. The nine-armed demon king's head exploded, and then the entire body also shattered.

After defeating a nine-armed demon king, Lu Ming killed two other nine-armed demon kings.

Soon after, the remaining two nine-armed demon kings were all defeated.

"A little strength, come again, in my Yongye prison, I am the master, haha!"

Mo Jiuye laughed, the night rolled over, and the Nine Armed Demon King came out.

This time, there were nine nine-armed demon kings, and roared to Lu Ming.

However, Lu Minghua was an ancient **** of green armor, how powerful the fighting power was, and after fighting with the Nine-Headed Nine-Armed Demon King, he defeated the Nine-Headed Nine-Armed Demon King successively.

"Look what I broke you forever!"

Lu Ming shouted, the spear in his palm suddenly became larger, and a violent star burst into the sky, as if it could pierce the sky.

boom!

After all, the range covered by the Yongye prison of Mo Jiuye is limited. After all, the spear burst out of the sky, breaking the night out of a hole, and the light outside scattered into it.

Illuminated by the light, the Yongye prison of Mo Jiuye, like ice and snow encountering flames, melted away and disappeared into the invisible.

The night disappeared, and the figures of Lu Ming and Mo Jiuye were exposed one after another.

"This is... Qingjia ancient **** body, this Lu Ming, actually cultivated into Qingjia ancient **** body!"

Seeing Lu Ming's state at the moment, Kendo Promise and Cang Yan break the army, they were all surprised.

"He can also break the Yongye prison of Mo Jiuye, and his strength is really amazing."

"He is just a god, how could he have such a strong combat power?"

Kendo Wuji and Cang Yan broke the army one after another, their faces dignified, and in their hearts, unconsciously, they already regarded Lu Ming as an opponent of the same level.

They and Mo Jiuye are old opponents, naturally knowing the magic of Mo Jiuye, how terrible the Yong Ye prison is, even if they want to crack, it is very difficult.

As for the other arrogances of the three hegemonic forces, they have been completely shocked.

Mo Jiuye, the **** of the magic demon academy, stood at the pinnacle of the younger generation of Qin Tianxing, almost unmatched, and can be the opponent of Mo Jiuye. There are only so few people in Qin Tianxing.

Lu Ming, can actually fight against the Magic Nine Nights, which is incredible.

"Magic nine nights, this is all your strength? I heard that you have also cultivated into an ancient **** body, use it, or you are not my opponent!"

Lu Ming shouted.

Chapter 2905: Collision of ancient gods

"Since you want to see, then I will fulfill you."

Mo Jiuye looked gloomy and shouted, and his body swelled up sharply, turning into an ancient god.

However, the ancient **** body he transformed, the scales on the body surface, are orange.

The ancient armor of Orange Armor is much worse than Lu Ming. However, the cultivation base of Mo Jiuye is too high, and the sixfold of the gods is much stronger than Lu Ming. Under his strong cultivation base, his power is also extremely high. terror.

boom!

Mo Jiuye stepped on his foot, his huge body rushed towards the landing, and a huge black magic knife appeared in his palm, slashing towards Lu Ming.

"kill!"

Lu Ming shouted and rushed towards the Demon Nine Nights.

boom! boom! boom!

The two fought fiercely together and launched a fierce attack.

This is the most direct collision, very intense.

Like two giants, during the sudden fighting, the two did all possible means.

Lu Ming continued to display the chain of ice, the magic method of the dragon, and three strikes.

Mo Jiu Ye also exhibited a variety of terrible mysteries and magic skills.

It has to be said that the power of Mo Jiuye is extremely powerful. The two of them fought hundreds of tricks, and they were hard to distinguish.

The magic power controlled by Mo Jiuye is the divine power, and the divine skills and secret techniques he cultivated are also very powerful, no worse than Lu Ming.

Moreover, his cultivation base is five times higher than Lu Ming.

This is the fivefold of Tianshen Realm, and the gap is really amazing.

Lu Ming's advantage is "Qiankun Wanda Jue", he has cultivated six magical fires, and his body is full of six divine powers.

However, in addition to dominating the divine power, Lu Ming has five other divine powers, two of which are holy powers and the other three are king powers.

The divine power and the holy power are too different from the divine power, even if there are five kinds of combination, it can't draw too much distance.

Lu Ming estimates that his current divine strength is barely equivalent to that of the triple devil Jiuye, or even worse.

Lu Ming's other advantage is the four-fold combat power of the Zhanzi Juice, plus the ancient armor of Qingjia.

Only when these several advantages are added together, can the overall combat strength be able to fight against Mo Jiuye.

The fighting power of the two is equal, fierce fighting, and in a blink of an eye are hundreds of moves.

"Horrible, Lu Ming, why is it so terrible?"

"It's against the sky. I haven't heard of his name before. His strength has actually become like this. Kong Xuanzong has such an arrogance. It will really change in the future."

The other arrogances of the three hegemonic forces have ups and downs and are difficult to calm down.

Even the swordsmanship was infinite, Cang Yan and the army were very dignified.

Keng! Keng! ...

Especially Kendo, and the sound of Jianming is constantly heard from his body. He is like a divine sword.

However, he refrained.

After all, he is a god-child character. If he besieges Lu Ming with Mo Jiuye, he will lose face.

boom! boom! ...

The fight between Lu Ming and Mo Jiuye is still going on, and the Vietnam War is getting worse.

puff!

The sword light of Mo Jiuye stood on Lu Ming's body, blue scale armor flew, and Lu Ming's body appeared deep wounds.

But at the same time, Lu Ming's spear also slammed on Mo Jiuye's body. Mo Jiuye stumbled, and his body burst a large piece, flesh and blood flew, and he couldn't bear to watch.

However, the two didn't mean to stop, they were still fighting fiercely, and their fighting intentions became stronger and stronger.

The others held their breaths and stared at them, looking to see who could win, Lu Ming and Mo Jiuye.

call out! call out! ...

A long gun was waved like a dragon by Lu Ming, and the first type and the second type of the three strikes were extinguished by Lu Ming.

This is also supported by a quantitative formula, which is endless, or it is difficult to support.

That is to say, with so many conditions for blessing, Lu Ming can explode such a powerful combat power, otherwise, a person with a decent god, it is impossible to have such a combat power.

Devil Jiuye, although it is only the cultivation practice of the sixth **** of the gods, but with his combat power, it is enough to kill the existence of the eight gods of the gods in general, and can even fight against the nine gods of the god.

In other words, Lu Ming was only one of the gods, and he was able to fight against the **** of the ninth layer. This is a miracle.

"Three strikes, three strikes..."

From the war to now, Lu Ming's mind is rather calm. He is enjoying this war and absorbing experience from the war.

His perception of the Three Strikes is getting deeper and deeper. He has a feeling that the Three Strikes is about to break through.

It has been a long time since he trained the third strike of the world to the sixth peak. After such a long period of training, his understanding of the third strike of the world has been very deep.

After fierce fighting with Devil Nine Nights, he really has a feeling that he will soon break through.

In a blink of an eye, dozens of tricks were killed.

Buzz!

Suddenly, Lu Ming waved his lance, the lance vibrated, and a crescent-shaped spear burst out, and its power was stronger than before.

Breakthrough!

Three strikes, this time, broke through to the seventh level.

The magic skill, every time it breaks, the power is greatly improved.

The crescent-shaped spear is chopped with the magic light of Mo Jiuye, which makes the magic light of Mo Jiuye shake violently.

"how is this possible?"

Mo Jiuye's face changed dramatically, revealing an incredible look.

At a critical moment, how could Lu Ming's attack power improve again.

bump!

Mo Jiuye shook his body and stepped back a few steps in a row to stabilize his body.

"Hahaha, come again!"

Lu Ming laughed, his spear continually waved out, and the breakthrough of the World Extermination Three Strikes made him use it more smoothly.

Moreover, the third strike of the World Extermination has reached the seventh level, and has been able to perform the third move. Of course, this requires time to practice. Lu Ming is not practicing now, and he cannot naturally display it.

However, the power of the first type of breaking the sky and the second type of moon-cutting have also been greatly improved.

bump! bump! ...

The situation completely changed, Lu Ming's attack power suddenly increased, completely suppressing Mo Jiuye.

Mo Jiuye roared again and again and tried his best, but still lost to Lu Ming. He crushed back again and again, for a time, only the power of parry, no power to fight back.

Originally, the battle power between him and Lu Ming was between Bo Zhong, and now Lu Ming's magical breakthrough, the balance has tilted.

"This Lu Ming, what a terrible talent, actually broke through the magic skills in the war."

A glorious color flashed in Kendo's eyes.

"Of course, these talents are terrifying!"

Cang Yan Po Jun licked his lips, with shock and war in his eyes.

They themselves are also peerless, but like Lu Ming, they met for the first time.

"Such a person can't stay, otherwise, Qin Tian Xingyu will not have our foothold in the future!"

In the eyes of Kendo Wuji, an amazing cold light shone.

"Kendo, Promise, do you want to join forces with Mo Jiuye? I can't do this kind of thing, I want to fight, and I want to fight with integrity!"

Cang Yan broke the army disdainfully.

Chapter 2906: Four masters

"You don't shoot, I will shoot!"

Kendo Wuji opened his mouth indifferently, his sword intention suddenly skyrocketed, and a dazzling sword light slammed toward the landing.

The sword light is tens of thousands of meters long, and the pressure is like a mountain. It brings a huge sword energy and is extremely terrifying.

As soon as he shot, Kendo Wuji used a trick.

Mo Jiuye saw Kendo Wuji shot, his eyes lit up, and he shot with all his strength to attack Lu Ming.

"You mean..."

Not far away, Ouyang Qingxiang sips, but with her strength, she can only hurry and can't intervene at all.

"Cut the moon, cut the moon..."

At this time, Lu Ming's left hand actually took out a spear, one spear in each hand, and at the same time exhibited the trick of cutting the moon.

One move to Kendo Promise, one move to Devil Nine Nights.

boom! boom!

Lu Ming's attack collided with Mo Jiuye and Kendo Promise's attacks at the same time, and a terrible roar erupted. Lu Ming groaned, his body trembling, and a powerful force came from both the left and right sides.

In particular, Kendo is extremely powerful, and he is in control of the divine power. At the same time, his cultivated kendo is extremely terrifying.

Lu Ming felt that there was a small sword gas, which kept digging into his body, chopping on the scale armor of his body, and Mars was shining.

Lu Ming's complexion changed, his body turned quickly, and he escaped the envelop of Mo Jiuye and Kendo, and then his madness surged, destroying the sword gas on the surface of his body.

boom! boom!

Kendo Promise and Mo Jiuye stepped out, and the powerful breath squeezed towards the landing.

"Okay, you two want to join forces, then come on. Even if I die, I can pull a cushion. Who is good to pull you?"

The cold light flashed in Lu Ming's eyes, revealing a gruesome murderous opportunity, constantly glancing at Kendo Promise and Mo Jiuye.

Kendo Wuji and Mo Jiuye's faces changed in unison, and they couldn't help but stopped.

There was a sneer in Lu Ming's mouth.

This effect is really good.

At the beginning, he used this trick to frighten the Simu Kongting and Zhuo Fudo, and now he reapplied his skills to make Devil Jiuye and Kendo infinite, and he was also terrified.

Of course, this is also his powerful combat strength, this trick can work.

If his combat power is not good, it is not as good as any one of Mo Jiuye and Kendo, and the two of them can easily kill Lu Ming together. This move is useless.

The main reason is that Lu Ming's strength is extremely amazing. In a single battle, he can suppress the Devil Jiuye. If he is really desperate, he can really pull a person back, so they are afraid.

"This guy is scaring us, I don't believe he really dares to desperately..."

Mo Jiuye roared, he really wanted to kill Lu Ming.

"You guys are going to kill me, I'm not desperate? Ridiculous!"

Lu Ming sneered.

Devil Jiuye Yusai, indeed, is dead, how can he not desperately?

"Come on, it's good to pull a **** back!"

Lu Ming shouted, the fighting intention was proud.

The kendo is extremely immobile, he is really a little afraid, if Lu Ming is desperately trying to die with him, it really won't work.

Isn't Lu Ming just killing an immortal son of Jianzong?

If Lu Ming's strength is low, he can kill him with his backhand, he will naturally kill Lu Ming, and earn a reputation and buy people's hearts.

But now that Lu Ming's strength has been able to threaten his life, he has to weigh his weight.

"Hahaha, Lu Ming, you thought about it for a while. I just saw your war, and I felt itchy for a while, and I wanted to test the strength. Your strength is really amazing. I admire it. You will fight and continue. I will not bother. Now!"

Kendo Wuji laughed, his sword intention was put away, backed away to a hundred miles away, the battlefield was given back to Lu Ming and Mo Jiuye.

"This guy is really a hypocrite..."

Mo Jiuye gritted his teeth and looked ugly.

"Magic Nine Nights, do you want to continue?"

Lu Ming stared at Devil Nine Nights.

"Huh, Lu Ming, just let you go today, the mountains are high and the water is long, we will fight again in the future!"

Mo Jiuye put down a ruthless remark, but also pulled back and pulled away from Lu Ming.

Let him continue the war with Lu Ming alone, he is really a bit empty.

Lu Ming smiled faintly, and did not continue to fight the Devil Nine Nights.

First, with his strength, although he can suppress Mo Jiu Ye, but it is impossible to kill Mo Jiu Ye.

Secondly, there are Kendo Promise and Cang Yan Pojun looking at him. If he is injured with the Devil Nine Nights War, he has no doubt that Kendo Promise will take the opportunity to get rid of him.

Now, this is not the time for war.

At the scene, there was a confrontation between the four masters.

Others are complicated.

In the past, thirteen cases of Qin Tian, Promise of Kendo, Devil Nine Nights, Cang Yan and the broken army were all outstanding, and they suppressed the heroes.

Now, they know that in the 13 cases of Qin Tian, there will be four masters, Lu Ming, becoming one of them.

"It's better to have one more person, or according to the previous method, we joined forces to break the gate of the stone tower. If there is treasure in it, how can we rely on our own skills?"

Cang Yan broke the empty road.

"it is good!"

Lu Ming nodded.

"Then shoot it!"

Cang Yan broke into the air, filled with a hot breath, and punched out.

His fist is extremely hot, like a ball of magma, blasting towards the gate of the stone tower.

Keng!

call out!

Promise of Kendo, Devil Nine Nights, and Lu Ming also shot, attacking the gate of the stone tower together.

The stone tower looks very old, as if it will decay and collapse at any time, but when their attack falls on the gate of the stone tower, the gate just shakes violently and does not burst.

"What are you stunned for? Do it together!"

Mo Jiuye glanced at the Tianjiao of the other Demon Academy.

Those Tianjiao's faces changed, and then they shot together, attacked, and attacked the gate of the stone tower.

At the same time, the unstoppable Jianzong's arrogance, the innumerable sacred land's arrogance, and Ouyang Qingxiang all shot together, attacking one after another, constantly bombarding the gate of the stone tower.

Rumble!

The gate of the stone tower kept shaking. After a while, a crack appeared above the gate.

"Successful, continue!"

Kendo Wuji's eyes brightened, he launched an offensive with more effort, and a brilliant sword spirit, constantly slashing towards the gate.

Click! Click! ...

There were more and more cracks on the gate, and soon after a loud roar, the gate burst open.

Behind the gate is a large hall. Through the gate, you can clearly see that there is an altar in the middle of the hall. Above the altar, there are three bronze arrays suspended.

Three cards, three cards!

Lu Ming and others, their eyes are bright, emitting a blazing glow.

Uh! Uh! Uh! Uh!

Lu Ming, Promise of the Sword, Prosperity of the Cangyan, the four of the Devil Nine Nights moved almost simultaneously and rushed into the hall.

The hall is very empty, there is nothing else, only this altar, and three cards.

"The card is mine!"

Mo Jiuye condensed a big hand and drew towards three arrays.

Chapter 2907: Sell cards

Mo Jiuye grabbed three cards. He had a big appetite and wanted to take all three cards.

"roll!"

"Go away!"

Kendo Promise and Cang Yan broke the army and shouted, at the same time, an attack broke out, a terrible sword light, and a hot fist, slamming into the magic nine nights.

The face of Mo Jiuye changed, and he could only resist it.

But he was one enemy and two, how can he be enemies, suddenly retreated back and forth.

Mo Jiuye was repulsed, Kendo Promise and Cang Yan broke the body shape, and they each grabbed a card.

On the other side, Lu Ming also grabbed a card.

Almost at the same time, the three of them grabbed a card each and then retreated.

The three cards were divided by the three of them.

"Damn, you..."

Seeing this scene, Mo Jiuye looked ugly and died.

He had a big appetite just now, and wanted to swallow three arrays alone, and was repelled by Kendo Promise and Cang Yan's broken army.

It was impossible for Lu Ming, Wu Dao, and Cang Yan Po Jun to get the cards, he wanted to vomit blood.

Ok?

At this moment, the eyes of several people looked out of the hall at the same time.

Because outside the hall, the dazzling light shone.

A few people moved, rushed out of the hall, and they saw a bright halo shining above the sky in the distance, which was clearly the large array of galaxies in the radiance.

"What's going on? Why is this large array of galaxies suddenly shining again, hasn't it been the same before?"

"Is the **** king outside attacking again?"

Some people guessed this way.

"It should be impossible. Since those **** kings have sent us in, knowing that we are inside, it is impossible to rush into the battle, nor can they allow others to attack!"

Someone spoke and got everyone's consent.

This large array of galaxies is mysterious, and no one knows what kind of crisis will be caused by attacking outside. If you attack outside, let all the arrogance of the galaxy fall, then the loss will be great. Those lords, Will it do this?

"Could it be that the twelve arrays were all acquired, so it caused the same thing?"

Someone guessed.

"It's possible, it's possible. Just now, it was Brother Kendo who was fighting for the cards. The moment they got the cards, the light of the sky shone."

A heavenly arrogance of immortal Jianzong cried.

Many people nodded. This may be the biggest. It is very likely that the twelve arrays have been acquired by others.

"You guys, go out and see first!"

"You go too!"

Promise of Kendo, Devil Jiuye several people, sent a few Tianjiao, let them go out to see first.

Those people rose into the air and flew out of the galaxy.

Others wait here quietly.

Lu Ming has also returned to his ordinary form, and stood beside Ouyang Qingxiang.

Soon, after about seven days, several young people who had gone out before flew back.

"what's the situation?"

Mo Jiuye asked first.

"Senior brother, the outside masters of the formation have speculated that all the cards should be acquired by others, so it will appear strange and everyone can go out."

Tianjiao of the Xiemo Academy answered.

Sure enough!

Everyone's heart moved.

"Humph!"

Mo Jiuye snorted coldly, glancing at Lu Ming with very bad eyes, and then flew towards the sky with the arrogance of the Xiemo Academy, and disappeared in a blink of an eye.

"Let's go too!"

Kendo Wuji screamed, and the indelible Sword Sect's arrogance turned into a sword light, rising into the sky.

"Brother Cang Yan, wait a minute!"

When Cang Yan and the army were about to leave, Lu Ming screamed.

"Lu Ming, what are you doing? Do you want to discuss with me?"

Cang Yan Po Jun stopped, staring suspiciously at the landing.

"Study is free, Brother Cang Yan, don't know if you are interested in playing cards?"

Lu Ming smiled slightly.

"Of course I am interested? What do you want to do?"

Cang Yan Po Jun was even more puzzled.

"I have two cards here, how about selling them to you?"

Lu Ming's palm glowed, and two arrays appeared in his palm.

"Sell me?"

This time, not only Cangyan broke the army, other Tianjiao of the immeasurable sacred place, including Ouyang Qingxiang, all opened their eyes and looked at the landing song with surprise.

However, the two cards were obtained by Lu Ming, Lu Ming wants to deal with it, Ouyang Qingxiang will naturally not say much.

She suppressed her doubts in her heart without saying much.

"Are you really going to sell me?"

Cang Yan Po Jun asked again, he was really puzzled.

You must know that these arrays are what the suzerains and veterans outside want. Only with this veil, those suzerains can enter this galaxy and compete for the star core. As long as they hand in the cards, they will definitely receive a generous reward. .

Lu Ming actually wanted to sell him the cards, he had ten thousand doubts in his heart.

"Of course it is true. It is absolutely true. It can be exchanged with precious metal materials. Of course, Shenjing can also be used!"

Lu Ming smiled.

He didn't even want to go out with his cards and dedicated them to Longzhou Mountain.

According to the bone demon's speculation, once Longzhou Mountain gets a star core, it is definitely of great use.

Long Zhoushan is of great use, but for Lu Ming, it is very unfavorable. Will Lu Ming give the battle card to Long Zhou Mountain.

It is now the most cost-effective to sell to Cang Yan and the army.

"Okay, you guys, take out all the metallic materials on your body, and then give you the rewards you get from the battle.

Cang Yan's broken army looked at the heavenly pride of those immeasurable holy places.

Immediately, the heavenly arrogances of countless holy places took out all the precious and rare metal materials they got in this galaxy and piled them up into a pile.

"Brother Lu, how about these metal materials, plus 100 million Zhongpin Shenjing, for your two arrays?"

Cang Yan Po Jun looked at Landing with some anxiety.

To be honest, the price he paid was lower. They took out two cards and the reward was definitely far above this number.

"can!"

Lu Ming doesn't care, how much can be sold is better than dedicated to Longzhou Mountain.

Cang Yan's broken army was overjoyed. He handed over the metallic material and 100 million middle-grade Shenjing to Lu Ming, and Lu Ming also gave the two cards to Cang Yan's broken army.

"Haha, Lu Ming, I'll take care of you, and see you later!"

Cang Yan broke the army with a smile, feeling very happy, and then left here with the heavenly pride of the immeasurable Holy Land.

"Fragrant, this matter will be kept secret for me for a while."

Lu Ming said to Ouyang Qingxiang.

Of course, this matter must not be known to Longzhou Mountain.

"it is good!"

Although Ouyang Qingxiang was puzzled, she nodded.

Then the two rose into the air and left here.

After a while, they left the galaxy.

Outside the galaxy, the throne of Qin Tian's thirteen cases, as well as other **** kings, are all waiting nervously.

Chapter 2908: Longzhou Mountain has a star core

As soon as they came out, Lu Ming saw the arrogance of the other patriarchs, almost all of them came out and gathered around each patriarch.

Some patriarchs have a gloomy face. For example, some of the top ten patriarchs have relatively weaker strengths and have not received any cards.

Without a card, it is almost equivalent to losing the qualification to compete for the star core.

Lu Ming glanced and found several strong kings of Gods, not far from Longzhou Mountain and Kong Xuanzong.

Lu Mingfei flew over and found that the Supreme Son, Fuguang Shengzi and others had gathered around them at Longzhou Mountain.

"This Lu Ming, it's really fate..."

After seeing Lu Ming, the Supreme Son was very gloomy.

Lu Ming glanced coldly at the Supreme Son and Fuguang Shengzi and others to let Fuguang Shengzi and Zhixia Shengzi feel cold all over, and his face was cold and sweaty.

However, Lu Ming did not start here, nor did he say the fact that the Supreme Son collaborated with Mo Jiuye to kill him.

The veteran of the Supreme Family, the Supreme Master, is here. Lu Ming knows that even if he tells the truth now, he can't kill the Supreme Universe, so it's better not to say that when there is a chance in the future, he will naturally get rid of the Supreme Universe.

"Lu Ming, how many cards did you get?"

Seeing Lu Ming, Longzhou Mountain's eyes looked over, revealing the hope.

"Sect Master, the disciples are incompetent. This time, they didn't get a single card."

Lu Ming clenched his fists pretentiously, revealing a look of 'shame'.

"You didn't get it? You are going to lie to you!"

Long Zhoushan's face sank, and a haze flashed in his eyes.

"Lu Ming, you nonsense, when you enter the first planet, you get a card. You dare to deceive the Sect Master, you are so bold!"

The Supreme Son scolded loudly.

When he entered the first planet, he competed with Lu Ming, but he saw Lu Ming got a card.

"Ok?"

Hearing the words of Supreme Heaven and Earth, Longzhou Mountain's eyes became more gloomy and swept towards Lu Ming.

"Yes. At the beginning, I got a card, which was supposed to be dedicated to the suzerain, but someone colluded with the devil Jiuye of the Xiem Academy to frame me. I was chased and killed by the devil Jiuye. The card was given to Mo Jiuye, otherwise, I was already dead."

Lu Ming began to spit the word, and by the way, he slapped a rake and looked at the Supreme Universe coldly.

"You don't want to spit people out, who has colluded with Mo Jiuye?"

Supreme Qiankun changed his face and shouted loudly.

"I didn't say you, what are you nervous about?"

Lu Ming said lightly.

"you..."

Supreme Qiankun language stopper, but in his heart, he did believe Lu Ming's words. At first, Mo Jiu night chased Lu Ming. Maybe it was really like Lu Ming said. Lu Ming used a battle card to change his life.

Therefore, he did not refute any more.

"Sovereign, if you don't believe me, I can swear, there really is no card on me."

Lu Ming promised.

Even if he swears on the origin of life, he is not afraid, because he does not have a card.

Long Zhoushan's face is ugly. Without a card, he cannot enter the galaxy's large array and cannot participate in the star core competition.

This time, Star Core is very important to his plan.

"Haha, Sect Master, Lu Ming, they didn't get the cards, but the disciples got a piece."

At this time, the Supreme Emperor Qiankun laughed.

"You got a piece?"

Long Zhoushan's eyes lit up.

"Yes, please see the Sovereign!"

The light flashed in the hands of Longzhou Mountain, and a burst of cards emerged, then glanced at Lu Ming proudly.

"Hahaha, a piece is enough!"

Long Zhoushan laughed happily, waved his hand, and grabbed the card in his hand, said: "Supreme Qiankun, you are very good, this time, this seat must be rewarded!"

"Thank you Sect Master!"

Supreme Qiankun bowed to salute, then gave Lu Ming a provocative glance.

"This guy actually got a card!"

Lu Ming lipped his lips and was also speechless.

He sold the battle card to Cang Yan and the army, but he didn't want to let Dragon Zhoushan compete for the star core. Unexpectedly, Supreme Qiankun got a battle card.

call out!

At this moment, not far away, a ray of light burst out and rushed towards the galaxy.

The dean of the Xiemo Academy, he could not wait to rush towards the galaxy.

The other suzerains who got the cards, as well as the strong king, also moved, and rushed towards the galaxy.

The shape of the Dragon Boat Mountain also flashed. The next moment, it appeared in the galaxy and continued to fly toward the galaxy core. The speed was so fast that Lu Ming didn't know how he left.

There are twelve cards in total, that is to say, there are twelve terrifying strong men who rushed into the galaxy.

With the array of cards, the galaxy is in a big array, and it really is not the same.

boom!

With just a few breaths, a deep roar erupted in the galaxy, and a dazzling divine light burst out, illuminating the universe.

"The God King is fighting!"

Someone spoke, his eyes were bright.

Obviously, the scramble for the star core has already begun, and in the depths of the galaxy, a terrible war must have broken out.

boom! boom! ...

Deep inside the star nucleus, the roaring sound became more and more intense, and different colors of divine light shone in all directions.

Even if everyone stood outside the galaxy, they could still feel a slight vibration from space.

This is absolutely terrifying. You know, they are standing outside the galaxy, they can feel the vibrations across a galaxy, and you can see how violent this kind of war is.

The terrible God King War, which can smash the planet, is not just a talk.

The war continued for a moment, and suddenly, everyone saw a streamer, rushing out of the galaxy at an alarming speed.

Behind this streamer, there are other streamers chasing after it.

"Did you win and lose, and the star core was obtained?"

A thought flashed in everyone's mind, and they couldn't help but stare at their eyes, wanting to know who got the star core.

The speed of the streamer is amazing, a few breaths, it will fly out of the galaxy's range.

"Dragon Boat Mountain!"

Lu Ming was shocked.

The streamer that flew in the front was awesomely Dragon Boat Mountain.

"Dragon Boat Mountain, hand over the star core!"

"You never want to swallow the star core alone!"

Behind, bursts of roar came, and the cosmic starry sky shook.

It is really Long Zhoushan who has got the star core.

Uh!

Without saying a word, Longzhou Mountain stretched its speed to the extreme. In a flash, Lu Ming came to them.

"go!"

With a wave of his hands, Longzhou Mountain rolled up Lu Ming with them, and flew towards the distance.

The other King Xuanzong, the strong king of God, followed behind Longzhou Mountain.

"Chasing, don't let them run away!"

"chase!"

Behind, the Sovereign of the three hegemonic forces roared, leading the powerful, and chasing them crazy towards Longzhou Mountain.

In addition, other strong men of the sect also chased them.

The Longzhou Mountain landed and rang them, flying at an alarming speed, planets passing by constantly.

Chapter 2909: Sleepy Dragon Ascension Array

Soon after, they came to a nearby teleportation formation. Dragon Boat Mountain took them, stepped into the teleportation formation, and came to a star near the sky black star, and then flew towards the sky black star.

"Turn on the star formation!"

As soon as Longzhou Mountain descended into the Emperor Xuanzong, his voice spread throughout the entire Emperor Xuanzong.

"Sovereign, Sovereign!"

"Sovereign order, start the large array of star protection!"

"Open the battle!"

The entire Emperor Xuanzong rang out a voice, a powerful breath, soaring into the sky.

In the next moment, there was a beam of light rising from all over the entire empty Xuanzong.

A total of 360 beams of light are distributed in various positions of the sky black star, which is the base of the large array.

Three hundred and sixty beams of light, each of which can be ten thousand miles wide, intersect in the air, forming a huge formation, and covering the entire empty mysterious star.

This is a large array of star protection, similar to the Zongmen Lu Ming encountered before, the kind of large mountain protection array, but this large array, I don't know how many times stronger, it can cover an entire star in it.

In fact, powerful forces such as the thirteen Qin Tian, or the Bingpo clan, and the Chiyan clan, all have a large array of star protection to protect the safety of the main star.

Immediately after the start of the star protection array, Lu Ming's teleportation array they just came out shone with a ray of light, and then, the masters of the three hegemonic forces, as well as other powerful ones, came.

They flew to the empty black star, and stood outside the empty black star.

"Dragon Boat Mountain, hand over the star core!"

The dean of the Xiemo Academy yelled and shot directly. One palm blasted out, and a huge endless palm formed, covering at least millions of miles, and blasted towards the empty Profound Star.

boom!

A huge palm, bombarded on top of a large array, glowing in a large array, a terrible divine light burst out, contend with the palm of the demon academy dean, and finally the large hand condensed by the dean of the demon academy The hole dissipated in the air.

Seeing that the attack of the Dean of Wing Demon Academy was blocked, the rest of Kong Xuanzong was relieved.

"Dragon Boat Mountain, hand over the star core, do you think that a large array alone can block so many of us?"

The Dean of the Demon Academy yelled.

"Patriarchs pay attention to inspiring the big battle. The mission given to you by this seat is to guard the defense for half a month. After half a month, this seat has its own way to retreat the enemy. You go, Lu Ming stays!"

Long Zhoushan ordered.

Then, many strong kings of the gods, as well as the supreme Qiankun, Ouyang Qingxiang and others, left here, leaving only Lu Ming and Longzhou Mountain.

"attack!"

Outside of the large formation, the Dean of the Demon Academy yelled and attacked again.

In addition, the Indestructible Sword Sect Master, the Infinite Holy Land Lord, and other **** kings also launched attacks.

One after another, terrifying attacks, bombarded towards the empty Profound Star.

Each of these attacks was terrifying, and Lu Ming felt that every attack could wipe out his ashes and nothing would be left.

"Lu Ming, come with me!"

Long Zhoushan waved his sleeves, flying with landing Ming towards Kong Xuanzong somewhere.

"It's finally time to start acting!"

Lu Ming moved.

Now Lu Ming has broken through to the heavenly realm, Lu Ming estimates that Longzhou Mountain is about to start its operation.

Bone Devil speculates that Longzhou Mountain has been occupied by another powerful being, and the body of that existence should be suppressed by the trapped Dragon Ascension Array. The purpose of Longzhou Mountain is to rescue its own body.

Soon after, they came to a place.

"Huh? Youlong Secret Realm!"

Lu Ming's eyes flashed.

Here is the entrance to the secret realm of the dragon.

At the beginning, Lu Ming was still in the secret realm of Youlong, and got a word-measure.

Could it be that the trapped dragon ascension array mentioned by Longzhou Mountain is in the secret realm of the dragon?

Lu Ming did not guess wrong, Longzhou Mountain brought the landing to Ming, and stepped out in one step, then entered into the Dragon's Secret Realm. After entering the Dragon's Secret Realm, they flew in one direction. Soon after, they came to a huge mountain range.

This mountain is very huge, like a dragon lying on the ground.

boom!

Long Zhoushan shot suddenly, waved his hand, a divine light, and cut towards the mountain.

Just as Shenguang was about to cut the mountain, the mountain seemed to come alive, turned into a dragon, and flew into the sky.

Then, in the area of the previous mountain, a light curtain appeared, blocking the magical light of Longzhou Mountain.

From a distance, it looks like a mask, upside down on the ground.

"Sleepy Dragon Ascension Array!"

Long Zhoushan whispered, his eyes flashed with heat and anticipation.

"It's really a sleepy dragon ascension array. This large array absolutely suppresses a powerful existence. I guess it's true!"

In the knowledge of the sea, the sound of the bone demon sounded, of course, it was communicated with the soul, and the bone demon controlled very finely, Longzhou Mountain did not find it.

"Dragon Boat Mountain, what are you doing here with me?"

Lu Ming asked.

"Haha, of course, I borrowed it for you for a thousand days, and for a while, I have kept the Dragon Blood Curse in your body for so long, and I can finally come in handy."

Long Zhoushan laughed, revealing incomparably fierce and crazy in his smile.

Then, Long Zhoushan's hands quickly pinched the Yin Jue. At the same time, Lu Ming's body burst into a dazzling light, and then black runes filled out like a snake.

Youlong blood curse, launched!

Numerous black runes cover Lu Ming's body.

"go in!"

As soon as Longzhou Mountain waved his hand, Lu Ming flew out and flew towards the sleepy Dragon Ascension Array.

Buzz!

As Lu Ming approached the Sleepy Dragon Ascension Array, the Sleepy Dragon Ascension Array vibrated and burst into a ray of light, rushing towards the landing Ming.

Lu Ming was shocked. He felt this light, which contained terrible power and could destroy everything. Lu Ming himself couldn't resist.

But at that moment, the dark black dragon blood curse on Lu Ming seemed to come alive, extending from Lu Ming, and entangled with the light of the trapped dragon ascension array, just like the spirits, each other Fight.

Lu Ming's figure smoothly entered the trapped dragon ascension array.

"Hahaha, Youlong blood curse, it really can restrain the sleepy dragon ascendant formation, I can finally get out of trouble, I can finally get out of trouble!"

Long Zhoushan laughed wildly, venting some emotions, and looked like a maniac.

Then, Longzhou Mountain pinched the Yin Jue again, and the blood dragon curse on Lu Ming's body shone brightly.

Then there was a horrible attraction. At this moment, Lu Ming's whole body of blood, spirit and spirit, all rushed towards the Yulong Blood Curse, as if to be swallowed by the Yulong Blood Curse.

"Dragon Boat Mountain, you said it wouldn't hurt my life. If you go on like this, I can't hold on."

Lu Ming shouted.

Chapter 2910: Start to fight back

"Hehehe, Lu Ming, you are really naive, how can you break the trapped dragon ascension array without offering you to the blood dragon curse? How can I get out of it?"

"Lu Ming, you can go with peace of mind and help me get out of trouble. You can be well-dead, ha ha ha!"

Long Zhoushan laughed wildly and accelerated the pinch of Yin Ju. The blood dragon curse on Lu Ming's body grew like a wild grass. There were countless small snakes, with Lu Ming's body as the core, extending out.

After these 'little snakes' stretched out, they were entangled with the trapped dragon ascension array, entangled the trapped dragon ascension array, and then, the trapped dragon ascension array was actually opened a gap.

A passage appeared in the place surrounded by the blood dragon curse.

Roar!

At this moment, a deep roar came from the trapped Dragon Ascension Array. This was the sound of Long Yin. With terrifying coercion, Lu Ming felt terrified.

"Shenlong, the trapped dragon ascending into the sky array, trapped is a divine dragon. The body of the Dragon Boat Mountain is a divine dragon!"

The bone demon cried.

Lu Ming's face also changed.

Unexpectedly, the existence that occupied Long Zhoushan's flesh was actually a divine dragon.

"Is it a ghost among the dragons?"

Lu Ming turned a thought in his heart.

Youlong is a very rare, but extremely terrifying existence of the Shenlong, and each one has amazing strength.

Roar! Roar! ...

Deep in the sleepy Dragon Ascension Array, the sound of Longyin kept coming, full of excitement.

"Hahaha, I'm about to get out of trouble. In the future, Qin Tianxingyu will be my world."

Long Zhoushan laughed, and then stepped out into the open channel of the sleepy Dragon Ascension Array.

If the sleepy Dragon Ascension Array was not opened, Longzhou Mountain would never be able to enter.

Now, the Sleepy Dragon Ascension Array has been opened a channel by Youlong Blood Mantra, he can pass through the Sleepy Dragon Ascension Array, and then help his body out of trouble.

Then, he can rely on the star core to restore his own strength to its peak state.

Once he returns to the peak state, Qin Tianxingyu, no one will be his opponent.

"Lu Ming, you are my lucky star!"

Long Zhoushan walked into Lu Ming and sneered again and again.

"Lu Ming, right now..."

At this moment, the bone demon sent a voice to Lu Ming.

"Really? Am I really your lucky star?"

Lu Ming looked at Longzhou Mountain and sneered at the corner of his mouth. Then, Lu Ming waved his hand and an array flew out of Lu Ming's hand.

This array was made by Lu Ming for Yue Wuya. Before Lu Ming went to the dark light galaxy, Yue Wuya had been refined and handed over to Lu Ming.

As soon as the array flew out, it suddenly grew larger, suspended above Lu Ming's head, and at the same time, emitted countless radiances. These radiances vaguely resonated with the trapped dragon ascension array.

bump! bump! bump!

At that moment, the blood dragon curses on Lu Ming continued to explode, as if crushed by a force, and scattered.

At the same time, in the word measurement tactics, a steady stream of energy poured into Lu Ming's body, keeping Lu Ming's divine power at its peak.

"What's going on? What's going on?"

Long Zhoushan's eyes widened in shock, and his face was incredible.

He did not understand how the blood dragon curse planted on Lu Ming suddenly burst.

He naturally didn't know that this was Lu Ming's teaching system of refining with bone demon, which was wiped out with the help of the sleepy dragon ascension array.

"Dragon Boat Mountain, today, you are the one who died!"

Lu Ming drank coldly, the array above his head exuded a dazzling brilliance, and then Lu Ming waved his hand, and the whole sleepy dragon ascended into the sky array, all shaking, and then countless brilliances rushed towards Longzhou Mountain.

"Ah, what's going on? How could you control the Sleepy Dragon Ascension Array?"

Longzhou Mountain yelled even more incredible.

But at the next moment, the beams of the trapped Dragon Ascension Array bombarded Longzhou Mountain.

boom! boom! ...

Long Zhoushan tried hard to confront and burst into roar.

However, the power of Sleepy Dragon Ascension Array is too strong, even with the strength of Longzhou Mountain, it is difficult to contend. He was bombarded with a beam of light on his body, and the powerful force suppressed Longzhou Mountain.

boom!

Long Zhoushan knelt down directly on the ground, arousing the soot.

Roar!

In the Dragon Boat Pass, roaring like a beast, the terrible divine power of the God Realm broke out, as if a planet was burning, trying to break the repression of the trapped dragon ascension array.

"Kill me!"

Lu Ming shouted, the array above his head became brighter and brighter, and completely integrated into the sleepy dragon ascension array.

This is the array made by the bone demon Lu Ming. It is extremely mysterious and can control the sleepy dragon ascending to the sky array in a short time and kill the dragon boat mountain.

Buzz!

The sleepy Dragon Ascension Array shook like a spirit, and the beams of light seemed to turn into chains, winding toward Longzhou Mountain.

Although Dragon Boat Mountain tried its best to resist, it was still useless. His body was entangled with the beam chain formed by the trapped Dragon Ascension Array.

This beam chain has the terrible effect of suppressing and destroying. Once entangled, it will kill the target.

"Ah, damn..."

While Long Zhoushan struggled and shouted, he was incredible.

Lu Ming could actually control the Sleepy Dragon Ascension Array, which was completely beyond his expectations.

He studied for countless years, and found no way to control the sleepy dragon ascension array. If he knew such a method, why did he use Lu Ming to refine the blood dragon curse and release his body long ago.

Lu Ming, a younger disciple, actually knows how to control the sleepy dragon ascension array?

But now, he couldn't allow him to think more about how to get out of his way.

"Lu Ming, what are you doing? You are so bold, you dare to commit a crime, and you will not let me go?"

Longzhou Mountain roared and took out the empty Xuanzong Sect Master's shelf to press Lu Ming.

"It's ridiculous, you are going to kill me. I dare not resist? Your brain is funny?"

Lu Ming sneered at the disdain, and then said: "Moreover, you are not the Dragon Sovereign of Long Xuanzong Sect, the real Dragon Boat Mountain, you have already wiped out your soul, are you the dragon inside?"

"You...how do you know?"

This time, Longzhou Mountain was even more surprised.

Lu Ming actually guessed even this point, it is simply evil.

"Yes, I am not Dragon Boat Mountain, I am Youlong, Lu Ming, do you know how strong my strength is? Once I get out of it, Qin Tianxingyu can be suppressed by reversal. Now, you let me go quickly, I can Swear, don't hurt your life, or even give you a great fortune."

Roaring Dragon Mountain.

Seeing that the threat was not enough, Longzhou Mountain immediately changed its strategy to lure and woo.

"Great fortune? It's not rare, or I have solved you, I am at ease!"

Lu Ming drank coldly and continued to control the sleepy Dragon Ascension Town to kill Longzhou Mountain.

bump! bump! ...

An explosion sounded from Longzhou Mountain, which was caused by his divine power being defeated by the power of the trapped Dragon Ascension Array.
