

D Emperor 2911

Chapter 2911: Moment of crisis

Long Zhoushan was completely unstoppable. The divine power on his body kept exploding. Then, there was a wound on his body, blood flowing.

Subsequently, the power of the Sleepy Dragon Ascension Array penetrated into his body, pointing directly at the soul of Longzhou Mountain.

Roar!

At the moment, there was a sound of Long Yin in the mouth of Longzhou Mountain. His eyebrows, brilliance and glory, and a dark ghost phantom flew out of his eyebrows and wanted to escape.

This is a part of the soul of the dragon, occupying the body of Longzhou Mountain, and thus controlling Longzhou Mountain.

At this moment, the soul of Yulong was forced out by the trapped Dragon Ascension Array.

Once the soul of the dragon came out and wanted to escape, but the forces of the trapped Dragon Ascension Array were entangled and could not escape at all.

As soon as the soul of the dragon came out, the body of Longzhou Mountain had no ability to resist, and it burst directly and slammed into the fly ash.

A generation of masters, Sect Master Kongxuan Sect, is considered to have disappeared into the world.

Only one storage ring was left, floating in the air.

A sleepy dragon ascending into the sky array will naturally not attack the storage ring.

With a move in Lu Ming's heart, a divine power came out in a roll and rolled the storage ring in his hand.

Lu Ming's face could not help but show joy.

Long Zhoushan must have hidden the star core in the storage ring, and now it is in Lu Ming's hands.

That's how the gods of the gods must kill life and death, Lu Ming can't be bothered.

"Lu Ming, I want you not to die!"

The soul of Longzhou Mountain roared wildly. At this moment, he was continuously attacked by the trapped Dragon Ascension Array, and his soul was already much weaker. In this way, it will break apart in a short time.

Roar!

At this time, a deep roar came from the deep Dragon Ascension Array, which was the roar of the Yulong.

Rumble!

The whole earth shook violently.

"No good, Yulong will force a big burst!"

Bone Demon was nervous.

Rumble!

Deep inside, the shaking became more and more intense.

Through the gap, you can see that the huge dragon is struggling, the huge body twisted, and climbed over to the landing.

The blood dragon curse of the previous dragon opened a gap in the trapped dragon ascension array, and the ghost dragon was going to crawl out along this gap.

Wow!

Very far apart, the breath of terror spread out, and Lu Ming almost suffocated.

"No, Lu Ming, hurry and wipe this part of the soul."

Bone Demon screamed quickly.

"Kill me, kill!"

Lu Ming fully controlled the sleepy dragon ascension array and wiped out the part of the soul of the ghost dragon.

Under the full force of the Sleepy Dragon Ascension Array, this part of the soul finally touched, bursting apart, and the smoke disappeared.

"Lu Ming, you are dead..."

Within the Sleepy Dragon Ascension Array, the Yulong made a roar of anger, his body filled with a hot glow, a terrible breath, like the mountains and the sea spewing out thinly, impacting on the Sleepy Dragon Ascension Array.

His huge body crawled along the previous gap.

Two huge longan, full of grim stare landing Ming, wishing to unload Lu Ming eight.

The part of the soul that occupies Longzhou Mountain is not a little. At least a small half of the complete soul of the Yulong Dragon, otherwise it is impossible to control Longzhou Mountain for so many years and can play such a strong combat power.

For the loss of this part of the soul, for the Yulong, it is very hard.

Therefore, Lu Ming must die.

"No, Lu Ming retreated quickly, withdrew from the trapped dragon ascension array, and suppressed him with the trapped dragon ascension array!"

Bone Demon shouted.

Lu Ming did not hesitate at all, his body retreated, and rushed out of the trapped dragon ascension array.

"Dead, I want you to die!"

The dragon roared, the violent power burst out constantly, and he followed the previous gap with a crazy shock.

I have to say that the strength of this dragon is really unfathomable.

I have been suppressed here for many years, and now some souls are destroyed, but the strength he exerted is still terrifying.

The whole sleepy dragon ascended the sky array was violently shaking.

"Suppress, suppress me..."

Lu Ming fully controlled the Sleepy Dragon Ascension Array, and numerous beam chains entangled towards the ghost dragon, but as the dragon struggled, many beam chains continued to break apart and burst.

Youlong slowly crawled out of the trapped dragon ascension array.

The main reason is that the previous Dragon Blood Curse opened a gap in the trapped Dragon Ascension Array. Without this gap, the Dragon will be difficult to impact even if it is stronger.

But now, it is dangerous.

bump! bump!

This dragon has seven dragon claws on its abdomen, but it is a seven-claw dragon.

His seven dragon claws stepped on the ground step by step, coming out.

Although he was constantly attacked by the trapped Dragon Ascension Array and left a wound on him, he ignored it and gave full blows.

He knew that this was his last chance. If he didn't take the opportunity to escape, he would be trapped here forever, without the opportunity to get out, until Shouyuan dried up.

Therefore, even if he paid a big price, he would have to escape.

Moreover, there is a star core on Lu Ming. As long as he escapes and kills Lu Ming to get the star core on Lu Ming, he can restore part of his strength in a short time.

Therefore, his lifeless impact, not long after, was actually dashed halfway by him.

Roar!

The dragon roared, a terrible coercion rushed towards the landing, Lu Ming shook his body, backed up again and again, and a spit of blood spewed out.

Youlong is too strong, much stronger than Lu Ming.

Even if the opponent's strength was greatly damaged, part of the soul was destroyed, and the trapped Dragon Ascension Array was hit hard, it was still amazingly strong.

"No, if you go on like this, it is really possible for him to escape. Once he escapes, he must be the first to chase you down. In the face of such existence, you can't escape at all."

Bone Demon shouted.

"What about then?"

Lu Ming asked.

"Fight, only work, this time, I can only work hard!"

Bone Demon's eyes showed a fierce look.

"How do you spell it?"

Lu Ming asked.

"Proactively attack, rush into the opponent's mouth, and then you fully control the sleepy dragon ascension array to deal with him. I will cast a secret method to completely wipe out his soul!"

Bone Magic Road.

"Okay, just do it!"

Lu Ming is a decisive person. Although doing so is like a sheep entering a tiger's mouth, it is very dangerous, but he still decided to do so.

Put it to death!

Roar!

At this moment, Yulong opened his mouth and roared loudly, killing himself coldly like a knife.

"It's now..."

Bone Demon shouted.

The voice of Bone Demon had not yet fallen, Lu Ming's body had already rushed out, and rushed into the big mouth of Yulong.

"It's really self-seeking, see me to refine you completely!"

Yulong roared, her spirits boiled, and she drove towards the landing.

Chapter 2912: Kill Dragon

"It's you who died!"

Lu Ming shouted, the array above his head was glowing, and he controlled the trapped dragon ascendant array to suppress the dragon, so he had to dedicate more divine power to resist the trapped dragon ascendant array.

In this way, the magic power used to deal with Lu Ming is much less.

"Now, look at me, I have to fight!"

Bone Demon shouted, radiating an infiltrating black light, spitting out his mouth, and an ugly jar, spitting out of his mouth.

Buzz!

The crock shook gently, exuding a terrible breath.

This breath made Lu Ming's whole body tense, as if facing an extremely terrifying strong man.

Then, the earthen jar filled with a radiance, which enveloped Lu Ming. This radiance can help Lu Ming resist the ghost power of the outside dragon.

"Lu Ming, you will not resist, I will destroy his soul!"

Bone Demon screamed, his body rushed into the crock, and then controlled the crock, soared into the sky, disappeared in front of Lu Ming's eyes, and seemed to fly towards the head of the dragon.

Roar! Roar! ...

Soon after, the Yulong roared with tremendous ground, attacking Lu Ming's divine power, and suddenly reduced a lot.

"Ah, who are you? Who are you?"

You Long roared constantly, and seemed very frightened.

His huge body was constantly struggling, constantly rolling, and slowly rushing out of the sleepy dragon ascension array.

Slowly, his head escaped from the trapped dragon ascension array, which made Youlong's struggling power stronger.

A wave of divine power screamed and rushed to Lu Ming. The photomask outside Lu Ming's body shocked continuously.

"Bone Demon, you have to hurry, otherwise, I have to explain here!"

Lu Ming shouted in his heart, but there was nothing he could do about it.

In this way, after a while, you have already got a large body out of the trapped dragon ascension array. His struggle and his counterattack are getting more and more fierce.

"Ah, no, no, I beg you, forgive me..."

At this moment, You Long screamed in horror and begged for mercy.

"Let me disappear!"

Then, Bone Demon's indifferent voice sounded.

Roar!

You Long gave out an unwilling roar. At the next moment, all the divine powers that struck Lu Ming around him retreated and disappeared without a trace.

"Did you make it?"

Lu Ming showed his expectation.

Uh!

At this moment, the bone demon controlled the crock, and appeared in front of Lu Ming again.

"Senior Bone Demon, did you succeed?"

Lu Mingji asked.

"Successful, I finally wiped out the soul of this ghost dragon. This time, it was really dangerous. It was a pitiful loss to me, and my vitality was hurt!"

The bone demon shouted 'miserably'.

"Every time you make a shot, you say you have suffered a lot."

Lu Ming pouted.

"Boy, what do you say? I tell you, this time, I really suffered a lot of losses. In the future, you must compensate me well, understand?"

Bone Demon roared.

"Yes, yes, it must be compensated!"

Lu Ming can only smile.

This time, it was really thanks to the bone demon, otherwise, Lu Ming must be dead, and the plan of the Yulong can also be implemented perfectly.

"Senior Bone Demon, what shall we do now?"

Lu Ming asked.

"This corpse of the dragon, but it's a good thing. I can live for a while for a while. You control the sleepy dragon into the sky array, let the dragon out, and I can control him to fight back some of the enemy!"

Bone Magic Road.

"it is good!"

Lu Ming's eyes lit up, and he immediately controlled the Sleepy Dragon Ascension Array without continuing to suppress the Youlong.

Bone demon body flashed, went to the dragon's sea of knowledge, and then controlled the dragon's flesh, smoothly climbed out of the trapped dragon ascension array.

As soon as he got rid of the trapped dragon ascending into heaven, Lu Ming flew out of Yulong's mouth.

boom!

At this moment, an amazing breath broke out on Youlong. This breath made Lu Ming feel terrified. It was stronger than the previous Longzhou Mountain.

"This terrifying dragon, with its terrifying strength, now has its soul destroyed, has been suppressed for so many years, and even suffered serious injuries, it can still exert such a breath, it is really terrifying!"

Lu Ming sighed.

"That is of course. This heyday of the dragon is beyond the existence of the **** king!"

The sound of the bone demon came from the eyebrow of Yulong.

"Beyond the existence of God King?"

Lu Ming marveled and yearned.

God kings are all capable of crushing the existence of the planet. How strong are they?

Xie Nianqing gave Lu Ming the condition that he surpassed the **** king, so he could find her and help her!

He must reach this state.

"Lu Ming, come up, I will take you out, first repel those who attack Kong Xuanzong, then say, Kong Xuanzong, you need to stay for a while!"

Bone Magic Road.

Lu Ming nodded, his figure moved, and fell on the head of the Yulong. The Yulong twisted his body and rushed out.

At this moment, Kong Xuanxing has fallen into crisis.

Astrology Academy, Indestructible Sword Sect, Lord of the Three Overlords of the Infinite Holy Land, with some powerful King Realm under his command, attacking the star protection array of Kong Xuanzong with all his strength.

Not only they, but also the top ten sects, also participated in the attack on Kong Xuanzong's star protection team.

Kong Xuanzong's large array of stars, although very powerful, but the opponent is too strong, resisted for so long, it is already precarious, and will collapse at any time.

"Dragon Boat Mountain, you get out of me, if you want to rely on a large formation, you want to block us, just think!"

The dean of the Xiemo Academy yelled, and his body, like the sea like the abyss, condensed a handful of star-sharpening demon swords, chopping towards the sky Xuanzong's large array of stars.

"Yes, you want to take the star core alone, there are no doors, hand it out!"

The Sovereign of the Indestructible Sword Sect has also constantly erupted with terrifying attacks. Every sword cut out seems to be able to split the Sky Profound Star in half.

Rumble!

Under such a terrible attack, Kong Xuanzong's large array of stars kept shaking.

bump! bump! ...

Suddenly, Kong Xuanzong's large array of star protection burst out in some places.

"No, the star formation is about to be broken!"

A veteran of Emperor Xuanzong exclaimed.

Once the star protection is broken, they can't stop the siege of so many powerful people outside.

"Sect Master, where has the Sect Master gone?"

"The Sect Master's previous landing sound disappeared. I don't know where I went?"

"How to do?"

Empty Xuanzong up and down, like the ants on the hot pot, anxious.

bump! bump...

There are more and more places where the large constellation of stars is bursting, and finally there is an earth-shattering explosion. The large constellation of stars is completely collapsed and disappears invisible.

The breath of the demon master of the Demon Academy, the immortal sword patriarch and other peers, like the storm, covered the empty Xuanzong.

All the people of Kong Xuanzong seemed to be pressed by a big mountain, their faces were frightened, their sweats were frightened, and there was a feeling of catastrophe.

Chapter 2913: Supreme Family Betrayal

The Dean of the Xiemu Academy, who looked at him like electricity, glanced up and down the empty Xuanzong, but all those who were swept by his gaze were all frightened and frightened with cold sweat, daring not stare at him.

This is true even for some powerful players in the God Realm of Kong Xuanzong.

The Dean of the Xiemu Academy, in Qin Tianxing Realm, is a real overlord, standing at the pinnacle of existence, and the general **** king is far from his opponent.

The entire Emperor Xuanzong, only Longzhou Mountain can compete with the Dean of the Xiemo Academy.

This is why Kong Xuanzong can become the head of the top ten sect, because other lords of the top ten sect can't compete with the dean of the Xiemo Academy.

Now that Longzhou Mountain is not here, where else dare to face the overlords such as Dean of the Demon Academy?

"Long Zhoushan, let him get out!"

Dean of Xiemo Academy coldly drank.

"Senior, Sect Master Long, we don't know where he is now?"

A veteran of Emperor Xuanzong answered.

"I don't know where he is? Do you think it's useful to hide? I will destroy Emperor Xuanzong to see where he can hide?"

The Dean of the Xiemo Academy spoke indifferently, and his voice contained infinite murderous opportunities.

"not good!"

Everyone in Xuanxuan Zong was shocked.

boom!

The dean of the Xiemo Academy took action. Between his waves, a huge palm formed and pressed towards Kong Xuanzong.

The devil's palm is too big, covering the main inner door and outer door of Kong Xuanzong inside.

If this palm is depressed, Kong Xuanzong's mountain gate may be razed to the ground.

"Block him!"

"Join together!"

Inside Kongxuanzong, there was a rage, and then there were nine figures rising into the sky.

These are the nine elders of Kong Xuanzong, all of them are in the presence of God King Realm. They shot together, and each of them exhibited tricks, nine gorgeous attacks, and slammed into the magic palm in the sky.

boom! boom! boom! ...

Nine terrible collisions came out, and the sky and the earth were shaking violently.

Finally, the magic palm was blocked, and broke apart in the air, but the nine elders of Kong Xuanzong groaned, his body trembling, and fell towards the gate of Kong Xuanzong, hitting the ground heavily.

Some were weaker, with a spit of blood spitting out and a pale face.

After all, they have a big gap with the Dean of the Demon Academy. Although they blocked the other, they were injured.

"Humph, see if you can stop me!"

The Dean of the Demon Academy drank coldly, and a magic sword flew out of his body, which was held in his hand, and a terrible sword intention spread out.

Empty Xuanzong went up and down, revealing a desperate color.

If the dean of the Ximo Academy is going all out, I am afraid that Kong Xuanzong will have to dispatch most of the elders to be able to contend with it.

But don't forget, Ximo Academy and other veterans.

In addition, there are the invincible sword sect and the mighty holy land.

If the opponent shoots together, Kong Xuanzong will be destroyed in an instant.

"It's over!"

Some people's faces are pale, are they going to fall here today?

"Master Dean, my supreme family, I am willing to surrender to the Ximo Academy, and I also invite Master Dean to let us live a life!"

At this moment, there was a voice in Kong Xuanzong.

Then, a person stepped out of the air, stood in the air, and paid respect to the Dean of the Demon Academy.

"The supreme move, it's him!"

"He actually wanted to turn to Xomo Academy!"

"Shameless, traitor!"

Many empty Xuanzong people roared in their hearts, but did not dare to scold.

"Oh? Are you going to trust me?"

The Dean of the Ximo Academy said.

"Not me, but my supreme family, you guys, still not coming out?"

The Supreme glanced at the Supreme Family.

Suddenly, a figure flew out.

Among them, there is Supreme Universe, and there are other people in the Supreme Family, many masters, and even two elders.

"Okay, okay, I promised!"

The dean of the Ximo Academy nodded directly.

This is not a small force, don't do nothing.

"Thank you Master Dean. In the future, I will be the supreme family, but Dean Ma Shou is the only one looking forward!"

The Supreme moved quickly.

"Supreme move, you traitor, despicable and shameless, actually betrayed Kong Xuanzong!"

At this time, a roar sounded, but it was Yue Wuya, and he stared at the Supreme Move with an angry face.

"What shameless, this is called Junjie who knows the current affairs, Yue Wuya, I advise you to surrender, fearless resistance, what's the point?"

The supreme movement sneered.

"Despicable is despicable, and so many excuses for himself!"

Yue Wuya was angry.

"Supreme move, the old man really looked at you wrong!"

"Your supreme family are all white-eyed wolves!"

Several other elders of Kong Xuanzong also roared.

"Humph!"

The Supreme moved coldly, his face extremely gloomy, said coldly: "A group of stubborn guys, you want to die, the old man can't accompany you."

In words, the Supreme moved the people of the Supreme Family, flew in the direction of the Dean of the Demon Academy, and then stood obediently beside the Dean of the Demon Academy, like an obedient dog.

"Lu Ming, this time, how do you die?"

Supreme Emperor Qiankun stood in the crowd, roaring in his heart, gazing at Kong Xuanzong everywhere, trying to find Lu Ming and kill it.

It's a pity that he looked around and couldn't find Lu Ming's figure.

"Since you are not there, the person you are closest to will die, Ouyang Qingxiang, and Lu Ming faction..."

The eyes of the supreme heaven and earth passed Ouyang Qingxiang and Anhai, Liu Chang and others, revealing a terrible murderous opportunity.

"Who else wants to surrender, I will not destroy Jianzong by surrendering me, and I will not be held accountable."

At this time, the Sovereign of Indestructible Jianzong came out.

Under Emperor Xuanzong, it is also a weak force, and they are also greedy when they look at it.

"Succumb to my immeasurable holy land, I can't hold it!"

Then, the Lord of Infinite Holy Land spoke.

In Kong Xuanzong, some people's eyes flickered.

Some people are excited.

If you insist on contending with the major forces, there is only one dead path, surrender, and a living path.

They have been practicing for so many years, and Shou Yuan is extremely long. Once they reach Wushen Realm, they can live a stellar year. Who wants to be killed?

"If you want us to be a traitor, stop thinking that once you become a traitor, you have to bear the infamous notoriety, not only yourself, but also future generations, and you will not be able to raise your head. We are definitely not a traitor. You die this heart. !"

Yue Wuya roared.

This remark made some people in the Supreme Family look ashamed and red, and made some people who originally wanted to surrender become hesitant.

Yes, once you betray, you have to bear a lifetime of infamy. Others will not dare to say it in person, and they will definitely point their fingers behind them.

"Since you want to die, then I will fulfill you!"

The Dean of the Demon Academy had a cold look, and his cold eyes swept to Yue Wuya, and then a magic sword, slashed towards Yue Wuya.

This sword is infinitely powerful, and Yue Wuya's face is extremely dignified. He exerts his strength to the extreme, and makes a move. He wants to block this sword.

Chapter 2914: Lu Ming launched

Yue Wuya is full of radiant brilliance, the whole person turns into a full moon, the moon shines in the sky, shining in the world.

The power of this move is not weak, but it is still not as good as the attack of the Dean of the Demon Academy.

The magic sword broke through the sky, directly chopping on the full moon, and the full moon shook violently, then split into two and was split in half by the magic sword.

Moonlight collapsed, and Yue Wuya's figure appeared in mid-air. He coughed up blood and nearly split his body in half. There was a deep wound, terrible, and there was a dark magic on it.

Yue Wuya's body flew backwards and fell towards the empty Xuanzong Mountain Gate.

"father!"

"Grandpa!"

Several voices rang continuously, and several figures flashed, catching Yue Wuya, but Yue Xin and Ouyang Qingxiang and others, their faces were very anxious.

"Old Moon, you are stubborn, you are really dead!"

Seeing that Yue Wuya was hit hard by one move, the Supreme moved very smoothly and made a mockery.

Others of Xuanxuan Zong were pale, and some hesitated again, considering whether to surrender.

The strength of the Dean of the Demon Academy is too strong. Apart from Longzhou Mountain, Kong Xuanzong is unrivaled, as strong as the moon, and he was also hit hard by a stroke.

"Give you another chance, swear by the source of life, surrender to me, I can spare you a life!"

The Dean of the Demon Academy stared at Yue Wuya and spoke again.

"Kill and kill, want me to surrender, be your dog, dream!"

Yue Wuya shouted.

Extreme movement, Supreme Qiankun and others heard this, and his face was somber and dying. Obviously Yue Wuya called them dogs.

"Okay, since you want to die, then I will fulfill you!"

The indifferent voice of the Dean of the Demon Academy sounded, and a magic sword rose into the sky, exuding terrifying coercion.

The deadly attack is about to fall.

With Yue Wuya's present state, this blow is absolutely unstoppable.

"The tormentor, if you want to die, would you try?"

At this moment, a voice, coming from afar, was filled with cold killing opportunities, and, undoubtedly.

Many people were shocked.

The criminal demon is the name of the Dean of the Demon Academy, but in the Qin Tianxing domain, no one dares to call him by name except for a few people. They all respectfully call him Dean or Dean.

But now, some people dare to call the name of the demon academy dean, and threatened the other side.

Who is it? So bold!

"This... this is?"

Ouyang Qingxiang, Yuelinglong, Anhai and others showed a surprise in their eyes.

Because they heard the voice, it was clearly Lu Ming's voice.

"Lu Ming, it was Lu Ming who smashed it!"

Supreme Qiankun also roared. He hated Lu Ming. He naturally remembered Lu Ming's voice clearly.

"Who, get me out!"

The attack that the Dean of the Demon Academy was about to stop stopped, and his eyes looked coldly in the direction of Lu Ming's voice.

Roar!

In that direction, there was a sound of dragon chanting, and the emptiness of the tremor shook slightly. Then, a huge dragon, meandering, appeared in the sight of everyone.

This divine dragon is naturally a dragon, and Lu Ming is standing above the dragon's head.

"A divine dragon, a terrible breath..."

"Look, there is someone at the top of the **** leader, it is Lu Ming, it is Lu Ming..."

Many disciples of Kong Xuanzong cried out and recognized Lu Ming.

More people were shocked, and Lu Ming actually appeared on a dragon. This dragon looked very permeable.

"Boy, were you talking just now?"

The Dean of the Demon Academy's cold eyes stared at Landing.

If other people were stared at by the head of the Demon Academy, they might be trembling with fear, but Lu Ming ignored it completely, with a slight murderous look on his face, and looked directly at the Dean of the Demon Academy.

"Yes, it seems that you are not too stupid!"

Lu Ming said lightly.

Many people jumped in their hearts, almost scared to death.

Lu Ming was so guilty that he ate the bear heart leopard, but he dared to say that the Dean of the Demon Academy was stupid, did he not want to live?

"This kid is really looking for death, ha ha ha, okay, save my hands!"

Supreme Qiankun laughed in his heart.

"This kid is dead!"

Most people have such an idea in their hearts, and Ouyang Qingxiang, Yue Linglong and others have pinched a sweat for Lu Ming.

"Hahaha, well, it's very good. I haven't known how many people have dared to say so to me for so many years. It's good. I will let you survive, not death."

The Dean of the Ximo Academy smiled angrily, exuding a cold murder.

boom!

Suddenly, the Dean of the Demon Academy launched a shot, and a devil's claw appeared, so huge, that he caught the landing Ming, and enveloped both Lu Ming and the Yulong.

"not good..."

The face of Ouyang Qingxiang and others has changed greatly, but, with their strength, they can only watch with their eyes open, unable to help.

However, in the face of this trick, Lu Ming's face was still indifferent, even with a trace of disdain.

When the devil's claw was about to approach, the dragon moved.

Roar!

The dragon roared, and a dark dragon claw radiated a faint light, and caught out.

bump!

When the dragon's claws were caught on the demon claws condensed by the Dean of the Demon Academy, only a slight sound of "poo" was made, and the claws were crushed by the dragon's claws.

Then, Yulong Changxiao, with seven dragon claws in the abdomen, stepped out continuously, grabbed the head of the Demon Academy and launched a counterattack.

"So strong..."

Many people beat wildly.

Youlong's strength, beyond everyone's expectations, actually easily defeated the attack of the Demon Academy's Dean and launched a counterattack.

Dean of the Demon Academy also changed his face, and gave a scream, the magic sword in his hand roared out, and a terrible sword light slashed towards the Youlong.

Keng! Keng! ...

The magic sword Jianguang was cut on the dragon's claws, making a piercing collision sound, such as the intersection of gold and iron, the sparks were shining, and the terrible strength swept all directions.

"Not good, retreat!"

Many people's faces have changed greatly. The battle between the Devil Dragon and the Demon Academy's Dean is so amazing. The scattered energy is terrifying and terrifying. If the people under the God King are involved, I am afraid that there will be only one way to die.

But Lu Ming was naturally fine. He stood above the dragon's head and was protected by the dragon's energy.

A continuous roar sounded, and in a flash, the two sides collided with hundreds of moves.

Roar!

You Long roared suddenly, the huge body twisted, and the tremendous divine power surged out, bursting out along the dragon claws.

Jian Guang, the dean of the Xiemo Academy, was violently shocked and could not resist it, and began to crumble.

Finally, a dragon claw passed through the sword light and grabbed the dean of the Xiemo Academy.

The head of the Xiemo Academy changed greatly, and with a loud roar, he cut a vast sword light. At the next moment, the sword light shattered. The body of the Xiemo Academy's body shook violently, and he stepped back thousands of miles.

Sisi...

Many people took a breath.

The dean of the Xiemo Academy was invincible and injured. This is an incredible thing.

Chapter 2915: Youlong's strength

In the Qin Tianxing domain, the dean of the Xiemo Academy is at the pinnacle. Even if it is the Sovereign of the Indestructible Sword Sect, the Infinite Holy Land Holy Lord is similar to him at most, and it is impossible to hurt him.

It is estimated that only the legendary characters in the Chiyan and Bingpo tribes can be injured.

But now, a young man appeared on a divine dragon, but injured the Dean of the Demon Academy.

"This..."

Ouyang Qingxiang, Yue Linglong and others were all stunned.

Where did this dragon come from, and its strength is too strong, it can actually hurt the Dean of the Demon Academy, it is definitely a domineering creature.

However, such a powerful existence actually let Lu Ming ride on his head?

You must know that the more powerful you are, the more arrogant you will be, riding on your head. This is a shame and shame. It is like an ordinary person stepping on the face of the Dean of the Demon Academy. This is incredible.

"Lu Ming, I really can't see through!"

Ouyang Qingxiang whispered.

Not only did they think so, but other people also thought so. At this moment, Lu Ming's figure kept rising in the eyes of everyone. He seemed to be covered with a layer of fog, giving him an unfathomable feeling.

"How is it possible? How is this possible?"

The supreme movement, supreme Qiankun and others, the eyes were almost knocked off, and the roar in my heart was incredible.

Especially supreme Qiankun, who is almost jealous to be mad, and roaring in his heart, why Lu Ming is so lucky, why not belong to him.

"Divine Divine King is only threefold, and can only be used as a prestige and a blessing in the Qin Tianxing domain, to send you on the road!"

Lu Ming stood at the top of the faucet, condescending, looking down on the Dean of the Demon Academy, and a disdainful voice sounded.

The demon of the demon academy, his deeds, is the triple king of God. Of course, this is not what Lu Ming saw, but the bone demon told him.

Divine King Realm, cultivation breakthrough, will become extremely difficult. Every breakthrough is extremely difficult, requiring huge amount of resources, as well as talent, opportunity, and indispensable, otherwise, it is difficult to break through.

Of course, the gap between each weight is also very large.

The gap between the virtual **** realm, the true **** realm, and the heaven **** realm, although large, is far inferior to the **** king realm.

Divine King Realm, cultivated as one high, is high above, looking down on the next realm of characters, can be crushed in strength.

In the Qin Tianxing domain, most of the realm of the **** king is focused on the **** king.

Divine King is already the strongest among Divine Kings.

The moonless horizon of Xuanzong Sect, the supreme movement, is the second realm of God King.

There are also some top powers among the three major overlords, which are also the second realm of God King.

In addition, the lord of the top ten ancestors is also the second king of God, of course, except for Longzhou Mountain.

The Dragon Boat Mountain, the Dean of the Demon Academy, the Immortal Sword Sect Master, the Infinite Son of the Holy Son, are all three-fold existences of God King.

The second king of Yuewuya is almost crushed in the face of the Dean of the Demon Academy, which shows the gap.

The Triple King of God is the pinnacle of Qin Tianxing.

However, I heard that there are four powerful kings of horror in the Red Flame Clan and the Ice Soul Clan. However, such strong men are extremely rare. They are usually closed, so it is rare to see them.

After the sound of the dragon sounded, the dragon's claws stepped into the air and continued to kill the dean of the Xiemo Academy.

The Dean of the Demon Academy screamed and tried his best to bring his strength to the top and fight against the dragon, but he still lost. After a few strokes, he retreated and his body was almost torn by the dragon's claws. There was still a wound on his body, blood flowing.

"Who are you? Who are you in the end? You are definitely not the existence of Qin Tian Xingyu, which star are you from?"

The Dean of the Demon Academy shouted.

"Who am I, just because you are not qualified to know, kill!"

Yulong roared from the mouth and continued to kill the Dean of the Demon Academy.

"Take the shot, take the shot together, the two of you, want to see us broken by each of him?"

The Dean of the Demon Academy yelled at first, to the existence of the God Realm of the Demon Academy. The following two sentences were to the immortal Sword Sect Master and the Infinite Holy Land Lord.

He knew that by himself, he was not your opponent at all.

At the next moment, the **** king of the Ximo Academy took action, and all kinds of terrible attacks cooperated with the demon to attack the dragon.

At the same time, the Indestructible Sword Sovereign, the Infinite Holy Land Holy Lord, also shot together, launched an attack towards the Yulong.

With so many masters joining together, Wei Neng is almost ruined.

"Okay, okay, a group of ants, let you know how powerful today!"

You Long, that is, Bone Demon Shout.

Youlong's body exudes a dim light, and its huge body twists, culling directly to many masters.

bump! bump! ...

Youlong dragon claws, stepped out continuously, each claw is huge, can step on hundreds of mountains.

At the same time, the dragon's horns also burst into light, sharper than the sword.

You Long attacked with all his strength, regardless of his own defense.

"Die to me!"

The criminal demon, the indestructible Sect Master and other people encouraged drinking, terrifying attacks, fell on the ghost, to destroy the ghost.

But the moment the attack fell, their faces went wild.

Because, their attack fell on the ghost, just like attacking on a sturdy magical soldier. Not to mention breaking the defense of the dragon, even leaving a trace on the dragon scale is impossible.

"how can that be?"

Their eyes widened, it was incredible.

"not good..."

Then, they jumped in their hearts, because the attack of the dragon has arrived, they can only defend with all their strength.

bump! bump! ...

A series of roars, the masters of the three major overlord forces, like shells, were blasted out, and some of them were weak, even spitting blood.

After a confrontation, the Yulong fully prevailed.

Everyone else at the scene was stunned and could not believe his eyes.

In the face of so many masters, Yulong actually has the upper hand.

They naturally didn't know that Yulong originally surpassed the existence of the Divine King, the physical strength was incredible, and the defense was even more amazing. Even if you don't fight back, the Divine King will not be able to break through the defense.

Not to mention that the King of God is twofold and onefold.

If it weren't for the Dragon itself, it was too heavy, and it didn't even have one ten thousandth of its strength. Killing the Dean of the Demon Academy and others, I'm afraid it's a matter of breath.

This is not an exaggeration. If the Yulong was in its heyday, it would really blow away the Dean of the Demon Academy and others.

Divine King Realm, every gap is very big.

The four kings of the **** king can crush the triple king of the king, let alone exceed the existence of the king.

"kill!"

Youlong roared, and continued to fight against the masters of the three major overlords.

This time, the Yulong did not kill the Dean of the Demon Academy, and did not destroy the strongest people, the Sect Master Sword.

In the current state of the Yulong, although it can suppress the existence of the triple king, it is difficult to kill if you want to kill it.

Therefore, Youlong killed the masters of those **** kings.

Chapter 2916: Traitor, must die

The dragon's claws stepped on and grabbed the presence of a **** king.

The powerful master of the Divine King is a veteran of the Xiemo Academy, and his face is wildly changing, his divine power is boiling, and he is inspiring a divine light, and he wants to break through the attack of the dragon and escape to heaven.

However, with the current strength of the Yulong, it is still very simple to deal with God King Yizhong. When the dragon claws grab down, the attack of God King Yizhong's existence collapses instantly.

what!

Unwillingly, the screams shrieked, the body of the **** king's heavy body, like a balloon, was squeezed by the dragon claws.

A King of God, it fell.

"Kill, kill the people from the Alien Academy first!"

On the faucet, Lu Ming spoke indifferently.

Sure enough, Yulong stared at the alien academy and killed him.

Many people were shocked. Unexpectedly, such a powerful Yulong really listened to Lu Ming.

"Block him, block him..."

The Demon Academy's Dean roared again and again, and continued to attack with the other strong men, but the Yulong disregarded their attacks, letting these attacks fall on him, he had nothing.

Poof!

After a while, another veteran of the Xiemu Academy was caught by the dragon's claws, torn, and torn in half, falling to the spot.

Another magic king fell into another magical academy.

This made the three great overlords' strengths, as well as the other kings of the top powers, almost scared, especially the presence of some kings, even retreating one after another.

The Dean of the Demon Academy gave out an unwilling roar, and his heart was bleeding.

Those are two **** kings.

In the Qin Tianxing domain, the **** king is the top force. Even the three major overlord forces, there are not many, and the two statues have fallen in a row. He is heartbroken.

"Retreat, retreat..."

The Dean of the Demon Academy finally started to retreat, roaring, and with the other masters of the Demon Academy, quickly backed away, distanced from the Yulong, and dared not continue to attack.

As for the indestructible sword sect, the two great sect gates of the Infinite Holy Land, and other top sect gates, the retreat is faster, one step earlier than the Ximo Academy, and the retreat is far away.

"kill!"

Youlong roared, but didn't want to let go of the opponent so easily, twisted his body, and killed him again.

"go!"

The three major overlords, all the strongmen of the other top ancestors, whose faces changed wildly, did not dare to stay at all, turned around and walked, how far and how far they ran.

"Other people can go, traitors, must stay!"

On the dragon head, Lu Ming's voice spread throughout the audience.

Then, the dragon changed its direction and moved towards the supreme, the people of the supreme family killed.

"Damn, go, go!"

The supreme man roared, and with a divine power, took the supreme universe and fled wildly.

However, the Supreme Family has a large population, and other people do not have this speed. The Yulong's body twisted and caught up with a large group of Supreme Family people.

"Forgive life, forgive life!"

Many of the Supreme Family yelled in horror.

"Traitor, you must pay the price, go on the road!"

Lu Ming spoke indifferently.

The giant dragon's claws grabbed it.

bump! bump! ...

Large groups of people of the supreme family, the body exploded, crushed into the ashes by the power of the horror of the dragon, and turned into ashes, and they were all destroyed.

In an instant, hundreds of people from the Supreme Family fell.

The Supreme couldn't care about the rest of the Supreme Family, and took the most gifted descendant of Supreme Qiankun, and the other two Kings of the Supreme Family, and fled wildly.

"The supreme move, you can't escape!"

Lu Ming roared, and the bone demon controlled the dragon, chasing towards the supreme movement.

You Long has a huge body, which is hundreds of thousands of meters long. When the body twists, there is a terrible power burst. Wherever it passes, a large number of people from the Supreme Family are killed.

The reason why Lu Ming is so decisive, he did not show mercy, the purpose is to deter.

Shock Kong Xuanzong other people who want to betray.

Sure enough, seeing this scene, many people of Kong Xuanzong's face were pale, cold sweat, and secretly rejoiced. Fortunately, they did not surrender before. If they surrendered, I am afraid this is also the end.

"The traitor cannot be let go, the traitor must be punished!"

At this time, Yue Wuya shouted.

"Yes, people who must not let go of the Supreme Family, disciples of Kong Xuanzong, join me in killing the betrayal!"

Another veteran also shouted loudly and rose into the air, killing the people of the supreme family.

"kill!"

"Kill, kill, kill!"

Empty Xuanzong up and down, all killed the people of the supreme family.

How can a single supreme family rival the entire Emperor Xuanzong? After a while, all the supreme families were surrounded and launched a **** murder.

"No, spare your life!"

"Brother Gu, we have such a good relationship, please forgive me!"

People of the supreme family beg for mercy.

"The betrayal, don't make love with me. I used to have no eyes, I misidentified you as a friend, go on the road with peace of mind, kill!"

The people of Kongxuanzong will be merciful. In order to prove their loyalty, they prove that they and the supreme family are not all the same way, and they start even more ruthlessly.

People of the Supreme Family were killed in large groups.

At this moment, You Long Zai Landing Ming is already catching up with the other two **** kings of Supreme Action and Supreme Family.

"Master Dean, help, help!"

The Supreme yelled and asked the Dean of the Demon Academy for help.

He knew very well that, with his strength, it was impossible to be the opponent of the Yulong. He was caught up. There was only one way to die. Only the dean of the Academy of the Demon Academy could get a way out.

However, the dean of the Xiemo Academy was too lazy to ignore him, without looking at him, and flew forward quickly.

Just kidding, how could he save the Supreme Move and others, he could not wait for the Supreme Move and others to be caught up, so that they could delay the time and let them escape safely.

Seeing that the Dean of the Demon Academy was too lazy to ignore him, the Supreme moved to show despair.

"The demon, you are mean and shameless, you must not die..."

The Supreme roared continuously, cursing constantly.

"Supreme move, you are looking for death..."

The head of the Xiemo Academy was cold, and turning around was a magic sword slashing toward the Supreme.

The Supreme was shocked and attacked repeatedly to resist.

Although this was a sword from the Dean of the Demon Academy, the power was still terrifying. Although the Supreme Movement resisted, he had to stop.

As soon as he stopped, Lu Ming was caught up.

"Supreme move, die for me!"

Youlong's dragon claws have grabbed the supreme movement. This grab is much stronger than the sword of the Dean of the Demon Academy just now.

"Supreme Fist!"

The supreme movement roared madly, the whole body was filled with bright golden light, and the double fists continuously bombarded out, and a huge golden fist print came to the dragon claw.

However, after all, the Supreme Action is only the double of the King of God. Youlong can even suppress the Triple of the King of God. How can the King of King be resisted?

bump! bump! ...

The continuous explosion sounded, and the punches of the supreme movement collapsed, and the dragon claws kept on bombardment on the supreme movement.

Chapter 2917: Sorrowful

The huge dragon claw of the ghost dragon bombarded the Supreme Action, and the Extreme Action screamed. The body was blown out thousands of miles away. The mouth vomited blood, and half of the body exploded, how miserable it looked, how miserable.

Even the Supreme Universe beside the Supreme moved, was also affected, the lower body shattered, a face of horror appeared in the air, screaming again and again.

Seeing this scene, the other two **** kings of the Supreme Family changed their faces wildly, thinking about it or not, splitting into two directions, flying fast, and leaving the Supreme to move them regardless.

"Lu Ming, those two traitors are handed over to us!"

At this moment, the two old men flew over Lu Ming's side, then chased towards the two **** kings of the Supreme Family.

These are the two elders of Kong Xuanzong, but very powerful elders, both of whom have reached the double existence of the **** king.

The two God Kings who escaped from the Supreme Family were only the King of Gods, and they could not escape the double pursuit of God Kings.

The Yulong stopped, glaring eyes, glanced at the supreme movement and supreme universe.

The supreme movement and the supremacy of heaven and earth, all show the color of despair.

"Lu Ming, Lu Ming, I beg you, forgive me, as long as you forgive me, I can make cattle and horses for you and follow you with all my heart."

Suddenly, the Supreme Emperor Qiankun shouted and begged Lu Ming for mercy.

"Qiankun, what are you doing? If you die, why should you ask him for mercy? The boy of my supreme family, even if it is dead, has the bone to die!"

Supreme drink.

"Shut up, you want to die, I don't want to be with you..."

The Supreme Universe shouted at the Supreme, with a terrible face.

He is the arrogant man of heaven. He has a great future. With his talents, breaking through the realm of God is a matter of stability.

Once he reaches the **** king, Shou Yuan will explode, and he can live five star years. With such a long life span, how much happiness can he enjoy, and why he died

In order to live, what kind of guts, he can not.

Immediately, Supreme Emperor Qiankun turned to Lu Ming again, and immediately changed a flattering color on his face, saying: "Lu Ming, no, Lu Ming Shengzi, you can just let me go and do whatever I want, I will be sure Loyal to you!"

"It's really shameless!"

"It was a mistake to look at him before. Such a person can actually become our first son of Kongxuanzong. I shit!"

Seeing the face of Supreme Son, many Kong Xuanzong disciples were disdainful and disdainful.

"Oh, it's not impossible that I want to let you go, so, if you go and kill him, I will let you go."

Lu Ming pointed to the supreme move.

"Kill him? However, he is a strong king of God Realm, I am not his opponent at all!"

Supreme Qiankun looked ugly.

"This is simple, Youlong..."

Lu Ming transmitted a sound to Youlong.

"kill!"

Youlong roared, culling towards the Supreme.

At this time, the Supreme Action had been hit hard and could not escape at all, and could only reluctantly resist, but the Yulong captured the Dragon Claw and flew the Extreme Action again.

This time, the Supreme Injury was heavier, his body was ragged, and even the Divine Fire was almost extinguished, and his strength was nothing.

"Now, he doesn't have much strength. You can kill him. I promise you, as long as you kill him, I will never kill you."

Lu Ming said.

"Okay, I'll kill him!"

Supreme Qiankun gritted his teeth and rushed towards the Supreme.

"Supreme universe, do you dare?"

The Supreme roared, and his eyes were full of incredible colors.

He didn't expect that, supremely, he really wanted to kill him.

"Supreme movement, don't you say that I am the hope of the supreme family? So I can't die, you can fulfill me, as long as I live, the supreme family, the future can rise, do you understand?"

Supreme Qiankun secretly transmitted the voice of the Supreme Master, and at the same time, his body glowed, showing the Supreme Divine Fist and blasting towards the Supreme Master.

"You son of disobedience!"

The Supreme roared and was extremely disappointed with the Supreme Universe. Moreover, he didn't want to slap his hands. He would rather die in the hands of Lu Ming than the Supreme Universe. If he really died in the Supreme Universe, the Supreme Family, Will be stinky for years, be jokes.

Therefore, the Supreme moved against it.

He spared no effort and threw a punch.

boom!

The attacks of Supreme Action and Supreme Universe collided together, and a dazzling golden light burst out. Then, the bodies of the two were retreated.

"You... still want to resist, die for me!"

Supreme Qiankun roared, in order to express his loyalty to Lu Ming, his eyes were red, and he was crazy to kill the Supreme.

However, after all, the Supreme Action is the existence of the double king of God. Although serious injuries are frequent at this time, but under desperation, the strength is still very strong, and it is inseparable to kill the Supreme Qiankun together.

Suddenly, the two killed hundreds of moves.

At this time, the other two powerful kings of the Supreme Family had been taken by the two powerful kings of Kong Xuanzong, and the cultivation practice was abolished.

A large number of Kongxuanzong elders and disciples were all around, watching the battle of the supreme universe and the supreme movement from afar.

The three major overlords and some of the top powers have already fled, and Lu Ming did not let Youlong chase.

In the current state of the Yulong, it is okay to suppress the Dean of the Demon Academy slightly, but it is also impossible to kill the other party.

Youlong's current state is that with the strength of the flesh, the defense is amazing, more than enough to protect, but the attack power is insufficient.

Therefore, the other party can only escape.

"Die to me, old fellow, why would you resist, die to me!"

The Supreme Universe is completely crazy, constantly killing the Supreme.

At this point, the two were already injured.

"Lu Ming, you killed me, you killed me!"

The Supreme roared and wanted to die in Lu Ming's hands.

"There is a dog from the Supreme Family who listens to my orders. Why should I do it myself?"

Lu Ming sneered.

These words fell in the ears of the Supreme Emperor Qiankun, making him angry, but he did not dare to show anything, fearing to cause Lu Ming's dissatisfaction.

He can only vent all his anger to the body of the Supreme.

"Hey, nothing!"

At this moment, the Supreme sighed, he didn't want to resist anymore, and continued, it would only make people read jokes.

Suddenly Suddenly put away all the divine power, and did not continue to resist.

bump!

Supreme Qiankun punched on the head of the Supreme Movement, bursting the head of the Supreme Movement.

Extreme moving, falling!

A generation of **** king, but finally died in the hands of one of the most important juniors he valued, which is really a great sadness.

"Ha ha ha, old guy, you are finally dead, ha ha ha..."

The Supreme Emperor Qiankun laughed wildly, and then stopped for a while, and then looked at Lu Ming with a flattered face, and said with a smile: "Luo Ming Shengzi, look, I have killed the Supreme Action."

Chapter 2918: Supreme Universe

"nice!"

Lu Ming nodded and then taunted: "Supreme Qiankun, you are really as good as a pig or a dog. In order to save your life, you actually killed your elders!"

Creak!

The supreme Qiankun clenched his fists and was extremely humiliated.

He lowered his head, his eyes full of fierce murderous opportunities.

"Lu Ming, Lu Ming, I'll try my best first, as long as I save my life, one day sooner or later, I will make you pay ten times, no, one hundred times, one thousand times, your loved ones, I will kill each one in front of you. , I will abolish your cultivation, and let you live like a dead dog, live a painful life!"

The roar of madness in the heart of Supreme Qiankun hated Lu Ming.

However, when he looked up, the killing and hatred in his eyes disappeared, and some only smiled.

"The son of Lu Mingsheng said, but who is called the old guy of Supreme Movement is stubborn, and even the arrogant of Luming Shengzi dares to offend, it is really a pity to die!"

Supreme Qiankun said with a smile.

"Shameless, God, it's shameless!"

"It's too shameful, Lu Ming Shengzi said, this supreme heaven and earth, it is really as good as a pig!"

"I used to respect him that much, it was disgusting!"

Seeing this scene, many disciples of Emperor Xuanzong directly scolded and mocked.

Now, they are not afraid of supremacy.

In the heart of Supreme Universe, there is still a smile on his face, but there is still a smile on his face, and he smiles and says: "Lu Ming Shengzi, can I follow you in the future?"

"Follow me? I just promised not to kill you, but I didn't say you should follow!"

Lu Ming said lightly.

"Yes, yes, I don't deserve to follow Lu Mingshengzi, then there's nothing else, I'm going!"

Supreme Heaven and Earth nodded again and again, Lu Ming did not want him to follow, he was more happy.

"Go? The traitor still wants to go?"

Lu Ming's voice froze.

Supreme Qiankun's body was stiff, and his face was a bit ugly: "Luo Ming Shengzi, what do you mean? You just said that as long as I killed the Supreme Action, you promised not to kill me and let me go."

"Yes, I promised not to kill you, but it just represents me personally, but can't represent so many elder disciples of Kong Xuanzong."

"You have betrayed Kong Xuanzong, you will naturally be punished by Kong Xuanzong!"

Lu Ming said lightly.

"You...Lu Ming, you are mean, you are shameless, you don't speak..."

The supreme Qiankun roared, knowing that Lu Ming was fooled.

"Where am I not talking, I said not to kill you, just not to kill you, but I am just a son of Kong Xuanzong, but I have no right to represent Kong Xuanzong's elders!"

"Elders, you said, what should be the sin of betraying the sect?"

Lu Ming looked at the elders of Kong Xuanzong.

"Betray the Sect, deserve to be executed!"

Yue Wuya coldly said.

"Okay, then this supreme heaven and earth will be handed over to Elder Moon."

Lu Ming said.

"Ah, Lu Ming, you are mean and shameless..."

The supreme universe hysterically shouted.

Now, he still doesn't know where, from the beginning, Lu Ming never wanted to let him go.

Even the powerful ghost dragon, under the direction of Lu Ming, now only needs to say a word, empty Xuanzong up and down, who dares to violate it?

However, Lu Ming said that he could not represent the elders of Kong Xuanzong.

"Traitor, die!"

Moonless stepped out, and waved, a moonlight slashed towards the supreme universe.

What kind of cultivation practice is Yue Wuya? Although he has received some upbringing before, it is far from being able to resist the supreme Qiankun.

"Lu Ming, I curse you..."

The supreme Qiankun shouted, but before the words were spoken, he was hit by Yue Wuya.

At this point, the Supreme Family was almost wiped out.

After solving the Supreme Family, the eyes of Kong Xuanzong's people looked at Lu Ming, especially at the ghost dragon under his feet, full of awe.

The elder of Kong Xuanzong came to the landing.

"Lu Ming, don't know who this is?"

Yue Wuya's gaze looked at Youlong.

He asked, of course, Youlong.

"This is a friend of mine."

Lu Ming smiled.

"friend!"

Everyone's eyes narrowed, and Lu Ming became even more unpredictable in their eyes.

Such a powerful existence is actually Lu Ming's friend.

when! when!...

At this moment, the sound of bells was heard inside Kong Xuanzong.

"This is the death knell, what's going on?"

Many people's faces changed.

The death knell, under normal circumstances, will not ring, and only when Xuanzong Kong has a big figure falling, will it ring.

Kong Xuanzong did have a big figure fall this time, that is the supreme action, but the supreme action is a traitor, and naturally will not ring the death knell because of him.

"The Sect Master has fallen, the Sect Master has fallen!"

At this moment, a gray-haired old man flew out, crying sadly

"What? The Sovereign has fallen!"

Many people were shocked.

"Elder Shang, what's going on?"

"How could the Sect Master suddenly fall?"

Elders flew to the old man and asked.

"I don't know. Just now I saw that the overall situation was fixed, so I returned to the Life Palace and saw the Sect Master's life card broken!"

Shang Yuan Lao Tao.

Many big figures of Kongxuanzong will have life cards stored in the life palace.

Once the life card is broken, it represents a fall.

"what?"

"How could this happen? What happened?"

"No wonder the suzerain has never appeared before!"

Immediately, Kong Xuanzong went up and down, discussing and making various speculations.

However, no one can know the result.

Lu Ming will not talk about how Longzhou Mountain fell.

"The secession of the Sovereign is temporarily blocked, and no one will divulge it!"

Finally, the elders gave orders.

But they also know that such a big thing must not be hidden for a long time, and it will be revealed sooner or later.

They secretly rejoiced that there is now a strong man such as Youlong staying in Kong Xuanzong. Otherwise, once the matter of Longzhou Mountain's fall is leaked, Kong Xuanzong may face a crisis.

Not to mention the three hegemonic forces, even some top powers, they will not be afraid of them.

Next, many Xuanzong veterans began to discuss, how to arrange next.

Lu Ming suggested that all the elders assist Ouyang Qingxiang and temporarily take charge of Kong Xuanzong. After Ouyang Qingxiang becomes the **** king in the future, he will formally take over Zhang Xuanzong.

Ouyang Qingxiang was originally a sect, and Lu Ming spoke, and the elders naturally agreed.

Lu Ming's words now have a very heavy weight. As soon as he opened his mouth, the elders of Kong Xuanzong had to weigh.

In this way, many veterans assisted Ouyang Qingxiang to manage Kong Xuanzong, and Kong Xuanzong entered the right track.

Youlong Secret Realm!

"Lu Ming, this ghost dragon is too heavy. I will use this dragon flesh for the time being. I will stay in the dragon flesh for the next time, and heal the wound in this dragon secret. Other things are up to you."

The voice of the bone demon sounded.

Chapter 2919: Star Core

"Okay, don't worry about me despite your healing!"

Lu Ming nodded and looked forward to it.

This ghost dragon originally surpassed the existence of the **** king, and once restored, it will be extremely scary.

Of course, the soul of this ghost dragon has been destroyed, and the bone demon is only temporarily borrowing its flesh, and it is impossible to recover to its peak.

But even if it does not return to the peak period, as long as it returns to the realm of the God King's peak, Lu Ming can walk sideways.

"I'm leaving!"

Bone Demon said aloud, manipulated the Yulong, twisted his body, flew into the depths of the Yulong's secret realm, and disappeared.

Lu Ming, out of the secret realm of the dragon, soon came to a mountain peak.

This mountain is an independent peak of Kong Xuanzong. It has a very strong spirit and a superior cultivation environment. Even in the whole Kong Xuanzong, it can be ranked at the forefront, but now it belongs to Lu Ming alone.

After a simple formation around the mountain, Lu Ming came to a hall in the middle of the mountain and sat cross-legged.

Then, a storage ring appeared in Lu Ming's hands.

Looking at the storage ring, Lu Ming's eyes showed strong expectation.

Because, this storage ring belongs to Longzhou Mountain.

What kind of treasure will there be in the storage ring of the master of a sect?

Other Lu Ming did not know. Lu Ming knew that the star core must be in this storage ring.

"Sure enough, there is a ban!"

Lu Mingling swept away and found that the storage ring contained prohibition.

However, this is the storage ring of Longzhou Mountain, he can't find the **** king of Emperor Xuanzong, he can only break this prohibition by himself.

As soon as the thoughts moved, the six **** fires of Dantian were burning, led by the master divine power, and the six divine powers were mixed together, rushing towards the prohibition on the storage ring.

Lu Ming wants to slowly wipe out the ban above.

With the mystery of dominating the divine power, Lu Ming still took three full months to wipe out the prohibition on the storage ring.

Once the prohibition was wiped out, Lu Ming's spiritual consciousness entered the ring and could not wait to glance at it.

The first thing I saw was a jade box in the ring space.

Even across the jade box, you can still feel the surging energy inside.

Star core!

Lu Ming concluded that the star core was definitely contained in this jade box.

The palm glowed, and this jade box appeared on Lu Ming's palm.

"Good weight!"

Lu Ming's face changed, and he couldn't hold this jade box. The weight of this jade box was astonishing.

"Boy, with your current practice, you can't absorb this star core!"

In the knowledge of the sea, the sound of the word measurement tactic sounded.

"So what do you need to do to absorb it?"

Lu Ming said.

"This stellar nucleus is made by people with great magical powers, and its energy is strong and powerful. At least it needs the cultivation of the Divine Realm to absorb it. Otherwise, your soul and body will be burned to ashes! "

Measure the word.

"The **** king can absorb it, then wait until the year of the monkey!"

Lu Ming looked sad.

Originally, he got the stellar nucleus, and thought that he could use the stellar nucleus to repair and advance by leaps and bounds. It seems that he thought too much.

"Hey, boy, don't be frustrated, don't you forget, and my old lady!"

The sound of complacent measurement of the word sounded.

"You? Can you absorb and refine this star core?"

Lu Ming's tone was full of doubts.

At the beginning, it took so long to measure a piece of yulong blood jade and the energy of the ancient **** flower.

The energy of the stellar nucleus is much stronger than the dragon blood jade and ancient **** flower. I don't know how much stronger it is. How can the amount of words be refined?

Lu Ming seriously doubted.

"Boy, what is your tone of voice? Are you doubting my mother's ability? I'm so angry!"

How to measure the word roar.

"I don't doubt your ability, it's just... it's just that you used to regenerate the energy of the Yulong Blood Jade and the Ancient God Flower. It takes so long time, then does it take tens of thousands of years to refine this star core? One hundred thousand years?"

Lu Ming muttered.

"Fart, kid, what do you know? The old lady now lives on you and symbiosis with you. The old lady's ability is also determined according to your cultivation behavior. If your cultivation is weak, the old lady's ability is weak. Your The higher the cultivation level, the higher the ability of the old lady!"

"I used to have a weak refining ability. It was because of your waste. Do you understand?"

The vocabulary screamed.

Lu Ming was cold and sweaty.

But he also finally understood that the energy of the original word measurement formula is closely related to his strength.

This is reasonable, otherwise, how to measure words is also one of the original ancient characters, and the speed of refining energy before is too bad.

"Boy, now that your cultivation base has reached the heavenly realm, Lao Niang's refining energy has also been greatly improved, barely able to refine this star core, but it can only be slowly, a little bit of refining, thinking It will take a long time to refine all of them!"

"But even a little bit of refining, and waiting for me to give you the energy of refining, can also greatly increase your training speed."

"Boy, you have special exercises, you need to practice many kinds of divine power, many kinds of magical fire, especially when you reach the realm of God, you will condense more star cores than others. Then you will need more energy for each breakthrough. Others are many times more, and the speed of cultivation must be many times slower!"

"But with this star core, your cultivation speed will not be slow!"

The measurement method cracked and talked a lot.

Lu Ming's eyes brightened.

Indeed, he cultivated "The Thousand and One Thousand Ways", cultivated multiple divine powers, and needed more energy to break through than there are others.

In this way, the speed of cultivation is bound to be very slow.

Therefore, during this time, he did not dare to practice other magic methods, that is, he was afraid of affecting his cultivation speed.

But with this star core, even if he practiced as many divine skills as possible, he wouldn't be afraid of practicing as much divine power.

"Old man, can you directly swallow this star core?"

Lu Ming asked.

"of course can!"

Measure the word, and then Lu Ming's eyebrow glowed, and a word of "quantity" flew out of his eyebrow.

"Lu Ming, open the jade box!"

Measure the word.

Lu Ming immediately operated the divine power, condensed two big hands with the divine power, grasped the jade box, and then opened the lid of the jade box.

As soon as he opened the lid of the jade box, Lu Ming saw a crystal in the jade box that was as big as a human head, dazzling and dazzling, like a small sun, emitting terrifying energy fluctuations.

In an instant, there is a terrible energy to rise into the sky.

Fortunately, the quantification formula quickly became larger, directly covering the star core. The energy fluctuation disappeared and the star core disappeared in the next moment, avoiding alarm to others.

After swallowing the star nucleus, the measuring word tactics flew into Lu Ming's eyebrows and fell silent in the sea of knowledge.

Lu Ming knew that it would take time to refine the word nucleus, and he just had to wait for the harvest.

Chapter 2920: Sword Power

After handling the star core, Lu Ming began to sort out other things in the storage ring of Longzhou Mountain.

Even with preparations in mind, Lu Ming was still shocked.

There are too many treasures in the storage ring.

The lower-grade Shenjing and the middle-grade Shenjing are piled up like mountains. I don't know how many pieces there are, which is enough for Lu Ming to use for a long time.

There are also various kinds of magical pills with different functions, and the quality is excellent.

In addition, various refiner materials and metallic materials are also piled up.

Lu Ming's face was full of smiles. After the ball woke up, he could spend a long time without worrying about his rations.

In addition, there are all kinds of artifacts.

Lu Ming thought, and a crimson spear appeared in his hand.

Buzz!

Lu Ming turned his divine power and waved it out. There was a terrible roar in the air.

"Good gun!"

Lu Ming smiled.

This is a ninth-order top-grade artifact, which is most suitable for Lu Ming to use now.

Lu Ming immediately refined this artifact. After refining, this spear flew into Lu Ming's sea of knowledge. It was very convenient to use it later.

In addition, Longzhou Mountain also collected a lot of cheats for magic skills, cheats for exercises, cheats for secret techniques and so on.

Lu Ming sorted it out, and what delighted Lu Ming most was that there were actually two holy works of magic.

Neither Lu Ming has ever seen these two magical methods, which are included in Kong Xuanzong. Obviously, this is the private goods of Longzhou Mountain.

"Hahaha!"

Lu Ming laughed.

Now that he has a star core, he wants to practice several more divine powers, and there are ready-made magic methods to come to the door.

As long as these two kinds of divine skills are practiced, his divine power can be more profound.

Put away the two holy works of divine power alone, Lu Ming took out some storage rings.

These storage rings were obtained by Lu Ming who killed the Tianjiao of the Xiemo Academy and the Tianjiao of the immortal Jianzong.

Lu Ming sorted out these storage rings.

What made Lu Ming ecstatic was that he got two magical methods.

One was obtained from the Tianjiao Simu Kongting of the Xiemo Academy, and it was called "Multi-eye God's Secret".

Cultivation to the peak can cultivate multi-eye divine power, and the divine power mastered by the four-eyed empty court is this divine power.

The most exciting thing for Lu Ming was another one, which was obtained from the unstoppable Jianzong's peerless arrogance, Zhuo Fudo, and was called "Unending Sword Art".

This miraculous method is the magic method of immortal Jianzong Zhenzong, but it can be cultivated to the peak, but it is rare, because once you reach the peak, you can cultivate the divine power and the sword power.

Like the God Son of the Indestructible Sword Sect, the sword is infinite, which is to cultivate this magical skill to the extreme, cultivate it into divine power, indestructible, unbreakable, and amazingly powerful.

And Zhuo does not move, but only cultivates the divine power, far from training the divine power.

Lu Ming's heart jumped.

He has "The Thousand Ways", he doesn't need to practice to the peak, as long as he cultivates a ray of divine power, it's enough.

Immediately, Lu Ming decided to practice the four divine skills in the next time. As for those Wangpin divine skills, Lu Ming simply couldn't look down.

Because of Wang Pin's divine power, it is very difficult to condense the star core. When Lu Ming enters the Divine King Realm, Wang Pin's divine power will have little effect.

Lu Ming intends to look for opportunities in the future to integrate the three royal powers in his body into the holy powers, or holy powers with similar attributes.

"Let's practice the magic method of "Sword of Immortality" first."

Lu Ming thought about it, and then took out the "Indestructible Sword Art" and watched it carefully.

The skill of divinity and divine skill, the difficulty of cultivation, is naturally not comparable to that of divine divine skill. Lu Ming spent a full year to successfully complete the first practice.

Cultivating to the first level, Lu Ming condensed a line of indestructible sword power, which was enough for Lu Ming.

Cultivating to the first level, Lu Ming put down the "Indestructible Sword Skills", and then enlightened another holy divine skill "Multi-eye God Skills".

In this way, Lu Ming spent several years to cultivate the four divine skills to the first level, and cultivated a ray of divine power.

Cultivation here is just the beginning, and then Lu Ming runs the "Qiankun Wandaoyue" wholeheartedly to strengthen these four divine powers.

It takes a long time to cultivate these four divine powers to the same level as other divine powers.

Next, Lu Ming fell into a deep retreat.

The Qin Tianxing domain also fell into peace after some turmoil.

Time rushed, two hundred years passed.

For two hundred years, for Qin Tianxingyu, it was just a blink of an eye.

For Lu Ming, it was very rewarding.

In two hundred years, Lu Ming finally cultivated three of his holy powers to the point of being as strong and condensed as other powers. Only "Indestructible Sword Power", because it is a superpower of power, is more difficult to cultivate and has not yet been cultivated. The other divine powers are almost strong, but the gap is not too big.

As long as a few more decades, it should be able to catch up.

In this way, Lu Ming's Dantian has a total of ten divine powers, dazzling, like ten stars in the sky.

Among them, there are two kinds of divine power, five kinds of holy power, and three kinds of royal power.

Now, Lu Ming's cultivation practice, although still a deity, is a lot stronger than Lu Ming's two hundred years ago. His fighting power has also improved.

Moreover, in the past two hundred years, he is not completely practicing "Qiankun Wandao Jue", he has the time to learn the magic method of the dragon and dragon, various divine skills, and the war character tactics.

In all aspects, there has been a good improvement.

In terms of magic skills, Lu Ming's third strike, Lu Ming's successful third move, star burst!

This trick, known as the starburst, is so powerful that one can imagine it.

In addition, the nine-day Kunpeng technique and the nine-fold red gold armor respectively entered the seventh level.

Jiutian Kunpeng has reached the seventh level and has reached the top.

However, the nine-day Kunpeng technique is a kind of incomplete speed magic skill, there must be other higher weights, Lu Ming plans to spend time to find some.

In addition, the war word tactics, Lu Ming finally cultivated four times the fighting strength to the peak, reaching a 100% success rate.

Lu Ming has already begun to comprehend five times the combat power, but five times the combat power is really difficult. After many years of training, Lu Ming still has no clue.

In short, after two hundred years, Lu Ming's cultivation practice has not been improved, but the combat power has been greatly improved.

Now let Lu Ming continue to face the **** child devil Jiuye of the Xiemo Academy, Lu Ming is confident to suppress the other party.

At this time, outside the mountain, a flourishing figure came.

"Autumn Moon!"

Lu Ming got up smiling, greeted him, took Qiuyue's little hand, looked at Qiuyue carefully, and then his eyes lit up, and he was surprised: "Qiuyue, you have broken the heavens!"
