Chapter 2941: Contradictions

"Actually defeated!"

At this time, in the Jiu Jue Tian Wang Mansion, some young people murmured to themselves, and some were difficult to accept this fact.

Before the battle, they were full of confidence and believed that this was a suspenseless competition. They simply could not lose.

Therefore, they would promise Lu Ming that they would be forgiving for millennia.

The purpose is nothing more than wanting to humiliate Lu Ming and exert pressure on the Qin Tianxing domain to make the people in the Qin Tianxing domain understand that they are not able to fight against the Jiu Jue Tianwang Mansion.

It can also make people who steal treasures surrender and hand over treasures.

At first, the plot was indeed similar to what they had conceived. After waiting for the sword, Jin Xing came out, almost swept away, and crushed the arrogance of Qin Tianxing.

However, they never imagined that a black horse was killed halfway.

A Lu Ming, showing the strength that even they were amazed, swept them in reverse, letting them taste the defeat.

At the moment, Lu Ming raised his hand and the audience gradually became quiet.

Lu Ming put away the ancient magic formula, his body began to shrink, and turned into a human form.

"Now that you have lost, the conditions you promised should be fulfilled!"

Lu Ming shouted.

Others in Qin Tianxing's territory also gazed at the people of Jiu Jue's King's Mansion.

Jin Xing, Wei Dao and others looked ugly.

They deliberately want to get rid of it, but they said it in public. They are so proud of the arrogance of the heavenly palace.

So for a time, they did not know how to answer.

"Why? It's not countless if you don't say anything?"

Lu Ming's voice followed, and this matter was completely buckled on the head of Jiu Jue Tian Wang Mansion, making the other party think it too.

"Why wouldn't we count what we said, well, the old man promised today to give you Qin Tianxing domain for a thousand years. After the millennium, you still can't hand over the Jiu Jue God Crystal, my army of Jiu Jue Tian Wang Fu will arrive !"

In Jiu Jue's King's Mansion, a white-haired old man spoke, and his voice spread throughout the audience.

"Okay, it's a word!"

Lu Ming answered.

"Remember, you only have a thousand years to go!"

The old man with white hair left a word and turned away.

"Lu Ming, in the future, I will definitely defeat you, Yixue's shame today!"

Jin Xing's eyes fell on Lu Ming, a war-filled Tao.

"If you lose today, you may have no chance in the future!"

Lu Ming responded, full of strong confidence.

"Look and see!"

Jin Xing said coldly, and then turned away.

Soon, the people in the Heavenly King's Mansion in Jiutian retired.

Qin Tianxing people are ecstatic.

This time, I finally won a thousand years.

For thousands of years, although it is nothing to the vast universe, at least there is a chance to breathe.

This time, Lu Ming won the chance.

Many people looked at Lu Ming's eyes, full of gratitude.

However, many major forces still have a sense of urgency.

In a thousand years, in a blink of an eye, can they really find the treasures of the Nine Heavenly King's Mansion?

"Let's go!"

Lu Ming came to Ouyang Qingxiang and left them together. After a while, they returned to Kong Xuanzong.

Soon after, news spread throughout the Qin Tianxing domain, and the people of the Nine Jupiter's Mansion all quit the Qin Tianxing domain.

However, the atmosphere of Qin Tianxing's territory was not relaxed because of it, but more dignified.

Because the major forces in the Qin Tianxing domain are suspicious of each other, and they are all speculating about who stole the treasures of the Jiu Jue Tian Wang Fu.

"Whoever stole the treasures of Jiu Jue Tian Wang Mansion and quickly handed them over? Is this trying to kill everyone?"

"Which force is so selfish is really hateful!"

There are more and more such voices.

This force is guessed to be stolen by that strength.

That power is guessed to be stolen by this power.

There are inherent contradictions among the major forces in the Qin Tianxing domain. At this time, the contradictions are naturally inspired.

Some forces even have some friction, and there is a tendency to do it.

The two forces, Chiyan and Bingpo, are even more powerful.

The Chiyan tribe said that the Bingpo tribe had stolen the treasures of the Jiu Jue Tian Wang Mansion.

However, the Bingbi tribe is naturally unwilling to show its weakness, saying that the Chiyan tribe stole the treasure.

The two races were originally world feuds, and the contradictions were extremely deep. As a result, the fire between the contradictions was completely ignited.

A few months later, the two races were finally in conflict and launched a war.

In this battle, even the God of the King level has dispatched a lot, and the two sides fought fiercely, hurting each other.

After that, there was a long tug of war.

Both sides invested a lot of troops in the galaxy at the border, and wars broke out from time to time.

The atmosphere between the 13 cases of Qin Tian was also extremely tense.

And those small forces are in danger.

In this way, ten years have passed.

Thirteen cases of Qin Tian, barely maintaining balance, only occasionally broke out some small friction, but this will continue, as the millennium is getting closer and closer, there will definitely be a war.

At that time, I am afraid that the army of Jiu Jue Tian Wang Mansion has not yet arrived, and Qin Tian Xing Yu will be weakened by self-harming.

On this day, Lu Ming received the news from the Bingpo clan, and the Bingpo clan invited him to gather together.

Lu Ming was a little puzzled, but still didn't refuse. He drove towards the Bingpo tribe alone.

"Brother Lu, I haven't seen you for a long time, you are getting stronger and stronger, and you have been far away from me!"

It was Bingqing, the nine son of the Bingpo clan, who received Lu Ming.

Seeing Lu Ming, Bing Qing laughed at herself.

When Lu Ming fought against Jin Xing, Wei Dao and others, Bing Qing didn't see it because he was in retreat. After hearing that, he was naturally shocked.

"Brother Bing is polite, I don't know if the nobles come to me this time, what is the so-called thing?"

Lu Ming said.

"I heard that it is about the treasures of Jiu Jue Tian Wang Fu!"

Bing Qing's face became solemn, and he whispered a sound to Lu Ming, fearing that it would be heard by others.

"Treasures of the Nine Peerless King's Mansion? Do the nobles have news?"

Lu Ming's eyes lit up.

"It seems to have found a clue, Lu Ming, my father is waiting for you, you go with me, my father will tell you."

Bing Qing whispered.

Lu Ming was curious.

If the Bingpo clan really found a clue, why would he be called?

What does this have to do with him?

With curiosity, Lu Ming and Bing Qing came to a courtyard.

In the courtyard, there was a table, and on the table, only two people were sitting.

One is Bing Qing's father, the head of the Bingpo clan.

The other person is the first day of the Bingpo clan, Bingqing's seventh brother, Bingxian.

"Lu Ming, you are here!"

Seeing Lu Ming, the Patriarch Patriarch, and Bingxian, all smiled and got up to meet.

"Junior Lu Ming, have seen the ice chief!"

Lu Ming politely clenched his fists, and then greeted Bingxian.

Chapter 2942: The doubt of the Patriarch Patriarch

"Haha, Lu Ming, please sit down!"

Lu Ming, the patriarch's bold smile, asked Lu Ming to sit down.

Lu Ming and Bing Qing sat down beside them.

"I wonder if the ice patriarch came to Lu Ming, what is the so-called?"

Lu Ming had no politeness, and directly asked the question in his mind.

"Lu Ming, this time I came to you just because of the theft of the treasure of Jiu Jue Tian Wang Fu!"

The patriarch patriarch said.

Lu Ming's face moved slightly and said, "Did the patriarch have found a clue?"

"I did find some clues, but I'm still not sure!"

The Patriarch Patriarch said, after he finished, he pondered for a while, and then said: "Lu Ming, Dark Ice Clan, should you know?"

"Dark Ice Clan? You mean, the one who betrayed the Ice Soul Clan?"

Lu Ming expression moved.

He still remembers that when he was commissioned by Zongmen, he came to help the Bing Soul Clan to go to the ancestral land and retrieve the Bingyu Hanxin. In the Bing Soul Ancestral Land, he met the dark arrogance of the Dark Bing Clan. Bing Yuhuan heart, also hit a big shot.

Is this matter related to the Dark Ice Clan?

"I speculate that it was the Dark Ice Clan that stole the treasures of the Jiu Jue Heavenly King's Mansion. The Dark Ice Clan has been weakening over the years, and the Jiu Jue God Crystal can help the Dark Ice Clan rise again and even defeat our clan. Back to the pinnacle of Qin Tianxing territory!"

The patriarch patriarch said.

"Ice Patriarch, this matter, but your speculation, or is there evidence?"

Lu Ming took a sip of tea and asked quietly.

Naturally, he would not believe the other party's words so easily.

The Ice Soul Clan and the Dark Ice Clan have deep hatreds, and they both want to destroy each other. If the Ice Soul Clan wants to frame the Dark Ice Clan, it is not impossible to destroy the other party.

Seeing Lu Ming asking this question, the Patriarch Patriarch smiled slightly. He was an old river and lake, and he lived the endless years. What Lu Ming thought, he naturally knew.

"Lu Ming, you may think that I will frame the Dark Ice Clan, but this matter is related to the survival of the Qin Tianxing Realm, and it is also related to the survival of my Clan. How can I play, and there are many opportunities to deal with the Dark Ice Clan, and I will choose at this time."

The Patriarch Patriarch smiled and continued: "In the past, the Dark Bing tribe was originally active and often had friction with our tribe, but during this time, the Dark Bing tribe contracted, converging all the tribes, and moved a little. None, this is very suspicious!"

"I suspect that they have obtained the treasure and want to accumulate power in secret and wait for the day of the outbreak!"

"The ice clan chief, even if the dark ice clan did it, but with the defense of Jiu Jue Tianwang Mansion, how could the dark ice clan steal the treasure?"

Lu Ming asked again.

If the Dark Ice Clan has such a strong ability to steal treasures from the Jiu Jue Tian Wang Mansion, then the Ice Soul Clan will be extinguished, and the Qin Tianxing domain will be unified.

"This is the crux of the problem. I suspect that inside Jiu Jue Tian Wang's mansion, there are internal traitors, and collusion with outsiders, otherwise, it is difficult for outsiders to steal the treasure from Jiu Jue Tian Wang's mansion."

The Patriarch Patriarch lowered his voice.

Lu Ming's face also changed slightly.

To be honest, Lu Ming thought about this before.

Jiu Jue Heavenly King's Mansion is one of Taixu's holy dynasties and 27 Heavenly King's Mansion.

Not to mention that the Jiu Jue Tian Wang itself is cultivated to measure the earth. Even the guard force of the Jiu Jue Tian Wang's palace is terrifying and unfathomable. Outsiders want to steal treasures from the heavy guards, and they don't know the ghosts. It is almost impossible.

There is only one reason, that is, Jiu Jue Tian Wang Mansion, there are internal traitors, and collusion with outsiders, so as to steal the treasure without knowing it.

However, in Qin Tianxing Realm, which force would collude with the people of Jiu Jue Tian Wang Fu?

"In the Qin Tianxing domain, to be honest, no matter whether it is my Ice Soul Clan, Chiyan Clan, or Qin Tian Thirteen Sects, in the eyes of Jiu Jue Tian Wang Fu, it is not worth mentioning, nor is it qualified to make nine The great forces of the Peking Mansion, the big family!"

"However, the Dark Ice Clan is an exception. After the Dark Ice Clan was defeated, they moved away from the Qin Tian Xing Realm and wandered elsewhere. It took a long time before they returned to the Qin Tian Xing Realm. Therefore, the Dark Ice Clan is most likely to get to know each other. The people of Jiu Jue Tian Wang Fu!"

"Moreover, my clan has always been secretly staring at the dark ice clan. Some time ago, the dark ice clan was very active, and often sent people to leave the Qin Tianxing territory and go to the territory where the Jiu Jue Tianwang Mansion is located. This is the biggest doubt!"

Patriarch Patriarch explained.

"Actually!"

Lu Ming also has a bright eye.

Hearing that the Patriarch Patriarch said this, he really felt that the Dark Ice tribe was the most suspected.

"If it is really the Dark Ice Clan, the master of Jiu Jue Tian Wang Mansion, why colluded with the Dark Ice Clan to steal the treasures of Jiu Jue Tian Wang Mansion? What benefit does it have for those people?"

Lu Ming asked, still have a lot of doubts.

"This point is not clear. I am also puzzled. Doing so, on the surface, does not have any benefits for those of the Jiu Jue Tian Wang Mansion, but I estimate that the other party must have a purpose for doing this!"

The Patriarch Patriarch frowned.

"However, all of this is my speculation. There is no evidence to say that it is not enough to win the trust. People in the Jiu Jue Tian Wang Mansion will not believe me."

The Patriarch Patriarch sighed.

"Bing Patriarch, do you invite me to come, what does it have to do with this matter?"

Lu Ming asked again.

Even if this matter is really as the Patriarch Patriarch guessed, what does it have to do with him? What help can he provide?

"First of all, we have to find evidence that the Dark Ice tribe has stolen treasures, but if we want to find evidence, it is almost impossible in the Qin Tianxing domain. Only when we go to the Jiu Jue Tian Wang Mansion can we find the evidence!"

The patriarch patriarch said.

"Bing Patriarch, did you want me to go to Jiu Jue Tian Wang Mansion to find evidence?"

Lu Ming flashed his eyes and asked.

"Not bad!"

The Patriarch Patriarch nodded and said, "My tribe puts an eyeliner on the Dark Bing tribe, but the Dark Bing tribe also puts an eyeliner on my tribe. As long as my tribe sends people to the Jiu Jue Heavenly King's Mansion, they will immediately alarm each other, Instead, they will be scared!"

"Moreover, it is not suitable to go to Jiu Jue Tian Wang Mansion too much, and it will also alarm the Dark Ice Clan."

"Only people of the younger generation go to the Jiu Jue Tian Wang Mansion and go to the Jiu Jue Tian Wang Mansion on the grounds of honing and searching for other arrogance, so that they won't alert others. Because of such things, every era has A lot!"

Lu Ming understood that the Patriarch Patriarch wanted Lu Ming to go to Jiu Jue Tian Wang Mansion to investigate the case of the theft of treasures in Jiu Jue Tian Wang Mansion and found evidence of stealing treasure from the Dark Ice Clan.

"Okay, let me go!"

Lu Ming nodded directly.

"what?"

The Patriarch Patriarch froze for a moment, and apparently did not expect that Lu Ming would agree so simply.

He asked Lu Ming to come up with this opinion. As for whether Lu Ming would agree, he would not force it. Unexpectedly, Lu Ming agreed without any hesitation.

Chapter 2943: Devil mountain

The Patriarch Patriarch naturally did not know that Lu Ming had planned to go to the Jiu Jue Tian Wang Mansion.

Because of the thrilling thing, Lu Mingshi must go to Taixu Sheng Dynasty, and Jiu Jue Tianwang Mansion is the only way to Taixu Sheng Dynasty.

Lu Ming originally planned to wait for the cultivation to be higher, before going to the Taixu dynasty. However, it is also beneficial to go to the Jiu Jue Heaven Palace in advance. At least, he can learn more about the situation of the Taixu dynasty.

"It's not too late, I will set off in a few days!"

Lu Ming pondered for a while, then said again.

"Lu Ming, you go to Jiu Jue Tian Wang Mansion, it is best to go to Modu Mountain first!"

The patriarch patriarch said.

"Magic Mountain?"

Lu Ming showed his doubts.

"Good, Modu Mountain!"

The Patriarch Patriarch nodded again and said, "To the west of the Qin Tianxing Field, it is a star field close to the Qin Tianxing Field. It is called Chu Tianxing Field, and Modu Mountain is in the Chu Tianxing Field!"

"Before, the people of the Dark Ice Clan left Qin Tianxing Realm and often went to and from Modu Mountain. I suspect that the Modu Mountain is the place where the Dark Ice Clan and Jiu Jue Tianwang Mansion come into contact. Very few people know about this matter, we have been secretly staring at the Dark Ice Clan and found it accidentally!"

The patriarch patriarch said.

"Okay, let me go to Modu Mountain first!"

Lu Ming nodded.

The two sides chatted for a while, and Lu Ming got up and left.

Before leaving, the Patriarch Patriarch gave Lu Ming a starry sky map of the Jiu Jue Tian Wang Mansion, but the territory occupied by the Jiu Jue Tian Wang Mansion was too large. The star sky map only gave an approximate direction, many small places, It's not obvious.

Therefore, Lu Ming thought of Wu Zifeng.

Wu Zifeng, who was born in Wu Family of Jiu Jue Tian Wang Mansion, went to Jiu Jue Tian Wang Mansion. He still needed help.

It happened that Wu Zifeng was in Kong Xuanzong during this time.

Soon afterwards, Lu Ming returned to Kong Xuanzong, found Wu Zifeng, and explained his intention. Wu Zifeng agreed.

Yue Linglong knew, and shouted to be together.

In the end, Lu Ming took Qiuyue, Wu Zifeng, and Yue Linglong. They left Kong Xuanzong quietly without disturbing anyone.

If you want to leave the Qin Tianxing domain, you must take a cross-celestial teleportation array.

The Qin Tianxing domain's interstellar transmission array is in Wanlingxing.

The four came to Wan Ling Xing, and after paying high travel expenses, they embarked on a teleportation array to Chu Tian Xing territory.

Lu Ming, feeling that he was traveling through the void, he was moving forward in a void channel, looking at the light and shadow that was skipping around, Lu Ming knew that he was moving at an alarming speed.

However, the distance between the two star fields is too far, too far, even if you take the teleportation array, the transmission process is very long.

This process lasted for half a month.

Shaking four weeks, a burst of light punctured, Lu Ming knew, Chu Tianxing domain, arrived.

Lu Ming secretly marveled at the teleportation array, and it took half a month to transport. This distance can be imagined how long.

If you are flying, you don't know if you want to fly to the Year of the Monkey, even the King of Gods, I am afraid that there are no thousands of years, and it is difficult to cross such a long distance.

The distance between two star fields is often many times greater than the territory of the star field itself.

"Here is the Manduoxing River and Modu Mountain, which is the closest to the Chutian Star Field, and the other side, let's go!"

Wu Zifeng is quite familiar with Chu Tianxing domain. He led Landing Ming and others and continued to ride the teleportation array towards Modu Mountain.

Modu Mountain is really a mountain. It is a mountain floating in the cosmic sky. It is as huge as a wild mountain. It is huge and bigger than many planets.

The vast universe, all kinds of strange things, nothing strange, not necessarily all planets.

Some **** mountains, which are bigger than the planet, are suspended in the air.

Even some continents, suspended in the cosmic sky, form their own world.

Even more amazing is that there are huge ancient cities suspended in the starry sky.

There are even huge ancient trees and huge corpses of wild beasts that have evolved to form a world.

There are so many of them, Lu Ming is not surprised.

After a month of driving, they finally approached Modu Mountain.

Standing in the universe's star field, when viewed from a distance, a huge and immense mountain is suspended in the starry sky.

This is Modu Mountain!

"go!"

Lu Ming flew past first, at the same time, with a divine power, enveloped Wu Zifeng and Yue Linglong.

Because neither Yue Linglong nor Wu Zifeng has reached the heavenly **** realm, both of them are the realm of the sevenfold real god.

To be honest, this speed of cultivation is already extremely fast. Of course, compared with Lu Ming and Qiuyue, it is naturally much different.

The four descended on the edge of Modu Mountain and then flew forward.

Soon after, a big city appeared in front.

Above the city gate, there are three big characters: Jiang Mo City.

At the gate of the city, it is quite lively, and people are coming and going.

The four of them walked in, and inquired about the situation of Modu Mountain.

There are thirty-seven large cities in Modu Mountain.

One of them is the Demon City.

The other thirty-six big cities are all acropolis of Modu Mountain, which surrounds the Modu City and protects the Modu City.

In Modu Mountain, Modu City is high above the ground, and it is the undoubted ruler with extremely strong strength.

It is said that the master of the magic city is a **** king called the night **** king.

Moreover, in the magic city, there is a special product called Demon Night Spring. This Demon Night Spring has a great help to the souls of practitioners. It can nourish the soul and increase the strength of the soul.

The soul of the practitioner is the most important. It is difficult to ascend.

One can imagine the value of Moyequan.

The main source of income for Modu Mountain is the sale of Moye Spring.

However, Moyequan is so precious, there must be many forces staring at it. The night **** of Modu Mountain is just an ordinary king, and he can't control such a precious treasure at all.

But the truth is, no one dares to move the Magic City.

Because, behind Modu Mountain, there is a strong force of Jiu Jue Tian Wang Fu backing up.

Many big forces in Chu Tianxing Realm know that there is a big force of Jiu Jue Tianwang Mansion behind Modu Mountain, but it is not clear which one is the specific force.

"It seems that if you want to investigate whether the Dark Ice Clan colludes with the forces of Jiu Jue Tian Wang Mansion, you have to start with Modu City. However, Modu City has very strict control and prevents outsiders from entering!"

Lu Ming frowned.

The Modu City, unless it is special, is to prevent outsiders from entering, so Lu Ming must first find a way to enter the Modu City before he can investigate.

Unfortunately, for several days in a row, Lu Ming did not think of a good way to enter the magic city.

On this day, the four Lu Ming wandered around the street and continued to inquire about the news. Suddenly, several figures appeared in front of the four Lu Ming, blocking their way.

Chapter 2944: Demon Guard

A total of four big men stopped in front of Lu Ming.

The four big men, dressed in black iron armor, are full of faces, and at first glance are fierce characters.

"The four of you are outsiders, haven't seen you before!"

One of the big men with scars on his face glanced at Lu Ming and the others, and as he swept across Qiuyue and Yuelinglong, a hot flame flashed in his eyes.

"Yes, we are outsiders, just come here to experience!"

Lu Ming answered casually.

"Just here? Nonsense!"

The scarred man suddenly shouted, with a greasy smile on his face, staring at Qiuyue and Yuelinglong, saying: "Sometimes ago, two female thieves appeared in the magic city and stole the treasures of the city master. This figure is very similar to the two female thieves. Now, I want to arrest them and bring them back for interrogation!"

"Brothers, take it!"

The scarred man yelled.

"Hey, hey, two female thieves, just grab your hands and catch!"

The other three black armored men looked **** and smiled towards Qiuyue and Yuelinglong.

Now, the fool can see that the four men with scars are clearly fancy with Qiuyue and Yueling's posture. They want to get their fingers dirty. What a female thief is just an excuse for casual talk.

"court death!"

Wu Zifeng burst into anger, his breath burst out, and he punched out.

"Every true **** is sevenfold, and I want to do it to me, to death!"

Scarred Han sneered, shot with a palm, a terrible palm power, flooded towards Wu Zifeng.

Tenjin triple!

The repair of the Dao Han is a triple god, which is much stronger than Wu Zifeng. Even if Wu Zifeng is a genius, he can't make up for it.

Seeing that this palm fell, Wu Zifeng was crippled even if he didn't die.

Uh!

A figure appeared in front of Wu Zi's seal and waved his hand to remove the palm of the scarred man.

"Huh? Boy, you dare to fight back, I don't know if it's alive or not, brothers, these two boys are handed over to me, and you won those two girls!"

The scarred man shouted.

"Shoot!"

The other three big men shot together, reaching out the devil's claws and grabbing towards Qiuyue and Yuelinglong.

Lu Ming didn't shoot, and the other three big men, the cultivation base was nothing more than a deity, and could not be Qiuyue's opponent at all.

Sure enough, a white sword light bloomed from Qiuyue's hands.

puff! puff! puff!

Blood flashed out, three screams came out, and the three black-clad giants retreated.

The three black-clad men, each with one palm, were cut by Qiuyue.

Moreover, Qiuyue's attack contained the dominance of divine power, and it was difficult for the three big men to recover.

"Ah, bitch, you dare to break our hands, you are looking for death, I want to take you down, riding underneath and ruining it!"

"Bitch!"

The three black armoured men roared and raged.

"dead!"

Qiuyue spoke indifferently, and with a wave of her hand, another knife burst out of her hand.

"not good!"

The three black armoured men's faces changed wildly, and their bodies receded quickly, trying to dodge.

However, Qiuyue's attack was astonishingly fast. In comparison, the speed of the three black-clad men is like a snail.

puff! puff! puff!

Three murmurs rang again, and then everyone saw the three black armored men stiff there, motionless.

Their eyebrows oozed blood, and there was no vitality in them.

The three black armoured men fell and their souls were destroyed by Qiuyue in a moment.

"You... you dare to kill the people who will defend us, you are looking for death!"

The scarred man roared, his mouth screamed, and his violent breath filled out.

"I wanted to investigate in secret and didn't want to cause trouble, but I met someone who was looking for death!"

Lu Ming spoke indifferently, stepped out towards the scarred man, and punched him.

"The magic sword!"

The Scar Scarred Man shouted, the sword came out of the sheath, and he slashed towards the landing.

However, although the Scarred Han is a threefold cultivation practice of Tianshen, which is equivalent to Lu Ming, but he is only the most common **** controlling Wang Pin's divine power. The combat power is too far away from Lu Ming.

boom!

A nine-clawed dragon flew out and rushed to the scarred man.

In the face of Lu Ming, the Scar Scarred Man could not withstand a blow at all. The Nine Claw Dragon rushed over, and all attacks by Scar Scared Man collapsed instantly.

bump!

Scarred Han's body was torn by the Nine Claw Dragon and fell to the spot.

The four men with scars were all wiped out.

The streets were full of people watching the lively scene, and there was a lot of talk at this time.

"These four young men are so brave that they dare to kill Mowei, they are done!"

"I'm afraid the other generals have been disturbed and will come soon!"

As if to confirm this sentence, a deep roar came from the depths of the magic city.

"Close the city gate, start a large formation, dare to kill my demon defender, frustrated!"

As soon as the words fell, the gates around the magic city were quickly closed, and a mask was raised in the sky of the magic city.

boom! boom! ...

The magic city broke out in all directions, a strong breath, a black figure, and they rushed to the landing.

Wu Zifeng, Yue Linglong's complexion changed slightly.

Qiuyue and Lu Ming were calm.

In the entire Modu Mountain, only the Lord of the Modu City is the strongest of the King Realm.

With Lu Ming's current strength, as long as it is not the **** king's shot, Lu Ming is not afraid, no matter how bad it is, it is still possible to escape.

Uh! Uh! ...

In all directions, figures flew over and over, all dressed in black armor, from all races.

"The Demon Guard is here!"

The people around were frightened, and many people backed off again and again, making room for Jiang Mowei.

Lu Ming they were surrounded in all directions, surrounded by densely guarded demons.

"A lot of people!"

Lu Ming glanced and found that the number of Jiangmowei appeared, there were 3,000 people.

The three thousand demon guards are all cultivated in the heavenly realm. This force can be said to be very amazing.

"Jiang Mocheng is just one of the 36 acropolises of Modu Mountain. It has such a strong power, it is really amazing..."

Lu Ming sighed.

You must know that the strongest person in Modu Mountain is also the existence of a **** king. Under your command, there are so many army of gods in the sky, so Lu Ming must be surprised.

"Perhaps, is it related to Moyequan?"

Lu Ming thought.

There are magic night springs in Modu Mountain, which is absolutely very rich. It is not impossible to gather a lot of people in the gods to form an army.

"Boy, it's you who killed my demon guard!"

A particularly burly brave man stepped out, and his violent breath pressed against Lu Ming.

This man is the general of the demon guard, and he has six cultivators.

"Not bad!"

Lu Ming responded lightly.

"Okay, very good, in Jiangmo City, dare to kill me who will defend Mowei, very good!"

General Demon Guard spoke terribly, and then shouted: "Shoot, the man killed, the woman stayed!"

Chapter 2945: War broke out

"kill!"

With the order of General Demon Guard, the army of General Demon Guard shouted, and at the same time, hundreds of General Demon Guards stepped out, rushed to the landing Ming, attacked one after another, and drove away to the landing Ming.

In their view, only Lu Ming had some threats, and Wu Zifeng and others were not afraid.

"Sinners do not live!"

Lu Ming spoke indifferently, and in Tan Tian, ten gods of fire were burning, ten kinds of divine power, gathered together, and poured into the arm of Landing Ming.

boom! boom! ...

Lu Ming threw his fist continuously, and the nine-clawed dragons rushed out.

A total of six Nine-claw Divine Dragons, the Dragon Claws will continue to step, will completely destroy the attack of the Demon Guard, and then continue to pounce on them, like the dragon claws of the mountains, and grab them towards them.

"Ah, no!"

"Rewind!"

"No!"

Hundreds of demon guards yelled in horror and wanted to avoid, but it was too late.

The dragon claws grabbed it, whether it was the first deity, the second deity, or the triple deity, all exploded and destroyed.

In one move, hundreds of demons will be destroyed.

Sisisi...

There was a sound of cold breathing around.

Obviously, Lu Ming's combat power was so strong.

"Damn it, quickly lay down the demon formation!"

The general Mowei was shocked, and then shouted, summoning a large array of demon guards against Lu Ming.

But Lu Ming will not give him this opportunity.

"Broken..."

A cold voice sounded, and a dazzling lance was assassinated towards General Mowei.

With this move, Lu Ming has triggered the double combat power of Zhanzi Jue.

The general of the Demon Guard could not resist it at all, his eyebrows were directly penetrated by the gun, and his body fell to the ground.

"The general is dead!"

As soon as General Mowei died, thousands of Mowei suddenly went into chaos, flying away like the ants on the hot pot.

"Hold on!"

Suddenly, in the high altitude, there was a loud drink, a very powerful breath, filled the spot, thick like a mountain.

"Dare to come, I will make the magic city trouble, I do not know life and death, kill!"

In the high sky, there was another scream, and then, a figure rushed towards the landing. The man had not arrived yet, and a dark palm print had already slammed down towards the landing.

"Ten God Eightfold!"

Lu Ming's eyes narrowed slightly, and as soon as the other party shot, Lu Ming felt the action of the person who shot.

call out!

Holding a spear, Lu Ming rushed upwards, and a gun burst into the sky, as big as a mountain, spurting toward the palm print.

boom!

The guns and the palm prints bombarded together, and a roaring sky broke out, and the sky shook violently, full of energy.

Then, the guns and palms dissipated together.

At the next moment, a middle-aged purple robe appeared in the sky, his figure was thin, but his breath was like a mountain.

"City Lord, it's the Town Lord!"

"See Lord Lord!"

Seeing the middle-aged purple robe, calmed the demon guard and saluted the middle-aged purple robe.

"Arrange!"

Purple robe middle-aged waved his hand, spoke lightly, full of majesty.

Suddenly, thousands of demon guards flashed, and arranged a large formation, waiting for the formation.

The middle-aged eyes of Zipao were coldly staring at Ming Ming.

"It has been a long time since no one dared to kill the Magic City and the Magic Guard in me. You will pay a heavy price for this!"

The Lord of the Magic City spoke indifferently.

"You don't ask, why am I killing?"

Lu Ming said.

"Why kill, I don't need to know, I just know, you kill the person who will kill the magic city, that's enough!"

The voice of the Lord of the Magic City is more indifferent.

As soon as the words fell, he slammed towards the landing, and the whole body of Tenjin's eightfold cultivation behaviors broke out. The horror of his palms, like the mountains and the sea, squeezed towards the landing.

"Humph!"

Lu Ming snorted coldly, and the other party shot Lu Ming without asking, and also inspired Lu Ming's anger.

In an instant, Lu Ming triggered three times the fighting strength of the Zhanzi Jue.

Buzz!

The spear trembles, and the mountain-like spears sweep across the void.

boom! boom! . . .

The huge gun-mans, and the black palm prints, constantly colliding, in a flash, the two of them fought dozens of moves.

"Break me, cut the moon!"

Lu Ming sipped, holding his gun in two hands, slashing down, a huge crescent-shaped lance, slashing forward.

bump! bump!

The palm prints from the Lord of the Magic City burst continuously.

The magic city's face changed wildly, and his figure suddenly retreated, and he has been backed up for 10,000 meters, before he stabilized his figure, and his face was pale.

"So strong?"

The people watching around, as well as the demon guard, were shocked.

Lu Ming is nothing more than the triple cultivation of the gods. The combat power is so strong that it can actually retreat the Lord of the Magic City.

"Is this person a peerless arrogant from outside!"

The Lord of the Magic City himself was shocked.

In addition to the foreign peerless arrogance, how can other people have such a strong combat power.

"Huh, even if the outsider's arrogance is there, it will cost us to kill the demon guard!"

The eyes of the Lord of the Magic City were cold.

"Boy, a little patience, but if it's just this patience, it's still dead, Demon Soul Seal!"

The master of the devil city shouted, and suddenly a series of runes appeared on his body. These runes formed a spell seal, which was somewhat similar to Lu Ming's junior middle school blood spell.

However, these mantras, like a demon, are covered with the whole body of the Lord of the City.

The face of the Lord of the Magic City was exposed with pain.

However, his breath rose sharply.

In one fell swoop to the realm of Tenjin.

"Boy, die for me!"

The Lord of the Magic City roared and slammed towards the landing. His claws became devil's claws, which were sharper than the artifacts and caught Lu Ming.

"Broken, Broken..."

Lu Ming continued to use the first form of "Breaking the Sky", a three-strike blow to the world. A series of guns burst from Lu Ming's hands and covered the void, killing the Lord of the Magic City.

The two again confronted each other, but this time it was evenly divided.

The two kept shooting in the air, fighting each other, dozens of consecutive moves, who could not help anyone.

With Lu Ming's current cultivation practice, even if he does not display the ancient **** body, triggering the war character tactics triples the combat power, which is enough to fight against the existence of a god.

"This kid, how can he be so powerful?"

The master of the magic city was more and more shocked.

At this moment, not far away, a young man in purple robe appeared.

"Young city master!"

Many saw Mo Wei to see this young man and saluted one after another.

This person is the Lord of the Demonic City Young Master, Yan Zhi.

Yan Zhi also stared at Ming Ming.

"Tenjin triple, actually has such a strong fighting force..."

Yan Zhi whispered, with deep jealousy in his eyes, but at the next moment, his eyes turned, and the color of jealousy disappeared, thoughtfully.

"Father, stop first!"

Then, Yan Zhi gave a voice to the master of the magic city.

"stop?"

Confused the Lord of the Magic City.

"Yes, stop, and reconcile with this person. This person's talent is amazing. Perhaps, we can use him to help us recapture the Lingye Lake!"

Yan Zhi continued to speak.

Chapter 2946: Battle of Magic City

"Lingye Lake? Not bad, not bad!"

The eyes of the Lord of the Magic City suddenly turned on, then, after he and Lu Ming had a match, his body quickly retreated.

"Wait a minute, stop playing!"

Shout the Lord of the Magic City.

Lu Ming's eyes moved. Originally, he also wanted to trigger a four-fold warfare strategy to completely solve the other party, but the other party suddenly stopped playing. Lu Ming froze for a moment, but also stopped, and did not continue to shoot.

"Little brother, with your strength, you must be a peerless arrogant from outside. I believe you will not kill for no reason. Just now, what is going on?"

Ask the Lord of the Magic City.

"It's really bullying!"

Lu Ming smiled in his heart, thinking that the other party was bullying and afraid, and after seeing his strength, he was afraid.

However, Lu Ming did not want to fight the other party to the end, nor did he want to make things too big.

He came to Modu Mountain for the purpose of investigating the Dark Ice Clan and investigating the case where the treasures of Jiu Jue Tian Wang Mansion were stolen. The incident was too loud, but it was not conducive to his investigation.

"What's going on? Ha ha, your people are really overbearing..."

Immediately, Lu Ming briefly explained what happened just now.

After listening, the face of the Lord of the Demon City was angry, and he sneered: "It turns out that it is true that I can take people without asking them indiscriminately. It is really dead!"

Then, he glanced at the other general demon guards and said: "How do I usually explain to you, I must give evidence, do you understand? Today, those who fell are your lessons!"

"Yes Yes!"

Many nodded Mowei repeatedly, but their hearts were strange. Normally, the city lord did not confess this way. Of course, they dared not question the city lord's words.

"Little brother, it seems that this is a misunderstanding. I was Meng Lang before. Without asking the reason, I shot the little brother. I'm really sorry. Fortunately, the little brother is powerful. Otherwise, I'll do it!"

Smiled the Lord of the Magic City.

Lu Ming smiled faintly and made the Lord of the Magic City stunned, wouldn't he see it.

"Then how to solve this matter?"

Lu Ming asked.

"A lump-sum cancellation is naturally a lump-sum cancellation!"

The main road of the magic city.

"Under Yan Zhi, the master of the young city of the devil, don't know what to call Xiongtai?"

At this time, Yan Zhifei came over and greeted Lu Ming with his fists.

The so-called person who didn't make a smile on his face, Lu Ming also smiled lightly, said: "Lu Ming!"

"It turned out to be Brother Lu, Lu Ming should have come from the Jiu Jue Tian Wang Mansion, and only the Jiu Jue Tian Wang Mansion, can be out of Brother Lu's arrogance!"

Yan Zhi said politely.

"almost!"

Lu Ming will not deliberately deny it.

"Brother Lu is really the arrogance of the Nine Great King's Mansion. I like to make brother Lu the most in my life. Seeing today, I am really lucky for three lives. Brother Lu, can you appreciate your face and go for a drink?"

Yan Zhidao.

"of course can!"

Lu Ming turned a thought in his heart and nodded.

The other party, the owner of one of the thirty-six cities of Modu Mountain, has great power in Modu Mountain. Perhaps it is helpful for Lu Ming to investigate the Dark Ice Clan.

Lu Ming really has to integrate into Modu Mountain to better investigate.

This point requires the help of the other party, and Lu Mingyi is bold and not afraid of the other party's tricks.

"please!"

Wave the Lord of the Magic City.

Soon after, a banquet was prepared in a hall in the main palace.

Lu Ming, Qiuyue, Wu Zifeng, and Yue Linglong all attended, and accompanied the demon city host and Yan Zhi together.

"Brother Lu, you are coming to Modu Mountain for the purpose of the Battle of Modu!"

After drinking two glasses, Yan Zhi turned his eyes and asked with a smile.

"Magic Battle?"

Lu Ming, Wu Zifeng and others all showed doubts.

"Brother Lu, don't you know that the Devil Wars?"

Yan Zhi looked surprised.

"I don't know, I heard for the first time!"

Lu Ming shook his head.

"Not for the war of demons? Then Brother Lu came for Moyequan?"

Yan Zhi guessed again.

"Yes, it's really for the Magic Night Spring!"

Lu Ming's heart moved. This time, he did not deny it.

"It's not easy to get Moyequan. You have to enter Modu City before you can have the opportunity to buy it. Brother Lu, can you have access to Modu City?"

Yan Zhi asked tentatively.

"I don't have a channel yet, I don't know Brother Yan, can there be a way to help me enter the Magic City?"

Lu Ming asked back.

The happy look in Yan Zhi's eyes flashed away, and said: "There are ways to do it, but we recommend the magic city and the number of places to enter the magic city is very limited..."

Speaking of which, Yan Zhi stopped.

"coming!"

There was a move in Lu Ming's heart. With Yan Zhi's tone, Lu Ming still didn't understand where the other party was going to ask for conditions.

"Brother Yan, speak straight!"

Lu Ming said.

"Well, there is just one thing underneath. I want to ask Brother Lu for help. If Brother Lu can help me achieve it, I will find a way to let the four of you enter the Magic City and even get the Magic Night Spring."

Yan Zhidao.

"Please speak!"

Lu Ming said.

"Recently, we will have a matchup between the magic city and the nearby ape magic city, all of which are played by the younger generation, fighting for a spiritual land, each side, sending three, which side wins, the spiritual land will be Which party do you belong to? I would like to invite Brother Lu to play the magic city instead!"

Yan Zhi finally stated his purpose.

Lu Ming smiled lightly, he knew long ago that Yan Zhi was conditional, otherwise, he killed so many people in the Magic City, how could the other party just say no.

"Okay, I agreed, when?"

Lu Ming nodded directly.

It was just a duel of the younger generation in Modu Mountain. Lu Ming didn't care about it at all. For him, there was no difficulty, it was just a show of effort.

"Just tomorrow, I would like to thank Brother Lu!"

Yan Zhi raised his glass.

The Lord of the Magic City, sitting on the side, slowly drinking wine, has not spoken.

After three trips to the wine, the banquet ended. Lu Ming and the four of them lived temporarily in Jiangmo City.

The second day!

"Brother Lu Ming, so as not to play the grass and startle the snake, so that the other party is suspicious. How about you friends, if you are not good with them, how about staying in the magic city for a while?"

The main road of the magic city.

"Alright!"

Lu Ming nodded.

It's just a few competitions, and it will end soon, so Qiuyue they will stay here first.

Then, Lu Ming, Yan Zhi, and another young man in Jiangmo City, the three of them left Jiangmo City together and walked towards the city of ape.

Ape Magic City is also one of the thirty-six acropolis of Modu Mountain.

Modu Mountain, Modu City is high above, commanding Modu Mountain.

The thirty-six acropolises under their command are fighting each other. The magic city is closed with one eye closed.

The battle between the magic city and the ape magic city is particularly powerful.

In recent years, the two parties have been fighting for a spiritual place, the Lingye Lake, and there will be wars from time to time.

Chapter 2947: Ape change

Therefore, the magic city and ape magic city, set a rule.

Every once in a while, the two sides will send three younger geniuses to face each other. The victorious party will get the right to use the Lingye Lake.

This time, it was time for the two sides to compete.

When Yan Zhi saw Lu Ming's shot and showed his amazing fighting power, he moved to invite Lu Ming to help him, and then he called the Lord of the Magic City.

Soon after, a giant city appeared in front of them.

The gate was closed, and above the gate, it was already full of people.

Standing above the gate is the Lord of the Ape Demon City, and there is another person, the son of the Lord of the Ape Demon City, Yan Zhi's rival.

"Yuan Shan, we have arrived, who are you going to fight with?"

Yan Zhi shouted and stared at one of the burly youths.

The young man, with extremely long arms, hangs down to his knees and has a very burly figure. This person is the aristocratic city master, Yuan Shan.

"You are really in a hurry. Since you are in a hurry to lose, then of course I will fulfill you!"

Yuan Shan smiled and stepped out.

As Yuan Shan came out, there were two other young people.

One man and one woman.

The man's is ordinary, but the woman's is rather beautiful, with a colorful snake on her arm.

Yan Zhi's eyes fell on the woman with a snake wrapped in her arms. Her pupils narrowed slightly and said, "This beautiful girl hasn't seen it before. Yuan Shan, is it your helper you invited from outside?"

"On your side, there is also someone I haven't seen, but also invited from outside!"

Yuan Shan's gaze looked at Lu Ming, and his gleams shone.

Yan Zhi's face sank, looking at the woman with a snake wrapped in her arms, a little suspicious.

Their natural arrogance in the Modu Mountain, they naturally know the roots, but once there is a natural arrogance invited from outside, they have no bottom.

Although Lu Ming's combat strength is strong, after all, he only has the triple cultivation of Tenjin. He can't figure out the cultivation of the woman with a snake wrapped around his arm.

"Come on, Yan Zhi, let's go. I'll send you off earlier. I have to go back and drink with the girl?"

Yuan Shan said loudly, and when he saw the back, he looked at the woman with the snake in her arms, and the fiery light flashed in her eyes.

"It's not necessarily us who lost, Liu Han, you shot first!"

Yan Zhi ordered.

"Yes!"

Beside Yan Zhi, the young man walked out.

"You solve him!"

Yuan Shan pointed at a young man beside him.

The young man stepped forward and stood opposite Liu Han.

"Still the old rules, the winner is the winner!"

Yuan Shandao.

Yan Zhi nodded.

boom!

The two young men on the field fought fiercely together.

"Ten Gods are fourfold, control the divine power!"

Lu Ming showed a little surprise.

This is just the arrogance selected by the two acropolises below Modu Mountain. Lu Ming did have some surprises because of this cultivation practice.

Such characters, placed in the Qin Tianxing domain, can already be regarded as the characters of the Holy Child.

"It's said that the Qin Tianxing domain is the edge of the Taixu sacred pilgrimage. The level of cultivation is very low. Even the Jiu Jue Tian Wang Mansion, which is usually too lazy to care about, too lazy to manage, seems really reasonable!"

Lu Ming thought.

Although the Chu Tianxing domain is close to the Qin Tianxing domain, the level of cultivation is far above the Qin Tianxing domain.

Here, Jiu Jue Tian Wang Fu, but there are sent troops stationed, some sent to manage.

No matter the cultivation environment or cultivation level, Chu Tianxing domain is far above Qin Tianxing domain. There are more geniuses born.

The two men were equal in strength, and their fighting power was also equal. After a hundred battles, they both suffered injuries and vomited blood.

The first game, a draw!

"Yan Zhi, it's time for us!"

Yuan Shan stepped out, and the emptiness of the earthquake thundered.

"This time, I will definitely beat you!"

Yan Zhi's eyes shone with fierce light.

He and Yuan Shan went from small to big, but every time, he was not enemies, and they were all weaker. This is his heart disease.

"Defeat me? Hahaha, Yan Zhi, I tell you, you will not be my opponent in your life!"

Yuan Shan laughed, his long arms waved out, his huge fists blasted towards Yan Zhi, and a dull explosion was heard in the air.

Yan Zhi greeted him with a wave of his palm.

The two knew the roots and were very familiar with each other's tricks, so at the beginning, the two were equally matched, and no one could help anyone.

The cultivation practices of both of them are in the five gods.

"Ape King changes!"

After a long battle, Yuan Shan screamed, his body swelled up, and his skin grew into fine long hair, which turned into a giant ape with a height of 50 meters.

"You actually turned into ape king change!"

Yan Zhi shouted in shock.

"Haha, I said, you will not be my opponent in your life!"

Yuan Shan laughed, stepped on the ground, and every step he stepped on, the ground continued to explode and the gravel splashed.

boom!

Yuan Shan's fist, like a small bag, blasted towards Yan Zhi.

Yan Zhi shouted, and covered the dark and dark divine power with his body, which turned into a few magic knives and slashed towards Yuan Shan.

However, when Yuan Shan's fist bombarded the magic knife, the magic knife shook violently and then burst apart.

"Defeat me, defeat!"

Yuan Shan yelled continuously, his fists continually swayed, Yan Zhi also desperately, the magic knife slashed madly, and in a flash, hundreds of knives were cut.

However, after all, Yan Zhi lost, and the magic knife continued to shatter and burst, completely unable to withstand Yuan Shan's attack.

boom!

Finally, Yuan Shan bombarded Yan Zhi with a fist, Yan Zhi screamed, his body flew out like a shell, fell heavily on the ground, and vomited blood.

"Yan Zhi, I said, you are not my opponent!"

Yuan Shan laughed and was extremely arrogant.

Yan Zhi's face was extremely ugly. This time, he was even more defeated than before, and the gap between him and Yuan Shan widened again.

Now, I can only watch Lu Ming's performance.

"Boy, come on, let me see, the strength of outsiders!"

Yuan Shan's eyes turned to Lu Ming.

"Shoot, wait for me, you won't have a chance!"

Lu Ming said lightly.

Although Yuan Shan has good strength, he has not put it in his eyes.

"Arrogance!"

Yuan Shan roared, kicked his feet, his body resembled a hill, and slammed toward the landing. His huge fists exploded in a series, his violent fist, and he slammed down toward the landing.

Although Yuan Shan said that Lu Ming was arrogant, he did his best with one shot.

He did not dare to care about the foreign arrogance.

Uh!

Lu Ming performed the nine-day Kunpeng technique, and his body flashed a few times, evading Yuan Shan's attack.

However, Yuan Shan's figure was also extremely fast, twisting his body, and slamming toward the landing.

Lu Ming flashed and avoided again.

"Don't run away if you have the ability, fight me head-on!"

Yuan Shan roared.

"I'm giving you the opportunity to let you play. Once I shoot, you won't have a show. Since you are so anxious, you will succeed!"

Lu Ming's faint voice sounded.

Chapter 2948: Weird gas

Lu Ming's voice sounded, and then, stepped out, the glory of divine power shone on his fist.

Roar!

With the sound of a dragon chant, resounding through Jiuxiao, a nine-clawed dragon flew out of Lu Ming's palm and rushed towards Yuan Shan.

Yuan Shan's pupils contracted sharply and yelled, his fists burst like a storm.

In the blink of an eye, he threw out hundreds of punches.

However, the dragon claws of the Nine-claw Divine Dragon stepped on, and his fist marks collapsed.

puff!

A dragon claw was heavily caught on Yuan Shan's body. Yuan Shan screamed. The 50-meter-high giant ape body flew out and smashed on the wall of the ape demon city, causing the city walls to rumble and shake .

Yuan Shan's body also shrank quickly, becoming the size of an ordinary person, vomiting blood in his mouth, and he was shocked in his eyes.

Lu Ming was right, as soon as he shot, Yuan Shan had no chance of shooting.

"Humph!"

On the city wall, the Lord of the Ape Devil City snorted heavily.

"Lian Lian, next, it's up to you!"

Yuan Shan stabilized his injury and looked at the woman with a snake in her arms.

The woman with a snake in her arms smiled slightly, and her foot crossed slightly. She came to Lu Ming and said, "This son is really good at doing things. I don't know which family he comes from?"

"Which family do I come from, why should I tell you, don't get close to me, get rid of it!"

Lu Ming pouted.

The woman with a snake in her arm's face sank.

In her posture, she took the initiative to be close to a man. Normal men would not refuse.

Unexpectedly, Lu Ming was so boring.

"Oh, your cultivation base is good, but in front of me, what is it? Go, kill him!"

The snake-armed woman's face froze. With a swing of her arm, the little snake wrapped around her arm slammed towards the landing. The speed was like lightning, and it was amazingly fast.

In Lu Ming's hand, a spear appeared, stabbing at the snake.

But the little snake was very flexible. When he twisted, he avoided Lu Ming's spear and continued to rush towards the landing.

Sisisi...

During the fight, the little snake opened his mouth and sprayed a thick green mist. The space was suddenly full of disgusting smell.

poison! Very toxic!

Lu Ming's expression changed.

The highly toxic nature of the Honghuang universe is naturally not comparable to that of the heavenly realm. It is terrifying. Legend has it that some of the highly toxic substances can poison all the living beings of an entire life planet instantly.

"Rewind!"

Seeing this scene, Yuan Shan and others were shocked and quickly backed away, pulling away from the snake-wrapped woman.

Yan Zhi and another young man's complexion also changed drastically, and they quickly retreated.

Thick green poison gas blew toward the landing.

"Broken, Broken..."

Lu Ming shakes the spear and stabs it continuously. The gun blasts the air and blasts out the poisonous gas.

However, the venomous snake was extremely flexible, blinking constantly, approaching the landing.

call out!

Then, a venom spurted out, like an arrow off the string.

This venom is liquefied by poison gas, and its power is even more terrifying.

However, Lu Ming's face was calm, and with a wave of his hand, his power surged out, forming a wall of energy.

The venom sprayed against the wall of strength and made a sneering noise, but it did not break the wall of strength.

"Master the power, hum!"

The woman with a snake in her arm saw Lu Ming's divine power, stretched out coldly, and twisted the water snake's waist, and personally killed Ming.

A soft whip appeared in her hand, waving like a viper.

"Ten gods sixfold?"

As soon as the woman shot, Lu Ming sensed the strength of the other party, and the divine power of the other party's cultivation was divine power.

The soft whip roared, and the power was terrifying.

"Cut Moon..."

Lu Ming whispered, ten kinds of divine power converged, and chopped down, forming a crescent-shaped lance, slashing towards the soft whip.

With a snap, beyond Lu Ming's expectation, the soft whip was cut off directly, with almost no hindrance.

However, after the soft whip was severed, it turned into a thick fog that enveloped Lu Ming entirely.

"Hehe, shrouded by my extinct fog, wait for death!"

The voice of a woman with a snake wrapped in her arms sounded full of murderous opportunities.

Lu Ming frowned, and this woman's shot was a killing move, and he was dealt with to death. The method was extremely fierce.

The mist was filled with spirit, and it rushed towards the landing.

Lu Ming's thoughts moved, ten kinds of divine power to cover the whole body, protect themselves, to isolate the fog.

However, what changed Lu Ming's face was that his divine power could not completely block this mist.

A ray of mist penetrated into the wall of divine power and penetrated into Lu Ming's body. Lu Ming's body did not have much defense against this kind of mist.

This kind of mist, without any harm to Lu Ming's body, went directly to the landing Ming Ming sea, rushed to Lu Ming's soul.

嗤嗤...

Lu Ming's soul made a sneering noise and bursts of tingling throughout Lu Ming's body.

This mist can actually hurt the soul.

The vast universe, most practitioners, mainly focus on divine power.

The second is the **** body, and the one who cultivates the soul is the least.

Most people believe that as long as the divine power is strong enough, everything can be destroyed and the world destroyed.

No matter how strong your soul cultivation is, I will destroy your **** body, and your soul will also be destroyed, so what is the use of cultivation soul?

Therefore, this means of directly attacking the soul, Lu Ming encountered it for the first time in the vast universe.

boom!

Lu Ming manipulated the divine power and rushed towards the soul, trying to destroy this mist.

嗤嗤...

The divine power collided with the fog and made a sneering noise, but the effect was not as obvious as Lu Ming thought.

"Huh? Not dead yet!"

The woman with arms wrapped around the snake, her eyes kicked, was very surprised.

In general, the triple existence of the Tenjin, shrouded in his mist, will instantly destroy the soul and die.

But Lu Ming seemed to be fine.

She naturally did not know that Lu Ming was in control of ten divine powers, two of which were still divine powers.

The gathering of ten divine powers partially offset her kind of mist, so that kind of mist was harmful to Lu Ming, but it was not particularly big, but it was only a little stinging.

"Little poison mist, let the old lady **** it!"

At this time, the sound of Liang Zi Ju sounded, the word "quan" glowed, and a strong attraction appeared. The mist was absorbed by Liang Zi Ju at once.

The mist was absorbed, and the woman with the snake around her arm sensed it, her face changed, and then she sipped, and the little snake lingered toward the landing.

"It's over!"

Lu Ming whispered, nine cold chains of ice suddenly flew out of his body.

Nine ice chains entangled the little snake all at once, and the chill spread, and the little snake was directly frozen into ice.

"You...you're about to release Xiao Green!"

The woman with arms wrapped around the snake screamed.

"Let it go? Is it possible? Since the beginning, the killer everywhere, without giving you a lesson, when I am so bully?"

Lu Ming sneered, the ice chain shocked, and the little snake broke into powder directly.

Chapter 2949: fury

"You... you killed Xiaolu, you killed Xiaolu, ah, I want you to die, I want you to die!"

The woman with a snake in her arms screamed, her eyes red.

She opened her mouth, and there was a continuous mist spitting out from her mouth, and she blew towards the landing.

Lu Ming was shrouded in fog by the air.

Roar! Roar! ...

Suddenly, in the mist, the sound of Longyin continued to sound. Then, six nine-clawed dragons appeared, each of which was ten thousand meters long.

Six nine-clawed dragons rushed out, inspiring vast energy, and those mists were crushed at once, and scattered in all directions.

When Kun Peng's figure flashed, Lu Ming appeared in front of the snake-wrapped woman.

The woman with the snake around her arm was frightened, and she quickly backed away. Then she pushed her hands together, and several pythons condensed and rushed towards the landing.

But six nine-clawed dragons passed by, and the python shattered.

bump!

Nine-claw Shenlong rushed out, and the dragon claw hit the snake-wrapped woman. The arm-wrapped woman screamed. She stepped into Yuanshan's footsteps and hit the city wall. He vomited blood and spit blood. How many roots are there.

The woman with a snake wrapped in her arms is only a sixfold celestial god. Even if she controls the divine power, it is almost the same as Qin Wuyou.

However, her method is rather weird and can directly hurt the soul, so Lu Ming will be delayed for some time.

Now that mist is useless to Lu Ming, the woman with a snake in her arm is naturally vulnerable.

"kill!"

Lu Ming drank coldly, Nine Claws Dragon Fascination, and continued to fight the woman who wrapped the snake around her arm.

Since the other party is going to kill her, Lu Ming will not let him go.

"No, Lord Ape Save me!"

The woman with a snake in her arms shouted in horror.

"stop!"

The Lord of the Apes Demonic City shouted, his body burst out, and he punched out, defeating the Nine Claws Dragon Fascist, saving the woman with arms wrapped around the snake.

"Ten Gods Ninefold?"

Lu Ming whispered that the cultivation base of the ape demon city master was one heavier than that of the devil deity city master.

However, Lu Ming is not afraid, and is far away from it.

"Master Ape, do you want to violate the rules?"

Yan Zhi shouted.

According to the rules, the characters of the older generation cannot intervene, otherwise, the Lord of the City will be able to impeach the Lord of the Apes in the City of the Magic City, so that he will not be able to walk around.

"Well, who said I was going to violate the rules, but just after the first battle, the winners and losers were already separated, so why bother to kill?"

The Lord of the Apes City said coldly.

Lu Ming sneered, but did not continue to shoot.

He is a fearless ape devil city host, but if he fights against the ape devil city host, I am afraid that some cards will be exposed. In this devil city, Lu Ming always feels that it is better to keep some cards.

"Ape City Lord, we won this battle, Lingye Lake, it's our turn!"

Yan Zhi said loudly.

The Lord of the Apes Mo City, his face was a bit gloomy.

He didn't arrive first, and actually invited the magic city to such a powerful Tianjiao, even the woman with the snake around her arm was not an opponent.

"Take it!"

With a cold expression on his face, the Lord of the Apes Demonic City flew a piece of token to Yan Zhi and was caught in his hand.

Looking at the token in his hand, Yan Zhi was overjoyed.

With this token, the Spirit Liquid Lake will be used by the Magic City. In the future, the strength of the Magic City will definitely be improved.

"go!"

The Lord of the Apes Demonic City snorted, turned and walked towards the city.

Others also turned away.

"Boy, kill Xiaolu, I have written down this account!"

The woman with a snake in her arm swept Lu Ming coldly and flew into the city.

"Brother Lu, this time, thanks to you!"

Yan Zhi came to Lu Ming and thanked Lu Ming.

"It's okay, as long as you can help me into the magic city."

Lu Ming smiled faintly.

"That's for sure, let's go, let's go back!"

Yan Zhidao, immediately, the three of them went to the demon city.

Soon after, will be in the hall of the magic city.

"Hahaha, good, good, good!"

He looked at the token in his hand and laughed, very happy.

He has been competing with Ape Magic City for many years, and has been suppressed for many years. Now he finally wins the other side, and he is naturally happy.

"Master Yan, how about some of my friends?"

Lu Ming said.

Hearing this, the Lord of the Magic City changed his face slightly, revealing a smile, and said: "Several of your friends are retreating and practicing. It is estimated that it will take a while to get out of the customs. Brother Lu stayed here for an extended period of time. , Haha!"

"Retreat?"

Lu Ming's face sank, and a cold light flashed in his eyes.

The Lord of the Magic City is lying. He is going to compare with the Ape Magic City. It will not take much time at all. Qiuyue, they will never choose to retreat at this time.

Moreover, three people retreat together.

"Master Cheng, what about my friend? I want to see them!"

Lu Ming aggravated his voice and apparently did not believe the other party.

"Brother Lu, they are really retreating..."

The main road of the magic city.

boom!

On Lu Ming, a strong breath rushed out, terrifying coercion pervaded the hall.

Yan Zhi's face changed, his body quickly retreated, and retreated behind the Lord of the Magic City.

The face of the Lord of the Magic City also sank, changing.

"Say, my friend, stop fooling me with closed doors!"

Lu Ming's voice increased, and there was a faint ice cold murder.

"Hey!"

At this moment, the Lord of the Magic City suddenly sighed and said, "Yes, they are indeed not in retreat. At this moment, they are no longer in the Magic City!"

"Not in the Magic City? What do you mean?"

Lu Ming's voice was colder, barely suppressing his anger.

"They were taken away!"

The main road of the magic city.

"Who?"

Lu Ming asked.

"Brother Lu Ming, you still don't ask, the other party is not something you can offend."

The main road of the magic city.

"Say, who is it?"

Lu Ming shouted.

"Brother Lu Ming, you should leave now, some of your friends, you just treat them as dead!"

The main road of the magic city.

boom! boom! boom!

This remark made Lu Ming's breath more violent, like a volcano erupting.

"Say!"

Lu Ming's voice was cold, revealing a cold killing opportunity.

His patience has reached its limit.

"Hey, since Brother Lu is so persistent, let me tell you!"

Sighing the Lord of the Magic City, stepped forward a few steps closer to Lu Ming as if to tell Lu Ming.

But when he approached the Lord of the Devil City near Lu Ming, a cold killer burst into his eyes, and he said coldly, "Go to die!"

call out!

A magic knife stabs at Landing Ming's eyebrows.

"court death!"

Lu Ming was furious, and his divine power erupted like a volcano. At the same time, the four-fold combat power of the Warrior Word Trigger was also triggered. In his eyebrows, a chain of ice flew out, blocking the blow of the Lord of the Magic City.

Without a hit, the main body of the Devil City was quickly retreated, and Yan Zhi was taken back far away.

Chapter 2950: Lu Ming

"Do it!"

Bringing Yancheng the Lord of the Magic City back, far enough back, he yelled.

Uh! Uh! Uh! ...

As soon as the voice of the Lord of the Magic City fell, a figure appeared in all directions.

The demon guard, the demon guard with more than three thousand, will be in all directions, and the surrounding water will not leak.

Moreover, the positions of these demon guards are regular, and more than three thousand demon guards are placed in a large array.

The Lord of the Magic City was already prepared and had no intention of letting Lu Ming leave.

"Where is my friend?"

Lu Ming asked again, his murderous chance has been strong and extreme.

"Oh, let me tell you, your friend, was taken away by the people of Modu City, and it was I who notified the people of Modu City to come."

Sneered the Lord of the Magic City.

"why?"

Lu Mingqiang suppressed his anger and asked, now he needs more information to save Qiuyue.

"Why? Hahaha, let me tell you, the Night Lord of the Demon City, on every Acropolis Master, has a Demon Soul Seal, which is torturing me all the time, only for the great merit Only then can the spell be lifted, do you understand?"

"And a few of your friends are very talented, and they are bestowed to the magic capital city, which is the best material to become a magic slave, haha!"

The Lord of the Magic City shouted and laughed like a madman.

Lu Ming understood that the Lord of the Magic City was dedicated to Qiuyue, Wu Zifeng and Yue Linglong to the Demon City, just to lift the demon's curse on him.

"I recaptured Lingye Lake for you, did you repay me in this way?"

Lu Ming said coldly.

"People don't do anything for themselves, they will die out of heaven, sacrifice you, I can be liberated, what's wrong? Just take you down and dedicate it to the demon king, he will definitely lift the mark of my demon soul, ha ha ha!"

The Lord of the Magic City laughed, his face full of anticipation, as if he had seen the moment when he was lifted from the Magic Mark.

"You... **** it!"

Lu Ming spoke indifferently, and his voice was extremely cold.

At this moment, he was extremely strong in killing the city master.

He really didn't expect to despise the Lord of the Devil City as such.

No wonder he suggested Qiuyue to stay here before, because he had planned everything.

Even Lu Ming, he did not want to let go.

"Lu Ming, you have a bit of strength, but before that, I was ready to lay the Demon Guard, gather 3,600 forces of the Demon Guard, and suppress you, more than enough!"

"Shoot!"

Shout the Lord of the Magic City.

"kill!"

"kill!"

A total of 3,600 people screamed the Demon Guard, and gathered their magical powers in a strange way, forming a big hand, bombarding the landing sound, and suppressing Lu Ming.

The power of this palm reached at least the Ninefold of Tenjin.

boom!

Lu Ming rushed upwards, triggering a four-fold combat power, and a gun lance penetrated up and bombarded with a huge palm print.

The palm print shook, and then broke apart.

However, this is only the first wave of the other party's attack.

Then the palm prints were formed one after another, and they continued to suppress Lu Ming.

Lu Ming continued to use the trick of breaking the sky, and the guns rose from the sky, destroying the palm prints.

For a time, the two sides formed a stalemate.

"So strong?"

The Lord of the Magic City revealed a shocking look.

The power of the Evil Guardian Array now erupting, even the ordinary Tenjin Ninefolds, must be suppressed, but Lu Ming was not suppressed.

This kind of combat power really shocked him.

"Like the second attack of the Magic Guards!"

Shout the Lord of the Magic City.

Suddenly, the three-thousand and six hundred moved the Demon Guard, and with a peculiar trajectory, transported the spirit between heaven and earth, gathered in a large formation, and increased its power.

Suddenly, Lu Ming lost some ground and the guns were suppressed.

"Hahaha, Lu Ming, even if you are strong, you will be suppressed by me!"

The Lord of the Magic City laughed, excited.

The stronger Lu Ming is, the more he will be valued after he is dedicated to the Night Stalker, and the more likely he is to be lifted.

bump! bump!

Stepped out the Lord of the Magic City himself, and also slammed towards the landing.

A rune appeared on his body, forming a spell.

These are the Demon Soul Seals.

Although the Demon Soul Seal tortures him all the time, but once he uses it, he can also improve the combat power for a short time.

Run the Demon Soul Seals, and they are roaring like demons.

At this moment, the strength of the Lord of the Devil City is climbed to the **** of the Nine.

boom!

He cooperated with the demon guard to blast out and attacked the landing.

"You all are dying!"

A cold voice came from Lu Ming's mouth.

After he came to Modu Mountain, he didn't reveal all his cards, just to play at the critical moment.

But at this time, it had to be used.

Roar!

A roar came from Lu Ming's mouth.

This is the roar of the ancient gods.

Lu Ming's body suddenly became larger and turned into an ancient **** of green armor several hundred meters high.

The main hall of the city's main palace shattered and shattered in the huge body of Lu Ming.

"what is that?"

An ancient **** body hundreds of meters high, standing above the city's main palace, is hard to notice.

In the magic city, many people looked at Lu Ming, shocked.

boom!

After turning into a young ancient god, Lu Ming's strength surged, and huge spears swept through.

boom! boom! boom!

In all directions, the attack on Lu Ming exploded and turned into vigorous force, swept back by Lu Ming's lance.

Suddenly, at least a few hundred demon guards screamed, their bodies exploded and fell on the spot.

The Lord of the Magic City himself groaned, and was swept by the gun, his body retreated, and he vomited blood.

"How is it possible? How is this possible?"

Looking at the ancient **** body hundreds of meters high, the Lord of the Magic City shouted in horror.

Lu Ming, still has such a hole card, his strength is so powerful, is this still a human?

"kill!"

"Kill, kill, kill!"

Lu Ming shouted, performing the trick of chopping the moon, sweeping the spear, the crescent-shaped spear, covering half of the direction.

Puff puff...

The Devil's Array was completely vulnerable, and was directly broken.

In this direction, at least there were thousands of demon guards, and even without screaming, they died under the gun.

"Demon, Sin..."

The Lord of the Magic City shivered violently, and his face was full of horror.

Yan Zhi was even more embarrassed, covered with cold sweat, and looked at Lu Ming like a **** of war, almost scared to pee.

"Go, go!"

The Lord of the Magic City reacted, and with Yan Zhi, he would run away.

However, Lu Ming will let him escape.

"Leave me!"

Lu Ming shouted, pressing his spear, like a mountain, toward the master of the magic city.

Rumble!

The guns were thousands of miles long, and the whole city's main palace burst into pieces and was razed to the ground.
