

D Emperor 2961

Chapter 2961: Chaos

"Very well, dare to kill Demon Guardian in the Colosseum. Today, no one can save you!"

An indifferent voice floated over the Colosseum. Then, a silver light flashed, and a middle-aged man wearing a silver robe appeared in the air.

"father!"

Seeing a middle-aged man in silver robe, Wan Xing was ecstatic.

This middle-aged man is one of the nine devil masters of the magic city, Wanxing's father, all evil!

"Dad, hurry, kill this kid, no, I want this kid to die better..."

Wanxing shouted.

"Relax, in my hands, he didn't want to die so easily, shot, first abolish his cultivation behavior!"

All evil cold sounds.

"Master, this boy, leave it to me!"

A burly man in armor is asking for help.

"Go!"

Evil nodded. This iron-clad man, with the cultivation of the **** Jiuzhong, was more than enough to deal with Lu Ming, a triple god.

boom!

The armored man stepped out in one step, and the violent breath came out of the body like a mountain.

"Boy, break your right arm first!"

A spear appeared in the armor of the armored man, which was extremely sharp.

As soon as the voice fell, the figure of the armored man rushed towards Landing Ming, and the spear slashed down, slashing towards Lu Ming's right hand.

Although he is burly, his speed is amazing.

"Ten Gods Ninefold?"

Lu Ming whispered, directly triggering the battle word tactics, four times the combat power.

Triggered by four times the combat power, Lu Ming's combat power soared, and his fists continued to swing.

Roar roar...

The sound of Longyin resounded through the sky, and six nine-clawed dragons rushed to the Iron Armor.

"Break me!"

The armored man drank coldly, the spear vibrated, and instantly scored dozens of moves, attacking the six nine-clawed dragons.

boom! boom! ...

The spear bombarded the dragon's claws of the Nine-clawed Dragon and burst into a dazzling light. However, the result was not as predicted by the armored man.

He originally thought that he could defeat the Nine Claw Dragon in one stroke, but the fact was that his body was numb and almost receded.

"How is it possible? How powerful is this power?"

The armored man was shocked.

Roar!

At this moment, another sound of Longyin sounded.

It turned out that Lu Ming urged the Shenlong Faxiang formula to the extreme. The Shenlong Faxiang formula broke through again and was able to condense seven Shenlong Fa phases at once.

The seventh dragon dragon phase, and then culled towards the iron armor, the iron armor could not resist, and was repelled at once.

Taking advantage of this opportunity, Lu Mingshi exhibited the ice chain. The ninth most powerful ice chain flew out, and suddenly the armored man wrapped around the main body. A layer of iced armor appeared in the body of the armored man with amazing chill .

Uh!

Lu Ming rushed out, his palm like a knife, and chopped out, the right hand of the armored man was cut off.

The armored man had to cut off Lu Ming's right hand, but he only had a few moves. His own right hand was cut off by Lu Ming instead.

At the scene, the others were simply shocked and unable to speak.

Lu Ming, it was only the cultivation of the triple gods of the gods, but he defeated the existence of the nine gods of the gods in a few strokes. This is incredible.

Wanxing was scared and pale.

And all evil, shocked in his eyes.

"Devil Lord, help!"

At this moment, the armored man was terrified and called for help.

"If you want to abolish me, be prepared to be killed by me!"

Lu Ming spoke indifferently, with divine power in his hand, he condensed a war sword.

"Boy, how dare you..."

All evil.

"ridiculous!"

Lu Ming sneered, the war sword slashed down, and killed the armored man.

The existence of a heavenly god, Ninefolds, in Modu Mountain, is the top strongman, and it was just killed.

"court death!"

All wicked anger, violent breath rushed out of him.

boom!

The evil body is filled with bright silver brilliance, and a terrible pressure is everywhere.

The aura of evil is a lot stronger than the former armored man.

This is the breath of the half-step **** king, which is powerful and amazing.

"Boy, I want to crush you, silver claw hand!"

Drinking with anger, the whole person turned to silver, and his claws, like metal, grabbed toward the landing.

The screaming force was still there, and Lu Ming was forced to breathe a little.

Lu Ming's gaze was also condensed.

The half-step **** king is indeed nine times more powerful than the **** god realm.

"Ancient God Skill!"

Without hesitation, Lu Ming exhibited the ancient **** tactics, and fully exerted it, directly turned into the ancient **** of green armor.

"Broken!"

Turned into an ancient **** of green armor, Lu Ming shot and stabbed.

boom!

The dazzling spears collided with the evil silver claws, and a terrifying roar erupted.

At the same time, countless small guns, vigorous, flew out and flew in all directions.

"No, go!"

"Ah, go away!"

Numerous people were flabbergasted in the stands around them and fled.

However, when the energy fell, many people screamed and were killed by the energy.

boom! boom! ...

The stands of the Colosseum continually roared, bursting into large pits, and cracks appeared on the ground.

Through these big pits and cracks, you can see a huge underground space under the beast field. Underneath, they have been fully developed to form huge secret rooms, holding countless wild beasts and demons.

Countless spectators fled and scattered, many flew toward the sky, a mess.

In the high sky, Lu Ming and Evil are still deadlocked.

boom! boom!

The two then made a few more moves.

In the end, Lu Ming took the upper hand and defeated the evil silver claws in one fell swoop, and the body of All Evil violently flew out.

Lu Ming did not chase, twisting his body, but rushed towards the ground.

boom!

Lu Ming swept it out and bombarded the ground. A terrifying roar broke out on the ground, which continued to break apart, and the vast underground space was completely exposed.

Some chambers shattered, some wild beasts rushed out.

Roar! Roar!

Many wild beasts, with huge physiques, screamed in the sky, broke out of the shackles, and rushed into the sky.

"Arrange!"

The roar of evil, more than five hundred Moduwei, placed a large array in the sky.

The large array of operations stimulated countless divine lights and killed those wild beasts. Many wild beasts were penetrated by the divine light and fell on the spot.

"Brother Wu, where are they Qiuyue, take me!"

Lu Ming sent a message to Wu Zifeng.

"follow me!"

Wu Zifeng yelled and rushed towards a crack in the ground, followed by Lu Ming, and flew into the underground space.

Originally, there were many Moduwei guarding the underground space of the Colosseum, but now the Moduwei of the Colosseum is out, and there is no obstruction in the underground space.

The underground space is very huge and is divided into seven floors.

According to Wu Zifeng, they were detained on the fifth floor.

The two of them have been heading towards the fifth floor, but where Lu Ming passes, he will shoot through the secret rooms and release the wild beasts and monsters inside.

Chapter 2962: The Three Lords

"Hahaha, I'm free!"

"I'm going to kill and kill the **** in the magic city!"

Many demon slaves roared, their eyes were grim, and their killing was cold.

Some of the demon slaves here are those who made mistakes in Modu Mountain and were released here to become demon slaves.

But more demon slaves were secretly captured by Modu Mountain from outside. These demon slaves naturally hated Modu Mountain.

Roar!

There were many wild beasts roaring, huge bodies rammed around and rushed outside.

There are also many demon slaves, rushing to other secret rooms, releasing more demon slaves and wild beasts.

Behind, there is no need to start with Lu Ming anymore. The secret room in the underground space is constantly being bounced off, and there are constant slaves and wild beasts rushing out and killing outside.

However, Ten Thousand Demons Lord and more than five hundred Demon Guardians, the strength is too strong, formed a large array, burst out a beam of divine light, a large number of demon slaves and wild beasts were killed.

However, there are too many demon slaves and wild beasts, and some of them have some powerful existences, and all evils and others have begun to have pressure.

"Quick, signal, ask for help!"

Roar of evil.

Immediately, someone sent a signal, a beam of light rose into the sky, and the entire Modu City could be seen.

"Something happened to the Colosseum!"

"It's a rescue signal!"

"Ready to act!"

Suddenly, in the city of Modu, they were all alarmed, and each of them was ready to go.

"Moduwei, gather!"

Two figures emerged from the main palace of the city, a middle-aged man, an old man, both of them exuded a terrible atmosphere.

These two people are awesomely the existence of the half-step **** realm, the other two of the nine devil masters of the magic city.

Uh! Uh! Uh! ...

In all directions of Modu City, a stream of light flew over and landed in front of the two. They were all wearing the armor of Moduwei. Soon, there were about two thousand Moduwei gathered here.

"You guys, go with us to support the Colosseum and kill all the enemies who have come!

A demon master spoke loudly.

"kill!"

All the demons shouted.

Then the two demon masters, with about two thousand demon guards, killed the Colosseum.

"It seems that someone can't help but do it first!"

Not far away, a figure flashed, and a young figure appeared.

This figure is Su Mu.

"Haha, just right, a lot of Moduwei have been distracted, then we can start to do it!"

In another direction, there was also a figure, but it was Palin.

"Wait still, wait for the war there, lest these demon guards, go back and return!"

On the other side, there were two figures, but witch blood, and the woman with the snake wrapped in her arm, the witch blood was the one who spoke just now.

"Good, wait a minute, this time, I must get a demon token!"

Palin whispered, his eyes flashed with murderous opportunity.

In the nearby building, the figure flickered. In addition to the witch blood, Palin, and some other arrogances, these people seemed to have a common purpose, and they waited quietly.

...

The Colosseum, Lu Ming and Wu Zifeng, very smoothly, came to the fifth floor.

In a secret room, Qiuyue and Yueling were seen.

Both of them looked haggard.

"Modu Mountain, be destroyed!"

Seeing Qiuyue's haggard face, Lu Ming, an amazing murder flashed in her eyes.

"Master!"

"Lu Ming!"

Qiuyue and Yueling were also overjoyed when they saw Lu Ming.

"Qiuyue, are you okay?"

Lu Ming asked.

"It's okay, Master, rest assured!"

Qiuyue shook her head and smiled.

Lu Ming breathed a sigh of relief and saw that Qiuyue and Yuelinglong were fine, and he was relieved.

"Go, let's rush out!"

Lu Ming said, and then Qiuyue and several people rushed outside.

Outside, it was completely chaotic.

Demon Slaves and Devil Beasts rushed to death, while all evil and Demon Guards, set up a large array to bombard Demon Slaves and Devil Beasts.

The huge Colosseum is full of blood, like **** on earth.

"That kid, that kid, he saved people and wanted to go..."

Wanxing hid behind all evil and glanced at them. As soon as they came out, Lu Ming and Qiuyue were discovered by Wanxing.

But it is also true that Lu Ming is now in the state of an ancient **** body.

"Don't let the kid go, kill him!"

Roaring all evil, commanding the magic guard, suddenly, a terrible divine light, roared to the landing.

"Hiding behind me!"

Lu Ming shouted, protecting Qiuyue and others behind him, waving his spear and sweeping towards the gods.

boom! boom! boom! ...

A series of roars sounded, and a beam of divine light was blown out by him.

"go!"

Lu Ming manipulated the divine power. A divine power enveloped Qiuyue's three people. With them, they rushed in the other direction.

He intends to leave here first, and then with Modushan, calculate this account.

"Want to go, stop him, don't worry about those demon slaves, this kid, the culprit, must kill him!"

Roar of evil.

Then, a large formation composed of all evils and demon guards turned their directions and drove most of the divine light to Lu Ming.

Lu Ming was blocked in their way.

"Go, go..."

In this way, many demon slaves and wild beasts, without blocking, rushed out of the siege and flew towards the Colosseum.

"Want to leave? Leave me all!"

At this moment, an indifferent voice sounded, and suddenly a **** knife light appeared in the sky.

The knife was cut, at least dozens of demon slaves were killed.

"Hey, hey!"

A sharp sneer sounded, and a pair of ghost claws suddenly appeared in the high altitude, and after catching down, dozens of demon slaves were arrested.

Then, two figures appeared in the sky, emitting a terrible breath.

"Demon Lord, is the Devil Lord!"

"Damn!"

Many devils shouted in horror.

Modu Mountain, the other two demon lords are here.

At the same time, a stream of streamers quickly flew towards this side, and the other Moduweis were coming.

"Rush out, rush out together, or wait for those Devil Guardians to come, we will all die!"

A demon shouted.

"Kill, kill together!"

"Rush!"

Many demon slaves, as well as wild beasts, rushed towards the sky together.

"court death!"

The two demon lords drank at the same time and shot together. The **** knife light and the black ghost claws reproduced the void.

The demon master's cultivation is too strong, completely crushing these wild beasts and demon slaves.

The screams were all connected, and a large number of corpses of demon slaves and wild beasts fell to the ground.

After a while, the Demon Guardians behind arrived, and the battle situation was overwhelmed and reduced to a massacre.

On the other side, Lu Ming's path was also blocked.

"Go away!"

Lu Ming Changxiao, the spear turned into a few hundred meters long, constantly sweeping out, a ray of divine light, was blasted.

However, all evils, together with the five hundred demon guards, formed a large formation, the strength gathered, the strength is really amazing.

Lu Ming's constant impact, but he was still dragged down by death.

Chapter 2963: Attack on the castle

"Three blows to the world, star burst!"

Seeing that other demon owners and demon guards were coming, Lu Ming was also anxious, and showed his strongest move.

Lu Ming's body burst out with a dazzling spear, a huge spear, rising into the sky like a pillar of sky.

Starburst, cultivated to the highest level, claimed to be able to explode the planet.

With this trick, Lu Ming's body, the endless divine power, generally rushed toward his hands without money. The divine power in Lu Ming's body, the ten divine fires, were drained all at once.

This move is really too much power.

Fortunately, Lu Ming has a quantitative formula.

The quantification tactics glowed, and a steady flow of divine power poured into Lu Ming's body. In Lu Ming's body, the divine power became thicker again and remained at its peak state.

As soon as this move came out, his evil face changed greatly, and he felt a fatal crisis.

"Quick, quick, gather strength!"

Roar of evil.

Buzz! Buzz! ...

Every demon guard body exudes a radiant brilliance. They form a large array, and there seems to be an invisible silk thread between them, connecting them together, but their power can penetrate each other.

boom!

A huge divine light formed and drove towards the landing, bombarded with the "burst star" trick.

The entire Colosseum was violently shaken, endless strength, bombarded on the seats around the Colosseum, on the stands, on the walls.

Rao is that the Colosseum is guarded by formations, and it can't resist it. It keeps breaking and bursting. At the next moment, the whole Colosseum is shattered and turned into a ruin.

Some demon slaves and wild beasts that were close to each other, even without screaming, were torn through by overflowing energy and fell to the spot.

"ripped!"

Lu Ming Changxiao, holding the gun in both hands, the divine power rushed towards the long gun in his hand.

The brilliance of the gun became more dazzling.

When the brilliance reached a certain level, it exploded at once.

The spear burst, and a terrifying energy erupted, directly destroying the magic light condensed by the Dadu Formation.

boom!

A terrible energy rushed towards the large formation formed by Moduwei.

Ahhhh!

Continuous screams came out, and some weakened Demon Guardians showed cracks on their bodies, and then broke apart.

All of a sudden, at least dozens of Moduwei died.

The entire Maduwei formation was backed up by thousands of kilometers.

"This power..."

Terrified and frightened, the power of Lu Ming's move is really horrible. If he faces this move alone, he will be seriously injured without dying.

On the other side, the other two Demon Lords were shocked to see this scene.

"That kid is evil, I will take someone to support all evil!"

One of the old demon-lords said aloud, and with thousands of demon guards, rushed to the ten-devil-lord.

"Arrange!"

The demon-lord of the old man gave orders. Suddenly, thousands of demon guards formed a new large formation. The divine power was stirred, and a beam of divine light blew toward the landing.

Fortunately, Lu Ming was energetic, the rifle turned, and issued a terrible blow, collided with this divine light, and his body was moved back by a hundred meters.

"Kill, kill this kid!"

All evil roared, at this moment, he did not want to catch Lu Ming alive, just wanted to kill Lu Ming.

Lu Ming's fighting power is too terrifying, which makes him terrified.

The two demons and the two demons both defended the large array and attacked the landing naming continuously.

"Sacred Power Phase, Frost Chain, Nine Heavy Red Gold Armor, Three Exterminations..."

On Lu Ming's body, the light flashed continuously, and all of his magical skills and secret techniques were displayed to fight against each other.

Coupled with the tyrannical power of the ancient **** body itself, as well as the terrible defense, he resisted the other party's attack.

"This kid is just a triple god, how can there be such a terrifying power? And, how is his divine power? How can it seem to run out!"

Evil, and the old demon-like demon, and even many devil guards, it is difficult to calm, shocked.

If you switch to other people and engage in such confrontation, the divine power has long ceased.

However, Lu Ming's every move can maintain its peak and exert its strongest power.

"Dragon Cave, don't worry about those monsters, come and kill this kid!"

All evil roared, of course, he was the devil who looked like the middle-aged man.

"it is good!"

Long Cave looked away from those demon slaves, and with the remaining thousands of demon guards, rushed to all evil.

"Arrange together to form a large formation!"

Dragon Cave Road.

Suddenly, the three demon masters, such as Evil and Dragon Cave, with about 2,500 Moduwei, flashed in shape and merged together to form a larger Demondou formation.

As a result, the power is even more amazing.

call out!

A beam of light, huge and endless, roared towards the landing.

Lu Ming swept it out and bombarded with the beam of light. Suddenly, Lu Ming felt a violent force rushing, his body shook, and backed up again and again.

The three demon lords, together with two thousand five hundred demon guards, form a large array of forces that are too strong and have completely surpassed Lu Ming.

"Kill, kill, kill, kill this shit!"

Aside, Wanxing shouted, excited.

He was jealous of dying of Lu Ming's talent, and wished to kill Lu Ming.

"kill!"

The large array was running again, and Lu Ming was repelled.

At this moment, outside the city's main palace.

"It seems that there are already hands over there, let's do it too!"

Witch blood spoke.

"Do it!"

Pei Lin was very direct, turned into a sword, and killed towards the main palace.

"cut!"

Pei Lin shouted and fell with a knife, a huge and tremendous sword light, which lasted for thousands of miles, and enveloped the entire city's main palace. He wanted to split the whole city's main palace in half.

But at this time, in the city's main palace, a giant stick rose into the sky and bombarded the sword light.

"I know you people, don't feel good!"

A thick voice sounded, and then, a burly figure rushed out of the main palace and stood in the air.

This is a man with a height of five meters and black hair all over his body. He holds a dark iron rod in his hand and emits an amazing breath.

This is the breath of the half-step God King Realm!

"You are one of the nine devil masters!"

Palin said coldly.

"Not bad!"

Ape humane.

"Exactly, killing you, I can complete the mission!"

Pei Lin's eyes were filled with murderous opportunities, the divine power was running, and he stepped out to kill the ape. The terrible sword light seemed to be open to the earth.

"The genius who controls the divine power, I want to see how strong it is!"

The ape man waved the iron rod and killed Pei Lin. The two confronted each other and fought continuously. For a time, there was no difference.

However, Palin vaguely fell.

Half-step God King Realm, amazing strength, incomparable divine power, although Peiling is the existence of the **** child level, but after all, cultivation is only the **** of the eightfold, slightly a little invincible.

But it is not so easy for the opponent to win.

"kill!"

"kill!"

At this moment, Wu Xue, Su Mu and others also rushed out and killed the city's main palace.

Chapter 2964: Four Tianjiao

Wuxue, Su Mu and others also killed the city's main palace, but a strong breath erupted in the city's main palace.

boom! boom! ...

One figure after another rushed out, repelling Wu Xue and others.

"Demon Lord!"

Wu Xue's gaze narrowed, looking at the figure in front.

In addition to the previous figure of the ape, there are a total of six figures, the breath is extremely strong, and the divine power is like a volcano, erupting.

These six people are all the existence of the half-step **** king realm, and are also the other six people of the nine devil masters.

Together with the three demon masters in the Colosseum, the nine demon masters in Demon City are here.

"You foreign arrogance, come to the magic capital city, really did not feel good about it!"

One of the devil masters said coldly.

"Now, it's late!"

Witch blood gloomy road.

"Late? Ha ha, just because of you guys, you also want to lay wild in the magic city, today, let's all stay!"

A devil said indifferently, full of cold murderous opportunities.

As soon as the words fell, the main figure of the city rushed out.

All are Devil Guards wearing iron armor, with nearly five thousand.

Modu City, which claims to have eight thousand Moduwei, almost all of them except the Colosseum.

The six devil masters, nearly five thousand demon guards, converge together, the breath is really horrible, like the tide of the sea, one wave after another, rushing toward the witch blood and other people, witch blood and other people, the body is uncontrollably connected Back off.

Obviously, the main palace of the magic city has been prepared for a long time.

"It's all here, great!"

At this moment, in the void, a cold voice suddenly sounded, and then, a sword light, suddenly fell from the sky, and killed in the crowd of Moduwei.

This sword light, almost astonishing, passed away in a flash.

"No good, rewind!"

A demon yelled to remind.

But it was too late.

Puff puff...

Blood was splattering, sword light flashed, at least hundreds of devil guards were killed, the body was divided into two parts, and the soul was wiped out by the terrible sword gas.

At the next moment, a young man in black robe appeared in the sky, standing with his sword.

"This is... Tenjin Ninefold Realm!"

An evil master exclaimed, his face dignified.

Obviously, the youth in black robe is not the ordinary Tenjin Ninefold, but the Tenjin Ninefold that controls the divine power.

At the beginning, the demons were fighting, and these characters did not show up at all.

"Hahaha, Demon Token, I want it!"

At this time, there was a laugh in a building not far away, and then the golden light flashed, and a burly figure appeared in the air, covered with golden divine light.

This is also a young man, Xiuwei reached the ninth heaven.

"The Demon Token is mine!"

A low voice sounded, and in the other direction, there was also a young man who came out of the air.

The breath radiated from this person is also the **** of the Nine.

The faces of the six devil masters suddenly became ugly.

Unexpectedly, there were so many terrifying Tianjiao entering the Demon City, and during the Battle of Demon City, these Tianjiao did not appear, making them mistakenly underestimate the strength of foreign Tianjiao.

However, Wu Xue et al.'s face was calm.

Obviously, they have long known the existence of these days.

when! when! ...

Palin and the ape are still fighting, but Palin gradually loses ground and falls.

"Go ahead, it will change later!"

The young man's body covered with golden light, just as his voice fell, his figure turned into a golden light, and he killed the city's main palace.

"Arrange!"

A demon lord roared, calling on the demon guard to lay a large array.

But at this moment, a dark mist suddenly filled the sky above the city's main palace.

Fog, all over five thousand demon guards, and six devil masters, all shrouded in.

what! what! ...

Some Moduwei, holding their heads, screamed sternly. After a while, some Moduwei fell straight down to the ground without any breath.

Even if some are high, the face is painful.

"These mists can hurt souls and leave here!"

A demon lord roared, his body burst out, and was about to leave here.

"Leave me!"

A cold voice sounded, and the young man in black robe with a long sword killed the demon.

The Demon Lord roared, and the attack broke out to resist, but after the sword flashed, the Demon Master retreated, and a deep wound appeared on his body, blood flowing.

In the eyes of the devil, shocked.

Although he is a half-step **** realm, he is not an opponent of the black robe at all. In particular, he is still in the mist and the soul is hurt.

"kill!"

The young man in black robe drank coldly and attacked continuously. He seemed to have no fear of those mists.

"Senior shot, kill, kill!"

Witch blood flashed with joy, and also killed the past.

At the same time, the other youths all shot and rushed towards Moduwei.

Obviously, these young people have been prepared for a long time. They are not afraid of the fog, and their combat power can be maintained at the peak. However, those Moduwei, but the soul is hurt by the fog, their strength is greatly reduced, and they are not opponents.

As soon as the two sides fought, a large number of Moduwei were killed, and within a minute, thousands of Moduwei fell.

what!

An angry roar sounded from the Nengrenren Lord.

At this moment, behind the ape-man, there was a blood-bubbled youth. The blood-bubbles young's claws caught the heart of the ape-man, and then squeezed hard. The power of terror broke out from the body of the ape-man.

The ape-man demon screamed and was killed here.

"Brother!"

The witch blood and the snake-wrapped woman were overjoyed to see the blood-bubble youth.

This blood-bubble young man is also the existence of a god, Jiu Zhong, and the mist he just released was released by him.

"kill!"

The blood-bubble youth killed another demon.

puff!

Soon after, another devil was beheaded and died in the hands of the young man covered with golden light.

In six moments, there were only four left.

At this moment, the mist was filled, and the Moduwei side fell completely downwind. Every moment, someone was killed.

"Quick, voice the devil!"

"Call the devil out!"

Several demon lords roared, and they all gave a voice to the night demon king.

With their strength, they can't stop the foreign arrogance, so if they continue, they will all die.

However, after their voice transmission, there was no news, and the Night Stalker did not appear.

"what happened?"

"Damn!"

Several demons shouted.

"Send you on the road!"

Blood bubble youth sneered.

Now, the devil has four left.

There are also four celestial gods in the alien arrogance, one for each person.

Originally, the strength of these demon masters is not as good as those of the gods' ninth-level **** child level arrogance, plus the influence of the fog, the strength is weaker, and it is not an opponent at all.

"Even if you die, it won't make you happy!"

"Let's die together!"

The remaining four devil masters are desperately burning their divine power and fighting fiercely with the four Tianjiao.

Chapter 2965: Only breakthrough

On the side of the city's main palace, fierce confrontation and foreign arrogance completely prevailed.

On the side of the Colosseum, Lu Ming fell completely downwind.

The three demon lords, two thousand and five hundred demon guards, set up a large array, inspiring a divine light and blasting to Lu Ming.

Lu Ming guarded Qiuyue and backed away again and again. At this moment, the blue scales on his body were cracked in many places, and blood was flowing.

"Master!"

Qiuyue's eyes were full of tears, and she gritted her teeth, trying to share some pressure for Lu Ming.

However, Qiuyue's current practice is that although she has reached the second level of Tenjin, she has not cultivated too many other divine powers. The combat power and Lu Ming are far from each other. Strongly injured.

"Qiuyue, don't shoot!"

Lu Ming shouted.

"Master!"

Qiuyue tears whirling.

"Haha, boy, die!"

Wanxing stood in the distance and laughed, glancing at Qiuyue and Yueling, flashing a hot flame.

"Unexpectedly, there are two such beautiful girls around you. I haven't found it before. It's a pity, but it doesn't matter. When I kill you, Master Ben will love them, hahaha!"

Wan Xing laughed wildly, a face full of grimness and desire.

"Wanxing, I will kill you!"

Lu Ming drank coldly.

"Kill me, till now, I'm still talking about dreams!"

Wan Xing was mocking, arrogant, and not afraid at all.

At this moment, there was a terrible shock coming from the city's main palace.

On their side, they can see clearly.

"No, there was a war over the main palace!"

Several demons changed their faces.

"Damn it, those arrogances from outside, these guys are definitely a gang, dispersing our power!"

Long cave snarled.

"Ok?"

Lu Ming also found the situation over the main palace of the city, quite surprised.

He did not expect that those foreign arrogance would attack the city's main palace.

"It seems that those arrogance from Jiu Jue Tian Wang Mansion came to Modu City, it really wasn't as simple as Moyequan!"

Lu Ming thought.

"Go all out and kill this kid. Let's go to support the main palace!"

At this moment, all evil roared.

"Okay, go all out and bombard him!"

"Full strength!"

The other two demons also nodded and gave orders.

Immediately, the three demon lords, two thousand and five hundred demon guards, madly run the divine power, and don't use money to blast out the divine power.

Then, a huge beam of light, like a huge Excalibur, chopped down to the landing.

The power of this Excalibur reached its peak.

Lu Ming's pupils contracted sharply, feeling a fatal crisis.

However, he and Qiuyue and others were shrouded in a large array and could not escape at all. They could only fight hard.

"Block it, I must block it..."

Lu Ming growled in his heart and exploded with all his strength.

Roar! Roar! ...

The sound of Longyin sounded, and seven nine-clawed dragons drove out.

Closely followed by nine chains of ice.

Rumble!

The huge divine light constitutes the war sword, slashing down, and the seven nine-clawed dragons are exploded one by one.

Then, nine chains of ice broke apart.

However, as a result, it somewhat resisted some of the power of War Sword.

In the end, Lu Ming waved his spear and stopped in front of him.

boom!

The war sword was cut over the spear, Lu Ming's body was shocked, and he could not stand in the sky. His body, a few hundred meters high, fell towards the battle platform below.

The battle platform of the Colosseum is made of special materials, and it is extremely hard. The vigor of the previous battles has not shattered the battle platform.

But this time, Lu Ming landed heavily on the battle platform, and there was a fierce roar on the battle platform.

Lu Ming bent over and almost knelt down.

"Block it!"

Lu Ming roared, all the divine power, all the power of the divine body were used, and he resisted all the time, and did not kneel down.

However, under the constant force of the giant sword, Lu Ming shivered as if carrying a majestic mountain.

"This kid..."

All evil and others, twitched in their hearts, breathed in cool breath.

They have already used the strongest move, and originally wanted to kill Lu Ming, but unexpectedly, Lu Ming resisted.

"Go on, bombard him!"

Roar of evil.

Then, the three devil masters, more than 2,500 demon guards, madly running divine power, converging divine power, flocked to the war sword, and pressed down to the landing.

boom!

The battle platform at the foot of Lu Ming burst into pieces and the debris splashed.

Lu Ming's body bent slightly, but Lu Ming hissed and resisted stiffly.

The wounds on his body shed more blood.

"Master..."

"Lu Ming!..."

Qiuyue, Yuelinglong, Wu Zifeng, three people, very anxious, want to intervene, but they can not help with their cultivation.

"It won't work like this. I'll be unable to bear it sooner or later!"

Lu Ming's thoughts changed sharply.

In this way, once he can't bear it, all four of them will die here, and the consequences will be even worse than death.

"Now, the only way is to break through..."

Lu Ming thought,

Now, there are only two options.

One way is to burn the heart of the ancient gods, and another way is to break through.

However, after the ancient god's heart burns, his ancient **** body will be completely abolished.

Last time, he restored the ancient god's heart because of the copper bronze coffin, but that kind of good luck cannot be repeated every time.

Moreover, this time, the bone demon was not around. If he ventured to open the copper copper coffin, I am afraid he would not know how to die.

Therefore, this method is less than a last resort and Lu Ming will not use it.

Then another way is to break through.

For example, the battle word tactics, breaking through to five times the combat power.

But obviously, the breakthrough of the Zhanzi tactics needs to be understood and accumulated, not to say that breakthroughs can be made. Only the ones that can make breakthroughs can only be cultivated.

"Old volume, star core, how much energy have you refined?"

Lu Ming sent a voice to Liangzi Jue.

"I gave you the energy I refined last time. How long has it been since, how much energy can I refine? Too little, not enough for you to break through!"

Measure the word response.

"Then direct the energy of the star core to me!"

Lu Ming said.

"Send the energy of the star core to you directly? You are crazy. This kind of energy of the star core is extremely violent. Even if it is a king, you must spend time carefully refining it before you can use it. You are a god. I'm afraid I'm going to hold you to death!"

Measure the word.

"There is no way. I can only do one thing now. You can give me energy, but don't control too much, I can hold it!"

Lu Ming said to the word, his eyes were firm.

"Your kid, it's crazy, okay, let's fight a bit, and the old lady will go crazy with you, kid, ready!"

The measure of word reluctantly agreed.

"bring it on!"

Lu Ming said.

Buzz!

The Liangzi Jue was mad, and a violent energy rushed into Lu Ming from the Liangzi Jue.

Chapter 2966: breakthrough

In the measurement method, a wave of energy poured into Lu Ming's body. This wave of energy was extremely violent and I do not know how many times stronger than the energy of the volcanic eruption.

Hot, extremely hot!

The hot energy, like a tsunami, impacted within Lu Ming's body.

puff! puff! ...

Lu Ming's body was violently shaken, and there were already some wounds on his body. He was injured by this energy and was injured.

"Ah, get me up!"

Lu Ming shouted, manipulated this energy, ran down his arm, and rushed into the spear.

Buzz!

The spear vibrated, forming a counter-shock force, which actually raised the opponent's war sword a little higher.

Taking advantage of this opportunity, Lu Ming's body stood straight.

"How can this boy explode power?"

All evil, a few people in the Dragon Cave, not only shocked, but even a little frightened.

Then more crazy to urge the divine power, this time, must kill Lu Ming, otherwise, Modu Mountain will be destroyed.

"Refining, refining..."

At this moment, Lu Ming is fully working on the "Qiankun Wanda Jue" to refine the energy in his body.

However, the energy of this star core has not been refined and absorbed by the quantitative formula. It is very difficult. Compared with the refined energy, there is a world of difference.

However, Lu Ming can no longer care about it. He keeps running the exercises and absorbing this energy, which is used to impact the realm.

This absorption is not only not fast, but also complicated and impure. Even if Lu Mingxiu breaks through, the foundation will be unstable.

But now I can't take care of it. If the foundation is not stable, let's be unstable. After the big deal, spend more time to polish the foundation.

Rumble!

The violent energy, shocked in Lu Ming's body, rampaged, abnormally domineering.

If you change to the general triplex of the gods, no, not to mention the triplex of the gods, even if the gods are ninefold, I am afraid that the body of the gods will be boosted by this energy.

However, Lu Ming's body is not a general body.

After he condensed into the heart of the ancient god, the body of the **** can be refined every moment, and it is stronger every day.

Moreover, he also turned into an ancient **** of green armor, and the strength of the **** body was even more amazing, blocking this energy stiffly.

"Not enough, old volume, let some energy come out!"

Lu Ming shouted.

"Also, kid, you can do what you can!"

Quanzi Jue expressed concern.

"I know, come!"

Lu Ming said.

"That kid, ready..."

As soon as the word for measuring the word fell, another energy burst out.

This energy was more violent and hot than before. At this moment, Lu Ming's body became red, and even the green armor on the skin surface became fiery red.

His body, more like a balloon, swelled up.

Don't shoot the blood on the wound like money.

"Nest, old volume, you have too much energy, you want to kill me!"

Lu Ming screamed.

"You asked for it, I reminded you..."

Measure the word.

"I..."

Lu Ming had no choice but to grit his teeth and madly run the "Qiankun Wandao Jue" to absorb this energy.

Rumble!

Lu Ming roared inside his body, as if a volcano was constantly erupting, and his cultivation behavior was also rapidly rising.

Tenjin's triple peak, then towards the Tenjin's quadruple, launched an impact.

boom! boom!

Lu Ming kept roaring inside his body. With every roar, Lu Ming's body shivered and more blood shed from the wound.

Lu Ming was bathed in blood, as if he would fall at any time, but he just supported the opponent's attack.

"This kid is weird, fight, we fight!"

All evil yelled, I don't know why, he has a bad hunch in his heart, he feels that if Lu Ming is not dead today, then he will be the one who died.

There was a fierce color in his eyes, and his whole body was burning.

All evils ignited divine power, and their strength soared, so that the power of the war sword could be condensed, and it also improved.

Lu Ming's body shook, almost not blocked.

"Both of you, burn the divine power together and kill this kid!"

All evil looked at the Dragon Cave and another devil.

However, Long Grotto and another demon master hesitated.

Burning divine power is very harmful to yourself.

Even if it is an ordinary person, after burning the divine power, the vitality will be seriously injured, and the seriousness will be reversed.

The realm of the half-step **** king is more special.

This realm is the realm of condensed star nucleus. The star nucleus will be condensed and uncondensed. The most important thing is that if you burn the divine power at this time, if one fails, the cultivation will fall back to the heaven and earth. Too.

It's not easy to cultivate to this point, how can they burn easily.

"This kid, I can't resist it for a long time. Let's persevere and we will win!"

Long Cave Road, he refused to burn divine power.

"You guys..."

He could only burn the divine power by himself, and even threatened some demons to burn the divine power and kept pressing Lu Ming.

"Almost, almost..."

At this moment, Lu Ming had already felt the four-fold barrier of Tenjin and launched a violent impact.

Once, twice, three times...

After more than a dozen shocks.

boom!

In Lu Ming's body, a huge roar erupted, and the four-fold barrier of Tenjin was finally broken by Lu Ming.

Lu Ming, stepped into the four gods.

After striding into the fourfold of Tenjin, ten **** fires were more vigorous in the Dantian, and the divine power in the body was more surging.

Lu Ming's strength has also improved.

"Break me!"

Lu Ming roared, violent force, ran out along the arm.

boom!

The violent shaking of the spear instantly shook hundreds of millions of times. At once, Lu Mingdang opened the opponent's war sword, and then took Qiuyue and others to step out and avoid the other party's attack.

After the opponent's battle sword condensed in the formation method was swayed, and then continued to cut off, cut on the battle platform, split the battle platform in half.

"Three blows to the world, star burst!"

Taking advantage of this opportunity, Lu Ming exhibited the strongest move of the World Extermination Three Strikes, Starburst.

In the body, all the divine power, including the star core energy that was not refined just now, all slammed down and rushed out.

All the power, turned into the strongest move, star burst!

call out!

A sky-shattering spear burst into the sky and killed a large array of people and others.

"kill!"

Wan Xie and others roared, ran into a large array, gathered their divine power, and once again condensed a war sword, slashing towards Lu Ming.

boom!

The technique of starburst collided with the opponent's war sword, and a terrifying roar erupted, and the energy formed continuously rushed in all directions.

This blow is really like the two **** kings fighting together. The scattered shock waves twisted the bodies of the falling strong men into the powder in the Colosseum and turned them into fly ash.

A thousand miles away, he was razed to the ground.

This is still the formation of the magic city everywhere, otherwise, the destructive power will be terrible times.

"burst!"

At the moment, Lu Ming drank coldly, and the huge spear bursted open. This is the correct way to open the "burst star" trick.

Chapter 2967: The backing behind

boom!

The gun burst, like a planet exploding, forming a terrifying energy storm, sweeping towards all evils and others.

bump!

All evils and others, with a large array of converged war swords, violent vibrations, buzzing, and then burst apart, forming countless strengths, reflecting to all evils, dragon caves and others.

boom! boom! boom!

This energy was too strong, and it burst out. A large number of Moduwei, even the reaction did not respond, the body burst directly, and the soul was scattered.

All of a sudden, at least more than three hundred Moduwei died under this trick, and the entire large formation was also dispersed.

As soon as the battle started, the powers of the three demon masters and demon guards were dispersed.

Will Lu Ming miss this opportunity?

bump!

He stepped on the ground, his body a few hundred meters high, burst out, and the divine power that had been stored in the wording formula was poured into Lu Ming's body, and then he followed his arms and pulled it out.

"kill!"

Lu Ming Changxiao, a shot swept out, a huge spear, which lasted for thousands of miles, enveloped a large number of Moduwei.

bump! bump! ...

One by one, all of them are like rotten tomatoes, exploding in the air, blood splattered.

This shot killed at least more than 500 Moduwei.

"Damn, damn..."

The three evil masters such as Evil and Dragon Cave roared in their hearts, making it difficult to remain calm.

At this moment, in addition to all evil, the other two demons regretted it. They knew Lu Ming was so horrible. They should have listened to all evil before, burned their divine power, and killed Lu Ming in one fell swoop.

However, it is too late to regret it!

"kill!"

Lu Ming stared at the three demon masters, and his spear burst out, stabbing at the nearest dragon cave demon master.

The gunman is like a meteor, and it is near the Devil Lord of the Dragon Cave in an instant.

"not good..."

The Dragon Cave Master was frightened, his hands waved swiftly, and he exhibited the strongest trick to resist.

However, when Lu Ming was in the triplex of the gods, his strength overwhelmed the demon of the half-step **** king realm. Now he has broken through the fourfold of the gods, and his combat power is even more crushed.

boom!

The gunman directly penetrated the attack of the Dragon Cave Demon Lord and continued to pierce the Dragon Cave Demon Lord.

puff!

The Dragon Cave Demon Lord was directly penetrated by the Gunmang hole, and a blood hole appeared.

The Dragon Cave Demon screamed, his body flew out and was hit hard.

"Dead!"

Lu Ming didn't give the Dragon Cave Demon Lord a chance, and stepped out, his long gun drawn to the Dragon Cave Demon Lord's head.

The Dragon Cave Demon Lord has been hit hard. Where can he escape? With a scream, Lu Ming and Lu Ming exploded their heads and fell to the spot.

A devil was killed.

All around, many demon guards almost scared to death, without any intention to fight, turned around and ran, not daring to stay in the slightest.

"Go, go!"

Not to mention that the devil is guarding, even the evil is frightened, fleeing wildly with wonder.

The other devil also fled in another direction.

"Hugh wants to go!"

With a cold drink, among the gravel below, a sword light rushed out and slashed towards the fleeing demon.

"Well, I didn't expect that there was such a arrogance that was arrested to the Colosseum!"

Lu Ming's eyes moved.

The shot was a young man, the cultivation of the seven peaks of the gods, but the combat power was very amazing. It actually dragged the devil. Such strength is no longer weaker than Palin.

Obviously, for unknown reasons, this young man was also arrested by the other party to the Colosseum.

Modu Mountain, is really bold and courageous, dare to do anything, dare to grasp such a arrogance, is it against the backing mountain behind?

Lu Ming's thoughts turned sharply, but his body was chasing all evil quickly.

For all evil and fortune, he will kill.

"Damn, damn..."

All the evil was frightened, and the crazy burning divine power flew towards the front.

However, when Lu Ming performed the nine-day Kunpeng technique, the whole person seemed to be transformed into a Kunpeng, with a faster speed than all evil, and the distance between the two people was quickly narrowed.

call out!

When pulled closer to a certain distance, Lu Ming stabbed with a shot, and a spear burst, bursting out, rushing towards all evil quickly.

Evil had to stop and turn around to resist.

At this time, all evil was burning the divine power, and the combat power was higher than usual, blocking Lu Ming's move, but the body also retreated backward, his face pale, and a spit of blood spewed out.

"Your divine power should be about to burn!"

Lu Ming stepped forward, conquered the world, and looked down on all evil and wonder.

Under Lu Ming's body, which is a few hundred meters high, all evil and wonder are like two ants.

"Dad, daddy, what should I do? What should I do?"

Wanxing was almost scared to death, trembling all over, his face pale.

He has become accustomed to prestige and blessings in the Colosseum and even in the Demon City. In the name of evil, not many people dare to fight against him. He has always been a tall person. When did he face such a situation at this moment? It is totally panic, the six gods have no master.

"Lu Ming, there is one thing, you probably don't know, I have Modu Mountain, there are backers in the Jiu Jue Tian Wang Mansion, that is a real big man, if you kill us, the Jiu Jue Tian Wang mansion will not let go your!"

All evil said coldly.

"The backing behind Modu Mountain?"

Lu Ming's eyes lit up. As long as he knew who was the backer behind Modu Mountain, it was possible to find out who was the traitor of Jiu Jue Tian Wang Mansion.

"Say, who is the backing behind Modu Mountain? Or, which force?"

Lu Ming asked coldly.

"Want to know who is the backer behind us? Don't be delusional about this. You only need to know that there is a backer behind us, and a backer that you can't afford to offend. Otherwise, Modu Mountain has a treasure like Moyequan, How can it survive to the present?"

All evil sneered and threatened Lu Ming.

"Don't you say so? Then I'll search for myself!"

Will Lu Ming be afraid of threats? After he finished speaking, he swept his long gun towards all evil.

"you..."

Terrified, Lu Ming didn't expect Lu Ming to be threatened at all, and could only resist.

But he has been burning divine power for so long, and the divine power consumption is extremely serious. Without a few moves with Lu Ming, his divine power has burned out.

bump!

Lu Ming shot at the evil body, and the lower half of the body exploded, leaving only the upper half of the body floating in the air, and the breath was weak.

Then, Lu Ming stretched his hand to catch in the void, and an attraction emerged, holding Wanxing in his hand.

Wanxing is in the hands of Lu Ming, like a lamb to be slaughtered, without any resistance, just a scream of sternness.

"No, don't kill me!"

"Dad, daddy, save me quickly, save me, I don't want to die..."

Wanxing was a snot and tears, and even scared his urine.

When he killed others, his eyes did not blink, and he was even very excited. It was his turn, and he was more afraid than anyone else.

"Don't kill him!"

Roar of evil.

"Say, tell who is the backing behind Modu Mountain, and I can consider letting him go!"

Lu Ming said.

Chapter 2968: Nine Demon Lords, all destroyed

Lu Ming threatened all evil with Wanxing, and wanted him to say the backing behind Modu Mountain.

"I don't know, I don't know who is the backer behind Modu Mountain, I only know that there is a backer behind Modu Mountain..."

Roar of evil.

"Dare to fool me!"

Lu Ming's eyes were cold, his palms were forceful, Wan Xing screamed, and his body continued to burst.

"I really don't know, I really don't know, I fight with you!"

All the evil roared, struggling to spare, and approached the landing.

"Send you on the road!"

Lu Ming spoke indifferently, his palms pressed hard, and Wan Xing completely burst open, his soul flying away.

At the same time, Lu Mingshi exhibited the trick of chopping the moon, and a crescent-shaped spear flashed away.

When the guns disappeared, all evil also disappeared, and the smoke disappeared.

For people like Wan Xing and Wan Xing, Lu Ming has no mercy.

There are two evil fathers and two sons who control the Colosseum and do nothing without evil. For so many years, I do not know how many people died in their hands.

Lu Ming didn't go to search for all evil souls, because there was no need to threaten him with Wanxing, the other party said they didn't know, that should be really unknown.

With a wave of his hand, he put away all the evil storage rings, then flashed back to the Colosseum.

At this moment, the Devil Guardians of the Colosseum have almost all run out. Only the young man is still fighting with another Demon Lord.

Although the demon master's strength is slightly superior, the young man is completely a lifeless play, entangled with the other, even if he is injured.

At this moment, when Lu Ming came back, the demon almost scared to death.

"kill!"

Lu Ming directly killed the past.

When Lu Ming joined, the ending of the devil was already doomed, and it was not long before he was killed by Lu Ming.

"This brother, this time, thank you for your help!"

The young man gave Lu Ming a fist with a grateful look.

"You're welcome, I'll do it!"

Lu Ming smiled, waved, and put away the devil's storage ring.

"You are also Tianjiao from outside, I am really curious, how come so many people have come here this time?"

Lu Ming looked at the youth.

"Dissatisfaction, you said that we came to Modu Mountain this time to do a task!"

Youth Road.

"task?"

Lu Ming was stunned, which was indeed unexpected.

"Aren't you going to complete the mission of the Starry Sky Camp? The Starry Sky Camp will start recruiting students again?"

At this moment, Wu Zifeng said suddenly.

Before, Lu Ming had been carrying Qiuyue, Wu Zifeng, Yue Linglong, and the three of them were beside Lu Ming.

"you know?"

The young man was stunned and looked at Wu Zifeng.

"In the next Wu Zifeng!"

Wu Zifeng clenched his fists.

"It turned out to be a child of the Wu family. No wonder, in Xiayangxi, you guessed it right. This is indeed the mission given to us by the Starry Sky Camp. If you want to join the Starry Sky Camp, you have to go

through an assessment. This time, our assessment is to take Go to the Demon Lord token of Modu Mountain, and the Demon King token!"

"The Demon Lord and Demon King of Modu Mountain, they all have a token of identity, and they can only join the Starry Sky Camp if they get the Demon Master Token and Demon Token of Modu Mountain!"

The youth explained.

"Star Camp?"

Lu Ming listened confused.

"Brother Lu, the Starry Sky Camp is the place where the heavenly arrogance gathers in the army of Jiu Jue's King's Mansion. Almost all the strongest arrogances of the Heavenly Palace in Jiu Jue's Mansion are gathered in the Starry Sky Camp!"

Wu Zifeng explained.

"Oh, that's what it is. Is the training environment of the Starry Sky Camp so good? The Jiu Jue Tian Wang Mansion will gather there for so many days?"

Lu Ming was curious.

"The cultivation environment is one aspect. The main thing is that only after joining the Starry Sky Camp will you be recommended in the future to go to the cultivation holy land at the core of the Taixu dynasty. necessary!"

Wu Zifeng explained.

Lu Ming understood that this is a bit like the imperial examination of the world. It must be step by step and follow the rules and procedures to reach the high position.

Lu Ming's eyes looked toward the main palace.

He finally knows why these days of arrogance suddenly attacked the city's main palace, originally for the demon token and demon token.

This time, Lu Ming took the lead, like a fuse, which ignited the battle. In fact, even if he didn't do it, those arrogances would find opportunities to do it.

"You stay here first, let me go and see!"

After Lu Ming finished speaking, his body shrank and became normal.

With the improvement of his cultivation practice, the strength of the divine body became stronger and stronger, and the time for him to become an ancient divine body became longer and longer.

This is the benefit of being energetic.

"Master, be careful!"

Qiyue reminds.

"rest assured!"

Lu Ming smiled and flew towards the main palace.

Qiyue and others did not follow, nor did Yangxi follow. He was injured before and needed time to heal.

Soon, Lu Ming came near the city's main palace.

However, instead of shooting, he found a hidden place nearby to hide, and then took out a magic pill and swallowed it.

This kind of magic pill can restore physical strength.

In addition, Lu Ming was injured before and needed time to heal. After that, there might be a big battle to fight.

What happened this time was beyond Lu Ming's expectations.

In this way, Modu Mountain is almost unsustainable and will be destroyed.

Lu Ming wanted to find out which collusion between the Dark Ice Clan and Jiu Jue Tian Wang Mansion could only fall on the Dark Night Demon King.

Lu Ming is waiting for the Night Stalker to appear.

Over the city's main palace, the fighting was extremely fierce, and the Devil Guard was constantly killed, and the body fell to the ground.

The city's palace was covered with corpses of Moduwei.

The remaining four demon masters were also suppressed by the four heavenly gods' nine arrogances.

"Fight with you!"

There was a roar of the devil, his divine power, burning up, and fighting fiercely with the heavenly arrogance of the god.

At the same time, the other three demon masters also gritted their teeth and burned their divine power, desperately pounding, trying to escape.

"Want to escape, dream!"

The four celestial gods Jiuzhong's Tianjiao coldly drank, not seeking merit but seeking nothing, they changed their strategy, just entangled each other, and no longer actively attack.

There is a time limit for burning the divine power. Soon, their divine power will be exhausted. At that time, they will not be allowed to slaughter.

Sure enough, after a while, the breath of the four demons declined sharply.

Keng!

The sound of Jianming shook the sky, the young man in black robe, with a sword in the air, beheaded a demon lord.

"Die to me!"

The young man covered with golden light bombarded a demon master with one palm.

And the brother of Wuxue, the blood-robed young man, also killed a demon master.

"Devil, devil!..."

The last Demon Lord shouted frantically and his face was unwilling, but he had been killed before speaking.

At this point, the Nine Demon Lords of the Magic City are all destroyed!

Chapter 2969: Night Stalker Appears

After the four celestial pride killed the demon lord, his eyes looked deep into the city's palace.

boom!

At this moment, a deep breath erupted in the depths of the city's main palace. Then, a figure stepped out and stood in the sky.

This person is really the night demon king.

"The Night Stalker, you finally appeared!"

Brother Wu Xue, the blood-robed youth sneered.

"Why? Why did you kill us?"

The Night Stalker's face was all grim.

"Why are there so many? Why do you need a reason to destroy your little Modu Mountain?"

The young man covered in golden light is very domineering.

"Hahaha, no reason is needed, indeed!"

The Night Stalker laughed, and his eyes were even more terrible, staring at the four Tianjiao, sneeringly said: "Your talent is high, but after all, it is only the cultivation of Heaven and God Realm. Do you think you can fight me?"

"Furthermore, after a war just now, you should have lost a lot of power, hehehe!"

Night Stalker sneered.

"It turns out that the reason why you didn't come out just now is to consume our divine power, which is really a cruel means!"

The young man in black robe said.

Obviously, the Night Stalker knew the war outside, but no matter what the Devil Lords called, the Night Stalker didn't show up. He was planning to let those Demon Lords consume these divine powers.

The more he consumes, the more confident he is.

"Hehehe, those wastes can be sacrificed for me, and they are considered to be well-dead, but you, so many arrogances, today, I can handle so many arrogances, and I will not lose everything in this world, hahaha!"

The Night Stalker sneered, his breath more violent.

boom!

He shot suddenly and slammed out with a slap.

This palm, directly against the sky full of golden radiance.

boom!

The young man covered with golden radiance, always paying attention to the Night Stalker. As soon as the Night Stalker shot, he also followed, and a huge golden palm print hurled forward.

Two palm prints confront each other in the void.

boom!

The void burst, full of energy.

Then, the golden palm print collapsed, and the young man covered with golden light retreated, and a spit of blood spewed out.

"There is an insurmountable gulf between the heavenly **** realm and the **** king realm. Today, I will let you know that the gap between the **** god and the **** king cannot be compensated by talents!"

The Night Stalker roared, and the whole person radiated a dazzling radiance, as if a star was burning in flames, and its power was extremely extreme.

The Divine King Realm, condensed into a star core, is too strong. Even the weakest Divine King is many times stronger than Tenjin.

boom!

The Night Stalker moved again, and continued to kill the young man covered with golden light.

"Zhenwang Tower!"

At this moment, the young man covered with golden radiance Chang Xiao, his brow glowing, flew out of a small tower.

The small tower became golden, and when it flew out, it suddenly grew larger and became as big as a mountain.

Buzz!

The small tower shook, and a mysterious energy filled out, covering the night demon king.

The Night Stalker's breath shuddered for a while, as if instability.

"Damn, specifically deal with the treasures of the **** king..."

The Night Stalker shouted.

This kind of treasure is not an artifact, but some secret treasures refined by special means. This kind of secret treasure is specially used to deal with the **** king. It produces some special fluctuations that can affect the star core of the **** king.

The star core is unstable, and its strength will naturally be greatly reduced.

Of course, the higher the cultivation level, the smaller the impact.

However, the influence of a heavy king like Night Stalker is still great.

"Talent can't make up, what about treasures?"

The young man covered with golden sneers sneered and his breath broke out, killing towards the night god.

boom!

The two slammed each other again, this time, the young man still covered with golden light stepped back.

"With a treasure, I want to deal with me and dream!"

The Night Stalker roared, madly stimulating the divine power, and wanted to rush out of the envelope of the Town King Tower.

"Who said there is only one treasure, Wang Zhongzhong!"

Brother Wu Xue, waved his hand, and a big blue clock flew out.

when! when! ...

The big clock vibrated, producing a wave of sound, rushing towards the night demon king.

The breath of Night Stalker was trembling again, a little unstable.

"Peerless sword!"

The young man in black robe drank coldly, waved his hand, and a war sword flew out. The infinite sword gas rushed towards the night demon king.

Three treasures, three treasures dedicated to the King of Gods.

This time, the Night Stalker's complexion really changed and became extremely ugly.

Under the repression of the three treasures, he felt the star core in his body, trembling, as if being suppressed, no matter how he operated, it would be difficult to exert all his strength.

"Huh, Night Stalker, today is your death, hey!"

The brother of Wuxue sneered, his figure flashed and killed the night demon king.

At the same time, the other three celestial gods' arrogant arrogance also killed the night demon king.

"Want to kill me, stop thinking!"

The Night Stalker yelled, how could he catch his hand, and broke out with all his resistance.

boom! boom! boom! ...

The four celestial arrogances, together with the night demon king and the fierce battle, the city's main palace is boiling, all kinds of divine light, flying around.

Around, the other battles between Tianjiao and Moduwei have stopped.

The remaining Moduwei, who had not died, had already fled.

Those arrogances were not pursued. Their targets were the Nine Demon Lords and the Night Demon King. It was useless to kill these demon guards.

In this process, Lu Ming has not shot.

So good to sit on the mountain and watch the tiger head, the chance for the fisherman to profit, how could he rush out foolishly.

He tried his best to recover and heal the wound.

The wounds on his body have basically healed, and his physical strength has been restored.

He is waiting for a shot.

"We also shot!"

On the side, Palin and Wuxue a few strong arrogances also joined the battle group.

Under the influence of the Night Stalker by the treasure, their strength is enough to threaten the Night Stalker.

In a blink of an eye, the two sides fought for a few minutes.

The Night Stalker gradually lost ground and fell into the disadvantage.

puff!

A sword flashed through, and there was a sword wound on the Night Stalker, blood flowing.

bump!

Then, the young man covered with golden radiance, a palm print was printed on the Night Stalker, so that the Night Stalker was staggered back and forth, and blood oozed from the corners of his mouth.

Seeing that the night devil was injured, these days of arrogance were even more exciting. Various means were used, various divine skills, secret techniques, and Lu Ming opened his eyes.

Lu Ming found that the secret techniques controlled by the Heavenly Kings of Jiu Jue were amazingly powerful, and some even chased after his magic method.

Of course, this is the reason why Lu Ming is far from cultivating the magic formulas of the dragon and dragon.

The magic formula of the dragon is obtained from a relic. The more Lu Ming cultivates, the more unfathomable it feels.

If hundreds of thousands of dragons' physiognomy are to be cultivated in the future, that kind of power will make Lu Ming look forward to thinking about it.

Chapter 2970: Kill the Devil

The Night Stalker roared again and again, struggling to fight.

Hundreds of moves were fought against both sides.

There are more and more wounds on Night Stalker.

He relied on the defensive power and vitality of God Realm for a while, and he resisted temporarily.

However, in this way, sooner or later, he will not be able to resist, to be exhausted.

He was really suffocating, he had strength, he couldn't play it out.

The Night Stalker madly urged the star core, but the three secret treasures exuded bizarre fluctuations, imprisoning his star core, he exploded desperately, and could only exert the power of 50% or 60%.

puff!

A sword light chopped towards the Night Stalker's neck. He hid fast, but still left a sword wound on his cheek.

"Damn, damn!..."

The Night Stalker roared and sustained damage, making him a little crazy, and his eyes showed a terrible color.

"If you want me to die, then die together. It's worth it to pull you back on these days."

The Night Stalker roared, the breath on him suddenly became violent, and then, in his Dantian, a radiance radiated out.

This glorious, splendid, brilliant star, and then, a longan-sized crystal emerged.

As soon as this crystal emerged, it exuded terrifying fluctuations!

"It's a star core!"

Exclaimed a young man.

In the distance, Lu Ming's eyes were also condensed.

He recognized that this crystal is the star nucleus. This is the star nucleus that the night demon broke through the realm of God, and it is different from the star nucleus obtained by Lu Ming.

The stellar nucleus obtained by Lu Ming, regardless of size, mass, or energy fluctuation, is much stronger than this nucleus.

Although it cannot be compared with the star core, the fluctuations emitted by this star core are also extremely terrifying.

Buzz!

As soon as the star nucleus appeared, it shook slightly, and then a wave of horrible energy fluctuated from the star nucleus, as if to break through the suppression of the three secret treasures.

"No, he wants to explode the star core!"

"Rewind!"

A few young Tianjiao, all showing a terrified look, receded wildly.

"Go die to me!"

The Night Stalker roared, with a terrible look on his face. After the roar, the star core actually clicked, and a crack appeared, split in two.

Half of them flew into the Night Stalker's Dantian, while the other half burst with a bang.

The Night Stalker didn't really want to completely explode the star core, he actually divided half, only half, so in this way, he can keep some cultivation.

The star core explodes, even if it is only half, the power is terrible.

Like a planet exploding, a mushroom cloud rises, and terrible energy rushes in all directions.

The first to bear the brunt are the three secret treasures.

Buzz!

The three treasures shook violently, and then there were cracks on it, and then there were more and more cracks, and then they burst apart.

The three secret treasures burst one after another, and the kind of fluctuation disappeared.

The residual energy makes those arrogant vomit blood.

Fortunately, they saw the plane early and retreated early, and the Night Stalker only exploded half of the star core. Although they were injured, they were not seriously injured.

The Night Stalker himself vomited blood.

Since he exploded half of the star core, he was also hit hard and was seriously injured.

At this moment, the Night Stalker couldn't care about the injury, he escaped from his own care, he panicked and chose a direction to escape.

This direction happened to be Lu Ming's hidden direction.

"chase!"

Those arrogances came slowly, and chased toward the night demon king.

Uh!

The Night Stalker is very fast, and soon, Lu Ming is not far away.

"This is really coming to the door!"

Lu Ming curled his lips, took out a spear from his hand, and flicked his hand. The spear flew out like lightning, and went straight to the face of the night demon king.

The Night Stalker was shocked and flicked the spear, but his figure also paused.

At this time, Lu Ming had rushed out.

Uh!

Lu Ming rose to the sky and killed the night demon king. During the process of rushing out, his body swelled up sharply, turning into a green armor a few hundred meters high.

Before the person arrived, the nine chains of ice had rushed out first.

"It's you, Lu Ming, get out!"

The Night Stalker saw Lu Ming, burst into a roar, and took a palm shot.

The palms of the mountains and the sea crushed nine ice chains.

However, Lu Ming's subsequent attacks also arrived.

"Cut the moon!"

Lu Ming held the gun in both hands, and the force of the gun fell down with a big gun.

boom!

Gunman and the Night Stalker's attack collided together. The Night Stalker was shocked, his palms almost burst apart, and blood splattered in his mouth.

The Night Stalker exploded half of his star core, his vitality was badly wounded, and his strength was ten.

And Lu Ming, after reaching the fourth level of Tenjin, the combat power has completely surpassed the current Night Stalker.

When the two met, the Night Stalker was hit hard.

"Die to me, starburst!"

Taking advantage of this opportunity, Lu Ming used the strongest move.

A spear burst out of nowhere, and pierced the Night Stalker.

The Night Stalker roared and resisted with all his strength, but the gun burst exploded like a star nucleus.

The Night Stalker screamed, and was torn apart by this force, leaving only a little soul, not dying, and wanted to escape.

But when Lu Ming grabbed it with a big hand, a nine-clawed dragon flew out and swallowed with wide mouth, swallowing the soul of the night demon king into the air.

With a scream of resignation, the soul of the night demon king also completely disappeared.

A generation of devil, die!

Then Lu Ming waved his hands and put away the Night Stalker's storage ring.

Lu Ming just put away the storage ring, the brother of Wu Xue, the young man covered with golden radiance, etc. also arrived and appeared in front of Lu Ming.

"Boy, it's you!"

The witch blood shouted, extremely grim.

"It's not me!" Lu Ming smiled faintly.

"Boy, hand over the Night Stalker's storage ring, I can give you a happy one!"

The brother of Wuxue, the blood-robed young man spoke coldly, and the murderous body of his body made no secret.

"Give me a pleasure? It's you?"

Lu Ming disdain.

"Huh, boy, that demon fought in the first place. Don't think you have won the first place, there will be more amazing. At that time, we were inconvenient to fight, so as not to play the grass and startle the snake, otherwise, how old are you?"

The blood robe youth sneered, stepped out suddenly, and rushed towards Landing Ming, a huge **** palm, grabbing towards Landing Ming.

"roll!"

Lu Ming shouted and swept the spear out.

boom!

The **** palm collapsed, and the blood robe's youth retreated.

"You... your strength?"

The blood robe youth looked at Landing in shock. He was not Lu Ming's opponent at all.

At the beginning, although Lu Ming was strong and able to beat Pei Lin, he thought he could still beat Lu Ming.

But just now, Lu Ming surpassed him completely.
