Chapter 2971: Star Camp

"With your strength, you still want to kill me. Today, it is you who died!"

Lu Ming sneered and killed with a gun at the blood-robed youth.

But at this time, other youth Tianjiao also started, various attacks, pouring down to the landing.

Lu Ming's eyes were cold, his spears shook, and a dozen shots burst out, screaming at these days.

However, Lu Ming now breaks through the four levels of Tenjin, and his strength is at its peak. The blood robe youth and others, because of the night demon blew half the star core, were affected and suffered some injuries.

Therefore, even if they join forces, they are not Lu Ming's opponents.

The spears were dazzling, peerless and sharp, directly penetrating the attacks of blood robe youths and others.

The blood robe youths and other people were shocked and retreated.

"With your strength, you still want to kill me?"

A mocking voice came from Lu Ming's mouth. He held the gun up, the long gun vibrated, and the huge gunman swept out.

Blood robe youths and others looked ugly and screamed, each showing their own tricks, but now the tradeoffs, they are not Lu Ming's opponents, the result is a shocked retreat.

"Damn, how is this kid's strength so amazing?"

Blood robe youths and others shouted in their hearts.

They are the arrogance of Jiu Jue Tian Wang Mansion, but Lu Ming has never seen him, from which corner did Lu Ming come out?

bump!

Lu Ming continued to step forward and was violent.

Blood robe youths and others changed their faces again and retreated involuntarily.

Lu Mingjin, they retreat, no longer have the courage to fight again.

In their current situation, even if they fight again, it will be a word of "lost".

"Retreat!"

In the end, the blood-robed youths and others were unwilling to show their way of the body and drifted back, far away from Lu Ming.

"Boldless people, still want the storage ring in my hand? Go!"

Lu Ming drank coldly.

The blood-robed youth looked ugly and died.

"Boy, I remember what happened today!"

The blood-robed youth left a word coldly, his figure flashed and left here.

Tian Jiao, another young man, also gave Lu Ming a cold look. He had no choice but to leave here.

Soon after, Tianjiao here, walked cleanly.

"Let's search here!"

Lu Ming shrank and was humane to Qiuyue and others.

Afterwards, several people rushed into the main palace and searched to see if they could find some clues.

Originally, the majestic and magnificent city's main palace had collapsed, and there was no one left. Lu Ming and others walked through the ruined city's main palace to see if they could find clues about the Dark Ice Clan and the Jiujuue Heavenly King's Palace.

They did not find that a person appeared not far from the city's main palace.

This person is the daughter of the night devil, the night rose.

Before the war, the night rose never appeared.

Dark Night Rose looked at Lu Ming and others in the distance, his eyes gleaming with hatred, greed and other complex emotions.

"Lu Ming, Lu Ming, sooner or later, I will "swallow" you, hehe hehe!"

A cold laughter came out of the rose of the dark night, her eyes flashed with evil light, and then flashed, disappeared here.

Just as the night rose disappeared, two black figures emerged out of thin air.

The two black shadows, wrapped in black robes, could not see clearly, but could only see a pair of cold eyes in the black robes.

"What should I do? The dark night's storage ring is in the boy's hand!"

One of them spoke.

"With our strength, it is not an opponent of this kid at all!"

The other person spoke.

"However, the Night Stalker's storage ring must not fall on the hands of outsiders, we must get it!"

The previous humane.

"For now, we stared at them secretly, and then sent back the news, let the Lord send the strong to come and kill them!"

The human behind.

"Okay, that's it!"

The previous humane, after speaking, both of them flashed, disappeared without a trace.

Lu Ming and others didn't know that they were being stared at. They searched for several laps in the city's main palace, but they found a lot of treasures, but the dark ice clan colluded with the power of Jiu Jue Tian Wang Fu, or Jiu Jue Tian. The treasure of the palace was not found at all.

"I don't know if there are clues in the Night Stalker's storage ring?"

Lu Ming thought.

After searching for two more circles, there was still no clue. Lu Ming, Qiuyue and others left the place.

Soon after, they found a secret place and Lu Ming took out the Night Stalker's storage ring and checked it out.

Upon inspection, Lu Ming was shocked.

The Night Stalker controls the Night Stalker. Over the years, I don't know how much wealth I have accumulated.

In the storage ring, all kinds of precious magic pills, magic medicines, and magic materials are piled up like a mountain.

There are all kinds of artifacts at all levels, and there are even several superb artifacts.

As for Shenjing, that is innumerable.

In addition, Lu Ming also discovered a sacred work of magic.

This sacred magical skill, cultivated to the peak, can cultivate the sacred power, but the Night Stalker obviously has not cultivated to the highest level, otherwise the strength can be a little stronger.

Lu Ming smiled. He naturally wanted to practice this holy product.

In addition, Lu Ming also discovered a large number of Magic Night Spring.

There are more than five hundred pounds.

"Good guy, it is estimated that the entire Modu Mountain's Moye Spring is here. No wonder it was not found before!"

Lu Ming muttered.

Then he took out twenty kilograms of Demon Night Spring and distributed it to Yue Linglong and Wu Zifeng, giving them ten kilograms each.

Ten pounds of magic night spring, enough for them to use for a long time.

The two were naturally ecstatic and put away.

Lu Ming didn't give Qiuyue, how much Qiuyue wanted to use, he naturally gave it, no need to give it.

To Lu Ming's disappointment, in the storage ring of the Night Stalker, no clues were found about the treasures of Jiu Jue Tian Wang Mansion.

"Did the Night Stalker leave no clue?"

Thinking of this, Lu Ming was disappointed.

Later, he also checked the storage rings of several devil masters, and found no clue.

However, he has a few more tokens in his hands.

A total of four!

One piece of Demon Token and three pieces of Demon Token are really what people like Witch Blood and others want to get here.

"Devil Token, Demon Token, as long as you hold this, you can join the Starry Sky Camp!"

Wu Zifeng's eyes flashed, revealing a scorching flame.

"We killed like this halfway? Can we join the starry sky camp?"

Lu Ming asked curiously.

"Yes, as long as the age does not exceed the standard, and cultivation is above the heaven and earth realm, as long as you hold the devil and devil master tokens, you can enter the starry sky camp!"

Wu Zifeng said, after finishing, Wu Zifeng pondered for a while, and then said: "Brother Lu, if you want to detect the treasures of Jiu Jue Tian Wang Mansion, it is better to join the Starry Sky Camp first. It's very close, maybe you can get some clues!"

Chapter 2972: Spectacular

"Okay, join Star Camp first!"

Lu Ming nodded and made a decision.

Originally, the purpose of his trip was to go to Jiu Jue Tian Wang Mansion and Modu Mountain, just to check it out. If no clues were found, he had to go to Jiu Jue Tian Wang Mansion.

"Okay, let's go!"

Wu Zi closed.

Immediately, a group of four people left Modu Mountain, and after some trek, came to the core of Chu Tianxing domain, and then took the cross-celestial teleportation array, and went towards the palace of Jiu Jue heaven.

The Chutian Star Zone is a long distance from the Jiu Jue Tianwang Mansion. Even if it is a straight line, it is separated by more than a dozen star zones. This is a long distance.

They hurried on the road alone, and spent almost a year. Finally, they came to the territory near Jiu Jue Tian Wang Mansion, and then flew towards Jiu Jue Tian Wang Mansion by star warship.

Gradually, a huge galaxy appeared in front of Lu Ming's eyes in the universe.

"this is..."

Looking at the galaxy, Lu Ming and Qiu Yue were shocked.

There are actually three stars in this galaxy.

The general galaxy is a star.

With one star as the core, other planets orbit around the star to form a galaxy.

However, this galaxy has three stars.

Giant planets, orbiting three stars, are moving in a wonderful trajectory.

Lu Ming glanced away, around the stars, at least more than thirty planets, orbiting three stars.

As the distance drew closer, a scene that surprised Lu Ming appeared.

On the outer periphery of the entire galaxy, those planets are shining with various lights.

At the same time, there are giant ships around the galaxy, which are watching, these giant beasts give people an extremely dangerous feeling.

Wu Zifeng and Yue Linglong's face was calm, and it was obvious that they hadn't been surprised.

"These behemoths are all war machines. They are terrible. They can monitor the space around this galaxy. Once an enemy is found invading, they will launch a thunder counterattack. It is said that even the existence of the peak of the **** king must be bombed!"

Wu Zifeng explained.

Lu Ming took a breath.

The existence of God King Peak can be bombarded, and such power is really appalling.

Just send one, you can crush Qin Tianxing domain.

"Let's go in, go to that planet first!"

Wu Zifeng pointed to a fiery red planet on the outermost edge of the galaxy.

Lu Ming flew toward the fiery red planet in a starry sky battleship.

"who?"

With a cold drink, a group of strong men wearing fiery red armor appeared outside the planet, blocking Lu Ming's way.

The breath from his body shocked Lu Ming.

"God King, among them, there is God King Realm!"

Lu Ming secretly startled.

There are twelve people in this team of strong men. Lu Ming feels at least three people, the existence of God King Realm. The other nine people are estimated to be the characters of the pinnacle of God.

It is worthy of the Jiu Jue Heavenly King's Mansion, this is just the most perimeter guard, and there are many **** kings, and their strength is really unpredictable.

"I am Wu Zifeng, a disciple of the Wu family. These are some of my friends!"

Wu Zifeng flew out of the Star Wars and took out an identity token.

"It is indeed a disciple of the Wu family. How many of them have they been to the Jiu Jue Tian Wang Mansion before? If they haven't, they will leave a breath of life!"

A great Han Dao in a god-king realm.

"Yes!"

Wu Zifeng nodded.

On the way, Wu Zifeng also explained the procedure to enter the palace of Jiu Jue Tian Lu, Lu Ming did not feel surprised, and Qiuyue stepped forward, leaving a breath of life on a position.

After leaving the breath of life, the brave men wearing fiery red armor, without stopping, let Lu Ming and others enter the planet.

After entering the planet, they flew along the other direction of the planet toward the core of the galaxy.

If you don't pass through this planet and directly enter from other spaces in the galaxy, you will be attacked by those war machines. Unless there is a cultivation behavior beyond the God King, you will not survive.

Flying towards the core of the star core, a short time later, a huge planet appeared in front.

This planet is the largest in this galaxy. Even if it is far apart, you can feel that there is a surge of energy on this planet.

Around each planet, there is a circle of light that surrounds the planet. From a distance, it is very beautiful.

At the same time, Lu Ming felt that from all directions, even the universe, energy was constantly being absorbed by this planet and converged on this planet.

"This planet has a large array and can absorb the energy of the outside world!"

Lu Ming whispered.

"Yes, this planet does have a large array. It absorbs the energy of the universe's sky all the time and converges on the planet, so that the spirit on the planet is extremely rich!"

Wu Zifeng explained, and then smiled, said: "This is Jiu Jue Tian Wang Fu, we are here!"

"This is the palace of Jiu Jue? The whole planet?"

Lu Ming was surprised.

"Yes, the whole planet is the palace of the nine kings!"

Wu Zi nodded and explained: "The entire planet is enveloped by a peerless array, like a huge mansion or a city!"

Lu Ming and Qiu Yue were amazed.

This is really a big deal.

As the distance drew closer, Lu Ming finally discovered that the entire planet was covered by a huge light shield.

But in different directions of the planet, the mask will open a gap, like a door.

Wu Zifeng informed that there are eight gaps in the entire planet, that is, eight gates, which are distributed in eight directions on the planet.

Each gate has a large number of strong guards.

"With such a tight defense, there are still people who can steal the treasure from Jiu Jue Tian Wang Mansion, ha ha!"

Lu Ming sneered.

When he arrived here, Lu Ming understood more clearly that if there were no people in Jiu Jue's palace, no outsiders could steal the treasure from it.

Absolutely, there are internal staff to cooperate.

They flew towards the nearest gate.

Around this gate, there are a large number of strong guards, all wearing armor, amazing momentum.

"God king, all **** kings!"

From these people, Lu Ming felt the breath of terror, which was the breath of the **** king.

These guards are all the gods.

Here, Lu Ming and Qiu Yue left another breath of life before they were able to enter this gate.

As soon as he entered the gate, Lu Ming felt a strong spirit, and he rushed to his face.

"It's so rich..."

Lu Ming took a deep breath and felt refreshed.

Cultivating here is definitely faster than cultivating outside.

"Go, I will take you to my Wu's mansion!"

Wu Zi sealed the road and flew forward first.

Several people in Lu Ming followed.

Chapter 2973: Ball wake

This planet is home to the Nine Peerless Kings, so there are no cities on this planet.

In the vast territory, wherever you want to build various buildings, you can practice.

Lu Ming flew at high altitude, looked around, and found that the entire planet, mountains, lakes, rivers, everything, and between these mountains, lakes, rivers, dotted with various buildings.

"Your Wu family's headquarters, on this planet?"

Lu Ming asked curiously.

"It can be said, but it is not very accurate!"

Wu Zi said: "In fact, in the House of the Nine Great Kings, there are many big families with long traditions, such as our Wu family, such as the Qin family from Qin Wuyou and others!"

"These big families all have strong men working in Jiu Jue Tian Wang Fu, so the headquarters are all set up on this planet!"

"However, most of the ancestral land of the big world is not here, distributed in different star fields, that is the foundation of the big family!"

"For example, the headquarters of my Wu family, although here, but the ancestral land, is in another star field, where the most powerful people in my Wu family gather!"

Lu Ming nodded, roughly figured it out.

Soon, an endless mountain range appeared in front of us.

In these mountains and mountains, there are countless buildings built that can't be seen at a glance.

This is the Wu family headquarters in Jiu Jue Tian Wang Fu.

"Come on, you live in the Wu family first!"

Wu Zi closed.

The crowd flew forward.

"Three sons!"

"Have seen three sons!"

On the way, many people saluted Wu Zi.

Although Wu Zifeng Xiuwei is not very high, he is the son of the current Wu family head and has a high status.

Soon after entering the Wu family, Wu Zifeng arranged a separate courtyard for Lu Ming and Qiu Yue to live.

In an instant, Lu Ming and Qiuyue came to the Wu family for three days.

On this day, Wu Zifeng and Yue Linglong found Lu Ming.

"Brother Lu, there is one thing, I want to ask you!"

Wu Zi closed.

"Brother Wu tells me something!"

Lu Ming smiled.

"Brother Lu, your devil token, can you sell it?"

Wu Zi closed.

"Demon Lord token? How? You need it? If you need it, take it, Qiuyue and I, two pieces are enough!"

Lu Ming said.

There are three pieces of Demon Token and one piece of Demon Token on his body. He and Qiuyue entered the Starry Sky Camp. Two pieces are enough, and the remaining two pieces are useless.

It was originally intended to be used by Wu Zifeng and Yue Linglong, but their cultivation practices did not reach the heaven and **** realm and could not be used.

"This is the case. I have two cousins who also participated in this Star Camp assessment, but they were unlucky and did not complete the assessment, so I want to buy two pieces of Demon Token with you!"

Wu Zi closed.

"Wu people also participated in the Star Camp assessment? Why didn't they see it at Modu Mountain?"

Lu Ming asked curiously.

"The assessment of Modu Mountain is just one of the assessments of the Starry Sky Camp. In fact, every time you want to join the Starry Sky Camp, there are many Tianjiao Camp's assessments. The assessment of the Starry Sky Camp is also divided into many projects. They are randomly selected, and

some people This kind of assessment will be drawn, and some people will get that kind of assessment. Those who go to Modu Mountain are only a small part of the assessment of the Starry Sky Camp!"

Wu Zifeng explained.

Lu Ming suddenly, so it turned out!

It seems that Wu Zifeng's two cousins participated in other assessments and did not complete the assessment.

"It doesn't matter, the extra tokens from the devil are useless, and your cousin needs them, so give them!"

Lu Ming said.

"Then I would like to thank you first, so I will call my two cousins!"

Wu Zifeng showed a happy look and left Lu Ming's other courtyard. Soon afterwards, Wu Zifeng brought two young men together.

The two young men looked like they were in their twenties. They were burly and handsome.

"Wu Ming!"

"Wu Yue!"

"Have seen Brother Lu!"

Two young men gave Lu Ming a fist.

"Brothers are welcome, there is no need to pay more. I heard that the two brothers need the devil's token. I have two more here, here!"

Two pieces of Demon Token appeared in Lu Ming's hands. With a wave of his hand, he flew to Wu Ming and Wu Yue.

Wu Ming and Wu Yue reached out and took over, showing great joy.

"Brother Lu, the demon token, how many **** crystals, we buy!"

Wu Mingdao.

"Since you are Zifeng's brother, that is my brother. They are all my own brothers. Why should you be so polite? These two pieces of Demon Tokens are useless for me to keep. You can take them directly. Why not buy them! "

Lu Ming laughed.

"Then... why are we so embarrassed!"

Wu Yue hesitated.

"Two brothers Wu, unless you look down on me Lu Ming, unwilling to make this friend with me..."

Lu Ming sighed on purpose.

"Brother Lu misunderstood. We have long heard Zifeng say that Brother Lu is a world of arrogance. We have long wanted to make this friend of you, how can we look down on it!"

"Yes, since this is the case, then we will accept this devil's token!"

Wu Ming and Wu Yue said quickly.

"Brother Wu, when are you going to go to the starry sky camp?"

Lu Ming turned around and asked.

"There are seven days to go to the Starry Sky Camp to report. How about we go together?"

Wu Mingdao.

"Just what I want!"

Lu Ming smiled.

They were all young people and soon became familiar. Several people took out wine and chatted while drinking. Lu Ming knew more about the situation of Jiu Jue Tian Wang Fu.

After three trips, Wu Zi sealed several people to leave.

In the next few days, Lu Ming and Qiu Yue lived with the Wu family.

They did not know that in the distance of the Wu family, there were two people in black robe, wandering.

"What should I do? They entered the Wu family!"

When one person spoke, the Wu family's strength was extremely strong. Lu Ming and they entered the Wu family, and they had no solution at all.

"They can't stay at the Wu family for life. They got the Demon Token and Demon Token. Most of them will join the Starry Sky Camp. We will be ready on the way to the Starry Sky Camp. Then we will kill them in one fell swoop!"

Another black robe spoke coldly.

The two observed for a while, and then they left here.

In a blink of an eye, three days passed.

On this day, Lu Ming is practicing.

In the past few days, he has been cultivating the holy divine magic technique obtained from the night demon king.

Last time at Modu Mountain, Lu Ming forcibly struck the four gods of Tianshen, resulting in unstable foundations.

In the next period of time, it was impossible for Lu Ming to break through. He could only polish the foundation first. Only when the foundation was stabilized could he continue to hit the realm.

During this time of polishing the foundation, Lu Ming happened to be practicing new magical methods.

Ok?

At this moment, Lu Ming's wrist, there were wonderful waves.

This fluctuation comes from the ball.

The ball has been transformed into a bracelet, which was carried on Lu Ming's wrist and has been sleeping for hundreds of years. There has been no movement, and now there is movement.

Lu Ming is overjoyed!

Chapter 2974: The ball is the king

Lu Ming showed a happy look, the ball that had not moved for hundreds of years, and finally there was movement.

He knows that most of the ball is refined from the bronze consumed by the ancient **** world.

After hundreds of years of refining and refining, how can the ball's cultivation reach?

Lu Ming was looking forward to it.

At this moment, the ball bracelet turned into a glow, and then flew out, turned into a metal ball, emitting powerful waves.

Qiuyue was also alarmed and came out of the room, looking at the ball curiously.

"Master, what's wrong?"

Qiuyue asked.

"The ball is about to evolve, so strong fluctuations..."

Lu Ming's face changed slightly.

The radiance radiating from the ball is getting stronger and stronger, and the energy fluctuations diffused are getting stronger and stronger.

"Go, let's leave here first!"

Lu Ming said, and then waved his hand, put the ball into a storage ring, and Qiuyue took off into the sky and flew outside the Wu family.

Lu Ming was the guest brought back by Wu Zifeng, the third son of Wu Family. Naturally, no one stopped him. Lu Ming left Wu Family smoothly, speeded up, found a remote and unoccupied place, and released the ball.

boom!

After the ball was released, a huge energy wave erupted.

At the same time, between the heavens and the earth, the infinite spirit, converged towards the ball.

Fortunately, this is the palace of the nine kings of heaven, with a very strong expression, which is even more intense than the inferior Shenjing, endless.

A lot of energy is absorbed by the ball, and the breath emitted by the ball rises at an amazing speed.

Ten Gods, Four Gods, Five Gods...

Soon, he arrived at the God of Nine.

"This..."

Both Lu Ming and Qiu Yue were dumbfounded, and were stunned by the speed of this increase.

This increase in speed is faster than being a rocket!

However, at the time of Tenjin Jiuzhong, he didn't stop and continued to ascend.

At the next moment, the breath emitted by the ball soared again, breaking through the ninth **** of heaven and reaching the half-step **** king realm.

However, this is still not the limit, it is still improving.

"Can it impact God Realm?"

Lu Ming was shocked and looking forward.

After a few hundred years of sleep, once awakened, he went from the **** of heaven to the **** realm. At this speed, I am afraid to scare the dead.

However, the ball refined the mysterious bronze, everything is possible.

The body of the ball is bright and shining with bronze luster. Its inner body seems to breed a terrifying energy and is impacting the realm of the **** king.

boom! boom! ...

There were intense roars inside the ball.

After a while...

boom!

A terrifying aura burst out of the ball, and a strong coercive pressure emanated from the ball.

Under the pressure of this coercion, Lu Ming and Qiuyue could not help backing off again and again, and they had to back off for ten thousand meters before stopping.

"The pressure of God King, the ball really broke through!"

Lu Ming was overjoyed.

The strength of the ball is already amazing. If you break through to the King Realm, you don't know how strong it will be.

Now, Lu Ming is coming to Jiu Jue Tian Wang Mansion for the first time. I don't know what kind of crisis he will face.

Huh...

Between the world and the earth, the majestic energy keeps converging towards the ball. It takes only a few hours for the ball to stop absorbing energy, and the breath on the ball stabilizes.

God King Realm is one!

Lu Ming can feel that the cultivation of the ball is important in the God Realm.

After the breath converged, eyes and mouth appeared on the ball's round body, looking towards Lu Ming.

"Lu Ming, Lu Ming, I have broken through the realm of God King, ha ha ha!"

Ball opened his mouth and laughed, rushed to the landing and landed on Lu Ming's shoulder.

"Can you speak?"

Lu Ming smiled.

"Yes, you can break through the King of God, but unfortunately, the King of God is important..."

The ball also sighed.

Lu Ming and Qiuyue are speechless.

I just slept for a few hundred years, and broke through the realm of God King, and I was not satisfied. If you let others know, wouldn't you be alive and mad?

"Huh, Lu Ming, why are you the triple god, is this too slow? How do you practice?"

Then, the ball opened again and almost sent Lu Mingqi out of the internal injury.

Lu Ming's eyelids twitched a few times, and said, "Yes, yes, you are a cow, okay, afterwards, when I meet an unbeatable opponent, it's up to you!"

"Relax, give it to me, I feel my body has endless power!"

The ball shouted, and the round body jumped in the air.

The ball broke through the God Realm, and Lu Ming was also in a good mood. He took out a lot of precious metals and gave them to the ball.

After seeing the metal, the ball shined, and stretched out two tentacles, then grabbed it and stuffed it into his mouth, looking like a smile.

The ball regained consciousness, and the following days were also lively.

Soon, ten days, it will be here!

On this day, Lu Ming, Qiuyue, Wu Ming, and Wu Yue merged and left the Wu family, heading towards the starry sky camp.

Starry Sky Camp, also on the planet Jiu Jue Tian Wang Fu, is quite far away from the Wu Family.

The four hurried towards the starry sky camp.

"Lu Ming, wait..."

Just as the crowd was flying over a mountain range, the vocabulary was called out, a look of anxiety.

Lu Ming jumped in his heart and immediately shouted, "Wait a minute!"

Qiuyue's little hand stopped.

"Brother Lu, what's wrong?"

Seeing Lu Ming suddenly stopped, Wu Ming and Wu Yue also stopped, looking at Lu Ming in surprise.

Lu Ming didn't answer, he didn't know what was going on, he was asking for a word measure.

"Old man, what's going on?"

Lu Ming asked.

"Specifically, I don't know, I feel that the energy in the front area is abnormal!"

Measure the word.

"Abnormal energy?"

Lu Ming wondered.

"Yes, the energy is abnormal, but it's not powerful. It's very powerful. It looks like some sort of big battle!"

Measure the word.

Measure word tactics do not understand the array method, but are extremely sensitive to energy.

"Great array?"

Lu Ming frowned.

This barren mountain has a large array, but what remains in front of it?

Lu Mingfu wanted to join hands.

"In front, there may be a big formation!"

Lu Ming said to Wu Yue and Wu Ming.

"There is a big formation? Is it a certain ruin?"

Wu Ming and Wu Yue thought so too.

"I don't know, but the power of this large array is amazing. I'm afraid we can't break it. Let's write down the location and find a master to break it in the future. Let's get around here first!"

Lu Ming said.

Wu Ming and Wu Yue nodded, this is a relatively safe method.

Then the crowd bypassed the area and proceeded in the other direction.

But they didn't fly out far. Among the barren mountains below, there was a rainbow of light, and a group of people surrounded Lu Ming and the others in the middle.

This is a group of people wearing **** robes and expressions of wood, but everyone has a cold murderous opportunity.

Chapter 2975: Murderous

"who are you?"

Wu Yue and Wu Ming's faces changed drastically, and they shouted.

However, these people wearing **** robes didn't even look at Wu Mingwu Yue, the expression was still indifferent.

"You can actually perceive the large formation we laid down, and bypass the large formation. It's amazing, but still dying!"

One of the big guys said, even when he was speaking, he still said that there was still nothing, and his voice was cold, as if he had no feelings at all.

"It turned out that the formation was yours!"

Lu Ming looked cold.

It seems that the other party has been waiting for them here long ago, and a large formation has been deployed here. Fortunately, the measurement of the word is used to sense the unusual energy fluctuations, thus avoiding the large formation, otherwise, once entered the large In the battle, it was really fierce.

What is the other person?

Lu Ming thought of Qin Wuyou and others.

In the Qin Tianxing domain, Lu Ming fought against Qin Wuyou and others, overwhelming a group of nine arrogants of the heavenly palace and offending a group of people.

Those people had reason to kill Lu Ming, but when Lu Ming came, he did not encounter Qin Wuyou and others. How did those people know that Lu Ming was coming?

Also, the people like Wuxue and others who met at Modu Mountain.

Those people also have reason to kill Lu Ming, but the other party also did not know that he had come to Jiu Jue Tian Wang Mansion.

"Did I be followed?"

Suddenly, Lu Ming thought about this possibility.

Here is the only way for the Wu family to go to the starry sky camp. If the other party has been paying attention to his whereabouts, how could it be possible to set up a big battle here.

Lu Ming thought of so many thoughts in an instant, but the other party had already started.

"kill!"

The three sturdy men appeared with a sword in their hands and two sword lights, slashing towards the landing at the same time.

Fast, extremely fast, and shot at the same time, there is no difference, and the fit is seamless. This is obviously after years of training.

"Want to kill my friend of the Wu family, first pass us!"

Wu Yue and Wu Ming shouted, and they also shot. The magical skills of the two were very special. One shot was a galloping horse, hundreds of gods and horses.

However, after the sword was cut, a horse was shattered.

In the blink of an eye, hundreds of gods and horses all jumped out, and Wu Ming and Wu Yue both retreated and vomited blood.

"Half-step God Realm, are you from that family?"

Wu Ming and Wu Yue shouted at the same time, shocked.

The two of them are the eightfold cultivation practices of the gods, and the divine power under control is undoubtedly the divine power, but the cultivation practice of the other party has reached the half-step **** realm, completely suppressing them.

"Go down and find answers!"

The two middle-aged big men spoke indifferently and shot again to kill Lu Ming.

The other blood-rimmed robes were all around, so that Lu Ming could not escape.

Roar!

At this moment, an ancient **** roar came from Lu Ming's mouth, his body swelled up sharply and turned into an ancient **** body.

boom! boom!

The lance was shocked and swept out, sweeping over the opponent's knife light, two roars broke out, and the two middle-aged men were directly pumped out.

"Sure enough, the strength is amazing. Let's take a quick shot and make a quick decision!"

A man in a **** robe drank coldly, his figure flashed, and he drove towards the landing.

Others also shot at the same time, one after another, brilliant and full of killing. This is a murderous knife, there is no extra bells and whistles, but it is fast and fierce, and its power is amazing.

"You guys, stay behind me!"

Lu Ming waved his hands, and with a divine power, he shrouded Qiuyue and Wu Ming and Wu Yue, and then the spear burst and burst out.

Dozens of huge gun shadows, covered with voids, stabbed in all directions.

Between the world and the earth, roars were heard.

There are a total of twelve blood-side robes, all of which are the existence of the half-step **** king realm, and the practice is all the magic skills for the purpose of killing. Together, the strength is terrifying.

Even with Lu Ming's current strength, it is difficult to fight.

Keng!

A blade of light passed through Lu Ming's attack, chopped on his body, and made a sizzling sound. The four colors of Mars and a blue scale were cut open and penetrated with blood.

The other party's attack was enough to break Lu Ming's defense.

"roll!"

Lu Ming shouted and displayed the magic formula of the dragon dragon. Seven nine-claw dragon dragons rushed in one direction. At the same time, Lu Ming stepped out and rushed in that direction.

bump! bump!

A continuous collision erupted, and several **** robes were rushed by the Nine-claw Divine Dragon, and backed up again and again, then Lu Ming took the opportunity to rush out of the siege.

After rushing out of the siege and protecting Qiuyue behind them, Lu Ming had no worries.

"Want to kill me, then stay all today!"

Lu Ming's eyes flashed fiercely, he broke out of the encirclement, but not for escape, but for a better shot.

"Starburst!"

A low roar came from Lu Ming's mouth, and then, the magical power in Lu Ming's body poured into the spear crazy.

Uh!

A huge spear burst out of the spear and pierced the twelve blood-rimmed robes.

"Go around!"

A **** robe drank coldly, and twelve **** robes exhibited a strange identity, flashing in shape, avoiding the attack of the gunman, and spared from both sides of the gunman.

Lu Ming's mouth sneered.

How can you easily bypass the starburst?

"burst!"

Lu Ming whispered.

boom!

The huge gun blast suddenly burst into countless strengths, swept madly in all directions, swelled like waves, and crushed against the twelve **** robes.

"not good!"

The twelve blood-rimmed robes changed their expressions and receded wildly, but they were still hit by powerful energy and coughed up blood one after another, which was hit hard.

"kill!"

Lu Ming took the opportunity to kill the past.

But at this time, Lu Ming's face changed wildly, because he felt that the sky was filled with a terrible pressure, and then, with a tremendous force, he pressed toward the landing.

Not looking to kill each other, Lu Ming swept the gun and swept the sky.

Only then did I realize that there was also a knife in the sky slashing at him.

boom!

Daoman slashed on the spear, and Lu Ming's face changed in an instant. The power and horror of this Daomang were as unfathomable as Wang Yang.

Lu Ming trembles, his body retreats, the spear in his hand, continuous vibration, almost unable to hold the fly.

"God!"

Lu Ming whispered, looking towards the sky.

In the sky, there was also a blood-robed man, about sixty years old, who stepped on the void and walked down.

This person is really a strong man in the King Realm.

This blood-rimmed robe looked at Landing with some surprise.

"I received news that the fighting power of a quartet of four gods was unbelievable. Let them give it a try. Unexpectedly, your strength is more terrible than you think!"

The other party sighed.

This person with blood-rimmed robes is more emotional than other people with blood-rimmed robes.

Chapter 2976: King of Kills

"Dead, you are dead!"

Suddenly, Wu Ming thought of something, his face became extremely ugly.

"See, what then?"

The blood-robed man of the God Realm sneered.

"Which family are you dead? We are the core disciples of the Wu family. Do you dare to kill us, do you want to fight the Wu family?"

Wu Yueda drinks.

"Kill you all, who knows who killed?"

The other party sneered.

"you guys..."

Wu Ming and Wu Yue were pale, with a trace of despair.

The other party, even the dead soldiers of the King Realm, were sent out, and today, they will definitely die.

"Twelve half-step **** kings, a **** king, came to kill us a few people in the heavenly realm. It is indeed a matter of tenure and stability. Since we are dead, can you tell me, who sent you?"

Lu Ming asked with a look of despair.

"Boy, we won't tell you if you don't have to set us!"

An icy voice sounded, not from the blood-robed man in the **** realm opposite, but from Lu Ming behind them.

Lu Ming, Qiuyue, Wu Ming and Wu Yue changed their faces and quickly turned around.

I don't know when, behind them, there was also a **** robe, a thin, middle-aged man, but the breath that filled his body was extremely terrifying.

God King!

Another **** king, the other party actually dispatched two **** kings.

Wu Ming and Wu Yue are completely desperate.

The other party's actions were almost seamless, and two **** kings were dispatched.

Moreover, it is not a one-time appearance, one is dispatched first, the other is hidden in the dark, check the situation, and see that there is no problem, then another **** king appears.

Two **** kings, one after the other, surrounded them, in addition, there are twelve strong men in the half-step **** king realm, this lineup, Lu Ming they are dead.

Lu Ming also pretended to be a miserable expression, sighed and said, "The two **** kings, so big handwriting, are there any, come out together!"

"Kill you guys, enough of us!"

Behind the thin middle-aged.

"Now that we are dead, can you tell me, why did you kill me, for revenge, or for something on me?"

Lu Ming asked again.

He wanted to take the opportunity to get some clues from the other party's mouth.

However, the blood-rimmed robes of the two **** king realms were expressionless, kept silent, and did not reveal a little information.

However, the expressions of a few half-step God King Realm's **** robes were captured by Lu Ming.

When Lu Ming asked this question, there were a few **** robes in the half-step God Realm, who glanced subconsciously at the storage ring on Lu Ming's finger.

Not to seek revenge, but to seize something from Lu Ming.

In an instant, Lu Ming made a judgment.

what exactly is it?

Lu Ming's thoughts changed sharply.

"Don't talk nonsense with him, just finish the task before talking!"

Behind, the thin, middle-aged cold drink, filled with terrifying murderous opportunities.

Uh!

A terrible knife light chopped towards Landing.

"Ball, leave it to you!"

Lu Ming waved his hand and the ball flew towards him.

"Two guys with the same weight, just give it to me!"

The sound of the ball sounded in Lu Ming's mind, and then his body swelled into a huge metal ball and rushed past.

Boom!

The opponent's chopped knife light was smashed by the ball, and his body kept rushing towards the thin and middle-aged.

"this is..."

Shocked middle-aged.

He did not expect that his attack would be defeated by a metal ball.

"Die to me!"

The ball shouted, and the huge body, like a mountain, suppressed it.

"roll!"

The thin and middle-aged man reacted, holding the knife in both hands and chopping it out.

Boom!

This knife, cut on the ball's body, did not split the ball's body as he expected, but instead his body shook violently, receding repeatedly, and his arms were numb.

"Kill, kill, kill!"

The ball stretched out two tentacles, turned into two swords, and madly cut towards the thin middle-aged.

In a flash, hundreds of knives were cut.

The thin middle-aged struggled to fight back.

Boom Boom...

The two collided in succession, but the thin and middle-aged were completely invincible, desperately blocked a few moves, they were cut by the ball, cut the body in two, and almost fell.

"Damn, how is it possible?"

At that moment, the God Realm in front of Lu Ming shouted as if he was awake at first.

"Kill, kill that kid!"

The skinny man was cut into two pieces by the ball and did not die. He shouted at the moment.

"Die to me!"

The **** Wang Li in front of Lu Ming drank, and then shot, a terrible knife light, slashed towards Lu Ming.

"Cut the moon!"

Lu Ming waved his spear, bursting out all his strength, and made a move.

Boom!

Lu Ming seemed to be hit by an ancient mountain, his body trembles, his body several hundred meters high, backed up again and again, feeling that the body's blood was tumbling, and a spit of blood spit out.

Divine King, the strength is much stronger than Tenjin, and much stronger than Half-Step Divine King Realm. With Lu Ming's current cultivation practice, he is not an opponent of Divine King Realm.

When Lu Ming retreated, Qiuyue, Wu Ming and Wu Yue were exposed to each other.

"Kill the three of you first!"

The other party drank coldly and cut it out.

A terrible blade of light, blood red, cut to Qiuyue three people.

If he is cut, the cultivation of the three Qiuyue will surely die.

"Ball..."

Lu Ming shouted.

"give it to me..."

Ball opened his mouth, and then there was a flash of lightning on his round body.

Zizi...

Lightning with the thickness of one arm burst out, killing the **** king in front of Lu Ming.

The speed of the lightning reached its extreme point. After a flash, it came first and bombarded the opponent's knife.

With a pop, the opponent's knife light bounced out, and the lightning kept bombarding the opponent's body.

what!

A scream of sorrow sounded, and then there was no sound.

When the lightning disappeared, I only saw a charred body, suspended in the air, without the slightest breath of life. At the next moment, the charred body fell towards the ground.

died!

A **** king, so dead!

At this moment, the slender man, as well as the other blood-rimmed robes, turned wild.

One move, kill a **** king, what is this cultivation practice?

"Go away!"

The thin, middle-aged man shouted loudly, and half of his body retreated, trying to escape.

"Let you go, die!"

The sound of the ball sounded, and it was chopped out.

This knife, with a trace of lightning.

The slender big man screamed and stepped into the footsteps of the **** king before, and was split into a piece of coke.

Another **** king, die!

Twelve half-step blood-robed men in the realm of God Realm suddenly changed color and fled.

"If you want to escape, leave me behind!"

Lu Ming drank coldly, performed the nine-day Kunpeng technique, and chased towards the other party.

At the same time, the ball also chased past, one mouth, it is a flash of lightning, like the grid, rushed forward.

Chapter 2977: Doubtful

Zizi...

The lightning that spewed out of the ball's mouth was really terrifying, rushing forward like a grid.

Three blood-rimmed robes were swept away, and their bodies were directly reduced to ashes, and the ashes disappeared.

At the same time, Lu Ming waved his spear, bursting out thousands of guns, killing the people in **** robes who wanted to escape, blocking their figure.

Then, the ball hit again, killing several people in a row.

At the moment, Wu Ming and Wu Yue were completely stunned.

In this battle, the reversal is too fast.

Originally, they were all desperate. The other party dispatched twelve half-step **** king realm strongmen, two **** king realm strongmen, with this lineup to kill them a few rookies in **** god realm, they are 100% Dead.

Unexpectedly, Lu Ming suddenly threw an iron ball, which was so powerful. After two or three hits, he solved the other two kings.

"Metal life of the **** realm!"

Wu Ming and Wu Yue muttered, it was still hard to calm down.

"Ball, stay alive!"

At this moment, Lu Ming passed the ball to the ball.

"it is good!"

The ball responded, and his two tentacles turned into two big hammers, rushing to the top of a **** robe, and a hammer blasted down.

Although the blood-robed man tried his best to resist, his strength, how to resist the power of the ball, even the **** of the same level, could not resist the attack of the ball.

boom!

The blood-robed man, like a meteorite, was smashed to the ground, crushing a mountain peak, and a large pit appeared on the ground. The other party lay in the big pit, twitching and vomiting blood. He was half dead and hard to move.

Then, the ball rushed to another **** robe.

Blocked by Lu Ming, coupled with the amazing speed of the ball itself, those **** robes cannot escape.

Boom! Boom! ...

The ball has a hammer, and the remaining six blood-rimmed robes have been hammered directly on the ground, all embedded on the ground, half dead.

Twelve and a half steps of God Realm, two God Realm, get it.

"How is it? Lu Ming, I am great!"

Qiuqiu's body shrank and flew to Lu Ming in front of him.

"Great, absolutely great!"

Lu Ming praised, he really praised, the ball's combat power is getting more and more amazing.

Those who can reach the God King Realm are all Tianjiao, and their strength is not bad.

However, the two gods of the opponent faced the ball, but they were crushed and had no power to fight back.

Lu Ming speculates that the strength of the ball can definitely compete with the general double king, if it explodes at full strength, it may not be able to compete with the triple king.

You know, in the God King Realm, you want to fight over the leap, but it is much more difficult than the Heaven God Realm, the True God Realm, and the False God Realm.

Many people who can leapfrog in the realm of the **** of the gods can't do it in the realm of **** king.

He Qiuqiu laughed a few words, Lu Ming's body, changed to the size of ordinary people, stepped out in one step, and fell beside a **** robe.

"Say, who sent you, say it, I can spare you!"

Lu Ming said.

"If you want to kill, kill, don't want to know a word from my mouth!"

The other side said indifferently.

"Are you afraid of dying?"

Lu Ming's voice was colder.

"Kill kill!"

There is no expression on the side, no fear.

puff!

Lu Ming was very simple, with a flick of his finger, a spear burst out, pierced the eyebrow of this person, and killed the person.

Then his figure flickered and appeared next to the next **** robe.

"Say, who sent you?"

Lu Ming continued to ask.

In the scene just now, this person was all in his eyes, but in his eyes, there was no hint of fear in his eyes, and he said, "If you want to kill, then kill, I want to know a word from my mouth!"

The answer is exactly the same as before.

"If you don't answer, do you think I can do nothing?"

Lu Ming snorted, divine power poured out, controlled this person, and then performed the soul-searching technique to find the answer from this person's soul.

However, when Lu Ming's spiritual consciousness approached the other's soul, the other's soul suddenly glowed, exuding powerful fluctuations.

"not good!"

Lu Ming was shocked, and his spiritual consciousness quickly withdrew. At the moment of withdrawal, the other party's head, with a bang, burst like a watermelon.

"Self-destruct!"

Lu Ming looked somber.

Self-destructive prohibition was placed in the soul of the other party. Once the souls of others approached, the soul of the other party would self-destruct.

"Lu Ming, it's useless. This is a deceased person trained by the big family. There are self-destructive prohibitions in the soul. It is impossible to search for information by searching the soul!"

At the moment, Wu Ming and Wu Yue, Qiuyue three people flew over, Wu Ming said.

"The dead family trained by the big family? Which big families have the dead?"

Lu Ming asked.

"Some of the big families in the Jiu Jue Tian Wang Mansion have trained deceased men and secretly performed some obscure tasks, including our Wu family!"

Wu Mingdao.

"Yes, and these deceased are very secretive, and it is impossible to recognize the family from these deceased!"

Wu Yue answered.

"Try again!"

Lu Ming was still unwilling to interrogate the remaining four blood-rimmed robes.

However, the other party said nothing.

Once the soul is searched, the other party's soul will burst.

Finally, Lu Ming had no choice but to solve all the remaining blood robes.

"unfortunately!"

Lu Ming sighed.

He had a feeling that these dead men came for something on his body. Lu Ming speculated that it might be the storage ring of the Night Stalker.

"If it is really for the Night Stalker's storage ring, it is most likely related to the theft of the Nine Jue God Crystal. The Night Stalker's storage ring is very likely to have clues, so the other party wants to **** it back!"

Lu Ming kept thinking, but there were more doubts.

Because the Night Stalker's storage ring, he had already checked it, and found nothing.

Originally, he wanted to find out from these dead men who was sent to kill him. If he could find the people behind the scenes, he might be able to find the real murderer of the Nine Absolute Divine Crystal.

Unfortunately, the clue is now broken.

"It seems that we need to be more careful in the future, this time, thanks to the ball!"

Lu Ming also secretly rejoiced in his heart.

I have to say that he was lucky.

Fortunately, before this, the ball regained consciousness and improved greatly, otherwise, he was really in danger.

"Lu Ming, we hurried to the starry sky camp. The starry sky camp, the strong are like clouds, no matter which force, dare not send people to the starry sky camp to commit murder."

Wu Mingdao.

"it is good!"

Lu Ming nodded.

Then, the four set off for the Starry Sky Camp.

Soon after Lu Ming's four left, several people in black robe appeared.

When several people in black robe saw the corpse on the floor, they were stunned.

"What's going on? What's going on? Even the King of God has been killed. That kid is definitely not as strong!"

A black robe roared.

Chapter 2978: Enter Star Camp

The two men in black robe were shocked by the scene in front of them.

"Did the Wu family secretly send masters to protect?"

Another black robe guessed.

"Yes, it must be so, **** Wu family!"

A black robe roared.

They thought that it was Wu masters who secretly protected Lu Ming, so the dead sent by them would be wiped out by the whole army.

"Now continue to send masters to kill, it is too late, what should I do? When the other party enters the starry sky camp, it is not easy to start!"

A black robe humane.

"We can only report the situation to the truth, and ask the Lord to make the decision, but even if he enters the starry sky camp, don't think it is safe, let's go!"

The figure flashed, and several black robe disappeared.

...

Along the way, Lu Ming and others were more careful, but fortunately, they were not in danger.

Soon after, they finally arrived at the Starry Sky Camp.

"This is Star Camp?"

Lu Ming looked at the barren land in front, somewhat stunned.

"These are illusions, there is a big battle ahead, let's move on!"

Wu Mingdao.

The four went on and stepped into the barren land.

At this moment, Lu Ming's space around them suddenly filled with a trace of ripples, and then, two white-haired old men suddenly appeared.

"This is the Starry Sky Camp. Four little dolls are here. What's the matter?"

An old man said.

"Two seniors, we are here to join the Starry Sky Camp!"

Wu Ming saluted respectfully.

"Oh? Is there evidence?" The old man who had spoken before continued.

"Sir, please see!"

Then, Lu Ming and the four took out the Demon Token and Demon Token.

An old man waved his hands, put away the tokens in the hands of four people, and carefully recognized them, saying: "It is one of the vouchers for the assessment. Congratulations, you joined the Starry Sky Camp!"

With that, he waved his hand, the space fluctuated, and then a light door emerged out of thin air.

"go in!"

The two old men waved their hands.

"Thank you senior!"

Lu Ming four people clenched their fists, and then stepped into the light gate.

After stepping into the light gate, the next moment, Lu Ming they came to a square.

"It's so rich!"

As soon as he came in, Lu Ming felt that the spirit here was much stronger than outside.

Then Lu Ming looked at it.

A lot of people have gathered in the square, and at a glance, there are hundreds of people.

"It seems that we are late and everyone else is here!"

Wu Yuedao.

Obviously, these people, just like Lu Ming, have just joined the starry sky camp.

"It's them!" Lu Ming looked away and saw some acquaintances.

Such as the blood robe youth, witch blood and other people encountered in Modu Mountain.

"Boy, it's you!"

Wu Xue and others also saw Lu Ming, and looked over with bad eyesight.

"Haha, we are really destined to meet again here!"

Lu Ming smiled.

"Oh, it's fate, boy, let's look at it later!"

Brother Wu Xue, the blood-bubble young man said coldly.

"On your own, it's a little worse!"

Lu Ming disdain.

"Arrogance!"

The brother of Wuxue coldly drank, his eyes filled with murderous opportunity.

You can't do anything here, and he is indeed not Lu Ming's opponent, but here is the Starry Sky Camp. Many of his teachers and brothers are in the Starry Sky Camp. Lu Ming will look good in the future.

Lu Ming smiled faintly, too lazy to ignore these people, and Qiuyue, Wu Ming and Wu Yue walked aside and waited quietly.

More than an hour passed, and more than ten people came one after another.

At this moment, light and shadow flashed in the sky, and a sackcloth man appeared.

"Welcome everyone to join the Starry Sky Camp. Now, come with me, I will arrange accommodation for you!"

Mahan Dahan Road.

"Senior Labor!"

Someone has a fist.

"Hey!"

Da Ma Han smiled meaningfully, then turned around and everyone followed.

Flying over the square, a huge peak appeared in front.

This peak is very active and wide, and it is very high, at least hundreds of thousands of feet high. From a distance, you can see the peak mountain and build a lot of buildings.

Far away, the big man of linen landed on the ground, and everyone followed, and landed on the ground.

"Taking that mountain as the center and surrounding 100,000 miles is the core area of the starry sky camp. In the future, you will rest within the range of cultivation!"

Mahan Dahan Road.

"Yes!"

Many people nodded.

"Also, I tell you, your new members, within that range, can't fly, they can only walk on foot, understand?"

Mahan Dahan Road.

"Can't fly? Is there a big air ban in there?"

Someone asked.

"No, there is no big air ban in it. Even a False God can fly freely, but it is a rule to not fly!"

Speaking of which, Da Ma Han paused, sneered, and said: "Once anyone violates the rules, they will be expelled from the Star Camp immediately and will never be hired again!"

"Forever expel Star Camp?"

Many people's faces changed.

The Taixu dynasty has rules. If you want to enter the core of the Taixu dynasty to practice, you must go through the starry sky camp to recommend it before you can enter.

In the future, if you want to climb up and gain status and fame in the Taixu dynasty, you must pass this step.

If they were expelled from the Starry Sky Camp, they would lose the chance to enter the core of the Taixu Holy Cult.

Not only that, even if they later cultivated to be higher, it would be difficult to gain fame status in the Taixu dynasty.

They finally joined the Starry Sky Camp. They were absolutely not allowed to be expelled from the Starry Sky Camp.

Can't fly!

Many people keep this in mind.

"Okay, come with me!"

Da Ma Han finished speaking, striding forward.

Although they can't fly, they can only walk on foot, but with their practice, even if walking on foot, the speed is still as fast as lightning. After a while, they enter the mountain's 100,000-mile range.

The closer it is to the mountain peak, the more intense the spirit is. Even there is a wonderful fluctuation in the space, which can make people sing clear and active.

"Here, I feel that the speed of comprehension of divine skills and the practice of mysteries must be much faster!"

"Me, too. It is said that the mountain is called Xingfeng. At the top of Xingfeng, there is a supreme treasure that exudes a wonderful wave every moment. Under the influence of this wave, the perception must become stronger. Sure enough!"

Some people whispered, with excitement on their faces.

"Hopefully, you guys can laugh!"

Hemp Dahan laughed.

"What do you mean?"

Many people looked at each other when they were sacked by sackcloth.

Da Ma Han did not answer and moved on.

Soon, they were almost at the foot of the mountain.

Uh! Uh! ...

At this moment, the sound of breaking the sky overhead sounded, and several young people roared past them.

"A newcomer is here!"

"Time is passing fast!"

Several young people chatted.

Chapter 2979: Stinky residence

Looking at the young men flying above their heads, many showed their doubts.

"Senior, how can they fly?"

A young man asked curiously.

"They can fly, that's because they live there!"

Ma Han, pointing to the architectural road above the mountain.

The mountain peak, starting from the middle of the mountain, was built with some buildings, including grand palaces, and elegant elites.

"Living there? What do you mean?"

"Don't we live there?"

Many youths are puzzled.

"Correct, you really don't live there, because you are not qualified!"

Mahan Dahan Road.

"Not eligible? Where do we live?"

Someone asked.

"follow me!"

Da Ma Han did not answer, smiled slightly, and continued on.

Everyone was curious, and immediately followed, when they turned over a few small packages, a stench came.

"Smelly!"

In particular, some women have frowning expressions.

"You guys, live there!"

Mai Mai pointed forward.

Everyone looked at it. There was a small house in front of a wide area. The house was very rudimentary, and it was only built with wood.

The point is, around these wooden houses, there is a pasture, a strange wild animal in captivity.

The source of the foul odor is formed by the stool and urine of these wild animals.

"What? We live in this place? Impossible, I can't live!"

"Is this kind of garbage lived?"

Several of them screamed.

"Can't stop, go!"

Da Ma Han said coldly.

Several women shut up, but their eyes turned, apparently thinking about countermeasures.

"I tell you, you can live without staying. If you want to stay elsewhere, you can't do it. This is a violation of the rules and will always be expelled from the Star Camp!"

Da Ma Han said coldly.

Some women's faces were pale, including some men's frowns.

Some people did have such an idea just now, and they couldn't help it anymore. It's the same to find a clean place to practice.

However, it is necessary to live, this is a rule.

Almost all of them who can join the Starry Sky Camp are geniuses. They have controlled the divine power and placed them in the Qin Tianxing domain.

Ninety percent of such people come from big forces, big families, when have you lived in such a place?

Many people frowned, and did not expect to come to the Starry Sky Camp, and actually want to live in such a place. Moreover, no one who has joined the Starry Sky Camp before has said that the Starry Sky Camp has such rules.

"Also, I warn you, the rules in the starry sky camp must not be leaked. Once leaked, you will be expelled from the starry sky camp and never enter!"

Da Ma Han said again.

Many young women have a pale complexion, and many others are bitter.

"Senior, how can we live there?"

Someone asked those buildings on the peak.

The buildings here, at the foot of the mountain, compared with the buildings on the mountainside, it is simply a sky and a land.

"If you want to live there, it's simple, that's the challenge!"

"As long as you defeat the people above, you can replace it, live there and practice, and at the same time, you can fly freely in this area!"

Mahan Dahan Road.

This makes many people's eyes become very hot.

Challenges can be replaced by defeating those who live above him.

Obviously, the buildings on the mountain are not only better than the environment at the foot of the mountain, but also closer to the top of the mountain, the influence of the treasures at the top of the star peak will be greater, and the perception will become better.

And, you can fly!

They obviously can fly, but can't fly. They can only watch other people watching them from a condescending position.

"I'm going to challenge!"

A young woman yelled, a strong breath filled her body.

Ten gods!

This woman has the eightfold cultivation of the gods, and controls the divine power. If it is placed in the Qin Tianxing domain, it is the supreme invincible arrogance.

However, it is very common to put it here, everyone's face is indifferent, no surprise.

In Jiu Jue Tian Wang Mansion, the basic condition called Tianjiao is to control the divine power.

Those who do not control the divine power can not be called Tianjiao.

"I am going to challenge too!"

"I also want, who lives in such a ghost place!"

People keep yelling.

These people are all arrogant people outside. The existence of one out of hundreds of millions is full of confidence in themselves.

"Now, you can't challenge. You have to live in those houses for seven days. After seven days, you can start the challenge!"

Da Ma Han said coldly.

"What? Must stay for seven days? What are the rules!"

"No, I can't live. Senior, can you open the net? After seven days, I will challenge and live on it!"

Many people wailed.

"No, please, please come back and live in your palace and courtyard!"

Da Ma Han said lightly, and then stepped forward.

Those who wailed, with a long sigh, could only bear it first.

"Don't talk nonsense, come with me, one person chooses a room, one scent incense is completed, one scent incense has not been selected, I personally send him home!"

Mahan Dahan Road.

Everyone lamented and could only keep up and started to choose the room.

Some people want to choose rooms that are farther away from the ranch and have less smell, but they are disappointed.

These rooms are built in the middle of the ranch, and there is no difference. Which one is smelly.

"Qiuyue, are you still used to it?"

Lu Ming looked at Qiuyue.

"Master, don't worry, Qiuyue hasn't suffered hard!"

Qiuyue smiled slightly.

"Well, then pick one. Seven days later, the young master will take you to live!"

Lu Ming smiled.

Later, Lu Ming, Qiuyue, Wu Ming, Wu Yue and others all picked one.

After Yixiang, everyone found the room and lived.

The big man in the linen smiled and left here.

Lu Ming walked into the room. The room was very simple. There was only a bed and a wooden table. In the room, a bad smell came.

With Lu Ming's heart, he frowned.

With a breath, Lu Ming sat cross-legged and practiced quietly.

Seven days, it will soon pass, it does not matter.

However, he could bear it, but some people couldn't help it.

Someone roared before the day arrived.

"Damn, what the **** is this, seven days later, I must kill him!"

"I will kill it too!"

Some people roared and their voices echoed in this area.

Lu Ming smiled slightly, and it seemed that there were many people who thought the same way.

But is it so easy to kill?

Lu Ming felt that it might not be easy.

Because, he just observed that before they moved in, there were still many such wooden houses, which were all inhabited.

Those people obviously joined the Star Camp before.

People who joined before still live here, so it can be seen that it is not easy to kill them.

Chapter 2980: The challenge begins

There were originally many wooden houses here, which were inhabited and uninhabited, which means that many of the Tianjiao who had entered the Starry Sky Camp in the past still live here.

Tianjiao, who can enter the Starry Sky Camp, is not bad. If it were so easy to kill, those people would have already killed.

In seven days, it's just a matter of time!

When the eighth day came, a voice spread through the area.

"Kill it up, I will live on it!"

"I have enough of this place!"

Immediately, after the figure, along the mountain road, rushed towards the top of the star peak.

"Brother Lu, Qiuyue girl, let's go and see together!"

Wu Ming and Wu Yue walked over and said.

"It is good!"

Lu Ming nodded, and Qiuyue, along the mountain road, rushed up the mountain.

"Oh, these newcomers are going to challenge!"

In some wooden houses, some figures emerged. These people were the old people who had joined the Star Camp.

"Just joined, one by one is self-righteous, I do not know the sky is thick, this time there is lively to watch!"

"Let's go, let's go and see, Starry Sky Camp, it hasn't been this busy for a long time!"

Some old members of Starry Sky Camp laughed casually, followed behind, and headed towards the mountain.

Xingfeng is very high, even if it is halfway up the mountain, it is more than 100,000 feet, but for Lu Ming and others, this is a small meaning.

Soon, they came to the mountainside.

Halfway up the mountain, there are built other courtyards, full of vitality, floral fragrance, refreshing, and completely at the foot of the mountain.

Many people's eyes are even hotter, swearing that this time, they must seize a different courtyard.

"People in the yard, get out of me!"

A strong young man was the most anxious, and he shouted directly in front of a different courtyard.

"Someone yelling, looking for death!"

In the other courtyard, there was a cold voice, and then the door opened and a cold young man appeared.

The ruthless youth looked at Lu Ming and others and landed on the strong young man, revealing a trace of disdain, saying: "Newcomer?"

"What about the newcomers? I tell you, I look at your other courtyard, and challenge you now, do you dare to fight? If not, just hurry!"

The strong young man shouted with confidence.

"Challenge me? Hehe, good, let's go, if you can beat me, this other courtyard, you take it!"

The ruthless youth looked relaxed, and it seemed that the strong youth was not taken into consideration at all.

"Crazy, the sacred icon, suppress me!"

The strong young man shouted, and a strong breath broke out.

Ten gods!

The cultivation of a strong young man has reached the eighth level of Tianshen. Needless to say, divine power is also divine power.

Divine power burst out, and with the palms of the strong young man, a giant elephant came out, tens of thousands of meters high, standing on the ground, trampled toward the cold young man.

"Huh, it's just a show!"

The cold young man spoke coldly, and his figure suddenly flashed, bursting out like a goshawk.

Sigh!

Then, the cold young man waved his hand, and grabbed his claws.

His claws are very small compared to giant elephants, but when the claws grasp the giant elephants, they burst out with terrible power.

bump!

The huge body of the giant elephant exploded directly.

"how is this possible?"

The strong young man was shocked, but he did not expect his trick, so it was easily broken.

Uh!

After the ruthless young man defeated the giant elephant, his figure kept on, and in a flash, he appeared on the head of the strong young man and grabbed him with a paw.

The strong young man's face changed wildly, his fists waved with all his strength, and the sound of elephant sound continued, and he wanted to re-assemble the giant elephant to fight the cold young man.

However, in the hands of a ruthless young man, the burst of power is extremely sharp, and the giant elephant is difficult to form.

In addition, the defense of the strong youth is like a tofu in the hands of ruthless young people.

puff!

The hand of the ruthless young man was heavily grasped on the shoulder of the strong young man.

The sturdy young man screamed, the bones of his shoulder were cut off, and the blood of the bones flew.

Then, the ruthless young man shook his hand and smashed the strong young man to the ground.

boom!

The ground shook, the sturdy young man screamed, his body bounced like a ball, and then fell, lying on the ground and convulsing constantly, has been hit hard.

Sisisi...

Many people took a breath.

The combat strength of the strong youth is absolutely not weak, and the gods are eightfold. Among the people who newly joined the starry sky camp this time, they definitely belong to the upper-middle level, but in the hands of ruthless young people, they are vulnerable.

"Tenjin Nine Heavy, the other's cultivation base, has reached Tenjin Nine Heavy!"

"People who don't live in these other courtyards are all cultivated by Tenjin Jiuzhong, right?"

Thinking of this, many people's faces became extremely ugly.

If the people who live here are all cultivated in the Ninth Heaven of God, the people under the Ninth Heaven of that day challenged it, but wouldn't it be that it would take a long time to live at the foot of the mountain?

At the thought of the smell at the foot of the mountain, many people nausea and almost vomit.

"How could this be?"

"Damn it!"

Many people roared, and their hearts were cold.

"Tenjin Kyuju, is it really just that simple?"

"Is it really naive?"

Some old members sneered.

"Who else wants to challenge my cold eagle, hurry up, I don't have so much time to spend with you!"

Ruthless youth looked at the audience coldly.

His name, called Leng Ying, is truly as his name suggests.

Many people looked at each other, measuring their strength, and finally shook their heads helplessly.

If the fighting power cannot exceed that of the strong young men, it is just looking for abuse.

"I come!"

At this moment, a sonorous voice sounded, and a young man in black robe stepped out.

This person carries a long sword, like a sharp sword out of the sheath.

"It's him!"

Lu Ming's eyes moved, and he recognized this person, who was one of the four celestial gods of the night gods who besieged the night demon in Modu Mountain, one sword repair!

"It's Xue Dong, he's going to shoot!"

"Xue Dong has the cultivation practice of the **** Jiuzhong, and it is Jianxiu.

Seeing Xue Dong shot, some people's eyes lit up.

If Xue Dong can defeat each other, they can also give them a lot of hope.

"Oh, an ordinary god, Jiu Zhong, who wants to defeat Leng Ying, is really delusional!"

An old member sneered.

"As the **** of the Nine Heavy, Xue Dong is still a sword repairer who is famous for his offensive power. How do you know that Xue Dong cannot defeat Leng Ying?"

A new member said uncomfortably.

"Ignorance, just look at it!"

The old member said disdainfully.

"Take a shot, come up with your strongest trick, otherwise, wait for my shot, you will have no chance!"

Leng Ying said coldly, even in the face of Xue Dong, she still looked contemptuous.

Keng!

Xue Dong was very direct and shot directly. The long sword came out of the sheath. A bright and sharp sword light cut through the void and cut towards the cold eagle.
