

D Emperor 2981

Chapter 2981: Intrinsic power factor

Xue Dong's sword, peerless and sharp, instantly crossed the void, killing Leng Ying's chest.

However, in the face of Xue Dong's terrible attack of the same level of Tianjiao, Leng Ying's face still had a relaxed expression.

He held out a hand and grabbed it with one paw.

The sharp sound of breaking the sky sounded, and the cold eagle's claws completely turned into the claws of the eagle, and caught on Xue Dong's war sword.

Keng!

Mars is shining, the eagle is clanging, and the sword light is constantly shaking. At the next moment, Xue Dong's sword light actually breaks apart, and the figure retreats quickly, even backing for hundreds of meters, before standing firm.

The retreating person is Xue Dong, and Leng Ying's figure is motionless.

Many people were shocked.

How could this be?

Xue Dong and Leng Ying are both gods and gods, and Xue Dong sees Long Jianxiu as an attack, but the frontal collision is actually repelled by Leng Ying. What's going on?

Xue Dong's eyes were also dignified, his breath was stronger, his sword intentions filled the air, and countless subtle sword spirits wandered around him.

"Lone Star Sword!"

Xue Dong gave a low growl, the war sword came out again, burst out countless sword qi, but the next moment, countless sword qi condensed, turned into a sword light as thick as a mountain, and cut towards the cold eagle.

"Are you using a unique trick? This trick looks like a trick!"

Leng Ying's cold voice sounded, and then Leng Ying's figure rose into the sky, and the divine power worked as if it were completely transformed into a condor, with wings like a blade, waving out.

Boom!

The violent energy collided with each other, stimulating a thousand waves of energy.

In an instant, it exploded hundreds of times.

Finally, the sword light shook and shattered in the air, and then saw a condor flash away, then, a figure screamed and retreated.

boom!

Xue Dong's body smashed heavily on the mountain peak and vomited blood.

I saw that his chest was torn open, and several blood holes appeared, which were obviously cracked by eagle claws.

Defeated!

Celestial sword repairing Xue Dong, the **** of the Nine Heavys, was defeated just after two moves.

"why?"

Many new members are pale and unbelievable.

At the same level, the same level of control over the divine power, why did Xue Dong lose so miserably?

"It is divine power, and his divine power is almost at the stage of awakening the original factor!"

Suddenly, someone shouted.

"What? Intrinsic factor?"

Someone exclaimed.

However, some people showed a dazed look.

What is the source factor?

"What is the source factor?"

Lu Ming whispered, he had never heard it.

"Brother Lu, don't you know the origin factor?"

Wu Ming looked to Lu Ming Road.

"I don't know, Brother Wu, what is the source factor?"

Lu Ming started shaking his head, and then asked.

"The origin factor is a source of divine power. From the initial divine power, Brother Lu should know that since the long time of the vast universe, it has been divided into two eras?"

Wu Mingdao.

"Know that the two eras, the earliest is the era of the gods, the latter is the era of the Tiangong!"

Lu Ming nodded.

This point, he had already seen it in the classics.

The long history of the vast universe has been divided into the era of primordial gods and the era of Tiangong.

In the era of Shishen, when the universe first opened, countless tyrannical existences were born between heaven and earth. These existences are known as Shishen, the original god.

Like the ancient gods, it is also one of the first gods.

And now, it is the late stage of the Tiangong era.

"In the Age of Gods, the powerful beings naturally bred between heaven and earth, naturally control divine power, all kinds of different divine powers, those divine powers are extremely powerful, and are called the original divine power, which is simply not comparable to the current divine power! "

Wu Mingdao.

"None of the divine power?"

Lu Ming asked.

"No, it's far away!"

Wu Ming shook his head and said, "Shenpu divine power, compared with the original divine power, is simply incomparable. The quality is like the difference between rotten wood and gold!"

"Don't say the era of the first god, even in the early days of the Tiangong era, the divine power is also the most basic divine power. However, all those who have some talents and mastery of divine power are the divine power!"

"It's just that with the passage of time, the spirit of the wilderness universe is getting weaker and weaker, and the source is becoming scarcer. The practitioners are distributed all over the universe. Therefore, it is more and more difficult to control the high-quality divine power. It has evolved into levels of divine power, holy power, king power, ordinary power!"

Wu Ming talked eloquently. He came from a big family and knew a lot about the history of the colossal universe.

Lu Ming was shocked. Unexpectedly, in the early days of the Tiangong era, any divine power controlled by a cultivator was divine power.

But what does these have to do with the origin of divine power?

Lu Ming did not speak, waiting for Wu Ming's following.

Sure enough, Wu Ming went on to say: "Strictly speaking, the divine power, the Wangpin power, and the ordinary power are all unqualified powers. These powers have very limited potential, and the cultivation to the realm of the king is already the limit, not at all. May continue to break through!"

"The reason is that it is impossible for these divine powers to awaken the original factors. Only divine powers can awaken the original factors!"

"Actually, every kind of divine power is evolved from the original source divine power. In the final analysis, every kind of divine power can find a corresponding kind of divine power!"

"So, as long as the awakening source factor is constantly awakened, in the end, the divine power can be transformed into the corresponding source power, control the source, and the power is endless!"

Wu Mingdao said that at this point, his eyes showed a blazing flame.

"How can we awaken the original factor?"

Lu Ming asked again, he was also hot in his heart.

This knowledge, Jing Yu did not stay, and there is no record in "Qiankun Wanda Jue".

"Understand and use, only by constantly comprehending the supernatural powers under the control, and constantly using it, when it reaches a level, it will naturally open the source factor!"

Wu Mingdao.

"So, Leng Ying has turned on the source factor?" Lu Ming said.

"Impossible, the origin factor is not so easy to open. It is a terrible difficulty. One hundred geniuses who control the divine power, I am afraid that none of them can be opened. Unless the cultivation is to reach the high level of the **** king, the chance will be greater. !"

"I estimate that Leng Ying is only close to turning on the source factor, but even so, his divine power will become extremely powerful and infinitely powerful!"

Wu Mingdao.

Lu Ming nodded, roughly understanding the origin of divine power.

It seems that his previous understanding of divine power was wrong.

Every kind of divine power has great potential to be tapped.

"The way I am practicing now seems to be going the wrong way!"

Lu Ming whispered.

There are ten kinds of divine powers in his body, but only two are divine powers.

According to Wu Ming, in addition to divine power, whether it is holy, Wangpin or ordinary divine power, are incomplete and have limited potential.

Chapter 2982: Active provocation

In addition to divine power, other divine powers have limited potential and cannot awaken the original factor. Continued cultivation will be meaningless and a waste of time.

"It seems that we need to find an opportunity to find the magical skills of gods and gods with similar attributes to those of divine power, and then integrate those magical fires into the magical fires of divine powers!"

Lu Ming thought.

As long as you practice divine powers with similar attributes, those holy products, royal products, and ordinary ones can be merged.

Of course, Lu Ming can also disperse on his own, but that is too wasteful. For every divine power, Lu Ming spent a lot of effort to practice.

"The Starry Sky Camp, as the gathering place of the heavenly princes of the Nine Heavenly Kings, should have no shortage of magical skills!"

Lu Ming thought.

There are several kinds of magical skills of Qin Tianxingyu, and there are certainly no shortage of magical skills of the Nine Heavens.

After all, a random arrogance here controls the existence of divine power.

Most of the arrogance of the gods is cultivated by the magical skills of the gods.

Lu Ming and Wu Minghe are discussing, others are also discussing, looking at Leng Ying's eyes, full of awe.

Leng Ying, even if he hasn't awakened the original factor of the divine power, but is also close, invincible at the same level.

No wonder Xue Dong will be defeated so miserably.

"Who wants my other courtyard? Come and fight, don't waste my time!"

Leng Ying glanced at everyone, and Leng Ying's sharp gaze swept away, and many people could not help bowing their heads.

No one is fighting.

Xue Dong's strength is definitely among the top among these new members. Even he is not enemies. Others are also looking for abuse.

"I don't believe the people who live on it, each one is so strong!"

Suddenly, a voice sounded, and many people's eyes brightened again.

Yeah, maybe they were unlucky and chose a strong man, not necessarily everyone else has such a cultivation behavior.

Uh!

A figure flashed, and a young man came to another courtyard.

"Are you going to challenge me?"

The owner of this other courtyard had been shocked by the outside movement, and at this time he leaned lazily against the door and asked.

"Yes, your other courtyard, I fancy it!"

The challenged youth said that the ninth breath of the gods filled his body.

This is a genius not weaker than Xue Dong.

"Shoot!"

The lazy youth said lazily.

"Thunderbolt!"

The challenged youth shot, threw his fist, thundered in the sky, emptied in the air, and had amazing power.

However, after a few strokes, the Thunder collapsed, and the challenging youth stepped into Xue Dong's footsteps and was seriously injured.

Lost again!

"So strong, this person's strength, so strong, is also the existence of a divine factor close to the source of awakening!"

Someone exclaimed.

Others were pale.

Is the second person so strong?

Those who don't live here are so strong, are they close to the awakening source divine factor?

Today, it is estimated that no one can challenge success.

"I won't believe it, continue..."

Someone shouted and continued to challenge people in other houses.

But it turns out that they guessed right. The Tianjiao living here, all of which are amazing in strength, are all close to the existence of the awakening original divine factor, and crushed them in a crushing way.

In the end, no one continued to challenge.

"Are we going to live there all the time?"

"No, I want to go home!"

At the scene, a wailing sounded, of course, just a wailing but no one really wanted to go home and wanted to quit.

If you quit because of this reason, even if you return to your respective family of power, I am afraid that you will be spurned, and never think of getting ahead.

"Hey, let's practice hard, and strive to awaken the original divine power factor as soon as possible, or enter the realm of half-step **** king early, so that we can kill it!"

"Yes!"

Many people lamented and finally understood the terrible starry sky.

Some people want to retreat.

"You, wait a minute!"

Suddenly, a cold voice sounded, and a breath came to the landing, and finally fell on Qiuyue.

Ok?

Lu Ming frowned, and the master of that breath was the first person to be challenged, Leng Ying.

At this moment, Leng Ying's eyes flashed with evil fire, and a pair of eagle eyes stared at Qiuyue.

boom!

Qiuyue breath broke out, trying to break Lengying's breath suppression, but failed.

"This guy, what do you want to do?"

Some people moved.

"This girl, you don't have to go down, just live in my other courtyard, I just miss a maid!"

Leng Ying said lightly, the taste of command revealed in his voice.

"Who will be your maid, dream!"

Qiuyue struggled.

"You refuse?"

There was a ray of sharp flash in Leng Ying's eyes, saying: "You live here, you don't have to live in the stinky place below? And, when I'm free, I will also point you to practice, this is your heavenly fortune, understand ?"

Leng Ying stared at Qiuyue. As for Lu Ming, Wu Yue and Wu Ming, they were directly ignored by him.

Many people looked at Qiuyue with pity.

Leng Ying said that the sounding grandeur was nothing more than the beauty of Qiuyue, and he wanted to take Qiuyue as his own and to stay and play with it.

However, Qiuyue did fall into the country, and other young people looked at it with a heart.

bump!

At this moment, Lu Ming stepped out and landed in front of Qiuyue. The ground shook, and the breath of Leng Ying was defeated.

Ok?

A ray of murder flashed in Leng Ying's eyes, and finally his eyes fell on Lu Ming.

"Boy, do you want to do more business?"

Leng Ying said coldly.

"What a nuisance? She is my woman, you said, is this a nuisance?"

Lu Ming said lightly.

"Your woman?"

Hearing this, Leng Ying's eyes were even more murderous, and said, "This beautiful woman fell into your hands. It was really a shame, and it made me very unhappy."

"and then?"

Lu Ming said lightly.

"Then, then I'm going to waste your eyes..."

Leng Ying drank coldly, and as soon as she flashed, she rushed towards the landing. Two fingers, like two javelins, pierced into the landing's eyes.

boom!

Lu Ming's body power is running at full strength, and at the same time, it has triggered four times the combat power of Zhanzi Jue.

A spear appeared silently in Lu Ming's hands. The spear shook and two spears burst out.

Boom! Boom!

Gunman and Leng Ying's fingers collided together, and two roars broke out. Between the energy, Lu Ming stepped back a few steps.

However, Leng Ying's figure also drifted back.

"What? Block it?"

On the edge, the others were shocked.

With the exception of Wu Ming and Wu Yue, a few people could not believe that Lu Ming was able to block Leng Ying's attack and repel Leng Ying.

Lu Ming is nothing more than a quadruple god.

"Ok?"

Leng Ying himself was also surprised, and he never expected that such a terrible person could explode with such amazing power.

Chapter 2983: Get out of here

"Boy, there is some strength, but I only used 20% of the strength just now. Now, let you see my true strength!"

Leng Ying shouted, the momentum was surging, and the divine power was running, forming a huge condor around his body.

Karma!

A goshawk chirping sounded, Leng Ying pounced on the landing, and his claw broke through, catching Lu Ming.

"It's not just you who didn't use your best!"

Lu Ming drank coldly and gave a low growl in his throat, then his body swelled up sharply, turning into an ancient **** of several hundred meters high.

Buzz!

The spear vibrated and swept out, and it seemed that there was a strong wind above the mountain.

At the next moment, Lengying's claws caught Lu Ming's huge spear.

boom!

Zizizi...

The eagle claws caught on the spear, bursting into a violent roar, and the harsh sound of rubbing, Mars was shining.

The two competed with each other for several hours. The gun trembles and shrank back, but Leng Ying's body also retreated, and it has been retreating for tens of thousands of meters before standing firm.

His hands were clawed behind his back, trembling slightly so as not to be seen.

His eyes were full of horror.

Lu Ming's strength is completely beyond his expectations.

"What a terrifying power!"

Others were also shocked.

Including some old members, even those who lived on Xingfeng, looking at Lu Ming was shocked.

Lu Ming, actually has such a combat power, no one can think of it alone.

"Ancient divine body, this is an ancient divine body. Unexpectedly, this person has already cultivated the ancient divine body to such a high level, it is really amazing!"

"What's even more amazing is that he is only four gods!"

There was a voice of discussion around.

Unexpectedly, among these newcomers, there is such a strong arrogance.

"I really didn't expect that among the new members this time, you have such arrogance, and your strength is not bad. Seeing that you have such strength, I don't care about what happened today. Let's go!"

Leng Ying spoke, and then waved her hand.

"You don't care anymore? Haha, I didn't say I didn't care!"

Lu Ming sneered.

To move his woman, Lu Ming did not intend to let go of the other party easily.

"What do you want to do?"

Leng Ying's face was gloomy.

"Your other courtyard, I'm fancy, now, take your things and leave me!"

Lu Ming said coldly.

Lu Ming was thinking about who should be challenged. Unexpectedly, Leng Ying took the initiative to provoke him, then he would do it.

"Boy, don't toast or eat fine wine!"

Leng Ying drinks coldly, kills the opportunity coldly.

"I just like to drink fines, what about? If you don't get out, then I will let you get out!"

Lu Ming drank coldly and strode towards Leng Ying. The huge spear, pressing down, pressed Tai Leng to the top, pressing Leng Ying.

"Look for death!" Leng Ying roared, and there was a long roar. A huge condor gathered around his body, entrained his body, and soared into the sky, killing Lu Ming.

boom!

The two collided for the second time, the sky was shocked, and there was a lot of energy, flying around.

Lu Ming's body flickered slightly, but Leng Ying's body retreated.

"Is this the power to awaken the original divine factor? Sure enough, the power is amazing!"

Lu Ming's thoughts changed sharply.

He felt the magic power of Leng Ying, which was extremely amazing, and his attack power was extremely strong.

If he had ten kinds of divine power, and with the blessing of the war character tactics, otherwise, it would be difficult to contend.

"Come again!"

Lu Ming shouted and continued to kill Leng Ying.

bump! bump! ...

Lu Ming stepped into the void, and every step stepped, there was a nine-clawed dragon flying out. After seven steps, seven nine-clawed dragons condensed out and killed Xiang Lengying.

At the same time, Lu Ming speared down with a spear, striking the second form of World Extermination Three Strikes, chopping the moon.

The magic and mystery work at the same time, and the terrible attack, like the tide, crushes the cold eagle.

"Condor shines!"

Leng Yingchang Xiao, his skin actually grows feathers, so that the condor he transformed is more powerful.

The two confronted each other in the void, constantly colliding, and in a flash, they fought dozens of moves.

"Leng Ying, lose it!"

Someone whispered.

In the battle between Leng Ying and Lu Ming, Leng Ying fell down from the beginning to the end and was suppressed by Lu Ming.

Losing is a matter of time, and it will be soon.

Sure enough, Leng Ying reluctantly battled with Lu Ming for dozens of moves. When Lu Ming was hit by a shot, one of his condor wings collapsed.

Leng Ying's face changed greatly, and a spit of blood spewed out.

"Broken, Broken..."

Taking advantage of this opportunity, Lu Ming launched a fierce attack, and instantly there were dozens of terrible guns attacking Lengying.

Each of these dozens of guns is equivalent to the power of Lu Ming's efforts to break through the air. Lu Ming can't squander like this unless there is a constant amount of literary skills to provide divine power.

Rumble!

After being hit by these guns, the condensed condor of the cold eagle collapsed completely. He was penetrated by a gun hole, and the gun fell with his body on the star peak and nailed him to a rock.

Leng Ying did not die. This was Lu Ming's men's mercy. Otherwise, this shot was enough to kill him.

When he first arrived, Lu Ming didn't want to cause too much trouble.

Many people were dumbfounded. Unexpectedly, Leng Ying was actually defeated, and it was so miserable.

Many old members have their eyes fixed, and Lu Ming has brought them a lot of pressure.

Lu Ming waved his hand, and his lance disappeared on Leng Ying's body. Leng Ying landed on the ground and coughed up blood. His injury was very serious. He didn't have ten days and a half months and wanted to recover.

"Now, get out!"

Lu Ming faintly.

"You wait for me!"

Leng Ying left a word viciously, and then stumbled down the mountain.

Now that he has been defeated and driven out of the other court, he is not eligible to fly in this area and can only walk on his feet.

Lu Ming smiled faintly, stepped into the other courtyard and glanced.

The other courtyard is very large and very chic, and Lu Ming likes it very much.

"Qiuyue, live here with me!"

Lu Ming came out and looked at Qiuyue Road.

According to the rules, the owner of the other court can invite several people to live together.

"Okay, young master!"

Qiuyue smiled.

Other new members are envious.

I envy Lu Ming's ability to live on the top of Xingfeng without having to live in the stench at the foot of the mountain.

"Brother Wu Ming, brother Wu Yue, live together!"

Lu Ming invited Wu Ming and Wu Yue again.

The courtyard is very big, there are many rooms, a few more people live, there is no problem at all.

"We don't need it anymore, we want to kill it with our own strength in the future!"

Wu Ming laughed.

"Yeah, living below, we are motivated. In fact, our Wu family also has other Tianjiao living above it, but if you come directly to live, you will lose the pressure!"

Wu Yuedao.

"That's fine, I'm waiting for you!"

Lu Ming smiled and didn't force it. He also knew that Wu Ming and Wu Yue were very good. They lived underneath and were motivated.

Chapter 2984: Meet Jin Xing again

Lu Ming and Wu Ming Wu Yue chatted a few words, and at the moment, in the distant sky, an old man is paying close attention to this side.

"Come, come, and finally come, how many years, and finally I waited, ha ha ha!"

The old man laughed and shivered with excitement.

After a while, the old man's emotions calmed down, and then his eyes flashed a few times, stepped out, and disappeared here.

"Brother Lu, then we will leave!"

Wu Yue and Wu Ming clenched their fists and planned to leave.

"Boy, it's you!"

Just then, a roar came.

Then, a few people stepped into the air and came to Lu Ming above their heads, and the cold breath diffused down to the landing.

"Huh? The Qin family, and Jin Xing!"

Lu Ming looked away and saw several acquaintances.

Among them, there is Jin Xing, who went to Qin Tianxing and was defeated by Lu Ming.

Beside Jin Xing, there are several young people.

There were two young men with scales on their eyebrows. Lu Ming looked at it and knew that it belonged to the same family as Qin Wuyou and Qin Wuhang.

These people can fly in the air, indicating that they also live on this star peak.

However, with Jin Xing's cultivation practice, it is impossible to live above this, it should be living in other people's other garden.

The eyes of several people were coldly watching Landing.

"Jin Xing, is this kid who killed my cousin worry-free?"

One of the young men with scales on his eyebrows spoke coldly.

"Yes, it's him. In Qin Tianxing, he killed Qin Wuyou!"

Jin Xing pointed to the landing Ming Ming.

"Very good, dare to kill my Qin family, find death!"

A Qin family Tianjiao spoke coldly, stepped forward and landed in front of Lu Ming, the cold breath, constantly pressing toward the landing Ming.

However, Lu Ming's face did not change color.

"Boy, now, I want to challenge you, fight life and death!"

Qin Jiatian said proudly.

"No time, no war!"

Lu Ming refused directly.

The Tianjiao of the Qin family gave him an unfathomable feeling. To be honest, Lu Ming was not sure.

Since he is not sure, why should Lu Ming fight?

"No war?"

Qin Jiatian stunned for a moment, his eyes showing a murderous opportunity, said: "Today you have to fight without fighting!"

After all, he had a strong breath and terrible pressure on his body, and he was overwhelming and going away in all directions.

Half Step God Realm!

Many people's faces changed dramatically.

This Qin Jia Tianjiao's cultivation practice is awe-inspiring.

Lu Ming's face was also slightly condensed.

The general half-step **** king, Lu Ming is fearless and can be easily crushed, such as the nine devil masters of Modu Mountain.

However, the person in front of him is obviously not an ordinary half-step god. This person is a peerless arrogant who controls the divine power, and the combat power is not comparable to ordinary people.

If the opponent is also close to the awakening power factor, the combat power will be even more amazing. Even if Lu Ming goes all out, I am afraid it may not be an opponent.

However, if you really want to fight, Lu Ming is not afraid.

Really want to fight life and death, Lu Mingda can burn the heart of the ancient gods, can definitely kill the other party.

Lu Ming also had a strong fighting intention.

"Wait!"

At this time, Wu Ming called out.

"You, have something to say?"

Qin Jiatian looked coldly at Wu Ming.

"I remember that there is a rule for the Starry Sky Camp! New members, if they challenge the old members of the Star Peak successfully and take away the other party's courtyard, there is a fifty-year protection period. Within these fifty years, they can refuse. Challenged by others."

Wu Mingdao.

"Yes, there is such a rule!"

"Indeed, this is to protect Tianjiao who is a new member!"

Some people also talked about it.

Although, it is difficult for newly-joined members to challenge Tianjiao living on Xingfeng.

However, every time a new member joins, there will be some terrible arrogance, and it is still possible to succeed, such as Lu Ming this time.

Therefore, this rule was created to protect new members.

Tianjiao Qin, Jin Xing and others obviously remembered it, and their faces became somber.

"Oh? There are such rules, so hurry up and want to fight me and come back in fifty years!"

Lu Ming waved his hand casually, like sending a flower called Hua Zi.

"hateful!"

Qin Jiatian roared in his heart. He really wanted to slap Lu Ming to death. Unfortunately, I can't violate the rules of Star Camp.

"Boy, accept my challenge if you have one, don't be a grandson!"

Qin Jiatian drank coldly, expecting Lu Ming to use the impending method to agree to the challenge.

However, how could such a low-level radical act be fooled?

"Okay, if you suppress your cultivation at the same level as me, I will agree to your challenge!"

Lu Ming smiled.

Qin Jiatianjiao was silent.

Are you kidding, at the same level as Lu Ming?

Didn't you see that Lu Ming defeated Leng Ying with the fourfold of God of Heaven?

Pressing at the same level as Lu Ming, it was pure death.

"Why? Dare? If you don't dare, don't talk nonsense here, you will only use pressure to suppress people. What kind of arrogance, the waste material is almost the same!"

Lu Ming drank coldly.

"you..."

Qin Jiatianjiao was almost vomiting blood.

If you want to insult Lu Ming, you will be insulted.

"What are you? If you don't dare, hurry up and don't disturb me to practice!"

Lu Ming said contemptuously.

"Lu Ming, how dare you!"

At this moment, Jin Xing shouted loudly.

Lu Ming looked at Jin Xing with surprise.

"Lu Ming, you are a person from the Qin Tianxing domain. The person from the Qin Tianxing domain has stolen the treasures of the Jiu Jue Tian Wang Mansion. The Jiu Jue God Crystal is now a body of sin. What are you doing at the Starry Sky Camp? The purpose of man?"

Jin Xing shouted, with a cunning light shining in his eyes.

"People in Qin Tianxing domain, did not expect that he is a person in Qin Tianxing domain!"

"The people of Qin Tianxing Realm are indeed wearing sin!"

Many people looked at Lu Ming when they heard that Lu Ming was from the Qin Tianxing domain.

The treasure of Jiu Jue Tian Wang Mansion was stolen, and the target was directed to Qin Tian Xingyu.

Now, although the Qin Tianxing domain is graced for thousands of years, the people in the Qin Tianxing domain are all suspected objects.

"Lu Ming, you secretly joined the Starry Sky Camp. You must have an ulterior motive. You said, are the treasures of Jiu Jue Tian Wang Mansion stolen by you?"

Jin Xing coldly drank a big hat directly to Lu Ming.

"Speaking is like farting. Do you think that with my cultivation, I can steal treasures in the palace of Jiu Jue?"

Lu Ming's face was calm and he responded faintly.

"That's not easy, there must be your inner response in the palace of the nine kings!"

Jin Xing turned his eyes and landed on Wu Ming and Wu Yue, sneeringly said: "I suspect that the Wu family is your internal response, helping you steal the Jiu Jue God Crystal!"

As soon as these words came out, Wu Ming and Wu Yue's faces changed wildly.

Jin Xing's words, his heart can be blamed!

This is killing the Wu family.

"Jin Xing, why do you fart, you need to talk about evidence, you have the ability, do you come up with evidence?"

Wu Mingwu growled.

Chapter 2985: Original Secret

Jin Xing actually slandered Lu Ming and the Wu family for collusion and stole the Jiu Jue God Crystal. This was a terrible crime. Wu Yue and Wu Ming immediately shouted, giving Jin Xing the ability to produce evidence.

"What evidence is needed before evidence, what evidence is needed?"

Jin Xing sneered and continued to buckle his hat.

"Oh, it's ridiculous to convict a person with just one mouth."

Lu Ming said, looking at Jin Xing disdainfully, Xie Xie smiled and said, "Since you must say that I have stolen the treasure, that's good, then I admit that the Jin and Qin families instructed me to do it. , Want to commit chaos!"

As soon as this statement came out, the Tianjiao of the Jin and Qin families changed their faces wildly.

"Fart, you fart!"

"Bullshit, your words, no one else believes!"

Jin Xing, Qin Tian's Tianjiao shouted.

"Oh? You can come with your mouth open, why can't I say? Since you said that I suspected of stealing the treasure, then I revealed that you are colluding with me, what is suspicious, this is normal, otherwise, how can I steal the treasure ?"

Lu Ming said lightly.

"You...Lu Ming,,, damn..."

Jin Xing roared, but for a time, he could not find words to refute Lu Ming.

If he continued to slander Lu Ming for coming to Xingkong Camp with bad intentions and related to the stolen Jiu Jue God Crystal, then Lu Ming would bite the bullet, and the Jin family and Qin Tian would be their helpers.

There is no evidence anyway, just rely on one mouth.

Jin Xing looked blue and white for a while, and finally, he didn't dare to say more.

Jiu Jue Tian Wang Fu is not a family, but many ancient families.

These families, working together under the palace of Jiu Jue Tian Wang, are competing against each other.

He was afraid that Lu Ming would continue to suppress Lu Ming. He could say everything, and then he would be caught by their hostile family and attacked, but it would be bad.

"Lu Ming, then you continue to shrink. See how long you can shrink. The protection time here is only fifty years!"

Jin Xing snorted.

"There's so much nonsense, come and come, one battle at the same level, no battle is a bastard!"

Lu Ming raised his **** and ticked it.

"Humph!"

The Tianjiao of the Jin and Qin families snorted coldly, turned away, and disappeared in an instant.

"Brother Lu, we still need to be careful in the future. The Jin family and Qin family are very powerful in Jiu Jue Tian Wang Fu!"

Wu Ming warned.

"rest assured!"

Lu Ming smiled.

Then Wu Ming and Wu Yue left, and Lu Ming and Qiu Yue walked into the other courtyard and closed the door.

The courtyard is large, with courtyards, pavilions, and seven or eight rooms.

The two chose a room.

Lu Ming walked into the room and sat cross-legged, feeling the top of the star peak, and there were wonderful waves.

This volatility can make people's spiritual mirrors, the speed of comprehension of divine skills and mysteries will speed up.

However, Lu Ming did not have the mind to understand the divine skills and secret techniques.

What he is thinking about is the source of divine power factor!

"Starry Sky Camp, there should be a place to collect books, and a place to buy magical skills, go look for it!"

Lu Ming moved in his heart, then got up and left the room, rose into the sky and watched from a distance.

Above the Star Peaks, in addition to many other residences, there are many magnificent palaces. In the distance, Lu Ming saw a palace. Some people came in and out. It was quite lively, and Lu Ming flew towards that palace. go with.

After coming here, I found that this is a square city, which is full of people and very lively.

Immediately, Lu Ming purchased a map of Starry Sky Camp.

On the map, some important places in this area of Starry Sky Camp are marked.

"Tibetan Scripture Hall, sure enough, go and see!"

Lu Ming flew past in accordance with the map's signs. Soon, Lu Ming saw a palace, which was magnificent.

Above the gate, there are three big characters: Tibetan Classics Hall!

At the gate, there is a white-haired old man guarding.

"You can stay on the first floor and browse freely. Those above the second floor can only buy!"

The old man said lightly.

"Thank you senior!"

Lu Ming clenched his fists and walked in.

On the first floor, it is very wide, and at a glance, it is full of books and classics.

Lu Ming flipped through at random and found that the first floor was not a recipe for divine skills and magic, nor a recipe for divine skills, but some miscellaneous books.

For example, books that record all kinds of wild beasts, all kinds of anecdotes, different territories and customs, and the history of the Taixu Holy Pilgrimage and so on.

No wonder you can read it at will.

Lu Ming glanced over.

"Divine Biography!"

Suddenly, a book caught Lu Ming's attention.

Immediately, Lu Ming read it up. The previous part introduced some basic knowledge of divine power. Lu Ming knew that and skipped it directly.

Later, we will introduce the original divine power factor.

Most of them are similar to what Wu Ming and Wu Yue said.

However, it is more detailed here.

With the deepening of comprehension and the deepening of the application, the divine power can awaken the original divine power factor.

However, there is also a process before the awakening source divine power factor, which is called the level of awakening.

For example, Leng Ying and others who lived on the mountainside of Xingfeng entered this stage, not far from the awakening. Of course, there is a gap not far away.

Some people have an awakening level of 10%, some have an awakening level of 20%...

Only when the level of awakening reaches 100%, the original divine factor can be regarded as true awakening.

The higher the level of awakening, the greater the power of divine power.

"I don't know how much Leng Ying is awakening. According to this record, it should be under 50%!"

Lu Ming thought, but he thought of himself.

He is probably not awakened to 10% of the power of the master.

As for the indestructible sword power, it is even worse.

"It seems that more time will be spent on divine power in the future!"

Lu Ming thought, and continued to read, the more she looked, the more she sighed.

It turned out that after the awakening of the original divine power, it was only the beginning. It was just the awakening factor. It was far away from the divine power mastered by the original gods in the era of the original god.

The original divine factor just awakened is only the first one.

In the future, you will be able to awaken twice and awaken three times...

After the second awakening, it is the double of the original source power factor, and after the third awakening, it is the triple of the source power factor...

Every awakening is difficult, and nothing is possible.

After each awakening, the divine power will transform and become stronger.

Even, the original secret technique can be born from it.

Every time the awakening, the birth of the original secret technique may be different, the power is stronger than the ordinary secret technique, mysterious and unpredictable.

No one knows the divine power factor and can awaken several times in total.

According to legend, the highest person has awakened nine times. At that time, the divine power has transformed into terror, which is absolutely equivalent to the true original divine power and infinite power.

Anyone who can achieve that step is a true pinnacle of the vastness of the universe.

"A kind of divine power, there are so many mysteries, the potential is endless!"

Lu Ming sighed.

Chapter 2986: Complete nine days Kunpeng

Seeing the introduction of the original divine power factor, Lu Ming was even more determined to focus on practicing divine divine power and fusing the Wangpin divine power and divine divine power in the body.

"Go to the upper floors to see if there is any sacred power that is similar to the sacred power of my practice, Wangpin's power is similar!"

Lu Ming whispered, then left the first floor and walked up the stairs to the second floor.

On the second floor, there are some magical cheats!

However, every book of magical skills was banned. Lu Ming picked up a book and found that he could only read the first two pages. A brief introduction about this kind of magical technique, as for the specific content behind it, how could it be? Can't open.

If you want to watch the following content, you can only buy it, and then let the strongman who guards here open the ban for you so that you can watch it.

"Look if you can find a suitable speed magic!"

Lu Ming suddenly moved.

The nine-day Kunpeng skill he practiced is incomplete, with a maximum of only the seventh weight. Now he has reached the peak of his cultivation. Now, he wants to find a higher-level speed magic skill.

As for attacking and defensive magical skills, World Extinction Three Strikes and Nine Heavy Red Gold Armor, there are a total of Nine Heavy, enough for Lu Ming to practice for a while.

Normal practitioners can only reach the ninth level when they reach the level of the **** king. Therefore, it is not so easy to cultivate to the ninth level.

There is no need to change these two doors.

Lu Ming turned up on the second floor and glanced. After a while, Lu Ming's eyes lit up.

"Nine days Kunpeng technique, there are actually nine days Kunpeng technique!"

Lu Ming's eyes lit up, and he actually saw a speed-like divine skill, Jiutian Kunpeng.

Lu Ming quickly picked it up and looked at it.

Of course, you can only turn to the previous two pages for an introduction to Jiutian Kunpeng.

"Thirteenth heavy, this is a complete nine-day Kunpeng technique, able to practice to the thirteenth heavy!"

Lu Ming was overjoyed.

Needless to say, Lu Ming must buy this nine-day Kunpeng technique.

If you buy other speed magic skills, Lu Ming has to start from the first level, but practicing nine days of Kunpeng, Lu Ming can directly start from the seventh level.

Putting away the nine days of Kunpeng cheats, Lu Ming was satisfied, and then went to the third floor.

On the third floor are all magical methods.

Moreover, all of them are magic methods of divine quality and divine power. They can cultivate divine power when they reach the peak.

There are hundreds of kinds!

Lu Ming's eyes were fiery.

There are hundreds of magical methods of divine power, each of which can cultivate a different kind of divine power. This makes Lu Ming's heart thump.

However, he has "Qiankun Wandao Jue", which can cultivate a lot of divine power. If so many divine skills are successfully cultivated by him, wouldn't he be able to control hundreds of divine powers?

Lu Ming's eyes were full of greed.

"calm down...."

Lu Ming took a deep breath and calmed himself down.

If in the past, he really wanted to cultivate so many divine powers, but now he has changed his mind.

Every kind of divine power has infinite potential, and can constantly awaken the original divine power factor. Therefore, although he can cultivate multiple divine powers, he does not have so much energy to awaken the original divine power factor.

Therefore, he doesn't plan to practice too many kinds at the moment, as long as he cultivates the divine powers that are similar to the sacred and Wangpin divine attributes in the body.

When you have a chance in the future, you can practice more divine power.

After calming down, Lu Ming began to look up.

Now, there are ten kinds of divine power in him.

There are three kinds of Wangpin divine powers, namely, the ice divine power cultivated by the ice **** formula, the big sun divine power cultivated by the big sun **** formula, and the golden dragon divine power cultivated by the golden dragon **** formula.

In addition, there are five kinds of sacred divine powers, which are the divine divine power cultivated by the Zhihan Shenjue, the Taixuan divine power cultivated by the Taixuan divine formula, the multi-eye divine power cultivated by the multi-eye divine formula, and the days of the Tianfeng divine formula. Wind power, the power of nine evil spirits cultivated by the nine evil spirits.

The last two are the divine power, which are the dominating divine power and the indestructible sword power.

Among these divine powers, the icy divine power and the icy divine power have similar properties. You only need to find a kind of divine magic skill of the cold property. After successful cultivation, you can merge them.

Other Wangpin divine powers and sacred divine powers all need to find similar divine powers and divine practices.

Lu Ming searched carefully. Soon afterwards, Lu Ming found two that satisfied Lu Ming.

"Taiyin God's Secret", cultivation to the peak, can cultivate Taiyin divine power, the attribute is extremely cold, if you awaken the original divine power factor, it will be more terrifying, this is an extremely ancient divine power.

"Sun God's Secret", cultivation to the peak, can cultivate the sun divine power, the attribute is just to the sun, this is also an extremely ancient divine power, corresponding to the Taiyin divine power.

"Just these two!"

Lu Ming smiled, put away the two magical methods, and then continued to search.

Soon after, Lu Ming found several more.

The wind-extinguishing divine power cultivated in "Wind-killing God Skills" is the divine power, which corresponds to the heavenly wind divine power.

The Heavenly Evil Divine Power cultivated in "The Heavenly Evil God Formula" is also a divine power, corresponding to the Nine Evil Divine Power.

The Tianxuan Divine Power of "Tianxuan Divine Secret" is also the divine power, similar to the attributes of Taixuan Divine Power.

However, it is a pity that Lu Ming searched all the magic tactics, and did not find the magical skills of the gods and gods corresponding to the golden dragon divine power and multi-eye divine power.

"Buy these five kinds first, the other two, and think of ways later!"

Lu Mingsi, after putting away these magical methods, walked towards the first floor.

Come to the gate.

"What do you want to buy? The old man first reminds you that there are restrictions on everything inside. If you don't lift the restrictions, you can't take them out."

Remind the gatekeeper.

"The juniors understand that the juniors want to buy these!"

Lu Ming took out the cheats of "Nine Heavens Kunpeng Technique" and five magical methods of divine power.

"You want to buy so many magical skills? Little one, one person is enough to practice one kind, don't you understand?"

The old man kicked his eyes and watched Landing with surprise.

"Seniors misunderstood. The juniors did not buy for themselves. The juniors come from a small place where there is a lack of magical skills. The juniors bought it for their friends."

Lu Ming casually found a reason.

"It turns out so!"

The old man nodded, without doubt, to buy for his relatives and friends, this is normal.

"However, the price of supernatural powers and supernatural powers is very high, one should be..."

Then, the old man reported the total price of the five divine skills and nine days of Kunpeng.

After hearing the quotation, Lu Ming took a breath.

One hundred thousand top-grade **** crystal.

The total price is one hundred thousand top-grade **** crystal.

The top-grade **** crystal, but the **** crystal used by the **** king realm to practice.

Chapter 2987: Seven Divine Powers

One hundred thousand top-grade **** crystals is equivalent to ten billion middle-grade **** crystals. As for the number of low-grade **** crystals, it is almost impossible to calculate. It is an astronomical figure.

Hearing this number, Lu Ming was shocked.

The old man also smiled at Landing Ming.

This price, even if it is a general low-level **** king, could not be brought out. He concluded that Lu Ming would definitely not be able to get so many **** crystals.

"Hey, it's a pity that you can't buy the first one directly!"

Lu Ming also sighed.

In fact, he only needs to purchase the first weight of these magical methods, but there are regulations here, to purchase, you can only purchase the entire copy.

Alas, with a sigh, Lu Ming took out several storage rings, played around with each other, and then gave a storage ring to the old man.

"Senior, the inferior **** crystal, the middle grade **** crystal, and the top grade **** crystal add up, which is exactly equivalent to one hundred thousand grade **** crystal!"

Lu Ming said.

"You... do you really have so many **** crystals?"

The old man was suspicious, and then took Lu Ming's storage ring, swept his mind, and froze.

In the space of the storage ring, all are crystals.

There is a pile of inferior and middle-grade **** crystals, and there are also some top-grade **** crystals.

If it is an ordinary person, it is impossible to count, but with the strong spiritual knowledge of the old man and a few breaths, he can count it. These **** crystals add up, which is exactly equivalent to one hundred thousand top grade **** crystals.

"Little guy, it's terrible, I can really come up with one hundred thousand top-grade **** crystals!"

The old man also sighed.

Lu Ming lamented that if he had killed the Night Stalker and got the Night Stalker's storage ring, he wouldn't be able to come up with so many crystals.

You have to know that there are so many **** crystals when the night devil sits on the night of the demon.

Even so, after paying such a sum of God Crystal, Lu Ming's God Crystal was not much.

"Since Shenjing is paid, these magical methods are yours. I will lift the ban on you for you!"

The old man said, and then, with both hands pinching the seal, a rune flew into the cheats. On the cheats, the light flashed a few times, and then calmed down.

"Well, the above prohibition has been broken, take it!"

The old man said.

"Thank you senior!"

Lu Ming clenched his fists, then took the cheats, put them in the storage ring, and returned to the place of residence impatiently.

"Autumn..."

After returning to his place of residence, Lu Ming walked into Qiuyue's room.

"Master, what's wrong?"

Qiuyue ended her cultivation and blinked to Lu Ming.

"Qiuyue, the holy works I have given you before, how are you practicing?"

Lu Ming asked.

"All of them have succeeded in cultivation, and the fire has already gathered."

Qiuyue Road.

"So fast..."

Lu Ming was quite speechless.

Fortunately, Qiuyue's magical skills are the same as Lu Ming's.

"Qiuyue, I bought some magical methods of divine power, you first take two to practice, and after successful cultivation, the holy power of similar attributes is incorporated into the divine power!"

Lu Ming came up with a few magical methods to Qiuyue.

"Spiritual Skills and Divine Skills!"

Qiuyue's eyes lit up, and then took two.

Afterwards, Lu Ming returned to the room and took out a magical method, "Tai Yin Shen Ju" and began to look through it.

It is indeed not difficult to practice spiritual skills and divine skills, but Lu Ming already has a lot of experience, and on top of Xingfeng, his comprehension has improved a lot. It is not too difficult to practice.

A few months later, Lu Ming cultivated the first weight of "Taiyin God's Secret", successfully cultivated a ray of Taiyin Divine Power, and then Lu Ming changed to "Qiankun Wandao Secret", and continued to expand this ray of Taiyin Divine Power, Until the cultivation of magic fire.

In this way, in the past year, when the divine power was strong enough, Lu Ming's Dan Tanaka once again lit a divine fire.

This is Taiyin Shenhua.

This is also in the Starry Sky Camp, the cultivation environment is too good, in other places, it is not so fast.

"Now you can integrate the ice power and the cold power into the power of Taiyin!"

Lu Ming's eyes flashed, and he began to control the two kinds of Shenhua, and merged towards Taiyin Shenhua.

The attributes are similar, and the level of the Taiyin Shenhua is higher. It is relatively simple to integrate them. After a few months, the ice power and the extreme cold power are fully integrated into the Taiyin Shenhua.

The Taiyin Divine Fire has grown a lot, but compared with the Divine Fire that dominates the divine power and the Undeveloped Sword Power, it is still much different, and it takes time to grow slowly.

In this way, Lu Mingdan Tanaka, only nine gods of fire left.

"I don't know what happened to Qiuyue's cultivation, go check it out!"

Lu Ming walked out of the room and just saw Qiuyue in the yard, practicing a magic technique.

Found Lu Ming, Qiuyue stopped practicing.

"Qiuyue, what happened to your two kinds of supernatural powers? How are you practicing?"

Lu Ming asked with a smile.

"I practiced a few months ago!"

Qiuyue Road.

"What are you doing? The fusion of Shenhua is complete?"

Lu Ming was shocked.

"Yeah, it's done!"

Qiuyue Road.

"me..."

Lu Ming was hit hard.

He kept practicing until he became one kind, but Qiuyue was better, and he had successfully succeeded in two kinds of cultivation, which really hit people.

"Qiuyue, all these are used for cultivation!"

Lu Ming gave Qiuyue the remaining three magical methods, and Qiuyue returned the two completed exercises to Lu Ming.

The two chatted for a while, then went back to their rooms and continued to practice.

In a hurry, Lu Ming came to the Starry Sky Camp for ten years.

During this time, Lu Ming successfully cultivated all the magical skills of the gods, and all the divine powers with similar attributes were integrated.

Now, Lu Mingdan Tanaka, only nine gods of fire, nine kinds of divine power.

Seven of them are supernatural powers.

Respectively, they are the master divine power, the indestructible sword power, the sun divine power, the lunar divine power, the heavenly mysterious divine power, the wind extinct divine power, and the heavenly evil divine power.

There is also a holy product divine power, multi-eye divine power, plus a king product divine power, golden dragon divine power.

Of course, of the seven divine powers, only the dominating power and the indestructible sword power are full, and the realm is the fourfold of the gods.

The other five divine powers are only equivalent to the weight of Tenjin, and they are far from full.

Although before the fusion, those holy and divine powers were full, but once converted into divine power, they were far from full.

But even so, Lu Ming's overall combat power has improved a bit.

After all, that's all supernatural power, and every kind of power is amazing.

If all the divine powers reach fullness, Lu Ming's combat power will skyrocket. At that time, even if the cultivation is not improved, it will be crushed against the natural pride like Lengying.

However, it is very difficult to cultivate the five divine powers to fullness.

For example, it takes a long time for a person to raise the weight of Tenjin to the fourfold of Tenjin. Moreover, Lu Ming is equivalent to five people.

Chapter 2988: Xingyue Ancient City

"Qiankun Wanda Jue" has both advantages and disadvantages. He controls a variety of divine powers, which is indeed amazing, but the resources and time required for cultivation are much more and longer than others.

"Unfortunately, the speed of refining and stellar nucleus is too slow. If the energy of the stellar nucleus flows in, I will soon be able to cultivate the five supernatural powers to fullness!"

Lu Ming muttered.

"Hey, boy, are you blaming the old lady for refining too slowly?"

Lu Ming's words were heard by Liangzijue, and Liangzijue immediately called out.

"No..."

Lu Ming quickly denied.

"Boy, you are too weak to cultivate, do you understand too weak? It's just weak, sacred, **** god, huh!"

The amount of words is sneer, and the resentment is amazing.

Lu Ming was cold and sweaty.

The word measurement whispered again and again, all of them fell to Lu Ming, and after a long bang, they stopped.

"Boy, let me tell you, if you want to quickly refine the energy of the star's nucleus, it's not impossible!"

When the count was over, the words and words were suddenly turned.

"any solution?"

Lu Ming's eyes lit up.

Without the help of the energy of the stellar nucleus, Lu Ming's step-by-step cultivation, even on the peak of the star, wanted to cultivate all five divine powers to fullness. It took tens of thousands of years to think.

For tens of thousands of years, the daylily was cold.

"It's very simple, the stellar nucleus, from the yang to the gang, if you can find a supreme cold thing for me to absorb, and merge with the yin and yang, you can quickly turn the stellar nucleus into energy!"

Measure the word.

"To Yin to Han? Is Hanyue Stone count?"

Lu Ming said.

"No, Hanyue Stone's level is too low. Your ninth ice chain is cold liquid, but it's okay!"

Measure the word.

"That liquid?"

Lu Ming felt a move in his heart, but that had already been refined by him and became a supernatural power, and certainly would not work.

Then, Lu Ming thought of the treasure of Bingyu tribe, Bingyu Hanxin.

However, Bingyu Hanxin is the treasure of the Bingbi clan and Zhenzu, and it is certainly impossible for him to refine and absorb it.

"Let's go to Xingkong Yingfang City!"

Lu Ming whispered, then left the room and went to Fangshi in the Starry Sky Camp.

It is a pity that although Fangshi in the Starry Sky Camp found some treasures with cold attributes, they could not meet the requirements.

You know, it is a star core, and it is difficult to find the coldest thing that matches it.

For several days in a row, Lu Ming has been in and out of Fang City, but unfortunately, there is no gain.

Lu Ming can only cultivate slowly on his own.

Lu Ming cultivated "Qiankun Wandao Jue" while accumulating divine power while practicing various divine skills.

He found that the complete version of Jiutian Kunpeng surgery was more mysterious than the incomplete one, especially after the seventh layer, it was almost a mysterious piece.

After the cultivation, Kunpeng really had the power and spread his wings a hundred thousand miles.

"Lu Ming, get out of battle!"

On this day, Lu Ming was practicing, and suddenly, a loud roar came from outside.

Lu Ming's eyes flashed, and his spiritual knowledge extended, and he found a young man, standing in the air, with his eyes like electricity.

This young man, Lu Ming, had never seen it before.

"It seems that the Jin and Qin families can't help it again!"

Lu Ming thought, and then the voice came out: "Five years have not come, no war!"

Lu Ming very simply refused.

"Huh, Lu Ming, what kind of arrogance do you have? You will only shrink up, and even dare not accept the challenge. I think you should get out of the starry sky camp!"

The youth was cold and full of disdain.

"Really? Well, you will be repaired to suppress at the same level as me, and I will fight you!"

Lu Ming's voice came out.

"Humph!"

The young man sneered, not responding.

"Why don't you speak? You don't dare to accept it at the same level of battle, what kind of arrogance do you have? It will only shrink, I think you, or get out of the Star Camp!"

Lu Ming's disdainful voice came out.

"you..."

The young man almost vomited blood, and Lu Ming gave him back what he said.

In the end, the youth could only retreat in vain.

However, within a month, another young man came to challenge Lu Ming, all kinds of provocations and slanders.

However, Lu Ming always said lightly 'Battle at the same level, dare?' Then, those people retreated awkwardly.

"Is these people really sent by the Jin and Qin families?"

Being continuously challenged made Lu Ming have some doubts.

In the case of the Jin family and the Qin family, it is enough to challenge them once or twice.

But this has happened four or five times.

Lu Ming couldn't help but think of the assassination that came to Star Camp halfway.

Who sent it?

Also, behind Modu Mountain, isn't there a backer of Jiu Jue Tian Wang Mansion? How could it be wiped out by the starry sky camp as a test newcomer.

Could it be the backing behind Modu Mountain that gives the newcomers the test content? The other party wants to destroy Modu Mountain and destroy the evidence?

This is still very possible.

If this is the case, then there must be evidence in the hands of the night demon king, so Lu Ming will be assassinated on the way to the starry sky camp.

And among those who challenged him, there might be someone from the other party who wanted to kill him and take away the evidence from his hands?

The more Lu Ming thought, the more likely it was!

However, it is impossible to find out from those who give test instructions to those newcomers.

At this point, Lu Ming had already asked Wu Ming and Wu Yue, and it was an elder who was normal in the Starry Sky Camp.

Obviously, it is impossible for the other party to give such orders in person. It is estimated that it is difficult to find out through special means.

With a move in Lu Ming's hand, Night Stalker's storage ring appeared in his hand.

If there is any evidence, it must be in this storage ring, but Lu Ming looked through it several times and found nothing.

"Look again!"

Lu Ming continued to look through it, and as a result, still did not find it.

when! when! when! ...

Just then, above the peak of the star, bells were heard.

"What happened?"

Lu Ming was curious and walked out of the room with Qiuyue.

"Ten days later, the ancient city of Xingyue opened, and those who wanted to go in and take a chance, gather in the square at the foot of the mountain after ten days!

At the top of Xingfeng Peak, a voice was heard throughout the entire Starry Sky Camp area, which could be heard by everyone.

"The ancient city of Xingyue is about to open again!"

"This time, I must go in. I must wake up to the original divine factor!"

"Haha, this is my chance!"

Suddenly, there was a lot of noise everywhere in the Starry Sky Camp, and many old members were excited.

"Xingyue Ancient City? What is that? Is it a ruin?"

Lu Ming and Qiu Yue were puzzled.

"Let's go to Wu Ming Wu Yue and ask them!"

Qiuyue Road.

"it is good!"

Lu Ming nodded, and then took off with Qiuyue, and flew towards the foot of the mountain.

Soon, the two came to the foot of the mountain, and a stench came.

At this moment, the members of the starry sky camp at the foot of the mountain also left the wooden house, discussing the matter of the ancient city of Xingyue. When they saw Lu Ming and Qiuyue, they all showed envious eyes.

Chapter 2989: Wormhole

"Someday, I will also go up and fly bright and fair!"

"me too!"

Many people clenched their fists tightly and watched Landing Ming enviously.

Living on the top of the star peak, there is no smell, and can fly freely, which has become the goal of these people.

Lu Ming ignored these people, and soon they found Wu Ming and Wu Yue.

"Brother Lu, Qiuyue girl, why are you here?"

Wu Ming and Wu Yue smiled.

Not seen for more than ten years, Wu Ming and Wu Yue have cultivated a lot of exquisiteness. They are not far from the **** of heaven.

"Brother Wu, would you like to ask, Xingyue Ancient City, what's going on?"

Lu Ming smiled.

"It turned out that it was because of the ancient city of Xingyue. Specifically, we don't know much. It is only known that the ancient city of Xingyue is an ancient ruin. The legend is that it was left from the early days of the Tiangong era. It contains various opportunities. It is said that, Every time someone gains something in it!"

"Even, someone succeeded in awakening the source divine factor!"

Wu Ming explained that at this point, his eyes also showed fiery radiance.

"Remains left in the early days of the Temple of Heaven!"

Lu Ming was also shocked.

Now, in the late days of the Tiangong era, it is not known how many years are apart from the beginning of the Tiangong era.

"I heard that there are all kinds of forbidden areas, containing treasures..."

Wu Yue added.

"Oh, has anyone found a treasure with the coldest attribute in it?"

Lu Ming asked.

"Yes, I heard that there is a forbidden place in it, and it has the most cold treasure!"

Wu Yuedao.

Lu Ming's eyes shone slightly.

If you can get the treasure of the coldest attribute in the ancient city of Xingyue, you can greatly speed up his cultivation speed.

Xingyue Ancient City, he must go.

The step-by-step training is too slow. Only by taking risks and practicing can we improve faster.

After talking with Wu Ming and Wu Yue, Lu Ming and Qiu Yue returned to their place of residence.

Ten days passed by.

Ten days later, a square at the foot of the mountain was full of people.

Most of the Tianjiao of the Starry Sky Camp are here.

Of course, there are restrictions on entering the ancient city of Xingyue. Above the Divine King, it is impossible to enter, and the highest is the half-step Divine King Realm.

"Lu Ming!"

Wu Ming Wu Yue came to Landing Ming and Qiuyue, and beside them, there were also several young men and women, each with extraordinary temperament.

Wu Ming introduced that several young men and women, all of whom are the arrogance of the Wu family, practiced above the star peak and cultivated under the **** king.

Several people greeted each other, and they knew each other.

"coming!"

Suddenly, someone opened his mouth and looked in the direction of Xingfeng.

At the top of the star peak, a streamer flew over.

It is a white-haired old man, standing on the square above the square, with a breath of breath filled with body, unfathomable, and it is difficult to figure out what to do in the end.

"My name is Bai Li, you just call me Elder Bai!"

The white-haired old man spoke.

"Have seen Elder Bai!"

Many people salute.

The strong men who manage the Starry Sky Camp are all sent by the Jiujuue Heavenly King's Mansion, but they are the descendants of the Jiujuue Heavenly King and do not belong to any family.

"You all have to enter the ancient city of Xingyue, right? First of all, I want to remind you to go to the ancient city of Xingyue, but it is very dangerous, you can lose your life at any time, you better think about it!"

Bai Li warned seriously.

However, no one said anything.

Taking risks, looking for opportunities, of course, is dangerous.

If you are in danger, you will not dare to go, and what you still cultivate, you must be pulled farther and farther by other arrogance.

Bai Liming was expressionless and continued: "Also, the most important thing is that you will enter the ancient city of Xingyue, but not only the arrogance of our nine heavenly palaces, but also the arrogance of other heavenly palaces, a total of four Uranus Palace has a road to the ancient city of Xingyue, they will also enter!"

As soon as this remark came out, many new members were taken aback.

Those old members, obviously, knew it for a long time and were not surprised.

"Other people from the King's Mansion will also enter!"

Many people whispered, eyes deepened.

Taixu dynasty, divided into territories, a total of 27 kings, guarding the parties

Each King's Mansion, like a country within a country, manages a large territory.

And these heavenly palaces do not live in harmony, but compete with each other and even attack each other, just like two different countries.

In some heavenly palaces, there is even a hatred that doesn't share the sky, and meeting is fighting.

Therefore, when the Tianjiao of other Uranus palaces enters the ancient city of Xingyue, the danger is greatly increased.

"Okay, at this point, you guys, does anyone else want to quit, now quit, it's too late!"

Bai Lidao.

No one quit.

"Okay, since no one quits, then come with me and allow you to fly!"

Bai Lida, and then flew away from the starry sky camp.

Everyone rose into the air and followed Bai Li.

After flying for half an hour, they came to a secret color.

The space here is very strange, as if shrinking in one direction, there is a dark hole in that direction.

"Then... is it a wormhole?"

Lu Ming's eyes narrowed.

Lu Ming has seen wormhole records in some classics.

Most of the wormholes appeared naturally after the universe was born.

Wormholes are extremely mysterious. Different wormholes in the universe will interpenetrate and enter the wormhole, which can suddenly appear in another place in the universe.

Perhaps, in an instant, from this star field to another star field.

Wormholes are different from teleportation arrays.

The teleportation array is artificially arranged. When teleporting, it actually crosses the void, just like a void channel, and it takes time.

For example, cross-satellite transmission requires a lot of time.

But the wormhole doesn't need to be, you can go from this star field to other star fields, and even farther away.

Do you want to pass this wormhole when you enter the ancient city of Xingyue?

"Go!"

Bai Li flew forward first, flew into the wormhole, his body disappeared in a flash.

Then, the old members followed, flying into the wormhole.

"Let's go too!"

A young Wu family said, flying forward.

Lu Ming, Qiuyue and others also entered the wormhole.

As soon as he entered the wormhole, Lu Ming was surrounded by a wonderful force. He seemed to see that in the void, there was a passage leading to the front.

Then, as soon as his figure flashed, he completely disappeared here. The next moment, his body lightened, and that strength disappeared.

"this is..."

Lu Ming found that he was standing on a piece of land at the moment.

Looking back, there was also a wormhole behind them.

This wormhole is connected to the wormhole in the starry sky camp.

They have to go back and enter this wormhole directly, then they can return to the starry sky camp.

Then Lu Ming looked around.

They are standing on a piece of earth, very flat. In front, a majestic ancient city stands between heaven and earth.

Chapter 2990: Heaven, Earth, and Dogs

An ancient city is very huge, like a wild beast, creeping on the earth.

The city walls soared into the clouds and looked from afar. I don't know how big this group of giant cities was, because I couldn't see the edge of the city walls.

As if they only saw one side of the wall, but they couldn't see the ends of the wall.

Xingyue Ancient City!

Everyone's heart moved.

"Go!"

Bai Li flew forward, and everyone followed.

As they got closer and closer to the city wall, the more they discovered that the wall was huge. The wall was old and full of years, as if crossing the time and space from the beginning of the universe.

Soon, they came to the foot of the wall and found a gate at the foot of the wall.

No, to be precise, there are four doors. After the four doors, there is a common passage leading to the city.

The four doors are different.

The door on the far left is the tallest, with magnificent gold and a noble breath.

The second door from the left is silver-white and crystal clear. Although not as good as the first door, it is not bad.

The third door is a common stone door.

As for the fourth door, it can no longer be called a door, that is a hole, a hole where only one person crawls.

"You also saw these four doors. If you want to enter the ancient city of Xingyue, you must enter through these four doors!"

Bai Li pointed to the four doorways.

"Can't we fly directly over the city wall?"

A new member asked.

"Oh, if you are not afraid of death, you can give it a try!"

An old member sneered.

Suddenly, the new member's face changed.

"On the walls of the city, there is a strong prohibition, even if the person above the **** king goes up, it is a dead end!"

Bai Li's faint opening made everyone breathe.

It's a dead end for people above the God King to go up. That prohibition is too terrifying.

Then, everyone's eyes looked at the four doors. Are these four doors famous?

Sure enough, Bai Li continued to introduce.

"These four doors are also forbidden. Those who are cultivated above the **** king cannot step in. Only those under the **** king can step in!"

"The four doors, from left to right, are the Tianmen, the Earth, the Renmen, and the Dog!"

Speaking of which, Bai Li paused.

Tianmen, Dimen, Renmen, Goumen?

Everyone's eyes moved, as the name implies, the four doors, the Tianmen is the most honorable, the dog door is the worst, that is the door where the dog walks.

Most people's eyes fall on the Tianmen.

To go, we must go to Tianmen.

However, no one noticed that many of the old members' faces were very complicated, and even some people quietly retreated, meaning you asked first.

Bai Li also smiled slightly and said, "As the name implies, Tianmen is the most honorable, followed by earth, but I tell you that there are terrible prohibitions on the door, which can measure the talents of people. Pass, if you have insufficient talent and want to pass by force, there is a curse of killing yourself. Do you understand? You must do your best!"

"Scourge!"

Many new members have shown their astonishment.

They looked at the old members, but most of the old members retreated slightly. You look like you first.

"It seems that this door is not easy to go!"

Lu Ming muttered.

If it is easy to go, those old members may have already left.

"With my talent, it must have passed through Tianmen!"

At this time, a young man in black stepped out and walked directly towards Tianmen, his face with strong self-confidence.

Obviously, this person is very confident in his talent.

Bai Li's eyes flashed, and did not stop.

All eyes are on the youth in black.

The difference is that the new members are all curious, while the old members are very good-looking.

bump! bump! ...

Although the young man in black was confident, he did not dare to carelessly, his divine power was running, and his whole body was shrouded in divine power.

Ten God Ninefold!

Many people can see that the cultivation behavior of the youth in black has reached the ninth level of the god.

Every step of his way, he is very cautious and always guarded.

Finally, he stepped into the heavenly gate.

However, there was no abnormality, and Tianmen did not respond.

The young man in black took a few more steps, and still no abnormality. The confidence on his face was even stronger.

"It seems that my talent is enough!"

The youth in black smiled slightly and continued to walk, but when he walked halfway to the gate, his figure suddenly stopped and stopped there, motionless.

"what happened?"

"Why didn't he move?"

Many people are puzzled.

"Test, start!"

Bai Li spoke.

As soon as Bai Li's words fell, he saw the youth in black trembling violently, and then issued a screaming scream, his body flew out of the sky, flew out of the heavenly gate, and fell heavily on the ground, motionless .

There is no breath of life on his body!

died!

Young man in black, dead!

Everyone found a blood mark on the eyebrow of the young man in black. This is a fatal wound, and his soul has been wiped out.

Many people took a breath.

They didn't even see how the young man in black died. What happened in Tianmen?

"I tell you, the four doors have nothing to do with the cultivation level, only the talent level is high, the talent is not enough, if you die or you are injured, which door to go, you think about it yourself!"

"Oh, I forgot to tell you, the last door dog's life, there will be no obstruction, as long as you cultivate under the **** king, you can climb in!"

Bai Lidao.

"It's impossible to climb in from the dog gate!"

"With my talent, Tianmen doesn't work. Isn't it good to walk through the door?"

"I walk through the door!"

Many people talked about it.

Then, a young man stepped out and walked towards the ground door.

The earth gate is different from the heaven gate. As soon as the young man steps into the earth gate, the earth gate begins to glow, and then a ray of light radiates towards the person.

The person roared and broke out with full force to resist, but without blocking a few moves, the light penetrated all his attack defenses and penetrated his body.

Torn apart and fell on the spot.

Another arrogance fell, and all the new members were extremely ugly.

You know, the talent just now is absolutely not weak. If you can control the divine power, where is the talent weak?

However, even the ground door can't pass through, and there is a dead end.

"All doors are so difficult? Damn it, have you all passed through the door before?"

A new member looks at those old members.

"People pass? Hey!"

Some old members gave a nonchalant smile.

No way?

Many people feel cold.

Won't it pass through the dog gate?

The Tianjiao, which controls the divine power, passes through the dog gate?

"I don't believe it, I won't even get through!"

Angrily, another young man stepped out, this time, this person chose the door.
