

D Emperor 2991

Chapter 2991: Can only climb the dog door?

A young man came out step by step, his body burst into a powerful breath, his body was shrouded in divine power.

bump!

Step by step, he was very cautious and stepped into the door.

Buzz!

As soon as he stepped into the door, the door shook slightly, emitting a dazzling light, and then, a divine light flew towards the person.

"Block it!"

The man roared, his power exploded, his hands pushed, and a fierce beast screamed out.

boom!

The divine light bombarded the fierce beast, and a fierce roar erupted. The fierce beast was shocked.

"Block, block..."

The young man shouted, exerting all his strength, but at the next moment, the fierce beast burst, and the young man grunted, backing up again and again, and a wound appeared in his chest, straight through the bone.

"Come again!"

The young man shouted, his eyes full of unyielding.

He must succeed, he must enter from the door of the person, otherwise, if he wants to enter the ancient city of Xingyue, if he wants to get a chance, he must enter from the dog door, which is difficult for him to accept.

bump!

He stepped into the door again.

However, Renmen will not show mercy, and continues to shine, and a divine light blasted at him.

This time, the young man was even worse, his body was almost torn apart, he violently withdrew from the door, and fell heavily on the ground, his breath was weak, but finally saved his life, a young man who knew him well, gave him a subordinate Pill Shendan healing.

"Tell you, if it doesn't work, don't force it, be careful to explain your life here!"

Bai Li spoke coldly.

Many people look ugly, do you really want to enter through the dog door?

"Let me try!"

Then, a new member stepped out and stepped into the door. However, the person was still struck out of the door like the previous one, but the injury was lighter.

"Oh, there is no talent, it is best not to step forward and walk away from the dog door obediently, so as not to be injured!"

An old member laughed lightly.

"That is, I don't know how many of these new members can pass through the dog gate, haha!"

Another old member laughed disdainfully.

"I come!"

At this moment, a cold voice sounded, and a blood-robed young man stepped out.

Lu Ming recognized this person, this person is the brother of Wuxue.

"It's him!"

Many new members have bright eyes.

Blood robe youth, among this group of new members, is definitely the most top-notch, if even he can not enter through the door, then most of the new members, I am afraid they have to enter through the dog door.

The blood-robed youth looked cold, covered in blood-red divine power, step by step, and stepped into the door slowly.

As before, as soon as the blood-robed youth stepped into the door, the door glowed with a divine light, and he drove towards the blood-robed youth.

"Bloodpool Abyss!"

The blood robe youth roared, his hands pushed out, and in front of him, a round of abyss emerged.

Inside the abyss, there was a constant blood-red mist tumbling, exuding breath.

The abyss shone forward and shone the light from the door of the man.

Rumble!

Inside the abyss, there were rumbling noises and constant vibrations, as if to explode at any time.

The blood robe youth encouraged and drank, the divine power continued to flow out, the blue tendons raised on his face, trying to stabilize the blood pool abyss.

Slowly, the vibration in the abyss came down slightly, and finally disappeared.

call!

The young robe of the blood robe exhaled, his face showing great joy, took a deep breath, and continued to step out.

Next, the door was very stable without any abnormalities. The blood-robed young man passed the door smoothly and came to the common passage behind the four doors.

Passed!

Many new members are overjoyed.

Finally, someone can pass, as long as they can pass, it means that it is not an incomplete task.

"The power will vary with the cultivation behavior!"

Lu Ming thought.

Through the observation just now, Lu Ming found that several groups of people before and after entered the gate, and their cultivation practices are different, but the power of the gate's eruption will also be different.

The higher the cultivation level, the stronger the power.

No wonder Bai Li said that the test of these four doors has nothing to do with cultivation behavior and talent.

This door can measure talent.

After the blood-robed youth passed, he did not immediately pass through the passage and entered the ancient city of Xingyue, but stood there to watch.

He wants to see who can pass the earth gate, and whether anyone can pass the sky gate.

"I come..."

Then, people kept stepping forward, but all of them were new members, and those old members, who had no intention of starting hands, watched aside.

Most new members choose people.

Someone fails, someone succeeds.

Lu Ming found that half of the people who could pass through the door did not arrive.

More, they all fail.

The failed people walked to the side with frustration, and did not intend to pass the dog door immediately.

To pass through the dog gate, but also to the end, so many people watching now, how shameful?

bump!

At this moment, a figure stepped out and drew everyone's attention.

Because this person, it is not the door of the person, but the door of the earth.

"Jin Xing!"

Lu Ming's eyes moved, and this man who stepped on the ground was Jin Xing.

"It's him, Jin Xing of the Jin family!"

Others also recognized Jin Xing.

"It is said that Jin Xing is one of the four most outstanding young generations of the Jin family, but at a relatively young age, but the talent is very scary!"

"Yes, the Jin family is amazing, geniuses come out, especially this generation, there are four terrible arrogances, one evil than one!"

"I don't know Jin Xing, can you pass the ground gate!"

Many people talked about it.

The Jin family, among the major families of the Jiu Jue Tian Wang Mansion, are all ranked high and their strength is very strong.

Everyone's eyes fell on Jin Xing.

Jin Xing was shrouded in golden light, like a golden person.

Seven Gods!

At that time, in the field of Qin Tianxing, Jin Xing's cultivation practice was the sixthfold of Tianshen. Now, he has reached the seventhfold of Tianshen.

Boom!

Finally, he stepped into the ground door.

The ground door was slightly shocked, and then, a bright radiance filled it, and several successive divine lights blasted towards Jin Xing.

There is only one divine light in the human gate, and there are three in the ground gate, and the light looks brighter.

"Broken hand of the void!"

Jin Xing roared, and the palms of his hands turned into gold, blasting out continuously.

In the air, a terrifying roar erupted, breaking the hands of the void, and the power was extremely amazing, colliding with the three rays of the ground door.

Boom! Boom! Boom!

Three horrible roars, an explosion in the void, full of energy, Jin Xingtong was golden and dazzling.

"Have you blocked it?"

Many people's hearts were lifted and their eyes widened.

At the next moment, the light dimmed, and everyone saw that Jin Xing was standing straight, standing above the ground door, and was not injured.

"blocked!"

Someone exclaimed.

"He can pass through the ground door!"

This time, even many old members were a little surprised.

Chapter 2992: Gold dollar

"One of the four masters of the Jin family, really extraordinary!"

Many people sighed.

"This time, there is another one from the four family members of the Jin family. I heard that Xiu Wei had already reached the half-step **** realm.

"It's Jin Yuan. Jin Yuan has been to the Xingyue Ancient City once. The last time he entered through the earth gate, this time, most of them will hit the heaven gate!"

"look forward to!"

Many people talked about, and looked at another young man in gold robe.

This young man, with a burly figure, is another one of the four masters of the Jin family, Jin Yuan.

The four masters of the Jin family are not ranked by cultivation, but by talent.

According to Xiuwei, many young people in the Jin family are above Jin Xing.

Jin Yuan had his hands on his back, and apparently did not plan to shoot now.

bump! bump! ...

After Jin Xing blocked a wave of attacks from the ground door, there was nothing abnormal on the ground door. He continued to move forward and stepped into the passage behind the door.

However, he did not enter the Xingyue Ancient City through the passage, but stood there to watch.

In fact, almost no other people who pass through the gate enter the Xingyue Ancient City, they all stand in the passage to watch.

This time, they entered the ancient city of Xingyue. They could stay in the ancient city of Xingyue for ten years. They had plenty of time and were not in a hurry.

"You old members, haven't you left yet? Let me see, after so many years, has your talent potential improved?"

At this moment, Bai Li spoke, and looked at the old members.

Talent is not constant.

Generally speaking, talent is determined by talent, but in fact, not necessarily.

Between heaven and earth, there are some rare treasures of heaven and earth, which can enhance human potential and accumulate more potential.

Some treasures can even enhance people's perception.

Lu Ming, when he participated in the battle of automobile transportation on the mainland of Shenhua, his consciousness was improved.

The most important thing is divine power.

The natural pride that controls the divine power, as the degree of awakening of the divine power increases, can also enhance the talent.

Think about how terrible the talents of the primitive gods bred at the beginning of the universe. Among the divine powers, there are factors of primitive gods.

Awakening of divine power, the talents of the practitioners will also skyrocket.

Therefore, the last time it did not work, it does not mean that it is not possible now.

The last time you could not pass the door, it does not mean that you cannot pass now.

Bai Li wants to see how much progress the old members have made.

"Let me do it!"

As soon as Bai Li's voice fell, an old member stepped out.

The person's breath is blooming, and there is the cultivation of the **** Nine Heavy, he stepped towards the door of the person, his face was quite dignified.

The last time he came in, he didn't pass through the door, and humiliatedly climbed in from the dog door. This time, he must pass through the door.

bump!

He stepped into the door of the person, and suddenly, the door of the person shone, and a divine light slashed at him.

He snorted and tried his best to resist the divine light.

Eventually, he was hit hard and coughed up blood, but he was finally blocked by him, and Shenguang was defeated by him.

"Hahaha, I passed, I passed!"

The young man laughed ecstatically, stepped inside, and came into the passage, his face full of excitement.

The last time did not pass, this time, he concentrated on hard work, the awakening degree of divine power has improved a lot, and finally passed the door.

Many old members saw their eyes bright and saw hope.

"I come!"

Immediately, another old member walked towards the door.

This old member, who did not pass through the door of the person last time, entered through the dog door. He saw a young man in front of him pass through the door of the person, and his confidence increased greatly.

However, when he stepped into the door and was attacked, he screamed, was blasted out, and was hit hard.

Failed!

"Damn!"

The man roared and was extremely unwilling.

The last time I passed the dog gate, this time, I have to pass the dog gate, his face is hot.

Talent, after all, is not so good for promotion. Before that, the young man dared to go up first, and he was still very sure. The latter one, although improved compared to the last time, but the talent, but did not improve, of course, failed.

The rest of the people looked a lot dignified.

Then, people kept coming forward.

However, compared with the new members, the success rate of the old members is much higher, and most of them have passed the door.

Of course, those who didn't pass through the door and had ugly faces were dying.

Even among the old members, some people have started to strike the ground, and many people have succeeded.

These successful people are all highly awakened by divine power, reaching 80%, and more than 90%, they are about to awaken the original divine power factor.

"Look, Jin Yuan is going to shoot!"

Suddenly, a sound rang, and everyone felt a shock.

Sure enough, Jin Yuan left, step by step, walking towards the four doors.

"Which gate will he choose? Earth gate or Tianmen gate?"

Someone whispered, and everyone guessed.

"He chose Tianmen!"

Some people exclaimed, because, Jin Yuan's figure walked toward the Tianmen.

Many people's eyes are full of expectations.

This time, there was a person who didn't know the height of the sky and stepped into the Heavenly Gate. No one else stepped into the Heavenly Gate except when he was finally killed.

Can gold dollar succeed?

Last time, Jin Yuan stepped through the ground door.

As he approached the Heavenly Gate, a golden light appeared on Jin Yuan. Layers of golden divine power enveloped him, and an ancient and ancient atmosphere radiated from Jin Yuan.

"Origin Divine Factor!"

Bai Li whispered, his eyes suddenly lit up.

"What? The original divine factor? Jin Yuan awakened the original divine factor?"

"It's terrifying, half step God Realm, can awaken the original divine power factor, it is worthy of one of the four masters of the Jin family!"

Many people exclaimed.

It is difficult to awaken the original divine power factor.

Even if they are arrogant characters, many of them have to step into the realm of God King to be able to awaken the original divine power factor.

Most people, even if they step into the King of Gods, may not be able to awaken the original divine factor.

There are very few people who can awaken the original divine power factor under the **** king.

Jin Yuan belongs to such a character.

"The last time I came to the ancient city of Xingyue, Jin Yuan had not yet awakened the original divine power factor. This time, his successful awakening the original divine power factor greatly increased his talent, and it is very likely to pass through Tianmen!"

Some people are talking.

At this time, Jin Yuan has stepped into the heaven.

Tianmen, Earth Gate, and Human Gate are different.

Tianmen, the previous paragraph, nothing unusual.

Until Jin Yuan stepped on halfway, his figure suddenly stopped and moved.

it has started!

Everyone knows that Tianmen's assessment began.

Everyone held their breaths and watched quietly, speculating in their minds whether Jin Yuan could pass through the Tianmen Gate.

Every time you come to the ancient city of Xingyue, you can pass the Tianmen, very few, even sometimes, none.

Chapter 2993: Qiuyue crossing Tianmen

Time is slowly lost.

After fifteen minutes, Jin Yuan's body finally shivered.

Many people's hearts also jumped.

Can the gold dollar pass?

The next moment, everyone knew the answer.

On Jin Yuan's body, another strong breath erupted. The body stood straight and did not recede, but his face was pale.

He stepped forward and continued to walk inside.

"Passed, passed!"

"Really passed the Tianmen, it was amazing, this time the person who entered the ancient city of Xingyue, Jin Yuan, is probably one of the strongest Tianjiao!?"

"Indeed, the half-step **** king awakened the original divine power factor. Under the **** king, it is almost invincible!"

Many people looked at Jin Yuan, revealing a lot of fear.

The same as the half-step **** king, those who do not have the awakening source divine power factor, and if there is no terrible secret technique, I am afraid they can't take the gold dollar one move.

Finally, Jin Yuan stepped into that passage and turned to look here.

He also wanted to see if anyone but him could pass Tianmen.

"Jin Yuan, there are two brushes, let me try!"

At this time, another young man stepped out.

This young man, dressed in a fur coat, looks like a local tyrant.

However, no one dared to underestimate this person.

Because the breath from this person is extremely terrifying, full of the old breath of the wild, similar to the breath of Jin Yuan.

Original divine power factor!

Many people are shocked in their hearts. This person is also a peerless arrogant awakening the original divine factor.

Because the original divine power is the divine power controlled by the primitive deities, the flood is ancient, so once the source divine factor is awakened, it will naturally exude the ancient atmosphere of the flood.

This time, two people actually awakened the original divine factor.

This person was very direct and stepped into the heaven.

Halfway through, he stopped, and after a while, he woke up and successfully passed the Tianmen Gate, which took about the same time as Jin Xing.

The two eyes collided, sparking sparks.

However, everyone's shock has not stopped.

Because, next two Tianjiao stepped out in succession, and both went to Tianmen, and they all passed.

They all awakened the original divine factor.

"This batch is good, there are actually four people under the **** king, and they awakened the source divine power factor!"

Bai Li smiled.

Those who are able to awaken the original divine power factor under the King of Gods have unlimited future.

"Brother Lu, we have gone too!"

Wu Ming and Wu Yuedao then went up with the other Tianjiao of the Wu family.

As a result, Wu Ming and Wu Yue struggled to get injured and finally passed the door.

The Wu family, there is a Tianjiao, through the door.

"Qiuyue, let's go too, which door are you going to go through?"

Lu Ming asked Qiuyue.

"Master, I want to try Tianmen!"

Qiuyue blinked her eyes and looked at Tianmen curiously.

"Try it!"

Lu Ming smiled.

Tianmen, although dangerous, believes Qiuyue.

Jin Yuan and others can pass. He does not believe that Qiuyue cannot pass.

Although Qiuyue did not awaken the original divine power factor, she awakened the Jiuqiao Sacred Heart.

It is just a celestial power factor of the heaven and earth, and talent cannot be compared with Jiuqiao Sacred Heart.

"Master, I will wait for you first!"

Qiuyue smiled and floated out.

"What a beautiful woman!"

Many people see Qiuyue, their eyes light up, but the next moment, everyone's eyes can't help but widen.

Qiuyue, actually walked towards Tianmen.

"She...she... wants to enter Tianmen?"

Someone exclaimed, his speech was stuttered.

Even Wu Ming, Wu Yue and others were surprised.

"Miss Qiuyue, no, this door is very dangerous!"

Wu Ming couldn't help shouting.

"Yeah, this girl, this is not a joke, it's life-threatening!"

"Be careful!"

Others also spoke one after another. Qiuyue was so beautiful, so it was a pity.

"Thank you, but I want to try it!"

Qiuyue smiled, and then continued to walk, walked into the Tianmen, she also breathed out.

"Tenjin is double, she cultivates, it's just Tenjin double!"

"With such a low cultivation practice, it is impossible to awaken the original divine power factor, which is a pity, a pity!"

Many people sighed.

They think that Qiuyue, most of the time will disappear.

Soon, Qiuyue came to the middle of Tianmen, and then her body stopped, motionless.

Everyone stared.

Although many people think that Qiuyue cannot pass, but they also hope that Qiuyue will pass. After all, such a beautiful woman fell here, which is a pity.

Time passes slowly!

About five minutes passed.

"Look, she moved!"

"How? Hey, it's wrong!"

Someone exclaimed.

Because at this time, Qiuyue moved, but she did not imagine that she was bombarded, but stood there steadily.

Did it pass?

impossible?

But at the next moment, they had to accept this fact, because Qiuyue looked back at Lu Ming and said, "Young Master, I'll pass first!"

Talking, drifting forward, falling on the channel.

Really passed?

how can that be?

What a terrifying talent it is for a **** to be dual, without awakening the original divine power factor, and actually being able to pass through the heavenly gate.

Many young men flashed hot lights in their eyes.

So talented, so long and so beautiful, many people began to get hot.

What a great thing it would be to get such a beautiful woman as a wife.

Wait!

Then, the eyes of many people could not help looking at Lu Ming.

Just now, Qiuyue called Lu Ming the young master.

A person who is so beautiful and so talented is actually someone's maid.

"This boy, what can he do?"

"Huh, look for opportunities to warn this kid!"

Many people snorted in their hearts and began to think about some attention.

Lu Ming naturally found these eyes, but he ignored them directly and said, "Qiuyue, I will come soon!"

After saying that, Lu Ming stepped out, and the gate he walked to was naturally Tianmen.

"What? Did this kid go to Tianmen?"

"No, does he think Tianmen is so easy to go?"

"I don't believe it, he can pass Tianmen!"

Many people whispered and screamed.

Many people have seen the cultivation practice, the gods are fourfold.

It is already a miracle that Qiuyue can pass. They don't believe that Lu Ming can pass.

Everyone's eyes fell on Lu Ming.

Including Jin Xing, Jin Yuan, and some arrogance of the Qin family.

"Hope this kid, die in Tianmen!"

A Tianjiao sneer from the Qin family.

If Lu Ming died in the Heavenly Gate, they would have avoided it.

Bai Li's eyes also fell on Lu Ming, very curious.

Before Qiuyue passed Tianmen, he was already very surprised, Lu Ming, can it pass?

Chapter 2994: The difficulty is reduced?

Lu Ming's face, always with a faint smile, walked into Tianmen in a hurry.

Soon, came to the middle of Tianmen.

As soon as he walked to the middle of Tianmen, Lu Ming felt a force covering him.

This force, irresistible, was old and flooded, covering Lu Ming, making him unable to move.

Then, Lu Ming felt black in front of him, and next moment, he appeared on a platform.

"This is...my spirit..."

Lu Ming was shocked.

He knew that his physical body must be still outside, and it was his spiritual will that appeared here.

Next, there must be a test waiting for him.

Sure enough, in front of him, a figure emerged.

This figure can't see clearly, just like the shadow of a person.

call out!

The shadow moved. There was a long sword in his hand, and a sword pierced Lu Ming as fast as lightning.

"Broken!"

As soon as Lu Ming thought, he had a spear in his hand, and then he stabbed it out.

boom!

The spear and the shadow of the sword collided together. Lu Ming felt a terrible sword energy and rushed towards him. The spear in his hand collapsed instantaneously, his body suddenly retreated, and he was almost worn by a sword.

"Good power!"

Lu Ming's eyes narrowed.

Although he shot hurriedly just now, he did not trigger the war character tactics. However, with his powerful divine power, he can kill the enemy across several levels with a random shot.

However, the result was repelled.

It is conceivable how other people enter here and how it is possible to pass. Generally, Tianjiao only has the part of being killed in seconds.

call out!

The shadow couldn't hit it, and he continued to shoot. The speed was amazing, and the sword shadow came to the landing.

"Double combat power!"

His thoughts triggered a double battle power, and suddenly his body was full of power.

"Really, just when the spiritual will comes in, all of them can trigger the war character tactics!"

Lu Ming himself was also taken aback.

He had just tried it, but he didn't expect it.

After triggering double combat power, Lu Ming's combat power skyrocketed and his spear swept out.

bump! bump! bump!

After triggering double combat power, Lu Ming's combat power was already completely above the opponent. The guns were crushed, and the opponent's sword shadows collapsed.

Finally, the spear pounced on the shadow, and the shadow's body exploded and became hypocritical.

"There should be more!"

Lu Ming whispered.

He didn't believe it, it was as simple as passing the Tianmen.

Sure enough, at the next moment, three shadows appeared in front of him, and they killed Lu Ming together.

But even the three shadows are no match for Lu Ming.

"Cut Moon..."

Lu Mingshi exhibited the second form of indestructible three-strike. The crescent-shaped spear swept across and a shadow was destroyed.

Soon, all three shadows were killed.

However, it is not over yet. After the three shadows disappear, nine more shadows appear.

Nine shadows joined forces to set up a large array, and their power soared many times.

A series of horrible sword shadows cut towards Lu Ming, and the power was terrifying.

There is no doubt that if Lu Ming was really cut by this sword shadow, his body would also be hit hard.

At first, one person stepped into the Heavenly Gate, and finally fell, there was a blood mark on the eyebrow, the soul was destroyed, and most of them were attacked like this.

This made Lu Ming a little stressed.

"Four times the fighting power!"

Lu Ming was too lazy to procrastinate, and directly triggered the four-fold combat power of the Zhanzi Juice.

After four times of combat power broke out, Lu Ming naturally solved his opponent by crushing.

Depressed by the spear, the shadow continued to burst and finally disappeared.

"Is it over? Not so fast!"

Lu Ming whispered.

Sure enough, it was not that simple. At the next moment, eighteen shadows appeared at once, forming a large formation and killing Lu Ming.

"Would you like to try the ancient **** body? Forget it, or keep a low profile!"

Lu Ming thought for a while, but he still planned not to display the ancient **** body.

After the ancient **** body was displayed, it must have been crushed again.

If this is the last round, Lu Ming's time is too short.

It's only a minute since he entered here until now.

Before Jin Yuan and others, it took fifteen minutes.

Qiuyue, it also took five minutes. If he solved it in more than a minute, it would be too shocking.

So, he was fighting with eighteen shadows.

Even if it is a large array of 18 shadows, it is not Lu Ming's current opponent. Therefore, Lu Ming coped with it easily.

Seeing that time had passed almost five minutes.

Lu Ming's gun suddenly changed and his power soared.

boom!

As soon as the guns fell down, they crushed the opponent's large formation, and then shot continuously, killing all 18 shadows.

"It should be gone!"

Lu Ming muttered.

If there is, he does not believe that Jin Yuan and others can pass.

Sure enough, after this time the shadow disappeared, a force appeared, and Lu Ming was black again in front of his eyes. The next moment, when he opened his eyes, he found that he was still standing in the middle of Tianmen.

"It's not difficult!"

Lu Ming stretched a lazy waist, smiled at Qiuyue, then stepped forward, crossed the Tianmen, and walked to Qiuyue.

"Have...had it?"

Many people were dumbfounded and completely stunned.

An autumn month passed before, and now Lu Ming has passed.

One **** is twofold, one **** is fourfold, what's going on?

Their talent is really so scary?

"Humph!"

The people of the Qin family, as well as Jin Xing and others, have somber faces.

"This time, it's amazing!"

Bai Li's eyes glowed, sweeping around Lu Ming and Qiu Yue.

He knows the difficulty of Tianmen better than others.

It can be passed without awakening the original divine power factor, which is unimaginable with high talent.

This kind of arrogance is usually a rare event, but now, two of them suddenly appeared.

"Amazing!"

Wu Ming, Wu Yue, and several other Wu family members were amazed.

"I don't believe, is it that the difficulty of Tianmen this time is reduced!"

At this time, someone shouted, and a young man in yellow robe stepped out.

"Reduced?"

Many people were shocked.

"Yes, I suspect that the difficulty of the Tianmen this time has been reduced. Otherwise, how could so many people pass through, even the two gods are doubled, the gods are quadruple, and people who do not awaken the original divine power factor can pass? I don't believe it!"

Huangpao Youth Road.

"However, someone tried it before and was killed at once!"

Someone asked.

"That's that man's too waste!"

Huangpao Youth Road.

"Huh, if you think the difficulty is getting smaller, then you give it a try!"

Jin Yuan sneered.

The young man in Huangpao said that the difficulty of Tianmen became lower. Wasn't he doubting his talent? He was naturally upset.

"Just what I want, I'm planning to give it a try!"

Huang Pao said youthfully, he walked towards Tianmen.

The breath of his body bloomed, and a strong pressure filled the Quartet.

This person is also a half-step **** realm.

"The source of divine power is only 80% of the awakening!" Jin Yuan snorted.

Chapter 2995: Enter the ancient city of Xingyue

Huangpao's youthful power spread out, and Jin Yuan could see the level of awakening of Huangpao's youthful power, which was roughly equivalent to 80% of his awakening.

"Even if both of them can pass through, I awakened 80% of the divine power, enough!"

The young man in the yellow robe said coldly, he stepped forward and stepped into the heaven.

However, when he stepped into the Heavenly Gate, his face became solemn.

Although he said that the difficulty of Tianmen was reduced, but he did not dare to relax in his heart and guarded with all his strength.

When he stepped on the Tianmen halfway, he was the same as Lu Ming's before, and his body was still and motionless.

Everyone's eyes are fixed on the Huangpao youth. If the Huangpao youth can pass through the Tianmen, it means that the difficulty of the Tianmen is indeed reduced.

In the blink of an eye, two minutes passed.

Suddenly, the young man in the yellow robe shuddered.

"how about it?"

In everyone's heart, there was a tremor.

Then, the young man in yellow robe screamed, his body seemed to be hit by a huge beast, flew out of the heavenly gate, hit the ground, vomited blood in a big mouth, and his breath was extremely weak.

Everyone saw that there was a crack in the eyebrows of the young man in the yellow robe, and blood continued to flow out.

In the eyes of the young man in the yellow robe, there was horror. He almost fell and fell.

Obviously, the yellow robe youth failed!

It was a terrible defeat, and I almost stayed forever.

"The difficulty of Tianmen is not weakened at all!"

Someone whispered.

This remark made everyone's eyes return to Lu Ming and Qiu Yue again.

The difficulty of Tianmen did not weaken, and Lu Ming and Qiuyue took five minutes to pass, respectively, which shows that the two have a terrifying talent.

Especially Jin Xing, Jin Yuan, and several other Tianjiao passing through Tianmen. When looking at Lu Ming, there are murders and dignity.

"You guys, please come into the ancient city of Xingyue, Lu Ming, this kid, must die in the ancient city of Xingyue!"

At this time, several Tianjiaos of the Qin family secretly transmitted sounds to other Tianjiaos.

What he transmitted was the arrogance of several family members who had made friends with the Qin family.

"Relax, as long as it is encountered in the ancient city of Xingyue, we will not let him come out alive!"

Tianjiao of those families responded.

"Ok?"

At this moment, Lu Ming seemed to feel something, and suddenly turned to look at the direction of Qin Jiatianjiao.

Just now, he felt a lot of murderous chances and fell on him.

"It seems that in addition to the Jin family, the Qin family, there are other families of Tianjiao who want to kill me!"

There was a cold smile in Lu Ming's mouth.

If you want to kill him, be prepared to be killed by him!

Then, someone chose the door to enter.

"Qiuyue, let's go!"

Lu Ming looked at it for a while, and then there was no interest. After pulling Qiuyue's little hand, she walked toward the front of the channel.

"Well, let's go too!"

"Masters have basically shot, and then there is nothing good to see, watching people crawling the dog door, it is meaningless!"

"Go!"

As soon as Lu Ming and Qiuyue left, the others couldn't sit still, and they all started to walk towards the passage.

Inside the passage is not the ancient city of Xingyue, but a light door.

"Portal, it seems that this is the door to the interior of Xingyue Ancient City!"

Lu Ming smiled, and then stepped into the light gate with Qiuyue.

Subsequently, other people stepped into the light gate and disappeared.

After most of the people entered the light gate, those outside also left.

Someone blushed and crawled in from the dog door, then ran down with his head down and entered the light door.

Half a day later, everyone entered the gate of light, and outside, only Bai Li was left.

"The arrogance of the four heavenly palaces gathered here, this time, I hope not to lose too much, and hope that they can gain something!"

Bai Li whispered and sat cross-legged outside.

He has to wait here for ten years.

As soon as Lu Ming stepped into the light gate, there was a feeling of passing through the void. At the next moment, Lu Ming found himself appearing in a canyon.

"Ok?"

Lu Ming frowned, because he found that Qiuyue was not around.

Lu Ming rose into the sky, looked around, and finally found that he was in a primitive forest, where is Qiuyue.

"Mistakenly, it turned out to be the ancient city of Xingyue, which was randomly transmitted!"

Lu Ming whispered, but he was worried.

Qiuyue is the weakest among the heavenly arrogances that entered the ancient city of Xingyue this time, only the double god.

If you encounter someone who is malicious, I am afraid there will be danger.

"Qiuyue is also a person with a profound blessing, and it should be fine!"

Lu Ming comforted himself because he took out the Jade Tone, and found that it could not be transmitted at all.

"Let's practice while looking for Qiuyue!"

Lu Ming thought, and then looked around.

In the end, he found out that he didn't know where he was at all, in all directions, it was all virgin forest.

"Unexpectedly, there are virgin forests in the ancient city of Xingyue!"

Lu Ming murmured, and then chose a direction at will, flying forward.

The virgin forest vegetation is very dense and full of energy, but no creature was found.

No gods or wild beasts were found.

After flying for several hours, Lu Ming was still in the virgin forest.

"I was so unlucky that I was teleported to the wild country ridge as soon as I came in!"

Lu Ming curled his lips, and finally exhibited the nine-day Kunpeng technique. He turned into a Kunpeng and wandered for nine days.

In this way, Lu Ming had been flying for a whole day before finally flying out of this virgin forest and seeing the building.

In front, on a mountain, many palaces were built.

I flew in and found out that these palaces are very ruined, leaving only ruins.

However, after all, it was left in the early days of the Tiangong era. Lu Ming was curious and planned to go in and check it out.

boom!

At this moment, among the ruins, a roar erupted, the divine power stirred, and the gravel splashed.

Then, two figures flew out of the ruins, fighting fiercely in the air.

Obviously, both of them are the arrogance of the Starry Sky Camp, and they are fighting fiercely at the moment.

However, when they saw Lu Ming, they were all startled and backed off.

"It's him!"

After they saw Lu Ming, they recognized Lu Ming.

After all, Lu Ming had passed the Tianmen before, and the Tianjiao of the Starry Sky Camp remembered Lu Ming.

"It's this kid. The people of the Qin family asked my Sun family to help them kill this person. It seems that I had good luck. I came across this person as soon as I came!"

"And this person's talent is so high, maybe there is a big chance in my body. If I kill him, his chance is mine!"

One of the young men with big noses turned his eyes, flashing a ray of murder, and at the same time, there was a greedy color.

"Wang Tong, that's the matter today, let's go, I won't care about you!"

Thinking of this, the young man with a big nose looked at the person who had just fought with him and said.

Chapter 2996: A statue

The young man with a big nose spoke, letting those who had just fought with him leave.

The other party sneered, but eventually chose to leave. His strength is worse than that of the big nose youth. If he continues to fight, for a long time, he is probably not an opponent.

Lu Ming gave a sneer glance, and then left here as a rainbow.

As soon as the young man left, the big-nosed young man's figure swayed, and appeared on Lu Ming's side.

"Do you want to kill me?"

Lu Ming said lightly, with a smile on his face.

"You are not stupid!"

The big-nosed youth's eyes were cold, and a strong breath burst out, covering a thousand miles of land.

The young man with a big nose has the ninth level of cultivation of the gods, and his divine power has also awakened to a certain level, but less than 50%.

"If I remember correctly, I shouldn't offend you, let's say, who sent you to kill me, Jin family, or Qin family?"

Lu Ming asked.

"The dying man, ask so much?" The big nose youth sneered.

"Oh, it doesn't matter if you don't say it, except the Jin family is the Qin family, but speaking of it, your information is not very well informed? Are you sure you can kill me?"

Lu Ming smiled faintly.

This young man with a big nose probably doesn't know what he had beaten Leng Ying before, otherwise he would not be so confident.

"What do you mean?"

The big-nosed youth froze slightly.

"Meaning, take you on the road now!"

Lu Ming's indifferent voice sounded, and as soon as the voice fell, Lu Ming stepped out, his body bulging sharply, turning into an ancient **** body.

At the same time, it triggered four times the fighting strength of the Zhanzi Juice, and a violent breath pressed against the big-nosed youth.

"This breath...impossible..."

As soon as Lu Ming's breath was felt, the face of the young man with big nose changed wildly and was horrified.

Lu Ming's breath made him tremble.

boom!

Lu Ming launched an attack, a huge gun, pressed towards the young man with a big nose.

"Bing Feng Battle Road!"

The big-nosed young man shouted, a spear appeared in his hand, and the spear was swung out. In the sky, suddenly chariots, chariots, and even soldiers appeared.

The chariot rumbling towards the landing came.

The big-nosed youth, from the big family of the Jiu Jue Tian Wang Mansion, the Sun family, this secret technique is the unique secret technique of the Sun family, and it has amazing power.

However, when Lu Ming's gun was depressed, the chariots broke apart.

In an instant, all the chariots shattered.

boom!

When the gun was depressed, the young man with a big nose retreated and vomited blood.

"How is it possible? How could he be so strong?"

The big nosed youth shouted.

He really didn't know about Lu Ming's defeat of Leng Ying, so he thought that Lu Ming's celestial gods were fourfold. Even if his talents were good, his strength would not be so strong.

Unexpectedly, it was just a stroke, he was hit hard.

"escape!"

For the first time, the big-nosed youth turned and ran.

"Run away now, late!"

Lu Ming's indifferent voice sounded, performing nine days of Kunpeng technique, a Kunpeng condensed out, Kunpeng's wings, Lu Ming quickly chased to the big nose youth.

Break the sky!

Lu Ming stabbed with a gun, and a lance, stabbing at the young man with a big nose at an alarming speed.

Seeing that he could not escape, the young man with a big nose roared and waved his spear to resist.

But the result was that he was blasted again, flying thousands of miles all the way, and his arms burst apart, causing more serious injuries.

The fighting power of the big nose youth is similar to that of Leng Ying.

At the beginning, Lu Ming and Leng Ying had to spend some effort in the battle, but now, Lu Ming works with seven kinds of divine powers. Although most of the powers have not yet reached fullness, his strength has also improved. Cut, already able to crush the cold eagle.

"Lu Ming, you dare to kill me, the Sun family will not let you go!"

The big nose youth shouted.

"kill!"

Lu Ming was too lazy to talk nonsense with the other party and launched a stormy attack. The young man with a big nose reluctantly resisted a few strokes. Lu Ming was shot in the head by a shot and was directly killed.

With a wave of his hand, he put away the storage ring of the big-nosed youth, and Lu Ming flashed towards the ruins on the mountain.

This ruin has collapsed for not many years. It is conceivable that in the long past, the mountain must have been covered with large arrays. Otherwise, there will be no ruins in such a long time in the past. There is nothing left.

Lu Ming looked around and was a little disappointed, because he found nothing.

Lu Ming did not stay, rose into the sky and left here.

The next day, Lu Ming had little gain.

"Huh? That's..."

On this day, Lu Ming was flying, and suddenly felt that there was something abnormal in front.

Ahead, there is a faint vagueness, and there is a pressure to permeate.

In the ancient city of Xingyue, any anomaly can not be let go.

Lu Ming flew forward and flew forward.

Soon after, Lu Ming made a discovery.

In front of a wide area, there is a statue standing there.

The statue is huge, standing a hundred miles high, standing among the clouds.

However, this statue, headless, has only the lower body, standing on the ground, and that pressure is emitted from the statue.

And the closer to the statue, the more and more pressure is exerted on Lu Ming, making the divine power in his body much more difficult to operate, as if carrying a heavy chain of shackles.

Lu Ming saw that there were several figures around the statue.

Someone was approaching the statue, some were standing still, their figure trembling slightly, and seemed to resist the pressure of the statue.

"This is borrowing the pressure of the statue to polish my foundation!"

Lu Ming immediately guessed the intentions of those people. His own eyes were also bright.

At the beginning of Modu Mountain, he forcibly absorbed the energy of the stellar nucleus and struck the realm in order to fight against the three demon masters and the large array of more than 2,500 Modu Weibu.

Although he successfully broke into the fourfold of Tenjin, it also brought him a hidden danger, that is, unstable foundation.

The foundation is not stable, even if the divine power in his body has reached fullness, I am afraid that it will be difficult to continue to break through the situation. It must spend a lot of time to polish the foundation.

And this statue exudes a terrible pressure, and Lu Ming can borrow this pressure to polish the foundation.

Lu Ming stepped out and landed thousands of miles away from the statue, then stepped forward and walked toward the statue.

As Lu Ming approached the statue, the pressure he received was getting bigger and bigger. He seemed to be carrying a **** mountain on his body.

This is especially true of his divine power, which becomes more and more difficult to operate.

Lu Ming was not surprised but rejoiced. He just needed this pressure, this pressure on the divine power.

"However, the pressure is not enough!"

Lu Ming whispered and stepped forward.

Soon, he surpassed the figure of two young people.

Chapter 2997: Battle of Qin Jiatianjiao

"It's him!"

The two young men looked at Lu Ming and apparently recognized Lu Ming.

However, they just glanced at will, and then practiced by themselves.

"Not enough, not enough, continue..."

Lu Ming kept stepping forward, approaching the statue.

Soon, Lu Ming walked to the place where the statue was a hundred miles away. Here, the pressure on the statue was already amazing. Lu Ming's body trembled slightly, especially feeling the divine power inside, and it was difficult to run.

"Okay, this is it!"

Lu Ming only crossed his knees, closed his eyes, and began to run the "Qiankun Wandao Jue" to polish the foundation.

This practice is half a year.

From the beginning, the divine power was extremely difficult to operate. It took several days to operate for a week. Until now, Lu Ming has been able to operate for a week and a week.

Compared with before, the degree of comfort has been improved dozens of times.

"This kind of pressure is really a good place to polish the foundation!"

At this time, Lu Ming ended his cultivation.

In just half a year, Lu Ming felt that his foundation was already extremely solid. If it was outside, it would be very difficult to do without hundreds of years.

"It saves me a lot of time, but after spending half a year here, it's time to leave!"

Lu Ming thought.

For half a year, I didn't know what happened to the ancient city of Xingyue.

Lu Ming got up and backed away, leaving the statue.

When he left the statue thousands of miles away, the magical power in his body rumbling and running, the speed was amazing.

"So pure and so smooth..."

Lu Ming showed a happy look, polished for half a year, his foundation is more solid than he used to be, the divine power works, there is no trace of obstacles, smooth and natural, very mellow.

Now, as long as the other divine powers in his body reach fullness, he can begin to try to impact the five gods.

"This half a year is worth it!"

Lu Ming smiled, then rose into the air, intending to leave here.

But at this moment, several streams of light rushed from the ground not far away, rushing from different directions to surround Lu Ming Tuan.

"Boy, you are finally over!"

One of them sneered.

"The Qin family!"

Lu Ming looked cold.

These young people are all from the Qin family, and the Qin family have a scale on their eyebrows, which is easy to recognize.

Obviously, the people of the Qin family had been waiting here long before Lu Ming left the area where the statue was located and started the assault.

Because Lu Ming was in the statue before, the pressure was staggering, and it was inconvenient for them to try.

"Boy, for you, we have wasted a few months, just to let you know that people who dare to kill my Qin family have only one consequence..."

A young Qin family, filled with a strong breath.

Half Step God Realm!

Moreover, there is a faintly ancient atmosphere in this person. Although this person does not awaken the original divine factor, the level of awakening is not low, and his strength is absolutely amazing.

This kind of arrogance, Lu Ming is not an opponent for the time being.

Moreover, there are not only one level of pride in the Qin family, but two.

In addition, there are two celestial princes, a total of four people, surrounding Lu Ming.

"Qin Wuyou, it's his own death!"

Lu Ming said coldly, at the same time his eyes were turning, looking for a way out.

Hard work is definitely not good, the strength of the other party, above him, hard work is done by fools.

Going is the best policy!

"What kind of thing are you, a **** of the Qin Tianxing domain, my Qin family, if you want to kill you, kill you, you can only wait for being killed, do you understand?"

A young Qin family drink coldly, a tall look.

Lu Ming just smiled lightly, too lazy to respond.

What is there to say about this kind of person.

"kill!"

Suddenly, Lu Ming burst into roar, his fists blasted out in succession, and seven nine-clawed dragons roared out, killing the master of the Qin family toward a half-step **** realm.

"Do not control yourself!"

The Qin young man was cold, his body shook, and his violent divine power spewed out.

Then he punched out with a punch, and a huge punch rushed out, shaking the vacant void constantly.

Lu Ming's seven nine-clawed dragons collapsed one by one.

The man looked proud, just about to say two pretending words, but when he saw Lu Ming's behavior, he shouted, "Be careful!"

It turned out that Lu Ming did not continue to attack him at this time.

Lu Ming's attack on him was only an illusion.

After Lu Ming made a move, his body retreated, and he rushed towards a young man of the Qin family, the ninth celestial god. At the same time, his body swelled sharply and turned into an ancient **** body.

The purpose of Lu Ming is to get away.

boom!

Lu Ming blasted out with a single shot, slamming towards the Qin Family Tianjiao, the **** of the ninth heavyweight.

"Seven hurt fists!"

The man also reacted, punching out with a huge punch, screaming toward the landing.

However, the **** of the Nine Heavy, did not awaken the original divine power factor, is not Lu Ming's opponent at all, the guns blasted, the fist marks shattered.

Qin Jiatian's arrogance retreated, and he coughed up blood.

Lu Ming rushed by, and then used Jiu Kun Kunpeng to rush forward.

"Leave me!"

Tian Jiao, another half-step **** of the Qin family, saw Lu Ming shot, he also shot, a punch, rushed to Lu Ming.

Lu Ming just had to fly forward, but after all, he was one step slower and was hit by the punch.

bump!

Lu Ming was shocked all over, one stumbled, and nearly fell. On his back, blue scales flew, and a big hole was blown out by the fist print, bloody.

"I wrote down this account!"

Lu Ming roared and continued to fly with pain.

"chase!"

The four Qinjia Tianjiao chased after landing.

In an instant, both sides disappeared here.

After chasing and fleeing, the two sides flew a distance of hundreds of thousands of miles, and the two celestial gods, Qin Jiatianjiao, could not keep up with the speed and left behind.

However, Qin Jiatianjiao of the two and a half-step **** realm slowly narrowed the distance with Lu Ming.

"Damn!"

Lu Ming's face was gloomy. He had just resisted a blow from a half-step god, Qin Jiatianjiao, and was injured. His condition was not at the peak.

But now, his speed is a bit behind.

"Boy, you can't escape!"

A young Qin family froze, and the opportunity was cold.

Lu Ming kept silent and continued to fly.

Soon after, the distance between the two sides became closer.

"Seven hurt fists!"

A Qin family Tianjiao shot, and a punch came.

This Qin family's arrogance, the level of awakening of the divine power, I am afraid that it has reached 60%, even 70%, plus the cultivation of the half-step **** realm, the attack, the strong terror.

The space roared, and the terrifying punches approached Lu Ming instantly.

"Cut the moon!"

Lu Ming turned around, the spear burst out, and a crescent-shaped spear burst out, rushing toward the opponent's fist print.

Chapter 2998: Wu family help

Lu Ming split a crescent-shaped spear, and bombarded the fist prints that Qin Jiatian arrogantly blasted.

boom!

The thunderous roar erupted, and the crescent-shaped spear shook violently, then broke apart, and a powerful force rushed towards the landing.

Lu Ming trembles, his body retreats, his body's qi and blood swell, and he almost spit out a bit of blood.

The divine power of the half-step **** realm was already extremely rich. With the awakening of 60 to 70 percent of divine power, the power was so amazing that Lu Ming gathered seven divine powers, which could not resist.

However, the youth of the Qin family was even more shocked.

"What's the matter with this kid? The God of Heaven is so strong that it's almost evil!"

"And he is divine and feels mixed and impure, but why is his power so amazing?"

The Qin family youth turned their thoughts in their hearts, and were extremely puzzled.

He clearly felt that Lu Ming's divine power, mixed and impure, seemed to be caused by unstable foundations, but his power was surprisingly strong.

The **** is fourfold, without awakening the original divine power factor, but is about to be able to contend with his divine power.

He also thought that Lu Ming's divine power was not mixed and impure, but contained seven different divine powers.

After a correct move, Lu Ming turned around and left to continue flying.

"You can't escape!"

The two young Qin families continued to chase.

Ok?

At this moment, Lu Ming discovered that there was a mountain in front, and there were several young people on the mountain, who seemed to be resting.

"That's... Wu Jia's arrogance!"

Lu Ming's eyes lit up.

Several young people on the mountain peak are clearly the arrogance of the Wu family. Among them, Lu Ming saw Wu Ming and Wu Yue.

At this time, Wu Ming and Wu Yue also saw Lu Ming.

"This ancient god... is Brother Lu Ming!"

"That's the Qin family, **** it, brothers, shoot!"

Wu Ming Wu Yue recognized Lu Ming all at once, and also found the Tianjiao's Tianjiao. Don't think about it, they also knew what was going on, and immediately roared.

"Leave it to us!"

On the mountain peak, two Wujia Tianjiao rose into the sky and rushed towards Qin Jiatianjiao like two shooting stars.

"Two half-step **** kings teamed up to deal with a celestial **** quadruple, your Qin family is really shameless, let's be your opponent!"

A young Wu family's sarcasm sounded, far apart, it was a sword.

Uh!

A sword of light, spanning a distance of thousands of miles, cut towards a young Qin family.

The sword was dazzling and the power was overwhelming. The young Qin family had to stop to resist.

boom!

He punched out, blocking the sword light, and stopped his figure.

At the same time, another Wu Jia Tian Jiao also shot, blocking another young man of the Qin family.

The two Qin Jiatianjiao were all blocked.

"This is a matter of my Qin family. This person killed my Qin family Tianjiao. Do you Wu family, want to do more business?"

A young Qin family said coldly.

"What about being busy? Lu Ming is a friend of my Wu family. If you want to kill him, you will kill my Wu family!"

A Wu Jia Tian Jiao smiled lightly.

In the Jiujue Heavenly King Mansion, the strength of the Wu family is no weaker than that of the Qin family. There is no need to fear the Qin family.

"you guys..."

The two young Qin families looked a little ugly.

The arrogance of the two Wu family shots, the strength is not under him, one of them even stepped through the ground, the talent is amazing, and the fighting power is above them.

They knew that someone from the Wu family would not be able to kill Lu Ming today.

"Huh, boy, you're lucky, I hope you can go this far, and the next time you meet, it will be your death!"

One of the youths of the Qin family stared at Landing with a cold eye.

"This sentence is exactly what I want to give you. The next time you meet, it will be your death time!"

Lu Ming responded indifferently.

Today he was hunted down, he took note.

"Oh, it's up to you!"

A young Qin family smiled disdainfully and then turned away.

Soon, the two Qin family youths disappeared.

"Brother Lu, are you okay?"

Wu Yue, Wu Mingfei came over.

Lu Minghua laughed for ordinary people and laughed: "It's okay, this time, thank you for helping each other. Otherwise, I'm really not good to get out!"

This time, if he didn't encounter Wu Jia's Tianjiao, he could only desperately.

He desperately can only burn the heart of the ancient gods. After burning the heart of the ancient gods, he can surely kill the two Qinjiatianjiaos.

But the loss was too heavy, for the two Qin family, burning the heart of the ancient god, it is not worth it.

"Brother Lu is polite, since he is a friend, how can he just ignore it!"

A Wujia Tianjiao laughed.

The other two Wujia Tianjiao, one named Wu Zixiong and the other named Wu Xu, both of them were in the half-step God Realm.

Among them, Wu Zixiong's talent is stronger, and the degree of awakening of power has reached 90%. It is not far from the full awakening of the original power factor. Before that, he walked through the ground door.

Of course, 90%, to the full awakening of the original divine power factor, does not seem to be far off. In fact, it is extremely difficult to achieve.

Ninety percent of the people will be stuck, making it difficult to make a final breakthrough.

Lu Ming smiled without saying much.

Don't thank him, he just remembered it.

Wait, wrong!

Suddenly, Lu Ming thought of a problem.

"Brother Wu, how did you get together, did you teleport in, just teleport together?"

Lu Ming asked.

"No, when we teleported in, they were scattered, and then we got together through the communication of jade symbols!"

Wu Zixiong said.

"Tuanyin Yufu? Can it be used here?"

Lu Ming said quickly.

"Of course it works, why? Brother Lu, what happened?"

Wu Ming asked.

Lu Ming's complexion gloomed down, and his eyes flashed with worry.

Soon after he came in, he passed on the voice to Qiuyue, but the Chuanyin Yufu could not be passed out. He thought that the Chuanyin Yufu could not be used here.

Immediately, Lu Ming took out the Jade Amulet to transmit the sound to Qiuyue, but the result was still unable to transmit the sound.

"what happened?"

Lu Ming's heart sank, his face harder to look at.

"Brother Lu, what's wrong?"

Wu Ming and others also saw what was wrong and asked again.

"Why can't my Chuanyin Yufu pass..."

Lu Ming spoke about Qiuyue's voice.

"Can't pass it out? Brother Lu, you can tell me!"

Wu Mingdao.

Lu Ming quickly sent a message to Wu Ming, but it was unimpeded.

Lu Ming's face was even more ugly. Is Qiuyue really something wrong?

Lu Ming fists, clenched tightly together.

"Brother Lu, you don't have to worry. In the ancient city of Xingyue, the transmission of voice has indeed been suppressed. If it is too far away, it is normal to fail to transmit!"

"And, if the girl Qiuyue is in an isolated place, it is possible that it can't be passed on!"

Wu Zixiong comforted Lu Ming.

Chapter 2999: Stunning beauty

Wu Zixiong comforted Lu Ming, but Lu Ming still felt heavy and worried.

"Hope Qiuyue people have their own appearance!"

Lu Ming can only so comfort himself.

"Several brother Wu, if you meet Qiuyue later, can you take care of me for one or two!"

Lu Ming said.

"Brother Lu is polite, this is for sure. I will find some friends and inquire about Qiuyue's whereabouts together!"

Wu Zixiong said.

"Thank you Brother Wu!"

Lu Ming clenched his fists.

"Oh, Brother Lu, where are you going next?"

Wu Zixiong asked again.

"I heard that there are some forbidden places in the ancient city of Xingyue, among them the coldest place, which contains the coldest treasures, I want to try my luck!"

Lu Ming said.

"Go to the forbidden place?"

Wu Zixiong's face narrowed slightly and said, "Brother Lu, some of the forbidden areas in the ancient city of Xingyue are very dangerous. If you want to go, be careful!"

"Thank you Brother Wu, Lu Ming will be careful!"

Lu Ming smiled.

"Brother Lu, go north all the way, there is a place in the cold forbidden place, by the way, I have a simple map here, you may need it!"

After talking, Wu Zixiong took out a map and handed it to Lu Ming.

"map?"

Lu Ming's eyes lit up and opened it. There were some lines in it, as well as some special situations, which were all marked.

From here to the north, there is a forbidden place, known as the cold and forbidden place, which is filled with cold and qi, very dangerous.

"This map was drawn by Wujia Tianjiao in the ancient city of Xingyue, which is relatively simple, but it can also be used!"

Wu Zixiong said.

"The map gave me, then you guys..."

Lu Ming hesitated.

"Haha, we naturally have a backup!"

Wu Zixiong smiled.

Lu Ming patted his head. He was worried about Qiuyue, and some dim sum was absent. He was really confused.

Would the Wu family have no backup of such maps.

"Then Lu Ming said goodbye, see you later!"

Lu Ming clenched his fists.

"Take care!"

Wu Ming and others also clenched their fists.

Immediately, Lu Ming turned away and headed north.

A few hours later, Lu Ming found a secret place, walked cross-legged, took a healing pill, and began to heal.

Before, he resisted Qin Jiatianjiao's blow, and he was very injured.

A few days later, Lu Ming returned to the peak state, then left here and continued to go north.

The ancient city of Xingyue is like a world, huge and endless. Lu Ming has been flying for a few days and finally arrived at his destination, cold and forbidden.

The cold and forbidden place is full of cold and qi, and it is cold to cold.

It is said that someone once obtained the treasure from Yin to Han in the cold and forbidden area.

Lu Ming is looking for this kind of treasure, speeding up the refining of the stellar nucleus, as soon as possible to make the five divine powers in the body full, and then break through the realm.

From afar, there is no grass in the cold and forbidden land, and there is gray mist floating.

This gray mist is the cold air.

Uh!

Just then, not far away, a streamer flew over.

At the next moment, the light beamed and a figure appeared in the air.

This is a woman with a tall figure, a perfect curve, a better skin, and a peerless look.

"What a beautiful woman!"

Even Lu Ming had seen all kinds of beautiful women, and even he had Xie Nianqing, Qiu Yue and other peerless beauties beside him, but at this time, he couldn't help but admire him.

This woman's appearance is completely under Qiuyue, Xie Nianqing, Xie Nianjun and others.

At this time, the beautiful woman also saw Lu Ming.

"It's you? Are you Lu Ming?"

The beautiful woman spoke with a clear and nice voice, but it was filled with a faint coldness.

"Yes, I am Lu Ming!"

Lu Ming nodded.

"well!"

The beautiful woman nodded, her body suddenly filled with a cold killing intention.

"Then die!"

The beautiful woman shouted, stepped out, and slammed towards the landing. At the same time, a terrifying sword light burst out of her hand and slashed towards Lu Ming.

"Ma eggs..."

Lu Ming scolded his mother. Unexpectedly, this beautiful woman would suddenly shoot him.

However, when the killing intention was disseminated from the beautiful woman, Lu Ming was already on alert. As soon as the other party shot, Lu Ming triggered the four-fold combat power.

Lu Ming waved his spear and swept out.

when!

Jianguang cut on Lu Ming's spear, causing the spear to vibrate wildly, and a ray of terrifying sword intentions rushed towards Lu Ming through the spear.

Puff...

There were sword marks on Lu Ming's arm, blood flowing.

Lu Ming himself retreated into a cold and forbidden place.

As soon as he entered the cold and forbidden place, he encountered the cold and qi, and suddenly a chill spread across Lu Ming's body, causing Lu Ming to shiver with a chill.

As soon as Lu Ming thought about it, nine chains of ice flew out and surrounded Lu Ming's body, which only blocked the chill around him.

"This girl is so amazing!"

Lu Ming's eyes have always been on the beautiful woman.

This woman's cultivation practice is at least a half-step **** king. As for the degree of divine awakening, Lu Ming does not know at all.

But Lu Ming dared to conclude that the female's strength was definitely above the two and a half-step **** Wang Tianjiao of the Qin family.

"I and you don't know each other. Why did you kill me? Was the Jin family or the Qin family sent you?"

Lu Ming said coldly.

This woman, who he didn't know at all, would kill him as soon as he saw him. There was only one explanation. The Jin family and the Qin family told each other to kill him, just like the big-nosed youth before.

"What Jin family Qin family has nothing to do with me, I want to kill you, die!"

The beautiful woman said coldly, her breath was stronger, she stepped out in one step, and rushed into the cold land, another sword light burst out, slashing towards Lu Ming.

"Ancient God Body!"

Lu Ming roared, cast an ancient **** body, and turned into an ancient **** of green armor.

The spear spurted out, and a crescent-shaped spear burst out, blocking the opponent's attack.

"Huh? Some strength!"

The beautiful woman obviously didn't expect that Lu Ming could block her a blow, and he was a little stunned. All eyes were colder.

boom!

A terrible breath rushed from the beautiful woman, filled with the ancient atmosphere of the wild.

"Wo Chao, this is the original divine power factor, this wicked lady, awakened the original divine power factor!"

Lu Ming was really taken aback.

The cultivation of the realm of the half-step **** king awakened the original divine power factor. Such strengths can all pass through the Tianmen.

Before, there were a total of four people in the Starry Sky Camp exhibiting these cultivation practices. Now it seems that some people have hidden cultivation practices and hidden strength, just like that.

Or, this woman entered Xingyue Ancient City after Lu Ming entered Xingyue Ancient City.

In any case, this kind of strength is definitely not what Lu Ming can resist, and the combat power is too far apart.

"go!"

Lu Ming didn't think about it, turned around and left, rushing towards the depths of the cold and dark land.

Chapter 3000: Mad Woman

Lu Ming rushed towards the cold and forbidden place, wanting to use the cold and qi of the cold and forbidden place to throw away the beautiful woman.

However, the beautiful woman was very serious about his killing, and did not intend to let him go.

"Lu Ming, die!"

The stunningly beautiful woman shoved her body, flashed her body, and rushed into the cold land, chasing towards Ming Ming.

But after chasing the beautiful woman into the land of Hanming, her body took a slight pause, and her speed slowed down a bit.

"Han Ming Qi has an influence on him!"

Lu Ming's eyes lit up.

The cold qi is from yin to cold, and the temperature is extremely low. Lu Ming is due to the practice of the Taiyin God's tactics, there is the power of the Taiyin in the body, and because he has the ice chain bodyguard, this only resists the cold qi. influences.

But the divine power of the beautiful woman's cultivation is obviously not related to the cold power, so she needs to run the divine power to resist the cold spirit, and the speed is naturally affected.

But even so, the speed of the beautiful woman is still above Lu Ming, and the distance between Lu Ming and Lu Ming is getting closer.

"You can't escape!"

In the eyes of the stunningly beautiful woman, there are all killings, and one looks forward to Lu Ming's appearance.

"The Jin family and the Qin family have given you any advantages for you to kill me. I can give you double the benefits!"

Lu Ming shouted.

"What **** Jin family Qin family, how can they have the right to call me to kill you!"

The beautiful woman said indifferently.

"Not the Qin family of Jin? Which force is that? Is it the one colluding with the Dark Ice Clan?"

Lu Ming suddenly moved in his heart, and immediately shouted: "I know who you are? The people behind you colluded with the Dark Ice Clan, stole the Nine Absolute Divine Crystal, so bold, you are a big crime to be annihilated!"

Lu Ming shouted, wanting to scare the other party.

"Nonsense, I want to kill you, it has nothing to do with others!"

The beautiful woman coldly cried out with a sword, almost hitting Lu Ming, Lu Ming scared out a cold sweat.

"It has nothing to do with others, you want to kill me yourself?"

Lu Ming was really dumbfounded.

When did he offend this crazy woman?

"Girl, if I remember right, I haven't offended you. Is it when I got drunk and gave you..."

"No, I really have words, why don't I feel it?"

Lu Ming shouted, more puzzled

"Dirty thieves, die!" Hearing Lu Ming's words, the beautiful woman was even more angry and shouted, and several swords gleamed towards the landing Ming.

Lu Ming hurriedly used Jiutian Kunpeng to avoid it, but his shoulders were still wiped with a sword light, and the cyan scales were directly cut open, blood flowing.

Lu Ming shuddered.

The cultivation of the opponent's half-step God Realm, coupled with the awakening of the original divine power factor, attacked the sharp terror, and his blue scale armor could not stop it.

"Why am I an adulterer again!"

Lu Ming was frightened and angry. If he wasn't really the opponent of the other party, he must take the other party and let the other party know what is called a "profanity".

But now, Lu Ming can only desperately escape.

He specially escaped to the place where the cold air is rich, and at the same time, he used the Jiutian Kunpeng technique to the extreme. Even so, he was still dangerous and dangerous. Shortly after, there were several wounds on his body.

"Why is this crazy mother-in-law chasing me..."

Lu Ming was speechless and his eyes flashed fiercely. He quickly thought about it and wanted to come up with a strategy to kill him.

Lu Ming will not be merciful because his opponent is a beauty.

Rustle...

At this moment, Lu Ming heard a rustling voice in front.

"There are souls here..."

Lu Ming was not surprised but rejoiced.

At this time, the emergence of souls was beneficial to Lu Ming.

Uh!

As soon as Lu Ming's figure flashed, he rushed towards the place where the sound came.

Soon after, a behemoth appeared in front of Lu Ming.

It was a centipede, covered with snow and huge, at least a hundred meters long, crawling between the mountains.

At this moment, after seeing Lu Ming, the giant centipede flew towards the landing Ming as soon as it hit the body.

Sisi...

Before the giant centipede arrived, a gray mist was sprayed out of his mouth, and it was very rich. At the same time, a terrible cold rushed to the landing sound, and even Lu Ming felt a stiff body.

It was also the cold air, but the horror of the lower temperature, the space seemed to freeze.

Lu Ming fully operated the Taiyin Divine Power, and at the same time he used nine cold chains to protect himself from the cold invasion.

At the same time, Lu Ming's figure flickered, avoiding the giant centipede.

However, the giant centipede twisted its body, and the row of sharp claws, like a magic knife, chopped towards the landing Ming, Lu Ming was shocked and waved his gun to resist.

when!

Lu Ming's body was shaken, and the blown flew out.

But at this time, the beautiful woman has also been chased. She was also shrouded in the coldness of the giant centipede, her body stiffened and her speed decreased.

However, she awakened the original divine power factor, the divine power works, or blocked the cold attack.

Uh!

The giant centipede repulsed Lu Ming and saw the beautiful woman again. She screamed suddenly, her body flicked, and she killed the beautiful woman again.

"Go away!"

The beautiful woman is very overbearing, Jianguang burst out, and cut on the body of the giant centipede.

The giant centipede is powerful, and also has the cultivation of the half-step **** realm. With an armor, the defense is amazing, but it can't resist the attack of the beautiful woman. The sword light cut through, directly breaking through the giant centipede's armor There was a deep sword wound.

"This crazy woman is so amazing!"

Lu Ming was shocked.

If such attack power falls on him, I am afraid to cut him in half.

Sisisi...

The giant centipede was injured, and seemed to be in a state of anger. It cried frantically, made a sharp voice, and a terrible cold spouted out of its mouth, rushing to the beautiful woman.

The giant centipede now has only beautiful women in her eyes, and she is too lazy to control Lu Ming.

Wherever the cold air passes, even the cold air of the air floating in the air is frozen, showing the horror of the cold air.

The beautiful woman also had to concentrate on resisting, at the same time slashing out a sword light, killing the giant centipede, the two fought.

Will Lu Ming miss such an opportunity to use the nine days of Kunpeng to the extreme, turn it into a Kunpeng, and leave here in a flash.

In an instant, Lu Ming went far.

"I finally got rid of this crazy woman, what is the origin of this crazy woman, is the Qin Jiajin sent someone to kill me, or is it the collusion of the dark ice clan, who wants to kill me?"

Lu Ming guessed.

Soon after, Lu Ming went into the cold and dark land hundreds of thousands of miles.

The cold and malignant qi here is getting stronger and stronger. Occasionally, Lu Ming will find some creatures.

But these creatures are very terrible, the weakest are the existence of the God of God, most of them are half-step **** king realm.
