

D Emperor 3001

Chapter 3001: Wife, here you are

Such creatures are all cold in nature, and in the cold air, like a fish gets water.

And in such an environment, the strength of this creature can be exerted 120%, and the strength is stronger than the outside world.

Others, if it is not the divine power that controls the cold attribute, enter here, the strength will be greatly reduced, no wonder it will be called a forbidden land.

It's really dangerous when Tianjiao comes in.

boom!

Lu Ming was flying. Suddenly, the mountain shook. Then, Lu Ming saw an iceberg, flying from a distance, and smashed it towards the landing.

"Nest..."

Lu Ming was shocked, dodge quickly, and retreated a hundred miles in an instant, before avoiding the iceberg.

boom!

It was really an iceberg with a high energy of thousands of kilometers, which hit the front of Lu Ming heavily, and the ground kept shaking.

Huh...

The space uttered a roaring sound, and then a large black shadow was cast on the sky.

Another iceberg hit the landing, and there were not more than one, but several connected.

"what's the situation!"

Lu Ming was speechless and drew back and forth to avoid, but the iceberg fell continuously, and finally an iceberg Lu Ming could not avoid.

"Cut the moon!"

Lu Ming held the gun in both hands and slashed down.

boom!

The guns bombarded the iceberg, and a violent roar erupted. The iceberg collapsed, and Lu Ming was blasted out with a terrible force. After retreating for a hundred miles, his blood burst.

"What a terrible power, what is it?"

Lu Ming stared ahead.

You know, he is still in the state of the ancient **** body, his strength is amazing, but he is still almost injured.

Roar...

At this time, a roar came from a distance, and then, a behemoth rushed towards this side.

"That is..."

Lu Ming's eyes narrowed. This time it was not the iceberg but the giant ape.

This giant ape is huge and thousands of meters tall, even larger than the previous iceberg.

Lu Ming knew that the icebergs were thrown by this giant ape.

boom!

The giant ape stepped on an iceberg, and the iceberg exploded directly, the ice shattered, and the earth shook violently.

There was a fierce madness, surging out, surging towards the landing sound, a pair of huge eyes, staring at the landing sound, full of anger.

Roar!

The great ape roared, kicking the ground with his feet, and a large crater was exploded on the ground, and its huge figure rushed towards the landing.

Lu Ming turned into an ancient **** body with a height of more than 200 meters, but in front of the giant ape, even the baby was not counted.

A fist bigger than the mountain peak, screamed towards the landing, bringing a terrible strong wind.

"Retreat, retreat..."

Lu Ming did not dare to make a hard connection at all, and quickly retreated.

However, the opponent's punching strength was too strong, the air kept exploding, and Lu Ming's speed was greatly affected.

No way, in the end, Lu Ming can only make a hard connection.

"Starburst!"

Lu Mingshi exhibited the strongest trick, a huge spear, bursting out and stabbing towards the giant ape.

When the gunman was about to approach the giant ape, it burst apart.

boom!

The spirits were overflowing, but Lu Ming felt a terrifying power, and he rushed towards him, Lu Ming shivered and spit out blood.

"Retreat!"

Lu Ming used this force to retreat backwards, coupled with the speed of the nine-day Kunpeng technique, he instantly retreated tens of thousands of miles.

Then Lu Ming turned around and rushed towards the rear.

Roar!

The great ape roared and chased after landing.

"This great ape's terrible strength, I am afraid that its body also awakened the power similar to the original divine factor!"

Lu Ming thought.

All kinds of creatures nowadays are actually descendants of those primitive gods, more or less, all containing a trace of blood of primitive gods.

Even those wild beasts and mythical beasts are the same.

Therefore, many wild beasts, fierce beasts, etc., will also awaken the power similar to the original divine factor, which is very scary.

Obviously, this great ape also awakened a similar force, and its strength is very amazing. Lu Ming is not an opponent at all. Just using the starburst trick just now, he was not defeated, and he was injured at once.

Lu Ming was transformed into Jiutian Kunpeng, flying fast, but the speed of the giant ape was so amazing that he kept up with Lu Ming.

Soon, a few minutes passed.

call out!

Suddenly, Lu Ming saw a sword light ahead coming quickly.

"is her..."

Lu Ming's eyes moved.

The master of the sword light was the beautiful woman who hunted down Lu Ming before.

Seeing this woman, Lu Ming was not surprised but did not want to think, and rushed towards the beautiful woman.

The next moment, the beautiful woman also saw Lu Ming, when she saw Lu Ming rushed towards her, she couldn't help but shudder.

She didn't understand why Lu Ming rushed towards her suddenly.

But immediately, she understood, because she saw the great ape.

She understood that Lu Ming wanted to use her hand to fight the giant ape.

But is this possible?

The beautiful woman's eyes filled with cold light, just about to start, struck back and forth with the giant ape, and killed Lu Ming.

But at this time, Lu Ming opened his mouth and yelled, "Wife, it's great that you're here. Let's kill the great ape together!"

What?

Wife?

The beautiful woman was stunned again, and the next moment came back, screaming: "You, shameless..."

However, at this time, Lu Ming had rushed to the beautiful woman not far away.

Roar!

The great ape roared, stretched out a huge palm, and grabbed it against the ground, and was caught out of a huge iceberg. With a wave of his hand, the huge iceberg smashed towards the landing and shrouded the beautiful woman together. among them.

"Wife, help!"

Lu Ming yelled, flashing left and right, avoiding the iceberg.

This is Lu Ming's strategy. This great ape is of such a high level of cultivation that his spirit is absolutely high, and he can certainly understand what they are saying.

Therefore, Lu Ming shouted his wife, and the great ape would mistake the beautiful woman for Lu Ming's gang. Naturally, its attack would also cover the beautiful woman.

Obviously, Lu Ming's plan succeeded.

Shrouded in icebergs, the beautiful woman can only fight back.

A bright sword light burst out, splitting the iceberg in half.

"This crazy mother-in-law is really amazing!"

Lu Ming secretly said.

Just now he tried the terrible great ape, but with the sword of a beautiful woman, he split the iceberg with his terrifying strength.

The eyes of the giant ape also looked at the beautiful woman.

The beautiful woman gives it a strong pressure, giving it an instinctive sense of crisis.

Therefore, the great ape roared, and went directly to the beautiful woman to fight, and gave up Lu Ming.

Lu Ming, for it, there is no danger, but rather beautiful women, of course, it must first remove the danger.

The fist like a mountain peak blasted towards the beautiful woman, who could only fight back.

Keng!

The sound of Jianming resounded through Jiuxiao, and the terrifying sword-like light, which stretched for ten thousand meters, cut towards the giant ape.

boom! boom!

The two fought a war, and the place was in a mess and razed to the ground.

Chapter 3002: Treasure of Cold

"Good guy, this kind of strength is even stronger than the Night Stalker!"

Lu Ming saw the battle between the beautiful woman and the great ape and secretly slurped.

Regardless of whether it is a beautiful woman or a great ape, although the state has not reached the God King Realm, the combat power has definitely reached the God King Realm, such as the ordinary God King, such as the Night Demon King, I am afraid that its strength is not so strong.

This is the arrogance of being able to fight across large realms.

"Wife, you first block this beast for the husband, and find someone to help the husband!"

Such a good opportunity, Lu Ming will naturally not miss it, leaving a sentence, his figure flashed, and escaped.

"Vile, shameless..."

The beautiful woman was angry, almost spitting out blood, a beautiful face, flushed red, secretly swear, next time you see Lu Ming, you must unload Lu Ming eight, no, big unload ten. Dispel the hate.

When she thought Lu Ming called her wife, she hated her teeth.

"Does this guy know? Impossible, even if I know, I will kill him!"

The beautiful woman gritted her teeth and then focused on the giant ape in front of her.

Lu Ming flew all the way, and soon afterwards, Lu Ming turned into a humanoid state and used the ancient **** body all the time, which consumed a lot of his physical strength.

After turning into an ordinary person, Lu Ming flew for another period, then found a hidden ice cave, and Lu Ming flew in.

After looking around and discovering that there were no other creatures in the ice cave, Lu Ming moved a piece of ice to block the ice cave, and then sat cross-legged, running "Qiankun Wandao Jue" to recover.

A few days later, Lu Ming's divine power, physical strength, etc., returned to their peak state.

"Unfortunately, the ball can't come in here, otherwise, I won't be so embarrassed!"

Lu Ming sighed.

In the ancient city of Xingyue, you cannot enter under the **** king. The ball is a metal life, and naturally you cannot enter.

Otherwise, with the strength of the ball, it is easy to suppress the existence of such beautiful women and giant apes.

"Be sure to find the coldest treasures quickly and improve your strength!"

Lu Ming gritted his teeth secretly.

During this time, he was repeatedly chased and killed, really suffocating.

After getting up and leaving the ice cave, Lu Ming went deeper into the cold and dark land.

"Lu Ming, in the eight thousand miles in front, the cold is extremely strong, and there may be extreme cold treasures!"

The sound of the measurement word sounded.

Lu Zi Ju is extremely sensitive to the fluctuation of energy. Lu Ming called Liang Zi Ju to help him find the treasure of the cold energy.

"Eight thousand miles ahead!"

Lu Ming's eyes lit up, and then flew forward.

Soon after, an ice lake appeared.

This glacial lake is not big, but the cold, but amazingly rich, many times richer than other places.

"Lu Ming, the source of coldness is under the ice lake, but in this ice lake, I am afraid that there is a creature guarding!"

Measure the word.

"There are creatures guarding, what do you do?"

Lu Ming asked.

"This old lady doesn't know, you go down and explore for yourself!"

Measure the word.

"..."

Lu Ming was speechless, and finally decided to explore it.

It's a pity not to explore it all.

With a thump, Lu Ming rushed into the ice lake.

Soon after...

Wow!

The icy lake rolled violently, evoking thousands of layers of giant waves, and one of the white giant pythons could be seen rolling in it.

At the same time, there was a spear bursting out of the ice lake, which was extremely bright.

A moment passed.

Uh!

A figure rushed out of the ice lake, it was Lu Ming.

After Lu Ming rushed out, he performed Jiutian Kunpeng and turned into a Jiutian Kunpeng. He left here quickly.

Wow!

A giant python rushed out of the ice lake, can be thousands of meters long, and screamed in the sky, but eventually did not chase, walked around the ice lake for a while, and returned to the ice lake.

Thousands of miles away from the ice lake, Lu Ming was sitting on a frozen ice. He spread his palms. The palm of his palm had a crystal stone and the size of a longan exuded an amazing chill.

This is the treasure that Lu Ming brought from the ice lake.

"Old volume, how about this ice jade crystal? How much energy can help you refine the stars?"

Lu Ming asked.

"not much!"

Quanzijue answers only two words.

"not much?"

Lu Ming was disappointed.

"This ice jade crystal, although it is a treasure of the most cold nature, is not as good as the ice jade cold heart, nor the mass of ice cold liquid you got before, but it is stronger than the cold moon stone, and the volume is too much. Small!"

Quanzi Jue explained.

"It seems that I have to continue to look for it. Forget it, this ice jade crystal, you absorb it first, can speed it up a little bit, I continue to look for other cold treasures!"

Lu Ming said, and then absorbed Bing Yujing to Liang Zijue.

In the next half month, Lu Ming appeared everywhere in the cold and forbidden area, looking for the most precious treasure.

A total of three types were found by him. Unfortunately, the levels are not particularly high. They are all treasures of the same level as Bingyujing. It can only be said that chat is better than nothing.

On this day, Lu Ming walked in an ice valley.

Quanzi Jue told that the fluctuating energy of the cold air in this ice valley is also very abnormal and very rich.

Going forward for a while, there are no exceptions.

Here, there was no guarding of any creatures, but Lu Ming was quite surprised.

"This is, nine petal ice lotus!"

Suddenly, Lu Ming's eyes lit up.

At the end of the ice valley, on a wall, a lotus plant grows, shining like jade, exuding a strong chill.

This is the first time Lu Ming has seen plants in the cold and forbidden area, and it is also a magic medicine with cold properties.

Nine-petal ice lotus, a total of nine petals, is very different from other lotus flowers.

However, Lu Ming once saw a record in a classic that Nine-petal Ice Lotus is the best in the cold medicine.

Lu Ming was overjoyed that the nine-petal ice lotus is definitely a cold treasure that is better than ice jade crystal. After the absorption of the measuring word, it can definitely help him refining a lot of stellar nuclear energy.

Lu Ming flashed his body and stepped out, condensing a large hand with divine power to pick down the nine-petal ice lotus.

But at this moment, the sky roared, and several figures appeared above the ice valley.

There are five young people, male and female, wearing white robes.

As soon as they appeared, their eyes fell on the nine-petal ice lotus in Lu Ming's hands.

"Boy, hand over the nine-petal ice lotus!"

A young man drank coldly, and a cold breath shrouded Lu Ming.

"I discovered it first, why should I hand it to you!"

Lu Ming said lightly.

"You discovered it first, ridiculous, this nine-petaled ice lotus, we have discovered it long ago, there were wild beasts guarding here, we just said that the wild beasts are attracted away, this is only for you to succeed, understand!"

A young man with white hair said coldly.

"Attracting wild beasts?"

Lu Ming was stunned, but the next moment, he knew that the other party was lying.

There seems to be no problem with the other party's reason, but if you think about it carefully, there are many loopholes.

There are five people in the other party to attract the wild beasts. Do they need five people to act together?

Chapter 3003: You are not qualified to kill him

The opponent has a total of five people to attract the wild beasts. Why should five people be together, as long as a few of them attract the wild beasts, the other few easily pick up the nine-petal ice lotus.

Who is so stupid, everyone will attract wild beasts together, leaving the treasure here?

Therefore, Lu Ming thought for a moment that he knew the other party was lying.

With a sneer, Lu Ming directly collected the nine-petal ice lotus into the storage ring.

"Boy, it seems that you are not handing it over?"

The white-haired youth's eyes are cold, and the chill on his body is getting stronger and stronger.

The other party is obviously also a divine power that cultivates the cold attribute, so he is not afraid of the cold spirit.

"Since I got it, is there any reason to hand it in?" Lu Ming smiled faintly.

"very good!"

The white-haired youth nodded and said, "Lu Ming, your talent is good. You have stepped through the heavenly gate, but your cultivation practice, the gods are fourfold, such cultivation practice, I thought that I could swallow the nine-petal ice lotus in front of us. ?"

After speaking, the breath of the white-haired youth fully bloomed.

King of Half Step!

The cultivation of the white-haired youth is a half-step **** realm.

However, Lu Ming saw at a glance that the other party should not have awakened the original power factor.

At the same time, several other people flashed in shape, surrounded Lu Ming in the middle, and burst out a strong breath.

Another half-step **** king.

The other three are also the existence of Tenjin.

However, no one awakened the original divine factor.

The original divine factor is not so awakened.

There are so many arrogances under the starry sky camp King Realm. There were only four people who had passed through the Tianmen before, and there were only five people behind that beautiful woman.

Naturally, I will not encounter one, that is, the person who has awakened the original divine factor.

Lu Ming's eyes narrowed slightly, but he was fearless.

As long as the original divine power factor is not awakened, even if it is the arrogance of the half-step **** king realm, Lu Ming is not afraid, even if he can't beat it, it is still possible to get out.

"Lu Ming, I gave you the opportunity just now, but you don't cherish it. Now, not only the nine petal ice lotus, but also other things on your body must be handed over!"

"Also, let Dantian know the sea and let go, let us search, we can consider spare your life!"

The white-haired youth spoke again, greedy in his eyes.

He thought of Lu Ming's ability to step through the Tianmen by virtue of the fourfold of the gods.

Now, he not only wants nine petals of ice lotus, but even Lu Ming's chances.

Even, he had even more vicious strategies in his mind.

He planned to wait for Lu Ming to hand over all the treasures, abolish Lu Ming's cultivation practice, imprison Lu Ming, and slowly cover up all the secrets on Lu Ming.

The thought of being able to get Lu Ming's secret, so as soon as he flew into the sky, he was fiery.

"It seems that your ambitions are not small!"

Lu Ming smiled coldly, preparing to find the neutral to get out.

But at this moment, Lu Ming's face changed, looking towards the sky.

call out!

In the sky, a sword light appeared, and then, a figure of a beautiful woman appeared in the sky.

Lu Ming's face was suddenly bitter.

This is not that beautiful woman, who can it be?

"It's really a narrow road, and I met again!"

Lu Ming's mouth was bitter.

Just surrounded by white-haired youths and others, a beautiful woman came again. This situation is not good for Lu Ming.

He is sure to get rid of the white-haired youth and others, but with the beautiful woman, he can't get away.

"Trouble!"

Lu Ming murmured, of course, it was impossible to give up, his thoughts changed sharply, looking for a way out.

"What a beautiful woman!"

The white-haired youth and others, after seeing the beautiful woman, couldn't help but stunned slightly, showing a stunning expression.

"You guys, get out!"

The beautiful woman glanced at the white-haired youth and others and sneered.

This remark made the white-haired youth and others look ugly.

"It seems that you and this kid are together, chick, on your own, if you want to save him, I'm afraid it's not enough!"

The white-haired youth sneered.

"Who will save him? I will kill him!"

The beautiful woman said coldly.

"Kill him?"

This time, the white-haired youth and others were stunned again.

They originally thought that the beautiful woman came to rescue Lu Ming, but did not expect to kill Lu Ming.

"Girl, you are here to kill him, haha, it seems that we are the same people, this kid robbed us of our treasures, we also want to kill him, it is better to kill this kid, let alone this kid, lest this kid Dirty girl's hand!"

The white-haired youth laughed.

As soon as he heard that the beautiful woman killed Lu Ming, the white-haired young man immediately changed his attitude, and he looked to be closer to the beautiful woman.

"He, to die, can only die in my hands, you are not qualified to kill him?"

However, the beautiful woman obviously didn't appreciate it and continued coldly.

"amount?"

Lu Ming was also stunned.

The routine of absolutely beautiful women is completely unclear.

Since Lu Ming is going to kill, what is the difference between her killing and other people's killing?

Why must Lu Ming only die in her hands?

At this moment, even Lu Ming had to wonder, did he really drink too much at a certain time and did something that was sorry for other girls.

However, he has no impression at all, and no feeling at all. If it is true, he will lose a lot.

White-haired youths and others are also somewhat stunned and do not understand what a beautiful woman means.

"It seems that you are going to save him!"

The white-haired youth said coldly.

He guessed that the beautiful woman wanted to save Lu Ming, and deliberately said to kill Lu Ming and wanted to deceive them.

"roll!"

Beautiful woman drinks coldly.

"Huh, you really are a gang, then you can take it together!"

The white-haired youth's face also gloomy, a strong breath, enveloped towards the beautiful woman.

bump!

Then, the white-haired young man stepped out, his palm came out, and a huge palm condensed out. This palm was condensed by ice, and the terrible chill was filled, and he caught the beautiful woman.

"Do not control yourself!"

The eyes of the stunningly beautiful woman burst out with a cold, ancient atmosphere.

call out!

Then, the beautiful woman waved her hand, the sword light appeared, and cut to the white-haired young man.

With a loud puff, the big hand condensed by the white-haired youth was directly split into two halves, and Jianguang kept on cutting towards the white-haired youth.

"Primary Divine Factor...You have awakened the Primal Divine Factor..."

The white-haired young man shouted in horror, his body retreated, and at the same time he flew a shield out of his eyebrows.

Keng!

Jianguang was chopped on the shield, Mars was shooting, and the shield was cut off and flew out, and a deep crack appeared on it.

The white-haired youth was pale.

This is the ninth-order top-grade defensive artifact, which was directly broken by the opponent's sword.

Several other youths were also extremely ugly, with a look of horror, and they could not help but retreat again and again, distanced from the beautiful women.

The stunningly beautiful woman stepped out in one step, and the sword rushed tonight.

"Wait, misunderstanding, misunderstanding, everything is misunderstanding..."

The white-haired youth shouted in horror.

Chapter 3004: Just because you have a wife

The white-haired youth yelled in horror and retreated.

"Not yet!"

The beautiful woman drank coldly and didn't shoot immediately, but the momentum was stronger.

"Okay, let's go, let's go!"

White-haired youth said that although he was extremely unhappy, he did not dare to deal with the beautiful women. Even if they had five people, even if he cultivated, he was also a half-step **** realm.

Being a half-step **** king, there is no awakening source divine factor and awakening source divine factor. The combat power is very different. Even if the five of them join forces, it is impossible to be the opponent of a beautiful woman.

Therefore, although he was so angry, he could only grit his teeth to avoid it.

"Wait!"

At this moment, Lu Ming screamed, he was calling the white-haired youth and others.

"What are you doing?" The white-haired youth looked at Lu Ming.

"Several brothers, don't go, fight this crazy woman with me, as long as you help me, I will give you all the treasures on my body!"

Lu Ming smiled.

"All treasures?"

The white-haired youngsters were stunned for a moment, a flash of fiery meaning flashed in their eyes.

They really moved the treasures on Lu Ming's body.

However, when their eyes fell on the beautiful woman, they hesitated again and dealt with the beautiful woman, but they risked their lives.

The white-haired youth turned his gaze, and finally decided to retreat. Although the treasures are important, where is their life important?

Therefore, the white-haired youth intends to refuse.

But at this time, the beautiful woman did not give him this opportunity.

"Also want to join forces against me, then kill you together!"

The beautiful woman drank coldly, waving the sword in her hand, bursting out a sword light.

These sword lights enveloped Lu Ming, the white-haired youth and others.

"What are you doing? Damn, you crazy woman..."

The white-haired youth roared, his mouth screamed loudly, his body swelled sharply, and turned into a huge white lion.

This is a mythical beast, ice lion!

Not only he but several other youths also turned into ice lions.

It turned out that the white-haired youth and others were not human races, but **** beasts, the family of ice and snow lions.

They turned into the body, their strength fully bloomed, their mouths roared, and a stream of ice froze, killing the beautiful woman.

The white-haired young man was really angry. He planned to retreat. The beautiful woman suddenly attacked him, and he could only resist it.

boom! boom! ...

This area is constantly exploding and full of energy.

"good chance..."

Lu Ming's eyes lit up and turned into ancient gods.

"Starburst!"

Lu Ming stabbed out with one shot, a gun rushed towards the beautiful woman, and then burst apart, and there was a terrible collision with the sword light of the beautiful woman.

With the help of this force, Lu Ming's body retreated suddenly, and then used Jiu Tian Kunpeng to rush forward.

"This woman, her brain is really not good..."

At the moment of rushing out, Lu Ming thought in his mind.

In fact, through the previous few times, Lu Ming found that although the beautiful woman is powerful and amazingly talented, she doesn't have too many tactics and thoughts.

To put it bluntly, it is simple!

Yes, it is simplicity, not only simplicity, but also pride!

Therefore, it is only repeated that Lu Ming was just pretending to invite white-haired youths and others to shoot together. The beautiful woman wanted to do so against white-haired youths and others.

The main reason is that the mind is simple, thinking that white-haired young people and others will really take action.

The other is self-esteem. She is very confident in her own strength and thinks that even with white-haired youth and others, she can cope with it.

This was seized by Lu Ming.

"Dirty thief, die..."

Seeing Lu Ming running away again, the beautiful woman was so angry that she laid down the white-haired youth and others, chasing toward Landing Ming.

After chasing and fleeing, they disappeared in a blink of an eye, leaving the white-haired youth and others looking at each other.

"Who is this crazy woman? Why haven't I seen it before!"

"Starry Sky Camp is so beautiful and so talented, it seems that we will pay more attention to it in the future!"

"And the kid Lu Ming, there must be a secret on his body, otherwise the Jin family Qin family would not want to kill him, hum, hope luck is better, don't die in that woman's hands, it won't be like that next time we meet us Good luck!"

The white-haired youth and others chatted a few words, and left the place one after another.

Lu Ming drove the Jiutian Kunpeng technique to the extreme, boiling his spirit, and condensed a Kunpeng. The wings of Kunpeng fluttered rapidly. With every flapping, Lu Ming flew a few hundred miles away.

However, the speed of the beautiful woman is faster. She turns into a sword light and walks through the air, faster than Lu Ming.

This is still because of the cold air, otherwise, the speed of the beautiful woman will be even more amazing, Lu Ming can't run away at all.

"Lu Ming, this time you do not want to use the wild beast to get rid of me, I will not be fooled again!"

The beautiful woman shouted, and when she thought of being escaped twice by Lu Ming, she was very upset and the killing was even more prosperous.

"Beauty, beauty, why do you have to chase me down, I have a wife!"

Lu Ming shouted.

"Just because you have a wife, it's even more damn!"

The beautiful woman said coldly.

puff!

Lu Ming almost vomited blood, a stagger, almost fell.

What is it because you have a wife, **** it!

This sounds like, why is it so jealous, but Lu Ming has never seen this woman before!

"Beauty, you won't like me secretly, and you find that I have a wife, and if you can't get me, you will kill me. You have to think like this, it's too perverted!"

Lu Ming shouted.

"Nonsense, who likes you, don't be affectionate!"

The beautiful woman's face is even colder.

"Then you still chase me after death? Why do you have to kill me?"

Lu Ming was really speechless.

"To kill you is to kill you. There are so many reasons to die!"

The stunningly beautiful woman drank, and a sword light was cut out. Lu Ming escaped dangerously and nearly, and was nearly hit hard.

This woman really wanted to kill him, not just to talk about it, to show no mercy.

Lu Ming is completely confused now. With his ingenuity, he can't fully guess the purpose of a beautiful woman.

If it is said that it was sent by the Qin family of the Jin family, or by the forces colluding with the dark ice clan, the white-haired youth and others just wanted to kill Lu Ming, and the beautiful woman would not save Lu Ming.

What is the difference between killing herself and being killed?

However, the beautiful woman wants to drive away the white-haired youth and others and kill Lu Ming by herself.

How does it look like a mistress who has been let down.

"Beauty, did you admit the wrong person!"

Finally, Lu Ming shouted helplessly.

"I won't admit mistakes. Your name is Lu Ming. I came from Qin Tianxing. I want to kill you!"

The beautiful woman said coldly.

Lu Ming is speechless and can only fly at full strength.

Chapter 3005: To the cold treasure?

Suddenly, Lu Ming's body shook slightly, and his whole body worked diligently. The condensed Jiutian Kunpeng became more solid.

At this critical moment, Jiutian Kunpeng skill actually broke through and reached the eighth level!

Originally, Lu Ming practiced the incomplete Jiutian Kunpeng technique and reached the seventh peak. Later he got a complete version of Jiutian Kunpeng technique. After practicing for a period of time, now that his spirit is highly concentrated, he has achieved a breakthrough.

Nine-day Kunpeng skill, one breakthrough to the eighth level, greatly increased Lu Ming's speed.

Jiu Tian Kunpeng's wings waved, Lu Ming's speed soared, and for a thousand miles, Lu Ming's speed was no longer under the beautiful woman.

"Huh? Breakthrough!"

The beautiful woman's eyes condensed, her divine power surged into a sword light, like lightning, but she couldn't keep up with Lu Ming, and the two kept a certain distance.

call!

Lu Ming breathed a sigh of relief.

Flying all the way, the two went deeper into the cold and forbidden ground, but the beautiful woman always followed Lu Ming.

"This crazy woman, what do I have to hate for her!"

Being chased all the time, Lu Ming was also angry.

It's not a way to go on like this. Although he has a lot of word skills and endless power, he can maintain it for a long time. However, he has no time to find the cold treasure. He has to be delayed.

"Lu Ming, there are extremely strong cold energy fluctuations ahead!"

Suddenly, the voice of Liang Zi Jue sounded.

"The cold energy fluctuates?"

Lu Ming's eyes brightened and he continued to fly.

After flying for a while, the cold in front of him became more intense, and the coldness was pressing.

Far away, Lu Ming saw a crack in the ground, which was huge, hundreds of miles long and dozens of miles wide.

The strong cold and haze gas diffused from the underground cracks.

"Yes!"

Lu Ming's eyes lit up.

Lu Ming thought of a strategy, a strategy that might be able to get rid of the beautiful woman.

The cold air in the underground cracks is so rich that it can be used to get rid of the beautiful woman.

Uh!

Lu Ming rushed towards the underground crack.

The underground cracks are so huge, even if Lu Ming turned into an ancient **** body at the moment, they are tiny and easily rushed in.

The beautiful woman saw Lu Ming rush into the underground crack, her face changed slightly.

"Humph, Hugh wants to run away!"

Finally, the beautiful woman rushed in as soon as she gritted her teeth.

The cracks in the ground are very large, the more downward, the wider, but the coldness is also getting heavier.

Soon, Lu Ming came to the bottom, and the chill here was already amazing.

Lu Ming is running the Taiyin Divine Force with all his strength, and the ice chain body protects him, which only prevents the cold attack.

Keng!

The sound of Jianming sounded, and above, a sword light came quickly.

"This woman really doesn't want to let go!"

Lu Ming's face was gloomy, and then he rushed towards the front.

The crack underground, like a grand canyon.

"Lu Ming, yes, right in front of me, the old lady feels the intense and extremely cold air. There are definitely treasures in the cold here, and you can even refine the energy of many star cores!"

The quantification tactics continue to lure Lu Ming.

Lu Ming ran fast, and soon, he came to an end.

At the end, there is a huge cave, dark, and there is a constant overflow of cold air.

Lu Ming rushed in without hesitation. Soon after Lu Ming rushed in, the beautiful woman also rushed in.

Inside the cave is a passageway, Lu Ming has been running thousands of miles, and his eyes are suddenly bright.

This is a huge underground space, and the surrounding walls are inlaid with snow-white gemstones, constantly exuding the chill.

At a glance, no fewer than a few hundred, emitting a dim light.

"Are these the most precious treasures, wrong, the quality of these gems is much worse!"

Lu Ming frowned.

Although these gems exude the meaning of extreme cold, they are not of high quality. I am afraid they are much worse than cold jade.

However, it should be sold to those who practice cold divine power, and should also be worth a lot of divine crystals.

However, Lu Ming was somewhat disappointed.

This is not what he wanted.

"No, I can feel that there is a very high-quality treasure, which is definitely in this area, there will be nothing wrong, let the old lady feel it!"

Cautiously quantified.

call out!

At this moment, a sword flashed and the beautiful woman chased in.

"This crazy woman really came after!"

Lu Ming's face was a bit gloomy.

However, the chill here is very heavy, and the beautiful woman lays layers of divine power around her body to block the outside chill.

"Lu Ming, die!"

When the beautiful woman saw Lu Ming, she would kill Lu Ming.

Rumble!

At this moment, this underground space suddenly vibrated, and there were booming sounds on the surrounding walls.

bump!

Suddenly, the wall on one side exploded, the gravel ice splattered, and then a huge head stretched out.

"this is..."

Lu Ming was startled. He didn't expect a head to stick out on the wall.

This head is not the head of an animal. It is like a plant, like a tree stump, white and shiny, and covered with roots.

And it's huge, with a length and width of at least a few kilometers.

"Cold treasure, yes, right in its eyebrows, there is a cold treasure!"

The word measure yelled.

Lu Ming took a closer look, and really saw this stump-like head inlaid with a silver-white gemstone, and the terrifying chill came out of the silver-white gemstone.

"What an amazing chill, this kind of chill, I'm afraid it's not worse than Bingyu Han's heart of the Bing Soul!"

Lu Ming's eyes lit up and his heart became hot.

If you can get this gem, give it to the quantification formula to neutralize the energy of the star's nucleus, you can definitely quickly refine some energy for Lu Ming to break through.

Get it in one move!

Lu Ming thought to himself.

Roar!

After the stump-like head appeared, there was a beast roar, a big mouth squirted, and in the void, hundreds of ice thorns were instantly condensed, and then whistled and assassinated the landing and the beautiful woman.

"Broken, Broken..."

Lu Ming continued to play the trick of breaking the sky, bursting out of the gun, resisting this thorn attack.

when! when! ...

After a series of collisions, Lu Ming blocked the ice thorns, but his body shook, and he couldn't help but retreat.

"What an amazing power!"

Lu Ming's eyes were dignified.

On the other side, the beautiful woman wields the sword light, but it is quite easy to block the ice thorn attack.

Roar!

Seeing that one move didn't solve the two Lu Ming, the stump-like head seemed to be furious, with a mouthful of white spray, a white mist squirted out of his mouth and rushed to the landing Ming and the beautiful woman.

This mist, like the upgraded version of the cold air, is full of terrible chill.

Blocks of ice crystals appeared in the space where the fog passed, which was terrible.

Chapter 3006: Scary vine

The stump-like head, the cold air was very terrible, and even Lu Ming shivered tremblingly, as if his body were to be frozen.

A beautiful woman, with more than a dozen divine powers around her body, blocked the chill.

bump! bump! bump!

At this moment, the ground exploded, and at the feet of Lu Ming and the beautiful woman, a few vines suddenly rushed out, killing them.

There are four vines in total, two against Lu Ming, and two against beautiful women.

The vines are snow-white and crystal-clear like jade, but they are filled with terrible chill.

Huh...

The vines slammed in the air, making a whistling sound, like a soft whip pulling towards Lu Ming.

"Cut the moon!"

Lu Ming held the gun in two hands and hacked out continuously.

boom! boom!

The spear struck the vines, and a violent shock erupted. Then, Lu Ming's body shook and retreated, the body's qi and blood swelled, and almost vomited blood.

The surface of his body was covered with a layer of ice crystals, almost freezing his body.

He constantly mobilized the divine power to resolve this layer of ice crystals.

"It turns out that the stump-like head is a vine's head, but its strength is terrible!"

Lu Ming's face was very solemn.

At this moment, of course, he could see that the huge head that appeared before was the head of the vine.

The strength of this vine is extremely amazing. It is definitely the existence of God King Realm. Its strength is even stronger than that of Night Stalker.

Keng! Keng!

On the other side, the beautiful woman Jianguang continued to burst, chopping on the two vines, flying the vines out.

Roar! Roar! ...

The vines roared, and four rattans danced wildly.

Each rattan can change in size freely, such as a long snake, or a slam, or a twist, to kill two people.

But this time, only two of the two rattan sticks that originally attacked Lu Ming, and the other one, attacked the beautiful woman.

Obviously, the beautiful women threatened it more, and the vines used more power to deal with the beautiful women.

"Lu Ming, if you want to kill this vine and get the coldest treasure, you have to wipe out its head, otherwise, you just attack the vine, you can't kill it!"

Cautiously quantified.

"understand!"

Lu Ming responded, wielding his spear, and made a few moves with the rattan. Suddenly, Lu Ming moved his figure and used Jiutian Kunpeng to the extreme.

A figure flashed, avoiding the vine's slamming, Lu Ming's figure rushed towards the vine's head.

In an instant, Lu Ming was not far from the vine's head.

Huh...

The vine opened its mouth wide and spouted, and a thick mist rushed towards the landing.

This mist, the temperature is amazingly low, Lu Ming was shrouded in at once, feeling that the body must be frozen, not only the body, but the soul must be frozen.

But suddenly, the ninth ice chain shines, and a layer of silvery radiance envelopes Lu Ming, blocking the cold outside.

Then, Lu Ming's body shook, and the ice crystals on the body's surface shattered.

Lu Ming continued to kill Xiang Vine's head.

Seeing that Lu Ming was going to be close to the head of the vine, Lu Ming just wanted to use the starburst to completely kill the vine, but just then, around the vine's head, the stones exploded and suddenly five vines came out .

Each of the five rattans is crystal clear, exuding a terrible chill, or striking, or winding, killing Lu Ming.

"not good!"

Lu Ming's pupils contracted sharply.

It turns out that this vine has so many canes, it looks like an octopus.

Previously, he only used four rattan sticks to attack Lu Ming. The other five rattan sticks were hidden near his head to protect his head.

Once approached, five rattan can launch a thunder attack.

At this moment, Lu Ming can only try to resist.

Roar! Roar! ...

When the sound of Longyin sounded, Lu Ming turned on the magical dragon phase, and seven magical dragon phases appeared, rushing towards a cane.

At the same time, he brandished a spear and slammed into a few canes.

boom! boom!

The continuous roar sounded, and the seven nine-claw Shenlong Fas were instantly defeated. Lu Ming's body was violently shaken, his arms were about to burst, and he vomited blood.

However, of the five rattans, Lu Ming only blocked three, and there were two, Lu Ming was really helpless.

The remaining two sets of rattan entwined Lu Ming at once.

The terrible chill filled Lu Ming's body, and Lu Ming was immediately covered with a layer of ice.

"Broken, break me!"

Lu Ming shouted, the power inside his body exploded in full swing, struggling frantically, and wanted to break the rattan.

However, the rattan was extremely tenacious, and Lu Ming exploded with all his strength. Instead of breaking, he tightened and tightened. The blue scales on Lu Ming's body surface all shattered.

Then, the rattan pulls the landing sound, stuffing it into the vine's mouth, this is to eat Lu Ming.

"This is troublesome!"

There was a trace of panic in Lu Ming's eyes.

The current situation is not good. He was entangled in his body and almost frozen. He had no way to resist. Although he practiced the lunar power, he was still weak and could not stop the cold invasion from outside.

"Boy, don't be afraid, get into his mouth, but our chance, maybe we can take the opportunity to kill it!"

At this time, measure the word.

"Get into his mouth and kill it, **** it? This guy's mouth is terribly chilly and terrifying. When I go in, I'm afraid I will be instantly frozen to death!"

Lu Ming said.

"Is it possible to be frozen to death? How can you be frozen to death with an old lady?"

The unpleasant voice of the vocabulary sounded.

Lu Ming's eyes lit up.

Yes, chill is actually an energy.

Measure the word, known as the source of all energy, any energy can be swallowed, then chill can also be swallowed.

As long as the volume measurement tactics act on Lu Ming's surface and devour Lu Ming's white-faced chill, Lu Ming does not have to fear that kind of chill.

"Boy, it seems that you want to understand. The reason why I haven't shot it now is that I am afraid of playing grass and startling snakes, so that this vine has some scruples. In that case, it is really not easy to kill!"

Measure the word.

"Okay, let's do it!"

Lu Ming's eyes showed a fierce color, intending to let himself be swallowed by the vines, launching a thunder blow.

But at this time, changes have taken place.

call out! call out! call out! ...

Sword qi, blasted, chopped on the rattan wrapped around Lu Ming, Mars was shining.

It was the beautiful woman who killed her. She got rid of the three canes and killed her.

"Lu Ming, only I can kill, no one else is qualified to kill him, including your old vine!"

The stunningly beautiful woman drank with her sword spirit, her body was enveloped by a transparent sword light, her breath was astonishing.

"Sword sword!"

When a beautiful woman waved her hand, there were hundreds of sword lights at once, slashing to the rattan that wrapped around Lu Ming. However, this kind of rattan is really stiff and sturdy. Even with the strength of a beautiful woman, Chopping constantly, only leaving a few white marks on it.

Chapter 3007: Woman heart, seabed needle

The beautiful woman's move angered the rattan, and several other rattans flew together, and the space screamed, killing the beautiful woman.

call out! call out! call out!

The beautiful woman waved a sword light between her hands, like a glazed glass, like an entity, chopped on the cane and flew the cane out.

The strength of a beautiful woman is very strong. If she is outside, her strength is not necessarily weaker than that of a vine.

But here, she was affected by the cold spirit, and her strength could not be fully displayed.

"Why are you crazy woman? Who wants you to save?"

Lu Ming shouted.

He was really speechless. This mad woman had been trying to kill him before, but now, he wants to save him again. He really can't figure out the woman's mind.

The woman's heart and the seabed needle are most vividly reflected in this woman.

"I said, even if you die, you can only die in my hands!"

The beautiful woman drank coldly and waved a sword, which was a sword of light, chopping towards the rattan wrapped around Lu Ming. She wanted to split the rattan and rescue Lu Ming.

However, the rattan is hard and cannot be split at all.

"You woman, be ill, I don't want you to save, you leave me!"

Lu Ming shouted.

This woman will destroy his plan.

He planned to rush into the vine's mouth, and then killed the vine, in case he was rescued, wouldn't his plan not be carried out.

Lu Ming really wanted to swear.

However, the beautiful woman has a sullen face, too lazy to ignore Lu Ming, and constantly attacks.

However, she couldn't break the rattan after all, Lu Ming was being pulled closer by the vines, and she was about to be pulled closer to her mouth.

At this moment, a faint flash of light flashed in the eyes of the beautiful woman.

She suddenly gave up Lu Ming and rushed towards the vine's head.

She also understood that to rescue Lu Ming, only attack the vine's head, and even kill the vine.

"Sword sword, kill!"

The beautiful woman drank and killed the head of the vine, and a sword was cut out, and a brilliant sword light was cut to the vine.

The vine waved a few canes, blocking it in front of it, blocking the sword light, but the canes were also swung open.

"kill!"

The beautiful woman kept approaching the head of the vine.

Roar!

Fujimen yelled, his body struggling, his head completely freed from the wall.

Rumble!

The huge body of the vine is fully revealed.

A huge head, the whole body, supported by nine thick rattans, resembles an octopus.

The vine is completely separated from the wall, the body is more flexible, and a flashing, avoiding the attack of the beautiful woman, while waving the cane, killing the beautiful woman.

The beautiful woman was shrouded in a transparent sword light, and two rattan rods struck the sword light. The sword light shook, and the body of the stunning woman was also shocked.

However, with a firm and stubborn color on her face, she constantly rushed towards the vine's head.

"Man and sword are one, kill!"

In the end, the stunningly beautiful woman sipped, and the whole person turned into Jianguang, rushing to the vine's head, regardless of her defense.

bump! bump! bump!

The vines waved a few vines, madly rushing towards the beautiful woman, striking the sword light around her body, the sword light violently shaking.

The beautiful woman's body shivered, and there was blood at the corner of her mouth.

But regardless of this, she gritted her teeth and continued to rush towards the vine's head.

"This crazy girl, even ignores her own safety!"

Lu Ming was speechless. At the moment, his heart was slightly warm.

After all, this woman is to save him.

call out!

The sword light of the beautiful woman is infinitely powerful, exuding amazing power, killing the vine head, there is a posture to split the vine head in half.

In the vine's eyes, a trace of panic finally appeared.

It roared loudly, and originally wrapped up Lu Ming's rattan, loosened it, and left Lu Ming alone, all striking towards the beautiful woman.

bump! bump! bump!

Nine rattan sticks continually pounced on the beautiful woman. The body of the beautiful woman Jianguang finally couldn't resist and was shattered.

At the same time, on the head of the vine, the gemstone that radiated to the cold glowed, radiating a ray of light and rushing towards the beautiful woman.

This ray of light, amazingly fast, struck a stunning woman at once.

The beautiful woman's body shook and her body flew back.

But at the same time she flew back, a sword light came out and was cut on the vine's head.

However, because the beautiful woman was shot and flicked, Jianguang also deviated a little, chopped on one of the vine's eyes, and cut a deep wound.

Roar! Roar!

The vines roared wildly, nine rattans fluttered, and Lu Ming dodged quickly. One of the rattans slammed on the beautiful woman who flew out. The beautiful woman was pumped out and hit the wall on one side. Fell to the ground.

What is even more amazing is that a layer of ice crystals quickly appeared on the beautiful woman to freeze the beautiful woman.

"Go, hurry... leave here..."

The beautiful woman was not dead, screaming at the landing, spitting out a few more blood.

"This crazy woman..."

Lu Ming is really messy.

This woman, who was determined to kill Lu Ming before, is now fighting for her serious injury, but also to save Lu Ming. After the injury, Lu Ming is called to leave.

Changes before and after this are too fast.

However, Lu Ming doesn't want to leave now.

Vine injury is a good opportunity to kill.

Lu Ming flashed and continued to kill the vines.

Roar!

The vines roared and the canes waved, striking Lu Ming.

Lu Ming's body shrank, turned into an ordinary person, and then Jiu Kun Kunpeng was used to the extreme, constantly dodge.

The body shrank, more flexible, and easier to dodge. With the eighth heavy Jiutian Kunpeng technique, Lu Ming continuously avoided the attack of nine rattans and rushed to the vine's head.

When Lu Ming approached the head of the vine, the gem on its head shone again, and a white beam of light rushed towards Lu Ming.

This is the beam that attacked the beautiful woman before. The speed is amazing, and there is a terrible chill.

Lu Ming wanted to hide, but he couldn't.

Before, the beautiful woman did not escape.

At the next moment, the white beam attacked Lu Ming.

At this moment, Lu Ming felt a tremendous chill burst out, and he should be completely frozen, not only the flesh but also the soul.

cold!

Very cold!

Lu Ming seems to be blocked by ice, which is extremely terrible.

Fortunately, Lu Ming has a quantitative formula.

In the consciousness of the sea, the word measurement tactics glowed, and a force of engulfment enveloped Lu Ming's body. Immediately, the bone-chilling chill was completely swallowed by the word measurement tactics, and Lu Ming regained his freedom at once.

Uh!

Lu Ming speeded up, a flash, and rushed into the vine's mouth.

"Lu Ming..."

Seeing Lu Ming rushing into the vine's mouth, a complex color also appeared in the eyes of the beautiful woman.

Chapter 3008: Are you going to marry me?

"I didn't expect that he and I would eventually be buried together in this place. Is it really destined?"

The beautiful woman whispered, her eyes a little complicated.

At this moment, her body was covered with thicker ice, and her eyes were a little loose, and her vitality was getting weaker and weaker.

The vine's head was very huge, rushing into its mouth, Lu Ming found that it was very empty.

boom!

Lu Ming broke out a strong breath, trying to kill the vines.

However, in all directions, infinite cold air shrouded towards the landing, and Lu Ming was to be frozen to death.

This kind of coldness is very terrible. It was gathered from the gem on the head of the vines and replaced with other people. Even if it is a beautiful woman's cultivation, it may be frozen to death.

However, Lu Ming has a quantitative formula.

The Liangzi Jue glowed, and there was a mysterious energy covering Lu Ming's body. Those terrible chills, when approaching Lu Ming, would be swallowed and absorbed by the Liangzi Jue, which had no effect on Lu Ming.

"Lu Ming, wait a minute, it is useless for you to attack like this. It is difficult to kill it completely without attacking its core!"

Measure the word.

"Core, where is the core of this vine?"

Lu Ming asked.

"This kind of vine is not an ordinary plant, but was bred from the coldest air, so there must be a core, I feel it, go forward!"

Measure the word.

The vine's head is several thousand meters long and very large. Lu Ming flew a few hundred meters, and saw a series of fine rattans wrapped around a crystal nucleus of the size of a human head, connected to each other.

"That is the core of the vine, as long as you crush it, the vine will die!"

Measure the word.

"it is good!"

Without any hesitation, Lu Ming will launch an attack.

At this moment, the vines also seemed to feel the crisis, and madly mobilized the cold to rush towards Lu Ming, like a storm.

In the face of such a chill, even if the general king of the king exists, he must be frozen to death, but it has no effect on Lu Ming.

All the coldness has been absorbed by the measurement method, and it can also be used to reconcile the energy of the star's nucleus.

"Cut the moon!"

Lu Ming turned his magical power and split it with a single shot.

boom!

The rifle splits on the crystal nucleus, and the crystal nucleus vibrates violently before bursting apart.

Roar...

Sisisi...

The vines made all kinds of harsh calls, the huge body fluttered, and finally fell to the ground, motionless, completely out of breath.

"Dead... dead?"

The eyes of the beautiful woman were surprised.

However, her current state is getting worse and worse, and she is about to fall into a coma.

bump!

The vine's head exploded, and Lu Ming appeared above the vine's head. He glanced at his head, and he frowned as he saw the state of the beautiful woman.

"Can't you save?"

Lu Ming whispered.

According to Lu Ming's character, he didn't want to save, because this woman always wanted to kill him. Since she was an enemy, Lu Ming would never be soft-hearted.

However, this woman rescued him twice.

Before facing the white-haired youth, and this time facing the vines.

No matter what the other party's purpose is, it really saved him, especially this time, in order to save him, he put himself in it.

"Save it!"

In the end, Lu Ming whispered.

He is a man of principle.

Since the other party rescued him, he would have to pay back this relationship.

Taking a step forward, Lu Ming came to the beautiful woman.

"This woman, after hitting that vine, has already been attacked by Bingham. For at most ten minutes, she will be completely frozen to death!"

Measure the word.

Lu Ming nodded and looked at the beautiful woman carefully.

To be honest, the beautiful woman is really beautiful.

Her clothes were shattered by the rattan, revealing a large white skin.

Coupled with the immobile energy at the moment, the appearance of being let down by a person is full of fatal temptations, so Lu Ming looked at his heart.

"You...what do you want to do?"

The beautiful woman spoke nervously and spoke weakly.

"What do you say?"

Lu Mingxie smiled.

This smile made the woman's face pale and full of despair.

"I ask some questions. If you can answer them, I can consider letting you go!"

Lu Ming said.

"What are you asking? Ask!"

Beautiful woman road.

"Why are you killing me? Why are you saving me?"

Lu Ming asked.

This is his greatest curiosity.

The beautiful woman gritted her teeth and seemed unwilling to say.

"Don't say yes, if you don't, then don't blame me!"

Lu Mingxie smiled, reached out and touched a beautiful woman's small face. The tentacles were extremely cold, and a terrible chill rushed to Lu Ming's palm.

"Stop, stop, I said, I said..."

The beautiful woman panicked.

Lu Ming looked at the other party, did not speak, waiting for the following.

"Because, if I don't kill you, I will marry you. I don't want to marry you, I just kill you!"

Beautiful woman road.

"what? What?"

Lu Ming dumbfounded, thinking he had heard it wrong.

"Are you going to marry me? Beauty, we've never seen it, why do you want to marry me?"

Lu Ming was really dumbfounded.

"Are you the heir to King Yu?"

Suddenly, the beautiful woman said.

This remark shocked Lu Ming and almost jumped up.

The other party, how did he know that Lu Ming was the descendant of Jingyu, he didn't tell anyone about this.

"How did you know?"

Lu Ming's face sank, and his eyes flashed with murderous intent.

This matter cannot be disclosed.

Jing Yu was framed at that time, and had horrible enemies in the Taixu pilgrimage.

If the secret of the descendant of Jingyu is leaked out now, I am afraid it will lead to death.

"My father told me!"

Beautiful woman road.

"your dad?"

Lu Ming was chilled. Has it been exposed?

"My dad, just in the starry sky camp. When you were fighting with others in the starry sky camp, my dad just passed by and was seen by my dad!"

Beautiful woman road.

"your dad?"

Lu Ming whispered, but his brain turned quickly.

He hasn't shot anything except Leng Ying in Star Camp. Is that time when he was recognized by others?

"Who is your father? How can I recognize me? Also, what does this have to do with you marrying me?"

Lu Ming repeatedly asked several questions.

"My father was the teacher of the prince Jingyu. Following the endless years of the prince Jingyu, his father, his father can easily recognize it!"

Beautiful woman road.

"Teacher Jingyu?"

Lu Ming was stunned for a moment. This was really beyond his expectations.

"My dad is proficient in deduction. He once pushed the show. The descendant of King Yu is about to be born, and he vowed to marry his daughter, me, to the descendant of King Yu! "

"My father believes that the prince Jingyu was wronged. He wanted me to help the prince of Jingyu to find out the truth!"

The beautiful woman continued.

Chapter 3009: Cardinals

"My father wants me to marry you, but I don't want to marry you, so I can only kill you!"

Speaking of the back, the voice of the beautiful woman turned cold.

After hearing what a beautiful woman said, Lu Ming understood a lot.

The father of the beautiful woman is Jing Yu's teacher. He is proficient in deduction and knows that Jing Yu's heir is about to be born, so he let his daughter marry Jing Yu's heir.

It wasn't until Lu Ming battled Leng Ying in the Starry Sky Camp that Lu Ming's father saw him and recognized Lu Ming's identity.

No wonder the beautiful women will kill Lu Ming when they meet.

"If you want to kill me, why should you save me?"

Lu Ming asked again.

"Father wants me to marry you and protect you, so if you want to die, you can only die in my hands, not others!"

The beautiful woman said, speaking of this, the voice of the beautiful woman is getting weaker and weaker.

"This logic is really wonderful!"

Lu Ming pouted, quite speechless.

But according to this logic, the past is also said.

In this case, he is even more salvation for the beautiful woman.

It is not the beauty of a beautiful woman, but the other party, the daughter of Teacher Jing Yu.

It seems that the people who followed Jing Yu were not completely suppressed, and there were people still alive. He needed help from these people to help Jing Yu reverse the case.

Lu Ming squatted down and pulled up the beautiful woman's small hand.

"You... what are you doing? You said that I answered your question, you just let me go, you can't talk without words..."

The stunningly beautiful woman panicked.

She thought that Lu Ming wanted to behave inappropriately to her.

"What are you panicking, I'm saving you!"

Lu Ming smiled faintly, and a force of magic entered into the body of the beautiful woman.

However, as soon as the divine power entered the opponent's body, it was frozen by the terrible cold in the opponent's body.

"Her body is completely frozen by the cold, and it will soon freeze to the heart and brain. If these two places are frozen, she will die!"

Measure the word.

"Can you **** the coldness out of her?"

Lu Ming asked.

"Of course, but I can't expose it. Your palm is close to hers. I will attract the coldness inside her, but this way, the speed will be slower!"

Measure the word.

If the word measurement method appears directly, and the power of engulfment covers the beautiful woman, it is easy to absorb the coldness in her body, but in that case, the word measurement method will be exposed.

The original ancient characters must not be exposed now, otherwise, it will cause great disaster.

"It's okay to be slower!"

Lu Mingdao, and then stick the palm of the palm of the beautiful woman.

The palms of beautiful women have been frozen into ice cubes.

When they were pasted together, the word-measurement formula exploded into an attraction, rushing into the other person's body along Lu Ming's palm, the coldness in the beautiful woman's body was continuously absorbed by Lu Ming's palm, and then entered the word-measurement formula among.

The beautiful woman blinked twice, quite curious. She didn't expect Lu Ming to have such a method. Originally, she thought she was dead.

Uh! Uh! Uh! ...

At this moment, a sound of breaking through the sky came in the direction of Lu Ming, the passage they came in before.

"Someone..."

Lu Ming's face changed.

He didn't expect that someone could find him here.

At the next moment, five figures appeared in the underground space.

"It's them..."

Lu Ming saw at a glance that the five figures were exactly the five young people with white hair they met before.

The eyes of the five white-haired youths fell upon Lu Ming and the beautiful woman. When they saw the beautiful woman, they were all startled. However, their eyes lighted up when they looked at the scene.

None of them are stupid. They saw the bodies of the vines, as well as the situation of Lu Ming and the beautiful women. There is no way they can guess.

"Hahaha, this is Wanchuan ice vine. I didn't expect that a Wanchuan ice vine was actually bred here. It's really lucky!"

After seeing the vine's body, a young man laughed excitedly, his eyes full of fiery light.

"The greatest luck is that Wanchuan Bingteng has actually been killed, but it would prevent us from starting, ha ha ha!"

Another young man laughed.

"You guys? Get me off!"

The beautiful woman sneered when she saw the white-haired youth and others.

"Yoyo, you're still so arrogant, did we bother you and your little lover? You hey, your current state, still so arrogant, really don't know life or death!"

The white-haired youth cried out, staring at the beautiful woman with unsightly eyes.

"you..."

The beautiful woman was furious, Xing eyes widened, or if her whole body was frozen by the cold, she would immediately give a profound lesson to the white-haired youth and others.

"What are you? In your current state, you still want to deal with us? Can't you protect yourself?"

The white-haired youth looked at the beautiful woman and showed an unscrupulous smile, saying: "A beauty like you is really rare. Rest assured, I will let you have a good time before killing you, haha!"

At the end of the day, the white-haired youth kinky/laughed.

The beautiful woman's face turned pale, and she could naturally hear what the white-haired young man wanted to do.

"Quick, Lu Ming, kill me, I beg you, kill me..."

The beautiful woman voiced Lu Ming, she would rather die than let the white-haired youth insult.

"It's really unlucky..."

Lu Ming muttered.

Unexpectedly, the vines were just resolved, and the white-haired youth and others came again.

Facing the white-haired youth and others, Lu Ming can get away. The key is that he hasn't got the gem on the vine's head.

It's a pity to leave like this, and to walk with a beautiful woman, you may not be able to get away safely.

Lu Ming turned his eyes and began to think about countermeasures.

"Third Brother, let's hurry and solve this kid, so as not to have more nights and dreams!"

One of the youth roads.

"Okay, give me this kid, you take away the body of Wanchuan Bingteng, and after solving it quickly, leave here!"

After that, the white-haired youth walked towards Landing Ming, while several other youths walked toward the vine.

One of the young men came under the vine and wanted to use a storage ring to take away the vine's body.

At this moment, the sudden change happened!

The originally motionless vine suddenly moved again.

Huh...

Several rattans danced like long snakes and killed several young men.

This situation is far beyond everyone's expectations.

Vine, obviously no longer alive, but why suddenly moved again.

Not only the white-haired youth, but Lu Ming and the beautiful woman were stunned.

what!

Unexpectedly, one of the youths was directly penetrated by a rattan.

Then the rattan flicked and lifted the young man to the ground.

boom!

The ground shook and the young man was directly killed and fell on the spot.

Chapter 3010: Boost

There are a total of five white-haired youths. The white-haired youths go to Lu Ming and the beautiful woman, while the other four go to Wanchuan Bingteng.

Wanchuan Bingteng was suddenly in trouble, and one of the youths of Tenjin Nine Heavys was directly killed, and the other eight rattans danced wildly and killed three other youths.

bump! bump!

Two young people reacted a little faster, and the attack was resisted, but they were still drawn by the rattan. Their bodies were pumped out, hit the wall, and vomited blood.

There was another woman who was not so lucky. The woman reacted a little slower and was directly entangled in a cane.

The temperature of the rattan was surprisingly low. The woman was entangled in the rattan and her body was immediately covered with a layer of ice.

Rattan pulled the woman, and withdrew her mouth toward it.

"Help, help..."

The woman struggled desperately and shouted desperately.

"Let him go!"

The white-haired youth roared, stepped out, and rushed towards Wanchuan Bingteng. In the process of rushing out, he turned into an ice lion, Zhangkou Changxiao, and a terrifying storm rushed to Wanchuan Bingteng.

boom! boom!

The attack of the white-haired young man bombarded the rattan of the Wanchuan ice vine, and a violent shock erupted, but the rattan of the Wanchuan ice vine was extremely tough, and the attack of the white-haired young man could not be broken.

Rattan still pulled the woman, and walked into the mouth.

"Help!"

The woman shouted, full of despair.

"Let's attack together!"

The white-haired youth shouted, a pair of sharp claws, constantly grabbing out, like the blade of a magic knife, caught on the rattan.

Clang!

The claws were caught on the rattan, making a sound of gold and iron fighting, and Mars was shining, but only a few traces could be left on the rattan.

Even the most beautiful women can't break the cane, and the white-haired young people can't break it.

At this time, two other youths who had previously been taken away by rattan were also culled and turned into ice and snow lions, fighting with Wanchuan Rattan.

However, it does not help.

Uh!

The rattan rolled up the woman and threw it into its mouth. The woman's cry came to an abrupt halt without any sound.

Wanchuan Bingteng's mouth was filled with terrible chill, and the woman was thrown into it, which naturally could not resist.

Roar!

After swallowing the woman, Wan Chuan ice vine roared like crazy, nine vines, crazy to kill the three white-haired young people, the sky is the shadow of the rattan, covering the three white-haired young people.

At this moment, even if the three young people with white hair wanted to escape, it was difficult for them to escape. After several shocks, they were blocked by Rattan.

"Fight with you!"

The white-haired youth roared and killed with Wanchuan Bingteng.

"The strength is not as good as before!"

Lu Ming whispered.

He found that Wanchuan Bingteng's strength was a bit worse than when he had a war with them before, otherwise, a few white-haired young men would have been in danger.

But now, the three white-haired youths joined forces and could actually fight Wanchuan Bingteng.

"Unexpectedly, this ice vine actually has a deputy core!"

Measure the word.

"Vice-core?"

Lu Ming wondered.

"Yes, this Wanchuan ice vine, in addition to a main crystal nucleus, also condensed a secondary nucleus. Just now, you crushed the main nucleus. Wanchuan ice vine did not actually fall completely. In the previous period, It is awakening the deputy core!"

"However, the deputy nucleus is the deputy nucleus after all, which is far inferior to the main nucleus. It seems that this ice vine's psychic intelligence has been greatly reduced, it is crazy, only knows the attack, and its strength is greatly reduced!"

Quanzi Jue explained.

Lu Ming understood it and secretly rejoiced inwardly.

It turned out that Wanchuan Bingteng also had a deputy nucleus. Fortunately, the white-haired youth and others came, otherwise, if Lu Ming went to fetch the gemstone on the head of Wanchuan Bingteng, Wanchuan Bingteng suddenly woke up and was in trouble. , The consequences are unpredictable.

"No, if you go on like this, the two sides will soon be divided into wins and losses. It will be unfavorable to us at that time. You must absorb the cold in her body as soon as possible. Oldness, your speed, can't you hurry?"

Lu Ming sent a voice to Liangzi Jue.

"If I hurry up, it's easy to expose, and your palms are too far away from her heart and brain. The heart and brain are all vulnerable parts. If I strengthen my strength, one will be cold. Hurt her heart and brain!"

Measure the word.

"So how can you speed it up?"

Lu Ming asked again.

"Simple, you put one hand on her head and one hand on her chest, so that when the distance is close, I will be able to spread it better!"

Measure the word.

"what?"

Lu Ming was a little embarrassed.

It's okay to stick to the forehead, but it's a little bit to stick to the girl's chest...

"Come on, the big man is still so mother-in-law, wait a minute to win and lose, don't say the old lady didn't remind you!"

Measure word formula called.

"OK then!"

Lu Ming gritted his teeth and stared at the beautiful woman, saying: "Girl, you have also seen the situation now, in order to speed up to save you, offended!"

After all, Lu Ming's palm in one hand was a particularly beautiful woman's head, and the other palm went toward the woman's chest.

"You... what are you going to do? No, don't..."

The woman cried.

But Lu Ming was too lazy to take care of her. The palm was directly attached to the woman's chest. The softness and elasticity of the hand made Lu Ming's heart shake.

The woman's voice came to an abrupt halt, staring at the watery eyes, and staring straight at the land.

In the eyes, there were complex emotions such as anger and shyness, and the original white face also turned red.

Cough...

Staring so straight, Rao is Lu Ming's thick-skinned face, but also embarrassed. He coughed a few times and said to the word: "Old volume, you hurry up!"

"Leave it to the old lady..."

The quantification method shines, and a strong attraction follows Lu Ming's palm into the heart and brain of the beautiful woman, absorbing the cold in the other person's body.

This time, the cold in the other person's body was absorbed by the measurement method at an amazing speed. The ice layer on the beautiful woman quickly melted and disappeared, and her body gradually became warm.

At this time, the battle between the three ice lions and the Wanchuan ice vines has already become fierce.

Although Wanchuan Bingteng only had the deputy nucleus, he lost his wit, was completely insane, and had a terrible combat power, suppressing three ice lions.

Finally, one of the ice and snow lions could not resist, was pierced by an ice vine hole and fell on the spot.

In this way, only the white-haired young man and the other young man were left.

"Brother, what should we do? Are we going to die here?"

Another young man said in horror, this young man is also a half-step **** realm, slightly weaker than the white-haired youth, but also very strong.

They had tried many times before and wanted to rush out, but the airtightness of the nine rattan wigs completely blocked their retreat.
