D Emperor 3021

Chapter 3021: Step into the first row

boom!

Qin Wukong's seven wounded fist prints bombarded on the defensive wall composed of ice chains. The ice chains frantically shook, but after all, they were blocked and not broken.

Despite this, there was still terrible power, and Ming Ming came to the landing, and Lu Ming retreated back and forth.

But after Lu Ming stepped back a few steps, he stepped on his feet, his figure rose into the sky, and then stood high and shot with a gun.

Broken, broken...

In an instant, Lu Ming performed a dozen tricks to break the sky, and dozens of gunshots, such as stars, fell to Qin Wukong.

Qin Wukong had no choice but to continue to punch and bombard.

However, although the Seven Injury Magic Boxing is under injury, its power will be stronger, but there is also a drawback, that is, it will hurt the injury.

If he can't solve his opponent in a short time, his injury will become more and more serious.

In this way, Lu Ming and Qin Wukong struggled again, fighting dozens of moves.

I have to say that Qin Wukong is a terrible opponent, and his talent is very strong. No matter it is divine skill, mystery, or divine power, he is not weak. If he is fully awakened by his divine power, he will definitely be able to pass the Heavenly Gate if he awakens the original factor of divine power.

Moreover, the seven wounded fist, the more injured, the stronger the power, Lu Ming did almost all the means, did not win Qin without injury in a short time.

However, after so long in the war, Qin Wucheng's injury was getting heavier and heavier, and the power of the seven-wound fist began to weaken.

The seven-wound fist cannot be turned against the sky. When the injury is heavy to a certain extent, the power will not increase, but will weaken.

puff!

After confronting Lu Ming again, Qin Wukong shuddered, vomited blood, and his face was extremely pale.

"hateful!"

Qin Wukong roared, and as soon as he gritted his teeth, his body suddenly retreated backwards, and he immediately retreated from the area of Shitai.

He confessed directly.

"Why don't you dare to fight? Don't you want to kill me? You haven't been born yet, you have to leave?"

Lu Ming's mocking voice sounded.

Qin Wukong gritted his teeth, his eyes full of crazy killing opportunities, but did not speak, took out a healing pill, swallowed it, and healed the wound with all his strength.

"Qin Wukong, actually defeated!"

Many people whispered, it would be hard to believe unless they saw it with their own eyes.

Qin Wukong was actually defeated by a man with five gods.

Qin Wukong, under the King of Gods, is definitely the most top-notch existence. He is almost invincible except for a few arrogances that have awakened the original divine factor.

Such a character was actually defeated in the hands of a celestial god.

"This Lu Ming is so terrible!"

"It is indeed terrible. If it were not for his cultivation, it would be worse. If he cultivated for ascension, he would reach the half-step God King Realm. No, as long as the God of Heaven is ninefold, I am afraid that no one will be his opponent under God King!"

Many people marvel.

Jin Xing, Qin Wukong and others were even more ugly.

"Ha ha!"

On the stone platform, Lu Ming glanced at Qin Wukong and others, and then turned around, but he did not sit down. His eyes looked at the three stone platforms in the first row.

Many people felt shocked.

Does Lu Ming want to challenge the people in the first row?

"With his strength, maybe he can really succeed!"

Some people spoke, and many nodded.

Indeed, in the first row of three people, except for the arrogance of the awakening elemental divine power factor, the other two people may not have the strength of Qin Wukong.

Lu Ming can defeat Qin Wukong, and may not be able to defeat the other two to seize a position.

Many people's eyes lit up, looking forward to another peak matchup.

Lu Ming really has to challenge the people in the first row.

Here, you can only practice for three years. Lu Ming has been cultivating for nine months. Time is precious. Of course, for the rest of the time, Lu Ming must practice in the best position.

Lu Ming swallowed a few magic pill, refining the medicine, and recovered.

This waited five days.

At this moment, above the first row, there was a youth full of radiance.

"It's him, Xu Yan!"

Many people were shocked in their hearts. This radiant person is the arrogant awakening the original divine factor, named Xu Yan.

"Lu Ming will definitely not challenge Xu Yan!"

Many people shook their heads slightly.

Indeed, Lu Ming did not intend to challenge Xu Yan, with his current strength, he is not yet the opponent.

Xu Yan opened his eyes, stood up, frowned slightly, and said, "It's a pity!"

With a low sigh, Xu Yan stepped out and left the stone platform directly, turned into a rainbow of light, and turned away.

"Xu Yan is gone?"

"It seems that he has been cultivating here for three years. The three-year period has expired, and it is meaningless to continue to stay!"

"Look at his expression, the divine power should not have awakened for the second time!"

"Nonsense, how can the second awakening of divine power be so easy. Each time the divine awakening is more difficult than the previous one, it is ten times more difficult. Under the **** king, the first awakening is already a genius among geniuses, awakening. The second time, it was impossible!"

After seeing Xu Yan leaving, many people talked about it.

"Actually gone, but it can save me trouble!"

Lu Ming smiled and stepped out, and he appeared on the stone platform just before Xu Yan.

"Lu Ming really went up!"

Many people shook their heads.

Lu Ming set foot on the first row of stone platforms, and no one dared to challenge him.

Just kidding, Qin Wukong was defeated, didn't he awaken the original divine power factor, wouldn't he take his own shame for going up?

There are quite a few people competing for Lu Ming's position just now. After some fighting, the stone platform was occupied by one person.

Lu Ming, no one has challenged him.

When the day passed, a light curtain enveloped Lu Ming. Lu Ming sat cross-legged and entered a state of cultivation.

It's still that starry sky, still primitive gods fighting in the battle, but it feels a lot clearer.

Soon, Lu Ming found the source divine power that dominated the divine power and began to understand.

Uh!

A source of supernatural power, which dominates supernatural power, drove towards the landing.

Lu Ming didn't take it seriously at first, but his face changed immediately at the next moment.

Because when this source of Divine Power flew, it was actually scattered and scattered into dozens, and then each of the Source Divine Power actually turned into a figure and slammed towards the landing.

Cold killing, harsh energy, everything is so real.

Lu Ming's subconscious resistance.

Nine ice chains flew out and stood in front of them.

boom! boom! ...

The original divine power, which dominates the divine power, was transformed into dozens of figures, attacking on the ice chain. The ice chain was continuously shaking. Lu Ming seemed to be hit by a planet, his body retreated, his blood boiled, and a spit of blood spewed out.

"Really, really, aggressive..."

Lu Ming's eyes deepened.

This attack is not illusory, but real.

"Then come!"

Lu Ming showed a strong fighting spirit, moved his heart, and wanted to display the ancient **** body, but he found that it could not be displayed at all.

It is useless to trigger the war word tactics.

"It seems that we can only rely on divine power and magic skills to fight!"

Lu Ming whispered, a spear was condensed in his hand, and rushed forward.

Chapter 3022: And iron

Lu Ming stabbed with one shot, and the figure transformed by the original divine power burst out with a punch, and the two attacked and collided together.

boom!

With a violent roar, Lu Ming's body shook slightly, and the figure was shot and flew out.

"This is... this fluctuation..."

Lu Ming was not surprised but rejoiced, his eyes lit up.

Just a moment ago, Lu Ming could clearly feel that the other party was completely condensed by the original divine power dominating the divine power. During the collision, Lu Ming could feel the mystery of the original divine power more clearly.

"No wonder, no wonder, is this the role of the first row of stone platforms?"

Lu Ming glowed with joy.

The first row of stone platforms is to directly deal with the corresponding source divine power. In this way, the effect is naturally much better.

Before, it was just watching. Now, it is a direct confrontation, and the effect is naturally different.

Uh! Uh! ...

At this moment, all directions rushed over.

"come on..."

Lu Ming got excited, waved his spear, and rushed up.

This kind of war, not only can experience the original divine power first-hand, but also hone various divine skills, secret techniques, is Lu Ming's favorite way.

Lu Ming, also fighting with dozens of incarnate figures.

At the beginning, Lu Ming lost completely.

Fortunately, being injured here will soon heal without hurting the body.

In this way, Lu Ming focused on cultivation.

Outside, outside Shitai, among the crowd, Jin Xing, Qin Wukong and others looked at Lu Ming who was practicing with cold eyes.

"What should I do? Let this kid continue to run away?"

A Qin family gritted their teeth, very unhappy.

"Now, in the ancient city of Xingyue, I, Jin Qin and I, can kill this kid, only Jin Yuanxiong!"

Qin Wukong said.

"Yes, you guys are waiting here. I'm going to find cousin Jin Yuan and let him kill Lu Ming!"

Jin Xing gritted his teeth.

"But Brother Jin Yuan hasn't been practicing on it for three years, can't he continue to challenge!"

A Qin family arrogantly said.

"It doesn't matter if we can't challenge. We can wait outside. When the kid arrives in three years, he will naturally come down. Just kill him!"

Jin Xing Yin said coldly.

"Good idea, just do it. We are staring here. Brother Jin Yuan, please trouble Brother Jin Xing!"

Qin Wukong said.

"Okay, wait for good news for me!"

After finishing his speech, Jin Xing flew out of here.

Time flies, day by day.

The people near Wanshen Cliff come and go every day.

Come and go, come and go.

However, when many people saw Lu Ming in the first row, they were very surprised.

"Isn't that Lu Ming? I remember he was a **** with four levels of cultivation, can he actually sit in the first row?"

Some people are curious.

"It's not the fourfold of Tenjin, it's now the fivefold of Tenjin, and his combat power is extremely terrifying, and he can't be measured by ordinary people!"

I have seen Lu Ming's humanity before.

"Oh, it's extremely scary? Ridiculously, how terrifying can a person with five celestial gods be? In my opinion, it's your waste, and the first row of thrones was taken by a person with five celestial gods!"

A young man in a golden robe sneered and ridiculed.

Many people have a complex face.

The sentence of Jinpao Youth scolded everyone who had seen Lu Ming's shot before, including Qin Wukong.

"So, are you going to challenge him?"

Humane.

"Naturally, the throne in the first row, I want to set it!"

The young man in Jinpao laughed, his face confident.

"Oh?"

The others uttered a word without saying much.

The young men in Jinpao scolded them in, and they would naturally not say much to remind the young men in Jinpao.

Soon, Lu Ming had been practicing for three months. The light curtain flashed on him, and Lu Ming opened his eyes.

"Ninety-eight percent, sure enough, the further you go behind, the slower you rise!"

Lu Ming muttered.

After three months of cultivation, Lu Ming’s dominance and awakening have reached 98%.

The effect of the first row of seats is extremely good, but the difficulty of raising the back is getting higher and higher.

If you practice in the following rows, the level of awakening is probably far from 98%.

"I have been practicing for one year and two years, which should be enough for me to wake up!"

Lu Ming smiled slightly, and at this moment, he suddenly felt a strong breath and pressed against him.

Then he saw a young man in gold robe, which fell in front of him.

"Are you going to challenge me?"

Lu Ming asked slightly for a moment.

He originally thought that he defeated Qin Wukong, and no one should dare to challenge him. Unexpectedly, there were still irons.

"Nonsense, I wasn't here before, let you practice in the first row for some time, it is your character, now, leave me immediately!"

The young man in Jinpao drank coldly, and his body was filled with powerful momentum and extremely arrogant.

Half-step God King Realm, the cultivation of this golden robe youth is not weak, and has reached Half-Step God King Realm, no wonder so confident.

However, the awakening degree of his divine power is far from enough, only about 50%, which is far worse than Qin Wukong.

Outside, many people have a sneering smile on their faces, a state of good drama.

This person wants to challenge Lu Ming, isn't he looking for abuse?

But this person was too arrogant, and no one reminded him.

"is it?"

Lu Ming whispered, and suddenly shouted, "Go!"

A strong breath came out through the body and rushed towards the Jinpao youth.

The youth of Jinpao's face changed and gloomy, and said: "Lu Ming, don't think that you have some talent, you can be arrogant in front of me. Now, when you are not arrogant, I have given you the opportunity to stop rolling, Then I can only let you go!"

After talking, the young man in Jinpao moved towards the landing and started a fierce attack.

Roar!

Lu Ming uttered a roar of the ancient **** in his mouth, his body quickly grew into an ancient **** body, and then swept out with a shot.

Boom...

The long gun squeezed past, and the Jinpao youth's attack instantly shattered. The dreaded gunman continued to draw towards the Jinpao youth.

"how come?"

The robe of the golden robe yelled, his face was incredible, and then broke out to resist.

However, when the long gun bombarded it, the Jinpao youth screamed, all the defenses shattered instantly, and the Jinpao youth was pumped out by the long gun.

However, before he flew out of the stone platform, he flew a few chains of ice, entangled the golden robe youth at once, then waved and flung the stone platform.

bump! bump! bump!

The young man in gold robe continually smashed on the stone platform, and Lu Ming deliberately controlled, every time, the young man in gold robe face hit the stone platform.

The screams kept coming out, and the teeth of the young men in the gold robe flew in blood, and a face was smashed into shape, which was terrible.

"Who made you arrogant, deserve it!"

Many people murmured, but still felt chills.

Lu Ming, too violent!

Chapter 3023: Awakening Source Power Factor

The young men in Jinpao were crushed by Lu Ming from beginning to end.

Although the young man in Jinpao had half-step cultivation of the **** realm, his awakening power was only about 50%, and his divine skills only reached the seventh level.

His fighting power is very different from that of Qin Wukong.

Moreover, in the past few months, Lu Ming’s awakening level of the master's divine power has also been improved, and his combat power has also been improved. It is naturally easy to deal with the young men in Jinpao and completely crushed.

After hitting more than ten times, Lu Ming flicked the ice chain and flew the Jinpao youth out.

The young man in Jinpao barely stayed in the air, looking at the landing horror with horror.

"I've been telling you to roll or not, but why do you want to stay abused? Why bother?"

Lu Ming's voice came out.

The young man in Jinpao spit out another blood, cast his body, and walked away without looking back. Even the other stone platforms did not compete, and they really had no face.

After abusing the Jinpao youth, Lu Ming continued to sit cross-legged and waited.

One day later, a layer of light curtain enveloped Lu Ming, and Lu Ming continued to practice.

Time rushed, it was another three months.

In the past three months, Lu Ming's dominance of the divine power has reached 99%.

However, after reaching 99%, it stopped.

The level of awakening reaches 99%. The next step is to thoroughly awaken the original divine factor.

However, this step is very difficult.

One step away from the other!

Many people have been stuck in this step all their lives and it is difficult to break through.

Lu Ming wanted to make a breakthrough, it was not so easy.

"Continue to practice, I can't believe that I can't break through!"

Lu Ming thought, after a day, continue to practice, this time, no one challenged Lu Ming.

In a blink of an eye, it was another three months.

Lu Ming has been practicing here for a year and a half.

After these three months of cultivation, Lu Ming has a deeper understanding of the **** of the divine power, but the level of awakening is still 99%.

Continue to practice.

Next, no one challenged Lu Ming.

Three months, three months.

Finally, when Lu Ming practiced here for two years, he finally broke through.

Dominate the divine power, and finally awakened the original divine power factor.

As soon as the original divine power factor awakens, the divine power seems to have undergone a qualitative change. The divine power is filled with a peculiar factor, which makes the power of the divine power become terrifying.

If the former dominating divine power was rotten wood, the present dominating divine power is steel.

It's too powerful.

Lu Ming felt it carefully and was very happy.

It is no wonder that the arrogance of the original divine factor is awakened, and the combat power is so terrible, such as the blue spirit, the strength of the combat power, and the absolute ability to crush the **** king like the night demon king.

"Defeat Qin Wukong with my current combat strength, it should be easy, I can suppress the **** king like Night Stalker!"

Lu Ming smiled at the corner of his mouth.

Three months later, Lu Ming opened his eyes again, feeling refreshed.

Ok?

At this moment, he felt his back bounce slightly, and there was a cold murderous opportunity that enveloped him.

Before, there was a murderous opportunity that enveloped him, but Lu Ming did not respond much, because the host who sent out the killing did not threaten him.

But this time, Lu Ming's body reacted naturally, which shows that the master who sent out the killing threatened him.

Lu Ming turned to look.

"Gold Dollar!"

Lu Ming's eyes flashed.

Outside Shitai, he saw Jin Xing, Jin Yuan and others.

The killing opportunity that made his body taut was issued by Jin Yuan.

"Lu Ming, very good, dare to kill me Jinjia Tianjiao, very good!"

Seeing Lu Ming, Jin Yuan spoke indifferently, and the cold murderous opportunity made no secret.

On the side, many people are far from Jin Yuan.

Jin Yuan awakened the existence of the original divine power factor, and his power was terrifying.

"Jin's waste, you are all invited, but I have no time to fight with you now!"

Lu Ming spoke lightly.

He still has a year.

After all, Lu Ming turned his head and stopped paying attention to Jin Yuan.

"Well, the three-year period has passed quickly, you dare not come out now, and wait for the three-year period to come, see how you hide, I will wait for you here!"

Jin Yuan said coldly.

"whatever!"

Lu Ming left a word and stopped talking.

This made Jin Yuan's eyes even colder.

"Lu Ming is going to be in danger. Unexpectedly, Jin Xing invited all Jin Yuan!"

"It's really dangerous. Lu Ming should have left early. It was still too greedy. He occupied the first row and wanted to practice for three years. Now he has to put himself in!"

Some people whispered.

No one thought that Lu Ming could fight Jin Yuan.

Although Lu Ming's strength is strong, it is almost the same as that of Qin Wukong, at most a little stronger than Qin Wukong.

However, Jin Yuan awakened the existence of the original divine power factor, and its combat power is definitely stronger than Qin Wukong.

Even if Lu Ming continues to practice, he cannot be the opponent of Jin Yuan.

Unless Lu Ming also awakened the original divine power factor, but is this possible?

Lu Mingcai is only the five-fold realm of the gods. Before he came here, the level of awakening was definitely not high.

One practice, three years, it is impossible to awaken the original divine power factor.

Every time, there are many geniuses in the ancient city of Xingyue, and there are many people who practice in the Pantheon Cliff. Many people know the effect of the cultivation of the Pantheon Cliff.

Although the effect is many times better than outside practice, it is almost impossible to awaken the original divine power factor if you want to practice at one time.

People like Jin Yuan who awakened the original divine power factor also entered this place for the last time to practice and then left Xingyue Ancient City. After a long period of accumulation, they awakened successfully.

Once you practice, you will be awakened successfully. There are very few in history, not to mention that Lu Ming is just a **** with five weights.

Without awakening the original divine power factor, how could it be Jin Yuan's opponent.

Therefore, many people think that Lu Ming is in danger.

Some people wanted to leave, but now they stay.

They have to see, Lu Ming, this peerless arrogance, what will the final outcome be?

Lu Ming was too lazy to think. One day later, he entered the state of cultivation and entered the starry sky again.

"Now, the master divine power has been awakened successfully, and continue to enlighten. If you want a big breakthrough in a short time, it is unlikely that you will enlighten other divine powers!"

Lu Ming thought.

One awakening is considered to be one of the heavens, but it is extremely difficult to reach the second heaven. It is ten times the first time to awaken.

It is impossible to break through in a short period of time, so Lu Ming intends to realize another kind of divine power.

After considering for a while, Lu Ming decided to enlighten the sword power.

Unbreakable sword power, the main attack, if you can awaken successfully, the attack power of Lu Ming will be greatly improved.

Of course, we must first find the original divine power corresponding to the indestructible sword power.

Lu Ming travels through the starry sky, looking for the original divine power corresponding to the indestructible sword power.

Chapter 3024: Zhan Jinyuan

Lu Ming is looking for the original divine power corresponding to the indestructible sword power.

call out!

In the endless starry sky, a sword gas penetrates the universe, sweeping the starry sky, where the sword gas passes, the planet explodes one by one, and even the stars are extinguished.

Facing the huge and immense sword energy penetrating through the starry sky, Lu Ming stared at him dumbfounded.

"What a terrifying sword spirit!"

Lu Ming marveled, and then his eyes shone, because, this is the original divine power of the indestructible sword power.

Lu Ming quickly approached, while running the sword power.

call out!

A sword qi, chopped towards Landing Ming, that kind of breath almost made Lu Ming's state of mind collapse, and roared, Lu Ming stabilized his mind.

Keng! Keng! ...

The sound of Jianming was endless, that sword energy was divided into dozens of times, and turned into dozens of immortal sword lights, slashing towards the landing.

"bring it on!"

Lu Ming showed his fighting intent, armed with a spear, and greeted him to start the killing with Jianguang.

This sword light is the same as the original divine power that dominates the divine power before, and it can attack the original divine power more quickly.

In this way, in the past three months and three months, Lu Ming's comprehension of the indestructible sword power is rapidly improving, especially in the early stage, and the speed of improvement is faster.

Nine months later, Lu Ming cultivated the awakening level of the sword power to 99%.

However, it was very difficult to break through here. Afterwards, Lu Ming spent another three months, and the indestructible sword power still did not break through, and did not successfully awaken the original divine factor.

"Unfortunately, there is no time!"

On the stone platform, Lu Ming opened his eyes and sighed gently.

Three years, it's time!

If Lu Ming is given another half a year, Lu Ming is sure to awaken the innate magical factor of the indestructible sword power, and now, after all, it is still a little worse.

When the light curtain on Lu Ming disappeared, a cold killer shrouded Lu Ming.

"Lu Ming, the three-year period is up, how do you die?"

A cold voice came from behind, without looking, Lu Ming also knew that it was Jin Yuan.

Lu Ming turned around and saw several murderous eyes, staring at Landing Ming.

In the last year, several people of Jin Yuan had been staying here to prevent Lu Ming from escaping in secret.

"The three-year period is up, Lu Ming, what will happen?"

Many people also had this idea in their hearts. They stared at Landing Ming and wanted to see what Lu Ming could do.

"How to die? Do you think you can kill me?"

Lu Ming smiled faintly, then got up, stepped out directly, left Shitai, and walked toward Jin Yuan.

Many people were stunned, Lu Ming, actually came out like this, a arrogant attitude, a pair that did not look like Jin Yuan in his eyes.

"To fight, let's fight!"

Lu Ming stepped on his foot, rising into the sky, standing high in the sky, and filled with a strong fighting intention.

Others were even more shocked. This result was not what they thought.

Lu Ming did not find a way to escape, nor did he beg for mercy, but... challenge Jin Yuan!

"Lu Ming, actually challenged Jin Yuan. With his strength, challenge Jin Yuan, there is only one way to go!"

"Aren't he also awakened the original divine power factor?"

There was a lot of discussion and thought of this possibility.

"impossible?"

Some people deny it.

It took Lu Ming only three years to practice, and he awakened the original divine power factor. This talent is too evil. Many people choose not to believe how to live.

"Are you going to challenge me?"

Even Jin Yuan himself was slightly stunned. Afterwards, the murderous chance became stronger, and his figure rose to the sky, standing in front of Lu Ming.

boom!

Jin Yuan was shrouded in dazzling golden power, and a breath of ancient famine spread out.

A terrible pressure, like Shenshan, pressed against Lu Ming.

"Lu Ming, I know you have a good fighting ability, but in front of me, it's still far away, kneel down for me!"

Jin Yuan shouted, reaching for a button in the void, the golden light filled, a huge golden yellow palm print was formed, and suppressed to the landing Ming.

The sky was rumbling loudly, the palm prints were not depressed, and the violent strength had been crushed towards Lu Ming like a storm.

If other heavenly gods have nine celestial arrogances, no, or even a half-step **** king, may not be able to resist this trick.

However, Lu Ming's eyes were very calm, deep in his eyes, and even revealed a trace of expectations.

He looked forward to colliding with other arrogances that awakened the original divine factor.

boom!

Lu Ming also erupted in a terrible breath, filled with the ancient atmosphere of the wild, and then, a gun burst into the sky and broke through the sky.

The huge guns and Jin Yuan's palm prints bombarded together, inspiring a wave of violent power, rowing mountains and rivers, sweeping all directions.

The bright light shines on the sky as if the planet exploded.

At the next moment, the marks of the gun and the palms disappeared at the same time, and Lu Ming stood high in the air, motionless.

All around, everyone was dumbfounded.

It was so loud that someone reflected it.

"Origin Divine Factor, God, it is Origin Divine Factor, Lu Ming also awakened Origin Divine Factor!"

"He really awakened the original divine factor. This is impossible, how is this possible?"

"Fairy, wicked!"

Many people shouted in excitement and couldn't help it.

They had never imagined that Lu Ming also awakened the original divine power factor, which only took three years to cultivate, and the five gods.

"Impossible, impossible, impossible..."

Jin Xing shouted wildly in his heart, his eyes full of incredible colors.

In the Qin Tianxing domain, he and Lu Ming played hands, but now, he has not made much progress, but Lu Ming has awakened the original divine factor.

He is known as one of the four masters of the Jin family. He has always been very confident in his talent, but compared with Lu Ming, his talent is garbage.

"you..."

Jin Yuan was also shocked, looking at Landing with horror.

The five factors of Tenjin awakened the original divine power factor, which is rare all over the world. Jin Yuan also only heard of the core area of the Taixu dynasty.

It should be known that the higher the cultivation level, the stronger the divine power, and the deeper the understanding of the divine power. The easier it is to awaken the original divine factor.

The lower the repair, the harder it is.

In the Starry Sky Camp, anyone who awakens the original divine power factor under the Divine King is the peerless arrogance, but most of the awakeners are the cultivation of the half-step Divine King.

Ninefold awakening of the gods, there are very few in history.

Not to mention the fivefold of Tenjin.

"Awakening the original power factor, is it amazing?"

Lu Ming spoke lightly. His words responded to what Jin Yuan had just said.

Jin Yuan just looked great and looked down on people who did not awaken the original divine power factor. Lu Ming's words made Jin Yuan's face somber.

"Tenjin is only fivefold, even if it is awakened, its power is limited. Today, kill you!"

Jin Yuan shouted, the killing on his body was more intense.

The more Lu Ming is a genius, the more he must be killed.

boom! Jin Yuan stepped out, his palm like a knife, and cut towards the landing.

Break the hand of the void!

Chapter 3025: Sword of Broken Void

Just now, Jin Yuan only shot at random, but now, he moved the real form and shipped out the hand that broke the void.

The hand that breaks the void is said to be able to cut off the void. Under the impetus of the original divine factor, the power is extremely powerful, and it is not Jinjue. People like Jin Xing are comparable.

Lu Ming's eyes also showed dignified color.

"Ancient God Body!"

Lu Ming directly exhibited the ancient **** body, turned into the ancient **** of green armor, and then shot at Jin Yuan.

Boom!

As if the two planets collided together, the void trembles like boiling water, and the violent energy, like the water of the ocean, hits the Quartet and makes a booming noise.

Lu Ming felt a terrible force, struck with a spear, and his body retreated involuntarily.

But Jin Xing was not much better, and his body drifted back.

"kill!"

As soon as Jin Yuan retreated, he stepped into the void and slammed towards the landing.

Lu Ming screamed and killed with a gun.

The two fought fiercely together. According to their size, Lu Ming was much larger than Jin Yuan, but Jin Yuan's strength was no weaker than Lu Ming.

boom! boom!

The two of them blasted dozens of moves in a row, without a win or loss.

"Damn, why is this kid so powerful?"

Jin Yuan shouted in shock.

It is also the awakening source divine power factor, but he is a half-step **** realm, and Lu Ming is only a five-fold god.

Indeed, although Lu Ming controlled a variety of divine powers, only one kind of divine power awakened the original divine power factor, and his cultivation practice was fivefold in the **** of heaven. With one kind of dominant divine power alone, he could not compete with Jin Yuan.

However, he has other divine powers, especially the awakening degree of indestructible sword power, which has reached 99%, which makes up the gap between them. Can compete with Jin Yuan.

"Break the Sword of the Void, cut me!"

Jin Yuan roared, his brow glowed, and a golden war sword flew out, slashing towards Lu Ming.

Lu Ming had also seen Jin Xing perform this trick, and it was no surprise that he had already prepared.

The sound of Longyin sounded, and above Lu Ming's head, ten thousand-meter-long nine-claw dragons condensed out.

A total of seven articles, culling Xiang Jinyuan.

But after seven, two nine-clawed dragons condensed out, a total of nine.

After this period of cultivation, especially in the Ten Thousand Cliffs, fighting against the figure condensed with the original divine power, Lu Ming's magical dragon phase formula made another breakthrough, and he was able to condense nine magical dragon phases at once.

Moreover, the magical power of the magic dragon is more terrifying under the blessing of the master, which awakens the original divine power factor.

Nine Divine Dragon Phrases, continually culling Xiang Jinyuan, Jin Yuan controls the Sword of Void and cuts towards the Divine Dragon Phrases.

boom! boom!

The terrible collision sound continued, and nine nine-clawed dragons, and the sword of the broken void, continued to bombard each other.

"Ice Chain!"

Immediately afterwards, Lu Mingshi exhibited a chain of ice and killed Jin Yuan.

Jin Yuan quickly showed off the hand of the void to resist, but Lu Ming held a spear and killed Jin Yuan.

Lu Ming did his best, and Jin Yuan backed off again and again and fell into the disadvantage.

Others were shocked. Is Jin Yuan going to lose today?

This is a big deal.

"Want to defeat me, impossible, break the sword of the void, nine swords attack!"

Jin Yuan roared, his entire body suddenly exuded a dazzling light, and his eyebrows were like a little sun.

Keng! Keng! Keng!

Swords sounded from above, and from Jin Yuan's eyebrows, a golden war sword rushed out.

A total of eight, plus the previous one, a total of nine.

call out! call out! call out!

The golden sword of broken void continued to cut out, the sword light roared, and the power was amazing.

Lu Ming's complexion changed, and his spear continued to sway, resisting the golden war sword.

when! when! when!

The golden war sword was cut continuously on the spear, the spear's violent shock, the terrible power of the broken void, along the spear, diffused to Lu Ming's body.

The blue scales on Lu Ming's body showed cracks and blood leaked out.

Moreover, all the rifles in Lu Ming's hands showed cracks.

"What an amazing power!"

Lu Ming frowned.

This spear is a ninth-order top-grade artifact, but it can't block the power of the other party.

"kill!"

Jin Yuan shouted, manipulated the sword of broken void, and continued to cut towards Lu Ming.

He wanted to slay Lu Ming in one go.

"Ice Chain!"

Lu Ming flew back with the chain of ice and enveloped himself in it.

when! when! ...

The Sword of Broken Nether slashed on the chain of ice, making a clanging sound, and Mars was shining, but the chain of ice was nothing, only a few marks appeared on it.

"So hard!"

Jin Yuan's eyes narrowed and was shocked.

The sword that breaks the void is said to be able to break the void. The destructive power is so amazing. Plus it is still shot with eight hands. The power is even more terrifying, but it cuts the cold chain of Lu Ming.

"I just don't believe, cut, cut, cut!"

Jin Yuan shouted, manipulated the sword of the void, and slashed to Lu Ming crazyly, but in the end, they were all blocked by the ice chain.

Although Lu Ming was repeatedly backed off by the powerful force, Jin Yuan could not hurt him.

In the end, Jin Yuan even used the hand that cut off the void, and it was useless.

Lu Ming hid in the chain of ice and took the time to fight back, attacking a rifle and killing Jin Yuan.

"Lu Ming, what is the skill of shrinking inside, there is the ability to fight me head-on!"

Jin Yuan roared.

"This is my secret technique, defensive secret technique, is it not strength? Ridiculous!"

Lu Ming's disdainful opening.

Jin Yuan gritted his teeth and had nothing to say

Indeed, this is Lu Ming's secret technique, not a kind of treasure. Whether it is attack secrets, defensive secrets, or speed secrets, they are all part of strength.

"Humph, don't think I can't break your defense!"

Ruthless color appeared on Jin Yuan's face. At this time, nine swords of broken void all flew back into Jin Yuan's body and merged with his body.

The golden radiance of Jin Yuan's body was strengthened, and finally he turned into a golden war sword and slashed towards the landing.

Uh!

The golden sword light shone on the sky, as if to split the sky in half, the sword gas roared with horror.

"So powerful, block me!"

Lu Ming's eyes narrowed, this should be Jin Yuan's strongest blow.

Lu Ming fully controlled the nine ice chains, and the divine power poured into the ice chains continuously.

boom!

Finally, the war sword transformed by Jin Yuan struck the ice chain, and the ice chain shook violently.

bump! bump! ...

At the next moment, what happened to make Lu Ming's eyes freeze. The chains of ice broke apart one by one. After a few breaths, all nine chains of ice broke.

Then, the golden sword light was cut on Lu Ming.

However, on Lu Ming, there are nine heavy red gold armor guards.

However, the nine-fold red gold armor did not block the golden sword light.

Chapter 3026: Jin Yuan ran away

The golden war sword was cut over the nine-fold red gold armor, and the nine-fold red gold armor did not resist it. After shaking a little, it was penetrated by the sword light.

Jianguang cut Lu Ming's body.

Fortunately, after the ice chain, the continuous blocking of the nine heavy red gold armor, the power of Jianguang has been reduced by 90%, and when cut on Lu Ming, only 10% of the power remains.

Poof!

There was a sword wound on Lu Ming's body, which lasted for more than ten meters, and Lu Ming retreated sharply.

However, this sword wound was just a skin trauma, and Lu Ming was not seriously injured. Under the strong vitality, he recovered quickly.

Not far away, Jin Yuan appeared again.

His breath was a little vain, and obviously that trick just consumed him a lot.

"Hahaha, your defense was finally broken by me. Now, see what you use to resist my attack!"

Jin Yuan laughed.

"What if it's broken? Idiot, I'm a mystery, not a treasure. If it's broken, I can't reunite?"

Lu Ming's faint voice sounded, and then his thoughts moved. Nine ice chains flew out again, surrounding the whole body.

"you..."

Jin Yuan almost vomited blood.

"Now, it's my turn!"

In Lu Ming's eyes, a ray of cold light flashed through him, and the breath on his body surged out.

Before Jin Yuan had been attacking, he just wanted to see Jin Yuan's strongest move, and wanted to test the defensive power of the ice chain.

He is not without means to confront each other.

"Three blows to the world, star burst!"

A low voice came from Lu Ming's mouth, and then, a huge gun-man, blasted towards Jin Yuan.

Jin Yuan's face changed, and he felt a fatal crisis.

His body was filled with golden light, and a golden war sword appeared on him, covering his whole body.

"Broken hand of the void!"

Jin Yuan shouted and ran out of the hands of the void with all his strength, and came out.

boom!

The golden palm slashed on the huge gun.

However, at the moment when the two sides collided, the spears shattered, like a star bursting, and the terrible power of destruction swept wildly toward Jin Yuan.

Jin Yuan's body was violently shaken, and he was directly rushed out by a powerful force, and flew tens of thousands of meters away before standing firm.

At this moment, there was a crack in the golden war sword on his body, and there was continuous blood infiltration, and his palm was trembling.

Jin Yuan was injured under the stroke of the star burst.

"Damn, damn, you damn..."

Jin Yuan stared at the land, roaring and roaring, his expression extremely fierce, like a mad beast.

Many people were shocked. Unexpectedly, Lu Ming could not only fight against Jin Yuan, but also hurt Jin Yuan.

"One trick to another..."

Lu Ming said lightly.

"This trick, you can only use it at most once, I don't believe it, you can always use..."

Jin Yuandao.

Like his previous move, although the power is extremely terrible, but the consumption of himself is also very amazing. After he used one move, the divine power was extremely consumed.

"Really? Then stare at the staring star!"

Lu Ming screamed, his breath exploded, and another huge spear burst into Jin Yuan.

boom!

The guns exploded, and the power of destruction destroyed Jin Yuan.

This time, Jin Yuan was more injured and more cracks appeared on the golden armor.

"you..."

Jin Yuan just wanted to yell, but Lu Ming made another move, and another gun rushed towards Jin Yuan.

Indeed, the use of star bursts is extremely amazing for the consumption of divine power. With one move, all of Lu Ming's divine power will be evacuated.

However, Lu Ming has a vocabulary and is afraid of being taken away?

As long as Lu Ming is free, he will send divine power into the volume of the word formula and store it.

Therefore, Lu Ming's strongest trick can continue to erupt.

"how is this possible?"

Jin Yuan yelled, it was a little difficult to accept, then he turned and ran.

He was really scared. Lu Ming's great tricks could still be used continuously. Under the bombardment of such tricks, if he didn't run, he would be killed sooner or later.

Uh!

Jin Yuan turned into a golden brilliance and turned away.

Lu Ming did not pursue.

Jin Yuan's strength is indeed very strong. Lu Ming relied on the starburst and the ice chain, which only slightly gained the upper hand, but if Jin Yuan escaped with all his heart, he could not keep Jin Yuan.

Lu Ming looked at Jin Xing, Qin Wukong and others.

The faces of Jin Xing, Qin Wukong and others changed wildly, and Xue Bai was not bloody.

They had never imagined that one of the four masters of the Jin family, awakening the gold element of the original divine power factor, was not Lu Ming's opponent. At the moment, they almost scared to death when they saw Lu Ming's eyes.

"go!"

Jin Xing shouted, turned and ran.

Qin Wukong and others, too, did not dare to stay.

"Want to go, did I allow it?"

Lu Ming spoke indifferently, performing nine days of Kunpeng technique, a few flashes, and caught up with Jin Xing, Qin Wukong and others.

"kill!"

Lu Ming shot, and assassinated a Qin family Tianjiao.

The Qin family's Tianjiao, who had the ninth-level cultivation practice of the gods, was terrified at this moment, and he made a full blow to counterattack, but in Lu Ming's hand, he had no resistance at all.

puff!

The spear pierced Qin Jiatianjiao's eyebrows and killed him.

Anyway, the Jinjia and Qin family's arrogance, Lu Ming has already beheaded, the Jin family and the Qin family will never let him go, killing one is also killing, killing a few is also killing, Lu Ming will naturally not let go other side.

After killing Qin Jiatianjiao, Lu Ming shot at Qin Wukong again.

"I fight with you!"

Qin Wukong yelled, ran his divine power, wounded himself, strengthened the power of the Seven Injuries, and then threw a punch with all his strength.

A bright fist struck and drove towards the landing.

"Broken!"

Lu Ming spoke lightly, and the guns were like meteors, piercing through.

boom!

Lu Ming's spear pierced Qin Wukong's fist print. The fist print shook a little, and then burst directly, completely unable to stop Lu Ming's attack.

When Lu Ming's original divine power factor had not yet awakened, Qin Wukong could indeed fight Lu Ming and could fight many moves.

However, now Lu Ming’s dominance of the divine power has awakened the original divine power factor, and the awakening degree of the indestructible sword power has reached 99%. The combat power is several times stronger than before, and it is naturally easy to crush. Qin Wukong.

"Do not..."

The fist seal was easily defeated by Lu Ming, and Qin Wukong shouted in horror, trying to escape, but it was too late.

puff!

A spear pierced through and nailed Qin Wukong in the air.

"no no,..."

Seeing this scene, Jin Xing shouted insanely, almost scared to death, and ran away with the strength of feeding.

However, how can his speed compare with Lu Ming, Lu Ming flashed a few times, and then caught up with Jin Xing.

"Lu Ming, you cannot kill me. I am one of the four masters of the Jin family. If you kill me, the Jin family will not let you go!"

Jin Xing shouted.

Now, he can only threaten Lu Ming with his identity.

Chapter 3027: Kyuto Tennofu

"Jin family's four heroes? Jie a fart!"

Lu Ming said indifferently, since he was offended and killed, whatever he was, one word, kill!

bump!

The spear swept down, and Jin Xing uttered an unwilling scream, and his body exploded directly, destroying both form and spirit.

Lu Ming waved his hands and put away the storage rings of Jin Xing and others.

"Dead, Jin Xing is dead!"

"This Lu Ming is simply the Lord who is not afraid of the sky!"

"Such a person is the most terrible, we better not provoke him!"

Seeing that Jin Xing and others were killed, many people shuddered and looked at Lu Ming's eyes, full of panic.

For the arrogance of these big families, such characters as Lu Ming are the most terrible and have no scruples. Whatever your identity, they provoke him and kill!

Lu Ming glanced at everyone lightly, then turned into a rainbow of light and left here.

Soon after, Lu Ming had moved away from the Panshen Cliff and landed on a mountain peak, and then Lu Ming took out the Jade Talisman and transmitted the sound to Qiuyue.

However, the result is still the same, and the news cannot be transmitted at all.

"Hey!"

Lu Ming sighed, full of worry.

"I don't know Wu Ming and Wu Yue, do you have any news about Qiuyue?

Thinking of this, Lu Ming sent a message to Wu Ming and asked Qiuyue again.

The news came out, but there was no response.

"Is it too far away, Wu Ming did not receive the news?"

Lu Ming thought.

In the end, Lu Ming had no choice but to travel while looking for Qiuyue's news.

In a flash, a few months passed.

A flat ground, a figure in a vertical and horizontal movement, holding a spear in his hand, constantly waving, the spear was tumbling like a dragon.

Uh! Uh! Uh!

Gun bursts burst out, leaving deep pits on the flat ground.

Half a day later, the gun situation suddenly changed, the gun flares soared, and a bright gun flares up into the sky, half a bang before it dissipated.

"Three strikes at the end of the world, finally broke!"

The figure whispered.

This figure is naturally Lu Ming.

A few months ago, Lu Ming traveled here, and he trained here to destroy the three strikes.

When Wanshenya comprehended the divine power, Lu Ming experienced fierce fighting in that starry sky, and later continuously fought with Qin Wukong, Jin Yuan and others. Lu Ming's understanding of the three strikes of the world has arrived A limit.

After this period of insight, the World Extermination Three Strikes finally broke through in one fell swoop and reached the eighth level.

The World Extermination three strikes broke through to the eighth level, whether it was the first move to break the sky, the second move to cut the moon, or the third move to burst the star, the power has increased a bit.

Now, Lu Ming is faced with Jin Yuan, so he does not have to work so hard.

Lu Ming adjusted her breath a bit, then took out the map and looked at it.

Lu Ming plans to go to another forbidden place to see if he can gain something.

Choosing the right direction, Lu Ming went west.

Two days later, Lu Ming leaped a long distance.

boom!

Suddenly, there was a violent roar in the direction of the front right, and the divine light soared into the sky.

Over there, someone is fighting.

Lu Ming frowned, and was considering whether to take a look. He saw that there were several figures in the direction over there, and he flew over quickly.

"Wu Ming, Wu Yue..."

Seeing these figures, Lu Ming's eyes lit up.

These figures were actually Wu Ming and Wu Yue, as well as Wu Zixiong, among them.

But now, they are extremely embarrassed.

The breath is weak, the body is covered with wounds, blood is flowing, very embarrassed.

With a frightened look on their faces, they seemed to escape some terrible crisis.

Without any hesitation, Lu Ming flew over directly.

At the next moment, Wu Ming and Wu Yue also saw Lu Ming.

After seeing Lu Ming, Wu Ming and Wu Yue's face changed dramatically.

"Lu Ming, don't come, hurry up, hurry up!"

"Go away!"

Wu Ming Wu Yue and others shouted, very anxious.

But Lu Ming was unmoved and continued to fly towards Wu Ming.

"Since I met it, I still want to go. It's too naive to stay here!"

There was a cold and quiet voice behind Wu Ming, and then Lu Ming saw a chariot galloping.

This chariot is very large and brilliant. This is not ordinary gold, but an extremely precious refining material.

The chariot was blocked by a curtain, and the situation inside the chariot could not be seen clearly.

The chariots were drawn with two dark and broad-fanged wild beasts, roaring constantly.

On both sides of the chariot, there were two young men and women, each with a long knife in his arms, and his face was cold.

But what made Lu Ming's eyes narrowed was that behind the chariot, there was a chain that pulled a string of people.

Yes, there are really a bunch of people, there are twelve people, each of whom is a young man, but one by one is badly hit, his breath is weak, he is chained, and his face is desperate.

"Tianjiao of Starry Sky Camp!"

The twelve were tied by iron chains, and several people Lu Ming had a little impression, but they were the arrogance of the Starry Sky Camp.

The tank was extremely fast, and they chased towards Wu Yue quickly.

"Lu Ming, go away!"

Wu Zixiong roared with a roar, stopped suddenly, ran his divine power, and pushed out a palm.

Suddenly, a war horse formed, like a ten thousand horse galloping, rushing towards the chariot side.

"Negative corner stubborn resistance, not self-control!"

On the left side of the chariot, a young man holding a knife opened coldly, stepped out, the sword came out of the sheath, and a terrible knife light shone.

Bump bump bump...

Daoguang flashed, Wu Zixiong's condensed war horses all shattered, and Daoguang kept cutting towards Wu Zixiong.

Wu Zixiong groaned, his body retreated, and there was another wound on his body, blood flowing.

"Zi Xiong, are you okay!"

Several people in Wu Ming Wu Yue were shocked and stopped quickly, helping Wu Zixiong.

"If you don't want to leave something fresh, you are dead!"

The young man holding the knife spoke coldly.

"It seems that we can't go away today!"

Wu Zixiong sighed.

The young man with a knife was extremely powerful. During his heyday, he was not the opponent of the opponent, let alone injured.

Moreover, there are three other opponents who have not shot.

The most amazing thing is that the tank is the real big man.

Uh!

At this moment, Lu Ming's figure flashed and came to Wu Zixiong and others.

"Lu Ming, why don't you go, hey, why don't you go!"

Wu Ming sighed again and again.

"He has a sense of self-knowledge, knowing that he can't walk away, he won't go away, ha ha ha!"

The young man with a knife sneered.

"what happened?"

Lu Ming directly ignored the young man holding the knife and asked Wu Ming and others.

"Lu Ming, they are the people of the Nine Swords Heavenly Palace!"

Wu Mingdao.

"Nine Sword Heavenly Palace!"

Lu Ming looked.

Before coming in, Bai Li told them that this time they entered the ancient city of Xingyue, as well as the celestial princes of the other heavenly palaces. In addition to the Jiujue celestial palace, a total of four celestial celestials entered the ancient city of Xingyue.

I haven't met it before. Now, I finally met other people from the Tianwang Mansion.

Chapter 3028: Cruel means

"Hey, garbage from Jiu Jue Tian Wang Mansion, just obediently grab your hands, lest I do it!"

The young man with a knife sneered.

"Come on, even if we die, we won't fall on your hands!"

Wu Zixiong roared with a stern expression.

Roar! Roar!

At this moment, the two wild beasts pulling the car roared with a powerful anger.

"Don't talk nonsense, the beast is hungry!"

At this moment, a cold and quiet voice came out of the chariot.

On both sides of the chariot, the four young men and women changed their faces when they heard the sound.

"Master, wait a minute, I will feed the beast!"

The young man with a knife before, nodded and bowed his waist, with a respectful face, and then stepped towards the back of the chariot.

"No, no!"

"I beg you, forgive me!"

After the chariot, those young men **** with iron chains screamed in fright, some shouted, some begged for mercy.

"Noisy, the loudest of your two calls, annoying, just you two!"

The young man holding the knife stretched out his hand, and an attraction burst out, forming a big hand, holding the two in his hand.

"Forgive life, forgive life!"

"No, I don't want..."

The two young men screamed sternly and struggled frantically.

However, these young people seem to have been hit hard and can't get rid of it at all.

The young man holding the knife grabbed the two young men, returned to the chariot, and flicked their hands, and the two young men flew out.

Roar...

The two wild beasts roared, opened the big mouth of the blood basin, one bite at a time, swallowed the two young men into the mouth, and chewed.

Two screams came from the mouths of the two wild beasts, and then there was no sound. Then, the blood flowed out along the corners of the beast's mouth, and the scene was terrifying.

Wu Ming and Wu Yue were extremely ugly.

The remaining youths behind the chariot are full of despair.

boom!

Lu Ming suddenly burst into a cold breath, full of murderous opportunities.

He finally knew why these young men were tied with iron chains behind the chariot. It turned out that these young men were the rations of the two wild animals pulling the chariot.

It is cruel and extremely cruel to use the arrogant characters to feed your own wild beasts.

With Lu Ming's character, he couldn't help but reveal a strong murderous opportunity.

"Yo, the killing is so strong, do you want to kill me? A **** is five-folded and can't control himself!"

The young man with a knife sneered at Landing Ming, full of disdain.

"Don't talk nonsense, take them down, and then go find more food for my beast, don't waste time!"

At this time, the cold and quiet voice came out of the chariot.

"Yes, son, I won them immediately!"

The young man with a knife changed his face, bowed to salute, and then looked at Lu Ming and others with a cold eye.

"Go, go quickly, spread out, one can escape one by one, if you can't escape, you will explode and never fall on their hands!"

Wu Zixiong shouted.

They would rather explode and crush their bones, rather than fall on the hands of the young man holding the knife.

Falling on the opponent's hand, the ending is extremely miserable, and will become the ration of the wild beast.

"Want to go and dream, Sky Sword Cage!"

The sword-bearing young man snorted coldly, and his breath burst out, and the brilliance came out out of nowhere. It was huge. Each one was 10,000 meters long, distributed in all directions, and enveloped Lu Ming among them.

"not good!"

Wu Ming and other people's faces changed wildly, and the back road was blocked. They wanted to escape, and could not escape.

"Explode!"

Wu Ming sighed, and then his body was filled with powerful fluctuations, he wanted to explode.

But at the next moment, a palm pressed against Wu Ming, and all his boiling power was pressed down.

"Why do you want to explode yourself? Kill these scumbags, no!"

A faint voice sounded, it was Lu Ming who spoke.

"what?"

Wu Zixiong, Wu Ming and others were all stunned.

Kill each other?

The young man with a knife had shot before, and the cultivation of the half-step **** king was not low in awakening of the divine power, especially the extremely powerful combat power. During his heyday, Wu Zixiong was not the opponent of the opponent.

The other three youths have never shot, but their strength is certainly not low.

There is also the presence on the tank, which is even more unfathomable. How do they kill each other?

It's all about hitting stones with eggs.

"Hahaha, what did I hear? A man with five celestial gods said he was going to kill us, am I not wrong?"

The young man with a knife laughed.

"You heard it right, he did say so!"

Another young man also spoke, and a disdainful smile appeared on his face.

"This kid is really stupid. Isn't Jiu Jue Tian Wang Mansion such a thing?"

The young man holding the knife looked at Lu Ming with a mocking smile: "Boy, for your stupid sake, I am the first to give you the food for Li Beast!"

After talking, the young man with a knife stepped out, and at the same time, he reached out and grabbed at the landing.

A big hand formed and grabbed Lu Ming.

"not good!"

"Lu Ming, flash away!"

Wu Ming, Wu Yue and others were shocked.

"Trick and worm!"

Lu Ming spoke lightly and stepped out in the same step.

Roar!

As Lu Ming stepped out, a dragon chant sounded, and then a nine-clawed dragon condensed out and rushed to the condensed hands of the young man holding the knife.

boom!

Nine-claw Shenlong Faxiang dragon claws stepped out continuously, struggling to tear, and directly tearing apart the other's condensed big hands.

"what?"

This scene not only greatly exceeded the expectations of the young man holding the knife, but even Wu Ming, Wu Yue and others were stunned.

Lu Ming can actually resist the other party's blow?

The young man holding the knife was stunned for a while, then a strong murderous expression appeared in his eyes.

"Boy, it turned out to be a bit of a strength, no wonder it is so confident, but this strength, in my hand, can't withstand a blow, then I will show you, my true strength!"

The young man holding a knife shouted, and at the same time, a violent breath burst out.

The move just now was just a blow to the young man with a knife. Originally, I thought that against a person with five celestial gods, it was not at hand. I didn't expect Lu Ming's strength to exceed his imagination.

Now, he moved.

"Heavenly sword, cut!"

The young man with a knife shouted, and a terrible knife burst forth into Lu Ming.

Roar! Roar! ...

Lu Ming waved his hands, and a series of nine clawed dragons condensed out. A total of nine, culling towards each other.

The Nine Nine Claws Dragon Fascue continuously pounced on the knife light, the knife light continued to vibrate, and the last touch shattered.

"Boy, you..."

The young man with a knife was shocked, but Lu Ming's strength was unexpectedly so strong.

His voice did not fall, and nine divine dragons had already rushed at him.

"The Heavenly Sword is determined to cut the world!"

The young man with a knife yelled, and the sword blasted into the sky, the breath was stronger.

At this moment, he exploded with all his strength, not daring to hide anything.

This person's strength is indeed very strong, full of outbreak, stronger than Wu Zixiong's strength.

call out! call out! call out!

Dozens of knife-cuts in a row, cut towards Lu Ming.

Chapter 3029: Feed the beast yourself

The young man holding a knife exploded with all his strength, and his divine power burned like a flame. He cut a dozen knives to Lu Ming continuously. Each knife light seemed to be able to traverse the void and have terrible power.

A dozen blades of light covered Lu Ming's body.

"Be careful!"

Wu Zixiong shouted involuntarily, before, he was defeated by this trick and was injured by this trick.

Roar! Roar! ...

The sound of Longyin continued to sound, and nine nine-clawed dragons emerged from Lu Ming's head. The dragon's qi soared into the sky, and the huge body twisted, killing the young man holding the knife.

Nine-claw Shenlong Fa-phase, the dragon claws stepped on continuously, constantly blasting towards the sword light of the young man holding the knife.

boom! boom! boom!

The roar continued to ring, and finally, the young sword-bearing young knife shook violently and collapsed one after another, and the dragons continued to rush towards each other.

"how is this possible?"

The young man holding a knife could hardly believe it. With one blow, he couldn't take Lu Ming. Not only could he not take Lu Ming, but also his attack was defeated by Lu Ming.

"The Heavenly Sword is determined to cut the world!"

The young man with a knife shouted, and spared no effort, and the sword was cut continuously.

After cutting out dozens of knives in succession, the young man holding the knife finally blocked the attack of the Nine-claw Divine Dragon Fas and defeated the Shenlong Fas.

But the young man who held the knife himself backed off again and again, backing for several thousand kilometers in a row, and then his face was incredible.

"Primary Divine Factor, you awakened the Primal Divine Factor, impossible, impossible...how could you awaken the Primal Divine Factor?"

The young man with a knife yelled insanely, with an incredible expression on his face.

The fivefold of Tenjin actually awakened the original divine power factor, what a metamorphosis.

Not only he, beside the chariot, but also three other young men and women, who also had a look of dementia, dumbfounded at the landing.

The fight just now, Lu Ming's divine power filled with that kind of wild and ancient atmosphere, absolutely not wrong, definitely awakened the original divine factor.

"This this..."

Wu Zixiong, Wu Ming and Wu Yue were also gaping, completely stunned and unbelievable.

Lu Ming, actually awakened the original divine factor?

They remember clearly, when they first entered the ancient city of Xingyue, Lu Ming's strength was far worse than it is now. It was completely one heaven and one earth.

At that time, Lu Ming faced the siege of several masters of the Qin family and was very dangerous. In the end, it was up to them to release the siege, and Lu Ming was able to get out.

But now, Lu Ming's cultivation practice has not only increased its weight, but also awakened the original divine power factor, and its combat power has skyrocketed.

This speed of improvement can only be described as perverted.

boom!

At this moment, a powerful breath also broke out in the tank. Obviously, the presence in the tank was also very unsteady.

"Interesting, interesting. Ten gods are fivefold, and they awakened the original divine power factor. I didn't expect Jiu Jue Tian Wang Mansion, and there are such characters!"

The presence in the chariot first sighed, and then the voice turned cold, said: "Very good, such a arrogance, the most suitable for feeding my beast, hahaha, three of you, shot together and killed him for me , No, abolish him first!"

"Yes, son!"

Outside the chariot, three other men took orders, and at the same time the swords were unsheathed, flashing in shape, and surrounded Lu Ming and Wu Ming together.

At the same time, the young man with a knife before him stepped back, his face very cold.

Lu Ming actually repulsed him and made him lose face in front of the son, Lu Ming, **** it!

Wu Ming et al.'s face changed again.

Although Lu Ming can repel the young man holding the knife, but in the face of the four of the team, can he be the enemy?

"Shoot!"

The young man with a knife roared and took the lead. The knife broke through the air and killed Lu Ming.

Uh! Uh! Uh!

The other three also shot at the same time, and the divine power exploded, cutting a terrible knife.

The strength of these three people is also very terrible, all of which are the cultivation of the half-step God Realm, and the degree of awakening of divine power has also reached about 50%.

The existence in the chariot, I don’t know what his identity is, there are four such arrogances, and I respect him.

The knives in all directions enveloped Lu Ming and Wu Ming Wu Yue together.

Obviously, the other party wants to solve Wu Ming and Wu Yue together.

"Shoot!"

Wu Zixiong yelled, ready to fight back, they could not sit still.

"I come!"

At this time, Lu Ming's voice sounded, and at the same time, nine ice chains flew out, surrounding Wu Ming and them.

Boom! Boom! ...

Daoguang chopped continuously on the chain of ice, and the chain of ice did not move, leaving no trace.

"Now, it's my turn, break the sky, break the sky..."

A long spear appeared in Lu Ming's hand. The spear vibrated and burst out of the stab.

call out! call out! ...

Dozens of guns in a row, rushed to the four young men holding knives.

With three blows to destroy the world and break the air, this move is extremely amazing under the blessing of Lu Ming's divine power and the blessing of four times the combat power of the war character tactics.

The four young men with knives carried out knives in succession and cut them on Lu Ming's gun mansions, which only blocked Lu Ming's gun mansions.

However, the four of them backed off again and again.

"Cut the moon!"

After Lu Ming repelled the four young men holding the knife, he stepped out and stared at the young man holding the knife.

A crescent-shaped spear was cut towards the young man holding the knife.

The power of this move is naturally above the break.

"Heavenly sword..."

The young man with a knife shouted, struggling to cut a knife, and collided with the crescent-shaped spear.

With a violent roar, the sword light of the young man with a knife shattered, his mouth vomited blood, and his body retreated.

However, the two chains of ice entwined him at a very fast speed.

"roll!"

The young man with a knife yelled, hoping to jump off the chain of ice, but Lu Ming struck the person again.

bump!

The young man holding the knife continued to vomit blood and retreated. The two chains of ice took the opportunity to wrap around the young man holding the knife, and then tightened. The young man holding the knife screamed, and the bones of the body broke and twisted into a twist.

At the same time, a layer of cold froze him, leaving him immobile.

All this is quite long, but it only happens in the blink of an eye.

Lu Ming repelled the four masters with one stroke, and then captured the young man holding the knife, everything happened in one breath.

"Don't you like to feed your wild beasts with other people's lives? Then I don't know how it feels to feed them with your lives?"

Lu Ming's indifferent voice sounded, manipulating the ice chain, and throwing the young man holding the knife towards a wild beast pulling a chariot.

The young man holding the knife revealed a terrified look in his eyes and wanted to yell for help, but he was sealed by Lu Mingbing and could not cry out at all.

Roar!

A fierce wild beast saw someone flying towards him, screamed, opened the big mouth of the blood basin, and bit down at the young man holding the knife.

With a snap, the young boxer was bitten into two.

Then, the wild beast chewed a few times and completely ate the young man holding the knife.

He used to catch others to feed the wild beast, but he was buried in the mouth of the wild beast.

"you wanna die!"

The remaining three youths roared with a horrified expression.

Chapter 3030: Worm

The remaining three youths shouted, but they were terrified, and they dared not continue to attack.

"Interesting, really interesting!"

At this time, in the chariot, the cold and quiet voice was heard again, randomly, the curtain floated, and a young figure stepped out of it.

This is a young man who looks like he is in his twenties and looks very handsome, but his eyes are long and narrow and sharp, like a blade. When he looks at his eyes, it is as if his body was cut by the blade.

"God...Mortar!"

The other three young men and women quickly saluted the young man.

The young man, named hornworm.

"Why didn't you save him just now?"

Lu Ming asked at random, Lu Ming said ‘he’, naturally referring to the young man holding the knife before.

At the distance just now, the larvae had a chance to save him, but the other party was indifferent.

"A waste, what is left to do? Just feed my beast!"

The hornworm said lightly.

Roar! Roar!

It seemed to be cooperating with the goddess, the two wild beasts roared loudly, and the unbearable grief came out.

The other three young men and women looked ugly, but did not dare to say anything.

In the eyes of the goddess, their life is not as good as the two wild beasts.

"Leave this kid to me. You take those few people and make up for it. Do you understand?"

The **** son spoke again and glanced at the three.

"Yes!"

The three nodded in a hurry, then the knife burst into flames, and they killed Wu Mingwuyue.

However, Lu Ming thought about it, and nine ice chains flew out, covering them with Wu Ming and Wu Yue. The three young men's swords were cut on the ice chains, all blocked by the ice chains.

"Boy, your opponent is me!"

At this moment, the goddess drank coldly, his palm was like a knife, and he slashed toward the landing.

He replaced the knife with the palm of his hand, and the blade was shocking, and he was a lot stronger than the young man who held the knife before.

"roll!"

Lu Ming shouted and his body swelled sharply. Lu Ming used the ancient **** body directly and turned it into a young ancient **** a few hundred meters high.

boom!

The spear buckled upwards, bombarded on the light of Heavenly Bug's knife, and a violent roar erupted. The light of Heavenly Bug's knife continued to vibrate. Then, the face of Heavenly Bug changed, and his body retreated suddenly.

"kill!"

After repeling the larvae, Lu Ming suddenly turned around, and the spear was shocked, and three guns burst out, killing three other young men and women.

Lu Ming is now in the state of the ancient **** body, how terrifying the power of his shot, the three young people can't resist.

puff! puff! puff!

Three spears penetrated through, the blood spattered, and the three youths were directly killed and fell to the spot.

"you wanna die!"

After being stabilized, Tian Tianzi saw three young men and women killed, roaring, and a terrible breath broke out on him.

An ancient atmosphere of flood and rage emerged.

Original divine power factor!

The celestial prince, is a peerless arrogant awakening the original divine power factor, and the cultivation base is also in the half-step **** realm.

At this time, his eyes were extremely cold, and the cold killing on his body continued to spread.

In the move just now, he didn't use his full strength at all. Unexpectedly, Lu Ming's strength was so amazing, and there was a hole card. He suddenly used an ancient **** body to knock him back.

boom!

The mantis stepped out in one step, and a blade of light rose up into the sky. The vast pressure came toward the landing.

"This is kind of interesting, kill!"

Lu Ming shouted, fighting for the night, carrying a spear and slaying it towards the goddess, a crescent-shaped spear, slashing down.

"Heavenly sword!"

Heavenly Cultivator also practiced Sky Sword Decision, with a slash in the palm of his hand and a bright blade of light, slashing toward the landing. It was not much stronger than the young men and women before.

boom!

The two's attacks collided together, evoking the turbulent waves, and the energy was like a tide, rushing in all directions.

The body of the two flicked slightly, and then killed together.

boom! boom!

It's a completely hard-to-tack play. Daoguang and Gunman have collided a dozen times in a row.

"How can this boy be so strong?"

Continuous battles made the larvae more and more shocked.

He is the peerless arrogance of the Nine Sword Heavenly King's Mansion. Half-step God King Realm awakened the original divine power factor. Under the God King, it is almost invincible. There are few who can fight him.

He never dreamed that one day, he wouldn't even be able to win a person with five gods.

"Heaven body, make me!"

The mantis screamed, and his body began to change dramatically and became bigger, and finally turned into a huge mantis hundreds of meters high.

"It turned out to be a praying mantis, so ugly!"

Lu Ming pouted.

The praying mantis transformed by the hornworm is not some kind of secret technique like the ancient **** body, but the body of the hornworm.

Mantis is a kind of mantis animal.

"It's your pleasure to see my body, let me die!"

The **** voice of the hornworm sounded, and with a few feet behind, his body rushed towards Lu Ming, and the speed was astonishingly fast.

Then, with his two front paws, he slammed toward the landing.

The two front claws of the larvae are two sharp swords, which are extremely sharp.

Lu Ming waved his spear and greeted him.

when! when!

After several collisions in a row, Lu Ming's body stepped back a little more than a dozen steps. The lance in his hand kept shaking, and several gaps appeared on it.

"Good sharp claws!"

Lu Ming secretly marveled.

The opponent's claws were really sharp and harder than the artifact. Lu Ming's ninth-order top-grade artifact was cut out of the gap.

"Wu Ming, Wu Yue, you step back, move back a little farther!"

At this time, Lu Ming gave Wu Ming and Wu Yue heard them.

The worm is extremely fast, and Lu Ming has to be distracted to protect Wu Ming and others, and it is difficult to play the best state.

"it is good!"

Wu Ming, Wu Yue and others naturally knew Lu Ming's situation, and they flew back quickly.

The larvae glanced at Wu Ming and others at will, but did not pursue him. In his view, Wu Ming and others, but Xiaomi, Lu Ming were the big fish.

As long as Lu Ming was killed, no one else could run away.

"Kill, kill, kill!"

The hornworm drank coldly and kicked his hind foot. His body rushed towards Lu Ming at an alarming speed. The two front claws continued to slash out. In a flash, he slashed out hundreds of knives.

"bring it on!"

Lu Ming's fighting spirit was strong, all the body's divine power exploded, the spear was shocked, and the World Extermination Three Strikes were displayed, pushing the World Extermination Three Strikes to the extreme, to the eighth level.

call out! call out! ...

A burst of guns burst out like a meteor in the sky, piercing the larvae.

The guns and the knife light collided once again, like stars exploding in the sky, vigorous force, slammed into the earth, blasting the earth out of pits, and there are ravines, a pair of devastating earth Sight.
