

D Emperor 3031

Chapter 3031: Dish abuse

The damage caused by the war between Lu Ming and Tian Tian Gong is similar to the damage caused by the war between the two **** kings.

boom!

There was another violent roar, and the body of the goddess retreated backward, and a white mark appeared on his body.

In the continuous collision, Lu Ming finally found a chance and stabbed on the body of the goddess.

"What a thick carapace!"

Lu Ming's eyes moved.

Just now, he stabbed the larvae with a single shot, but he did not break the outer carapace of the larvae.

"Hahaha, you can't break my defense, only I kill you, do you understand?"

The celestial lord laughed, and several of his hind feet pushed the void again, and the void exploded. With a loud bang, his body killed Lu Ming.

In the process of rushing forward, the hornworm's hind foot was kicked again, making him faster, almost lifted to the extreme, and appeared on the right side of Lu Ming at once, slashing a few knives towards Landing Ming.

Lu Ming's spear swept out, blocking the attack of the larvae, but the larvae's rear foot was kicked again, and appeared on the other side, attacking Lu Ming.

The hornworm's rear foot stepped into the void, making his speed astonishingly fast, constantly flashing around Lu Ming, and constantly attacking, as if from all directions, he was slashing towards Lu Ming.

Lu Ming thought about it, and the ice chain was broken around him. Those knives were chopped on the ice chain and issued a sonorous clang, but they were finally blocked by the ice chain.

"It seems that you can't break my defense!"

Lu Ming spoke lightly.

"Really, do you think you can prevent me, break me!"

The hornworm shouted, and his front claws continued to slash towards Lu Ming, slicing on the ice chain, and the ice chain vibrated, and a gap appeared on it.

But after all, the attack of the worm is still blocked.

The power of the worm is very amazing. The overall combat strength is definitely not under Jin Yuan. However, in terms of the highest single attack, it is still a little worse than Jin Yuan's Sword of Void.

However, the speed and defensive power of Celestial Prince is stronger than Jin Yuan, and the overall combat power is even a little stronger than Jin Yuan.

"It's my turn, cut the moon, cut the moon!"

Lu Ming shouted, and he rushed out without the money, and continuously exhibited the trick of chopping the moon. A crescent-shaped spear burst into the celestial prince.

boom!

Finally, the two collided once again.

However, after Lu Ming's three-strike annihilation broke through the eighth level, his strength improved again when he battled with Jin Yuan. In a head-on collision, he still outperformed the goddess.

The sky roared, and the larvae's body shook like a cannonball, falling towards the ground and hitting the ground heavily.

boom!

The ground roared and continued to explode, and a large crater with a radius of tens of thousands of squares appeared, and the cracks were covered with hundreds of thousands of squares.

This is still in the ancient city of Xingyue. Everything in the ancient city of Xingyue is harder than the outside. If you change it on the outer planet, the destructive power is far more than that.

Roar...

Seeing the larva smashed on the ground, the two wild beasts roared, stepped on the void, and rushed towards the landing.

The strength of these two wild beasts is very strong. Although they are not as good as the goddess, they are comparable to Qin Wukong and other characters.

"Two beasts, find death!"

Lu Ming's eyes were cold, and he split out two consecutive shots, and two crescent-shaped spears cut off.

These two moves are almost Lu Ming's strongest blows. How can the two wild beasts resist them? Directly split in half and fell on the spot.

Then, the dead beast's body fell, pulling the chariot, and the dozen or so young men behind the chariot, falling towards the ground.

"Hold on!"

A young man shouted, and the residual divine power barely stabilized his figure.

"Boy, you die, I want you to die!"

The ground exploded and a figure rushed out, it was the goddess.

The hornworm turned into a praying mantis and could not see the expression on his face, but his eyes were extremely cold.

As he soared into the sky, his two front paws merged together, then his body spun rapidly, like a poison dragon drill, and came towards the landing Ming Ming.

Wherever he passed, the violent tremor of the void sent thunder and flames, showing how amazing its power is.

"Are you desperate!"

Lu Ming whispered.

Obviously, this is the strongest trick of the goddess, and it is also a desperate trick.

"Then come!"

Lu Ming took a deep breath, and the magical power in his body rushed towards his arm, and then into the spear.

"Starburst!"

Lu Ming growled, and his spear pierced downward, and a huge spear burst out, piercing the son of the worm.

boom!

At the moment when the gunman and the celestial horn collided, they burst into burst, and the terrifying destructive power rushed towards the celestial horn.

Zizizi...

The venomous dragon claws transformed by the damselfly collided continuously with this destructive force, and continued to cut, bursting with a harsh sound, but at the next moment, the speed of the worm's rotation was rapidly reduced.

"Damn..."

The mysterious son roared incredulously, and the body was rushed out by the power of destruction, and once again fell like a meteor towards the ground.

boom!

The larvae hit the ground for the second time. This time the movement was bigger than the last time. The ground kept breaking down, and the endless gravel dust rushed hundreds of thousands of miles away with the shock wave.

"Brother Lu Ming, what a terrifying power..."

In the distance, Wu Ming, Wu Yue and others saw this scene, swallowing a spit, and looked demented.

Such strength really exceeds their imagination.

If it were not for their personal experience, it is really difficult to imagine that Lu Ming still needed them to rescue when he first entered the Xingyue Ancient City a few years ago.

Now, even if the strongest Wu Zixiong faces Lu Ming, I am afraid that he will only be killed in seconds.

"No wonder Zifeng's non-stop Kua Luming brother said that he is a rare wizard in the world. One day, he will be famous for the Taixu dynasty. Now it seems that it is nothing!"

Wu Yue sighed.

"It's more than that, I just underestimated Brother Lu Ming. In my opinion, Brother Lu Ming's stage, I'm afraid it's not just a sacred pilgrimage!"

Wu Zixiong said.

Several people lamented repeatedly, but Lu Ming's attack did not stop at all.

After he knocked down the ground bug, Lu Ming swooped down, like a flash of lightning, and rushed towards the land where the ground bug fell.

He wanted to blow up and kill the goddess.

Lu Ming's spear pierced directly into the eyebrows of the goddess.

The larvae, lying in a pile of rocks, vomited blood, saw Lu Ming killing, and quickly raised two front paws to block his eyebrows.

when!

Lu Ming's long spear, stabbed on the front claws of the goddess, was like stabbing on several artifacts, making a sound of gold and iron collision.

Chapter 3032: Kill the worm

Lu Ming stabs the front claws of the goddess.

boom!

Horrible power erupted, rushing towards the **** son crazy, and the ground continued to crumble and explode again, especially the ground beneath the **** insect.

Finally, a loud noise erupted, and the rock beneath the larvae collapsed, actually collapsed, and there were black holes, hundreds of kilometers long and wide.

The corpus larvae's body fell directly down.

"Below this, there is an underground space?"

Lu Ming's eyes moved, but he thought a little, and he didn't hesitate, swooping down and rushing down.

Under the ground, there is a huge underground space, and there are statues.

"this is..."

Lu Ming glanced at the statues and found that these statues, like statues of various primitive gods, are very tall, and the shortest are thousands of meters high.

This underground is like an underground palace.

The ground was paved with a kind of dark rock. The hornworm hit the ground with a dull roar. The hornworm spit out a few mouthfuls of blood in a row, and the breath was a little slack, but the ground was nothing, let alone burst. By the way, even if there is no crack.

This kind of ground is hard and unimaginable.

Lu Ming did not continue to attack, but looked around for a while.

All around, except for the huge statues, there is nothing, a quiet, nothing abnormal.

The **** son took the opportunity to get up, made a defensive state, and watched the landing cautiously.

At this moment, his eyes were full of horror, and Lu Ming's strength exceeded his imagination.

"Unexpectedly, there is such a place in the underground, which just happens to be your burial place!"

Lu Ming's faint opening is full of cold killing opportunities.

"Boy, I admit that your strength is very strong, but you want to kill me. You have a dream. Now that the war is over, he is also very tired. Is your power almost exhausted?"

The worm said.

Lu Ming's strength is only a little stronger than him. Want to kill him and dream.

"is it?"

Lu Ming's mouth twitched slightly, his feet stomped, his body rushed out suddenly, and then shot with a shot.

This shot is a star burst!

Lu Ming directly used the strongest move, a lance, and stabbed towards the worm.

"Another trick..."

The hornworm's pupil contracted sharply and his body collapsed, trying to avoid this trick.

boom!

But at the moment when the larvae receded, the spear burst and burst into an energy of destruction, rushing towards the celestial corpse.

The hornworm screamed, his body was rushed out, and he smashed heavily on a statue.

boom!

There was a violent roar, and the statue was motionless and not damaged at all, but the larvae, even spitting out several mouthfuls of blood, the carapace on his body was dented, almost cracked.

"Damn..."

The larvae roared, and before Lu Ming could shoot, his back foot kicked, his body retreated sharply, and backed up to a huge statue, and then his back foot was kicked again, rushing from this statue to another statue.

In this way, the figure of the celestial worm is continuously leaping on the statues, the speed is like lightning.

As a result, Lu Ming can't accurately capture the position of the larvae, and his attack power is difficult to exert.

"Hahaha, boy, look at how you killed me. When I go out this time, I want you to die without a burial place, the miscellaneous pieces of Jiu Jue Tian Wang Mansion!"

The larva laughed loudly, and his voice was extremely fierce.

He is the son of the goddess of heaven, and he is in a high position in the palace of the Nine Sword Heaven.

"In such a situation, you still want to go out. It's really naive. You think that such a method can avoid my attack, Tian Luo Di Wang!"

Lu Ming sneered, and then nine ice chains flew out.

Nine ice chains, which are rapidly becoming longer, shuttle between the statues, intertwined and surrounded.

The ice chain is a mysterious technique, as long as it is supported by Lu Ming's divine power, it can grow continuously.

咻咻咻...

Nine ice chains shuttled between dense statues, and even the sky was enveloped.

The face of the worm was changed, so that his range of activities was greatly reduced.

"kill!"

Lu Ming killed him with a long gun.

The worm is retreating sharply, chopping several consecutive swords on the ice chain, but the ice chain vibrated a little, but it was not cut. The ice chain squirmed a bit, but wanted to entangle the worm.

The hornworm's face changed, and he quickly retreated.

But he was greeted by guns.

The worm can only dodge quickly.

"Starburst!"

Lu Ming seized the opportunity and burst another star burst.

boom!

This time, the goddess was bombarded and screamed, his body was blasted out and hit a statue.

This time, he was more seriously injured, and several cracks appeared on his carapace.

The blood kept flowing out.

His defense was broken.

There was a deep fear in the eyes of the worm.

"No, I can't die here. His tricks must never be played too many times!"

The hornworm shouted.

But, the next moment, he was even more desperate.

Because Lu Ming stabbed again, this time, it was also the trick of starburst.

what!

The hornworm screamed again, the body was destroyed by the power of destruction, and blood was scattered everywhere.

This time he was even worse. The carapace on his chest completely shattered, a large piece of flesh flew away, and even saw the internal organs.

The larva lay on the ground and vomited blood, and he had no resistance at all.

"Send you on the road!"

Lu Ming spoke indifferently.

"No, you can't kill me. I'm from the Nine Sword Heavenly King Mantis family. You killed me. Do you want to cause the Jiuju Heavenly King Mansion and the Nine Sword Heavenly King Mansion to go to war?"

The beetle shouted.

"The two heavenly palaces are at war? What's the matter to me?"

Lu Ming sneered.

Stride forward.

"No, if you kill me, the ants will not let you go!"

The hornworm shouted.

"Oh, even if I kill you, who knows?"

Lu Ming continued to sneer, and the face of the worm was pale, screaming: "No, don't..."

"Starburst!"

Lu Ming was too lazy to pay attention to the larvae, another explosion star burst out.

puff!

This time, the gunman pierced directly into the body of the larvae, and then burst apart.

The screams of the stag beetle came to an abrupt end, because his body had burst apart, flesh and blood were scattered everywhere, and his soul was extinguished.

Heavenly Bug, a peerless arrogant awakened by the original divine factor, fell!

call!

After killing the goddess, Lu Ming took a breath.

This is really hard to kill, the speed is fast, and the defense is amazing.

Chapter 3033: The two heavenly palaces

There are few weaknesses.

The attack power is extremely powerful, the speed is fast, and the defense power is amazing. This kind of person has a very strong life-saving ability.

If it is in the open land outside, even with Lu Ming's current strength, he can't kill the celestial prince.

However, there was a bit of a luck for the hornworm. This underground, there was just an underground space, filled with extremely hard statues. Lu Ming blocked the surrounding area with ice chains, so that the movement ability of the hornworm was interfered. Take the opportunity to kill.

Moreover, Lu Ming continued to use the starburst trick before killing the goddess.

Using other tricks, I am afraid it is difficult to break the defense of the worm.

Then, Lu Ming looked around.

Here, there is actually an underground space, and it is still in a deep position on the ground. Before, the hornworm hit the ground continuously, and was bombarded by Lu Ming again, and at least blasted the ground for thousands of miles before entering this place. underground space.

In other words, this underground space has never been discovered.

An underground space that has not been discovered can also be said to be a piece of underground remains. Will there be any treasures?

Thinking of this, Lu Ming's eyes shone slightly.

Now that you are here, it is better to explore it.

But at this moment, a pattern appeared on the ground suddenly.

"this is..."

Lu Ming's eyes narrowed, because he found that the blood spilled from the killing of the goddess before was actually absorbed by the ground. Then, a blood-red texture appeared on the ground, covering the entire underground space.

Even those statues have blood red lines emerging.

This is a big battle!

Lu Ming instantly judged that this was a large formation, and seemed to be inspired by the blood of the worm.

"not good!"

Lu Ming's face changed, and it was not appropriate to stay here for a long time. He had just risen into the sky and rushed out of the gap, but at this time, the ground roared violently, and one of the ground suddenly burst out, blocking the gap. .

boom! boom!

Then, the whole underground space was changed, some areas were raised and some areas were recessed.

The surrounding environment has changed dramatically.

Rumble!

Moreover, the vibration became more and more intense, as if the whole earth shook violently.

At the moment, an amazing scene also happened outside.

Just now, the area where Lu Ming was fighting with the celestial son suddenly appeared thick and thick runes. Numerous runes were intertwined and intertwined, surrounding each other, exuding a brilliant brilliance, covering the territory of tens of thousands of miles. Cover it.

In addition, the scope of the rune is still expanding rapidly, and soon, the range of 100,000 miles is enveloped inside.

"How is this going?"

Wu Ming, Wu Yue and other people's faces changed, and they retreated one after another, fearing that they would be shrouded in runes, and have always stood outside the scope of the runes.

"A large array, why is there a sudden large array here, covering a radius of 100,000 miles!"

"No, Brother Lu Ming is still inside!"

Wu Ming and Wu Yue's faces changed.

"Let's save Brother Lu Ming!"

Wu Zixiong gritted his teeth.

"it is good!"

The others nodded, then rushed towards the enveloped area.

However, when they just rushed to the envelope of the large array, they were blown out by an invisible energy.

They couldn't get close to the large enveloped area.

"Trouble!"

Several people in Wu Ming stayed outside the big formation, and their faces were ugly.

Lu Ming was in a big formation, I don't know what happened.

Rumble!

The ground vibrated more and more, with constant vibration.

The endless runes are intertwined to form a mysterious large array, exuding a dazzling brilliance, and the brilliance is getting brighter and brighter.

Soon after, the endless brilliance intertwined, forming a huge beam of light, rising into the sky and breaking through the sky.

Half of the sky was dyed blood red.

At this moment, even if they are far apart in all directions, the anomalies here have been discovered.

Some people are flying, some people are resting, some people are chatting, but at the moment, their eyes are intrigued by this side.

"What's there?"

"Xiaguang is so amazing, is there a strange treasure born?"

"Go and see!"

Many people's eyes flickered, and then they rushed towards the light.

Soon after, the area where Lu Ming was fighting with Tiantianzi had gathered a lot of people.

All are arrogances from all directions.

However, these days of arrogance were blocked, standing outside the large array and watching from a distance.

However, these days are obviously divided into two camps.

One of them is Jiu Jue Tian Wang Fu, and the other is Jiu Dao Tian Wang Fu.

As time passed, more and more people gathered here.

"Yibao was born, it must be that Yibao was born, otherwise there was no such movement!"

Many people have fiery eyes.

"Yibao was born, and the people of Jiu Jue Tian Wang Fu, leave me!"

Suddenly, someone shouted.

"Oh, it's ridiculous, it's your Nine Sword Heavenly Palace that should be rolled!"

Immediately, there was a sneer from Tianjiao, the palace of Jiu Jue's heavenly king, with a sneer.

Under the Taixu Sheng Dynasty, the 27 Heavenly Kings' palaces are in a competitive relationship with each other. Many Heavenly Kings' palaces have frictions and even hatred in order to compete for resources.

Jiu Jue Tian Wang Mansion and Jiu Dao Tian Wang Mansion are not in harmony with each other.

When they come together, friction is inevitable.

"Then you die!"

The arrogance of a nine-knife king's palace drank coldly, the sword was out of the sheath, and a terrible sword light came out violently.

puff!

A Tianjiao, a palace of nine celestial beings, didn't pay attention and was directly beheaded and fell here.

"court death!"

"Kill me the mess!"

Suddenly, Tianjiao on the side of Jiu Jue Tian Wang Mansion was furious and attacked one after another, killing the people in Jiu Dao Tian Wang Mansion.

"kill!"

The arrogance of the Nine Swords Heavenly Palace was unwilling to show weakness, and launched a counterattack.

Most of the arrogance of the Nine Sword Heavenly King's Palace practiced the sword technique.

At the scene, there was a scuffle.

Of course, not all Tianjiao participated in it, and some people did not start, and they stepped back and distanced themselves.

Wu Ming, Wu Yue and others also stepped back a distance.

Many wars of arrogance are fierce, and in an instant, someone fell and bloodshed the sky.

The war is getting more and more intense, and both sides lose.

Uh!

Suddenly, in the crowd, a dazzling blade of light shone.

This blade of light was so gorgeous that it broke through nine days. The blade of light was filled with the ancient atmosphere of Honghuang.

what! what!

In a row, several celestial princes of the Nine Heavenly King's Mansion were slashed in half.

"The original divine power factor is the original divine power factor!"

"Tianjiao, who has awakened the original divine factor, has shot!"

Someone from the Jiu Jue Tian Wang Man shouted and was shocked.

Facing such a character, Tianjiao is not an opponent at all.

Chapter 3034: Overlord Gun, Chu Baxing

In the Nine Sword Heavenly King's Mansion, a burly young man with a horned back, holding a dark-skinned war knife, was as wild as a madman.

Every time he cut out, a Tianjiao of the Nine Great King's Mansion was killed, and no one was his enemy.

"Retreat, retreat..."

On the side of Jiu Jue Tian Wang Mansion, many people were frightened and retreated.

"Kill, kill, the people of Jiu Jue Tian Wang Mansion, all die to me!"

The young man with his horns behind his back laughed arbitrarily, and the sword fell into the sky. He continued to cut out, and several people were killed by him in a row.

boom!

It was here that a stone spear pierced the void and sent out a horrible roar, killing the young man with a horn.

The face of the young man with horns changed his face, shouted, the sword shook, and he came out.

when!

The sword was chopped on the stone spear, and there was a violent roar, and the energy was overflowing. On the side, many people stepped back and forth and did not dare to get too close.

As a terrible force spread out, the young man with the horns shivered and took a few steps back.

The stone spear also flew out, and a young man came out of the air and grabbed the stone spear in his hand.

"Xu Yan, Xu Yan!"

"We are saved now!"

Seeing the later youth, the heavenly pride of Jiu Jue Tian Wang Mansion was overjoyed.

This person was the one who was practicing at the Pantheon Cliff before, and the deadline came, and the young man who Lu Ming occupied the other party's position was also an awakened existence of the original divine power factor.

"Xu Yan, it turns out to be you!"

The young man with a horn in his back is as bright as electricity, and his mouth is cold.

"Lu Ji, I will be your opponent!"

Xu Yan spoke, a stone spear waved in his hand, and the sky thundered.

Jiu Jue Tian Wang Fu and Jiu Dao Tian Wang Fu often compete with each other, and there are not many friction wars, so some of the top Tianjiao between them know each other, and even fought against each other.

"Very good, I haven't seen you in years, Xu Yan, I'm going to see what you have grown!"

Lü Ji sneered, stepped on his feet, and his figure was a sword of light, and he beheaded towards Xu Yan.

Xu Yanyan spear, shocked the sky, and together with the Lu Ji war.

boom! boom!

The two fought a fierce battle.

Both of them are the existence of the half-step **** king realm, and the awakening of the original divine factor, the secret technique controlled by them, is also amazing. For a time, the two men fought, it is difficult to distinguish the victory and defeat.

The two men fought tens of thousands of miles away, and no one dared to stand, and the overflowing energy was terrifying and shocking.

This kind of strength has surpassed some weak **** kings, such as the night demon king, I am afraid that there is no such fighting power.

If it was too close, it was hit by scattered energy and there was only one way to die.

However, there are exceptions.

A young man in a golden robe wandered the void and stepped closer to Xu Yan and Lu Ji Battle, stopping within hundreds of miles of the battle between the two.

His body was filled with bright golden radiance, and an ancient and aura of oldness resisted the energy outside.

"It's Jin Yuan!"

"Jin Yuan is here too!"

Many people were overjoyed at the Jiu Jue Tian Wang Mansion.

On the side of the Jiu Jue Tian Wang Mansion, there was another extraordinary Tian Jiao.

Jin Yuan was injured by Lu Ming at the beginning, and after this time, his injury has healed, and he was exposed.

"Jin Yuan, I don't know what level your hands of breaking the void have cultivated to, do you want to learn about it!"

A faint voice came, and in the other direction, there was a gray-robed young man, carrying a war sword, came out of the air, and a terrible breath enveloped Jin Yuan.

Jin Yuan's gaze narrowed slightly, which was also a natural pride that awakened the original divine factor.

"He handed it to me, breaking the hand of the void, claiming to be able to break the void, I have long wanted to get some advice!"

But at this time, another voice sounded, and then, a young man appeared.

This young man is undoubtedly also the strong man of the Nine Sword Heavenly King's Mansion. He is burly, wearing a golden armor and holding a spear.

In the Nine Sword Heavenly Mansion, most of the weapons used by people are knives, but there are exceptions. Not everyone uses knives. Just such people use guns.

This man was armed with a spear, and his will to fight the night was like a **** of war.

"Overlord Gun, Chu Baxing!"

Jin Yuan's eyes narrowed slightly.

"It's me, come on, let my overlord gun show you your broken hand!"

The young man wearing the golden armor, named Chu Baxing, was very domineering, with a violent momentum, stepping out of it, he was slaying towards Jin Yuan.

Buzz!

The long gun vibrated, and a huge golden pistol fell down toward Jin Yuan.

"Huh, it's the gun again, break me, break the hand of the void!"

Jin Yuanli shouted, and his palms turned into pure gold, and he split out with one palm.

In the sky, two golden lights collided together, and a terrifying roar erupted, and the terrible impact turned into a circle of golden ripples, pervading all directions.

The two trembled, and then continued to fight together.

boom! boom!

Everyone could only see that two golden radiances collided constantly in the void, and the speed was so amazing that the void exploded continuously, and a vigorous bombardment hit the ground, blowing out terrifying pits.

However, whenever there is vigour rushing to the land with runes, it will be blocked by an invisible force.

"Jiu Jue Tian Wang Fu, are there two decent people, but can someone be my opponent?"

The Nine Sword Heavenly King Mansion, the gray-robed young man with a knife on his back, opened his mouth coldly and glanced at the Jiu Jue Heavenly Mansion.

Many people's faces have changed greatly. This person is obviously the same as Jin Yuan and Xu Yan. They are the same level of Tianjiao. Except for the same level of Tianjiao, who can be the enemy?

"You have to fight, I will accompany you!"

A cold voice sounded, and then, a violent breath filled the world, and then, a burly young man appeared.

This young man, dressed in a fur coat, has a burly figure, and his eyes are fierce, like a wild beast.

"It's him!"

On the side of Jiu Jue Tian Wang Mansion, many people's eyes lit up.

This young man is also a peerless arrogant. When he entered the ancient city of Xingyue, he passed through the Tianmen, and he was also awakened to the existence of the original divine factor.

"Interesting, it seems that there are a lot of arrogance in the Jiu Jue Tian Wang Mansion here!"

The gray-robed young man sneered. The war knife behind him buzzed and shook, as if to be sheathed. Without the sheath, a terrible knife burst into the sky and broke into the sky.

"Today, it's so lively!"

"Indeed, very lively!"

Then, two more sounds sounded, and two rainbow lights appeared from different directions, flying into the area where Jin Yuan and other people fought.

Two other youths showed their bodies and broke a strong breath.

Someone here recognized Jiu Jue Tian Wang Mansion, one of them was the arrogance of Jiu Jue Tian Wang Mansion.

When entering the Xingyue Ancient City, a total of four people in the Starry Sky Camp passed through the Heavenly Gate and awakened the original divine power factor. Now, all four are here.

However, there are also four geniuses of the same rank in the Nine Sword Heavenly Palace.

The two sides confronted each other, sparking a spark.

Chapter 3035: A castle

Many people stepped back and forth, exited far enough away, and looked ahead.

Could it be that the eight peerless arrogants on both sides are going to have a melee fight today?

That's a rare situation.

Some people even opened their eyes wide and watched carefully, trying to be inspired.

You know, Xu Yan and others have awakened the existence of the original divine factor. Watching their wars carefully and feeling the breath of the original divine factor, they can indeed get some inspiration.

Xu Yan and Lu Ji, Jin Yuan and Chu Baxing are still fighting.

boom!

At this moment, the two brilliant golden lights collided together at one time, and then the golden lights shattered, and the two figures retreated one after another.

It is Chu Baxing and Jin Yuan.

However, Chu Baxing's retreat distance is shorter, while Jin Yuan retreats farther.

"The way to break the void is nothing more than that!"

Chu Baxing spoke lightly, and his body was also filled with golden light, his spear buzzing and shaking, fighting for the night.

Jin Yuan's face was a bit ugly.

In the confrontation just now, he was actually at a disadvantage and was suppressed by Chu Baxing.

"Damn, how is it possible? My Jin family's way of breaking the void is invincible, how can it be suppressed!"

Jin Yuan roared in his heart.

First lost to Lu Ming, fleeing in embarrassment, even Jin Xing's life was ignored, and now he was suppressed by Chu Baxing, which made Jin Yuan's face ugly, and even doubted the Jin family's way of breaking the void.

"No, my Jin family's way of breaking the void is the strongest!"

Jin Yuan roared in his heart, and his breath became more and more violent.

There are nine golden war swords around his body. At this moment, nine golden war swords are merged into one and merged into Jin Yuan's body.

His body began to change and turned into a golden war sword.

Jin Yuan is about to start desperately, using the strongest move.

This trick, the strength of the attack was terrifying. At first, he used this trick to cut off Lu Ming's chain of ice.

"kill!"

Jin Yuan shouted and turned his body into a golden sword light, slashing towards Chu Baxing.

Faced with this trick, Chu Baxing's face also dignified, and he did not dare to carelessly, and his body was filled with bright golden radiance.

"God of War!"

Chu Baxing shouted and stabbed with a shot.

A splendid light burst out of the spear, and then a huge figure emerged out of thin air.

This is a golden God of War, immense, tall, holding a huge spear, spurted out with one shot, at an astonishing speed, stabbed at Jin Yuan, and bombarded with Jin Yuan's sword light.

boom!

The void evoked a terrible whistling sound, and the strength was like a huge wave. The huge golden armor of God shook violently, and then the click sound came out, and a crack appeared on it.

Finally, starting from the spear, an inch-by-inch explosion burst, and in an instant, the entire golden armor of the true god, all collapsed.

Chu Baxing was shocked by his power, his body tremble, and he stepped back dozens of steps in a row.

However, Jin Yuan was also uncomfortable. His sword of warfare was blown out and flew tens of thousands of meters away, turning into a human form. His face was pale, and a trace of blood was flowing from the corner of his mouth.

"It's kind of interesting, this trick just looks like it!"

Chu Baxing licked his lips and sneered.

Jin Yuan snorted coldly, with strong unwillingness in his eyes.

In the confrontation just now, he faintly fell.

Even the strongest tricks can not help but Chu Chuxing, which hit him hard.

"That Chu Baxing, so strong!"

Many people looked at Chu Baxing's eyes, full of dignity, including the arrogance of the same level of young beasts.

"I heard that the family where Chu Baxing is located is the God of War family. When the Taixu dynasty was first established, his ancestor was the true God of War with unparalleled fighting power!"

"I have also heard that it was only later generations who did not strive for their strength, lacked talent, and slowly declined. Nowadays, they can only live in the Palace of the Nine Swords!"

"The skinny camel is bigger than the horse!"

Many people whispered, and looked at Chu Baxing's eyes more and more dignified.

Rumble!

At this moment, the earth's vibration suddenly increased, and there was a feeling of falling apart.

"Look, what is that?"

Suddenly, someone shouted in the middle of the large array.

The eyes of everyone looked over, and then the eyes of many people suddenly widened.

Because, in that area, the ground cracked, and then, a behemoth rushed out.

It was a huge and incomparable castle, exuding a dark glory, at first it just showed a sharp, gradually, more and more parts rushed out, and bigger and bigger.

Many people gaped, but did not expect that there was a castle under the ground.

Before, the runes were pervasive, and the rays of the sky were the harbingers of the birth of this castle.

Rumble!

The ground vibrated more and more, the rocks on the ground continued to explode and shattered, and a moment later, a huge castle completely appeared in front of everyone.

This is a castle with a length and width of 100,000 miles. It is dark, and no material can be seen. It is seen from a distance, such as an ancient ancient mountain standing there.

Around the castle, there is actually a circle of peach trees, surrounding the castle in the middle.

In each peach tree, there are several people hugging so thick, full of peach blossoms, a vibrant scene.

When the castle was born, the runes on the ground also disappeared.

In the eyes of many people, there was a fiery radiance.

A castle appeared from the ground. Obviously, it has never been explored before. Will there be treasures in it?

The battle between Xu Yan and Lu Ji also stopped.

Everyone's attention was attracted by the castle.

"A castle, go, take a look!"

"Be careful!"

Then, some people began to approach the castle and flew towards the castle, but when approaching the castle, they were blocked by an invisible energy and could not enter at all.

"Still can't go in?"

Some people are disappointed.

The runes have disappeared, and I still can't go in. I can only watch.

"No, I can go in from this Taolin on foot!"

Suddenly, someone called out.

Because someone just tried it, landed on the ground, rushed towards Taolin on foot, and disappeared into Taolin.

"go!"

Then, someone rushed towards Taolin again, a few flashes, the figure of this person disappeared in Taolin, no trace was seen.

"It seems there is no danger!"

"Go, let's go too!"

Immediately, more people rushed into Taolin.

Even Jin Yuan, Xu Yan and others all showed their emotions and started to rush into Taolin. Soon, everyone rushed into Taolin and disappeared. This area is quiet. Down.

However, in about half an hour, several young people appeared on the edge of Taolin with a confused face.

Chapter 3036: People walking out of the castle

Several youths appeared on the edge of Taolin with a confused face, and a confused face.

"How come again?"

"what happened?"

Several youths looked puzzled, and then walked out of Taolin.

Next, more people appeared on the edge of Taolin, with doubts on their faces.

Soon after, Xu Yan, Jin Yuan, Chu Baxing and other top arrogances also appeared on the edge of Taolin.

"What's the matter with you? How did you come out?"

Someone asked.

"I don't know. As soon as I entered Taolin, I lost my way. In all directions, it was endless Taolin. I couldn't turn out no matter how I turned it. I turned around and turned back!"

"me too!"

"Your situation is the same as mine!"

There was a lot of discussion, and after a discussion, they found out that their situation was exactly the same.

Everyone is the same. When I entered Taolin, I lost my way and didn't meet other people. No matter how I walked, I couldn't wear this piece of Taolin. At the end, I returned to my place.

Great battle!

In the end, they came to the conclusion that this piece of peach forest was a big formation, able to confuse people, as soon as they walked in, they would be confused and finally return to their place.

"Try from another direction!"

Someone walked around and wanted to try it in another direction.

However, all around the castle was surrounded by Taolin, and entered Taolin from another direction. As in the previous situation, it turned around and returned to its place.

Every direction has been tried, and the results are the same.

"Will not walk in, then destroy this big formation!"

Someone was overbearing and shot directly, attacking Taolin one after another, trying to destroy Taolin.

As long as Tao Lin is destroyed, the big battle breaks.

However, their attack slammed into Taolin without arousing a little splash.

Those attacks flew into the Taolin and disappeared without even cutting off a peach blossom.

Even Jin Yuan, Chu Baxing and others have tried it, and the result is the same.

Everyone was helpless.

Obviously they were standing high in the sky, their eyes could pass through Taolin and they could see the situation inside Taolin.

Even after seeing Taolin, there are trails leading to the castle, and even the gate on the castle.

However, if you can see it, you can't go in.

Flying towards the sky, it will be blocked by an invisible force and go underground, blocked by the Taolin formation.

See, can only see, can't go in?

"Then... what is that?"

Suddenly, a young man standing at high altitude yelled in shock.

"what's the situation?"

"Go and see!" Immediately, many people rose into the sky, flew to the sky, and looked into the castle. At first glance, they were dumbfounded.

Because, at the moment, they saw that a person actually came out of a gate of the castle.

A young man, after stepping out of the gate, left and right, and looked around.

"How come people come out of the castle? Is this person who has lived in the castle and is the character who lived from the early days of the Tiangong era to the present?"

Someone makes a noise, the voice is dry.

Many people's faces changed dramatically.

In the early days of the Tiangong era, how many years have passed since it is impossible to calculate, even if it is calculated in stellar years, it is difficult to calculate.

It was an extremely long period of time.

The **** king can only live up to five star years. If someone can live from the early days of the Tiangong era to the present, what kind of cultivation practice is it?

"No, why does this person look familiar?"

"Lu Ming, he is Lu Ming!"

Suddenly, the people of Jiu Jue King's Mansion cried out.

"Yes, it's Lu Ming, really he!"

More Jiu Jue Kings cried.

"What? He is the arrogance of your palace of the Nine Great Heavens?"

At this time, the people of the Nine Swords King's Mansion were also taken aback, but then, they were relieved.

It turned out to be only the arrogance of the Jiu Jue Tian Wang Mansion, not the old monster who survived the early days of the Tiangong era.

But, how did he get in?

Many people have more questions in their hearts.

The people they saw were indeed Lu Ming.

After he killed the larvae, the ground shook violently, and the sky was shaking. His position seemed to be ascending. After a long bang, he stabilized.

After stabilizing, Lu Ming took some effort to find the exit and walked out the door.

"Actually a castle?"

Lu Ming looked around and was surprised.

Unexpectedly, a castle emerged from the ground.

"Huh? So many people!"

Then, Lu Ming's eyes looked outside, and at once he saw the dense silhouettes outside. These silhouettes looked straight at him.

"Are these people all attracted to this castle, it is possible!"

"I don't know what happened to Wu Ming Wu Yue, go out and see!"

Lu Ming's thoughts turned sharply, then he rose into the air and flew out.

Without any obstruction, he directly passed through Taolin's range and flew out without any power.

"Out!"

Many people watched, staring straight at the land.

Lu Ming glanced, looking for the figure of Wu Ming and others, a strong breath, and suddenly enveloped Lu Ming in it.

Then, a young man wearing golden armor stepped forward and appeared in front of Lu Ming. The divine power surged like a gust of wind and swept toward the landing Ming.

The golden armor youth is Chu Baxing.

Lu Ming frowned and ran his magical power to block this pressure.

"Boy, how did you get in? What did you get in there? Say it one by one!"

Chu Baxing spoke, full of commands.

"Who are you? Let's let!"

Lu Ming glanced at Chu Baxing, waved his hand at will, and then looked away in other directions, ignoring Chu Baxing directly.

"This kid, it's over!"

A lot of people were stunned. Lu Ming dared to talk to Chu Baxing like this, didn't he die?

After all, the battle between Lu Ming and Jin Yuan was only seen by a few people, and many people still did not know.

Especially the people in the Nine Sword Heavenly King's Mansion looked at Lu Ming's eyes, full of pity, just like looking at a dead person.

Chu Baxing's character is notoriously overbearing. Lu Ming's move is undoubtedly a self-defeating way.

"Who am I? Ha ha ha!"

Sure enough, Chu Baxing sneered. The laughter was full of cold killing opportunities.

"Who am I? You will soon know, because, I will be the nightmare of your life!"

Chu Baxing spoke again, then stepped out, grabbed his claws in the air, and grabbed toward the landing.

A huge claw was formed, and five fingers, like five spears, grabbed at the landing.

This trick is extremely fierce. If the average person is caught, the cultivation base will definitely be abolished.

However, Lu Ming is not an ordinary person.

boom!

Lu Ming shot, and a fist blasted out, a nine-clawed Shenlong emerged, and the dragon claws came out and bombarded on Chu Baxing's claws. With a roar, Chu Baxing's claws exploded directly.

Chapter 3037: Kuyu Tennenfu

Lu Ming used the magic formula of the Shenlong method, and a nine-clawed dragon flew out, defeating Chu Baxing's claw.

What? blocked?

Many people were stunned. Unexpectedly, Lu Ming could block Chu Baxing's trick.

"Lu Ming's strength is good, but Chu Baxing's move just now did not use much power, just a random move!"

"Indeed, if Chu Baxing is serious, how can this boy stop it?"

Many people talked about it, especially the people of the Nine Sword Heavenly King Mansion. What they can see is that Lu Ming is only a five-fold god. How can it withstand the attack of Chu Baxing?

Just now, Chu Baxing certainly did not use much power.

Of course, those who had seen Lu Ming and Jin Yuan fighting in the first place didn't think so. They knew Lu Ming's terrible.

Jin Yuan's eyes flickered, revealing the look of expectation. He looked forward to the battle between Lu Ming and Chu Baxing.

He wanted to get rid of these two people.

"Ok?"

Chu Baxing himself was a little surprised for a moment, and with a light whisper, he was obviously surprised.

He was very clear about the power of the move he just made. He knew very well that he didn't use much power. However, the ordinary **** of the ninth, absolutely can't stop his move, and he must be abolished for repair. .

However, Lu Ming can block this trick by virtue of Tenjin's fivefold, which surprised him.

"Yes, a little strength, no wonder it is so arrogant, but, in front of my Chu Baxing, you are still tender!"

Chu Baxing spoke coldly, and the breath on his body exploded like a volcano, and a breath of ancient and wildness filled out, pressing against Lu Ming.

"Origin Divine Factor!"

Lu Ming's eyes flashed slightly, and he knew in his heart that he had encountered a master.

The person who awakens the original divine factor is difficult to see unless he releases his own breath. Before that, Lu Ming did not see it. Chu Baxing awakened the natural pride of the original divine factor.

However, even if Lu Ming knew before, his attitude would not change.

"Kneel down for me!"

Chu Baxing drank coldly and slammed it out again.

This move was exactly the same as the one just now. A huge palm caught the landing.

However, the breath exuded was different from the one just now. It was much stronger than the one just now.

This move, even if it is the arrogance of a half-step **** king realm, must be hit hard and suppressed.

boom!

Lu Ming directly triggered the four-fold combat power of Zhanzi Jue, and his fists blasted continuously.

Roar roar...

A sound of Longyin sounded, and nine consecutive nine-clawed dragons condensed out, and they kept pounced on the condensed palm of Chu Baxing.

The explosion sound continued, and nine nine-clawed dragons continued to explode, but in the end, the condensed palm of Chu Baxing also shattered and became invisible.

what?

Many people were shocked.

Lu Ming, actually blocked again.

Chu Baxing's move just now was nothing short of amazing, and it was amazingly powerful, and everyone could feel it.

Many Tianjiao in Half-Step God Realm feel that even if they go all out, they may not be able to block it, but Lu Ming, a person with five gods, is blocked.

"This kid is so strong!"

Many people were shocked.

Especially Chu Baxing, at the same time he was shocked, his body burst into a cold killing opportunity.

He Chu Baxing, awakened the ultimate arrogance of the original divine power factor, the descendant of the God of War, actually did not win Lu Ming for two consecutive moves, making him feel ashamed.

His eyes gloomed, and a golden spear appeared in his hand.

He was about to move to the point and kill Lu Ming by powerful means.

"Lu Ming!"

"Brother Lu, you are fine!"

At this time, several sounds sounded, but Wu Ming and Wu Yue flew over.

They were in the periphery before, and when something happened here, they found Lu Ming and flew over quickly.

"Wu Ming, Wu Yue, you stand farther away. A little thing happened here. Wait for the matter here to be resolved, and then tell you in detail!"

Lu Ming is humane to Wu Ming and Wu Yue.

Many people are speechless and really arrogant. In the face of such arrogance as Chu Baxing, they said it was only a trivial matter.

"Hehehe!"

Chu Baxing was irritated with sneer.

"Hey, here, it's really hilarious!"

"It seems that we did not come too late!"

At this moment, a few cold and quiet voices came from the distant sky.

The voice was erratic, but it was very cold, and it made people feel cold.

Then, in the distance, there were a few black brilliances, flying rapidly, at an astonishing speed. In a blink of an eye, several figures appeared not far away.

It can be seen that these are a few young people, but their bodies are extremely strange.

The figures of several people were shrouded in a black ghost spirit, and their bodies seemed to be constantly twisted, like an illusion.

The icy cold from them continued to diffuse from them.

"You are... people from the Nine Nether Heavenly King Mansion?"

Someone's face changed wildly.

"Hey, he seems to be recognized by you!"

One of the ghostly youths sneered.

Many people's faces have changed dramatically.

The Nine Nether Heavenly King's Mansion is an extremely evil Heavenly King's Mansion in the 27th Heavenly Mansion of the Taixu Holy Dynasty.

According to legend, when the Taixu dynasty was not established, there was a sect called Jiuyouzong, which had amazing strength and occupied many star fields to dominate one side.

Later, the Taixu dynasty rose and swept through the Eight Wastelands, and Jiu Youzong surrendered when he saw that he was invincible.

The Taixu Holy Dynasty was established and the world was divided. Jiuyouzong was named as one of the 27 heavenly palaces and still ruled the original territory of Jiuyouzong.

Therefore, the exercises of the Nine Nine Heavenly King's Palace are all Nine Nine Sect practices, extremely evil, spooky, and extremely terrifying in strength.

"Finally found, Jiu Jue Tian Wang Mansion and Jiu Dao Tian Wang Mansion, so many days of pride, so many powerful souls, good, good!"

One of the figures smiled sharply, and suddenly his body flickered, rushing to the young men who were closest to him.

The youths were frightened and snarled, launching their offense with all their might.

However, the young man in the Nine Nether Heavenly King's Mansion did not shy away, as if he didn't see those attacks.

However, a weird scene appeared. When those attacks fell on him, his body twisted strangely, blinking like ghosts, and all those attacks were completely lost.

Then, the arrogance of the Nine Nether Heavenly King's Mansion fell in front of the young men. The claws came out, several ghost claws appeared, and several young men were caught.

Ahhhh...

Several youths screamed sternly, and their souls were caught by the other party and caught in their hands.

Then, the arrogance of the Nine Nether Heavenly King's Mansion opened his mouth and swallowed the souls of several young people, and the cry of those young people stopped abruptly.

Such a weird scene made many people take a breath.

The other party could actually grab the soul of another person and swallow it in a single bit, which is too strange.

Chapter 3038: Weird means

"Shuang, Shuang, Tianjiao's soul is different, it tastes so good, hehehe!"

The young man in the Nine Nether Heavenly King's Mansion laughed excitedly, and he was intoxicated.

"Really? It's my turn!"

At this time, another arrogance of the Nine Nether Heavenly King's Mansion, with the look of expectation in his eyes, flashed in shape, culling towards several youths.

The youths were shocked and quickly backed away, trying to avoid them.

However, the arrogance of the Nine Nether Heavenly King's Mansion, the speed is extremely alarming, a flash of light, rushed in front of the youth, and then launched an attack.

The results of these few youths, like those of his previous youths, were screamed out of their souls, and then swallowed by the youths of Jiuyou Tianwang Mansion.

"Shuang, really cool, much better than ordinary souls!"

The youth of the Nine Nether Heavenly King's Mansion was intoxicated, and then glanced coldly at the audience, as if treating the arrogance of the scene as a prey, a prey that could be arbitrarily hunted.

The numerous arrogances of the Jiu Jue Tian Wang Mansion and the Jiu Dao Tian Wang Mansion are pale and retreat, and do not look at the people who are close to the Jiu You Tian King.

"You...find to death!"

At this moment, a roar sounded.

The person who spoke was Chu Baxing.

Just now, two of the few youths killed by the Nine Nine Heavenly King's Mansion are members of Chu Baxing.

At this moment, the golden brilliance of his body, the violent breath, continued to diffuse out.

Originally, he was going to deal with Lu Ming, but the people of Jiuyou Tianwang Mansion, as soon as he came, killed both of his tribes, which made him angry and turned his attention to Tianjiao in Jiuyou Tianwang Mansion.

"Boy, I'm going to chop those ghosts, and I'm packing you up!"

Chu Pa Xingsen gave Lu Ming a cold look, his body twisted, and turned into a golden rainbow light, rushing towards a heavenly pride of Jiuyou Tianwang Mansion, the figure had not yet arrived, and a dazzling spearman was already facing each other. Assassinated.

"It's finally interesting, hey!"

The arrogance of the Nine Nether Heavenly King's Mansion, hehe smiled, his body was even more twisted, the ghost was filled with darkness, a dark ghost claw formed, and he grabbed the Chu Baxing.

Above the ghost claws, there is an ancient atmosphere of wildness.

There is no doubt that this arrogance from the Nine Nether Heavenly King Mansion is also an existence that awakens the original divine power.

In fact, three young people came to the Nine Nether Heavenly King Mansion, all of them awakened to the existence of the original divine power factor. It was one of the strongest Tianjiao under the Nine Nine Heavenly King Nation, so they took the lead To.

boom!

The dazzling spears bombarded with ghost claws, bursting into a fierce roar.

Then, the ghost claws shook violently, and then collapsed. However, after the collapse of the ghost claws, it turned into a weird energy, and actually rushed towards Chu Baxing's body along the Chu Baxing's gun.

Chu Baxing's face changed and he screamed. The golden light on his body was continually rushing out, finally bursting away this strange energy.

"Awakened the arrogance of the original divine power factor, presumably, your soul must be delicious, hey hey, then your soul, I'm cold!"

Jiuyou Tianwang Mansion Tianjiao, tweet Youhan, Sen Leng smiled, his figure flickered, and rushed to Chu Baxing.

In the process of rushing out, Youhan's body was full of ghost spirits, like a black mist diffused out, and enveloped toward Chu Baxing.

In these ghost spirits, the sounds of ghosts crying and howling wolf sounded. These figures, there were sorrowful and wailing, extremely cold, and when people heard it, their heartbeats accelerated, their souls vibrated, and their souls seemed to jump out.

"This attack can affect the soul, retreat!"

Many people's faces changed greatly, and they receded again and again, drawing a sufficient distance from Youhan.

Chu Baxing was obviously greatly affected, the golden light on his body shuddered.

"Nine Ghost Claws!"

At this moment, the cold shouted, and a cold ghost claw was grabbing toward Chu Baxing, trying to grab Chu Baxing's soul.

"God of War!"

Chu Baxing roared with a shot.

Suddenly, an immense giant in the sky, a huge God of War appeared, spurred into the cold.

boom!

The God of War struck a ghost claw, and the ghost claw collapsed directly, turned into mist, and filled the sky.

"Interesting, the people of the Ares family, your soul, must be even more delicious, the Nine Nether Cage!"

Youhan screamed sharply, his body, with a touch, turned into a ghost, and merged into the black mist, the black mist filled, all over the Chu Baxing and the giant God of War.

"Side by the door, want to deal with me, dream, kill, kill, kill!"

Chu Baxing shouted, the giant God of War, swept his spear and wanted to sweep away the mist.

However, the mist is filled and cannot be swept away at all. Once swept away, it will re-aggregate.

Moreover, in the mist, the sound of ghost crying wolf constantly sounded, affecting the soul of Chu Baxing.

The two were fighting in the mist. For a time, Chu Baxing fell.

"The attack of the Nine Nether Heavenly King Mansion is so strange that it directly affects the soul, but it is somewhat similar to that witch blood!"

Lu Ming thought.

That witch blood, as well as the attacks used by his brothers and sisters, can affect the soul. The difference is that witch blood and others use poison gas.

The people of the Nine Nether Heavenly King's Mansion do not know what method is used.

boom! boom!

In the fog, a violent collision occurred. Not long after that, the huge war **** condensed by Chu Baxing burst into burst, and Chu Baxing's figure retreated suddenly, and he had retreated from the range covered by the fog, and his figure was trembling. , A spit of blood spit out.

Chu Baxing was injured.

Many people were shocked.

How powerful Chu Baxing is, everyone knows very well that before playing against Jin Yuan, they had the upper hand, and Jin Yuan was no match.

But now, hematemeses beaten by Yuhan, how could Yuhan's strength be so strong?

"Descendants of God of War, but so, hey, die!"

You Han's figure moved, and he rushed to Chu Baxing.

"Brother Chu, I will help you!"

At this moment, Lu Ji opened his mouth, and then, his war sword was unsheathed, and a bright blade of light cut into the cold.

Wherever the knife passes, the mist from the cold has been tumbling, and it will re-aggregate soon enough.

"kill!"

Chu Baxing breathed away, the golden light was shining again, and he once again killed the cold, the huge gunman, bigger than the mountains, as if to pierce the void.

boom! boom!

The attack jointly launched by Chu Baxing and Lu Ji was too terrifying, and the void continued to explode, forming a powerful shock wave.

The mist that the cold had melted finally could not resist and was washed away.

The glint of the light flashed, and the cold figure appeared not far away.

"Two fight one, is there less bullying? I'll fight with you!"

Another young man from the Nine Nether Heavens Palace stepped out, filled with a strong breath.

"No, you are watching on the side and dealing with the two of them, I am alone!"

You Han waved his hand and stopped the Tianjiao in the Nine Nether Heavenly Palace.

Chapter 3039: Abnormal, Tree Demon

With a wave of your hand, Youhan stopped the young man in the Palace of the Nine Nether Heavens. The young man stopped and glanced at Youhan. Without saying a word, he silently retreated to the side, seeming to be extremely afraid of Youhan.

"You two, let's go together!"

The gloomy eyes looked at Chu Baxing and Lu Ji again.

Many people were shocked and cold. They wanted to fight Chu Baxing and Lu Ji alone. Where is his confidence? He really has such a strong combat power?

You should know that they are all cultivation practices of the half-step **** realm. They also awakened the original divine power factor, and their talents are amazingly high. Even if there is a gap between them, the gap is also limited.

It's extremely difficult to fight two battles!

Now, Youhan has challenged Chu Baxing and Lu Ji at the same time.

In the eyes of Chu Baxing and Lu Ji, Sen Han's light appeared.

"Crazy, since you want to die, then we will fulfill you, Lu Ji, let's go together!"

Chu Baxing shouted.

"kill!"

Lu Ji is simpler, and he shot directly. He held the knife in both hands and cut it out with a knife, a knife with a length of tens of thousands of meters, and cut it towards the cold.

The knife fell off, as if splitting the heavens and the earth, the void shook, the terrible strength, and pressed down against the cold.

Lu Ji's attack was simple, but it was terrifying and extremely domineering.

The enemy was killed in one blow!

"God of War!"

Chu Baxing roared, and once again used the God of War blow.

However, this time the God of War hit a big change.

The God of War condensed this time is much smaller, only ten feet tall, but this time riding a war horse, the horse stepped into the void and killed towards the cold, many times more flexible than before.

"Come on, let you see the uniqueness of Jiuyou Tianwang Mansion, hehe!"

Lonely smile, his body twisted strangely, like a shadow, rushed forward.

His speed is very fast, like a ghost in the sky constantly flashing, the sword of Lu Ji, and Chu Baxing's God of War blow, when these terrible attacks hit him, his body slightly twisted, Just remove the power, and then kill Chu Chuxing at a very fast speed.

"Your soul, I want it!"

Youhan coldly opened her mouth, grabbing towards Chu Baxing.

"roll!"

Chu Baxing roared, the bright golden light erupted like a volcano, a huge spear burst across, and the sky thundered.

However, Youhan's body is constantly twisted, and every time it twists, it can unload a force, and then a strange force rushes towards Chu Baxing.

Chu Baxing's body shook, and the golden light on his body trembled, and seemed to be greatly affected.

Youhan took the opportunity to launch a series of attacks, making Chu Baxing's body retreat.

call out! call out! ...

At this time, Lu Ji had arrived, and he cut out thousands of swords at once, forming a net of sword gas, and shrouded towards the cold.

Youhan, after all, was a little daunted and gave up continuing to attack Chu Baxing, her figure flashing, avoiding the attack of the sword net.

"It will still be attacked after all!"

Not far away, Lu Ming carefully observed and thought secretly.

He found that the practice of Youhan practice is strange, but it is not really impossible to attack. It is only when he is attacked that he can shed some power well, but if he is attacked, he will still be injured.

"It's just that the method that affects the soul is a bit troublesome!"

Lu Ming wondered, what should he do if he meets the arrogance of the Nine Serenity Palace?

Uh!

Youhan escaped Lu Ji's attack, the cold light flashed in his eyes, his body turned into a sword shadow, a long sword like a shadow, and killed Lu Ji.

"Extinction, cut!"

Lü Ji drank coldly and chopped out with a knife.

boom!

The sword light and the shadow sword turned into a chill, screamed violently, and the vast energy swept all directions, as if to devour everything.

The shadows transformed by the cold shook violently, and then flew back, but in the dark there was a strange power rushing towards Lu Ji.

Lu Ji's figure trembled, and in an instant, he seemed to be greatly disturbed, his breath weakened.

"Die to me!"

Drinking in the cold, take the opportunity to kill Lu Ji, but at this time, Chu Baxing arrived and stopped Youhan.

Seeing this scene, many people looked dignified.

Youhan's frontal attack power may not be very strong, but the means are strange and unpredictable.

If it weren't for Lu Ji and Chu Baxing to join forces, they would be alone and not a cold opponent.

Chu Baxing and Lu Ji joined forces to cooperate with each other and start a war with Youhan.

However, for a time it is difficult to distinguish the winners and losers, and no one can help others.

Rumble!

At this time, the castle had changed.

The ground around the castle shook up, and the peach trees that needed to be embraced by several people produced amazing changes.

On the peach tree, the flowers were originally in full bloom, a vibrant scene, but this time, the flowers on the peach tree, shedding off quickly.

Soon, all the peach trees became bare, and then the trunk began to shrivel and seemed to be taken away from life.

Such a weird scene caused Chu Baxing and the three men to end the war and separate the two parties, paying attention to the changes in Tao Lin.

"Peach tree, moved, not right, it is alive!"

Suddenly, someone exclaimed.

Those peach trees, when the trunk shriveled to a certain extent, actually moved, the roots protruded from the ground, and even the eyes and mouth appeared on the trunk.

Roar...

Then, these peach trees actually roared like wild beasts, their roots were like feet, they took a step, and rushed towards the landing and rushed to their side.

Tree Demon!

Peach tree turned into a tree demon and killed everyone.

However, everyone was not surprised.

They thought of it a bit, and the peach tree turned into a tree demon, does that mean that the big formation will not break through itself.

"After killing these tree demons, we may be able to enter the castle."

"kill!"

Many people killed in the past towards the tree demons.

Roar roar...

咻咻咻...

The tree demons shouted, and those roots were like soft whips, pumped towards the crowd, and they screamed with great strength.

puff!

Some people who have become weak are directly penetrated into the body by the root of the tree demon root and killed here.

However, only a few were killed, and the tree demons were destroyed even more.

For example, masters such as Chu Baxing, Lu Ji, and Youhan, each shot, several tree demons must be killed, or cut into pieces, or bombarded into slag, or burned into ashes by flames.

Soon, a large number of tree demons were killed, and many people rushed to the castle.

This time, there was really no obstruction. The people easily skimmed the area around the castle and rushed to the castle in different directions.

However, not everyone rushed towards the castle, and some who were weak were still sensible and did not rush in.

Wu Ming, Wu Yue, Wu Zixiong and others, as well as Lu Ming, did not enter.

Chapter 3040: Three hundred skeletons

"Brother Wu Ming, Brother Wu Yue, Brother Zixiong, don't you go in?"

Lu Ming asked Wu Ming Wu Yue several people.

"No, there are too many masters going in, awakening the existence of the original divine power factor, there are more than a dozen. With so many masters, we can't get any benefits when we go in, why not go in!"

Wu Zixiong shook his head, somewhat helpless.

To be honest, an underground castle suddenly appears here, and they are also excited, but they have self-knowledge.

Among the heavenly arrogances that go in, they are much stronger than them, and they can kill them a lot. Even if they go in, even if there are treasures in them, they can't compete with others, but there is a risk of falling. luck.

Most Tianjiao have entered the castle now. If there is any chance in other places, there will be no competition.

They think the same as Wu Zixiong, there are not a few, of course, they are not particularly strong.

"That's fine, but I plan to go in and see!"

"Oh, during this time, did you have the whereabouts of my girlfriend Qiuyue?"

Lu Ming asked, revealing the look of expectation.

Unfortunately, Wu Yue and Wu Ming shook their heads and said, "We have asked many people during this time, but unfortunately, we haven't got any news!"

"No news?"

Lu Ming whispered, growing more worried.

But the ancient city of Xingyue was so huge that he was asked to find it, and for a time, where to find it.

He can only hope that the Qiuyue people have their own appearance.

"The troublesome brothers continue to help me pay attention to Qiuyue's news!"

Lu Ming clenched his fists.

"Brother Lu, rest assured!"

Wu Ming Wu Yue and others clenched their fists.

Lu Ming nodded, then turned and rushed towards the castle.

咻咻咻...

Immediately, several tree demons waved their roots and slammed towards the landing.

"Fire you guys!"

Lu Ming was in a bad mood, running the sun's magical power and spurting a few shots.

Several spears condensed by the sun's divine power, bombarded on the root of the tree demon, the sun's divine power immediately turned into a flaming flame, burning in the root of the tree demon, and at an amazing speed, along the root of the tree demon, Flocked to the tree demons all over.

Soon, several tree demons burned to ashes under the sun's divine power.

咻咻咻...

The tree demon was afraid of fire, and Lu Ming passed by, and a tree demon burned all over and was turned into ashes.

Lu Ming easily rushed past the tree demon's sniper and rushed inside.

"Unexpectedly, I couldn't fly inside!"

Lu Ming pouted, when he came out, there was no restraint at all.

Then Lu Ming glanced up.

The door he had come out of before naturally didn't need to enter. Lu Ming had explored it before, and there was nothing.

Around the castle, there are ancient bluestone roads leading to different directions.

The people who rushed in here have chosen different ancient roads.

"Which one to choose, forget it, just choose one!"

Lu Ming murmured, and then chose a path at random, rushing forward.

Along this road, Lu Ming found another door.

Several figures, flashing in shape, rushed in through the gate.

Lu Ming rushed in without hesitation.

Behind the gate is a passageway, which is very long. Lu Ming has been walking for hundreds of miles before the passageway reaches the end.

At the end of the passage is a huge stone chamber.

The stone room is very large and very wide.

As soon as Lu Ming came in, he found many young Tianjiao, standing on the stone room and looking forward.

"That is..."

Lu Ming looked forward, his face also changed.

On the side of the stone room, sitting around in a row.

However, these figures have become skeletons.

Yes, there was a skeleton sitting on the plate, glancing past, the number was about three hundred.

These figures are of different races, human races, dragon races, tiger races, etc. The clothes are worn out, only the skeleton.

The skull was also gray and dull.

"Are these people strong in the ancient city of Xingyue?"

Someone spoke.

"This castle, buried deep underground, these people are probably the strongest of Xingyue Ancient City!"

"That wasn't the character in the early days of the Tiangong era? This is too terrible. In the past so many years, the bones can be completely preserved. What did these people cultivate before life?"

Some people talked and showed shock.

As far as they know, even the existence of the peak of the **** king, it is impossible to retain the bones for so many years after the death, and it has long been turned into ashes.

If these skeletons were really preserved from the early days of the Tiangong era, it must be amazing.

It's a pity that everyone's eyes swept over these skeleton fingers and found nothing.

They originally wanted to see if there were any storage rings left, but, after a long time, even the storage rings turned to fly ash.

"These people don't seem to have the slightest injuries. How did they die?"

Suddenly, someone spoke.

The audience was quiet.

Yes.

These skeletons, looking very complete, without the slightest wounds, do not look like they were killed.

Moreover, they sat there neatly, as if guarding something.

Could it be that these people are sitting cross-legged in this way, and finally die?

A thought appeared in the hearts of the people, making them feel dumbfounded.

Sitting here is always dead, this idea is really a bit unbelievable.

But this scene in front of people makes people have to think so.

"There is a stone door opposite. Do these people sit here and guard the stone door?"

Someone spoke again, making many people's eyes shine.

Indeed, behind these skeletons, there is a stone door tightly closed.

Is there a treasure inside, so these talents sit here and guard this place?

However, no one stepped forward for a while.

Who knows, is there any danger?

No one dared to move even those skeletons.

Most of these characters were extremely powerful during their lifetime. Even if they stayed for many years, if they left behind, they would probably not be able to walk around with their cultivation practices.

Everyone you look at me, I look at you, all want to let others go to find the way first.

"Here is the early days of the Tiangong era. After so many years in the past, no matter what, it should disappear. Even if it is a formation, it can't be maintained for so many years. I don't believe it and there is danger!"

Finally, someone couldn't help it, a young man shouted, stepped out, and walked towards the gate.

However, he still had some fears. He dared not touch the skeletons, but bypassed the skeletons and walked towards the stone door. There was no exception along the way, and the young man came to the stone gate smoothly.

Everyone's eyes fell on the youth, showing curiosity and expectation.

Even some people are ready, if there is really a treasure after the stone gate, they will immediately take the shot.
