

## **D Emperor 3041**

### Chapter 3041: Life Spirit Stone

The young man did not dare to get close to the stone gate. He condensed a palm with divine power and landed on the stone gate, pushing hard.

Click!

The stone door opened slowly, revealing a dark channel inside, and there was nothing abnormal from beginning to end.

"Haha, I said that in the past so many years, there could be no threat, you cowards!"

The young man smiled with pride.

But at the next moment, his face changed suddenly, his body resembling a frightened grasshopper, he jumped up and stepped back thousands of kilometers.

Not only him, but also the face of other people changed.

Because at this time, those skeletons sitting on the ground have made amazing changes.

These skeletons filled with white light.

As the white light diffused out, the bodies of these skeletons turned into white powder and flew into the air.

This is true of all skeletons, starting from the head and turning into a white powder, floating in the air.

Soon, all the skeletons disappeared and turned into white powder.

These powders converged in the air, emitting dazzling white light, and then, these white lights, actually turned into a scene, floating in the air.

In this scene, there are more than three hundred strong men of different races, these strong men, standing in a secret room.

Everyone saw at a glance that the secret room was almost the same as the stone room.

It is not difficult to guess that the more than three hundred strong men are probably more than three hundred skeletons before.

"Is this the picture of those strong men during their lifetime?"

Someone guessed.

Many people nodded, most likely.

At this moment, in the picture, the three hundred strong men all raised their hands and spoke loudly in a sworn gesture.

"Wait, I make a vow with my life, eternal life and eternal life, and guard the life soul stone!"

"Wait, I make a vow with my life, eternal life and eternal life, and guard the life soul stone!"

"Wait, I make a vow with my life, eternal life and eternal life, and guard the life soul stone!"

.....

A voice echoed through the stone room.

The voices of the people in the picture came out clearly.

The sound echoed continuously. It took a few minutes until the sound disappeared, and the picture slowly dissipated, and the stone room became empty.

However, in the eyes of many people, the color of thought is revealed.

From the words just now, it is not difficult to guess that the more than three hundred strong men made an oath to guard the life soul stone.

Therefore, they sat here until they died.

So, what is life soul stone? Worth so many masters, guarded by life?

Moreover, it seems that Life Soul Yuanshi is here, probably, just behind the stone gate just now.

Many people's eyes began to fill the hot glow.

Although they do not know what the Life Soul Yuanshi is.

However, it is worth so many strong men, so many are likely to be the strong men above the \*\*\*\* king to guard by life, that is absolutely a precious treasure.

It is probably the peerless treasure left by the ancient city of Xingyue in the early days of the Tiangong era.

What is the value of such treasures?

Many people showed fiery greed.

Uh! Uh! Uh!

Suddenly, someone started, flashing, and rushed towards the passage behind the stone gate.

"go!"

"The treasure is mine!"

Pulling the whole body around, someone moved, others hurriedly rushed towards the passage.

"Go and see!"

Lu Ming also moved, followed the crowd, and rushed towards the passage.

The passage behind the stone gate is very wide enough to accommodate thousands of people in parallel.

Moreover, on both sides of the passage, stood a statue of stone, which seems to be decaying, and many of the statues are covered with cracks.

Everyone didn't care and shocked.

boom! boom!

Suddenly, the stone statues on both sides of the passage actually moved. These stone statues flicked their bodies and slammed them towards the landing.

Some stone statues wield stone swords, and some stone statues wield stone guns.

Several screams in succession, and several young people were carelessly hit by stone figures and directly beheaded here.

Many people responded quickly and quickly resisted, but were also injured.

call out!

With a scream of energy, a stone sword slammed down toward the landing, and the speed was amazing.

Roar!

Lu Ming didn't even think about it. He threw a punch directly, and a nine-clawed dragon condensed out, slammed out, collided with the stone sword, and made a loud noise. Lu Ming shuddered and drifted back.

"Good strength!"

With a trace of dignity in Lu Ming's eyes.

I just did a trick and found that the power of these stone statues is amazing.

call out!

After the stone statue was blocked, he waved the stone sword again and slammed towards the landing.

Lu Ming directly triggered the four-fold combat power of Zhanzi Jue, and a ninth-order top-grade artifact appeared in his hand, and a shot was swung out.

when!

The spear collided with the stone sword, and made a violent roar.

Finally, the stone statue was flew out by Lu Mingzhen, a few stones were dropped on the stone sword, and the cracks became more.

"This kind of stone statue, I don't know how many years have passed, and my body is covered with cracks, but I still have such strength. I don't know how terrible it should be in the heyday!"

Lu Ming secretly marveled.

These stone statues, covered with cracks, seem to be falling apart, but the power is still amazing.

If it is intact, I am afraid that God King will come in and there is only one way to die.

Perhaps more than that.

"kill!"

Lu Ming quickly turned his thoughts a few times, his figure continued to fight out, and his spear continually swept toward the statue.

With the blessings of four times the fighting strength of the warfare tactics, Lu Ming completely crushed the statue, and after colliding seven or eight times in a row, the statue fell to the ground with a bang, completely dispersed, and turned into a pile of waste rock.

At this time, other Tianjiao also launched counterattacks, and some statues were continuously destroyed into waste stone.

After Lu Ming defeated a stone statue, he continued to move forward. Soon afterwards, Lu Ming was attacked by another stone statue, but was easily crushed by Lu Ming.

In this way, go all the way, fight all the way.

There are many stone statues on both sides of this passage. It is not difficult to guess that in the long past, the more than three hundred strong men in that stone chamber were the first pass to guard.

And these stone statues here are the second pass of guarding.

However, due to the long years in the past, those strong guards have already fallen and turned into fly ash.

These stone statues are also close to decay, and there is not much strength left, otherwise, they will die when they come in.

Even so, some people keep falling.

Of course, the falling people are not very strong, and generally reach the existence of the half-step \*\*\*\* king. Be careful, it is still enough to cope.

This passage is very long, dashing hundreds of miles away, and has not reached the end.

However, after arriving here, there were no stone statues on both sides of the passage.

Many people breathed a sigh of relief and went on.

But on both sides of the passage, there were suddenly runes, a flash of divine light, a young Tianjiao screamed, and was killed here by divine light.

Chapter 3042: treasure

Others were frightened and quickly stopped their bodies to stop and watch.

In front of the passage, although there is no stone statue, there is a formation.

Obviously, the front passage was carved into a formation, and it is very likely to be more terrifying than those stone statues.

"How is it possible? From the early days of the Tiangong era to the present, how many years have passed, the engraved formation has not yet decayed, and it still has a role?"

Someone made a noise, full of incredible.

Many people's faces are dignified, so we can see how terrible the people who were in formation were, and their strength is simply unfathomable.

Definitely the existence above the \*\*\*\* king, even stronger.

Only the kind of extremely horrible existence can engrave the runes, which will still be effective after a long time.

"No one can escape the sanctions of time. Even a strong presence will fall. The runes are the same. The runes are made of energy. After such a long time, I don't believe it. Keeping power, it is estimated that there is only a little residual energy left!"

Someone spoke.

Many people nodded and agreed with this statement.

But for a time, no one stepped forward.

Even if this is the case, in case the remaining energy of the previous formation is enough to kill them, then they step forward, is it still a dead end?

"Don't know if you try to control the artifact!"

Someone took out an artifact war sword, wiped the air war sword, and flew forward.

call out!

When the artifact war sword flew by, it seemed to be sensed, and a rune appeared on both sides of the passage.

Then, a flash of divine light flashed on the artifact war sword.

when!

The artifact war sword shook a little, leaving a shallow trace on it.

call out! call out!

Then, the rune of the channel continued to flash, and there were a few more divine lights, blasting towards the sword of the artifact.

The Artifact War Sword continued to shake, but it was not broken, only a slight mark was left on it.

"Can block it!"

Many people's eyes light up.

The power of this formation is not so strong.

Just now, that artifact is a ninth-grade top-grade artifact. Ninth-grade top-grade artifact can block it, then they can pass.

All the people present were top-notch Tianjiao. Who hasn't had a few ninth-grade artifacts?

"Try ahead!"

Then, several people manipulated the artifact and flew forward, all the way forward.

In front, there has always been a formation, but they are blocked by artifacts and cannot break the artifacts.

"Haha, sure enough, after so many years in the past, there is not much power left in this array, we can pass!"

"go!"

A young man smiled, and a piece of armor appeared on his body, covering his whole body.

This armor is a ninth-grade defensive artifact.

After putting on the armor, the youth stepped forward. As soon as he entered the area of the formation, the rune flashed, and a divine light killed him, but the divine light bombarded the armor and was blocked by the armor.

This person continued to move forward and deepen.

"Go, let's go too!"

"set off!"

More people moved forward and came up with various defensive artifacts.

Some people took out their shields, some people took out their armor and put them on, rushing towards the passage.

when! when! when!

On the walls of the aisle, on the ground, there were constant runes shining, turning into divine light to attack them, bombarding various defensive artifacts, sending out violent vibrations, like ironing.

However, the power of these divine light is limited after all, they keep moving forward, and many people disappear in front of them.

Lu Ming also took out two pieces of defensive artifact armor and rushed forward.

Along the way, did not encounter too much crisis.

With these arrays, the remaining energy is limited. In some areas, even no runes are generated. They successfully passed this channel.

When they passed the passage smoothly, they reached the end of the passage.

At the end of the passage, there is another huge room.

In this secret room, there are some shelves, some jade bottles, and some weapons.

Everyone's eyes lit up and rushed past.

Someone quickly grabbed a weapon.

However, when they grabbed the weapon and gave a slight shock, the weapon was directly reduced to pieces and fell to the ground.

"Useless, become scrap iron!"

The person whispered.

Others were similar, picked up the weapons on the shelf, and found that the weapons had become scrap iron, and lost their spirituality.

Others picked up the jade bottles and found that the jade bottles contained Shendan. However, as time passed, these Shendans had lost their medicinal effects, and they all became obsolete.

Hey!

Many people sighed.

Came here hard and found treasures, but unfortunately, they are all waste products.

In this castle, there will be nothing left, all become waste!

Many people think so.

"It shouldn't be. Some peerless treasures can retain power even after a long period of time in the past. Other treasures, if guarded by a large array, are much slower in spiritual loss and retain power!"

"These treasures are estimated to be of low grade, and there is no big conservative, this is the case!"

Some people spoke, and then everyone looked around.

It was found that the secret room had a door in all directions, the door was open, and I didn't know where it was going.

Uh! Uh! Uh!

Someone moved and rushed to a door.

Then, others also set off and rushed to another door.

They have gone through a lot of levels. It stands to reason that it is time to reap. Perhaps, there will be treasures left intact.

In particular, the life-protected soul stone that was protected in a key way is even more exciting.

Lu Ming also rushed to a gate.

Behind the gate, there was a corridor, and along the corridor, many rooms were found.

There are not a few people who walk in this direction, and everyone explores in various rooms, but unfortunately there is no gain.

boom!

Suddenly, there was a violent roar in the front, obviously, someone was fighting.

Lu Ming's eyes flashed forward, rushing forward, and after passing through a corridor, he came to a courtyard.

As soon as Lu Ming came, he saw several youths fighting fiercely.

In this courtyard, there are several large boxes.

These large boxes have runes flashing faintly on them.

Obviously, this large box was laid out to protect the treasure in the box, and the treasure in the box may still retain spirituality.

This is the early days of the Tiangong era. I don't know how strong the existence is. Anything that is a treasure is probably worth it.

These people's eyes are red and they fight fiercely.

"I discovered it first, you guys get me off!"

A young man shouted.

"You have a share, don't you know?"

Another youth responded with a sneer.

"Then die for me!"

The young man shouted before.

However, with the increasing number of people coming, the other courtyard was caught in a dogfight.

Lu Ming's eyes flashed, and he didn't do it for the first time.

Isn't it better to sit down and watch the tigers?

Like him, there are not a few, and a few other youths stand on the side.

call out!

Suddenly, Lu Ming felt a cold killer and rushed towards him.

Chapter 3043: Strong crush

Suddenly, Lu Ming felt a cold killer coming towards him, and at the same time, a terrible energy penetrated into the back of Landing Ming's back, sharp and abnormal.

Lu Mingling was so keenly aware that he felt it immediately.

Jiutian Kunpeng's technique was running, and his body flickered to avoid the blow. Then Lu Ming looked back, and saw a young man wearing a war armor and holding a spear in Lu Ming's foothold.

This young man is not a Chu Baxing, just dressed like a Chu Baxing.

"who are you?"

Lu Ming asked coldly.

"Chu Pa star son did not kill you, let me kill you instead!"

The young man spoke indifferently, with an overbearing tone, as if Lu Ming would die.

"It seems that you are a Chu Baxing person!"

Lu Ming smiled faintly, but the smile contained a terrible murderous opportunity.

Since this person wants to kill him, in his eyes, this person is already a dead person.

"Yes, to deal with waste like you, why don't Chuba star son take action personally, since you offended Chuba star son, you should have the consciousness of being killed, die!"

The young man spoke indifferently, his armor glowed, and his breath was thick like a mountain.

call out!

The young man stepped out, and his spear slammed towards the landing at an alarming speed.

The gun wasn't here, a terrible sharp air had already rushed towards the landing.

"Ninety-nine percent of the awakening of divine power!"

As soon as the other party shot, Lu Ming felt it. The awakening degree of the other party's divine power was already awakened by 99%.

Such people, unless they encounter Jin Yuan, Chu Baxing and other arrogances, are invincible.

Not to mention that Lu Ming is just a five-fold existence of a god.

Although Lu Ming and Chu Baxing had made two moves before, showing extraordinary strength, but at that time, Chu Baxing did not use his full strength, and Lu Ming did not turn into an ancient \*\*\*\* body.

It is a pity that he met Lu Ming, and he made a mistake.

Roar!

With a roar of the ancient god, Lu Ming turned into an ancient \*\*\*\* body directly, a terrifying breath, like a volcanic eruption.

Buzz!

Lu Ming's spear shocked and swept out, striking on the opponent's spear, the opponent's spear vibrated madly, and then flew out directly, the terrible power directly burst the Chu family's arm.

"Ancient God Body, Qingjia Ancient God Body, damn..."

The Chu family youth roared, his eyes full of panic, knowing that he had encountered a pervert, he did not hesitate, his body suddenly retreated, and wanted to leave here, he told Chu Baxing this news.

However, Lu Ming would allow him to retreat.

"Broken..."

Lu Ming spoke indifferently, exhibited three blows of the World Extinguishment, and a dazzling spear burst out, and in a flash, he caught up with the Chu family.

puff!

Gunman passed through the eyes of the Chu family youth and killed the Chu family youth.

With a wave of his hand, he put away the storage ring of the Chu family youth, and Lu Ming looked at the two boxes in the other courtyard.

bump!

Lu Ming stepped out, and his body, which was a few hundred meters high, stepped into the other courtyard, and the atmosphere was overwhelming.

Those young men who were fighting in the war, sensed Lu Ming's terrifying breath, were frightened, and stopped the war, and looked at Lu Ming solemnly.

"I want these two boxes, you guys, get out!"

Lu Ming opened his mouth and was dominant.

This remark made those young people look ugly.

"Huh, although your strength is good, but by yourself, it is like monopolizing the treasure. Do you think you are a character like Chu Baxing?"

A young man holding a silver knife said coldly.

This man is from the Nine Sword Heavenly King's Mansion and is naturally unhappy with Lu Ming.

"Good, want to monopolize, but also want us to roll together, hehe, then we will join forces and let him roll!"

Another young man also said coldly.

Just now, although Lu Ming strongly killed the young people of the Chu family, but they have so many people here, they are not afraid of Lu Ming.

They don't believe that Lu Ming is only a five-fold god, and the fighting power is really as powerful as that of Chu Baxing.

"Toast without eating fine wine!"

Lu Ming spoke coldly, too lazy to talk nonsense with the other party, a spear waved out, and pressed against those young people.

The guns were so huge that they filled the other courtyards, letting those young people avoid them.

"Join together to solve this kid, we will fight for treasure again!"

"Okay, join forces!"

boom! boom! boom! ...

Suddenly, the young people in the other court shot together and launched a terrible attack, roaring towards the landing.

There are a total of nine young people, each of which is a top-notch master, and the level of awakening of the divine power has reached 80%, more than 90%.

The attack of the nine people blasted on Lu Ming's huge gunman's arm, and a loud blast was made, the energy was overflowing like a gust of wind of level 18.

At the next moment, the nine young Tianjiao, their bodies trembling, spitting out a mouthful of blood at the same time, their bodies were blasted out like shells, or hit the ground, or hit the surrounding walls.

One by one twitching and vomiting blood.

Fortunately, the walls and floors here are extremely hard and not broken.

However, everyone's eyes were shocked.

Including the arrogance of some of the nine kings of heaven, in their eyes, they all revealed deep and incredible.

Lu Ming's strength has actually reached this step, which is really incredible.

The nine young men kept vomiting blood in their mouths, looking at Lu Ming's eyes, full of panic.

They are really unimaginable. A man with five celestial gods has such a powerful combat strength. Nine of them join forces and are not enemies of Lu Ming's one move.

"Now, get out!"

Lu Ming drank coldly.

"go!"

Where did the young people dare to stay, and fart left here, and in a flash, there was no one left.

Lu Minggang was about to turn into normal form, and went to check the two boxes. At this time, a cold and quiet laugh sounded: "Hey, hey, I didn't expect that a person with five celestial gods has such a powerful strength. It's interesting. , Really interesting!"

At the moment when the voice sounded, a shadow flashed and a ghostly figure appeared in the other courtyard.

"People of the Nine Nether Heavenly Palace!"

Lu Ming's eyes narrowed, and he blurted out involuntarily.

This person is not a cold, but one of the three arrogances of the three nine-nine heavenly palaces that came with Youhan.

The person stared at Landing with a cold eye, sticking out his scarlet tongue and licking his lips, hehe sneered, "I really want to taste the taste of your soul, I can smell it, your soul must be very delicious!"

"Really? I'm afraid you will die for nothing!"

Lu Ming smiled faintly.

"Hey, your ancient \*\*\*\* body, although it has evolved into an ancient \*\*\*\* of green armor, but for me, it is invalid, your soul is my secluded!"

As soon as the laughter fell, Youlian's figure was like a shadow, rushing towards Landing Ming, the speed was amazing, like a phantom, and under a flash, Lu Ming was near.

Chapter 3044: in danger

Under the flash of Yulian, Lu Ming was near, and the speed was amazing.

"Get out of here!"

Lu Ming drank angrily, his guns skyrocketed, his momentum exploded like a mountain torrent.

A crescent-shaped spear bursts out towards Youlian.

However, Yulian's figure, like a ghost, kept blinking and twisting, and she could avoid Lu Ming's blow at a time when she couldn't let it go. She continued to fight Lu Ming.

"Broken, Broken..."

Lu Ming's spear shocked, and then suddenly spurted out, in a flash, dozens of stabs were shot.

More than a dozen meteor-like guns assassinated Xiang Youlian, sealing off all the space around him.

In the face of this blow, Youlian can only hard-wire.

"Nine Ghost Claws!"

You Lian drank coldly, his claws came out, ghost claws flashed, caught on the gun awn, the gun shank kept shaking, and then collapsed, the You Lian body flashed in front of Lu Ming, a claw Grasping to Lu Ming, the speed is so fast that Lu Ming almost did not respond.

Fortunately, Lu Ming had already exhibited nine heavy red gold armor, covering the whole body.

bump!

Youlian's ghost claws, caught on the nine heavy red gold armor, so that the nine heavy red gold armor kept shaking.

"Stop me!"

Lu Ming shouted and used the Nine Heavy Red Gold Armor to the extreme. The magical power in his body rushed towards the Nine Heavy Red Gold Armor.

嗤嗤...

Youlian's ghost claws were caught on the nine-fold red gold armor, and they pierced through with a finger, but it was not easy and was subjected to great resistance.

"What is your divine power?"

Youlian's face changed greatly, and she screamed: "Your divine power, so many divine powers, did you actually control so many divine powers?"

Youlian yelled unbelievably.

His nine ghost claws and Lu Ming's nine heavy red gold armor constantly collided. He really felt that Lu Ming actually controlled a variety of divine powers, which is incredible.

"A variety of divine powers can't stop me!"

You Lian screamed, and there was a sound of a ghost crying and howling wolf. His ghost claws flashed a black light, and he suddenly penetrated Lu Ming's nine-fold red gold armor and caught Lu Ming's body.

Creak...

The piercing sound sounded, and the nine ghost claws were caught on the blue scales, making a piercing sound. The scales were cracked and there was a trace of blood.

This is not the most terrifying. The most terrifying thing is that there is a strange power on the Nine Ghosts Claws, which directly penetrated Lu Ming's body and rushed to Lu Ming's soul, making Lu Ming's soul tremble.

The vibration of the soul and the control of the divine power will weaken, making Lu Ming's breath tremble and weaken a little.

Youlian grabbed the opportunity to grab a piece of flesh from Lu Ming.

Roar!

In Lu Ming's throat, there was a roar, his body retreated, and he stepped back a few hundred meters, pulling away from Yulian.

"Hahaha, I didn't expect it. I didn't expect that you actually controlled a variety of divine powers. No wonder you have such a strong strength, boy, tell me your cultivation method!"

You Lian laughed, then stared and greedied with a greedy look.

He felt that Lu Ming must have cultivated a supreme method to control a variety of divine powers. If he could get such a heaven-and-world method, if he could get it, he would definitely be able to fly into the sky, become a peerless arrogance, and become the most powerful in the sky. Bright stars.

His heart was fiery.

"Want my method, okay, see if you have this skill!"

Lu Ming said coldly, his eyes flashing murderous.

You Lian knew his secret, then he must die. This matter must not be spread.

"Boy, don't think I can't kill you, let me die!"

Youlian screamed, her figure flashed, and she rushed towards the landing again, her breath faintly stronger than before. Obviously, Youlian had used all her strength.

Roar! Roar!

The sound of Longyin continued to sound, while Lu Ming displayed the magic formula of the dragon, while wielding a spear and fighting with Youlian.

However, Youlian's body is extremely strange, and his body does not seem to be a flesh and blood. Lu Ming's attack attacked him, and it seemed that he did not cause much harm to him.

And Yulian's attack, attacking Lu Ming, can shake Lu Ming's soul every time.

The soul shakes, and Lu Ming's strength cannot be fully displayed. After dozens of battles, Lu Ming has several wounds on his body, blood flowing.

"Old volume, can't you absorb his strange energy?"

Lu Ming sent a voice to Liangzi Jue.

The opponent is mainly the kind of force that affects the soul. It is too weird to prevent, so Lu Ming can't show his strength.

If there is no such energy, Lu Ming fears the other party and can even defeat the other party.

After dozens of battles, Lu Ming found that the other party was not immune to his attack, but had a strange body style and was able to shed some power.

Lu Ming's power attack on the opponent can still cause damage to the opponent.

In particular, the awakening of the divine power of the original divine power factor is more harmful to the opponent.

However, Lu Ming has no way to solve the energy of the other party's attacking the soul, but can only use the vector word tactics for help.

"No!"

Unexpectedly, the word measurement tactic directly answered.

"No? You can absorb the kind of poisonous gas that affected my soul? Why can't it?"

Lu Ming said.

"That kind of poisonous gas is just an unconscious energy. I can absorb it naturally, but this person's attack is implied by his own will. It is completely controlled by the other party, and I naturally cannot absorb it!"

"If I could absorb it, wouldn't it be able to directly absorb the divine power of others?"

Measure word rhetorically.

Lu Ming was speechless.

It is true that Wuxue used only a poisonous gas at the beginning, and the power of Youlian is a weird divine power that contains Youlian's spiritual will.

As Liangzi Jue said, if even this can be absorbed, then, if Lu Ming encounters the enemy, as long as he releases the Liangzi Jue, won't he be able to devour the other party's divine power directly?

Obviously, it is impossible to measure words.

boom!

At this time, Youlian attacked Lu Ming again, causing his soul to tremble, almost letting him control his divine power.

Poof!

Youlian grabbed Lu Ming again and grabbed a large piece of flesh.

Lu Ming retreated from his body.

"Hey, let me die, my Lianlian is so lucky that I can get a supreme method!"

You Lian sneered again and again, as if killing Lu Ming, it was a stubborn thing.

"How to do?"

In Lu Ming's mind, he was constantly thinking about countermeasures.

"Boy, you can only rely on yourself. See for yourself if you have any treasures that can resist the attack of the soul!"

Measure word irresponsible way.

"What treasure can resist the soul attack?"

Lu Ming's brain turned quickly.

Chapter 3045: Lu Ming's counterattack

Lu Ming's brain instantly turned hundreds of thoughts, thinking about him, whether there are any treasures that can resist the attack of the soul.

However, the answer is no.

There are quite a few treasures on Lu Ming's body, but most of them are all kinds of artifacts. Ordinary artifacts can't resist the attack of the soul.

"By the way, Jing Yu scroll, and the copper and copper coffin. The most mysterious treasures on my body are these two. I don't know if I can resist the soul attack!"

In the end, Lu Ming thought of Jing Yu's scroll, and a copper copper coffin.

The copper copper coffin, needless to say, is extremely mysterious, and Lu Ming rarely moves him.

The Jingyu scroll is also quite mysterious. At first, Lu Ming thought it was an ordinary scroll with a word "war" on it. Later Lu Ming learned about Jingyu from the inside. The word "war" also Disappeared.

After that, the bone demon actually appeared in the Jingyu scroll. Lu Ming also knew that the Jingyu scroll contained space, and the copper copper coffin was hidden in the Jingyu scroll.

Lu Ming's knowledge of Jing Yu's scrolls is very limited.

Now, you can only fight one.

In this way, Lu Ming will really die in the hands of Youlian.

As soon as his thoughts moved, Lu Ming controlled the Jingyu scroll and flew to Lu Ming's soul, then surrounded Lu Ming's soul like a piece of cloth.

boom!

At this time, Lu Ming and You Lian took another trick. In Yu Lian's hands, a strange energy penetrated into Lu Ming's body and bombarded his soul.

But at this time, Jing Yu's scroll exuded a layer of halo. The strange energy attacked the halo and disappeared directly. Lu Ming's soul was nothing.

"Blocked, actually blocked!"

Lu Ming was ecstatic.

He didn't expect that Jing Yu's scroll could actually resist the soul attack of the other party.

Just now, he just used the dead horse as a living horse doctor and tried it. I never expected that it would really work.

"kill!"

In response, Lu Ming roared, and his divine power erupted like a volcanic eruption, turning into a horrible spear, slamming toward Youlian.

You Lian originally thought that Lu Ming's soul was shaken, and she was about to continue to attack, aggravating Lu Ming's injury. Unexpectedly, Lu Ming was alive and well, and it seemed that he was not affected at all, and launched a terrifying blow.

"not good..."

Youlian's face changed greatly. At the critical moment, she wanted to retreat, but she was still a little late.

The guns bombarded Yulian's figure accurately. Youlian screamed, her body flew out, her body swayed, blood bleed from the corners of her mouth, and her breath weakened.

"It turns out that you will also be injured, I thought you were immune to my attack!"

Lu Ming sneered.

"Boy, you are looking for death, I will let you die miserably, kill!"

Youlian screamed, turned into a figure, and slammed towards the landing.

bump! bump!

Lu Ming stepped out, brandishing a spear, and struck You Lian.

When the two slammed together, there was another strange energy that rushed towards the landing Ming's soul, but was blocked by Jing Yu's scroll.

Lu Ming's soul had no influence at all. He shot with all his strength and made the strongest move.

"Starburst!"

Lu Ming seized the opportunity and exploded the starburst.

A huge gun burst out, and then burst apart, forming a force of destruction, rushing towards Youlian.

boom!

Youlian was directly overwhelmed by the power of destruction and her body retreated.

He stepped back a thousand kilometers before stopping. His body seemed to be smaller, and there was a burst of smoke, dissipating in the air.

That is the soul of Youlian.

The skill of Youlian practice is strange, the body is not strong, but the soul is extremely strong.

Just that time, Youlian was hit hard, and a large amount of soul power was wiped out by Lu Ming, and her strength suddenly dropped.

"Why? Why are you not afraid of my soul attacking?"

Youlian yelled, something incredible.

Whenever he is attacked by his soul, the soul will tremble and weaken.

But Lu Ming just now, his strength has not weakened at all.

"Just a little worm, and want to hurt me?"

Lu Ming said lightly that when he said this, he acted forcefully.

"Huh, Lu Ming, I will let you go today. Sooner or later, you will die in my hands!"

You Lian said coldly, her face was extremely unbearable, and she was very unwilling.

However, he still intends to retreat.

Then try to kill Lu Ming again.

Unfortunately, Lu Ming didn't let go of his plan.

"Want to go? I said let you go?"

Lu Ming sneered, stepped out, and directly crossed the kilometer distance, and nine nine-clawed dragons condensed out, rushing towards Youlian from all directions.

Uh! Uh! ...

Youlian's figure flickered strangely, avoiding the attack of the dragon's law.

"Boy, I want to go, nobody can stop me!"

Youlian's disdainful voice sounded.

"Is it?"

Lu Ming spoke indifferently, and suddenly, from all directions, a chain of ice chains flew out, forming a Tianluo place, covering the world.

This is Lu Ming's ice chain. When he spoke just now, Lu Ming had already used the ice chain. He was not attacking, just to trap the enemy.

As soon as the ice chain appeared, the terrible chill above completely burst out.

Kaka Kaka...

Numerous ice crystals appeared on the ground and even in space, and the whole world was transformed into a world of ice crystals.

A layer of ice crystals also appeared in Youlian's body.

"Damn!"

Youlian's face changed wildly, her figure flashed, and she wanted to leave.

However, the ice chain is constantly surrounding, the cold is permeating, and more and more ice crystals in the space completely block the shape of Youlian.

And the cold kept rushing towards Youlian to freeze him.

Just now, Yu Lian was injured by Lu Ming's "Starburst" move, and his strength was greatly reduced. At this moment, he can't resist the chill that the ice chain radiates.

He felt that all his blood was frozen and his speed was greatly reduced.

"kill!"

Lu Ming arrived, the spear burst out, and a dozen shots were pierced in an instant, and a dozen guns were stacked together, all of which hit Youlian.

Youlian screamed.

Lu Ming's dozens of guns stacked up together, so horrible, and burst Yulian's body at once.

Strangely, after Yu Lian's body exploded, it turned into countless ghosts, roaring and shouting.

Like countless injustices.

"How many souls did this guy devour?"

Lu Ming's eyes were colder.

Most of these things like souls of injustice are souls devoured by the other party.

At this moment, these injustice-like things actually condensed again and reverted to Youlian's figure.

It's just that the breath of Youlian is extremely weak and extremely weak at the moment.

It is ten times more depressed than before, and seems to be falling at any time.

With a terrified panic in his eyes.

"It's not dead yet, the vitality is quite tenacious, then add another trick to see if you die!"

Lu Ming spoke indifferently.

Chapter 3046: No way

"Wait a minute, you can't kill me. I'm from Jiuyou Tianwang Mansion, I'm from Jiuyou Sect. You probably don't know that my Jiuyou Tianwang Mansion is powerful, you killed me, Jiuyou Tianwang Mansion will make you ten Repayed twice!"

Youlian shouted.

The Nine Nine Heavenly King Mansion, formerly known as Nine Nine Sect, is an extremely terrifying and powerful sect, and its means are weird and cruel, especially its special protection.

Therefore, Youlian moved out of the Nine Nether Heavenly King's Mansion at the moment, and even said the name of Nine Nine Sect to save life.

However, this move is invalid for Lu Ming.

Lu Ming walked all the way, stepping on Tianjiao's corpse, how many Tianjiao were killed? How much threat has been received?

Therefore, Lu Ming is completely immune to such threats.

Moreover, Yulian knew that he had control over a variety of divine powers, would Lu Ming let him leave?

"So much nonsense!"

Lu Ming disdain to speak, his long gun hacked down, and a crescent-shaped spear fell on Youlian.

Youlian screamed, her body broke apart again, and turned into grievous screams, and then they screamed screamingly, and then slowly gathered together, actually wanting to get together again.

"Vitality is really strong, star burst!"

Lu Ming also flashed surprise in his eyes, and then exhibited the trick of star burst.

boom!

A gun burst out, and then burst apart, and a force of destruction shrouds all innocent souls.

bump! bump! bump!

All these unjust souls exploded into black smoke and disappeared.

Youlian, the smoke completely disappeared.

call!

Lu Ming breathed a sigh of relief, and his body shrank to a normal shape.

This Youlian is really hard to kill. Among the opponents Lu Ming encountered, it was definitely the top one.

His attack power is actually not very strong, but the method is strange, can affect the soul, weaken the opponent's strength, and thus kill it.

This time, if Lu Ming had a portrait of Jingyu, he was really not Yulian's opponent. The best result was to run away from the desert.

Then, Lu Ming walked to the two small boxes, waved his hands, put away the two boxes, and then flew away from here.

Soon afterwards, Lu Ming found a quiet room, and then served a magic pill, and began to exercise power.

When Lu Ming's condition returned to almost the same, Lu Ming took out the two boxes.

There is a rune on the box, which constitutes a large formation. It is estimated that it is used to protect the contents of the box to avoid the loss of spirituality.

However, in the past so many years, the large array of boxes has been almost wiped out by the years, and the light is dim.

Lu Ming turned his magical power into the box and wanted to open it.

On the box, the rune shone with dim light, and was slowly wiped out by Lu Ming's divine power. Soon after, the rune disappeared completely, and Lu Ming opened the box.

Inside the box, some objects were neatly placed.

There is a bracelet, a small tower, and a mirror...

"Treasure, artifact..."

Lu Ming's eyes lit up.

These things should be treasures like artifacts.

Lu Ming picked up a small tower and carefully injected divine power. Suddenly, the small tower exuded a dazzling brilliance, and a powerful wave spread out.

"And spirituality!"

Lu Ming was overjoyed.

However, he took a closer look and found that these treasures do indeed have spirituality, but because time has passed so long, even if there is a large array of guardians, the spirituality has lost a lot, at least 90%.

Just barely able to use.

"Although there is a lot of loss of spirituality, the materials used to create these treasures are not trivial. Even if they don't play a big role, they can be eaten for the ball. I believe the ball will have a lot of gains."

Thinking of this, Lu Ming had a smile on his face and continued to open the second box.

There are also treasures in the second box. Like the first box, there is a lot of spiritual loss.

Lu Ming collected all these treasures in a storage ring. After planning to leave the ancient city of Xingyue, he slowly studied. If it is useful, it will be kept. If it is useless, the ball will be eaten.

After putting away, Lu Ming got up and left here to continue exploring.

However, next, Lu Ming has nothing to gain.

Around the east, around the west, finally, Lu Ming found another passage, along this passage, all the way forward.

On the road, there is no difference. After passing through this passage, Lu Ming came to a platform.

The platform is large, and many people have gathered here.

"Ok!"

Lu Ming's eyes were attracted by the front.

Because of the chaos in front of the platform, there was nowhere to go.

The road, here, is broken.

"What's going on? There is no way here, is this the end?"

"It shouldn't be, other places have been explored, other places are dead ends, only there is a passage here, it stands to reason that there is a road ahead!"

Many people talked.

"The difficult road is blocked by the chaotic land in front, then I will blast this chaotic land!"

A young man walked to the front of the platform, used his magical power, and threw a few palms.

A huge palm print formed, slamming into the chaotic land, but the misty fog rolled over, and the palm power of the youth, like a rock sinking into the sea, did not arouse a little waves.

"Come again!"

The youth did not give up, and shot continuously, but nothing worked.

"Don't try it in vain, we have tried it before, it's useless!"

Someone said, obviously, some early arrogances have already been tried.

"What about then?"

Someone asked.

"Today's plan, I can only wait. I estimate that after a while, there may be changes!"

"I feel so too!"

Several youths spoke in a row.

Everyone was silent. Some people found a place to sit and waited quietly.

It's hard to come here and let them leave. It's really a little unwilling.

Lu Ming also found a place to sit cross-legged and waited while comprehending divine power.

In a blink of an eye, a few days passed, but the chaotic land was still confused, with no change at all.

With the passage of time, more and more young arrogance came here.

A month later, thousands of Tianjiao have gathered here.

However, Lu Ming estimates that the arrogance of entering the castle is only a part of it, because many people did not see it.

For example, Jin Yuan, Youhan, Chu Baxing and others did not see it.

Xu Yan, as well as the young animal skin, also came here.

Time rushed and another month passed.

For the gods, in a few months, the blink of an eye, everyone is impatient.

"There is movement over there!"

"Someone in Chaos!"

Suddenly, someone called out.

Everyone's eyes looked toward the chaos.

Originally, there was a mist and gray mist, and I couldn't see what was inside.

Before, some people even flew in and probed into it, which was boundless and indistinguishable.

But now, the mist was rolling, and there was a figure that came out.

Chapter 3047: Fight for the guide

The fog rolled, and a figure came out of it.

This is an old man with white hair and wrinkles, and he looks very old and full of years.

He just stood on top of the mist of chaos.

"Not an entity!"

Many people moved their hearts, and everyone can see that this old man is not a flesh and blood, but composed of energy.

Everyone's eyes were gleaming, and they were wondering, who is this old man? How come out of the mist, is it the undead in the ancient city of Xingyue?

Thinking of this, many people shuddered.

If this is the case, the strength of this old man will be terrifying.

"Old man, it is the clans of the great formation here!"

The old man spoke, and his voice spread throughout the audience.

It turned out to be a gang!

Everyone moved with a sigh of relief, not as they imagined, but a living strong.

However, the formations are also terrifying. The large formations that were set up so long ago, there are actually stills, which is no small matter.

"Senior, why is there no way here?"

Someone asked.

"There is a way, it's just hidden by me!"

Ling Ling Road.

"Why?"

Someone then asked.

"Because you have too many people, too little road, not enough to go!"

Jingling Road said, after finishing his eyes, he glanced at the audience and said, "You are here, are you here for Life Soul Yuanshi?"

Everyone was silent.

They did come for Life Soul Yuan Shi, so the Life Soul Yuan Shi guarded by so many people is definitely a priceless treasure.

"It seems that other people have other channels to know the existence of Life Soul Yuanshi!"

Lu Ming moved his heart and looked at Xu Yan and others.

Because in the back room that I saw the picture, there was no Xu Yan.

It is conceivable that Xu Yan and others knew about the existence of Life Soul Yuanshi from other sources.

Perhaps everyone who enters this castle will know the existence of Life Soul Yuanshi.

Sure enough, the old man explained.

"In the long past, this castle was guarded in all directions. Nowadays, these people are dead, but there are projections left. The time is in a hurry, so many years have passed, this time since you can come here, this It is destined to heaven, and the soul of Yuanyuanshi is now born!"

The inspiration sighed.

The crowd looked at the formations and did not speak, waiting for his following.

"So this time, I will give you a chance!"

Speaking of which, the spirits waved their hands, and the chaotic fog rolled violently. Then, a path appeared in the fog, extending all the way to the depth of the fog, and I don't know where it was going.

A total of eighteen roads.

"As long as you embark on these roads and walk all the way to the end, you will get the life soul stone, but after you embark on the road, you will face a war with each other!"

Ling Ling Road.

"Is it just us?"

Xu Yan asked.

"Of course not. You just come in one of the directions here. People in other directions, similar to yours, will also compete in this way. After you embark on these roads and enter the mist of chaos, you can meet them. !"

Ling Ling Road.

"Also, each of these eighteen roads, only one person is allowed to step in!"

The Jingling continued to speak, and when he finished speaking, as soon as he waved his hand, eighteen round beads appeared in his hand, exuding dazzling brilliance.

"The eighteen round beads are the road guides. Only by holding the road guides can one of them walk on one of the roads. If there are no road guides, step in without permission and you will die here!

After speaking, the real dragon waved his hand and eighteen round beads flew out, flying towards the platform in all directions.

"Road guide?"

"Need a guide to go up and compete?"

"That is to say, only eighteen people can embark on these roads?"

Many people are still digesting the news that the old man just said. Eighteen round beads have already flown over.

"This guide, I want one!"

Someone with a quick response burst into shape and rushed towards one of the beads.

"I also want!"

"This one is mine!"

Suddenly, everyone else reacted, rising into the sky and rushing to the eighteen beads.

"Go away!"

The young animal skin, with a violent breath, is like a wild beast with a mad hair, and his body has an ancient atmosphere of wildness. When he shot, he teared a few young people alive, stretched out his hand, and grabbed a ball in his hand.

This is a natural pride that awakened the original divine power factor. No one dared to compete with it and became the first person to get the ball.

Another one, Xu Yan is equally powerful, but his shot is not as overbearing. He punched a few young men and spit blood, but did not kill.

He also got a round bead.

Lu Ming also moved. At the moment when the bead flew out, he jumped into the sky and rushed to a bead. He performed the nine-day Kunpeng technique at an amazing speed. Before the others rushed, he had already caught a ball in hand.

"Let the road lead!"

With a roar, a young man screamed at the landing with his palms, and his palms screamed like rows of mountains and seas.

"roll!"

Lu Ming drank coldly, turned around and pulled out a shot.

boom!

The huge guns crushed the opponent's palm print and bombarded the opponent, and the opponent coughed up blood and retreated.

call out! call out!

boom! boom!

However, in other directions, several young people killed Lu Ming together.

At the scene, there were thousands of arrogances, and there were only 18 round beads. Each round ball had a large number of people competing for it. One can imagine how fierce the competition was.

"It seems that if you don't use some means, you can't control these people!"

Lu Ming's eyes flashed, triggering a four-fold combat strength of Zhanzi Jue and his momentum soared.

call out! call out! ...

In an instant, Lu Ming stabbed more than a dozen shots, and a dozen shots burst out. It was gorgeous. Seven or eight young men pounced on Lu Ming. The body was pierced, hit and flew far away, and he vomited blood in his mouth. In horror.

Lu Ming has shown mercy to his men, otherwise, these people would have died long ago.

Seeing that Lu Ming was so powerful, some people who wanted to come over and competed with each other, played a retreat, hesitated, and backed away one after another to compete for other beads.

Lu Ming flickered, flew towards one of the roads, and landed smoothly on a road.

Earlier than Lu Ming were Xu Yan and a young man in a fur coat. The two of them landed on the trail earlier than Lu Ming.

Eighteen Lu Ming were occupied by three of them.

On the platform, the remaining people fiercely fought fiercely for the remaining 15 balls.

People were constantly killed and fell here.

Finally, a powerful person went through a bruise to fight, grabbed a ball, and embarked on a road.

After a moment of fighting, hundreds of heavenly arrogances and eighteen round beads fell, all with masters.

Eighteen roads, each one is occupied by one person.

"Okay, let's go. Follow this road and go straight ahead!"

The Ling commanded.

Chapter 3048: My wife is much prettier than you

Jingling told 18 people to get a "guide" and walk along the path under their feet.

"I want to go too, I don't believe it, I can't go without a guide!"

Someone shouted, unwilling to give up, rushed towards one of the lower roads, and the figure landed on that path.

However, when the person just landed on this path, the path glowed, and a white light enveloped the person. The person immediately screamed screamingly, and his body was turned into ashes in the white light, and there was nothing left.

The others were startled and took a breath.

Sure enough, there is no way to go up, otherwise, it is a dead end.

The rest of them secretly rejoiced. At first, many people who didn't get the waypoints also wanted to rush to try it. Fortunately, it was a step late, otherwise they would die.

Now, they can only envy Lu Mingming and others.

Lu Ming and others stepped out and walked along the path all the way forward. Soon, their figure disappeared into the thick mist.

Lu Ming walked all the way. Slowly, he couldn't see anyone else's figure at all. All he could see was the path that stretched forward under his feet, and the dense mist around him.

This path is very long. Lu Ming has been walking for half an hour and still has not reached the end.

Lu Ming continued patiently, and walked for another half an hour without knowing how much distance he had traveled. The path finally came to an end.

At the end of the path is a platform, just suspended in the mist of chaos.

Lu Ming came to the small road and found nothing.

"Do you have to wait here?"

Lu Ming thought, and then sat cross-legged, waiting quietly.

Lu Ming didn't wait too long. Soon after, the fog rolled on the side of the platform, and a small path extended from the fog, and finally bordered on the platform at the foot of Lu Ming.

After a while, a young man followed the path to the platform.

As soon as the young man came to the platform, he watched the landing sound sharply.

"You two fight each other, only the winner can move on!"

A sound suddenly sounded, it was the voice of that formation.

"It turned out to be a test in this way!"

Lu Ming moved.

The young man in front of him, Lu Ming did not know, was not one of the eighteen people who had been given a guide before. Obviously, he came from several other directions.

Jinling wanted to use this method to randomly meet the people of the two roads, and then fought one battle, the winner continued to move forward.

This way, Lu Ming has encountered it before. This has the effect that you do not know who the next match is.

"Go on by yourself, or will I bombard you?"

The young man looked at Lu Ming and spoke indifferently, without paying any attention to Lu Ming.

After he entered the castle, he did not walk in the same direction as Lu Ming. Naturally, Lu Ming had not seen his shot, and he did not know how powerful Lu Ming was.

In his induction, Lu Ming is just a man with five celestial gods, and a man with five celestial gods. Where can he go?

"This sentence is exactly what I want to give you!"

Lu Ming spoke lightly.

"Stubborn, it seems that it is about to force me to do it, boy, once I do it, do you know the consequences?"

The youth's voice was colder, with cold flashes in their eyes, with a threatening meaning.

If Lu Ming can roll off the platform by himself and save his hands, he can also save some strength.

After all, according to this rule, there must be a big battle ahead. Although Lu Ming is only a \*\*\*\* with five weights, he needs a little effort, right? So he threatened Lu Ming and let Lu Ming go!

"So much nonsense!"

The other party had too much nonsense, and Lu Mingke was impatient. He stepped out in one step, triggering four times the fighting strength of the war character tactics, and the double fists bombarded continuously.

Roar roar...

The sound of Longyin continued to sound, and nine nine-clawed dragons condensed out, carrying an amazing momentum, and rushed towards the other party.

"Your strength..."

Feeling the amazing breath of Nine Nine Claws Dragon, the other party's face changed dramatically, and his face was incredible.

As soon as Lu Ming shot, he sensed a powerful crisis.

boom!

He also shot with all his strength, like a volcanic eruption, a few punches, each punch, there was a goshawk flying out, dozens of consecutive punches, dozens of giant goshawks condensed out, slamming towards Nine Nine Claw Dragons, fighting together.

This young man is also very strong. The cultivation of the half-step God Realm and the level of awakening of divine power have reached 99%. Without such strength, it is impossible to get a waypoint and embark on a small path.

He fought Lu Ming fiercely, and for a time, resisted Lu Ming's attack.

Lu Ming did not cast an ancient divine body. It was still difficult to solve such a master.

"Ice Chain!"

Lu Ming thought, and nine ice chains flew out, winding towards the other party.

At the same time, Lu Ming killed him with a long rifle.

Lu Ming successively exhibited the magic formula of the magic dragon, the chain of ice, the three blows of the world, the offensive was like a storm, and wave after wave, the other party could not resist.

After barely supporting a dozen strokes, Lu Ming spit blood and flew to the platform.

As soon as the other party was bombarded off the platform, the path that the person had originally walked back from the platform, caught the young man, and then backed all the way back.

This is equal to, this person was eliminated.

In front of Lu Ming platform, another small road appeared and continued to extend forward.

"Then go on!"

Lu Ming's eyes were firm and he revealed his intentions.

If you go on like this, it is estimated that you will encounter Jin Yuan, Chu Baxing, Youhan and so on.

Lu Ming was not afraid of a battle and even looked forward to it.

Going all the way, this time, not long afterwards, another platform appeared in front of Lu Ming.

Lu Ming continued to wait on the platform. Soon afterwards, a small road extended to border Lu Ming's platform, and then a young and beautiful woman came up.

"It's you!"

When the woman saw Lu Ming, her face changed greatly and became ugly.

This woman is one of the 18 people who started with Lu Ming before. She has seen Lu Ming's shot before, and she is not Lu Ming's opponent at all.

"Beauty, what a coincidence, why, do you want to fight?"

Lu Ming smiled slightly.

"Son, you are a big man, can't you let the little girl?"

The woman smiled and looked at Landing with a blink of an eye.

"You don't have to do this with me, my wife is much prettier than you, so your move won't work for me!"

Lu Ming continued to smile.

"You... you bullshit!"

The womanish face flushed.

She has always been conceited and beautiful. Numerous young men have turned around her. Lu Ming now treats her with this attitude, and also says that his wife is much prettier than her. How could she not be angry.

She thinks Lu Ming is lying.

"Nonsense? I don't have any nonsense, but what I said is fact, you have to do it, come on, I won't pity Xiangxiyu!"

Lu Ming opened his mouth, and his eyes flashed with a terrible color.

Chapter 3049: Ten people gathered

In the end, the woman played a retreat and dared not fight Lu Ming.

She knew that even after World War I, she was not Lu Ming's opponent.

After clenching her teeth, the woman took the initiative to withdraw from the platform and back to the path, which shrank back and disappeared.

"It's easy!"

Lu Ming smiled.

In front of the platform, continue to have a path extending out, Lu Ming continued to walk along the path.

But this time, there have been changes.

After Lu Ming walked for a while, the mist around him began to fade. Slowly, the mist became weaker and weaker, and finally the mist completely disappeared. The path under his feet appeared in a void.

"Ok?"

The next moment, Lu Ming's eyes flashed, because in other directions, he saw other people.

In addition, in different directions, there are also paths that extend out, and on each path, there is a youth pride.

"Jin Yuan, Chu Baxing, Xu Yan, Youhan..."

Lu Ming glanced over and saw each of his 'acquaintances'.

With him, there are ten people.

All are arrogant arrogances. Except for himself, everyone else has awakened the existence of the original divine power factor and is also the strongest group of people who came in here.

The Nine Nether Heavenly King Mansion, which originally entered three levels of Tianjiao, was killed by Lu Ming. Now, only two have come here.

There are four people in Nine Sword Heavenly Palace.

Jiu Jue Tian Wang Mansion, plus Lu Ming, also had four people.

Lu Ming, Jin Yuan, Xu Yan, young in fur coats.

There was a path under everyone's feet, but the path extended here, and it stopped, without continuing.

Above them, there is a high platform, which looks very old.

"Is it the Life Soul Yuan Shi, right there?"

A thought flashed in everyone's heart, and there was a fiery light in their eyes.

At this time, on that high platform, the light flashed and a white-haired old man appeared.

Jinling glanced at everyone and said, "Okay, you are the ten people who finally came here!"

Ten in the end?

As soon as the Jingling's voice fell, ten people glanced at each other and looked at each other.

More people looked at Lu Ming, showing surprise and surprise.

"Can he actually get here?"

"strange!"

Several people whispered.

"This kid..."

Chu Baxing was also very surprised, a ray of cold light flashed in his eyes.

"Why didn't Youlian come here? Is he defeated?"

The two heavenly princesses of the Nine Nether Heavens Palace communicated.

"Who can beat Youlian among these people?"

Youhan's eyes flickered and swept the other Tianjiao, but he directly ignored Lu Ming.

It's already a miracle that Lu Ming can come here. He doesn't believe that Lu Ming can still defeat Youlian, which is totally impossible.

He glanced more at Chu Baxing and Lu Ji.

Only those few people can beat Youlian.

Different thoughts turned around in everyone's hearts, while the spirits continued to speak.

"Life Soul Yuanshi, right here!"

Ling Ling Dao said this, making Lu Ming and others brighter.

Someone even tried to rush to the upper platform, but he found that there was a force in the void that was pressing on them, and he could not rush at all.

"You don't have to waste your energy, you can't get up, you only have to fight step by step to get the life soul stone, then next, you ten will go through two or two battles, only the strongest can finally step on At this high platform, you get the Life Soul Yuan Stone!"

Ling Ling Road.

Everyone's heart moved, as it was.

It seems that today only by conquering the heroes can we obtain the treasure.

"Next, which two of you meet, let the two fight, but I want to remind you in advance that before the war, you can admit defeat, but once the war is on, you cannot admit defeat, the two, Only one person can live!"

Speaking of the back, a flash of cold murderous opportunity flashed in the eyes of the spirits.

Everyone's heart is cold.

Before the war, you can take the initiative to admit defeat, and once the war starts, only one of the two can live. This is a cruel rule of life and death.

"So, before you go to war, it is best to think clearly, now, let's get started!"

Jingling Road, as his voice fell, two of the roads began to extend and eventually met in the air, turning into a huge battle platform.

Lu Ming's eyes fell on Tianjiao on the two roads.

One of them is a arrogance of the Nine Nether Heavenly King's Mansion, and the other is a arrogance of the Nine Sword Heavenly King's Mansion.

"Haha, come on!"

The arrogance of the Nine Nether Heavenly King's Mansion, moving in shape, fell on the battle platform, overlooking the arrogance of the Nine Sword Heavenly King's Mansion, and said, "Boy, come on up, your soul, I want it!"

The arrogance of the Nine Sword Heavenly King's palace is a little dignified.

Among these people, the one he didn't want to encounter the most was the people of the Nine Nether Heavenly King Mansion.

The people of Jiuyou Heavenly King's Mansion are too strange to attack.

"You, fight or not fight!"

Jingling looked at Tianjiao of the Nine Sword Heavenly King's Mansion and asked.

"war!"

In the end, Tianjiao of the Nine Sword Heaven King's House snorted, stepped out, and appeared on the battle platform.

As a swordsman, he has enough confidence in himself. The swordsman, with his sharp edge, can never flinch, and he does not believe that the heavenly arrogance of the Nine Nether Heavenly King's Mansion is as cold as everyone.

As soon as the heavenly arrogance of the Nine Swords King's Mansion fell on the battle platform, the battle platform began to glow, and a light mask covered the battle platform.

"Start!"

Array announced.

"Boy, die for me, hahaha!"

The Tianjiao of the Nine Nether Heavenly King's Mansion made a terrible laugh, and his figure flashed like a ghost, killing the Tianjiao of the Nine Sword Heavenly King's Mansion.

"Huang Quan three swords, Biluo Huangquan!"

The arrogance of the Nine Sword Heavenly King's House drank coldly, the war sword came out of the sheath, and several knives were cut out in succession.

As soon as the Tianjiao of the Nine Sword Heavenly King's house shot, it showed great strength. A few blades of light shone to the Nine Nether Heavenly King's heavenly pride, covering his whole body.

"Trick and worm!"

The heavenly arrogance of the Nine Nether Heavenly King's Mansion opened coldly, with a figure like a ghost, blinking constantly. In an instant, after avoiding a few knife lights, he continued to rush towards his opponent.

"Nine Ghost Claws!"

A ghost claw condensed out and grabbed the heavenly arrogance of the Nine Sword Heavenly King's Mansion. The speed was amazing.

"The Art of Knife Wall!"

The arrogance of the Nine Sword Heavenly King's House shouted angrily, and the war blade screamed, and the endless sword awn burst out in an instant, forming a sword wall, a sword wall completely condensed by the sword awn.

boom!

The nine ghost claws of the Heavenly Pride of the Nine Nether Heavens Palace were caught on the blade wall, which caused the blade wall to vibrate violently. A strange force directly penetrated into the body of the Nine Sword Heavenly Palace through the blade wall.

The Nine Sword Heavenly King Tianjiao's body immediately shook, his breath suddenly weakened, and the power of the Sword Wall also weakened a lot.

The opponent's nine ghost claws broke through.

Chapter 3050: Confess

Lu Ming can see that the strength of the Nine Nether Heavenly King's Tianjiao cultivation is almost the same as that of Youlian and Youhan, which is extremely strange and can affect human souls.

Obviously, the arrogance of the Nine Sword Heavenly King's Palace was influenced by the other party's energy, which caused his own strength to weaken instantly.

The master war, the slightest flaw, is fatal.

The Nine Nether Ghost Claws of the Heavenly Pride of the Nine Nether Heavens Palace directly broke through the opponent's knife wall and grabbed towards the other side.

Roar!

The Heavenly Pride of the Nine Swords King roared loudly, and his divine power was like a volcanic eruption. His body retreated sharply, but he was still a step behind. He was swept by the power of the Nine Spectre's claws, and his body was caught with flesh.

"Hey, you can't run away, let me die!"

Tianjiao, the King of Nine Nether Heavens, sneered and continued to kill each other.

"Huang Quan three swords, Huang Quan sunset!"

The arrogance of the Nine Sword Heavenly King's Mansion roared, shining brightly all over his body, and then all the brilliance gathered towards his sword of war, and then cut out with a knife.

Then, a round of Huang Mengmeng's burning sun appeared in the air.

This round of blazing sun is extremely dazzling, completely formed by the condensing of sword awns, exuding terror fluctuations, killing the heavenly arrogance of the Nine Nether Heavenly Palace.

Tianjiao of the Nine Nether Heavenly King Mansion finally showed a dignified face. A plume of mist filled his body. In the mist, there were all the sounds of ghosts crying and howling, as if there were countless innocent souls howling.

Then, his figure flickered and went towards the Tianjiao of the Nine Sword Heavenly King's Mansion.

boom!

The scorching blade of the scorching sun fell and the void shook. The celestial figure of the Nine Nether Kings Palace flashed rapidly. In an instant, it flashed tens of thousands of times, removing a lot of power.

At the same time, many of the endless grievances around him were wiped out, but in this way, it also blocked part of the power for the Tianyou of the Nine Nether Heavenly King.

In this way, Jiuyou Tianwang Mansion Tianjiao approached Jiuyou Tianwang Mansion Tianjiao, and Jiuyou Ghost Claw came out.

It is inevitable that the soul of the Heavenly Pride of the Nine Sword Heaven King's Mansion is affected, and its momentum drops.

"Die to me!"

Jiu You Tian Wang Fu Tian Jiao coldly drank out.

Poof!

Half of the body of Tianjiao, the King of the Nine Swords' Heaven, was caught and cracked, flesh and blood flew, and blood was splattering.

The retreat of Tianjiao's screams in the Nine Swords King's Mansion was hit hard, and his breath faded.

His face was extremely ugly and he receded wildly.

However, the speed of the Heavenly Pride of the Nine Nether Kings Palace is significantly faster and it is hotly pursued.

"The people of the Nine Sword Heavenly Palace are dead!"

Lu Ming secretly said.

Although the strength of Jiuyou Tianwang Mansion's Tianjiao is not as good as Yuhan, but it is similar to Youlian, but Jiudao Tianwang Mansion's Tianjiao, its strength is slightly weaker than that of Lü Ji, and it is naturally not the opponent of the other party.

At this time, he was injured and died.

"I surrender!"

The arrogance of the Nine Sword Heavenly King's Mansion showed a terrified look and rushed out of the battle platform.

However, when his body rushed to the edge of the battle platform, he was blocked by that layer of light mask, no matter how he bombarded, he could not open it.

"Let me go, I admit defeat, I admit defeat!"

The Nine Sword Heavenly Mansion roared wildly.

"I said it beforehand. Before the war, you can admit defeat. After the war, you will have to be born and died. Do you think I fart?"

Jingling coldly said.

"Hey, hey!"

The Tianjiao of Jiuyou Heavenly King's Mansion sneered and launched a fierce attack.

The Nine Swords King's Mansion is desperate and fights back, but at the moment he is hit hard and his strength has weakened a lot, even if desperate, what use is it?

After a few strokes, a desperate scream sounded, and Tianjiao of the Nine Sword Heavenly King's Mansion was caught through his head.

Then his soul was caught and struggling wildly.

In the eyes of Tianjiao, Jiuyou Tianwang Mansion's eyes are full of greed, with wide open mouths, swallowing the soul of the other party, the cry stopped abruptly.

The Palace of the Nine Sword Heaven King, a generation of arrogance, in half a step God King awakened the existence of the original divine power factor, and just fell here, even the soul has become the food of others.

"Hey, hey, delicious, really delicious, the soul of the peerless arrogant, really delicious, intoxicating!"

Tianjiao, the King of Nine Nine Heavens, made a sharp cry.

At the scene, other people's faces were very unsightly, revealing a dignified look.

The mysterious techniques of the Nine Nether Heavenly Kings are too strange. They are obviously equivalent, but they are often not opponents of the other party.

Everyone is thinking about how to deal with the people of Jiuyou Tianwang Mansion.

The arrogance of the Nine Sword Heavenly King's Mansion fell. The original road disappeared and became invisible. The Nine Nether Heavenly Mansion's arrogant returned to his way, and the battle platform in the sky disappeared.

At the next moment, the other two roads began to extend and meet in the air to form a new battle platform.

"It's my turn, but what a coincidence!"

There was a sneer in Lu Ming's mouth.

This time, one of the two extensions is his, while the other is actually gold.

He met Jin Yuan again.

Seeing the opponent as Lu Ming, Jin Yuan's complexion was ugly.

The eyes of others also fell on Jin Yuan and Lu Ming.

"Jin Yuan is a lucky guy. He actually met this god's five-fold waste and won a game in vain!"

Chu Baxing muttered, revealing a slight disdain.

In addition, Yuhan, Luji and others are similar thoughts, they estimate that Lu Ming will directly admit defeat.

But the next moment, their eyes glared, revealing a strange look.

Because Lu Ming stepped out directly and landed on the battle platform.

"He, dare to fight?"

Many people were surprised.

Once there is a war, it is a life-and-death battle. Lu Ming, dare to have a life-and-death battle with Jin Yuan?

However, what surprised them even more was that Jin Yuan was standing on the path and did not set foot on the battle platform.

"Jin Yuan, fight or not, decide quickly, don't waste time here!"

Lu Ming looked at Jin Yuan and said coldly.

"Before the war, you can admit defeat!"

Jinling added.

Jin Yuan's face was ugly and his eyes changed, after a while, he finally bit: "I admit defeat!"

Jin Yuan, he conceded.

Before that, he and Lu Ming fought once at the Panchen Cliff. Finally, he was defeated by Lu Ming and fled in embarrassment.

Last time he was not an opponent. Now in the first battle, he will still not be Lu Ming's opponent. Isn't he looking for death? Of course I have to admit defeat.

However, the others were stunned and looked at Jin Yuan with a dumb face.

Jin Yuan, actually confessed, confessed to a five-folded god?

Jin Yuan, if you confess to You Han, Chu Baxing and other figures, that's not surprising, but now, actually confess to a person with five gods?

They really can't figure it out.

Even Xu Yan, a young man in a fur coat, who was also the King of the Nine Heavens Palace, was all surprised, unable to figure out what kind of routine Jin Yuan was playing.

"Hahaha, Jin Yuan, you are really a waste. Even a person with five celestial gods dared not to fight. He confessed directly. Waste is waste!"

Chu Baxing laughed, full of ridicule.
