Chapter 3051: Jin Yuan's thoughts

Chu Baxing's mocking voice rang throughout the audience. In the face of Chu Baxing's mocking, Jin Yuan clenched his fists, and his face was extremely gloomy.

"Before, some people compared you with me, Jin Yuan, you didn't even deserve to mention my shoes!"

Chu Baxing continued to ridicule.

"Huh, Chu Baxing, don't be proud!"

Suddenly, Jin Yuan raised his head, looked at Chu Baxing, and pointed to Lu Ming again, saying, "This person is a rare genius in my Nine-Nine Heavenly King's Mansion. He has unparalleled combat power and is invincible at the same level. , Even across several levels of war, it is also invincible, I admit that I am not his opponent!"

"So, Chu Baxing, if you meet him, it is best to surrender, so as not to lose your life!"

what?

Jin Yuan's words surprised everyone else.

Lu Ming, with the five-fold cultivation practice of Tianshen, actually defeated Jin Yuan? how can that be?

Xu Yan, who is also the king of the nine kings, and the young men in animal skin coats all showed their astonishment. They had never heard of Lu Ming's name before, only knowing that Lu Ming had passed through Tianmen.

"Hahaha, Jin Yuan, are you telling a joke? In the face of a **** fivefold, will I admit defeat?"

Chu Baxing laughed, turned his eyes, and continued: "I know, Jin Yuan, you want to scare me with this method, and want me to fall without a fight!"

"You know that you are not my opponent, and you want to use this method to make me surrender, ridiculous, really ridiculous!"

"The two of you, the people of the Nine Great King's Mansion, you are colluding well, deliberately frighten us with this method, and want to get the Life Soul Yuanshi, but, your method is too inferior!"

This remark made other people squint and nodded secretly.

They also believed in Chu Baxing's words, thinking that Lu Ming and Jin Yuan were colluding well, deliberately frightening others, wanting to succumb to the soldiers without fighting, and easily obtain the Life Soul Yuan Stone, but how is this possible?

Jin Yuan sullenly said nothing.

His purpose was not to frighten the other party, but to deliberately do so. If Lu Ming encountered Chu Baxing, he could force them to fight. He was afraid that Chu Baxing would also admit defeat.

In this way, Chu Baxing will definitely not admit defeat, unless Lu Ming will admit defeat.

Lu Ming glanced at Jin Yuan lightly.

Jin Yuan's thoughts were clear to him.

However, Lu Ming was too lazy to explain, if he really encountered Chu Baxing, Lu Ming also wanted to solve the other party.

Earlier, when Chu Baxing saw Lu Ming, he shot Lu Ming in an overbearing manner.

Behind, the people of the Chu family still want to kill Lu Ming, which has angered Lu Ming.

Therefore, Lu Ming also remained silent.

In this way, Chu Baxing even thought he had guessed, sneered, and full of ridicule.

Lu Ming returned to his path, and the battlefield disappeared.

However, Jin Yuan did not leave here, just the path under his feet, retracted a bit, shorter than the others, which shows that he was defeated.

However, he can watch the game here for the time being.

After Lu Ming withdrew them, then, there were two more trails extending out to meet in the air to form a battle platform.

This time, one of them was cold.

The other one is the young man in animal skins of Jiu Jue Tian Wang Mansion.

Uh!

The cold figure flashed and rushed to the battle platform, looking at the young animal skin fiercely, saying: "Boy, let's fight!"

"I surrender!"

The young beast skin shook his head directly to admit defeat.

When he meets others, he may still fight, so he should hone himself.

But in the cold, he confessed directly.

Outside the castle, even Chu Baxing is not a cold opponent. Later, Lu Ji shot and joined forces with Chu Baxing to resist the cold.

He had a battle with Youhan, and there was only one way to go. Why did he fight again?

"Huh, it's really a waste, not even dare to fight!"

It's cold and humming, a little uncomfortable.

He also wanted to kill a Tianjiao and devour the other party's soul.

The young animal hides in defeat, and the path under his feet shrinks back to the same height as Jin Yuan.

The coldness also retreated.

Then, there are two small roads that meet together.

This time, one of them was Chu Baxing, and the other was another Tianjiao in Nine Sword Heavenly King Mansion.

The young man glanced at Chu Baxing and said lightly: "I admit defeat!"

The same as the arrogance of the Nine Sword Heavenly King's Mansion, he played with Chu Baxing more than once, knowing that Chu Baxing is powerful. Before, although Chu Baxing was suppressed by the cold, it was because it was restrained by the cold, and, really, To fight for life and death, Chu Baxing may not lose, so he directly admits defeat.

Chu Baxing's face has not changed. Obviously, he has long known that the other party will admit defeat.

Then, it was the fifth battle.

This scene is Xu Yan of the Jiu Jue Tian Wang Mansion, and Lu Ji of the Jiu Dao Tian Wang Mansion.

What a coincidence, the two had a battle outside the castle before, and there was no difference between them. Now, they have met again.

Lu Ji's figure appeared on the battle platform, his eyes were sharp, and in his eyes, there was a flash of knife, staring at Xu Yan, saying: "Xu Yan, dare to fight for life and death?"

"Don't you dare?"

Xu Yan stepped out and landed on the battle platform. Suddenly, a light mask covered the battle platform.

"Very well, Xu Yan, I will step on your corpse and break into the realm of God King!"

Lu Jizhan Yi Chongyi.

"This sentence is exactly what I want to say, kill you, and leave the ancient city of Xingyue, I can attack the realm of God King!"

Xu Yan also said.

Their cultivation practices are in the half-step **** king realm, and the time spent in the half-step **** king is not short, but it is not so easy to break through the **** king realm, and the requirements are very high.

Only through life-and-death battles and tragic hardships can they help them break through faster.

This time, there were Youhan and Chu Baxing, Xu Yan, Lu Ji and others. In fact, they also knew that most of them could not get the Life Soul Yuanshi. Train myself.

Of course, if the difference in strength is too great, there is no need for a war. That is to find death.

Like Xu Yan and Lu Ji, they have the same strength. Those who survived the battle of life and death can really get sublimation and complete transformation.

Therefore, they will choose the battle of life and death.

"let's start!"

Array announced.

boom! boom!

As soon as the Jingling's voice fell, the two exploded into two rainbow lights, impacting together.

Lu Ji, the unparalleled swordsmanship, the attack power is amazing, cuts out the terrible sword light.

Xu Yan was covered with a layer of stone armor, and punched and punched. Every punch was like a Taishan God Mountain. It was extremely powerful and extremely powerful.

The two fought fiercely, and the battle was inseparable.

Compared with the former diplomat in the castle, it is now more intense and tragic.

Because this is a life-and-death battle, the two sides have no retreat, and only by killing the opponent can they live.

The two of them fought violently and fought to the back. Both of them were covered with blood and were both hit hard.

Chapter 3052: Lu Ming vs. Chu Baxing

The battle between Xu Yan and Lu Ji was hundreds of tricks, **** battle, and madness, both of them suffered a lot of injuries, but both eyes were full of unwavering faith and unyielding battle. meaning.

Now they have only one goal, which is to kill each other.

The loser will die!

The winner may be able to transform!

boom!

The two rushed together again, Lu Ji, chopped off a knife, and bombarded with Xu Yan's fist.

The battlefield was shaking and full of energy.

At this moment, Xu Yan shuddered, and seemed unable to resist, his fist collapsed, Lu Ji's eyes lit up, and he attacked with a knife.

puff!

Lu Ji's battle knife was cut on Xu Yan's body, and the stone armor on Xu Yan's body was directly cleaved, and the knife was penetrating through his bones.

But after all, Xu Yan was still prevented.

"not good!"

At this moment, Lu Ji's complexion changed dramatically, and he found it was wrong, but it was too late.

boom!

Suddenly, Xu Yan exploded, punching out a terrible punch, punching out with punching force and bombarding Lu Ji.

Lu Ji's body was directly penetrated, and a large hole was blown out, which was translucent before and after.

Lu Ji vomited blood, flew out of the body, fell over the battle platform, and it was difficult to move for a while.

Xu Yan also spit out blood, but his injury was much lighter than Lu Ji.

Just now, he deliberately revealed a flaw that caused Lu Ji to kill him with a knife. This is also him. The average person does not dare to do this. Xu Yan's defense is extremely strong, so he dare to do it. In the end, he paid the price of serious injury. Defeated Lu Ji.

bump! bump! ...

Xu Yan dragged his **** body and walked towards Lu Ji step by step. Each step left a footprint on the ground.

"Hahaha, happy, happy, this battle is happy..."

At this moment, Lu Ji suddenly laughed, struggling to get up, looking at Xu Yan, and said: "This battle is happy, but unfortunately, I lost, defeated, I will die, come, give me a happy!"

"You are a respectable opponent, go well!"

Xu Yan opened his mouth, and then his breath erupted, a mountain-like punch, blasting towards Lu Ji.

Fisting force passed, and Lu Ji's figure collapsed completely, and both form and spirit disappeared.

Lu Ji, fall!

Not everyone is greedy for life and death, Lu Ji, since stepping onto the battle platform, he has the consciousness of being killed.

"Go!"

Xu Yan whispered, and then his breath converged. He could no longer support it, and sat on the ground, took out an ammunition and swallowed it.

Although Xu Yan was seriously injured in this battle, Lu Ming felt that after this battle, Xu Yan might soon be able to break through the realm of God King.

The path of Lu Ji disappeared, and the battle platform also disappeared. Xu Yanpan sat on his own path.

The first round, the end, ten Tianjiao, there are five remaining.

Five others, two of them were killed, three of them conceded defeat!

"The five of you are also fighting randomly!"

Ling Ling looked at Lu Ming and other people.

"I, abstain!"

At this moment, Xu Yan spoke.

He was seriously injured and was unable to fight anymore.

Moreover, after the first war, he has gained enough, and there is no need to fight again.

"Okay, if you are allowed to abstain, then there are four people left!"

Ling Ling Road.

The remaining four people are Lu Ming, Chu Baxing, Youhan, and a Tianjiao in Jiuyou Heavenly King Mansion.

The four of them faced each other and collided with a spark.

In particular, Chu Baxing and Youhan have risen a strong fighting intent.

In the eyes of Chu Baxing, the biggest opponent is Youhan.

Before he was outside the castle, he was completely suppressed by the cold, but he still had a desperate means that was not used, otherwise, he might not be able to fight against the cold, and it is not easy to say who will live and die.

At this moment, the spirits waved their hands, and the two roads extended quickly, and then merged together to form a battle platform.

Lu Ming, Chu Baxing!

These two roads are Lu Ming and Chu Baxing.

boom!

Chu Baxing stepped out directly and landed on the battle platform.

"Hahaha, kid, let me meet you finally, come on, there is a kind, let's fight!"

Chu Baxing laughed.

"You don't surrender?"

Lu Ming asked.

"Surrender? Hahaha, ridiculous, don't use this stupid way to scare me, I'm not scared!"

Chu Baxing laughed.

He always believed that before Jin Yuan surrendered, he deliberately colluded with Lu Ming to frighten them.

Moreover, even if Lu Ming has some strength, what fear does he have?

Others also looked at Lu Ming, revealing curiosity, and wondering how Lu Ming should step down in the face of such a situation.

In their view, Lu Ming dug himself to make himself jump.

If he fights, he will lose his life when facing Chu Baxing. If he does not fight, he will become a joke.

"well!"

Lu Ming hung a sneer in the corner of his mouth, and his figure flashed before appearing on the battle platform.

"He, he is fighting!"

Youhan, Xu Yan and others are all stunned.

Obviously, this was beyond their expectations. Unexpectedly, Lu Ming really dared to fight.

In their view, Lu Ming could not frighten Chu Baxing, most of them had to admit defeat.

"Is this kid really capable?"

A thought flashed in everyone's heart.

Only Jin Yuan had a cold light in his eyes, which was exactly what he wanted. Lu Ming and Chu Baxing had a life and death battle. No matter who lost, he was happy.

Of course, he still hopes that Lu Ming will be killed, because Lu Ming killed the Tianjiao of their Jin family.

"A little guts!"

Chu Baxing's eyes narrowed. Obviously Lu Ming was fighting, which was a bit beyond his expectations. He thought Lu Ming would admit defeat.

When Lu Ming stepped onto the battle platform, a mask was raised around the battle platform to cover the battle platform.

"let's start!"

Array announced.

"kill!"

As soon as the Jingling's voice fell, Chu Baxing shot, and the armor shone brightly, and a spear burst out, piercing Lu Ming, very sharp.

"Broken!"

Lu Ming triggered four times of the combat power, used the trick of breaking the sky, and also shot a gun, a gun, and bombarded with the attack of Chu Baxing, such as two meteors collided, bursting out of a sudden energy wave.

"You also use a gun, let me see, what are you capable of, a thousand shots!"

Chu Baxing came out step by step, the momentum is like a mountain, the divine power is like a volcanic eruption, soaring into the sky, the momentum is strong to the point of terror.

boom!

He blasted out with a huge gun, covering the battle platform, and pressed towards the landing.

This trick is several times stronger than the previous shot. If the other arrogance without awakening the original divine power factor, even the half-step **** king, face this trick, it must be killed.

Many people stared at Landing Ming, and wanted to see how Lu Ming used the five-fold cultivation of the gods to face this trick and how to resist it.

Roar!

With a roar, Lu Ming's body swelled sharply, and in an instant, it turned into an ancient **** of several hundred meters.

Then the spear swept out, equally huge, colliding with Chu Baxing's gun.

Chapter 3053: God of War

In the face of Chu Baxing, who exploded with all his strength, Lu Ming did not dare to carelessly, and also used his full strength to turn it into an ancient **** of green armor and swept it out with a spear.

Two huge guns bombarded together.

boom!

The continuous vibration of the battle platform, such as the collision of two planets, the violent energy sweeping in all directions, the endless small guns blasted out in all directions, but was blocked by the mask on the battle platform.

Energetic swept, Lu Ming and Chu Baxing shook their bodies and backed away.

"Ancient God of Green Armor!"

Chu Baxing growled, showing shock.

"It is the ancient **** of Qingjia!"

"Good strength, he actually blocked Chu Baxing's attack!"

Around him, Xu Yan and others were all taken aback, opening their eyes and looking at Lu Ming's gaze, full of dignity.

Lu Ming actually cultivated into an ancient **** of green armor, and the metamorphosis of strong combat power, cast the ancient **** of green armor, can actually compete with Chu Baxing.

"Chu Paxing, your strength, that's all?"

Lu Ming disdainful opening.

"Lu Ming, your strength is indeed beyond my expectations, but it is still far from trying to compete with me!"

Chu Baxing drank coldly, and his body was shining brightly, especially his armor, filled with dazzling radiance, like a round of stars.

boom!

He stepped out like a giant walking, slamming towards the landing, the guns were like mountains, shaking the void.

"kill!"

Lu Mingsi was fearless and waved a long gun to kill him. During the process of killing, there were a series of nine-clawed dragons in the void condensing out and fighting towards Chu Baxing.

boom! boom! boom!

The two collided again. This time, the two had prepared in their hearts to exert their power to the extreme. They continued to collide and continuously hit the killer. In a blink of an eye, they had dozens of battles, and it was difficult to distinguish the outcome.

"God of War!"

Chu Baxing shouted, hit a real fire, and exhibited the strongest blow.

A huge **** of war appeared on the battle platform, screaming at the landing, and the speed was almost extreme.

Lu Ming felt that a force of terror was rushing towards him. This force directly locked him, making it difficult for him to evade.

"Starburst!"

Lu Ming snorted, and the whole body's divine power gathered towards the spear, and then turned into a spear burst.

boom!

A huge spear rushed out, struck together with Chu Baxing's **** of war, and bombarded together, the gun spear burst out by Lu Ming, with a blast, the destructive power swept toward the **** of war.

The power of terror completely overwhelmed the battle platform, and Lu Ming and Chu Baxing kept retreating and retreated to the edge of the battle platform.

After a few breaths, the energy dissipated, and everyone saw a crack on the top of the God of War condensed by Chu Baxing.

Everyone's eyes are fixed, some incredible.

Chu Baxing's God of War was not only blocked by Lu Ming, but also cracked, which was too scary.

You know, Chu Baxing's move is endless and powerful. With this move, he directly broke Jin Yuan's strongest blow and defeated Jin Yuan.

Even Youhan didn't dare to take this trick, but now, Lu Ming not only took it hard, but also struck a crack with the God of War.

"This guy's strength has improved again!"

Jin Yuan whispered, looking at Lu Ming's eyes, with a deep horror.

When Lu Ming and Jin Yuan battled, Lu Ming won in the end, but it was not easy to win. Chu Baxing, defeating Jin Yuan, was easier.

However, behind Lu Ming's three strikes, he broke through the first level and reached the eighth level. Whether it's the three moves of breaking the sky, chopping the moon, and starburst, the power has been improved. Now Lu Ming's attack power, It is no longer under Chu Baxing.

Chu Baxing's pupils also contracted sharply.

In the same level of World War I, there are few people who can block him in front of him, not to mention that the cultivation base is lower than him, and Lu Ming is just a person with five gods.

This caused deep jealousy in Chu Baxing's heart.

"See if you can stop me, kill!"

Chu Baxing roared and continued to control the God of War with a blow, killing Lu Ming.

"Shenlong Faxiang!"

"Cut Moon Combo!"

Lu Ming shouted, first displayed the magic formula of the dragon, condensed nine nine-claw dragons to fight against each other, and then, successively exhibited the trick of chopping the moon. In the blink of an eye, there were seven crescent-shaped spears slashing at each other.

Boom!

Nine magical dragon phases, in a suicide manner, hit the God of War with a continuous explosion.

Then, the seven crescent-shaped spears were also struck by the God of War,

The huge God of War, the body kept shaking, finally finally unable to withstand the bombardment, even with a bang, it burst apart and dissipated into energy.

Chu Baxing's body trembled, backing up again and again, backing over the mask on the edge of the battle platform, his face pale.

Everyone trembles in their hearts. Could Chu Baxing be defeated, in the hands of a five-folded god?

"It seems that you are a **** of war, but that's the case. Chu Baxing, today, you are the one who died!"

Lu Ming spoke indifferently, stepping out at the same time, and forced toward Chu Baxing.

"Lu Ming, because you want to kill me and dream, you forced me. Originally, this trick was used to deal with the cold. Now, you try it first!"

Chu Baxing growled, his face savage, showing a fierce look.

boom!

The breath on him rose again.

He held the spear horizontally, then stepped on it, his body rose into the air, and then the whole person spun quickly.

Huh...

Chu Baxing spun wildly, and in an instant, a terrifying vortex appeared in the air.

"Lu Ming, die for me!"

In the vortex, the ruthless voice of Chu Baxing came out. Then, a terrifying attraction came out from the vortex, and it was necessary for Lu Ming to swallow it.

Lu Ming used his divine power to fix his figure, but the vortex transformed by Chu Baxing rushed directly to the landing.

Lu Ming's eyes were dignified. In this vortex, Lu Ming felt a terrible crisis. If he was swept in, he would be strangled into minced meat.

"Shenlong Faxiang!"

Lu Ming sipped, and once again exhibited the magic formula of the dragon, the nine dragons dashed towards the vortex.

However, when the magic phase of the dragon collides with the vortex, it is directly twisted into energy by the vortex.

The vortex kept on, and continued to shout down towards the landing.

"Cut the moon!"

Lu Ming shouted, holding the gun in both hands, splitting down with a force, a crescent-shaped lance, striking the vortex.

Dangdang...

When Lu Ming slashed above the vortex, the spear in his hand was bombarded thousands of times in an instant. A terrible force came, and with a click, the spear of the ninth-order top-grade artifact in Lu Ming's hand was actually direct. It broke apart.

A powerful force rushed towards Lu Ming, who was shocked and backed up again and again, all the way to the edge of the battle platform, and hit the mask.

"What a terrible power!"

Lu Ming was shocked.

Chapter 3054: Chu Baxing

Chu Baxing's trick of displaying a vortex was really terrifying, strangling everything, and resisting hard, Lu Ming couldn't resist.

Outside the battle platform, the gloomy eyes are a little dignified.

The power of Chu Baxing is indeed amazing. Even if he has a strange way of practicing, there are also threats in the face of this trick, and he may not be able to completely remove his attack power.

"Lu Ming, go die, ha ha ha!"

Chu Baxing laughed, and the vortex continued to shroud down to the landing sound, but it was not yet there. The terrible energy, the already pressed Lu Ming could not breathe.

"Starburst!"

Lu Ming sipped, the fire in his body was burning, and the majestic power rushed towards the spear. Lu Ming once again used the burst star, a huge gun, rushed to the vortex, and then burst apart, The power of destruction is constantly impacting the vortex.

Huh...

Buzz...

Under the impact of the energy of destruction, the vortex continued to vibrate, and finally moved back some distance. It seemed that the speed of rotation slowed down a little, but only a few breaths, the speed of the vortex rotation continued to accelerate, making a whistling sound.

Lu Ming's eyes narrowed, the starburst trick could block the opponent's God of War, but he couldn't block this trick. One can imagine how powerful this trick is.

However, Lu Ming did not intend to display the ice chain bodyguard.

The trick of the ice chain, Lu Ming is intended to deal with the cold.

In the battle with Youlian, Lu Ming found that the ice chain was very useful, and it just happened to restrain the other party. Lu Ming didn't want to expose it now.

"Dead!"

Chu Baxing was drinking again, and the vortex once again killed Lu Ming.

"Starburst!"

Lu Ming shouted again, cast a star burst, and the devastating energy struck the vortex out again.

"It seems that you can't kill me!"

Lu Ming smiled faintly.

"Well, I don't believe it. You can always use this trick!"

Chu Baxing drinks coldly, Lu Ming's trick is extremely powerful and must not be used all the time. Just like his current trick, it not only consumes divine power, but also consumes his own body. If it is absolutely necessary, he doesn't want to use it. .

Today, Lu Ming was anxious to use it.

"You don't believe it? That can only disappoint you, star burst!"

Lu Ming smiled disdainfully, the words just fell, and he made another move to burst the star.

boom!

The energy of destruction bombarded the vortex again, and the vortex was blown out.

Moreover, Lu Ming found that after several consecutive bombardments, the rotation speed of the vortex was continuously decreasing. Obviously, Chu Baxing was not without any damage due to Lu Ming's continuous bombardment, and his stamina was insufficient.

Since it works, then come again!

In the consciousness of the sea, the quantification tactics glowed, and a steady flow of divine power poured into Lu Ming's body. After a few breaths, Lu Ming's divine power became full and full again.

"Starburst!"

Lu Ming made another move.

boom!

The vortex was struck again, and the speed became slower. Obviously, even the power was reduced.

"Damn, damn, how can he not consume his divine power!"

At this moment, Chu Baxing shouted in his heart, and he was really scared.

In this way, he will not be able to sustain it in a few strokes. Once he cannot sustain it, the consequences will be very serious.

"Starburst!"

Lu Ming's divine power was full, and another shot burst out.

This time, the vortex transformed by Chu Baxing was directly blown out, hitting the mask on the edge of the battle platform, and almost stopped spinning.

"metamorphosis!"

Xu Yan, Beast Skin Youth and others whispered.

This sentence, of course, describes Lu Ming. In their hearts, Lu Ming is indeed a pervert.

"what!"

In the vortex, Chu Baxing's angry roar came, he tried his best to control the vortex and speed up the rotation.

However, his depletion of divine power is extremely serious, and the side effects of using this trick have already been reflected, and there are cracks on his body.

If possible, he would like to strike now.

However, this battle was a battle of life and death. He had no choice but to stand on his scalp. Now, he can only pray that Lu Ming's divine power is exhausted and let him slaughter.

Therefore, he must insist.

But immediately, he was desperate.

"Starburst!"

This voice that made him desperate spit out Lu Ming's mouth again, and then a terrible gunman killed him again.

boom!

This time, Chu Baxing was once again blown out and smashed heavily on the photomask on the edge of the battle platform. This time, Chu Baxing could no longer sustain it, and the vortex collapsed, exposing Chu Baxing's body. .

Chu Baxing's body is extremely terrifying, and the skin surface is covered with blood stains, as if his body were to split.

His breath is extremely weak, compared with the previous violent posture, it is ten thousand miles away.

He was not only repulsed, but also hit hard by Lu Ming, and was unable to fight anymore.

"Chu Paxing, it seems that you will die!"

Lu Ming spoke indifferently and stepped forward.

"Lu Ming, you can't kill me!"

There was a trace of panic in Chu Baxing's eyes, and he roared.

"Can't kill you? Don't threaten me with your identity again, I won't eat this one!"

Lu Ming said lightly.

Chu Baxing gritted his teeth. He really wanted to take out his identity to threaten Lu Ming and let Lu Ming let him go.

But now, is there any other way besides this one?

"Lu Ming, my identity is different. I am the person of the God of War. My ancestor is the Taixu Holy God of War. If you kill me and go to heaven, there is no way for you to live!"

In the end, Chu Baxing raised the forces behind him and began to threaten. He believed that the forces behind him were different from others.

Unfortunately, in Lu Ming's eyes, it's the same.

"The God of War has fallen, and it has been ruled by the Nine Sword Heavenly King's Mansion. You are so kind to threaten me, ridiculous!"

Lu Ming disdain.

"You are not allowed to insult my God of War, and my God of War will rise. Among the younger generation, my God of War has a rare and rare arrogance, which will definitely lead the God of War and regain its glory!"

"Lu Ming, I think you are a personal talent, it is better to surrender to my God of War as soon as possible, and to keep you in the future!"

Chu Baxing shouted.

"Naive!"

Lu Ming said coldly, too lazy to talk nonsense with Chu Baxing, a stun of the spear, instantly stabbed a dozen guns, a dozen guns, and assassinated Chu Chuxing.

Chu Baxing shouted and tried his best to resist, but his current state, he could not play a little strength, and Lu Ming was too far away.

Puff puff...

His body was continuously pierced by guns.

"Lu Ming, God of War, will avenge me!"

Chu Baxing roared, and then his eyebrows were pierced by the guns, and his soul was destroyed together.

Chu Baxing, the outstanding successor of the God of War, eventually died in Lu Ming's hands.

With a wave of his hand, Lu Ming put away Chu Baxing's storage ring.

Chapter 3055: Last battle

call...

Around him, Xu Yan and others exhaled heavily, their eyes filled with horror.

Chu Baxing, such an overbearing character, was eventually killed, and was still killed by a celestial quintet. This is hard to believe unless he saw it with his own eyes.

They looked at Lu Ming's eyes, with fear and dignity.

Lu Ming's ability to kill Chu Baxing means that he can kill them.

However, there are two exceptions, that is, the two arrogances of the Nine Serenity Palace.

Especially in the cold, he practiced strange skills, but he didn't have much to worry about.

Lu Ming's strongest attacking power is not a strong metamorphosis. Youhan can afford to resist it, but he is more afraid of Chu Baxing's trick vortex.

Facing that trick, Youhan was not sure.

But Lu Ming's strongest move is 'Starburst', which you can cope with.

After all, Lu Ming used five or six strokes to burst the star to defeat Chu Baxing.

However, Youhan is not Chu Baxing. He will not be silly attacked by Lu Ming all the time. Between Lu Ming's attacks, he has enough ways to deal with Lu Ming.

Therefore, his eyes are still confident.

After Lu Ming killed Chu Baxing, Chu Baxing's path disappeared, and the battle platform also disappeared. Lu Ming returned to his path.

The next game is naturally cold, playing against the arrogance of the Nine Serenity Palace.

"I surrender!"

The arrogance of the Nine Nether Heavenly King's Mansion directly conceded defeat.

He and Youhan came out of the Nine Nether Heavenly King's Mansion, and naturally knew that they were not opponents of Youhan, and they conceded defeat very simply.

In this way, the last two are Youhan and Lu Ming.

"The final battle, the winner, will get Life Soul Yuanshi, you go all out!"

The spirits opened their mouths and waved their hands. Lu Ming and the path at the foot of Youhan extended out and merged to form a battle platform.

Uh!

The cold figure directly rushed to the battle platform, looking coldly at Lu Ming.

"Come on, come up to die!"

Drink cold.

"Why are each one so confident?"

Lu Ming pouted, stepped up and landed on the battle platform.

There was a mask on the battle platform immediately, covering the battle platform.

"Be confident because of your strength!"

You You laughed coldly, and before the words fell, his body rushed towards the landing with lightning speed.

Lu Ming directly exhibited the ancient **** tactics and turned into an ancient **** of green armor. The shock of the spear was that dozens of guns burst through the hole and stabbed into the cold.

However, Yuhan's body, like a ghost, rushed towards the landing Ming, and in a flash, he avoided a rifle and continued to rush towards the landing Ming.

However, all this is within Lu Ming's expectations.

Lu Ming and You Lian have fought, and they have already looked at each other's methods a bit.

Buzz!

The spear shook and a crescent-shaped spear burst into the cold.

There was a mist on the cold body, and in the mist, it seemed that there were endless injustices howling.

His body, trembling constantly, will unleash the power of the chopping moon.

The trick of chopping the moon did not cause much damage to him, and Youhan continued to rush towards Lu Ming.

"Nine Ghost Claws!"

Drinking in the cold, a ghost's claws came out and grabbed towards Ming Ming, and his eyes showed excitement, as if he saw the scene where Lu Ming was killed by him.

boom!

The energy of the Nine Spectre's Claws bombarded Lu Ming, and the strange energy in it rushed directly towards Lu Ming's soul through Lu Ming's body.

However, Lu Ming's soul is protected by Jing Yu's scroll. That energy bombards Jing Yu's scroll, which has no effect on Lu Ming's soul.

Youhan, waiting for Landing Ming's soul to be impacted, weakened, and then launched a thunder blow, but what he waited for was Lu Ming's thunder blow.

"Starburst!"

Lu Ming snorted, cast a blast of stars, a horrible spear, rushed towards the cold, and then exploded, the energy of destruction suddenly shrouded the cold.

"How is it possible? How is it possible?"

The cold screamed in shock, and at the same time, the body retreated, and the body was filled with a thick fog, and ghosts flashed, resisting the energy of destruction around.

Puff puff...

A large number of ghosts, turned into ashes under the energy of destruction, completely disappeared.

In the end, Youhan withdrew from the attack area, but his face was pale. Obviously, this trick made him suffer a great loss.

He was full of anger in his eyes, staring at Landing Ming. That move just made him lose a lot.

"Boy, how can you block my soul shock?"

The cold shouted.

"Idiot, why should I tell you!"

Lu Ming scorned the other party, stepped out and killed him.

"Fortunately, it must be a fluke, I will not believe it!"

The cold yelled loudly and rushed towards the landing bell.

Unfortunately, this time was the same as the last one. When his attack hit Lu Ming, it had no effect on Lu Ming.

Instead, Lu Ming seized the opportunity and struck another star, hitting the cold face pale, and losing a large number of ghosts.

"Damn, damn, you are not afraid of soul shock, yes, you must have a treasure to protect your soul!"

You Han shouted.

"Now, it's late!"

Lu Ming sneered.

"It's too late? It's not too late, Lu Ming, do you think you can kill me? As long as I evade with all my strength, your attack can't attack me, even if you have as much divine power, there is always exhaustion. In a moment, if I consume, I can also consume you!"

Youhan drank angrily, the fog was thicker on her body, and the battle platform was shrouded in. At the same time, the ghost in the mist flashed, and the cold body kept blinking, as if it was superimposed with these ghosts, making people It is difficult to capture traces.

Even if Lu Ming is not afraid of soul attacks, he is not afraid. Lu Ming's strongest attack is not as good as Chu Baxing's. He just has to avoid it. It is difficult for him to form a heavy blow to him at once.

"is it?"

Lu Ming sneered in the corner of his mouth, his thoughts moved, and the chain of ice fluttered out.

As soon as the nine ice chains flew out, they quickly became longer and circled on the battle platform. The terrible cold came out, and layers of ice crystals appeared in the void. The ghosts of the cold were frozen.

"you..."

Youhan was shocked.

"I narrowed the battlefield, how do you dodge?"

Lu Ming was cold and cold, controlling the ice chains, constantly flying on the battle platform, circling around. Soon, the battle platform was covered with ice chains everywhere, and the space of the battle platform was rapidly becoming smaller.

"If you want to trap me and dream, you just have to destroy these chains!"

Youhan screamed, then launched an attack, constantly bombarding on the chain of ice.

However, the ice chain only shook a few times and was not broken.

This time, Youhan's complexion changed completely.

"How is it possible? How could it be so hard?"

The cold shouted in horror.

Chapter 3056: Was pitted?

Youhan's overall strength is very strong, but more still relies on weird exercises and soul shock.

But his attack power is not as good as that of Jin Yuan and Chu Baxing, and he cannot break the chain of ice at all.

This is the trick that Lu Ming has prepared for Youhan.

Relative to Lu Ming, dealing with Youhan is easier than dealing with Chu Baxing.

boom! boom! ...

The cold chill kept attacking the ice chain on the side, but it was not used at all. On the contrary, the terrible cold on the ice chain almost sealed his body ice, so that his speed was a bit weaker. .

"Damn, damn..."

Youhan was really a little flustered, roaring endlessly, and lost her previous confidence.

"Starburst!"

Lu Ming stepped forward, cast the star burst, and blasted towards the cold.

boom!

Destructive forces swept to the cold.

Youhan wants to dodge, but there are chains of ice all around him. Where did he dodge, the terrifying power of destruction is constantly bombarding him.

A plume of green smoke erupted on him, and a large number of ghosts turned to fly ash under the energy of destruction.

After one move, the cold breath fainted.

In the case of evasion, he was not as good as Chu Baxing, and he was hit hard by one move.

"no no..."

Youhan was completely flustered, his mouth continued to yell, his body wanted to exit, a few flashes, he avoided some ice chains, but unfortunately, behind him was the mask of the battle platform.

He hit the mask and was blocked by the mask.

His face was even more desperate.

If he is outside, even if Lu Ming has a chain of ice, he can't help him. He can't beat it, he can always escape, but the space here is too small, he can't escape at all.

"Senior, senior, let me go, I don't want to kill soul Yuanshi, let me go out soon!"

Youhan kept yelling.

However, Jin Ling's face was cold and unmoved.

The cold showed the color of despair.

"Starburst!"

Another low voice sounded, and then a force of destruction drowned the cold.

bump!

The cold body exploded directly and turned into a group of ghosts. Among them, most of the ghosts collapsed and annihilated in the power of destruction. The remaining half wriggled and wanted to resume fusion.

However, Lu Ming was bombarded again, destroying the energy and completely submerging the cold.

Youhan uttered a scream of despair. At this time, all the ghosts had disappeared, completely disappearing.

And the cold has completely fallen.

Another Tianjiao was beheaded by Lu Ming.

This time, it is much easier to kill Youhan than to kill Chu Baxing. It is completely one-sided.

It is mainly the various advantages and means of Youhan, which are completely ineffective against Lu Ming.

In this relatively narrow environment, the cold was restrained by Lu Ming, and he could not avoid it if he wanted to dodge. He was easily killed by Lu Ming.

"This Lu Ming must be removed!"

Jin Yuan whispered, deep in his eyes, constantly flashing murderous opportunities.

He was thinking about how to get rid of Lu Ming with the power of the Jin family when he left the ancient city of Xingyue.

"Boy, you killed my arrogance in the Nine Nether Heavenly King's Mansion, this account, I remember the Nine Nether Heavenly King's Mansion!"

The last Tianjiao of Jiuyou Tianwang Mansion opened coldly, looking at Ming Ming's eyes, full of murderous opportunities.

Others also have different thoughts.

"You are not afraid of death, just come!"

Lu Ming replied lightly, and then ignored them.

"Okay, the ultimate winner is born, Life Soul Yuanshi already has a master, everyone else, go back!"

Jingling spoke. After he finished speaking, he waved his hand, and the path under Xu Yan, Jin Yuan and others quickly shrank back, and soon disappeared into the mist of chaos.

At the scene, only Lu Ming was left.

"Come up!"

Jinling waved his hand again, and the path under Lu Ming's feet extended out to the high platform where Jinling was.

Lu Ming stepped forward and finally stepped onto the high platform.

Above the platform, there is nothing else, only an altar.

The altar looks very old, full of years.

Above the altar, there is a black ball suspended in there.

"Is this the life soul stone?"

Lu Ming stared at the ball all at once, flashing a fiery light.

In the early days of the Tiangong era, being guarded by so many powerful beings, along the way, the life soul stone protected by many levels was laid out.

Lu Ming was very much looking forward to it.

"Senior, is this Life Soul Yuanshi?"

Lu Ming asked Jingling.

"Yes, this is Life Soul Primal Stone. It is now yours. You only need to drop a drop of blood on it to put away Life Soul Primal Stone."

Jingling smiled.

"Thank you senior!"

Lu Ming clenched his fists, then stepped up, came to the altar, and forced a drop of blood onto the black life soul stone.

Suddenly, a ray of black light appeared on the Life Soul Yuan Stone. Under the flash, the drop of blood was absorbed by the Life Soul Yuan Stone.

At this moment, Lu Ming seems to establish an induction with Life Soul Yuanshi, just like Lu Ming can control this Life Soul Yuan Shi at will.

As soon as the thoughts moved, the life soul yuan stone on the altar flew up, and then turned into a rainbow light, flying into Lu Ming's eyebrows and disappeared. At the next moment, the life soul yuan stone appeared in Lu Ming's sea of knowledge, quietly Suspended there.

"come out!"

Lu Ming grunted, and Life Soul Yuan Shi appeared on Lu Ming's palm.

Lu Ming turned his divine power, and the divine power poured into the life soul stone, but it was like a stone sinking into the sea, and there was no response at all.

"Senior, how is this life soul stone used? What's the use?"

Lu Ming consulted Jinling.

"no effect!"

Jinling answered three words lightly.

Lu Ming stumbled and almost fell.

What? no effect?

Lu Ming looked at Jinling with an ugly face, and said, "Senior, what does it mean to have no effect?"

"No effect is no effect, you don't understand?"

Ling Ling Road.

Lu Ming's face sank suddenly, and it was really speechless.

Dare to love him all the way up, risking his life, and finally get a scrap iron?

Lu Ming was vomiting blood.

Pit, it's so pitted.

But if it doesn't work, what do so many people do to protect it?

"Little fellow, don't be discouraged, I said it didn't work because the Lifestone you got was just a piece!"

Ling Ling Road.

"A fragment, isn't it complete?"

Lu Ming asked silently.

"Yes, this is not a complete life soul stone, just a piece of debris. The other pieces are scattered everywhere, and I don't know where."

Ling Ling Road.

"A piece of debris, what use do I get?"

Lu Ming sighed, still grinning.

"Little guy, don't underestimate this fragment, but this is the fragment of life soul stone, in the early days of the Tiangong era, no, even the era of the first god, this is a rare treasure in the world, the effect is amazing, do you know? "

Ling Ling Road.

Chapter 3057: Jinling? Shi Ling?

Zhen Ling babbles, how awe-inspiring Life Soul Yuanshi said, saying that Lu Ming can get a piece of debris is already a great creation.

But Lu Ming didn't even want to listen, and spent all his hard work to get a piece of debris, and it didn't work. He was very upset.

"Little fellow, you must not underestimate a piece of debris. If you can collect all the debris in the future and turn it into a complete life soul stone, it will be your heavenly fortune and can help you become the overlord of the vast universe. !"

Jin Ling bitterly persuaded Lu Ming.

"Be the overlord of the vast universe? Bragging?"

Lu Ming didn't believe it.

"Of course it is true, the old man can swear, complete life soul stone, the role is definitely beyond your imagination!"

The array of spirits vowed.

Listening to Jin Ling said, Lu Ming was really a little moved.

As Lu Mingxiu continued to improve, he saw more and more things he saw, his horizons became wider and wider, and he knew more and more about the Honghuang Universe.

But the more he knew, the more awe he felt.

The Honghuang universe is too big, too big.

Endless, in the vast universe, there are countless races, bred countless powerful people, and born countless powerful forces.

Not to mention the Qin Tianxing domain, even the cosmic forces such as the Taixu dynasty only occupy a corner of the Honghuang universe.

The vast universe, such as the empire of the Taixu dynasty, or forces of the same rank, are numerous.

There are even more terrifying forces than the Taixu dynasty.

No one knows how many terrible powerhouses there are in the vast universe.

Perhaps, a remote planet, hiding in this invincible powerhouse.

Therefore, it is too difficult, too difficult to become the overlord of the vast universe.

The vast universe, countless powerful, but how many people, dare to be called the overlord?

Jin Ling actually said that as long as he had a complete Life Soul Yuanshi, he could help him become the overlord of the universe, which had to make Lu Ming feel moved.

Seeing Lu Ming's eyes lit up, Jinling continued to speak: "So, you should work hard to find the remaining Life Soul Yuan Stone Fragment, your talent is very high, the old man is optimistic about you!"

Lu Ming glanced at Jinling, how could he always feel that this Jinling really wanted Lu Ming to look for the remaining debris, a look anxious than Lu Ming.

"How to find the remaining fragments?"

Lu Ming asked.

"Life Soul Yuanshi, rare treasures, even if they are fragments, are rare treasures, with spirituality, it will look for opportunities to be born, find the right Tianjiao, and recognize it as the master, just like you!"

Ling Ling Road.

"Who do you mean, other fragments will also be obtained by other Tianjiao and become the masters of Life Soul Yuan Stone Fragment?"

Lu Ming's eyes moved.

"Yes, so only if you kill other Tianjiao with Life Soul Primal Stone Fragment, can you get the opponent's Life Soul Primal Stone Fragment, and only then will the opponent's Life Soul Primal Stone Fragment recognize you as the master, Fusion with your Life Soul Elemental Stone Fragment!"

Jingling explained.

"Then where am I going to look for those arrogances? The vast universe is so big, isn't it a haystack?"

Lu Ming frowned.

"Naturally not, life soul element stone fragments will have a wonderful induction with each other. They are also the masters of life soul element stone fragments. Under that delicate induction, they will always meet. Once they meet, you will know who it's the master who owns Life Soul Yuanshi!"

"However, I tell you that the Life Soul Primal Stone Fragment is not a peerless Tianjiao, and it will not be regarded as the main one. Therefore, if you encounter Tianjiao in the future, it will definitely be a terrible Tianjiao. Is still too weak!"

Jingling continued to explain.

"Life Soul Elemental Stone Fragment, shall I do it?"

Lu Mingdao was quite speechless.

He got the fragments of Life Soul Yuan Stone, what benefit did not get, and there were a group of enemies out of thin air, he was even more upset.

"No, you are already bleeding, you can't do it or not. The arrogance of the soul of life is destined to be the enemy. If you don't kill others, others will kill you, young people, work hard!"

Jingling continued, his eyes full of anticipation.

Lu Ming felt that he had fallen into a pit.

The benefits were not recovered, and a number of potential enemies were recovered for themselves, and they were all extremely terrible enemies.

"Senior, how should I go out?"

Lu Ming sighed and could only admit his fate. Let's leave before talking.

"The platform under your feet is a teleportation array that can help you get out of this place. You only need to input the divine power into that altar."

After that, the array of spirits turned into a rainbow light, flew into the life soul element stone, and disappeared.

Seeing this scene, Lu Ming glared, felt something was wrong, and cried: "Wait, you come out to me!"

The fragments of Life Soul Yuanshi glowed, and the shape of the spirit appeared again.

"Little guy, what do you call your husband?"

Jingling asked.

"Aren't you the spirits here? How did you get into the fragment of Life Soul Yuan Stone?"

Lu Ming asked.

"Cough, I am indeed such a group!"

"Jianling" coughed a few times, his face not blushing or beating.

"Old guy, you lied to me!"

Lu Ming gritted his teeth and said, "Since it's a formation here, you must always stay here. With the large formation here, you enter the Life Soul Yuan Stone Fragment, and you obviously want to leave. How can a formation be possible? go away?"

"So, you are not a gang, who are you? Why should you lie to me?"

After talking, Lu Ming stared at the 'Jingling', for an instant.

He felt cheated by the old guy.

"Cough cough, hahaha, the little guy is worthy of peerless arrogance, and can be recognized by the fragments of Life Soul Yuanshi. Sure enough, it is not simple and thoughtful. Let me tell you the truth. Actually, I am not a spirit, I am Life Soul Yuanshi. Shi Ling!"

The old man coughed a few times and laughed.

"Soul of Life Soul Yuanshi? Then why did you lie to me before?"

Lu Ming asked, still staring at the old man closely.

"I didn't tell you before, I wanted to test you out to see if you can tell that you didn't disappoint the old man!"

The old man laughed.

Farting, this old man is definitely farting.

He also said that it was Lu Ming to try it out, which was definitely a big talk.

"Old guy, shameless enough!"

Lu Ming stared at the old man. This guy said that he was Shi Ling, but Lu Ming believed it, otherwise it would not be easy to enter the life soul stone fragments.

"Cough, little guy, what are you talking about, how can you say that to my old man?"

Shi Ling coughed again.

"If I guess right, there is a stone spirit for every piece of life soul stone, as long as it can kill other arrogances that get life soul stone fragments, not only the life soul stone fragments can be merged, you can also I swallowed other stone spirits and strengthened myself, right?"

Lu Ming said.

Chapter 3058: Whereabouts of autumn moon

Lu Ming's words changed Shi Ling's face.

"Little guy, can you even guess this?"

Shi Ling was really surprised.

"Just guess it, it seems that I guessed it."

Lu Ming sneered, this old guy, how awe-inspiring the soul-blowing soul Yuan Shi was, so tempting Lu Ming, he wasn't so kind, and wanted to borrow Lu Ming's hand to fuse other stone spirits.

No wonder Lu Ming didn't tell him before that he was Shi Ling, not Jin Ling.

Lu Ming even suspected that the complete Life Soul Yuanshi, is not as powerful as Shi Ling said, can help him become a cosmic overlord, bragging!

"Little guy, don't look at me with this look, I have merged more stone spirits, the stronger I will be, the stronger I will be, the stronger the life soul element stone, the more benefits it will have for you, I'm doing it for you!"

Shi Ling said shamelessly.

However, Lu Ming doesn't believe this old guy anymore. He feels that he really fell into the pit.

"Old guy, since you are the Stone Spirit, and the Soul Primal Stone Fragment recognizes me as the Lord again, it means that you recognize me as the Lord. Is it right for you to call me "Little Guy" and "Little Guy"?"

Lu Ming stared at Shi Ling with a bad look.

Shi Ling showed an embarrassed look, Cancan smiled: "It's just a title, why should it be so serious, you see me as an old man, it's not bad to call you "little guy", otherwise, I'll call you Lu Ming?"

Lu Ming's face was still calm, staring at Shi Ling without a word.

Shi Ling was guilty and said, "Well, Master, I will call you Master!"

Shi Ling said unwillingly.

"It's almost the same!"

Lu Ming finally felt a little better. Anyway, he felt that the old fellow Shi Ling was very unreliable.

"Go in, I'm leaving!"

Lu Ming said.

Shi Ling nodded, turned into a ray of light, and got into the Life Soul Yuan Stone Fragment, then Lu Ming collected the Life Soul Yuan Stone Fragment into the sea of knowledge, and then walked to the altar to input the divine power into the altar.

Buzz!

As soon as the divine power was input into the altar, a rune appeared on the altar, and then runes appeared on the entire platform.

Shi Ling is right, this platform is a teleportation array.

The runes filled with light, and a light door appeared, and Lu Ming stepped in. The next moment, Lu Ming found that he appeared on a mountain.

Lu Ming glanced and found that he had appeared outside the castle, about tens of thousands of miles away from the castle.

"It seems that there is no treasure in this whole castle, only a piece of life soul stone left..."

Lu Ming murmured a few words, then rose into the sky, turned into a rainbow of light, and left here.

In the castle, many Tianjiao are still exploring, but Jin Yuan, Xu Yan and others continued to explore and found that after nothing was gained, they all left.

Lu Ming flew all the way. After flying hundreds of thousands of miles, he found a place to land.

"I have been in the castle for a few months, I don't know Wu Ming and they have any news about Qiuyue!"

Lu Ming pondered, and then he took out the Chuanyin Yufu, and first sent Qiuyue a message, and found that he still couldn't send it out. Then, he sent another message to Wu Ming.

Unexpectedly, Wu Ming returned the news soon.

It is said that they already have clues for Qiuyue.

Seeing this, Lu Ming was ecstatic and made an appointment with Wu Ming and others to meet, and Lu Ming hurried to the meeting place.

One day later, Lu Ming saw Wu Ming, Wu Yue and others.

"Several brothers Wu, you said there was news of Qiuyue, but is it true?"

Seeing Wu Ming and Wu Yue and others, Lu Ming could not wait to ask.

"It's true, during this time we have been looking for someone to inquire, and finally found the eyebrows. It is said that someone saw the trace of Qiuyue girl in Wanyue Lake!"

Wu Mingdao.

"Wanyue Lake? At what time?"

Lu Ming asked.

Wanyue Lake, he knows, there are records on the map Wu Zixiong gave him, it is a huge lake, extremely mysterious.

"This... I heard that I saw it when I first entered the ancient city of Xingyue, and then disappeared."

Wu Ming frowned.

"I saw it when I first entered the ancient city of Xingyue?"

Lu Ming frowned, having a bad hunch in his heart.

When Qiuyue started to appear, there were no traces behind, and even Chuanyin Yufu could not be sent out. What happened? Is something really going on?

"Brother Lu does not have to worry, I believe that Qiuyue girl Jiren has her own appearance, it will be fine!"

"Yes Yes!"

Wu Ming Wu Yue and others comforted Lu Ming.

"Thank you, Brother Wu, then Lu Ming has left!"

Lu Ming clenched his fists.

"Brother Lu, why not join us with you?"

Wu Zixiong said.

"No, I will take a trip to Wanyue Lake. Next, I have to trouble some Wu brothers to help me inquire about Qiuyue!"

Lu Ming said.

"This nature, Brother Lu is at ease!"

Several people nodded.

They also know that Lu Ming is much stronger than them now. Together with Landing Ming, if they are really in danger, they will not only be unable to help, but may also drag Lu Ming.

Lu Ming acting alone is better.

Lu Ming and Wu Ming said goodbye and left alone toward Wanyue Lake.

Wanyue Lake, to the west of Lu Ming's land, Lu Ming spent more than a day to arrive at Wanyue Lake.

An endless lake appeared in front of us.

This lake is extremely mysterious. The water on the lake seems to have countless moon shadows and is extremely bright, so it is called Wanyue Lake.

Rumble!

Far away, there was a rumbling noise.

Lu Ming flew towards the center of Wanyue Lake. Soon afterwards, Lu Ming discovered that there was a huge vortex in the middle of Wanyue Lake. The rumbling noise was transmitted by this vortex.

The whirlpool is very huge, at least thousands of miles away, the endless lake water is caught in the whirlpool, but strangely, the lake water of Wanyue Lake is not rare.

Suddenly, Lu Ming's eyes moved, and he saw another figure in another vortex.

A young man is a winged man with a pair of blue wings behind him, and there are a ray of lightning on his wings.

This is the Thunder Wings among Wings.

Wing man, in the vast universe, is an extremely huge race. Among them, wing men are divided into many different tribes, and their strength is unmatched.

The Thunder Wings are just a branch of the Wings.

Lu Ming remembered that Jiu Jue Tian Wang Mansion had an ancient family, all of them were Thunder Wings.

The other party looked at Lu Ming, his eyes flickered, and Lu Ming was clearly recognized.

Lu Mingfei flew over and clenched his fists: "This Xiongtai, would like to ask you something, have you seen this woman?"

After speaking, Lu Ming took out a piece of jade rune, the jade rune glowed, and the image of Qiuyue emerged out of thin air.

In this jade charm, a portrait of Qiuyue is sealed.

Chapter 3059: Within the vortex

After seeing Qiuyue's image, the young wing man's eyes flickered a few times, revealing surprise.

This point was clearly captured by Lu Ming.

"This Xiongtai, have you seen this woman?"

Lu Ming asked quickly.

"Really seen!"

Yiren Youth nodded.

"Where have you seen it? When?"

Lu Ming's eyes lit up and asked quickly.

"This woman, who are you? Why should I tell you?"

The eyes of the Yiren youth turned.

"This woman, the wife under him, entered the Xingyue Ancient City with me, you must know!"

Lu Ming said.

"Oh, it turns out to be your wife. I don't hide it from you. When I first entered the Xingyue Ancient City, I was transported to this neighborhood. I just met your wife, but your wife later entered the vortex."

Youth of the Wing Race.

"Entering this vortex?"

Lu Ming sank in his heart, and there were more doubts in his heart.

Qiuyue, why did you enter this vortex?

But after all, it is not impossible. If the news of Chuanyin Yufu can't pass, it is probably isolated. If Qiuyue is in this vortex, it's normal that Chuanyin Yufu can't pass the sound.

"This Xiongtai, have you seen my wife later?"

Lu Ming asked again.

"No, I don't hide it. In the past few years, I have been practicing here. I have never seen your wife again. Your wife has entered this vortex and never came out again."

Youth of the Wing Race.

"Never come out again, is Qiuyue always there?"

Lu Ming was even more worried, and finally, Lu Ming decided to go in and check it out himself.

Although in this vortex, I don't know if it is dangerous or not, but this time, Lu Ming must go.

"Thank you!"

Lu Ming took a fist to the young people of the Wings, then turned and left to look around the vortex. As soon as his figure moved, Lu Ming rushed directly towards the vortex.

As soon as he rushed into the vortex, there were endless huge waves around, and he slammed towards the landing. Even if it was a **** mountain, it would be smashed.

However, Lu Ming's magical power, nine-fold red gold armor emerged, easily blocking the slapping of the giant waves.

Lu Ming followed the power of the vortex and went out into the depths of the vortex.

Watching Landing Ming enter the whirlpool, a slight sneer appeared on the face of the young Yiren tribe, then revealed a terrible murderous opportunity.

"Lu Ming, hehe hey, one thing I forgot to tell you, your wife, I was forced to approach this vortex, this vortex is definitely in great danger, I hope you die inside, hey hey!"

The young people of Yiren sneered constantly.

Instead of leaving immediately, he waited around and waited for several months. He had not seen Lu Ming out yet, so he left here.

Lu Ming didn't hear the words of the youth of Yiren ethnicity. He followed the vortex and went all the way down. Slowly, the range of the vortex became smaller. Finally, Lu Ming's body lightened, and he found that he had gone out of the vortex and came to a In the underground space.

This underground space, surrounded by walls, is carved with statues that are as vivid as ancient gods, coming across time and space.

Under Wanyue Lake, there really is another universe.

"Qiuyue should be right here!"

Lu Ming looked around, and finally he found a passage. Lu Ming walked along the passage.

There was nothing abnormal along the way, and through the passage, he came to a larger palace.

Stepping on...

When Lu Ming stepped into the palace, footsteps were heard in the palace.

Lu Ming was startled and stared in one direction.

In that direction, there is a gate.

Soon after, there was a figure behind the gate.

This is actually a human race old man, wearing a snow-white robe, full of white hair, with a snow-white beard, looks like a fairy bone.

However, Lu Ming stared cautiously at the old man.

This old man, unlike the stone spirit, is an incorporeal body, but a living being, a body of flesh and blood.

In the ancient city of Xingyue, how could there be such an old man?

Could it be that the other party is the aborigine here, or the old monster who has survived since the early days of the Tiangong era?

Lu Ming did not dare to carelessly.

"Someone finally came again?"

The old man looked at Lu Ming, smiled slightly, and the smile was kind, making people feel like spring breeze.

Anyway, Lu Ming could not feel the slightest maliciousness of the other party.

"Senior, a friend of the junior enters here, the junior is here to find someone!"

Lu Ming clenched his fists.

"Are you looking for a beautiful girl?"

The old man asked with a smile.

"Yes, have you seen it before?"

Lu Ming was overjoyed and quickly showed Qiuyue's image to the old man.

The old man glanced at him, nodded and said, "Yes, this girl, came here a few years ago!"

"Where is this girl now? It's true that this girl is the wife underneath!"

Lu Ming said.

Although Lu Ming and Qiu Yue have not yet officially married, Lu Ming has taken Qiu Yue as his wife.

"It turns out to be your wife!"

The old man smiled and said: "You don't have to worry, your wife is very safe, and you have gained the best chance!"

"Obtained the supremacy? What do you say?"

Lu Ming asked again if he would believe the other party easily.

"This place, in the early days of the Tiangong era, was the cave mansion of a supreme powerhouse. The supreme powerhouse was the master of my ancestors. Later, the supreme powerhouse fell and left a legacy. You The wife just fits this inheritance. Over the years, she has been accepting the inheritance. Isn't this a great creation?"

The old man said.

"Inheritance of a supreme powerhouse?"

Lu Ming's eyes flickered, and he thought quickly.

The old man's words revealed a lot of information.

First of all, this place is the cave house of a supreme strongman in the early days of the Tiangong era.
The strongman fell and left his legacy.

And the ancestor of this old man is the servant of the strong man.

So to speak, this old man, really an aboriginal from the ancient city of Xingyue, has been passed down to protect this place?

Of course, Lu Ming couldn't believe the other party just because of a few words.

"Senior, can I see my wife?"

Lu Ming said.

"She is accepting the inheritance, at a critical moment, I am afraid it is inconvenient to meet!" said the old man.

Lu Ming's face fell, but he didn't see it. How did Lu Ming know whether the other party's words were true or false?

"However, you really want to see, I can let you see!"

Speaking of the back, the old man turned sharply, then he waved his hand, his palm glowed, and a picture appeared in the void.

In the picture, there is a stone room, a stunning woman sitting cross-legged, exuding nine colors of light.

Who is this woman, not Qiuyue?

Qiuyue sat cross-legged, and Baoxiang was solemn. There was a huge ball suspended above Qiuyue's head.

Chapter 3060: Yin Yang God pupil

There is a ball floating above Qiuyue's head.

This round ball is a stone ball. It looks very old. It is several meters in diameter and emits a dim light.

However, at first glance, this ball looks like an eyeball, a huge stone eyeball, a little strange.

It seems that Qiuyue is really accepting heritage.

Seeing Qiuyue was okay, Lu Ming finally breathed a sigh of relief. No wonder Lu Ming has been transmitting sounds with the sound of jade and fuss all these years.

Qiuyue is in this underground space, and is still receiving inheritance.

The old man waved his hand and the picture disappeared.

"This time, you believe it. Now that your wife accepts the inheritance, it has reached a critical moment. It is estimated that there will be a few years to complete the succession. By then, your wife's cultivation will skyrocket and become a peerless arrogance!"

The old man smiled.

Lu Ming nodded, no doubt there was him. It seemed that Qiuyue's chance was not small.

"Old man Deng Xiu, little fellow, what is your name?"

At this time, the old man asked.

"Younger Lu Ming!"

Lu Ming answered.

"Lu Ming, it will be years before your wife accepts the inheritance. So, why don't you just wait for her here and wait for her to accept the inheritance, and you leave with her, how?"

Deng Xiudao.

"The juniors think so!"

Lu Ming nodded.

"Well, that's it, but you won't let you wait for the past few years. Since you can come here, it is also your character. The old man gave you a secret technique. In the past few years, you should study it carefully. , Whether you can succeed in cultivation depends on your talent!"

Deng Xiu smiled.

"Mystery?"

Lu Ming's eyes lit up.

The master here is a strong man in the early days of the Tiangong era, and the secret technique left behind is probably not trivial.

Lu Ming suddenly felt a little emotional.

"Lu Ming, you come with me!"

After Deng Xiu finished speaking, he turned and walked towards the door behind him.

Lu Ming followed.

This underground space is very large, with many palaces, stone rooms and so on.

Lu Ming followed Deng Xiu, went round and round, walked through several passages, and finally came to a stone tablet.

This stone monument is very huge, up to several hundred meters high, and the stone monument is engraved with strange runes.

These runes are intertwined and intertwined, seemingly forming a pair of eyes.

"This stone tablet is engraved with a mysterious technique, called Yin and Yang God pupil, but it is a kind of pupil technique. After successful cultivation, the eyes can be opened and closed to kill, and the power is extremely terrifying!"

Deng Xiu introduced.

With that said, the two came under the stele.

Lu Ming carefully watched the runes on the stele.

At this moment, Deng Xiu's figure suddenly retreated, and in a blink of an eye, he withdrew thousands of kilometers away.

"Senior, what are you doing?"

Lu Ming immediately found that something was wrong, and a bad notice flashed in his heart, he would immediately quit here, but it was too late.

Around the stele, a rune suddenly appeared.

Endless runes glow, forming a large formation.

This large array, white on one side and black on the other, resembles a Tai Chi array, covering a thousand kilometers of land.

boom!

Lu Ming's figure flashed and wanted to rush out of the range of this large array, but when he came to the edge, a light curtain diffused out, blocking Lu Ming's figure.

Lu Ming crashed into the light curtain and made a rumbling noise.

"Hahaha, boy, stay inside for me!"

At this moment, Deng Xiu's face was no longer sympathetic, but instead showed a terrible color, and he laughed.

"Deng Xiu, are you lying to me?"

Lu Ming roared.

"I didn't lie to you. My name is indeed Deng Xiu, and the stone inscription is indeed a mysterious technique called Yin Yang Shen Tong!"

Deng Xiu sneered.

"Then what are you doing to deceive me into this big formation?"

Lu Ming asked.

"It's very simple, let you stay obediently, so as not to break the good things of the master!"

Deng Xiu sneered.

"Master's good thing? What do you mean, is it the stone ball?"

Lu Ming suddenly changed his face.

"Hey, it seems that you are still a little smart, let me tell you the truth, this is not my owner's cave, the real owner here was killed by my master as early as the early days of the Tiangong era, but unfortunately, my master was also seriously injured , Leaving only one eye, and has been asleep till now!"

"Until your wife, the girl named Qiuyue comes in, my master is awake. That girl is terrible. It is actually the Sacred Heart of Jiuqiao. As long as my master takes up her flesh and takes her away, she can reopen Resurrection, and set foot on the peak again, ha ha ha!"

Deng Xiu laughed and explained.

Lu Ming's heart kept sinking.

It turned out that what Deng Xiu said before was all false.

What Qiuyue is accepting the inheritance of a supreme strongman is all lie.

In fact, that round ball, fancy with Qiuyue's physique, wanted to seize Qiuyue and take Qiuyue as his own.

The scene that Deng Xiu showed Lu Ming just now was not that Qiuyue was accepting the inheritance, but that Qiuyue was fighting against the opponent's seizure.

Qiuyue is facing a crisis.

Lu Ming's face was extremely ugly.

"Speaking of that, the girl's mind is really tough, and has resisted for so many years, but even if her mind is tough, it can't resist for many years, at most ten years, no, at most eight years, he will be completely mastered. Seize the house, the master will take us, leave the ghost place here, and dominate the vast universe, ha ha ha!"

Speaking of the back, Deng Xiu laughed, very proud.

After laughing, Deng Xiu's body shape changed quickly, and finally turned into a huge eyeball, suspended in the air, looking terrible.

"Hey, let me tell you the truth. I have no ancestors at all. I was born from the minced meat of my master!"

Deng Xiu continued to laugh.

At the moment, Lu Ming is still unclear. As soon as Lu Ming enters here, he is stared at by the other party. The other party deliberately turns into a kind old man, and tells a series of lies, that is, to deceive Lu Ming here and send Lu Ming Trapped.

However, this Deng Xiu is extremely cunning, and there are true and false in what he said, so Lu Ming is fooled.

"Don't think about it!"

Lu Ming shouted, he would never let the other party succeed.

In Lu Ming's hand, a spear appeared.

Although Lu Ming's long guns and Chu Ba were crushed during the Star Wars, Lu Ming had many spare guns.

This one is also the ninth-order magical artifact level.

"Cut the moon!"

Lu Ming's body exploded, and he shot forward.

A crescent-shaped spear was chopped on the light curtain at the edge of the large array. The light curtain just shook a little, and then nothing happened.

"Hey, boy, don't waste your time, this yin and yang array, you can't crack it!"

Deng Xiu laughed sarcastically.

"I don't believe it..."

Lu Ming yelled loudly, and his body suddenly became larger, turning into an ancient **** of Qingjia.
