

D Emperor 3061

Chapter 3061: Lu Ming is trapped

"Starburst!"

Lu Ming turned into an ancient **** of green armor, and did not retain it at all. With all his strength, a horrible spear burst out, and then burst apart.

Rumble!

The power of destruction bombarded the light curtain of the large array, but the large array just shattered and returned to normal.

"This kid has such a great strength!"

Seeing Lu Ming's attack, Deng Xiu was also very shocked.

Then secretly rejoiced, fortunately, Lu Ming did not directly deal with Lu Ming, but brought Lu Ming under the stele and trapped Lu Ming with a large array of Yin and Yang.

However, he immediately laughed again: "Hey, hey boy, don't waste your time, this big formation, with brute force, can't be broken!"

"Broken, broken, broken!"

Lu Ming was too lazy to ignore the other party and continued to attack.

He must break through this large array and rescue Qiuyue, otherwise Qiuyue will be taken away.

Lu Ming must not let this happen.

boom! boom! boom!

Lu Ming is crazy to launch an attack, a series of horrible guns, bombarded on the light curtain, but it is of no use at all.

No matter how Lu Ming attacked, the light curtain just shook slightly, and nothing happened.

No matter how powerful it is, it will be the same.

Can't be broken at all.

After a moment, Lu Ming stopped, his eyes extremely gloomy.

"Old volume, don't you sense the energy of the big array? When the old guy brought me in, why didn't you notify me in advance?"

Lu Ming sent a voice to Liangzi Jue.

Last time, they encountered an ambush, and they had sensed the large array under the other party in advance.

Why this time, he was not reminded. If Lu Ming was alerted in advance, he would naturally not be trapped by the large array.

"Boy, do you think the old lady is the guy with the word 'array'? Any large array can be sensed. The last time it could be induced because the large array under the opponent's deployment was a killing array, and the energy was surging shortly after the deployment. It's just being sensed by the old lady!"

"And this large array is a large array of trapped enemies. The energy is extremely gentle. Especially, I don't know how many years have passed under the cloth. I don't usually activate it. There is no energy response. How can I sense it?"

Shouted uncomfortably.

Lu Ming is speechless, this really can't blame the word formula.

"I've seen a big battle here before!"

At this moment, another sound sounded in Lu Ming's knowledge of the sea.

This voice is clearly the voice of Life Soul Yuan Shiling.

"You saw it long ago, why don't you remind me?"

Lu Ming asked.

"This is also a reminder? As the master of Life Soul Yuanshi, if you can't even solve such a problem, how can you compete with other competitors in the future? How do you hold the complete Life Soul Yuanshi, and how can you be called the universe overlord?"

Shi Ling asked continuously.

"I..."

Lu Ming was stunned when asked, and then gritted his teeth.

This old guy, deliberately not reminding, Lu Ming wished to step on his face.

Lu Ming hated his teeth.

"You guys, is there any way out?"

Lu Ming asked.

"No!"

Shi Ling and Liang Zi Jue spoke in unison, Lu Ming almost vomited blood.

"Hahaha, boy, are you desperate now? I said, you can't get out at all. This large formation, even the God King's peak strongman, can't break it by force, only by special methods. come out!"

Deng Xiu laughed, and he was very happy to see how Landing Ming was hit.

"Special method?"

Lu Ming whispered.

"Why? What special method do you want to know? Well, then I will tell you!"

Deng Xiu smiled and stared at the stone tablet, saying: "The way to crack this large formation is the mystery above the stone tablet, Yin Yang God pupil!"

"As long as you cultivate into Yin and Yang God pupils, you can easily break this Yin and Yang formation!"

"Mystery, Yinyang Yangtong!"

Lu Ming's eyes lit up, looking at the stele.

"However, I want to remind you that if you want to cultivate into a yin and yang **** pupil, there are conditions. You must have two people, control two completely opposite divine powers, and have the same mind to achieve cultivation success!"

"And, even if the conditions are met, the talent is peerless, and there is no one hundred years, it is impossible to comprehend success. How about this condition? Simple, hahaha!"

Speaking of the back, Deng Xiu laughed wildly.

Lu Ming said that this condition cannot be fulfilled at all.

If you want to cultivate the Yin Yang pupil, you must have two completely opposite divine powers. This requires two people and the same mind.

Even so, even if the talent is amazing, it will take at least a hundred years to understand success.

In a century, Qiuyue had been successfully captured by his master.

Therefore, Deng Xiu would say this condition because he was not afraid of Lu Ming's successful cultivation. He specifically said that Lu Ming was angry.

Knowing the way, but unable to practice, he wanted to see how desperate Lu Ming was.

However, he was disappointed.

Lu Ming's face, instead of despair, his eyes brightened, as if he saw the light of hope.

Are the two totally opposite divine powers, the solar divine power controlled by Lu Ming, and the Taiyin divine power, not the two completely opposite divine powers?

One yang and one yin, one kind of yang, one kind of yin.

It takes two people to control two divine powers, and Lu Ming has one.

Also, there is a need to communicate with each other. If two people communicate with each other, which one has the same communication?

As long as Lu Ming realizes success before Qiuyue is captured, she can escape from difficulties and rescue Qiuyue.

Eight years!

According to Deng Xiu, that stone eye can win the house in eight years, and Lu Ming must realize success within eight years.

Immediately, Lu Ming ignored Deng Xiu, sat cross-legged under the stele, and began to carefully watch the runes on the stele.

"Huh, I still want to comprehend Yin and Yang Shentong, dream!"

Deng Xiu smiled disdainfully.

One thousand and ten thousand did not believe that Lu Ming could comprehend success. First of all, he needed two completely opposite divine powers, and Lu Ming could not have it.

He thought Lu Ming was desperate and knew that he could not get out, so he just pretended to show it to him.

"Hey, wait slowly, and wait for the master to succeed, you will come to kill you!"

Deng Xiu sneered and stepped aside to monitor the landing.

Lu Ming looked at the runes on the stele wholeheartedly.

The stone tablets are covered with mysterious runes, which are intertwined and intertwined, forming a very mysterious pattern.

After watching Lu Ming for a while, there was a feeling of dizziness. This kind of yin and yang **** pupil, as Deng Xiu said, even if the conditions are met, the talent is peerless, it is not so easy to comprehend success, it is too difficult. Ming any kind of mystery is also difficult to practice.

After a short break, Lu Ming continued to understand.

Time passed, and Lu Ming finally saw a little bit of brows in the blink of an eye.

Chapter 3062: Successful cultivation

After months of comprehension, Lu Ming finally saw a glance.

The secret technique of Yin Yang Shen Tong is based on two points.

One is two completely opposite divine powers.

For example, it can be dark to cold, or dark and bright, or even a combination of speed and speed, as long as the two opposite divine powers cooperate with each other.

The second type is the runes on the stone tablets.

Two opposite divine powers, combined with those runes, can evolve endless changes in their own eyes, and evolve terrible killing moves.

However, these runes are too complicated, especially the yin and yang **** pupils are more complicated.

The more Lu Ming looked at it, the more he felt that it contained infinite changes.

"Mysterious, really mysterious!"

Lu Ming lamented.

However, this aroused Lu Ming's winning heart even more. Next, Lu Ming became more attentive.

Time, day by day, January and month passed.

Time flies, and nearly four years have passed.

At this moment, ten years have passed since Lu Ming entered the Xingyue Ancient City.

All these years, Lu Ming has been sitting under the stele without moving.

On this day, Lu Ming, who kept his eyes closed, suddenly opened his eyes.

I saw that there were only two colors in his eyes.

On the left, there is darkness, like an abyss.

On the right, the snow is white and emits holy light.

At the next moment, in Lu Ming's two eyes, there were continuous runes flashing, dense and dense, and half a loud, before disappearing. Lu Ming's eyes also returned to normal.

"Finally in four years, finally get started!"

Lu Ming murmured.

This mysterious technique of Yin Yang **** pupil, the difficulty of cultivation is beyond Lu Ming's imagination.

No matter how talented Lu Ming is, whether it is practicing other mysteries or divine skills, the speed is amazing and far beyond ordinary people. However, practicing this mystery is only an entry, and it took four years.

"Introduction to cultivation, you should be able to leave this formation!"

Lu Ming whispered, a cold murder in his eyes.

In the past four years, I hope Qiuyue can withstand it.

Lu Ming got up slowly, and then stepped away from the large array.

"Yeah, sitting down for four years, and finally there's movement? Wouldn't it be to beg for mercy?"

Seeing Lu Ming get up, Deng Xiu laughed sarcastically.

"This time, kill you!"

Lu Ming spoke coldly.

"What? Kill me? Hahaha, you have been sitting there for four years, could you just sit silly and kill me, can you come out? Can you come out and say something like this, hahaha..."

Deng Xiu laughed, full of sarcasm, but his laughter became smaller and smaller. In the end, his laughter was directly stuck in his throat and he couldn't laugh.

His huge eyes were full of incredible colors.

Because, in Lu Ming's eyes at the moment, there have been major changes, and countless runes have emerged in his eyes, intertwined into strange patterns.

Then, in the void in front of Lu Ming, a Taoist diploma also appeared.

These runes, like a thread, intertwined around each other, and then flew towards the light curtain formed by the large array.

嗤嗤...

These runes collided with the large array of light curtains and made a sneering noise. Then, the light curtain was cut directly to form a gate.

The large formation was broken.

Lu Ming stepped out in one step, and his figure was out of the big formation.

At this moment, Deng Xiu glared like a hell, groaning unbelievably: "Yin Yang Shen Tong, how can you succeed in practicing Yin Yang Shen Tong, this is impossible, this is impossible..."

Deng Xiu shouted like crazy, which was completely beyond his understanding.

"On me, nothing is impossible!"

Lu Ming spoke coldly.

Deng Xiu was shocked and retreated quickly.

Lu Ming just wanted to hunt down, and his body suddenly stumbled and nearly fell.

At the same time, there was a tingling in his two eyes and two blood bleeds.

"Unexpectedly, the exertion of such yin and yang **** pupils is so heavy on my body and eyes!"

Lu Ming smiled secretly.

Just now, when the pupils of Yin and Yang were broken, Lu Ming's body was suddenly hollowed out, his body was weak for a while, and his eyes were also seriously injured.

Although the power of Yinyang Shentong is great, but it is also very demanding to display.

"Yin and Yang pupils are divided into Yin and Yang pupils. If I spread them separately, it might be better. The two are spread together. The load is too large. Be careful in the future!"

Lu Ming thought secretly.

"Come here, come here, kill this kid for me!"

At this moment, Deng Xiu finally reacted and shouted.

Uh! Uh! ...

As Deng Xiu's voice fell, there were constant figures rushing out.

These figures are all huge eyes, exactly the same as Deng Xiuchang, very disgusting.

Obviously, these are all the same as Deng Xiu's, the evolution of his master's minced meat.

"kill!"

"Kill this kid!"

These eyeballs roared, a burst of divine light burst out into their eyes, killing Lu Ming.

"Ice Chain!"

At this moment, the divine power in the word measurement tactics continuously emerged, and Lu Ming's body was full of divine power.

Then, nine ice chains flew out and stood in front of Lu Ming. Those divine lights bombarded the ice chains, all blocked by the ice chains.

"The power is nothing more, then... die!"

Lu Ming's indifferent voice sounded.

After a fight, Lu Ming found that the power of these eyeballs was also average, and the strongest was the half-step **** king.

Lu Ming exhibited the ancient **** body and transformed it into an ancient **** of green armor. The spear shocked, and bursts of gunfire burst out, killing those eyeballs.

bump! bump! bump!

These eyeballs were pierced by guns, bursting apart and flesh and blood.

In the blink of an eye, dozens of eyes were killed.

"Cut the moon!"

Then, Lu Ming exhibited the trick of chopping the moon. A crescent-shaped spear was chopped out, and a large piece of eyeball was slashed.

"No wonder they didn't dare to deal with me directly, but trapped me with a large formation, the strength is really average!"

Lu Ming turned his thoughts, armed with a spear, and slayed into the group of eyes, killing a lot.

Actually, it is normal. These eyeballs are the evil spirits that their masters fought against the master of the cave house in the early days of the Tiangong era. The master of the cave house exploded the body, leaving some flesh and blood, which evolved after endless years.

No matter how strong their masters are, but after so many years of flesh and blood, their spirituality has lost a lot. The evolved creatures are naturally not strong enough.

Soon, hundreds of eyes were killed by Lu Ming.

bump!

Lu Ming stepped out and persecuted towards Deng Xiu.

"Boy, you...you...find to death!"

Deng Xiu shouted in horror, turned away, and fled towards one of the many passages.

"It turned out to be this passage, but I will save it!"

Lu Ming sneered.

The passage where Deng Xiu escaped was probably the place where Qiuyue and his master were.

Deng Xiu will probably flee to his master in fear.

Chapter 3063: Ancient existence

Deng Xiu fled in the front, and Lu Ming chased slowly in the back. On the road, there were constantly the kind of eyeball monsters killing Lu Ming, but they were all easily killed by Lu Ming.

Soon after, they bypassed several passages and came out of a bronze gate.

"Master, help, help!"

Deng Xiu shouted in horror, desperately pushing the bronze gate.

Click!

The bronze gate was opened.

At the moment the bronze door opened, Lu Ming saw the scene behind the door.

Behind the door, there is a stone room. In the middle of the stone room, a young woman is sitting cross-legged. It is Qiuyue.

At a distance, Lu Ming can see that Qiuyue's face reveals a bit of pain, which seems to be supporting hard. Her body is covered with a layer of nine-color divine light, but compared with a few years ago, Qiuyue The nine-colored divine light on his body seemed to be much darker.

On the top of Qiuyue's head, an eyeball with a diameter of several meters, shimmering with black light, kept approaching Qiuyue.

Seeing this scene, Lu Ming was a little relieved, at least, Qiuyue was still supporting, and was not taken away by the other party.

However, the anger in Lu Ming's heart was also burning.

"Master, help!"

Deng Xiu shouted, wanting to rush towards the stone eyes.

"Cut the moon!"

Lu Ming spoke indifferently, his long gun hacked down, and a crescent-shaped spear burst towards Deng Xiu.

Deng Xiu's cultivation behavior was only equivalent to an ordinary half-step **** king. He couldn't stop Lu Ming's attack. The gun was cut off. Deng Xiu screamed and was killed by Lu Ming.

Lu Ming strode toward the gate and strode in.

Inside the gate, there is a huge stone room, but it is messy. The walls of the stone room are covered with cracks and pits, and it looks like it has gone through a war.

The buildings here are covered with runes and are extremely hard. The walls can be covered with cracks and pits. The power is absolutely amazing.

This is likely to be left behind by the war in the early days of the Temple.

Lu Ming glanced and found that there was nothing abnormal, so he strode toward Qiuyue.

"Boy, get out!"

At this moment, the stone eyeball above Qiuyue's head made a roar.

"You're the one who gets off!"

Lu Ming drank coldly, the lance swept out, and swept toward the stone round beads.

"court death!"

The stone round bead made a big shout, then from the stone eyeball, burst out a divine light, blasting to Lu Ming.

when!

The divine light bombarded the spear, causing it to vibrate violently.

Lu Ming felt a terrible force, coming from the spear, his body could not help but shaken back and forth.

call out! call out! ...

Then, in the stone eyeballs, there was a continuous burst of divine light, and in the blink of an eye, dozens of divine lights burst out.

The space roared, dozens of divine lights, killed Lu Ming together.

"Cut the moon, cut the moon..."

With a surge of divine power, Lu Ming continuously exhibited the trick of chopping the moon, using more than a dozen times in succession, and dozens of crescent-shaped guns were cut out, blocking dozens of divine lights.

Lu Ming dared not use the starburst trick, which is an indiscriminate attack. After it is used, it will cover Qiuyue together.

"Tenjin Wuzhong has such strength, and so on, there are ancient characters in your body, the words "war" and "quantity", hahaha, really help me, God treat me well, wait for me After seizing this girl, combining the two ancient characters, Ben Tianjun will regain the glory, no, even stronger!"

In the stone eyes, he began to make a surprised sound, then laughed, and seemed to be ecstatic.

Lu Ming was shocked.

This stone eyeball suddenly saw the two ancient characters in his body.

In the past, Lu Ming met many **** kings, and no one could see through the ancient ancient characters in his body, because the ancient ancient characters would be hidden by themselves and could not be seen by outsiders.

This stone eyeball is amazing.

"Must destroy this eyeball!"

Lu Ming's eyes were cold.

Then he waved his spear and blasted at the opponent.

"Boy, die!"

In the stone eyes, a cold voice came out, shaking slightly, and it seemed that a more terrible attack was brewing.

But at this time, Qiuyue Jiao sipped, and the nine-colored light on his body suddenly became bright.

At her heart, a nine-color heart was faintly visible, beating constantly.

Nine Trick Sacred Heart.

Obviously, Qiuyue has also found Lu Ming, and when the stone eyes distracted Lu Ming, she also launched a counterattack.

"Damn!"

There was a roar in the stone eyes, and he had to distribute more power to deal with Qiuyue, and distribute less power to deal with Lu Ming.

boom! boom!

In the stone room, roaring continuously, Lu Ming continued to attack forward, and finally approached the stone eyeball.

Boom!

Finally, Lu Ming seized the opportunity and pumped a shot on the stone eyeball. The stone eyeball vibrated violently, but nothing happened and was not broken by Lu Ming.

"Boy, you can't break my defense. Although my strength is less than one of the billions in the heyday, but my defense is still there, you can't break it, hahaha!"

The stone eyes laughed.

"Really, then pull you away!"

Lu Ming said coldly, and then, nine ice chains flew out, winding the stone eyes around.

A layer of ice crystals appeared on the stone eyeball, and it was to be frozen.

"roll roll roll!"

The stone eyeballs roared, and the surface continued to be impacted by black divine light. Those ice crystals exploded. The black divine light hit the ice chain. The ice chain violently shook. Some ice chains appeared. A series of cracks.

The ice chains can't resist.

"Come here!"

Lu Ming shouted, pulling the ice chain desperately, pulling the stone eyeball away from Qiuyue's head.

As long as the stone eyeball is pulled away, Qiuyue will be saved, and even if the stone eyeball cannot be killed, they can escape.

bump! bump!

Under the constant impact of the divine light of the stone eyeball, two ice chains were finally shaken off.

"You can't pull me away!"

The stone eyes screamed.

"is it?"

Lu Ming's eyes were calm, and with a wave of his hand, two ice chains flew out, entwining the stone eyes.

Next, as long as the ice chain was broken, Lu Ming immediately condensed out, and some of Lu Ming's divine power was consumed.

After a while, the stone eyeball was finally pulled by Lu Ming, pulled a little distance, Qiuyue immediately seized the opportunity to resist.

"Boy, you are dying, you are dying yourself, don't think that Tian Tianjun has no way to deal with you, let me die!"

An angry roar came from the stone eyeball. Then, from the stone eyeball, a ray of light flew out. After the ray of light flew out, it directly turned into a figure.

This is a middle-aged man, wearing an ancient armor, the most peculiar is his eyes, very dazzling, like two suns.

Chapter 3064: God Eye God

The middle-aged man is obviously the original image of the stone eyeball. At this moment, the angry staring and landing screamed and shouted: "Boy, let you see the light of God of Destruction of this Heavenly King, and die under the light of God of Destruction, Your pleasure!"

When the words fell, the middle-aged man directly turned into a divine light, rushed to Lu Ming, and suddenly Lu Ming shrouded in the divine light.

As soon as he was shrouded by this divine light, Lu Ming's hairs stood up, and he felt a great crisis.

Sure enough, at the next moment, Lu Ming felt the tingling in his body.

This light seems to melt away the body.

"Block it!"

Lu Ming shouted in his heart, and all his divine power exploded. He exhibited nine heavy red gold armor, covering the whole body, and resisting that kind of divine light.

However, Nine Heavy Red Armor is useless.

嗤嗤...

Under the envelop of this divine light, Nine Heavy Red Gold Armor made a sneering noise, as if the ice and snow met the flames and were melting.

"Boy, do you actually control so many divine powers? Wonderful, really wonderful!"

The sound of the stone eyeball was heard again, full of surprise.

Obviously, the other party did not know that there was such a wonderful method of "Qiankun Wandao Jue".

But at the moment, Lu Ming didn't have much thought, he just wanted to block this divine light, because this divine light was so terrifying, and it constantly penetrated into Lu Ming's ninth red gold armor, covering Lu Ming's body.

As soon as this kind of divine light touched Lu Ming's skin, Lu Ming's body seemed to be burned by flames, and the tingling of his heart filled the whole body.

Even Lu Ming was horrified to find that Lu Ming's flesh and blood were melted like ice and snow in the place where this divine light was stuck.

This scene is extremely scary.

Going on like this, Lu Ming's body must be turned away by this divine light.

The other party called this divine light as the light of extermination, and it was really terrifying.

The strength of the other party is already less than one billion in the heyday, but it still has such amazing power.

"Ice Chain!"

With a move in his heart, Lu Ming took the ice lock back and surrounded himself, wanting to use the ice chain to block the attack of God of Extinction.

However, the chain of ice can't resist the light of extermination, and it melts quickly under the light of extermination.

"Old volume, can you absorb this kind of light?"

At a critical moment, Lu Ming gave a voice to Liangzi Jue.

"No way, this is the light of extermination, and the other party is an ancient existence, the willpower is too strong, how can I absorb the power he cultivates, unless your realm is comparable to the other party, I can Use your power!"

Measure the word.

Lu Ming was speechless and placed his hope on Shi Ling.

"Old guy, do you have a way, this time, if you don't shoot, I will die!"

Lu Ming sent a voice to Shi Ling.

"I am a crippled stone spirit, how can there be any way, and, the other party is God's Eye Tianjun, God's Eye Tianjun's light of extermination is one of the most terrifying forces between heaven and earth, hey, it seems that I Your luck is too bad, just to recognize you as the Lord, you are going to die, hey..."

Shi Ling sighed and shouted there.

Lu Ming almost vomited blood.

Even if the old guy didn't help, even cursing him, Lu Ming wished to step on his feet.

嗤嗤...

At this moment, more light of extinction touched Lu Ming's body, and Lu Ming found that the flesh and blood on his body were melting.

If you go on like this, it won't take long for Lu Ming to be completely melted away by the Light of Destroying God.

Unfortunately, Lu Ming has no way to deal with this.

"Hahaha, boy, you are really my lucky star, actually brought me two ancient characters of origin, chance, and chance!"

The other party laughed and became more and more excited.

Lu Ming is more and more anxious.

Could it be that he and Qiuyue have to confess here today?

"Fight!"

Lu Ming gritted his teeth, intending to burn the heart of the ancient **** to give it a try, a fight, better than falling here.

Although, Lu Ming feels that even burning the heart of the ancient gods may not be useful, the other party's light of extermination is too strange.

But always try.

However, before burning the heart of the ancient god, Lu Ming wanted to take out the copper copper coffin.

The last time Lu Ming burned the heart of the ancient god, it was restored because of the copper coffin.

If the heart of the ancient **** can be burned and the stone eyeballs can be dealt with, maybe it can be restored with the copper and copper coffin?

Always give it a try?

Lu Ming's thoughts moved, and the copper copper coffin flew out of Jing Yu's scroll.

But when the copper copper coffin flew out, the mutation suddenly occurred.

The copper copper coffin suddenly burst into light and flew directly out of Lu Ming's eyebrows, suspended above Lu Ming's head.

Click!

The coffin cover of the copper copper coffin actually opened itself, revealing a gap.

A horrible unimaginable breath filled through the gap of the coffin cover.

Compared with this breath, Lu Ming felt like dust.

No, the strongest **** king Lu Ming encountered was all dust in front of this breath.

Lu Ming seemed to see the battle of the ancient gods through the coffin cover of the copper copper coffin.

"Ah, why do you have this kind of thing, how do you have this kind of thing..."

At this moment, God Eye Tianjun suddenly screamed, with endless horror in his voice, with endless fear.

He seemed to recognize the copper copper coffin.

Buzz!

The breath in the copper copper coffin enveloped Lu Ming's body.

The light of extinction on Lu Ming's body began to jump violently, and then separated from Lu Ming's body, and turned into a figure again, it was the middle-aged man who claimed to be God's Eye Tianjun.

The face of the middle-aged man was endlessly frightened and incredible.

"How can such a legendary thing appear to you, impossible, impossible!"

God Eye Tianjun shouted and wanted to escape.

However, there seems to be an appeal in the copper copper coffin. It firmly locked the god's eye Tianjun. No matter how the god's eye Tianjun struggled, it was useless. He was flying towards the gap of the copper coffin.

"No, no, no..."

God Eye Tianjun shouted in horror, struggling frantically, but useless.

After a few breaths, God Eye Tianjun was completely sucked into the copper copper coffin.

After absorbing the god's eye Tianjun, the copper and copper coffin was automatically closed, and all the breath disappeared. The copper and copper coffin restored the sense of simplicity.

Then, he actually fell down and squeezed towards the landing.

Lu Ming was shocked and quickly manipulated the picture of Jing Yu, and put the copper coffin into it.

call!

Lu Ming exhaled a long breath, relieved.

This time, it was really thrilling. Unexpectedly, at the critical moment, the copper and copper coffin actually played a role, absorbing God Eye Tianjun into it.

Up to now Lu Ming is still a little dazed, all this has changed too fast.

After a long time, Lu Ming slowed down and walked towards Qiuyue.

At this moment, Qiuyue gave a soft drink: "Close!"

Afterwards, Qiuyue's body was full of nine colors, and he covered that stone eyeball. The stone eyeball began to shrink and flew towards Qiuyue's body.

Chapter 3065: Tiangong, the sixth **** of heaven

Nine-color divine light enveloped the stone eyes, and the stone eyes began to shrink and flew towards Qiuyue's body.

Lu Ming was shocked and just stepped forward to stop.

"Master, don't move, now, but this girl's chance!"

Shi Ling's voice sounded.

"Great chance?"

Lu Ming wondered, but his body stopped.

"Yes, this stone eyeball can be said to have been transformed by an eye of God Eye Tianjun. It contains all the inheritance of God Eye Tianjun. Now the remnant soul of God Eye Tianjun is completely eliminated. This stone eyeball, it will be absorbed and fused by this girl, and this girl will get the inheritance of the **** Tiantian!"

"This is the inheritance of God's Eye Tianjun. This girl has the Sacred Heart of Nine Knowledge. The future achievements are limitless and will become the master's right assistant!"

Shi Ling explained.

Lu Ming showed a happy look.

The soul of God Eye Tianjun has been taken away by the copper copper coffin. Now, this stone eyeball is equivalent to a treasure that can be absorbed and refined.

Qiuyue, it is precisely to refine this stone eyeball to gain the inheritance of the other party.

"Oh, God's Eye Tianjun, what is the origin?"

Lu Ming asked.

"It's amazing, the vast universe, the dare to call the heavenly king, how many people are there? Each of them is the general existence of hegemons between heaven and earth!"

Shi Lingdao.

"Come on, you didn't say anything about the other party?"

Lu Ming pouted.

"Tian Gong, do you know?"

Shi Ling asked.

"Tian Gong!"

Lu Ming raised his eyebrows, a flash of shock flashed in his eyes, and said: "Did the other party come from Tiangong?"

"Yes, the title of Tianjun is only in Tiangong, and every Tianjun is a giant in Tiangong!"

Shi Ling explained.

Lu Ming was shocked.

The Honghuang universe is divided into the era of the first **** and the era of the Tiangong.

Why it is divided into the Tiangong era is because of the Tiangong.

After the Age of Gods, Tiangong became the true overlord of the vast universe, ruled all directions, supreme.

God Eye Tianjun is actually a giant from Tiangong. This origin is really amazing.

However, according to legend, the Tiangong in the vast universe is not one. Specifically, Lu Ming is not very clear. After all, such forces are too far away from Lu Ming.

Even if it is too empty, in front of the Tiangong, it is just ants.

But thinking of Qiuyue's inheritance from a Tianjun, Lu Ming couldn't bear to show his joy.

The inheritance of a heavenly king is remarkable.

At this moment, the stone eyeballs continued to shrink, and then turned into a light, rushed into Qiuyue's body, disappeared.

boom!

At the next moment, Qiuyue suddenly burst into a breath of breath.

The breath was earth-shattering and filled the stone chamber, so violent.

Qiuyue's delicate body shook, her face paled, and a ray of blood spilled from the corners of her mouth.

"what happened?"

Lu Ming was shocked.

"No, there is still residual energy left in God's Eye Tianjun's eyeballs. There is too much energy. Even if the girl has Sacred Heart of Nine Skills, she can't absorb that much at once. Her body needs to be absorbed by this energy Explode!"

Shi Ling quickly called out.

"any idea?"

Lu Ming was very anxious. At this moment, Qiuyue coughed up another blood, and his body actually swelled up.

"Boy, fast, this is the energy of the unowned. The old lady can absorb it. The old lady absorbs part of the energy to ferry to you. It is fine if you help her share some energy."

Cautiously quantified.

"exactly..."

Lu Ming nodded again and again, really concerned about chaos, Lu Ming did not think of such a simple method.

Lu Ming strode forward and came to Qiuyue's side, his eyebrows glowed, and the word-measurement tactics flew out. A swallowing force enveloped Qiuyue's body. Suddenly, Qiuyue's body energy was constantly absorbed by the word-measurement tactics.

Qiuyue's body began to shrink. Soon, it returned to its original state, and Qiuyue's breath began to stabilize.

The Sacred Heart of Jiuqiao in her chest is shining and shining, and thumping, like a big drum hitting, the endless energy poured into the Sacred Heart of Jiuqiao.

Finally, Lu Ming vaguely saw that a stone eyeball flew into Qiuyue's Jiuqiao Sacred Heart and merged with Jiuqiao Sacred Heart.

At this time, the word measurement tactics flew back and met Lu Ming's consciousness.

"Boy, this is the energy left by God's Eye Tianjun. The old lady can refine it a little, and it can be passed to you. You can absorb it and improve your cultivation!"

Measure the word.

"Qiuyue is all right!"

Lu Ming said.

"It's okay, rest assured, most of the energy has been merged into the Jiuqiao Sacred Heart by her, and later, her cultivation practice will advance by leaps and bounds!"

Shi Ling explained.

Lu Ming was relieved, lifted the ancient **** body, turned into a body, and sat cross-legged on the side.

Sure enough, a short while later, a wave of energy poured into Lu Ming's body.

This energy is extremely amazing, and it is very easy to absorb. Lu Ming started "Qiankun Wanda Jue" and began to absorb this energy, turning it into various divine powers and expanding the fire.

In Tiantian, nine kinds of magical fires are constantly growing.

Lu Ming's cultivation practice is also rapidly improving, constantly approaching the five peaks of Tenjin.

A few days later, all of Lu Ming's divine powers reached the peak of the five gods of the gods, and then began to attack the six gods of the gods.

Boom!

In Lu Ming's body, roaring sounds continued.

Seven days passed.

The energy absorbed by Liangzi Jue has been completely surrendered to Lu Ming.

There was a violent explosion in Lu Ming's body, and a strong breath rushed out of Lu Ming's body.

Ten gods!

Lu Ming absorbed the energy given to him by the Quanzi Jue and cultivated a breakthrough in one fell swoop, reaching the Sixth Realm of Tenjin.

You know, Lu Ming controls so many divine powers, and cultivation requires a lot of energy to improve. This time, he directly broke through one level of reality. If he changed to another person, it would be enough to break through the two levels.

Lu Ming got up, his eyes flashing.

Cultivation is a breakthrough, and his combat strength is stronger. Now, if he faces the cold again, the arrogance like Chu Baxing will be crushed.

Lu Ming thought, and then turned his attention to Qiuyue.

At first glance, Lu Ming flashed in shock.

Because the breath of Qiuyue is now surprisingly strong.

Seven Gods!

Qiuyue's cultivation practice actually reached the seventh level of Tenjin.

You know, when you enter the ancient city of Xingyue, Qiuyue's cultivation behavior is only double.

Moreover, Qiuyue also cultivated "The Thousand and Thousand Ways", and she controlled a variety of divine powers. She needed no energy to improve her cultivation.

However, so quickly, Qiuyue broke through to the seventh **** of heaven, and this speed of progress is really appalling.

Lu Ming just thought about it. Qiuyue's body burst into a breath of breath again. The divine power was boiling like tide, and a powerful power filled all directions.

Ten gods!

Lu Ming gaped, his face stunned.

Chapter 3066: Qiuyue's cultivation base

After a while, Qiuyue actually broke through again and reached the eightfold realm of Tenjin.

This speed is too fast!

"Master, don't be too surprised, this girl got it, but the inheritance of God's Eye Tianjun, plus the help of Jiuqiao Sacred Heart, the speed of progress is natural."

Shi Ling explained.

"Good, and the energy that the old lady absorbed before is only part of it. It means that you took a sip of soup and the meat was eaten by the girl. She is improving fast, which is normal!"

Quanzijue also explained a sentence.

Lu Ming nodded, he just took a sip of 'soup', and his cultivation practices were raised from Tenth Five to Tenth.

Qiyue has completely inherited the inheritance of God's Eye Tianjun, and cultivation will naturally soar.

Of course, it just started to skyrocket. Naturally, it is impossible to continue to improve in this way.

Qiyue's cultivation is not over yet. In a blink of an eye, another seven days passed.

Qiyue's breath rose again with a roar.

Break through, break through again.

Ten God Ninefold!

Qiyue's cultivation practice reached the ninth level of Tenjin.

Moreover, Qiuyue's body, there is a flood of ancient atmosphere filled out.

Original divine power factor!

Lu Ming's eyes lit up.

Qiuyue, awakened the source divine factor.

However, like Lu Ming, it is just that the master divine power awakened the original divine power factor, and other divine powers have not yet awakened.

Here, Qiuyue's breath finally stabilized and did not continue to improve.

A few days passed, Qiuyue's breath was completely stable, and then opened his eyes.

"Master!"

Qiuyue whispered into Lu Ming's arms.

Qiuyue can fully perceive what happened before.

She originally thought that she would never see Lu Ming and was going to be taken away by God Eye Tianjun. Unexpectedly, halfway through, Lu Ming killed him and killed God Eye Tianjun in one fell swoop.

And she and God Eye Tianjun had been stalemate with each other for many years. With the induction, the soul of God Eye Tianjun was destroyed, she automatically absorbed the inheritance left by God Eye Tianjun.

"Qiuyue, it's alright, let's go!"

Lu Ming caressed Qiuyue's hair, the two kept warm, and then left here hand in hand.

On the road, I occasionally encountered that kind of eyeball monster, which was easily solved by Lu Ming and Qiu Yue.

Qiuyue, because of too much cultivation for the surge, did not adapt very much for a while, and she was not very skilled in controlling the magical power in her body, and needed time to polish.

I believe that when Qiuyue fully adapts to the current cultivation practice, her strength will be amazing.

You should know that Qiuyue also controls multiple divine powers. In addition to the awakening of the original divine power factor, as well as the cultivation of Tianshen Jiuzhong, once Lu Jing fully adapts, even if Lu Ming does his best, it may not be Qiuyue's opponent.

Soon, the two came to the outermost stone room.

Overhead, rumbling, that was the sound of the whirlpool of Wanyue Lake. Looking up, you can still see the whirlpool, which is very wonderful.

"We rush out!"

Lu Ming said.

"Ok!"

Qiuyue nodded, and the two rose into the air and rushed directly into the vortex.

Wow!

The extraordinary power of the vortex turns to form an amazing power, blocking the way of the two.

It's not so easy for the two to go head-to-head.

"Starburst!"

Lu Ming shouted, turned into an ancient **** body directly, used all his strength, and stabbed him out with one shot.

Rumble!

The lake exploded, forming a passage, and the two took the opportunity to fly forward.

However, the lake quickly flooded, blocking the passage again.

"The light of extermination!"

Qiuyue drank, her palms leaped out, and a dark divine light split towards the vortex in front.

"this is..."

Lu Ming's eyes lit up and was a little surprised. He didn't expect Qiuyue to grasp the god-destroying god's light so quickly.

The light of God of Destruction is extremely powerful. Even if Qiuyue has just mastered it, it also exerts amazing power. The vortex is immediately cut into a channel by the light of God of Destruction.

The two went on.

In this way, the two joined forces and attacked alternately. Soon, they passed through the vortex, flew outside the vortex, and came to Wanyue Lake.

Huh...

The two exhaled, and finally came out.

This trip was considered unsurprising, and the cultivation practice was also broken, especially Qiuyue, which was inherited by a Tianjun.

"Qiuyue, you won the inheritance of God's Eye Tianjun, this thing must not let others know!"

Lu Ming said to Qiuyue.

The inheritance of a Heavenly King is definitely an unimaginable opportunity. If it is known, it will definitely cause a big disaster, just like the original ancient words.

"Understood, young master!"

Qiuyue smiled slightly.

"Oh, Qiuyue, how did you get into this vortex?"

Lu Ming asked curiously.

"Pushed in!"

Qiuyue Road.

"Did you get in? Who?"

A cold light flashed in Lu Ming's eyes.

"A Wing Terran, Thunder Wing Terran!"

Qiuyue Road.

"Thunderwing Terran!"

Lu Ming thought that when he came to Wanyue Lake, the young man of the Thunder Wing met him, or the other party directed Lu Ming before Lu Ming entered the whirlpool.

At the moment, Lu Ming described the appearance of the young winged tribe he met.

"Yes, it's him!"

Qiuyue Road.

"Why did he force you into the whirlpool?"

Lu Ming asked.

"He said that someone asked him to take action against you, and I am your master, he will take me down and threaten the master!"

"Also said that I am a double god, and can pass through the Tianmen. There must be a secret in his body. If he wants to get the secret in me, if I don't say it, he will... he will..."

Speaking of which, Qiuyue bit her red lips without saying anything, but Lu Ming could guess what Qiuyue was going to say.

Lu Ming held Qiuyue's little hand and asked her to continue.

"I won't let him succeed, but I am not his opponent. I can't escape, but I can't help but later, I can only venture into the vortex. I didn't expect there is another world inside the vortex. When I arrived at Tianyan Tianjun, I wanted to take me away. Later, I always tried to fight against Tianyan Tianjun, and then the young master came!"

Qiuyue briefly talked about these years of experience.

"Thunderwing Terran!"

In Lu Ming's eyes, the cold light flourished, and there was a cold killing opportunity.

He already fully understood.

The Thunder Wings were mostly invited by the Jin or Qin families to kill Lu Ming in the ancient city of Xingyue.

After entering the ancient city of Xingyue, the young Yiren met Qiuyue near Wanyue Lake, and wanted to take Qiuyue down to threaten Lu Ming. By the way, Qiuyue's secrets were obtained, and she even conspiracy against Qiuyue.

Qiuyue reluctantly rushed into the vortex to avoid each other.

The other party must not dare to enter the vortex, so after that, he has been wandering in the vicinity of cultivation. After many years of autumn and moon, he has not come out. Most of him think that there is danger in the vortex, and Qiuyue has fallen inside.

Later, Lu Ming came, and the other party had no good intentions, deceived Lu Ming, and wanted Lu Ming to die in the whirlpool too.

Chapter 3067: Strong Lu Ming

"This person will die!"

Lu Ming spoke coldly, and his eyes were full of cold light.

This person tried to poison him, and nearly killed Qiuyue. In Lu Ming's heart, he already sentenced this person to death. If there is a chance, he must beheaded and killed.

Then, Lu Ming looked around, but unfortunately, the Wanyi Lake did not see the whereabouts of the young Wing people.

It seems that the other party has long left.

"Qiuyue, ten years is coming, let's go out!"

Lu Ming said.

Qiuyue nodded cleverly, and immediately, the two chose a good direction, turned into two rainbow lights, and hurried away.

There is a special passage to leave the ancient city of Xingyue. The passage on the side of Jiu Jue Tianwang Mansion is in a huge valley east of the ancient city of Xingyue.

There are other channels for other people in Tianwang Mansion.

Every time people enter the Xingyue Ancient City, they go out through a special channel. This channel will be opened every ten years.

Now, in ten years time, it will soon arrive.

Wanyue Lake is in the west of the ancient city of Xingyue, and there is still a long distance from the east. The two of them rushed all the way, and it took seven days to reach the exit.

Over a large valley, a huge vortex emerged.

This is the channel to go out, and no one can explain why they opened such a channel when they came in ten years later.

Perhaps it was the strongman who built the ancient city of Xingyue in the first place.

Everyone can only guess.

When the two came, they found that people were flying in all directions, and some people flew directly into the vortex and disappeared.

Obviously, some people have gone out.

"Brother Lu!"

"Brother Lu Ming!"

Several sounds sounded, and Lu Ming looked back and saw Wu Ming and Wu Yue and others flying towards here.

"Brother Wu Ming, Brother Wu Yue..."

Lu Ming greeted with a smile.

"Qiuyue girl is fine, great!"

After seeing Qiuyue, Wu Ming and others also smiled.

"This is a long story, let's go out and talk!"

Lu Ming said.

Immediately, everyone flew towards the vortex together. After flying into the vortex, a burst of heaven and earth came. The next moment, Lu Ming found that he had left the Xingyue ancient city and returned to the Xingyue ancient city wall.

With a glance of his eyes, Lu Ming saw the elder Bai Li sitting in the sky and starry sky camp elder.

In addition, in the void, there are many figures standing in the sky, all from the Xingyue Ancient City, starry sky camp.

Lu Ming saw Xu Yan, the young animal skin, and Jin Yuan.

After seeing Lu Ming, Xu Yan, the young animal skin, and others nodded and smiled, saying hello.

And Jin Yuan's eyes are very cold, and the murderous chance is constantly flashing.

Suddenly, Lu Ming felt an icy murderous hood hanging over him. Lu Ming's eyes swept, and he saw a beautiful woman, staring at him coldly.

Blue Spirit!

Who is this woman, not the Blue Spirit who had been killing him before?

However, Lan Ling didn't shoot this time, just staring coldly at the landing, and then glanced at Qiuyue again.

"Master, who is that girl? It seems that you have a deep grudge against you, are you sorry?"

Qiuyue was very sensitive and found Lan Ling, whispering in a whisper.

"Go, little girl, don't think about it, young master, I am a gentleman!"

Lu Ming immediately righteously said that this kind of thing can't be misrepresented and corrupt his character.

Qiuyue smiled slightly, without saying much.

"It's him!"

At this moment, Lu Ming looked cold, and there was a cold murder in his body.

He saw a young winged human race, whose wings flickered with thunder and lightning. This person was in Wanyue Lake, who instructed Lu Ming to enter the vortex.

It is also a person who wants to deal with Qiuyue and push Qiuyue into the vortex.

Obviously, this person came out earlier than Lu Ming.

boom!

A strong breath erupted from Lu Ming's body, and he stepped out, forcing him towards the youth of the Yiren race.

"Master, be careful!"

Qiuyue also found the young man. She knew that with Lu Ming's temper, she couldn't persuade her. She could only worry about it, and then immediately landed behind Ming.

Wu Ming and others looked at each other and followed Ming Ming behind the landing.

The people in front of Lu Ming were pressured by Lu Ming's momentum and backed away one after another, giving way to a road.

Lu Ming quickly headed towards the Yiren youth.

The young people of Yiren also saw Lu Ming and Qiuyue, and their faces changed suddenly.

"Damn, these two guys got into that whirlpool, was it okay? What a mistake!"

The youth of the Yiren race has a somber face.

Seeing that Landing Ming was getting closer and closer to him, the cold killer enveloped him, and the young Yiren felt cold all over, shouting, "Lu Ming, what are you doing?"

"kill you!"

Lu Ming's answer is very simple, the voice is cold and bitter.

"Kill me? What do you mean, I didn't offend you, why did you kill me? You are so mad and lawless!"

The wing people cried out.

He naturally would not admit to dealing with Qiuyue.

"Ha ha!"

Lu Ming sneered, his breath was more compelling, he was too lazy to talk nonsense with the other party, a spear appeared in his hand, and a spear burst out, killing the young wing people.

"you..."

The youth of the Wings changed their face and their breath rose sharply, especially the pair of wings behind them, and the thunder rolled.

Sigh!

He flew out a pair of wings one by one, like the sword of the gods breaking through the sky, the thunder on the wings turned into two thunder swords, and slammed towards the landing.

The Thunder Blade, cut on Lu Ming's gun, burst into shock.

The youths of the Wings are not weak, they have half-step God King Realm cultivation, and the awakening degree of divine power has reached 99%, which is not far from the full awakening of the original divine factor.

But how strong is Lu Ming now, can he compete?

boom!

The Thunder War Blade cut by the Wing Human Race youth broke down directly, and the guns continued to kill the Wing Human Race youth.

The young wing people cried in horror, and they rose to the sky, trying to avoid Lu Ming's gunman, but still slowed down, one thigh was penetrated by the gunman and directly burst.

what!

The young wing people cried out, tens of thousands of meters back, and vomited blood.

"what?"

"Great, Lu Ming's strength is so amazing?"

Many people took a breath.

Not everyone has seen Lu Ming's shot, and Lu Ming's shot is only a part of it. Some of them have not seen Lu Ming's shot. At this time, Lu Ming has injured the youth of the Wing Human Race with a stroke.

The youth of the Yiren tribe, named Yixiang, is the 16 young masters of the Yiren tribe. His talent is very outstanding. In the Starry Sky Camp, they are quite prestigious. This time, the trip to the ancient city of Xingyue, the strength of Yixiang is undoubtedly stronger. , But still not Lu Ming's enemy.

Lu Ming, how can there be such a strong strength?

"You don't know, Lu Ming defeated Jin Yuan before!"

Someone whispered.

Chapter 3068: Bai Li intervenes

Some people talked about Lu Ming's defeat of Jin Yuan, which shocked everyone.

"God, really fake, Lu Ming defeated Jin Yuan?"

"If I remember well, when Lu Ming entered the ancient city of Xingyue, he would be a fourfold cultivator, can he defeat Jin Yuan?"

"This is too scary!"

After hearing it, many people were unbelievable, and there was a lot of discussion on the spot.

Of course, most people do not know that Lu Ming defeated not only Jin Yuan, but also several other heavenly palaces in the process of fighting for the soul of Yuanyuan.

This matter, only Jin Yuan, Xu Yan, and the three young beasts knew that they did not spread it. If everyone knew about it, I'm afraid they would shock their chins.

After Jin Yuan heard that, his face was somber and dripping.

"kill!"

Lu Ming ignored the comments around him, and now he just wanted to kill Yixiang.

"Come here, come here, kill this kid for me!"

Seeing Lu Ming continue to kill, Yi Xiang shouted in horror.

He did not expect that Lu Ming's strength was so strong.

"Hugh wants to hurt the young master!"

On the side, a roar came, and the light of thunder and lightning flashed. In the next moment, more than a dozen figures appeared in front of Yi Xiang.

These dozen figures are all the arrogance of the Thunder Wings.

Wing Cheung is the 16th Master of Thunder Wing Clan. Generally, Wing Clan Tianjiao must obey Wing Xiang's orders.

"Boy, you shot Master Yixiang, to death!"

"Lu Ming, without a fight, go back to our family and accept the punishment!"

The arrogance of these wing human races shouted one after another, and used the wing human races to suppress Lu Ming.

But obviously, they made a wrong calculation, would Lu Ming care about the Yiren family?

"roll!"

Lu Ming drank coldly.

"Boy, you are very arrogant, even if you are strong, why can't so many of us lose you?"

"Shoot together and take this kid!"

A dozen wing human tribes arrogantly shouted, and then burst into a strong breath.

Boom!

The breath bloomed, the thunder rolled, and dozens of wing human races Tianjiao shot at the same time, and the wings waved out. With the power of thunder, they thundered towards the landing.

The power of the Thunder is already extremely powerful. So many Tianjiao teamed up and the power is really terrifying.

"kill!"

Lu Ming Chang Xiao screamed, the war word tactics triggered four times the combat power, and swept out a shot.

A huge spearman formed, extremely huge, like a mountain, pressing towards the arrogance of the winged human race.

Boom!

Thunderstorms collided with Lu Ming's guns and burst into a violent roar.

Then, the thunders collapsed one after another, and the guns kept sweeping.

A dozen wing human races Tianjiao's face changed wildly and shouted: "Block it, block it!"

They tried their best to make the strongest move and wanted to block Lu Ming's attack.

However, when the guns were swept over, these winged human races were like a cannonball, and they were blasted out by Lu Ming. They flew out tens of thousands of meters before they stopped their body, and then vomited blood and received Hit hard.

After Lu Ming opened the war word tactics four times the fighting power, one trick hit a dozen wing human races.

Binghan's gaze swept to Yixiang again.

Yi Xiang's face was pale, without any trace of blood.

He flew desperately towards Bai Li and shouted: "Elder Bai, help, help, this Lu Ming, he is crazy."

His current hope can only be pinned on Bai Li. At the scene, only Bai Li can save him.

"kill!"

Lu Ming shouted, stabbed with a gun, a terrible gunman, very sharp, stabbed toward Yixiang.

Quick, fast and amazing.

Yixiang wanted to avoid it, and found that his body seemed to be locked and could not be avoided at all.

He had a feeling that if he was hit by this trick, he would have no other choice.

"No, no, no, help!"

Yixiang yelled frantically, almost scared, and his eyes were full of horror.

Seeing that the gunman was about to hit Yixiang, at a critical moment, in front of Yixiang, a light curtain suddenly appeared.

Buzz!

Lu Ming's guns hit the light curtain, causing the light curtain to vibrate slightly, and then the guns disappeared.

The gun is blocked.

"Go...saved!"

Yi Xiang's stuttered opening, he was cold and sweaty, and his body was trembling. Just now, he was almost scared to death.

Lu Ming's face sank, sweeping into the sky.

At high altitude, Bai Li sat cross-legged.

At the scene, only Bai Li could save Yixiang. Obviously, the light curtain just now was sent by Yixiang.

"Elder Bai, this man is in the ancient city of Xingyue and wants to insult my wife. If my wife is dead, he is already dead. I want to kill him. Why stop me?"

Lu Ming's voice, neither humble nor overbearing, spread throughout the audience.

Many people suddenly realized that they looked at Qiuyue beside Lu Ming.

It turned out that Yi Xiang wanted to harm Qiuyue secretly. No wonder Lu Ming saw Yi Xiang and shot directly to kill the other party.

"You have any grievances that can be resolved in the ancient city of Xingyue, or, when you return to the starry sky camp, how do you want to kill, I will not control, but now that you have left the ancient city of Xingyue alive, then I have an obligation, Take you back to the Starry Sky Camp one by one safely!"

Bai Lidao.

"Elder Bai, you must intervene?"

Lu Ming asked.

"Yes, if there are any grudges, go back to the Starry Sky Camp to solve it, and I won't control it by then!"

Bai Lidao, the voice cuts gold and iron, there is no room for relaxation.

In fact, Bai Li has no choice.

The family of the Thunder Wing family is very powerful in Jiu Jue Tian Wang Mansion, not only in Jiu Jue Tian Wang Mansion, but also in Taixu Shrine.

Now under the eyes of all eyes, if he watched Yi Xiang being killed by Lu Ming, he didn't care about it, and it was difficult for him to get rid of him afterwards.

And Lu Ming, with no background, he naturally wants to protect his wings.

"Since Elder Bai said so, I won't do it!"

Lu Ming's eyes flashed a few times, and he turned around and left.

Bai Li's cultivation behavior is unfathomable, and it is not something Lu Ming can contend with. Bai Litie wants to intervene. In any case, he can't kill Yi Xiang.

If you are determined to do it, not only will you not be able to kill Yixiang, but you will also offend Bai Li. Under the balance, Lu Ming can only stop for a while, and then find a chance to kill Yixiang in the future.

In the future, there will be opportunities!

"Lu Ming, Lu Ming, I must keep you from dying!"

Yi Xiang stared at Landing Ming and shouted.

The scene calmed down again, and everyone waited quietly, waiting for others to come out of the ancient city of Xingyue.

In a flash, another ten days passed.

"Okay, the ten-year period has come, the passageway in the ancient city of Xingyue has been closed, and the people who did not come out can not get out, let's go back!"

Bai Li's voice spread throughout the audience, and then took everyone to fly toward the wormhole.

On the way, Yixiang just followed Bai Li, afraid that Lu Ming would shoot him.

Chapter 3069: Four Divine Skills

Soon, they came to the wormhole.

"You go in batches, you, you, you go first..."

Bai Li started to arrange it, this time, he arranged for others to enter in batches.

The first batch included Yi Xiang and more than a dozen young people of the Yi ethnic group.

Yi Xiang and the youth of the Yiren race quickly rushed into the wormhole and disappeared.

After a while, Bai Li rearranged a group of people to enter.

In this way, batch after batch.

Lu Ming and them were left to the end.

Lu Ming sneered. This Bai Li was obviously biased towards Yixiang. He deliberately arranged them to enter the wormhole in batches, and also arranged Yixiang to the first batch, leaving Lu Ming in the end, fearing that after returning to the Starry Sky Camp, Lu Ming shot to Yixiang.

Staggered like this, Yi Xiang returned to the Starry Sky Camp and had time to escape.

Really good abacus.

But Lu Ming can't object, he can only wait quietly.

"Now, come with me!"

Until the end, Bai Li told them Lu Ming, and a group of people flew into the wormhole and returned to the territory of the starry sky camp.

Returning to the Starry Sky Camp, Lu Ming glanced at his eyes. Sure enough, he did not see the figure of Yi Xiang and others. Presumably, he left a long time ago. He even left the Starry Sky Camp and returned to the Yiren family.

"Brother Wu, Lu Ming has something to ask for!"

Lu Ming clenched fists to Wu Ming and Wu Yue.

"Brother Lu said straightforwardly, if we can do it, we will never say no!"

"Not bad!"

Wu Mingwu Yue several people nodded and agreed.

Not to mention that they and Lu Ming are friends, and that Lu Ming's talent alone shocked them. They have never seen talent as terrifying as Lu Ming.

With Lu Ming's talents, the future achievements are boundless.

Growing up in the future, maybe they can become the big figures of the Taixu dynasty. Such characters, they must now have a good relationship.

The best time to make someone is when the other person has not grown up.

"This person, Yi Xiang, I must kill. After that, I will trouble some brothers Wu, and help me find out whereabouts of Yi Xiang!"

Lu Ming said.

"It turned out to be this matter, trivial, wrapped in us!"

"Yes, our Wu family has a lot of eyeliners in Jiu Jue Tian Wang Mansion. It's not easy to inquire about a person's whereabouts!"

Wu Ming Wu Yue patted his chest and agreed readily.

"However, Brother Lu, Thunder Wing Clan, the strength is very amazing. The key is that the Wing Clan family has many branches and the strength is really huge. If you want to kill Yi Xiang, you must be careful!"

Wu Zixiong reminded.

"I know, thank Brother Wu for your concern!"

Lu Ming smiled.

His natural way Wings are not easy to provoke, but the opponent almost killed Qiuyue, he can't do that.

Moreover, even if he wanted to do it, I am afraid the other party will not let him easily.

While chatting, the couple flew away thinking about their respective residences.

Soon after, Lu Ming and Qiu Yue returned to the other courtyard where they lived.

In fact, Qiuyue's current strength can fully challenge other people and easily capture another courtyard.

But she likes to live with Lu Ming, so naturally there is no need to seize other schools.

"Qiuyue, your cultivation has just skyrocketed, you need to consolidate it!"

Lu Ming said to Qiuyue.

"Well, young master, then I'm going to practice!"

Qiuyue nodded and went back to the room to practice.

Lu Ming also walked towards his room, just opened the door, and a metal ball came to the landing Ming Fei.

"Lu Ming, you are finally back. I stay here alone, and I am almost suffocating!"

The ball shouted, its round body twirling round and round.

"You guy, after eating and sleeping, and eating and sleeping, will you be lonely?"

Lu Ming pouted and looked at the ball, his eyes suddenly lit up.

"Ball, your cultivation base has broken through again?"

Lu Ming asked in surprise.

"Yeah, yeah, it's a breakthrough. Now it's God King, how about it? Powerful!"

The ball jumped up and down with a smug look.

"Really powerful!"

Lu Mingxi said.

You must know that it is very difficult to break through the King Realm, and every breakthrough requires a long accumulation.

However, it didn't take long for the ball to break through, and it broke through again. This speed is amazing.

"It seems that this guy only has precious metallic materials. The speed of the breakthrough is amazing!"

Lu Ming muttered.

During the centuries when the ball was asleep, Lu Ming accumulated a large amount of precious metallic materials. After the ball regained consciousness, Lu Ming ate all his brain for the ball.

Obviously, after digesting those metallic materials, the ball broke through the double of God King.

The strength of the ball has been extremely amazing, and now stepping into the double of God King, the strength is undoubtedly more powerful.

"Ball, I have something for you!"

Lu Ming smiled, and then took out a few treasures.

Lu Ming got two chests in the castle in the ancient city of Xingyue. Inside are some small towers, mirrors and other treasures. Although the spiritual loss has been great in the past years, the materials used to create these treasures are rare materials in the world. It is very precious, and its help to the ball must be great.

Lu Ming took out a few pieces and gave the ball a try first to see how it worked?

As soon as the ball saw these treasures, his eyes flashed with amazing light, and he could no longer move his gaze.

"Delicious, delicious, peerless, are these all for me?"

Ball looked at several treasures, almost drooling.

"Do these treasures help you?"

Lu Ming asked.

"Big, definitely bigger, bigger than what you gave me before!"

The ball nodded immediately, and his eyes had not left a few treasures, and he wished to hug it in his arms.

"Then you take it, I still have it here, eat me and I want it!"

Lu Ming smiled and threw a few treasures to the ball.

The ball stretched out two claws, grabbed it directly, and then stuffed it directly into his mouth, chewing it loudly.

Lu Ming smiled and walked into the room, sitting cross-legged on the bed, and then he had a few more storage rings in his hands.

On this trip to the ancient city of Xingyue, Lu Ming killed a lot of opponents, all of whom were extremely proud, and got the storage ring of the other party.

Lu Ming looked at them one by one.

After half a day, Lu Ming sorted out all the contents in the storage ring.

Great harvest!

The combination of so many arrogant families is a real big gain.

All kinds of artifacts, magic pill, materials, and **** crystals are piled up like a mountain.

Last time, Lu Ming became rich again because of the purchase of five magical works and magical methods.

These are pretty good, and the most fascinating thing about Lu Ming is the magical method.

Lu Ming sorted out four magical methods of divine power in these peerless storage rings, and there are dozens of magical methods of holy power.

However, Lu Ming did not look down upon the magic method of the holy product, and randomly inserted it into a storage ring.

What Lu Ming cares about is the four magical methods.

Chapter 3070: Jing Yu's teacher

Four different magical works of magic are obtained from the storage rings of Youhan, Chu Baxing, Tiantianzi and others.

It is a pity that there is no Golden Dragon Divine Power cultivated by Lu Ming, or the attributes of the Four Eyes Divine Power, so the Golden Dragon Divine Power and the Four Eye Divine Dragon still cannot be integrated.

Lu Ming's heart is still longing for the divine power that corresponds to these two divine powers.

As long as these two corresponding divine powers are obtained, the divine power in Lu Ming's body will all be transformed into divine powers, not at different levels.

In addition, the magic formula of the Dragon Dragon requires the divine power related to the dragon to be fully exerted.

In addition, his newly cultivated yin and yang **** pupils need the eye-related divine power, and the four-eye divine power has a lifting effect on the yin-yang **** pupil. If he cultivates the divine power similar to the four-eye divine power, the improvement will definitely be greater.

"Still looking for an opportunity to inquire about these two divine powers!"

Lu Ming thought about it, and then he thought about the four kinds of magical skills of the gods.

He does not intend to practice all these four kinds of supernatural powers.

There are enough divine powers under his control. With so many kinds of divine powers, the energy required is also amazing.

In addition, for these divine powers, Lu Ming intends to awaken the original divine power factor, which will cost Lu Ming a lot of energy. Lu Ming simply does not have so much energy to practice.

Originally, Lu Ming did not intend to practice these four kinds of supernatural powers, but one of them attracted Lu Ming's attention.

Overlord shootout!

This is the magical skill of Chu Baxing obtained from Chu Baxing. After successful cultivation, he can condense the overlord's gun power, which is infinitely powerful.

This kind of overlord gun power greatly improves the power of the marksmanship. This is the same as the undefeated sword power for those who use swords.

Lu Ming uses a gun, although the indestructible sword power is powerful, but after all, it is not very suitable for a spear.

If you control the gun power of the overlord, you can push Lu Ming's shooting skills to the extreme.

Another important reason is that Lu Ming also got a magic skill from Chu Baxing.

This magical skill, called "God of War", made Lu Ming think of Chu Baxing's trick, God of War.

"God of War" comes from the "God of War".

The three strikes of Lu Ming's annihilation have only a total of nine weights. Lu Ming has already reached the eighth weight, and once he reaches the ninth weight, it is over.

At that time, Lu Ming will need to find new divine skills.

The "God of War" is divided into 13 layers, which is enough for Lu Ming to practice for a long time.

Therefore, Lu Ming decided to practice "Overlord Shootout". The other three magic methods are temporarily not to be practiced.

Putting away three other magical techniques, Lu Ming took out "The King of Guns" alone, and took a closer look.

In a blink of an eye, a few days later, Lu Ming had realized a little eyebrow.

Now, Lu Ming is already familiar with practising divine powers and skills. Changing to an insight is much faster than before.

On this day, Lu Ming was practicing, and suddenly felt that there was a breath outside the other courtyard.

"Ok?"

Lu Ming frowned, then finished his practice and walked out of the other courtyard.

As soon as I walked out of the other courtyard, I saw a beautiful woman standing in the void of the other courtyard, like a fairy under the fairy.

This woman is Lan Ling.

Is the other party here?

"What are you doing here? Do you still want to kill me?"

Lu Ming frowned coldly.

Now, she is not afraid of the other party. If the other party has to start again, he does not mind giving the other party an unforgettable lesson.

Lan Ling's face was cold, staring at Ming Ming, a pair of teeth clenching his teeth, as if wishing to kill Lu Ming immediately.

But in the end, she refrained and said coldly: "My father wants to see you!"

"your dad?"

Lu Ming froze for a moment, then his eyes flashed.

Lan Ling's father, but Jing Yu's teacher.

"Have you seen me? I've brought it to you. If you don't see me, say goodbye!"

After Lan Ling finished speaking, he turned and was about to leave. It seemed that Lu Ming wouldn't go to see her father.

"See, why not?"

Lu Ming rose from the sky and followed behind Blue Spirit.

The other party's father, but Jing Yu's teacher, is definitely a big figure in the Taixu pilgrimage. Lu Ming wants to reverse the case for Jing Yu. If he can use the strength of the other party, it must be much easier.

Why not see? Lu Ming is not stupid.

"Humph!"

Seeing Lu Ming following, Lan Ling snorted coldly, and seemed very unhappy.

Lan Ling has been flying towards the peak of Xingfeng.

"You and your father, live on the peak of Xingfeng?"

Lu Ming asked curiously.

"Humph!" Lan Ling snorted coldly.

"Isn't your father a teacher of Prince Jingyu? Why not live in the Emperor Capital of Taixu Sheng Dynasty, but live in the starry sky camp of Jiu Jue Tian Wang Fu?"

Lu Ming asked again.

"Humph!" Lan Ling snorted coldly.

"What happened in those days? Do you understand?" Lu Ming asked

"Humph!"

Lan Ling sneered.

"???"

Lu Ming was speechless and could only shut up. No matter what he asked, the other party answered him with a cold hum.

Soon after, the two came outside a courtyard not far from Xingfeng Peak.

Outside the courtyard, there is a small lake, the lake water is clear and bottom, you can also see the lake water, there are small fish swimming around.

On the lake, there was a middle-aged man with white temples, wearing an ordinary linen robe, sitting cross-legged on the lake, as if admiring the small fish in the lake.

"father!"

Lan Ling yelled softly.

"coming!"

The middle-aged man opened his mouth, then stood up, looked at Lu Ming, stepped out, his figure appeared in front of Lu Ming and Lu Ling.

"Is this the teacher of Jing Yu? Sure enough, his temperament is extraordinary, but there is no slight fluctuation of his divine power in him, just like a mortal, maybe the other party is too high, and the gap with me is too big!"

Lu Ming turned his thoughts.

The middle-aged man also looked at Lu Ming carefully, his eyes bright, as if he could see through Lu Ming.

"Yes, yes, the life is far-reaching, the old man can't see through it, and is worthy of the successor of Jing Yu!"

The middle-aged man nodded again and again, "Lu Ming, you come with me, I have something to tell you!"

After talking, the middle-aged man walked toward the other courtyard.

Lu Ming's eyes flickered a few times, so he followed each other and walked into the other courtyard.

Lan Ling did not follow, but stayed outside the courtyard.

Entering the other courtyard, there are stone tables and stone benches in the other courtyard.

"sit!"

The middle-aged man sat down on a stone bench, then waved his hand to signal Lu Ming to sit down.

"Thank you senior!"

Lu Ming clenched his fists and sat down.

"My name is Blue Merchant!"

Middle-aged man introduces himself.

"Senior Blue Merchant!"

Lu Ming called.

"You're welcome, you are the descendant of Jingyu. It stands to reason that the backup and I are two generations away, but if we pay each other, just call me Uncle Lan!"

Lan Shang smiled, making people feel like spring breeze.

Lu Ming nodded and called Uncle Lan.
