

D Emperor 3091

Chapter 3091: Sinister

After all, this ghost dragon has been suppressed for many years, even if it is restored to the peak of the **** king by means of bone demon, it is already the limit.

"It's okay to use it for the time being. It will be embarrassing after all. It will still need to be changed in the future!"

The bone demon murmured again.

But Lu Ming was very satisfied.

With his current strength, with his help, Lu Ming has done many things and it is much easier.

"Senior Bone Demon, come this time, I have something to ask you for help!"

At the moment, Lu Ming talked about the Dark Ice Clan and Nine Jue God Crystal.

"Yes, when you leave, please let me know."

Bone Magic Road.

"it is good!"

Lu Ming nodded.

It stands to reason that this time to deal with the Dark Ice Clan, this master of bone demon is not needed, but Lu Ming feels that this time I am afraid it will not be so simple, let bone demon follow, can be just in case.

Lu Ming said goodbye to leave, and then left toward the Bingpo tribe.

Immediately after arriving at the Ice Soul Clan, Lu Ming was received by the Ice Soul Clan Patriarch.

"How is it, Lu Mingxian's nephew, is there any news for Jiu Ju Shen Jing?"

As soon as they met, the Patriarch Patriarch asked a bit.

"Yes!"

Lu Ming nodded and said, "Nine Jue God Crystal, it really belongs to the Dark Ice Clan!"

"Sure enough, I guessed it!"

The Patriarch Patriarch's eyes lit up.

"However, I have something to do with Jiu Jue Tian Wang Mansion. This time, Jiu Jue Tian Wang Mansion will not send people to assist us. I want us to solve the Dark Ice Clan, recapture Jiu Jue God Crystal, and turn in Jiu Jue Tian Wang Mansion. ..."

Lu Ming briefly recounted the story of Jiu Jue Tian Wang Fu.

Of course, some things that shouldn't be talked about, Lu Ming naturally took it in one stroke.

"It turns out so!"

The Patriarch Patriarch nodded and said, "To deal with the Dark Ice tribe, I will definitely go all out, but..."

Speaking of which, the Patriarch Patriarch pondered for a moment.

"But what?"

Lu Ming asked.

"All these years, I have been sending people to stare at the Dark Ice Clan secretly, and the Dark Ice Clan lurks in a rather secret place in the Qin Tianxing Realm. Over the years, the Dark Ice Clan has built that area like an iron barrel. Indestructible, in addition to the strength of the Dark Ice Clan itself, the two forces of the Ice Soul Clan and the Kong Xuanzong together, I am afraid that it is difficult to destroy the Dark Ice Clan. Even if it can be destroyed, you will have to lose a lot! "

The Patriarch Patriarch said, a little worried.

He is not ignorant of where the Dark Ice Clan lurks. On the contrary, he already knew where the Dark Ice Clan lurked.

But why for so many years, the Ice Soul Clan has not worked on the Dark Ice Clan and wiped out the Dark Ice Clan, it is because the strength is not enough.

The Dark Ice Clan has set up a heavy battle in the hidden place, and it is also a master. Even if the overall strength of the Ice Soul Clan is stronger, but to destroy the Dark Ice Clan, I am afraid that their own strength will be greatly damaged. The Chiyan tribe can take advantage of it.

This is the reason why the Ice Soul Clan has never worked on the Dark Ice Clan.

Now, the Patriarch Patriarch's heart also has this worry.

"Relax, this matter is related to the safety of the Qin Tianxing territory. Other forces can't stay out of it. The forces of the Chiyan tribe and the three overlords must send people to fight!"

Lu Ming said.

"I'm afraid it will not be easy for them to send someone to fight!"

The Patriarch Patriarch sighed.

"Send someone to inform first, if they don't send someone to fight, then they will make a long-term plan!"

Lu Ming said.

The Patriarch Patriarch nodded, and now it can only be so.

Immediately, the Patriarch Patriarch sent out envoys to the major forces to inform the major forces to send masters to fight, together to destroy the Dark Ice tribe, recapture the Nine Judgment God Crystal, and protect the safety of the Qin Tianxing domain.

Lu Ming, just waiting for the Bingpo tribe.

...

At this moment, among the major forces, unwelcome guests are ushered in.

Indestructible Jianzong, in a hall, the indestructible Jianzong master, led the indestructible Jianzong master, to welcome a young man.

The young man, wearing a golden robe, stood in the hall, carrying his hands on his back, his face proud.

Obviously, there is only the cultivation of Heavenly God Realm, but a look that does not put the **** kings such as the Immortal Sword Sect Master in their eyes.

If Lu Ming is here, he can surely see that this young man is a member of the Jin Family of the Nine Great King's Mansion.

"Have seen the messenger of Jiu Jue Tian Wang Fu!"

The immortal sword sect master and others respectfully saluted the youth of the Jin family.

"No more gifts!"

The youth of the Jin family waved and said, "Just say it directly. I came here this time for the sake of the Nine Wonders!"

"Messenger, the time limit for the Nine Absolute Divine Crystal, isn't it after a thousand years, the time has not yet come!"

The immortal Sword Sect Master's face changed.

"Listen to me!"

The youth of the Jin family had a deep complexion, and the indestructible Sect Master and others did not dare to say anything.

"You Qin Tianxingyu, there is a man named Lu Ming, who ran to my palace of Jiu Jue Tian Wang and investigated the matter of Jiu Jue God Crystal..."

Jinjia Youth Road.

"Lu Ming..."

Hearing this, Immortal Sword Sect Master and other people's faces changed again, a flash of murderous opportunity flashed in their eyes.

"This Lu Ming, was heard by him that the Nine Absolute Divine Crystal is falling. The Nine Absolute Divine Crystal is in the hands of a race named Dark Ice Clan in your Qin Tianxing domain!"

The youth of the Jin family continued, without extinguishing the Sect Master and others, and his face changed again, revealing unexpected colors.

They did not expect that Jiu Jue God Crystal was in the hands of the Dark Ice Clan.

"However, this Lu Ming is brave and arrogant, and he is beyond sight. In Jiu Jue Tian Wang Mansion, he offended the big guys, so this time, Jiu Jue Tian Wang Mansion sent Lu Ming back to recapture Jiu Jue God Crystal, but Jiu Jue Tian Wang Mansion is absolutely not Will send someone to assist him."

"However, I estimate that Lu Ming will find your Qin Tianxing territory local forces to assist him and recapture the Jiu Jue God Crystal!"

Jinjia Youth Road.

After listening to this, the indestructible Sword Sect Master and other people's faces changed uncertainly.

After a while, Immortal Sword Sect Master said: "The messenger is at ease, I understand what to do, I will not destroy Sword Sect, I will definitely not send a soldier to help Lu Ming, so that he can not complete the task.."

He thought that the Jin family youth came to warn him that he could not send someone to help Lu Ming.

This was exactly what he wanted. He didn't want to send someone to help Lu Ming.

"no no,..."

Jin Family Youth shook his head and said, "I mean, you must not only send, but also masters!"

"Ah? This?"

Sovereign Sword Sect Master and others are a bit puzzled.

Could this messenger help Lu Ming?

But then, the youth of the Jin family changed their voices, and a ray of sharpness flashed in their eyes, saying: "You must try your best, and when you recapture the Nine Absolute Divine Crystal, you will find a chance to shoot and kill Lu Ming. Do you understand? "

The immortal Sword Sect Master and other people were shocked, and finally understood the meaning of the Jin family youth.

The other party meant to let them pretend to cooperate, look for opportunities, and kill Lu Ming.

The other party's real purpose is to kill Lu Ming.

"Understood, the messenger is assured, I will definitely try my best to kill Lu Ming!"

Sovereign of the Indestructible Sword Sect bowed and answered, his eyes gleaming coldly.

Chapter 3092: Kill the Dark Ice Clan

To kill Lu Ming, this is exactly what the Sword Sect Master does not destroy.

He thought about killing Lu Ming all the time, which was great news for him, and he certainly agreed without hesitation.

"This time, not only you, Qin Tianxingyu, but all the forces that have a festival with Lu Ming will participate in it. When the thunder strikes, Lu Ming will die!"

The youth of the Jin family said, the cold light flashed in their eyes.

This time, the Jin family, the Yiren family, and the Qin family sent many young people to Qin Tianxing.

They knew that the masters of several big families would definitely be stared at by the Wu family, and sent masters to come directly to Qin Tianxing to kill Lu Ming, which was obviously inconvenient.

However, for the young people in the realm of several family clan kings, the Wu family couldn't keep an eye on it.

There are too many young people from several big families, and these young people have spent time traveling outside to hone. It is too easy to go where they want to go.

Therefore, several big families sent some young people to come to Qin Tian Xingyu, communication and Lu Ming had a holiday power, secretly killed Lu Ming.

How could they allow Lu Ming to easily obtain the Jiu Jue God Crystal, let alone return him alive.

This is why the head of the Jin family and others took a step back.

"With so many forces joining forces, Lu Ming will die!"

Immortal Sword Sect Master.

"Well, of course he is going to die, and this time, my Jin family also brought you a reward!"

With that said, a jade bottle appeared in the hands of the Jin family youth.

"this is..."

Sovereign Sword Sect Master doubts.

"Inside, there is a broken king pill, your cultivation behavior is the triple king of God, after you take it, within a short time, you can make your cultivation practice break through to the fourfold of the **** king!"

Jinjia Youth Road.

"What? Let my cultivation base break through to the fourfold of God King!"

Immortal Sword Sect Master exclaimed, and then his eyes were fierce, staring at the jade bottle in the hands of the young Jin family.

If it weren't for the other party's identity, he would have just grabbed it.

Break through the fourfold of God King!

He almost jumped up, his excited old face flushed.

Divine King Realm, it is too difficult to break through.

He practiced endless years, exhausted countless treasures, and then practiced to the triple king.

However, this is already the limit, he understands that in his life, it is likely to stop here.

However, the Jin Family Youth's broken Wang Dan can allow him to break through to the fourfold of God King. How can he not be excited?

In the Qin Tianxing domain, only the Ice Soul and Chiyan tribes have the fourfold existence of the **** king, and they are the two strongest races in the Qin Tianxing domain.

And if he breaks through the fourfold of the God of Taoism, he will immediately become the invincible existence of Qin Tianxing, his heart has already beaten violently.

There was a hint of disdain in the mouth of the Jin family youth.

This kind of "Broken King Pill" is basically not used by many people in Jiu Jue Tian Wang Mansion.

It is true that breaking Wang Dan can make a breakthrough in a short period of time, but there is a great drawback, that is, after the breakthrough, I do not want to continue to break through in the future.

Sacrifice the future in exchange for a breakthrough in the present, but whoever will use it if it's arrogant.

However, it is appropriate for people like the indestructible Sword Sect Master.

The Jin family and the Yiren family are well aware of Lu Ming's strength. Lu Ming has a metallic life and can kill the triple existence of the God King.

If so, let the indestructible Sword Sect Master and these people go to kill Lu Ming, certainly can not kill.

However, if these people are allowed to break through to the fourfold of King Shen, then killing Lu Ming will have a great grasp.

"Hold it, take time to break through!"

The young Jin family handed the Jade Bottle to the Sovereign Sword Sect Master. The Sovereign Sword Sovereign took it with a tremble and thanked them with gratitude.

The other veterans of Indestructible Jianzong all showed their envious expressions.

Jin Jiaqing sneered in his heart, he naturally did not tell Lu Ming's true strength to the people who could not destroy Jianzong.

Tell these people, these people have fear in their hearts, and when they do, they will not be so decisive.

As for whether these people will be killed by Lu Ming, he is too lazy to control. In his eyes, these people are all garbage. If they die, they will die. As long as he can kill Lu Ming.

"If you do well this time, my Jin family will not treat you badly!"

The Jin family youth made a short promise, and then left the immortal Jianzong.

At the same time, youths came to the immeasurable holy land, the Aboriginal Academy, and the Chiyan tribe.

In addition, they all gave "Broken King Pill" to make their cultivation a breakthrough. They only have one goal, that is, to kill Lu Ming.

For these, Lu Ming naturally did not know, he waited quietly in the Bingpo clan.

It didn't take long for those who sent the Patriarch to the various forces to respond.

"Agree? And say you will do your best?"

Lu Ming froze for a moment when he heard it.

"Yes, whether it is the Chiyan Clan or the forces that do not destroy Jianzong, they are very simple and agree to send people to kill the Dark Ice Clan together and recapture the Nine Peer God Crystal. The reason they gave is for the safety of Qin Tianxing. !"

"It's really weird, I thought they weren't so refreshing!"

The Patriarch Patriarch frowned, full of doubts.

"Regardless of what tricks they play, the soldiers will cover up the water and the earth. Perhaps, they are really for the safety of the Qin Tianxing domain. If the Nine Absolute Divine Crystals are not taken back, they will die after thousands of years!"

Lu Ming said.

Lu Ming naturally didn't believe that the other party would agree to be so refreshing. He estimated that there must be something stupid, but he has bone demon, what is he afraid of?

"I hope so, I started to gather masters and go to the confluence of all spirit stars!"

The patriarch patriarch said.

Lu Ming nodded, then left the Bing Soul Clan and returned to Kong Xuanzong.

Binggui is very fast. A month later, thirteen Qin Tian, as well as the strong members of the Red Flame Clan and the Ice Soul Clan, gather the Soul Stars, which can be described as masters.

"The area of the Dark Ice Clan is familiar to your Ice Soul Clan. This time, you can lead the way!"

The chief of the Chiyen clan said to the patriarch of the Ice Soul clan

The Patriarch Patriarch nodded, and then many masters set off.

They began to take the teleportation array, teleporting to the area not far from the Ice Soul Clan, and then took the Star Warships one after another, and rushed towards the hidden place of the Dark Soul Clan.

Star warships, staring through the starry sky, are gorgeous.

Soon after, a galaxy appeared in front of everyone.

From a distance, this galaxy is extremely strange.

The stars of this galaxy glow very dimly, as if they are almost extinct, but some of the planets surrounding the star are completely white.

From afar, like white pearls.

Even if they are far apart, there seems to be a terrible chill coming from them.

"This is where the Dark Ice Clan lurks. The entire galaxy has been laid down by the Dark Ice Clan. If you want to attack, it is not easy. We need to cooperate!"

The patriarch patriarch said.

"What are you waiting for, kill it!"

The chief of the Chiyan tribe said.

"Okay, break the line first, kill in!"

The Patriarch Patriarch nodded.

Chapter 3093: Looming

After the agreement was reached, the people left the Star Warship and flew across the starry sky in a flesh, rushing towards the galaxy inhabited by the Dark Ice Clan.

In the starry sky, like a meteor, rushed forward.

The worst thing to come to attack the Dark Ice Clan this time is the cultivation of the Celestial Realm. Crossing the starry sky, there is no problem at all.

"Enemies, enemies!"

"Turn on the big formation!"

As soon as they appeared, they were discovered by the dark ice clan, and a roar came out.

Suddenly, repeated runes emerged on those snow-white planets, and these runes were intertwined again, forming a huge formation.

call out! call out! call out!

Then, the endless sword light rushed out of those planets.

Each war sword is huge and completely composed of ice. It is as long as 10,000 miles and its power is extremely amazing.

"Huh, a big formation, and I want to stop me waiting, kill me!"

The chief of the Chiyan clan drank coldly, dazzling like a round of the sun, and shot with a palm, it was a dozen ice swords burst.

At the same time, the indestructible sword sect master and others also shot, and the sword light soared to destroy those ice war swords.

They naturally have to take action now, which can reduce Lu Ming's alertness.

However, they did not use their full strength.

bump! bump! ...

The ice swords condensed by the large formation of the Dark Ice Clan continued to explode.

Facing so many powerful players in the Qin Tianxing domain, even if the Dark Ice Clan set up a large formation, it is not enough to watch.

Soon, everyone rushed into the galaxy.

boom! boom!

Thirteen ancestors of Qin Tian, Chiyan Clan, and Bing Soul Clan. The **** kings of these forces combined, how many, so many **** kings shot together, the power was shocking.

A ray of divine light hit the planets.

Boom!

Those planets seemed to have exploded dozens of earthquakes, and every divine light could explode a large chunk of the planet.

The landslide cracks, the real landslide cracks.

The **** king puts out all his strength, can really have the energy to destroy a planet, not to mention so many **** kings.

It's almost ruined.

The earth shattered, the entire planet exploded, and the large formations engraved on the planet were naturally broken.

On those planets, screams kept coming out.

That's all Dark Ice Clan people.

Those dark ice tribes, under the attack of the **** king, exploded their bodies one after another, and all their forms and spirits were destroyed.

"The Dark Ice Clan dares to steal the treasures of the Nine Heavenly King's Mansion and destroy them!"

"Don't talk about killing!"

Indifferent voices sounded, and everyone broke through the way, and some of the outermost planets of the galaxy were soon breached.

Everyone killed deep into the galaxy.

In the place where the nucleus is closest to the star, there is a planet that is the largest, that is the core of the dark ice clan.

The situation is like breaking a foot. Soon, all the outer planets have been attacked by them, and they directly killed the core planet.

"There is the core nest of the Dark Ice Clan, kill!"

The Patriarch Patriarch pointed to the vast glaciers ahead and drank.

In front, there are vast glaciers. Looking up, there are gigantic glaciers everywhere, covering a vast area.

This is the real core of the Dark Ice Clan. Many masters of the Dark Ice Clan live here.

The Patriarch Patriarch led a large number of masters of the Peripheral Clan to kill this glacier.

The masters of Lu Ming and Kong Xuanzong also killed inside.

boom! boom! ...

At this moment, there is a strong breath among the endless glaciers, and some even reached the realm of God King.

The masters of the Dark Ice Clan have all come out.

"Miscellaneous of Ice Soul Race! Kill!"

"Death to fight!"

The dark ice crows roared, knowing that it is hard to escape today, and could only fight desperately.

Among the endless glaciers, a figure rushed out, and the masters of the Ice Soul Clan and Kong Xuanzong were killed together to start a fierce battle.

At this time, the Chiyan tribe, the indestructible sword sect, the strange demon academy and other forces have slowed down or even stopped behind.

"Let them kill first, it is better to lose both sides!"

"Let's prepare too!"

Immortal Sword Sect Master, Dean of Wing Demon Academy and others secretly communicated, blinking repeatedly in the eyes, and finally stopped in the distance and arranged in secret.

"These guys are not reliable!"

The people of the Bingpo clan also discovered the actions of those people, but they are now slaying together with the dark ice clan, and there is no way to ignore it.

"Sure enough, it's greasy!"

Lu Ming stood in the void, and there was a sneer in the corner of his mouth.

The actions of the indestructible Jianzong and other forces naturally looked in his eyes.

"If these people die, I don't mind swallowing it!"

On the edge of Lu Ming, a big man in black robe sneered.

This black-robed man was naturally transformed by a bone demon.

"No, it's a last resort, don't do it!"

Lu Ming said.

Bone Demon, but the cards he left behind, can't make a shot until the last resort.

The fight between the two sides continues, but Lu Ming has the upper hand on them.

Even if there are only the Ice Soul Clan and Kong Xuanzong, their strength is far above the Dark Ice Clan.

Before, they had some scruples, mainly because they were afraid of the killing team placed by the other party. Now, the killing team is broken. With their true strength, the Dark Ice Clan naturally loses.

In particular, there is an old man in the Ice Soul Clan, whose strength is extremely amazing, and there is no enemy in one place, and he has already killed the other six kings in a row.

Lu Ming can see that this old man, with the four-fold cultivation of the **** king, should be the ancestor of the Bingpo tribe.

The Dark Ice Clan does not have the fourfold existence of the Divine King, the highest, only the Triple Divine King.

The Dark Ice Clan is a powerful triple-master of the Divine King, and is inseparable from the Battle of the Ice Soul Clan Chief.

However, no one can compete with the ancestors of the Ice Soul Clan.

He was so invincible, he could kill a master of the opponent with a flash of his body, and with the assistance of other masters, the scene was one-sided.

Soon after, most of the masters of the Ice Soul Clan were killed.

"An Yin, you dare to steal the treasures of the palace of Jiu Jue Tian, really brave, and hand over the crystal of Jiu Jue God!"

The Patriarch Patriarch drank coldly.

"Stop thinking, want, get it yourself!"

The dark ice patriarch sneered.

"Since you are going to die, the old man will fulfill you!"

An indifferent voice sounded, and the Ice Ancestral Ancestor killed An Yin, the head of the Dark Ice Clan.

boom!

The ancestors of the Bingpo tribe slammed into the air, and the endless cold wave turned into a horrible palm, slamming toward An Yin.

An Yin's face changed a lot, and he tried his best to slam his palms. However, the strength of the four kings of the Divine King is not something that the Triple King of the Divine King can resist.

With a roar, An Yin's body flew out, even though he was practicing cold divine power, a layer of ice appeared on his body, almost freezing him.

He vomited blood in a big mouth, but as soon as the blood spit out, it turned into ice crystals.

The ancestor of the Bingpo clan, like a violent lion, pounced on An Yin.

"Senior, keep his life!"

Lu Ming made a sound in time.

The ancestors of the Ice Soul Clan collected a little bit of power, but also knocked An Yin away. A layer of ice completely covered him, making it difficult for An Yin to move.

Chapter 3094: Start hands-on

The dark ice clan chief An Yin was frozen by the palm of the ice soul clan, and could not move at all.

As soon as Lu Ming moved, he fell beside An Yin.

"Where is the Nine Absolute God Crystal? Hand it over!"

Lu Ming said coldly.

"How do you know that the Nine Peer God Crystal is in the hands of my Dark Ice Clan?"

An Yin asked unwillingly.

"Oh? It seems that those of you behind the scenes have not informed you that they have been exposed?"

"It seems that you have been abandoned by the people behind the scenes!"

Lu Ming sneered.

The other party was unprepared. Obviously, they did not know that they had been exposed beforehand. The people behind them did not notify them. Apparently they abandoned the Dark Ice Clan to protect themselves.

"Damn!"

An Yin roared, and figured it out, too.

"You have all been abandoned, don't hide it, let's say, who is your behind-the-scenes person, which family?"

Lu Ming asked.

"do not know!"

An Yin shook his head.

"I don't know? Ha ha, by this time, you are still helping to hide, they have abandoned you!"

Lu Ming looked cold and said.

"I don't know, I don't know. Every time we meet with them, they are all wrapped in black robes and meet at Modu Mountain. I only know that they are the great forces of Jiu Jue Tian Wang Fu, but who is the specific know!"

"Also, the Nine Absolute Divine Crystal is indeed here with me, just in my storage ring, take it, I hope you will let my dark ice clan people who are low-cultivated, they have no threat to you!"

An Yin finished speaking and sighed.

He knew that he would definitely not be able to survive today, and he became a king and defeated the enemy. He knew this very well.

He only asked some people of the Dark Ice Cultivation to live alive and not be extinct.

Lu Ming frowned. It seemed that the Dark Ice Clan really didn't know who was behind the scenes?

This can be inferred from the people behind the scene without notifying the Dark Ice Clan.

If the Dark Ice Clan knows who the behind-the-scenes people are, then the people behind the scene dare not allow the Dark Ice Clan to be killed by Lu Ming and they are not afraid that the Dark Ice Clan will give them away?

It can be seen from this that the people behind the scene are very at ease, because knowing that the Dark Ice Clan does not know who they are.

Lu Ming sighed.

This clue is broken again. Is it so difficult for the people behind the scene to find out?

Later, Lu Ming took down An Yin's storage ring and searched inside the storage ring.

Soon afterwards, Lu Ming took out a dark golden box. After opening, there was a spar in it, which exuded amazing energy. This is the crystal of Jiu Jue God, the treasure of Jiu Jue Tian Wang Mansion.

Looking at Jiu Jue Shen Jing, Lu Ming's eyes showed a fiery light.

This crystal of the Nine Peerless Gods is definitely a rare treasure, and its value may not be lower than that of the stellar nucleus he had originally obtained. However, this is the treasure of the Nine Peerless King's Mansion.

The Patriarch Patriarch and others, of course, are even more afraid to pay attention to Jiu Jue God Crystal. This is a hot potato. If you fail to do so, there will be a disaster for the door. Even if it is expensive, they can only look at it.

"Ice Chief, this storage ring, as well as the Dark Ice Clan, leave it to you!"

Lu Ming gave An Yin's storage ring to the Patriarch Patriarch, Tao.

"Okay, after the end, we will share the loot this time!"

The Patriarch Patriarch smiled, put away the storage ring, and then glanced at An Yin with a cold look, and finally made a move to kill An Yin.

An Yin, he will definitely not let go.

After the battle, there was naturally no suspense. The Dark Ice Clan was almost completely destroyed, but the Ice Soul Clan did not rush to kill after all. Some people of the Dark Ice Clan were low, they did not kill.

After tidying up, both Kong Xuanzong and the Bingpo clan converged and flew outward.

"Bing Patriarch, be careful!"

Lu Ming reminded.

The Patriarch's eyes flashed. He was a wise man. What does Lu Ming say about nature?

The Chiyan tribe, the three major overlords, and some top sects did not follow, and most of them did not feel good.

He secretly ordered to let the people of the ice soul group form a large formation.

Soon, they flew out of the glacier.

boom! boom! ...

As soon as Lu Ming flew out of the glacier, in all directions, they heard a powerful breath.

Numerous figures appeared in all directions, encircling Lu Ming in the middle, and a strong breath locked them firmly.

These people, of course, are the Chiyan tribe, the three major overlords of these sect.

"What are you doing?"

The Patriarch Patriarch drank coldly.

"It's very simple, hand over the Jiu Jue Shen Jing, and, Lu Ming, you dictate yourself!"

Sovereign of the Indestructible Sword Sect took a step, and a ruthless voice spread throughout the Quartet.

As soon as this remark came out, Kong Xuanzong and Bing Soul raced up and down, their faces changed wildly.

Especially Xuanzong up and down, his face is even more ugly. These people actually aimed at Lu Ming at this time.

"You have such a big appetite, not only want Jiu Jue God Crystal, but also want my life, you are not afraid to brace yourself, brace yourself to death?"

Lu Ming smiled faintly, his face calm, without any worries.

The behavior of these people was as he expected.

"Hahaha, today our great forces are gathered, and I am afraid that you will not be able to turn the sky. Lu Ming, today, you will die without doubt, I advise you to still obediently hand over the nine unique **** crystals, we can give you a happy!"

The Dean of Wing Demon Academy sneered.

If they take the Jiu Jue God Crystal to the Jiu Jue Heaven King's Mansion, they will definitely be rewarded. This opportunity will naturally not be missed.

This action can be described as multi-purpose.

"Lu Ming, don't believe them, even if you promise them, they won't let us go!"

The Patriarch Patriarch shouted.

How can the other party easily let them go.

"Hahaha, you are right, today, the Bing Soul Clan and Kong Xuanzong, be destroyed!"

A big man from the Chiyan tribe laughs, this person is the chief of the Chiyan tribe.

"Rush out together!"

At this moment, the ancestors of the Bingbi clan screamed and the breath broke out, and they wanted to rush out from one of the directions.

"Bing Lao Gui, your opponent is me!"

In the direction of the Chiyan tribe, an old man burst out and covered the flames, like a sun, and killed the ancestor of the Bingbi tribe.

boom!

The two slammed at each other. The sky shook, half of the sky turned into ice and snow, and half of the sky turned into flame.

"Chiyan old ghost!"

The ancestor of the Bingpo clan roared.

The Chiyan tribe is the ancestor of the Chiyan tribe, and also has four cultivation practices.

The ancestors of the Chiyan and Bingpo tribes are all four-fold cultivation practices of the **** king, so the two tribes have been fighting for so many years, and they have not won or lost.

"kill!"

The ancestors of the Chiyan clan shouted and rushed to the elders of the Bingpo clan. The two masters fought fiercely together.

Chapter 3095: One does not stay

"Rush out with me!"

At this moment, the Patriarch Patriarch shouted, wanting to rush out with the people of the Peripheral Tribe, but at this time, a strong and hot wave rushed towards the Patriarch Patriarch.

It was the chief of the Chiyan clan who shot out. He punched with a punch, and a hot punch hit the clan chief of the ice soul.

The Patriarch Patriarch Li shouted, and an ice sword appeared in his hand, and a sword was slashed toward the Chiyan Patriarch's fist.

boom!

Bingjian chopped on his fist and burst into a fierce roar.

Buzz!

The ice sword trembles violently, shakes madly, and the last touch explodes.

The Patriarch Patriarch was also retreated by a terrifying force, and his body hit a glacier, and the whole glacier burst.

The head of the Bingpo clan vomited blood and his face was pale.

"God of the Four Kings, how can you break through the King of the Four Kings?"

The Patriarch Patriarch shouted incredulously.

He and the head of the Chiyan clan have endless years of fighting, knowing each other.

The chief of the Chiyan tribe is not much different from him in terms of talent or strength. It is absolutely impossible to break through the fourfolds of God King so quickly.

Now that the other party's cultivation practice is the real God King, how can he not be shocked?

"What? God King is fourfold!"

"God, the chief of the Chiyan clan, has broken through the fourfold of King Shen!"

The Bingpo clan went up and down, and their faces changed wildly. Many people's faces were pale, without any trace of blood.

In the past, the two tribes each had a fourfold existence of God King. In terms of cutting-edge combat power, the two tribes are equivalent, but the overall strength, the Chiyan tribe is stronger, but the Ice Soul tribe can resist.

But now, the Chiyan tribe has two kings of four gods, and its cutting-edge combat power has fully prevailed, and the balance has been tilted. This is a disaster for the ice soul tribe.

"Hahaha, I said, Ice Soul Clan, be destroyed today!"

The chief of the Chiyan tribe laughed wildly, arrogantly, excited.

Especially when he saw the desperate eyes of the Ice Clan Patriarch, he felt very comfortable.

"Don't worry, I won't kill you so early, I will kill Lu Ming first, and then kill all of your Ice Soul tribe, let you know what despair is, ha ha ha!"

The chief of the Chiyan tribe laughed wildly.

"you..."

The Patriarch Patriarch roared and spit out another blood under his anger.

The difference between Divine King Triple and Divine King Four is too great. The move of the Ice Soul Patriarch has been hit hard by the move just now.

"First get the Jiu Jue Shen Jing, then let's talk, Lu Ming, say, is the Jiu Jue Shen Jing in your hands?"

The Dean of Wing Demon Academy looked coldly at Lu Ming.

"Yes, it's in my hands!"

Lu Ming smiled, and a small purple gold box appeared in his hand. He picked it up and shook it, opening his mouth lightly.

His complexion was calm from beginning to end.

Everyone's eyes were suddenly attracted by the small box in Lu Ming's hands.

"President, I'm going to take the Jiu Jue God Crystal!"

"Sovereign, I will take the Nine Great Divine Crystal!"

"Patriarch..."

At this moment, the Xiemo Academy, the immortal Jianzong, the immeasurable holy land, and the Chiyen tribe, all masters stepped out and rushed towards the landing.

They all want to take the Jiu Jue God Crystal in their hands, and which side gets the Jiu Jue God Crystal and turn it in. They will definitely receive more rewards.

These forces have already started to compete.

The four forces, a total of eight masters, rushed to Lu Ming, all of which existed in the realm of the half-step **** king.

As for the existence of Divine King Realm, he hasn't shot yet. To deal with a Lu Ming, there is no need for Divine King shot.

"Son..."

The elders of Yuewuya and other empty Xuanzong were shocked and wanted to help Lu Ming. However, the Astrology Academy, the invincible King Realm in Jianzong, locked their breath firmly, and if they moved, they would be met Thunder struck.

"Don't shoot, these cats and dogs, why don't you let me go!"

Lu Ming spoke lightly, his voice calm, but faintly full of disdain.

These words spread to the ears of the masters of several powerful forces, but they made them angry.

"A celestial being, the ants like ants, look for death!"

"Crazy, I think you have the ability to be arrogant!"

Those strong half-step **** kings who rushed to Lu Ming screamed at each other, exhibited various means, and attacked, and drove away to Ming Ming.

Eight half-step **** kings shot together, and the power was amazing. Not to mention that a junior in the heavenly realm, even a true **** king, should be treated with caution.

However, in Lu Ming's eyes, these people were completely vulnerable.

"Shenlong Faxiang!"

Lu Ming whispered, displayed the magic formula of the dragon's law, and pressed both hands in the void. Suddenly, the sound of Longyin sounded through the world.

One by one, nine-clawed dragons came out one after another.

Roar!

The earliest condensed nine-clawed dragon, with a long roar, slammed towards the fastest half-step **** king. The dragon's claws swung out and defeated the opponent's attack. Then in the terrified eyes of the other party, the dragon's claws caught. After squeezing the opponent's body, a screaming cry came out, and the half-step **** king was pinched alive.

"what?"

Many people were shocked.

A half-step **** king was killed so easily.

Roar!

At this time, the second nine-clawed dragon drew in front of the second person.

Like the previous man, this half-step **** king was also unbearable, and his body ripped by the nine-clawed **** dragon screamed throughout the audience.

"No good, rewind!"

"Back, back, back!"

The remaining six people who rushed to Lu Ming, their faces changed wildly, almost scared, and backed wildly.

"Now I want to retire, ridiculous!"

Lu Ming's indifferent voice sounded, and the Nine Claw Dragon was amazingly fast. In a flash, he rushed behind those people and started a terrible killing.

Ah!

Several more were killed in a row.

This scene shocked everyone on the scene.

Some people who know Lu Ming are even more demented.

Lu Ming, a younger generation, actually has such a strong combat power that he can easily kill the Half-Step God King. This kind of strength is also terrible.

"stop!"

"Damn!"

In the Demon Academy, within the Indestructible Sword Sect, there was a roar, two figures, bursting out, and the terrible pressure was generally overwhelming.

God King!

The real **** king took action, the two **** kings are the strong ones.

The two rushed forward, trying to stop Lu Ming, but they were still one step slower. When they rushed, the eight and a half steps of the King of Gods were all left, and they were all killed.

"Ah boy, I'm going to peel and cramp you!"

"I want you to die!"

The two **** kings roared, rushed to Lu Ming with anger, terrible pressure, and the emptiness of the empty tremor.

Many people's faces have changed greatly, the prestige of the **** king is so horrible!

"Lu Ming!"

Yue Wuya and others are full of worries, but at this moment, they want to shoot, but they are locked by the other party's master. Once they shoot, they may face a dogfight.

Chapter 3096: shock

"King of God, did you finally shoot?"

Lu Ming spoke lightly and waved his hands. In the sky, another nine-clawed dragon appeared, plus the previous eight nine-clawed dragons, a total of nine.

Nine Nine Claw Dragons gathered together and slayed towards the two **** kings.

The two **** kings also blasted a terrible blow to the Nine Claw Dragon.

boom! boom! boom!

In the sky, there was a fierce roar, terrible strength, and scattered swirls.

In a blink of an eye, there were dozens of moves, and the nine nine-clawed dragons withdrew tens of thousands of meters backwards, but the masters of the two **** kings were also blocked.

This scene made many people's eyes widen.

Lu Ming, even the strong of the King Realm can block it. What kind of evil is this?

"This..."

The master of Kong Xuanzong, Yue Wuya and others, are also in a daze. Obviously, Lu Ming's strength is far beyond their expectations.

"Strength is better than Night Stalker!"

Lu Ming whispered.

The reason why he didn't cast the ancient **** body just now is that he wanted to test the strength of the other party.

He found that these two **** kings, although they are also one of the **** kings, are even worse than the night elf kings, not to mention the Jin family, the **** king of the wing human race.

At the same level, the Jin Family, the God King of the Yiren Family, is stronger than this.

Lu Ming can't be turned into an ancient **** body and can block it.

"Damn, kill!"

Seeing that they did not win Lu Ming, the two **** kings felt ashamed, and became angry and shouted one after another, killing Lu Ming again.

"Stop playing with you!"

At this moment, Lu Ming spoke lightly, and then his body suddenly grew larger.

Roar!

Lu Ming turned into an ancient **** of green armor directly. From his throat, a roaring, violent breath spread from all directions, shaking the world.

boom! boom!

Lu Ming directly blasted out with two punches. Two boxing punches rushed towards the two **** kings. The sky gave out a terrifying roar, and the terrible punch force pressed the two **** kings, directly attacking them. Broken.

"this is not..."

The two **** kings screamed in fear. At the next moment, their bodies exploded like watermelons, and their forms and spirits were destroyed.

Spike!

The two **** kings were killed by Lu Ming!

Time and space seemed to freeze, and at this moment, the scene fell into a dead silence.

Countless people were dumbfounded and dumbfounded. Even the ancestors of the Bingpo and Chiyan clan stopped the war and looked at this scene in shock.

At this moment, Lu Ming became the center of all people and gathered all his eyes.

Sisisi...

After a while, the scene was filled with a cold breath.

"God, my God, what did I see? He killed two **** kings!"

"I'm not dreaming, no, it must be dreaming. He is just a sixfold god, how could he kill the **** king?"

"too crazy!"

At this moment, whether it is the Chiyan tribe, the Bingbi tribe, or the strong man of the thirteen ancestors of Qin Tian, they are inexplicably shocked and their hearts are ups and downs, making it difficult to maintain calm.

Ten gods six kills the **** king, but still two, and it is still a spike, which is incredible.

Never heard of it.

"He, he, he..."

The most shocking is the few prides among the three hegemonic forces.

This time, most of the people who came here were cultivated above Tianshen Realm, so some of the top arrogances of the major forces also followed.

Such as immortal Jianzong Divine Son Kendo Promise.

The Chiyan clan is the strongest arrogant, Chiyan Mosong and others.

Even the Linghu leaves of the indestructible Jianzong are among them.

But these people, completely ignorant, opened their mouths in horror, obviously it was difficult to calm down.

"It seems that I was fighting with him at that time, it was a joke!"

Linghu Ye smiled bitterly.

Linghu Ye, like Lu Ming, also came from the rioting galaxy.

At the beginning, they took part in the assessment of 13 cases of Qin Tian. In the end, Lu Ming took the first place and Linghu Ye took the second place.

At that time, Linghu Ye was not convinced, thinking that his talent was not worse than Lu Ming, and he made an appointment with Lu Ming.

Over the years, his cultivation practices have also advanced by leaps and bounds, and he has already controlled the divine power, and with his understanding, he will control the divine power and become a divine son in the future.

He was originally energetic, but at the moment compared with Lu Ming, he found that he was just sitting on the sky and looking too far away from Lu Ming. There was no comparability.

Now Lu Ming may blow him to death with a blow.

"This kid..."

The Dean of the Xiemo Academy, Sovereign Sword Sect Master and others, with a deep panic in his eyes.

Lu Ming was too scary. How long did it take to grow up to this point? After a few years, wouldn't they both be opponents?

Kill, today, Lu Ming is about to be killed.

Lu Ming must never be alive.

This is the common thought in the minds of the indestructible Sword Sect Master, Dean of the Demon Academy.

"Kill, the strong king of the gods with double weight or more, shoot together and kill Lu Ming!"

Sovereign Sword Sect Master, Dean of Wing Demon Academy and others, issued orders together.

They themselves, have not yet planned to shoot.

They all got Po Wang Dan, and in one fell swoop broke into the Divine King.

However, they have just made a breakthrough and have not yet completely stabilized. It is not good for them to take action now.

In addition, they wanted to conceal their cultivation behavior. When they later fought for hegemony with other forces, they suddenly revealed their cultivation behavior and killed the other party by surprise.

The masters of several major forces all have this idea in mind, so let their subordinates take action first.

Even if Lu Ming goes against the sky, they don't believe that Lu Ming can be a double opponent of God King, not to mention, among them, there is also the terrifying existence of God King Triple.

These people shot, and even ten Lu Ming were dead.

boom! boom! ...

With a command, all the major forces burst into a breath of terror, the terror's coercion, pervading all directions, making many people seem to be pressing a mountain.

Among the major forces, there are terrible strong men stepping forward.

These people, the worst cultivation, are the double **** king, and even a few triple king gods.

This is the force of several major forces pressing the bottom of the box.

Lu Ming's face also dignified.

Faced with these masters, he is indeed not an opponent.

"Ball!"

When Lu Ming thought about it, the ball on his wrist began to creep and turned into a pair of armor, covering Lu Ming in it.

"bring it on!"

Lu Ming screamed and killed himself.

"kill!"

"kill!"

Several masters drank coldly, the riot of power, launched a terrible attack on the landing Ming.

Divine King is twice as strong as Divine King, even though the combat power is not as strong as the Jin family's strongman, Lu Ming alone, I am afraid that he is still invincible.

However, with the ball, it is different.

boom!

Lu Ming banged out with a punch, and there were thick lightnings all over his fist.

A huge flash of lightning, thicker than the waist, blasted out, drowning the two masters of the two **** kings.

Chapter 3097: Why bother to escape?

Lu Ming burst out with a punch, and a huge flash of lightning flooded the two powerful kings.

This is the lightning from the ball. How terrifying is the power?

The two powerful double kings did not even scream, their bodies were directly transformed into fly ash in lightning, and disappeared without a trace.

This scene is more shocking than Lu Ming's existence of killing the two **** kings.

It almost scared people to death.

"kill!"

Lu Ming Chang Xiao, the momentum is like a rainbow, another punch came out.

Several lightning bolts came out. This time, there was a master of the triple king of God, which was shrouded in it.

This powerful triple king is an old veteran of the Xiemo Academy. He has lived for a long time, and his power is terrifying, but at the moment, his face is full of horror. He resists with all his strength and finds that he can't stop it Lightning attack.

He uttered an unwilling scream, all his defense was defeated, and lightning struck him heavily, cutting off his vitality.

This terrifying and powerful triple-master of God was bombarded into a coke and flew out.

At the scene, everyone else was numb.

The strong men who fought against Lu Ming were almost scared to death.

"Retreat, retreat!"

They roared and drove back crazy.

Lu Ming is a demon, an invincible demon.

No matter how strong he is, he must be swallowed by Lu Ming.

"Retreat now, late, kill!"

Lu Ming growled and killed him.

"Lu Ming, you are dead!"

At this moment, a very angry voice sounded, and then a sword light, cutting through the void, slamming toward the landing.

This sword light, as long as the earth, was shocking, and the sword light came out, the world shook, and Lu Ming was madly pressed.

"this is..."

Faced with this sword, Lu Ming's eyes narrowed, and he did not want to chase down other people to fight this sword light.

boom!

Lu Ming threw a punch with all his strength, all of a sudden, from his fist, burst out dozens of lightnings, dozens of lightnings, entangled together, slammed into the sword light.

Lightning and Jianguang collided heavily, as two planets collided, erupted into violent energy, swept the explosion, devoured everything.

The people around them all retreat madly, afraid of being involved.

bump! bump! bump!

Then, dozens of lightnings, one after another, collapsed and turned into energy.

The sword light is also constantly shaking, but after all, the power is stronger. Although the power is weakening, it has not collapsed.

When the lightning was completely destroyed, Jianguang kept on slashing towards Lu Ming and slashing on Lu Ming's fist.

when!

A violent roar sounded, Lu Ming felt a terrible force, and came from the sword light, making Lu Ming's body violently shaken back for several kilometers.

"What a powerful force, the God King is fourfold!"

Lu Ming took a deep breath and pressed against the tumbling blood in his body.

Jianguang dispersed, and a figure appeared in the air.

This person is the master of the indestructible Jianzong. At this moment, his eyes are extremely staring at the land, and he hopes to kill Lu Ming with a sword.

There was a terrifying sword light on him, which broke through the sky and reached 100,000 feet.

"God of the four kings, you also broke through to the four of the king, impossible, impossible!"

The Patriarch Patriarch shouted incredulously.

First, the chief of the Chiyan clan broke through the fourfold of the Shenwang, and now it is the cultivation practice of the patriarch of the indestructible sword clan, and also broke through the fourfold of the Shenwang.

"What? God King is fourfold!"

The empty Xuanzong, as well as the Bingpo tribe, were all frightened.

Sovereign Sword Sovereign, also broke through the four kings of God, so that the other party has three Kings of God.

How do you fight this?

The excitement brought by Lu Ming's great power just now disappeared.

"Yes, it's the fourfold king of God. Today, you can't stand the storm!"

Sword Sect Master Immortal stared at Landing, and between his eyes opened and closed, there was a burst of sword gas.

"Lu Ming, I admit that I underestimate you. Not only do you exceed my imagination, but you also have a strong metal life to help you, but your ending today is doomed and cannot be changed!"

Sovereign of the Unbroken Sword Sect then spoke with a cold tone.

He had just tried out Lu Ming's combat strength.

If it was before his breakthrough, it might not be Lu Ming's opponent, but he is now breaking through to the four kings of God King, and he has full confidence to suppress Lu Ming.

"Really? Although your strength is very strong, but I want to kill me, I am afraid it is not enough!"

Lu Ming said.

Although the strength of the immortal Sword Sovereign is strong, it is not yet the strongest four kings of the winged family.

In the palace of Jiu Jue's Heavenly King, Lu Ming also wore the armor of the ball, and he had a trick with the fourfold existence of a **** king. At that time, Lu Ming was directly injured.

The armor transformed by the ball was cracked, and this time, Lu Ming was only repelled, and his blood was pouring.

Lu Ming was right, the other party wanted to kill him, not so easy.

"Really? Then add this seat!"

An indifferent voice sounded, and then the Dean of the Demon Academy stepped out, juxtaposed with the Sovereign of the Indestructible Sword Sect, and a terrifying atmosphere broke out on his body.

The breath is as strong as the Sect Master who is indestructible.

"Adding this seat!"

The Dean of the Demon Academy has just come out, and the Holy Lord of the Infinite Holy Land has also stepped out. With the indestructible Sect Master, the Dean of the Wing Demon Academy in a horn, surrounding Lu Ming in the middle.

His breath, equally terrifying, was not under the first two.

"The fourfolds of the Divine King are all fourfolds of the Divine King. It is impossible. How could you all break through the fourfold of the Divine King?"

Patriarch Patriarch, an incredible roar.

He vaguely felt that today, they were caught in a conspiracy.

At the scene, others were shocked.

Especially the strong men of the top sect, their faces are even more ugly.

The cultivation practices of the three major overlords all broke through to the four kings of God King. This will be a tremendous change for Qin Tianxingyu.

In the future, those top-level forces will have no way to confront the three major overlords.

Even the strong of the Chiyan clan frowned.

In the past, only the Red Flame Clan and the Ice Soul Clan had the strong power of the Four Kings of Gods. Now, the three major overlord forces have such existence, and there will be many more variables in the future.

Kong Xuanzong, the Bingpo tribe up and down, his face pale, revealing a terrified look.

As a result, the difference in strength is too great. Today, are they really hard to escape?

"Lu Ming Shengzi, if you have a chance to escape, you must escape. Your talents are rare in the world. As long as you escape, our empty Xuanzong will have the hope of rising!"

Yue Wuya secretly sent a message to Lu Ming.

Judging from the strength Lu Ming just revealed, if he ignores others and tries to break through, he may still be able to escape.

"I Lu Ming, is it the kind of person who escapes without regard to others?"

Lu Ming smiled faintly, and then said: "What's more, why not run away with these people?"

Chapter 3098: Fourfold

"Don't run away?"

Yue Wuya was stunned. Was Lu Ming still unable to win the hole?

Looking at Lu Mingming's confident expression, Yue Wuya didn't say anything.

"Your cultivation practice, it is impossible to break through in a short period of time, you took "Broken King Dan"!"

Lu Ming glanced at the three indestructible sword patriarchs and spoke lightly.

The faces of the three immortal Sword Masters changed slightly.

"Lu Ming, you can control how we broke through, just kill you."

The Dean of the Demon Academy said coldly.

"Oh, ridiculous, as far as I know, although Po Wangdan can break through cultivation practice in a short time, but his price is to exhaust your potential in advance, so that your cultivation practice can never break through!"

Lu Ming said.

Indestructible Sword Sect Master and others have changed their face a few times, a bit ugly.

Po Wang Dan has this side effect, they don't know it at all.

But soon, they returned to calm.

With their talents, it has been difficult to break through. It may be that they have been trapped in the Triple King of God for a lifetime, and now it is worthwhile to break through the Triple King of God.

Even if no more breakthroughs can be made in the future, it is also a strong player of the Qin Tianxing domain overlord level.

"Qin Tianxingyu does not have "Broken King Dan" at all, let's say, who gave you "Broken King Dan"?"

Lu Ming asked loudly.

"There is so much nonsense about the dying person, there are some things that you are not qualified to know!"

Immortal Sword Sect Master coldly drank, the momentum was violent, and a terrible sword pressure firmly locked Lu Ming.

Lu Ming smiled in his heart, even if the other party didn't answer, he could guess that Po Wang Dan, mostly from the Jin family, was given by the people of the Yiren family. Their masters were inconvenient to come over, and they wanted Qin Tianxingyu to come. To kill Lu Ming, it was a good abacus.

"Come on, the three of you alone, I'm afraid it's not enough. Chiyans, come together!"

Lu Ming's eyes turned to the Chiyan Patriarch.

He wants to wipe out the opponent's backbone in one fell swoop.

"Arrogance!"

"Do not control yourself!"

Sovereign Sword Sect Master, Dean of the Demon Academy and other people sneered and shot directly.

A sword of light cut through the sky and killed Lu Ming with mighty force.

At the same time, the Dean of the Demon Academy blasted out a palm, covering a thousand miles, and blasted towards the landing.

The two major Qin Tianxing domain overlord-level characters shot at the same time, and their strength was shocking. In Qin Tianxing domain, no one could ignore it.

Uh!

Lu Mingshi exhibited the nine days of Kunpeng, turning into a huge Kunpeng and rushing in one direction.

"Want to leave, leave me!"

The Dean of the Winged Demon Academy drank coldly, and the devil's qi was surging, and his devil's palm grew sharply, and he shone toward the landing.

"broken!"

Lu Ming snorted, punched out, and bursts of lightning from his fist, intertwined with lightning, slammed into the magic palm.

boom!

Lightning bombarded the magic palm. The magic palm violently shook, and finally a gap was bombarded. Lu Ming rushed past, then swayed straight up and rushed into the starry sky.

"I said, you can't kill me!"

Lu Ming laughed while flying.

"chase!"

The immortal Sword Sect Master shouted, and turned into a sword light to chase away.

At the same time, the Dean of Wing Demon Academy and the Infinite Holy Land Lord also chased away.

Today, Lu Ming must not be let go. If Lu Ming is not dead, I am afraid that in less time, the fighting power will exceed them.

On the other side, the head of the Chiyan tribe moved his face, then rose into the sky and slammed towards the landing.

His thoughts are similar to others, he must kill Lu Ming, and he cannot let Lu Ming rise, so he joined the siege of Lu Ming without hesitation.

"mean!"

Yueyueya, the Patriarch Patriarch and others were angry.

The chiefs of the Chiyan clan and the dean of the Winged Demon Academy, who have joined forces to deal with a younger generation, are simply shameless.

But they couldn't intervene, and could only hurry.

"Have you finally shot together?"

No one noticed Lu Ming's mouth, a smile appeared.

What he wanted was that the chiefs of the Chiyan clan shot together, and he ran out of the net.

He pretended to escape before, just to attract the Patriarch of the Red Flame tribe together.

Lu Ming's flying figure suddenly stopped.

As soon as Lu Ming stopped, the Dean of Wing Demon Academy and others immediately caught up.

Four masters, Tuantuan surrounded Lu Ming.

"Look where are you going now?"

The Dean of Wing Demon Academy said fiercely.

"Don't talk nonsense with him, shoot together, kill him!"

Immortal Jianzong Sect Master shouted, I don't know why, in the face of such a junior Lu Ming, he was very bottomless, he just wanted to immediately kill Lu Ming, he was relieved.

"Just wait for you!"

Lu Ming sneered, and a small tower flew out of his hand.

This small tower is the town king tower that the blue merchant gave him.

As soon as the town king tower flew out, it suddenly grew into a giant tower, exuding mysterious fluctuations, and at once the dean of the Wing Demon Academy, the immortal sword patriarch, the immortal holy land holy master, and the chief of the Red Flame tribe Go in.

Once surrounded by the town king tower, the power of the four masters produced a wave, and the breath suddenly weakened a lot.

"What's going on? What's going on?"

"What kind of treasure is this?"

The four yelled in horror.

With their knowledge, they have never seen such treasures as the Zhenwang Tower.

Treasures such as the town king tower, even in the Qin Tianxing domain, are relatively rare, and most of them can only affect the low-level **** king such as the **** king one and the **** king two.

There are fewer people who can influence the four kings of the gods. This is made by Lan Shang himself.

"kill!"

Lu Ming seized the opportunity and was the first to kill the dean of Wing Demon Academy.

Creak...

The ball turned into an armor, and its power was completely used by Lu Ming.

Lu Ming's palms were gripped in vain, and the endless lightning permeated, turning into a lightning spear, puncturing toward the dean of Wing Demon Academy.

The Dean of the Winged Demon Academy screamed and tried his best to make a move.

However, his star core was suppressed by the town king tower, and when he mobilized the divine power, he encountered great resistance. In a hurry, he could only mobilize 60 to 70% of the power and burst out.

However, the Dean of Wing Demon Academy was forced to break through Wang Dan, and the foundation was not stable soon after the breakthrough. Although there are four princes' cultivation practices, the strength is among the weakest among the four princes. In the first grade, Lu Ming and the ball could not be stopped at all.

boom!

The lightning pike bombarded the devil's palm of the wing demon academy and directly penetrated the paw. The spear kept flashing.

puff!

The spear penetrated directly through the eyebrows of the Dean of the Winged Demon Academy. The dean of the Winged Demon Academy was stiff, and there was panic and incredible in his eyes.

Then screamed, his body exploded directly, and from his body, numerous small lightnings burst out.

Dean of Wing Demon Academy, fell!

The people who witnessed this scene were not scared to death.

The dean of the Winged Demon Academy, Qin Tianxing, the overlord, actually died like this, and was killed by a younger generation.

Chapter 3099: Drop the curtain

"kill!"

After Lu Ming killed the Dean of Wing Demon Academy, he didn't hesitate, his figure flickered, and he killed the indestructible Sect Master.

"not good!"

Sovereign Sword Sect's face changed dramatically, and his body retreated sharply, so he dared not collide with Lu Ming.

However, under the suppression of the Zhenwang Tower, he, like the Dean of Wing Demon Academy, had greatly reduced his strength, and even his speed was much slower.

Lu Ming, however, was not affected at all. Immediately approaching the indestructible sword patriarch, the lightning spear recondensed, and shot to the indestructible sword patriarch.

"Stop me!"

Sword Sect Master Indestructible roared, and cut out a sword with all his strength.

boom!

The lightning lance, bombarded with the sword light of the indestructible sword patriarch, exploded into a roaring sky. This sky, infinitely small lightning and sword gas, flew everywhere.

Then, the sword light of the indestructible sword patriarch, shook wildly, with a bang, burst apart.

Lightning spears kept on, and continued to assassinate the Sect Master of the Unbroken Sword.

The indestructible Jianzong roared, madly exploding the remaining power, and ducked to the side.

However, he was still one step slower and half of his body was hit and burst apart.

Sovereign Sword Sect Master was hit hard, retreating madly, trying to escape.

But would Lu Ming let him escape?

Zizizi...

Lu Ming threw a punch, and a total of seven people's waist-thickness lightning slammed toward the indestructible Sword Sect Master, and he suddenly enveloped him in it.

"I'm not reconciled!"

Sovereign of the Indestructible Sword Sect roared, and then turned into fly ash in lightning.

Another overlord-level character was killed.

"Run, run!"

At this moment, the Patriarch of the Red Flame Clan, and the Innumerable Holy Land Holy Lord, almost scared and ran away.

The two of them fled in two directions.

Without any hesitation, Lu Ming chased directly towards the chief of the Chiyan clan.

Relatively speaking, he would rather let go of the immeasurable Holy Land Lord, rather than let the Chiyan Patriarch.

The town king tower was always shrouded in the head of the Chiyan clan, and he could not escape, and he was quickly caught up by Lu Ming.

The Infinite Holy Land Holy Lord escaped from the area covered by the town king tower.

"People of immeasurable Holy Land, follow me and retreat!"

The Lord of the Infinite Holy Land shouted. He finally escaped from birth. He no longer dared to fight Lu Ming. The person called the Infinite Holy Land flew crazy out of the galaxy, and disappeared instantly.

"Go, let's go too!"

"Rewind!"

The Winged Demon Academy, the two immortal gates of the immortal Jianzong, saw their dean and the suzerain were killed and no longer wanted to stay here.

"Don't let them escape, kill!"

The Patriarch is an extremely decisive person, how could he miss this opportunity, yelled, and killed the two major gates.

Innumerable Holy Land escaped, while Wing Demon Academy and Indestructible Sword Sect were killed by Lu Ming before, especially the few remaining triple kings were killed by Lu Ming, and no one could stop it. Patriarch.

The other masters of the Ice Soul Clan killed the Chiyan Clan.

A dogfight starts here.

The Patriarch is invincible. In a few shots, he killed several masters of the King Realm, Jianzong and Wing Demon Academy.

At this moment, Lu Ming also caught up with the head of the Chiyan tribe.

"Ancestor, save me!"

The head of the Chiyan tribe shouted in horror, and wanted to call the ancestor of the Chiyan tribe to save him, but the ancestor of the Chiyan tribe couldn't get away because the ancestor of the Binghu tribe was desperately attacking him. An ancestor, the battle is inseparable.

"Dead!"

After Lu Ming overtook the Chiyan patriarch, he launched a violent attack.

The strength of the Patriarch of the Red Flame Clan is also a breakthrough in the use of Po Wang Dan. It is similar to the Dean of the Wing Demon Academy and the Sovereign Sword Sect Master, which can't stop Lu Ming's attack.

Desperately insisted on two moves, he was also killed by Lu Ming.

With a wave of his hand, he put away the storage ring of the Patriarch of the Red Flame Tribe, and Lu Ming killed the Red Flame Patriarch again.

The fierce fighting between the ancestors of the Chiyan and the ancestors of the Ice Soul, and seeing Lu Ming kill, the ancestor of the Chiyan almost came to death, desperately trying to escape.

But the Ice Soul Ancestor knows that this is the best time to kill the Chiyan Ancestor, will he let the other person leave?

The old man of the Bingpo clan struggled to hurt himself, but also entangled the ancestor of the Chiyan clan violently. In the void of the Quartet, he placed an infinite iceberg to block the ancestor of the Cyan clan.

It is used to practice the ice power attribute to intercept, and the effect is better.

"Go away, leave me away!"

The ancestors of the Chiyan clan roared continuously, and their bodies resembled a star, launching a crazy attack, and wanted to break away and escape.

The icebergs burst apart, but immediately, more icebergs condensed out.

Buzz!

At this moment, Lu Ming arrived, and the town king tower exuded radiance, covering the ancestors of the Chiyan tribe.

The breath of the ancestors of the Chiyan clan suddenly weakened, and the star core was greatly suppressed.

However, the ice ancestor ancestors have nothing.

How could the ancestors of the Bingpo tribe miss this opportunity, condensing a sword of ice warfare and slamming it out.

boom!

Half of the body of the ancestors of the Chiyan tribe were hit hard.

Without Lu Ming's shot, the ancestors of the Chiyan clan and the ancestor of the Bingpo clan were originally equivalent. At this moment, they were suppressed by the town king tower. The strength of the ancestor of the clan squadron weakened a lot, and they were not opponents of the ancestor of the Bingpo clan.

One stroke was even more invincible, and barely resisted a few strokes, and was killed by the ancestors of the Bingpo clan.

At this point, the innumerable holy land escaped, the Red Flame tribe, the immortal Jianzong, and the top masters of the three major forces of the Wing Demon Academy, all fell.

As for the other top sects, they had already fled, and Lu Ming did not bother to manage them.

"Friend Lu Ming, thank you!"

The ancestor of the Bingpo clan clenched his fists and thanked Lu Ming.

"Seniors don't need to be polite, let's first solve the forces of Jianzong and Wing Demon Academy!"

Lu Ming said.

"it is good!"

The ancestor of the Bingpo clan nodded and then killed the Chiyan clan.

Among the Chiyan clan, although there are still some masters, they battled with the Bingpo clan before, but with the addition of the Bingpo clan elders, the battle was completely one-sided.

The strong men of the Chiyan clan, one by one, were killed by the ancestors of the Bingpo clan.

Lu Ming, controlling the town king tower, killed the immortal Jianzong and Wing Demon Academy.

The masters of Indestructible Sword Sect and Winged Demon Academy are not much left. Some of them were killed by the Patriarch Patriarch before, and even fewer were left.

There was little suspense in this battle.

Soon after, the masters of several major forces were almost hunted, especially the existence above the God Realm, and they were killed, and few could escape.

However, Tianshen Realm escaped a bit, but the top masters of these forces were slaughtered, and they are considered to be in name only.

Soon, it will be occupied by other forces, and from then on, the pattern of the Qin Tianxing domain will undergo dramatic changes.

Soon after, this area finally became quiet.

A fight came to an end.

Chapter 3100: Kill the enemy with a finger

A fight came to an end.

In the end, the masters of the three major forces of the Wing Demon Academy, the Unbroken Sword Sect, and the Chiyan Clan were almost completely destroyed and ended.

"Hahaha!"

The Patriarch Patriarch laughed happily.

He is so carefree.

This battle is too much for the interests of the Ice Soul Clan, not only destroying the Dark Ice Clan, but also almost destroying the old enemy of the Chi Yan Clan.

After leaving here, he can lead a large army and invade the territory of the Chiyan tribe. From then on, the Ice Soul tribe will become stronger and stronger, and it is not impossible to return to the glory of the past.

Others of the Bingpo clan were also full of smiles.

It is not just the Ice Soul Clan, but also Xuanzong Sect.

After this battle, the Winged Demon Academy and the Indestructible Sword Sect were destroyed, and the three hegemonic forces left only an infinite amount of holy land.

Although the strength of Wuliang Holy Land is stronger than before, Kong Xuanzong has Lu Ming, and most of Wuliang Holy Land can only surrender obediently.

In the future, the thirteen cases of Qin Tian will be headed by Kong Xuanzong. How can they be unhappy.

Just as everyone was happily sweeping the battlefield.

Lu Ming suddenly felt a chill in his heart, suddenly raised his head and shouted: "Who is it?"

call out!

Lu Ming's words just fell, and there was a dark blade of light in the sky, slashing down.

This blade of light was almost at its extreme, and it was not Lu Ming, but the ancestor of the Ice Soul Clan.

The ancestors of the Bingpo clan changed wildly, with a roar, a full eruption of power, and his hands were constantly pushed out, and instantly, dozens of heavy ice walls were laid under his head.

However, when the black blade was cut lightly, the ice walls broke apart one by one, and in a moment, dozens of heavy ice walls were all cut open.

Daoguang kept on slashing towards the ancestor of the Bingbi clan.

Poof!

The blood loomed, and the Ice Patriarch ancestor was split in half.

Fortunately, at the critical moment, the ancestor of the Bingpo tribe avoided the head of the head, and only the body was hit, but he was still hit hard.

"Five Kings!"

The ancestor of the Bingpo clan shouted in horror.

He could feel that the person who shot just now was the existence of the five kings of God.

"What? The five kings of God?"

Others were also shocked.

boom! boom! boom!

At this time, there was a terrible breath in the sky, and a terrible pressure, pressing down on them.

Then, some black robe people appeared in the sky.

Lu Ming glanced, and found that there were a total of 18 people in black robe, distributed in all directions, and distanced from each other, each of which exudes a terrifying atmosphere, locking everyone on the scene, especially locked in Lu Ming Body.

Everyone's breath is appalling, and the worst is not weaker than the ancestors of the Bingpo tribe.

"The worst...the worst are all four kings!"

The ancestors of the Bingpo clan were pale, without any trace of blood.

Others are equally horrified.

The eighteen black robes, the worst ones, are all four kings of the **** king. Some of them are terrifyingly breathy and many times stronger than the four king gods.

That is definitely the five kings of the **** king, or more than the five kings of the **** king.

Here, how could there be so many strong people at once, and it seems that the comers are not good.

"I thought that we wouldn't have to use it. I didn't expect that those people are so wasteful and so vulnerable!"

A man in black robe spoke indifferently, unable to see his appearance clearly, but could feel that his cold eyes fell on Lu Ming.

"It seems that you are here to kill me?"

Lu Ming asked.

"You are a little smart, not bad, but you can also get rid of all the people here!"

The black robe spoken just now is humane, full of murderous opportunities.

The Bingpo tribe, the empty Xuanzong people, all pale.

These strong men are going to kill them, they are dead.

Although Lu Ming has the Town King Tower, how can he deal with so many masters?

"Who sent you? The Jin family? The Yiren family? No, no..."

Speaking of which, Lu Ming paused for a moment, his eyes lit up, and said, "You were sent by stealing the black hands behind the curtain of the Jiu Jue Shen crystal?"

Those black robes were silent and did not speak.

Lu Ming knew that he guessed right.

The Jin family, the Yiren family, and the Qin family are all stared at by the Wu family. It is absolutely difficult to send so many masters without knowing it.

There was only one possibility, the other party was sent by the black hand behind the scenes who stole the Jiujie Shenjing.

Lu Ming was not surprised but rejoiced.

Maybe this time, who can find the hands behind the scenes?

"Don't talk nonsense with them, shoot them, kill them, so you don't have too much trouble!"

Another man in black robe spoke coldly, and then slashed towards the landing.

This knife, with mighty power, was several times stronger than the knife that had been slashed to the ancestors of the Bingpo tribe before.

This person's cultivation behavior is likely to surpass the five kings of the **** king and reach the sixth king of the **** king.

In the face of such a strong man, Lu Ming can't play a role at all, the difference is too big, only a dead end.

However, beside Lu Ming, there is a bone demon.

Bone Demon had never shot before, and even let the immeasurable Holy Land Holy Lord escape, just not in case, just in case.

"Senior Bone Demon, it's yours!"

Lu Ming sent a voice to the bone demon.

"Are you finally going to let me go?"

Gu Mo smiled, and then appeared in front of Lu Ming, stretched out a finger.

boom!

As the bone demon's fingers flicked, the air exploded violently, and a terrifying violent energy rushed forward.

The knife light cut by the black robe was like paper, and fell apart under the terrible strength.

Then, the air pressure was directed towards the black robe.

what!

The man in black robe had no time to let out a scream, his body turned into fly ash under the strength of energy.

The fingertips killed the existence of a suspected **** king Liuzhong.

Quiet!

At the scene, he suddenly fell into deathly silence.

Everyone, including the rest of the black robe, stared at the bone demon in a daze, and in his eyes, it was incredible.

A horrible master was actually killed by a bone demon with a single finger. What kind of existence is this?

"No, the other party has a terrible strongman, quickly withdraw!"

A black robe responded and shouted.

They clearly know that the man in black robe just killed, but a real **** king six heavyweights, who can kill a **** king six heavy in one finger, this is at least the **** king eight heavy, even higher.

Faced with such a strong man, even if their number is large, it is a dead end.

These black robes were very decisive, flashing in shape, and rushed in one direction, trying to escape.

"I want to escape under my eyes, ridiculous!"

Bone Demon spoke indifferently, then opened his mouth and sucked.

Huh...

Suddenly, a terrifying attraction, erupted from the mouth of the bone demon, swept through the sky, and enveloped all those in black robe.

The flying figures of the black robe stiffened directly, and then their figures flew back and flew towards the mouth of the bone demon.
