Chapter 3101: Qin Tianxing domain changes sky

Ahhhh...

These black robe men screamed in horror, and then attacked desperately. A series of terror attacks erupted, but as soon as their attacks were attacked, they dissipated automatically.

Then, one by one in black robe, flew into the bone demon's mouth, disappeared.

"Leave a few questions!"

Lu Ming hurriedly shouted, afraid of being swallowed by the bone demon.

Bone Demon nodded and sucked hard. A dozen black robe men flew into Bone Demon's mouth and were swallowed. There were only two left. They were not swallowed, but they were also scrapped and repaired. Fell to the ground.

"This..."

The Bingpo clan, empty Xuanzong up and down, all ignorant, feeling that they are dreaming.

More than a dozen black robe people, each of them has a terrifying existence, and every one of them feels invincible.

Just now, one of them hit the Bingpo clan ancestor with a single blow.

They learned from the ancestors of the ice ancestors that the worst of these black-robed people are the four kings of God King.

Such a strong man, just take out one, that is the existence of the Qin Tianxing domain, but it can be the overlord of the Qin Tianxing domain.

However, so many strong men were swallowed by an insignificant big man beside Lu Ming.

And this big man seems to listen to Lu Ming very much.

At this moment, Lu Ming is unpredictable in the hearts of everyone.

"It turned out that he was accompanied by such a terrible strongman. No wonder he has been calm all the way!"

The Patriarch Patriarch whispered, but he was relieved.

At least, they are safe!

"Speak, who is behind you? Say it, I will give you a happy one!"

Lu Ming came to the last two men in black robe and began to press.

"If you want to kill, kill, just think about us!"

A black robe said coldly.

"The mouth is pretty stiff!"

Lu Ming's eyes were cold, and he stepped out. He stepped on his arm directly on the arm of a black robe, but the black robe just snarled and stared coldly at the land. Say.

"Lu Ming, it seems that these people are specially trained dead men. They have very hard bones. It is almost impossible to force some news out. You give it to me, and I will search the soul!"

Bone Magic Road.

"A dead man again!"

Lu Ming looked cold.

At the beginning of the Jiu Jue Tian Wang Mansion, he set off from the Wu family to the Starry Sky Camp and was ambushed by some dead people. Was the two groups of dead people sent by the same force?

"Okay, I'll leave it to you!"

Lu Ming said.

Bone Demon nodded, stepped forward, and began to search the soul.

But when the bone demon began to search the soul, the two black-robed men screamed screamingly, shaking their bodies, and then their heads burst apart and fell directly.

"Sure enough, as expected, their souls have been placed under a strong prohibition. Once they are searched, they will burst!"

Bone Demon shook his head.

"hateful!"

Lu Ming snorted.

These people were definitely sent by the people who stole the crystal behind Jiu Jue Shen. Unfortunately, the clues are now broken.

"Bing Patriarch, tidy up, let's go back!"

Then, Lu Ming said to the Patriarch Patriarch.

"Okay, okay!"

The Patriarch Patriarch nodded again and again. At this moment, Lu Ming's position in his heart was already high and there was no touch.

As long as Lu Ming ordered it, he could easily dominate Qin Tianxing.

Of course, Lu Ming has no intention to dominate Qin Tianxing.

After tidying up the battlefield, they left one after another. After a while, the Ice Soul returned to the Bing Soul territory, while Lu Ming and Kong Xuanzong returned to Kong Xuanxing.

Soon after, news of the World War I of the Dark Ice Clan spread throughout the Qin Tianxing territory at a hurricane speed.

The entire Qin Tianxing territory was shaken, like a gust of wind of more than a dozen levels, and countless people were stunned in shock.

Everyone knows that Qin Tianxing domain is about to change.

Sure enough, it didn't take long for one of the three overlords, the Infinite Holy Land Holy Lord, to personally lead people to Kong Xuanzong, expressing his willingness to be the head of Kong Xuanzong, and following the orders of Kong Xuanzong.

The Holy Lord of the Infinite Holy Land, in the Dark Ice tribe, was really scared. After fleeing back to the Infinite Holy Land, it was also difficult to sleep and sleep. Lu Ming's strength was too strong, and he was still growing fast. Even if he was hiding in the Infinite Holy Land Inside, he was devoted to defending and was not at ease. He simply led others to surrender.

The enmity between Infinite Holy Land and Lu Ming was not great, and Lu Ming was too lazy to kill it, and he accepted the surrender of Infinite Holy Land.

As soon as the news came out, the top sect forces of Qin Tian's 13 cases could not stand still, and they all surrendered, and they all surrendered to Kong Xuanzong.

Suddenly, Kong Xuanzong's prestige rose.

Of course, these things, Lu Ming lazy to manage, all handed over to Ouyang Qingxiang, Yue Wuya and others to manage.

Ouyang Qingxiang, Yue Wuya and others are also very fast. After the surrender of the Innumerable Holy Land and other sect gates, they immediately summoned these sect gates and launched an attack on the territory of Indestructible Sword Sect and Wing Demon Academy.

There is no suspense at all.

The Winged Demonic Academy and the invincible Jianzong master of the King Realm almost fell in the battle of the Dark Ice Clan. Even if there are remaining, under the union of the ancestors such as Kongxuanzong and the Innumerable Holy Land, they are vulnerable. , Have been destroyed.

In just a few months, the vast territory occupied by the Wing Demon Academy, which had not been destroyed by the Sword Sect, was occupied by Kong Xuanzong.

These territories are naturally owned by Kong Xuanzong.

The original indestructible Jianzong, the arrogance of the Winged Demon Academy, the surrender of surrender, the escape of escape.

If the God Sword of the Sword Sect could not be destroyed, the sword would be infinite, and he fled without a trace.

Linghu Ye, the arrogant of the original competition with Lu Ming, surrendered and joined Kong Xuanzong.

For a time, Kong Xuanzong became the overlord of Qin Tianxing.

At the same time, the Ice Soul Clan also convened a large army to attack the Chi Yan Clan. After the Xuanzong Sect occupied the indestructible Jianzong, and soon after the territory of the Demon Academy, the Ice Soul Clan completely attacked the Chi Yan Clan.

The Chiyan tribe, almost wiped out, and the remnants of the tribe, crossed the starry sky and fled into other star fields.

The Qin Tianxing domain has become the world of the Ice Soul Clan and Kong Xuanzong.

The two major forces almost divided up the huge territory of Qin Tianxing, and it was all because of one person, Lu Ming!

Lu Ming's name resounded through the Qin Tianxing domain and became the legend of the Qin Tianxing domain.

During this time, Lu Ming took the time to go back to the riotous galaxy, and brought Lu Shenhuang, Zulong, Jiu Ming Mochan and others to the Qin Tianxing domain for cultivation.

They originally wanted to come out, now it is appropriate to come to Qin Tianxing domain.

With Lu Ming's current prestige, many of Kong Xuanzong's resources will lean towards them, and they will rise soon, too.

After handling Qin Tian's affairs, Lu Ming returned to Jiu Jue Tian Wang Mansion.

Now that Qin Tianxing's things have been understood, Lu Ming wants to put all his thoughts on Jingyu's things.

Chapter 3102: Adverse effects

Now, Lu Ming's main purpose is to start the Yu's business, while improving his strength, while preparing for the Yu's business.

After some trek, Lu Ming returned to Starry Sky Camp.

boom! boom!

As soon as Lu Ming returned to the Starry Sky Camp, he saw a war.

In the sky, several youths fought fiercely and fell into a dogfight.

Lu Ming took a closer look and found that several young people belonged to two different families.

"You dare to slander me, the Liu family has stolen the Jiu Jue Jing Jing, you are to death!"

A young man roared.

"Not who your Liu family is?"

The youth playing against him sneered.

"I said it was the Nine Absolute Divine Crystals stolen by your Zhang family, and your Zhang family is the principal behind the scenes!"

The young man shouted before.

"fart!"

"kill!"

The two sides are inseparable from each other, and there are many people watching around.

In the end, both sides suffered both defeats and suffered from each other's grievances, only to end the fight and retreat.

Lu Ming thought deeply and then went directly to the place where the blue merchant lived.

"Have you got the Nine Absolute Divine Crystal?"

Lan Shang smiled.

"got it!"

Lu Ming smiled, then took out the Jiu Jue Shen Jing and gave it to the Blue Merchant.

For Jiu Jue Shen Jing, let the Blue Merchant hand over to the Heavenly King Divine Guardian. After that, nothing will happen to him.

"I did not misread you!"

Lan Shang smiled, then looked at Lu Ming carefully, and said, "You should have practiced the 'Qiankun Ten Thousand Dao Practitioners' to control multiple divine powers?"

Lu Ming started a shock in his heart, then relieved.

According to Jing Yu, "Heaven and Earth Wan Dao Jue" was obtained by him in an ancient ruin, and almost no one knew it.

But almost no one knows, does not mean that no one knows.

As a teacher of Jing Yu, Lan Shang knew it was normal.

"Yes!"

Lu Ming nodded and admitted.

"Controlling multiple divine powers has advantages and disadvantages!"

"The advantage is that it can make your combat power extremely powerful. Every time you break a heavy level, the combat power will skyrocket, far exceeding the same level, but there are also many disadvantages. The first is that the energy required for cultivation is too much, you improve so fast, it's beyond my expectations!"

"Another one is the need to comprehend the original divine power factor. For ordinary people, to comprehend the original divine power factor, it takes a lifetime of poverty, not to mention, you have to comprehend so many divine powers!"

Lan Shang came here in a breath, paused, and pondered, said: "So, you have to do what you can. The amount of divine power is not the more you have the better, but it is in your own grasp if it is seriously affected. Your practice, you will reduce the divine power of cultivation!"

"Okay, Lu Ming understands!"

Lu Ming nodded his head, and he discovered it himself long ago, so during this time, he had other magical skills and did not go to practice.

I'm just afraid of chewing too much.

"You show all the magical power you control and show it to me. I see where you control it?"

Blue Business Road.

Lu Ming nodded, and then displayed the seven divine powers he now controls one by one.

"The master divine power has awakened the original divine power factor, and the awakening degree of the indestructible sword power is 99%.

Lan Shang whispered, and then a piece of jade appeared in his hand, which was handed over to Lu Ming and said, "Among the divine powers you control, I am most familiar with the dominating divine power. The divine power under my control was also the dominating divine power. This is mine. Some cultivation experience, you can take a look!"

"As for other divine powers, I need time to prepare, you go back first, come to me after a while, I will instruct you to practice other divine powers!"

"Thank you Uncle Lan!"

Lu Ming took Yufu, thanked quickly, and ecstatic in his heart.

Lan Shang was the teacher of Jing Yu at that time. Before the star core was abolished, it was the pinnacle of the Taixu dynasty, unfathomable.

With his cultivation experience and his guidance, Lu Ming's cultivation speed will definitely increase sharply, and take a lot of detours.

"Well, you go back and have a look!"

Blue Business Road.

Lu Ming said goodbye and left the place where Lan Shang lived, heading towards his own place.

However, after he approached his place of residence, he saw two young men fighting fiercely.

Lu Ming is strange. In the past, although the Star Camp was full of competition, the frequency of wars was not so high. He just came back and saw several wars.

On the edge, there were many people watching, Lu Ming saw Wu Ming and Wu Yue at a glance.

Lu Mingfei passed by.

"Lu Ming, you are back!"

Wu Ming Wu Yue was overjoyed after seeing Lu Ming.

"It's Lu Ming!"

Others, some people have seen Lu Ming, especially the Jinjia and Qin people are proud of them. After seeing Lu Ming, these people flashed in surprise.

In their eyes, Lu Ming was mostly going to die in the Qin Tianxing domain. Unexpectedly, Lu Ming did not die, and returned to the Starry Sky Camp, which made the other gates uncomfortable.

Lu Ming directly ignored the Jin family and the Qin family's arrogance. He fell beside Wu Ming and Wu Yue and asked, "What's the matter? Once I got back, I saw several fights!"

"It's not because of Jiu Jue God Crystal!"

Wu Mingdao.

"Nine Absolute Divine Crystal?"

Lu Ming was surprised. Didn't Jiu Jushen Jing go to Qin Tian Xingyu? What is the relationship with these families?

"Although Jiu Jushenjing knows where he is, he has also determined one thing, that is, Jiu Jue's palace has an internal response to help outsiders steal the Jiu Jushenjing, but this internal response has not been found, so Jiu Jue Tian The major families of the Wangfu all doubted each other!"

"Especially, some families who have hatred against each other, it is an internal response to slander each other, and the natural conflicts have intensified!"

Wu Ming explained.

"Therefore, in the Starry Sky Camp, the arrogance of the major families fights against each other. Outside the Starry Sky Camp, the major families even attack each other. Some families have killed their red eyes, and now the Nine Heavens King's Mansion is in chaos!"

Wu Yue followed the explanation.

Lu Ming was stunned. Unexpectedly, Jiu Ju Shen Jing also caused so many things.

In the air, two young men fought a hundred battles, and the last young man escaped with serious injuries, and the battle ended.

Lu Ming and Wu Ming Wu Yue chatted a few words, and then flew towards where they lived.

Several arrogances of the Jin family and Qin family, looking at the direction of Ming Ming's departure, eyes cold, exchanged a few words, and left the Star Camp, most of them went back to report the news.

"Master!"

When Lu Ming returned to the other courtyard, Qiuyue flew out, his face full of joy.

Lu Ming went back to Qin Tianxing alone to win the Jiu Jingshen Crystal alone. She was always worried. Now that Lu Ming came back, she was relieved.

"Qiuyue, you...your cultivation, have you broken through again?"

Lu Ming glanced at Qiuyue, revealing surprise.

Not seen for a while, Qiuyue's cultivation practice has actually broken through to the half-step **** realm, and Lu Ming was dumbfounded.

Chapter 3103: Go to Chu Tian Xingyu

Qiuyue's cultivation base has already reached the half-step **** king. When Lu Ming went to the Qin Tianxing domain, Qiuyue's cultivation base was only a ninth.

In addition to the time to get on the road, it was only a few years before and after. This speed is too exaggerated.

"Yes, it is!"

Qiuyue nodded and said, "Mainly because I was inherited last time, there are still many that have not been digested, so during this time, cultivation progress was so fast!"

"Good, good, good!"

Lu Ming was overjoyed, the faster Qiuyue progressed, he was naturally happy.

Then chatting with Qiuyue for a while, the two entered a room separately and went to practice.

However, after Lu Ming entered the room, it was difficult for his heart to sink down, and his mind was always troubled by the people behind the scenes of the Nine Wonders God Crystal.

"Who is the person behind this scene? What is the purpose?"

Lu Ming frowned and pondered.

He had a feeling that the people behind the scene instructed the Dark Ice Clan to steal the Jiu Jue Shen Jing, but he did not take the Jiu Jue Shen Jing. The purpose was definitely not that simple.

"How to find out who is behind this scene?"

Lu Ming whispered.

The person behind the scene repeatedly sent the dead to kill him twice. Lu Ming wouldn't be relieved if he did not pull out the person behind the scene one day.

Who knows if he will be assassinated by these people again when he goes out, Lu Ming can't guarantee that he will be able to avoid danger every time.

"How to find out who is behind this scene? Is there any clue that I have ignored?"

Lu Ming came down quietly, thinking quietly.

In my mind, I thought about the idea of the theft of the Nine Absolute Divine Crystal, and thought about it from beginning to end.

"and many more..."

Suddenly, Lu Ming's eyes lit up, and he found that he ignored an important clue.

This clue is Modu Mountain.

In Modu Mountain, Lu Ming heard more than once that Modu Mountain has a backing in the JiuJue Heavenly King's Mansion. Therefore, Modu Mountain's Moye Spring has no power to dare to move, otherwise, with the cultivation of the Dark Night Demon King, it can't be kept at all. Magic Night Spring.

Obviously, the backing of Modu Mountain is likely to be the main ambassador behind the incident of the Nine Peer Gods.

And some people must know who is the backing behind Modu Mountain, so they dare not do it. If it is just hearsay, in the face of the temptation of Moyequan, how can those forces bear it?

In this way, just look for the big forces to find out who is the backing behind Modu Mountain, and then you can find the master behind the scenes?

"Yes, such a simple thing, I actually ignored it before!"

Lu Ming slapped and shook his head wryly.

His previous thoughts focused on the evidence left by the night demon king, and he ignored such a simple logical problem.

"Go and ask Wu Zifeng!"

Lu Ming smiled, then secretly left the Starry Sky Camp and headed for the Wu family.

Soon, Lu Ming came to the Wu family and saw Wu Zifeng.

In a separate courtyard, Lu Ming, Wu Zifeng and Yue Linglong sat on a round table.

Yue Linglong has been cultivating in the Wu family during this time, and their cultivation progress has been very fast, and they have both entered the heavens and gods.

"Zifeng, you should have heard that there are backers of Jiu Jue Tian Wang Mansion behind Modu Mountain. I have been thinking about one thing. Since other forces dare not fight Modu Mountain, I must know Modu Mountain. Who is the backer behind, as long as you find who is the backer behind Modu Mountain, it is equivalent to finding the master behind the stolen Jiu Jue God Crystal!"

Lu Ming said.

"Yeah, why didn't I think of it!"

Wu Zifeng clapped his hands, his eyes bright.

"Your Wu family, do you know who is the backing behind Modu Mountain?"

Lu Ming asked.

"This... I'm afraid I don't know!"

Wu Zifeng shook his head.

"do not know?"

Lu Ming was surprised.

"Yes, Modu Mountain is rumored that there are backers behind them. Other forces dare not strike their attention. Those forces do not refer to the forces of Jiu Jue Tian Wang Mansion!"

Wu Zi closed.

"How to say?"

Lu Ming asked.

"Although the magic night spring of Modu Mountain is precious, it has not been taken into consideration by the forces of Jiu Jue Tianwang Mansion, such as our Wu family, Jin family, Qin family, etc. Although some people have heard of Modu Mountain, Not taking Modu Mountain in the eyes, and being too lazy to send someone to deal with Modu Mountain, it is not that they are afraid of what they call backing!"

"The forces behind the feared demon Dushan should refer to the great forces of Chutian Star Field!"

Wu Zifeng explained.

"It turns out so!"

Lu Ming suddenly.

The Chutian Star Field, close to the Qin Tian Star Field, is also said to be the edge of the Jiu Jue Tian Wang Mansion. Such powerful forces as the Wu Family and the Jin Family do not care about Modu Mountain at all.

Naturally, there is no fear to say it.

Those who want to fight Modu Mountain's idea, but also fear the backing of Modu Mountain, are only the forces of Chutian Star Field.

Just like in the Qin Tianxing domain, there is a certain small force with some kind of treasure, who will stare at him, only the 13 cases of Qin Tian, or the Ice Soul Clan, the Chiyen Clan, such as the Wu Family, the Jin Family and other behemoths , Would you care about the treasure of a small force?

"Then, as long as you find the powerful forces of Chutian Xingyu and know who they are afraid of, do you know who is the principal behind the scene?"

Lu Ming's eyes brightened again.

"Yes, as far as I know, there are two strongest forces in Chu Tian Xingyu, dominating Chu Tian Xingyu, one is Feng Yuezong, and the other is the ancient family Han Jia!"

Wu Zi closed.

"Okay, I will go to Chutian Starfield!"

Lu Ming said.

"Wait, Brother Lu, I'm going to find someone familiar with Chutian Xingyu and walk with you. After all, Chutian Xingyu is too big!"

Wu Zi closed.

"it is good!"

Lu Ming nodded, not polite.

Someone leads the way, it's better than looking for him blindly.

Wu Zifeng took out a piece of phonetic jade and heard a message, and then they chatted while waiting.

They did not wait long, a middle-aged man came to the other courtyard.

"Master, what are you looking for me for?"

The middle-aged great man salutes Wu Zi.

"Wu Shan, like this..."

Wu Zifeng said the matter again and said, "You and Brother Lu went to the Chutian Star Field together to explore!"

"Okay, young master!"

Wu Shan led his life, then looked at Lu Ming and said: "Lu Gongzi, please!"

"Okay, it's not too late. Let's go!"

Lu Ming nodded, then left with Wu Zifeng Yue Linglong, and left the Wu family with Wu Shan.

Lu Ming did not return to the Starry Sky Camp. They and Wushan left Jiu Jue Heavenly King's Mansion, and then took the teleportation array, rushing towards the Chutian Star Field.

On the way, Lu Ming learned that Wu Shan had the triple cultivation of God King.

The two rode together in the teleportation array, and finally came to Chu Tianxing domain.

"The two biggest forces in Chutian Star Territory are Fengyuezhong and Han's. These two forces have never dared to move Modu Mountain, but often buy Moye Spring from Modu Mountain. They absolutely know the backing behind Modu Mountain. Who is it? It's closer to Fengyuezhong. Let's go to Fengyuezhong's headquarters first!"

Wu Shan proposed.

"Wu Shan, you are more familiar here, you lead the way!"

Lu Ming smiled.

Chapter 3104: I'm late

The two headed towards Feng Yuezong's headquarters.

However, when they arrived at the headquarters of Fengyuezong, they were stunned.

Broken, corrupted, messy.

The headquarters of Fengyuezong, the mountains bounce out, the earth splits, the palace collapses, and a scene of doomsday.

Among the ruins, there were corpses.

The broad ground is full of corpses, with a **** smell.

Feng Yuezong was destroyed.

"Damn, we are one step late!"

Lu Ming roared.

Obviously, the person behind the scene wants to destroy the door and erase the evidence.

First they took one step and wiped out Fengyuezong.

"Go, look to see if you have a live mouth!"

Lu Mingqiang resisted his anger and rushed forward.

However, there were corpses everywhere, and the real chickens and dogs did not stay and did not see a live mouth.

"What a ruthless means, what a ruthless means!"

Lu Ming growled.

Lu Ming is also a person who has seen big scenes, but such ruthless means are still rare.

A Fengyuezhong, the huge power that dominates the Chutian star territory, how many people are there? It's hard to count, but now they are all dead, one is not left, and they will be killed.

"It seems that it shouldn't be long before these people are killed, otherwise the news will spread throughout!"

Wu Shan frowned.

"No, let's go to Han's, hurry!"

Lu Ming's face changed.

The other party wiped out Feng Yuezhong, and will certainly not let the Han family pass.

"go!"

Wu Shan's face also changed. Immediately, the two hurried toward the Han family.

The headquarters of the Han family is also on a vast planet. Most of the Han family lives on this planet, one of the most powerful mountains on the planet.

However, when Lu Ming and Wu Shan arrived, they found that this mountain range also collapsed, the temple was destroyed, and all the rocks were corpses, and the **** smell was like a **** on earth.

"Damn!"

Lu Ming roared, they came late, the other party is really a brutal means.

The two were unwilling to find it in the ruins and see if they could find the survivors.

It is a pity that all are corpses, and even the wild beasts have been killed, and there is no living mouth.

Lu Ming's face was sullen and he was going to die. Finally, he found the clue, did he break it again?

Uh! Uh! ...

Suddenly, the sound of breaking the sky sounded, and out of a wall, a few black robe rushed out to surround the two.

The cold killer shrouded the two.

"It's them..."

Upon seeing the outfit, Lu Ming recognized that these people are very similar to those of the dead who assassinated Lu Ming in the Qin Tianxing domain.

These people are filled with strong qi, like a demon.

"All the people here killed you?"

Lu Ming asked, his voice was extremely cold.

"Nonsense, hey, it seems that the Han family, as well as the fish that missed the net, actually came back to die!"

A black-robed man's voice was cold, and suddenly, a burst of knife light burst out of his hand, slashing towards Lu Ming.

These people obviously do not know Lu Ming.

This black-robed man with a shot has the cultivation practice of God King, seeing Lu Ming as a six-fold god, thinking that he can be killed by hand.

"kill!"

Lu Ming drank coldly and punched.

On his wrist, the ball-shaped bracelet glowed, and a flash of lightning burst out.

bump!

The black robe's knife light shattered directly, and lightning struck the other party. The other party screamed, and their body turned into fly ash.

One move, spike.

The remaining black robes were stunned, and then shouted: "Boy, you are looking for death!"

"Kill them!"

The remaining five black robes were furious and started to work together.

These black robe people are all in the existence of God King Realm, the strongest, reaching God King Triple Realm, according to common sense, it is more than enough to kill Lu Ming and the two of them.

However, Lu Ming had the ball on his body.

"kill!"

Lu Ming shouted, another punch came out, the ball burst out with all his strength, and a thick lightning flashed out of his hand.

The five black robes were all shrouded in lightning.

bump! bump! bump! ...

A loud explosion sounded, and the five black-robed people screamed, flew back, and fell heavily on the ground. The body had turned into coke, and there was no breath at all.

Even the triple existence of the **** king was also killed.

Since the ball ate a few treasures brought by Lu Ming from the ancient city of Xingyue, its breath has become stronger and stronger, and the cultivation has been rapidly improved. Now, they are almost approaching the triple king of God.

Naturally, the strength is also getting stronger and stronger. The lightning that bursts out and kills the general God King is not difficult.

"This..."

Wu Shan was ready to fight, but just about to start, he found that the enemy was dead.

"Mr. Lu Ming, it really deserves its name!"

Wu Shan sighed.

"Wu Shan, these dead men are still here, indicating that the Han family was just destroyed soon, we will look for it again, maybe there is still a live mouth!"

Lu Ming said.

Immediately, the two looked up in this area, but the two were a lot more careful, converging their breath and hiding their bodies, for fear of being discovered by the dead.

Chu Tianxing's overall strength is much stronger than Qin Tianxing's.

As one of the two hegemonies of Chutian Xingyu, Han's family is also very strong. It is much stronger than the Chiyan and Bingpo clan of Qin Tianxing.

The master who can quickly destroy the Han family, the other party's master is absolutely terrible. If they encounter such a master, Lu Ming will be in trouble.

"Be careful, someone!"

While walking, Lu Ming suddenly opened his mouth, and both of them hid their bodies.

Uh! Uh! Uh!

A ray of black light rose up into the sky, straight above the clouds and into the starry sky of the universe.

It was those dead men. These dead men suddenly left here, making Lu Ming and Wu Shan a little puzzled.

The two pondered for a while and continued searching in this area, but found nothing.

"Someone over there!"

After a while, Lu Ming and the two saw a figure flashing in front of them, and they converged, carefully approaching, and found that they were a few black robe people.

"There is no more live talk here, but we have just received news that the Han family and the core staff are outside, practicing at Chi Yanxing. Most of the other party knows our secrets, and they let us rush to Chi Yanxing!"

A black robe humane, although the voice is not loud, but still heard by Lu Ming and Wu Shan.

"Go, this time, the core members of the Han family must not let go!"

Another man in black robe followed his mouth, and then rose into the sky, flying into the universe.

"Han's family still has a mouth?"

Lu Ming's eyes lit up.

Hearing what the other party said, those who survived the Han family are likely to know important news.

Most of the black robe people who had left previously rushed to Chi Yanxing.

"The survivors of the Han family must not die. We must find the survivors of the Han family before the other party finds it!"

Lu Ming said firmly.

"I know where Chi Yanxing is, come with me!"

Wushan Road.

"Okay, go!"

Then, the two also rose into the sky, turned into two rainbow lights, and burst into the cosmic sky.

The two crossed the starry sky and came to a nearest teleportation station, stepped into the teleportation station, and rushed towards Chi Yanxing.

Chapter 3105: Last survivor

Chiyan Star, to the south of Chutian Star Field, is a barren land.

The environment here is very complex, and there are often star explosions that affect the environment here. The environment here is very hot. On the red flame star, it is all flames, and many treasures of fire creatures and fire attributes are born.

The people in Chutian Star Field like to come here to take risks and hone.

The Han family, only a core character came to Chi Yanxing to hone his adventures before he escaped.

However, the teleportation array cannot be sent directly to Chiyan Star, but only to a planet far away from Chiyan Star, and has to fly a long distance.

Lu Ming and Wu Shan crossed the starry sky and flew towards Chi Yanxing.

"Lu Ming, I'm hungry, I want to eat, do you still have that kind of treasure last time? I want to eat..."

Suddenly, the sound of the ball sounded in Lu Ming's mind.

Obviously, the few treasures Lu Ming gave the ball last time have been refined by the ball.

"Naturally, give it!"

Lu Ming took out several treasures from Xingyue Ancient City and gave them to the ball.

Lu Ming got about a dozen treasures, these treasures lost a lot of spirituality, but the materials are still precious, Lu Ming intends to eat the ball.

The ball turned into a metal ball, opened his mouth wide, stuffed several treasures into his mouth, chewed, and Wu Shan looked dumbfounded.

"Lu Ming, I feel like I am about to evolve!"

Ball fairway.

"Really, then practice hard!"

Lu Ming was overjoyed, and then the ball turned into a bracelet, which was put on Lu Ming's wrist again.

The two continued to fly, using their cultivation practices, and also flew for half a month before approaching Chi Yanxing.

In the void in front, a crimson planet, slowly spinning, is huge.

The two rushed towards Chi Yanxing and landed slowly.

"Where are the survivors of the Han family?"

Lu Ming frowned.

On Chiyan Star, there are peaks rising high into the clouds. On these peaks, there are many red plants, and there are roars of wild beasts.

At a glance, boundless.

It is even more difficult to find people on such a vast planet.

However, it's not easy to find, you have to find it.

The two flew at high altitude and began to look up.

However, after searching for ten days, I found nothing.

Lu Ming was anxious.

"We are not easy to find, and those who died are not easy to find. This is a good thing!"

Wu Shan persuaded.

Lu Ming nodded, and the two went on searching.

In a blink of an eye, another few days passed.

Buzz!

Suddenly, a strong breath filled Lu Ming's wrist.

This breath came from the ball.

The ball flew out of Lu Ming's wrist, turned into a round ball, suspended in the air, and exhaled a stronger and stronger breath.

To break through, the ball, actually at this time to evolve breakthrough.

Lu Ming smiled bitterly!

Not to break through early, not to break through late, but broke through at this time, but Lu Ming can only stop now and wait for the ball to break through to continue.

You can't just throw the ball here alone.

Wu Shan also looked at the ball with surprise and said, "Lu Ming, if you wait here, I'll find it first!"

"Then trouble you!"

Lu Ming said helplessly, now, it can only be so.

Wu Shan nodded, turned into a rainbow and left here, while Lu Ming waited here.

Fortunately, Lu Ming did not wait too long this time. A few days later, the ball exploded into a strong attraction. The spirit between the world and the world madly gathered towards the ball.

The ball is about to break through.

Immediately, Lu Ming took out a large number of top-grade **** crystals, shattered these **** crystals, and turned them into an incomparable spirit, rushing to the ball and being absorbed by the ball.

boom!

Suddenly, the breath on the ball rose sharply, breaking a bottleneck and entering another realm.

Triple King!

The ball went from the double of the king to the triple of the king.

Huh...

Still with a continuous energy, he gathered towards the ball and stabilized the ball's cultivation.

This is, Lu Ming took out the sound jade symbol and sent a sound to Wu Shan to let Wu Shan come back to join.

After half a day, the ball's breath calmed down.

"Lu Ming, I broke through, haha, your kind of treasure, the effect is too good!"

The ball grinned straight.

Lu Ming is also surprised. It seems that the treasures he brought back from the ancient city of Xingyue are indeed quite trivial. Although the spiritual loss is very serious, it still allows the ball to break another one in such a short time.

You know, this is the God King Realm, and it is not so easy to break through.

The ball broke the triple king, and the strength is undoubtedly stronger.

"Amazing!"

Lu Ming exaggerated, and then turned the ball into a bracelet, and landed on Ming Ming's wrist.

Uh!

A moment later, a rainbow of light came quickly, it was Wu Shan.

"Wu Shan, what clues?"

Lu Ming asked.

"There are clues. I just saw a few dead men in black and flew in one direction. I guess they might have found traces of survivors of the Han family!"

Wushan Road.

"What? Let's go, let's follow quickly!"

Lu Ming's face changed.

If the other party first found the Han family survivors and killed the Han family survivors, the clue was really broken.

Wu Shan led the way and the two flew in one direction.

Amidst a valley of flames, a young woman is fighting a flaming lion.

The flaming lion is very huge, with a height of tens of meters, a strong momentum, and full of eightfold cultivation practices.

And that young woman was only a sixfold cultivation practice of Tenjin, but it was inseparable from this lion's battle.

It can be seen that this woman is also a peerless arrogant. In fact, this woman, Han Ying, the third daughter of the Han family, was talented and mastered the divine power from an early age. It was the first arrogance in the young generation of the Han family.

Not far away, there are also two old men. These two old men are both the existence of God King Realm. This time they accompanied Han Ying to Chi Yanxing.

Obviously, they did not know that the Han family had been destroyed.

"Miss' cultivation is getting stronger and stronger. I believe that it won't take long for the gods to break into the seventh level of God!"

An old man smiled with a beard.

"Yes, after a few years, if the girl cultivates a little higher, she can be sent to Jiu Jue Tian Wang Mansion for cultivation. If you are fortunate enough to join Jiu Jue Tian Wang Mansion's starry sky camp, it's really going straight. At one end, it is not impossible to truly dominate the Chutian star field!"

The other old man also smiled, looking at Han Ying's eyes, full of doting.

Roar!

The flame lion roared, and the battle with Hanying became more and more intense.

Han Yingjiao drank, with a long sword in his hand, bursting out a sword light, the offensive became more and more sharp, slowly gaining the upper hand.

After dozens of tricks, Han Ying seized the opportunity and struck the flame lion with a sword, killing it.

Chapter 3106: Korean-English crisis

"it is good!"

After Han Ying killed the Flame Lion, the two old men applauded and laughed.

"Miss Three, you are only one step away from the Seventh Heaven of God. I believe you can make a breakthrough soon. After you make a breakthrough, we will go back and believe that the owner will be surprised."

An old man laughed.

"Okay, I will fight for a breakthrough within three months!"

Han Ying nodded, his eyes firm.

Uh! Uh! Uh! ...

Just then, there was a ray of black light lasing in the distance. After a few breaths, more than ten people in black robes appeared in the sky, surrounding Han Ying and the three people in groups. The body was filled with cold breath.

Han Ying and two other old men were shocked. Subconsciously, the two old men protected Han Ying in the middle.

"Who are you?"

An old man asked.

"You are Han Ying, Miss Han Jiasan?"

A man in black robe looked at Han Ying and asked.

"Yes, I am Han Ying!"

Han Yingdao.

"Hey, hey, good, finally found you!"

A black robe sneered with a cold voice.

"Are you looking for me? What's the matter?"

Han Ying asked.

"Find you, naturally kill you!"

The black robe sneered.

This remark made Han Ying and Han two old men's faces change wildly.

"Who are you? You can understand that we are from the Han family. If you dare to move us, the Han family will not let you go!"

Han Yingjiao drinks.

The Han family is one of the overlords of Chu Tian Xing Yu. It is very powerful. In Chu Tian Xing Yu, few people dare not give Han Jia a face, let alone kill the Han family.

"Hey, he won't let us go?"

Several black-robed people laughed, full of ridicule.

Seemingly wanting to see the despair of Han Ying and others, the black robe did not immediately start, a black robe sneered: "You probably don't know yet, your Han family has been destroyed, the Han family up and down, chicken dogs don't stay, the core of the Han family, there are only a few of you left, hehe hehe!"

This remark made Han Ying and the two old men violently shake their bodies, their faces unbelievable.

"Impossible, you bullshit, you want to scare us in this way, think about it, we won't be fooled!"

Han Ying yelled, difficult to accept.

"Don't believe it? Hey, let you completely die, see what this is?"

A man in black robe took out a breathing stone, which shone, and a projection suddenly appeared in the air.

On the projection, it was the scene of the Han family being destroyed. All the people of the Han family were killed and fell on the spot.

"No, no, no..."

Han Ying's body shivered, his face pale, and there was no trace of blood.

The two old Han families are similar.

"Hey, don't you feel hopeless and helpless..."

"Hey!"

More than a dozen people in black robe sneered. When they saw that Han Ying and others were desperate, they felt very happy.

They obviously could immediately kill Han Ying and others, but they did not do so. They just wanted to see the despair of Han Ying and others.

These deceased people have been rigorously trained since childhood, and life and death are in the hands of others.

"You, why do you want to do this, why do you want to destroy my Han family?"

An old Han family roared.

"Because, you Han family know what you shouldn't know!"

A black robe sneered.

"I fight with you!"

At this moment, Han Ying screamed and was going to fight towards the other party, but an old Han family waved and trapped Han Ying with divine power.

"Miss, the Han family has been destroyed, you can't die, you must escape!"

An old Han called.

"Yes, you are the only blood of the Han family, and you must not die. Even if we are desperate, we have to rescue you. You cannot die!"

Another old man also shouted.

"I want to live alive, it's really naive, well, now I'll send you on the road!"

A black robe's voice became cold and murderous.

"Rush!"

At this time, two old Han family took Han Ying and suddenly launched a fierce attack.

The two Han family elders are not weak in cultivation, and both of them are the strong king of the triple king of the gods.

bump! bump!

There was a man in black robe, and one was careless. He was blown out by two old Han families and vomited blood.

"court death!"

The remaining black robes drank coldly, a few terrible knife lights, and killed two old men, Han Ying and the Han family, as fast as electricity.

Among these black-robed men, there are two **** kings with fourfold existence, which is simply not rivals of the two old Han families.

As soon as the black robe shot, the old Han people knew that they could not stop it.

"Hurry up, let me hold them!"

One of the old Han family roared, and suddenly turned around, rushing towards the black robe, his body radiating a dazzling light.

This is to explode the star nucleus and all die.

"Grandpa Lu..."

Han Ying screamed.

"Go away!"

The old man shouted loudly, and then his body burst apart, and the **** king exploded in triple power, which was very amazing.

However, when he blew himself up, more than ten people in black robe were already prepared.

They retreated at the same time, rushing like electricity, avoiding the destructive power of the Han family's self-destruction, and some people were only slightly injured.

The remaining old Han family, with Han Ying, flew forward quickly.

"chase!"

More than a dozen people in black robes drank coldly and turned into black lights, chasing them towards Han Ying and the two.

The cultivation of the Han family elder is the triple king of the gods, and with the addition of a Han Ying, he can't run fast at all, and is quickly pulled close by the black robe.

"Don't my Han family die, even the last blood of the Han family?"

The old Han family was extremely sad and angry.

He was not afraid of death, but he was afraid that Han Ying could not be kept.

"Someone!"

Suddenly, his eyes lit up because he saw two figures in front of him and came quickly.

"It's just the Triple King of Gods, there is also a Heavenly God Realm, unfortunately..."

Immediately, the old Han's complexion dimmed.

What he saw was naturally Lu Ming and Wu Shan. He thought Lu Ming, like Han Ying, came out to practice.

Only God Triple is unable to help them at all.

"Two of you, go away, here is dangerous!"

The old Han family roared and reminded Lu Ming of them.

However, Lu Ming, they came to Han Ying, how could they leave?

They continued to rush towards Han Ying and Han family elders.

"kill!"

At this time, the two strongest men in black robes were already catching up with Han Ying and three people, and they were cut out with a knife.

"Be careful!"

Lu Ming reminded loudly that he and Han Ying were still a bit far away, and he was too late to help.

At a critical moment, the old Han family suddenly pushed Han Ying out, and his returning ancestor resisted alone.

The old Han family struggled to cut out a sword light, but the triple king of the gods was too far away from the fourth heavy king. The sword light was cut and the sword light shattered. The old man of Han family tried his best to dodge and still had one arm cut off.

The old Han family retreated, coughing up blood and pale.

Chapter 3107: Save

The old man of the Han family was hit hard and his face pale.

But because he resisted so much, Lu Ming and Wu Shan finally arrived.

Lu Ming caught the old Han family with divine power, and the divine power poured into the other party to help the other party stabilize the injury, saying: "Senior, are you okay?"

"You... why don't you leave?"

The old Han family said a long sigh.

"Hey, let's go, no one of you can go!"

At this moment, the black robe has arrived, and more than ten people in black robe have surrounded Lu Ming and others.

"It didn't matter to you, but it was about to die, even you killed together!"

A man in black robe glanced coldly at Lu Ming and Wu Shan.

But Lu Ming was too lazy to ignore the black robe, but looked at Han Ying and the old Han family and asked, "Two, are you from the Han family?"

Han Ying and the Han family stunned slightly.

"Yes, we are indeed from the Han family, are you?"

Old Han said.

"We are here to save you, the Han family has been destroyed, but you cannot die!"

Lu Ming said.

"Save us, unfortunately, the other party is too strong!"

The old Han sighed.

"Want to save people? Shoot together, kill them, and fight fast!"

A god-robed man in black robe drank coldly, then cut out with a knife, and slammed towards the landing.

Lu Ming dared to ignore him just now, he killed Lu Ming first.

"Be careful!"

The old Han people shouted. Although they knew they would die today, they were still very anxious.

"let me do it!"

Lu Ming said lightly, and then stepped out, the figure appeared in front of the old Han family, punching at the knife of the black robe.

When Lu Ming punched out, the ball wriggled automatically and wrapped Lu Ming's fist tightly.

when!

Lu Ming's fist was bombarded with the opponent's war knife, and a loud noise erupted.

The opponent's war knife kept shaking, and the black robe's body also shook, drifting back.

what?

Everyone else was shocked, Lu Ming was able to repel the black robe, but the black robe was the existence of God King Wuzhong.

The Han family's eyes lit up, maybe they were saved.

"Damn, let's kill this kid first!"

The man in black robe was also shocked in his heart, and then shouted, his body burst out with a more amazing breath, and he used all his strength to kill the landing.

He didn't use his full strength in the move just now.

"kill!"

"kill!"

Other black robes also slammed towards the landing.

More than a dozen black robe join forces, the power is amazing.

"Exactly, solve it together!"

Lu Ming's eyes were cold and he punched again.

Creak...

This time, a flash of lightning burst out of his fist. More than ten huge lightning bolts, with Lu Ming's fist as the core, rushed out and rushed to more than ten black robe people.

The attacks of the black robe were struck by lightning and collapsed directly, then the body twitched and flew backwards.

More than a dozen black robe people, except for the two **** kings, all the other black robe people fell to the ground, covered with black, and no longer had the slightest breath.

These black robes were directly killed in seconds.

There are only two black robes of the four kings of God, who have not yet died, but they are also badly hit, covered with black, constantly smoking black smoke, and the breath is extremely depressed.

The ball, just broke through the triple king of the gods, already had the strength to kill the quadruple of the king, but the power just now was too scattered, so that the black robe of the four kings of the gods survived.

Seeing this scene, Han Ying, the old man of the Han family, dumbfounded, almost thought he was dreaming.

Lu Ming's move, more than a dozen people in black robe, almost wiped out.

"Run! Run!"

The remaining two black robes rushed in two directions, fleeing frantically.

"Ball, kill!"

Lu Ming waved his hand and the ball flew out, killing one of the black robe.

The man in black robe was seriously injured and dying, and his speed was greatly reduced. He was overtaken by the ball in a few shots. On the body of the ball, a sword was extended and cut with a knife.

The man in black robe desperately resisted, but even in his heyday, he was not an opponent of the ball, let alone a serious injury and dying.

When the ball was cut off, the person was cut in half and killed on the spot.

Then, the ball's body dribbled around and killed another black robe.

Seeing that the distance between the ball and the black man is getting closer and closer.

The man in black robe, knowing that he could not escape, shouted: "You killed us, you are going to die, **** tongue!"

The man in black robe stopped suddenly, turned and screamed, his body glowing with strange red light. Then, he opened his mouth and flew a **** red snake from his mouth.

This little snake is not an incorporeal body, but a real entity, a real snake.

bump!

As soon as the little snake flew out, it exploded, and then turned into a blood, rushing towards the landing.

The speed of this bloodlight was surprisingly fast. Lu Ming wanted to dodge. It was too late. The bloodlight rushed directly into Lu Ming's body and disappeared.

Lu Ming felt it carefully, and found that he had nothing at all, ran his divine power, and did not find the existence of the blood.

But at this time, the ball has already caught up with the black robe, cut off with a knife, and beheaded the black robe.

"Go, we will leave here soon!"

After the ball killed the black robe, he flew back to Lu Ming's wrist and turned it into a bracelet again. Lu Ming came to Han Ying and several people said.

"Who are you? Why are you saving us?"

The old Han asked.

"Wait a moment, leave now. The black-robed man just now is just one of them. The black-robed man who came to this planet is more than that. If we meet the stronger, we will all die!"

Lu Ming said.

Han Ying, the old man of the Han family nodded. Several people rose into the sky and rushed toward the sky.

Soon, they flew out of the atmosphere and rushed towards the universe.

"Let's go to the nearest teleportation array first!"

Han Yingdao.

"No, since these black-robed people are looking for you in this area, they must have been arranged long ago. There must be strong guards in the nearby teleportation array. When we go, we will go to the net!"

Lu Ming said.

"So... what should I do?"

Han Ying looked white.

"Fly, only fly far enough, and then pass the teleportation array and leave here!"

Lu Ming said.

Then, Lu Ming and his party randomly chose a direction and flew at full strength.

Shortly after Lu Ming left, the place where the black robes were just killed, the figure flashed, and there were more than a dozen black robes.

Looking at the corpses of more than ten black-robed men, these black-robed men exuded an amazing murder.

"The target escaped, most of them were rescued!"

A black robe humane.

"What about then?"

Someone asked.

"Has already been in charge of the technique of blood tongue introduction, if he has the time to perform the technique of blood tongue introduction, the other party cannot escape!"

A black robe was humane, and then the man stretched out his arm, only to see his arm covered with blood-red silk threads, sparkling and strange.

Chapter 3108: Summon Bone Demon

"Liu Ran has performed the technique of blood tongue introduction, and found that the other party has escaped this planet..."

That black robe is humane.

"Notify others, then, chase!"

One of the strongest men in black robe gave orders, and then they rose into the sky, turned into a ray of black light, rushed out of the cosmic sky, chased in the direction of landing Ming they just escaped.

Lu Ming, Han Ying and several people, flying at full strength, extremely fast, flying across the planets.

They have been flying for more than half a month, while flying, while swallowing the Divine Pill to restore their power.

And Lu Ming has a lot of words and tricks, and there is an endless stream of divine power. He does not need Shendan to restore his divine power, but he also pretended to swallow Shendan to restore his divine power in order to avoid doubts by others.

"For so long, should we throw away each other?"

Han Yingdao.

"Okay, let's go to the planet in front of us and take a break to talk!"

Lu Ming said.

In front of, there is a planet with no souls. Several people landed, and then they served the Divine Pill and meditated to adjust their interest rates. Soon after, everyone basically recovered 70% to 80%, and their condition was much better.

"Two of you, who are you? Why should you save us, can you say it now?"

Han Yingwang asked Lu Ming and the others.

After this period of adjustment, Han Ying's mood has improved a lot, out of the sorrow of the Han family's destruction.

"We are from Jiu Jue Tian Wang Fu!"

Lu Ming said.

"Nine Peerless King's Mansion?"

Han Ying, the old Han family was surprised.

"Yes, a treasure in Jiu Jue Tian Wang Mansion was stolen. Jiu Jue Tian Wang Mansion has internal response. We are here to investigate the internal response..."

Then, Lu Ming briefly mentioned the case of the stolen Jiu Jue God Crystal and the backing behind Modu Mountain.

"It turned out to be so, it turned out to be so, it turned out that my Han family was silenced!"

Han Ying laughed sadly.

Lu Ming sighed. He didn't know how to persuade the other party about this matter.

"You are here, you want to know who is the backing behind Modu Mountain?"

Han Ying took a few deep breaths, his eyes showing a light of hatred.

"you know?"

Lu Ming's eyes lit up.

"I do know that my father once told me!"

"Modu Mountain, which produces Moya Spring, Moya Spring, can nourish the soul, is valuable, my Han family, and Fengyuezhong, have coveted it, but later, they were warned by others. The person who warned is the devil. The backing behind Dushan!"

Han Yingdao.

"Who is it?" Lu Ming asked quickly.

"Six Family of Jiu Jue Tian Wang Fu!"

Han Ying gritted his teeth, and the hatred was stronger.

"Actually Sikong!"

Wu Shan exclaimed.

"Sikongjia, which Sikongjia?"

Lu Ming asked.

He didn't know much about the family of Jiu Jue Tian Wang Fu.

"There is only one Sikong family among the powerful families of the Jiu Jue Wangfu!"

Wu Shandao still had a look of suspense in his eyes, saying: "This Sikong family is very powerful and stronger than the Jin family or the Qin family, but it has always remained neutral and rarely conflicts with other families. The most important thing is, The younger sister of the Sikong family is the princess of Jiu Jue King!"

"What? The princess of Jiu Jue?"

This time, even Lu Ming was surprised.

The sister of the head of the Sikong family is the princess of the nine kings, which is equal to the family. The Sikong family behind the scenes instructed others to steal the treasure of the king of the nine masters, the **** of the nine masters. What on earth do they want to do?

"The man behind Modu Mountain is really Sikong?"

Lu Ming whispered, very puzzled.

"It must be right. This was told by my father personally. Chu Tianxingyu, not only my Han family knows, but Feng Yuezong also knows, that is, knowing the backing behind the other party, my Han family, I dare not move the Modu Mountain, By the way, Feng Yuezong, how is it going?"

Han Yingdao.

"Fengyuezong, was also destroyed, there is no living mouth!"

Lu Ming said.

"Sure enough, really, what a ruthless means, what a ruthless means, this hatred, I must report it!"

Han Ying clenched his fists, his eyes full of hatred.

"No good, go away, the other party is chasing!"

Suddenly, Wu Shan exclaimed.

Everyone looked up at the starry sky in the universe. Sure enough, they saw a few black rays of light in the starry sky, and flew towards this side quickly.

"go!"

Lu Ming shouted, and everyone dared not stay in the slightest and rushed in the other direction.

A big escape begins.

In a blink of an eye, three months have passed.

On this day, several figures suddenly appeared on top of a meteorite. It was Lu Ming and others.

However, Lu Ming originally had four of them, but now there are only three left.

Lu Ming, Wu Shan, and Han Ying.

All three of them had wounds on them, their breath was weak, and their faces were pale, apparently after fierce fighting.

These three months of escape can be described as dangerous and dangerous.

On one occasion, they were overtaken by a group of people in black robe, and the two sides fought.

In that battle, they were all injured, and the old Han family also died in that battle. Finally, the ball struggled to get injured, and they escaped dangerously and dangerously.

"During this time, no matter how we escape, the other party can catch up, what's going on?"

Lu Ming frowned.

"The other party must have some way to track us, Lu Ming. Do you remember a black robe man who used the blood snake technique and a red light fell on you?"

Wushan Road.

"It turned out to be that red light!"

Lu Ming suddenly.

The man in black robe, dying with a red light, landed on Lu Ming. Lu Ming's body was not different. After careful sensing, he could not find any anomalies.

Mostly it was a mark, which fell on Lu Ming, and the other party could find them through this mark.

No wonder they keep escaping and changing directions, and they can't get rid of each other.

"Today's plan, I can only help the bone demon!"

Lu Ming whispered, and then a dark skeleton appeared in his hand.

This bone, Lu Ming left Qin Tianxing domain, bone demon gave him.

Bone Demon, still practicing in the mysterious realm of the dragon, looks forward to restoring the strength of the dragon to the strongest, to see if it can step on the **** king.

When Lu Ming left, Bone Demon gave him this dark bone and told Lu Ming that if anything happened, he would urge this bone, even if Lu Ming was in Jiu Jue Tian Wang Mansion, Bone Demon could sense it, Will rush to help him.

This is much easier to use than Chuanyin Yufu. Chuanyin Yufu is too far apart to send messages.

In the high-level Chuanyin jade, there is also a distance limit, and it is difficult to transfer from Qin Tianxing to Jiu Jue Tian Wang Mansion.

Of course, some powerful forces naturally have special methods to quickly transmit messages.

In this situation, Lu Ming can only ask for help from the bone demon. He can't solve it by his own strength.

Promote the divine power, infused into the dark bones, the dark bones suddenly filled with mysterious fluctuations.

After a few flashes, he calmed down.

Chapter 3109: Ready to fight back

"I have contacted a senior expert now, he will come soon, but we must avoid the pursuit of those black robe dead before he arrives!"

Lu Ming said.

Wu Shan, Han Ying nodded, and their eyes looked forward.

Numerous meteorites are suspended in the cosmic sky ahead.

Countless meteorites of different sizes are suspended in the cosmic starry sky, the borders are endless, and the end is not visible at a glance.

In the long past, it is estimated to be a tragic battlefield. Many planets were exploded, forming countless meteorites, floating in the cosmic sky.

Their goal is this area.

This area is extremely complex. There are countless meteorites, disorderly, and some are huge. Next, they will use this terrain to avoid the opponent's pursuit and prop up the bone demon.

"go!"

Lu Ming took a sip, and the three flew forward into the meteorite group.

Soon, they disappeared into the meteorite group.

...

When Lu Ming fled, Jiu Jue Tian Wang Mansion, Sikong's house!

In a secret hall, there is a man in black robe who tells the news to a middle-aged man.

This middle-aged man is now the head of the Sikong family, Sikong Nan.

bump!

Si Kongnan patted the chair handle, exuding a terrible breath on his body.

"It's really a group of waste. Even a small force in the Chutian Star Field can't be wiped out. What am I doing to support you?"

Si Kongnan's cold voice sounded, causing the black robe to tremble.

"Lord, according to reliable information, the Miss Han family was rescued by Lu Ming!"

That black robe is humane.

"It's Lu Ming again, that little debris, always bad for me, really to death!"

Si Kongnan drank coldly and said, "Go, send more masters, you must kill them. Our news must not be leaked!"

"Yes, the subordinates will do it here, and they must send the strongest master!"

The black robe nodded again and again, and then turned away.

"No, I still don't worry. This matter must be foolproof. I still have to go by myself!"

Si Kongnan whispered, then flicked away and left here.

...

Chu Tianxing domain!

Just over three hours after Lu Ming entered the meteorite group, a figure appeared outside the meteorite group.

All of them are black robe, the number is dozens of them, all are masters, the worst, all have the practice of God King Realm.

"The target is in this meteorite group!"

One of the black robe is humane.

"Huh, do they want to use this meteorite group to hide and seek with us? Ridiculously, we spread out and went in to find out where they could hide. When there is news, they immediately notify others!"

A powerful black robe humane.

Immediately, dozens of people in black robe spread out and flew into groups of meteorites.

Lu Ming, Wu Shan, and Han Ying did not stay in one place after flying into the meteorite group. After staying on one meteorite for a period of time, they immediately shifted their positions to another meteorite, which disturbed the other's search.

In this way, they walked around in the meteorite group for three days.

"Who?"

Suddenly, Lu Ming sipped in one direction.

"Boy, is Lingjue quite keen?"

A chuckle came out, and then, a black man appeared in front of them.

Seeing the big man in black, Wu Shan and Han Ying's faces changed greatly, and they were all tense, ready to fight.

But Lu Ming smiled and said, "Senior Bone Demon, you are finally here!"

Bone Demon is the speed, it is really amazing, just over three days, came here from the Qin Tianxing domain.

Hearing Lu Ming's words, Wu Shan and Han Yingchang exhaled a breath. They knew that Lu Ming's "predecessor" had arrived!

"Lu Ming, you are really embarrassed!"

Gu Mo smiled.

"Senior Bone Demon, don't ridicule me, by the way, when you come in, can you see some black robe?"

Lu Ming asked.

"I see, there are dozens of people, many of them masters, looking for you everywhere!"

Bone Magic Road.

"Very well, now, let's blow them all away!"

Lu Ming's eyes flashed with a killer.

After being chased and killed for so long, he had already suffocated his stomach and now it was time to fight back.

"Lu Ming, what are you going to do?"

Bone Demon smiled.

"Of course it is to lead them to hook themselves!"

Lu Ming smiled slightly.

Then, instead of escaping, they rushed in the original direction.

Soon after...

Uh! Uh! Uh! ...

The figure flashed, and five or six people in black robes surrounded Lu Ming.

"Boy, how do you escape?"

One of the black-robed men grumbled, and the killer was as cold as a knife.

They glanced at the bone demon, but the bone demon calmed down. With their cultivation behavior, they could not see the depth of the bone demon at all, so they did not put the bone demon in their eyes.

"Run away, why should I run away?"

Lu Ming sneered.

"Don't run away? You know you can't run away!"

A black robe sneered.

These black robe people did not rush to attack. They were still a bit scrupulous towards Lu Ming. Now they have fewer manpower. If Lu Ming is desperate, most of them will have to lose.

Now they have occupied favorable conditions, and they have already vocalized to others before. The others will come soon, and they will deal with Lu Ming easily.

Black robe people do not do it, Lu Ming them, naturally do not do it.

Lu Ming is also waiting, waiting for those black robe people to come together and wipe them out.

Wu Shan and Han Ying were worried.

After all, they didn't know the strength of the bone demon, but when Lu Ming looked calm, they could only wait with a scalp.

Several black robe people are also a bit strange, why Lu Ming did not break through?

Don't break through now, and wait for them to have more people, wouldn't it be a chance?

"Huh, whatever trick you play? In front of absolute power, it's a dead end!"

Some black robe thought.

Sure enough, it didn't take long for the figure to flash, in all directions, and people in black robe kept coming together.

Dozens of black robes surrounded Lu Ming in the middle.

"Why didn't you do it, kill them!"

A black robe from behind came indifferently, slashing towards the landing.

This person's cultivation behavior, strong terror, violent breath, Lu Ming feels that his body is locked, difficult to move.

The cultivation behavior of this black robe is absolutely above the five levels of the **** king.

Fortunately, they had not met this person before, otherwise, they could not escape.

But now...

Bone Demon stepped out and came to Lu Ming, then stretched out a palm and grabbed.

Suddenly, a huge dragon claw appeared in the air, and grabbed the black robe. The knife light of the other party shattered like paper, and the dragon claw kept catching the black robe. live.

what!

The black robe yelled incredulously.

Chapter 3110: Clash of the Pinnacle King

The man in black robe was grabbed by the bone demon and shouted in horror.

He is the cultivation practice of the six kings of the gods. In front of the bone demon, he is like a ant and can't bear a blow.

bump!

Bone Demon squeezed hard, and the man in black robe burst directly and fell on the spot.

"how is this possible?"

The rest of the black robe were shocked and unbelievable.

A master of the six kings of God, this has not been pinched to death.

This man in black robe is one of them.

"Go, go, this person is unbeatable!"

"go!"

Some people in black robe shouted and retreated, trying to escape.

It's so terrifying to be able to easily kill a king of the six heavyweights, and they can't deal with it.

Roar!

At this moment, the bone demon gave a roar, dragon yin bursts, terror fluctuations erupted from the bone demon's mouth, forming a circle of shock waves, rushing in all directions.

bump! bump! ...

Those who were in black robe were hit by the shock wave, all burst, and fell on the spot, the bones were gone.

Dozens of black robe people all fell.

"This this..."

Wu Shan and Han Ying were dumbfounded.

Dozens of powerful black robe men, after the bone demon roared, were all destroyed.

They finally knew that since the bone demon came, Lu Ming would be so relaxed and so calm. The strength of the bone demon was too strong and unfathomable.

"This person's strength is not under the owner!"

Wu Shan turned a thought in his heart, and was terrified.

This kind of master, even in Jiu Jue Tianwang Mansion, is a hegemony. Unexpectedly, there is such a master around Lu Ming.

"There are a few more, I'll just go!"

Bone Demon said, his figure flashed and disappeared.

Just now, not all people in black robe who entered the meteorite group have come. Some are far away, and they haven't had time to come yet.

Bone Demon is to destroy them all.

They didn't wait long before the bone demon returned.

"It has been solved, now where are you going?"

Bone Magic asked.

"Go to Jiu Jue's King's Mansion and expose the Sikong!"

Lu Ming said, a cold light flashed in his eyes.

Obviously, it was Sikong who repeatedly sent people to assassinate Lu Ming before. Lu Ming felt uneasy if he did not completely solve the problem.

"go!"

With a wave of his hand, Bone Demon used his magical power to cover Lu Ming and others, rolled up Lu Ming and others, and walked away.

Bone Demon's speed is too fast, across the starry sky, stars are constantly flying past them.

There are a total of two trans-celestial teleportation arrays in Chutian Star Field, and they flew towards one of them.

In just half a day, they were close to one of the interstellar teleportation arrays, flying faster than Lu Ming, I do not know how many times faster.

This interstellar teleportation array sits on top of a huge meteorite. Near this meteorite, there is a huge commercial planet.

Several people flew towards the teleportation array.

"not good!"

At this moment, Bone Demon's face changed slightly.

boom!

Before Lu Ming had responded to them, a shocking atmosphere and a strong pressure broke out on the meteorite with interstellar teleportation array, which locked them.

"Finally waiting for you, I didn't expect that there was a **** king's presence to intervene. No wonder the waste can't take you!"

A cold voice came from the meteorite.

As soon as the sound rose, Lu Ming appeared in front of them, and an old man in black robe appeared.

This old man, covered with black light, was overwhelming, terrifying, like an abyss, devouring everything.

"This cultivation base is... God King Peak!"

Lu Ming drew a cool breath, showing horror.

This old man's breath gives him the feeling that he is no weaker than the Jin family head and others, and this is a strong overlord.

Unexpectedly, in this teleportation array, there is actually a strong king of the **** king, Sikong, really put down the blood.

boom!

At this moment, a breath also broke out on the bone demon, dispersing the old man's breath.

"kill!"

The old man was very direct, and he used a killing trick directly. With a slash in the palm of his hand, a violent sky dagger burst out, slashing towards the bone demon.

Roar!

There was a roar in the bone demon's mouth, and his body suddenly became larger, turning into a body of the dragon.

boom!

The dragon claws collided with the sword light, and the whole void thundered, as if to collapse.

Fortunately, they are fighting in the cosmic sky, otherwise, it is really ruined.

Buzz!

Daoguang shook wildly, and then shattered, and the bone demon's body also twisted back tens of thousands of meters.

"Depending on your strength, you still want to kill us, but you are too confident!"

The bone demon roared, and the dragon claws continued to probe, grabbing the old man.

"Chop! Clash!"

A sword appeared in the old man's hand. The swords were continuously cut out, and a dreadful of knives rose into the sky, huge and boundless, slashing towards the bone demon.

Bone Demon, fighting with the old man, stirred up endless energy.

However, the bone demon always kept Lu Ming behind them, otherwise under such vigor, Lu Ming could not resist them.

"God, what a terrible thing, what is that war?"

Near the interstellar teleportation array, many people were disturbed by the war here. Looking at this side, they were terrified.

They have never seen such a war, Chu Tianxingyu, there is no such strong presence.

"Too scary, so scary, this is about to destroy the world!"

"Go, we are far away, and if it is affected, it will be miserable!"

Near the interstellar teleportation array, many people flew far away, for fear of being affected.

Bone Demon, who had fought dozens of moves in a row with Black Clothes, finally began to gain the upper hand.

The bone demon's body is a ghost dragon, surpassing the existence of the **** king, with an indestructible body and amazing defense.

The bone demon is fighting, you can not care about your defense, and the combat power is naturally stronger.

"Senior Bone Demon, this person is delaying time, there may be a helper!"

At this moment, Lu Ming gave a voice to the bone demon.

"Don't fight you!"

As soon as the bone demon repelled the old man in black, with Landing Ming and others, he wanted to rush towards the interstellar teleportation array.

"In my hands, still want to go? Stay!"

The old man in black opened his mouth indifferently, and the sword changed. His sword was not cut to the bone demon, but to Lu Ming and others.

Lu Ming and others suddenly changed color, and the other party's knife was far away from them, and they felt a horrible knife pressure on them. Their bodies seemed to burst apart.

Fortunately, the bone demon shot in time, and the dragon flew its tail, defeating the opponent's sword, otherwise Lu Ming would be killed in a few minutes.

In the face of this kind of **** king, no matter whether it is Lu Ming or the ball, there is no resistance at all.

"kill!"

After the attack of the old man in black was blocked, his sword changed again, and he killed Lu Ming and others.

Bone Demon can only resist, so in this way, Bone Demon wants to take care of Lu Ming and distracted them, where they rushed past and were entangled by the old man in black.
