

D Emperor 3111

Chapter 3111: Horrible enemy

The old man in black, constantly attacking Lu Ming, distracting the bone demon, so that the bone demon was entangled, so that the bone demon could not rush over, and used the interstellar teleport to leave.

The other party obviously wanted to haunt them and wait for help.

The other party is likely to have the strongest of the God King's Peak Realm, and came to the Chu Tianxing Realm.

Lu Ming although they were extremely anxious, but they could not help it.

Sure enough, after the two sides struggled for a while, the interstellar teleportation array on the meteorite lit up, and several figures appeared in the interstellar teleportation array.

The figures of several bodies completely wrapped in black robes were completely indistinct, and they looked exactly the same as the previous dead.

As soon as these people appeared, their eyes looked at the distant starry sky, to the battlefield between the bone demon and the old man in black.

Uh! Uh! Uh!

Then, several people turned into a few black lights, soared into the sky, and rushed to Lu Ming on their side, the speed of terror.

A few breaths, a few black robe people, appeared from Lu Ming not far from them.

"You just came. These few people are our goal. We shot together and killed them!"

The old man in black spoke.

"kill!"

"kill!"

A total of three black robe men shot at the same time, and three blood-red swords slashed to Lu Ming and Gumo.

The attack of the three men was astonishing.

Even the attack of one of them is no weaker than the old man in black. There is no doubt that this is also a strong man at the peak of the **** king.

The other two men in black robe are slightly weaker, but they are also terrible, and they are also terrifying and powerful.

With so many powerful players shooting together, Bone Demon's face changed.

"We can't go away with this interstellar teleportation array, let's retreat first!"

Bone Demon anger screamed, huge body rolled up, protecting Lu Ming, they backed back.

Keng! Keng! Keng!

A terrible blade of light, chopping the scales on the bone demon, issued a clang, and Mars was shining, but did not break the bone demon's defense.

"How can the body of the Divine Monarchy be possible?"

The old man in black shouted in shock.

With their cultivation practices, they can't break the bone demon's physical defense. There is only one possibility. The bone demon's physical body is the physical body that exists above the **** of detachment.

Above the Divine King, it is the God's monarchy, meaning God's monarch.

Divine prince, do not know how much stronger than Divine king

"Rush!"

Bone Demon's body vibrated, and the scales on his body were only a few more marks, nothing at all.

"Block them!"

The old man in black roared, and showed his strength to the utmost. A horrible sword, as if he could open the sky, cut them to Lu Ming.

Several other black-robed men also launched violent attacks.

However, the bone devil curled up, protecting Lu Ming from them, ignoring their own defenses, barbaric collisions, and attacks by the old men in black, etc., which were constantly knocked away.

At this time, another figure appeared in the interstellar teleportation array. This is a middle-aged man. As soon as this person appeared, he rushed into the starry sky and launched an attack on the bone demon.

This big man is actually a strong man at the peak of God King.

In this way, the opponent dispatched three strong kings of the God King to attack the bone demon. This lineup is really terrifying. In the Jiujuue Heavenly King Mansion, no one can beat the gods unless it is shot by the **** king.

The masters of the three great kings of the peak launched a terrible attack, and the attacks fell on the bone demon. Rao was the bone demon but the body of the dragon. Originally it was the flesh of the **** monarch realm. There are more and more marks on it.

If the bone demon relied on the powerful body of the dragon, it is definitely not the opponent of the other party.

Lu Ming's face was solemn. The Sikong family actually sent so many masters in order to kill them, and two of them showed their true colors. This is the determination to kill them.

"With these few hairs, I also want to block this seat and dream!"

Bone Demon roared, bursts of dragons chanted in his mouth, his body glowed with black light, and he kept on impacting.

His lifeless play finally achieved results.

The masters of the three Divine Realms are divided into three directions to siege the bone demon, so the bone demon impacts one direction, but there is actually only one person.

There are also two black-robed men who are not strong at the peak of God King.

Under the impact of the bone demon, the strongman over there stepped back and forth.

"Refund me!"

Bone Demon yelled, and Dragon Claw stepped out constantly, slamming towards the strong man in front.

Boom!

The strong man collided with the bone demon for dozens of times in a row. Under the deadly play of the bone demon, the figure retreated.

Will the bone demon miss this opportunity, roll up Lu Ming, burst out, burst out of the encirclement, and then fly quickly towards the distance.

"Damn, chase!"

"Never let them run away!"

The three strongest kings of the God King will use their speed to the extreme and chase them to Lu Ming.

After the two sides chased and fled, they flew a long distance in a blink of an eye.

"Want to catch up with this seat and dream!"

Bone Demon sneered, cast a certain secret technique, the speed became faster and faster, and slowly pulled away from the other party.

The three masters in the rear were very anxious, and the master of the Sikong had already issued a death order, and Lu Ming could never let them escape.

Lu Ming and them, most of them already know the secret. If the Sikong family is exposed to steal the mastermind behind the Jiuju God crystal, then the Sikong family will face the disaster of extinction.

Therefore, Lu Ming they must die.

The three masters showed their full strength and chased them towards the bone demon, but their speed was still a bit slower than that of the bone demon, and was slowly pulled away by the bone demon.

In this way, sooner or later, they will be run away.

Buzz!

At this moment, Lu Ming's void in front of them suddenly fluctuated, and the space rippled like waves.

At the next moment, a figure suddenly appeared in the void.

This is a middle-aged man. He looks handsome, but his face is cold, and his eyes are open and closed.

"kill!"

Ruthless middle-aged, spit out a word indifferently, his palm slashed down against the bone demon.

Suddenly, a blade of light burst out from the palm of a cold middle-aged man.

Horror, terrible!

As soon as this knife light came out, Lu Ming produced a great horror, as if it would be destroyed in the next moment. Lu Ming has never encountered such a terrible enemy in reality.

The sword light shook the sky and cut through the universe starry sky, as if to split the entire starry sky in half.

Lu Ming has no doubt that if this blade of light is cut on a life planet, I am afraid it can split the life planet in half.

"not good!"

Bone Demon's face changed wildly, and his body twisted, he would fly in the other direction, but it was too late.

Poof!

The blade of light was chopped on the bone demon's body, blood was splattered, and the bone demon was cut into a wound that was thousands of kilometers long, almost splitting the bone demon in half.

Chapter 3112: God appears

Bone Demon was hit hard with a knife, vomiting blood, and flew out.

"Shenjun, it's a Shenjun!"

Bone Demon shouted in shock.

That ruthless middle-aged man is actually a strong man in a divine realm.

Divine King, in Jiu Jue Tian Wang Mansion, is the real overlord, generally seldom shot, representing invincibility.

Now, there is a **** who shot.

"Homeowner!"

In the rear, the three old men in black also arrived, and they exclaimed when they saw the cold middle-aged.

This person is actually the head of the Sikong family.

"It's really waste. If I didn't do it myself, I would have to be run away by them!"

The chief of the Sikong family snorted.

The three old men in black did not dare to say anything.

The peak of the **** king is only one step away from the **** king, but the gap is very different, which is greater than the gap from the peak of the **** to the realm of **** king.

They tried their best to break the bone demon's defense, but the head of the Sikong clan broke the bone demon's defense.

"It's finished, let's go!"

Bone Demon growled, ignoring the injury, and led them to land, and they rushed in the other direction.

"In front of me, still want to go?"

The Patriarch of the Sikong family spoke indifferently, and stepped out in one step. Next, his figure caught up with the bone demon, and his palm was like a knife, and he came out again.

Uh!

It was another horrendous dagger that cut towards the bone demon.

This knife completely locked the bone demon, and the bone demon could not escape at all.

puff!

The knife light was chopped on the bone demon's head, blood flashed, and the bone demon's head was directly cut off.

You Long's body was chopped up, and he could no longer protect the landing Ming Ming, Lu Ming they quickly backed up, standing in the void, pale.

Uh!

A black light rushed out of the head of the ghost dragon. This is a dark skull, which is the bone demon.

Bone Demon rushed into Lu Ming's eyebrows and shouted: "It's finished, Lu Ming, this time it's really finished, I didn't expect to provoke a god, this time we are going to die together!"

"Shenjun..."

Lu Ming is also bitter.

In the back, there are three **** king peaks, in front, there is a **** king.

Shenjun, it is so strong that even Youlong's flesh is easily cut off, and they have no chance at all.

"Interesting, the dragon's flesh is actually dominated by other souls, and it is the ghost dragon's flesh of the Divine Monarch Realm, which is really a good harvest!"

The Sikong patriarch smiled lightly, waved his hand, and put away the dragon's body.

The dragon body is also the body of the Divine Monarch Realm. It is a treasure all over the body, and it is also very exciting together with the strong man of the Divine Monarch.

Then, the eyes of the Sikong patriarch looked at Lu Ming.

At this moment, Lu Ming's consciousness of the sea, the word measurement tactics and the war character tactics, shrank rapidly, narrowed into a light spot, so as not to be discovered.

Han Ying and Wu Shan were pale and their bodies shook slightly.

It is not fear, but the body is involuntarily in the face of such terrifying existence.

"How to do?"

In Lu Ming's mind, he quickly pondered the countermeasures.

But without a plan, it works.

In the face of this kind of existence, any strategy is useless and will be crushed by the other party.

"Copper copper coffin!"

Finally, Lu Ming thought of the copper copper coffin.

No way, he could only open the copper coffin and try it.

However, in the face of the horrible strongmen such as the head of the Sikong family, even if he opened the copper and copper coffin, Lu Ming had no idea. Perhaps he could not kill the other party, but instead took himself in.

"Your name is Lu Ming? Very good. You can do this step at a young age. For so many years, you are the first, and this seat will kill you by hand!"

The head of the Sikong family stared at Landing, and spoke indifferently.

boom!

At the next moment, the head of the Sikong family shot directly, leaving no room for Lu Ming to speak.

A vast blade of light blew towards Landing, and Han Ying and them cut off.

Dazzling, extremely dazzling.

In Lu Ming's eyes, it seemed that there was only this blade of light, and everything else disappeared.

Daoguang slashed towards them, but Lu Ming did not move them.

It is not that they do not want to move, but that they cannot move.

"Move, move!"

Lu Ming shouted in his heart, he wanted to take out the copper copper coffin and fight desperately, but his body, unable to move at all, was suppressed by an invisible air machine.

Lu Ming smiled bitterly. He knew that he was still naive. In the face of a strong man like the Sikong patriarch, he couldn't use it even if he had a copper and copper coffin on his body.

I can't do it desperately.

"Are you really going to fall here today?"

Lu Ming sighed in his heart. At this moment, he thought in his mind.

Seeing that Daoguang is about to fall on them.

If this story really fell down, Lu Ming, they would definitely not even have a little ashes left.

But here, Lu Ming was in front of them, and the space was also rippled. Then, two huge black fingers protruded from the ripples, facing the slashing knife.

An incredible scene appeared.

The blade light cut by the head of the Sikong family, which could destroy all the blade light, was actually caught between these two fingers.

Then, the finger shook slightly, and with a bang, the blade of light shattered directly.

Lu Ming, chill, Wu Shan several people, as well as the strong behind the three **** king peaks, dumbfounded.

The blow of the Divine Monarch Realm was easily destroyed.

"The extinction finger, the extinction finger, heaven... the king..."

The head of the Sikong family clan changed wildly and shouted in silence. In the end, his voice trembles, his face full of panic.

"Si Kongnan, you are so brave!"

A majestic voice suddenly sounded, echoing in the cosmic sky.

Then, the **** shrank back, and a figure appeared suddenly in front of Lu Ming.

This man, with a burly figure and wearing a Chinese costume, Lu Ming just saw their backs, but still felt endless majesty.

The breath of this person is as vast as the universe sky.

"Heaven...Heavenly King, his subordinate Sikong Nan, see him!"

The head of the Sikong family patriarch was extremely ugly, but still respectfully clenched his fists and respectfully saluted, his eyes full of fear.

Lu Ming and others were shocked.

King?

In Jiu Jue Tian Wang Mansion, there is only one person who is called King of Heaven and can make Si Kongnan so horrified and respectful. That is the control of Jiu Jue Tian Wang Mansion, Jiu Jue Tian Wang.

But, how can Jiujie King come here?

Behind, the strongest of the three **** king peaks also changed their faces wildly and became extremely ugly.

King Jiujie didn't speak, but just looked at Si Kongnan coldly.

Si Kongnan barely squeezed a smile on his face, and said, "Tianwang, you... why did you come here suddenly? Is it by accident, the subordinates have something to do, and immediately report to the king!"

After he finished, he made a wink at the masters of the three **** kings behind, let them start, kill Lu Ming.

Chapter 3113: Powerful nine kings

The appearance of Jiu Jue Tianwang shocked Si Kongnan. He wanted to kill Lu Ming before they spoke.

The power of the last three **** kings' peaks changed, and once they gritted their teeth, they would attack Lu Ming.

"Whoever wants to die, give it a try!"

The nine kings spoke lightly.

The masters of the three **** king peaks suddenly stiffened and did not dare to move.

"Kingdom, these people are committing crimes. They are extremely fierce and must be killed as soon as possible!"

Sikong Nan said.

"Nonsense, Master Tianwang, we found out that the chief of the Sikong family was the chief envoy who had stolen the Jiu Jue God behind the scenes, and he wanted to kill us and kill us!"

Lu Ming shouted.

"Little Bunny, with a yellowish tongue, dare to slander this seat, sin should be dead!"

Si Kongnan's face changed wildly, and a terrible breath erupted on his body. He wanted to kill Lu Ming.

However, the King of Nine Jue stepped out in one step, and the violent shock of the void, a force of terror, rushed towards Si Kongnan, and he instantly defeated Si Kongnan's momentum. Si Kongnan's body shocked and retreated.

"King, what... what do you mean?"

Si Kongnan looked ugly.

"Si Kongnan, do you really think I passed by accident?"

King Jiu Jue asked coldly.

"Hard... isn't it?"

Si Kongnan looked ugly.

"Nine Jue God Crystal has been stolen. Ben Wang has long known that there is internal response. He also suspected you, but there was no evidence, so Ben Wang didn't move and waited for you to show his feet!"

"This time, you really moved. Not only did you go out on your own, but you also sent the masters of the Sikong family as much as possible. This king will naturally come to see it!"

Nine Jue God King said indifferently.

"You... did you follow me?"

Si Kongnan's face was ugly and he was going to die.

"Not bad!"

Jiu Jue's eyes came cold and said, "Speak, why are you doing this? Who instructed you?"

"King, misunderstanding, misunderstanding, I'm not an internal responder, you can't believe the boy's words!"

Si Kongnan shouted.

"It's still sophistry, is it so stupid to be the king? Say, who made you do this?"

King Jiu Jue screamed, and a terrifying breath rose into the sky. Facing this breath, Lu Ming felt that he was like a ant, and the difference was too great.

Si Kongnan's figure was also a tremor, and even after retreating, he could hardly resist the momentum of the Nine Heavenly Kings.

Si Kongnan's face changed for a while, and suddenly, he looked behind Lu Ming and shouted, "What are you doing?"

After speaking, Si Kongnan suddenly rushed backwards, actually adopting the tactics of slamming east and west, and wanted to take the opportunity to escape.

"It's naive to play this little trick in front of this king!"

King Jiujiu spoke indifferently, and then shot with a palm.

boom!

The sky thundered, and a huge endless palm formed, pressing down towards Si Kongnan.

"Break me!"

Si Kongnan shouted, a sword appeared in his hand, and he cut it out with all his strength.

A brilliant blade of light rose into the sky, chopping towards the palm of the head.

This knife is at least several times stronger than the one that cut Lu Ming to them before.

Instead, the knife light was chopped on the palm of the hand, and it shook violently, then burst with a bang.

With violent palm power, Si Kongnan screamed, his body exploded, and hit a huge planet in the distance.

boom!

The planet roared violently, and half of the sphere exploded directly, like a splendid firework, with flames all over it.

Fortunately, that planet is a dead planet with no creatures, otherwise it is not known how many creatures will die.

Lu Ming was dumbfounded, beyond the **** prince above the **** king, simply outrageous, unimaginable.

"This is the realm I want to pursue, above the King of God!"

Lu Ming clenched his fists.

He always remembered that Xie Nianqing let him reach the God King before going to her.

He must reach this state.

Uh! Uh! Uh!

At the moment, Lu Ming behind them, the strong man of the three **** king peaks, his face changed wildly, turned into three rainbow lights, and flew backwards, this is to escape.

"In front of this king, still want to escape?"

King Jiujie's indifferent voice sounded, and then stretched out his fingers, pointing out three fingers.

Three huge fingers are formed, pressing against the strongest of the three **** kings.

what! what! what!

The strong men of the three Kings of the Gods yelled in horror. They found that they could not avoid this trick.

bump! bump! bump!

Three explosions sounded, and the three **** kings were strong, their bodies exploded and fell to the spot.

Lu Ming cold sweat DC, the strength of Jiu Jue Tian Wang, is really terrifying, but that is the pinnacle of the three **** kings, like the existence of the Jin family head, easily killed by a second, like killing three ants.

At the moment, Si Kongnan flew out of the exploding half of the planet.

He was not dead, just very embarrassed, his hair was scattered, his clothes were broken, and blood was hanging from the corners of his mouth.

In the realm of God, it is not so easy to die, but the trick just now was still hit hard.

As gods, Si Kongnan and Jiu Jue Tianwang have very different strengths.

"King of heaven, forgiveness, forgiveness!"

Si Kongnan shouted, he knew that, with his cultivation behavior, he could not escape in the hands of Jiu Jue King, so he begged for mercy.

"Say, who instructed you? You must have a purpose. What is the purpose?"

Jiu Jue Tian King drank coldly, his eyes flashing.

Si Kongnan shivered tremblingly, and he had no doubt that Jiu Jue Heavenly King would kill him.

Although, his sister is the princess of Jiu Jue Tian Wang Mansion.

"It was King Nine Swords, King Nine Swords told me to do this. He said that there was a way to make my cultivation a breakthrough. I was trapped in Shenjun for too long, so I was confused for a while and listened to him. what!"

Si Kongnan shouted.

"Nine Sword King!"

The cold light flashed in the eyes of Jiu Jue King.

He and the King of Nine Swords are enemies. They have been fighting each other for countless years, and no one can help anyone.

They were the enemies that they had forged when they were young. When they were young, Jiu Jie Tianwang had killed the brother of Jiu Jie Tianwang, so for so many years, Jiu Jie Tianwang had always wanted to avenge and destroy Jiuzhai Tianwang Mansion.

"What purpose does he let you steal Jiu Jue God Crystal?"

Jiu Jue Kings Road.

"He asked me to be the chief envoy behind the scenes, stealing the Jiu Jue God Crystal, and then let the major families of Jiu Jue Tian Wang Mansion suspect each other, fight each other, consume power, and let Jiu Jue Tian Wang Mansion fall into civil strife. In this case, wait for Jiu Jue Tian After the strength of the Wangfu is weak, he can lead the army and destroy the Jiu Jue Wangfu in one fell swoop."

Si Kongnan confessed to them.

"It turns out so!"

Lu Ming suddenly realized.

The purpose of the other party is to make those families of Jiu Jue Tian Wang Mansion suspect each other, fight each other, fall into internal friction and reduce the strength of Jiu Jue Tian Wang Mansion.

Chapter 3114: Divine King

I have to say that Si Kongnan's strategy is very clever and almost successful.

During this time, the major families of the Jiu Jue Tian Wang Mansion did indeed suspect each other and attack each other, and the contradictions became deeper and deeper. In this way, it will become a fierce battle, and it is not impossible.

"anything else?"

Jiu Jue's face was even colder, and asked coldly.

"No, just so much, King, forgive me. I was fascinated for a while and made a big mistake. I won't dare next time!"

"For my sister's sake, spare me!"

Si Kongnan shouted and continued to beg for mercy.

"Some things, once wrong, will have to pay a heavy price. If I forgive you, how can I explain to others in the future? Who will listen to me in the future?"

Jiu Jue Tian Wang spoke lightly, but the voice contained a cold killing opportunity.

Si Kongnan's face was ugly, and he gritted his teeth and rushed towards the rear, trying to escape.

Uh!

King Jiujiu also moved, and the speed was too fast to imagine. A blink of light narrowed the distance to Si Kongnan. After a few blinks, he caught up with Sikong Nan and pointed out.

The void shook like a wave, making a horrible explosion.

A huge finger pressed against Si Kongnan.

Si Kongnan shouted in horror and tried his best to confront, but his attack, his defense, under the attack of Jiu Jue Tianwang, kept breaking down.

"Ah, Jiu Jue, you must not die, and the boy, not to die..."

Si Kongnan roared angrily, but at the next moment, his cry stopped abruptly.

Because his body exploded directly under the finger of Jiu Jue.

Even with the powerful vitality of his Divine Monarch Realm, it is useless, the flesh bursts, the soul annihilates, and disappears completely in this world.

A terrifying and powerful man in the divine realm was just killed.

The vast universe, the great world, is so cruel.

Even if you cultivate as high as possible, but the strong is more powerful, if you can't do the strongest, you may fall at any time.

The vast vast universe has countless powerful people falling from moment to moment.

Therefore, every moment, every person who practices is thinking about improving himself and breaking through to a higher level. In order to break through, everything is done.

Just like Si Kongnan, he was trapped in the endless years of Shenjun. In order to break through his cultivation practice, he directly betrayed Jiu Jue Tian Wang to help the Dark Ice clan steal the Jiu Jue God Crystal and wanted to cause internal strife in Jiu Jue Tian Wang Mansion.

After killing Si Kongnan, Jiu Juewang waved his hand and grabbed Sikongan's storage ring in his hand. Then, a huge dragon body appeared in the air.

"This is yours, give it back to you!"

Jiu Jue Kings Road.

"Lu Ming, put it away, You Long's flesh was cut, it's useless to me, but it's still useful to you!"

Knowing the sea, the bone demon cried.

"Thank you heavenly king!"

Lu Ming clenched his fists and thanked, then put the body of the Yulong into a storage ring.

"This time, you can let Si Kongnan show his feet and pull him out. You have made great contributions!"

King Jiu Jue looked at Lu Ming with a faint smile.

"I'm just for self-protection, I shouldn't do much!"

Lu Ming said.

"Regardless of the reason, this time it was because of you that Sikong Nan was selected, and meritorious nature is rewarded. So, this king promised you a condition, as long as you put it forward, this king can do it, this king will never refuse to refuse. !"

Jiu Jue Kings Road.

This remark made Lu Ming's eyes shine.

Han Ying and Wu Shan are envious.

This is a condition of the King of Nine Jue, which is worthless.

"What conditions do you want to mention?"

King Jiu Jue asked.

"King of Heaven, can I leave this condition first, and I will mention it when I think about it, is it okay?"

Lu Ming said.

Lu Ming hasn't thought of any conditions yet. One of the conditions of Jiu Jue Tian Wang, but it is a once-in-a-lifetime opportunity that must be used on the blade. It is best to mention it when needed.

"The little guy is quite smart, okay, I will mention it when you think it is good. You can hold this piece of Jade Talisman. If you think about it, you can always send me a message!"

After that, the King of Nine Jue took out a piece of phonic jade and gave it to Lu Ming.

"Thank you heavenly king!"

Lu Ming was overjoyed to take it.

"Okay, Ben Wang will go back to solve the Sikong family, and leave now!"

King Jiu Jue left a sentence and stepped out in one step. The void filled with ripples. The figure of King Jiu Jue has disappeared without a trace.

Obviously, the Sikong family, Jiu Jue Tianwang did not intend to stay, you can imagine the end of the Sikong family.

"Shuttle into the void, the **** strong, really horrible!"

Lu Ming sighed.

Here, but the Honghuang Universe, the space is extremely stable. After Lu Ming came to the Honghuang Universe, it was the first time he saw someone able to travel through the void.

I have used Sikongnan before, and now I am also the king of JiuJue!

"Boy, this is not a shuttle to the void!"

In the sea, the voice of the bone demon sounded.

"Not a shuttle to the void?"

Lu Ming was surprised.

Before, Si Kongnan and Jiu Jue Tianwang all appeared suddenly, what is it not to shuttle the void?

"The space of the Honghuang universe is extremely stable, but it is not comparable to the Xiaoqian world. Moreover, the Honghuang universe is vast and infinite, and the territory is smaller than the Xiaoqian world. I don't know how many times it is bigger. Now!"

Bone magic sighed.

Lu Ming nodded, indeed.

The area of such a small world, such as the Tianjie Yuanjie, is far from a life planet, let alone compared with the infinite universe starry sky and the infinite universe.

In the Little Thousand World, it is possible to shuttle from this end to that end. In the vast universe, it is only a short distance on the planet.

Put in the starry sky, nothing counts.

"So what are they like?"

Lu Ming asked.

"After breaking through the Divine Monarch Realm, you can engrave a starry teleportation array on your body with supreme skills. They are urging the starry teleportation array to teleport themselves out. This is the same as the shuttle through the void!"

Bone Magic explained.

"I was able to engrave the teleportation circle on myself, I was curious!"

Lu Ming marveled.

Carve the teleportation array on oneself, then it will be faster to act, I don't know how many times it is, there is no need to go to other teleportation arrays.

"Of course, this method still has weaknesses. In some respects, it is not as good as the shuttle to the sky!"

"For example, it takes time to launch the teleportation array. In the war, it is impossible for the opponent to give you time to let you launch the teleportation array!"

"Another one is that it can only be used by one person, not by others!"

Bone Magic Road.

Lu Ming nodded. No wonder Si Kongnan did not use the teleportation array to escape because he had no time to urge the teleportation array.

I am afraid that before he was urged, he was killed by Jiu Jue.

The other one can only be used by yourself, but not by people. You must know that the empty shuttle can bring other people together.

Chapter 3115: Take advantage of the fire

Engraving the teleportation array on his body, although there are weaknesses, but also made Lu Ming extremely envious.

The Honghuang universe is too big. Every time he rushes, he will spend a lot of time. If he can engrave a teleportation array on his body, the rush will be many times faster.

However, it can only be envied. It is a sign of Divine Monarch Realm, and it can only be achieved by such incomparable divine power.

The existence of the peak of the **** king cannot be achieved.

Shaking his head and throwing this idea out of his head, now he is too far away from the realm of God and King, or step by step, slowly improve.

"Go, let's find a place to rest!"

Lu Ming said.

This matter was finally resolved, and the crisis was completely eliminated. Lu Ming felt relieved and relaxed.

"it is good!"

Wu Shan, Han Ying nodded, and then they flickered and left here.

On a desolate planet, Lu Ming and others landed down, and then each served the Divine Pill, and began to adjust interest rates to recover.

After a few days, they returned to their peak.

"Girl Han Ying, what are your plans next?"

Lu Ming asked Han Ying.

"I want to go back to the Han family first and bury the people of the Han family!"

Han Yingdao said that when she spoke here, she showed a trace of sorrow.

"We will go with you. After dealing with the Han family's affairs, you and us will go to Jiu Jue Tian Wang Fu to practice!"

Lu Ming said.

The Han family was destroyed, leaving only Han Ying alone, without any help, and following them to Jiu Jue Tian Wang Mansion, even if they could not enter the Starry Sky Camp and practice at the Wu Family, it was better than wandering alone.

"Then Han Ying thanked Lu Gongzi first!"

Han Yingying bowed her head.

"Go!"

Lu Ming said.

Immediately, they headed for the Han family.

After a while, they returned to the Han family.

The Han family went up and down, the door was destroyed, and no one survived.

When they came back, they found that there were many more people in the Han family's original territory.

Many people flew in and out and flew back and forth.

"I found this storage ring, let me go!"

"I'll come first, it's you who gets away!"

"court death!"

In a dilapidated palace, there were several shouts, and then, several figures were fighting against each other, full of energy, and the already dilapidated palace was destroyed more quickly.

"These...these..."

Han Ying's eyes instantly turned red, full of murderous opportunities.

Obviously, these people were robbed by fire in troubled water.

The Han family is one of the two overlords in the Chutian Star Territory. When it was not destroyed, no one dared to beat them to pay attention.

But now the Han family is destroyed. Except for some valuable treasures that have been stolen by the Sikong family, general treasures are left here, naturally attracting a large number of people to come.

At the beginning, no one dared to start, but after a while, there was no stranger. The practitioners of Chutian Star Field swarmed in to **** the treasures of the Han family.

Even the clothes and weapons worn by some Han family were stripped off.

No wonder Han Ying would be this expression.

"You guys, get me off!"

Lu Ming stepped out, and suddenly shouted, roaring like thunder, and a few war men stopped.

"Where's the boy, would you like to wipe your hand? Hurry up and get off!"

A middle-aged big man glanced at Lu Ming and sneered in disdain.

"I give you one last chance, put down the storage ring, and then roll, otherwise, die!"

Lu Ming said calmly.

"Arrogant, I think it's you who died first!"

The big man was impatient, and the battle axe in his hand slammed toward the landing.

This big man's cultivation behavior is not weak. There is a cultivation practice of the half-step **** king, but it is too far away from Lu Ming.

"I've given you a chance, but don't cherish it!"

Lu Ming spoke indifferently, punched out, and a nine-clawed dragon flew out and flew out.

puff!

The middle-aged man was directly torn by the Nine Claw Dragon and fell to the spot.

Several other people saw this scene, and their faces were scared pale.

"I'm leaving, I'm leaving now!"

"I will go too!"

Several people threw down the storage ring and ran away.

"It seems that we must first clean up these Xiaoxiao people, and then deal with the Han family's aftermath!"

Lu Ming said.

"Master Lu Ming, please!"

Han Ying was crying and her eyes were red. At this time, she was both angry and helpless.

"Relax, let's go!"

Lu Ming nodded, flashing cold light in his eyes.

Lu Ming, Wu Shan, and Han Ying went towards the core of the Han family.

"kill!"

Lu Ming drank coldly, stabbed with a gun, and bursts of guns, like a meteor, pierced through, killing five or six strong men robbed by fire.

The remaining people were frightened and quickly fled.

The three killed all the way in.

Along the way, I didn't encounter any masters who were too strong. The strongest one was also the King of Gods, which was easily solved by Wu Shan.

Soon, they came to the core of the Han family, where the main family of the Han family is located.

Here, it was originally an endless mountain range, with a strong spirit, but it was a blessing and a palace was built.

But now, the mountains are collapsing and the temples are ruining, leaving only a ruin.

Among the ruins lies a corpse.

"Grandpa Six, Grandpa Eight..."

Han Ying burst into tears when she saw the bodies of several old men.

This is her loved one.

"Who are you? Hurry up!"

At this time, a few figures flew out of the core of the Han family, from middle-aged to elderly.

Several people stared at the land with bad eyesight and said to them, "Here, I have been taken by Han Lizong, you hurry up, otherwise, you have a dead end, do you understand?"

An old man drinks coldly.

"Han Lizong, you are the people of Han Lizong!"

Han Ying shouted.

"Knowing that we are Han Lizong, don't hurry up!"

The old man waved his hand.

"What force is Han Lizong?"

Lu Ming questioned Han Ying.

"Han Lizong is a powerful force in Chutian Xingyu. It was second only to Han Family and Feng Yuezong in the past. It has a good relationship with my Han family. Unexpectedly, as soon as my Han family died, they came and took the fire to rob. It's really damn! "

Han Ying gritted his teeth.

"It turns out so!"

Lu Ming nodded.

It turned out that Han Lizong was the power of Chu Tianxing after Hanjia and Fengyuezhong. No wonder so overbearing, occupying the core of the Han family, others dare not come close.

"I don't care what kind of sect you are, don't want to die, get out immediately!"

Lu Ming waved his hand.

"What? Boy, what are you talking about?"

The old man shouted and was a little surprised. In today's Chutian star field, some people dared to talk to him after hearing Han Lizong.

It's almost dead!

"Boy, according to your words, you are dead, kill!"

The old man drank coldly and slammed his fan towards the landing.

This old man's cultivation is not weak.

The wind is roaring, the power is not weak.

"give it to me!"

On the edge of Lu Ming, Wu Shan stepped out and punched out.

Chapter 3116: Wave God to kill God

Wu Shan banged out with a punch, and his fist was as strong as a mountain, crushing towards the old man.

bump!

Wu Shan, however, has the triple cultivation of the **** king, which is not something the other party can resist. The fist blasted through, and the old man burst into flames and turned into ashes.

"You... you dare to kill the people of Han Lizong, to death!"

"Send signal!"

The rest of the people were frightened, and one of them shouted, and the voice spread far away.

Uh! Uh! Uh!

Immediately, a figure appeared from the core of the Han family.

At least there are more than 20 people, each one has a strong breath, all of them are masters, and all of them are the existence of God King Realm.

Han Lizong, as the second only force to the Han family and Fengyuezhong, is even stronger than the Bingpo tribe in the Qin Tianxing domain.

Once dispatched, there are more than twenty **** kings.

Soon, more than twenty people came near.

"what happened?"

A young man in his twenties, with a ruthless face, asked a somber face with a folding fan.

"They killed Wang Hufa!"

The previous one called them and yelled.

"What? Wang Hufa is dead? Looking for death!" The youth snorted and glanced at Lu Ming, flashing murderously.

However, when his eyes fell on Han Ying, he was stunned, revealing surprise.

"Hanying, it's you, you're not dead!"

The youth cried.

"Sun Nian, how brave you are to take someone to occupy the core of my Han family?"

Han Ying scolded.

It turned out they knew.

As the arrogance of Chu Tianxing, they knew each other well before.

The cold young man Sun Nian's eyes flashed, and then he laughed: "Hahaha, Han Ying, do you still think that you are the Han Dynasty's Miss Qian Jin? Now the Han family is destroyed, the master is dead, now Chu Tianxingyu, I'm Han Lizong, the boss, do you understand?"

Speaking of which, Sun Nian's gaze glanced early on Han Ying, and his eyes were fiery, shining with evil light, saying: "I used to pursue you hard, but you dismissed me, hey, now the Han family is destroyed, look Who do you rely on?"

"Okay, okay, it's great that you didn't die. Take you down and become my plaything. See how proud you are? Hahaha!"

Sun Nian laughed, and the more he said his eyes became hotter.

"You...you dare..."

Han Yingxiu's face was pale.

"Where are the idiots, yelling here, get out of here!"

At this moment, Lu Ming took a step and gave Sun Nian a light glance, scolding.

Ok?

Sun Nianqing yelled, and then noticed Lu Ming, looking at Lu Ming, flashing a cold light, said: "Boy, what do you say?"

"You can't hear what I say, it seems my ears are not good!"

Lu Ming said lightly.

"You, look for death, come here, slaughter him for me, no, scrap him for me, I will take him to feed the dog!"

Sun Nian drank coldly, and the murderous cold was like a knife.

In his view, Lu Ming is just a follower around Han Ying, probably a surviving young man of the Han family.

Now that the Han family was destroyed, Lu Ming dared to talk to him in this way, almost to death. Before that, he had been suppressed by the Han family, and his suppressed anger broke out completely.

"Master, leave it to me!"

Behind Sun Nian, a thin and lean man stepped out, smashing into the throat of Landing.

This young man has the cultivation practice of God King. In his view, Lu Ming is nothing more than the cultivation of Heaven and God Realm. Abolishing Lu Ming is easy, and even, he did not use his full strength this time.

"A servant of a wild dog, dare to bark and kill!"

Lu Ming drank coldly, a spear appeared in his hand, the war word tactics exploded four times, and one shot stabbed at the opponent.

The guns are dazzling and dazzling like meteors, stab at the thin men at a very fast speed.

puff!

Gunman is like stabbing tofu, easily piercing the palm of the dry and thin man, leaving a blood hole.

what!

The slender man screamed, his eyes unbelievable.

He just made a move, although he did not use his full strength, but he was the king of God's heavy practice, and was actually injured by a person in the heavenly realm. This shocked him and was incredible.

"Cut the moon!"

After Lu Ming pierced the palm of a thin and thin man, he continued to attack. The nine divine powers in his body exploded.

Nine kinds of divine power, with the master divine power awakening the original divine power factor as the core, a brain rushed into the spear and burst out instantly, forming a terrifying power.

The crowd only saw a crescent-shaped flash, and then they saw that the body of the thin man was divided into two halves.

Two moves to kill a **** king!

Originally, when Lu Ming did not turn into an ancient **** body, he could not kill such a **** king so easily, but the opponent was too weak, and Lu Ming seized the opportunity and killed him in one fell swoop.

"you you..."

Sun Nian was also stunned, staring dumbfounded at Landing.

A god, who could kill the **** king, he hadn't even heard of it before, and his brain was completely ignorant for a while.

"Do not roll, then die!"

Lu Ming Chang Xiao screamed, the lance vibrated, turned into a dazzling lance, and assassinated towards Sun Nian.

"Master, be careful!"

Behind Sun Nian, an old man yelled, a force of magic poured out, sucked Sun Nian's body, sucked Sun Nian behind him, and then screamed towards the landing with a palm.

boom! Buzz!

The palm of the old man, bombarded on Lu Ming's spear, burst out a violent roar, Lu Ming's spear was violently shocked, Lu Ming was madly retreated backward by a powerful force, feeling blood and blood spit out, a spit of blood .

"Kill, kill me this shit!"

Sun Nian reacted and shouted wildly.

Just a moment ago, he was almost killed by Lu Ming, making him cold and sweating.

This feeling made him a little hysterical.

"kill!"

"You are dead!"

Behind Sun Nian, the masters roared, and the violent breath burst out, killing the landing.

With so many masters, the momentum is astonishing, making Han Ying pale.

Wu Shan also breathed out, ready to start.

"let me do it!"

Lu Ming's voice sounded, and then the ball wriggled into a piece of armor covering Lu Ming's body.

Creak...

Above the armor, a flash of lightning filled it, making Lu Ming look like a thunder **** of war and mighty.

boom!

Lu Ming banged out with a punch, a huge flash of lightning, thicker than the waist, rushed forward.

The attacks on Lu Ming were struck by lightning and collapsed.

Lightning kept on, and continued to hit the masters of Han Lizong.

bump! bump! bump!

As if the balloon was punctured, the masters of Han Lizong, under the lightning, could not withstand a blow at all, exploded, and turned into ashes under the power of lightning.

All of a sudden, there were at least a dozen **** kings, two **** masters, and even a master of the **** king triples, turned into ashes and completely disappeared in the world.

Chapter 3117: Return to Starry Sky Camp

Sun Nian was stunned, and the remaining **** king of Han Lizong was also stunned. Their pupils widened sharply, revealing a terrified look.

The existence of more than a dozen God King Realms died like this, and was killed by Lu Ming's move. This is the backbone of Han Lizong.

"Go, go!"

In response, Sun Nian shouted in horror and wanted to escape.

Lu Ming's strength is too horrible. In one stroke, he killed more than a dozen **** kings, among which there are several **** king triples. Such strength, even the **** king can't do.

He realized that Lu Ming was simply a demon who could not be messed up. He seemed to leave here immediately, away from Lu Ming.

Unfortunately, Lu Ming will not give him this opportunity.

Creak...

Lu Ming's palms were held in the sky, and infinite lightning converged on Lu Ming's palms, then burst out and bombarded the remaining masters of God King, Sun Nian and Han Lizong.

"Master!"

"Block it!"

Two old men roared and appeared in front of Sun Nian, erupting in a terrifying atmosphere, blasting two divine lights, trying to block the lightning of the ball.

These two old men are the strongest of the two **** kings and the two strongest masters of Han Lizong, and Han Lizong is the existence of God King.

This time Han Lizong sent 90% of the masters of Zongmen to completely occupy the Han family and obtain the treasures of the Han family.

However, with the current strength of the ball, the two masters of the four kings of the gods can't stop the ball's attack.

The violent roar sounded, and the light from the two elders was directly penetrated by the lightning. The lightning struck the two elders. The bodies of the two elders trembled like sheep and went back suddenly, both bodies scorched, although not dead, was half dead.

As for the other kings of Han Lizong, they were reduced to ashes directly under the lightning.

At the scene, only Sun Nian was left, and there were two old masters of the four kings who would die.

Sun Nian looked pale in the void, as if frightened.

Uh!

Lu Ming's figure moved in front of Sun Nian.

"Ah! Don't kill me..."

Sun Nian shouted in horror.

"I won't kill you because someone is more qualified to kill you than me!"

Lu Ming spoke indifferently, and then stabbed out with a spear. His long gun pierced into Sun Nian's Dantian, extinguishing Sun Nian's magic fire.

Then Lu Ming reached out and shook Sun Nian towards Han Ying.

"Girl Han Ying, he will leave it to you to kill!"

Lu Ming said nothing, killing the two old men.

The two old men, with no power at all, were killed by Lu Ming.

"Hanying, spare life, spare life!"

At this moment, Sun Nian screamed.

"Profane my Han family, you should be guilty of death!"

Han Ying's voice was extremely cold, and the killer was cold, with a sword slashed out, and he cut off Sun Nian's head.

As a result, Han Lizong came to the Han family master, all destroyed.

This time, Han Lizong suffered a heavy loss. The master of Zongmen was killed 90% at a time, and his strength suddenly retreated. It is estimated that it will not be long before he will be wiped out by other forces in Chutian Xingyu.

Afterwards, Lu Ming and the others turned around in the Han family's territory and drove away all those who came here to seize the treasure.

Then the three of them worked together to gather the people from above and below the Han family, dug a big pit and buried it, and built a big tomb.

Han Ying, in front of the Han family's grave, knelt for seven days and seven nights before getting up.

"Thank you Mr. Lu Ming for your help, Han Ying thanks!"

Han Ying thanked Lu Ming again.

This time, without the help of Lu Ming, she really didn't know what to do.

"Girl Han Ying, you're welcome!"

Lu Ming said, he also sighed in his heart. Speaking of this, it happened because of him too. If he had been pursuing the situation of Jiu Jushen Jing all the way, the Han family might not be destroyed.

"Han's family will not be destroyed by this. In the future, I will definitely revive the Han's family!"

Han Ying looked firm.

"I believe you can do it!"

Lu Ming smiled and encouraged.

Then the three of them left here and headed towards the palace of Jiu Jue Tian Wang.

After some time, they safely returned to the Jiu Jue Tian Wang Mansion.

For Lu Ming, this trip to the Chutian Star Territory was considered a success, and the matter of the Nine Jue God Crystal was completely resolved.

As soon as he returned to the palace of Jiu Jue Tian, Lu Ming heard a message.

The master of the Nine Absolute Divine Crystal came out, the Nine Absolute King made Thunder's fury, and the Sikong's house was destroyed.

This incident shocked the entire Jiu Jue Tian Wang Mansion, and everyone was talking about it.

Lu Ming sighed in his heart, this is strength.

The spiritual world, the vast universe, everything depends on strength.

Otherwise, it is said that the extermination will be exterminated, even if Si Kongnan's sister is the princess of Jiu Jue Tianwang.

They returned directly to the Wu family and talked about this with Wu Zifeng, who also sighed with regret.

After that, Han Ying stayed at the Wu family to practice, and Lu Ming returned to the Starry Sky Camp.

In the following days, calming down, Lu Ming concentrated on practicing.

There are too many things he needs to practice now.

First of all, it was "Overlord Shootout" and "God of War" from Chu Baxing.

After the successful training of Overlord Gun, he was able to cultivate the divine power and overlord's gunpower, which greatly improved the attack on Lu Ming.

However, the God of War strikes, Lu Ming can temporarily put some practice behind. After all, the three strikes of the World Extermination have not yet reached the peak.

In addition, Lu Ming also feels that he has touched the threshold of five times the combat power. As long as he works hard to understand, he will be able to control the five times combat power sooner or later.

In addition, Yin Ming and Yang Tong, Lu Ming did not want to give up, this is an extremely powerful secret technique, the deeper the understanding, the greater the power.

The most important thing is the comprehension of divine power itself.

Dominate the divine power, although awakened the original divine power factor, but this is only one awakening, behind it, you can also awaken twice, awaken three times, awaken four times...

Moreover, some talented people with horror can also learn the secret of the source from the source divine factor.

Every kind of original secret technique is handed down from the original god, and its power is far beyond the current secret technique.

In addition, Lu Ming has been awakened to the level of 99% without destroying the sword power. If he goes further, he can be fully awakened. In that case, Lu Ming's strength will also be enhanced.

However, these require a lot of energy to consume Lu Ming.

Lu Ming and Qiu Yue said, and then they entered a deep level of retreat.

Lu Ming intends to successfully cultivate the "Overlord Gunfight" first, first controlling the overlord's gunpower, and is learning about others.

Lu Ming is already familiar with light vehicles, and it didn't take long for Lu Ming to understand the first weight and cultivate a ray of overlord gun power.

Next, you don't need to continue to enlighten, just grow up slowly and slowly.

Then Lu Ming's palm glowed, and a scroll appeared.

This scroll is what Lan Merchant handed over to Lu Ming. It is Lan Merchant's experience of mastering the divine power.

After Lu Ming opened it, he watched it carefully.

Chapter 3118: Tenjin Nanae

Lu Ming opened the scroll and watched it carefully.

At first, Lu Ming was a little confused, but the more he looked, the brighter Lu Ming's eyes were.

"Miao, it's really..."

Lu Ming lamented.

Lan Shang's understanding of the dominance of the divine power is too deep, and some of the insights inside have simply made Lu Ming take the case.

Lu Ming felt that his comprehension of the dominating divine power was deepening rapidly.

The following time, Lu Ming plunged into the realization of the dominance of the master. Time rushed, and in a blink of an eye it was twenty years.

After 20 years of hard work, Lu Ming's understanding of the master divine power has reached a new height, but it is still a long way from the second awakening of the original divine power factor.

On this day, Lu Ming received a voice from Lan Shang, saying that he had sorted out some of his other magical skills for Lu Ming's cultivation and told him to get it.

Lu Ming ran away naturally.

At this time, he has tasted the sweetness from the blue merchant's scrolls. With reference to this cultivation experience, his cultivation speed is much faster, he can take a lot of detours and save a lot of time.

This time, the Blue Merchant gave Lu Ming six scrolls, which were the other six magical powers that Lu Ming cultivated.

Although Lan Shang was only one of the masters of cultivation, he was too high at the beginning, standing high and looking far away. He had seen other powerful people use it, and his understanding of other divine powers was far beyond Lu Ming.

"Thank you Uncle Lan!"

Lu Ming put away the scroll and smiled.

"You have to practice well, there is nothing you don't understand. Although come to me, it won't take long, there is an important task, you have to do it, this matter is related to whether you can reverse the case for Jing Yu!"

Blue Business Road.

"whats the matter?"

Lu Ming's eyes moved.

At present, there are two major events in Lu Ming's heart.

One thing was Jing Yu. He had vowed to help Jing Yu reverse the case.

Another thing, his cultivation must be promoted to the realm of God's King as soon as possible, and then go to Xie Nianqing.

So, when he heard that he could help Jing Yu turn the case, he came to the spirit.

"This matter will tell you later, you just need to practice well now!"

Blue Business Road.

Lu Ming was speechless and could only leave.

Returning to his place of residence, Lu Ming can't wait to open the scroll about the indestructible sword power and watch it carefully.

Lu Ming's days, continue to enter the stable, concentrate on cultivation.

His understanding of the indestructible sword power is deepening rapidly.

In an instant, another twenty years.

On this day, Lu Ming suddenly filled with a flood of ancient atmosphere.

This is the breath that awakens the original divine power factor, but this breath is a little different from the master divine awakening original divine power factor.

This is the indestructible sword power awakening the source divine factor.

After two decades of cultivation, Lu Ming's invincible sword power finally awakened the original divine power factor.

In this way, Lu Ming has two kinds of divine power, awakening the original divine power factor, so that his combat power has been improved.

Moreover, during this time, Lu Ming was slowly warming up the gun power of Bawang. His gunpower of the Bawang has been improving all the time, and he has condensed the fire.

"Go and ask Uncle Lan Shang for advice!"

Lu Ming put away the indestructible sword power, and then went to the place where the blue merchant lived.

During this time, he also accumulated some questions and wanted to consult the blue business.

Lu Ming came to the other courtyard where Lan Shang lived and saw Lan Ling.

"Humph!"

When Lan Ling saw Lu Ming, he was sneering. He looked forward to eating Lu Ming. He obviously had a grudge about Lu Ming's "learning" her last time.

Lu Ming grinned at Lan Ling, then ignored her and went to the blue merchant.

After finding the Blue Merchant, Lu Ming asked all his doubts, and the Blue Merchant pointed patiently.

In the following days, Lu Ming went to his own courtyard and the place where the blue merchant lived.

Retreat here for a while and retreat there for a while.

Every day Lu Ming arranges his schedule full of various divine skills and mysteries that need to be enlightened, taking turns to practice.

The days are very fulfilling.

In this way, more than a hundred years have passed.

One hundred and fifty years have passed since Lu Ming returned from Chu Tianxing.

After this period of hard work, Lu Ming has a solid foundation, has steadily improved in all aspects, and has made great progress.

First of all, mastering the divine power, Lu Ming has cultivated to the pinnacle of the primary awakening of the original divine power factor. It is not far from the second awakening.

Of course, if you want to make a leap in this step, you need a chance.

He can practice so fast, and can not be separated from the instructions of the Blue Merchant. After all, the Blue Merchant was the master divine power of cultivation at the beginning, so Lu Ming is also the master divine power.

In addition, the five-fold combat power of the warfare tactics has finally achieved a breakthrough and a successful understanding.

However, the success rate of triggering is only a few tenths, and the probability is extremely low.

In addition, for so many years, the word measurement method has also refined a part of the energy of the stellar nucleus, and passed it to Lu Ming to make Lu Ming's cultivation progress.

Not only did the overlord's gun power be cultivated to the peak, but the cultivation base also made a breakthrough in one fell swoop, reaching the Seventh Realm of Tenjin.

It can be said that over the past 100 years, Lu Ming has comprehensively improved, and his strength has undergone qualitative changes.

However, Lu Ming feels that his potential has not been exhausted, and many have not reached the limit. They can continue to retreat and still have breakthroughs. Lu Ming intends to continue to retreat and practice for a while, and then go out and hone.

"Lu Ming, get me out!"

On this day, Lu Ming was practicing, and suddenly a roar came from outside.

Lu Ming finished his training, frowning slightly.

"Could someone challenge me?"

Lu Ming thought.

There are rules in the Starry Sky Camp. The new arrogance of the Starry Sky Camp, as long as it defeats others and occupies a private courtyard, there will be a fifty-year period of safety.

In the past 50 years, we can reject other people's challenges.

When he first entered the Starry Sky Camp, many people challenged Lu Ming, but Lu Ming refused.

Now that fifty years have passed, others have been able to challenge him.

"Is it the Jin family, the Qin family, or the Yiren family?"

Lu Ming turned his thoughts in his heart, then got up and stepped out.

As soon as he walked out of the room, Qiuyue also walked out of the room.

In these years, Qiuyue has also been retreating to the God Realm.

However, God Realm is not so breakthrough. Even if Qiuyue is extremely talented, and there is the inheritance of God Eye Tianjun, there is still no breakthrough.

"Master, what's going on?"

Qiuyue Road.

"I don't know, go out and see!"

Lu Ming smiled slightly, opened the door of the other courtyard, and went out.

As soon as I went out, I saw a group of people outside the other courtyard.

All are the arrogance of the starry sky camp, a group of people's eyes fell on Lu Ming.

"Lu Ming, have you finally come out?"

At the forefront is a young man in gold robe. When he spoke first, listening to the voice, it was obviously the man who just told Lu Ming to get out.

Chapter 3119: The Provocation of Nine Swords

"Are you from the Jin family?"

Lu Ming stared at this golden robe.

"Not bad!"

Jinpao Youth answered.

"Oh, are you going to challenge me?"

Lu Ming's voice was indifferent, stepped out, and a strong breath pressed against the young Jinpao.

Jinpao's face changed, and he couldn't help but retreat.

"Who, who said you are going to challenge you?"

The young man in Jinpao said flustered.

"Not to challenge me, what are you doing here yelling? Are you looking for death?"

Lu Ming's face was colder, and his eyes were as bright as electricity, which made the Jinpao youth tremble with a chill, and he could not help but retreat a few steps.

It seemed that he lost his face, and the young man in Jinpao shouted: "Lu Ming, what are you arrogant in front of us? Have the ability to arrogant to the people of the Nine Sword Heaven King's Mansion!"

"Yes, Lu Ming, you can't go out in the starry sky camp, let us bear the anger of the Nine Sword Heavenly Palace, do you still have a face?"

Another young man with scaly eyebrows shouted, and as soon as he saw it, he knew that he was from the Qin family.

"Nine Sword Heavenly Palace?"

Lu Ming was shocked.

What does this matter have to do with the Nine Sword Heavenly King Mansion?

"Brother Wu, what's going on?"

Lu Ming looked at the other two young people on the side. These two young people were Wu Ming and Wu Yue.

"Brother Lu, this is it,,

Immediately, Wu Ming Wu Yue came over and explained to Lu Ming.

It turned out that some time ago, the Nine Sword King of the Nine Sword Heavenly King's Palace, with a group of the Nine Sword King's Heavenly Pride, came to the Jiu Jue Heavenly King's House, saying that it was to promote the exchange between the young generation's heavenly pride.

The Tianjiao of the Nine Sword Heavenly King's Mansion is challenged everywhere when it comes to the Jiu Jue Heavenly King's Mansion. Recently, many Tianjiao of the Starry Sky Camp have been challenged.

For a time, it can be described as a battle day after day.

Although the two sides have defeated each other, the people of the Nine Sword Heavenly King's Mansion are basically swordsmen, and the power of attack is amazing. Therefore, in general, the Nine Sword Heavenly King's Mansion prevails.

Moreover, in the palace of the Nine Swords King, some young people named Lu Ming to challenge Lu Ming, and wanted Lu Ming to come out and die.

However, during this period of time, Lu Ming was devoted to cultivation, and did not know what was happening outside.

The Starry Sky Camp is the most important place of the Jiu Jue Tian Wang Mansion. It is not allowed to be entered by people outside. Lu Ming did not know it and was normal.

But as the Jin family, the Qin family, and the Yiren family, who had a big feud with Lu Ming, how could they easily let Lu Ming go?

Therefore, they personally brought people to Lu Ming's place of residence, and wanted to force Lu Ming out and let Lu Ming face the challenge of the Nine Sword Heavenly King's Mansion.

After listening, Lu Ming understood.

In the ancient city of Xingyue, Lu Ming killed a lot of Tianjiao in the Nine Sword Heavenly King's Mansion. Although he killed the scorpion son, no one except Wu Ming and Wu Yue were known.

However, many people know that he killed Chu Baxing. The arrogance of the Nine Sword Heavenly Palace will challenge him, which is normal.

"Lu Ming, if you hide, the Nine Sword Heaven King's Mansion will spread anger on our heads. You hide yourself and let us carry the pot for you. Isn't it reasonable?"

"Yes, you quickly go out to fight!"

After the Jin family, the Qin family provoked others, and the others cried out.

The Jin family, the Qin family, and the Yiren family have instigated the arrogance of many other families.

"Where are the people of the Nine Swords Heavenly Palace?"

Lu Ming asked lightly.

He has been practicing for more than 150 years, and his fighting power has soared. He just wanted to move his muscles and bones.

Although the Jin family and the Qin family wanted to force him to go out to fight the people of the Nine Sword Heavenly King's house, but what fear did he have?

"The arrogance of the Nine Sword Heavenly Palace is in the Heavenly King District!"

The golden robe of the Jin family could not wait to cry.

Jiu Jue Tian Wang Mansion is divided into many areas. Tian Wang District is the core of Tian Wang Mansion and the most prosperous area in Jiu Jue Tian Wang Mansion.

"Area of Kings?"

Lu Ming smiled slightly and said to Wu Ming Wu Yue: "Brother Wu, let's go and beat the people of the Nine Sword Heaven King's Mansion!"

"Brother Lu, you have to be careful, this time the Nine Sword Heavenly King's Mansion comes a lot of God's Pride!"

Wu Ming quickly reminded that he was worried.

Although Lu Ming is almost invincible under the Divine King, the Divine King Realm's arrogance is so strong that they are worried about Lu Ming.

"Is the arrogance of God's King Realm? Just, let's go, haha..."

Lu Minghao smiled, and then went to the exit of the Starry Sky Camp.

"Go, go and see!"

"This Lu Ming has amazing strength. Even Jin Yuan was killed by him. I don't know how he treated the people who lived in the Nine Sword Heavenly King's Mansion?"

"There is a good show!"

Some young people have a lot of discussion, and they are far behind Lu Ming, like a long tail.

Lu Ming and Wu Ming Wu Yue walked at the forefront and left the Starry Sky Camp. They turned into a few rainbow lights and continued to head towards the Uranus.

Soon after, they came to the Tianwang District.

From afar, countless magnificent buildings are built on the earth.

At a glance, it is endless, and there is no end at all.

Here, it is a very huge city, just without walls.

Some of these buildings are built on the ground, and some are suspended in the air. From a distance, you can see the creatures of different races, flying around, bustling and bustling.

"Where are the people of the Nine Swords Heavenly Palace?"

Lu Ming looked back and asked the youth of the Jin family and Qin family.

"The battle area in the west!"

The young Jinpao of the Jin family hurriedly asked Lu Ming to pass by early.

"The battle area to the west?"

Lu Ming wondered.

This is the first time he has come to Tianwang District, and he has no idea about the situation here.

"The battle area is the place where the Tianwang District is for people to discuss the battle, Lu Ming, you come with us!"

Wu Ming spoke and flew forward.

They flew by countless buildings and soon came to an open land.

On this open land, many battle platforms were built. At the moment, on the middle battle platform, two young men are fighting fiercely.

Around the battlefield, there were people watching.

They flew past.

On the battle platform, the two warring youths were the cultivation practices of the half-step **** king. One used the sword, and at a glance, he knew that it was the arrogance of the Nine Sword Heavenly King's Mansion.

With the use of a long sword, the two men fought dozens of moves, and it was difficult to distinguish the victory and defeat, and finally both withdrew from the battle platform.

Uh!

After the two youths withdrew from the battle platform, a gun flashed, and a young man in armor fell on the battle platform, with a violent momentum, and a gun flashed up into his body.

Between heaven and earth, a huge gun shadow appeared, disturbing the void, and an ancient atmosphere of hunger and wildness emanated.

"Half-step **** king, the original divine factor!"

Someone spoke, his voice dignified.

"It is a peerless arrogance from the family of God of War of the Nine Swords, called Chu Batian, half-step God Realm, which awakened the original divine power factor, the power is terrifying. Before that, he had been challenging Lu Ming!"

Someone talked softly.

These words naturally fell in Lu Ming's ears.

Chapter 3120: God of War

Chu Batian's eyes were like electricity, and he scanned the Quartet, and the voice came from afar: "Lu Ming, or should he be a tortoise turtle? Let him get out and die!"

"I'm not telling you, Lu Ming is practicing in the Starry Sky Camp!"

Someone answered.

"Huh, it's really a courageous person, or he won't come out, I will challenge you, who will fight?"

Chu Baxing roared, strong and overbearing.

Many people in Jiu Jue's King's Palace looked ugly. No one stepped forward for a while.

Chu Batian, a descendant of the God of War family, has a very strong combat power. Some time ago, Jiu Jue Tian Wang Mansion, with the same level of Tianjiao, is also a half-step **** king, awakening the original divine power factor, and fought with Chu Ba Tian, but It is simply not Chu Patian's opponent.

Under the King of Gods, no one can be enemies.

However, Chu Batian is the cultivation practice of the half-step **** king. To deal with him, if he moves out of the arrogance of the **** king realm, even if he wins, it will be a shame.

"Don't anyone dare to fight? Huh, the people of Jiu Jue Tian Wang Mansion are a real waste!"

Chu Batian scolded, arrogance more arrogant.

"Lu Ming, since you are here, when will you wait for the battle?"

At this moment, suddenly a sound rang throughout the audience.

The shouting man was the young man in the gold robe of the Jin family. This person's eyes shone with pride. He just wanted to expose Lu Ming and let Lu Ming fight Chu Batian.

If Lu Ming is defeated, he will be killed by Chu Batian. If Lu Ming wins, he will offend the people of the God of War family.

"What? Lu Ming is here?"

"where is it?"

Suddenly, there was a commotion in the crowd.

"over there!"

Finally, someone who had seen Lu Ming pointed in the direction of Lu Ming. Well, almost all eyes were on Lu Ming.

"Lu Ming!"

On the battle platform, Chu Batian's eyes were dazzling, and his body exuded a strong murderous opportunity, locked on Lu Ming.

Lu Ming's gaze also looked at Chu Batian, but Lu Ming's gaze was calm, even with a touch of disdain.

With his current strength, Chu Batian has really not put his eyes on him.

"You are Lu Ming? Dare to kill the people of my Ares family, get down and die!"

Chu Batian shouted, his voice rolling.

"With you, it is not my opponent!"

Lu Ming said lightly.

This remark made many people stunned.

Lu Ming said too arrogant?

The other party is the peerless arrogance of the God of War family, and there are no enemies under the God King, but Lu Ming did not take the other party's eyes at all.

"Arrogant, if you have the strength, come down to fight, not just a mouth!"

Chu Batian said coldly.

Although he heard that in the ancient city of Xingyue, Chu Baxing died in Lu Ming's hands and was beheaded by Lu Ming.

But he did not believe that Chu Baxing was killed by Lu Mingguang.

He knows the strength of Chu Baxing very much. Similar to him, Lu Ming can cross-domain several times to cultivate and kill Chu Baxing?

impossible!

He believes that in the ancient city of Xingyue, Chu Baxing must have been subjected to certain restrictions before being killed by Lu Ming.

"Since you are looking for abuse yourself, then complete you!"

Lu Ming spoke indifferently, stepped out, and fell on the battle platform, standing opposite to Chu Batian.

Everyone's eyes fell on the two.

"You said, Lu Ming and Chu Batian, who is strong?"

Someone discussed each other.

"I think it is Chu Batian, the arrogance of the God of War family, unparalleled combat power, and almost invincible under the God King!"

Someone sighed.

"Don't forget, Lu Ming killed Jin Yuan!"

"Yes, Lu Ming is also a demon, so it seems that who wins and who loses will not know until he fights!"

The voice of everyone's discussion also fell in Chu Batian's ears, which made Chu Batian's eyes narrowed.

Lu Ming killed Jin Yuan?

Does Lu Ming really have such a strong strength?

boom!

On Chu Batian's body, a strong breath erupted. Hearing the public's comments, he did not dare to carelessly, and all his strength exploded.

The rich ancient atmosphere of the flood and the wild filled the sky.

call out!

Then, a spear appeared in his hand. The spear vibrated and a lance burst through the landing throat hole.

Lu Ming did not take out the spear, but condensed it with divine power, and then stabbed at Chu Batian.

boom!

The two guns collided together, and a violent roar erupted, like two meteors colliding.

Then, a violent force rushed towards Chu Batian, and Chu Baxing's body shook and retreated.

"Do you have gun power?"

Lu Ming whispered.

There is no doubt that the power of Chu Batian's cultivation is also the gun power of the Bawang cultivated in "Bawang Guns".

"You have this strength?"

Lu Ming spoke lightly, full of disdain.

"hateful!"

Chu Batian shook his heart, and then raged into the sky.

"God of War!"

Chu Ba Tian shouted, the divine riots, and then a huge giant appeared in the sky.

The giant, dressed in armor and armed with a spear, slammed into the night with a shot of war, and shot at the landing.

"God of War!"

Lu Ming's eyes lit up.

Then, Lu Ming moved, rushed forward, and collided with the opponent's God of War.

boom!

This time the roar was even more intense.

Lu Ming's body drifted back, and the huge 'God of War' also backed away.

Of course, it's not that Lu Ming couldn't stop this 'God of War'. Lu Ming backed away intentionally.

During this time, he also began to comprehend the "God of War".

Lu Ming happened to be fighting with the opponent, and took advantage of the opportunity to get a good sense of the opponent's God of War strike, which was also good for his cultivation, so Lu Ming stepped back deliberately, so that the other party could fully bring out the mystery of the God of War strike.

Sure enough, Chu Batian saw a move that did not defeat Lu Ming, shouted again, and continued to use the God of War strike to kill Lu Ming.

The giant God of War, armed with a spear, pierced the sky with a spear, and it was amazing.

"Broken!"

Lu Ming shook the spear, and the guns flew out like meteors.

Boom!

The terrifying shocks kept coming out.

Lu Ming fought against each other while contemplating the God of War.

In the war, the understanding of divine skills is the fastest.

Lu Ming's comprehension of the **** of war strike skill is rapidly improving.

But Chu Batian, the Vietnam War is more anxious.

He has exerted his strength to the extreme, and still cannot win Lu Ming.

And Lu Ming is just the cultivation practice of the Sevenfold of Tenjin.

He finally knew that Lu Ming's fighting power was terrifying, and it was really possible to kill Chu Baxing with his own fighting power.

Chu Batian, some played back.

"about there!"

Lu Ming whispered, and then the rifle changed, the dazzling divine power rose into the sky, and a huge **** of war appeared in the sky.

This **** of war is almost the same as the war **** condensed by Chu Batian.

God of War!

In the battle just now, Lu Ming finally realized the God of War strike, and could condense a huge God of War and launch an attack.

"God of War, you... how could you use the God of War?"

Chu Batian shouted unbelievably.
