Chapter 3121: God of War King Tianjiao

Chu Batian yelled unbelievably, his pupils were so big, it was unbelievable.

Lu Ming, even the God of War?

For a time, he was a little dazed.

Uh!

Lu Ming's condensed God of War hit him with one shot, and assassinated Chu Chutian's condensed God of War.

The spear came out, the wind moved, the space roared, and the power was terrifying.

Chu Batian finally reacted and quickly controlled the 'God of War' to resist.

boom!

The two huge gods of war collided together and stirred up endless waves of gas.

However, as soon as the two Gods of War contacted, Chu Batian's condensed 'God of War' appeared a crack, like a cobweb, covering the whole body.

Then the sound of 'bump' burst.

puff!

Chu Batian vomited blood violently, and his body retreated.

"kill!"

Lu Ming took a sip, and the arm of the "God of War" in the sky moved, and his spear pierced toward Chu Batian, instantly crossing the space and killing Chu Batian.

what!

Overwhelmed by the cold killing opportunity, Chu Batian shouted in horror.

"stop!"

At this time, a figure burst out of the edge of the battle platform, the speed is extremely alarming.

Before his figure arrived, a horrible spearman, as big as a mountain, swept away to the landing God of War.

The violent air waves swept over the 'God of War', causing the 'God of War' to vibrate violently, and then burst apart, turning into energy and disappearing.

At the next moment, in front of Chu Batian, a young man wearing a black armor appeared, a violent breath, like a wave, permeating out one after another.

God King!

This young man is a real presence of a divine king, and he is also an arrogant one. The divine power under his control is divine power.

Lu Ming can see that the other party's cultivation is the king of God!

"Sure enough, my understanding of God of War is not enough!"

Lu Ming whispered, without fear.

God King is important, although much stronger than Half Step God King, but with Lu Ming's current strength, he is not afraid.

The reason why the "God of War" he just condensed was defeated by the other party was mainly because his understanding of the war of God is not enough.

"Lu Ming, I Chuwei, come and be your opponent!"

The **** king's heavy arrogance said coldly, his breath was violent, and the god's prestige was revealed.

"You are shameless, the arrogance of the divine king realm, actually want to deal with a person in the **** realm!"

Wu Ming shouted.

Chu Wei blushed slightly.

The majestic king, but challenged the existence of a sevenfold god, is indeed a shame.

However, today he must kill Lu Ming, otherwise, wouldn't they be underestimated?

The God of War family, how brilliant that year was, but these years, it has continued to decline and no longer has the former glory.

But in this generation, the God of War family, but talented people, peerless arrogance, springing up like mushrooms.

This gives the people of the God of War family an ambition and wants to reproduce the glory of the past.

At this time, how can they be suppressed by others?

Therefore, if you know that you are embarrassing, you must also shoot to kill Lu Ming.

"Lu Ming, who killed the arrogance of my Ares family, must die!"

Chu Wei shouted.

What he meant was obvious. This was not an ordinary showdown, but a revenge.

In this case, he had a reason for his shot.

"Shameless is shameless, what reason to find!"

Wu Yue shouted.

"Humph!"

Chu Weiheng snorted, ignoring Wu Ming and Wu Yue, and stepped out, with a strong breath, pressing toward the landing.

Obviously, he had to make a strong shot to force Lu Ming to fight.

"bring it on!"

At this time, Lu Ming's faint voice sounded. Although the voice was calm, it was full of powerful fighting intent.

Lu Ming, an ordinary **** king, has seen him many times, and has fought many times, but he hasn't fought yet, he is still looking forward to the God of God, Tianjiao, who controls the divine power.

Lu Ming's voice calmed the scene. Everyone didn't expect that Lu Ming really dared to fight?

"kill!"

Chu Wei didn't hesitate, he shot strongly, and a shot was fired, a huge lance, squeezed toward the landing, and there was a gun that planned to press Lu Ming into a puree.

The powerful divine power of the God Realm raged out, the power was extremely terrible, and the mighty energy continued to diffuse in all directions.

"Shenlong Faxiang!"

Lu Ming whispered, displayed the magic formula of the dragon, the violent riot in the body, and the crazy shock came out.

Roar! Roar! Roar! ...

In the sky, all the nine-clawed dragons condensed out, and in an instant, five nine-clawed dragons were condensed, spreading their claws and rushing towards Chu Wei.

boom! boom! ...

The Nine-claw Dragon, constantly hitting Chu Wei's spear, exploded and turned into a vast energy rushing in all directions.

"With you, you can't stop me, die!"

Chu Wei shouted, the power surged, the gunman continued to suppress the landing Ming.

"is it?"

Five nine-clawed dragons were defeated, Lu Ming's face was still calm, and his fists were blasting out in succession.

The sound of Longyin sounded again, undulating each other, shaking the world.

At the next moment, a dozen nine-clawed dragons appeared in the sky.

Yes, there are fifteen.

After more than 150 years of cultivation, and under the guidance of the Blue Merchants, Lu Ming's understanding of the magic formula of the dragon and dragon has also been greatly improved.

Now, he can condense fifteen dragons in one breath.

Fifteen huge nine-clawed dragons, densely scattered in the void, with a meandering body and amazing dragon power.

Many onlookers contracted their pupils and exclaimed: "So many nine-clawed dragons, what a secret technique!"

"What an amazing secret!"

In the shock of everyone, fifteen nine-clawed dragons have already slain Xiang Chuwei.

Chu Wei shook violently, and then burst with a loud bang.

After crushing Chu Wei's spear, the remaining Nine Claws Dragon continued to fight Xiang Chuwei.

Chu Wei's face changed greatly, and Chang Xiao screamed: "God of War!"

The armor on his body exudes a radiant brilliance. In the sky, a huge 'God of War' condenses out, armed with a spear, and it is extraordinary.

call out! call out! call out!

The spear in the hands of 'God of War' shuddered, bursting into endless gun shadows, blasting towards the Nine-claw Divine Dragon.

Chu Wei used the trick of the God of War family.

Although Chu Wei did not have the awakening source divine power factor, the awakening level also reached more than 90%, plus the blessing of the **** king realm, the God of War struck, the power is infinite, more than Chu Baxing, Chu Batian Stronger.

Over the battle platform, a piece of boiling, a wave of energy spread out in circles, as if to swallow everything.

The fierce confrontation between the two, for a time, it is difficult to distinguish the outcome.

"God king, it really is much stronger than half-step **** king!"

Lu Ming moved.

Heavenly arrogances such as Chu Baxing and Chu Batian have their fighting power and absolute ability to overwhelm ordinary **** kings, and even beheaded, but they are not Chu's enemies.

Lu Ming could easily defeat Chu Batian, but it was not so easy to deal with Chu Wei.

Chapter 3122: Came a group

Lu Ming can easily defeat Chu Batian, but it is not so easy to deal with Chu Wei.

Of course, this is because Lu Ming did not turn into an ancient **** body. Once turned into an ancient **** body, dealing with Chu behavior will be a breeze.

However, Lu Ming does not want to cast an ancient **** body for the time being.

"Ice Chain!"

Lu Ming's thoughts moved, and nine ice chains flew out, like nine long snakes, going to Chu for winding.

Nine ice chains easily passed the wave of energy and rolled towards Chu Wei.

The ice chain has not yet arrived, and the terrible cold has made Chu Wei's face change.

"God of War gallops!"

Chu Wei shouted, the gun situation changed again, exuding more terrifying fluctuations.

In the sky, there is another "God of War" condensed out, but this one is somewhat different from the previous one.

This **** of war is riding on a huge horse.

In this way, the action of the 'God of War' will be much more flexible.

Chu himself is standing on top of the 'God of War'.

The war horse stepped into the air, and the sky roared, flashing like a phantom, and then it broke away from the envelope of the ice chain and rushed towards the landing.

Uh!

A huge lance, assassinating the landing, was extremely amazing.

"God of War can still be used this way, really strange!"

With a move in Lu Ming's heart, the nine ice chains quickly retracted. After he barely intertwined into a wall, the gunshot hit the wall formed by the ice chains and was successfully blocked.

As Lu Mingxiu became deeper and deeper, the power of the ice chain became stronger and stronger, and his defense power also increased.

After blocking a blow, the ice chain moved back, and immediately returned to Chu for winding.

At the same time, Lu Ming's double fists blasted out continuously, and fifteen nine-claw dragons condensed out of the sky, roaring from all directions to Chu Wei, blocking his retreat.

"Cut the moon!"

Immediately after exhibiting the dragon's appearance, Lu Ming immediately took out his spear and performed the trick of "cutting the moon", one trick towards Chu Chu.

A crescent-shaped spearman went towards Chu for beheading.

At the same time, Lu Mingshi exhibited three offensive methods, the offensive was like a storm.

Chu Wei's face was extremely dignified, and he tried his best to resist it.

He first opened the chain of ice, but the Nine Claw Dragon immediately attacked. When he blocked the Nine Claw Dragon's attack, 'Cut Moon' was killed again.

In the end, Chu Wei didn't block the move of chopping the moon, and was chopped on the head of the "God of War". The "God of War" shook violently before bursting apart.

The surging energy rushed towards Chu Wei, who was tens of thousands of meters back from the body and a spit of blood spewed out.

"kill!"

Lu Ming did not give Chu Wei a chance to breathe. With a gun, there were three crescent-shaped guns that cut to Chu Wei.

When Chu Wei was injured, he couldn't use any strength at all, even if he tried his best.

He barely blocked the two crescent-shaped guns, but did not block the third.

The third crescent-shaped spear was chopped on Chu Wei's body, flying Chu Wei out 100,000 meters away and directly blasting out of the battle platform

boom!

Chu Wei smashed heavily on the ground, and slid tens of thousands of meters on the ground, dragging the ground out of deep ravines. Chu Wei was lying in the ravine, with blood constantly spouting in his mouth, and his breath was extremely weak.

The armor on his body was torn apart, almost splitting him in half.

Chu Wei, a fiasco!

The scene was silent!

Many people who watched Lu Ming's shot for the first time were really shocked.

Lu Ming's combat strength is too strong, but it is only the sevenfold of Tianshen, but he defeated Chu Wei.

Chu Wei is not an ordinary King of Gods, but a God of Pride who controls the divine power, but is still not Lu Ming's opponent.

This kind of combat power is terrifying.

"Huh, terrible, it's terrible!"

Many people took a long breath, all their faces were horrified.

"What is the Nine Sword Heavenly King's Mansion, the God of War family, vulnerable!"

Lu Ming looked down at Chu Wei and spoke indifferently.

This made Chu Wei, as well as Chu Batian, ugly looking dying.

Humiliation, this is great humiliation.

The God of War family was born in arrogance, and originally wanted a strong rise and was defeated by Lu Ming in succession. This was undoubtedly a major blow to the prestige of the God of War family.

"Crazy, kid, Ares family, can you insult? Find death!"

In the distance, there was a cold cry, and then a group of young people came out of the air.

This group of young people, there are more than 20 people, most of them are carrying swords of war. Their momentum is as sharp as a sword.

"It's the arrogance of the Nine Swords Heavenly Palace!"

Someone exclaimed.

Obviously, more arrogance arrived in the Nine Sword Heavenly Palace.

The arrogance of the Nine Sword Heavenly King's Mansion in this neighborhood was just a small part. At this moment, more came.

The speed of Tianjiao in the Nine Sword Heavenly King's Mansion is very fast. A few breaths came to the front.

Uh!

One of the young men was very domineering, and they were separated by a long distance.

A huge knife and knife, spanning hundreds of miles, slammed down towards the landing.

Rumble!

The air in the sky rolls over, bringing a terrifying roar, as if to split this area in half.

Lu Ming's eyes narrowed slightly!

The opponent cut a knife so far apart, but the power of this knife made Lu Ming's face dignified, because the power of this knife has surpassed Chu Wei's strongest blow.

"Shenlong Faxiang!"

Lu Ming snorted, his hands waved swiftly, Longyin burst, fifteen nine-clawed dragons condensed out, and rushed forward.

At the same time, nine ice chains also flew out, laying a layer of defense in front of Lu Ming.

On Lu Ming, a layer of nine-folded red gold armor appeared.

bump! bump! bump!

At the next moment, a fierce explosion sounded, and fifteen nine-clawed dragons collapsed and were crushed one by one.

Then, Daogang cut on the defensive wall intertwined with the chains of ice.

Zizizi...

Mars fights, the chain of ice shakes, and finally a rift is cut out. The terrible knife gas, through the rift, cuts on the nine heavy red gold armor.

Boom!

Lu Ming's body shook and drifted backwards until he reached the edge of the battle platform before stopping.

"Origin Divine Factor!"

Lu Ming's eyes narrowed.

The youth who just shot, Xiu Wei is also the king of God, but the other party has already awakened the original divine power factor, and the combat power is much stronger than Chu Wei.

"It is the original divine power factor!"

Feeling the breath of this person, the others exclaimed.

Uh!

This young man stepped out and landed on the battle platform with a cold breath that enveloped Lu Ming.

"Dare to insult me Nine Sword Heavenly Mansion, dare to insult the God of War family, who gave you the courage?"

"So arrogant, come and fight me!"

The young people drank coldly, their arrogance was overbearing, and they did not take Lu Ming's eyes at all.

Although Lu Ming is strong, he is confident that he can easily crush Lu Ming.

Chapter 3123: Three princes and nine priests

"Awakening the God King Tianjiao, who is the source of divine power?"

Lu Ming whispered, a strong fighting intention permeated his body.

These characters finally gave Lu Ming some pressure.

Chu Baxing, Chu Batian and others are only half-step **** kings. The awakening of the original divine power factor makes the combat power extremely terrifying, and can even defeat the powerful king of the **** king realm across the big realm.

These characters, after reaching the **** king realm, the combat power will skyrocket, and the magnitude of the skyrocket is extremely alarming.

Being the same as God King, these characters can definitely kill Chu Wei easily.

Lu Ming was not afraid, but rather excited.

Over the years, his fighting power has also skyrocketed.

"Come on, let me see your strength, but don't disappoint me like the previous two!"

Lu Ming spoke lightly.

This remark made many people's eyelids jump straight.

Lu Ming, really daring artists, this is to challenge each other.

Is Lu Ming really able to fight against these characters, that is too horrible!

"Although Lu Ming can defeat Chu Wei, it is definitely not his opponent. The difference between the awakened source divine factor and the failure to awaken the source divine factor is too big!"

"Yes, this gap is too difficult to bridge!"

Many people shook their heads secretly, not thinking that Lu Ming could rival each other.

"Hahaha, a **** of sevenfolds, actually talked to me like this, so good. This time I came to the JiuJue Heavenly King Mansion, and I am really knowledgeable. Then come and see if you can stop me a few tricks!"

The Heavenly Pride of the Nine Sword Heavenly Mansion laughed wildly. Afterwards, his body shook, and the sword came out of his back. A knife gang, a mighty, rising into the sky, stirred the wind and the sky.

Seeing that the other party is about to shoot, Lu Ming's internal divine power is also running wildly, turning into an ancient **** body to fight against the other party.

"Dang Tang awakened the **** king of the original divine power factor, and actually wanted to deal with a seven-folded man of heaven. You nine swords king palace, is it really good for me to be a bully?"

At this moment, a voice came from a distance, and then a group of people hurried towards this side.

At the next moment, a group of young Tianjiao appeared in the air.

The person headed, dressed in Chinese clothes, looks handsome, standing there, there is a sense of majesty.

"Three princes, three princes!"

"Caomin meets the three princes!"

Many people saw this young man and bowed in salute.

It turned out that this person was the son of Jiujie Heavenly King, and also the three princes of Jiujie Heavenly King's Palace, Jiujie Mu.

It is also a peerless arrogance.

"Jiu Juemu, do you want to intervene?"

On the battle platform, the young man with a sword in the back said coldly, staring at the three princes like two magic swords.

"Nonsense, you are a **** king, but also awakened the original divine power factor, but you have to deal with a seven-folded **** from my nine-nine heavenly palace, you can be shameless, this prince, but you can't sit idly by!"

The three princes said coldly, stepping down, and fell beside Lu Ming.

boom!

The three princes also erupted in a breath of terror, and a strong, ancient atmosphere of flood and outburst filled out.

God King is important!

The three princes and nine priests are also the king's most important cultivation practices, and they also awakened the original divine factor.

The strong breath rushed away the breath of the Nine Sword Heavenly King's House.

"Nine Juemu, you better not intervene. This person in the ancient city of Xingyue, beheaded a heavenly pride of the God of War family, so he must die!"

The Nine Swords King's Mansion is cold and cold.

"It's ridiculous, in the ancient city of Xingyue, fighting each other, fighting for treasures, killing is a common thing. In the past years, there were many people who died in your hands in the palace of the nine kings. Is it possible that you are allowed to kill us, not Allow us to kill your people?"

The third prince asked.

"He killed the son of a great man from the Ares family!"

The Heavenly Pride of the Nine Swords Heavenly Palace said coldly.

"I care who he is, you have to fight, I will accompany you!"

The three princes are also very strong.

Lu Ming touched his nose with a wry smile.

He originally wanted to fight the other side to test his own strength.

Unexpectedly, when the three princes put their hands in a row, he would not be able to do so.

However, Lu Ming doesn't matter. He wants to shoot, and there are many opponents.

"Jiu Juemu, do you want to bully less?"

The Heavenly Pride of the Nine Swords Heavenly Palace said coldly.

This person's voice fell, and all the other arrogances of the Nine Sword Heavenly King's Mansion exploded. Among them, most of the arrogances were actually the cultivation of God King Realm. The breath of so many people gathered together is amazing.

"How much more than people? Remember, this is Jiu Jue Tian Wang Fu!"

30,000 words cold drink, the next moment, the young Tianjiao who came with the three princes also erupted a breath of breath.

"I wait to fight with the three princes!"

Then, the people watching around, some people shouted, the breath burst out.

"I wait to fight with the three princes!"

Then, more people shouted.

Boom...

In an instant, thousands of breaths rose into the sky, pressing down on the arrogance of the Nine Sword Heavenly King's Mansion.

It was so amazing that so many people broke their breath together. The breath of Tianjiao of the Nine-Blade King's Mansion was crushed and crushed. Their bodies were shocked and their faces pale.

"What are you doing? Do you want to fight against my Nine Sword Heavenly Palace?"

A heavenly arrogant roar of the Nine Sword Heavenly King Mansion

"Start the war, start the war, I am afraid you will not succeed!"

The three princes drank coldly, strong and overbearing, never giving in, and the momentum was constantly pressing toward the arrogance of the Nine Sword Heavenly King's Mansion.

At the same time, other people's breath also gathered together and pressed against each other.

Tianjiao's body trembling violently in the Nine Sword Heavenly King's Mansion seemed to be crushed to his knees.

They blushed and tried hard to resist, but if they continued like this, they would get injured sooner or later, and even kneel down.

They are all extremely arrogant, and if they are kneeled down, it is a great shame for the Nine Sword Heavenly King's Mansion.

boom!

At this moment, in the high altitude, it seemed that there was an explosion, a breath of terror, like the tide, hitting down.

This breath, too terrifying, mighty, filled with a supreme breath, high above, could not resist.

In front of this breath, everyone looked like ants.

When the breath fell, everyone's breath collapsed, like a tofu.

Jiu Jumu and Lu Ming, most of the people at the scene were trembling. If they were struck by lightning, their bodies shook and a mouthful of blood spewed out.

"Spirit of the Divine King!"

In the sea, the bone demon shouted.

Lu Ming's eyes were shocked, and he also felt it. This is definitely the breath of Divine Monarch.

Lu Ming has felt the breath of Si Kongnan and the King of Jiu Jue, but now this breath is very similar to Si Kongnan and King Jiu, and exists on the same level.

Even more terrifying, far-reaching and unpredictable than Si Kongnan.

Others also showed a frightened expression.

So many people at the scene added up, but they were easily crushed by the other party. The coming is definitely a terrifying master.

Chapter 3124: Divine Power Pearl

The breath in the sky is still coming out, as if there is a terrifying beast to appear.

Then, in the sky, a figure appeared.

This figure was shrouded in divine light, and he could not see clearly, but it gave a feeling of incomparably great power.

All breath comes from this person.

"Heaven is the king!"

The arrogant ecstasy of the Nine Sword Heavenly Palace

"The king of heaven is the king of nine swords!"

People at the scene were shocked.

This person is the King of Nine Swords.

The Nine Sword Heavenly King shot himself.

"Nine knives, what are you going to do? At my site, take action against me? Do you think I'm really good at talking?"

Just then, a sound suddenly sounded.

This voice, I don't know from which direction it came, so it spread so abruptly in all directions.

With the sound of this sound, a mysterious breath also permeated.

A shock of this breath, the terrifying breath of the Nine Sword Heaven King was cancelled out.

Lu Ming, Jiu Jumu and others were relieved of the pressure and took a long breath.

They felt that they were soaked in cold sweat, and facing the King of Nine Swords, their pressure was too great, as if they were about to face the disaster of extinction at any time.

This feeling is really uncomfortable.

"Shen Jun!"

Lu Ming clenched his fists, and once again felt the power of the Divine Monarch. In front of such strong men, he could not even resist a little.

Even if there is no rebellion, the gap is too great.

"Father King!"

At this moment, the three princes cried in surprise.

"It's Jiu Jue King!"

Many people felt shocked.

At the next moment, above everyone's head, the space in the sky rose, and then a figure appeared.

Lu Ming recognized it at a glance. This figure is the King of Nine Jue.

Lu Ming was a little speechless. He didn't expect that he was only dueling with the arrogance of the Nine Swords Heavenly King's Mansion, but in the end he brought out the two big brothers, the Jiu Jue Heavenly King and the Nine Sword Heavenly King.

The two heavenly kings, even if placed in the Taixu dynasty, are also great figures.

"Nine must!"

The Nine Sword Heavenly King whispered, with a dazzling gleam in his eyes, and a terrifying breath rushed towards the Nine Great Heavenly King.

King Jiu Jue also burst into a breath.

boom!

The two breaths collided, and the space was violently shaken, as if the whole starry sky was shaking violently.

The most shocking thing is the hearts of everyone.

Many people showed anticipation and anxiety.

After getting the two kings, a war will break out today.

The battle of the kings will definitely shake the earth and destroy the world.

"Nine Swords, you come to my palace of Jiu Jue, what are you going to do? Really want to fight with me, if you want to fight, then fight!"

The voices of the Nine Great Kings spread throughout the audience, and they were powerful.

"Nine Jue, what are you nervous about?"

The King of Nine Swords grinned, the breath on his body quickly converged and became like a stone, with no breath leaking.

At the same time, the divine light on him disappeared, revealing his true face.

This is a middle-aged man with a square face, a face like a knife, and between eyes opening and closing, it seems that there is a scary knife burst out of his eyes.

This is the King of Nine Swords.

"Nine swords, what the **** are you doing?"

King Jiu Jue asked again.

The strength of the Nine Sword Heavenly King is unfathomable. He really has a battle, and he has no certainty of winning. The Nine Sword Heavenly King Mansion, except him, nobody is the opponent of the Nine Sword Heavenly King Mansion.

Therefore, the other party dared to bring people to Jiu Jue Tian Wang Fu.

"I'm bringing people. It's very simple. The day when Taixu Royal Sanctuary is convened is also approaching. Bring these days to let them learn from each other, isn't it good?"

King Nine Sword smiled.

"And, this time I came, I also prepared a big gift!"

King Nine Swords said another sentence.

"Gift? What gift?"

Jiu Jue Tian Wang Dao, Jiu Dao Tian Wang will bring a big gift? He was seriously doubtful.

"Look, everyone!"

The King of Nine Swords smiled slightly, and then his palms glowed, and a black, ink-like, continuously spinning ball appeared in his hands.

Everyone's eyes fell naturally on this bead.

"what is this?"

Many people showed a daze.

However, there are a small number of people whose pupils contract for a while, and they seem to think of something.

"This... is this the legendary source of divine power?"

An old man exclaimed, his voice trembling.

"What? Divine Power Source Pearl? Impossible!"

"Nine Sword Heavenly King, how could it be willing to take out the Divine Power Source Pearl?"

There was a lot of noise and noise at the scene, which was unbelievable.

Those who have awakened the source divine power factor may be able to awaken the source divine secret from the source divine power factor.

This secret technique, hidden in the divine power factor, was the secret technique controlled by the original god.

This mystery is unpredictable, powerful, and terrifying, and it is handy to use, and can be accompanied by a person for a lifetime and is of immense value.

But the chance of awakening is extremely low, extremely low, and astonishingly low.

And there is no law, purely depends on personal talent.

Some people can awaken the original mystery once by the awakening of the original divine power factor.

Moreover, among the 10,000 awakening source divine factors, there is not necessarily one that can awaken the source secret.

It's too difficult!

However, in the world of thousands, all kinds of wonderful treasures will always be born.

The divine source bead is a kind of supreme rare treasure, which can help people understand the divine power factor, the success rate is as high as 90%.

This is almost equal to that, as long as you get a source of divine power, you can understand a kind of source secret technique.

This value is too precious, especially for the Tianjiao, who is interested in fighting for the younger generation, is more attractive.

However, the number of source beads of the divine power is too small, and it is not that the cultivation is high and the status is high, you can get it.

Unexpectedly, the King of Nine Swords actually had a source of divine power.

Many people's eyes are fiery, and if this source of divine power is in the hands of the Nine Swords King, everyone else will shoot.

King Jiujié also showed a look of surprise, saying, "Jiu Dao, what is the purpose of taking out the source beads of divine power?"

"It's very simple. I plan to hold an event that will allow me to fight against the Heavenly Pride of the Nine Sword Heavenly King Mansion and the Jiujié Heavenly King Mansion. Whoever can seize this Divine Power Source Pearl, then the Divine Power Source Pearl will belong to whoever, and others will not be allowed to take another snatch. !"

King of Nine Swords.

As soon as this statement came out, the audience was shocked.

The King of Nine Swords actually wants to take out the source of divine power and let the younger generation compete for it.

This is even unexpected than the arrogance of the Nine Sword Heavenly King's Mansion.

The Nine Sword Heavenly King's Mansion, the Tianjiao on both sides of the Jiu Jue Heavenly King's Mansion, showed fiery light in their eyes.

Especially those arrogance that awakened the original divine factor, their eyes are fiery.

Chapter 3125: Cause waves

It will not take long for the Taixu Royal Sanctuary to be convened. Once the source beads of divine power are obtained and the source divine power is comprehended, the strength will definitely rise.

At that time, when the Taixu Royal Sanctuary is held, it will be able to blockbuster, crush the heroes, and seize an extremely high position, which is of vital importance for their future.

This is not strange.

"Nine swords, I didn't expect that you are really willing to spend your blood!"

King Jiu Jue's face was somber.

"The revenge of that year, had to report!"

Nine Swords King sneered.

King Jiu Jue's eyes were cold, he already knew the plan of King Jiu Dao Tian.

When they were young, Jiu Jue Tian Wang killed the brother of Jiu Dao Tian Wang, and the two sides had forged a revenge. Jiu Dao Tian Wang always wanted to avenge him.

Since the endless years, the two heavenly kings have fought each other.

Last time, the Nine Swords King bought Si Kongnan with a plan and asked him to secretly help the Dark Ice Clan steal the Nine Absolute Divine Crystals. The purpose was to arouse the suspicion among the main families of the Nine Nine Heavenly King's Mansion and trigger the world. The contradiction between them caused a war to break out among the major families and weaken the overall strength of the Jiu Jue Tian Wang Fu.

Once the strength of Jiu Jue Tian Wang Mansion is weakened to a certain point, Jiu Dao Tian Wang can lead the army and break through Jiu Jue Tian Wang Mansion.

It is a pity that their strategy was seen through last time and did not play a corresponding role.

This time, Nine Swords King holds the same purpose.

Taking the divine source beads as a guide, let the big families compete for it. The divine source beads are too precious. In order to compete for the divine source beads, the major arrogance will definitely fight desperately, and it is very normal to fight each other.

At that time, once a lot of arrogance falls, it will definitely aggravate the contradictions among the major families, thus triggering major wars among the major families.

This is the strategy of the Nine Swords King.

"How do you want to proceed?"

Asked the nine kings.

"It's very simple. This time, I will place a large formation. All the participating Tianjiao will enter that large formation, and I will put the Divine Power Source Pearl on a puppet, and enter the large array of Tianjiao. Yuanzhu seized it, and then persisted for a month in the large formation. After one month, as long as the Divine Power Yuanzhu is still on whom, the Divine Power Yuanzhu will belong to whom, and others shall not **** it, otherwise, it will be enemies with me!"

"Of course, to enter the Tianjiao's Tianjiao, there must be restrictions on cultivation, the highest God King is important, the low is not limited!"

King Nine Swords said the rules again.

This remark made some Xiu Jiao's arrogance above the weight of the **** king, his face ugly.

Those who cultivate more than the weight of the **** king lose the qualification to compete for the source of divine power.

"Nine swords, don't go too far..."

King Jiu Jue's face was gloomy.

It is conceivable that the King of Nine Swords arranged this way. Those arrogances that entered the Great Array will definitely have fierce fighting. Then, when the arrogance of the main families of the Nine Absolute Kings will fight against each other, it is really possible to inspire conflicts.

"What? Jiu Jue, don't you want the Tianjiao below you to compete for Divine Power Source Pearls, do you want to deprive them of their chances directly? With the ability, you also come up with a Divine Power Source Pearl to reward your men!"

Jiu Jue King sneered.

"you..."

Jiu Jue King's House language stopper.

The source of divine power can not be found, it is not obtained by cultivation to a high status, nor is he.

King Nine Swords is not a conspiracy, but a conspiracy, even if he knows the other party's purpose, there is no way to refuse.

Once he refuses, he will not allow the Tianjiao of Jiu Jue Tianwang Mansion to participate. Those Tianjiao will certainly have great opinions, and his deterrent power will be greatly reduced.

There was a sneer in the corner of King Nine Swords King's mouth. He knew that King Nine Masters could only promise, not refuse.

"Okay, since Jiu Dao you gave up your blood so much, then the gift of Divine Power Source Pearl, my Jiu Jue Tian Wang Mansion will accept it!"

The voice of the Nine Great Kings rang throughout the audience.

This made many Tianjiao excited and eager to try.

"Okay, now I'm looking for a place to set up a big team. After seven days, the competition begins. I want to participate, even though I sign up!"

Nine Sword Heavenly King's Mansion Road.

After talking, the eyes of the Nine Sword Heaven King's Mansion glanced around, and finally landed on Lu Ming, flashing a cold light.

"You are Lu Ming?"

King of Nine Swords speaks.

This surprised many people. The King of Nine Swords actually knew Lu Ming?

Stared by the eyes of Nine Swords King, Lu Ming felt cold all over, as if stared at by a terrifying beast, as if swallowed at any time.

Lu Ming felt a big crisis.

Taking a deep breath, Lu Ming calmed herself down and said, "Yes, I am Lu Ming!"

"Very good, it really is a hero out of youth!"

The King of Nine Swords smiled faintly, and then ignored Lu Ming, and left the house of the King of the Nine Swords King.

The eyes of King Jiu Jue blinked a few times, stepped out, and left here.

But the scene was caught in a hustle and bustle.

Regarding the source of the Divine Power, it spread throughout the Jiu Jue Tian Mansion at a storm-like speed, causing a great shock.

A divine source bead can make a peerless arrogant awakening the original divine factor go one step further and become the true top arrogance of the Taixu dynasty.

This attraction is fatal.

Countless days of arrogance woke up from the retreat, intending to participate in this competition.

"Lu Ming, are you going to participate?"

Wu Ming asked Lu Ming.

"Naturally want to participate!"

Lu Ming smiled.

Although, he has a feeling that once he participates, he may be targeted by the people of the Nine Sword Heavenly King's Mansion, but he does not want to miss the magical power.

Once he got the source of divine power, he could understand a kind of source secret technique, which would greatly help him.

Soon after, the King of Nine Swords and the King of Nine Supremes jointly sent people to register and wanted to participate in the contest. Anyone of the younger generation who is under the weight of God King or below the weight of God King can participate.

For a time, the applicants gathered.

Even some young people who are not very high-cultivated have a lucky heart.

Because this time the divine source of contention, although it depends on strength, but also depends on luck.

If you are lucky, you find the source of magical power, find a place to hide, as long as you hide for a month, then the source of magical power is your own.

Only a month, I will be able to get through it soon.

Lu Ming, also went to sign up.

However, he did not allow Qiuyue to sign up.

During this time, Qiuyue has already touched the edge of Divine King Realm and is retreating to impact Divine King Realm. I believe it will soon succeed.

After signing up, Lu Ming returned to his place of residence to practice, waiting with peace of mind.

Time flies, and soon, seven days have passed.

Seven days later, countless days of arrogance gathered in the Tianwang District.

In addition to these heavenly arrogance participating in the battle for the source of divine power, there are many other people who are watching.

There are so many people in the crowd that it is impossible to count how many people there are.

Lu Ming saw the Wu family head, the Jin family head, the Qin family head, the Yiren family head and so on in the crowd.

The heads of these big families have appeared one after another.

Chapter 3126: In the big formation

Buzz!

The void rippled, and then a figure appeared in the sky.

The Nine Great Kings are here.

King Jiu Jue stood high in the sky, standing still, waiting quietly.

Soon after, another direction, a rainbow of light flew towards this side.

The people of the Nine Swords Heavenly Palace arrived.

The one headed is the King of Nine Swords.

Behind him, apart from the two old men, the others are young men.

There are more than one hundred young people, and all of them are magnificent.

"Nine swords, everyone is here, let's go!"

Jiu Jue Tian Wang looked to Jiu Dao Tian Wang.

"Just what I want!"

The King of Nine Swords smiled faintly, and then waved his hand. Suddenly, dense runes appeared on an open space in front of him.

These runes formed a large formation that enveloped a large open space.

This open space is very wide, including mountain lakes and various terrains.

This is the seven days that the Nine Swords King has set up here.

After the large array appeared, the Nine Sword Heaven King waved again, and a huge tiger appeared in the air.

This tiger is not a flesh and blood creature, but a puppet.

"The King of God!"

Many people moved their hearts and felt the breath of the puppet of this tiger, which is equivalent to the weight of the **** king.

After taking out the tiger puppet, the source of divine power emerged from the hands of the Nine Sword King.

Seeing the source of divine power, countless people's eyes were hot.

When King Nine Swords waved, Divine Power Source Pearl flew out, and flew towards the eyebrows of the tiger puppet, and then just embedded on the eyebrows of the tiger puppet.

Roar!

The tiger puppet roared, his feet were empty, his body became a streamer, he flew towards the large formation and disappeared into the large formation.

"Look..."

When the tiger puppet disappeared into the large formation, the Nine Sword Heavenly King's Mansion waved again, and in the sky, a huge picture appeared.

In this picture, you can clearly see the puppet of the tiger just now, running rapidly in a mountain forest.

"In this picture, the situation inside the large array can be projected. We can all see the situation inside you. Wait a moment, you will enter the large array and chase the puppet, as long as anyone seizes the source of the Divine Power. After a month in the big formation, the source of the Divine Power is his."

The Nine Sword Heavenly King announced, and then looked at the Nine Sword Heavenly King, saying, "Nine Sure, how about it, you have no opinion!"

"No!"

The nine kings said indifferently.

"Okay, let's get started!"

The voice of King Nine Swords spread throughout the audience.

"Go~"

As soon as the voice of the Nine Swords King's Mansion fell, young people rose into the sky and rushed towards the direction of the large formation.

Uh! Uh! ...

One figure after another flew towards the large array, with hundreds of people.

These people are all the arrogance of the Jiu Jue Tian Wang Mansion, which has a God King with a heavy realm, but there are also half-step God Kings, and even the God of God Jiu Zhong.

These people are holding a lucky heart.

The range covered by the large array is too large, the territory is vast, and in case of good luck, after getting in, you get the Divine Power Source Bead, find a place to hide, and after a month, the Divine Power Source Bead is his.

Many people hold this idea.

Hundreds of heavenly arrogances flew into the large enveloped area and disappeared.

But at the next moment, the huge picture in the sky showed the entering youth.

After the young people entered the large formation, they scattered and chose different directions to fly forward.

Then, there were successive youths flying forward.

Some of them are amazingly powerful.

However, the Tianjiao of the Nine Sword Heavenly King's Mansion did not rush forward, one by one, his face relaxed, his face sneered.

"Go~"

At this time, Lu Ming also moved, rushed towards the large formation and disappeared into the large formation.

"This kid has destroyed Ben Wang's plan. You met him in the big formation and killed him!"

The voice of the Nine Sword Heaven King sounded in the ears of more than one hundred Nine Sword Heavenly Kings.

Originally, Si Kongnan's plan was carried out well, but in the end he was destroyed by Lu Ming, so he had to come to Jiu Jue Tianwang Mansion in person, and he did not hesitate to take out the Divine Power Source Pearl to carry out his plan, which made him extremely uncomfortable.

"Heaven is assured, his subordinates must mention this person's head to see you!"

"That kid, it's mine!"

Suddenly, the heavenly arrogance of the Nine Sword Heavenly King's Mansion opened their eyes, and a cold murderous opportunity emanated from their eyes.

"Go!"

When the Nine Sword Heavenly King waved his hand, more than one hundred pride of the Nine Sword Heavenly King's Mansion flew forward and flew into the large formation.

Lu Ming entered the large formation and appeared on a mountain.

"It is worthy of a large formation under the presence of the king level, and in the large formation, it is like a world!"

Lu Ming turned his thoughts, and then chose a direction, and flew forward.

The range covered by the large array is extremely vast, and he has no idea where the tiger puppet is heading, so he can only fly freely and try his luck.

...

Outside the large array, in the high altitude, the huge picture is constantly changing, projecting the image in the large array.

The picture will be transferred to the tiger puppet side, and to the other Tianjiao side.

The day passed quickly.

At the beginning of the day, many Tianjiao are looking for at random, take luck.

But one day later, someone approached the tiger puppet.

"It's the arrogance of my Xu family!"

Someone whispered, showing excitement.

This is the master of the Xu family, because you can see in the picture that there are five young people who are very close to the tiger puppet. These five young people are the arrogance of the Xu family.

The masters of the Xu family are naturally happy, as long as Xu Jiatianjiao first encounters the tiger puppet, kills the tiger puppet, and then seizes the divine source bead, hides the divine source bead, finds a place to hide for as long as one month, then The source of the divine power is the Xujia Tianjiao.

With the divine source bead, the Xu family will be born with a peerless arrogance of the awakening of the original secret technique. When the Taixu Royal Sanctuary is held, it will definitely shine.

You should know that when the Taixu Royal Sanctuary was convened, even the emperor of the Taixu dynasty would come in person. As long as he performed well, he was fancy by the emperor and had a promising future.

People from other families also watched nervously, fearing that they would be hit by a tiger puppet by the Tianjiao of the Xu family.

But in the picture, the Tianjiao of the Xu family is indeed getting closer and closer to the tiger puppet.

"Found the puppet of the tiger!"

Suddenly, Xu Jiatian Jiao whispered, his eyes glowed with radiance.

"kill!"

The five Xu Jiatianjiao were very excited and rushed out directly, killing the tiger puppet.

Of the five Xujia Tianjiao, three are the existence of the God King, and the other two are also half-step God King levels, and they are all Tianjiao who control the divine power. It is more than enough to kill a tiger king puppet. .

Five attacks attacked the tiger puppets.

Roar!

The tiger puppet roared, and also found the crisis, and fled.

Chapter 3127: Various melee

The tiger puppet fled, but it was still difficult to avoid all the attacks. There were two attacks that bombarded the tiger puppet.

Boom!

Two violent roars, the tiger puppet was directly blasted out and hit a mountain, the mountain exploded and the gravel splashed.

But in the gravel, a figure rushed out and fled towards the distance.

It was the puppet of the fierce tiger that was hit by the heavy arrogance of the two **** kings. It was like nothing, and it was still as fast as lightning.

"Good defense!"

The Xujia family's proud eyes narrowed.

The puppet that hit the fierce tiger just now, but the two **** kings' heavy arrogance, the destructive power is extremely amazing. If the existence of the ordinary **** king realm is bombarded, it will also be seriously injured if it does not die.

However, the tiger puppet seems to be fine, and the defense can be imagined how amazing.

"chase!"

The five Xu family youths are struggling to catch up, but the tiger puppets are surprisingly fast. The five Xu family youths cannot catch up for a while.

"Damn!"

Outside, it was a pity that Xu masters drank low.

It was almost a bit, and was escaped by the tiger puppet.

The masters of other families are relieved.

"Tiger puppet, going to the Tianjiao of the Jin family!"

Suddenly, someone exclaimed.

It can be seen that in the picture, the tiger puppet has been running, and not far in front of the tiger puppet, there are six young men, all of whom are in a golden robe.

"hateful!"

The masters of the Xu family are extremely unhappy, while the masters of the Jin family are overjoyed, and even the head of the Jin family shows a happy face.

Seeing the tiger puppet getting closer and closer to the Tianjiao of the Jin family, finally, the Tianjiao of the Jin family also discovered the tiger puppet.

"It's a tiger puppet!"

"Haha, we are so lucky, we shot!"

The Jin family's arrogance and ecstasy made a lot of shots, and the golden palm prints blasted towards the tiger puppet.

The tiger puppet dodges continuously, but there are still several palm prints that bombard the tiger puppet and flew the tiger puppet out.

At this time, the Tianjiao of the Xu family also arrived.

"No good, get out!"

Jinjia Tianjiao was shocked and continued to fly forward.

The Jinjia and Xujia Tianjiao suddenly surrounded the tiger puppets in the middle.

The tiger puppet shook his body, stood up, and glanced around with no impact.

He seemed spiritual, knowing he could not escape.

"The tiger puppet, we found it, you guys, get out!"

A Jin family's arrogance drank coldly and looked at the Xu family with bad eyes.

"It's you guys, the tiger puppets were discovered by us first, we have been chasing!"

A Xu Jiatian arrogantly responded.

The same family, the Xu family is not afraid of the Jin family.

"You discovered it first? Ha ha, really come with your mouth open!"

"If you don't get away, then don't blame us for being welcome!"

Several Jinjia Tianjiao spoke coldly, and the opportunity emerged.

"You're welcome, are we still afraid that you won't succeed?"

Xu Jiatianjiao also responded strongly.

Roar!

Just then, the tiger puppet roared and rushed in one direction.

It was like igniting the fuse.

"Shoot!"

"kill!"

The Jinjia and Xujia Tianjiao shot at the same time, attacking one after another, slamming into the tiger puppet.

Boom!

So many attacks, bombarded on the tiger puppet, an amazing roar broke out, the ground burst into a big pit, the tiger puppet, was bombarded into the big pit.

However, the defensive power of the tiger puppet is really amazing, so many attacks fell on it, did not blow it apart.

The tiger puppet constantly roared and struggled, trying to rush out.

Unfortunately, it is difficult to move because it is suppressed by so many experts.

boom! boom!

One attack after another kept falling on the tiger puppet.

Just then, a cold light flashed in the eyes of a young Jin family, and a golden war sword flew out of his eyebrows, slashing at a young Xu family.

The Xu family's youth was shocked and evaded quickly, but it was still one step slower. He was severely injured by a deep sword wound on his body.

"kill!"

The young man of the Jin family hit his opponent hard with a move, roared, and continued to kill the opponent.

The golden yellow broken sword of the void sent out a terrible roar and slashed to the Xu family youth.

The other party was hit hard by accident and there was hardly any place to rebel, screaming, the body was split in half and fell on the spot.

A **** prince with a heavy realm was so beheaded.

"Jin Family, you mean..."

Outside the large array, a master of the Xu family roared, bursting into a madness, and rushed to the Jin family.

However, the masters of the Jin family also broke out, blocking the momentum of the Xu family masters.

"What is mean? This is fighting for treasures. When fighting for treasures, any means can be used. Who makes you Xu family stupid?"

A gold master responded coldly.

"you guys..."

The masters of the Xu family were depressed and glaring at the people of the Jin family.

Jiu Jue King's complexion was a bit gloomy.

The scene he worried about still happened. In order to fight for the source of divine power, the arrogance of the major worlds will definitely fight for life and death. This will definitely deepen the hatred of the major families and deepen the contradictions between each other.

There was a sneer in the corner of Nine Sword Heavenly King's mouth, this is what he wanted to see.

In the big battle!

One Tianjiao of the Xu family was killed, making the other Xujiao angry.

"Damn, kill it!"

"Kill the trash of the Jin family!"

The remaining Xujia Tianjiao roared and furiously attacked the youth of the Jin family.

For a time, the two sides fought fiercely.

In this way, the tiger puppet finally found a chance, broke out of the encirclement, and ran towards the distance.

"Damn, chase!"

The Tianjiao of the Jin family saw the tiger puppet run away, immediately launched an attack, repelled the Xu family, and then chased towards the tiger puppet.

"Hugh wants to go!"

The people of the Xu family, the people who bite the Jin family, did not let go, followed closely.

After chasing and escaping, in a blink of an eye, he chased tens of thousands of miles away.

Finally, the tiger puppet encountered the third batch of Tianjiao.

"It's a tiger puppet, haha!"

"The source of the Divine Power is ours!"

In front of them, a group of young people appeared, and there were also five people. When they saw the tiger puppet, they shot one after another, bombarded the tiger puppet, and flew the tiger puppet out.

However, the defense of the tiger puppet was not broken.

But in this way, the Jin family and the Xu family also caught up and surrounded the puppets of tigers.

"Sun family!"

The glorious eyes of the Jin family and the Xu family flashed, and the people who appeared behind were from the big family and the Sun family.

The square is a confrontation, surrounding the tiger puppet.

Xu Jiatian arrogantly stared at the Jin family, but did not do it.

The situation is complicated at this time, and it is not the time to do it.

The three parties confronted each other, and neither side shot for a while.

Chapter 3128: Golden Elephant

None of the three parties shot each other and confronted each other.

"This tiger puppet has extremely amazing defensive power. It is very difficult to break open. It's not as good as that. Let's join hands and bombard this tiger puppet together, and then compete for the source of divine strength with each strength. How?"

A Jinjia Tianjiao proposal.

"Okay, we agree!"

Tianjiao of a Sun family nodded.

Then, the Jin family and the Sun family looked at the Xu family.

"Okay, we agree!"

In the end, the Tianjiao of the Xu family also agreed.

"Okay, let's do it together!"

Jinjia Tianjiao nodded, glowing all over, and attacked, blasting towards the tiger puppet.

Then, the Tianjiao of the Xu family and Tianjiao of the Sun family also shot together.

Three parties, a total of more than a dozen masters, even the existence of God Realm, there are eight or nine, the strength is extremely amazing.

With so many masters shooting together, the Tiger Puppet is not an opponent at all and is suppressed.

Boom!

The ground beneath the tiger puppet is constantly exploding, and the tiger puppet is embedded on the ground, making it difficult to move.

With so many people bombing together, the tiger puppet's defense is strong, but it can't bear it either.

I didn't know that after being bombarded a few times, the tiger puppet finally couldn't bear it, and a crack appeared on his body.

Everyone's eyes lit up and bombarded harder.

Of course, everyone guards against each other, fearing that other parties will suddenly attack.

Click! Click~!

As the sound of porcelain ruptures more and more, there are dense cracks on the body of the tiger puppet, and the last bang burst.

Uh!

The tiger puppet exploded, the source of divine power was not damaged, and it turned into a ray of light, rushing out.

"The source of the Divine Power is mine!"

"its mine!"

Suddenly, everyone's eyes filled with hot light, rushed towards the source of Divine Power.

"Die to me!"

"Long guard against you!"

A roar rang out, and the arrogance of the three families broke out in a scuffle and attacked each other.

Uh!

Suddenly, a figure rushed towards the source of Divine Power.

This is a pride of the Xu family.

This man, wrapped in a thick layer of rock armor, rushed towards the source of Divine Power regardless of the injury.

"court death!"

The Jin Family and Sun Family's Tianjiao coldly drank towards this person.

However, the Xu family's natural arrogance, the defensive power is amazing, multiple attacks bombarded the rock armor on his body, making a clanging sound, Mars is shining.

Of course, Xu Jiatianjiao's defense is so strong that it cannot withstand so many attacks.

But he only had to defend for a while. When the rock armor exploded on his body, he had rushed to the Divine Power Source Pearl and grabbed it.

"Catch!"

This Xu Jiatian Jiao waved his hand, and the source of divine power was like an rainbow, flying to another Xu Jia Tianjiao.

The Xu Jiatianjiao stretched out his hand, caught the Divine Power Source Pearl, and then turned and ran.

"Want to leave, leave me!"

"Damn!"

Jin Jia, Sun Jiao's Tianjiao, madly generally chase after this Xu Jia Tianjiao.

The young Xu family who just snatched the source of the Divine Power just vomited blood, trembling, and fell towards the ground.

The Xu family also had two and a half-step God King Realm's Tianjiao flew over to catch the other party.

"Are you OK!"

One of them asked.

"It's okay, I hope Xu Kuang can escape!"

The former Xu Jiatian said proudly.

However, just when his voice fell, in front of him, a golden golden light burst down, the momentum was extremely amazing, and he slashed to the Xujia Tianjiao, Xu Kuang who had received the source of divine power.

Xu Kuang was shocked and quickly resisted.

A layer of rock armor also appeared on his body, wrapping his body around.

The Xu family is better at defense.

However, when the golden sword light fell, Xu Kuang's rock armor was as vulnerable as tofu.

Poof!

Xu Kuang's body was split in half and fell on the spot.

A **** king's heavy arrogance was directly killed by a second.

Then, a figure appeared next to Xu Kuang's body, waved his hand, and grabbed the Divine Power Source Pearl in his hand.

"Golden Elephant!"

"It's a golden elephant, **** it!"

Regardless of the few remaining members of the Xu family, or the Tianjiao of the Sun family, they exclaimed, their faces dignified.

Golden Elephant, one of the four young masters of the Jin family, has a heavy cultivation of the **** king, and also awakened the original divine factor, which is extremely terrifying.

Such a person can be said to be the figure standing at the top of the pyramid in this battle for the source of divine power.

"Jin Family, damn..."

Outside, the masters of the Xu family roared and raged.

Xu family, another genius master died.

This is the arrogance of Divine King Realm, which can break into Divine King Realm at a young age. It is a rare arrogance, and every family will not have too many.

Such arrogances are the pillars of the future of the major families, but now, two have died, all of them killed by the Jin family.

The master of the Xu family is strange if he is not angry.

"Hahaha, good!"

The master of the Jin family was laughing and excited.

The source of divine power fell on the golden elephant's hand. Who can take it away?

With the strength of the golden elephant, as long as the source beads of the divine power are hidden, it is easy to find a place to hide and survive for a month.

The master of the Jin family seems to have seen the golden elephant awakening the source mystery from the source divine factor.

With the strength of the golden elephant, once the awakening of the original secret technique is awakened, the combat power will skyrocket. It will definitely shine when the Taixu Royal Sanctuary is held, and even be valued by the Holy Emperor. Then the Jin family will fly to the top.

In the large formation, Jin Xiang's face also showed a ecstatic color, carefully looked at the Divine Power Pearl in his hand, and then wanted to put it away and put it in the storage ring.

But at the next moment, Jin Xiang's face changed.

The source of magic power cannot actually be stored in the storage ring.

Jin Xiang tried several other storage rings and the results were the same.

"Damn it, can't put it away!"

The golden elephant was furious.

The Divine Power Source Pearl has been exuding a wonderful wave, spreading all over the Quartet. If it cannot be put away, it is easy to be discovered by others, and it is difficult to hide at all.

Then it is difficult to spend a month.

How is he not angry?

Others also showed a strange look, the source of divine power, could not be put away?

"Nine swords, you are too much!"

The voice of Jiu Jue Tian Wang Mansion sounded in the ears of Jiu Dao Tian Wang, extremely cold.

The King of Nine Swords must have moved his hands and feet on the Divine Power Source Pearl, so that the Divine Power Source Pearl could not be put away. In this case, the person who got the Divine Power Source Pearl wanted to hide and spend a month in peace, almost impossible.

Will definitely face other people's hunt and snatch.

It is conceivable that the following fight will be very intense.

The more intense the fighting, the deeper the conflicts between the major families will be.

"Too? How could it be? Since it's a competition, of course, the more intense the better, so that it's wonderful, otherwise, do you think such a treasure as Divine Power Pearl is so good?"

King Nine Swords responded with a sneer.

Chapter 3129: Conflicts

King Jiu Jue looked ugly and sneered.

The main reason is that the source of the Divine Power is too tempting, especially for the young Tianjiao.

Even if he knew the conspiracy of the Nine Swords King, it was difficult to stop.

There were countless people on the scene and different ideas.

And in the large array, the cold killings filled the eyes of the golden elephant.

He glanced at the Xu family, the Sun family, and his eyes were cold.

Since Shenli Yuanzhu could not be collected, kill the people of Sun Family and Xu Family. In this case, he would get the news of Shenli Yuanzhu and he would not leak it out so quickly, and he would be able to delay it for some time.

If you are lucky, you may be delayed for a month.

"You guys, who are holding the Sun family, I will cut off the Xu family!"

The golden elephant conveyed to the Tianjiao of the Jin family.

The Tianjiao's gaze of the Jin family flashed a few times, silently, his figure moved suddenly, and flew towards the Tianjiao of the Sun family.

The golden elephant, turned into a golden lightning, rushed to the remaining three young Xu family.

"No, he wants to kill people!"

A Tianjiao of the Xu family was overwhelmed.

"Rewind!"

The three Tianjiao of the Xu family wanted to retreat and escape.

However, the remaining three arrogances of the Xu family, two are half-step **** kings, one is a **** king, but was seriously injured just now, and their speed is far worse than that of the golden elephant.

The golden elephant flickered and caught up with the three arrogance of the Xu family.

call out! call out!

The golden sword light slashed the three Tianjiao of the Xu family.

Blood flashed, three screams sounded, and the three remaining arrogances of the Xu family were all destroyed.

"Jin Family, you are looking for death!"

"I destroy you!"

Outside the big lineup, the masters of the Xu family witnessed this scene, and they were completely furious, like crazy beasts, **** eyes, and going to kill the masters of the Jin family.

"What are you doing? Do you want to rebel? When you enter the large formation, you must be prepared to be killed. If you can't play, you should not send people in!"

The owner of the Jin family drank coldly and filled with a violent breath.

boom!

The head of the Jin family and the head of the Xu family collided, causing a huge wave.

The battle between the two great families is on the verge.

But at this time, a terrifying breath pressed on them, making the masters of the two great families look crazy.

Because of this breath, it comes from Jiu Jue King.

"Since it is going to fight for treasures, fighting is inevitable, Ben Wang said, since he sent people to fight, there must be the consciousness of being killed, the hatred inside, don't bring it out, don't be laughed at by others, understand?"

The nine kings spoke coldly.

"Heroic King!"

The owner of the Jin family said quickly.

"Yes!"

The head of the Xu family and the master of the Xu family can only bow their heads.

But they still resented them in their hearts.

The King of Nine Swords sneered. Once the contradiction is aroused, how can the Nine-Blood King's Mansion be resolved in a few words.

King Jiu Jue is now suppressed, but in the future, the contradictions of the major families will definitely not be suppressed.

"hateful!"

At this moment, the masters of the Sun family are also worried.

Jin Xiang is obviously about to kill his mouth. After killing the Tianjiao of the Xu family, he will kill the Tianjiao of the Sun family.

"Golden elephant, let us go, we guarantee that you will not tell you about the source of the Divine Power!"

At this time, the arrogance of a Sun family shouted.

Being the same as the King of Gods, there is a great difference between the strength of the awakening source power factor and the absence of the awakening source power factor.

The Golden Elephant is going to kill them, and with the help of other Jinjia Tianjiao, it is not difficult at all.

"Swear, you swear by the source of life that you will not say it, I can let you go!"

Jin Xiang's eyes flickered a few times, and then said.

The Sun family, Jin family, and Qin family's relationship is not bad.

In the ancient city of Xingyue, the Qin family also invited people from the Sun family to kill Lu Ming together.

Therefore, Jin Xiang thought about it, still intending to let go of the Sun family, so as not to destroy the relationship between the two.

"Okay, we swear!"

The Tianjiao of the Sun family nodded quickly, and then swore with the origin of life.

"Let's go!"

After the Sun family swears at the source of life, Jin Xiang waved his hand and motioned for the other party to leave.

The Sun family was overjoyed and was about to leave.

At this moment, a horrible whistling sounded, not far away, a stone spear flew at a terrifying speed, and was assassinated towards the **** of the Jin family, a heavy god.

The Jinjiao's arrogance, after the arrival of the Golden Elephant, had already relaxed. It was unexpected that someone would shoot him and want to resist, it was too late.

puff!

The heavy arrogance of the Jinjia God King was directly pierced by the stone spear and fell on the spot.

"Who?"

The golden elephant was furious, looking towards the direction where the stone spear was flying, and his eyes were like eating humans.

Uh!

In that direction, a figure flashed, and a tall young man appeared.

"Xu Yan, Xu Yan!"

"Haha, good kill!"

Outside the big lineup, Xu masters were overjoyed.

The master of the Jin family, with a somber complexion, was killed by a ***** prince with heavy weight, making them very sad.

"Xu Yan, it's you!"

Jin Xiang's eyes, staring at Xu Yan, filled the cold murderous opportunity.

Xu Yan glanced over the body of Xu Jiatianjiao, his eyes were extremely cold, and said: "Golden Elephant, you kill me Xujia so many days of arrogance, I want you to pay for your blood!"

boom!

On Xu Yan, a breath of terror erupted.

God King Realm, Xu Yan's cultivation base is God King.

In the ancient city of Xingyue, Xu Yan's cultivation practice was only a half-step **** king, but later he fought with the life and death of Lu Ji of the Nine Sword Heavenly King's Mansion. , Successfully broke through the King of God.

Xu Yan awakened the original divine power factor in the half-step Divine King. After breaking through the Divine King, his strength skyrocketed.

"What about the people who killed you Xu family, today, even you!"

Jin Xiang shouted, cast off the sword of the void, and slashed towards Xu Yan.

Xu Yansi was not afraid, and a stone spear condensed on his palm, and the stone spear swept across and killed the golden elephant.

when!

The sword of broken void collided with the stone spear, bursting into a roaring sky, full of energy.

Vigor is like a tide, sweeping around, the ground is constantly bursting under the terrible vigor.

Xu Yan's body shuddered and retreated backward, and the direction of his retreat was the direction of the remaining five Tianjiao of the Jin family.

"No, Xu Yan, how dare you?"

Jin Xiang's face changed wildly and he roared.

He saw it, Xu Yan and he made a move, and deliberately used her power to rush to the arrogance of the Jin family.

Xu Yan's goal is the other Tianjiao of the Jin family.

"Go away!"

The Tianjiao of the Jin family was frightened and fled.

However, Xu Yan had locked a person, Shi Shi speared out.

With the help of the golden elephant, Xu Yan, how fast is it? The stone spear pierced, the power is even more amazing.

The Tianjiao of the Jin family is also a **** king. He was naturally unwilling to be killed, screamed, and covered Jin Cancan, showing off the hand of the void, slashing his palm towards the stone spear, hoping to block Xu Yan's attack.

Chapter 3130: Lu Ming meets the enemy

The Tianjiao of the Jin family wanted to stop Xu Yan's attack, but their strengths were too different.

when!

When Xu Ya's stone spear collided with Jin Jia Tianjiao's broken void hand, a horrible roar erupted, and then Jin Jia Tianjiao's arm exploded directly.

Jinjia Tianjiao screamed and his body retreated, but Xu Yan's attack was faster, and the stone spear was like a flash of lightning. The head of Jinjia Tianjiao was penetrated and fell on the spot.

The Jin family, another **** prince with heavy weight, was killed.

"Xu Yan, you are dead!"

The golden elephant roared and killed Xu Yan.

However, Xu Yan didn't touch the golden elephant at all, and stepped on his foot like a cannonball, killing the next Jinjia Tianjiao.

The golden elephant was furious and chased in the back.

However, when the golden elephant had not yet chased Xu Yan, Xu Yan had already caught up with the Jinjia Tianjiao and launched a stormy attack.

After a few moves, another Jinjia Tianjiao was beheaded by Xu Yan.

"Damn, **** it!"

Outside, the masters of the Jin family roared, their eyes were red, and they were heartbroken.

Before, when the Golden Elephant killed Xu Jiatianjiao, they were very happy. Now, when their Jinjia Tianjiao was killed, they realized what it meant to be heartache.

"Hahaha, good killing, good killing, kill all these bitches!"

The masters of the Xu family laughed heartily.

Finally revenge.

The laugh of the Xu masters hurt the masters of the Jin family, and let them grit their teeth, hoping to fight against the masters of the Xu family.

In the large formation, Xu Yan killed three people in a row, and the other Jinjia Tianjiao scattered, and finally escaped very far.

At this time, Jin Xiang also caught up with Xu Yan and started a fierce killing.

"war!"

Xu Yan was very strong, wielding a stone spear and fighting with the Golden Elephant.

Although the golden elephant stepped into the realm of God King earlier, Xiuwei was finally only the weight of God King, and he was in the same realm as Xu Yan. Xu Yan was fearless, and the two men fought fiercely. negative.

At this time, a rainbow of light flashed in the distance, and someone came.

The war here and there finally attracted the attention of other Tianjiao and rushed towards this side.

Moreover, there are not only the arrogance of one family, but several arrogances of the family, at least twenty.

Jin Xiang's complexion immediately dimmed.

In his hands, there is still a source of divine power!

"Quick, Divine Power Source Pearl is in Golden Elephant's hands, just in his hands!"

Seeing other people coming, Xu Yan shouted.

Those arrogance coming from behind, their eyes immediately fell on the golden elephant's left hand.

Jin Xiang's left hand always grabbed the Divine Power Source Pearl.

"Really a source of divine power!"

Those arrogances, when they saw the source of divine power, their eyes were fiery.

"The source of the Divine Power is mine!"

"Golden Elephant, hand over the Pearl of Divine Power!"

Several roars rang out, at least a dozen arrogances rushed towards the golden elephant.

One of them was filled with terrible breath.

This person is also a **** king who awakened the original divine power factor. He is a figure of the same level as the golden elephant and Xu Yan.

Jin Xiang's face is ugly. If there is no person of this level, he is not afraid, but if there is a person of this level, with Xu Yan, he will not be defeated.

Jin Xiang immediately wanted to escape, but Xu Yan entangled him, and other Tianjiao had already been killed.

call out! call out! call out!

Dozens of attacks, enveloped toward the golden elephant.

"Break the hand of the void, cut off the void!"

The golden elephant shouted, radiating a dazzling golden light, exerted his strength to the extreme, and continuously opened up a series of golden palm prints.

But despite the Golden Elephant's efforts to resist, he still lost. His attack was defeated, his body shook, and he drifted back. His face was pale, and a deep wound appeared on his chest.

Jin Xiang didn't want to think about it, turned and ran.

"Don't let him run away!"

Xu Yan shouted and chased toward the golden elephant first.

Other Tianjiao also set off and followed the golden elephant.

Soon, they chased a distance of tens of thousands of miles, the golden elephant turned into a golden light, trying to escape, thinking about the countermeasures in his mind.

But at the next moment, his face changed.

A group of people appeared because of the void in front.

There are more than a dozen people in this group, and most of them are carrying swords. Obviously, these people are all from the Nine Sword Heavenly King's Mansion.

The golden elephant was helpless and was about to hand over the divine source beads to save his life. Unexpectedly, after seeing the divine source beads in the hands of the golden elephant, the celestial princes of the Nine Sword Heavenly King looked at each other, but they all retreated, but they did not have the appearance of participation.

Jin Xiang was surprised, but at this time there was no time to think about it. He flew by and continued to escape.

Xu Yan and others were in a hurry.

"Oh, let them fight each other first!"

A arrogant sneer from the Nine Sword Heavenly Palace.

Outside of the battlefield, Jiu Jue Tian looked ugly.

Obviously, the arrogance of the Nine Sword Heavenly King's Mansion has long been given the mandate of the Nine Sword Heavenly King's House. Instead of competing with the arrogance of the Nine Sword Heavenly King's Mansion, let them kill each other first, and intensify the contradictions of the Nine Sword Heavenly King's family.

"Nine Swords, in order to achieve your purpose, you have sent out a source of divine power in vain, and let me create a top-notch Tianjiao in Jiu Jue Tian Wang Mansion. I don't know if you lost or earned it?"

Jiu Jue Tian Wang coldly transmitted the sound to Jiu Dao Tian Wang.

"Give you a source of divine power in vain? Jiu Jue, you are really naive, do you think you can take the source of divine power with your people?"

King Nine Swords sneered, full of ridicule.

"is it?"

King Jiu Ju responded with a sneer, but he had a bad hunch in his heart.

In the large formation, although the Golden Elephant was not blocked by the Heavenly Pride of the Nine Sword Heavenly King's Mansion, he didn't run far, and he encountered the Heavenly Pride of the other Nine-Nine Heavenly King's Mansion.

When he was trapped, he was helpless in the end and could only throw the Divine Power Source Pearl to save his life.

As a result, it naturally caused a scuffle.

No one can finally get the divine source bead, as long as someone gets the divine source bead, they will be besieged by others.

The war is getting fiercer and fiercer, and there are more and more arrogances in battles among the major families.

Outside the large array, everyone saw clearly, many families, each other, daggers.

If there weren't nine kings to suppress here now, some families would have a war.

The face of King Nine Swords is full of smiles, and now, in full accordance with his plan, the contradictions among the main families of King Nine Heavens Palace are really getting deeper and deeper.

"Also, the kid who broke my plan, I don't know if I was killed?"

The King of Nine Swords thought of Lu Ming again, and then waved his hand, the screen in the sky suddenly switched, from a dogfight to another screen.

There is only one person in the picture, that is Lu Ming.

After Lu Ming entered the large formation, he flew aimlessly, but unfortunately, he did not see the source of divine power, which made Lu Ming speechless.

Suddenly, Lu Ming stopped because there was a group of Tianjiao in front, blocking Lu Ming's way.

It is the arrogance of the Nine Sword Heavenly King's Mansion. There are more than a dozen people, each with a cold eye, staring at the land.
