

D Emperor 3131

Chapter 3131: Battle of the Nine Swords

More than a dozen arrogances of the Nine Sword Heavenly King's Mansion were blocked in front of Lu Ming, and their eyes were cold.

"It's the kid named Lu Ming!"

"Haha, it's him. We were lucky and killed him. The king is rewarded!"

A few arrogances of the Nine Sword Heavenly King's Mansion opened their faces, and their faces were grim and full of excitement.

Uh! Uh! ...

The figure flashed, and Tianjiao of the Nine Sword Heavenly King Mansion hurried towards the landing Ming, forming an arc, surrounding Lu Ming, and a cold breath locked on Lu Ming.

As long as Lu Ming dares to escape, they will launch a thunder blow.

"The boy gave it to me. I had a fight with him, but it was not over yet!"

A cold voice sounded, and then, a young man with a knife on his back stepped out, and a violent breath rose into the sky.

This young man, Lu Ming, knew naturally that it was in the Tianwang District that Lu Ming lost the two arrogances of the Nine Sword Heavenly King's Mansion in a row.

This man is an awakening of the existence of the original divine power factor, but Lu Ming has not yet fought, and the three princes and nine priests arrived, blocking this battle.

Now when Lu Ming meets, this person will naturally come out for the first time.

"Boy, no one is blocking you now. I want to see, what do you do?"

The young man with a back knife spoke indifferently, and a knife rushed into the sky, and the vast sword power spread in all directions.

"Don't talk nonsense, go ahead!"

In Lu Ming's eyes, a strong fighting intention also permeated. In his hand, a spear appeared. Under the infusion of divine power, the spear buzzed and vibrated.

In an instant, Lu Ming triggered a four-fold combat power of Zhanzi Jue, and his momentum was like a rainbow.

"Boy, remember, kill you, Duan Jiang!"

The back-bearing youth snorted coldly, and then a huge gun burst into the air, slashing towards the landing.

Daoman slammed thousands of miles, bringing violent strength, extremely terrifying power.

"Cut the moon!"

Lu Ming shouted a long time, waved his spear, and slammed it out, and a crescent-shaped spear fell off.

boom!

Gun Gun and Dao Man bumped heavily together, evoking a wave of vigorous energy.

Lu Ming felt a powerful force coming in, his figure drifting backwards, and Duan Jiang's figure also shook slightly.

"With your full strength, it is still far from wanting to deal with me with such strength alone!"

Lu Ming's disdainful voice sounded.

"Arrogance, unleash the sword, cut!"

Duan Jiang shouted, the sword behind her was unsheathed, the shocking sword light burst up, and it was so dazzling that people couldn't open their eyes.

Xie Tiandao can solve the sky and cut Lu Ming with unmatched momentum.

This knife is several times stronger than the previous one.

Lu Ming's pupils contracted for a while, and this knife made him feel a trace of crisis.

Roar!

An ancient roar came from Lu Ming's mouth, and his body suddenly became larger, turning into an ancient **** of several hundred meters.

After turning into an ancient **** of green armor, Lu Ming's power skyrocketed.

Buzz~!

The spear vibrated and swept out. The spear suddenly grew larger, and like a mountain range, drove towards Duanjiang.

boom!

The two collided for the second time, and the excitement ignited, sweeping tens of thousands of miles, and the mountains were blasted and broken into pieces.

The spear and the knife awn were constantly shaking, and after a few breaths, the knife bang shook and then shattered.

The violent force rushed towards Duan Jiang, causing Duan Jiang's figure to continuously retreat.

Lu Ming's figure also flickered, and he stepped back a few steps, but the distance backed was shorter than that of Duan Jiang.

"The **** king who awakened the original divine power factor is really powerful!"

Lu Ming couldn't help but sigh.

Although he didn't use the strongest trick in the move just now, he also tried his best, but it only took advantage.

You know, he does not have the awakening source divine power factor. The **** king, who controls the divine power, can be easily crushed.

It can only be said that the arrogance of the awakening of the original divine factor is much stronger than the absence of awakening.

Although Lu Ming now has two kinds of divine powers awakening the original divine power factor, it is not enough, it is difficult to make up for this gap, and can only make up for it by means of Zhanzi Jue and the ancient divine body.

Unless Lu Ming has five or six kinds, six or seven kinds of divine powers awaken the original divine power factor to make up for this gap.

After all, Lu Ming's repair is too low.

Also awakening the original divine power factor, how can he compare with the sevenfold of the gods?

Lu Ming marveled, but did not know how shocked Duan Jiang and the Heavenly Pride of the Nine Sword Heavenly King's Mansion were simply horrified.

"How is it possible that he is only the seventh **** of the gods, how could he have such strength?"

Duan Jiang shouted in his heart, difficult to calm down.

A **** of sevenfolds, who could suppress him slightly, was extremely shocked.

Even if the Ares family, which is known as the strongest arrogance in the history of the Ares family, can lead the Ares family to rejuvenation, is it not so strong?

"I don't believe it, kill, kill!"

Duan Jiang shouted, drove the divine power to the extreme, cast a terrible mystery, and the sword was cut continuously.

His sword was actually turned into a tiger and slammed towards the landing.

Lu Mingsi was fearless, killed with a gun, and launched a counterattack.

boom! boom! boom!

The two fought continuously in mid-air. At the beginning, Duan Jiang was able to fight Lu Ming fiercely, but after a dozen moves, Duan Jiang lost, falling in the wind and constantly retreating.

Outside the large array, countless people saw this scene, one by one into a dull.

These people were shocked by Lu Ming's strength.

"This kid..."

Nine Swords King whispered, it was difficult to hide the shock in his eyes.

This is true even of the Nine Swords King, not to mention others.

The head of the Jin family, the head of the Yiren family, and others were extremely gloomy. They secretly prayed, hoping that the arrogance of the Nine Sword Heavenly King's House could kill Lu Ming.

"Duan Jiang, today is not the time to fight alone. It is imperative to kill this kid!"

At this time, another arrogance of the Nine Sword Heavenly King's Mansion opened coldly.

"Yes, we killed him together, so as not to have too many nights!"

The other arrogance of the Nine Sword Heavenly King's Mansion also spoke one after another.

Keng! Keng! ..

Then, the sword came out of the sheath, and the sword light burst, stirring the void.

"kill!"

At this moment, Lu Ming suddenly screamed, turned around, and shot at the Tianjiao of the Nine Sword Heavenly King's Mansion.

Although he was fighting against Duan Jiang, he knew everything about the movements of the other nine swordsmen.

The other party wants to join forces to kill him. He takes the opportunity to act decisively, first of all, he will be the strongest, and he will directly display the strongest move, star burst!

A huge spear burst into the crowd of the Nine Sword Heavenly King's Mansion, then exploded, forming a wave of destructive energy, sweeping towards the arrogance of the Nine Sword Heavenly Mansion.

"No good, back..."

"Block it!"

The Tianjiao of the Nine-Knife Heavenly King's Mansion did not expect Lu Ming to react so quickly. They hadn't started yet. Lu Ming actually directly fought back against them. At this time, he was shocked.

However, with Lu Ming's current cultivation practice, the horror of "burst star" is not something ordinary people can stop.

Chapter 3132: Fall into siege

The wave of destruction formed by the starburst swept through. Suddenly, more than a dozen arrogances of the Nine Sword Heavenly Palace were shrouded in.

Suddenly, a scream rang out, and some arrogances who did not reach the God Realm were torn apart by the destruction energy and fell to the spot.

Suddenly, seven Tianjiao of the Nine Sword Heavenly King's Mansion were killed.

The other Tianjiao who reached the God Realm was also a body retreat, vomiting blood, and his body was ragged and covered with wounds.

Among the people, only one young man was intact. This was a young man in fiery red robes. He cut a hot blade of light and blocked Lu Ming's attack.

"you wanna die!"

The fiery young robe uttered an angry roar, and the killing was extremely cold.

It was absolutely a huge loss to kill so many days of pride in one move.

Uh!

The fiery red robe chopped out with a knife, and a blaze of fire slashed toward the landing. The terrible high temperature would burn the space.

This young man in fiery red robe is also a terrifying arrogance, no weaker than Duan Jiang, and also awakens the existence of the original divine factor.

"Ice Chain!"

As soon as Lu Ming thought, nine ice chains flew out and intertwined, forming a wall that stood in front of him.

The flame knife chopped on the wall formed by the ice chain, causing the ice chain to vibrate violently.

Roar! Roar!

On the other side, Duan Jiang also launched an offensive. Daoman formed a fierce tiger and rushed towards the landing.

This kind of tiger is made up of tiny awns every inch of its body, and its power is extremely terrifying. Lu Ming dare not carelessly, displaying the magic formula of the dragon dragon, condensing fifteen nine-claw dragons and rushing to the tiger.

The two sides fight each other.

However, Lu Ming alone can't stop Duan Jiang and Hongpao youth with the chain of ice and the magic dragon.

Rumble!

First of all, the ice chains can't resist, and continue to break and burst.

"God of Flames!"

The young man in the red robe shouted, and the hot blade of Mangwei was even more terrifying. He broke through the chain of ice and slammed towards the landing.

"Cut the moon!"

Lu Ming shot him up and blasted with each other.

boom!

A dull explosion sounded in the sky, and Lu Ming blocked the opponent's attack, but his body trembled and flew back and forth, and his body felt enveloped by a sharp flame, and he was about to be burned to ashes at any time.

Lu Ming's continuous eruption of divine power blocked this flame.

On the other side, Duan Jiang also broke through the barrier of Shenlong Faxiang and killed Lu Ming.

Faced with the siege of the two Tianjiao, Lu Ming lost.

To deal with one of them, Lu Ming did his utmost to suppress the opponent, but when two Tianjiao of this level joined forces, Lu Ming lost.

"Die to me!"

"kill!"

The young man in red robe, Duan Jiang, shouted, showed his unique tricks, and drove to the landing, completely blocking Lu Ming's retreat.

"Cut the moon, cut the moon..."

In the word measurement tactics, a steady flow of divine power poured into Lu Ming's body, and Lu Ming's spears sprang out continuously, fighting with each other.

In a blink of an eye, the two sides slammed a dozen moves, but Lu Ming was still invincible, his body trembling, backing up again and again, was completely suppressed.

Zizizi..

Lu Ming's body roared with a roaring noise, which was caused by the red robe youth's Divine Flame Warblade falling on him. Even the nine-folded red gold armor could not resist and was burned through.

"Oh, this kid is dead!"

Outside the battle, the Nine Sword Heavenly King chuckled.

Earlier, Lu Ming struck and killed seven Heavenly Pride of the Nine Sword Heavenly King's Palace, making the Nine Sword Heavenly King's face ugly. Now that Lu Ming is in critical condition, he finally smiles.

"not necessarily!"

Jiu Jue King said with a cold face.

"Look at it!"

Nine Swords King sneered.

At this moment, Lu Ming and Duan Jiang fought a few battles.

"Starburst!"

Lu Ming suddenly stabbed with a shot, a gun burst burst out, burst suddenly.

The starburst is arguably Lu Ming's strongest move now. It has amazing power and terrifying destructive power, directly retreating Duan Jiangbo from one to the other.

Lu Ming flickered, and took the opportunity to escape the siege.

"do not go!"

"There is a kind of decisive battle!"

Duan Jiang and Hongpao youth shouted.

"Who said I was leaving!"

Lu Ming held a spear and stood in the air, breathing violently, without any intention of retreating.

Lu Ming, there is another card that is not used yet, that is, the fighting power is five times the fighting power.

The warfare tactics are five times as powerful. Although Lu Ming has just realized it soon, the trigger success rate is extremely small, with only a one-fiftieth probability.

Once the trigger is successful, Lu Ming's strength will skyrocket, and he will be afraid of Duan Jiang and Hongpao youth.

When Lu Ming speaks, he constantly triggers the war character tactics, hoping to trigger the success.

"It's best not to go!"

Duan Jiang shouted, and was about to rush towards Lu Ming, his face suddenly changed, looking at Lu Ming's back, as was the young man in red robe.

Lu Ming also felt the strangeness behind him, and his consciousness diffused out, and found that there were some figures in the rear, and flew quickly.

Obviously, the war here has alarmed other Tianjiao nearby.

There were about a dozen people at a very fast speed. Within a few moments, they appeared a thousand miles behind Lu Ming and stopped.

"People of the Nine Great King's Mansion!"

Duan Jiang, the red robe's complexion gloomed down.

The people who came from behind were the arrogance of the Jiu Jue Tian Wang Mansion. In their view, the arrogance of the Jiu Jue Tian Wang Mansion naturally helped Lu Ming.

Lu Ming has a helper, and today it is difficult to kill Lu Ming.

"Everyone, this man has killed many of our masters, this hatred must be reported, and I hope you will not interfere!"

Duan Jiang looked at the person behind Lu Ming, the voice came out.

"Do not interfere? No, no, no..."

Behind Lu Ming, a young man shook his head, making Duan Jiang's face more gloomy. However, the young man's words suddenly turned and said: "You want to kill this Lu Ming, we also want to kill him, so let's join forces!"

"What?"

This remark made Duan Jiang and Hongpao youth stunned.

Lu Ming's face didn't change. All this was within his expectations.

Because the people who appeared in the back were Lu Ming's old acquaintances. These people were divided into two groups. They were the arrogance of the Yiren family and the Qin family.

Lu Ming smiled bitterly in his heart. It seemed that his luck was really bad. There was the arrogance of the Nine Sword Heavenly King's Mansion in the front, and the Wing Family and Qin Family came back.

"This Lu Ming, with my family, has **** enmity and must die!"

A young man from the Yiren family added that the pair of wings fluttered, and a burst of lightning flashed out. The power was amazing, and it was also a terrible powerhouse.

It turned out to be so, hahaha, just right, let's join forces and put this person down! "

Duan Jiang laughed, the sword surged, the sword was amazing, and he slammed toward the landing.

At the same time, the young man in the red robe also shot, Shenyang sword, cut to Lu Ming.

"kill!"

In the rear, the arrogance of the Yiren family and the arrogance of the Qin family all shot, and a terrorist attack broke out.

Dozens of attacks, from all directions, screamed toward the landing, the power is amazing.

Chapter 3133: Another life and death ethereal

The Tianjiao of the Nine Sword Heavenly King's Mansion, together with the Tianjiao of the Qin family and the Yiren family, scored dozens of attacks, shrouded Lu Ming, and it was terrifying.

Lu Ming's face was extremely dignified.

"Ice Chain, Nine Heavy Red Gold Armor, Breaking the Sky..."

In an instant, Lu Ming exhibited various means. The ice chain and the nine-folded red gold armor protected the whole body. At the same time, the spear speared wildly, and dozens of spears were pierced in an instant, piercing in all directions.

But at the next moment, Lu Ming's face changed wildly. His attack was crushed by four terrifying forces and kept bursting.

boom! boom! ...

These four attacks penetrated Lu Ming's defense, allowing Lu Ming's body to fly out and vomit blood.

"Origin Divine Factor..."

Lu Ming whispered, his face dignified.

He found that among the Wingren family and the Qin family, there was actually an awakening of the original divine power factor, and it was cultivated as the most outstanding arrogance in the **** king.

With Duan Jiang and Hongpao Youth, there are four.

There are actually four Tianjiao of this level. When two people join forces, Lu Ming is no longer invincible. When four people join forces, Lu Ming is not even an opponent.

"It seems that after reaching the King Realm, it is easier to wake up the original divine power factor!"

Lu Ming turned a thought in his heart.

Continuously encountering the existence of the awakening source divine factor, he does not believe that these people are awakened under the **** king.

The lower the cultivation base is, the harder it is to awaken the original divine power factor. The Starry Sky Camp has so many arrogances and few can awaken under the **** king.

And now, Lu Ming has encountered four in a while.

Most of these people broke through the awakening of the **** queen.

After breaking through the **** queen, the divine power skyrocketed, and the comprehension of the **** power will also be improved. Some of the gods in the half-step **** awakening degree are 99% of the arrogance. Breaking through the queen queen, the chance of complete awakening is great.

Duan Jiang and Hongpao Youth found that Yiren Family and Qin Family both had masters of this level, and their eyes shone slightly.

"Boy, see how you die, kill!"

Duan Jiang burst into roar and continued to kill Lu Ming.

At the same time, other Tianjiao also launched an offensive.

"Retreat!"

Lu Ming performed the nine-day Kunpeng technique, quickly retreated, and at the same time constantly triggered the war character tactics.

However, his luck was not good, and the five-fold combat strength of the war of words did not trigger success.

"Want to go? Today, you must die!"

The winged human race awakened to the arrogance of the original divine power factor. With one wing, his body seemed to turn into a thunderbolt, bursting out at an amazing speed.

The Thunderwing human race, the divine power of cultivation, and the awakening of the original divine power factor are all related to the Thunder. Once it bursts out, the speed is terrifying, and with the heavy training of God King, he is faster than Lu Ming.

After a few flashes, he caught up with Lu Ming.

"Thunderbolt cage!"

The youth of the Yiren family drank coldly, their wings flickered, and the infinite thunder broke out, forming a prison cage, which enveloped Lu Ming.

Lu Ming waved his lance and bombarded the thunderbolt cage, but the thunderbolt cage only vibrated and was difficult to break in a short time.

And other people's attacks have arrived.

Lu Ming can only defend with all his strength.

However, in the face of the four Tianjiao like Tianjiang and other Tianjiao's assistance, Lu Ming was caught in a crisis and was not an opponent at all.

Although they tried hard to resist, it was difficult to completely block it.

bump!

A terrifying fist force bombarded Lu Ming. At this time, Qin Jiatian's seven wounded fists were amazingly destructive.

Lu Ming flew across the body, hit the thunderbolt cage, the thunderbolt cage crashed rumbling and exploded, and Lu Ming, blood splattered in his mouth.

This scene was seen by everyone outside the large array.

"Hey, this kid is finally going to be killed!"

"Die, die!"

The people of the Jin family, the people of the Yi family, and the people of the Qin family roared in their hearts and were very happy.

Faced with this situation, they did not believe that Lu Ming would survive.

There was a sneer in the corner of King Nine Swords King's mouth, looking at King Jiu Jue, mockingly said: "Jiu Jue, it seems that your people are not united at all, haha!"

"Humph!"

Jiu Jue Tian Wang sneered, but did not answer.

The Wu family, as well as some people who had good relationships with Lu Ming, were all worried.

"A talent that is so amazing, is it going to fall today?"

Someone whispered.

Lu Ming's talent has really shaken most people. Now that Lu Ming is at risk of falling, many people are very sorry.

At this moment, Lu Ming's situation is indeed precarious.

Immediately after the opponent attacked a wave, it was the second wave of attack.

"Trigger, damn..."

Lu Ming roared in his heart, but at this time, it was difficult to trigger the success of the five-fold combat power of Zhanzi Jue.

One of the reasons for the low probability of triggering five times the combat power of Zhanzi Jue is that other people are constantly attacking. It is difficult for him to trigger with all his heart, and the probability will become lower.

"I can't die, starburst, starburst..."

Lu Ming roared in his heart and his eyes were grim, and he continuously exhibited the trick of bursting stars.

Now, he can only rely on his own desperation to participate in the competition for the source of divine power. Naturally, he cannot rely on external forces. Therefore, the ball cannot naturally come in with the landing.

Can only rely on Lu Ming himself.

The continuous burst of star bursts can only briefly resist the other party. Lu Ming's crisis has not been lifted.

"Xie Tian Dao!"

"Thunder Slash!"

"Seven Injuries!"

"God of Flames!"

The four strongest arrogances broke out the strongest attack, destroyed the destructive power of the star burst, and killed Lu Ming.

"Block it!"

Lu Mingli drank, and the magical power in the body ran wild, squeezing out all the magical power, and the state was raised to the peak.

boom!

At this moment, in the face of the crisis, Lu Ming's brain seemed to roar, and at this moment, Lu Ming calmed down suddenly.

Lu Ming became extremely calm, as if falling into a ethereal realm.

Life and death ethereal realm!

Under the death crisis, Lu Ming once again touched this mysterious and mysterious state.

In this state, Lu Ming suddenly had a new understanding of the various divine skills, secret techniques, and various divine powers he had practiced.

Especially for dominating divine power.

Under the guidance of the Lanshang, Lu Ming had the deepest understanding of the master divine power, and had reached the peak of a awakening.

At this moment, Lu Ming seems to have touched something from the source divine factor that dominates divine power.

He seemed to see a door from the source divine factor that dominated divine power.

Yes, it is a door, an ancient stone door, huge and exuberant.

Lu Ming could feel the power of terror on this stone door.

He tried to approach the stone door. Unexpectedly, he succeeded. He touched the edge of the stone door.

At this moment, there is also a feeling that he can borrow the power of this stone door.

boom!

A violent roar sounded, Lu Ming's brain came to his senses, and he escaped from the realm of life and death.

And the attacks around him blasted him overwhelmingly.

At this moment, Lu Ming didn't want to, as instinctively, fully operated to dominate the divine power.

Above his head, a stone gate emerged.

Chapter 3134: Mystery of the Origin, the Gate of Domination

Above Lu Ming's head, a stone door emerged.

This stone door is what Lu Ming saw in the source divine factor that dominates the divine power, but at the moment, this stone door is very dim, and if it appears, it seems to collapse at any time.

"kill!"

Lu Ming controlled this stone gate, and the stone gate suddenly shocked, and a terrifying force burst out.

boom! boom! Boom~

This force was surprisingly powerful, bombarded with the attacks of Duan Jiang and others, and actually canceled out all of these people's attacks.

"Origin secret technique, this is the origin secret technique!"

Lu Ming jumped in his heart, he had a feeling, this should be the original secret technique, is the secret technique realized from the source divine factor.

Lu Ming didn't expect that he just fell into the realm of life and death, and actually realized the secret technique of the source.

However, Lu Ming's control of this stone door is very weak, and the stone door may collapse and disappear at any time.

"You have to leave and find a place to get a good understanding, otherwise this opportunity may be wasted!"

An idea flashed in Lu Ming's heart, and then he did his utmost to control the looming stone door, and suddenly slammed toward the strongest sky of the Yiren family.

The arrogance of the winged family is too fast. To attack, attack this person first.

Buzz!

The looming stone gate suppressed toward the Tianjiao of the Yiren family, and the violent power surged toward the other party.

"Thunder Slash!"

The Tianjiao of the Yiren Family quickly broke out to resist, but after the Shimen cracked down, the attack of the Tianjiao of the Yiren Family collapsed directly.

boom!

The looming stone gate bombarded the Tianjiao of the Yiren family, and the other party uttered a scream, and the body was blasted for thousands of miles, scattered with feathers all over the sky.

The Tianjiao of the Yiren family was hit hard by a stroke, their bodies almost burst apart, and their breath was extremely dismal.

"Good power!"

Lu Ming himself was shocked. The power of this stone door exceeded his expectations.

Lu Ming can only barely manipulate it, and can't exert much power, but he still hit the arrogance of the Wingren family that awakened the original divine factor.

It is a pity that after a move, Shimen shuddered and disappeared like a phantom.

"go!"

Lu Ming took the opportunity to perform Kuntian Kunpeng technique for nine days, rushed out of the siege, and turned into a rainbow of light, rushing towards the distance.

Lu Ming's move hit the arrogance of the Yiren family a bit, leaving Duan Jiang a few people a little stunned. When they reflected it and wanted to pursue, it was too late. Lu Ming had rushed 100,000 miles away.

Their speed is far worse than the arrogance of the Yiren family. Now, even if they want to pursue, it is too late.

However, they are not reconciled.

"chase!"

Duan Jiang roared, turned into a blade of light, and chased towards Landing Ming.

The same is true of the red robe youth, chasing down quickly.

The Qin family's Tianjiao's face changed a bit, and he didn't pursue it.

Duan Jiang and the young man in red robe chased for a while, instead of catching up with Lu Ming, instead, the distance between him and Lu Ming became farther and farther away.

In the end, Lu Ming was completely lost.

"Damn!"

Duan Jiang and Hongpao Youth roared, their faces extremely ugly.

So many masters besieged Lu Ming, but Lu Ming escaped, and it was really angry.

"What kind of attack is that?"

Duan Jiang and the young man in red robe remembered the looming stone gate controlled by Lu Ming, and there was a trace of terror in his eyes.

That kind of attack not only blocked their attack, but also struck a Tianjiao of the same level as them, and the power was terrifying.

They naturally did not know that it was Lu Ming's original secret technique, and even Lu Ming himself was just a guess and could not be sure.

"Hahaha!"

Outside of the battlefield, King Jiu Jue King laughed happily, making King Jiu Dao's face gloomy.

Compared with before, the two are just the opposite.

The Jin family, the winged family, and the masters of the Qin family are also extremely gloomy.

Under these conditions, Lu Ming was actually fleeing, which made them really unwilling.

When King Nine Swords waved his hand, the picture in the sky changed again, and Lu Ming's figure continued to show up.

I saw Lu Ming flying fast in one direction. After flying for several hours, Lu Ming stopped.

"This is it!"

Lu Ming whispered, then swooped down and rushed towards the ground. The spear in his hand spun rapidly, like a drill bit, drilling the ground out of a cave, and Lu Ming rushed in.

In the picture, Lu Ming's trace is completely lost.

This picture can only be overlooked from a height. If it is blocked by obstacles, it will not be seen. Lu Ming enters the ground and they will not see it.

The Nine Swords King can only continue to switch the screen, falling on the contention of the Divine Power Source Pearl.

Joining more and more arrogance in the battle for the source of divine power, the war is getting more and more intense.

However, all this has nothing to do with Lu Ming. After Lu Ming rushed into the underground, he opened a huge space deep in the underground, blocked the entrance, and Lu Ming cultivated in this underground space.

"Is it the original secret technique?"

Lu Ming's eyes showed the color of longing. If it was really the secret technique of the source, then he would make a big profit.

Immediately, Lu Ming fully operated and dominated the divine power, and carefully understood the previous feelings.

At first, I didn't feel anything at all.

But two days later, Lu Ming saw the stone gate again from the source divine power that dominated divine power.

Buzz!

Lu Ming tried to manipulate the stone gate, causing the stone gate to vibrate slightly, but it seemed rusty to manipulate.

Lu Ming's thoughts moved, and a stone door appeared above his head, but it was very vague, looming, and soon it collapsed.

"Not enough proficiency, continue to understand..."

Lu Ming whispered, then realized with all his heart.

Time, day by day, Lu Ming's use of this stone door became more and more comfortable, and when the stone door became apparent, it became more and more clear.

The time Lu Ming can use has also greatly improved.

On this day, Shimen trembled, exuding a radiant brilliance, and then Lu Ming suddenly had four words in his mind: The Gate of Domination!

"Dominant door, it really is the secret technique of origin, ha ha ha!"

Lu Ming laughed, excited.

This time to enter this large array, the purpose is to compete for the source of divine power, awakening the source of the secret technique.

But now that the source of the Divine Power has not yet been obtained, Lu Ming has awakened the original secret technique, which is definitely a big gain.

"If I let Duan Jiang and others know that instead of killing me, they helped me awaken the original secret technique, and I don't know what expression?"

Lu Ming whispered.

These people, Duan Jiang, originally wanted to kill Lu Ming, but they did not kill Lu Ming. They also helped Lu Ming to awaken the original secret technique.

"It's more than a day before the month is over. Forget it, don't practice anymore, go out and turn around. You can't miss the Divine Power Source Pearl. See if you can touch the Divine Power Source Pearl!"

Lu Ming whispered, then left the underground space.

Chapter 3135: The last day

Although Lu Ming has awakened the original secret technique, but Lu Ming has more than one kind of divine power.

Immortal sword power, Lu Ming has also awakened the source divine power factor, and can also awaken the source mystery.

Lu Ming is the source of magic power.

After leaving the underground space, Lu Ming flew towards the core of the large array.

After flying for a while, Lu Ming didn't touch anyone.

"Where did everyone go? Isn't the time passed, no, I'm done, obviously there is more than a day!"

Lu Ming was a little puzzled and continued to fly forward for a while. Suddenly, he saw several figures and quickly flew in one direction.

These people are the arrogance of Jiu Jue Tian Wang Mansion, and Lu Ming has no holiday.

"You guys, where are you going?"

Lu Ming quickly caught up and asked.

"Lu Ming!"

After seeing Lu Ming, several Tianjiao looked, and one of them said humanely: "I heard that there is a distance ahead, many Tianjiao are competing for the source of divine power. Let's take a look!"

"Scramble for Divine Power Source Pearl? It seems that Divine Power Source Pearl has not yet belonged!"

Lu Ming's eyes lit up, and immediately followed several young people, flying toward the front together.

Outside the large array, everyone stared at the high-altitude curtain momentarily.

The atmosphere is particularly solemn, and many masters of the family exude a cold breath.

For nearly a month, the fight for the source of divine power has not stopped in the slightest. Every day is a battle, every day is fighting, and every day, Tianjiao falls.

The families of Jiu Jue's King's Mansion have suffered heavy losses, and the contradictions are getting deeper and deeper.

Therefore, outside the big lineup, the masters of all major worlds have a violent expression. If they are not pressed by the nine kings, they will really go to war.

King Nine Swordsman smiled.

His purpose has been achieved. The contradictions of the Nine Great Kings' major families have deepened sharply, and even reached a point where they cannot be eased. It is expected that after this incident, the friction between the major families will definitely increase.

Jiu Jue Tian Wang's internal consumption, this is the purpose of Jiu Dao Tian Wang.

At this moment, in the picture, a large group of Tianjiao, a valley, the surrounding water can't be drained.

The valley shone with light, and runes emerged. It was actually a large formation that protected the valley.

In the valley, there are six or seven young people, trying to maintain a large array.

Outside the valley, large groups of young people are constantly launching offensives, trying to break through the large formations, but the large formations are exceptionally strong and cannot be broken for a while.

"Zhao Mo, hand over the Pearl of Divine Power!"

Among the crowd, one shouted and radiated golden light all over him. This person was really one of the four golden statues of the Jin family.

He had already recovered from the injury when he was fighting for the Divine Power Source Pearl.

Uh!

He cut a golden sword light in his hand, chopping above the large array, the large array vibrated, but did not break open.

Around the golden elephant, there were at least seven or eight Tianjiao of the same level as him, and they attacked together. Among them, the two of the Yiren family and the Qin family awakened the Tianjiao of the original divine power factor.

There are so many extreme arrogances, plus other arrogances attacking together, how terrifying the power is, but for a time, there is no big formation that broke the valley.

"The people of the Zhao family are really cunning, and as soon as they enter here, they will start to form battles in this valley!"

The arrogance of the winged family screamed.

He was hit hard by Lu Ming at the beginning and has now recovered.

Other Tianjiao's faces are also ugly.

The Zhao family, also a big family in the palace of Jiu Jue Tian Wang, is good at playing together.

The Tianjiao of the Zhao family must have been here when they took part in the competition. Otherwise, the formation in a hurry has never been so powerful.

As long as the formation is placed in advance, the power is so strong, they have attacked day and night, and have not broken through this large formation.

Zhao Mo, the strongest Tianjiao in the valley this time, Zhao Mo is also a Tianjiao who awakened the original divine power factor. Once he snatched the divine source beads, he took the Zhao family and hid in this valley, using A large array has long been set up to resist the attacks of others.

Other Tianjiao gathered to attack this large array, but it hasn't been broken day and night. Seeing that there is about one day before the month of January, as long as the day arrives, the Divine Power Source Pearl is still in Zhao Mo's hands, press The rule, the source of divine power, will be owned by Zhao Mo.

"You can't break it, let's give up!"

In the valley, Zhao Mo spoke, and his voice came out.

"Nonsense, how can there be a large array that can't be broken, I think it won't take long before it can be broken!"

Jin Xiang shouted, he was very eager for the source of divine power.

"It can be broken, but within a day, you can't break!"

Zhao Mo said.

"Not necessarily, quickly, go all out and use all the power, I don't believe that I can't break this big formation!"

The golden elephant shouted violently, radiating golden light all over his body, like a golden person, constantly showing off the sword of the void, and slashing towards the large array.

Other Tianjiao also exploded with all their strength, and the attacks fell on the large array, blasting the rumbling of the large array of attacks.

In the valley, Zhao Mo, as well as other people from the Zhao family, shuddered slightly and his face pale.

Manipulating the large array and resisting so many days of arrogant attacks, they are also under extreme pressure.

"They are almost done, continue to attack, absolutely no more than a day before they can break through this big formation!"

Seeing this scene, the golden elephant shouted.

Others also accelerated their offense as if they were taking stimulants.

"Brother Wu, for my brother, we have always been friends, do you want to help others attack us like this?"

At this moment, Zhao Mo's eyes looked at the two young people, loudly.

These two young people, one is the arrogance of the Wu family, the other is the arrogance of the family, but these two leaders who are competing for the source of the divine power this time, are awakening the existence of the original divine factor.

"For the source of Divine Power, I can only apologize!"

Pride on the day of home.

"There is only one source of Divine Power, but there are so many people. Even if we break through our large formation, how many levels of assurance can you have to seize the Source of Power?"

Zhao Mo shouted.

This made the Wu family, the arrogance of the family, the expression slightly changed.

Indeed, there are too many masters at the scene, and there are a lot of Tianjiao at the same level as them. Even if they break through the large array of the Zhao family, how much can they be sure to get the source of divine power?

"Zhao Mo is instigating the separation. If we don't break through their large formation, we have no hope at all. After breaking through the large formation, we will compete with our strength!"

Golden elephant drinks coldly.

"Is there any hope for the fight for strength? There are so many people. In addition, the people of the Nine Sword Heaven Palace have not yet appeared. It is difficult to guarantee that they are nearby, and the fishermen will benefit!"

Zhao Mo yelled.

These words not only make Wu's face change for Tianjiao's family, but even other people's faces change.

indeed so!

They are not stupid, they naturally understand.

During this time, the people of the Nine Swords King's Mansion have not shot for the fight and are likely to shoot at the last moment.

Chapter 3136: Join hands

If the people of the Nine Sword Heavenly King's Palace make a shot, the chance of competing for the Divine Power Source Pearl is even smaller.

"The chance is small, it does not mean there is no, if Ren Shenliyuanzhu falls on Zhao Mo's hands, then we have no chance at all!"

Golden Elephant said coldly.

"Brother Wu, as a brother, as long as you help me block them and wait for me to receive the source of divine power, you will be compensated accordingly. I will give you each a seventh-order superb artifact, how?"

Zhao Mo's voice came again.

This remark made Wu Jiahe's Tianjiao eyes bright.

The best artifact is the artifact used by the king of the realm. The seventh-order artifact is a high-end best artifact. Not only is it rare, but its value is amazing.

Zhao Mo opened his mouth as a seventh-order artifact. This condition is absolutely tempting.

Wu Jiahe's two leading figures flickered, looked at each other, nodded silently, and made a decision.

"Okay, I promised to help Brother Zhao!"

"me too!"

Wu Jiahe's leading figures, all opening one after another, flashed in shape and appeared on the edge of the valley.

The two leading figures promised to help the Zhao family, and the other two Tianjiao naturally had no objections, and they followed them.

boom! boom!

They broke out and helped Zhao Mo resist them.

Relative to continue to compete for the source of divine power, they chose to help Zhao Mo.

Continue to fight, not to mention whether they can break through Zhao Mo's large formation within one day. Even if they can break through, it is also a dogfight, as Zhao Mo said, their chances of winning are too small.

It would be better to help Zhao Mo in reverse, so that you can also get a seventh-order best artifact.

"you guys..."

Jin Xiang and others were furious.

"Since they are going to help Zhao Mo, even kill them together!"

"kill!"

Other Tianjiao furiously shot, some of the attacks continued to hit the large array, some attacked, Wujia and Tianjiao for the home.

However, once such attacks were dispersed, they could not break through the Zhao family's large formation, and for a time, formed a stalemate.

Seeing this going on, a day will soon pass, and Jin Xiang and other people's hearts are becoming more and more anxious.

Great outside!

"Nine Swords, you have tried your best to provoke the contradictions of my family of the Nine Supreme Heavenly King's Mansion, but they have sent out a source of divine power to help me create an extraordinary heavenly arrogance. Do you think it's worth it?"

The King of Nine Absolute Kings said to the King of Nine Swords.

"Help you Jiu Jue Tian Wang Mansion create a peerless heavenly arrogance? Ridiculously, do you think the people of Jiu Jue Tian Wang Mansion can get the source of divine power?"

The King of Nine Swords asked back, with a hint of sarcasm hanging around his mouth.

"Oh? So, do you think that the source of the Divine Power will eventually be taken away by the arrogance of the Nine Sword Heavenly King's Mansion? Now under such circumstances, are you so sure?"

Jiu Jue Kings Road.

At this time, there is only one day left in the period of one month. Even if the Tianjiao of the Nine Sword Heavenly Palace is now shot, it may not be able to obtain the source of Divine Power.

"Look!"

The King of Nine Swords smiled faintly and appeared very confident.

I don't know why, Jiu Jue Tian Wang has a bad hunch in his heart.

He knows the King of Nine Swords very well, and the other party will not be unsure. This time the teacher will come to the crowd, I am afraid that he is well prepared.

In the large formation, the offensive continued, but the offensive was blocked by the Zhao family's formation, as well as the Wujia and Tianjiao of the family. There was still half a day to go before the month.

"The people from the Nine Sword Heavenly Palace are here!"

At this moment, someone shouted.

Everyone's eyes could not help looking in one direction.

In that direction, a group of young men and women came from the air, and their pace was not slow.

This group of young men and women are the people of the Nine Sword Heavenly King's Mansion.

The arrogance of the Nine Sword Heavenly King's Mansion did not participate in the contention of the Divine Power Source Pearl, but now at the last moment, the people of the Nine Sword Heavenly King's Mansion appeared.

Zhao Mo's face changed.

If the people of the Nine Swords King's Mansion join the fight, then his situation is not good.

"The competition is fierce, but now it's over. The source of divine power is the treasure of my Nine Sword Heavenly King's Mansion. You can't take it!"

A arrogant sneer of the Nine Sword Heavenly King's Mansion, his face confident.

They slowly moved towards the valley.

"Jin Xing, Qin Feng, we work together, as long as you help me block the people of the Nine Sword Heavenly King's Mansion, I will give you a seventh-order best artifact!"

Zhao Mo shouted.

The Zhao family is good at formation, the way of refining, and it is also very good at it, so their artifacts are the most in all major families.

The expression of Jin Xiang and others moved slightly.

"Is the divine source bead important, or is the artifact important? As long as you get the divine source bead, you will be able to awaken the original secret technique. When the Taixu Royal Sanctuary is held, it is valued by the Holy Emperor. Flying Huang Tengda, which one do you choose?"

"So, let's break through this large array first. At that time, who can get the source of divine power depends on his own ability, everyone, what do you think?"

A arrogant voice from Nine Swords King's Mansion spread throughout the audience and was very tempting.

"Okay, let's go together and break through this big battle!"

The golden elephant spoke first.

"Okay, I agree!"

"I agree!"

The leading figures of other major worlds have opened their mouths and promised to join forces with the Nine Sword Heavenly King Tianjiao to break through the large array first, and then compete for the source of divine power with their own abilities.

Relative to the seventh-order best artifacts, naturally the source of magic power is more attractive to them.

Although the seventh-order best artifact is precious, it is still far worse than the Divine Power Source Pearl.

They would rather fight.

"well!"

The Tianjiao of the Nine Sword Heaven King's Mansion chuckled and came out of the valley.

Wu Jiahe's Tianjiao looked dignified and slowly backed away from the valley.

After joining the arrogance of the Nine Sword Heavenly King's Mansion, the opponent's strength is too strong. They simply can't resist, forcibly blocking, and will only take themselves in.

"Do it!"

A young man of the Nine Sword Heaven King's House drank coldly. Suddenly, the divine power rioted, and the dreaded swords rushed into the sky, blasting towards the large formation in the valley.

In the Nine Sword Heavenly King's Mansion, there is no shortage of gods who have awakened the original divine power factor, and their strength is very amazing.

At the same time, Jin Xiang and others also shot.

There were hundreds of horrific attacks, blasting into the valley.

Boom!

The big formation under Zhao Jiabu shook violently.

This battle, although the Zhao family's Tianjiao was arranged ahead of time and its defensive power was amazing, could not withstand so many Tianjiao's attacks.

Click! Click!

After several rounds of attack, a crack appeared in the large array.

Many people's eyes light up, and the large array is about to break. They are ready to fight for the source of divine power at any time.

"Heavenly source beads, to you!"

Although Zhao Mo gritted his teeth, he still made the decision and flicked away the magical power from his hand.

If he didn't throw out the source beads of divine power and waited for a big burst, he would certainly not be able to keep it, and he and Zhao's Tianjiao would die by then.

The source of divine power beaded into a rainbow, and flew to the distance.

Chapter 3137: Second awakening

Divine power source beads, draw an arc, and fly to the distance, attracting everyone's attention.

Uh! Uh! Uh!

Suddenly, all the figures stopped attacking and rushed to the source of Divine Power.

Among them, the leader of the Yiren family is the fastest, like a lightning, catching up with the Divine Power Source Pearl, and grabbing the Divine Power Source Pearl in his hand.

The leading figures of the winged family were overjoyed when they caught the Divine Power Source Pearl. One flap of their wings rushed forward like a flash of lightning.

At his speed, he has confidence to get rid of everyone, as long as he persists for the last half day, the source of divine power is his.

His face was full of ecstasy.

"not good!"

"chase!"

Jin Xiang and others shouted, Jin Xiang, the leading figure of the Qin family, had originally made good relations with the Yiren family, but at this moment he could not care about the previous relationship, and desperately rushed to the other side.

There are other Tianjiao, including Tianjiao of the Nine Sword Heavenly King's Mansion, also rushing towards the leading figures of the Yiren Family.

Zizizi...

The leader of the winged family is full of thunder, and the whole person is transformed into a lightning, which is faster than other Tianjiao. Seeing that he is farther and farther away from other Tianjiao, so he continues to escape, and then drags through the last Half a day, it is very easy.

"Damn!"

Many arrogant roars are extremely unwilling.

The leading figures of the Yiren family, including the masters of the Yiren family outside the large formation, were all ecstatic.

But at this moment, a terrifying sword between heaven and earth rose into the sky.

This dagger is dazzling, like Haoyue being in the sky, flashing out, and rushing towards the leading figures of the winged family at an alarming speed. The speed is not worse than that of the winged family.

"this is..."

Everyone's eyes narrowed.

This is a young man in a white robe, from the palace of the Nine Swords Heavenly King.

"cut!"

Bai Paoqing said in a young man's words, the sword in his hand was chopped down, and suddenly a sword light burst out, tens of thousands of miles away, chopping towards the leading person of the wing man family, and in a flash, the sword light appeared in the wing man. The top of the family's leading figure was cut off in terror.

The faces of the leaders of the winged family changed greatly, screaming, waving their wings, and countless lightnings turned into a war sword, rising into the sky, trying to block the light slashing towards him.

However, when the knife fell, the lightning condensed by the thunder directly collapsed, and the knife continued to cut off.

"how is this possible?"

The leading figures of the Yiren family gave an incredible roar. He had never expected that he would hit it with all his strength, and he could not block the other party.

At a critical moment, he opened his mouth, and a defensive artifact spewed out of his mouth and appeared above his head.

boom!

The knife was cut on the defensive artifact. The defensive artifact shook wildly and smashed heavily on the leader of the winged family. He screamed, his body fell like a meteorite to the ground and smashed the ground out of a giant pit.

Uh!

The young man in white robe appeared above the giant pit and looked coldly below.

The leading figures of the Yiren family kneel on the ground, coughing up blood and staring at the young white robe in the sky with shock.

Other Tianjiao also stayed not far away, staring at Baipao Youth in horror.

Especially the golden arrogance of the nine kings of the golden elephants.

They are well aware of the terrible character of the leading figures of the winged family. The God King is a heavy one, and the awakening source of divine power factor is absolutely an invincible character of the same level. With the weight of the God King, few people can defeat him.

However, the young man in the white robe has injured the opponent with a single stroke. What strength is this?

"How could it be so strong? Isn't his cultivation practice the most important thing?"

Someone whispered that the youth of the white robe was not the king of God, but higher.

"No, his cultivation is still the king!"

"It's still the King of God, how could it be so strong?"

"The source divine factor is because of the source divine factor. This person awakened the source divine factor twice!"

"What? The second awakening of divine power!"

Tianjiao at the scene took a breath.

Every awakening of divine power is getting more and more difficult. The latter awakening is at least ten times more difficult than the previous awakening.

One awakening is hard enough. It is even more difficult to want to awaken twice.

The other party was only the king of God, and the divine power awakened a second time, which was really terrifying.

This difficulty is almost several times harder than awakening once in a half step.

No wonder, no wonder the strength of the white robe youth is so terrifying.

The second awakening of divine power is more powerful than the first awakening, and it is completely incomparable.

One battle at the same level, a second awakener of divine power, can easily kill a awakener once.

Outside of the big formation, all the masters were also shocked.

"It's actually a second awakening!"

"God king is so important that the divine power can be awakened twice, which is too scary, demon!"

Many big figures sighed.

Jiu Jue Tian Wang, with a somber complexion, looked to Jiu Dao Tian Wang and said, "It turns out that this is the reason for your self-confidence. In your Jiu Dao Tian Wang's mansion, there is such a arrogance that no one else can compete with him!"

"Hahaha, thank you for the compliment!"

The King of Nine Swords laughed heartily.

This time, his plan was a complete success.

Divine Power Source Pearl, such a precious treasure, he had no intention of giving Jiu Jue Tian Wang Fu Tian Jiao.

The source of divine power, he had intended to give the young man in white robe to hold this event, it can be described as two accomplishments.

As a result, it can destroy the relationship between the major families of Jiu Jue Tian Wang Mansion and provoke their contradictions.

Secondly, the source of divine power will eventually return to the hands of the white robe, which is equivalent to rewarding the white robe with a change of method, so that the other arrogance of the Nine Sword Heavenly King's Palace has nothing to say, convinced by mouth.

When he thought of this, the Nine Swords King was so comfortable and thoughtful.

The Jiu Jue Tian Wang, on the contrary, had a very gloomy face. He understood that this time it was completely played by the Jiu Dao Tian Wang.

Within the large formation, the young man in white robe stood at high altitude and looked at the leader of the Yiren family in a down-looking attitude. The indifferent voice sounded: "Hand over the source of the Divine Power, or, die!"

The tone is overbearing and beyond doubt.

The leading figures of the Yiren family are extremely ugly, and if he does not hand it over, he will definitely have a dead end.

"Wait a minute, the source of the Divine Power is now in our hands of the Jiu Jue Tian Wang Mansion. We will delay it for half a day. We must not be able to get the Jiu Dao Tian Wang Mansion in the process of discussing the distribution!"

At this moment, a voice came out, but it was the leader of the Wu family.

"Yes, no matter what, the source of the Divine Power will fall into the hands of my Jiu Jue Tian Wang Mansion!"

Then, Zhao Mo also spoke.

"Not bad!"

Then, other Tianjiao also spoke one after another.

The leading figures of the major families stepped out of the air and slowly moved toward the white robe youth.

Although the white robe youths were awakened twice, and their strength was strong, but the presence of so many awakening forces together was enough to defeat each other.

Chapter 3138: Came just in time

The leading figures of the main families of Jiu Jue Tian Wang Fu slowly moved toward the white robe youth.

The leading figures of these major families are all kings of the gods, awakening the existence of the original divine power factor, so many people join forces to defeat the white robe youth.

"court death!"

The indifferent voice of the young white robe sounded, his eyes were like electricity, the sword was out of the sheath, and a vast blade of light slashed toward the leader of the Wu family.

The sword is solid, like a real artifact, full of ancient atmosphere, the power of the second awakening is terrible.

The face of the leader of the Wu family changed greatly, and his fists kept blasting out. In the void, an infinite warhorse was formed. The warhorse stepped into the air and rushed forward.

"Brother Wu, let me help you!"

"Shoot!"

On the edge of the Wu family leader, there is a family leader and Zhao Mo.

The two shot together and made a total of three attacks, slamming into the white robe.

Boom!

The dazzling sword cut off and collided with the attack of the three people constantly, arousing a terrible explosion.

However, even with three enemies and one, Zhao Mo and three people still fell in the wind. Their attacks, which continued to collapse, were crushed by Daomang.

In the end, the three men retreated, their faces pale.

In the eyes of the three, it was terrified.

The second awakening of divine power, the strength is really amazing.

bump!

The young man in the white robe stepped out with a sword blade under his feet, and a terrifying sword blade burst out of it, as powerful as a storm.

Zhao Mo's faces changed again.

"We shot together, so many of us, don't believe it is not his opponent!"

The leader of the Wu family shouted.

"Okay, let's go together!"

The leading figures of other families opened their mouths, and a strong atmosphere broke out. They were close to the Wu family leader and Zhao Mo, and they planned to fight against the white robe youth together.

"Why? Do you want to bully less, when we are a decoration?"

At this time, on the other side, the sound of sarcasm sounded, and then a sharp breath rushed out, locking the body of the Wu family leader and others.

It was the other arrogance of the Nine Sword Heavenly King's Mansion. They also shot, stepped forward, and persevered towards the leader of the Wu family, Zhao Mo and others.

Zhao Mo and other people's faces changed. In the Nine Sword Heavenly King's Mansion, Tianjiao at the same level as them is not a few. With these people intervening, plus the white robe youth, they will definitely lose.

For a time, Zhao Mo and others stood on the spot and did not dare to shoot.

"Shenzhuyuanzhu, hand it over!"

The young man in white robe is not paying attention to Zhao Mo and others, and his eyes are again on the leading figures of the Yiren family.

"Give you!"

The leading figures of the winged family clenched their teeth. Although they were unwilling, they threw out the source beads of the divine power and flew towards the white robe youth.

The young white robe waved his hand and grabbed the divine source bead.

A hot eye, staring at the source of the divine power in the hands of the young man in white robe, although eager, no one shot.

For a time, the scene was silent, no one was doing it, and no one was fighting anymore, so time was lost so slowly.

Although the Tianjiao of Jiu Jue's King's Mansion longed for the Divine Power Source Pearl, they understood that the Divine Power Source Pearl fell on the hands of masters like Baipao Youth, and they simply could not compete.

That's it. Soon, there are two hours left in a month.

Everyone thought that this time the source of the divine power will be over.

"Unfortunately, the kid who broke my plan was not killed, hum, look for opportunities in the future, be sure to kill the kid!"

Outside the battle, King Nine Swords sneered.

This time, his plan was a complete success. The only thing missing was that he did not kill Lu Ming.

Ok?

At the next moment, King Nine Swords was slightly surprised, with a strange expression.

Because there are more figures in the high-altitude images.

Not far away, there were several figures flying towards the white robe youth.

Among these figures, one of them is Lu Ming.

"Haha, it's almost time, this kid ran to death!"

King Nine Sword's eyes lit up.

"not good!"

The King of Nine Jue, but his heart sank.

Lu Ming ran over at this time. It was too dangerous. The Tianjiao of the Nine Sword Heavenly King's Mansion wanted to kill him. He couldn't run at all. Derby was in the presence of a young man in white robe.

The head of the Jin family, the head of the Yiren family, the head of the Qin family and others, after seeing Lu Ming, flashed murderous eyes in their eyes.

In the large formation, many people also found Lu Ming.

"This kid!"

Many glory flashed in the Nine Sword Heavenly King's Mansion, and a murderous opportunity emerged.

"Lu Ming!"

The golden elephant, the leader of the Qin family, had a murderous flash in his eyes.

"not good!"

The leaders of the Wu family, as well as some of the Wujia's natural arrogance, changed their faces and secretly called badly.

Lu Ming appears now, which is extremely unfavorable to him.

The cold eyes fell on Lu Ming, but Lu Ming didn't seem to see them. The few young men who came with him stopped and dared not step forward, but Lu Ming still stepped forward.

"It's really hilarious, and everyone should be there!"

Lu Ming murmured, and then his eyes fell on the hands of the young man in white robe, to be precise, on the source of the divine power on his hand.

"Shenyuanyuanzhu, I really came at the right time!"

Lu Ming's eyes lit up.

"It's this kid, we are lucky, and it's almost over. This kid came to the door, just killed him, and asked the king for help!"

"Good, haha!"

Some of the arrogance of the Nine Sword Heavenly King's Mansion just wanted to start, but some people are faster than them.

"Lu Ming, I finally met you. Today, you will definitely die!"

The golden elephant roared, his body covered with golden light, like a golden sun, rushing towards the landing.

Jin Xing and Jin Yuan of the four masters of the Jin family all died in the hands of Lu Ming. The owner of the Jin family had already given orders.

Seeing Lu Ming, Jin Xiang naturally shot without hesitation.

Keng!

Jin Xiang exhibited a sword that cut off the void, a golden sword light, cut through the void, and cut to Lu Ming.

Roar!

A roar came out, Lu Ming turned into an ancient **** of green armor, and his spear burst out, striking on the golden sword light.

The golden sword light suddenly shook violently, and the body of the golden elephant shook, and the body retreated backwards, which has been receding tens of thousands of meters.

"you you..."

Jin Xiang stared at the landing, horrified.

In the confrontation just now, he felt that Lu Ming's power was simply incredible.

A heavenly realm, the strength is so powerful, far beyond his expectations.

Ok?

Not far away, the eyes of the young man in white robe were also fixed.

He has always been extremely proud of his talent, but Lu Ming is only in the gods' realm. He actually has such a strength. The talent is obviously higher than him.

Uh! Uh!

At this moment, two figures appeared beside the golden elephant.

One is the leader of the Qin family, and the other is the leader of the Yiren family.

Although the leader of the winged family was injured by a white robe youth before, it was not fatal, and there was still the power to fight again.

Chapter 3139: Kill the Golden Elephant

"Golden Elephant, Lu Ming is extremely weird, and his strength is amazing. We are alone, I am afraid we can't win him, and we will shoot together!"

The leader of the wing family said.

He and the leader of the Qin family played against Lu Ming before, knowing Lu Ming's strength.

"Okay, let's go together, this Lu Ming must be removed!"

The golden elephant gritted his teeth, and then the three masters drove to the landing together.

"So many people are fighting one person, and it's still God's Realm, do you still have to face, come and come to fight, we will fight with you!"

When the leader of the Wu family cried out, he wanted to help Lu Ming.

"You better not move!"

Daomang flashed, and the arrogant atmosphere of the Nine Daotian King's Mansion locked the Wu family leader.

Some people tried to kill Lu Ming, that's exactly what they saved, but others want to help Lu Ming, they can't allow it.

"you guys..."

The leader of the Wu family looked ugly.

"Several people, thank you for your kindness, but these few cats and dogs can't help me."

Lu Ming looked at the Wu family leader and smiled slightly.

This makes Jin Xiang and others look ugly.

Lu Ming regarded them as a cat and a dog.

The head of the Jin family outside the large array and others, their faces are not pretty.

Jin Xiang and others are cats and dogs, so what are they?

"This kid must die!"

"kill!"

The golden elephant, the leader of the Qin family, and the leader of the Yiren family, shot together.

Three terrible attacks drove towards the landing.

"Shenlong Faxiang!"

Lu Ming growled and stepped continuously, and a series of nine-clawed dragons roared in the air.

Twenty!

There are twenty nine-claw dragons with a length of ten thousand meters.

At the beginning, Lu Ming fell into the realm of life and death, not only realized that the original secret technique 'Domination Gate', other divine skills and secret techniques have made great progress.

Just like the magic law of the dragon, he made an improvement, and he can train twenty nine-claw dragons in one breath.

Twenty nine-clawed dragons shot together, just like a group of dragons. The dragon was vast and amazing, and rushed to the three golden elephants.

Then, Lu Ming thought, and nine ice chains also flew out, winding towards the three.

And Lu Ming himself, playing the nine days of Kunpeng technique, in a flash, killed the golden elephant.

"Cut the moon!"

Holding a gun, Lu Ming slashed down, and a crescent-shaped lance fell towards the golden elephant.

Now, Lu Ming's comprehension of the World Extermination Three Strikes has also reached the limit of the eighth level. It is only a line away from the ninth level, and its power is also stronger than before.

In the blink of an eye, Lu Ming exhibited two secret techniques and two divine skills.

"He, how could he use so many means at the same time, can his divine power support it?"

Others were dumbfounded.

This kind of stormy offensive is extremely depleting of magical power. Other people, even if they have mastered a variety of mysterious magic skills, dare not burst out like Lu Ming.

The divine power cannot support it.

However, Lu Ming has a lot of words and he doesn't worry about this.

The leader of the wing family, the leader of the Qin family, was blocked by the ice chain and the magic dragon, and it was difficult to split up for a while.

Lu Ming mainly stared at the golden elephant.

The gun was cut off and collided with the golden elephant's broken void sword.

Just like the last time, Jin Xiang's body shook and retreated.

"Kill~"

Lu Ming shouted and exhibited the strongest move, star burst.

A huge spear burst into the golden elephant.

Jin Xiang's pupils contracted and he felt a fatal threat.

Lu Ming's move can threaten him.

boom!

The golden elephant roared and exploded with all his strength. His body seemed to be completely golden, like a golden statue.

咻咻咻...

Holding a golden war sword, he cut out hundreds of swords in an instant, and laid a heavy sword net around his body, trying to block Lu Ming's move.

But, Lu Ming's hole cards, more than that?

"Cathode pupil!"

Lu Ming snorted, and at this moment, Lu Ming's eyes became snow-white.

Lu Ming finally used the secret technique "Yin Yang Shen Tong".

However, Lu Ming did not use the complete "Yin Yang God pupil", but only used the "Cathode pupil".

The complete "Yin Yang Shen Tong" is too much for him.

However, even if it is a 'cathode pupil', its power is also terrifying.

A whirlpool suddenly appeared on top of the golden elephant's head, and a terrifying cold force loomed toward the golden elephant.

Jin Xiang's face changed wildly, and in an instant, he felt that his entire body was frozen.

Muscles, bones, blood, and even souls are frozen, and the terrifying cold power will completely freeze him to death.

He desperately resisted, but it didn't help. The force of the cold was terrible, not only the cold, but also the corrosive power.

boom!

And Lu Ming's "burst of stars" exploded with devastating power, which defeated the golden light of the sword in one fell swoop.

call out!

Lu Ming held a gun and assassinated the golden elephant's eyebrows.

"Do not!"

"Do not!"

One is the golden elephant yelling at himself, terrified.

One is the roar of the head of the Jin family outside the big formation.

But no matter how they roar, they can't change reality.

puff!

Lu Ming's spear penetrated the golden elephant's eyebrows and destroyed the soul of the golden elephant.

Golden elephant, die!

So far, three of the four Jin family masters have died in Lu Ming's hands.

"no no..."

Outside the large array, the head of the Jin family made an angry roar, his eyes were blood red, and the murderous coldness was like a knife.

The other masters of the Jin family were not much better. They stared at Lu Ming in the picture with a fierce look, and wished that Lu Ming would be depressed.

The four masters of the Jin family are the most outstanding four arrogances of the young generation of the Jin family. This generation of the Jin family can be described as glorious, and out of the four talented arrogances, it was thought that the Jin family would be stronger in the future.

But now, Sijie died three, and was killed by one person.

One can imagine their mood.

The people of other families showed expressions of gloating.

The weaker the Jin family, the happier they are naturally.

"Not good, retreat!"

Seeing that the golden elephant was killed, the leading figures of the Yiren family and the Qin family were shocked and retreated crazy, far away from Lu Ming, and there was a look of terror in his eyes.

The three of them joined forces in a battle with Lu Ming, and one person was killed in an instant, which almost scared them.

Lu Ming's strength is stronger than when he last started with them.

"So strong?"

At the scene, all Tianjiao showed an incredible expression.

Lu Ming is only a god, and such strength is too evil.

In particular, some of the arrogances of the Nine Sword Heavenly King's palaces have their eyes narrowed, especially those of the arrogances that last participated in the siege of Lu Ming.

If they went up just now, it might be one of them.

"You can do it if you want to, if you want to retreat, how can it be so easy?"

Lu Ming drank coldly and exhibited the nine-day Kunpeng technique. Kunpeng had a wing, and he rushed towards the leader of the Qin family.

Chapter 3140: He, give it to me

The Wingren family, the leader of the Qin family, last time joined forces with the Tianjiao of the Nine Sword Heavenly King's Mansion to kill him. Unless Lu Ming entered the realm of life and death at a critical moment, he realized the door to domination, and the consequences were unpredictable.

Just now, the other party joined forces with Jin Xiang to kill him. How could Lu Ming let go of the other party.

The leader of the Yiren family is too fast, he first rushed to the leader of the Qin family.

Lu Ming's speed is faster than that of the leader of the Qin family, and the distance between the two sides is getting closer.

"No, Brother Yi, come and help me!"

The leaders of the Qin family shouted for help from the leaders of the Yiren family.

But the leader of the Yiren family, where dare to fight Lu Ming, accelerated and fled to the distance alone, disappeared in a blink of an eye.

The natural arrogance of other wing human races have also fled.

"Damn!"

The leader of the Qin family shouted, and then rushed to the other arrogance of the Qin family, shouting: "Come on, you and me will take action to block this person. The time is coming. When the time comes, it will be his death!"

This time there are a lot of Qin Jia Tianjiao here, and there are more than twenty.

However, after Qin Jiatian looked at each other, they all retreated at full speed.

Lu Ming can easily kill the golden elephants. It is even easier to kill them. Where dare they help the Qin family leaders.

At this time, it doesn't matter whether you are a leader or not.

"you guys..."

The leader of the Qin family shouted in horror, but at this time, Lu Ming had already caught up.

Roar roar...

A pile of nine-clawed dragons rushed to the leader of the Qin family.

Lu Ming's cultivation is still low. Perhaps a single nine-clawed dragon has limited power, but twenty nine-clawed dragons are shot together, and it is a deadly attack, the power is extremely amazing.

In addition, the Qin family leader, who was attacked by nine chains of ice, was in a hurry.

"Cathode pupil!"

Lu Ming whispered, a whirlpool emerged on top of the leader of the Qin family, spinning wildly, and then a force of extreme cold rushed toward the leader of the Qin family.

"No, Seven Injuries, stop me!"

The leader of the Qin family roared, hurting themselves with divine power, strengthening the power of the seven-strength fist, continuously punching, punching out with one punch, trying to block the extreme cold power of the 'cathode pupil'.

Sure enough, the terrifying fist erupted, and the extreme cold power of the 'cathode pupil' was temporarily blocked.

However, Lu Ming's follow-up attack arrived.

"Starburst!"

An indifferent voice sounded, as if it was a dash.

boom!

A horrible spear burst out and bombarded the body of the leader of the Qin family. The body of the leader of the Qin family shuddered, and the body flew out, vomiting blood.

He was prepared this time. He was not killed by a stroke like a golden elephant, but he still lost to Lu Ming and was seriously injured.

The Qin family youth rushed to the Nine Sword Heaven King's mansion in horror and yelled: "Aren't you going to kill this kid? Shot, shot, this person is too evil, he will kill you if he kills us!"

At this moment, Qin Jiatianjiao can only put his hope on the Nine Sword Heavenly King Mansion.

"Indeed, this kid is too evil. Let's shoot together and bombard him!"

A cold voice sounded, but it was Duan Jiang.

Duan Jiang didn't kill Lu Ming last time, but now he finds that Lu Ming's strength is stronger, and he is also frightened. He hopes to kill Lu Ming immediately.

"Okay, let's do it together!"

The other swords of the Nine Sword Heavenly King's Mansion also spoke.

Suddenly, seven or eight terrible breaths erupted, rushing towards the landing.

Lu Ming swept the gun and swept away these breaths, but his body was also blocked.

The leader of the Qin family took the opportunity to rush behind the many arrogances of the Nine Sword Heavenly King's Mansion and took a long breath to relax.

He finally recovered his life.

"Lu Ming, Lu Ming, after your death, I will take your body to feed the wild dog!"

The leader of the Qin family stared at Lu Ming in a vicious manner, and hated Lu Ming very much.

The pictures here will be seen outside, he was just too embarrassed just now.

"If you have the ability, one to one, now you want to bully less, have you asked us?"

The leader of the Wu family roared, and together with Zhao Mo, the leader of the family, came to Lu Ming's side, a strong breath, and flocked to the people of the Nine Sword Heavenly King's Mansion.

"With the three of you, will you be able to fight against us? Don't try your best!"

Duan Jiang sneered.

"You guys, just watch, don't you shoot? We join forces together, we may not be afraid of them!"

The leader of the Wu family looks at the arrogance of other families.

In addition to the Jin family, the Qin family, the Yiren family, and several other families, all of them are not weaker than them. The Wu family leaders want to call them together.

However, those days of arrogance glanced at the white robe youths of the Nine Sword Heavenly King's Mansion, revealing the color of fear.

What they feared was the white robe youth.

This scene was naturally seen by Lu Ming.

"Everyone, if he did it, how would you give it to me?"

Lu Ming pointed to the white robe youth.

"here you are?"

Everyone was stunned.

Although Lu Ming's strength is strong, but the white robe youth, but the terrifying existence of the second awakening of divine power, it may be very easy to kill the golden elephant, but Lu Ming just killed the golden elephant, but it was not so easy.

Lu Ming, can you fight against the white robe youth?

"Lu Ming, this person awakened the second power factor!"

A reminder from Tianjiao.

"Originally awakened the second power factor, no wonder!"

Lu Ming moved.

No wonder when he came just now, he saw that this person was holding Divine Power Source Pearl, but no one went up to **** it. It turned out that he had awakened the second original Divine Power Factor and shocked everyone.

"Interesting, he, give it to me!"

Lu Ming continued to add a sentence.

This not only shocked other people's hearts, but also radiated a bright radiance in the eyes of the young white robe.

"Everyone, this time the purpose of the Nine Sword Heavenly King Mansion is very simple. Take out the source beads of divine power and let us kill the arrogance of the Heavenly King Mansion, stir up the conflicts of the major families and weaken our strength. They can take advantage of it. Enter!"

Lu Ming continued to speak.

He knew that the King of Nine Swords had bought the owner of the Sikong, so it was easy to guess the purpose of the King of Nine Swords this time.

Many people's eyes flashed and they knew Lu Ming was right. This is indeed the case.

Outside the large array, the sneer of the Nine Sword Heavenly King's mouth widened.

This is a conspiracy, and it is not difficult for others to guess his purpose.

However, the major families fight against each other, and Tianjiao has fallen a lot. The contradiction is deep. Even if he understands his strategy, the contradiction cannot be resolved.

This is the strength of his strategy, even if others know, his strategy can be achieved.

"Also, in the Nine Sword Heavenly King's Mansion, there was a second awakening of the original source divine power factor. Obviously, the other party knew that the divine source pearl would definitely be taken away by him. , From beginning to end, they are throwing us to play!"

"However, I am not going to do what he wants. The source of divine power cannot fall into the other party's hands. You, let's join together. You help me block these people. How about I take the source of divine power?"

Lu Ming's voice rang throughout the audience.
