Chapter 3151: Borrow a knife to kill

Although Lanxing's star core has been abolished, the power of the soul is so amazing that even the pinnacle of the king must be suppressed, not to mention Lanfeng.

The huge soul force is as heavy as a mountain, and almost kneeled Lan Feng down.

"Lan Merchant, you wait for me, Wu Fan's fancy woman, he can't escape!"

Lan Feng roared loudly, and then rushed out of the blue merchant's other courtyard, his face ugly flew towards the distance.

As soon as Lan Feng flew out, he saw a young man flying towards this side, obviously flying to the other court of Lan Shang.

This young man is Lu Ming.

Lu Ming practiced for a while, and felt that he had encountered a problem, so he came here to consult the Blue Merchant and happened to encounter Lan Feng.

Seeing Lu Mingfei flying to Lanshang's other courtyard, Lan Feng glanced at Lu Ming coldly, and a murderous flash appeared, but in the end, he didn't do anything and crossed Lu Ming and flew into the distance.

"Who is this guy? I've never seen it before. I saw it for the first time. It actually showed me a killer. I'm sick!"

Lu Ming whispered, flew into the Lanshang's other courtyard, and saw Lan Shan standing there with a very somber face, frowning, and looking worried.

"Uncle Lan, what happened? Is it related to the young man I just met?"

Lu Ming asked curiously.

"Did you touch him just now?"

Lan Business asked.

"Well, he still showed me a killing opportunity!"

Lu Ming said.

"This person is really narrow-minded and has a killing opportunity for me, even for people related to me!"

Lan Shang's face was gloomy.

After pondering for a while, the blue merchant continued: "This person is called Lan Feng, from the blue house of Taixu Shengdu!"

"Lan Lan? Lan Family?"

Lu Ming looked.

"You guessed it, this person is of the same race as me, but it has nothing to do with me now..."

Lan Shang sighed, without concealing, and said things simply.

About the fact that he was expelled from the Lan family and broke off the relationship, now the Lan family wants to marry Lan Ling to Wu Fan to use for marriage.

"It's really shameless!"

After listening, Lu Ming also felt angry.

He wasn't uncomfortable because Lan Ling wanted to marry Wu Fan. He couldn't wait for Lan Ling to marry someone else. He was just grievances for the blue merchant.

After so many years of getting along, he has quietly regarded Lan Shang as his teacher.

"Lan Feng is a narrow-minded person. You must be careful with Linger. Knowing by this person, I am afraid it will be bad for you!"

The blue merchant cautioned seriously.

Lu Ming wailed, when will I get along with Lan Ling?

Lu Ming really can't tell the bitterness, he won't just blame multiple 'love rivals' for no reason, that is really wrong.

"Forget it, I won't talk about it in advance, what are you doing with me?"

The blue business shifted the topic.

Immediately, Lu Ming asked questions about his cultivation, and the blue business began to point out.

After Lu Ming was suddenly bright, he returned to his place of residence to practice.

...

Tianwang District, an elegant garden, is very lively.

Here, a banquet is being held.

The protagonist of this banquet is Lan Feng.

Lan Feng, but the arrogance of the blue family of the sacred city of Taixu, is not at all comparable to those of the big family of Jiu Jue Tian Wang Fu.

Such as Jin family, Qin family, Yiren family, Sun family and so on.

This time, it was the arrogance of these families, feasting on Lan Feng.

Lan Feng sits on the throne, and on both sides sits the arrogance of the world.

"Brother Lan is here, it's really awe-inspiring, come on, Jin Mou Jingjin to a cup!"

A Tianjiao from the Jin family picked up the glass and swallowed it.

"polite!"

Lan Feng responded casually and took a drink from the glass.

Deep in his eyes, there was a touch of disdain.

He dismissed the so-called arrogance of these nine kings of heaven, and he was not in a good mood because of the blue business.

Seeing Lan Feng's attitude is not very enthusiastic, everyone is chatting with each other.

"By the way, the basketball brother is here, is it for the source of divine power?"

The Tianjiao of the Jin family suddenly spoke.

"The source of divine power?"

Lan Feng was surprised, his eyes flashed, and said, "Does the source of divine power appear in Jiu Jue Tian Wang Mansion?"

"Brother don't know?"

Jin Jia Tianjiao asked deliberately.

He also knows that most of Lan Feng did not know that there was a source of magical power in the palace of Jiu Jue Tian Wang. He just asked about it deliberately, and naturally there was his conspiracy in it.

"Is there really a source of divine power, saying, what the **** is going on?"

Lan Feng suddenly came to spirit.

"Basketball brother, there is indeed a source of divine power, and a young man is still in the starry sky camp!"

Jinjia Tianjiao said.

"Whose hands? Did this person get the source of divine power and have not yet refined it?"

The blue merchant asked urgently.

The Divine Power Source Pearl, which can't be encountered, is even rare, even in the Taixu Holy Capital. He never expected that when he came to the Jiu Jue Heavenly King's Mansion, there would be news of Divine Power Source Pearl, and his eyes suddenly became hot.

"There is absolutely no refining. That young man, Lu Ming, is practicing in the Starry Sky Camp!"

The youth of the Jin family was determined.

"Yes, Shenyuan Yuanzhu must still be in Lu Ming's hands. The basketball brother wants it, it can be snatched!"

A Tianjiao from the Yiren family followed.

"Snatch? What do you think of Lan Mou?"

Lan Feng's face was gloomy.

"Sorry, Yimou said something wrong, don't blame Brother Lan!"

The arrogance of the Yiren family was shocked and quickly apologized.

Lan Feng nodded and said, "Since the man named Lu Ming has not refined the Divine Power Source Pearl, it must be that he has not awakened the original Divine Power Factor, so he can't use it yet, so buy the Divine Power Source Pearl!"

"Lan Jiu, you go to the Star Camp and find Lu Ming and tell him to come and see me!"

Lan Feng ordered him to be a man.

"Yes! Son!"

Aside, a young man in blue stepped out, saluted Lan Feng, then turned into a rainbow, and left here.

The youth of the Jin family, the arrogance of the Yiren family, etc., blinked a few times, and did not say much, nor did they remind Lan Feng, Lu Ming not only awakened the source divine power factor, but also the source secret technique.

They just want to make Lu Ming and Lan Feng get enemies, and then borrow a knife to kill.

If reminded, this knife may not be easy to borrow.

Where Lu Ming lives, he is enlightening the master divine power.

With the cultivation during this time, his understanding of the master divine power became deeper and deeper. He felt that it was not far from the second awakening.

However, it is not so easy to really realize the second awakening. It also requires opportunity.

Suddenly, Lu Ming opened his eyes because he felt a breath that enveloped the other courtyard where he lived, and he was unscrupulous and unwilling.

Lu Ming frowned and walked out of the room.

Qiuyue obviously felt it too. After finishing the cultivation, she also walked out of the room.

The two looked at each other and then came outside the courtyard.

Outside the courtyard, a young man in a blue robe, with his hands on his back, stood at high altitude and looked down at Lu Ming. A pair of tall people looked like Lan Feng's descendants, Lan Jiu.

Chapter 3152: Blue Maple

Lan Jiu carried his hands on his back, stood at high altitude, looked down at Lu Ming, and said coldly:
"Are you Lu Ming?"

"Yes, sir, what are you looking for?"

Lu Ming said.

"My son has something to find you, come with me!"

Lan Jiu gave a command, and then turned to leave.

As if he had spoken out, Lu Ming must follow suit.

But Lu Ming stood there motionless, watching Lan Jiu like watching a fool.

Lan Jiu also found that Lu Ming hadn't moved, stopped and turned around, frowning and said, "Are you not following me yet?"

"Which of you? We are familiar?"

Lu Ming pouted, quite speechless, this man's self-confidence is too explosive.

"Oh, indeed, I haven't introduced myself yet!"

Lan Jiu smiled faintly and said, "My son is the son of the Blue Family of Taixu Shengdu, Lan Feng, and the Blue Family of Taixu Shengdu, isn't it comparable to the palace of Jiu Jue Tianwang in your area? Do you understand now? If something comes to you, follow me!"

After finishing speaking, Lan Jiu turned around again, and then he found that Lu Ming remained unmoved.

"Are you going yet?"

Lan Jiu's face froze.

"It turned out to be the blue maple, what did he do with me?" Lu Ming moved his heart and turned his thoughts.

"Lan Family? I haven't heard of it. Your son has something to come to me and tell him to come and visit, not to send!"

Lu Ming waved his sleeves and issued a guest order.

"What? Tell my son to visit, boy, you are such a big dog, what are you?"

Lan Jiu's face changed wildly and roared.

"roll!"

Lu Ming drank coldly.

After Lan Shang told him about the Lan family, he felt bad about the Lan family. Now, what kind of Lan Feng actually asks a servant to arrogant in front of him, he will have a good complexion. .

"You die, if you don't go, I will break your leg and bring it to the son!"

Lan Jiu snorted, and then his palms were like swords, and they blazed out continuously, two divine lights, slashing to the landing Ming's legs.

This Blue Nine, with a heavy cultivation of the **** king, he is confident that this move can abolish Lu Ming's legs.

"Really looking for abuse!"

Lu Ming's eyes were cold and cold, he didn't want to ignore the other party, but the other party had to die, he really couldn't help it.

The divine power condensed into a spear. The spear shocked, and two spears burst out, destroying the divine light cut by Lan Jiu.

Then, Lu Ming stepped out, approaching Lan Jiu in a twinkling of an eye.

"you..."

Lan Jiu was shocked, and he never thought that Lu Ming was just a **** with eight folds, and his strength was so strong that he shouted, and a blue Yingying sword light rushed out of him, slashing towards Lu Ming.

However, although Lan Jiu controlled the divine power, he did not awaken the original divine power factor. In the face of Lu Ming, the difference was too great.

At this moment, Lu Ming has triggered four times the fighting strength of the war character tactics. The guns are thick and heavy, rolling down and bombarding Lan Yingying's sword light.

boom!

Jianguang shook frantically, and then collapsed. The gun slammed against Lan Jiu. Lan Jiu screamed loudly, spitting blood, and his body fell like a shell into the ground, hitting the ground.

Lu Ming stepped out and stepped on one of Lan Jiu's legs.

Click!

what!

The sound of broken bones, coupled with Lan Jiu's screams, spread far away.

"Lu Ming started to scrap people again!"

"Which one still doesn't have long eyes, dare to provoke Lu Ming's demon? Really looking for death!"

The people in the other courtyards were disturbed and came out to watch one by one, and saw that someone was abused by Lu Ming, one after another.

"roll!"

Lu Ming kicked out again, and Lan Jiu's body flew out like a ball.

"Qiuyue, go in!"

Lu Ming smiled and walked into Qiuyue with Qiuyue. On the table in the yard, he made a pot of tea, and Qiuyue slowly drank it.

He knew that soon, someone would come again.

In Tianwang District, Lan Feng and Tianjiao of the major families are drinking while waiting.

Suddenly, a figure flew in the distance, it was Lan Jiu.

At this time, Lan Jiu was extremely embarrassed, his body was ragged, his hair was scattered, and his breath was weak.

"Lan Jiu? What's going on?"

Seeing the appearance of Lan Jiu, Lan Feng roared, and a cold breath erupted from his body, and the murderous chance flashed.

In the district of Jiu Jue Tian Wang Fu, some people dared to beat his servants, and they almost died.

Even if he is the King of Nine Jue, he must be given face.

"Son son, you must make decisions for your subordinates, that is Lu Ming, then Lu Ming will classify his subordinates like this!"

Lan Jiu called miserable.

"Lu Ming? What a bold courage!"

Lan Feng was angry.

"Yeah, then Lu Ming was brave. I already reported the name of the son and the name of the Lan family. He didn't even take it seriously. He also said that if the son wants to see him, he will come to visit him in person, arrogant!"

Lan Jiu cried.

"Hehehe, I didn't expect that there will be such a stunned youth in the Jiujuewangwang Mansion!"

Lan Feng sneered, his face extremely cold, his eyes cold as a sword.

A descendant of Jiu Jue Tian Wang Mansion, actually asked him to visit him in person? He was really angry.

"Sure enough!"

The Jinjia, the winged family's Tianjiao mouth, smiled, and was overjoyed.

They know Lu Ming's temper, so they did not remind Lan Feng what kind of strength Lu Ming has, just to intensify the conflict between Lu Ming and Lan Feng.

"Brother, Lu Ming, has always been lawless and bold!"

Jinjia Tianjiao said.

"Huh, boldness? In front of me Lan Feng, no matter how daring he is, he still wants to shrink me. Didn't he want me to visit? Then I will take a trip!"

Lan Feng spoke indifferently, suddenly stood up and stepped into the air.

Blue Maple moved, and the subordinates he brought naturally followed.

"Let's go and see too!"

The Tianjiao of the Jin family, the Tianjiao of the Yiren family, and others, with smug sneers on the corners of their mouths, followed Lan Feng and headed towards the Starry Sky Camp.

The elders of Xingkongying, the gatekeeper, saw Lan Feng and did not dare to stop it. They let Lan Feng directly enter.

Soon, they came outside Lu Ming's other courtyard, and the huge breath pressed against the landing Ming's other courtyard.

"coming!"

In the yard, Lu Ming whispered, slowly took a cup of tea, and took a sip.

"Go, we will meet them!"

Lu Ming smiled, got up and walked out, Qiuyue followed.

"So many people!"

Lu Ming glanced and murmured.

When his eyes swept the Jin Family and the arrogance of the Yiren Family, a cold light flashed in his eyes.

That Lan Feng suddenly approached him, and it is estimated that the Jin family and the Yiren family, the Qin family, could not be separated.

"It's you!"

Lan Feng also recognized Lu Ming.

"You are Lu Ming?"

Lan Feng looked at Landing Ming indifferently and asked.

"Yes, what's your job with me?"

Lu Ming said lightly.

"Before, you hurt my person?"

Lan Feng asked.

"What are you doing with me if you want to find abuse yourself?"

Lu Ming responded with a sneer.

Chapter 3153: Other ancient gods

This attitude of Lu Ming made Lan Feng's heart thrive.

Everywhere in Jiujue Heavenly King's Mansion, some people dared to talk to him like this, and he was still a young man.

However, he worked hard and had a great chance in his heart, and the expression on his face remained unchanged.

"I didn't expect that you, a person with ten gods and eightfold realms, can actually defeat me under the hands of a **** king realm. It is really rare to see!"

Lan Feng smiled lightly, he cultivated very high, plus Lu Ming did not deliberately conceal Xiu behavior, he naturally saw Lu Ming's realm.

After talking, Lan Feng glanced coldly at Lan Jiu.

Lan Jiu was actually defeated by a celestial **** Yae who made him very unhappy.

Lan Jiu shuddered, his face was white, and his heart was cold.

"In general, it's just useless for your men!"

Lu Ming understates.

"I heard that you have a source of power, right?"

Lan Feng's words suddenly changed.

"It turned out that it was for the source of divine power. Huh, really it is the Jin family, the wing people family, do you want to borrow a knife to kill?"

Lu Ming immediately guessed what happened.

It must be the Jin family. These people from the Yiren family told Lan Feng. Otherwise, how did Lan Feng know that he had a source of divine power.

"How is it?"

Lu Ming said.

"really have!"

Lan Feng's eyes were extremely bright, shining a blazing glow.

He hasn't awakened the original secret technique yet. If he has the source of magical power, he will surely be able to awaken the original secret technique. With his original strength, when he added the original secret technique, he held it at the Taixu Royal Sanctuary, I have enough confidence to enter the top ten and obtain the qualification of Kaifu.

The source of divine power, he must get it.

"Okay, very good, open a price, Divine Power Source Pearl, I bought it!"

Blue Maple Road.

"Not for sale!"

Lu Ming refused very simply.

"Do not sell, you'd better think about it, the price is negotiable, and, if you sell me the Divine Power Bead, if you hurt my next thing, you can cancel it!"

Lan Feng said lightly, but the threat in his tone could be heard by the fool.

"Don't sell, don't you understand? Also, I'm going to practice, don't bother me here!"

Lu Ming waved his hand.

"Bold, boy, what do you count, the son wants to buy your things, is to give you face, don't give your face shame!"

A genius of Lan Feng stepped out and shouted, violent breath, pressed towards the landing.

This is also a young man, but the atmosphere is violent, filled with the ancient atmosphere of the wild.

This is an arrogance that awakens the original divine power factor, and cultivation is the most important thing in God King.

The Jin family, the arrogance of the Yiren family, all showed shocking expressions in their eyes.

One of Lan Feng's subordinates, his talents are so high. The big family of the Taixu Saint Capital really has a deep background and is difficult to figure out.

"Why? Do you want to do it?"

Lu Ming said lightly.

"Since you shameless your face, you can only beat you down, I'll take it myself!"

Lan Feng's subordinates said coldly.

"Lan Liu, let's go, break his leg and take his storage ring!"

Lan Feng ordered.

He was finally impatient, too lazy to talk nonsense with Lu Ming, and he had to do it directly.

"Master rest assured!"

Lan Liu led his life, and then drove towards the landing, showing a greasy smile.

The glory of the Jin family, the Yiren family, and the Qin family looked at each other, and still did not remind Lan Feng.

They knew that Lu Ming's combat power was terrifying. Even Yuanyu was not an opponent, and Lan Liu was definitely not an opponent.

But they deliberately did not remind, let Lan Feng's people fight with Lu Ming, in this case, Lu Ming would offend Lan Feng.

Offending the dead Lan Feng, Lu Ming is a dead end.

"Master, let me come!"

On the edge, Qiuyue spoke and wanted to shoot.

"How can I deal with a few cats and dogs, Qiuyue, watching on the side!"

Lu Ming smiled, stepped out, and a breath of eight gods bursting.

"court death!"

Lan Liu drank coldly, and Lu Ming actually said that he was a cat and a dog, and he almost died.

boom!

The breath of Lan Liu's body is completely blooming, which is extremely amazing.

Uh!

Then, a blue sword light burst out from Lan Liu's hand and blasted towards the landing.

"Shenlong Faxiang!"

Lu Ming's double fists swayed out, and in the sky, one line of nine-clawed dragon appeared, and a total of twenty nine-clawed dragons rushed towards Lan Liu.

At the same time, Lu Ming's body suddenly became larger, turning into an ancient **** of green armor, and his spear was like a mountain, pressing against Lan Liu.

"Ancient God Body, Qingjia Ancient God Body, this kid..."

When Lu Mingshi exhibited the ancient armor of Qingjia, the color of surprise flashed in Lan Feng's eyes.

It's enough to cultivate into an ancient **** body. Unexpectedly, Lu Ming actually cultivated into an ancient **** of Qingjia, which is very rare in the Taixu Holy Capital.

"No wonder you can defeat Lan Jiu with the eightfold cultivation of Tenjin!"

Lan Feng secretly said that he thought Lu Ming was transformed into an ancient **** of green armor before he defeated Lan Jiu. He never thought that Lu Ming defeated Lan Jiu and did not turn into an ancient **** of green armor.

The blue sword light, chopped on the nine-clawed dragon, burst into a roar.

Lan Liu's strength is very strong. God King is a heavy one, awakening the original divine power factor, the combat power is very powerful, and all the nine-claw divine dragons are defeated.

However, when Lu Ming's long gun came under pressure, he couldn't resist it, Jianguang exploded, and his body retreated.

"Kendo is one!"

Lan Liu saw that he was actually repelled by Lu Ming, roared, the sword light flashed, and performed a terrible secret technique.

Infinite sword shadows burst out, as if to split the sky and kill Lu Ming.

"Cut the moon!"

Lu Ming whispered, his spear spun, and a crescent-shaped spear burst out.

Wherever the guns passed, Lan Liu's sword lights shattered, his body retreated, and he coughed up blood.

To be honest, the Blue Six is very powerful, and I am afraid it is a bit stronger than the Golden Elephant.

However, Lu Ming was able to suppress the golden elephant without using the door of dominance when he was at the seventh level of Tenjin. Now it is not too difficult to break through the eighth level of Tenjin and defeat Blue Six.

"This kid, so powerful, how could he be so strong?"

At this moment, Lan Feng was shocked.

He comes from Taixu Shengdu. He has seen so many shocks before he is absolutely gorgeous. He can be called a perverted guy, but he is almost like Lu Ming.

"This kid, there must be a secret in his body, must get it!"

The color of greed in Lan Feng's eyes is heavier.

"Ah, I will kill you!"

Lan Liu was repulsed again, and was wounded, completely furious. He roared in his mouth, and then his body actually swelled up sharply, and then turned into a huge ancient god.

"Ancient God Body!"

Lu Ming was shocked.

Unexpectedly, Lan Liu actually cultivated into an ancient **** body.

However, the ancient deity of Lan Liu is just an ancient deity of yellow armor.

Compared with Lu Ming's Qingjia ancient deity, there are two levels.

However, Lan Liushi exhibited the ancient **** of yellow armor, which also made his strength soar.

bump!

The huge body stepped into the air, holding a giant sword and slamming towards the landing.

Chapter 3154: Lan Feng's terrible strength

"interesting!"

Lu Ming whispered that this was the first time he walked out of the Qin Tianxing domain and saw other people display ancient gods.

He was rather interested and wanted to see the power of other people's ancient gods.

Lu Ming did not cast the 'Door of Domination', but waved his spear and killed it.

boom!

Two huge bodies, fighting together.

Huge spears and huge war swords collide, such as planet collisions, with a terrifying roar, full of energy.

After a violent collision, a figure slammed back and forth, and the person who retreated was naturally Blue Six.

Lu Ming just shook it slightly.

After Lu Ming shook his body, he immediately stepped forward, brandished his spear, and continued to kill Lan Liu.

Lan Liu shouted and killed Lu Ming.

The two battled fiercely, but Lan Liu still lost.

Although he opened the ancient **** body, he was still not Lu Ming's opponent in the state at the moment, and was oppressed to fall in the wind.

For every collision, Blue Six has to step back a few steps.

Lan Feng's complexion was somber.

"Starburst, starburst!"

After fighting a dozen more tricks, Lu Ming continuously used the starburst trick.

boom! boom!

Two consecutive bursts of starburst came out, and the power of destruction completely enveloped Blue Six.

Lan Liu screamed, his body suddenly retreated, and has been backing tens of thousands of meters before stopping.

The yellow scales on his body were ragged, and there were wounds, blood flowing.

There was also constant bleeding in his mouth.

Suddenly, Lan Liu's body trembled, and his body shrank quickly, turning into its original form.

Lan Liu was injured by Lu Ming and could not maintain the shape of the ancient **** body.

"This is your strength, the blue home of the Taixu Shengdu, and that's it!"

Lu Ming's indifferent voice sounded, and then swept out, sweeping towards Lan Liu's legs.

Lan Liu, to abolish his legs, then Lu Ming, abolish the legs of the other party.

"stop!"

Lan Feng shouted, he finally couldn't help but shoot, a sword light burst out of his hand and swept towards Lu Ming.

Quick, quick incredible.

Before Jianguang arrived, the terrifying energy stimulated Lu Ming to be tight all over, and there was a tingling pain.

Lu Ming quickly swept the spear out and swept towards the sword light.

when!

Jianguang cut on Lu Ming's spear, making the spear vibrate wildly. Lu Ming felt a terrible sword gas and rushed towards him. His huge body retreated backward.

After retreating tens of thousands of meters, he stabilized his body. Lu Ming felt all over him, and bursts of tingling came.

There was a sword wound on the surface of his body, and the blue scales were cut open, and blood continued to flow out.

"What a terrible power!"

Lu Ming secretly startled.

Lan Feng's strength, beyond his imagination, is really amazing.

"Master, are you okay!"

Seeing Lu Ming injured, Qiuyue flew to Lu Ming quickly and asked with concern.

"It's okay!"

Lu Ming smiled slightly.

"Son, I..."

Lan Liu came to Lan Feng, his face ugly.

"Don't blame you, this demon, it seems that I want to shoot it myself!"

Lan Feng waved his hand and stepped out.

boom!

When Lan Feng stepped out, a violent breath rose into the sky and overwhelmed the landing.

Let Lu Ming feel like he is facing Wang Yang.

Lu Ming's crazy running power to resist, at the same time, Qiu Yue was also sipping, rushed a strong breath, and Lu Ming's breath fusion, to resist the pressure of the outside world.

But even so, the two of them retreated thousands of kilometers.

"It's a strong cultivation practice..., cultivation cultivation is at least the triple of the king, and the original divine power factor, it is definitely not an awakening..."

In Lu Ming's heart, waves rang out.

He felt that Lan Feng's cultivation practice was simply unpredictable, at least it was also the Triple King of God, and even above the Triple King of God.

In addition, the other party's original divine power factor also awakened at least twice.

The other party's age does not seem to be very big, but it is so terrifying that all parties have reached such an alarming level.

Is this the arrogance of the Taixu Holy Capital?

"Interesting, really interesting. I didn't expect that there would be a person like you in Jiu Jue Tian Wang Mansion, so, you hand over the source of the Divine Power, and then swear on the source of life, allegiance to me in the future, and she also together, today Things can be done this way!"

Lan Feng even said something interesting, and finally, turned his attention to Qiuyue.

Qiuyue's strength also exceeded his expectations, and Qiuyue was so beautiful, so Lan Feng was also hot.

"If you want to fight then fight, as for the others, don't be delusional!"

Lu Ming said coldly, constantly running to dominate the divine power, intending to display the door of the domination, at the same time, he was constantly triggering the war word tactics, wanting to trigger five times the combat power.

Even if he understands that even if he uses all these means, he is not Lan Feng's opponent, but he must fight.

"If you want to fight me, don't try your best!"

Lan Feng's face was gloomy, and his breath was even more terrifying, forming a circle of pressure, which diffused out in all directions.

"So strong, so strong, so strong..."

Behind, the arrogance of the Jin family and the Yiren family was also terrified, shocked by Lan Feng's breath.

"We don't care?"

On the top of the star peak, there are several old men standing in the sky and watching from a distance. Lu Ming's situation on their side, a few old men have a panoramic view.

These old men are the elders who guard the starry sky camp.

"Governance? How to control? The other party is the son of the Patriarch of the Lan Family of the Taixu Holy Capital. Many people in the Lan family are in high positions in the Taixu Sheng Dynasty. Even if they are kings, they have to give the opposite face.

One of the elders.

"That's also, in our identity, it can't be controlled at all, forget it, just don't see it!"

"It's a pity that Lu Ming, hey!"

Several elders sighed.

If the people of Jiu Jue's King's Mansion dare to move Lu Ming here, they will go straight to suppress each other, but Lan Feng comes from the Lan family and they can't control it at all.

The strength of the entire Lan family is more horrible than the entire Jiu Jue Tian Wang Mansion.

"It seems that you chose to do it?"

Seeing Lu Ming had no intention of surrendering, Lan Feng's eyes were even colder.

"Shoot!"

Lu Mingdao, even if it is not defeated? Just one battle.

What's more, Lu Ming still has the ball and may not be able to fight.

"Then cut you off!"

Lan Feng spoke indifferently, stepped out in one step, a sword light rose into the sky, pierced the cloud, and then cut towards Lu Ming.

"Ball!"

With a move in Lu Ming's heart, the ball quickly squirmed up and turned into a pair of armor, covering Lu Ming's body, and lightning flashed out.

But at this moment, in the high altitude, a vast force pressed down.

This force, I don't know how many times stronger than Lan Feng's power. When pressed down, Lan Feng's sword light shattered directly.

Lan Feng's body shook wildly and retreated.

Chapter 3155: demon

"Uncle Lan!"

Lu Ming's eyes moved.

As soon as this pressure came out, Lu Ming felt it, which was the breath of the blue business.

Sure enough, in front of Lu Ming, the light and shadow flashed, and the figure of Lan Shang emerged.

"Blue Merchant, it's you!"

Lan Feng roared when he saw the blue merchant.

"Blue Maple, Starry Sky Camp is not your place to spread wild, let's go!"

Lan Shang's face was calm, and with a wave of his sleeve, Lan Feng's figure retreated.

"Lan Merchant, Jiu Jue Tian Wang Fu's Star Camp has nothing to do with you. The things you manage are too wide!"

Lan Feng said sullenly.

"I can't control other people's affairs, but I will control his affairs!"

The blue merchant pointed to Lu Ming and said.

"He, what is his relationship with you?"

Lan Feng asked.

"Brother, I heard that Lu Ming is the son-in-law of Lan Shang!"

On the edge, the young Jin family whispered to Lan Feng.

"What? He is your son-in-law, Blue Merchant, you are bold, you have privately allocated the Blue Spirit Xu to others, and you have a big disaster!"

Lan Feng roared when he heard this, and his eyes were all breathing fire.

Wu Fan took a fancy to Lan Ling. This time it was a good opportunity for the Lan family to become a national teacher. But now, Lan Ling is married to someone, and he is angry.

"Dead, this kid, sin should die!"

Lan Feng roared, his breath burst out, and he had to go to the landing to kill Lu Ming.

However, Lan Shang's eyebrows glowed, and the power of his soul turned into a palm, pressing down towards Lan Feng.

puff!

Lan Feng vomited blood, his body receded, and his face was pale.

"Go away, give you three breathing time. If you don't, I will abolish you and throw you out!"

Lan Shang said coldly, his eyes flashed with cold killing opportunities.

"you..."

Lan Feng said a word, and then he could not speak again, showing a trace of fear.

The character of Lanshang, which he heard from the elders of the Lan family, is the kind of character that does not say anything. He has no doubt that if he does not leave again, the Lanshang will really give him away.

The hero does not eat the loss in front of him and wants to kill Lu Ming. There are opportunities.

"Boy, you are lucky today!"

Lan Feng glanced coldly at Lu Ming, leaving a word, and then turned around and left.

Others followed Lan Feng and walked away.

Soon, only Lan Shang and Lu Ming remained.

"Hey, I didn't expect you to be stared at by Blue Maple. You have to be careful in the future. For a while, you still don't want to leave the Starry Sky Camp!"

Blue business warned.

Lu Ming nodded, he is indeed not Lan Feng's opponent, there is no need to fight hard with the other party.

After Lan Shang left, Lu Ming and Qiu Yue returned to their place of residence and continued to practice.

"It seems that there are more arrogances of the Taixu Holy Pilgrimage than I thought, stronger!"

Lu Ming pondered silently.

He defeated Jiu Dao Tian Wang Mansion and Jiu Jue Tian Wang Mansion God King's heavy arrogance before. His confidence in himself has become more and more sufficient, and he is advancing by leaps and bounds in all aspects. He believes that on the day of Taixu Royal Sanctuary, Entering the top ten is definitely not a problem.

But now it seems that his ideas are too naive.

Not to mention the other, but there are a lot of God Kings with more than one weight and stronger arrogance in Jiu Jue Tian Wang Mansion. He has never seen it.

Not to mention other heavenly palaces, and the arrogance of the core area of the Taixu dynasty.

Not to mention others, Lan Feng alone made Lu Ming feel unfathomable.

It is conceivable how many powerful arrogances will be in the core area of Taixu Holy Pilgrimage.

It is difficult to enter the top ten on the day of Taixu Royal Sanctuary.

He felt a lot of pressure on his body.

Lu Ming closed his eyes and practiced quietly.

A few days later, in a hall in the palace of Jiu Jue Tian Wang, the king of Jiu Jue sat on the throne. Below was a young man, it was Lan Feng.

"Mr. Lan, what are you looking for?"

King Jiu Jue asked with a smile.

He knows Lan Feng naturally. The son of the patriarch of the Lan family in Taixu's holy capital is also the most gifted of the younger generation of the Lan family.

Although he is expensive as a king, to tell the truth, the status of the king and the king is also different. The nine kings of the king's mansion ranks in the bottom of the twenty-seven kings' palace. His position is actually higher than those of the kings. It can't be too high, so he is naturally polite to Lan Feng.

"Jiujue King, I'm going to enter the ghost anime!"

Lan Feng took a sip of tea and said slowly.

King Jiu Jue was startled, and said, "What? Are you going to enter the ghost?"

"Not bad!"

Lan Feng nodded.

"No, there is a terrible force inhabiting the ghosts, so the entrance to the ghosts has been sealed for a long time. If you want to enter the ghosts, you have to reopen the entrance to the ghosts."

"But once the entrance to the ghost is opened and the force of the ghost is rushed out, the consequences will be extremely serious!"

The nine kings shook his head again and again.

"Every ghost is only attached to a world in the wilderness universe. How strong can it be, can't you suppress it with your nine heavenly palaces?"

Blue Maple Road.

"Repression can be suppressed, but the risk is also great, and you, Blue Maple, are in a crisis. Why do you need to take this risk?"

Jiu Jue King's Mansion advised again.

"When I enter the ghost anxiety, there are naturally important things to do. How about Jiu Jue Tian Wang, give him a face? His father also knows that his elderly people also hope that Jiu Jue Tian King can help a lot!"

"In addition, regarding my safety, the King does not have to worry about it. I came here with a lot of masters from the Lan family, enough to cope with the safety!"

Blue Maple Road.

"This..."

Jiu Jue Tian Wang Fu frowned and hesitated.

However, Lan Feng said everything about this. If he didn't agree, he would offend Lan Feng and even the Lan family. This will do no good to the Jiu Jue Tian Wang Mansion.

Although he is expensive as a king, a gangster, and sits in an area, but the Lan family sits in the center and has more influence.

Offended the head of the Lan family, he may have no good fruit to eat.

"Okay, but when you enter the ghost, Lanzi should be very careful. If it is not necessary, don't alarm the force!"

The King of Nine Absolutely warned seriously.

"Heaven is assured, I will go in and finish things, and will not disturb the power of the ghosts!"

Lan Feng smiled.

One day later, Lan Feng brought a group of strong blue families, and Jiu Jue Tian Wang took a group of strong men of Jiu Jue Tian Wang Mansion, and fell on a star not far from Jiu Jue Tian Wang Mansion.

This star is so ghostly, so cold and abnormal.

On top of a huge plain, there are huge stones.

A total of 108 stone tablets stand in all directions on the plain, and each stone tablet is engraved with runes.

The runes on the one hundred and eight stone tablets gleamed and intertwined with each other in the air, forming a huge formation, which seemed to suppress something.

Moreover, there are a number of strong guards here all year round.

Here, is the entrance of the ghosts, sealed all year round.

Chapter 3156: Lu Ming together

"Open the entrance to the ghosts!"

The King of Nine Absolute Deeds gave orders.

"Yes!"

Suddenly, a group of people flew forward, standing at different positions, and then filled with divine light, a rune, flew out of the hands of these people, and flew to the steles.

Rumble!

Suddenly, those stone tablets shook, and there was also a brilliant light on them.

Soon after, over a hundred and eight stone tablets, a dark vortex suddenly appeared.

At first, the area of this vortex was still very small, but it was rapidly increasing.

Soon, the vortex turned into a vortex with a size of 100,000 miles, suspended in the air.

The vortex rotates slowly, and through the vortex, it seems to be able to see the world behind the vortex, and at the same time, a thick black mist emanates from the vortex.

The entrance to the devil's anvil opened.

Everyone's spirit immediately became tense, and they were ready to face the battle.

In the long past, among the ghosts, a powerful force was sealed. This force, called the Nether Ape War Clan, has amazing strength.

They are afraid that once the entrance of the ghost is opened, the Ape Warrior will attack.

However, they waited a few days without any movement.

"The ape warfare clan has been confined to ghosts for countless years, and may have been weakened and extinct for a long time!"

Lan Feng smiled gently.

"Blue son, it is best not to be taken lightly!"

The nine kings admonished.

"Son son, let's explore it first!"

Next to Lan Feng, an old man in gray robe stepped out and clenched his fists.

This old man has a deep breath, his eyes are as bright as stars, and his body is exuding a terrifying breath.

"Shen Jun!"

Jiu Jue King's eyes moved.

This old man is definitely the cultivation of Divine Monarch Realm.

"Okay, there is Elder Lao!"

Lan Feng nodded.

The old gray robe flashed into the vortex and disappeared.

It didn't take long for the figure in the vortex to flash, and the old gray robe went back and forth.

"Elder, how is it? Is there any danger in it? Have you ever found the Winged Apes?"

Lan Feng quickly asked.

"I searched around the entrance and found no danger or traces of the warriors of the apes!"

Said the old gray robe.

"That's good, let's go, let's go in!"

Lan Feng said, with the masters of the Lan family, he rushed into the whirlpool and disappeared.

"You guys, stay here and notify me as soon as there are any abnormalities!"

After Lan Feng and others entered the ghost, Jiu Jue King ordered his men.

"Yes!"

Everyone bowed to salute, and Jiu Jue Tianwang flashed, and left here.

In a flash, time passed half a month.

On this day, the vortex at the entrance of the ghost was suddenly trembling slightly.

"Something is coming out, pay attention!"

A master of Jiu Jue King's Mansion shouted.

Everyone immediately got up and stared at the entrance of the ghost.

After a while, some figures emerged.

"It's the son of Blue Maple!"

Someone called.

Yes, these emerging figures are Lan Feng and others.

Soon after, Lan Feng and the Lan family all appeared.

It's just that the number of people is half less than when they entered, and the rest of them are extremely embarrassed, and some people's breath is still very weak.

Obviously, among the ghosts, they had a war.

"Damn, damn..."

Lan Feng growled in his mouth, his face very gloomy.

"Mr. Lan, what's going on?"

Asked the strong man of Jiu Jue Tian Wang Fu.

"We were attacked inside, I want to see the Jiu Jue King..."

Blue Maple Road.

Soon after, Lan Feng met the King of Jiu Jue.

"What? Do you want to lend me a group of strong men to enter the ghost?"

Jiu Jue Tian Wang frowned.

"Yes, this time I entered the ghost, I didn't get what I wanted, so I have to enter again!"

Blue Maple Road.

"Son Lan, since the ghosts are so dangerous, I think it's okay!"

Jiu Jue Kings Road.

"No, it must be successful, and before we went in, we didn't understand the terrain of the ghosts. We didn't make preparations before we suffered a big loss, and we didn't encounter the legendary Hades of Apes. This time, as long as you borrow me Appropriate masters, and then make sufficient preparations, can guarantee foolproof!"

Blue Maple Road.

"This..."

Jiu Jue Tian Wang pondered.

"King of Heaven, as long as you help me this time, my blue maple, and my father, I must thank Daen and remember your love!"

Blue Maple Road.

King Jiu Jue considered it and finally agreed.

"King of Heaven, I will also borrow some young Tianjiao characters from you!"

Lan Feng said again.

"Young Tianjiao person? The younger generation's cultivation is not high. What's the use of going in?"

Jiu Jue King is puzzled.

"There is a formation in it, you must have young people to get in!"

Lan Feng explained.

"OK, alright!"

Jiu Jue Tian Wang readily agreed.

"The others are chosen by the king, but there is one person who must go with me. This is a young man named Lu Ming!"

Lan Feng said another sentence.

"Lu Ming!"

Jiu Jue Tian Wang frowned again.

"This person is very talented and has helped me a lot. The king is assured that these days of arrogance, I promise not to let them have an accident!"

Blue Maple Road.

Eventually, Jiu Jue Tian Wang Fu nodded and began to dispatch masters.

Lan Feng and his men also began to prepare and refine some special weapons and positions.

Soon after, a master of Jiu Jue's King's Mansion went to the place where Landing Ming lived.

However, he did not find Lu Ming where he lived.

"I heard that Lu Ming often went to the Blue Merchant to practice, perhaps at the Blue Merchant!"

The man murmured, and then went to the blue merchant's courtyard.

Sure enough, Lu Ming was found in the place where Lan Shang lived.

"Lu Ming, the Starry Sky Camp has assigned you a mission to let you enter the ghost anime with the head of the Lan family and assist the Lan family to do a mission!"

The strongman of Jiu Jue King's Mansion said.

"What? Let me be with the Lan family?"

Lu Ming frowned.

"Yes, this is a transfer token. Departure a month later!"

After finishing the speech, the strong man of Jiu Jue Tian Wang Fu finished his hand, and a token flew towards Lu Ming, and Lu Ming reached out to catch it.

After seeing Lu Ming receiving the token, the strong man of Jiu Jue Tian Wang Fu turned around and left.

Lu Ming frowned.

"This matter is definitely not that simple~!"

Blue Merchant also walked over and said.

"It seems that Lan Feng wanted to take the opportunity to deal with me!"

Lu Ming said coldly.

"It's a very good means. You can use the Star Camp to issue missions to let you go. If you don't go, you will violate the rules of the Star Camp. He is estimated to put pressure on you to leave the Star Camp!"

"If you go, he may take the opportunity to deal with you!"

Blue Business Road.

"If I don't go, just see what he can do!"

Lu Ming said.

"No, I have an offer, you might be able to go!"

Blue Business Road.

"Can go, why?"

Lu Ming wondered.

If you go, isn't it to give Lan Feng a chance to shoot him, the blue merchant should not push him into the fire pit.

Chapter 3157: Lu Ming's chance

"That man just asked you and Lan Feng to enter the ghost together!"

Blue Business Road.

"Not bad!"

Lu Ming nodded.

"If you enter the ghost, it may be an opportunity for you!"

Lan Shang's eyes flashed.

"For me, is it an opportunity?"

Lu Ming was even more puzzled.

"Yes, you know why I don't live in seclusion elsewhere, but live in seclusion in Jiu Jue Tian Wang Mansion? Part of the reason is because of ghosts!"

Blue Business Road.

"Because of ghosts, why?"

Lu Ming was more curious.

"Because among the ghosts, there is a force inhabited. This force is called the Astral Clan. The strength of this force is extremely powerful. The most important thing is that the Astral Clan was regained by Jing Yu. It was Jing Yu's strength!"

Blue Business Road.

"That's what happened!"

Lu Ming was also surprised.

There is a powerful force among the ghosts, which is actually Jing Yu's men.

"Yes, but few people knew about this matter. At the beginning of the Yuyu accident, the Ape Warrior took the initiative to retreat back to the ghosts. The Taixu Holy Pilgrim was also afraid of this force, so it was the entrance of the ghosts. seal."

"The reason why I live here in seclusion is to find an opportunity to enter the ghost manta and regain this power, but the entrance of the ghost mana has been guarded by the strong and the seal has been laid, I can't enter at all!"

"And this time, Lan Feng will open the seal, enter the ghost, and call you, this is your opportunity to regain the opportunity of the apes!"

Blue Business Road.

"According to what you said, the Ape Warrior is very powerful. With my cultivation, I can't conquer it even if I go in!"

Lu Ming said.

"No, the Ape Warrior is obedient to the Jingyu suit. As long as you see the people of the Ape Warrior, the original ancient word "war" is highlighted, revealing that you are a descendant of the Jingyu. You will surrender to you unconditionally, and the support of this force is crucial for your future development!"

Blue Business Road.

"If I follow Lan Feng and go in, I will be killed by him, what should I do?"

Lu Ming said.

He wasn't greedy for fear of death, but he knew he was going to die, wasn't that stupid?

"Based on my understanding of Lan Feng, this person has a very good face, and this time I go, there are probably other people together. Lan Feng, this person, will definitely not kill you in front of other people, so I have a face!"

"So, he will look for opportunities, find a place where no one will kill you, this is your chance, you can find the opportunity to escape, and then find the ape war tribe!"

"Of course, there are dangers. I just propose it, whether you want to do it or not, the decision is yours!"

Blue Business Road.

"Okay, I'm going!"

Lu Ming said.

If you don't go, you will definitely be targeted by Lan Feng, and then you will be forced to leave the Starry Sky Camp. You won't even have the qualification to participate in Taixu Royal Sanctuary.

It might as well be a fight.

If he could hold the Ming Ape War Clan in his hands, it would be of great help to him in the future.

Going to the core place of Taixu Holy Pilgrimage and reversing the case for Jing Yu is definitely a crisis. If you don't dare to take this risk, how will it happen?

"Okay, then you are ready to go, one month later!"

Blue Business Road.

...

Soon, a month passed.

Someone drove them with a landing, and gathered at a place in Tianwang District.

"There are many other Tianjiao, it seems that a lot of people have entered!"

Lu Ming moved.

The more he went in, the more chance he had to take the opportunity.

Uh! Uh! ...

A rainbow of light flew in the sky.

It is a master of Lan Feng and the head of the Lan family, as well as a group of strong men of the nine kings.

"A lot of masters!"

Lu Ming secretly startled.

Among the people who Lan Feng brought, each one had a rich and unpredictable atmosphere. For Lu Ming, it was truly unfathomable and could not touch the depth at all.

Lan Businessmen speculates that Lan Feng must have brought the characters of the Kingdom of God together, so he warned Lu Ming that if he did not find a good opportunity, he should not act rashly.

Lan Feng stood in the middle of the crowd, carrying his hands on his shoulders, with a strong spirit.

When he glanced over Lu Ming, deep in his eyes, there was a cold killer.

"set off!"

Lan Feng gave the order, and he rose to the sky first.

They left the area of Jiu Jue Tian Wang Mansion, and then crossed the starry sky. After a while, they came to the planet where the entrance to the ghost manta.

The vortex, still suspended in the air, was spinning slowly.

Uh! Uh!

A group of strong men under Lan Feng rushed into the whirlpool first.

Then, Lan Feng, Lu Ming and others rushed into the whirlpool.

As the world turned, Lu Ming found that they had come to a plain.

Lu Ming looked around.

Between heaven and earth, a dark red, even the sky.

Above the vast plain, there was a black mist floating, that was ghost spirit.

"Some people open the way ahead, some guard the rear, and the younger generation, follow me in the middle of the town!"

Lan Feng's voice spread throughout the audience.

The figure flashed, and everyone formed a formation.

The younger generation has a lower cultivation level and is surrounded by many strong men.

Lu Ming is naturally in the middle.

Lan Feng glanced coldly at Lu Ming. Sure enough, he didn't do it, but gave the order: "Start!"

The crowd rose into the air and flew towards the plain.

At first, they were very fast and did not encounter any danger.

"Slow down!"

When he was about to leave the plain and come to a hill, the oldest man in the front spoke, and the speed of everyone slowed down.

Slowly flew towards the hills.

Ahhhh!

Quack!

Suddenly, a strange cry rang out, like a ghost crying and a wolf howling.

Then, the hills filled with dense fog, countless black shadows, flew out of those hills.

These black shadows are constantly distorted, and they seem to be ghosts in them, terrifying.

These shadows screamed at the crowd.

However, Lan Feng apparently already prepared.

"Sacrificial offer!"

At the forefront, an old man in grey robe snarled. Suddenly, the masters in front of him shone with their bodies, and they flew out of their bodies.

As soon as these arrays flew out, they exploded in endless flames, which became purple-red, and the temperature was astonishingly high, and enveloped these shadows.

Zizizi...

These black shadows seemed to be very afraid of the flames. They were shrouded in flames and made a sizzling noise and a strange scream. Then, in the flames, the black shadows turned into fly ash and disappeared between heaven and earth.

Obviously, Lan Feng had learned from their last visit.

Among the hills, there seemed to be a lot of shadows, which came out constantly, endlessly.

"Rush over!"

Lan Feng shouted.

"Bu Da array, rush over!"

The elder gray robe shouted.

Suddenly, the masters around him sacrificed their positions, and a burst of flames surrounded everyone, and then quickly rushed forward.

Soon, they went deep into the hilly area.

Chapter 3158: Infinite ghost

After they went deep into the hilly area, there were countless dark shadows coming out of the four hills, and they rushed towards them in an infinite number and one by one.

It's no wonder that Lan Feng and their team came in last time and they will suffer a lot. If they are not prepared to come in, they will really be unable to eat.

But now it is different.

Those black shadows, when they hit the flames, melted like ice and snow and dissipated into black smoke.

They are very fast, rushing forward, and as a child, they finally rushed across the hilly area.

After rushing through the hills, the black shadows around them disappeared.

For them, there is no loss.

Huh...

Everyone was relieved and continued to fly forward.

However, after flying a distance, a swamp appeared in front.

This swamp is endless and full of rotten odors, even if they are separated by a distance, they can smell a stench.

"Be careful!"

The old grey robe in front reminded them that their speed slowed down and flew slowly towards the swamp.

Wow!

As soon as they flew into the swamp area, the swamp rolled up, and then a skeleton appeared.

A skeleton, rushed out of the swamp, brandishing weapons and killing everyone.

"Sacrifice the market!"

The old man in gray robe continued to command.

Everyone waved their hands and flew out of the field.

However, this time the array was different from the previous one. This time it was not the flames but the thunder.

Zizizi...

Numerous arrays of light shine and the light intersects, forming a huge stream of lightning.

Lightning flashed across the sky, slamming toward the skeletons.

Obviously, these skeletons were very afraid of lightning, and after being struck by lightning, they collapsed and fell into the swamp.

They rushed towards the depths of the swamp, but in the swamp, skeletons kept rushing out.

Not only the skull but also a rotting corpse rushed out.

These rotten corpses are stinky, but the breath is very compelling and the strength is amazing.

"Holy Light Array!"

The old grey robe shouted again.

Buzz...

Another array of disks flew into the air, and this time the disks emitted light.

The milky white sacred light, like a round of sun, filled with infinite glory.

Those corpses, irradiated by the Holy Light, and the suffocating black smoke on their bodies, after a while, completely dissipated into black smoke and dissipated.

The thunder is vertical and horizontal, the light is pervasive, and countless skeletons and carrion are killed.

They rushed forward very quickly.

But the swamp land is in crisis, and there are a lot of carrion and skeletons.

Besides, there are other ghosts besides the two kinds of ghosts, carrion and skeleton.

Countless ghosts rushed towards them constantly, some ghosts broke through the attack and killed everyone.

"kill!"

Masters around have also shot.

This time, the masters brought by Lan Feng, there are the Lan family heads, and the Jiu Jue Tian Wang Mansion, are extremely strong generations, all of them are four-level **** kings, and many are high-level **** kings.

Even, there are several characters in the Divine Monarch Realm.

So many powerful people shot together, and those ghosts that were missing from the net were killed.

Quack...

Suddenly, an unpleasant shrill noise sounded, the swamp rolled, and a terrible breath erupted.

boom!

A swamp exploded, and a giant figure appeared.

This is a strange bird, very huge, like a mountain, but it is rotting and emitting a strong stench.

Its two eyes were red, screaming, and rushed towards the crowd.

"This breath, God's Peak..."

Lu Ming was shocked.

This breath is terrifying, and it is similar to such characters as the head of the Jin family and the head of the winged family, but it is the existence of the peak of the **** king.

Roar!

After the giant bird appeared, another figure rushed out from the other direction. It was a skeleton wearing a warframe.

The breath of this skeleton erupted, it was also terrifying, and it was also the existence of a pinnacle of God King.

Suddenly, the existence of the two **** king peaks appeared, and they were slain towards the crowd.

Some young Tianjiao, pale face.

Faced with this kind of existence, they simply could not bear a blow.

However, Lan Feng's complexion was calm.

"kill!"

At the forefront, the old man in gray robe shot, stepped out, and waved out.

A gray sword light first cut at the giant bird.

Poof!

After the sword light was cut, the giant bird could not withstand a blow and was split in half directly. The body fell into the swamp and splashed the mud.

After beheading the giant bird, Jianguang turned again, slashing towards the skeleton.

The skeleton was wearing armor, holding a sword, and chopped out a dagger.

However, the sword light collided with the sword light and collapsed directly. The sword light was cut on the skeleton. The skeleton's body shattered and turned into a pile of powder under the destructive power of the sword light.

The existence of the two **** king peaks was instantly beheaded.

God's prestige, horror like this!

"Is this the strength of the Divine Monarch? What a horror!"

Some young Tianjiao, for the first time seeing Divine Monarch shot, were shocked one by one.

The peak of the **** king is already strong enough, but in the face of the **** king, it is completely vulnerable.

The higher the level of spiritual practice, the greater the gap, especially the gap between the big realms, is even more different.

"In other days, I must step into the realm of God!"

Many young Tianjiao clenched their hands and secretly vowed to step into the realm of God.

However, most people are destined to be disappointed.

Divine Monarch Realm, where it is so easy to enter, even if these people have many amazing talents, but most people are destined to stay in Divine King Realm.

Otherwise, Shen Jun will not be so few.

The worlds of Jiu Jue Tian Wang Mansion have inherited endless years, and how many days of pride were born, but there are very few characters in Shen Jun Realm, very few.

"Go on!

The old man in the gray robe beheaded the existence of the two **** king pinnacles and gave orders.

The crowd continued to shock, and finally rushed across the swamp after some time.

However, the destination that Lan Feng wants to go to is obviously not here, and there is still a long way to go.

They continued to set off. Next, they passed through several dangerous places. One of the dangerous places even had horrible ghosts in Divine Monarch Realm, and there was an outbreak of war with the Divine Monarch brought by Lan Feng.

That battle was shocking.

However, there were more than one Divine King who came with Lan Feng, and the last two Divine Kings joined forces to finally repel the ghost in the Divine King Realm.

But in this battle, the people brought by Lan Feng finally suffered losses.

More than a dozen people fell in that battle.

This is considered good, and they are ready this time.

Last time Lan Feng brought people in, he was unprepared and suffered heavy losses.

After passing through several dangerous places in a row, they stopped in a vast land.

In front of the territory, a thick black mist filled the view.

According to Lan Feng, the last time they stopped there.

Chapter 3159: Hands on

Before, Lan Feng explained to them the characteristics of this dark fog area.

This area should be shrouded by a large array. Inside, it is difficult to discern the direction, and naturally it is difficult to pass through this area.

Lan Feng also brought the Master of Formation, and through the research of Master of Formation, he wanted to pass this area, only to close the big array of this area.

The master of formation method researched that this large formation should have six formations. Only by covering the six formations with runes at the same time can this large formation be temporarily blocked.

Sealing this large array, you can pass through this area.

However, the six arrays should be sealed at the same time, and the time should not be different by one minute.

Originally, it was very easy for the master that Lan Feng brought last time to do this.

However, the underground of this area is still inhabited by a terrifying ghost. The power of this ghost is terrifying, at least it is also the fighting power of Divine Monarch Realm.

As long as creatures over a certain age enter, they will attract those living in the ground and come out to attack.

However, if the younger generation enters, it will not attract such creatures.

Last time, Lan Feng they lost the most here, many masters, all died here, they also fled in embarrassment.

Therefore, this time he borrowed some young arrogance from the King of Nine Jue, which was used to crack this large array.

The young Tianjiao went in and found six arrays of eyes, and then spread the news to each other, and sealed the array of eyes at the same time.

"You guys, come in with me!"

Lan Feng looked at all the young Tianjiao at the scene.

"It is good!"

Everyone nodded.

Lan Feng took the lead, and all of them rushed towards the front to the edge of the black mist area.

Lan Feng himself, as well as the Lanjia Tianjiao he brought, plus the Tianjiao of Jiu Jue Tian Wang Mansion, the number is about more than 100 people.

Lu Ming is naturally among them.

He felt a cold breath passing by him from time to time.

"It seems to be starting here!"

Lu Ming moved.

Entering this area, there is black mist everywhere, and everyone's eyes are cut off. Lu Ming estimates that Lan Feng will kill him here and seize the magical source beads on him.

"Lu Ming, you follow me!"

Sure enough, Lan Feng looked at Lu Ming and said.

"no problem!"

Lu Ming didn't seem to find the crisis and nodded at will.

"Go~!"

Lan Feng opened his mouth and rushed into the black mist area first, followed by others.

As soon as they rushed into the black fog area, they felt a whirl of the sky, and when they looked back, they could no longer see the strong men outside.

They have entered the scope of a large array.

"We are separated, divided into six groups of people, looking for six array eyes, and when found, they will be notified with the sound of jade symbols, and then seal six array eyes at the same time!

Blue Maple Road.

Everyone nodded, and then automatically batched.

There are many Tianjiao in Jiu Jue Tian Wang Fu, divided into four batches.

The young Tianjiao of the Lan family are divided into two groups.

Uh! Uh! Uh!

The figure flashed, and many Tianjiao flew away in different directions, and disappeared into the dark fog.

At the scene, only the blue wind group remained, and of course, Lu Ming.

A total of ten people.

"what is that?"

At this moment, Lu Ming suddenly looked behind Lan Feng, looking frightened.

Lan Feng and others were shocked and quickly looked to the rear to prepare for the war, but they turned their heads to see that there was nothing behind them.

"No, I'm fooled!"

Lan Feng had a thought in his heart, and quickly turned around, seeing Lu Ming's figure was like a flash of lightning, rushing in one direction.

"Damn, want to go, catch me up and kill him!"

Lan Feng snorted.

Just now, waiting for the others to leave, Lan Feng was preparing to deal with Lu Ming. Unexpectedly, Lu Ming actually took the first step in his action, distracting him and escaping.

Lan Feng took eight Lanjia Tianjiao and chased towards Landing Ming.

"Lan Feng, I knew you didn't feel well!"

Seeing Lan Feng chasing, Lu Ming spoke coldly.

"Stop me, hand over the source of divine power, and stay loyal to me from now on, I can spare you!"

Lan Feng was angry.

"Are you daydreaming?"

Lu Ming taunted, and at the same time cast Jiu Tian Kun Peng to the extreme, rushed forward quickly.

"Do you think you've escaped?"

Lan Feng's voice was cold, he turned into a sword light, breaking through the black mist, the speed was amazing, faster than Lu Ming, and the other eight blue family youths were far away.

However, since Lu Ming left early, Lan Feng wanted to catch up with Lu Ming, it was not so easy.

One chase after another, flew hundreds of thousands of miles in a blink of an eye.

"You can't escape, wait for me to catch you, let you die without a burial place!"

Lan Feng's voice was extremely cold, and his eyes were fierce.

Lu Ming was too lazy to ignore Lan Feng and went all out.

But at the next moment, Lu Ming's expression changed greatly.

Because in front, a group of people appeared, a dozen or so rushed towards this side.

These people are also the pride of the Lan family.

The Lan family was divided into two batches before, and the other batch left before Lu Ming started.

Obviously, when I chased just now, Lan Feng sent news to these people, and these talents will appear in front of them to intercept Lu Ming.

In the Tianjiao of the Lan family, there are also people with extremely strong strength. Those who cultivated above the weight of the **** king, with a strong breath, oppressed the landing.

"Lu Ming, how do you escape?"

Lan Feng's face was fierce.

咻咻咻...

In front, more than a dozen arrogances, cut out a dozen sword lights, and cut towards Lu Ming.

"is it?"

Lu Ming sneered in the corner of his mouth, and a flash of lightning suddenly appeared on his fist.

The ball is shot.

Although the ball is high, but it is not very old, it is also a younger generation, so you can naturally enter here.

A flash of lightning burst out, slamming into those sword lights, and in a flash, dozens of sword lights shattered and lightning struck those young people.

Ahhhh...

The screaming sounded, at least half of the youth, at least half of them were killed by lightning, and the other half, all retreated, scorched black, and the breath was depressed.

Ball's current strength, even the existence of the fourfold of the King of God, can kill, not to mention the youth's arrogance.

Although these young Tianjiao are powerful and far superior to their peers, their cultivation base is not very deep, where can they block the ball's attack.

"Ah, I'm going to kill you..."

Seeing more than a dozen young Tianjiao being killed halfway in an instant, Lan Feng's eyes were red, and an angry roar came.

Keng!

His eyebrows burst into a terrifying sword light, and at a terrible speed, he struck Lu Ming.

Although Lu Ming just killed a dozen Tianjiaos from the Lan family just now, the speed was also slightly blocked, which made Lan Feng approached a lot.

Therefore, this sword directly covered Lu Ming under the vast sword power.

Lan Feng was furious and frightened.

With Lu Ming's current strength, he can't stop it, only relying on the ball.

The ball wriggled quickly, turned into a pair of armor, and wrapped Lu Ming.

Chapter 3160: Battle of Blue Maple

The ball turned into a pair of armor, which enveloped Lu Ming.

At the same time, above the armor, the thunder and lightning were filled, and the infinitely small and thunder lightnings gathered together and turned into a thick thunder, blasting towards Lan Feng's sword light.

boom!

The lightning and Jianguang collided together, and the two shook violently. However, it was obvious that Jianguang was more powerful.

The sword light shone brightly, the oppressed thunder and lightning receded, and after a few explosions, the thunder collapsed, and the remaining sword light was cut on Lu Ming.

Lu Ming felt a terrifying force rolling towards him, extremely sharp, and his body flew out like a cannonball, drawing a long ditch across the ground.

Bursts of pain spread throughout the body. Lu Ming felt that his whole body was about to be broken, and the armor transformed by the ball was cut through a crack.

"What a terrible power!"

Lu Ming secretly startled.

The ball is now the cultivation method of the triple king of God, and the combat power is even more powerful, which can kill the existence of the triple king of God.

However, the ball just lost to Lan Feng, and even turned into armor, it was broken by Lan Feng.

Fortunately, the ball turned into armor to resist the other party's attack, otherwise, Lu Ming will die.

"Metal life? Huh, can a triple king of metal life stop me? Kill!"

Lan Feng shouted, like a sword light, rushed to Lu Ming in a flash, and then a sword was cut out.

The sword light is majestic, the pressure is everywhere, and the black mist around it is tumbling violently, making a terrifying roar. Needless to say, the power is amazing.

"Door Gate!"

Lu Ming snarled, the divine power was running wildly, and the door of the ruler appeared above his head.

The ancient door of domination, exuding the ancient atmosphere of the wild, hit the sword light.

At the same time, the ball again showed its power, and the infinite lightning condensed into a long gun, blasting towards the blue maple.

boom!

Jianguang bears the brunt of it, slashing above the Gate of Domination.

The Gate of Domination shook wildly, then burst into pieces.

This point, in Lu Ming's expectation, although the Gate of Domination is a source secret technique and powerful, Lu Mingxiu is too low after all, and the difference between Lan Feng and Lan Feng is too great, it can't stop Lan Feng's attack.

Then, the spear transformed by Thunder collided with Jianguang.

This time, it was first resisted by the Gate of Domination, and then hit by a long rifle converted by thunder and lightning. The power of Jianguang was cancelled a lot. The remaining force bombarded Lu Ming. Although Lu Ming struck out, but Lu Ming was not injured.

"Origin's secret technique, you actually realized it!"

Lan Feng recognized Lu Ming's original secret technique and shouted in shock.

Then, Lan Feng's eyes slammed, revealing a crazy killing opportunity, and shouted: "You ate Divine Power Source Pearl, damn, you ate Divine Power Source Pearl, the waste of violent celestial beings, how could Divine Power Source Pearl be wasted on you Kind of rubbish, ah, I want to kill you!"

Lan Feng called hysterical, his eyes were red, revealing jealousy.

In his view, Lu Ming's awakening of the original source secret technique is definitely not possible to awaken by himself, but to eat the divine source beads.

In his heart, such treasures as the source beads of divine power should have been used by him and eaten by Lu Ming, which was a violent disaster and wasted.

At this moment, his murderous chance against Lu Ming was extremely strong.

He almost vomited blood when he thought that the source of the magical energy that would make him awaken the original secret technique was gone.

"kill!"

"Kill, kill, kill!"

Lan Feng burst into roar, sword light soared into the sky, and a dreadful sword awn slashed toward the landing.

Lu Mingshi exhibited the nine-day Kunpeng technique, rushing forward, and while rushing out, he used his means to resist Lan Feng's attack.

However, Lu Ming's strength is very different from that of Lan Feng. Even with the ball, there are still many gaps. It is not an opponent at all, and he can't even escape.

Less than five minutes later, Lu Ming greeted Lan Feng's six sword lights. Even with the ball protector, Lu Ming was almost split in half. Two sword wounds appeared on his body, and the terrible destruction of the sword intentions continued. Drilling deep into his body made Lu Ming vomit blood and was hit hard.

"What should I do? If you go on like this, you will die in the other's hands sooner or later!"

Lu Ming's thoughts changed sharply, thinking about countermeasures.

"Boy, now I can only take a chance!"

In my mind, the voice of bone demon sounded.

"Bone Demon, what can you do?"

Lu Ming asked.

"Underground in this area is inhabited by horror. Only by taking risks to attract underground horror can we escape from danger!"

"With your breath, you can't attract these existences, so only if I exhale a breath can I attract each other!"

Bone Demon explained.

"Okay, then give it a go!"

Lu Ming gritted his teeth.

"Take care, wait for a change, and run away!"

Bone Demon reminded cautiously, then exhaled a breath.

Bone Demon is an old monster who doesn't know how many years have lived. When a ray of breath erupted, he was sensed by the existence of underground terror.

boom!

Deep underground, there was a breath of terrifying terror.

There was only a breath of air, but Lu Ming seemed to be pressed against countless mountains, almost kneeling down.

And Lan Feng, his face changed wildly.

"Damn, why was the underground presence alarmed? Run, run..."

Lan Feng was almost scared to death, and could no longer continue to chase Lu Ming, screamed, jumped a few tens of meters high, turned and fled back, disappeared without a blink of an eye.

No wonder Lan Feng is going to be scared to death.

The underground existence is too terrifying, at least it is the terrifying existence of the Divine Monarch Realm, if it appears, it can blow him to death in one breath, and it is strange to not run.

"Go, hurry up!"

At this moment, the bone demon also shouted, quickly converging his breath.

And Lu Ming, he stretched his speed to the extreme and ran forward.

Deep underground, there seemed to be a wave of spiritual awareness, sweeping across Lu Ming and Lan Feng.

Both of them's bodies are tense and sweating in cold sweat.

Fortunately, the spiritual knowledge seemed to ignore them directly. After sweeping around, they shrank back, and the terrifying breath underground also converged and disappeared.

call...

Lu Ming exhaled heavily. It was so terrifying just now that Lu Ming's heart was about to jump into his throat.

If that kind of existence really crawls out, Lu Ming will definitely die.

At this moment, he relaxed and suddenly felt a cold sweat.

"Finally got rid of that guy..."

Lu Ming whispered, and then exerted all his strength to run forward.

This area was shrouded by a large formation. Lu Ming didn't know how far he ran, but he was still in the large formation, and there was a dark fog around him, making it difficult to get out.

"Just wait!"

Lu Ming murmured, and then found a place to sit down and run "Qiankun Wandao Jue" to start healing.

Before he played against Lan Feng, the injury was still quite serious. If he was not healed in time, it would have a great impact on his foundation.
