

D Emperor 3181

Chapter 3181: Guan Gu Family

Lu Ming nodded, so it was normal.

But even this is scary enough.

The strong king of the gods, in the Qin Tianxing domain, that is a top master, but put here, but nothing is too much, too much, grab a lot.

Lu Ming felt a sense of urgency.

His current strength, put back in Qin Tianxing domain, is definitely a hegemonic character. The **** king of Qin Tianxing domain is fourfold, and Lu Ming has the confidence to kill.

However, in the Taixu Shengdu, he was nothing, and there were too many people who could kill him.

One can imagine how amazing the strength of the great forces of Taixu Shengdu are.

Wanting to reverse the case for Jing Yu, it is difficult, Lu Ming has a long way to go.

Following the Blue Merchant, they went round and round, and soon after, they came to a frontier.

This courtyard is relatively remote, but quite secluded.

"I bought it before when I was in Taixu Shengdu. Because of its remoteness and small size, all of it was not taken away later. Let's stay here during this time!"

Lan Shangdao, then opened the door and walked in.

The other courtyard is really not big, but the things are complete, there are more than ten rooms, enough for them.

Everyone found a room to live separately.

The next day!

"Lu Ming, today I will take you to find an old friend of mine!"

Blue Business Road.

"it is good!"

Lu Ming nodded.

"Lu Ming, in Taixu Shengdu, you are the identity of Jingyu descendants. You must not let others know, at least until you have enough strength, you must not let others know, otherwise it will lead to death for you. !"

Blue business warned.

"Yes, I know!"

Lu Ming nodded.

"Also, Wu Fan, the son of the Master of the Kingdom, is staring at Ling'er, so he can't treat you as my son-in-law outside, otherwise Wu Fan will probably trouble you..."

Lan Shang frowned and muttered.

Lu Ming was also anxious that the blue merchant should not regard him as his son-in-law.

"Well, in the future, you will be my disciple in front of outsiders. Anyway, if I accept a disciple and accept a disciple, others should not care too much!"

Blue Business Road.

The two walked out of the other courtyard and headed north, chatting while walking.

"My old friend is the big family of the Taixu Shengdu, the Guangu family, the big family of the Taixu Shengdu, but not the Jin family of Jiu Jue Tianwang Mansion, the Qin family is comparable, much stronger than them. !"

"When I was young, the patriarch of the Guangu family and I were born and died together, and had a life-long relationship. At the Guangu family, there is a kind of magical pill called Nietiandan, which works against the sky. There are 50% to 60% sure to break through to the Shenwang Realm, even if it is taken by people in the Shenwang Realm, there is a great possibility of breaking through and rebuilding it without any side effects!"

Blue Business Road.

"Let the half-step God King Realm have 50% or 60% certainty to break through the God King, this effect is really against the sky..."

Lu Ming was taken aback, very shocked.

Breaking through the King of God is extremely difficult.

Countless strong men trapped in the half-step **** king are difficult to break.

But Nirvana Dan, but also let people have a 50% or 60% certainty breakthrough, this is already very against the sky.

In addition, the characters of God King Realm have great confidence in breaking through a layer of cultivation. The key is that there are no side effects.

Lu Ming knew that a kind of magical pill, called Po Wang Dan, would also allow the people of the God King Realm to break through and cultivate their behavior. At first, these people, the Jin family and Qin family, took the broken Wang Dan to the immortal sword sect master of Qin Tianxing and other people. Take it, let them break through the fourfold of King of Gods.

However, breaking Wang Dan has great side effects. Once used, it will exhaust its potential in advance, and it will be difficult to break through afterwards.

However, Ninetan has no side effects, and the value is not known how many times higher.

"However, Ninetan can only be used once per person. It will have an effect when it is taken for the first time. It will have almost no effect when you take it for the second time. You have never used it. After taking it with your talent, you should be able to Have great confidence to break through the realm of God!"

Lan Shang explained another sentence.

Lu Ming sighed that Taixusheng is indeed the capital of Taixusheng, and even has this kind of magic medicine.

The two chatted while walking. On the way, Lan Shang and Lu Ming talked a lot about Taixu Shengdu, so that Lu Ming could better adapt to the life of Taixu Shengdu.

Soon after, they came to a teleportation area, and they embarked on a teleportation array.

Yes, it is a teleportation array.

The Taixu Saint is too big, larger than a life planet, the territory is too broad, and there are countless living creatures.

If everyone is flying in the air, it will be more messy, so there are many short-distance teleportation arrays in the Taixu Holy City, which can be sent back and forth in the Taixu Holy City. In this case, I want to go somewhere , It is very convenient.

Soon after, Lu Ming came to the northern area and came to a huge mansion.

The mansion is incomparable, occupying the ground actively and broadly.

This is the mansion of Guan Gu family.

The blue merchant spoke his words, and naturally someone went to spread the word.

"Hahaha, brother, I haven't seen you in years. What wind is blowing you!"

Soon after, a middle-aged man walked out and laughed.

This person is the head of the Guan Gu family, Guan Gujian.

"Brother Guan Gu, don't come unharmed!"

Lan Shang clenched his fists.

"Haha, I'm still the same, let's go in and have a drink!"

Guan Gujian Road.

In a yard, Lu Ming, Lan Shang, Guan Gujian, and a young man, all sitting at a table.

Drink while talking.

According to the chat, the young man was Guan Gujian's son, Guan Gulang.

"Who is this..."

Guan Gujian looked at Lu Ming, showing curiosity.

"Brother Guan Gu, this is my new disciple named Lu Ming!"

Blue Merchant introduced.

"Lu Ming has seen Senior Guan Gu!" Lu Ming saluted with fists clenched.

"Uncle Lan, is this your new disciple?"

Guan Gulang looked at Lu Ming curiously, and there was a hint of contempt in his eyes, saying: "Uncle Lan, your cultivation was abandoned, but I didn't expect my eyesight to be worse, and the methods of teaching disciples were not good enough. Wang Wei's cultivation base, hehe..."

In the speech, the color of contempt is very obvious. At this point, Guan Gulang's voice changed again, saying: "I said Uncle Lan, you haven't come to my dad for so many years, this time suddenly come, it won't be a problem Ask my dad for help?"

Lan Shang picked up his hand and stiffened.

Being so contemptuous by a junior, he felt strange in his heart.

A cold light flashed in Lu Ming's eyes, and Guan Gulang was so beaten up that he was ridiculed at the beginning.

"Lang Er, what nonsense are you talking about? How can you talk to Uncle Lan like this?"

Guan Gujian scowled.

However, the voice was not loud, and anyone could hear it. Guan Gujian didn't feel angry at all, but just sneered.

"Dad, baby is wrong!"

Guan Gulang pretended to be wrong, but the contempt on his face was even stronger.

Chapter 3182: Bone Sword

"Brother, the young man is straightforward, don't you mind!"

Guan Gujian looked at the blue business and smiled.

He said that Guan Gulang was "spoken and straight-hearted". Obviously, he only said that Guan Gulang spoke straight, and did not say he was wrong.

Lan Shang smiled bitterly in his heart and said: "Brother Guan Gu, the nephew said very well. Come today, I really have something to ask for!"

"Brother, but say nothing!"

Guan Gujian said unchanged.

"Brother Guan Gu, Lanmou wants to borrow a Nirvana!"

The blue merchant came to the point and said his intention.

"What? Do you want to borrow Nirvana?"

Before Guan Gujian spoke, Guan Gulang exaggerated and cried.

"You came to my dad, and I didn't feel good about it. I wanted to borrow Nirvana. Do you know how much it would cost to make a Nirvana, all kinds of precious and rare magic medicines, plus nine more The alchemy master, it took ninety-nine thousand years to refine one. Can you afford such a precious Ninetian Pill?"

"You borrow Nirvana Dan to eat this kid, IMHO, this kid is still only a half-step **** king, even if he breaks through the **** king, it is also a waste, and will not be fancy by Taixu Royal Sanctuary. , You still die of this heart!"

Guan Gujian shouted louder and louder, and in the end, his face was contemptuous.

Lu Ming and Lan Shang frowned.

"Lang Er, you're enough, say a few words!"

Guan Gujian yelled again.

Guan Gulang smiled coldly, not talking.

"Brother, the dog is really straightforward, but he has a good saying, Ninetian refining is not easy, and my Guan Gu family is really not much, plus the previous convening of the Royal Sanctuary to prepare for the Taixu, almost all Take it out and use it, it's really gone now!"

Guan Gujian laughed bitterly.

"No more?"

Lan Shang frowned more.

"Yes, it's gone, so if the basketball brothers are really in trouble, Shenjing will just open up and take a few tens of thousands of top-grade Shenjing or something, I can still take it out."

Guan Gujian smiled faintly.

"Brother Guan Gu..."

Lan Shang wanted to say more...

"Teacher, let's go!"

At this moment, Lu Ming got up directly and turned back.

The other party obviously didn't want to give them Ninetian, what other tens of thousands of high-quality **** crystals, this is to send a call to Hanako?

Rather than continue to be humiliated by the other party, it is better to leave.

Lan Shang sighed in his heart, gave Guan Gujian a random fist, and then walked away.

"Oh, tens of thousands of top-grade Shenjing are not needed, a waste, and arrogance!"

"There is also the Blue Merchant, a man whose star nucleus has been abolished. Should he still be the Blue Merchant of that year? It will be Nitian Tiandan to open his mouth and take photos of himself without pissing!"

Guan Gulang sneered.

Guan Gujian also smiled casually, and did not scold Guan Gujian, but said: "Lang Er, don't care about the trivial things like idle people. Your current goal is to practice well and strive to join the Taixu Royal Sanctuary. Do you understand? "

"Dad, don't worry, I'm 100% sure of joining Taixu Royal Sanctuary!"

Guan Gulang looked confident.

...

Lu Ming and Lan Merchant walked side by side and returned to their place of residence.

"Hey, this world is so realistic!"

On the way, Lan Shang sighed.

I thought that his cultivation practice had not been abolished, and it was at its peak. How many people stomped him, and Guan Gujian's relationship with him was not good.

But now, he just asks for Ninetian, but is ridiculed and sneered by the other party, and does not give face at all.

"Uncle Lan does not need to care, anyway, there are more than fifty years, I may not be able to break into the realm of God King!"

Lu Ming comforted.

"It's okay. I've gotten used to it for so many years. Besides, there are more than one of my friends in Santo!"

Lan Shang smiled.

Soon after, they returned to their place of residence.

The next day, Lan Shang went out again. Obviously, he went to another friend for help, but this time, he did not bring Lu Ming.

But it didn't take long for the blue merchant to return, with a dull look.

Needless to say, there was no success.

For the next ten days in a row, Lanshang would go out every day, but every time he went out with hope, he came back with disappointment.

In a hurry, they came to Taixu Shengdu for a month.

This month, Lu Mingan's cultivation.

The cultivation environment of the Taixu Holy Capital is indeed extraordinary. The place where they live is already remote, but the cultivation effect is not worse than the starry sky camp.

On this day, the blue merchant found Lu Ming with joy.

"Lu Ming, the opportunity is coming!"

Lan Shang said.

"Uncle Lan, what good things make you so happy?"

Lu Ming said with a smile.

"Lu Ming, you have the opportunity to go to the Holy Sword Jade Bi Cultivation!"

Blue Business Road.

"Holy Heaven Jade Bi of Bone Sword Clan?"

Lu Ming wondered.

"Yes, the Saint Jade Bi of the Bone Sword Clan is an extremely famous treasure of the Taixu Saint, and it has a great help in understanding the source divine factors of various divine powers, and can even help people awaken the source secret technique!"

"It was not long ago that the Bone Sword Clan released the news and summoned the characters below the triple level of the **** king to help them do one thing, as long as they are completed, they can practice under the Holy Jade Bi!"

Lan Shang explained.

"What do you do for them?"

Lu Ming asked, and at the same time he had some expectations in his heart.

Lu Ming is very interested in being able to greatly help the cultivation of the original divine power factor.

He now has five divine powers and his awakening level has reached 99%. If it is a step-by-step practice, it takes a long time to break through, but if it is an opportunity, it may break through in a short time.

"Help the bone sword clan to enter a place and take a material called 'sword bone'..."

Immediately, the blue business explained it in more detail.

The Bone Sword Clan, in the long past, was an extremely powerful race. At its most glorious time, it was even included in the Honghuang Wanzu list, and its strength was stronger than the Taixu Holy Dynasty.

But now it has fallen, and its strength is not as much as it was in its peak period. It has become a race in the Taixu Holy Pilgrimage.

However, the thin dead camel is bigger than the horse, and the bone sword family is still deep.

Shengtian Jade Bi is one of the foundations of the Bone Sword Clan. Cultivating under the Shengtian Jade Bi greatly helps the original divine power factor.

However, the Bone Sword Clan has a secret realm, which contains the precious material "Sword Bone", which is of great help to the Bone Sword Clan. However, this mysterious realm has great restrictions, and no one above the triple king of the gods can enter.

Even the Bone Sword Clan itself cannot enter.

So every once in a while, the Bone Sword Clan will invite many other **** kings below triple to enter that secret realm, help them collect the sword bone, and will give corresponding rewards.

The remuneration is various and very precious, but the remuneration never given is to enter the holy days of jade bi cultivation.

So this time when the news came out, it attracted many young Tianjiao to go.

Chapter 3183: Qiuyue shot

After Lan Shang explained, Lu Ming understood.

It is nothing more than someone helping the bone sword clan to obtain the sword bone, and then exchange the sword bone for the opportunity to practice under the Holy Jade Bi.

"This time, I plan to let you, Ling'er, and Qiuyue girl go together. This is a good opportunity for you!"

Blue Business Road.

"it is good!"

Lu Ming nodded.

The next day, the blue merchant belt landed, and Qiuyue, Lan Ling went towards the bone sword clan together.

The Bone Sword Clan is a powerful force in the Taixu Holy Capital. It has deep heritage and magnificent architecture. It is also far above the Guan Gu Family. Similarly, its strength is far above the Guan Gu Family.

In front of it, buildings like a sword are standing between the heavens and the earth. Looking from a distance, I feel that there is a tremendous amount of swords rising from the sky.

Although the Bone Sword Clan does not have the glory of the year, it is not comparable to the general forces of the Taixu Shengdu. He is still the top ranking force of the Taixu Shengdu.

"People who participate in the hunting of sword bones can enter, others cannot enter!"

In front of a huge gate, Lu Ming and others were stopped.

"We participated in hunting the sword bone!"

Lu Ming stepped forward.

"Go in!"

The man guarding the gate waved his hand, Lu Ming, Qiuyue and Lan Ling walked in, and Lan Shang was waiting outside.

Behind the gate, there is a very long corridor. Through the corridor, we came to a wide performance hall.

There are already many people gathered here.

Not necessarily all young people, there are many elderly and middle-aged people.

The Bone Sword family rules only allow the God King to enter under the triple, and there is no age limit.

Lu Ming and Qiu Yue, and Lan Ling, waited aside.

"Oh, isn't this the waste that went to my house for medicine?"

At this moment, a discordant voice sounded.

Then, several young men approached Landing and they came.

"Guan Gulang!"

Lu Ming's eyes flashed.

One of the few youths is Guan Gulang.

"Brother Guan Gu, this guy is the disciple who you said is a waste of the blue business collection. A prince who hasn't even entered the gods and wants to go to the Guan Gu family to ask for Ninetian Dan's waste?"

On the edge, another young man sneered.

"what did you say?"

Hearing this remark, the blue spirit on the side couldn't hear it anymore, exasperated.

"Oh, am I wrong?"

Guan Gulang pursed his lips, sneered at Lan Ling with a playful look, and sneered at Lu Ming again:
"Why? I didn't ask for Ninetian at Guan Gu's house, and wanted the bone sword clan whimsically, If you want to practice under the Heavenly Jade Bi, hahaha, with your cultivation practice in the half-step **** realm, I promise, you don't know how to die!"

The movement here has attracted the attention of others, and many people have looked at it.

"A half-step **** king has come to join in the excitement? It's a ghost!"

"Although the bone sword clan said that the king of the triple or below can be entered, but it is not a joke, but there is danger. A half-step **** king enters, is it not to find death?"

"Others are not afraid of death, what do we do so much?"

Many people talked about it.

"roll!"

Lu Ming's face was calm and he spit out a word from his mouth.

Guan Gulang's face narrowed and gloomed, saying, "Boy, what are you saying?"

"Go away, how far away!"

Lu Ming waved his hand at random, as if driving an ant.

"Boy, you are dead!"

Guan Gulang drank coldly and his eyes were cold.

boom!

A strong breath erupted from him, which was the double breath of the **** king.

At the same time, there is also an ancient atmosphere of flooding.

The **** king is doubled, awakening once the source divine factor.

"Boy, today I will abolish your star nucleus, so that you are like the abominable man of Lanshang, and survive alive!

Guan Gulang drinks coldly.

"Shut up!"

Lan Ling was furious and his long sword came out of its sheath, turning into a dazzling sword light and slashing towards Guan Gulang.

"court death!"

Guan Gulang took out a war sword, which was long and thin and extremely ugly.

However, the power was extraordinary, Guan Gulang cut it out with a knife, and the sword light was cut on the blue spirit's sword light. The blue spirit's sword light shook violently, and then exploded. Spit blood.

After years of practice, Lan Ling's cultivation practice reached the peak of the **** king, but her divine power factor was only an awakening, and she differed from Guan Gulang by a heavy cultivation practice. She was not Guan Gulang's opponent at all.

"Boy, it's your turn now!"

After Guan Gulang repelled the Blue Spirit, his eyes turned to Lu Ming again, and the cold light flashed.

"Master, let me come..."

Lu Ming was about to take the shot and abuse this Guan Gulang meal, Qiuyue stepped out and landed in front of Lu Ming.

"Master, let me come this time!"

Qiuyue added another sentence, his eyes firm.

"it is good!"

Lu Ming nodded.

"Master?"

Hearing Qiuyue's beauty called Master Lu Ming, Guan Gulang's envious eyes turned red.

"Little girl, what good is it for you to follow this waste, come and follow Master Ben, Master Ben promises to make you happy..."

Guan Gulang smiled cheaply.

Uh!

He was greeted by a white sword light, Qiuyue shot directly, waved a knife awn, and cut it against Guan Gulang's mouth.

Guan Gulang was slightly surprised, and quickly waved his sword to stop.

when!

The two knives collided together, but the result was that Guan Gulang's body was violently violent, retreating back suddenly, almost unable to hold the war knife in his hand.

"Divine King Double!"

Lu Ming's mouth slightly raised, smiling.

Qiuyue's cultivation practice has reached the second level of God King, and is at the same level as Guan Gulang.

However, Qiuyue has practiced "Qiankun Wandao Jue" to control a variety of divine powers.

At the same time, Qiuyue also has the means of exterminating the light of extinction of the gods. The strength of the battle is not comparable to Guan Gulang.

Uh!

One stroke repelled Guan Gulang, Qiuyue's figure followed, and waved to continue the attack.

"Quick, let's go together and abolish this bitch!"

Guan Gulang shouted.

boom! boom! ...

On the edge of Guan Gulang, several other youths all shot together.

The strength of these young people is also extremely strong, obviously all are the arrogance of the sacred capital.

A total of four people joined together to kill Qiuyue.

"The light of extermination!"

Qiuyue's heart moved, and a light of extermination emerged, turning into a scimitar, sweeping all directions.

Boom Boom Boom...

Four consecutive roars. Four young people, including Guan Gulang, flew out like shells, coughed up blood, and fell heavily on the ground.

"So strong!"

"Such a beautiful woman, cultivated so strong, where did it come out!"

"The Taixu Royal Sanctuary is approaching, and Tianjiao from all over the world is coming together one after another. Today, the Taixu Shengsheng Tianjiao is skyrocketing.

"Yes, I have seen several Tianjiao's Tianjiao coming!"

On the edge, other people looked at Qiuyue, shocked.

Chapter 3184: The world in the mirror

Guan Gulang, there are three other youths, all of whom are in the double role of God King, and awakened the original divine factor.

This kind of strength is placed in the entire Taixu dynasty. Although it cannot be said to be top, it is definitely ranked first.

But the four people joined forces and were crushed by Qiuyue. It is conceivable how amazing Qiuyue's strength is.

bump!

Qiuyue followed up and stepped on Guan Gulang's mouth.

Guan Gulang screamed, his mouth was stomped on, his mouth was spattered with blood, and his teeth flew out.

Guan Gulang's face was completely deformed.

"Well, you dare to scold the young master!"

Qiuyue snorted coldly, and then moved back to Lu Ming.

"Amazing!"

Lu Ming exclaimed.

"Ah, Lu Ming, will your kid only hide behind a woman? Without this woman, I can crush you with one finger, ah..."

Guan Gulang struggled to get up and yelled madly, but because his teeth were beaten, he hadn't grown out for a while, and when he spoke, his mouth was full of air.

"Oh, is it? Do you want to play against me?"

There was a sneer in Lu Ming's mouth, and he was just about to step out. At this time, he suddenly felt a few cold killers falling on him.

Ok?

Lu Ming frowned, looking in the direction of the killing.

There were a few young people, dressed in black robes, pale and pale, and staring coldly at the land.

"It's him, the man of the Nine Nether Heavenly King Mansion!"

Lu Ming moved.

Lu Ming also knew one of these young men in black robe.

At the beginning, in the ancient city of Xingyue, Lu Ming encountered the three arrogances of the Nine Nether Heavenly King's Mansion. Two of them were killed by Lu Ming. Only one person did not die.

The young man in front of him was the one he met in Xingyue Ancient City.

"What a coincidence!"

Lu Ming whispered.

If the other party does not know the life and death, he does not mind sending the other party.

"Okay, the number is almost the same, and you can go now!"

Just then, a group of people came over and spoke loudly, and the voice spread throughout the audience.

This pedestrian is naturally a person of the bone sword clan.

"Is this the bone sword family?"

Lu Ming looked at it and showed surprise.

The bone-sword clan's appearance is strange, similar to that of the human clan, but each one is as thin as a wood and looks like a skeleton.

Behind them, there was a sword hilt.

Yes, it was the hilt, which came out of their spine.

It is said that the bone sword family's spine, born with a bone sword, is extremely powerful and terrifying.

The stronger the cultivation base is, the stronger the bone sword will be.

But this time the "sword bone" collected in a secret realm is of great help to the cultivation of the bone sword clan. Otherwise, the bone sword clan will not come up with such attractive conditions to ask for help.

The Bone Sword clan appeared, and the youth of the Nine Nether Heavenly King's Mansion took away the murderous opportunity.

Other people's minds are also attracted by the bone sword clan.

"Humph!"

Guan Gulang sneered, the murders in his eyes flashed continuously, and he conceived a vicious plan in his heart.

"Huh, Lu Ming, don't let me find an opportunity, otherwise you will see how you die!"

Guan Gulang gritted his teeth.

"Everyone, I believe the specific situation, you all understand. This time, you entered a mysterious realm, where there are many wild beasts. These wild beasts have a sword bone on their spine. Your goal is that kind of sword bone. !"

"That kind of sword bone is divided into three colors of black, silver and gold. The color is different and the quality is different!"

"Black is the worst, gold is the best, and the sword bone is calculated by weight. A pound of golden sword bone is equal to ten pounds of silver sword bone, and a hundred pounds of black sword bone!"

"Only one thousand kilograms of black sword bones can be practiced for one day under Shengtian jade. Two thousand kilograms of black sword bones is two days, and so on!"

Bone swordsmen explained.

Everyone nodded. They knew this before.

"Once again, the wild beasts in the mysterious realm are very dangerous and powerful. If you die after the battle, my bone sword clan will not be responsible. What you want to quit now, you can quit now!"

The strong of the bone sword clan continued.

Of course, no one quit.

When they came, they knew that it was dangerous to hunt down wild beasts to obtain sword bones. When they came, they were already mentally prepared.

"Okay, since no one quits, you can sign your name on the life and death, you can enter the secret realm!"

The humanity of the Bone Sword clan, then came up with a huge life and death appearance.

Every time someone comes, there are a lot of arrogant figures, and many people have a big head.

Obviously, the people of the bone sword family are afraid that if these arrogances fall, the forces behind the opponent will find the bone sword family trouble.

Signing the sign of life and death is voluntary, and those forces cannot be said.

Everyone lined up, signed the signs of life and death one by one, and then left here under the leadership of the bone sword clan strongman.

Soon after, they came to a wide platform with a mirror suspended in the air in front of the platform.

There is a stone bridge that extends from the platform to the mirror.

"Is that secret realm in the mirror?"

Lu Ming moved.

Sure enough, the people of the bone sword clan said, "The secret realm is inside this mirror. This mirror is an ancient treasure passed down by the bone sword clan. The mirror is a world in itself, but my bone sword The clan can't go in. You go in. The time is one year. Within one year, you can come out at any time!"

After all, some old men and some middle-aged men have already stepped out and walked along the stone bridge towards the mirror.

The Bone Sword Clan opens the world of mirrors every once in a while, inviting people to hunt the sword bones inside. Some people are not the first time to come and are familiar with the road.

The closer these people get to the mirror, the smaller and smaller their bodies. As they approach the mirror, their bodies become as large as dust and then disappear into the mirror and disappear.

The others followed and walked towards the mirror.

"Let's go too!"

Lu Mingdao and Qiuyue Lanling walked towards the mirror along the stone bridge.

Strangely, the more they walked toward the mirror, the bigger and bigger the mirror felt. In the end, the mirror seemed to cover the sky.

Buzz...

As soon as their bodies touched the mirror, they seemed to pass through a layer of water waves. At the next moment, Lu Ming appeared on a ladder.

Behind them is also a mirror.

They have entered the world in the mirror.

Looking up, there is a vast world in front of me.

Roar!

In the distance, a roar came.

"It's the sword bone beast!"

"Rush!"

Many people rose into the air and flew towards the distance.

"go!"

Anyone who came here through the mirror rose into the air and flew in all directions to hunt the sword bone beast.

Lu Ming saw Guan Gulang glance at him coldly and flew away with several of his companions.

Chapter 3185: Hunting Swordbone

Lu Ming smiled faintly, and then he and Qiuyue, Lan Ling, randomly chose a direction and flew forward.

Soon, they flew out and looked tens of thousands of miles away.

Roar! Roar!

boom! boom!

In the course of Lu Ming's flight, he saw a huge behemoth and was fighting some masters.

These huge giant beasts, with a height of 100 meters, are as crazy as madness. This beast is a sword bone beast.

These sword bone beasts' cultivation is not high. They flew all the way and found the most sword bone beasts.

However, these sword bone beasts were all stared at.

There are too many people coming in, it is simply a wolf with less meat.

The three were helpless and could only fly further away.

It flew tens of thousands more miles.

"Look, sword bone beast!"

Qiuyue pointed forward.

On a mountain in front, a few sword bone beasts are arching the mountain, where to eat metal.

"Quick, get started!"

Lu Ming cried.

Hurry and hurry up, or the sword bone beast will be taken away again.

The three turned into three rainbow lights and flew towards the swordbone.

Roar roar...

The sword bone beasts found Lu Ming and roared to the landing to attack them.

These sword bone beasts actually flew out pieces of bone, slashing to Lu Ming like a flying sword.

However, the cultivation of these sword-bone beasts is only the king of God. Not to mention Lu Ming and Qiuyue, even the blue spirit can easily kill these sword-bone beasts.

bump! bump! bump!

The attacks of Lu Ming and others fell on the sword-bone beasts.

Three sword bone beasts were killed instantly.

The three Lu Ming fell on the edge of the sword bone beast and began to look for the sword bone.

The structure of the sword bone is very strange. It is not a flesh and blood life. It is composed of rocks and metals.

In the end, the three found a black bone the size of a finger at the swordbone's spine. The bone was shaped like a sword, and there was an invisible pressure from the sword.

They know that this is the sword bone needed by the bone sword clan.

Lu Ming stepped forward and took this sword bone down.

"Only about ten pounds!"

Lu Ming took it in his hands, and his mind was quite speechless.

The sword bone of a sword bone beast is only about ten pounds. Is it necessary to hunt one hundred such sword bone beasts in order to practice under the heaven jade bi for a day.

It seems that it is not so easy to practice under the Holy Jade Bi.

Afterwards, Qiuyue and Lan Ling took off their sword bones one after another.

"Go, continue hunting!"

Immediately, the three rose into the air and continued to hunt.

However, there were too many people at the beginning of this distance. Lu Ming saw them many times because they were fighting for the sword bone beast.

"There are a lot of skeletal beasts in this world, there is no need to compete here, let's dive in for a while!"

Lu Ming proposed.

The three did not stop, spreading their speed and flying towards the depths of the world.

As they deepened, the crowd continued to spread out, and finally there were not so many people.

"There is again in front!"

Qiuyue cried in surprise.

In front, there are at least five or six sword bone beasts, three people fly forward and kill them.

Then continue to search.

With fewer people, it is easier to find the sword bone beast. Next, they can find the sword bone beast from time to time.

This kind of sword bone beast will not only be on the ground, but also hide under the ground.

Their bodies are like a mixture of rock and metal. For example, when they sleep, they hide in the ground and sleep. Sometimes they are out of control and they will hide in the ground, which is a hassle.

They need to be careful to find the sword bone beast.

In this way, after more than a day, each of Lu Ming and the three of them got a black sword bone of about 500 catties, and they could practice under the Holy Jade Bi for half a day.

Roar!

The three were searching for the sword bone beast in a barren mountain, and suddenly shouted, the ground gravel burst, and a claw grabbed towards the blue spirit, which was very powerful.

Lan Ling was shocked and quickly waved his sword to resist.

when!

The claws bombarded the blue spirit's war sword. With Lan Ling's cultivation practice, they couldn't resist it. His body was furious, and he was flew out.

Then, a sword bone beast rushed out of the ground.

This sword bone beast is not the same as what they encountered before, and it is much smaller in size.

The previous sword bone beasts are about one hundred meters tall, and the one in front of him is only twenty meters tall.

"God king triple!"

Lu Ming's eyes flashed.

He sensed that the cultivation behavior of this sword-bone beast was the Triple King of Gods. It is no wonder that the cultivation of the Blue Spirit could not resist, and was flew out with a stroke.

Divine King Realm, the cultivation level is higher, the strength will be improved a lot.

It can't be crossed by some simple secret techniques.

Blue Spirit's talent is very high, the power of divine magic is also very strong, and awakened the original divine power factor. Even so, she can suppress or kill an ordinary **** king double at most, but face the **** king triple, It will definitely lose.

Roar!

The sword bone beast roared, and was going to fight against the blue spirit.

Lu Ming stepped out and stopped in front of the sword bone beast. With a punch, a nine-clawed dragon condensed out, rushed towards the sword bone beast, and collided with the sword bone beast's claws.

With a dull explosion, the sword-bone body retreated continuously.

"kill!"

Lu Ming drank low, his fists blasted out in succession, a total of 36 nine-clawed dragons came out, and rushed towards the sword bone beast.

After a series of explosions, the sword-bone beast was already scarred, lying on the ground without breath.

With Lu Ming's current strength, it is not difficult to kill the existence of an ordinary **** king triple, and it is not necessary to cast the original secret technique.

Of course, on the day of Taixu Royal Sanctuary, the opponent he is going to meet cannot be an ordinary **** king, and all are top-notch Tianjiao.

"Well, who wants you to save, I can handle it myself!"

Lan Ling flew over and said stubbornly.

"Let's wipe away the blood stains on your mouth!"

Lu Ming smiled.

Lan Ling snorted again and stopped talking.

Lu Ming stepped forward to take off the sword bone of the sword bone beast.

"silver!"

Lu Ming was happy.

The sword bone of this sword bone beast is silver, and it is not light, and weighs thirty pounds.

Thirty pounds of silver sword bone can be equal to three hundred pounds of black sword bone.

Lu Ming put it away in a polite way. He would not discuss with Lan Ling to divide evenly. He wanted to share evenly and Qiuyue.

Next, they acted a little more carefully.

Since there is a triple sword bone beast of the **** king, there will be a second, a third...

Sure enough, from this area, the level of the sword bone beast has improved a lot.

Not only is the king of the king, the king of the king is double, the king of the king is also occasionally appearing, their collection speed has been improved a lot.

In a flash, they have been here for a month.

On this day, they were flying to find the sword bone beast, and suddenly stopped.

Because, the young people in the front blocked their way.

He is from the Nine Nether Heavenly King Mansion.

Chapter 3186: Guan Gulang

A total of three young people, all in black robe, with a gloomy face, are the three young people in the palace of the Nine Nether Heavens.

The young man in the middle of the black robe has narrow and long eyes, staring at the land like a venomous snake, and the killing on his body makes no secret.

"What do you want to do?"

Lan Ling said coldly.

She did not know the grievances of Lu Ming and Jiu You Heavenly King Mansion.

"What? Naturally kill you!"

The voice of the young man in the middle of the black robe was very cold, and the voice fell, and an amazing breath radiated from his body, covering Lu Ming, Qiu Yue, and Lan Ling with all three of them.

"God king triple!"

Lan Ling exclaimed, his face slightly pale.

This young man has the triple cultivation of the **** king, and he is also awakened by the arrogance of the original divine factor.

However, this did not surprise Lu Ming.

The other party had seen Qiuyue shot, crushed Guan Gulang and others, and dared to stand in front of them so confidently to kill them, there must be enough confidence.

The other two arrogances of the Nine Nether Heavenly King's Mansion will be much worse.

The young man who had met in the ancient city of Xingyue has now broken through to the realm of the **** king and is the king of the god.

The other one is the God King, which is equivalent to Guan Gulang. They are awakening the existence of the original divine power factor. I believe that even in the Jiuyou Heavenly King Mansion, it is the top arrogance.

"Master, leave it to me!"

At this time, Qiuyue opened his mouth and stepped out in one step. A strong breath broke out on his body. It was extremely sharp and broke the opponent's breath in one fell swoop.

In her eyes, there was an expression eager to try.

Lu Ming smiled, this girl was addicted.

Also, since Qiuyue inherited the inheritance of the **** Tiantian, he has been sullenly practicing, and has not had a good actual combat. After the abuse of Guan Gulang before, she has a high interest in doing it.

"Go!"

Lu Ming smiled and said.

"You leave her alone?"

Lan Ling was shocked.

"Naturally, a few cats and dogs need us to shoot together. Is that okay?"

Lu Ming pouted, scorning his face.

These words almost killed the three youths of the Nine Nether Heavenly King's Mansion.

"Three of you, die together!"

The middle of the Nine Nether Heavenly King's Mansion Tianjiao roared, waved his hand, and a few ghost claws formed, towards Qiuyue, Lu Ming, and Lan Ling, three people grabbed it.

"Your opponent, it's me!"

Qiuyue drank, her jade hand waved, three blades of light chopped out, splitting three ghost claws in half.

Then stepped out in one step, like a lightning, waved his hands, and knives lighted vertically and horizontally, enveloping the three youths of the Nine Nether Heavenly King Mansion.

"Kill this bitch!"

The strongest Jiuyou Heavenly King Mansion shouted at Tianjiao, and his figure kept blinking. He suddenly avoided Qiuyue's sword and rushed towards Qiuyue.

But Qiuyue's face was calm, her body was shrouded in divine power, and she was as smart as a peerless goddess.

In the flick of a finger, spurs burst forth from the ground, covering the other side from the ground, making the other side retreat irrevocably.

bump!

The celestial body of Jiuyou Tianwang Mansion was shocked and retreated.

As for the other two arrogances of the Nine Nether Heavenly King's Mansion, they tried their best to avoid Qiuyue's attack.

"Go to death, ghost fog kills!"

The heavenly arrogance of Jiuyou Tianwang Mansion led his body, and his body burst into a ghost mist.

At the same time, the other two Jiuyou Tianwang Mansion Tianjiao did the same, their bodies exploded and turned into ghost mist.

The three groups of ghost fog quickly became larger, and soon they covered all the places in a thousand miles, and Qiuyue was instantly enveloped in the ghost fog.

"We retreat!"

Lu Ming pulled the blue spirit, retreated quickly, and left the area shrouded in ghosts.

"You can rest assured her!"

Blue Spirit Road.

Although she had seen Qiuyue's shot before, she suppressed Guan Gulang strongly, and her high strength made her envious and jealous.

However, the young man headed by the Nine Nether Heavenly King's Mansion, but God King Mie, awakened the existence of the original divine power factor, which was a lot higher than Guan Gulang's cultivation behavior. I am afraid that one move could suppress Guan Gulang.

Qiuyue is the opponent?

"There is nothing to worry about!"

Lu Ming smiled faintly.

It is also the top-level Tianjiao, but also in the realm of God King, it is indeed difficult to achieve leapfrogging.

But others cannot, Qiuyue can.

Qiuyue practiced "Qiankun Wandao Jue" to control the light of extinction, and even awakened the original secret technique. The combination of these means, even if the other party is a top-level Tianjiao, fighting across levels, there is no problem at all.

boom! boom! ...

In the haze, the roaring continued, and from time to time a burst of divine light could be seen, the war was very fierce.

Lu Ming and Lan Ling stood in the distance and watched from afar.

Suddenly, Lu Ming turned his head, looked back, and said lightly: "What are you doing sneaky hiding there? Come out!"

Lan Ling was shocked and quickly looked back.

"Hahaha, Lingjue is quite sharp!"

A loud laugh came out, and then four young men flew over.

There was a strange smile on Lu Ming's mouth, without him, these four young people were really Guan Gulang.

In fact, before the battle between Qiuyue and the Nine Nine Heavenly King Mansion, Guan Gulang and the four people were not far away. They hid in the shadows to watch from afar. When Qiuyue and the Nine Nine Heavenly King Mansion fought together, Guan Gu Lang was excited and was discovered by Lu Ming.

"Lu Ming, I didn't expect you to do anything wrong. There were quite a lot of offenders. They actually offended the people of Jiu You Tian Wang Mansion. Now that woman is trapped by the people of Jiu You Tian Wang Mansion. See who can help you?"

Guan Gulang laughed, unscrupulous.

What he was afraid of was only Qiuyue. Now Qiuyue was blocked by others. He killed Lu Ming, the half-step **** king, with ease.

Uh, uh...

At this time, the sound of breaking the sky came from a distance.

Someone came again. There were more than a dozen figures, not far away, old and young, but they did not come close, but stood and watched not far away.

Obviously, he was attracted by the battle between Qiuyue and the Nine Nine Heavens Mansion.

"Unfortunately~"

Seeing so many people coming, Lu Ming sighed slightly.

He originally wanted to kill Guan Gulang here.

But now that so many people are here, he is not good at killing Guan Gulang.

After all, he is now too much a holy capital, and he has just arrived first and has no foundation.

The Blue Merchant, no longer the Blue Merchant of the year, had little influence.

The Guan Gu family, after all, is the big family of the Taixu Shengdu, and its strength is stronger than the Jin family and Qin family of Jiu Jue Tian Wang Mansion.

If he killed Guan Gulang, Guan Gujian went crazy to kill him, and no one helped him.

Only when he joined the Taixu Royal Sanctuary, and even entered the top ten, and obtained the qualification of the Kaifu Li clan, then it would be considered a firm foothold. At that time, he would kill Guan Gulang without any worries.

But now, he has to be scrupulous.

"You can only abuse him!"

Lu Ming muttered.

"Boy, it's useless to talk to yourself, I will abolish your star core, so that you are like the scumbag of the Lanshang, and you can breathe!"

Guan Gulang shouted.

Chapter 3187: Really eaten

"you shut up..."

Lan Lingqi shivered straight, screamed, and rushed to fight Guan Gulang desperately.

However, a firm and powerful hand was pressed on Lan Ling's shoulder, and an indifferent voice rang in her ears: "Let me come!"

Later, Lu Ming stepped forward and walked towards Guan Gulang.

At this moment, Lu Ming's image in Lan Ling's eyes unconsciously became taller.

"Bah, what am I thinking? How could this frivolous and shameless guy become tall..."

Lan Ling shook her head quickly, throwing out what she thought was unrealistic.

Looking at Landing Ming, Sao Bao came towards himself, and Guan Gulang was furious and shouted: "The garbage of a half-step king is still pretending to force me to kneel and eat dirt..."

Guan Gulang slaps to the landing fan, as fast as lightning.

Snapped!

A crisp slap sounded, and then the figure backed away again and again.

This retreating person is naturally Guan Gulang.

Although he shot first, Lu Ming came first and slapped him on the face.

This slap was so heavy that Guan Gulang's mouth spouted blood, and his mouth full of teeth flew out.

Ahhhh...

Guan Gulang let out a pig-like roar, and his lungs exploded.

Before he was beaten by Qiuyue, his mouth full of teeth finally grew out, and now he was beaten again.

He was so angry that he was full of heart.

boom!

Guan Gulang burst out of the whole body's magic power, his eyes were red and stared at the land, and shouted: "Boy, I want to unload you eight!"

A slender sword appeared in his hand, and he slashed towards the landing.

He is still full of confidence and believes that Lu Ming can be cut under the sword.

Just now, he was too careless. He thought Lu Ming was only a half-step **** king, so there was no alert at all, and he was slapped by Lu Ming.

He didn't believe in killing him. With his strength, he couldn't even beat a half-step **** king.

Daoguang broke through the air and sent out a horrible roar, killing the landing.

"Shenlong Faxiang!"

Lu Ming whispered, waving his hands, and a series of nine-clawed dragons emerged, rushing towards Guan Gulang.

With so many nine-clawed dragons, Guan Gulang drowned at once.

Boom!

A continuous explosion sounded, and when all the nine-clawed dragons disappeared, Guan Gulang was lying on the ground like a dead dog, twitching.

The magic formula of the dragon, the more the magic phase of the dragon, the stronger the power.

Now, thirty-six nine-claw divine dragons can be condensed at once, and their power is amazing, which is not much weaker than Lu Ming's use of the door of domination.

If you can condense hundreds of nine-clawed dragons in the future, I am afraid that its power will exceed the gate of the master.

Of course, when Lu Ming's awakening to the original divine power factor of the dominating divine power increases, the power of the dominating gate will also skyrocket.

what?

The three Tianjiao with Guan Gulang, as well as the people watching from a distance, were stunned.

This scene exceeded everyone's expectations.

In their expectations, it was Lu Ming who was beaten into a pig's head, but as a result, Guan Gulang was beaten into a dead dog.

Lu Ming stepped out and landed beside Guan Gulang.

"Ah, take a shot together, kill him together!"

Guan Gulang screamed scaredly.

"Shoot!"

The other three youths shouted and shot together.

Three attacks attacked the landing.

"Shenlong Faxiang!"

Lu Ming sipped, and the divine power was boiling. All the divine power was working, plus the four-fold combat power of the war word tactics.

Roar roar...

The dragon was empty, and thirty-six nine-claw dragons emerged, rushing towards the three young men.

Each of the Shenlong Fas, as soon as it collided with the other party, exploded directly, turning into terrifying energy and rushing towards the other party.

A series of explosions sounded, and the three young men retreated, spitting blood on each mouth, their faces pale, and their eyes were full of horror.

They are all the top princes of God King's double, and the three of them join hands, and they are not Lu Ming's opponents, which really frightens them.

"God, Half Step God King, has such a strong combat strength?"

In the distance, those who watched the battle were also dumbfounded.

"Where did this come from, it's too scary!"

"Sure enough, every time the Taixu Royal Sanctuary is held, some perverted demon will appear, which cannot be measured by common sense!"

"Tianjiao meets, the wind and cloud meet, another big collision is about to erupt!"

Some people sighed and looked forward to it.

Looking forward to the Taixu Royal Sanctuary's convening, the collision of the entire Taixu Holy Pilgrimage and the confrontation between the evil spirits and the evil spirits.

At the moment, Guan Gulang was shocked, and his face was stunned.

"Kneel and eat dirt!"

Lu Ming walked over, grabbed the air, and the divine power broke out, grabbing Guan Gulang.

"Ah, Lu Ming, let me go, let me go, so many people are watching here, you killed me, my dad will never let you go!"

Guan Gulang yelled in horror, dancing with his hands and feet like a turtle caught in a turtle shell.

bump!

Lu Ming was too lazy to ignore him, grabbed Guan Gulang, and thrust his head underground.

Guan Gulang's head was directly tucked into the ground, leaving only a body to struggle outside.

This time is really eating soil.

The faces of the other three youths changed wildly and receded wildly.

Lu Ming smiled faintly, too lazy to ignore these people, came to Lan Ling, and watched the battle between Qiuyue and Jiuyou Heavenly Palace quietly.

Lan Ling's eyes gave Lu Ming a complicated look.

Lu Ming's strength is more and more unpredictable.

However, she knew that Lu Ming had awakened the original source secret technique, and now even the original source secret technique was not used, she suppressed Guan Gulang and others.

And she is not Guan Gulang's opponent.

"I can't lose to him, can't..."

Lan Ling clenched his fists and gritted his teeth.

"The light of extermination!"

Just then, in the area shrouded in ghost mist, a squeal was made.

Then, a divine light rose into the sky, gorgeous.

Qiuyue finally used the light of extermination, and once the light of extermination came out, the thick ghost fog was directly split into two halves.

what! what!

Two consecutive screams sounded, the ghost mist dissipated, and the two figures fell to the ground without breath.

It is the arrogance of the two Nine Nether Heavenly Kings' palaces, one is the **** king, and the other is the **** king, which has been killed by Qiuyue's God-destroying light.

Only the triple pride of the **** king did not die, but his body also retreated, and a deep wound appeared on his chest, blood flowing.

"Damn, damn..."

The arrogance of Tianjiao in Jiuyou Heavenly King's Mansion shouted in horror, then turned and ran.

"kill!"

Qiuyue whispered that an ancient machete appeared in her palm.

When Qiuyue waved his hand, the scimitar flew out directly, like a brilliant light, across the sky, so fast that it was unimaginable.

In the blink of an eye, he caught up with the arrogance of the Nine Serenity Palace.

Poof!

Blood was splattering, and Tianjiao of the Nine Nether Heavenly King's Mansion was severed.

Chapter 3188: Swordbone Abnormal

Qiuyue exhibited the original secret technique, the machete flew out, the sword was cut off, and the heavenly pride of the Nine Nether Heavenly King Mansion fell.

At the scene, there was silence, only the sound of the scimitar piercing the air.

Uh!

The scimitar flew back to Qiuyue's hands and disappeared.

"Origin secret technique, this is the origin secret technique!"

Someone exclaimed.

"It's actually the secret technique of the source, horror, I actually saw a pride that awakened the secret technique of the source!"

"A half-step ***** king is so terrifying, and now there is another person who awakened the mystery of the original source. What is the origin of these people?"

"Amazing!"

Everyone was amazed.

Lan Ling's eyes widened, staring at Qiuyue, his eyes were extremely complicated.

She thought Qiuyue was just an ordinary maid beside Lu Ming, and she was not worthy to follow Lu Ming. But now, Qiu Yue's talents are simply terrifying. Not only did she cultivate more than her, but she also awakened the original secret technique. The fighting power is far above her.

This has caused the always proud Blue Spirit to suffer a serious blow to its self-esteem.

She gritted her teeth secretly, clenching her fists together.

"Run!"

At this moment, Guan Gulang's head had been pulled out of the soil. When he saw this scene, he almost freaked out his urine. He didn't want to leave any cruel words, and ran away when he pulled his legs.

Lu Ming was too lazy to chase.

Guan Gulang knows the current affairs, it is okay not to trouble him in the future, if he continues to trouble him in the future, he will definitely cut the other party.

"Master, here!"

Qiuyue put away the storage rings of Jiujiu Tianwang Mansion and sent them to Lu Ming.

"You keep it, let's go!"

Lu Ming smiled and flew forward.

It is not appropriate to stay here for a long time, it is better to leave first.

Soon, the three flew tens of thousands of miles away, and then continued to search for the sword bone beast and hunt the sword bone beast.

Time rushed, and soon, another half year passed.

In the past six months, they have made great achievements.

Lu Ming and Qiuyue had the most harvest. The sword bones collected by the two were enough to allow them to practice under the Heavenly Jade Bi for ten days.

Lan Lingxiu is relatively low, and the harvest is naturally much less.

Roar! Roar!

On this day, they were flying in the air looking for the sword bone beast, and suddenly heard a roar, and then rushed out several sword bone beasts from the ground.

These sword bone beasts all have the double cultivation of the **** king, but they did not sing them to the landing, and then ran away in one direction.

"chase!"

The three of them flickered and went forward.

Several double-bone sword bone beasts of God King are naturally not their opponents, and they were easily killed by them.

But they hadn't waited for them to take out the sword bones from the sword bone beast, and there was another roar in the distance.

A sword bone beast appeared and ran in one direction.

These sword bone beasts are all running in one direction.

Several people quickly took out the sword bones of several sword bone beasts, and then chased toward those sword bone beasts.

After chasing for a while, they found that there were sword bone beasts everywhere, a large number of sword bone beasts gathered together, like an army, running in one direction.

Naturally, it is not just Lu Ming who is chasing these skeletal beasts. Lu Ming's eyes swept and found no fewer than a hundred people.

"How is this going?"

Lu Ming was surprised, they didn't do it, but they followed behind these skeletal beasts far away, and wanted to see what happened.

Others didn't do it, and obviously had similar ideas.

Along the way, the number of sword bone beasts is increasing, and finally, there are at least thousands of sword bone beasts.

The sword bone beasts are already huge, thousands of sword bone beasts running together, the scene is terrifying.

Rumble!

The earth kept shaking, rolling up huge dust, sweeping the world.

In this way, Lu Ming followed them for ten days.

Finally, a giant mountain appeared in front.

Roar roar...

On this giant mountain, all are sword bone beasts.

Countless huge sword bone beasts gathered around the giant mountain, roaring in the sky, the breath was terrifying.

Lu Ming thousands of sword bone beasts in front of them followed the roar, and then all burrowed into the earth and disappeared.

Lu Ming saw that there were a large number of sword bone beasts rushing across the four sides of the giant mountain, and then all burrowed into the earth.

Behind these sword bone beasts, a large number of people came after them.

These people, like Lu Ming, naturally came here to hunt the sword bone beast.

There are about thousands of people.

"It turns out that these sword bone beasts are gathered here!"

"It's a little trouble to have so many sword bone beasts!"

"What's the trouble, it's better to kill, you don't have to look for it!"

Sounds came from different directions.

Some people who are low-cultivated have dignified eyes and feel troubled in the face of so many sword bone beasts.

Some people who have confidence in themselves are more happy.

Rumble!

At this moment, the earth around the giant mountain violently shook, and then the mountains rose one after another.

"The sword bone beast is controlling the earth!"

"Retreat!"

Many people shouted and retreated.

Lu Ming, Qiuyue they also backed away.

They rushed out of the mountains beneath the ground they had just set up.

Originally, around the majestic giant mountain in front was a plain.

At this moment, mountains are rising from the ground, like the stars holding the moon, surrounding the giant mountain in the middle.

All of a sudden, there were thousands, or even tens of thousands of large mountains around the giant mountain, and the height of each one was so high that the terrain here became complicated.

Among the mountains, a roar came out from time to time, and the figure of the sword bone beast could be seen.

"No wonder these sword bone beasts gather here, they are here to gather together to resist us!"

"The spirit of the sword bone beast is so high, doesn't it mean that the spirit of the sword bone beast is low?"

"I don't understand, the old man came to this secret realm to help the bone sword clan to collect the sword bone. It has been several times. I have never seen such a situation!"

An old man wondered.

"Take him so much, get together, it's just easy to hunt!"

A burly young man was extremely confident, stepped out, and flew into the mountains.

Roar!

As soon as the young man flew into the mountains, he was attacked, the rocks exploded, and a huge sword-bone rushed out and killed the burly young man.

"court death!"

The burly young man drank coldly and punched out.

boom!

The sword bone beast's body exploded, and only a piece of sword bone flew out and was caught by the youth.

"So strong!"

Many people jumped in their hearts.

The young man's cultivation practice reached the triple of the King of God, and even more terrifying is that his original divine factor actually awakened twice.

This is an extremely terrifying arrogance, no wonder so confident.

"Really Crouching Tiger, Hidden Dragon!"

Lu Ming was also amazed.

With this kind of existence, Lu Ming faced each other and was not sure that he could win the opponent.

This kind of natural arrogance, amazing talent, and often controlled secret techniques are also extremely scary, and there is not necessarily a secret technique equivalent to the ancient **** body.

Chapter 3189: Tremendous stress

Lu Ming will not underestimate the world's heroes.

These heroes, these evil spirits, their strength can often not be judged by normal cultivation.

Like Lu Ming, although it is only a half-step **** king's cultivation practice, but he cooperates with the war word tactics, measuring word tactics, plus "Qiankun Wanda Jue", and the ancient **** of green armor, the original secret technique.

The combination of these means can allow Lu Ming to explode into an amazing fighting power.

However, he does, and others may not.

The Honghuang universe is too big, and it has experienced endless years, and all kinds of terrible mysteries are numerous.

"Qiankun Wandaο Jue" has the magic of earth-shattering creation, but has it not been able to compare with "Qiankun Wandaο Jue"?

not necessarily!

There must be a vast vast universe.

The ancient characters of the source are not one or two. From the amount of words, we know that there are many ancient characters of the source.

Other people can get it.

As for the mystery of this level of ancient **** tactics, the vast universe is endless.

There may not be a stronger evil than Lu Ming.

"What kind of evil spirits will you encounter on the day of Taixu Royal Sanctuary?"

Lu Ming is looking forward to it.

Boom!

The young man killed several sword bone beasts in succession and obtained the sword bone.

"kill!"

"Kill in!"

Others couldn't sit still and rushed into the mountains.

People rushed in all directions.

bump! bump!

The crowd rushed in, the ground kept bursting, and sword-bearing beasts rushed out and rushed to the masters.

Among these sword-bone beasts, some are weak, and there are also triple kings and even quadruples.

Suddenly, many weaker people were killed by sword bone beasts.

Among the infinite mountains, fierce fighting took place.

Lu Ming, Qiu Yue, and Lan Ling also rushed in.

When they came near a big mountain, the mountain exploded, and at least there were more than ten sword bone beasts, they called to the landing and killed them.

Their cultivation methods are weak and strong, and cooperate with each other to fight Xiang Luming and others.

Lu Ming turned into an ancient **** of green armor and was bigger than the sword bone beast, and triggered four times the combat power.

boom!

When the spear came out, several sword bone beasts were killed, including a triple sword bone beast of the **** king.

At the same time, Qiuyue also exhibited the light of extermination, which shone and split several sword bone beasts in half.

Lan Ling Leng didn't put in his hand. Not only that, he also needed Lu Ming to take care of them.

Let her self-esteem be hit again.

Roar!

At this moment, a horrible roar came, and a skeletal beast rushed towards Qiuyue at an alarming speed, the wind screamed, and the terrible strong wind was rolled up.

The four kings of God!

Lu Ming's eyes narrowed slightly.

Keng!

Qiuyue turned around and slashed out, colliding with this sword-bone beast.

The sword bone beast was shocked and flew back, but Qiuyue also drifted back.

Divine King is four times stronger than Divine King.

Moreover, the breakthrough of the Divine King Realm will become more and more difficult.

In particular, it is more difficult to break through to the four levels of God King.

Generally, those who control the divine power can break through to the King Realm if they have a good chance.

For example, many **** kings in the Qin Tianxing domain broke through to the **** king realm by means of holy goods.

But after breaking through to the King Realm, it is very, very difficult to continue to break through.

It is even more difficult to break through and rebuild.

Moreover, once the triple king of the gods is reached, it almost comes to an end. If you want to break through the triple king of the gods, it is almost impossible unless you have the chance to go against the sky.

It is possible to break through using the elixir that breaks the road like Wang Dan.

Almost all of the divine powers that can break through the four levels of the **** king are controlled by divine power.

That is to say, the strong men with four or more princes are almost all arrogances controlling the divine power.

The strength of these characters is very amazing.

As before, the arrogance of the Nine Nether Heavenly King's Mansion, God King Triple, awakened a source of divine power factor, but let him fight against the existence of a God King Fourfold, it is estimated that it is also invincible and must be suppressed.

The further back, the harder it is to fight over the ranks.

Roar!

The sword-bone beast came to Qiuyue again.

"Master's Blade!"

Qiuyue whispered, in his hand, the Blade of Dominance appeared again, and the Light of Destroying God merged with the Blade of Dominance, slashing towards the Sword Bone Beast.

This knife is ruined.

puff!

The sword bone beast was split in half and fell on the spot.

Qiuyue stepped forward and removed the sword bone.

"Golden sword bone!"

The sound of Qiuyue's surprise sounded.

Lu Ming also showed a happy look, this was the first time they got a golden sword bone.

It seems that the golden sword bones are only available for the God Bone Beast with a weight of more than four.

"Go on, let's go in!"

Lu Ming said.

"Lu Ming, let the two of you go in, I will hunt outside here!"

Blue Spirit Road.

"Don't you follow along?"

Lu Ming said.

"No, go in!"

Lan Ling shook his head.

She and Landing Ming and Qiuyue had little room to intervene.

"Okay, then be careful yourself!"

Lu Ming also did not force Lan Ling, and after speaking, He Qiuyue went to the depths of the mountain.

The deeper they were, the more sword bone beasts they encountered, launching attacks on them from time to time.

After a while, another four-layered sword bone beast of God King killed Lu Ming and them.

This time, Lu Ming shot and directly used the door to dominate.

The Gate of Domination continued to suppress the four-layered Sword Bone Beast of the God King. After several consecutive bombardments, the Sword Bone Beast was finally dispersed and was killed by Lu Ming.

"God of the Four Kings is really powerful. With my current strength, although it is not difficult to kill, but against the King of the Five Kings, I am probably not an opponent!"

Lu Ming sighed.

This still refers to the most common Divine King Five, if it is the kind of Divine King Five that awakens the original divine power factor, then it is another matter.

Lu Ming was still not satisfied.

If you let others know Lu Ming's idea, it is estimated to be mad.

This is the God King Realm. It is extremely difficult to leapfrog. Lu Ming only half a step. God King has such a combat power. It is not satisfied yet. How do you let others mix?

Lu Ming stepped forward and removed the sword bone.

A golden sword bone weighing 30 pounds, replaced by a black sword bone, is equivalent to three thousand pounds, enough to practice under the Holy Jade Bi for three days.

The two continued to fight forward.

This area is a melee.

Although many sword bone beasts were killed, a lot of foreigners also fell.

Some of them are inadequate, and they dare not go deep. They can only hunt in the periphery, which is relatively safe.

However, this time, a lot of arrogance really came.

Some arrogances are extremely terrible, killing them as if they were ruined.

Lu Ming even found several strengths that were not under him and Qiuyue.

"There are so many Tianjiao!"

Lu Ming sighed.

This is a few decades before the Taixu Royal Sanctuary was convened. Obviously, many Tianjiao did not come.

This was just a group of arrogance convened by the Bone Sword Clan. There was so much horror in it, and Lu Ming felt the pressure immediately.

It is not easy to enter the top ten.

Chapter 3190: Sword Bone King

Some powerful arrogances, it is not difficult to kill the existence of the four kings of God.

Therefore, although the terrain here is complex, the number of sword bone beasts is large, and they are hiding underground, they still cannot stop these arrogant hunts.

These characters, at an alarming rate, hunt the sword bone beast.

Half an hour later, Lu Ming and Qiuyue had already crossed hundreds of peaks and killed hundreds of sword-bearing beasts.

They are rich in harvest.

Roar!

Just then, on the top of the mountain, there was a horrible roar, a violent breath, overwhelming.

Lu Ming saw that there was a sword bone beast on the giant mountain in the middle.

This sword-bone beast is only over two meters tall and is golden, like a war sword.

bump!

The sword bone beast stepped on the ground, and the rocks exploded. The sword bone beast burst like a lightning bolt. The target was the burly young man who first rushed into the mountain.

The golden divine light cut through the void, and instantly approached the young man, like a divine sword, piercing his eyebrows.

boom!

The young man shouted, the divine light filled, and he punched out.

The fist collided with the golden sword light, and a violent roar erupted.

The burly young man's body retreated suddenly and flew out like a shell, smashing a huge mountain.

When Jin Guang squeezed, the swordbone reappeared, his eyes were cold, he roared, and continued toward the burly young man.

The burly young man rushed out of the rock, his face pale, blood still on the corners of his mouth, his body glowed, and then a battle armor emerged.

The armor enveloped the youth's body, and on the armor, a pair of wings were stretched out like a big bird.

This young man did not fight against the sword bone beast, but turned and walked away. With a wing on the armor, he quickly moved away and retreated away from the mountain.

When the golden sword bone beast couldn't catch up, he stopped and looked at others with a cold eye.

"Qiuyue, retreat!"

Lu Ming pulled Qiuyue and retreated quickly.

The strength of this sword bone beast is too amazing. The combat strength of that burly young man is definitely not weaker than any of them, or even stronger, but he was still injured by a stroke of the sword bone beast and retreated.

Even if the two of them join forces, they can't be the opponents of the sword bone beast.

Not only Lu Ming, but also some other terrible arrogances.

Roar!

The golden sword bone beast roared, and then, the mountain rock exploded, and a large number of sword bone beasts crawled out of the ground to form an army of sword bone beasts, and they rushed in all directions.

Rumble! |

A large number of sword bone beasts gathered together to launch a shock together, the power is very terrifying.

Suddenly, many people were killed.

Lu Ming quickly backed away, and soon came to the periphery, seeing that Blue Spirit was besieged by two sword bone beasts, Lu Ming instantly killed the two sword bone beasts.

"go!"

Lu Ming shouted and led Lan Ling out of the mountain.

At this moment, others also rushed out of the mountain.

When they rushed out of the mountain, the sword bone beasts stopped and did not continue to pursue.

Roar...

The golden sword bone beast roared, and the other sword bone beasts adjusted their formation and prepared for defense.

Everyone finally realized that these sword bone beasts were listening to the golden sword bone beast's orders.

Everyone stopped in the air and watched from a distance.

"What is that golden sword-bone beast? The fighting power is so terrifying that it is as heavy as the King of Gods, even more than that!"

Someone made a loud voice and looked dignified.

"It should be the fivefold of the King of God, but it is equivalent to the fivefold of the King of God who has awakened the original divine power factor once!"

The burly young man said before.

This person has fought with the golden sword bone, so he knows the strength of the other party.

"What? So scary!"

Many people took a breath.

Among those who came in this time, the highest was the Triple King of God.

God King is triple, face God God fivefold, and awakened once the existence of the original divine power factor, how is the opponent?

Lu Ming frowned.

With his current strength, I am afraid that he is not an ordinary God King's five-fold opponent, let alone the God King Five-fold which is equivalent to awakening the original Divine Power Factor once.

No wonder burly youths are so strong, they are not opponents of the other side.

"I have never met such a skeletal beast before, this skeletal beast, will it not be mutated?"

There is an old man speaking.

"what should I do now?"

"What can I do, go back, the sword bone beast cannot be hunted!"

On the spot, there was a lot of discussion.

However, some powerful Tianjiao still do not want to give up.

These days, they are all going to participate in the Taixu Royal Sanctuary. They all want to be closer when the Taixu Royal Sanctuary is held.

Cultivating under the Holy Jade Bi can undoubtedly improve the combat power faster.

Every additional day of cultivation is an improvement.

"Let's join forces!"

The burly young man opened his eyes and looked at Lu Ming, Qiuyue, and several other powerful arrogances.

He looks at the same level of arrogance as him, at least at the same level in combat power.

"Okay, I agree to join forces!"

"As long as we join hands to kill this golden sword bone beast, the other sword bone beasts will let us hunt!"

Several Tianjiao opened their mouths, their eyes shining with amazing light.

"what about you?"

The burly youth looked at Lu Ming and Qiu Yue again.

To be honest, the strength of Lu Ming and Qiu Yue also shocked them.

Actually, they all awakened the existence of the original secret technique, especially Lu Ming, who was only a half-step god, and it was already so terrifying, and they were regarded as the enemy.

Tianjiao at this level has the idea of entering the top ten. To put it bluntly, other Tianjiao are their competitors.

But now, cooperation is a win-win situation.

"Okay, join forces!"

Lu Ming nodded.

The opportunity is rare, and he does not want to retreat.

"Then kill him, hahaha!"

The burly young man is very bold and laughs, his body is thick like a mountain, and the whole person is like a tyrannosaurus.

Although he was injured just now, his resilience is astounding.

Uh! Uh! ...

Lu Ming and others stepped forward and forced toward the mountain in front.

Together with Lu Ming and Qiuyue, there are seven Tianjiao.

Each one is capable of slashing the fourfold existence of God King.

The seven people gathered together, like a sword, rushed towards the mountain.

Others did not follow up and watched from afar.

Roar roar...

The golden sword bone beast roared into the sky and seemed to order.

Then, the other skeletal beasts rioted, and they rushed towards the landing uniformly.

The two sides collide together.

"Door Gate!"

Lu Ming thought, and directly exhibited the door of the master. The huge door of the master exuded an ancient atmosphere and suppressed toward the front.

bump! bump! ...

When the Gate of Domination was suppressed, a dozen sword bone beasts were shattered and fell on the spot.

Lu Ming waved his hands away and collected a dozen pieces of sword bones of different colors.
