

D Emperor 3191

Chapter 3191: Horror

Aside, Qiuyue exhibited the dominating blade, the ancient scimitar, and the light of extermination. The power was even more terrifying. Every time it flew, dozens of sword bone beasts were split in half.

The other five Tianjiao are also their own means of display.

The strengths of these five Tianjiao are very amazing. Although they did not awaken the original secret technique, they were cultivated to a high level, and the original divine power factor was the second awakening. The combat power was not weaker than Lu Ming, or even stronger than Lu Ming.

When the seven people joined forces, as a result, a large number of sword bone beasts were killed. Even if the four king sword bone beasts stood in front of them, they were killed instantly.

They kept rushing towards the golden sword bone beast.

bump! bump!

But at this moment, the ground exploded, a few golden rays of lightning, and three golden sword-bearing beasts rushed towards the landing Ming Seven.

The wind screamed like three golden sword lights, breaking the void.

Seven people in Lu Ming were startled, and focused on responding.

Lu Ming manipulated the door of Domination, and suppressed toward one of the golden lights. At the same time, Qiuyue waved his hand, and the scimitar flew out, cooperating with Lu Ming, and slashed towards that golden light.

The other five teamed up with the other two golden lights.

Boom!

The Gate of Domination bombarded on the golden light, and there was a roar of thunder, the sword gas overflowed, and the infinite sword gas spread to all sides. The Gate of Master shook and flew back.

At the same time, Qiuyue's scimitar was also shot back.

However, the golden light was finally blocked, revealing its original shape.

This is a golden sword-bone beast, but unlike the previous golden sword-bone beast, this sword-bone beast is 10 meters tall and has a very compelling breath.

"Five Kings!"

Lu Ming's face was solemn.

This golden sword-bone beast is also a five-fold king of God, but it does not awaken the original divine factor.

Similarly, the other two golden sword lights were also blocked, revealing the true appearance, and also two golden sword bone beasts with a height of ten meters.

Three **** kings and five heavy sword bone beasts are in front of seven people.

Seven people all showed dignified color.

The three **** kings and five heavy sword bone beasts are not easy to deal with.

However, they are not afraid.

They are alone, and no one is the opponent of any sword bone beast, but the seven people join forces and may not be able to fight against the three **** kings and five heavy sword bone beasts.

Roar! Roar! Roar!

Three golden sword bone beasts roared, radiating golden light all over, and turned into three golden war swords, slashing towards seven people.

"kill!"

The seven men of Lu Ming also resorted to their own means to kill the three sword bone beasts.

The two sides fought together.

Lu Ming did not exhibit the Ba Shen Gun, and now it is not yet time for the Taixu Royal Sanctuary to be held.

The vortex of divine power in the body, the mad spin, the continuous flow of divine power, poured into the door of the master, the door of the master exudes an ancient breath, on which there is a strong attraction, acting on the sword bone beast, affecting the action of the other party, and then The Gate of Domination entraps the power of Wanjun and suppresses it.

However, the five-layered sword bone beast of the **** king is indeed powerful and amazing. The whole body is transformed into a war sword. Every time it is cut on the door of the master, the door of the master is shaken violently. Retreat continuously.

If Qiuyue didn't help him, he would be defeated.

Lu Ming and Qiuyue joined forces to temporarily block this sword bone beast.

The other five Tianjiao teamed up with the two sword-bearing beasts, which had a slight upper hand, but it was not easy to win.

At this time, other sword bone beasts gathered around here, and a beam of sword light flew out of their bodies, slashing to the landing Ming seven people. For a time, they were in a hurry and fell into the wind.

Roar!

At this time, the top of the giant mountain, the two-meter-high golden sword bone beast, roared, stepped, and actually slammed towards the landing.

"not good!"

Lu Ming's face changed.

Originally, they fell in the wind. If they add a very powerful king of sword bone beasts, they are really dangerous.

"Quit!"

The burly young man shouted and wanted to retreat.

Keng!

Just then, outside the mountain, a sword light flew.

This sword light is white and dazzling, like a fairy outside the sky.

Wherever Jianguang passed, each sword bone beast was beheaded.

In a blink of an eye, at least more than 100 sword bone beasts were killed.

"too horrible..."

Everyone was shaking.

The power of this sword light is simply powerful and amazing.

After this sword light killed more than 100 sword bone beasts, it turned around and killed towards the king of the sword bone beast two meters high.

Roar!

The king of sword bone beasts roared, the golden light flourished, and turned into a golden sword light.

The two sword lights met in the air, collided together, and sparked a brilliant light, as if a round of the sun appeared in the sky.

Then, a circle of shock waves spread out in all directions, and the mountains exploded in the shock wave and turned into gravel.

Weng!

The sword light shook, and the golden sword light transformed by the king of the sword bone beast suddenly retreated into the form of the sword bone beast, retreating tens of thousands of meters, breaking a mountain.

Was repelled!

The king of sword bone beasts was repelled and actually lost.

Everyone was shocked, what exists, so horrible.

At this moment, the sword light in the sky finally dimmed, showing a figure.

It was a young man with silver hair, wearing a white robe, holding a three-foot green front, and he was so angry.

The sword light just now was transformed by this young man.

"kill!"

The young man spit out a word indifferently, the sword light burst out, and the swords of man became one, and once again turned into a sword light, killing the king of sword bone beasts.

The king of sword bone beasts roared and rushed towards each other.

when! when! ...

There was a continuous collision between the two sides, but in each collision, the king of the sword bone beast fell down and backed out again and again. After more than ten strokes, an unwilling roar came out, and the golden sword light collapsed, exposing the king of the sword bone beast. Body shape.

The king of the sword bone beast showed unwillingness, and then his body actually clicked into two halves, extinct.

died!

The sword bone beast king was beheaded and killed, but only a dozen moves, the sword bone beast king was killed.

The people at the scene took a breath and looked at the silver-haired youth in shock.

This combat power is also terrifying.

The five kings of the **** king awakened once the king of the sword bone beast of the original divine power factor, but only after fighting with the opponent for more than ten moves, he was killed.

"Good strength!"

Lu Ming's eyes also showed dignified color.

You should know that the highest level of cultivation is no more than the triple king of God, that is to say, the highest level of silver-haired youth is the triple king of God, but it can easily kill the king of sword bone beasts. This kind of combat power is terrifying.

Even if Qiuyue Xiu reaches the Triple King of Gods, it may not have such a combat power.

This silver-haired young man gave Lu Ming an extremely dangerous feeling.

This is something Lu Ming has never seen before.

Chapter 3192: There are ancient characters

"The ancient Chinese characters are the ancient Chinese characters..."

At this moment, Lu Ming shouted in shock at the consciousness of the sea.

"What? Ancient Chinese characters? Where are the ancient Chinese characters?"

Lu Ming was also surprised.

"On the silver-haired kid, there are ancient characters!"

The volume formula yelled.

"What? There are ancient characters in the other person's body?"

Lu Ming was shocked.

According to the volume of words, the original ancient characters are extremely scarce, and there are only dozens of the entire wilderness universe.

He was able to get two ancient ancient characters, which is already a chance against the sky.

Except for him, he never saw the second person with the original ancient characters. Now, he has seen it.

The other party is actually able to get the original ancient characters, needless to say, it is also a man of chance.

"Which of the original ancient characters on his body?"

Lu Ming asked.

"I don't know, I can only feel that there are ancient characters on the other side!"

Measure the word.

"Then you can feel the ancient characters on the other person's body, then can he also feel the ancient characters on my body?"

Thinking of this, Lu Ming was shocked.

The original ancient characters must not be leaked out, otherwise he will be in great trouble.

"No, I can feel that it is because I am the word "quantity" and is extremely sensitive to all energies. When the war between the silver-haired kid and the king of the sword bone beast just actuated the original ancient characters, so I was If you feel a little bit, if the other party doesn't urge you, I won't get it!"

"As for other ancient Chinese characters, there is no such function. You ask the sullen male of the word "war", can he feel it?"

Measure the word, it seems slightly meaning.

Zhanzi Jue: "..."

"It turns out so!"

Lu Ming sighed with relief and let down.

At the same time, there was a trace of heat in his heart.

If the opponent has ancient characters on his body, if he gets it, can his strength be stronger?

But to think about it, the opponent's current strength can be far above him, and now I just think about it.

Roar roar...

The king of sword bone beasts were killed, all the sword bone beasts at the scene roared, and then chaotically shattered in all directions.

As soon as the king of sword bone beasts died, all the sword bone beasts were chaotic, and they fled wildly.

Including the three golden sword bone beasts fighting with Lu Ming, it is the same, plunged into the ground, and disappeared.

Keng~!

The sword light shone, and the silver-haired youth turned into a sword light, and began to hunt those scattered sword bone beasts.

"kill!"

Then, Lu Ming and others also started, hunting the sword bone beast.

Now is a good time, the number of sword bone beasts is very dense, hunting is very fast.

"Kill, kill!"

Others who watched the battle from a distance also killed those sword bone beasts.

A crazy hunt started.

At the beginning, they hunted very quickly, slowly, many sword bone beasts scattered, some of them burrowed underground, the hunting speed was slow.

Lu Ming, Qiuyue, and Lan Ling reunited and hunted in one direction.

In the end, it turned out to be the same as before, looking slowly and then hunting.

The time is fast, and in a blink of an eye, they have entered this secret realm for a year.

After a year, they should go out.

The bone sword clan only gave them a year.

The reason why it is only given a year, not longer, is that the sword bone beast is too much hunted.

Hunt a part of it at regular intervals and give enough time for the sword bone beast to multiply and continue to hunt, so that the sword bone can be used continuously for a long time.

Lu Ming flew towards the exit, and then left the secret realm.

"Okay, all of you are almost out. Let's go with us, go to count the sword bones, and exchange the time for practicing in Shengtian Yubi!"

A strong sword bone clan said.

The crowd followed the strong members of the bone sword clan and came to a wide place. Then the crowd lined up and counted one by one.

"You, equivalent to three thousand catties of black sword bones, can practice under the Holy Jade Bi for three days. You hold this piece of jade and you have the time to practice!"

After counting, a bone sword clan elder handed over a piece of jade to a young man, and then continued to count the next person's sword bone.

"You, equivalent to a total of 1,500 catties of black sword bones, can be enlightened for a day and a half under the Holy Jade Bi!"

"You, equivalent to a thousand catties of black sword bones, can be practiced for a day under the Holy Jade Bi!"

Start to count them one by one.

Most people don't have much sword bones. Not many people can practice for a few days. Some can only practice for a few hours.

As for those who can practice for more than ten days, that is rare.

Soon, everyone's eyes fell on a silver-haired young man.

This man is the terrible arrogant who killed the king of sword bone beasts.

After he took out all the sword bones, the bone sword clan strongman who was responsible for counting the sword bones showed shock.

Piles of sword bones, black, silver, gold, dazzling.

"Count it!"

The silver-haired youth said lightly.

"it is good!"

The other party counted it, and soon got the specific data again.

"A total of one hundred thousand catties of black sword bones, able to practice under the Holy Jade Bi one hundred days!"

The old bone sword clan said.

"One hundred days!"

Many people took a deep breath, and then cast envious eyes on the silver-haired youth.

For a hundred days, those who can only practice for a few hours will spit blood depressed, people are more than people, and they are angry.

"This man's fighting power is terrifying, I don't know where it came from?"

"It must not be the Tianjiao near the Holy Capital, it should be the Tianjiao of a certain King's Mansion, but the combat power is so terrifying. In my opinion, he can challenge the position of the 10 Masters of the Holy Capital!"

"Yes, this time, the 27th King's Mansion, I don't know how many scary characters will appear!"

Some people talked in a whisper, and the silver-haired youth took the jade rune and closed his eyes to raise his mind.

"One hundred days!"

Lu Ming secretly stunned.

Soon, it was Lu Ming's turn.

Lu Ming and Qiuyue also had a lot to gain.

Qiuyue gained thirty-six days of cultivation time.

Lu Ming received thirty-five days.

Of course, compared with the silver-haired youth, it is not so dazzling.

As for the Blue Spirit, it would be much less. She and Landing Ming and they also gained a lot of sword bones, and finally gained twelve days of practice time.

The inventory was quick, and soon after, everyone finished the inventory and got a piece of jade.

Then the bone swordsmen took them to Shengyu Jade Bi.

Shengtian Jade Bi was shrouded in heavy battles. If it weren't for the strong of the bone sword clan, outsiders wouldn't want to come in.

After passing through the heavy formation, a huge jade jade appeared in front of me.

This jade jade is huge, with a height of hundreds of feet and a length of tens of thousands of meters. A variety of different patterns appear on it, and it looks very old.

Legend has it that the patterns on the jade jade are not artificially carved, but born.

Chapter 3193: Under the Holy Jade Wall

"Okay, you're here to practice, starting the Holy Jade Bi requires majestic energy, so each of you should practice as much time as possible, and when the time comes, the jade symbols on your body will prompt. If you want to fish in muddy water and spend more time, don't blame me Bone Sword Clan!"

A bone sword clan said.

Everyone nodded, then searched for a place, sat cross-legged under Shengtian Jade Bi, and began to practice.

Lu Ming, Qiuyue, and Lan Ling were sitting cross-legged under Shengtian Yubi.

When they entered the state of cultivation, there was a mysterious energy on the jade jade of Shengtian, which enveloped them.

At this moment, they directly fall into a state of etherealness. In this state, their brains are extremely clear, thinking about problems and understanding things is much faster than usual.

"fantastic!"

Lu Ming turned his thoughts, then closed his eyes and began to realize the power of Taiyin.

Immediately, Lu Ming found out.

He found that tacit understanding of the Taiyin divine power here was at least a hundred times faster than usual.

Yes, it was hundreds of times. This effect shocked Lu Ming.

No wonder so many people want to practice under the Holy Jade Bi.

What Lu Ming did not know is that Shengtian Jade Bi is also related to personal talent.

People with higher talents and higher savvy will practice here, the greater the gains and the better the effect.

The worse the talent, the worse the effect.

Lu Ming can have this effect, because his talent is amazing.

He thought that everyone had this effect, and that the Holy Jade Bi was too defiant.

Under this effect, Lu Ming's understanding of Taiyin's divine power is rapidly improving.

Moreover, as Lu Ming continues to deepen his comprehension, the speed of his comprehension is actually accelerating.

Time is running out quickly.

It's time for many people to practice, and there is a radiance on their bodies.

This is to remind them that time is up.

These people are reluctant, and really want to continue to practice, but after seeing the glare of the strong eyes of the bone sword clan, they still dismissed this idea and reluctantly left.

Slowly, under the jade of Shengtian, fewer and fewer people.

Six days later, Lu Ming's heart moved, and suddenly opened his eyes, his eyes shimmering.

Breakthrough!

The Taiyin Divine Power broke through, and the original Divine Power Factor was awakened.

Taiyin Divine Power, the previous level of awakening, was already 99%, and it was only a step away from awakening.

Now, under the Holy Heaven Jade Bi, Lu Ming's speed of enlightenment has been raised to an astonishing level, and the key to enlightenment is instantly attained, breaking the bottleneck.

However, Lu Ming tried his best to restrain and did not let the breath of the awakening source divine factor leak out.

After all, there are still a lot of people on the side, if you know that he controls a variety of divine powers, it is not good.

Soon, Lu Ming stabilized, and then realized another divine power, the solar power.

Similarly, after a period of time, the sun's divine power also broke through, awakening the original divine power factor.

It's worth it. This trip is really worth it. This kind of improvement speed is too fast. Every extra kind of power awakens the original power factor, and his combat power will be improved.

Lu Ming felt at ease and cultivated, and others gained a lot.

Holy Jade Bi is mainly used to enlighten the divine power, such as the source divine factor, or the source mystery.

Lan Ling is also immersed in cultivation.

She can practice here for a total of twelve days.

On the tenth day, there was a special breath filled her, the ancient and wild, then she seemed to see a beam of light, a beam of sword light.

"Origin of the Origin!"

Lan Ling was overjoyed, she understood that she had already touched the original secret technique.

Lan Ling's talent is already very strong, otherwise it is impossible to be under the **** king, and he awakened the original divine power factor. With the guidance of the blue merchant, her foundation is extremely strong.

At this moment, under the stimulation of Shengtian Jade Bi, she finally made an amazing breakthrough.

"This kind of fluctuation... is the secret technique of the origin!"

Nearby, the strong members of the Bone Sword Clan also discovered the changes in the Blue Spirit, all showing surprise.

"The Taixu Royal Sanctuary is convened, and the situation is gathering, and the arrogance of the Holy Capital is increasing!"

"Yes, God King can awaken the original secret technique, which can be called a peerless resource!"

Several strong members of the bone sword clan nodded one after another.

With the passage of time, Lan Ling's perception of the original secret technique became more and more clear.

When the twelfth day came, she was finally able to reluctantly control the original secret technique.

At this time, her practice time has come.

A ray of light shone from her, and Lan Ling woke up.

"Benyuan Secret Technique, I finally awakened the Yuanyuan Secret Technique, go back and let Dad give some advice, and it will be completely stabilized soon!"

Lan Ling got up and couldn't help showing his face.

During this time, she saw Lu Ming and Qiuyue, all awakening the original secret technique, which is as good as hers.

Now that she has finally awakened the original secret technique, she is naturally happy.

After glancing at Lu Ming and Qiuyue who are practicing, Lan Ling didn't stay and left directly.

After leaving here, she went straight to the place where she lived.

"Ling'er, you're back, why are you alone, Lu Ming?"

Seeing only Lan Ling came back alone, the Lan merchant asked in surprise.

"They are still practicing under the Holy Jade Bi. My time to practice is now, Dad, I will show you my cultivation results!"

The Blue Spirit couldn't wait, and then turned the divine power, a beam of divine light emerged.

This beam of divine light is like a sword light.

As soon as Lan Ling's thoughts moved, this beam of divine light turned into a tremendous sword light and burst out.

"Origin of the Origin!"

Lan Shang saw at a glance that this was the secret technique of the source, and his face was overjoyed.

"Dad, Ling'er finally awakened the original secret technique, but the fire control is still low, and you need your advice!"

Lan Ling smiled.

"Hahaha, naturally, I will now pass on some tips for you to practice the original secret technique!"

Lan Shang smiled.

These tips have long been passed to Lu Ming.

Father and daughter are here to practice.

As time passed, Lan Ling became more and more proficient in controlling the original secrets.

In a flash, more than ten days passed.

On this day, Lan Ling was practicing in the yard. The gate of their yard was opened, and a group of people came in.

"Third Uncle, you don't even notice your nephew when you go back to the holy, so that the nephew can catch the wind and dust for you!"

A young man laughed.

"Lan Feng, why are you here!"

Lan Shang's face sank.

This young man is Lan Feng.

"Three uncles, my nephew came to see you, why are you so unhappy, so that my nephew is sad!"

Lan Feng deliberately made a sad expression, but at the next moment, a smile appeared on his face again, saying: "Three uncles, come, let me introduce you!"

Lan Feng pointed to a young man in a Chinese suit beside him, and said, "This is the son of Guoshi, Wu Fan!"

Chapter 3194: Blue Business Crisis

"Wu Fan!" Lan Shang sinks in his heart and has a bad hunch.

Sure enough, Lan Feng continued to say, "The Lan family has agreed to the courtship of the state teacher, and will marry the cousin Lan Ling to the brother Wu Fan, so that Qin Jin is good. Today we come and take the cousin Lan Ling!"

This remark made Lan Ling's body tremble.

"Sister-in-law Wu Fan, I have seen my father-in-law!"

Wu Fan stepped forward and fisted at the blue merchant.

Lan Shang waved his hand, and a force of soul blocked Wu Fan's salute. He said: "The old man did not promise to marry the young girl to you. The old man can't bear the name Wu Gongzi!"

"Haha, my father-in-law laughed and laughed. I and Lan Ling girl will get married in a few days. If you call it a few days earlier, why not?"

Wu Fan smiled.

"I said, I didn't promise to marry you!"

Lan Shang said with a sullen face.

"The third uncle, the senior blue family, has already agreed to this family matter. If you disagree, you must agree!"

Lan Feng said coldly.

"Haha, it's ridiculous. I have been expelled from the house by the blue family. I am no longer a person of the blue family. What are the qualifications of the blue family to determine the qualifications of my daughter's marriage? "

The blue merchant waved his hand and made a eviction order.

"Lan Merchant, you are evicted, not Lan Ling. Today, even if you don't agree, we will take Lan Ling away!"

Lan Feng's voice was cold and tore his face completely.

"Ling'er, and the Holy City in the future!"

Blue Business Road.

"Hahaha, Blue Merchant, are you stupid of us?"

Lan Feng laughed, his eyes fell on Lan Ling, and said, "Don't think that you are easy to change, we won't see it. Since you stepped into the Holy City, your every move is under our control. She , Is the Blue Spirit!"

Lan Feng pointed at Blue Spirit Road.

"How am I the Blue Spirit? It is absolutely impossible for me to marry what Wu Fan, you hurry up!"

Lan Ling couldn't help but yell at last.

"Bold, you dare to talk to Master Wu Fan this way!"

Lan Feng shouted.

"roll!"

The blue merchant shouted, and his face was extremely cold.

"Lan Merchant, don't shame your face. The son of Wu Fan is the son of the master of the country. His own talent is unparalleled. It is one of the ten masters of the Holy Capital. Entering the top ten, and getting the qualification of Kaifu Li clan, he can see the blue spirit, it is her great fortune, understand?"

Lan Feng shouted.

"I don't need this kind of character!"

Lan Ling said loudly.

"Oh, what a stubborn character!"

Wu Fan kept a smile on his face, and said lightly at the moment: "But this character, I like it, tell you clearly, I am the woman Wu Wu fancy, he must be mine, today, you have to go without going, come People, take her away!"

Wu Fan waved his hand, and behind him, a middle-aged man stepped out and walked towards the Blue Spirit.

Lan Shang stepped forward and came to Lan Ling in front of him, blocking Lan Ling behind him, his eyebrows glowing, and the power of his powerful soul rushed out into a palm, blasting towards the big man.

The middle-aged man's body shook wildly, and he stepped back and forth.

"With me here today, no one wants to take Linger!"

Blue Business Road.

"Oh, do you think you were the Blue Merchant of those days? The star core was abolished, and the void has a little soul power, what's the use? Shoot, take them!"

The smile on Wu Fan's face disappeared and was replaced by a cold killer.

boom!

Behind him, two more big men stepped out, and the previous one, three people, forced to the Blue Merchant.

The three great men all exhaled violently.

The three great men are the cultivation practices of the seven kings of gods.

"Go, don't force me to kill!"

The blue merchant shouted.

"Arrogant, shot, blocker, don't talk about killing!"

Wu Fan gave the order.

boom! boom! boom!

The three great men burst into a terrifying atmosphere. The three were like mountains and rushed towards the Blue Merchant. The violent breath was pressed against the Blue Merchant like a storm.

The blue merchant's eyebrows glowed, and the power of the vast soul emerged, turned into a sword light, and emerged.

The attacks of the three middle-aged men collapsed instantly, and their bodies retreated suddenly, all the way back to 100 meters.

In the chest of the three of them, there was a sword wound and blood was flowing.

"How powerful is your soul?"

A big man shouted in shock.

The Blue Merchant Star was abolished, and it still has such a strong combat power.

Lan Feng and Wu Fan also showed a trace of shock.

"Blue merchant, you dare to hurt me, find death, witch blood, take him down, if you resist, kill!"

Wu Fan drank coldly.

"Yes!"

Behind him, a blood-robed man rushed out, waved his hands, and rolled the blood waves, turning into a blood-colored long knife, slashing towards the blue merchant.

This person actually has the cultivation practice of God King Jiuzhong. This cultivation practice is already the peak of God King, and the fighting power is terrifying.

"kill!"

Lan Shang shouted, he was completely angry, and the power of his soul turned into a war sword, and another sword was cut out.

boom!

Jianguang and the Scarlet War Blade collided together, and a loud roar erupted. The area shook violently.

In the middle of the collision, a beam of light rose into the sky, piercing the sky.

"Someone is fighting!"

"What a terrifying wave, this is the pinnacle of the king!"

Suddenly, people in this area were shocked and flew towards this side, standing in the air and watching from a distance.

"Then... it seems that Wu Fan, the son of the State Master!"

"Good, and Lan Feng, the son of the Lan family, who are they dealing with?"

"Blue Merchant, Blue Merchant!"

Someone called out and recognized the blue business.

"What? Was that...?"

"Is it his shot just now, hasn't his star core been abolished? There is such a combat power?"

All around, there was a lot of talk about the people around.

Especially after recognizing the blue business, he was even more shocked.

With vigour, the blood robe shuddered and took a step back.

"kill!"

However, after the body of the blood robe retreated, he shouted again, and slayed towards the blue merchant. The divine power boiled like a wave. At his Dantian, there was a star core burning vaguely like the sun.

The vast divine power, turned into a terrible knife, slashed to the blue merchant.

The strength of this blood-robed man is definitely not weaker than that of the head of the Jin family, the head of the Qin family, and others.

At the moment the blood robe shot, the three big men also moved.

However, these three big men rushed not to the Blue Merchant but to the Blue Spirit.

The three middle-aged big men all have the cultivation practice of the Seventh King of Divine King. The divine power is as strong as a mountain, and they are enveloped towards the Blue Spirit. In the face of such a strong man, Blue Spirit has no resistance at all.

In sight, Lan Ling is about to fall into the hands of three middle-aged men.

"court death!"

The Blue Merchant was furious, and the power of the soul was boiling, turning into a horrible sword light, bursting out.

One of them blocked the attack of the blood robe, and the other several killed three middle-aged men.

puff!

The blood was splattering, and the three middle-aged men were directly split.

Chapter 3195: Step by step

The blood was splattering, and the three middle-aged big men with seven gods and seven heavyweights were split by the power of the blue merchant's soul and cut into two pieces, falling to the spot.

"go!"

After beheading three middle-aged big men, Lan Shang took Lan Ling to the sky and wanted to escape, leaving here.

"Don't let them escape!"

Wu Fan shouted.

The blood-bubbled man rose into the sky and chopped out a blood-red knife.

A total of seven blades of light, from different directions, killed the blue merchant, even the blue spirit was shrouded in it.

If Lan Merchant continues to escape, I am afraid that Lan Ling will be swept away by the **** knife.

The blue merchant's body stopped suddenly, and his murderous chance was great.

His eyes shone like two stars, and that was the result of the power of the soul condensed to the extreme.

His frontal bone glowed, and the power of his surging soul condensed into a huge palm, which he shot toward the back.

Boom!

Seven **** blades of light, under the palm of the soul's strength, could not withstand a blow and collapsed instantly.

His palms kept bombarding the blood robe. The blood robe screamed and was blasted out. He withdrew tens of thousands of meters, and then fell straight to the ground.

Many people swept their minds and found that the blood robe had no breath at all.

His soul was destroyed.

Many people took a breath.

The blood robe is the strong man of God King Jiuzhong, so he was killed. Wasn't the blue merchant abolished the star core, why is there such a strong combat power?

Generally speaking, when the star core is abolished, the divine power is full, even if there is a little soul power, it is difficult to make a difference, and one is abolished.

However, the blue merchant could kill a **** king Jiuzhong in one move, which is contrary to common sense.

After killing the blood robe, the blue merchant took the blue spirit and continued to fly, trying to leave here.

"Stay!"

A cold voice sounded.

Behind Wu Fan, he always followed an old man who had never shot before.

But at this moment, he shot.

When the mouth opened, the divine power boiled, rising like a long river, and the Blue Merchant was immediately involved.

The blue businessmen did their best to slam their hands and collide with the divine force.

Rumble!

Like a tens of magnitude earthquake, a violent earthquake in the void, a body shock of Lan Shang, and a violent retreat of tens of thousands of meters with the blue spirit.

Uh!

The old man stepped out, and no one saw how he moved. The next moment, he appeared one hundred meters away from the front of the blue business. The speed was unbelievable.

"Shen Jun!"

Lan Shang's expression was solemn.

Others were shocked.

This old man is a strong man in the realm of God.

Wu Fan is worthy of being the only son of the state teacher. He was always accompanied by a **** at any time.

"Lan Merchant, you dare to kill the master of our master's house, no one can save you, all six, shot, interrupt the limbs of the blue merchant, seal his soul, and take the blue spirit back to the master's house, today I want her to be me Woman, see who can stop me?"

Wu Fan spoke very aggressively.

Lan Shang dare to kill the master of Guoshifu, in his heart, has been sentenced to death.

boom!

The old man, named Quan Liu, was filled with terror, and the vast pressure, turned into terror, and pressed toward the blue merchant.

"Ling'er, you back away!"

Lan Shang's eyebrows exuded a radiant brilliance, and the power of the soul covered the whole body, resisting the pressure of the other party, and at the same time commanded Lan Ling.

"father..."

Lan Ling was extremely worried.

Can the other party be the strong man of God's King Realm, Blue Merchant?

"Retreat!"

The blue merchant repeated it, and the tone increased, and Lan Ling could only retreat obediently.

"Let us go!"

Lanshang sighted all six.

"Want to go? Dream, today, don't want to go!" Wu Fan's voice was extremely cold.

"You'd better not force me, otherwise, the jade will burn all!"

Blue Merchant revealed Sen Leng's murderous opportunity.

"Blue business, don't be fooled, your star core is abolished, I don't believe you can still be an opponent of Divine Monarch!"

Lan Feng shouted.

"All six, shot!"

Wu Fan gave the order.

boom!

All six shots, he burned like a star, his spirits boiled, a giant python condensed, and rushed towards the blue merchant.

The python traversed the void, the space was violently shaken, and the vast coercion made everyone around him frightened and retreated.

Lan Shang's gaze was solemn, and the power of his soul condensed a big hand, grabbing towards the front.

But the tail of the python shattered and bombarded on the big hand. The big hand shook wildly and directly cracked. The body of the blue merchant retreated.

"A crooked person who wants to fight against the Divine King is really looking for death!"

Wu Fan sneered.

After All Six repelled the Blue Merchant, the divine power kept pouring out, and the giant python once again killed the Blue Merchant.

The Blue Merchants tried their best to resist, but they were eventually defeated and suppressed, and the situation was in jeopardy.

"Lan Merchant is not afraid, Brother Wu, I will take Lan Ling down. Tonight, you can teach her well, hehe!"

Lan Feng laughed proudly, swaying his figure, and rushed towards Lan Ling.

"You, get away!"

Lan Ling saw Lan Feng approaching, scolded, and cut a sword towards Lan Feng.

Lan Feng shot with a palm, smashed Lan Ling's sword light, and made Lan Ling keep retreating.

"Just because you still want to stop me, let's catch it!"

Lan Feng was carrying a hand and strode towards Lan Ling.

Lan Ling gritted his teeth and vigorously urged the divine power. A beam of divine light flew out of the divine power and merged with her war sword.

Uh!

Lan Ling cut another sword to Lan Feng.

The sword screamed, the power of this sword was several times stronger than before.

"You are... the original secret technique?"

Lan Feng shouted, something incredible.

A sword of war also appeared in his hand, and the divine power broke out, and a sword was cut out.

when!

The sword lights of the two collided together.

Lan Feng's cultivation practice and the awakening of the original divine power factor are even higher. Even though Lan Ling awakened the original secret technique, it is still far from Lan Feng's opponent. Blood.

"You actually awakened the original secret technique, **** it, **** it, **** it!"

Lan Feng shouted in his heart, jealous to die.

He wholeheartedly wanted to awaken the source secret, but it was not available. At first, he wanted to seize Lu Ming's divine source beads, that is, he wanted to awaken the source secret.

Now, a blue spirit actually awakened the original secret technique.

He was envious of jealousy and hatred.

"Interesting, interesting, the more talented women, the more fun they play!"

Wu Fan became more interested in seeing Lan Ling awakening the original secret after surgery.

"What if you awakened the original secret technique? Do you think you can stop me? Just give me a hand!"

Lan Feng shouted and broke out with all his might.

Lan Feng's strength was indeed amazing. With a sword, Lan Ling couldn't stop him, his body flew out, he vomited blood and was hit hard.

Then, Lan Feng condensed a big hand and grabbed at Blue Spirit, holding Blue Spirit in his hand.

"Ling'er...I fight with you!"

Seeing this scene, Lan Shang was split.

He roared, his eyebrows radiated with a brilliance, and then a villain rushed out of his eyebrows.

Chapter 3196: Angry Blue Merchant

Lan Shang's eyebrows were shining brightly, and a villain stepped out of his eyebrows. This villain looked exactly like Lan Shang.

The villain shines, the power of the vast soul pervades all directions.

"You... you are crazy!"

The old man in the Divine Realm was shocked.

"kill!"

Lan Shang Changxiao, that villain, actually changed into a lightsaber.

Uh!

The lightsaber cut through the void, like a fairy light, and killed the old man in that godly realm.

The old man of the Divine Monarch Realm shouted and laid 18 defenses in front of him.

However, when the lightsaber cut through, the eighteenth defense was penetrated instantly, the lightsaber kept on, and flew from the eyebrows of the old man of the Divine Monarch Realm.

The old man of Shenjun Realm suddenly stiffened, his pupils were stunned, full of shock and incredible, and then his body fell straight to the ground.

And there was no breath in him.

died!

A strong man of Divine Monarchy was just killed. His body did not see any scars, but his soul was completely destroyed.

"No, no, impossible..."

Wu Fan groaned in his mouth, it was unbelievable.

That's a Divine Monarch. Although it's only the Divine Monarch, the Blue Merchant's star core has been abolished. How can it kill the powerful King of Realm?

Uh!

At this moment, a sword light flew out of the eyebrows of the old man of Shenjun Realm. It was the sword light condensed by the soul of Lan Shang.

However, the light of this sword light is dimmed than before. I don't know how many times it was. If the star was before, it is now a candlelight, and it flies back to Lan Shang's eyebrows.

Lan Shang shuddered and vomited blood. Apparently, although he killed the old man of God's Kingdom, he was also hit hard.

The move just now was made by the Blue Merchant's soul-burning power. Although he killed the opponent, the loss of his own soul power was also very alarming. Even Shouyuan was greatly reduced.

"Release Linger!"

After Lan Shang killed the old man of Divine Monarch, he rushed towards Lan Feng and slammed toward Lan Feng with a palm.

At this moment, the Lan Shang's killing opportunity was cold. He was completely furious, and he made a killing on Lan Feng. Anyway, he had already killed several people in the other party, and he didn't mind killing one more Lan Feng.

Lan Feng was already stupid. He was completely scared and stupid, and he forgot to avoid it. When he reacted and wanted to avoid it, it was too late.

"Ah, help, save me!"

Lan Feng shouted hysterically.

At first sight, Lan Shang was about to hit Lan Feng with a palm. Suddenly, a force of terror came from a distance.

A blade of light, slashing towards this side at a shocking speed.

boom!

Daoguang slashed on the blue merchant's big hand, and the blue merchant vomited blood, and his body retreated.

Rumble!

In that direction, there was a terrifying shock, such as thousands of horses and horses, coming to this side, terrifying pressure, everyone in the scene was not breathing well.

Then, everyone saw that a sergeant in armor came from the sky.

The number of sergeants in this team is only a dozen, but everyone's breath is terrible.

Especially the few people walking in front are even more terrifying. That kind of breath is even more terrifying than the old people in the Divine Realm.

God!

There is no doubt that the first few people are all princes, and they are stronger than the prince who is a heavy old man.

"It's the Imperial Guard!"

Someone spoke, and his voice was dry.

The Taixu dynasty is boundless, but there are also many enemies, so the military is constantly prepared and the number of troops is innumerable.

Have a terrible army, guarding all directions.

However, among all the armies, the Imperial Guard is undoubtedly the strongest one, responsible for guarding the Taixu Holy Capital.

Everyone who can join the Imperial Guard is the strongest of the strong, and has unlimited potential.

Many notable figures of Taixu Holy Dynasty went out from the Imperial Guard.

The speed of the Imperial Guard was very fast. In an instant, it came to the neighborhood. The strong pressure pressed towards the Blue Merchant, causing the Blue Merchant's body to retreat.

"Captain Wu, it's you, great!"

Wu Fan's face showed ecstasy when he saw the Imperial Guard.

"Master Wufan, what's going on?"

A humane headed by the Imperial Guard.

Seeing this scene, Lan Shang's heart sank.

"Captain Wu, this blue merchant, has lawlessness and vicious means. He has continuously killed people in our division, and even a strong man in the Divine Realm has been killed by him. He must be won and severely punished!"

Wu Fan shouted.

"What? Killed the Divine King?"

A dozen of the guards were taken aback and looked at the blue business.

Lanshang, they naturally know, but hasn't the Lanshang star core been abolished, can it actually kill the god?

Captain Wu glanced at the Blue Merchant and said, "It turns out to be the power of the soul, Blue Merchant, your talent is really admirable, but today you are killing people in the Holy City and killing the strong of the Divine Realm. Regulations, you must come with us!"

"Hey!"

Lan Shangchang sighed. He knew that today he couldn't get away. He killed a strong man in the Divine Realm. He had exhausted his soul power, even the soul power that was greatly lost, and he was unable to fight anymore.

Moreover, the strongest members of the Imperial Guard are stronger than the old man. Even if he does not lose the power of his soul, he is by no means an opponent.

"I have no problem with you, but it has nothing to do with my daughter. I hope you let her go!"

The blue merchant looked at the blue spirit road.

"No, dad, you can't go with them!"

Lan Ling shouted.

The jail of the Imperial Guard is one of the most terrifying places of the Taixu dynasty. There is not much that can come out.

"Ling'er, go away!"

The blue merchant shouted.

"Go, today, none of you can go!"

Wu Fan's icy voice sounded, said: "Captain Wu, take the shot of Lan Shang, his daughter, I will handle it myself!"

With words, Wu Fan stepped towards the Blue Spirit.

"you dare..."

The blue merchant's anger and the power of the remaining soul must be shot against Wu Fan.

But Captain Wu waved a big hand, a chain flew out, entangled the Blue Merchant Group, no matter how the Blue Merchant struggled.

The difference in strength between the two sides is too great.

Captain Wu also sighed in his heart.

As the imperial guard, his duty is that the blue merchant killed people in the Holy City, and he also killed the strong man of the **** monarchy. He must take the blue merchant and take it to the imperial guard to be investigated.

Moreover, the right of the national division to the world has a great influence on the Imperial Guard. If he disobeyed Wu Fan's meaning, his life would not be better in the future.

"Hahaha, Blue Merchant, you still want to fight me, dream, your daughter, I will cherish her!"

Wu Fan sneered, strode toward the Blue Spirit, and waved his hand to the Blue Spirit.

As one of the ten masters of the Holy Capital, Wu Fan was stronger than Lan Feng. Lan Ling couldn't resist at all, barely resisted a few times, and was covered by Wu Fan's big hand.

Seeing that the Blue Spirit is about to fall into Wu Fan's hands.

Chapter 3197: Thousand Saints

Wu Fan condensed a big hand with his divine power, and surrounded Blue Spirit.

The blue merchant's eyes showed a look of despair.

Thinking back then, he was amazing, the prestigious city, what kind of scenery?

Even Wu Fan's father, today's national teacher, should face him with a smile on his face.

But now, even a few juniors can bully him, and even more sadly, he can't even protect his daughter.

Huluo Pingyang was bullied by dogs!

At this moment, a mighty wind came.

This majestic wind is extremely strange, like a spring breeze, with no power at all, but when blowing on Wu Fan's condensed big hand, his big hand directly broke apart.

Lan Ling, pulled by a force, has been retreating, away from Wu Fan, Lan Feng and others.

"Who?"

Wu Fan drank angrily, glancing like electricity, glancing around.

"Young people, don't deceive people too much, be forgiving and forgiving!"

An old voice sounded, and then, in the crowd, an old man came out.

This old man looked very old, his beard hair was white, his face was wrinkled, his eyes were muddy, and he came out slowly step by step.

He seems to be walking very slowly, but the speed is surprisingly fast. Others haven't reacted yet. He has come to Lan Ling.

"Old guy, you just shot it? You are so brave, you dare to take care of my witchcraft, I think you are old and crooked!"

Wu Fan shouted.

"Young people are so angry, I will lower your fire!"

The old man spoke lightly, and then slap in the air.

No one saw how the old man shot, only to see the old man wave his hand, and then a clear slap, sounded all over the audience.

Wu Fan screamed, his body flew out, and had been spinning in the air hundreds of times before stopping.

Everyone found that half of his face was swollen like a pig's head, and his teeth were flying around, which was really terrible.

"Ah, old and immortal, you dare to beat me, Captain Wu, get rid of this old thing, I want to take this old thing to feed the dog!"

Wufan hysterical shouted.

However, he did not find that Captain Wu's face was very dignified, even with a trace of shock.

Captain Wu stepped out a few steps, then bowed to the old man and clenched his fists, saying: "Senior is the King of Heaven?"

As soon as this remark came out, the audience was shocked.

Anyone who had heard the name, stared at the old man with wide eyes and froze.

Thousand Saints Heavenly King, the entire Taixu dynasty, can be called in this way, there is only one person, that is, one of the twenty-seven Heavenly Kings, the Thousand Saints King's Mansion took office as the King.

Twenty-seven heavenly palaces have strengths and weaknesses, and their strengths are very different.

The Qiansheng Heavenly King's Mansion can be ranked among the top three in the 27th Heavenly Mansion.

The Qiansheng Heavenly King is the grandfather of the current Qiansheng Heavenly King. This is a legendary person who has lived an infinite number of years, and no one can tell how old he is.

But one thing is recognized, that is, the strength of the Thousand Saints and Heavenly Kings is absolutely earth-shattering. It is one of the handful of people standing at the pinnacle of the existence of the top ranks of the Taixu Sheng Dynasty.

Some people say that if the Qiansheng Tianwang is still in charge of the Qiansheng Tianwang mansion, then the Qiansheng Tianwang mansion is not the first three, but the first.

However, the Thousand Saints and Heavenly Kings have not appeared in endless years. Many people think that he has fallen. Do they appear now?

Lan Feng and Wu Fan's pupils also widened violently, revealing a terrified look.

"Oh? I didn't expect that I haven't shown up in so many years, and some people remember me as an old guy!"

The old man smiled slightly, which was equal to the default of Captain Wu.

"The juniors were fortunate enough to see the side of the heavenly king back then, and they have never dared to forget. I did not expect to see the heavenly king again today. It is really a lucky three life!"

Captain Wu respectfully said.

Laotianwang smiled slightly and looked at the blue merchant.

"I didn't expect that the generation of heroes that year ended so sadly, sadly!"

Qian Sheng Lao Tian sighed.

"My God, I haven't seen you in years, don't come unharmed, but unfortunately the juniors can't salute you now!"

Blue Business Road.

Everyone's eyes flashed. Obviously, the Blue Merchant and the Thousand Saints King knew.

"No more gifts!"

The Thousand Saints Heavenly King waved his hands casually and sighed: "At that time, one was you, the other was Jing Yu, the two people I was most optimistic about, the shock was the most beautiful, but now, one is falling and the other is abandoned. , Sadly..."

Everyone was frightened and did not dare to interject.

Jing Yu is a taboo in the Taixu dynasty, especially in the Taixu Shengdu, no one dares to mention it.

If you dare to say this, you will be such characters as the Thousand Saints and Heavenly Kings.

Lan Shang bowed his head and said nothing.

"Several, Blue Merchant once had a close relationship with me. Can you let him go?"

The eyes of Qiansheng Laotianwang turned to Captain Wu.

"This..."

Captain Wu hesitated.

"No!"

At this time, Wu Fan cried again.

He clenched his fists to the King of Heaven, and said, "Laotian King, the junior respects you as a senior. Just now there are many disrespects for the juniors. You taught the juniors. The juniors dare not say anything, but..."

Wu Fan pointed at the Blue Merchant and said: "The Blue Merchant has killed several masters in the Shifu of our country in the Holy City, and there is also a strong man in the Divine Realm that has violated the regulations!"

"This statute was stipulated by the Holy Emperors of all dynasties. Within the Holy Capital, unless under certain circumstances, it is impossible to kill. Although the predecessors have complied with the status, can they not violate the Holy Emperor's regulations?"

There are rules in Taixusheng, which cannot kill people.

But it is okay to fight each other, even if it is seriously injured, or if the other party is abandoned, but it cannot kill.

Want to kill, unless under certain conditions, such as boarding the battle platform of life and death.

This was set by an ancient holy emperor before the endless years. It has been in use for so many years.

In the clouded eyes of Qian Sheng Lao Tian Wang, the light flashed, Wu Fan was terrified, and he stepped back and forth, back to Captain Wu.

The prestige of the Thousand Saints Heavenly King is too great. Even if his father's master faced the Heavenly King, he also had to politely make three points. He was really afraid that the Heavenly King would shoot him to death with a slap.

The law of the Holy Emperor is useful to ordinary people, but it is useless to such characters as the God of Heaven.

"My God, the juniors have the responsibility, please don't embarrass the juniors!"

Captain Wu clenched his fists again, and had no plans to let the blue merchants.

"There is no embarrassment for God, let them take me away. The juniors just want to ask God to save the girl, don't fall into their hands!"

Blue Business Road.

What kind of person he naturally understands is that the Thousand Saints and Heavenly Kings themselves have no fear of the Holy Emperor's laws.

However, he still has a bunch of apprentices.

If the Heavenly King Qiang came, it would affect the Qiansheng Heavenly King's Palace.

"Hey, rest assured, your daughter, nothing will happen!"

The heavenly king sighed.

Indeed, he had to take care of the safety of the entire Thousand Saints King's Mansion.

Chapter 3198: Blue business was caught

"No, I will take Blue Spirit too?"

Wu Fan shouted.

"What law did that girl violate? Do you want to take her away?"

The Thousand Saints Heavenly King asked lightly.

"That's my fiancée, I will naturally take her away!"

Wu Fan said daringly.

"Fart, when did Ling'er become your fiancée? What you set up with Lan's family has nothing to do with me and Ling'er. I haven't been concerned with Lan's family for a long time!"

The blue merchant shouted.

"Oh, it turned out to be strong buying and strong selling? What a courage!"

There was a flash of light in the eyes of God, and a terrible coercion came out.

Even after hiding behind Captain Wu and being crushed by this coercion, Wu Fan also sat in midair and almost scared to pee.

He has a feeling that the King of the Holy God can kill him with one look.

And Captain Wu, his body was trembling, and he stepped back a few steps, showing horrified eyes.

It was just a coercion, which made him feel unbearable. He understood that the gap between him and the Thousand Saints and Heavenly Kings was too great.

"Also, what do you plan to do with the blue business?"

The Thousand Saints King looked at Captain Wu.

Captain Wu swallowed and respectfully said: "The younger generation will naturally handle the case impartially, report to the Holy Emperor, and wait for the Holy Emperor to dispose!"

"You'd better do this. The old man doesn't want some people to intervene in the work of the Imperial Guard. Otherwise, the old man will come to the Holy Emperor and ask him clearly!"

The Heavenly King glanced at Wu Fan.

His implication is obvious, that is, he hopes that the Imperial Guard will handle the case impartially and does not want the state division to intervene against the blue merchants.

"The God of Heaven is assured that this will never happen!"

Captain Wu hurriedly said, sweating from behind.

He understands that he has not handled this matter well and his future is worrying.

Wu Fan's face was ugly, and he really planned to secretly use means to kill the Blue Merchant, but now it seems that Captain Wu will obviously not let him do this.

"Senior, there is nothing else, and the junior will leave!"

Captain Wu clenched his fists, then gave his men a wink, took the blue merchant, turned around and slowly backed away.

Wu Fan glanced hard at Lan Ling, and then he and Lan Feng also left here.

"Senior, please ask the senior to save my father!"

Lan Ling's eyes were whirling and she begged the heavenly king.

"Relax, the Taixu Royal Sanctuary will be held soon. In the 100 years before and after the Taixu Royal Sanctuary, in the Holy Palace, in the Imperial Guard, the prisoners are generally not hands-on. After a while, the old man will find a way, we go!"

Heavenly King said nothing, waved his hand, and took Lan Ling back to the place where they lived.

...

Lu Ming didn't know anything about what happened outside.

He devotes himself to practicing under the jade of Holy Heaven, and realizes various divine powers.

Time passed day by day, and in a blink of an eye, he practiced for thirty-five days under the jade of Holy Heaven.

His time is up.

Lu Ming opened his eyes and ended his cultivation, with a hint of joy in his eyes.

Thirty-five days of cultivation, his gains are too great.

Originally, he had a total of three divine powers, awakened the original divine power factor, and five divine powers, with a awakening level of 99%.

However, after thirty-five days of cultivation, the other five divine powers have all been broken, and all of them have awakened the original power factor.

In this way, his eight kinds of supernatural powers have awakened the original supernatural power factor, making him so powerful.

"This Holy Heaven Jade Bi is really wonderful. It's awe-inspiring. Isn't the bone pride clan's heavenly arrogance one by one?"

Lu Ming thought secretly.

Cultivating under the jade jade of Shengtian every day, aren't the bone sword clan super super powerful?

But it is not necessary to think about it.

Because Shengtian Jade Bi would need to spend a lot of energy to maintain this effect.

In addition, not everyone is practicing under the Holy Jade Bi, all of which have this effect of Lu Ming. The higher the talent, the better the effect.

If the talent is bad, the effect will be bad.

Another point, Lu Ming speculates, I am afraid that the source divine factor has more awakenings. For example, after awakening twice, the effect will be greatly reduced.

Lu Ming personally verified this.

After all five of his divine powers were awakened, there were only two days left. In these two days, he used to enlighten the master divine power, hoping to bring the master divine power one step closer, and awaken the two original divine power factors.

But the progress that dominates the divine power is not particularly amazing.

The reason why the other five supernatural powers have been so amazing is because they have not awakened before.

Once awakened, the effect will be greatly reduced when you realize it.

Otherwise, Shengtian Jade Bi would be too against the sky, even if the bone sword clan is strong, it can't be kept.

Qiuyue's time is one day longer than Lu Ming, and Lu Ming waited quietly here.

One day passed quickly, and Qiuyue also ended cultivation.

After the end of Qiuyue's practice, the two did not stay, and left the place directly, leaving the bone sword clan.

On the way...

"Qiuyue, how are you practicing?"

Lu Ming asked.

"My other divine powers have awakened the original divine power factor, young master, you!"

Qiuyue asked with a wink.

"All awakened, good!"

Lu Ming was overjoyed.

The power of Qiuyue's cultivation is almost the same as that of him. So, other powers of Qiuyue have also awakened the original power factor.

"IM about the same!"

Lu Ming smiled.

The two walked and chatted, heading towards the place where they lived.

When they returned to their place of residence, they saw Lan Ling stunned.

"Miss Lan, what about Uncle Lan?"

Lu Ming asked.

"Dad, daddy him..."

When asked by Lu Ming, Lan Ling's big eyes were filled with mist and tears almost fell out.

"What's wrong with Uncle Lan?"

Lu Ming shivered and had a bad hunch.

"Dad he was taken away by the Imperial Guard!"

Lan Lingdao said, tears fell off.

At this moment, Blue Spirit is no longer the proud blue spirit, but a helpless weak woman.

"Snapped by the Imperial Guard, what happened?"

Lu Ming asked quickly.

Immediately, Lan Ling said the things of the day.

"Lan Feng, Wu Fan, **** it!"

Lu Ming snarled and filled the cold murderous opportunity.

Over the years, although he called Lan Shang the Uncle Lan, he actually regarded him as his teacher.

Now, the Blue Merchant encountered such unfair encounters. He was so angry that he wanted to kill the Guards and rescue the Blue Merchant.

Lu Ming took a few deep breaths to calm himself down.

Taking his current practice as an example, killing the Guards, I am afraid that even a Guards can slap him to death.

"What about Senior Qiansheng Heavenly King? Where? I'll visit!"

Lu Ming then asked.

"Little guy, are you looking for an old man?"

Behind Lu Ming, a sound suddenly sounded, close at hand.

Lu Ming was shocked, there was someone behind him, he didn't feel anything at all.

Quickly turned around, he saw an old man, looking at him with a smile.

Chapter 3199: Top three goals

With a move in Lu Ming's heart, he understood that this is the King of Thousand Saints.

"The juniors have seen the predecessors of Qiansheng God!"

Lu Ming clenched his fists to salute.

Qiuyue also saluted with Landing Ming.

"No more gifts!"

The old king waved his hand, and a gentle force lifted Lu Ming.

Then, God's eyes stared brightly at the landing, and then nodded: "Good, good, really good..."

Lu Ming was puzzled for a while.

"Senior, how can I save Uncle Lan? If there is anything that needs a junior, the junior will definitely die!"

Lu Ming asked.

"There is a way to save the blue merchant!"

God of heaven.

"There is a way, what way?"

Lu Ming, Lan Ling, and Qiu Yue all had bright eyes.

"This method, only you can complete it!"

God of heaven.

"we?"

The three Lu Ming wondered.

The three of them are just juniors, and their cultivation is not high. Compared with the behemoths such as the Taixu dynasty, it is really not worth mentioning. How to save the blue merchant?

"The opportunity to save the Blue Merchants was at the time of Taixu Royal Sanctuary!"

The heavenly king continued to explain: "Every time the Taixu Royal Sanctuary is convened, those who enter the top ten can obtain the qualifications of the Kaifu clan, but those who enter the top three can not only get the Kaifu clan. Qualifications can also provide a condition to the Holy Emperor, as long as the conditions are not too harsh, the Holy Emperor will generally meet!"

"So, as long as some of you enter the top three at the Taixu Royal Sanctuary, you can propose to the emperor and release the blue merchant. This condition is not harsh. I believe the emperor will definitely agree."

"Enter the top three!"

Lu Ming's eyes brightened, but then they dimmed again.

During this time, they have seen some terrible arrogance, too many masters.

Not to mention the top three, even in the top ten, Lu Ming has a lot of pressure and is not sure.

The first three, I do not know how many times it is difficult.

Lan Ling, in particular, clenched her fists and shivered.

She knows herself well, even if she awakened the original secret technique, with her strength, there is no hope to enter the top ten, let alone the top three.

She feels desperate!

"To be honest, with your current strength, not to mention entering the top three, it may not be possible to enter the top ten!"

The heavenly king hit mercilessly.

"Top three, top three, what should I do? Only a few decades, unless my cultivation base can break through the God Realm in these decades, there is a ray of opportunity, but how can we break through in a few decades?"

Lu Ming's thoughts changed sharply.

The step-by-step practice will definitely not break through.

What should I do?

For a time, Lu Ming had no choice at all?

"The old man can give you a chance!"

At this time, the heavenly king said again.

"what chance?"

The three Lu Ming showed a glimmer of hope.

In the palm of the Thousand Saints, a jade bottle appeared, saying: "In this jade bottle, there is a large formation under the old man's cloth, which is very good for the cultivation of the God Realm. You go in and practice it. As for how much you can gain , It depends on your own creation!"

The three Lu Ming naturally agreed without hesitation.

God's merits and demerits were profound and unfathomable, and the formation he set up was certainly extraordinary.

"But the old man reminds you that when you enter the Jade Bottle, you have to face great pain. You must be mentally prepared!"

God of heaven.

"Why, what a bit of pain!"

Lan Ling clenched his fists.

Lu Ming and Qiu Yue also had firm eyes.

If you want to reap, you will naturally have to pay, a little pain, and what is counted.

"Senior, you let them both go in first, there is one more thing to be done in the junior, go in later!"

At this time, Lu Ming spoke.

Listening to the meaning of the heavenly king and entering this jade bottle to practice, his cultivation behavior may break through.

If Lu Ming continues to make breakthroughs, he will reach the realm of God King.

However, Lu Mingdan Tanaka, there are two kinds of divine power, Golden Dragon divine power and multi-eye divine power, these two divine powers are not divine power.

Lu Ming wants to break through the Divine King Realm with all the divine powers, otherwise, the two kinds of Divine Powers are best dispersed. Once condensed into a star core, after breaking through the Divine King, it is difficult to change.

Like Qiuyue, there were two kinds of divine powers that were not divine powers. Before she broke through the Divine King, she dispersed it herself.

Anyway, after the breakthrough, it is possible to practice other divine powers, but if the breakthrough is based on the divine power before the breakthrough, then it will be difficult to find the fusion of divine powers with similar attributes.

There are two paths before Lu Ming's eyes, one is to disperse the multi-eye divine power and the golden dragon divine power, and the other is to find the divine power corresponding to the two divine powers.

It's a pity that the cultivation has been broken up now, and Lu Ming intends to find the divine power similar to the two divine attributes.

In the Jiuju Heavenly King Mansion, Lu Ming did not find it, but here is the Taixu Shengdu, and should have the magical power of these two attributes.

"Okay, let them go first!"

The heavenly king nodded with satisfaction, and then pulled out the bottle cap, a dim light loomed out from the mouth of the bottle, and at the same time, there was an appeal over Qiuyue and Lan Ling.

Qiuyue and Lan Ling flew involuntarily towards the jade bottle mouth, only to see that their bodies became smaller and smaller, and finally disappeared in the jade bottle mouth.

"It's up to you how much you can gain. There is only so much that the old man can help!"

The heavenly king whispered and closed the bottle cap.

"Senior and junior go out and come back soon!"

Lu Ming gave Fang Tianwang a fist, and then left his place of residence, heading towards the largest square city of Taixu's holy capital.

Taixusheng is so prosperous, Fangshi is also prosperous, and there are all kinds of treasures.

Lu Ming specializes in looking for shops that sell a variety of divine skills, secret techniques, and magical methods.

After inquiring about several in a row, Huang Tian lived up to his heart, and finally Lu Ming found two magical methods.

One is called "Shenmu Tianjue", and the power of the divine eyes cultivated is the divine divine power, which is similar to the multi-eye divine power.

One is called "Taikoo Dragon Formula", and the taikoo dragon power cultivated is also the divine power, which is similar to the golden dragon power.

After finding two magical methods, Lu Ming was overjoyed and read it. Lu Ming kept the two magical methods in his mind and returned to his place of residence.

"Senior, I'm ready!"

Lu Ming said.

"Okay, go in!"

Laotianwang took out the jade bottle and Ming Ming to the landing, Lu Ming felt an attractive effect on him, his body flew towards the jade bottle mouth.

After Lu Ming entered the Jade Bottle, he felt a strong force attracted him and kept falling.

Soon, he fell underneath, glanced away, and did not see Qiuyue and Lan Ling.

Presumably, they are scattered, not together.

Chapter 3200: Breakthrough

Huh...

Suddenly, a violent wind blew up, surrounded by divine light, and swarmed towards the landing.

Divine lights from all directions suddenly enveloped Lu Ming in it, forming a terrible wind pressure.

bump!

Lu Ming was blown by the wind and almost knelt down.

pain!

In an instant, Lu Ming felt tearing pain all over his body.

His skin, his muscles, his bones seemed to be torn apart by the outside wind.

Endless pains drowned him.

"Block, block..."

Lu Ming yelled, running the divine power with all his might.

Ten vortices of whirlpool rotate rapidly in the body, ten kinds of divine power, madly gush out, covering the surface of his body, resist the wind pressure of the outside world.

However, the divine power was shaken and was constantly wiped out.

Lu Ming then exhibited nine heavy red gold armor and ice chains, but they were all useless and completely wiped out. The wind pressure continued to act on him.

When endless pain came, Lu Ming growled and could only stabilize his mind and confront the endless pain.

But at the next moment, Lu Ming found out.

In the course of his confrontation, there was also a strange energy around him that penetrated into his body and merged into his divine power, so that his divine body, and divine power, gradually became stronger.

Even the wind pressure created by the divine light can penetrate into the depths of his divine power to temper his cyclone.

It makes the divine power on the cyclone continue to condense and become more solid.

The cyclone is slowly approaching the nucleus.

Although this improvement is not too fast, it is many times faster than the step-by-step practice outside.

Moreover, it is improving all the time. This improvement can be seen and felt.

With the accumulation of days and months, the increase will be amazing.

In this way, Lu Ming took it and tempered himself in this painful person.

This jade bottle is a melting pot, and Lu Ming, like a weapon, is being tempered.

Not only he, Qiuyue, and Blue Spirit are also experiencing the same thing.

Day after day, time passes quickly.

Later, Lu Ming found that not only his divine body and divine power can be tempered here, but even his soul was tempered.

Although the progress rate is far less than the divine body and divine power.

However, every progress of the soul is commendable.

"Cultivate "God's Eyes" and "Taiwan Dragon Formula" first.

With a move in his heart, Lu Ming ran these two magical methods and cultivated these two divine powers with the help of external tempering.

Lu Ming only needs to practice the first level. Lu Ming is familiar with the magic method of practicing divine skills. Soon after, he has developed the magic power of two divine magic methods.

After a while, Lu Ming ignited the Divine Fire, and then integrated the Multi-eye Divine Power and the Golden Dragon Divine Power into this Divine Fire.

After integration, these two divine powers began to grow.

In such an environment, these two divine powers are rapidly improved.

It took several years for these two divine powers to grow to the stage of a half-step **** king, which is the same as other divine powers, except that there is no awakening of the original divine power factor.

When these two divine powers reached the half-step **** king, the next step was to attack the **** king realm.

In this way, time passes day by day, year by year.

In an instant, Lu Ming practiced here for thirty years.

For thirty years, Lu Ming's practice day and night is suffering from this pain all the time. His body, including his soul, seems to be recast again and again.

Thirty years of this kind of perseverance day after day also paid off.

In Tan Tian, ten vortices of divine power condensed to the extreme, exuding the glory of crystal dodge, like ten suns.

boom!

Suddenly, ten vortices of divine power made a roar, and then a powerful force burst out, forming a circle of shock waves, rushing in all directions.

Lu Ming's body lifted a strong breath, which is the breath of the **** king.

Breakthrough!

After thirty years of hard work day and night here, Lu Mingdan's ten divine powers finally transformed from divine power vortexes into star cores.

Ten star cores, suspended in the Dantian, are brilliant.

At the same time, in all directions, a powerful wave of energy gathered towards the landing.

In this jade bottle, in addition to the large array, there is a steady flow of energy.

These energies poured into Lu Ming's body and were refined and transformed into divine power.

In Tan Tian, the ten star cores became more and more solid, and Lu Ming's realm gradually became stable.

Lu Ming did not stop, he continued to practice.

Time, another year passed.

I don't know how long it has passed. Suddenly an attractive effect is exerted on Lu Ming. Lu Ming involuntarily flew upward, and the surrounding environment changed at the next moment.

Lu Ming glanced and found that he had returned to the yard where Lan Shang originally lived.

On the side, Qiuyue and Lan Ling are all there, and they are looking around.

"Okay, now it's three months before the Taixu Royal Sanctuary is convened. Please familiarize yourself with the realm now!"

An old voice came, and it was naturally the King of Thousand Saints.

"Thank you God!"

Lu Ming thanked with clenched fists.

This time, his gains are really great.

The ten divine powers in the body all condensed into a star core and entered the realm of God King, and now, his cultivation practice has reached the peak of God King.

Compared to before there was no breakthrough, his divine power was too much and his strength soared.

"You're welcome, let's get familiar with it!"

When the Heavenly King waved his hand and put away the Jade Bottle, the next moment, the person had disappeared.

It's really a divine dragon seeing it all.

"How are you harvesting?"

Lu Ming looked at Qiuyue and Lan Ling.

"Master, I broke through!"

Qiuyue's crisp voice sounded, and then a strong breath filled her.

"God king triple!"

Lu Ming's eyes lit up.

The progress of Qiuyue is simply amazing.

Before entering the Jade Bottle, Qiuyue's cultivation practice was that he had just entered Divine King II, but now he has reached Divine King Triple, not far from Divine King Four.

You know, Qiuyue is in control of eight kinds of divine powers, and it is difficult to improve.

This is definitely a big gain.

Coupled with Qiuyue's light of extermination and the blade of domination, this day at the Taixu Royal Sanctuary will definitely give people a big surprise.

boom!

On the other side, Lan Ling also exudes a strong breath.

Triple King!

Lan Ling actually broke through to the triple king of God, but she was the double king of God King before.

However, it is normal to think about it. Blue Spirit is just practicing a kind of divine power. It is much easier to break through than Lu Ming and Qiuyue. It is normal to break through the Triple King of God.

"Lu Ming, come on, let's discuss, this time, I want to defeat you!"

Lan Ling's eyes were gleaming, and he looked at the land.

Cultivating to reach the triple of the King of God, awakened the original secret technique, so that Blue Spirit's confidence surged.

"Okay, come and discuss!"

Lu Ming smiled.
