

D Emperor 3211

Chapter 3211: Continuous upgrade

An hour later, Lu Ming had already killed dozens of war beasts, but the color of his suit was not deepened.

Because, the war beasts he killed along the way are all half-step **** king realm.

"I wouldn't be on the verge, other people didn't touch one, and the war beasts were so low-level. As for the battle tower, Mao didn't even see it!"

Lu Ming was quite speechless.

He suddenly speeded up, rushed towards the front, seeing the war beasts of the half-step God Realm, he was too lazy to ignore.

Soon after...

Roar...

A roar came, and a huge war beast rushed towards the landing, bringing a strong breath.

"War Beast of the King Realm!"

Lu Ming's eyes lit up, his fingers burst out of a gun, and flew forward.

With a puff, the heavy war beast of the King of God directly exploded and turned into a spirit of fighting into Lu Ming's body.

The color of the suit on his body suddenly deepened.

"The war beasts of God's King Realm provide more fighting spirit!"

Lu Ming smiled.

From here on, the number of God-king Realm war beasts began to increase, and these war beasts did not pose a threat to Lu Ming at all.

Lu Ming's special killing.

Two more hours later, when Lu Ming once again killed the two war beasts of the Divine King Realm, his armor exuded a bright radiance, the color changed, and turned into an orange war. clothes.

But the color is very light, just light orange.

Lu Ming tried it and found that the orange suit had a much greater increase in combat power than the red suit.

"continue!"

Lu Ming smiled and continued the journey of hunting and killing beasts.

However, after the suit reached orange, it was harder to upgrade.

In the next two days, Lu Ming at least hunted hundreds of God King's heavy beasts, and his suit has not yet improved.

"That is..."

Suddenly, Lu Ming's eyes lit up.

In front of him, a high tower appeared in front of him.

Lu Mingfei passed by.

"This is the battle tower!"

Lu Ming was happy.

According to the national division, the fighting spirit provided by the battle tower is much higher than that of the war beast.

Destroying a battle tower can provide a lot of fighting spirit.

Lu Ming did not hesitate, flew directly over, shot out and swept over the battle platform.

boom!

The violent shock of the battle platform was not broken apart.

"This battle tower is really hard!"

Lu Ming moved in his heart, he just shot a shot, the power is absolutely amazing, but still did not smash the battle tower.

Then, Lu Ming fired several more shots. Although the tower was shaken violently, unfortunately, it still did not break.

Suddenly, Lu Ming felt a murderous opportunity enveloping him. He subconsciously performed Jiutian Kunpeng Technique, and left the place in a flash.

Keng!

A sword light passed through the place where he had just stood and bombarded on the battle tower, so that the battle tower was shaken again.

Lu Ming's eyes looked like electricity, sweeping to the side.

A young man in black came from the sky.

"Your name is Lu Ming, is this battle tower mine? Now, hurry up!"

The youth in black waved.

This young man also wore an orange suit with the same rank as Lu Ming.

"This battle tower seems to have been discovered by me first!"

Lu Ming said lightly.

"What did you find out? It's mine now, you don't have to go away, then the fighting spirit in you also belongs to me!"

In the eyes of the young man in black, the murderous opportunity emanated.

In the second round, Lu Ming's talents were high, but his cultivation base was not high. It was only the king of God.

And he, the cultivation practice of the **** double, awakened once the original divine factor, did not put Lu Ming in his eyes at all.

Keng!

The sound of Jianming sounded, and the swords of the young people in black were united into a dazzling sword light, killing towards the landing.

But at the next moment, Jianguang shattered, and the figure of the young man in black appeared, his eyes widened, revealing incredible colors.

His chest was pierced by a long gun.

"Go out!"

Lu Ming whispered, the spear shook, and the body of the young man in black was torn apart, but at this time, a rune appeared in the void, covering the body of the young man in black, and disappeared in a flash.

At the next moment, outside the world, around the ball, the figure of the young man in black appeared, with a look of horror on his face.

He couldn't stop Lu Ming's move and was killed.

"I was killed so soon, what master did you meet!"

Some people look at the youth in black.

There were tens of thousands of people entering. The projection in the sky was only a few thousand pieces, and it was not all-encompassing. Just now, Lu Ming killed the youth in black.

The young man in black snorted coldly without speaking, and flew aside to watch the battle.

In the world of round balls, after Lu Ming killed the youth in black, there was a tremendous amount of fighting spirit that merged into his suit, and the suit on his body suddenly shined.

Although it is still an orange jersey, it is already dark orange, and the color is more intense than before.

Killing other people can really get half of the opponent's fighting spirit.

If the level of the rear armor is increased to reach blue and purple, how much fighting power can be obtained by killing one person?

Lu Ming thought, and then thought about it, he came up with a plan.

"It seems that my plan is about to change!"

Lu Ming murmured, and then continued to attack the battle tower.

After Lu Ming successively attacked hundreds of strokes, the battle tower finally exploded and turned into majestic energy, rushing towards Lu Ming and converging on his suit.

Lu Ming's uniforms are more intense in color and extremely dazzling.

The quantitative change caused a qualitative change, and his suit finally changed its color, reaching yellow and becoming a yellow armor.

Lu Ming smiled, and the fighting spirit of this battle tower was really amazing, a lot more than the fighting spirit provided by the black man in the past.

Lu Ming tried the increase of yellow armor, and then left here to continue to hunt war beasts.

"There are a bunch of..."

Soon after, Lu Ming discovered a valley and gathered a lot of war beasts.

Lu Ming was delighted and killed the past directly.

Roar!

Suddenly, a terrible roar came from that valley, and a strong breath rushed out of the sky.

"Nest, the Seventh King of God...escape!"

Lu Ming's face changed wildly, and he turned and ran.

Here, there is actually a seven-level war beast of God King. With Lu Ming's current strength, he encounters a war beast of this level.

Fortunately, the war beast did not pursue, Lu Ming escaped smoothly.

"It seems that the war beasts of this world can not be hunted by our door. Some of them are scary!"

Lu Ming pondered.

The seven-fold war beast of the **** king, this time in the arrogance, is absolutely unmatched.

In fact, it is indeed the case. In this world, there are not only the seven-level war beasts of the **** king, but also the war beasts of the peak **** king realm.

Some people are unlucky to meet head-on, and have been sent out of this world.

Next, Lu Ming was more careful and continued to hunt war beasts.

Chapter 3212: Giant battle tower

In a blink of an eye, a month and a half passed.

After a month and a half of hunting, and fighting with other Tianjiao, Lu Ming's current suit is already a cyan suit.

The blue shirt has been able to increase Lu Ming's combat power a lot, giving Lu Ming's strength a boost.

At this time, the competition is becoming more and more fierce. Lu Ming has encountered more arrogance. Once he encounters it, he usually starts fighting.

boom! boom!

Lu Ming was flying. Suddenly he heard a violent roar in the distance. Obviously someone was fighting.

Lu Mingfei passed by and saw a huge battle tower standing between the sky and the earth.

"Great battle tower!"

Lu Ming's eyes moved.

The battle tower in front of me was taller than any battle platform Lu Ming encountered.

According to Lu Ming's experience, the taller the battle tower is, the more fighting spirit it will provide.

At this moment, several groups of people are fighting for this battle tower and are caught in a dogfight.

"It's him!"

Lu Ming saw an acquaintance at a glance.

Jin Chao's last one is Jin Chao.

He is fighting fiercely with others.

Jin Chao's cultivation practice is the triple of the King of Gods, awakening once the original divine power factor, the strength is very strong, but the other few Tianjiao are not weak.

Dozens of dogfights were fought, and there was no victory or defeat, each stepped back and opened the distance. Confront each other.

"In my opinion, when we shot the battle tower together, whoever had the luck and became the last one to break the battle tower would get the fighting spirit, otherwise we would fight all the time, and we would not be able to win or lose. Other Tianjiao!"

A young man proposed.

Several others nodded, too.

This battle tower is not so good to destroy, and only the last person who strikes and destroys the battle tower can get the fighting spirit.

They can only rely on luck now.

"You don't need to discuss, we want this battle platform!"

At this moment, a cold and quiet voice sounded, two black lights flashed, and not far away, there were two more young black robes.

Two young men in black robes exude a cold air.

"Nine Nine Heavens Palace!"

Jin Chao's face dimmed.

The two young men in black robes at the back are from the Nine Nether Heavenly King's Mansion.

The people of Jiuyou Tianwang Mansion have strange attacking methods, and others are quite afraid.

"You want to swallow this battle tower alone? I am afraid that you two can't do it yet!"

One of Tianjiao said coldly.

"Is it?"

One of the Nine Nether Heavens Palace's eyes was as bright as electricity, and slammed towards the young man, like a ghost.

"Cyclone legs!"

The young man shouted, his feet stepped out continuously, and there seemed to be a violent wind suddenly between heaven and earth, sweeping towards the heavenly pride of Jiuyou Heavenly King Mansion.

The gusty wind cuts the air and emits a terrible roar. You don't need to look at it to know that the gusty wind has terrible destructive power.

However, the celestial body of Jiuyou Tianwang Mansion flashed rapidly, and those violent winds cut on him, his body twisted rapidly, and the destructive power of the gusty wind was actually removed.

A few flashes, Tianjiao, Jiuyou Heavenly King's Mansion came to the young man, and a ghost claw caught at the other party.

The young man's face changed, and his legs were like long whips, drawing towards the other party.

boom!

The two made a match, but it turned out that the young man's body shook wildly, backing up again and again, his face pale, and he nearly vomited blood.

The realm of Jiuyou Tianwang Mansion, like him, is also the triple king of God, awakening a source of divine power factor, showing that the strength is equivalent, but the real fight, but the Jiuyou Tianwang Mansion Tianjiao has the absolute upper hand.

One move prevailed, and Tianjiao, the Nine Serenity King's Mansion, launched an offensive.

The ghosts are heavy, the ghosts cry and the wolf howls, the ghosts are soaring.

The Tianjiao was completely invincible, barely resisting more than a dozen strokes, and was bombarded on the chest by Tianjiao, the Jiuyou Heavenly King's house, almost breaking through his heart.

The young man coughed up blood and retreated backward.

In this scene, countless people outside are also watching.

"Humph!"

Someone sneered, very unhappy, but it was the elder of the young man who was injured.

And more people, their faces dignified.

Jiuyou Tianwang Mansion's attacking methods are weird and can directly affect the soul. At the same level, there are few opponents. Most of the people in Tianwang Mansion are extremely afraid of Jiuyou Tianwang Mansion.

At the scene, a lot of strong people from the Nine Nine Heavens Palace also came, sneering one by one, with a smug expression on their faces.

In the orb world, after the Tianjiao of the Nine Serenity King's Mansion hurt his opponent, he continued to kill the opponent, apparently wanting to kill the opponent completely.

"You guys, are you watching the drama on the side? When he kills me, he will kill you and break each one!"

The young man shouted.

Jin Dun and others looked pale, and after staring at each other, their figure flashed and rushed towards the Tianjiao of the Nine Nether Heavenly King's Mansion.

The arrogance of the Nine Nether Heavenly King's Mansion turned into a haze of mist, which quickly retreated and merged with another Nine Nine Heavenly King's Mansion.

And several people of Jin Chao also converged together, staring cautiously at the people of the Nine Nether Heavenly King Mansion.

A few people who were still in the war just now joined hands. It is really the pressure from the people of the Nine Nether Heavenly King Mansion that put too much pressure on them.

The two sides are confrontation, and no one has shot for a while.

"It seems that a stalemate has formed, I don't have so much time!"

Lu Ming muttered that he had been hiding in the dark just now.

Originally, he wanted to wait for the opponent to lose both sides, and he shot again, so that it could easily occupy the battle tower. Now, it seems unrealistic.

Lu Ming stepped out directly and walked towards the battle tower.

As soon as he stepped out, he immediately attracted everyone's attention.

Not only the two Jiuyou Heavenly Kings, Tianjiao, Jin Chao, but also many people outside.

Although there are exciting battles everywhere, many people still notice this projection.

"It's that kid, Lu Ming!"

The people of the Jin family showed a touch of coldness.

Jin Chao appeared in this projection, and the people of the Jin family have always been concerned about this projection.

"Lu Ming!"

Others in Jiu Jue Tian Wang Mansion are also paying attention to this projection, their faces are all changed, and they don't know what they are thinking.

And Wu Zifeng, Yue Linglong and others who have a good relationship with Lu Ming showed concern.

The Jin Chao of the four heroes of Jin Family is much stronger than the other three, but it is not so good to deal with.

Not to mention, there are other masters.

"This kid!"

"The second round of perception is comparable to that of Emperor Jianyi's kid!"

In addition, many people noticed this, and after seeing Lu Ming, they all showed curiosity.

They all want to know that Lu Ming performed so well in the second round. What is the actual combat strength?

Lu Ming walked towards the battle tower step by step, still far away, and was locked in a few terrible breaths.

"Lu Ming!"

Jin Chao whispered, his eyes gleamed, and his chances were revealed.

"Lu Ming, the King's Mansion of Jiu Jue, is this kid who killed the arrogance of Jiu You's Mansion!"

Tianjiao of the two Nine Nether Heavenly Kings also whispered, and the cold ghost spirit was constantly tumbling, making a sound of infiltration.

Chapter 3213: Blue suit

A cold killer fell on Lu Ming, but Lu Ming regarded it as nothing, and continued to step forward, saying: "You are here to grind, and it seems that the battle tower is not wanted. In this case, the battle tower is just like that. give it to me!"

"This kid, want a battle tower, huh, did he get mad?"

A arrogant sneer from a palace of the Nine Nether Heavens

"Whimsical, you guys, this person has hatred against me, I will deal with him, I hope you don't interfere!"

Jin Chaodao said that he was afraid of being attacked by others when he started his own hands.

"Relax, wait for you to solve him, let's discuss how to divide this battle tower!"

A heavenly arrogant, cold and secluded road in the palace of the Nine Nether Heavens.

bump!

As soon as this remark came out, Jin Chao stepped out and forced to land.

"Lu Ming, although you can't really kill you here, but you can also get some interest back. Let's say, how do you want to die?"

Jin Chao said indifferently, his body exuded a radiant brilliance, and his palm was even more radiant, becoming the color of pure gold.

"So much nonsense, kill!"

Lu Ming was too lazy to talk nonsense with the other party, shouted, his fists waved continuously.

Roar roar...

Dense dragon chanting sounds everywhere, thirty-six magic dragons emerge, and a brain rushes toward Jin Chao.

Lu Ming is now in control of ten kinds of divine powers, especially after the golden dragon power is transformed into the ancient dragon power, the power of the magic law of the dragon is also improved.

In addition to the fourfold combat power of the war character tactics, there are also eight kinds of original divine power factors, especially the master divine power has been awakened twice.

With so many factors combined, the power and horror are amazing.

I only heard a scream, and then was overwhelmed by the explosion. When the explosion disappeared, I saw Jin Chao suspended in the air, twitching all over, and bleeding water in my mouth. It was really miserable. awful.

"This..."

On the side, the Tianjiao of the Nine Nether Heavenly King's Mansion and several other Tianjiao were shocked for a while.

Jin Chao, was solved so quickly?

Those who watched the battle outside were also shocked.

This is completely different from what they guessed.

Some people think that Lu Ming is going to be suppressed by Jin Chao. Even if a few people think that Lu Ming can win, at least they have to fight hard.

what is this?

Start means end?

"How...how...how could this be?"

The owner of the Jin family, as well as the master of the Jin family, his lips shuddered.

Jin Chao, the strongest of the younger generation of the Jin family, was young, and his cultivation ability reached the triple of the king of the gods.

I originally thought that Jin Chao could avenge Jin Xing, Jin Yuan and others, but I didn't expect that Lu Ming would be beaten so badly.

"Okay, Brother Lu Ming's strength has gone a step further, which is really gratifying!"

Wu Zifeng clapped his hands and smiled, almost making the Jin family's expert vomit blood.

What is gratifying? Gratifying mud coins!

Uh!

At this moment, Lu Ming condensed a big hand with divine power, and grabbed Jin Chao in his hand.

"At this point the strength is still arrogant, what are the four masters of the Jin family, a group of wine bags and rice bags, take you out!"

As soon as Lu Ming's voice fell, a powerful force exploded and bombarded Jin Chao.

With a bang, Jin Chao's body exploded, and then there was a rune filled with it. The next moment, Jin Chao appeared outside the world of the ball.

"Damn, damn..."

Jin Chao roared, but there was also a look of panic in his eyes.

This time, fortunately, in the ball world, if it were somewhere else, he would be completely killed by Lu Ming like the other three members of the Jin family.

After killing Jin Chao, Jin Chao's general fighting spirit was absorbed by Lu Ming, and the blue shirt on Lu Ming's body became more intense.

"It's really cool to absorb war like this..."

Lu Ming smiled and looked at the other Tianjiao with a fiery color.

"You still don't want to go, do you want to die?"

Lu Ming said.

"Lu Ming, we really underestimated you. I didn't expect your strength to have reached this point, but even then, if we want to kill you, you will definitely die!"

A celestial prince of the Nine Nether Heavenly King's Mansion opened coldly, and then the two arrogant celestial bodies of the Nine Nine Heavenly King's Mansion flashed and rushed towards the landing.

Although Lu Ming is strong, they are not afraid.

The Jiuyou Heavenly King's palace has strange exercises, which can affect the soul and can always overcome the strong with the weak.

Moreover, they still have two people.

The two were like two ghosts, rushing towards the landing Ming.

A haze of mist emerged and shone toward the landing.

At the same time, there were a lot of ghost claws, grabbing towards the landing Ming.

On the side, several other Tianjiao's eyes flickered, and they also started at the same time. Their goal was still Lu Ming.

The blue shirt on Lu Ming's body is very rich in color. At a glance, he knows that it contains a huge amount of fighting spirit. .

Therefore, they shot together and wanted to rely on many people to solve Lu Ming.

"Just right!"

Lu Ming drank coldly, his body swelled up sharply, exhibited the ancient **** body, turned into the ancient **** of green armor, and swept out.

The two Jiuyou Heavenly King's Mansion was the first to bear the brunt of it and was swept in by the gunman.

Boom!

The attacks from both sides collided.

At the moment of collision, a strange energy rushed into Lu Ming's body during the attack of Tianjiao, Nine Serenity King's Mansion, to bombard Lu Ming's soul.

However, Lu Ming's soul is protected by Jing Yu's picture scroll, and he has nothing at all.

The soul attack has no effect on Lu Ming. Lu Ming's outbreak of combat power is still terrifying.

Tianjiao's complexion of the two Nine Nether Heavenly Kings' houses changed wildly, and their figure collapsed, and their breath was weak for a while.

"You... how could you not be affected?"

Two of the Nine Nether Heavenly Kings shouted in incredible arrogance.

"kill!"

Lu Ming was too lazy to talk nonsense with the other party, his spear was shocked, and he continued to exhibit the trick of breaking the sky.

In the blink of an eye, dozens of guns and dozens of guns were pierced, covering the two heavenly arrogances of the Nine Nether Heavenly King's Mansion. In addition, there were several other heavenly arrogances within the range of the guns.

A total of five young people, even without screaming, were killed by Lu Ming.

The rich fighting spirit of the five regiments flew into Lu Ming's body, merged into Lu Ming's body, and disappeared.

The color of Lu Ming's armor is more intense, and Lu Ming feels that it is not far from the evolution of the blue armor.

"Break this tower, you should be able to upgrade to a blue suit!"

Lu Ming smiled, then attacked the battle tower.

It didn't take long for the battle tower to explode, which turned into a strong fighting spirit and merged into Lu Ming's suit.

Suddenly, Lu Ming's battle suit burst out with a bright brilliance, and then, the rich and extreme suit, the color began to change into blue.

A light blue suit covered Lu Ming's body.

"The blue shirt is very good, and the strength has increased a lot!"

Lu Ming smiled.

Chapter 3214: Second Class Pride

After feeling the effect of the suit on his body, Lu Ming glanced around and said, "You haven't shown up yet? When will you wait?"

As soon as Lu Ming's voice fell, there were some breaths in the surrounding area.

"Oh, it seems that you have discovered it already!"

A sneer sounded, and then, on Lu Ming's right side, two young men stepped out.

At the same time, behind Lu Ming, three young people stepped out.

The right side and the rear are obviously two people, not the same force.

"You've arrived long ago, you haven't shot, you just want to take advantage of the fisherman!"

Lu Ming said lightly.

"Yes, now all the fighting spirit is gathered on you, as long as you kill you, you can get half of your fighting spirit, is it very convenient?"

On the right, a burly young man spoke.

This young man is extremely tall, and he is a bear.

"You are confident!"

Lu Ming said.

"I have to admit that your strength is beyond my expectations. Your strength should be similar to mine. Unfortunately, you only have one person, and we have so many people!"

Xiongren Youth Road.

"Like you? Ha ha!"

Lu Ming laughed lightly without much explanation.

"Ekun, let's do it together, it depends on who is lucky and can kill him!"

The Xiongren youth looked at the three youths behind Lu Ming.

These three young men, covered with a layer of scales on their arms, flashed fierce light in their eyes, full of wildness.

This is the arrogance of the E people.

The Taixu dynasty, boundless territory, occupies countless life planets, and includes many races.

Although they are all small races, except for the bone sword clan, which has once been included in the Honghuang Wanzu list, none of the other races have entered the Honghuang Wanzu list.

The Xiongren and Eren are all such races.

"Okay, let's go together!"

E Kun opened his mouth, stepped out, and drove towards the landing.

At the same time, the two young men of the Xiongren tribe also forced towards the landing, and a strong breath bloomed.

Masters are masters.

Among them, a young man headed by the Xiongren tribe has the most terrifying breath with E Kun.

Cultivation is a triple king, but it exudes a rich, ancient atmosphere.

The original power factor, second awakening!

Lu Ming immediately sensed the other party's approximate strength.

"This time, how does Lu Ming cope?"

Outside, someone spoke.

"God king tripled, awakened the original source divine factor twice. This kind of force is top among all the arrogances of this time, second only to those celestial lords of the ten capitals of the Holy Capital, which can be ranked second!"

"Yes, can Lu Ming cope with these two arrogances?"

This time, more people's eyes were focused on Lu Ming's projections, revealing curiosity.

In the ball world...

The young people of the Xiongren tribe should start first. The headed person, named Xiong Bao, roared and turned into a giant bear tens of meters high. Although Lu Ming's ancient **** was not as tall as the body, the breath was very permeable.

boom!

Xiong Bao slapped towards the landing Ming with a slap. A huge bear paw covered the sky and suppressed towards the landing Ming.

At the same time, E Kun and other people in the rear also started. Several crocodile tails and scaled armor were slamming towards the landing, and the air made a terrible explosion.

"Magic power!"

Lu Ming burst out with a punch, Longyin bursts out, and directly condensed thirty-six dragons' appearances, rushing towards Ekun and others, temporarily blocking Ekun and others' attacks.

An ancient stone gate emerged above Lu Ming's head.

Door of Domination!

Lu Ming grabbed the door of the master and smashed it towards the bear bag.

The door of the dominance smashed directly on the bear's paw. The bear's paw screamed, and his bear paw shattered directly, blood and flesh.

"Origin of the Origin..."

Xiong Bao screamed, his body retreated and wanted to escape.

But Lu Ming quickly followed, and the door to **** continued to suppress.

boom!

Xiong Bao's body exploded directly and fell on the spot.

Not only him, but also another bear-human clan Tianjiao beside Xiongbao, his body burst and fell on the spot.

"Back, back, back!"

In the rear, E Kun and others were shocked and backed away, almost scared.

"Retire now, don't you think it's too late?"

Lu Ming opened his mouth indifferently, the gate of the ruler turned into a huge giant, and suppressed toward Ekun and others. The door of the ruler exuded a strong attraction, shrouded in Ekun and other people, and let their speed explode.

Then, the Gate of Domination continued to suppress.

bump!

Although E Kun tried his best to resist, he was still vulnerable and was torn apart by the town's body.

Then, the Gate of Domination was suppressed once again, and the other two E People, Tianjiao, also fell.

Suddenly, Lu Ming killed five masters.

Especially Xiong Bao and E Kun, the fighting spirit contained is extremely amazing, half absorbed by Lu Ming, Lu Ming's light blue suit, the color began to become thicker.

"Another wave of warfare is absorbed, it's almost the same, not too much..."

Lu Ming pondered.

He has his own plan, and now he absorbs too much fighting, which has an impact on his plan.

Rising from the sky, Lu Ming left here.

And outside, the pot has already exploded.

Countless people were shocked by Lu Ming's strength.

Lu Ming could easily kill E Kun, a master like Xiong Bao.

You know, such a master, in this time, it is second only to the tenth arrogance of the tenth level of the Holy Capital.

Doesn't it mean that Lu Ming's strength can already be ranked first?

If Lu Ming's cultivation practice is also the Triple King of God, that's okay to say, but Lu Ming's cultivation practice is that the Divine King is important, which is terrifying.

Some people marvel, some admire, some are jealous, some are thoughtful...

"Not bad!"

There was a majestic voice on the chariot in Kowloon.

It was the Holy Emperor, and the Holy Emperor spoke again.

Countless people showed their envy.

The word "good" of the Holy Emperor obviously praised Lu Ming.

Obviously, Lu Ming has already attracted the attention of the Holy Emperor.

The Holy Emperor has lived for years, and I have seen so many arrogances. It is rare to be praised by the Holy Emperor.

Every time Taixu Shengyuan is held, few people have such treatment, and many times, none of them.

No matter what everyone thinks, the fights and fights in the ball world continue.

Some have been looking for war beast hunting and slowly accumulating fighting spirit.

And some who are built to be powerful, no longer hunt war beasts, but specialize in staring at other people, especially those with high ranks, which are often stared by many people.

Just like Lu Ming, in just a few days, he was besieged by several waves.

It was mainly the color of his suit that was too dazzling.

Wherever he went, the blue light could spread far away.

The blue combat suit, how much fighting power it contains, will naturally be targeted.

But in the end, all those people turned into fighting spirit and were absorbed by Lu Ming.

Chapter 3215: Foot blue maple

On a mountain peak, Lu Ming stood on top of the mountain peak, with a sneer on the corner of his mouth.

He clearly felt that, not far behind him, a group of people followed him in secret.

Obviously, Lu Ming was staring.

"Whoever doesn't have long eyes to die, I don't mind accepting their fighting spirit!"

Lu Ming smiled, then sat cross-legged on the mountain, closed his eyes and began to practice.

More than a month before the end, Lu Ming didn't want to waste time.

"This kid actually cultivated here, not going to hunt war beasts, increasing the fighting spirit, strange!"

Not far away, there was a wave of people hiding in secret, and some people were puzzled to speak.

"I guess I think I have enough fighting spirit!"

"Shall we do it?"

Several people were talking.

"Wait a minute, this person can now raise the suit to blue, which is unusual, we will wait!"

A youth road led by.

"Is it still a master, I think his cultivation as a talented king is important, no matter how strong he is, he can't be stronger?"

Another humane.

"In any case, be careful to drive a ship for thousands of years, or wait!"

A young man headed was more careful.

What they did not know was that in another direction, a group of people approached the landing and observed in a dark place.

Obviously, Lu Ming was also attracted by the blue suit.

This wave of people is also more cautious and does not rush.

Soon after...

Uh! Uh!

In the distant sky, several rainbow lights flew rapidly, and then landed in the sky not far from Lu Ming.

"Lu Ming!"

A cold voice sounded.

Lu Ming opened his eyes, a cold light flashed in his eyes.

Lan Feng!

Several young people from behind, one of them, was actually Lan Feng.

"Lu Ming, I didn't expect that you actually raised the suit to the blue level, which is beyond my expectations!"

Lan Feng said that his eyes were boundless.

"Wu Fan didn't join you?"

Lu Ming asked lightly.

"Without Wu Fan, I can still kill you. I let you run last time. How will you run this time?"

Lan Feng's voice was extremely cold.

He was very rich in Lu Ming's killing opportunity.

In his view, Lu Ming's divine source beads should belong to him, but Lu Ming swallowed it himself, which is a violent disaster.

Without killing Lu Ming, it is hard to let out the hatred in my heart.

Lan Feng did not know that, outside, the Lan family saw this scene, and his face was ugly and dying. He wished to shout at Lan Feng and told Lan Feng to run.

Lu Ming's combat power, they have seen it, is definitely the pinnacle of second-class, and even ranked first, Lan Feng is not Lu Ming's opponent.

Unfortunately, they can only hurry.

Others are also very anxious.

Those are the two people hidden in the dark.

"No, it's Blue Maple. Although Blue Maple didn't awaken the original secret technique, the several secret techniques he practiced are also very powerful. Don't be preempted by him!"

"We also shot, otherwise Lan Feng shot, that kid is dead, there will not be our share!"

"Shoot!"

Those two groups of people couldn't help it, fearing that Lan Feng would be the first to kill Lu Ming, so the strong fighting spirit would not be theirs.

They couldn't help but rushed out.

Suddenly, the three parties appeared in the three directions of the mountain and surrounded Lu Ming in the middle.

Ok?

The cold light flashed in Lan Feng's eyes, apparently did not expect so many people on the side.

"All come out, then hurry up and kill you, I still have to practice!"

Lu Ming said lightly.

One did not look at Lan Feng and others at all.

Lan Feng was really about to be laughed at.

"Arrogant and ignorant, die!"

Lan Feng started directly, a surnamed Lan Yingying slashed towards the landing, terrifying.

Now, Lu Ming can already feel that Lan Feng's cultivation practice is also the Triple King of God, awakening the original source divine factor twice.

At the time of Jiu Jue Tian Wang Mansion, such a strength was not something Lu Ming could compete with at all.

But now?

Ha ha!

"Shoot!"

"Don't be preempted by Lan Feng!"

The other two groups of people saw Lan Feng shot, and they were in a hurry.

Tianjiao, headed by these two groups of people, are extremely powerful and belong to the second-level Tianjiao. Otherwise, they dare not compete with Lan Feng.

"It just happened together!"

In Lu Ming's eyes, the cold light flourished, and the door that dominated the head appeared.

The gate of Domination was shocked, terrible power burst out, and the surrounding attacks were defeated.

kill!

The Gate of Domination directly attacked and killed a group of them.

bump!

The arrogance led by the people was directly killed by the gate of the dominating gate and fell on the spot.

After killing this person, the door of the Lord turned and killed the Tianjiao headed by another group of people.

The Tianjiao hadn't reacted yet, and was killed by the gate of the ruler to destroy it.

Lan Feng's eye beads almost burst into stare, all eyes were incredible.

Those two, but Tianjiao, who is on par with him, had no resistance in Lu Ming's hands and was directly killed by the town.

how can that be?

Thinking of being in Jiu Jue Tian Wang Mansion at the beginning, Lu Ming was just a spicy chicken he could kill.

How long is this? How did the situation fully react.

"Run away!"

The remaining two youths almost scared to death and ran away.

Lu Ming was too lazy to pursue, and his eyes fell on Lan Feng.

He deliberately left Lan Feng, just to keep killing slowly.

"you you..."

Lan Feng was terrified and backed off again and again.

"Why isn't this expression so arrogant just now? Come on, kill me!"

Lu Ming followed up step by step, with a sneer on his face.

"Lu Ming, you dare to move me, I am from the Lan family. If you dare to move me, not only you, but also the Blue Spirit and the Blue Merchant, they will all die terribly!"

Lan Feng said coldly, seeing that he was not Lu Ming's opponent and began to threaten Lu Ming.

It's okay not to mention this, and at the mention of this, Lu Ming's eyes struck with a murderous blow.

boom!

The Gate of Domination directly suppressed.

"Break me!"

Lan Feng shouted, a full body of blue light broke out, and the sword light soared into the sky.

Lan Feng's strength is very strong, and he is also the triple king of Gods. He awakened the original source divine power factor twice. His strength is stronger than the two men just now.

Although he didn't control the original secret technique, he also practiced several extremely terrible secret techniques.

Otherwise, he would not be able to enter the top ten after confidently awakening the original divine factor.

Unfortunately, he met Lu Ming.

The Gate of Domination was suppressed, and Lan Feng's Jianguang burst directly.

Click!

A powerful force bombarded Lan Feng's body, Lan Feng screamed, the bones in his chest broke, his body flew out, and almost burst apart.

"Protect your son!"

Several other Lanjia Tianjiao rushed towards the landing regardless of life and death.

Anyway, this world will not really die, and the few Tianjiaos of the Lan family dare not run away, and it will be miserable if they don't meet again.

Their end is already doomed, and they are easily killed by Lu Ming.

Lu Ming stepped out and stepped on Lan Feng's face.

Chapter 3216: Escaped

Lu Ming stepped on Lan Feng's face, Lan Feng screamed, his body was like a meteorite, fell down to the ground, hit the ground heavily, and smashed the ground out of a humanoid pit.

Lan Feng was lying in the humanoid pit, his body twitching constantly, blood in his mouth, blood spewing wildly.

It's miserable!

"Damn... **** miscellaneous..."

Outside, the master of the Lan family saw this scene, and his face showed a terrible color, and he wished to slap Lu Ming.

Lan Feng is the first arrogance of the younger generation of the Lan family. It is the brand name of the Lan family, but now it is so miserable. Being stepped on the face by others, this is equivalent to everyone on the Lan family being stepped on the face by Lu Ming, making their faces hot. of.

"Okay, Lu Ming has the courage to step on well, but can't beat others. The threat behind him is really shameless. What a pride?"

Someone shouted loudly, naturally the hostile forces of the Lan family.

Hearing these words in the ears of the masters of the Lan family made them vomit blood.

In the ball world...

Lu Ming's body fell quickly, and he had to step on Lan Feng's face.

"Lu Ming, I won't let you go!"

Lan Feng roared with a strong breath, and then roared, his body torn apart.

Lan Feng, actually blew himself up.

He was prevented from being abused by Lu Ming.

Lan Feng exploded and his body emerged outside the orb world.

"Lu Ming, Lu Ming..."

Lan Feng growled, his face was extremely untidy, like a wild beast.

Although once he withdrew from the ball world, his injury would heal, but he still felt his face was hot, and Lu Ming's foot impressed him.

His killing of Lu Ming was extremely intense.

"Actually exploded!"

Lu Ming pouted, he really didn't want to kill Lan Feng so easily. Originally, he wanted to abuse him, but he did not expect Lan Feng to be so decisive.

"Hey, I will absorb half of my fighting spirit!"

Lu Ming groaned, and he found that Lan Feng exploded, and half of his fighting spirit was integrated into his suit.

Killing several top-level arrogances in succession, especially Lan Feng, the original fighting spirit is extremely strong, and has reached the point of the blue war suit.

Now that so much fighting spirit is integrated into Lu Ming's suit, the color of Lu Ming's suit is constantly becoming rich.

In a few moments, the color of Lu Ming's suit reached the peak of the blue suit.

Lu Ming felt that it was only one step away and he could upgrade to a purple suit.

"It's almost the same. If you absorb it again, it's not good for the plan behind me. Let's find a place to hide and practice. After three months pass, go to the central area to grab the seat of God!"

Lu Ming thought for a moment, then turned into a rainbow of light, and left here.

Soon after, Lu Ming found a secret place, then drilled into the underground, and opened up a space under the ground for quiet cultivation.

Those outside have completely lost Lu Ming's trail.

"How did Lu Ming go underground to practice? His suit was upgraded to a purple suit in one step, and once upgraded to a purple suit, it would definitely increase his strength!"

"Yes, he should seize the time at this time to enhance the level of the suit. With his strength, if the suit is strong enough, he may be able to compete in the top ten!"

"I don't understand!"

Some people argued that they shook their heads and did not understand Lu Ming's thoughts.

Only a few thought about it, and seemed to think of something.

In the orb world, fighting continues.

And as time passed, the fighting became more and more tragic.

The farther back, the higher the rank of many people's suits. Killing one person will get more fighting spirit. Some weak people will be killed.

The ten masters of the Holy City, Emperor Jianyi, Chu Chengkong and others, undoubtedly dazzled, became the most shining stars, attracting everyone's attention.

In a blink of an eye, it was three days before the three-month period was about to come.

On this day, Lu Ming left the underground and rushed out, ending the retreat for more than a month.

For more than a month, he naturally didn't make any major breakthroughs, but cultivated more firmly.

"Three days left, enough!"

Lu Ming rushed towards the center of the world.

He didn't go to hunt the war beasts, the flight speed was very fast, like a nine-day Kunpeng flying across the sky, and flew towards the central area quickly.

Two days later, he was not far from the central area.

At this moment, a terrifying spirit killed Lu Ming from one side, and the speed was amazing.

Lu Ming was shocked, his palms were held in the void, and a spear sprang out, sweeping away to the side.

It was a lance, bombarded on the long gun in Lu Ming's hand, Lu Ming body shocked, flew out to the side, broke a mountain.

"Good strength!"

Lu Ming's eyes narrowed, his figure stabilized, and he looked in that direction.

A young man with a burly figure and wearing armor came out of the air.

"Chu Chengkong, no wonder!"

Lu Ming's eyes narrowed slightly.

It was Chu Chengkong who attacked him.

The surface of Chu Chengkong's armor was covered with a layer of armor, and the color was actually purple.

Purple jersey!

"It's Chu Chengkong!"

"Chu Chengkong is going to start with Lu Ming!"

Outside, there was also an uproar.

Many people are excited.

Chu Chengkong, known as the strongest arrogance in the history of the God of War family, has an unfathomable combat strength, and is considered to be in the top ten, even hitting the top three.

And Lu Ming, the previous performance, can be said to be quite dark horse, was also ranked in the first gear.

Now Lu Ming faces Chu Chengkong, who is stronger?

"It must be that Chu Chengkong is stronger. Chu Chengkong is also a monster monster level character, but his cultivation base is stronger, Lu Ming is definitely not an opponent!"

Someone spoke, very sure.

"It makes sense!"

Others also nodded. Most people felt that although Lu Ming was strong, he was definitely not Chu Chengkong's opponent.

"Lu Ming, finally met, half of your fighting spirit, I accepted it!"

Chu Chengkong was armed with a spear and covered with two layers of armor and armor.

He looked calm and stepped towards the landing step by step, full of strong confidence.

"There's so much nonsense. If you want to fight, you can fight. I've already wanted to flatten you. Come on, let's go!"

Lu Ming shouted.

"Complete you!"

Chu Chengkong drank coldly, a violent breath rose into the sky, and a huge gun shadow surfaced for thousands of miles.

"God of War..."

Chu Chengkong drank low, just about to show the God of War strike.

At this moment, Lu Ming's figure flickered and flew away into the distance, the speed was almost extreme.

"Chu Chengkong, half of your fighting spirit is stored with you first, and I will take it later!"

Lu Ming's voice came from far away. In the blink of an eye, Lu Ming had flown out hundreds of miles away.

Chu Chengkong almost spit out a bit of blood.

His momentum had already risen to the zenith, and he was about to break out with a thunder blow, but Lu Ming fled...

Escaped...

Chapter 3217: Twenty Gods

Lu Ming fled without a fight and flew out hundreds of miles in a blink of an eye, leaving all those watching the battle stunned.

They thought Lu Minghui and Chu Chengkong had a big battle.

"Oh, I knew Lu Ming did not dare to fight. He knew very well that he was not Chu Chengkong's opponent, so he fled directly before starting!"

"Yes, Chu Chengkong is definitely stronger than Lu Ming. Lu Ming's strength is probably clear!"

"It's normal to escape without fighting, not to mention, Chu Chengkong's suit is still purple, and he has more increase in combat power!"

There was a lot of discussion at the scene that Lu Ming didn't know that he was defeated by Chu Chengkong before he escaped.

"Even Chengkong can crush Lu Ming even if he doesn't borrow the increase of his suit!"

An old man of the Ares family, with his beard, said lightly, his face full of confidence.

"This old guy, it's so early, don't be beaten!"

Yue Linglong whispered very uncomfortably. These words fell in the ear of the old man of the Ares family, making his eyes condensed, flashing a ray of murderous opportunity.

But Yue Linglong stood among the Wu family crowd, and the elders of the Ares family could only stare.

"Young people have short-sightedness, I don't know what it is!"

The old man of the Ares family waved his sleeve and yelled.

Yue Linglong made a grimace, too lazy to ignore each other.

In the orb world, Chu Chengkong saw Lu Ming fleeing, and was suddenly furious.

"Where to go?"

Chu Chengkong roared and chased towards Landing Ming.

"Don't go, fight me!"

Chu Chengkong chased behind Lu Ming and shouted.

"See you later!"

Lu Ming left a word and continued to fly.

He was not afraid of Chu Chengkong, daring to fight him.

But killing Chu Chengkong now is bad for his future plans.

Chu Chengkong, keep it behind and kill it.

Lu Ming used Jiutian Kunpeng to the extreme, and turned it into a Jiutian Kunpeng.

The skills of the Ares family are good at attacking, and the speed is not good at. The distance between the two is getting farther and farther.

"Lu Ming, leave me..."

Suddenly, two young people appeared in front of them, and one of them shouted.

"What a coincidence..."

Lu Ming's mouth twitched, because one of the young people was still an old acquaintance, and it was Yuanyu who had gone to the Jiu Jue Tian Wang Mansion to compete for the source of divine power.

Yuan Yu's talent can be said to be astonishingly high. When the King of God is the first one, the original divine power factor will be awakened a second time, which is absolutely rare.

Now, Yuan Yu's cultivation practice has also broken through to the Divine King.

After seeing Lu Ming, an amazing murder broke out in his eyes.

It was because of Lu Ming that he lost the source of divine power.

The source of the divine power was given to him by the Nine Sword Heavenly King's Mansion. When he knew the truth, he had not slept for three months.

Seeing Lu Ming at this moment, the evil is guilty.

"Lu Ming, fight again!"

Yuan Yu roared, and the double repair of God King broke out completely, plus the original divine power factor of the second awakening, he exhibited the strongest move and killed the landing.

However, as soon as his attack was attacked, his pupils grew sharply, because there were a group of nine-clawed dragons, who were rushing towards him.

Roar roar...

A total of thirty-six Nine-claw Divine Dragons drowned him all at once, and then Yuan Yu and the young man's bodies disappeared without a trace, and emerged out of the ball next moment.

"me..."

Yuan Yu almost vomited blood and was almost beaten.

After a lapse of more than a hundred years, he cultivated to enter the double king of Gods. He originally thought that Lu Ming could be cleaned up. Unexpectedly, Lu Ming was killed by Lu Ming in a single stroke, and he received a huge blow.

Lu Ming killed Yuanyu and another young man in a single stroke. He kept flying and continued to fly.

Soon after, Lu Ming threw Chu Chukong completely away and continued to fly towards the center area.

About half a day later, ahead, the dazzling light diffused.

Lu Ming saw a light mask, such as a large bowl with an upside down button, on the ground. Inside the mask, there was a flat ground.

On this ground, there are twenty battle platforms.

And beside each battle platform, there is a seat, this is the **** seat.

This round, named Dingo, is to **** it.

Twenty places are set first, and then a preliminary ranking is made according to the amount of personal fighting strength. After the ranking is determined, then the last one starts to challenge forward, and finally sets the top ten and the top three.

Many people have gathered near the mask.

Obviously, many people have arrived.

These people are covered in different color suits.

There are green, cyan, and blue.

There are even purple ones.

Lu Ming glanced over.

Void Cliff, Ye Zhifan, Yuan Jie...

These ten masters of the Holy City, no doubt, the color of the suit on their bodies is purple.

There are also Emperor Swords One and the garments of Qian Shengxuan who are all purple.

These people stand in the air, like standing tall, dazzling.

Others are far away from them, fearing that they will be killed and seize their fighting spirit.

All parties are far enough away from each other to guard each other.

Lu Ming's arrival attracted the attention of many people.

Some people's eyes flashed bad, some greedy.

Lu Ming's suit, although not purple, exudes a rich blue brilliance, obviously reaching the limit of the blue suit.

The distance from purple is only one step away. If you can kill Lu Ming, you will definitely get a lot of fighting spirit.

Many people are not well-intentioned, but have not done it.

They are afraid of it. Now there are so many people. If they start to fight Lu Ming, they are afraid that the mantis will catch the cicada and then get caught by others.

Among them, there is a glance, the killing is the coldest.

That is from Wu Fan's gaze.

Wu Fan, also one of the ten masters of the Holy Capital, had a purple suit, but only lilac.

He stared at Landing Ming and wanted to kill Lu Ming.

However, as the ten masters of the Holy City, he has many opponents and a lot of people staring at him. Here, he really dare not start his hands, fearing that he will be attacked by other people because he will move the whole body.

Lu Ming stood in the air and waited quietly.

With the passage of time, there are more and more people here, and people keep coming.

Soon, about five hundred people surrounded the mask.

Rumble!

The sound of breaking the sky sounded, Chu Chengkong flew quickly, and brought a violent wind.

"Lu Ming..."

Chu Chengkong roared, and as soon as he saw Lu Ming, he would kill him to the landing.

But at the next moment, he stopped immediately, his body stiff.

Because a lot of eyes fell on him, these eyes were all greedy.

The color of Chu Chengkong's suit was too dazzling.

Deep purple, emitting a strong purple light.

How much fighting power does this have?

There are only a few suits that can be compared with Chu Chengkong.

Even Tianjiao of the level of Shengdu Shijie, staring at Chu Chengkong, was about to move.

Chu Chengkong didn't dare to do it, and made a defensive gesture.

In the end, no one shot.

There are too many masters at the scene, and they all care about each other. The first shot will definitely be targeted by others. If it is not good, it will become the prey of others.

Chapter 3218:

Around the mask, everyone cared about each other, and in the end no one shot and stalemate was there.

Time, one minute and one second passed.

In the end, the people around the mask stayed at about five hundred.

Obviously, everyone else was eliminated.

More than 10,000 people entered, and after three months of fighting, there were about 500 people left.

And these five hundred people can be said to be elites, to compete for the last twenty seats.

As time passed, the atmosphere on the scene became more tense and more dignified.

Everyone stared at the **** seat in the mask, ready to fight.

Weng!

Suddenly, the mask shivered slightly, and the light was vigorous. At the next moment, when it touched, the mask exploded and disappeared into light spots.

Uh! Uh! Uh!

As soon as the mask dissipated, a Taoist figure rushed towards the 20 battle platforms.

More than 500 people spread out 20 shares and rushed towards 20 different battle platforms.

"roll!"

"You're the one who gets off!"

People are still in the air, and scuffles broke out.

In a moment, dozens of people were killed and fell into a melee.

call out!

Refers to the sky.

The Void Cliff, the head of the ten masters of the Holy City, was pointed out with **** in a row, and each finger had a young man's body penetrated and fell to the spot.

In the blink of an eye, more than a dozen Tianjiao were killed by the Void Cliff.

"It's Wuzhi, go!"

The remaining youths were frightened and did not dare to compete with the Void Cliff. They all left this battle platform and rushed to other battle platforms.

In another battle platform, the sword light flashed, and the sword gas spread 90,000 miles.

Blood flashed, more than a dozen young people were beheaded with a sword.

That is Emperor Sword One, white-haired Emperor Sword One in white!

Fearful of the youth on his battle platform, he also left the battle platform.

The top ten celestials of Saint Capital Ten and Emperor Jianyi did not rush to the same battle platform, but were scattered. Now, it is not time for them to fight.

With these battlefields, other battlefields cannot compete at all, even if they are ranked second, they are easily beheaded.

These top-level Tianjiao easily occupied a battle platform.

Uh!

Lu Ming also rushed to a battle platform.

This battle platform does not have the first grade of Tianjiao.

"kill!"

Suddenly, at least a dozen attacks, killed Lu Ming.

Lu Ming's suit is extremely rich in color, and many Tianjiao are eyeing Lu Ming.

"Block it!"

Lu Ming screamed deliberately, casting a chain of ice and resisting with nine heavy red gold armor.

Boom!

A dozen attacks fell on Lu Ming. Lu Ming deliberately shook his body, pretended to be invincible, and retreated backward.

The main reason is that there are too many people flying to this battle platform, actually more than a hundred, and the number is still increasing.

Because other battle platforms have terrifying strong men sitting in town, it is difficult for others to compete, and they all flew to this battle platform.

With so many people, Lu Ming is not so stupid, and now he is dead or alive, how tired?

Therefore, he showed weakness and pretended to be repelled.

After Lu Ming was repulsed, some people wanted to take the chase and kill Lu Ming, but they were killed by others.

So many people, how could everyone attack Lu Ming together and stare at each other, as long as there is a gap, they will relentlessly shoot.

No one stared at the landing, and a melee broke out on this platform.

Lu Ming rushed from left to right in the crowd, looking very 'weak'.

Then someone started to comment.

"This Lu Ming does not work, there is no first-grade combat power!"

"The other arrogance of the first-class combat power, leading the way, suppressing the crowds, no one dares to fight, and has already taken the seat of God!"

"I'm right, Lu Ming's combat strength, although good, is estimated to be only the peak of the second grade, not the first grade!"

Seeing Lu Ming look like this, a lot of gloating and scourge, thinking that Lu Ming's strength is nothing more than that.

However, several youths frowned.

Those are some Tianjiao killed by Lu Ming, such as Lan Feng.

When Lu Ming killed them before, they felt that Lu Ming's power was almost as thick as the sea and unfathomable. With such fighting power, he should not have behaved so badly.

"This guy, pretending to be weak..."

Lan Feng guessed Lu Ming's purpose. He wished to remind those arrogants to solve Lu Ming together. Unfortunately, he could only think about it.

Lu Ming's battle platform was extremely fierce.

Hundreds and dozens of people are fighting each other. There are only two such platforms in such a fierce battle.

Every moment, someone was killed, and the light disappeared here.

Even so, the fighting is still tragic.

Because, if you are killed here, you will not really die. They have no worries, and naturally they are all desperate.

Soon, there are dozens of people left on this battle platform, and the number is still decreasing...

In the end, only a dozen people were fighting.

These dozens of people are all in the second rank of Tianjiao, Xiuwei has reached the triple king of God, and awakened the existence of the original divine power factor twice.

More than a dozen people have similar fighting strength, fighting each other. After a scuffle, they are naturally injured and their fighting strength is seriously damaged.

At this time, Lu Ming went out.

Lu Ming carried his hands on his back, stepped on the void, and stood in the sky. He looked like a blasted sky, and said, "You guys, let me go, this battle platform is mine..."

"Fuck you, die for me..."

"Boy, your fighting spirit is mine!"

Seeing this look of Lu Ming, someone immediately shot Lu Ming.

"Perseverance..."

Lu Ming pretended to say a word, and then directly sacrificed out the door of the master.

boom!

The Gate of Dominance has turned into a huge giant, and it has been suppressed. These days of arrogance have been injured, and the combat power has been greatly reduced. Where can they block the Gate of Dominance, they are directly killed by the Town of Gate of Dominance Lu Ming.

"No, it's the root secret!"

The remaining Tianjiao was shocked.

"kill!"

Lu Ming continued to control the Gate of Domination and continued to suppress it.

Bump bump bump...

Tianjiao was constantly killed by the dominating gate town and fell on the spot.

There are more than ten arrogances, and there is no one left in a flash.

On this battlefield, only Lu Ming is left.

Lu Ming smiled and walked to the throne.

"Shameless, shameless!"

"It's shameless to deliberately wait for someone to get hurt!"

Outside, someone shouted that Lu Ming took advantage of others.

"What shameless, this is called tactics!"

Yue Linglong's unpleasant rebuttal.

An argument outside can't change the facts inside.

Lu Ming walked to a divine seat, sat down on it, and looked up.

He saw Qiuyue, and Qiuyue also occupied a throne and sat on the battle platform.

It is worth mentioning that the combat strength Qiuyue just showed was also extremely amazing, completely reaching the first grade, and shocked many people.

Qiuyue smiled at Landing slightly.

"Come on, get into the top ten!"

Lu Ming cheered Qiuyue.

At this moment, only the last battle platform remains, and there is still a fierce battle.

There are only the last ten or so.

Chapter 3219: Initial ranking

Blue Spirit is also competing in that battle platform. Unfortunately, although she awakened the original source secret technique, the awakening of the source source divine factor is not enough. That platform has a very strong arrogance. Although she did not awaken the original source secret technique, she mastered With several other terrible secrets, the combat power is very amazing, and it is even better than Lan Feng.

In the end, Blue Spirit was killed out of this world and quit the competition.

After a fight, the last battle platform was occupied by the powerful Tianjiao.

The Tianjiao, although not the first-grade strength, but also enough to rank in the second-grade peak, the key is that the color of his suit is extremely rich, actually purple.

It can be seen that he had good luck before.

The purple suit has also greatly increased his combat effectiveness, so he finally defeated the group heroes, won the victory, and took the last seat of the throne.

All the twenty seats have the Lord.

Twenty people, eyes far away from each other, collided with a brilliant spark.

After that, the 20 of them will be opponents.

In the top ten, this is the goal of many people.

At this point, only the top ten are meaningful.

The eleventh to twenty places have no meaning at all.

Only if you enter the top ten, can you be eligible for Kaifu.

To enter the top three, you can put forward a condition to the Holy Emperor.

This is the goal of everyone.

At this moment, the national teacher stepped out and stood above the orb world. He waved his hand and a rainbow of light fell into the orb. Then, he spoke, and his voice could be directly transmitted into the orb world.

"Okay, now the top 20 have been decided. Now, I will make a preliminary ranking based on how much you have gained in fighting strength!"

The voice of the national teacher sounded in the ears of Lu Ming and others.

"First place, Emperor Jianyi!"

Then, the National Teacher announced.

Emperor Jianyi's fighting spirit is the most intense. This is beyond everyone's expectations.

Because of the color of the armor, one can also see that the purple armor of Emperor Jianyi has the most intense color.

"Second place, Void Cliff!"

"Third place, Qian Shengxuan!"

"Fourth place, Chu Chengkong!"

...

"Thirteenth place, Qiuyue!"

"18th place, Lu Ming!"

"Nineteen, Youxing!"

.....

Soon, the national division ranked the fighting strength of the twenty men and announced it.

Of course, this is only the initial ranking, and the final ranking needs to be determined by the challenge.

"I actually ranked eighteen, and two of them are even lower than me!"

Lu Ming muttered.

For a while afterwards, he did not deliberately seize the fighting spirit, that is, to make the ranking lower in the last battle, I did not expect someone to be lower than him.

Rumble!

At this time, the twenty battle platforms under their feet began to move, and finally gathered into a larger battle platform.

Twenty top-level arrogances sit on the 20 thrones and distribute them.

"According to the rules, the last person to start a challenge, everyone, only one chance to challenge, if the challenge is successful, you can choose to continue the challenge, or temporarily rest!"

"If the challenge fails, there is no chance to continue the challenge, only to wait for the challenge of others. Now, starting from the twentieth, twenty, Gao Song, who are you going to challenge?"

The voice of the Guoshi continued to sound.

The twentieth place, named Gao Song, came from Liuguang Tianwang Mansion.

Liuguang Tianwang Mansion, ranked second among the 27 Tianwang Mansion, second only to Wushuang Tianwang Mansion, ranking higher than Qiansheng Tianwang Mansion.

Gao Song is the strongest Tianjiao in the Emperor's Mansion of Streaming Light, and also a Tianjiao ranked in the first grade. His strength is very amazing.

Gao Song stepped out, landed on the battle platform, glanced at it, and finally landed on a young man.

"Yu Jiuqian, come out to fight!"

Gao Song pointed to one of the young people.

"He will challenge 9,000!"

Many people felt shocked.

Yu Jiuqian, one of the ten heroes of the Holy City, ranked ninth in Jiu Qian's rankings.

"It's normal. If I, I also chose Yujiu, and now the 20 people, everyone wants to enter the top ten. Gao Song's goal is obviously to enter the top ten!"

"He knows that, with his strength, it is no drama to enter the top three, so his ultimate goal is to be in the top ten, and it is most appropriate to challenge the ninth ranked Yu Jiu thousand!"

"As long as he defeats Yu Jiuqian, he can leap into ninth place, and then wait for the challenge of others. Even if he loses one game, his position will fall back by one place and he can keep the tenth place!"

Someone explained.

This explanation has won everyone's approval.

Then why not challenge the higher ranking people, is it safer? The reason is very simple. The higher ranking people have stronger strength. Gao Song has only one chance to challenge. If he fails, he can only be fixed at two. Ten, there is no chance.

Therefore, it is best to choose Yu Jiuqian, who ranks ninth.

"Choose me, it's your fault!"

Yu Jiuqian spoke indifferently, stepped out and landed on the battle platform.

"Really? Ten heroes of the Holy City, I thought I would have met. Chu Chengkong could defeat Yuan Jie, and I could still defeat you!"

Gao Song smiled lightly and was very confident.

Chu Chengkong and Yuan Jie snorted at the same time.

Yuan Jie was inexplicably lying down and was upset.

And Chu Chengkong is disdainful, Gao Song also deserves to compare with him?

boom! boom!

The two no longer talk nonsense, burst into a strong breath, and then the two figures collide like a streamer.

A terrible explosion sounded, and violent energy swept through all directions like stormy waves.

The two fought fiercely together.

Both of them are ranked in the first grade, there is no doubt that the strength is very strong.

All of them are the three cultivation practices of God King, the source divine factor awakened twice, and, awakened the source secret technique.

On the surface, the strength of the two should be similar.

In fact, even if the difference is not much on the bright side, the actual combat power is still different.

The use of the original secret technique, as well as other magical skills under control, divine skills, the strength of the secret technique, personal fighting consciousness, and fighting skills, all determine the strength of the fighting power.

For example, two people are a hundred pounds of strength, one is just an ordinary intellectual, and the other is a trained special soldier. Can the combat power be the same?

There are also such as Lu Ming, in addition to the original divine power factor, the original secret technique, but also control other horrible magic skills and secret techniques, the combat power is also amazing.

Therefore, there is also a gap between Yu Jiuqian and Gao Song.

Moreover, Gao Song's body suit is a blue one, and Yu Jiuqian's one is a purple one.

After dozens of battles between the two, Gao Song began to lose, falling down and being suppressed by Yu Jiuqian.

At the scene, everyone watched carefully.

It is rare to see a Tianjiao showdown at this level.

Lu Ming is also watching carefully.

"Give me down!"

In the end, Yu Jiuqian roared, exerted his full strength, and made the strongest move.

Chapter 3220: Challenge Lu Ming

Yu Jiuqian and Gao Song made the strongest move and made a peak showdown.

Eventually, Gao Song's body was violently shaken, his body retreated, and he flew backwards, flying all the way out of the battle platform, vomiting blood.

Gao Song, defeat!

In this competition, he was knocked out of the battle platform and was defeated.

Also, if you are killed, you are considered defeated.

When Gao Song lost, he actually flew out a fighting spirit and merged with Yu Jiuqian, making Yu Jiuqian's suit more intense.

"Defeat also draws fighting spirit!"

Lu Ming's eyes lit up, and he was overjoyed.

He really bet correctly.

The faces of other people have also changed.

After being defeated, the fighting spirit will be sucked in half, which will have a great impact on the subsequent competition.

Everyone thought differently.

Gao Song's face was extremely ugly.

He was originally ranked in the last place, but now the challenge has failed, there is no chance, and the ranking is fixed at twenty.

Yu Jiuqian smiled slightly and returned to his own throne.

"Yu Jiusheng wins, the competition continues, and the star ranked 19th begins to challenge!"

The National Division continued to announce.

You Xing is the first arrogance of the Nine You King's Mansion, and its strength is extremely strong, ranking above the first grade.

He was like a ghost, and as soon as he flashed, he rushed to the battle platform.

Then his eyes glanced at the crowd.

Some people's eyes flickered, and they were extremely afraid of Youxing.

Many people are guessing who the quiet star will challenge.

In the end, Yu Xing's eyes fell on Lu Ming.

"Boy, get down and die!"

Yu Xing pointed at Lu Ming, and a cold voice sounded.

"He challenged Lu Ming?"

Many people moved in their hearts and were a little surprised.

I originally thought that Youxing would, like Gao Song, directly challenge the characters in the top ten, and grab the top ten first. That is the most labor-saving way.

Challenge more than a dozen first, then challenge others, you need to consume more divine power.

Moreover, You Xing still challenged the 18th ranked Lu Ming.

"Challenge me!"

There was a smile on Lu Ming's mouth.

To be honest, this is exactly what he wants

Lu Ming also stepped out and came to the battle platform, standing opposite to You Xing.

"Boy, the man who killed me in the Nine Serenity Palace, your end will be miserable!"

You Xing said coldly, and the whole body was filled with ghost spirits, like a ghost king who came out of hell.

"How about killing? I might as well tell you that before you, I killed several more. After a while, I have to add you!"

Lu Ming said lightly, a picture that did not put the faint star in his eyes.

"I will let you die miserably!"

In Yu Xing's eyes, there was a continuous glare of light flowing out, and the whole body was full of ghostly spirits, and as soon as his figure shook, he slammed towards the landing.

Ghostly tumbling, a huge ghost claw, caught to the landing Ming.

"Ancient God Skill, Cut the Moon..."

With a move in Lu Ming's heart, he exhibited the ancient **** body, and his body exploded into the ancient armor.

Then, a huge spear appeared in the hand, and one shot was cut out.

The crescent-shaped spears slashed towards the ghost star of the star.

"It's really stupid to meet the people of Jiuyou Tianwang Mansion!"

Seeing this scene, many people shook their heads.

Everyone knows that the attack of the Nine Nether Heavenly King Mansion is extremely strange and can affect the soul.

Once confronted with it, it will be invaded by the strange energy of the other party.

Isn't Lu Ming doing this by himself?

"Fuck me!"

In the eyes of Yu Xing, there was also a proud look, cold flashes, and the power of ghost claws increased a little.

boom!

The spear turned by the crescent moon collided with the ghost claw of Youxing, bursting into a violent roar, full of energy.

Sure enough, a strange force rushed towards the landing Ming, to attack Lu Ming's soul.

However, among Lu Ming's souls, there are Jingyu picture scrolls guarding and soul attacking, which is invalid for him.

You Xing didn't know that his attack was not effective for Lu Ming, only to see him grinning, said: "Stop me!"

His palm was like a knife, and he slashed to the landing Ming's head.

He wanted to kill Lu Ming with this trick.

Lu Ming sneered, the breath on his body exploded even more, and the spear in his hand thrust upwards, turning into a dazzling lance, blasting towards Youxing.

This is the last move of the World Extermination Three Strikes, star burst!

The huge spear, when collided with the star, burst and burst, and the terrifying destruction energy enveloped the star in it.

"Ah!!! How could you still exert your full strength?"

You Xing screamed, her figure retreated, and her eyes were full of incredible.

He wanted to take the opportunity to take Lu Ming's soul under his influence and kill Lu Ming in one fell swoop. Lu Ming did not expect Lu Ming to be affected.

"Carving insect skills, it's useless to me!"

Lu Ming said lightly.

"Do you have a treasure to protect your soul?"

You Xing thought of something, roared.

"kill!"

Lu Ming was too lazy to explain, and directly killed Youxing.

"Inferno Ghost King, come out for me!"

The star roared, the ghosts around the body exploded, and then a screaming roar sounded, and a huge evil spirit formed and rushed towards the landing.

This is the original secret technique of Youxing, Purgatory Ghost King!

"Dominant door, come out!"

Lu Ming whispered, ten kinds of divine power in his body worked at full strength, the door of the master emerged, exuding radiance, and suppressed toward the purgatory ghost king.

The purgatory ghost king roared, wielding the ghost head knife, and cut it on the door of the ruler.

The slight vibration of the Gate of Domination radiated an ancient brilliance, while the Infernal Ghost King retreated continuously.

Weng!

The Gate of Domination continued to suppress toward the other party.

Yu Xing, after the ability to attack the soul is invalid to Lu Ming, the combat power is not as good as other Tianjiao of the same level, Lu Ming is easy to deal with.

He manipulated the door of the ruler and kept suppressing it.

After more than a dozen moves, the Infernal Ghost King exploded, and the Gate of Dominance slammed into Yu Xing's shoulder.

You Xing screamed, her body flew out, half of her body burst apart, and she couldn't bear to gamble.

"Ah boy, I won't let you go!"

Yelling Star roared, dragging her residual body, and rushed towards the bottom of the battle platform.

Lu Ming waved his hand, and nine ice chains flew out, covering the entire battle platform.

Taiyin's divine power has now awakened the original divine power factor, which also makes the coldness of the ice chain even more amazing. The entire battle platform is permeated by the cold and must be frozen.

Ye Xing rammed into the ice, breaking through the ice, but did not rush out.

"Starburst!"

Lu Ming once again fired a shot, the destructive force swept away toward the Youxing, then, the door of the Lord continued to suppress.

Two big tricks, two-pronged approach.

Hearing a scream from You Xing, his body burst completely.

At the next moment, Yu Xing's body emerged outside the sphere. He was directly killed by Lu Ming, killing the sphere world.

"Damn, damn..."

After being killed, Youxing still roared in the mouth, violent and thunderous.

"This kid, let's kill!"

Some masters of the Nine Nether Heavenly King's Mansion are as skinny as they are, shrouded in black robes, exuding a cold atmosphere and a cold and quiet opening.

Many people involuntarily stay away from these people, and their hearts are horrified.
