

D Emperor 3221

Chapter 3221: War Wu Fan

Many of the onlookers were stunned by the result and were shocked by the result.

Before, many people thought that Lu Ming did not have the strength of the first grade, at most only the peak strength of the second grade.

But now, Lu Ming has killed Youxing strongly.

But why, when Lu Ming encountered Chu Chengkong before, he didn't dare to fight even Lien Chan. He fled directly, some people raised questions.

"It's very simple, mainly because Chu Chengkong is too strong. Chu Chengkong's combat power is completely capable of competing for the top three. Although Lu Ming also has the strength of the first grade, he is not Chu Chengkong's opponent!"

"He has self-knowledge and knows that he is not Chu Chengkong's opponent, so he avoids and does not fight. I estimate his goal is the top ten. Also, although he defeated Youxing, he has a treasure that protects the soul. For him, the biggest trick is useless, he dealt with it, but easier!"

An old man with white hair explained that he looked through everything.

"Seniors are wise, their eyes are torch!"

A group of people flattered.

On the battle platform, after Lu Ming killed You Xing, suddenly, there was a lot of fighting spirit on Yu Xing's body and flew into Lu Ming's suit.

Lu Ming's armor exudes a dazzling brilliance, the color is intense to the extreme, and then the color changes, and the blue color fades away and is replaced by purple.

Lu Ming's suit finally upgraded to purple.

His suit had already reached the peak of blue, after absorbing half of the star's fighting spirit, he finally upgraded.

However, it is only the color of lilac, and there is still a big gap with Emperor Jianyi, Chu Chengkong and others.

"Youxing Challenge failed!"

The National Teacher announced that he continued: "Now, Lu Ming, ranked eighteenth, continue to challenge!"

"Lu Ming is going to continue to challenge, he has just fought a battle, now he does not know who will challenge?"

Everyone guessed.

Lu Ming stood on the battle platform and did not return. The spear pointed at a young man and said, "Jinzhou, come down to fight!"

The face of the young man challenged by Lu Ming sank slightly.

Then stepped out and landed on the battle platform.

"This Lu Ming, actually challenged Jinzhou!"

"It's very simple. Among the current people, Jinzhou is the weakest and can only be regarded as the peak of the second grade. Who will not challenge him?"

"thats right!"

Jinzhou was the most competitive person in the last battle, and Lan Ling was defeated by him.

Although this person has a lot of fighting spirit, the lavender suit was initially ranked fifteenth, but its strength is not strong, it is the weakest among all people, and it has not awakened the original secret technique.

"Although I haven't awakened the original secret technique, but you want to defeat me, it's not that easy, Fengshen Tribulation, kill!"

Jinzhou shouted and exploded with all his strength, exhibiting the strongest secrets and killing tricks, and slammed towards the landing.

boom!

Lu Ming directly sacrificed out the door of the ruler and smashed it towards Jinzhou.

Although Jinzhou controlled several powerful secret techniques, his strength was still not enough. Under the suppression of the Gate of Domination, his body trembles. After a few strokes, he was flew to the edge of the battle platform, and his palms almost exploded. , There was a continuous flow of blood in his mouth.

boom!

Lu Ming continued to control the Gate of Domination to suppress it, Jinzhou gritted his teeth, turned around and rushed down the battle platform, directly admitting defeat.

Confess, he still has a chance to challenge behind him. If he is killed by Lu Ming and kills the world, he will have no chance to challenge.

"Purple suits are really great for the increase in combat power!"

Lu Ming whispered, smiling.

Just now, under the increase of the purple suit, he has a stronger strength, and even the power of the Gate of Domination has become stronger, so he can easily defeat Jinzhou.

Jinzhou admits defeat, half of the fighting spirit is absorbed by Lu Ming, Lu Ming's suit, the color suddenly deepened, slowly out of the scope of lilac.

Lu Ming's defeat of Jinzhou did not surprise everyone. After all, Jinzhou was only the second-level strength.

"In this battle, Lu Mingsheng, Lu Ming, do you continue to challenge, or do you temporarily rest?"

The National Teacher continued to announce.

"carry on!"

Lu Ming's voice came from afar.

Many people's eyes brightened.

If Lu Ming wants to continue to fight, if he wants to continue to challenge, he can only challenge the first fourteen people. Each of the first fourteen people has a very strong combat strength, and each one may enter the top ten.

This time, you should be able to test Lu Ming's combat strength.

"Wu Fan, get out of battle!"

Just as everyone was turning around, Lu Ming's voice rang again.

"He wants to challenge Wu Fan?"

"Strange, Wu Fan is ranked 14th, he actually wants to challenge Wu Fan, I thought he would directly challenge the top ten characters!"

"Does he challenge so much, should he consume a lot of divine power?"

"I know that he seems to have hatred with Wu Fan, but it is really unwise to challenge like this!"

There was a lot of hustle and bustle on the scene, and many people had some inexplicable ideas about Lu Ming.

Generally, those who challenge later will directly challenge the top ten, just like Gao Song.

Because this is the best combat plan, the number of battles can be reduced to a minimum.

Now they are all masters. Every battle is extremely exhausting. In the event of injury, they cannot be healed in time, which will greatly affect the combat power and will be very unfavorable for the subsequent challenges.

It is the best choice to directly challenge the top ten, but Lu Ming is the Wu Fan who challenges the fourteenth.

Moreover, Wu Fan is the son of the national teacher!

The national teacher's face sank slightly, without saying much.

"Are you going to challenge me? Very good, very good, since you are going to die, I will fulfill you!"

Seeing that he was challenged by Lu Ming, Wu Fan's eyes filled with cold murder.

Stepping out, Wu Fan came to the battle platform, and his body was filled with strange gray mist, making his body look erratic.

boom!

A strong breath erupted at the same time between the two, meeting in mid-air, arousing a wave of madness.

Wu Fan, because of the Blue Spirit, wants to kill Lu Ming.

Lu Ming, because of the matter of the Blue Merchant, wants to kill Wu Fan.

Both of them want to kill each other.

"Ancient Wuquan, kill!"

Wu Fan drank coldly, his figure rushed towards the landing, like a mountain, pressed against Lu Ming, and punched with a punch.

"Shenlong Faxiang!"

Lu Ming's double fists blasted out in succession, and thirty-six nine-clawed dragons formed, rushing towards Wu Fan.

At the same time, Lu Ming stepped on his foot, and a huge spear blasted Wu Fan like a mountain.

At the moment, Lu Ming maintained four times the fighting strength, and the ancient armor of Qingjia, his strength remained at its peak.

"Ancient witch body!"

Wu Fan shouted, his body bulged in a circle, his muscles bulged, full of majestic power.

boom! boom!

His double fists blasted continuously, piercing the air, and brought a violent roar.

With each punch, a nine-claw dragon was blown open, dozens of fists in a row, and thirty-six nine-claw dragons exploded.

Chapter 3222: Continuous challenge

Wu Fan instantly blasted dozens of punches, and the power of each punch was astonishing. Thirty-six nine-clawed dragons were instantly defeated, and the last punch bombarded Lu Ming's spear.

when!

The deafening voice spread throughout the audience. The violent shaking of the spear, Lu Ming and Wu Fan's bodies, slightly shocked, backed away a few steps.

"Good strength!"

Lu Ming's eyes moved slightly.

The ancient witch body displayed by Wu Fan seems to be similar to the ancient **** body. After being cast, the power will skyrocket.

However, Wufan's ancient witch body is obviously not as tall as Lu Ming's ancient **** body.

Lu Ming stepped on his foot, brandished his spear, and continued to kill Wu Fan.

Break the sky, cut the moon, burst the star...

Three blows to the World Extermination were used by Lu Ming serially, and the guns covered Wu Fan's body.

Wu Fan shouted and exploded his strength to the extreme, fighting Lu Ming.

However, after more than a dozen moves, Wu Fan began to lose, and his figure retreated, gradually being suppressed by Lu Ming.

After all, pure power struggles with Lu Ming gaining the upper hand.

"This is Lu Ming's strong power. God King is so important. Why is the power so amazing?"

"He absolutely has control over several terrible mysteries, such as the mystery that can double the combat power, and his divine power is also very strange and full of scary!"

"It's really a son of Heaven's Election. He is also a peerless arrogant, and he can fight across the two-fold cultivation. The husband has lived the endless years and has never seen it!"

"The prince who was shocked at that time was nothing more than that, I'm afraid it might be better!"

Lu Ming can force Wu Fan to this step, which makes many people have to marvel.

The national teacher's complexion was even more gloomy.

"Hundred beasts kill!"

At this moment, Wu Fan angered, and a strange red light appeared from his body. These red lights were red like blood, like blood flowing.

Then, these red lights turned into different gods and beasts.

There are dragons, phoenixes, unicorns, gluttonous...

A total of dozens of mythical beasts rushed to the landing, and each one exuded monstrous anger.

boom!

Lu Ming struck a Shenlong body with a shot, and the spear shocked. Lu Ming felt a terrifying force rushing towards him, and his figure backed back again and again.

At the same time, a strange red light, along the spear, will penetrate Lu Ming's body.

Stained by this red light, Lu Ming felt a sharp pain.

"What a terrible power, this is the original secret technique!"

Lu Ming knew that Wu Fan finally showed his secret technique and began to work desperately.

"Door Gate!"

Lu Ming did not hesitate, cast the door of domination, and suppressed toward the front.

The Gate of Domination exudes a flood of ancient light, and a strong attraction pervades, acting on that single beast.

Boom!

That single beast, impacted on the door of the ruler, broke out all kinds of terror attacks, and the two sides collided constantly.

"Crush me!"

Lu Ming drank coldly. Ten kinds of divine powers rolled in the body, with the dominating divine power as the core, and madly poured towards the dominating gate.

The Gate of Domination buzzed and shattered, and a stronger force erupted, rolling down like a sky monument.

Bump...

Several consecutive beasts were burst by the town's burst.

Wu Fan's face changed, and the red light on his body became more intense. The whole person turned into a blood man. The gods and beasts transformed by the red light roared, and their power became stronger.

There are also some beasts who want to avoid the door of the ruler from both sides and kill Lu Ming directly.

However, a strong attraction broke out on the door of the domination. There, like a black hole, the strong attraction, like a cage, attracted those gods and beasts.

The collision continued and the two sides tried their best to confront.

"Starburst!"

At this moment, Lu Ming was holding a long gun, one shot stabbed towards Wu Fan, and a horrible gun, towards Wu Fan.

"How could you have more energy..."

Wu Fan shouted, shocked.

He confronted Lu Ming and tried his best. He had no extra power to launch other secret techniques, but how could Lu Ming still have the power to launch other killing moves?

Naturally, he didn't know that Lu Ming had a quantitative formula.

In order to cope with this assessment, Lu Ming had stored a lot of divine power and manipulated the door of the ruler. Although Lu Ming's divine power was drained, Lu Ming immediately poured divine power into Lu Ming's body. The ten star cores in his body instantly became full again.

Naturally has the ability to launch other attacks.

boom!

The blast of the star burst hit Wu Fan, and then burst apart, and the power of destruction completely covered Wu Fan.

Wu Fan's body exploded, and it was no longer possible to maintain the original secret technique, and the mythical beasts broke apart in an instant.

The Gate of Domination seized the opportunity, suppressed it, and directly hit Wu Fan's head.

Wu Fan screamed, his body burst, fell on the spot, and then re-condensed out of the ball world.

"Lu...Ming..."

Wu Fan's face was completely distorted, like an evil spirit, bursting out an amazing murderous opportunity.

He, one of the ten masters of the Holy City, peerless Tianjiao, was actually defeated, and was defeated by Lu Ming. In his opinion, Lu Ming, his rival, was really unacceptable.

And now that he is defeated, it means that he has completely ended this competition and missed the top ten.

He was all mad.

Before the Taixu pilgrimage was convened, he said that he would definitely win the top ten and even hit the top three.

But now, it's nowhere near the top ten. What he said before was just farting and hitting his face.

All this was caused by Lu Ming.

"Damn shit, shit..."

Wu Fan roared like a wild beast.

"Fan'er, be calm and win or lose is a matter for the soldiers!"

A voice sounded in Wu Fan's ear, Wu Fan's body shook, and the body's anger finally dissipated a little.

"Yes, dad!"

Wu Fan nodded to the state teacher.

The teacher who spoke just now is naturally a national teacher.

"Well, you have to learn a lesson from this incident and strive for a stronger one!"

The national teacher nodded.

Although the National Teacher said so, when he turned to look at Lu Ming, there was still a ray of cold murder in the depths of his eyes.

After killing Wu Fan, half of Wu Fan's fighting spirit was absorbed by Lu Ming.

Lu Ming's body suit exudes a radiant brilliance, and the color has completely changed to a deep purple, second only to the suits of Emperor Jianyi, Void Cliff and others.

"Yes, absorb some more, it should be able to turn into a golden suit!"

Lu Ming smiled at the corner of his mouth.

"In this battle, Lu Mingsheng, Lu Ming, do you continue to challenge, or do you temporarily rest?"

The national teacher continued to ask.

"carry on!"

Lu Ming's answer was very simple, and then the spear pointed at a young man and said, "Yuan Jie, come down for a fight!"

This time, Lu Ming challenged Yuan Jie, one of the ten masters of the Holy City.

Yuan Jie, in the previous ranking, was twelfth, two higher than Wu Fan.

"He actually challenged Yuan Jie. Is he going to challenge step by step?"

"Thirteenth autumn moon is his own, so he has no challenge. He really wants to challenge step by step!"

"He has so much divine power? Such a battle is extremely depleting of divine power!"

Chapter 3223: Carp Sword

This sequence of challenges for Lu Ming is really confusing.

Many people looked puzzled.

"Obviously, he is going to challenge step by step, absorb the fighting spirit, and let the suit continue to upgrade, so as to increase his strength. Lu Ming's goal is very large, not just as simple as the top ten!"

"It seems that he wants to hit the top three. If I guess correctly, there must be a treasure that can store divine power on him!"

Some experienced people finally guessed Lu Ming's purpose.

However, they are still suspicious.

Because, treasures that can store divine power, although rare, are still some in Taixu Holy Capital.

But generally these treasures can only store one person's divine power at most, or twice the divine power...

However, in such a arrogant duel, it is necessary to fight against each other, even if it stores twice as much as three times the divine power, it is not enough.

Although they have no connection, the result of the guess and Lu Ming's plan are already inseparable.

That's right, Lu Ming's plan is to fight step by step, absorb the fighting spirit of others, and upgrade his suit.

Therefore, Lu Ming had been there before, and he hadn't absorbed the fighting spirit for a long time.

If he continues to absorb the fighting spirit before, absorbs enough fighting spirit, and ranks high in the beginning, how can he always have the opportunity to challenge?

Moreover, before absorbing war, how can it be so fast now.

Now Tianjiao here, absorbing a lot of fighting spirit one by one, as long as he defeats one, he can absorb a lot of fighting spirit. This speed is really fast, and it can really make the suits continually upgrade.

Therefore, when Lu Ming encountered Chu Chengkong before, he turned around and left, without fighting with the other party.

Uh!

Yuan Jie's body moved to the battle platform, and his long gun pointed at Lu Ming, and his strong gunshot permeated all directions.

"bring it on!"

Yuan Jie's words were very simple. As soon as his words fell, he slammed towards the landing.

Yuan Jie, a life-threatening gun, has an extremely fast attack speed. Every move is a killing move.

Lu Ming condensed his mind and the two started a fierce battle.

Yuan Jie is very strong, but his strength, and Wu Fan is only half a catty, and Lu Ming fight dozens of tactics, after all, Lu Ming was defeated, and flew out of the battle platform.

Lu Ming absorbed half of Yuan Jie's fighting spirit, and the color was more intense, already comparable to Emperor Jianyi.

After Yuan Jie was absorbed by half of the fighting spirit, the suit was directly relegated and turned into a blue suit, which made Yuan Jie's face very unsightly.

The downgrading of the suits reduced the increase in combat power, which was very detrimental to the battle behind him.

After defeating Yuan Jie, Lu Ming did not stop the challenge, and then he challenged the eleventh ranked Tianjiao.

This Tianjiao is also very powerful, and he battled Lu Ming for hundreds of moves, and was finally defeated by Lu Ming.

Wow!

Half of the opponent's fighting strength was absorbed by Lu Ming, and the color of Lu Ming's suit could not be changed.

However, it is still purple and has not been upgraded.

"It's really hard to upgrade to a golden suit!"

Lu Ming sighed.

His current fighting spirit has already surpassed Emperor Sword One, but he has not yet upgraded to the golden suit.

The Tianjiao, ranked eleventh, was extremely rich due to its own fighting spirit. After being absorbed by half of the fighting strength, it did not relegate and barely remained in a lilac state, which made this person very happy.

"Lu Ming, will you continue to challenge?"

The national teacher asked again.

"war!"

This is Lu Ming's answer.

Everyone is numb. Is Lu Ming going to fight all the way up to the first place?

Some people couldn't help thinking that.

"Yu Jiuqian, come down to fight!"

This time, Lu Ming jumped directly over the tenth place and challenged ninth place to Yu Jiuqian.

The reason why he challenged Jiuqian is because Lu Ming had seen Jiuqian's shot before. Relatively speaking, he was more confident.

Yu Jiuqian stepped out and landed on the battle platform.

"Lu Ming, your strength is very strong, we don't need to tentatively, just go all out and make a difference!"

Yu Jiuqian spoke very directly, his body was shrouded in divine light, and the breath of terror filled him.

Then, around his body, a golden carp appeared.

A total of twelve golden carps are suspended around nine thousand bodies. Each carp is only the size of a slap and is alive.

This is Yu Jiuqian's original secret technique.

There is nothing to be tempted. One shot is the original secret technique, the strongest move.

"Just what I want!"

Lu Ming opened his mouth, his divine power boiled, and the door of the Lord emerged.

"kill!"

Yu Jiuqian took a light drink and danced with his fingers. The twelve carp bodies beside him twisted and flew towards the landing.

咻咻咻...

The carp broke through the air and sent out a horrible roar, like twelve sword lights, at its speed.

Lu Ming stared at him. On his body, the nine-folded red gold armor emerged, as well as the ice chain, which also surrounded the surroundings, forming multiple defenses.

The Gate of Domination was suspended above the head and did not attack.

Keng!

A carp hit a chain of ice, which is really like a sword light. It is extremely sharp. With the hardness of the chain of ice, it is hard to resist. It makes a noisy sound, and then it is cut open, and the impact is heavy. Chijin armor.

In the end, even Jiuzhong Chijinjin did not block it, leaving a sword wound on Lu Ming.

"What a weird source secret technique, every carp is a sword light, extremely sharp sword light!"

Lu Ming moved in his heart, and then fully controlled the door of the master.

On the door of domination, a horrible attraction broke out, covering the large area.

The twelve carps were shrouded in the attraction of the dominating gate, and their speed was finally affected, slowing down a bit.

At the same time, Lu Ming brandished his spear and turned into an infinite gun shadow to resist those carps.

Dangdang...

Collision sounds continued to spread out, and the twelve carps turned into twelve sword lights, surrounding Lu Ming's continuous attacks, emitting a dense collision sound.

Many people can't see the carp at all. They can only see the twelve sword lights flying vertically and extremely fast.

"Lu Ming is going to lose!"

"Yes, he was restrained. His original mystery skills are amazing, but now he is restrained. If he sacrifices the original mystery bombardment, he can only block a few sword lights. He controls other sword lights in Jiuqian, Enough to beat him!"

"He challenged 9,000, what a mistake!"

Many people think that Lu Ming is finally going to lose and stop here.

During this period, Lu Ming did try to control the gate of the Dominator to fight back, but the opponent had twelve carps and attacked from different directions. The Gate of the Dominator could only hit a few.

The tricks of breaking the sky, chopping the moon, and starburst were also blocked by the other party's carp control.

"Lu Ming, you are not my opponent, admit defeat!"

Yu Jiudao.

He is very confident, Lu Ming can't attack him at all, he is invincible.

Chapter 3224: Overconfidence

"You are too confident!"

Lu Ming spoke lightly, he didn't panic at all.

Does he only have these means? of course not!

"Cathode pupil!"

At this moment, Lu Ming snorted, and a white light suddenly appeared in his eyes, like two vortices.

A whirlpool suddenly appeared above the head of 9,000, and a terrible chill burst out of the whirlpool.

In an instant, Yu Jiuqian was covered with a layer of ice.

Yu Jiuqian's face changed wildly, and his madness exploded, trying to break away from this chill.

However, now Lu Ming has cultivated the power of Taiyin divine power to the point of awakening the original divine power factor. The power of Yin Yang divine pupil is even more terrifying.

Even with a separate cathode pupil, the power is extremely strong.

This is an ancient secret technique, although it is not the original secret technique, but it is more powerful.

In the whirlpool, a more terrifying chill emerged, which enveloped the body of nine thousand, and he could not rush for a while.

He was covered in coldness, and his magical power was obscured a lot, and the manipulation of the twelve carps was naturally greatly reduced.

Will Lu Ming miss such an opportunity, the man and the gun will unite, rushed out of the twelve carps, and then control the door of the master, toward the suppression of nine thousand.

The ancient stone gate exudes a strong atmosphere of years and is thick like a mountain.

bump!

Yu Jiuqian flew out directly and vomited blood.

"I admit defeat, I admit defeat..."

Lu Minggang was about to continue to control the door of the Domination and bombarded it. He yelled directly at Jiuqian, and admitted directly.

He had to admit defeat. If he was killed by Lu Ming or seriously injured, it would really be no drama. Now that he admits defeat, he still has a chance to keep the top ten places.

"Go down yourself!"

Lu Ming did not continue to shoot and stopped.

After all, he and Yu Jiuqian have no grudges, and they can't kill them, as long as they defeat each other.

Yu Jiuqian rushed outside the battle platform, rushed out of the battle platform, and once rushed out of the battle platform, he took out a pill and swallowed it in nine days, and began to recover with all his strength.

When he broke out of the battle platform at 91,000, he was defeated.

Half of his fighting spirit was absorbed by Lu Ming.

Finally, a bright light burst out from Lu Ming's body. The color of his suit began to change, and the purple faded, and replaced with gold.

A pale gold suit covered Lu Ming's body.

Be the first to have a golden suit.

"It's so strong, the golden suit has a high increase in combat power!"

Lu Ming felt a little, and then he was ecstatic.

His plan was successful, and he really absorbed enough fighting power to turn into a golden suit.

The increase in the combat effectiveness of the golden shirt was beyond his imagination.

"He still has such a strong secret?"

Others were shocked.

In addition to the original secret technique, Lu Ming actually has the terrible secret technique of the cathode pupil, which is beyond the expectations of many people.

Lu Ming is more and more mysterious in everyone's heart.

Many people's eyes flashed and they didn't know what they were thinking.

On the throne around the battle platform, many Tianjiao showed dignified color, especially those before the ninth place.

Lu Ming's many means made them extremely afraid.

Lu Ming, will you continue to challenge?

The thought came to everyone's mind.

Now, Lu Ming has defeated Yu Jiuqian and has replaced Yu Jiuqian's ranking to become ninth.

Yu Jiuqian dropped to tenth, and the original tenth place fell to eleventh.

If the ranking is lower, all will automatically retreat one.

"In this battle, Lu Mingsheng, Lu Ming, do you continue to challenge, or do you temporarily rest?"

The National Teacher asked again.

Everyone's eyes fell on Lu Ming, all wondering whether Lu Ming would continue to challenge.

"War off!"

This time, Lu Ming finally did not say to continue the challenge, but chose to rest.

"Finally, the battle is over!"

I don't know why. Many people secretly breathed a sigh of relief when they heard Lu Ming say "Xi Zhan".

Lu Ming has been fighting all the way up to now, and it is enough perverted. If he continues to fight, it will be too unnatural, and they are difficult to accept.

Lu Ming rested, this is to show that Lu Ming is still normal, but still tired.

Lu Ming was indeed tired.

In the continuous battle, he has a lot of word skills, but his divine power is enough, but he has always maintained the state of the ancient **** of green armor, which consumes too much physical energy for him, and needs a good rest.

Lu Ming's body shrank rapidly, returned to normal, and then landed on his own seat, swallowing a rejuvenating elixir, and began to recover.

"Okay, Lu Ming rests, the challenge starts with eighteen!"

The National Division announced.

The current eighteen, the original seventeen, is now his turn to challenge.

This man is also a peerless arrogant. After landing on the battle platform, his eyes glanced.

Obviously, he couldn't be like Lu Ming. He challenged him all the way in front of him. His divine power was not enough. If he was injured, he would not have to fight back.

His gaze fell directly on the top ten Tianjiao.

Emperor Jianyi, Void Cliff, Qian Shengxuan, Chu Chengkong were directly ignored by him. These people were obviously too strong, and he was definitely not an opponent.

His eyes glanced at the last few of the top ten.

Especially glancing at Lu Ming and Yu Jiuqian.

Both Yu Jiuqian and Lu Ming have just experienced the war, and their strength is definitely not at their peak.

However, the strength of Lu Ming and Yu Jiuqian are very amazing, this person has to measure his own status.

Lu Ming, in particular, was killed all the way just now. If Lu Ming's strength is still at its peak, he challenged Lu Ming, wouldn't he just ask for bitter food.

"I challenge to nine thousand!"

In the end, the person spoke and challenged 9,000.

Yu Jiuqian was injured by Lu Ming just now. It should be the best among the top ten.

"I surrender!"

Unexpectedly, Yu Jiuqian conceded defeat directly, and did not fight.

"It's decisive, but this is the best way!"

"Yes, Yu Jiuqian now admits defeat and ranks behind, but anyway, he still has a chance to challenge, he can kill back, he is injured now, if he is forced to fight, even if he can win, it will only increase the injury, behind The challenger will stare at him, he will lose sooner or later, it is better to admit defeat earlier!"

Some people analyzed.

After Yu Jiuqian conceded defeat, the challenger replaced Yu Jiuqian's ranking and became the tenth.

Then, the challenge continued, and the original 16th place Tianjiao initiated the challenge.

This person also directly challenged the tenth-ranked man. The two started a fierce confrontation. In the end, the challenger won.

Then, it was Qiuyue's turn.

Because Wu Fan, who was in front of Qiuyue, had been killed by Lu Ming.

"Who are you going to challenge?"

Many people's eyes fell on Qiuyue.

Who will challenge Qiuyue?

Qiuyue stepped out and landed on the battle platform, her long skirt fluttering, like the Nine Heavens.

"I challenge her!"

Qiuyue pointed to a young Tianjiao.

Chapter 3225: Qiuyue in the top ten

Qiuyue pointed to a natural pride, which shocked many people.

Because, this Tianjiao is also a woman, a beautiful woman.

This woman is one of the two women in the ten masters of the Holy City, known as one of the four beauty of the Holy City, named Miao Xue.

In the original ranking, ranked seventh.

Originally, everyone thought that Qiuyue should challenge the tenth-ranked Tianjiao.

Because the tenth-ranked player, after a war, was badly consumed and injured, Qiuyue challenged that one, which was the best choice.

Unexpectedly, Qiuyue directly challenged the seventh-ranked Miao Xue.

However, many people began to get excited.

After all, this is a showdown between two stunning beauties and will undoubtedly be more beautiful.

"This autumn moon seems to have a close relationship with that of Lu Ming. They all come from the Jiu Jue Tian Wang Mansion. This time the Jiu Jue Tian Wang Mansion is terrible. Two such terrifying arrogances have appeared!"

"There is also the Nine Sword Heavenly King's Mansion, and a Chu Chengkong is out. These two penultimate Heavenly King Mansions, ranked second to last, will rise against the sky this time!"

Many people marvel.

The face of Jiu Jue Tian Wang was also full of smiles.

The more Tianjiao the stronger, the stronger the corresponding Tianwang Mansion. Of course, the most important thing is that the greater the reputation of the corresponding Tianwang Mansion, the more attracted many strong men will turn to join.

The Taixu Holy pilgrimage occupies vast territory, and there are many star fields.

In such a vast territory, although most of them are subject to the orders of the Taixu dynasty, they are under the jurisdiction of the Taixu dynasty, but there are still many scattered repairs or forces that are not under the jurisdiction of the Taixu dynasty.

On countless planets, there are also many independent strongmen living alone, practicing alone.

If Tian Wang Mansion has enough fame, it can attract these independent strong men. The independent independent cultivation joins, which is very useful for the enhancement of the strength of Tian Wang Mansion.

If there are enough strong men to join, Jiu Jue Tian Wang Fu, can get rid of the awkward situation of the penultimate.

"Want to fight you!"

At this moment, Miao Xue spoke, and Grace's posture twisted slightly, and fell on the battle platform.

The two beauties stand opposite each other, pleasing to the eye.

Silently, an ancient stone machete floated out and was held by Qiuyue in his hand.

Around Miao Xue's body, snowflakes appeared.

These snowflakes are peculiar, very large, and each piece has a slap size.

There is nothing to hide, the two used the original secret technique at the same time.

"Snowman!"

Miao Xue took the first shot, and his slender jade hand waved, flakes of snowflakes, towards the Qiuyue, like a sword of light, to cover the Qiuyue away.

boom!

Qiuyue's divine power exploded, and the machete chopped out, turning into a rainbow of light, which covered the sky.

Clang clang!

The blade of light chopped on the snowflakes, and actually made a violent collision, and Mars was everywhere.

Then, I saw snowflakes flying back.

Miao Xue's face changed slightly, her steps were light, her figure drifted toward Qiuyue, and her body actually touched, bursting apart and turning into countless snowflakes.

Miao Xue's body turned into snowflakes.

The snow drifts all over the sky, covering the autumn moon. Every snowflake contains a big killer, terrifying, and can cut off the hard artifact.

Qiuyue's face was a little more dignified, and with a sip, the sword light surged, and the infinite sword light burst forth, covering Qiuyue herself.

Snow flakes were cut by Qiuyue and flew out.

In the blink of an eye, the two played a dozen moves, Qiuyue did not win.

The strength of these top-level Tianjiao cannot be measured by surface repairs. Miao Xue's strength is very amazing.

On the face of it, Qiuyue's cultivation practices have also reached the triple of the King of Gods, and she has cultivated the "Qiankun Ten Thousand Doctrines" to control eight kinds of divine powers, and these eight kinds of divine powers all awakened the original divine power factor.

Although they are all awakening one time and lagging behind Miao Xue's second awakening, Qiuyue still has the upper hand for divine power. After all, there are eight divine powers.

But for a time, Miao Xue was able to block Qiuyue's attack.

However, Lu Ming doesn't worry about Qiuyue, and Qiuyue still has no light to use it.

At the same level, he believed that few people could fight Qiuyue.

Miao Xue will not work!

Keng! Keng! Keng!

The sound of the collision continued. In a few breaths, Qiuyue had no idea how many knives were cut, and Qiuyue's speed of making knives was getting faster and faster.

Snow flakes were blown out by Qiuyue and flew in all directions.

Some even flew towards the heavens on the throne.

Lu Ming and others quickly laid down defenses to block these snowflakes.

"Shoot!"

Suddenly, Lu Ming's eyes lit up.

He saw a black light filled Qiuyue's scimitar in his hand.

That is the light of extermination.

call out!

Qiuyue was chopped out with a knife, the blade of light flew, and the sky was cut horizontally. The whole sky seemed to be divided into two halves.

The snowflakes seemed to have been cut open, and the snowflakes fluttered randomly, eventually retreating and re-condensed into the shape of Miao Xue.

At the moment, Miao Xue's face was pale, and there was a trace of blood hanging from the corner of her mouth. There was a blood stain on her chest.

"I lost!"

Miao Xue gave Qiuyue a complicated look, his figure moved, and he floated out of the battle platform automatically.

"Miao Xue lost!"

Many people took a long breath, with shock in their eyes.

Miao Xue, one of the ten masters of the holy capital, and one of the four beauties of the holy capital, was actually defeated by a woman in Jiu Jue Tian Wang Mansion, and no one had heard of this woman before.

"Since then, I am afraid that the beauty of the holy capital will be one more, and the beauty of the holy capital is five!"

"And this girl of Qiuyue, whether it is beautiful or talented, is even better!"

Some young men's eyes glowed as if they had found prey.

"Don't think about it, I tell you, this autumn moon is Lu Ming's wife!"

There were nine people who spoke in the King's Mansion.

"What? Lu Ming's wife!"

"God, such a beautiful woman, she is famous, and the sky is unfair!"

"My heart doesn't work anymore, my heart is broken, hurry up and help me to the big sword..."

Afterwards, everyone marveled that Qiuyue was actually Lu Ming's wife. Both of them were amazingly talented. They were really golden boys and girls.

Qiuyue defeated Miao Xue and absorbed half of her opponent's fighting strength. Qiuyue's suit had a lot of rich colors, but did not upgrade to gold.

Miao Xue's suit was not downgraded, but changed to lilac.

"This battle, Qiuyue wins, do you continue to challenge, or rest?"

The national teacher asked.

"War off!"

Qiuyue Road, turned back to the seat of God.

He defeated Miao Xue and replaced the opponent's ranking, ranking seventh.

Miao Xue dropped one place to eighth.

Lu Ming naturally also dropped one and became tenth.

The original tenth was squeezed out of the tenth and became the eleventh, making this person's face ugly and dying, because he had already challenged before, and now he was squeezed out of the top ten, there is no chance to continue to challenge, The result is already doomed.

Chapter 3226: Top ten sure

Now, there are still two people who have not challenged after the top ten, Yu Jiuqian and Yuan Jie.

Due to the drop in rankings, there are twelve and thirteen at Jiuqian and Yuan Jie at the moment. The eleventh person has lost the qualification to challenge because of the previous challenge.

At this moment, it was Yuan Jie's turn to challenge.

Yuan Jie's eyes patrolled among the top ten.

Lu Ming, naturally directly ignored by him.

Before he was defeated by Lu Ming, and then challenge Lu Ming, wouldn't it be his own shame.

Therefore, his eyes glanced at the first nine people.

Finally, he fell on Miao Xue.

Now the top ten people are all top arrogant powerhouses, and none of them are irritating, but relatively speaking, Miao Xue is better to deal with, because Miao Xue just spent a lot of time just after a big battle.

Although he is now challenging Miao Xue, some are not arrogant, but compared to entering the top ten, to obtain the qualification of the Kaifu Li clan, he would rather be looked down upon.

"Miao Xue!"

In the end, Yuan Jie pointed his finger at Miao Xue.

Miao Xue drifted down and landed on the battle platform.

"Yuan Jie, you thought I would be able to defeat me after just one battle, and you would be wrong!"

Miao Xue said coldly.

"Shoot!"

Yuan Jie didn't talk much, killing his gun, killing his gun.

And Miao Xue turned into flying snow again, fighting with Yuan Jie.

The two had a fierce duel, and soon, they had dozens of moves.

Although Miao Xue had just gone through a fierce battle just now, she broke out with all her strength, and within a short time, she still broke out with her peak fighting power.

In the end, the two fought a hundred battles, or Miao Xue was even better, defeating Yuan Jie, and won.

The failure of Yuan Jie in this game also meant that Yuan Jie completely lost the qualification for the top ten.

Yuan Jie's face was gloomy and ugly.

Before Taixu Royal Sanctuary was convened, he was ambitious. Although he may not be able to enter the top three, he was 100% sure of the top ten.

However, before the congregation was convened, he was defeated by Chu Chengkong.

After the Taixu Royal Sanctuary was convened, he was defeated by Lu Ming, and now, he is completely out of the top ten.

This was a huge blow to him.

Outside, countless people watching the battle were also amazed.

This time the Taixu Royal Sanctuary was held, it was so evil.

Up to now, the top ten of the Sandu Shijie ranks only four.

The twenty-seven heavenly palace actually occupied six places.

Now the temporary ranking is from the first to the tenth, namely: Emperor Sword One, Void Cliff, Qian Shengxuan, Chu Chengkong, Ye Zhifan, Shui Liuhen, Qiuyue, Miao Xue, Sui Hanqiu, Lu Ming.

Among them, Emperor Sword One comes from the Excalibur Heavenly King Mansion.

Qian Shengxuan, from Qian Sheng Tian Wang Fu.

Chu Chengkong came from the Nine Sword Heavenly King's Mansion.

Qiuyue and Lu Ming come from Jiu Jue Tian Wang Fu.

The water flow marks come from the number one Tianwang Mansion, Wushuang Tianwang Mansion.

There are only four people left in the ten masters of the Holy City. They are the Void Cliff, Ye Zhifan, Miao Xue and Sui Hanqiu.

This is an unprecedented thing. In the past, every time the Taixu Royal Sanctuary was convened, among the top ten, the ten capitals of the Holy Capital could also take at least half of the quota.

In many cases, even ten places are all taken up by the ten sages of the Holy Capital.

Now, there are only four places left.

This makes the natives of Taixu Shengdu look ugly and feel dull.

The natives of the Taixu Holy Capital have always stood above the ground, despising those of the King's Mansion, King's Mansion, General's Mansion, and consciously being first-class. Such a situation is simply a face-slap.

"Now there are nine thousand hopes left, hoping that he can pull a man from the King's Mansion. In this way, among the top ten, the ten masters of the Holy Capital can hold at least half of the quota and will not make history!"

"Good, but difficult!"

Many local people in the Holy Land have a lot of discussion, looking forward to Yu Jiuqian.

Now there are only the top ten, and those who are qualified to challenge are left at nine thousand.

After the Nine Thousand Challenges are over, if the Nine Thousand Challenges are defeated, the top ten will be completely established.

If you win in nine thousand, there are variables.

But it was the crucial battle, and many people were nervous.

Especially Jiu Jue Tian Wang is even more nervous.

If after this battle, Lu Ming and Qiu Yue still keep the previous registration, there will be a great possibility to enter the top ten.

Who will challenge Yu Jiuqian?

"Now, it's 9,000 challenges!"

The National Division announced.

Yu Jiuqian stepped into the battle platform and glanced.

His brow furrowed slightly, and now it is difficult to deal with anyone who challenges him.

Of course, the best challenge is Miao Xue. Miao Xue consumes the most after a series of battles.

However, challenging Miao Xue is a danger to others, and will certainly be gossip and criticized.

Moreover, challenging Miao Xue is tantamount to killing each other by the ten masters of the Holy City, and it is estimated that they will be scolded and killed by the natives of the Holy City.

In the end, Yu Jiuqian's eyes fell on Shui Wujian.

Yu Jiuqian, challenge the water flow marks.

This is also something that cannot be done. The Tianjiao of the Six Heavenly Kings, who was defeated by Lu Ming before, will naturally not challenge Lu Ming again.

Qiu Yue's strength also seemed unfathomable, and he was unsure.

Thinking about it, the water mark looks a little more active.

"Challenging me is your fault!"

The light flashed in the eyes of Shui Liujian. To be honest, he was also very upset.

He is the strongest heavenly palace in the 27th Heavenly Palace, and the strongest arrogance in Wushuang Heavenly Palace, is actually looked down upon by people.

The arrogance of the six heavenly palaces, Yu Jiuqian challenged him, but looked down upon him and thought he was bullying.

boom!

There was no extra words, the two fought together and fought fiercely.

In Jiuqian Shi exhibited the original secret technique, condensed out twelve carps and attacked the water flow marks.

The water flow marks directly condensed a round of Wang Yang, which is his original secret technique.

Wang Yang stirred up thousands of waves, continually slaps, infinite strength, rushed twelve carps.

The two fought for hundreds of moves, covered with blood, and finally, the water flow marks were even better, defeating Yu Jiuqian and absorbing half of the fighting spirit of Yu Jiu.

However, Yu Jiuqian's fighting spirit had already been absorbed by half of Lu Ming, and it was useless to absorb another half of the water flow mark. There was no upgrade, and in the end it was a purple shirt.

After losing in nine thousand and one, the top ten are completely determined.

Because, if you continue to challenge, it is the challenge within the top ten, no matter how you fight, how to go backwards, the top ten is still the top ten.

Jiujie Heavenly King is ecstatic. This time, two people in Jiujie Heavenly King's Mansion actually entered the top ten. This is the unique glory of the 27th Heavenly King's Mansion.

Many of the kings of the heavenly palace have already rejoiced to the nine kings.

This makes King Nine Sword extremely uncomfortable.

"Huh, when Chu Chengkong enters the top three, how can his glory be comparable to those two!"

King Nine Swords sneered.

"Top three? How can you think that Lu Ming or Qiuyue can't enter?"

King Jiu Ju responded with a sneer.

Chapter 3227: The Challenge of Autumn Moon

"Hahaha, do you think that Lu Ming and Qiuyue can enter the top three? Joke, really a big joke, Jiu Jue, are you crazy?"

King Nine Swords laughed loudly.

"Then you think Chu Chengkong can enter the top three?"

King Jiu Jue responded with the same ridicule.

"Oh, then let's gamble!"

King of Nine Swords.

"Gambling? What betting?" Jiu Jue King said.

"Betting on Star Core Pill, betting on Ten Star Core Pill, you dare?"

King of Nine Swords.

The face of King Jiu Jue changed, and on the side, the faces of other people who watched the liveliness also changed.

With ten star cores, this is a big bet.

Star Core Pill, an extremely precious Divine Pill, even the strongest of Divine Monarch Realm, after seeing it, will be very eager and fight desperately.

Because the Star Core Pill has a great effect on the strong of the Divine Monarch Realm, which can improve the cultivation and the value is immeasurable.

And now, when the Nine Sword Uranus opens, it is ten star core pill, which is simply a gamble.

"Why? Jiu Jue, you are not confident anymore, don't you dare to gamble?"

Nine Swords King sneered.

"How to gamble? What are the conditions for winning or losing?"

Jiu Jue Tian Wang Man asked.

"It's simple, see which side can enter the top three, if Chu Chengkong enters the top three, then I win, if Lu Ming, or Qiuyue enters the top three, then you win!"

"If both of you and us are in the top three, or neither is in the top three, then it is considered a tie, how?"

King of Nine Swords.

"Okay, I promise you!" King Jiujiu blurted out and promised directly.

"Nine must, thank you for your ten star-core pill!"

Seeing the nine kings promised, the nine sword kings were ecstatic.

"Oh, you think you will win, don't be beaten by yourself!"

The nine kings responded indifferently.

It's not easy to get into the top three.

Even if Lu Ming and Qiu Yue cannot enter the top three, Chu Chengkong may not be able to enter the top three.

Emperor Jianyi, Void Cliff, Qian Shengxuan, which one is better to deal with?

Behind, there are Ye Zhifan, water flow marks and others staring.

Although Jiu Jue Tian Wang does not think he can win, he does not think he will lose.

"Okay, now the top ten places have been determined, they are Emperor Jianyi..."

At this time, the National Teacher spoke again and announced the top ten places this time.

This time, the top ten and twenty-seven heavenly palaces occupied six places, breaking the history.

"The top ten will be eligible for the Kaifu family. After the test, His Majesty the Holy Emperor will give Kaifu order!"

The National Teacher continued.

Many people's eyes are full of envy.

Obtaining the Kaifu Order, you are eligible to open a family and become an ancestor. How honorable is it to be the ancestor of the Kai nationality?

In the future, as long as they become stronger, they will eventually become the general's mansion, monarch's mansion, and even the king's mansion to dominate the party.

This is the dream of all young people.

"Don't be discouraged, the Kaifu Order is not necessarily obtained in the top ten of the congregation. As long as you work hard in the future, make great contributions to the holy pilgrimage, and make great contributions, you can still get the Kaifu Order!"

Some senior figures admonish their juniors.

Many young people have doubled their confidence, clenched their fists, and vowed secretly that they must obtain a government order in the future.

"Okay, the top ten has been determined, but the challenge is to continue. Now the top three places have to be determined. However, the rules for the next challenge are slightly changed. After each battle, you will be given time to recover and return to the peak. State, continue the war!"

The National Division announced.

This brightened Lu Ming's eyes, revealing the color of thought.

"Okay, now the challenge continues, Lu Ming has already challenged before, then start from the ninth place, the ninth year old Han Qiu, who are you going to challenge?"

The voice of the national teacher sounded.

Sui Hanqiu embarked on the battle platform, glancing at everyone.

Now, Sui Hanqiu has two options.

The first is to directly challenge one of the current top three, replacing the other party's position, anyway, now can have time to restore strength, as long as the strength is strong enough, sit in the top three first, accept the challenge of others!

Second, learn Lu Ming and step up from the challenges of those who are ahead of you.

As long as you have enough strength to be sure that you can beat your opponents, there is a benefit. You can absorb the fighting spirit of the previous people step by step and upgrade your suit level.

But there is a disadvantage in doing so. Once the challenge fails, it will be completely out of the first three.

Sui Hanqiu's eyes flashed, and he was now thinking about which challenge to choose.

"I challenge Qiuyue!"

In the end, Sui Hanqiu's eyes turned to Qiuyue.

Obviously, he chose the second one, wanting to learn Lu Ming, and challenge him step by step to improve the level of his suit.

Uh!

Qiuyue stepped into the battle platform one step at a time, his palms were held in the void, and the blade of the master appeared.

"kill!"

Sui Hanqiu drank coldly, the war sword came out of the sheath, and the sound of the sword sound resounded in all directions.

The figures of the two turned into two light and shadow, fighting fiercely together.

Swords and swords are in full swing, and the two fight fiercely.

However, after dozens of moves, when Qiuyue exhibited the light of extermination, she began to gain the upper hand completely. She also fought dozens of moves. Sui Hanqiu retreated after coughing up blood and was shot off the battle platform by Qiuyue.

Sui Hanqiu, defeat!

Qiuyue absorbed the general fighting spirit of Sui Hanqiu, and the color of the suit became more intense, turning into a deep purple.

"This Qiuyue, such a strong strength, that kind of divine light, terrifying, never heard of it!"

"Qiuyue and Lu Ming are dark horses!"

Qiuyue defeated Sui Hanqiu, making people talk.

"Next, Qiuyue challenge, who do you challenge?"

The National Teacher continued to ask questions.

"I want to challenge the void cliff!"

Qiuyue's voice rang throughout the audience.

"What? She wants to challenge the void cliff?"

This time, everyone was surprised.

Even Lu Ming was taken aback by surprise. Qiuyue actually challenged the void cliff.

"Why is this girl so impulsive..."

Lu Ming was also speechless.

With Qiuyue's strength, if you challenge step by step, you may not be able to win. If you win, you can upgrade your shirt and the top three in the challenge ranking are the characters, which is more likely to win.

But now, Qiuyue is directly at the Void Cliff, and the two men are at the same level. Can Qiuyue be the opponent of Void Cliff.

"This girl is still inexperienced!"

Lu Ming sighed.

Lu Ming understands that the reason Qiuyue challenges the Void Cliff is to gain the top three positions and help Lu Ming rescue the blue merchant.

But after all, Qiuyue has insufficient experience.

In the past, Qiuyue either followed Lu Ming's father and mother or Lu Ming himself. There weren't many opportunities to go outside alone, so she lacked experience.

The mind is naturally not as old as Lu Ming's.

"interesting!"

Void Cliff was also stunned, and then stepped out and landed on the battle platform.

"Shoot, your strength is good, but to challenge me, it's a little bit worse!"

Void Cliff Road, even after watching Qiuyue shot, he is still very confident.

Void Cliff, the head of the ten masters of the Holy City, he has this confident qualification.

Chapter 3228: Qiuyue failed

Qiuyue was shrouded in divine light, and her breath rose to the top.

Uh!

A terrible blade of light came out violently, slashing towards the Void Cliff.

As soon as he shot, Qiuyue used all his strength.

Full power of the divine power, plus the original secret technique, extinguish the light of God.

boom!

On the Void Cliff, a breath of terror also erupted, and the violent divine power stirred up the flow of the weather, and then turned into a terrible finger, blasting towards Qiuyue.

The two's attacks bombarded together, and a shocking roar erupted.

The violent energy overflowed and filled all directions.

Lu Ming and others quickly laid down heavy defenses to resist the scattered energy.

Then, they saw two figures and backed off again and again.

"What? This move is evenly divided, that autumn moon, what a terrible combat power!"

Many people were shocked.

Qiuyue, can actually tie with the void cliff.

"Good, come again!"

The Void Cliff sounded, and then his body suddenly rushed towards Qiuyue. During the rushing out, a round of residual moon appeared on the top of his head.

Moonlight is shining, sacred and unparalleled.

Qiuyue's face changed, and she seemed to have received a terrible attack. The machete swiftly slashed up, endlessly slashing into the void.

Daoguang chopped the void, and made a fierce collision.

"Wu Yazhi!"

But at this time, the Void Cliff once again showed the infinite finger.

The huge finger shadow points to Qiuyue.

Wuya refers to a magical skill of the void cliff, but the fire is extremely deep, at least reaching the tenth weight.

And that round of the crescent moon is his original secret technique.

The strength of the Void Cliff is really very strong. Not only is the original mystery powerful, but other magical mysteries are also extremely powerful.

Qiuyue drank, the sword light flashed, chopped out the sky, and broke the attack of the Void Cliff.

"The light of extermination!"

Then, Qiuyue sipped, her body burst out with a ray of black light.

This is all the light of extermination.

In the previous war, Qiuyue only used a ray of extinction light, but now, Qiuyue is striving with all her strength and is completely shrouded in the light of extinction.

Afterwards, all these god-destroying lights converged on the scimitar.

Uh!

The sword was striking and stunning.

The finger shadow attacked by the Void Cliff collapsed directly, and then the knife light was chopped on the remnant moon, causing the remnant moon to shake madly.

Seeing that the remnant moon was about to be broken by Qiuyue.

At the moment, countless people's faces are dignified.

Especially in the top ten of these arrogances, their faces are dignified, such as Qian Shengxuan, Chu Chengkong and others.

Qiuyue's strength is beyond imagination, powerful and terrifying.

Even the Void Cliff was forced to this step.

boom!

Suddenly, the breath on the Void Cliff soared again, and the incomparable divine power converged on that round moon.

The glory of the remnant moon suddenly became extremely bright.

Qiuyue's body shook and her figure drifted back.

"God is fourfold!"

Many people's faces became dignified.

The cultivation of the Void Cliff has actually reached the fourfold of the King of God, and it is still the peak of the Fourfold of King of God.

Before, all the top arrogances were cultivated in the triple king.

It is very difficult to break through every level of Divine King Realm, even Tianjiao, especially Divine King Triple Steps into Divine King Four Layers, which is equivalent to stepping from Low-level Divine Kings to Intermediate Divine Kings, among which there is also a big hurdle .

Once it breaks through, its strength greatly increases.

And the cultivation of the Void Cliff has actually broken through the fourfold of the King of God, and its strength is particularly terrifying.

"Haoyue is empty!"

The Void Cliff drinks lightly, and his body also emits dazzling brilliance. Every inch of his skin seems to overflow with moonlight.

This is another terrible secret technique, just like the ancient **** body. This secret technique is called Haoyue body.

"I thought I would show my full strength until the last minute. I didn't expect to show my full strength now. Your strength really made me look at it!"

Void Cliff looks at Qiuyue, revealing the color of appreciation.

If he hadn't heard that Qiuyue had a famous flower, he would be tempted.

The battle is full, the Haoyue body is displayed, the strength of the Void Cliff is strong to the peak.

Uh!

The Void Cliff seemed to turn into a moonlight and rushed towards Qiuyue.

That round of remnants of the moon, the brilliance is more prosperous, and also suppressed toward Qiuyue.

In Qiuyue's body, the light of God of Destruction was more intense, and in her eyes, the light of God of Destruction continued to flow out like a stream of air.

Qiuyue, elevating one's strength to the extreme, also turned into a glory, killing the cliff of nothingness.

Keng! Keng! ...

A divine light, a moonlight, and continuous collisions in the void, each collision can provoke a violent air current, impacting in all directions.

Everyone held their breath, watching the battle in the air.

The two men fought dozens of rounds.

bump!

There was another violent roar, and the two figures retreated sharply.

In the eyes of Void Cliff, there is no self-confidence now, but dignity.

And Qiuyue, her body shivered slightly, and the light of extermination on her body flickered for a while.

"Qiuyue, be defeated!"

Lu Ming sighed.

Sure enough, after the tremor of the God-destroying light on Qiuyue's body at the next moment, suddenly disappeared without a trace.

Destroy the light, although it is terrifying, but it is also very difficult to control, and it has extremely high requirements on itself, which will produce a huge load.

Qiuyue had just overloaded the Light of Destroyer just now and could not bear it anymore.

"I lost!"

Qiuyue shook her head, then flew out of the battle platform and landed on the seat of God.

"Master, I'm sorry, Qiuyue failed!"

Qiuyue sounded in Lu Ming's ear with an apologetic voice.

"Silly girl, you have done a good job. Next, leave it to me!"

Lu Ming smiled slightly.

He also had some pity in his heart. If Qiuyue had more experience in the rivers and lakes, he would kill them step by step, and wait for the suit to become golden, which might not defeat the Void Cliff.

Qiuyue's strength is extremely strong, and if she puts her all into force, Lu Ming may not be an opponent.

In addition, Qiuyue's original divine power factor is only awakened once. If there is divine awakening of the original divine power factor twice, you can also fight against the Void Cliff.

call...

Seeing Qiuyue confessing defeat, Void Cliff took a long breath and relaxed.

To be honest, in the battle with Qiuyue, he also consumed a lot of energy and divine power.

Qiuyue's general combat energy was absorbed by the Void Cliff. The Void Cliff's armor was much richer. However, there was still no upgrade. However, it also reached the limit of the purple armor. It is estimated that if you absorb some more, you can upgrade.

Void Cliff flew back to the seat of the gods, swallowed a magic pill, and began to recover.

Some other arrogances also took a long breath, and Qiuyue's failure made them less stressed.

However, their brows frowned again.

The strength of the Void Cliff is really terrifying, and many people pay for it.

Void Cliff is invincible, then only Emperor Jianyi, and Qian Shengxuan can challenge.

After the Qiuyue challenge, it was the turn of Wushuang Tianwang Mansion.

The eyes of the water flow flashed, and he began to think about who he was going to challenge.

Chapter 3229: Sword spike

In front of the water flow marks, there are Emperor Sword One, the Void Cliff, Qian Shengxuan, Chu Chengkong, and Ye Zhifan.

"Emperor Jianyi, fight me!"

In the end, Shui Liuheng actually challenged Emperor Jianyi directly.

Everyone was shocked. Unexpectedly, Shui Liuheng actually directly challenged No. 1 Emperor Jianyi.

Before, no one challenged Emperor Jianyi.

And now, Shui Liuheng actually challenged Emperor Jianyi, which made everyone look forward to the look.

The first ranked first Emperor Sword One, a peerless Tianjiao from Xiaoqian World, how powerful is it?

Many want to see it.

In fact, the reason why the water flow marks challenge Emperor Jianyi is also well thought out.

First of all, if he chooses to kill him step by step, he will challenge Ye Zhifan first. Even if he defeats Ye Zhifan and gains the opponent's fighting spirit, he will not be able to upgrade his suit.

Unless he can push all the way, continue to defeat Chu Chengkong, and even defeat Qian Shengxuan, he can upgrade his suit and upgrade to golden.

You know, the reason why Lu Ming was able to upgrade before, but he made the top ten all the way from the eighteenth place, defeated so many top arrogances, and then upgraded to the golden one.

It can be seen how difficult it is to upgrade to gold.

However, in the face of Chu Chengkong and Qian Shengxuan, he was not sure.

Emperor Jianyi's fame, although famous, didn't really see how many people he shot, and not many people knew the real combat strength of Emperor Jianyi.

Therefore, the water flow marks will challenge Di Jianyi, which is in the heart of luck.

Moreover, Emperor Jianyi's fighting spirit is too much. If he can get half of Emperor Jian's fighting spirit, maybe his suit can be upgraded.

Emperor Jian looked calm, stepped out and landed on the battle platform.

"Shoot!"

Emperor Jian's face was calm, with white hair and white hair, and his style was unparalleled. Many girls screamed and became a fan of Emperor Jianyi.

"The sea is boundless!"

The water flow mark directly exerted its full strength to perform the original secret technique.

On the other side, the ocean appeared, and the waves stirred up thousands of waves, which seemed to submerge the entire sky.

Several hundred meters high waves hit the Emperor Sword.

However, Emperor Jianyi was still standing there, his face calm, as if he had not seen the attack of the water flow marks.

"Why didn't Emperor Jian take the shot yet, and he didn't even charge up? What did he want to do?"

"You won't be scared!"

Many people argued that Emperor Jianyi was scared and stupid.

Keng!

At this moment, Emperor Sword moved, not many people saw how Emperor Sword moved, but only saw a sword flashing, which was amazing time.

Then, the sea that covered the sky was split into two halves by Jianguang directly, and the figure retreated abruptly, and it retreated beyond the battle platform. It was a water flow mark.

"you you..."

I saw Shui Liuzhen's eyes wide, staring at Emperor Jianyi inexplicably.

Then, on the eyebrow of the water flow mark, a blood mark appeared, and the blood mark became larger and larger. Finally, the body of the water flow mark was divided into two halves.

Water flow marks, fall!

The scene suddenly fell into silence.

Everyone was stunned.

A sword, just a sword, the Peerless Heavenly Pride and Water Flow Mark, was killed.

The water flow mark is not the name of the waves. Before the nine capitals of the Holy Capital, Yu Jiqian challenged the water flow mark and was defeated by him. It can be said that the strength of the water flow mark is extremely powerful.

However, he was beheaded with a sword.

How can this be the same as the other?

After a few moments of silence, a burst of noise broke out at the scene. Countless people were talking about it. Even some senior figures, the names of major families, and the kings were difficult to calm down.

It wasn't how high Emperor Jianyi's cultivation practice was. They could see that Emperor Jianyi's cultivation practice was also a triple of King Shen, which was at the same level as Shuiliu.

"it is good!"

The Holy Emperor spoke, this is the second time the Holy Emperor spoke, the first time, because of Lu Ming.

Around the battlefield, the Void Cliff, Qian Shengxuan, Chu Chengkong and others, their eyes shrank for a while, revealing a shocked look, and then, they were extremely dignified.

"The original ancient characters are definitely the original ancient characters, this guy used it again!"

In the knowledge of the sea, the vocabulary of quantification shouted.

Lu Ming's eyes also appeared dignified.

Compared with the last time I saw Emperor Jianyi in the bone sword clan secret realm, Emperor Jianyi was undoubtedly stronger.

Lu Ming speculates that the last time Emperor Jianyi's cultivation behavior was probably not the Triple King of God, and he only recently broke through.

Moreover, the strength of the Emperor Sword is probably not only because of the ancient characters, but also amazing in other aspects.

"Good, I am not an opponent!"

Lu Ming thought.

He knew that I am afraid that he did his best and was not an opponent of Emperor Jianyi.

Of course, it is still because he is too weak to cultivate, and only the **** king is the most important. If it is a battle at the same level, Lu Ming is confident that he will not fall behind.

But this also reminded Lu Ming, don't underestimate the world's heroes.

Just a Taixu dynasty, there is such a terrible arrogance, and Taixu dynasty is only a corner of the vast expanse of the universe.

How much Tianjiao is there in the vast vast universe?

The figure of the water flow mark appeared outside, and his face was very gloomy, but with a look of fear.

He was really scared by Emperor Jianyi's sword just now.

Emperor Jianyi killed the flow mark and absorbed half of the flow.

The color of the suit on his body became extremely rich, and then a ray of golden light spread out.

His suit has also been upgraded, becoming a golden suit.

The other people's face was even more sinking.

Emperor Jianyi's strength was already very strong, and now the suit has advanced, who can be the enemy?

"Okay, the Emperor Sword won this battle. Next, Ye Zhifan started to challenge!"

The National Division announced.

As soon as Emperor Jian retreated, Ye Zhifan boarded the battle platform.

"The Void Cliff, let's fight!"

After being on the battle platform, Ye Zhifan was very simple and directly challenged the void cliff.

This point did not surprise many people.

The ten masters of the Holy City, the Nothing Cliff ranked first, Ye Zhifan took the second.

The two have been competing for thousands of years. Ye Zhifan was unwilling to be ranked second and always wanted to take the throne.

Therefore, he and Void Cliff have also confronted each other countless times.

This time, it is normal for Ye Zhifan to challenge the Void Cliff on such a big occasion.

"Knowing that you will lose, why do you take it yourself!"

Void Cliff stepped forward and spoke lightly, revealing strong self-confidence.

"Shoot!"

Ye Zhifan opened his mouth, fighting for the night, an amazing breath erupted from Ye Zhifan.

The vigorous divine power spread out like a wave, and it burned like a flame.

The four kings of God!

Many people felt shocked.

Ye Zhifan deserves to be the character who can compete with the Noble Cliff for the first place of the ten masters of the Holy City. The cultivation base is also amazing, and it has also reached the fourfold of the King of God.

The breath of Void Cliff also erupted, and the breath of the two collided in the void.

Then, the two turned into two shadows, rushed towards each other, and killed together.

Chapter 3230: Genius who controls two kinds of divine power

Void Cliff and Ye Zhifan, one of them is the first of the ten capitals of the Holy Capital, and the other is the second of the ten capitals of the Holy Capital. Their strength is undoubtedly very powerful.

In the World War I, the two had almost no opponents.

The original mystery of the two people broke out, and various powerful divine skills and mysteries were continuously displayed and collided.

Everyone held their breath for a moment, staring at the battle between the two.

"Really powerful!"

Lu Ming nodded secretly.

Void Cliff and Ye Zhifan, not to mention that they have broken through the fourfold of the King of Gods, even if they are in the triple of King of Gods, there are few people on the scene who are their opponents.

Soon, the two men fought for more than two hundred moves. In the end, the Void Cliff was stronger. Ye Zhifan, who was continuously pressed back, repeatedly retreated, and finally Ye Zhifan was knocked out of the battle platform.

In this battle, the Void Cliff won.

Half of Ye Zhifan's fighting spirit was absorbed by the Void Cliff, and the suit on the Void Cliff exuded a golden light.

The Void of the Void Cliff has also successfully transformed into a golden one.

Originally, the war vests of the two or none of the Void Cliff and the Emperor Sword were extremely rich, almost the pinnacle of the purple war vest, and after absorbing a part of the war spirit, they upgraded to the golden war vest.

In this case, there were three people who were promoted to the golden armor, namely Lu Ming, Emperor Sword One, and the Void Cliff.

Lu Ming, Chu Chengkong, and Qian Shengxuan frowned.

The strength of Emperor Sword One and the Void Cliff is already extremely powerful. With the increase of the golden armor, the strength is even more terrifying.

In the top three places, the two of them almost locked two.

Now, the three of them can only compete for the third place.

"Now, it is Chu Chengkong's turn to challenge!"

The National Division continued to announce.

Chu Chengkong came to the battle platform and his eyes fell directly on Qian Shengxuan.

Needless to say, he must have challenged Qian Shengxuan.

Qian Shengxuan floated up and stood on the battle platform.

"In the first three, I was destined to be empty!"

Chu Chengkong was very confident, hegemonic, and the armor on his body kept flowing out of the light, looking majestic.

"This sentence is exactly what I want to give to you, let's go!"

Qian Shengxuan spoke indifferently. Similarly, she was also full of strong confidence.

boom!

Chu Chengkong stepped out, like a giant beast, the whole battle platform was shaking, a huge gun blasted into the sky, like Taishan pressing the top, pressing towards Qian Shengxuan.

"Wanhua kills!"

Qian Shengxuan's jade waved lightly, and numerous petals appeared.

These petals are of different colors, and the petals of countless kinds of flowers are mixed together, and the petals are fused together, turning into a huge palm, grabbing down.

A giant hand and a giant claw collided together, and in a flash of divine light, vigorously rolled in all directions.

The two made a couple of consecutive moves without score.

Then, the two performed the original secret technique separately, and launched a more fierce killing.

"God of War, God of War!"

Chu Chengkong shouted, his body glowed, and then began to swell, like a true God of War.

The God of War body, combined with the God of War strike, has a powerful pole of attack, sweeping all directions, and it is unparalleled in the world.

Qian Shengxuan frowned, and infinite petals appeared around his body. These petals can evolve various forms, such as attack forms and defensive forms.

But it was still difficult to resist Chu Chengkong's attack. The God of War attacked and attacked with extreme terror. The spears swept and the petals burst.

"I said, you are not my opponent!"

Chu Chengkong was overbearing and stepped forward, his spear was swung out, and a long river appeared.

This is a great trick of the God of War, and the guns are in full swing. Under the blessing of the God of Excalibur, the power of attack is very amazing.

The ancestor of the God of War family, known as the God of War, is the title killed from the battlefield. It was originally known for its power to attack, and it has a terrible attack power.

Chu Chengkong obviously evolved this attack power to the extreme.

Qian Shengxuan's body shivered slightly, and she retreated continuously.

"Chu Chengkong, I have to admit that your strength is very strong. I originally wanted to fight with you at the same level. It seems that I can't do it. Then...burst..."

Qian Sheng Xuan Jiao drank, her voice was still falling, and she burst out with a strong breath.

The four kings of God!

This is the breath of the four kings of God King. Qian Shengxuan's cultivation practice has actually reached the fourfold of God King.

Lu Ming's eyes flashed, and he was relieved.

Qian Sheng Tian Wang Fu, there are strong like Qian Sheng Lao Tian Wang, Lu Ming, with the help of Qian Sheng Lao Tian Wang, they have been making great advancement in just a few decades.

Qian Shengxuan is the arrogant daughter of the Heavenly King's Mansion. If you have the help of Heavenly King and Heavenly King, it is normal to cultivate into the Fourfold of God King.

The four-fold cultivation of the **** king broke out, and the petals around Qian Shengxuan became bright, and turned into a giant hammer.

boom!

The gun trembles, and Chu Chengkong's body shakes wildly, drifting backwards.

Qian Shengxuan took the opportunity to attack.

"Chu Chengkong is about to lose!"

"Qian Shengxuan is actually God's fourfold arrogance, and it is also arrogance. It is difficult to leapfrog and Chu Chengkong will not be an opponent!"

Many people argue that Chu Chengkong is about to fail.

"Nine knives, it seems that you and my game are destined to fail!"

King Jiu Jue looked at King Jiu Dao, ridiculed, and smiled.

"It's too early to be happy now!"

The King of Nine Swords spoke lightly, and there was no trace of worry on his face.

Jiu Jue Tian Wang jumped in his heart. Was Chu Cheng empty, and did he still fail?

Sure enough, huge changes have taken place on the battle platform at this moment.

After Chu Chengkong backed away for a while, he roared in his mouth, and there was a terrible breath in his body, a powerful divine power, like a volcanic eruption.

His divine power has skyrocketed.

However, Chu Chengkong's cultivation practice is still the triple of the king, but the strength of the divine power is a lot stronger than just now.

How is this going? Cultivation did not change, but divine power exploded sharply.

"Look at Chu Tiankong's Dantian!"

Suddenly, someone exclaimed.

Without his name, everyone's eyes were also attracted by Chu Chengkong's Dantian,

At the Dantian of Chu Chengkong, two groups of glowing lights appeared, and everyone vaguely saw that there were two star cores.

This is the shadow that Chu Chengkong turned the star nucleus to the extreme.

However, the color of this star core is different.

Two star cores of different colors, two different divine powers, and the volume of these two star cores is larger than the volume of other people.

Lu Ming's pupil shrank and his heart shook.

Chu Chengkong, actually controlled two different divine powers, did he also practice "Qiankun Wandao Jue", but how could this be possible?

"Qiankun Wandao Jue" was discovered by Jing Yu from an ancient ruin and never passed on to others.

Nowadays, only he, Qiuyue, and Lu Shenhuang are in charge of the "Qiankun Wandao Jue".
