

D Emperor 3231

Chapter 3231: Ancient cultivation method

Chu Chengkong revealed two star cores and controlled two different divine powers, which really shocked most of the people.

"It's ancient practice, and Chu Chengkong practiced ancient practice!"

There are senior characters exclaimed.

"Ancient practice?"

Many people are puzzled and ask the senior figures.

The old character talked.

Before the endless years, it may be the era of the first god, or it may be the early days of the Tiangong era. At that time, there was a method of practice that spread many kinds of divine power at the same time.

Two, three, four...

A variety of divine power exercises can condense multiple star cores, and the volume of the star core is larger than the volume of ordinary people practicing, and the divine power is also more solid.

However, this kind of cultivation method is very dangerous. If you are not careful, you will explode and die.

Moreover, the demands on the practitioners are extremely high, and it is difficult to cultivate them without being a peerless pride.

In particular, this cultivation method is very slow to improve, especially when it encounters a bottleneck, it is difficult to break through. The more you cultivate to the back, the more difficult it is to practice.

So with the passage of time, this kind of cultivation method has been gradually eliminated. By now, this kind of cultivation method has almost disappeared, and very few people have practiced.

However, this cultivation method has an advantage. After cultivation, the divine power is very strong and powerful, with multiple divine powers in parallel, unparalleled combat power, and invincibility at the same level.

It is already very rare that Chu Chengkong could practice this step.

"Ancient Cultivation Method? Is "Qiankun Wandao Jue" also an ancient cultivation method?"

Lu Ming turned his thoughts.

However, "Qiankun Wandao Jue" once again said to the old man, a little different.

There are no shortcomings except for multiple divine powers, which are relatively slow to rise.

Another difference is that the star cores cultivated by Qiankun Wandao Jue are not larger than others, and are similar to others.

Therefore, Lu Ming was puzzled.

"It's an ancient cultivation method!"

Jiu Jue Tian Wang's complexion changed.

"Oh, Jiu Jue, you lost!"

Nine Swords King sneered.

At this moment, the battle situation on the battle platform has undergone major changes.

Chu Chengkong exhibited ancient cultivation methods and exploded with all his strength, and his strength soared, which actually exceeded Qian Shengxuan.

Chu Chengkong's two star cores are larger than others, and the second divine power, although there is no awakening of the original source of mystery, but also awakened the source of divine power factor, and also two awakenings.

This allowed Chu Chengkong to fight directly across the level, across the hurdles of the four kings of the **** king, and Qian Shengxuan repeatedly retreated.

"Qian Shengxuan is about to lose!"

Lu Ming moved.

After all, Qian Shengxuan's strength is even worse. Although it is the four kings of the gods, her strength is definitely not as good as the Void Cliff or Ye Zhifan.

The two men fought a dozen more tricks. Qian Shengxuan was hit by Chu Chengkong's long gunway, his body retreated, and he withdrew from the battle platform, and a spit of blood spewed out.

In this battle, Qian Shengxuan lost.

Half of Qian Shengxuan's fighting spirit was absorbed by Chu Chengkong. However, Chu Chengkong was originally lacking in fighting strength. Even if he absorbed half of Qiansheng Cliff's fighting spirit, the suit was not upgraded to a golden suit, and it was still a purple battle. clothes.

"A very strong Chu Chengkong, can actually leapfrog!"

Many people marvel.

It is normal for such arrogance to fight over the top.

But if the opponent is replaced by the same peerless arrogance, it is very abnormal to fight over the leap, which is simply terror.

"Chu Chengkong deserves to be known as the strongest arrogance in the history of the God of War family. In the battle of the same level, except for the unpredictable Emperor Jianyi, I am afraid that no one is his opponent, even the Void Cliff!"

"Don't forget Lu Ming, he is the king of God!"

"Yes, there is Lu Ming, and that autumn moon, the strength is also very amazing, maybe a battle!"

"There are too many arrogances this time, is the Shijie of the Holy Capital crushed like this?"

While everyone was discussing, the King of Nine Swords laughed and got excited.

"Nine must, it seems that the bet between us, you lost, now Chu Chengkong enters the top three, your ten star core Dan, you can give me!"

The King of Nine Swords laughed and looked at the King of the Nine Swords, very happy.

"Nine swords, you are too happy too early, and the competition is not over yet!"

Jiu Jue King said with a sullen face.

"You still have hope? Qian Shengxuan's strength is obviously better than that of God Sword One, the Void Cliff, and Chu Chengkong. In addition to him, there is a Lu Ming who can challenge. Do you think Lu Ming can kill the top three? "

The Nine Swords King sneered and sneered.

Jiu Jue's King's Mansion is silent and silent.

In fact, he had no idea.

Although Lu Ming is strong, after all, his cultivation base is too low. Only God King is the first, which is two times lower than other Tianjiao.

Both are peerless and arrogant, and the two levels of cultivation are almost insurmountable.

"Jiujue, don't you want to be ridiculous, so many people are watching, if you are humiliated, I can't do anything to you!"

The Palace of the Nine Swords of Heaven continued to mock.

"After the comparison test is over, if I lose, I will give it to you!"

Jiu Jue Kings Road.

"Oh, let you wait a little longer!"

Nine Sword Heaven King's Mansion smiled faintly.

"In this battle, Chu Chengkong won, and next, it was Qian Shengxuan's turn to challenge!"

The National Division announced.

Qian Shengxuan swallowed a Divine Pill, adjusted her breath, and waited for her state to return to its peak, she stepped out and came to the battle platform.

There are only three people she can challenge, Emperor Sword One, Void Cliff, Chu Chengkong.

But she has lost to Chu Chengkong just now. Obviously, it is impossible to continue to challenge Chu Chengkong. You only have Emperor Jianyi and Void Cliff.

Qian Shengxuan frowned.

Of the remaining few, she was not sure.

In the end, she chose the Void Cliff.

But the outcome of this war is already doomed.

Void Cliff is stronger than Qian Shengxuan, not to mention, Void Cliff also has golden armor blessings, and its combat power is more powerful. It completely crushes Qian Shengxuan and defeats Qian Shengxuan.

After the Void Cliff defeated Qian Shengxuan, he did not return to the throne, because then, it was his turn to challenge.

There is only one goal he challenges, and that is Emperor Jianyi.

"Emperor Sword One, come down to fight, see who can get the first time this time!"

Void Cliff looked at Emperor Jianyi.

Uh!

The Emperor Sword turned into a sword light and fell on the battle platform.

Everyone's eyes showed expectations.

This is probably the pinnacle of this time.

Who can get the first place this time?

Moreover, the colors of the two suits are the same, the fight is their own strength.

"Emperor Jianyi's cultivation behavior is only the triple king of God, can it be the opponent of the Void Cliff?"

Many people come up with such questions.

boom! ~

Suddenly, a fierce battle broke out, and the two shot at the same time.

A shocking sword light collided with a finger shadow.

Boom!

After several roars in a row, the figure retreated sharply.

It's the Void Cliff, the first few moves, the Void Cliff is actually exposed.

Chapter 3232: Constitution Mystery, Elemental Spirit Sword

"Haoyue is empty!"

The Void Cliff shouted, and every inch of skin covered the moonlight, and a round of residual moon appeared on the top of his head.

Haoyue was in the sky, the moonlight was scattered, and every ray of moonlight was full of murderous opportunities, full of terrifying attack power.

The Void Cliff used his full strength. Before that, he defeated Qiuyue and Ye Zhifan.

Now, with the blessing of the golden shirt, his power is undoubtedly more terrifying.

Keng!

Emperor Jian's body suddenly sounded the sound of Jingjian Jianming, and his body burst into infinite sword gas.

Uh!

The whole of him seemed to turn into a sword light and a war sword, killing towards the Void Cliff.

Where Jianguang passed, all the moonlight collapsed, and the world seemed to be split in half.

In the end, the sword light was slashed over the round moon of Void Cliff.

puff!

The remnant moon shook a little, then was split in half.

The body of Void Cliff thundered and retreated backwards. During the retreat, blood flowed into the air.

Void Cliff has been retreating to the edge of the battle platform before stopping. His face is as pale as snow. On his chest, there is a deep sword wound, blood flowing.

Void Cliff, was hit hard!

Everyone was shocked.

This is only a few moves, and the Void Cliff was severely hit, which is completely beyond everyone's imagination.

"Emperor Jianyi's combat power is too terrifying, he is the triple king!"

"The leapfrog defeated the Void Cliff so quickly, and the combat power of the same level of the battle at the same level completely exceeded Chu Chengkong!"

"absolute!"

Everyone was shocked.

This made Chu Chengkong very uncomfortable, but looked at Di Jianyi with a dignified look.

"Yuanling Sword Body, Emperor Sword is willing to cultivate into Yuanling Sword Body!"

Suddenly, the strong man with kendo spoke, very shocked.

"What? Yuan Ling sword body, no wonder it's so scary!"

Others also took a breath.

The Honghuang Universe has various physiques. Of course, most of these physiques are not born, but acquired through cultivation the day after tomorrow.

Equivalent to a mysterious technique, known as physique.

Such as the ancient **** body cultivated by Lu Ming, the ancient witch body cultivated by Wu Fan, the war **** body cultivated by Chu Chengkong, and the haoyue body cultivated by the Void Cliff...

These are actually cultivable, they are all secret techniques.

However, this mystery is extremely difficult to practice, and some require coincidence, and some require the talent of turning against the sky.

Some races are inherently suitable for certain physical secrets.

For example, the descendants of the ancient gods Lu Ming encountered at the beginning. The descendants of the ancient gods are born with the bloodlines of the ancient gods.

However, it is much more difficult for others to practice, and opportunities are needed.

Various physique mysteries can be difficult and easy to practice. Naturally, they also have different powers, which vary greatly.

The ancient **** body Lu Ming cultivated is actually one of the best to practice in the physique mystery. In addition to Lu Ming himself, he also saw many people cultivated into ancient **** bodies.

Of course, the ancient **** body is relatively easy to get started, but if you want to practice to the peak, it is extremely difficult.

Most people are wandering in the ancient **** of red armor, ancient **** of orange and ancient **** of yellow armor.

Lu Ming didn't see any one who had practiced the ancient **** of Qingjia.

The Yuanling sword body cultivated by Emperor Sword is extremely difficult to cultivate and extremely dangerous, but once cultivated, the power is extremely terrifying.

It is stronger than the ancient **** body, ancient witch body, and war **** body.

Of course, this is because the ancient **** body has not yet reached its peak.

If the ancient **** body practiced the blue armor ancient **** body, the purple armor ancient **** body, the power will also be shocking.

It is said that there are many other physical mysteries in the Honghuang Universe. Once they are cultivated, they will be powerful, and they will be able to suppress an era.

Of course, the conditions of such constitutional secret techniques and cultivation are extremely harsh.

Talent, perseverance, resources, and opportunity are indispensable.

"you lose!"

Emperor Sword stood at the center of the battle platform and spoke lightly.

"I lost!"

Void Cliff sighed and turned away from the battle platform.

The Yuanyuan secret technique was broken and was hit hard. He was unable to fight the Emperor Sword one by one, it would be better to admit defeat.

After Void Cliff conceded defeat, the color of the suit returned to purple, and the color of Emperor Jianyi's suit became more dazzling.

The current ranking, Emperor Sword One, first.

Void Cliff, second.

Chu Chengkong was third.

And Emperor Jianyi is the first, naturally no need to challenge.

Now, there is still a challenge qualification, it is Lu Ming.

"Lu Ming, can you continue to challenge?"

The voice of the national teacher sounded and asked Lu Ming.

"of course!"

Lu Ming smiled faintly, stepped out, landed on the battle platform, and a terrible war broke out on his body.

Battle word tactics, five times the combat power!

When Emperor Jianyi and the Void Cliff were fighting, Lu Ming was already trying to trigger the Warrior's Code five times.

After all, the warfare formula is now five times as powerful, and only has a trigger success rate of a few tens.

Therefore, triggering in advance is the king.

Who will Lu Ming challenge?

Many people showed their expectations.

The armor on the Void Cliff has returned from purple to purple, and its strength has been greatly reduced. It may not be stronger than Chu Chengkong, which is more suspenseful.

Lu Ming will challenge Chu Chengkong, or nothingness cliff.

"Chu Chengkong, get down and fight!"

In Lu Ming's hand, a spear emerged, with a finger Chu Chukong.

"Sure enough, he will challenge Chu Chengkong!"

Many people showed their colors.

Before, Lu Ming was targeted everywhere by Chu Chengkong, but now Lu Ming challenges Chu Chengkong, which is normal.

"Hehehe!"

Chu Chengkong sneered and landed on the battle platform step by step, saying: "Very good, very good, I couldn't challenge you before, but you challenged me yourself, just can kill you, and get a little interest for the Tianjiao of my God of War family! "

"It will be you who is tortured. You have the ability, don't admit defeat, fight for life and death!"

Lu Ming said.

"Fight of life and death? The dog who was chased by me like a bereavement family now thinks that if he is upgraded to a golden suit, can he fight me? Really naive, well, then fight of life and death!"

Chu Chengkong spoke coldly, and his breath became violent.

His body swelled sharply, turning into a **** of war.

"God of War!"

Chu Chengkong took a light drink, wielded his spear, and a huge **** of war emerged, screaming at the landing.

"Ancient Divine Body, Fascinating Dragon..."

Lu Ming's heart moved into an ancient **** of green armor that was a few hundred meters high, and then thirty-six nine-clawed dragons emerged and rushed towards Chu Chengkong.

At the same time, above Lu Ming's head, the Gate of Dominance emerged and bombarded towards Chu Chengkong.

At this moment, Lu Ming's strength was much stronger than in the previous war.

At this moment, Lu Ming has the blessing of the golden armor, as well as the blessing of five times the combat strength of the war character tactics, which is terrible and powerful.

A series of attacks landed on the giant Ares, and the God of War's body was covered with cracks and exploded directly.

Chapter 3233: Lu Mingzhan Chu Chengkong

The Gate of Domination continues to suppress Chu Chengkong.

Chu Chengkong's face changed wildly.

"Passionate Gun, burst me!"

Chu Chengkong shouted and exhibited the original mystery art weapon, and at the same time, he had two star cores in his body, which ran wildly and instantly pushed his strength to the peak.

The reason why he didn't exert his full strength just now was that he despised Lu Ming completely. He thought that to deal with Lu Ming, he didn't need to use his full strength at all.

But as soon as he played, he knew he was wrong, and he was very wrong.

Lu Ming's power, terrifying terror, defeated his attack at once.

"Long shots!"

Chu Chengkong shouted, his spear pierced, and the endless spears converged into the long river, slamming toward the landing.

boom!

A long river of gunshots impacted on the door of the Dominator, making a violent roar, and the door of the Dominator vibrated and was eventually blocked.

In the endless wave of energy, Lu Ming and Chu Chengkong's figure drifted back at the same time.

"What? Tie~"

Someone exclaimed, unbelievable.

Just now, Lu Ming and Chu Chengkong fought a few tricks in a row in an instant. The electric lights and flint were dazzled. At this moment, the talents reacted and were shocked.

In their imagination, Chu Chengkong should suppress Lu Ming with absolute advantage.

Even if Lu Ming has a golden armor blessing.

However, the result was different from what they had imagined.

"Lu Ming actually has such a strong combat strength, incredible, Chu Chengkong has used his full strength!"

"It's really incredible, Lu Mingcai's cultivation is very important!"

"He didn't dare to fight when he met Chu Chengkong before, but he didn't want to fight!"

Many people marvel.

Chu Chengkong, but the person who could beat Qian Shengxuan at the leap level, at this time the battle was fully open, but Lu Ming was not depressed, this is really incredible.

Even with the golden armor blessing, it is impossible to increase so much combat power.

Obviously, Lu Ming's own combat power is simply amazing.

They knew that when Lu Ming met Chu Chengkong before, he turned around and left, not daring to fight, but not wanting to fight.

With Lu Ming's strength, he can completely fight.

Before, those who looked down upon Lu Ming and thought Lu Ming did not dare to fight Chu Chengkong at all had a hot face.

"There is a play!"

The eyes of the King of Nine Jupiters light up.

The King of the Nine Swords also gloomy.

"I don't believe it, kill!"

Chu Chengkong roared, pushed the fighting power to the peak, and slammed towards the landing.

bump! bump! ...

Lu Ming's gigantic body stepped, the trembling tremors shook endlessly, and the Gate of Domination radiated an ancient brilliance, suppressing it forward, while Lu Ming brandished his spear and killed him.

The two giants fought fiercely on the battle platform, and in a flash, they fought dozens of moves.

With dozens of moves, neither of them scored the winner.

I have to say that Chu Chengkong's combat power is extremely powerful. If Lu Ming didn't have the golden armor blessing, I'm afraid he is not the opponent of the other party.

Of course, this is also because Lu Mingxiu is too weak, lowering the other two levels.

It is also a peerless arrogance. It is extremely difficult to bridge the gap of every rebuilding.

Because you have all kinds of terrible magical skills, and the other party also has it. It is too difficult to fight over.

"God of War strikes, thousands of horses!"

Chu Chengkong shouted, his spear shook, and in the void, a **** of war appeared, riding a horse, riding the void, wielding his spear, and slamming towards the landing.

The whole sky was shaking, full of suppressed breath, as if to crush Lu Ming completely.

"Do you think only you can fight God of War? Look at me, God of War strike, thousands of horses!"

Lu Ming drank coldly, his spear was swung out, and a **** of war was actually condensed in the sky, riding a war horse, and rushed to Chu Chengkong.

After so many years of cultivation, Lu Ming has trained the God of War to the ninth level, and the power is not under the three strikes of the World Extermination.

"What? You... how can you?"

Chu Chengkong shouted, his eyes widened, incredible.

Lu Ming actually took control of the God of War.

"Damn, dare to practice the secret skills of my God of War family!"

Outside, the elders of the God of War family screamed and killed.

Rumble!

The whole army of thousands of horses, shocked together, kept exploding.

However, Chu Chengkong's God of War striking was obviously deeper, reaching the tenth weight, and began to suppress Lu Ming.

"Little thief, even if you stole the mystery of my God of War family? Without the blessing of the Overlord Gun, it's just fur!"

Chu Chengkong shouted, and the Ba Shen Gun continued to wave out. That respected God of War was more powerful.

"Is the Tyrant Gun? Sorry, I do too!"

Lu Ming spoke lightly, and the artifact spear in his hand disappeared. Instead, it was a stone spear, filled with an ancient atmosphere, exactly the same as the **** spear in Chu Chengkong's hands.

"Bashen...Bashen Gun...How could you have a Bashen Gun?"

This time, Chu Chengkong's eyes almost burst into shock, and he shouted hysterically, incredible.

Not just him, everyone was shocked.

"That's a gun, it's impossible, how could he do it?"

"Two secret techniques of origin, incredible, incredible!"

"Lu Ming is also practicing ancient cultivation methods, it must be like this..."

Countless people shouted, it was difficult to remain calm.

They believe that Lu Ming is also practicing ancient cultivation methods.

Because controlling two different source mysteries, this means that you must control two different divine powers.

Only ancient cultivation methods can control several different divine powers.

"No wonder, no wonder Lu Ming's combat power is so powerful, it turned out to be an ancient cultivation method!"

Many people suddenly realized.

They believe that the reason why Lu Ming is so powerful is that he cultivated ancient cultivation methods.

"Impossible, damn, impossible..."

Some of the old men of the Ares family are even more indifferent. They are so old that they yell like pigs, which is really unacceptable.

Cultivating the power of overlord, and awakening the gun of overlord from the power of overlord. In the younger generation, only Chu Chengkong could manage the entire Ares family.

However, Lu Ming, an outsider, also awakened the Ba Shen Gun.

What a satire.

Chu Chengkong was shocked when he saw that Lu Ming had used the Ba Shen gun, and appeared in a trance.

Will Lu Ming miss this opportunity?

In the word measurement tactics, a steady stream of divine powers merged into Lu Ming's body, and then these divine powers rushed madly toward the Ba Shen Gun and the Gate of Domination.

"Starburst!"

Lu Ming stabbed out with one shot, and exhibited the strongest three-strike strike.

Undoubtedly, the power of gunshot magical skills will be stronger after using the outrageous gun.

At the same time, the Gate of Domination glowed like a **** mountain, and suppressed toward Chu Chengkong.

A combination of two original mysteries.

Chu Chengkong was frightened and quickly defended, but it was too late.

The force of violent destruction swept over him, shattering his heavy defense.

Then the Gate of Domination suppressed.

boom!

Chu Chengkong screamed, his hand bones were broken, his mouth vomited blood, his body flew out, and his body had several dozen broken bones.

Chapter 3234: Defeated

Chu Chengkong flew out and smashed heavily on the battle platform. He vomited blood and tens of bones were broken. Even the war **** body and the Ba Shen gun could not be maintained.

The Ba Shen Gun disappeared first, and the body returned to the normal state.

Buzz!

Lu Ming did not intend to just let Chu Chengkong go like this. The door of the master began to become smaller, and then continued to suppress, hit Chu Chengkong.

When Chu Chengkong participated, his body became arched and his internal organs were completely broken.

Then Lu Ming stepped on it and stepped on Chu Chengkong's face.

"Ah, let me go!"

Chu Chengkong struggled frantically and kept roaring, his eyes full of humiliation.

He was so arrogant and the strongest heir to the God of War family ever. The giant was stepped on Lu Ming's face in public. This was a huge insult. He wished to unload Lu Ming eight.

bump!

Lu Ming's foot pressed hard and stepped hard. Chu Chengkong's face immediately came into close contact with the ground, blood splashed, and his teeth fell off.

What a miserable word.

"Ah, I'm going to kill you, I'm going to destroy your door, you **** shit..."

Chu Chengkong's hysterical roar was completely crazy.

Before, he was so prestige, high above him, that Lu Ming was like a ant, did not take Lu Ming to heart, threatened to kill Lu Ming.

But it turned out to be the exact opposite. This is a huge contrast. It is really unbearable to be as proud as him, and the self-esteem has been severely hit.

A comparison before and after, he is a joke, a ridiculous joke.

"This kid, **** it, sin must die..."

Outside, several old men of the Ares family also roared, like a lion running away, all of which must be sent out.

"Why? The younger generation is not an opponent, the older generation is about to go. This is the style of your Ares family?"

King Jiu Jue glanced coldly at the people of Ares family, his tone full of sarcasm, making the people of Ares family look ugly.

"Nine knives, it seems that you are happy with Bai. Now Chu Chengkong has lost. Lu Ming entered the top three. My two bets are lost to you!"

King Jiu Jue looked at King Jiu Dao again, his face full of smiles.

To be honest, Lu Ming was able to defeat Chu Chengkong, which was also beyond his expectations.

"you..."

The King of Nine Swords is ugly and dying, and he doesn't know how to respond.

"Oh, I know, the test is not over yet, maybe there are variables..."

The cold and quiet way of the Nine Great Kings.

The King of Nine Swords almost vomited blood, and there was a fart variable. Chu Chengkong was like a dead dog stepped on the foot by Lu Ming, what other variables?

Even if Lu Ming continued to challenge Emperor Jianyi and the Void Cliff and was defeated, he would still be able to keep the third place.

This is the mockery of Chiguo.

"Ten Star Core Pills, here you are!"

The King of Nine Knives gritted his teeth, and he started shaking out ten Star Core Pills from the storage ring and threw it to the King of Nine Jue, bleeding in pain.

Even if he was a Uranus, ten star core Pills, he was bleeding, like cutting meat on his body.

On the side, the strong men of other gods and kings looked enviously when they looked at Jiu Jue.

Ordinary princes, who want one star core pill, are not available, not to mention ten.

"Haha, polite, polite, then I laughed!"

The King of Nine Jue's laughed away with a big laugh, and the laughing one was happy.

Nine Sword Heavenly King can't wait to step on the smiling face of Nine Sure Heavenly King.

bump!

A big shoe mark was printed heavily on Chu Chengkong's face.

Chu Chengkong's entire face was distorted. He roared and struggled, wanting to explode, but unfortunately he was controlled by Lu Ming and could not do it if he wanted to explode.

"Dare to threaten me, apologize to me, admit mistake!"

Lu Ming's face was cold, and the soles were crushing hard.

"Ah, if you don't think about it, I want to smash you corpses..."

Chu Chengkong shouted.

bump! bump!

He was greeted by Lu Ming's cruel kick.

"Enough, stop!"

"Little Bunny, stop!"

Outside, the strong men of the Ares family roared, and the sound penetrated directly into the world of the ball, which Lu Ming and others could hear.

"Got a fart, let him apologize, admit that he is trash..."

Lu Ming pouted.

The other party wants to kill him and treat such an enemy, Lu Ming will not have the slightest tenderness.

Is to hit the other party's service.

At the beginning, Chu Chengkong was still struggling, and slowly, he finally became soft.

There is really no way, Lu Ming will not enter the oil and salt, without fear of his threat, continue to fight, only Lu Ming will continue to abuse.

For this situation, for Chu Chengkong, it is almost like a year.

"I'm wrong, I shouldn't target you, I have no eyes, I'm rubbish..."

In the end, Chu Chengkong said humiliatingly, every time he said a word, his heart was bleeding.

Shame, shame!

The strong men of the God of War family, all with gloomy and terrible faces, exuded a cold murder.

The God of War family, how glorious in the past, was hailed as the God of War of the Taixu dynasty. Although it has now fallen, the people of the God of War family are still proud of their identity.

Chu Chengkong, hailed as the strongest arrogance in the history of the Ares family, represents the face of the Ares family.

When Chu Chengkong was beaten, it was equivalent to being beaten by the God of War family. One can imagine their mood.

"This is ridiculous..."

Lu Ming smiled faintly, kicked out, kicked Chu Chengkong out, kicked out of the battle platform.

Half of Chu Chengkong's fighting spirit was absorbed by Lu Ming.

In this battle, Lu Mingsheng.

In this victory, Lu Ming has locked in the top three positions, and Lan Shang has finally been saved.

call...

Lu Ming took a long breath and finally relaxed.

To be honest, this victory is not easy.

The arrogance of the Taixu dynasty is beyond Lu Ming's imagination.

This time, Lu Ming was also lucky, coupled with his own plan, he didn't hunt a lot of fighting spirit at the beginning, ranking lower, killing all the way up, and finally upgrading the suit, which defeated Chu Chengkong.

To be honest, if his suit is the same as Chu Chengkong, he may not be able to win Chu Chengkong.

In addition, Ye Zhifan's strength is also extremely strong, if not defeated in the hands of the Void Cliff, Lu Ming is not sure about it.

Anyway, this time I finally got the top three places.

"This battle, Lu Mingsheng, Lu Ming, can you continue to challenge?"

The teacher asked.

Although the National Teacher was also very unhappy with Lu Ming, he was very clever and had no obvious changes in his attitude.

Everyone was shocked.

Lu Ming, will you continue to challenge? They are looking forward to it.

However, they were disappointed.

Lu Ming shook his head and said, "No more challenges!"

Having won the top three, there is no need to continue the challenge.

To be honest, to continue to challenge, he was not sure.

The cultivation of the four peaks of the King of the Void Cliff, even if he relies on the golden armor to increase, it may be difficult to defeat the Void Cliff.

Not to mention Emperor Jianyi, he is probably not an opponent.

His goal is the top three, and winning the top three is enough.

Chapter 3235: Scared to pee

Everyone was relieved when Lu Ming stopped challenging.

They were really afraid that Lu Ming would continue to challenge and show a stronger card, then they would all be messed up in the wind.

It really can't be any more perverted, otherwise they won't be able to stand it.

"Okay, then I announce that this conference is over, you can come out!"

The voice of the Guoshi spread throughout the audience, and then he stretched out his hand, and a light fell on the world of the ball. Suddenly, a dark vortex appeared above Lu Ming's head.

Lu Ming and others rushed into the vortex. The next moment, all the people in the ball world appeared outside the ball world.

The national teacher waved his hands away and put the ball world away.

"This time the top ten people come over to receive the reward of His Majesty!"

The National Master announced again, and then returned to the Holy Emperor, standing respectfully.

Lu Ming, Emperor Sword One, Void Cliff and other top ten people walked in front of the Holy Emperor, bowed and clenched their fists, and said in unison: "See His Majesty the Holy Emperor!"

"No ceremony, the top ten people can get the Kaifu token, give the token!"

When the Holy Emperor waved his hand, ten maidens flew out immediately, and each maiden dragged a jade plate. There was a token in the jade plate.

This is the Kaifu token.

In the Taixu dynasty, only by obtaining the Kaifu token is it eligible to open the government. The party in charge is officially recognized, and other powerful people will come to seek refuge.

"You are all heroes of the world, and I hope you will develop well. The emperor hopes that there will be more kings in the Holy Dynasties in the future!"

Holy Emperor Road.

"Thank you Saint King!"

Lu Ming and others thanked and then put away the Kaifu token.

Countless people around them showed envy, and wished to take the token as their own.

"In addition, there is a reward for the top ten, who can make a request to the emperor, then start from the third place, Lu Ming, what conditions do you want to mention? Despite mentioning!"

The Emperor smiled and watched Landing.

"His Majesty the Emperor, Lu Ming's condition is to ask His Majesty the Emperor to forgive the Blue Merchants' sins and release the Blue Merchants from the Imperial Guard!"

Lu Ming clenched his fists and put forward his own conditions.

"Blue business?"

The Holy Emperor's brow furrowed slightly, a little puzzled.

"No, absolutely not, how can the Blue Merchant commit a big crime, forgive me!"

Before the Holy Emperor spoke, Wu Fan shouted.

After all the hard work, it was difficult to catch the Blue Merchant, how could he let it go.

A cold light flashed in Lu Ming's eyes, looking at Wu Fan and shouting: "Wu Fan, you are so brave, Your Majesty has not spoken yet, but you preemptively speak the words, listening to your tone, you are commanding the Holy Emperor?"

As soon as this remark came out, the audience was shocked.

Wu Fan's face was whitish, revealing a look of panic, and trembling: "You... don't slander me, I just feel that the blue business is very evil..."

"What about guilt? Do you think that there is no right to forgive a person under His Majesty the Emperor Taixu?"

Lu Ming then shouted.

Wu Fan was almost scared to urinate, his liver and gallbladder were all split, his body was trembling, and he was suddenly shocked.

This matter is remarkable.

Command the Holy Emperor! Question the Holy Emperor!

Whichever is a major crime of decapitation.

In the Taixu dynasty, the Holy Emperor is the sky, covering the sky with one hand.

Even if Wu Fan was given a hundred guts, he would not dare to have this thought.

He is relying on his father to be a master of the country, and he is also a peerless arrogant. He is accustomed to arrogance, and he is usually a high person, and he blames everyone.

Just now, it was an instinctive response.

He hated Lu Ming himself and hated Lan Merchant very much. As soon as he heard that Lu Ming wanted to pardon the Lan Merchant, he whispered when his mind was hot. He didn't expect to be caught by Lu Ming.

"You... don't talk nonsense..."

Wu Fan murmured nonstop, almost crying.

The Holy Emperor's brow furrowed, and this scene fell on the eyes of the State Master, which shocked the State Master.

"Sinister, don't kneel down and ask your Majesty the Holy Emperor!"

The state teacher shouted at Wu Fan.

thump!

Wu Fan kneeled directly in front of the Holy Emperor and screamed: "His Majesty the Emperor forgive sins, I really don't mean that, even if I gave me ten thousand guts, I dare not question your Majesty, please His Majesty. Forgive sins..."

Wu Fan pleaded with a snot and tears.

"Your Majesty, this boy Wu Fan really doesn't mean that, just now he was just in a hurry..."

The National Master also pleaded with the Holy Emperor, and then the prince stepped forward to plead together.

The Holy Emperor frowned lightly and said: "Let Wu Fan think of the cliff face for a hundred years as a punishment!"

"Thank you, Your Majesty!"

The National Master thanked quickly, and then scolded Wu Fan, saying, "Dirty beasts, I have not thanked Your Majesty!"

"Thank you, Your Majesty!"

Wu Fan knocked his head like pounding garlic.

The Holy Emperor waved his hand and made Wu Fan retreat.

Wu Fan stepped aside and roared inwardly, with endless killing opportunities.

This time, it was really shameful.

It's all Lu Ming, it's all Lu Ming's harm.

He counted everything on Lu Ming's head. If he had a chance, he must unload Lu Ming's eight pieces and let his heart out.

"What's the matter with Blue Merchant? When was he caught by the Imperial Guard!"

The Holy Emperor spoke.

Immediately, a big man in iron armor walked out and saluted: "Your Majesty, it is like this..."

This armored man is the command of the Imperial Guard, and he will talk about the blue business soon.

"It turns out so!"

The Holy Emperor whispered a few words, and looked at Lu Ming again, saying: "Since you make this request, the Emperor will naturally satisfy you. The Emperor will forgive the Blue Merchants from innocence, go and bring the Blue Merchants!"

"Yes!"

The Imperial Guard commanded the command and immediately ordered the next general to take the blue merchant.

This time, Wu Fan dare not put one.

Soon after, the blue merchant was brought in.

"father!"

Seeing the Blue Merchant, Lan Ling was very excited and ran quickly.

Lu Ming also hurriedly walked over and found that the Blue Merchants were not only suffocated, but also a little weakened, but the others were okay. Obviously, they were not punished in the Imperial Guards.

This is mostly the credit of the Thousand Saints.

"Wei Chen has seen His Majesty!"

The blue merchant salutes the Holy Emperor.

"Lan Shang, you and I haven't seen you for a long time!"

Holy Emperor Road.

"Weichen now wastes one person, so he dare not meet His Majesty!"

Blue Business Road.

"I'm curious, what is Lu Ming's relationship with you, and actually wasted a request to save you!"

The Holy Emperor asked lightly.

Many people, including Lan Shang himself, were shocked.

The Holy Emperor is the lord of the Taixu dynasty, and he often speaks at random and has deep meaning.

Moreover, the identity of Lanshang was too sensitive. At that time, it was Jing Yu's teacher. At that time, Jing Yu committed a major crime.

But Lu Ming did not hesitate to waste an opportunity to make a request to the Holy Emperor, but also to save the blue merchant.

What is the relationship between Lu Ming and Lan Shang?

Or, is Lu Ming and Jing Yu related?

In the blink of an eye, many people thought a lot.

"Your Majesty, Lu Ming is my son-in-law, and I love my little girl..."

Lan Shang bowed.

"Oh?"

The Holy Emperor whispered softly.

At this time, Lan Ling went forward to salute, then lifted Yi Rong and restored the original appearance.

Chapter 3236: The role of the original idol

Lan Ling returned to its original appearance, which made many people's eyes bright, and there was a kind of amazing feeling.

"It's really beautiful, and Lu Ming is a man and a woman, a perfect match!"

The emperor smiled.

Since it is Lanshang's son-in-law, save the Lanshang at all costs, so it's gone, and everyone didn't think about it.

Lu Ming smiled bitterly. At this time, he could only admit it with a daring scalp.

Otherwise, if the Holy Emperor suspected that he had anything to do with the startling, it would be troublesome.

"hateful!"

Aside, Wu Fan saw the appearance of Blue Spirit, shouted in his heart, and a wicked fire appeared in his eyes.

When he thought that Lan Ling was so beautiful but became Lu Ming's woman, his jealous eyes turned red.

"This Lu Ming is so lucky, I heard that Qiuyue is also his wife!"

"It is normal for a man to have three wives and four concubines, but it is really rare to have two such beautiful women as wives at the same time. It is a big joy in life!"

Many people lamented, especially some young men, envy jealousy.

Many young women sighed. Lu Ming was so proud that she was already married. They had no chance and secretly regretted it.

"Nether Cliff, what are your requirements?"

Then, the Emperor's eyes turned to the Void Cliff and asked.

After Niu Wuya made a request, it was Emperor Jian's turn to make a request.

Their requests will not be excessive.

Although it can be said that any request can be made, they will naturally not make excessive demands. If the request makes the emperor embarrassed and has a bad impression on them, it is not worth the loss.

So their request, the Holy Emperor readily agreed.

"Okay, this conference is successfully concluded. I am too sacred. The arrogance comes out. It is gratifying. The emperor will set up a feast for three days. Come together!"

The voice of the Holy Emperor sounded.

"Thank you Saint King!"

Thanks to everyone.

The three-day feast celebrated the whole country.

After the feast, Lu Ming, Qiuyue, Lan Ling and Lan Shang returned to their place of residence and waited three days to report to the Taixu Royal Sanctuary.

"Uncle Lan, how is your body?"

Lu Ming asked with some concern.

He can see that Lan Shang's physical condition is not very good, and the fluctuation of his soul power is ten thousand miles worse than before.

"My soul was injured in the World War I, but it is not a big deal. Don't worry!"

Lan Shang smiled slightly.

Although Lan Shang said so, Lu Ming knew that Lan Shang's injury was definitely not light.

As he said, the soul was hit hard and it was difficult to recover.

"Uncle Lan, is there any way you can recover?"

Lu Ming asked.

"The treasure that repairs the soul is extremely rare and rare, but it can't be met. Now you don't have to ask for it, Lu Ming. Your current goal is to practice well. After your cultivation is improved, you can open the government and develop forces, waiting for you to control. With enough strength, you can reverse the case for Jing Yu!"

Blue Business Road.

Lu Ming nodded.

Although he obtained the Kaifu token, there is also a piece of Qiuyue, a total of two pieces.

But if you want to get the Kaifu, you must cultivate to improve.

The qualification for Kaifu is at least fourfold, and even sevenfold.

Lu Ming's current repair is still low.

"Your top priority now is to practice well at the Taixu Royal Sanctuary and use the resources of the Taixu Royal Sanctuary to quickly increase your strength. I will take the time to help you find out about the original statues. The original family statues are indispensable! "

Blue Business Road.

"The original idol?"

Lu Ming wondered.

"Yes, it's not that easy to open a family. First of all, you need to get the order to open the house and get the qualification to open the house. Then you have the original idol. Once the original idol is opened, it will fill a wonderful wave. The source divine power factor, to understand the source secret technique, has an extremely mysterious effect!"

"Only the original idol can attract a lot of arrogance, and many strong people can rely on joining to develop their strength quickly. Otherwise, even if they can open the government, it will be difficult to develop forces!"

Lan Shang explained.

"Actually, it can help people to understand the source of divine power factor, to understand the source of mystery!"

Lu Ming was shocked and suddenly thought of the Pantheon in the Xingyue Ancient City.

The Pantheon Cliff has a lot of idols, which can help people understand the source of divine power.

"Original idol? Wait..."

Suddenly, Lu Ming's eyes lit up, and he thought of a **** robbed from Lan Feng among the ghosts.

Lan Feng's purpose in entering the ghost was the idol. Later, Lu Ming drove away Lan Feng with the former of the Apes Warrior, and the idol was also collected by Lu Ming.

He never knew what role the **** had.

At this moment, Lu Ming couldn't help beating.

"Uncle Lan, I have a **** here. Let me show you..."

Then, Lu Ming placed a formation in the yard.

It is mainly because the original idol is too tall. If it is taken out directly, it will be seen by people outside. This formation can cover up.

After setting up the formation, Lu Ming waved his hand, and the idol obtained from the ghosts fell in the courtyard.

"this is..."

After seeing the idol, Lan Shang stared at him, surprised, and looked carefully. Then he showed excitement and ecstasy, trembling: "The original idol is really the original idol, Lu Ming. How can you get the original idol?"

"Really a primitive idol!"

Lu Ming was also happy, and then told how to get the original idol.

"It turns out that, it seems that the purpose of Lan Feng entering the ghost is the original idol!"

Lan Shang nodded.

Lu Ming also realized, finally knowing why Lan Feng was so excited to enter the ghostly world.

Lan Feng has great ambitions, and wants to enter the top ten at this congregation held by Taixu Shengji to obtain the qualification for Kaifu.

Therefore, he wholeheartedly wanted to get the original idol.

It's a pity that Lan Feng struggled, but the result was that none of the conditions were met.

"Uncle Lan, this is really a primitive idol? Why does it feel so ordinary, except that the texture is extremely hard, is it no different from other statues?"

Lu Ming asked the doubt in his heart.

He studied the statue more than once, but found nothing unusual.

If he didn't think of Lan Feng's hard work just for this idol, Lu Ming had already lost this idol.

"That's because it hasn't turned on yet!"

Blue Business Road.

"Turn on?"

Lu Ming wondered.

"Yes, it is said that the primitive idol was made by the ancient ancestors from the bones of primitive gods and rare materials. It is extremely mysterious. At present, this method of refining has been lost."

"So now, every primitive **** is worthless, but if you want the primitive **** to have a mysterious effect, you need to turn on the light. Turning on the light is actually very simple, that is, to find artifacts related to primitive gods, such as the flesh and blood of primitive gods, primitive gods. Bones, weapons used by primitive gods, etc., can be used to open the light and stimulate the mysterious power of primitive gods!"

Lan Shang explained.

Chapter 3237: Enter Taixu Royal Sanctuary

Suddenly, Lu Ming finally knew how the original idol turned on.

However, there is another problem.

How do you get the flesh, bones, or used weapons of the original gods?

Since entering the Tiangong era, the primitive gods have disappeared and disappeared and are invisible in the world.

Some people say that the primitive gods are extinct for so long.

Lu Ming talked about his worries.

"You don't have to worry about this. The Taixu Holy Dynasty controls a mysterious realm, and these things exist in it. After a while, you should let you explore!"

Blue Business Road.

Lu Ming breathed a sigh of relief.

"In fact, such powerful forces as the 27th King's Mansion have primitive idols sitting in town in order to attract many strong men to take refuge. I see that your primitive idol is of high grade. After the light is opened in the future, it will definitely attract many strong men to take refuge. , Can play a vital role in your development!"

Blue Business Road.

Lu Ming nodded, and the two chatted for a while. Lu Ming continued to consult Lan Shang about cultivation issues.

...

At this moment, there were storms everywhere in the Taixu Holy Pilgrimage.

Prince's Mansion, a magnificent palace.

"His Royal Highness, this time there are so many arrogances, shall we pull them together?"

An old man asked the prince.

The crown prince sits in the upper position, looks for more than thirty months, is full of majesty, and has a domineering air.

"You can figure this out!"

The prince waved his hand.

"Also, the relationship between Lu Ming and Lan Shang is unreliable. I think this is extremely simple. Should I remove it?"

The old man asked again.

"Although Lu Ming's talent is strong, after all, it is only the cultivation of God King. It doesn't matter whether it is removed or not!"

The prince said at will.

Lu Ming's talent is strong, but in the eyes of God Wang Yizhong's cultivation practice, it is no different from ants, he doesn't care at all.

"I think it's better to find a chance to get rid of it!"

Just then, a woman's voice came from outside the hall, which was extremely charming.

Listening to the voice alone can make men fire.

A fragrant wind came, and then, a graceful and beautiful charming lady walked in.

If Lu Ming is here, he will definitely be surprised.

Because this woman is the night rose.

In order to investigate the case of the theft of Jiu Jue God Crystal, Lu Ming left the Qin Tianxing territory and entered the Chu Tianxing territory. The first place he went to was Modu Mountain.

The night rose is the master of the magic city and the daughter of the night devil.

At the beginning, the Modu Mountain was destroyed, the night demon king died, and the night rose was not dead. Unexpectedly, she actually came to the Prince's Mansion.

"Dark night rose!"

The prince whispered, his eyes turning around the night rose, revealing a hint of fiery meaning.

"Prince, this Lu Ming, must die!"

Dark Night Rose said coldly, with a ray of murder in his eyes, and longing.

"Okay, Rose, if you want to kill, then kill!"

The prince waved his hand and laughed, saying that he got up and walked to the night rose, and stretched his arms around the night snake's water snake waist.

The old man's figure disappeared in the hall.

"Prince, let me handle this matter!"

The night rose said.

"Okay, okay, everything is up to you. Come, let's work!"

The prince picked up the night rose and walked to his room.

...

Taixu Holy Palace, another huge palace.

This palace is the mansion of the two princes today.

At this moment, the second prince was discussing things with several people.

"Second Prince, I think that Lu Ming, the beginning is not easy, you must investigate clearly!"

Someone suggested.

"Okay, I will send someone close to Lu Ming to investigate Lu Ming's details and see if I can use it for my own use. If not, I can remove it if necessary!"

The second prince smiled, his eyes shone with wisdom.

The holy capital of Taixu, the state division.

"Lu Ming, Lu Ming, I will not kill you, and swear not to be a man!"

Wu Fan made a furious roar, which made some people tremble.

At the same time, the Lan Family Mansion, as well as the residence of the God of War family, and the Jiu You Heavenly King Mansion, filled with cold murders, some people spoke to take Lu Ming's head.

...

Three days passed by.

This day is the day when Lu Ming joined the Taixu Royal Sanctuary.

The holy capital of Taixu is vast and boundless.

To the north of the Holy City, there is a huge mansion.

The gate of the mansion is tall and majestic. On each side of the gate, there are eighteen stone pillars standing at a height of one hundred feet. On each of the pillars, there is a statue of a dragon circling each other.

This is the gate of Taixu Royal Sanctuary.

In the early morning of this day, a large number of figures gathered in front of the gate.

It was this time that Tianjiao, who was going to join the Taixu Royal Sanctuary.

At the conference held by Taixu Royal Sanctuary, you can join Taixu Royal Sanctum by passing the first two levels.

More than 100,000 people passed.

Lu Ming, Qiuyue, and Lan Ling are also in the crowd, waiting quietly.

Rumble!

The door opened, and a few middle-aged men came out.

"We are the teachers of Taixu Royal Sanctuary, welcome you to enter Taixu Royal Sanctum, now, you line up, register the information in order, and then follow us into Taixu Royal Sanctum!"

One of the tall and thin men said.

Then, everyone lined up and registered information one by one.

Half a day later, the registration was completed, and everyone followed a few middle-aged men to enter the gate.

Upon entering the gate, Lu Ming's eyes lit up.

It was buildings that came into view.

It's dense and majestic.

The most striking thing is that there are still many palaces suspended in mid-air to radiate divine light.

"Let me introduce to you that in the Taixu Royal Sanctuary, under normal circumstances, it is forbidden to fight each other. If you want to fight, there is a fixed place!"

"Furthermore, in the Holy Court, there were the last batch of Tianjiao left to practice, but some of the most powerful Tianjiao have already practiced and entered the frontier, and they have gone to the army to experience it. As for the previous batch of people, almost all of them disappeared. Now, let's go to various places to experience!"

"You also have to work hard to improve, and enter the army and other places in the future to accumulate military skills and fly into the sky!"

The tall, thin, middle-aged man talked eloquently, and said the passion was incomparable.

Many people are also said to be boiling blood.

"Also, there are many holy places to practice in Taixu Royal Sanctuary, and the efficacy is against the sky, but if you want to practice, you have to pay the corresponding price..."

Then, the tall, thin, middle-aged man introduced the cultivation holy ground in the holy palace.

After a full introduction for half an hour, I said, "Well, my introduction to you is here. The top ten Tianjiao followed me. Others followed several other teachers to arrange accommodation for you!"

Then, several other old men took the others and flew away.

Lan Ling also followed them away, leaving only the top ten Tianjiao and tall, thin middle-aged.

"You are the top ten peerless arrogances, and you have obtained the qualification of Kaifu. Of course, you have some privileges. Come with me!"

Tall and middle-aged.

Chapter 3238: Cuiwei

Lu Ming and others followed a tall, thin, middle-aged man. After a while, they came to a suspended palace.

"This is the place where you will live in the future. In this palace, there are many large formations such as Juling Formation, which are of great benefit to your cultivation!"

Tall and thin middle-aged introduction.

Everyone's eyes lit up.

The treatment of the top ten is really different.

"Your treatment is more than that. Many cultivation holy places can be opened to you unconditionally, without paying the price, you can practice as much as you want!"

The tall, thin middle-aged man continued.

This makes Lu Ming more happy.

Many of the cultivation holy places in the Taixu Royal Sanctuary, they can actually practice as much as possible, which is too cool.

The treatment of the top ten is also great.

"Okay, you choose a palace to live in, come to me if you have any questions!"

Tall, middle-aged, and turned to leave.

Lu Ming and ten others began to choose the palace.

The palaces all looked similar, and everyone chose one at random.

Lu Ming and Qiu Yuexuan's two nearby palaces.

Lu Ming took out the identity token and swiped at the gate, and the gate opened automatically.

"Sure enough!"

Entering the palace, Lu Ming sighed.

The palace is huge and magnificent, with many rooms and courtyard rockery.

And the breath is amazing.

Lu Ming took a deep breath and rushed into his mouth.

And here, you will feel the peace of mind and the various secrets of magical skills.

The cultivation effect here is better than in the Starry Sky Camp.

Without saying anything else, it is no wonder that many people are thinking of joining the Taixu Royal Sanctuary with all their heart.

After a turn, Lu Ming came to Qiuyue's palace and found that it was similar.

"Qiuyue, let's go to those cultivation holy places!"

Lu Ming said.

He couldn't wait a bit, and wanted to see those cultivation holy places.

"Okay!"

Qiuyue smiled, and the two of them left the palace and chose a direction to fly.

The first thing to do is to figure out the map of Taixu Royal Sanctuary.

"The two are Lu Ming and Qiuyue Girl?"

The two just flew out of the palace, and a clear voice rang.

Lu Ming looked around and saw a young woman walking towards them.

The young woman is very beautiful and can be said to be a peerless beauty. Compared with Qiuyue, Lan Ling is not much worse.

Wearing a black swordsman robe, she added a bit of heroism.

"Girl?"

Lu Ming showed his curiosity.

"I am a student of Taixu Royal Sanctuary, the last batch of students!"

The woman smiled.

"It turns out to be a school sister!"

Lu Ming arched his hand.

"My name is Cuiwei. When I held the meeting before, I had seen the elegance of the two, and I admired them in my heart, so I wanted to make friends!"

The young woman smiled and was very kind, making people happy.

"Cuiwei girl is polite. Those who can enter the Taixu Royal Sanctuary are peerless and arrogant. Both of us are just lucky!"

Lu Ming said modestly.

Qiuyue did not speak, and Lu Ming was there. Qiuyue generally did not speak, and listened quietly.

"Are you going to practice Holy Land cultivation?"

Cuiwei looked around and smiled.

"Not bad!"

Lu Ming nodded, there was nothing to hide.

"The two first arrived, I'm afraid they are unfamiliar with the terrain here, and there are many places to practice at the Taixu Royal Sanctuary. I am afraid that it is not easy to find. I just happened to be able to introduce them to you!"

Cuiwei Road.

"Then there is Lao Cui Wei girl!"

Lu Ming clenched his fists.

Taixu Royal Sanctuary has a vast territory. When they first arrived, the terrain is indeed a trouble. If someone introduces you, it will be much better.

"Which aspect do you want to practice?"

Cui Wei asked.

"In terms of the original divine power factor!"

Lu Ming said.

He is most interested in this aspect. After all, he has ten kinds of divine powers to enlighten, and he needs this type of cultivation holy place most, which can save him a lot of time.

"Enlightenment to the source divine power factor, naturally go to the statue garden, the two follow me!"

Cui Wei smiled and led the way ahead.

Lu Ming and Qiuyue keep up.

The Royal Sanctuary of Taixu is indeed too vast. There are countless buildings. They walked around for a long time before they came to a huge building.

If no one takes them, they are going to faint.

"This is the idol garden, in which you can learn about the source divine power factor, or the source mystery technique. The effect is excellent, but if you want to enter the idol garden to practice, you must have requirements!"

Cuiwei Road.

"There are requirements, not the top ten. If there are no requirements, can you practice as much as you want?"

Lu Ming said.

"The top ten are well treated. Many holy places for cultivation are free to practice, but do not include the Garden of Idols!"

Cuiwei explained.

"No, so pitted!"

Lu Ming is speechless. His favorite is the Garden of Idols, and he can't practice as much as he wants.

"What do you need to practice in the Garden of Gods? Do you need God Crystal, or do you need to contribute something?"

Lu Ming asked, many places have similar requirements.

"neither!"

Cuiwei shook his head and said, "Need for purgatory points!"

"Infernal Points?"

Both Lu Ming and Qiu Yue were puzzled.

What is Purgatory Points?

"In Taixu Royal Sanctuary, it is impossible to fight, but there is a place called the Purgatory. There, you can fight and fight for life and death. Many Tianjiao will go there to hone. The key is the Purgatory. It can also hide their identity. Will not be recognized!"

"Fight in the purgatory station, after winning, you can get purgatory points. The purgatory points are cultivated in the God Garden!"

Cui Wei explained.

"So it's so strange rules!"

Lu Ming muttered.

"Forget it, go to practice elsewhere first!"

Lu Ming said.

Familiarize yourself first, improve your strength, and then go to the Purgatory station to fight and earn Purgatory Points.

Otherwise, Lu Ming won the third place in this conference, but it is also dangerous to go to purgatory.

You know, the last batch of students has been practicing here for many years. Who knows what they have achieved now.

"In Taixu Royal Sanctuary, there are a lot of holy places to practice, but the most famous ones are just a few. They are the Garden of Gods, the Grinding of Yin and Yang, the Tower of Ten Thousand Tribulation, and the Refining Abyss..."

Cuiwei introduced it.

Among them, the Garden of Idols is the place where you can learn about the source divine power factor and the source secret technique.

Yin-Yang grinding discs can temper divine power and body, and even improve cultivation.

Tower of Ten Thousand Tribulation, where you can train your actual combat abilities and practice the mysteries of magical skills.

Soul refining, where the soul is refined.

The Purgatory Tower is a place where life and death fight to get points for purgatory.

In addition, there are places to hone the artificer, places to hone the alchemy, places to hone the formation and so on.

There are all kinds of holy places.

Cuiwei landed with Ming Ming and Qiuyue, and made a circle in Taixu Royal Sanctuary to familiarize themselves with these cultivation holy places one by one.

Chapter 3239: Startling record

Later, Lu Ming and Qiuyue thanked Cuiwei. If Cuiwei didn't lead the way, Taixu Shengyuan was so big, some of them turned.

"It's also an honor to be able to make two peerless arrogances. If there is anything in the future, feel free to give me a voice!"

Cui Wei smiled. After the two sides left the sound transmission mode, Cui Wei flew away.

"Master, where do you want to practice?"

Qiuyue asked.

"Let's go to the Yin and Yang grinding disc first!"

Lu Ming said.

Yin and Yang grinding discs can sharpen the divine body, temper the divine power, and can improve the cultivation.

The divine power and the divine body are improved, and the combat power can also be enhanced. Of course, choose Yin and Yang grinding discs.

"I want to go too!"

Qiuyue nodded, and immediately the two went toward Yin and Yang.

At the entrance of Yin-Yang Mopan, Lu Ming and Qiuyue were stopped.

Because, if you want to enter the Yin-Yang grinding disc to practice, you need God Crystal, and the number of God Crystals is amazing.

However, when the two revealed the identity token, there is no need to pay Shenjing.

"It turns out that the two are the top ten arrogances of this conference. The two entered the Yin-Yang grinding disc to practice, and they don't need to pay the Shenjing. They can do as long as they want to practice. These two are teleportation cards.

"Cultivation in the Yin-Yang grinding disc is still a bit dangerous. When you feel you can't bear it, you will stimulate the teleportation array. The teleportation array will bring you out!"

An old man guarding the Yin-Yang grinding plate handed Lu Ming and Qiu Yue a teleportation card.

The two gathered away, thanked them, then walked into the gate, along a mountain road, and soon after, they came to the top of a mountain.

In the center of the mountain, there is a cave, unfathomable.

Lu Ming saw many young men and women sitting cross-legged on the flat ground around the cave, practicing.

I also saw someone jump from the cave directly into the cave.

And on the flat ground at the edge, there was also a flash of light, and a figure suddenly appeared, one by one like a dead dog, and quickly swallowed the panacea to recover.

Obviously, the cave is the Yin and Yang grinding disc.

Someone went in, and some sent it out.

"These people are very profound in their cultivation!"

Lu Ming felt it a little, and was shocked.

The breath emitted by these young men and women is extremely alarming. Most of them are actually in the Triple Realm of God King, and some of them are still above the Triple God King.

Almost all of these people were the arrogance of the last batch of members who joined the Taixu Royal Sanctuary. They have been practicing in the Taixu Royal Sanctuary for many years, and each one is unfathomable.

It is said that the strongest group of people have already gone out to practice, and those who have remained in the Taixu Royal Sanctuary are not so strong.

"That is..."

Then, Lu Ming and Qiu Yue were attracted by a huge stone monument.

Not far away, there is a huge stone monument as high as a thousand feet, with names appearing on it.

"Jing Yu!"

Suddenly, Lu Ming stared, because he saw a name on the top of the stele, Jing Yu!

Jing Yu's name is at the top.

"You are newcomers. This stone tablet records a group of people who have practiced the longest in the Yin-Yang grinding disc. In the Yin-Yang grinding disc, they have to withstand tremendous pressure. No one can keep cultivating all the time. The long record was kept by Jing Yu, and he practiced for 999 days in one go!"

A young man explained to the side, speaking of the back, revealing amazement.

"It turned out to be a record tablet!"

With a move in Lu Ming's heart, he took a closer look, and it turned out that there were time records behind each name.

Jing Yu is a record holder, able to practice 999 days in a Yin and Yang grinding disc.

The second place is 889 days, which is more than 100 days less than Jing Yu.

Lu Ming saw the name of Lan Shang in the tenth place, 732 days.

There are a thousand names on the stele.

Obviously, this is not a record of a certain class of students, but a record kept by all Tianjiao since the establishment of Taixu Royal Sanctuary.

Lu Ming glanced a few times, and then walked towards the cave with Qiuyue.

"Autumn Moon, come on!"

"Master, you too!"

The two smiled at each other, and then jumped into the Yin and Yang Mopan.

As soon as he leaped into the Yin-Yang grinding plate, Lu Ming felt a powerful force pulling him, causing him to fall quickly.

But after a while, the falling momentum stopped and Lu Ming felt a terrifying force, squeezing on him, his body trembling, almost bursting apart, he quickly transported divine power to resist, only slightly better .

"That is..."

Then, Lu Ming looked around, his pupils shrunk involuntarily.

The sky and earth are filled with two colors of light, one red and one white.

Two colors are two energies. These two energies are on each side, forming two huge grinding discs, slowly rotating, as if to crush everything.

Lu Ming is still at the edge of the grinding disc, but he is carried by a force, and he can't help but go towards the center of the grinding disc. The more he goes to the center of the grinding disc, the more terrifying the crushing power is, the magical power of Lu Ming's body, All trembling.

"Is this yin and yang grinding plate, so horrible, I want to block..."

Lu Ming growled, all the divine power exploded, the ancient god's heart beat violently, the muscles swelled up, running all the power to resist.

At this time, Lu Ming followed the force and entered the center of the two grinding discs.

Suddenly, Lu Ming's body violently shook, the divine power surrounding the body continued to shake, and there was a terrible force that directly rushed into the defense of the divine power, crushing his divine body, as if to tear his divine body.

Pain and pain spread throughout the body.

"Block..."

Lu Ming clenched his teeth and insisted on resisting with divine power and body.

The grinding disc rotates continuously, the two energies are staggered, and they are constantly crushed on Lu Ming.

Hold on, hold on...

Lu Ming clenched his teeth and insisted, unknowingly, that he had been practicing in the Yin-Yang grinding disc for two hours.

Lu Ming felt his own body almost collapsed.

There were tears of pain.

Here, the divine power cannot defend all the power. No matter how strong your divine power is, there will be a force that rushes into the divine defense and impacts on the divine body.

If the divine body is not strong, even if the divine power is strong, it will not last long.

"Wochao, it's too difficult to persist. It's only two hours. I feel like it's been two years. It's amazing how Senior Yu Jing persisted in 999 days!"

Lu Ming marveled.

But at the same time, he also discovered the benefits.

In the process of perseverance, in the process of being crushed by the Yin and Yang grinding discs, there was also a strange force of Hu that penetrated into his divine body. In his divine power, his divine body and divine power were slowly becoming stronger.

This rate of improvement has been many times faster than step-by-step training outside.

"Sure enough, then continue, continue..."

Lu Ming continued to clench his teeth.

Two hours, three hours, five hours, ten hours...

Soon, Lu Ming persisted in the Yin-Yang grinding plate for two days.

Chapter 3240: Purgatory

After two days in the Yin-Yang grinding plate, Lu Ming has reached the limit.

A crack appeared on his body, as if it were cracked porcelain, which would break at any time.

Pained, tired, and intertwined, Lu Ming wanted to take a nap.

In continuing, he will really be crushed to death by Yin-Yang grinding plate.

"Almost, go out first!"

Lu Ming gritted his teeth and took out the teleportation symbol, divine input, and a force enveloped Lu Ming. At the next moment, Lu Ming disappeared in the Yin and Yang grinding discs and appeared outside the entrance.

Huh...

As soon as he came out, Lu Ming gasped for breath, and then took out a few magic pills and stuffed his brain into his mouth, sat cross-legged, and ran the "Qiankun Wandao Jue" practice.

Here, there is the strong guard of the Royal Palace of Taixu guarding, no one dares to make trouble here, so you can recover as you like.

It took three days for Lu Ming to fully recover to its peak, and it was not good.

"Cultivation and spirituality have some improvement!"

Lu Ming showed a happy look.

After two days of 'grinding', his cultivation practice and divine body have improved somewhat.

It should be known that in the God Realm, it is very difficult to improve cultivation. Every step of improvement requires a lot of energy and resources.

And he only made two days of cultivation, and he has made this progress, which is already very rare.

"carry on!"

Lu Ming rushed into the Yin-Yang millstone again and began hell-like practice.

The second time, Lu Ming insisted a little longer, reaching three days.

"In only three days, Senior Yu Jing insisted on 999 years, and this gap is too big!"

Lu Ming sighed.

He didn't know that people who had just entered the Yin-Yang grinding disc practiced were able to persevere for more than a day. There were very few. Many people entered for the first and second time and could only persist for a few hours, or even retreat for a few minutes of.

Three days later, Lu Ming withdrew and continued to recover, feeling that cultivation and spirituality also improved.

Then, go on...

In this way, Lu Ming concentrated on practicing Yin and Yang grinding discs, insisting to the limit every time, and when he was tired, he withdrew from recovery...

Day after day, year after year.

Slowly, Lu Ming persisted in the Yin-Yang grinding plate for longer and longer.

From the first two days, three days, ten days, twenty days...

In the blink of an eye, Lu Ming has been practicing in Yin and Yang millstones for a hundred years.

At this time, he was able to persist for three years in one go in the Yin-Yang grinding plate.

And his gain is also huge. Not to mention, the body of the **** is strong, the musculoskeletal internal organs have become more tenacious and powerful, and the heart of the ancient **** is beating, full of vigorous vitality.

The divine body is stronger and the physical strength is stronger. When he casts the ancient divine body, he persists for a longer time. At the same time, when he triggers the war character tactics five times the combat power, he will persist for a longer time.

And Lu Ming's cultivation practice has also been greatly improved, stepping into the double king of God in one fell swoop.

"Cultivation for a hundred years, from the first king to the second king!"

Lu Ming smiled, very satisfied.

For a hundred years, for the people of God King Realm, it passed in a blink of an eye. It is really too short. For ordinary God Kings, if they want to break through and rebuild it, they are all in the unit of

“10,000 years”, and they will move a few times. One hundred thousand, millions of years, even tens of millions of years.

Lu Ming, however, was able to make a breakthrough in a hundred years, and he still practiced ten kinds of divine powers. This speed is already extremely terrifying.

Of course, this and his own talent, but also to measure the power of refining the star core at all times, and with the help of the Yin and Yang grinding discs, we can break through so quickly.

Breaking through to the second king of God, Lu Ming's combat power naturally skyrocketed.

Unfortunately, the original divine factors of various divine powers have not been improved.

"If you want to break through the double king of the **** king, even if you have the help of the yin and yang grinding discs, I am afraid that it will take at least three hundred years. Don't worry, go to another place of cultivation...

Lu Ming thought.

He waited here and waited for Qiuyue to come out from the Yin and Yang Mopan, he and Qiuyue left here together and headed towards the next holy place for cultivation.

The next cultivation holy place, refining soul abyss.

Soul refining, able to hone the soul.

In addition, the two people's previous ten identities are also free of charge to practice in Soul Depth.

For a period of time afterwards, the two men practiced in the Soul Refining Abyss, tempered the soul, washed the soul, and made the soul stronger.

The stronger the soul, the stronger the spiritual consciousness. If you meet someone like Jiuyou Tianwang Mansion that has an influence on the soul, the soul defense will be stronger.

After refining Soul Abyss for some time, Lu Ming and Qiuyue went to another cultivation holy place, Wan Tribulation Tower.

In the Tower of Ten Thousand Tribulations, you can practice your magical skills and hone your mysteries.

In this way, Lu Ming and Qiuyue practiced back and forth in several holy places.

Other people have to pay for their cultivation in these holy places, but Lu Ming and Qiuyue do not need them at all. They use these resources to enhance themselves, enrich themselves, and make themselves stronger.

They are rapidly improving in all aspects.

Soon, three hundred years have passed since they entered the Taixu Royal Sanctuary.

"The original divine power factor has not been greatly improved, only the Taiko Dragon Power has awakened the original divine power factor."

Lu Ming pondered.

Of the ten divine powers that Lu Ming cultivated, only the master divine power awakened the original divine power factor twice, and the other seven divine powers were all awakened once by the divine power factor. There are also two divine powers, and there is no awakening divine power factor.

After years of practice, Taikoo Dragon Power finally awakened the original divine power factor. In this way, there is only one kind of divine power, and there is no awakening of the original divine power factor.

However, Lu Ming felt too slow.

He desperately wanted to go to the **** garden to practice.

"With my current combat strength, I should be able to get some points when I go to Purgatory!"

Lu Ming thinks about it, and waits for Qiuyue to finish his cultivation, and then speaks to Qiuyue.

Qiuyue also readily agreed that she also wanted to earn some points and then go to the idol garden to practice.

The requirements for entering the Garden of Gods are so strict, and the effect must be extraordinary. Lu Ming is full of expectations.

Immediately, the two set off and headed towards the purgatory.

"Brother Lu Ming, Qiuyue girl..."

Lu Ming, they were on their way to the purgatory, and they heard someone calling them. At first glance, it turned out to be Cuiwei.

"Cuiwei girl, what a coincidence!"

Lu Ming greeted with a smile.

"It is indeed a coincidence, are you going to purgatory?"

Cuiwei smiled.

"Yes, let's go to the purgatory station to see if we can earn a little purgatory points and go to the **** garden to practice!"

Lu Ming said.

"Exactly, I'm going to the Purgatory Tower, why not go together?"

Cuiwei Road.

"That's right!"

Lu Ming nodded.

Immediately, the three of them headed towards the Purgatory Tower together. Soon after, several huge buildings appeared in front of us.

These buildings look like an arena, with a total of three, connected together.
