

D Emperor 3241

Chapter 3241: rule

"The Purgatory Tower is divided into three areas. According to the cultivation, it is divided into three areas. The **** king is divided into one area, and the **** king is divided into one area. The **** king is divided into four areas. Wang Jiuzhong, as a region!"

"The corresponding cultivation person can only fight in a certain area. For example, God King is triple to God King, and he can only fight in the first area. Of course, he can also go to the second area and the third area. Just to die!"

"While the cultivation level is high, you cannot enter the low-level area to fight!"

Cuiwei explained.

"Originally divided areas!"

Lu Ming shouted a pity in his heart.

Knowing that the area was divided, he could have come to Purgatory Terrace to kill him. The King of God is triple to King of God. He has no fear of anyone unless he encounters the metamorphosis of Emperor Jianyi.

"Brother Lu Ming, what area are you going to?"

Cui Wei asked.

"Nature is the first area!"

Lu Ming said.

In the first area, the king is from one to three, the second area is from four to six, and in the third area, from seven to nine.

"You can get a mask when you enter the purgatory. You can hide your identity with this kind of mask, so when you fight at the purgatory, no one else knows your identity!"

Cuiwei Road.

The three entered the first area and were stopped by the guards. After filling in the information, the three received a Shura mask.

Immediately after wearing the Shura mask, a wonderful energy spread out from the Shura mask, and turned into a black mist, which enveloped them.

Lu Ming looked at Qiuyue and Cuiwei, and found that they could barely see their figure, barely seeing a woman, but the color and appearance of the clothes were all blocked, even if they were spiritually conscious, they could not see through.

"Not bad!"

Lu Ming smiled.

It's best to be able to hide your identity and earn points.

Lu Ming has many enemies. If he cannot hide his identity, he is still afraid of being targeted.

And each of the three Shura masks has a number.

Lu Ming is 11111, Qiuyue is 11112, and Cuiwei is 11113.

With the mask on, the three went in.

The Purgatory Platform is actually an arena. There is a huge battle platform in the middle. There are rows of seats around the battle platform, and there are many watching.

However, those who entered here were wearing Shura masks and could not recognize the true appearance at all.

At this moment, there was a cheer all around, and on the battle platform, two figures were fighting fiercely.

The two people fighting each other couldn't see clearly, but could barely see that they were both men, one burly and one tall and thin.

The two are fighting fiercely, the battle is very fierce.

The cultivation practices of the two are in the Triple King of God, and they are awakened by the original divine power factor.

In fact, being able to join the Taixu Royal Sanctuary itself represents talent, and has practiced in the Taixu Royal Sanctuary for so many years, most people can awaken the original divine factor.

The two men fought a hundred battles, and finally the tall and thin man lost, found the opportunity, desperately rushed down the battle platform, and finally he was rushed off the battle platform.

"No. 3689 wins, this win is a three-game winning streak and three purgatory points!"

A thick voice spread throughout the audience.

"The points here are calculated according to the number of wins. If you win once, you will get one point. If you have two consecutive victories, you will get two points at once, plus the previous ones, you get three points!"

"If you have a three-game winning streak, you will get three points at once, plus the previous one, six points, and so on..."

Cuiwei voiced Lu Ming and Qiuyue and introduced them.

Lu Ming understands that here, the more winning streak, the more points will be earned.

"But here, the two sides are not limited to one person. If some people win too many in a row, the person who manages the purgatory will arrange for multiple people to join forces to fight one person!"

"For example, if someone wins 50 games in a row, and if they continue to fight later, they may face the situation of multi-player teamwork. It is said that the record at the Purgatory is maintained by Jing Yu. His highest record has challenged 99 and 99 at the same time. Master..."

Cuiwei continued to explain.

"It's Jing Yu again!"

Lu Ming moved.

He found that many records in Taixu Royal Sanctuary were kept by Jing Yu.

It can be seen that Jing Yu was so stunning in the past, and it is not an exaggeration to call him the first person in the history of Taixu dynasty.

"Fighting ninety-nine people at the same time, really powerful!"

Lu Ming sighed. You know, everything here is Tianjiao, which is also Tianjiao. It can fight ninety-nine people at the same time. It is terrifying.

"Of course, it also depends on luck. If you encounter the same arrogance as yourself, you can't challenge so many people at the same time!"

Cui smiled.

Then, Cuiwei introduced the rules of Purgatory.

There is no taboo to fight on the purgatory platform, life and death are concealed, and there is no one to control.

At the same time, the mouth admits defeat, it is not considered defeat.

But if you want to concede defeat, only rushing down the battle platform is considered as conceding defeat, and the other party will not continue to chase down.

"No. 3689, continue to challenge?"

The thick voice sounded.

"Continue to challenge!"

Answer No. 3689.

"I'll fight you!"

As soon as the voice of No. 3689 fell, a figure rushed to the battle platform.

Everyone saw that the number on this person's mask was 5555.

"kill!"

Without extra words, the two fought fiercely together.

The cultivation of the two was also the triple king of God, and the battle was extremely fierce. After fierce battles of more than 100 moves, in the end, No. 5555 won and ended the other three consecutive victories.

However, although No. 5555 defeated his opponent, he was also injured and did not continue to challenge.

"Master, let me try it!"

Qiuyue gave Lu Ming a voice, looking like he was eager to try.

"Go, be careful!"

Lu Ming urged.

"rest assured!"

Qiuyue smiled, drifted up, and landed on the battle platform.

Then, the breath of her body filled out, and the triple repair of the **** king was revealed.

God king tripled to **** king fourfold, there is a hurdle, not so good breakthrough.

After years of cultivation, Qiuyue's cultivation has already reached the peak limit of the triple king of God, and it is only one step away from the quadruple of King God.

Qiuyue has stayed in this state for a hundred years.

However, Lu Ming estimated that Qiuyue should soon be breaking through.

"Looking at the figure, it's a chick, haha, I like to abuse the chick best, leave it to me!"

A rough voice sounded, and then a figure fell on the battle platform.

"Chick, the Lord is reluctant to kill you, get me off the battle platform!"

The man shouted and threw a punch, killing Qiuyue.

This person is also the cultivation practice of God Triple.

Uh!

Qiuyue went straight out with a knife and broke through this person's defense.

The man screamed, his body flew out, he fell heavily on the battle platform, heaved a spit of blood, a knife mark appeared on his chest, and the whole body was almost split in half.

Chapter 3242: Quite simple

Qiuyue beat his opponent with a stroke.

Of course, this is Qiuyue's mercy, or you can kill the opponent with one move.

"Go away yourself!"

Qiuyue spoke, she intentionally changed her voice, making it sound very cold.

The man hurriedly climbed out of the battle platform.

"Victory 11112, earn a purgatory point, do you need to continue to challenge?"

A thick voice sounded.

"carry on!"

Qiuyue Road.

At the next moment, someone rushed to the battle platform again to fight Qiuyue, but Qiuyue was easily defeated.

To be honest, not many people are Qiuyue's opponents in the same level.

The reason why Qiuyue was defeated in the hands of Void Cliff was that the cultivation of Void Cliff reached the fourfold of King Shen.

At the same level of battle, Qiuyue may be able to overcome the void.

Now, Qiuyue's cultivation base has reached the triple peak of the **** king, and after three hundred years of cultivation, all aspects have improved and become stronger.

The same triple king, almost swept.

Soon after, Qiuyue won a 50-game winning streak.

Fifty in a row, Qiuyue scored 1275 points.

One point, you can practice one day in the idol garden.

1275 points, you can practice for several years.

"Is this point quite profitable too!"

Lu Ming muttered.

If it is heard by others, it is estimated to vomit blood.

Even if other people earn a point, they have to fight for life or death, depending on luck. If one is careless and encounters a hard-hearted person, they may lose their lives here.

Where is it profitable? ?

The people who watched the battle around were stunned.

"The terrible Tianjiao actually won a 50-game winning streak. In the first area, there hasn't been such a terrible Tianjiao in a long time!"

"Yes, no one has won a 50-game winning streak since those top-tier Tianjiao repaired to break through the four or more levels of God King!"

Many people talk about it.

It's not that there are 50 consecutive victories.

Some of the top-ranked Tianjiao among the previous batch of students have also won, but since those people have cultivated to break through the fourfold of the King of Gods, no one in the first area can achieve this kind of achievement.

"Is it the top Tianjiao among this new group of students?"

"Yes, it must be. I heard that among these new students, there are a lot of horrible arrogances and strong ridiculousness, which surpassed many previous sessions!"

"Some people even say that this session is the strongest in history, this person is definitely the top arrogance among the new students!"

There was a lot of discussion all around.

"No. 11112, will you continue to challenge?"

The thick voice sounded again.

"war!"

Qiuyue will continue to challenge.

"Okay, but I'll arrange it next!"

That thick voice came. Soon after, a total of three figures rushed to the battle platform.

Sure enough, the Purgatory began to arrange multiple people to challenge Qiuyue.

Obviously, under the fourfold of the **** king, no one is already Qiuyue's opponent, and only one person can arrange a battle.

However, even if the three men join forces, they are not Qiuyue's opponents.

Qiuyue's winning streak continues.

The number of people sent by Purgatory has also been increasing.

At first three people, four people, and later increased to twenty people.

Many people took a breath.

These two dozen people, but not ordinary people, are all arrogant characters. Every combat power is very powerful. When so many people join forces, they are not Qiuyue's opponents.

Later, Qiuyue has won a hundred consecutive victories before stopping the challenge.

Always challenged, the divine power is also very expensive.

With a 100-game winning streak, Qiuyue scored 5050 points.

This makes countless people's eyes fiery and enviable.

5050 points, which is enough for more than ten years of practice in the Idol Garden.

After completing the challenge, Qiuyue returned to the stands.

"This beauty, can you sell me some points, I am willing to pay a lot of money!"

"Go aside, beauties, sell me some, I am willing to pay anything, including my body..."

"Go, shameless!"

Suddenly, many people around Qiuyue, want to buy points, noisy.

Purgatory points can be bought and sold.

"Not for sale!"

Qiuyue was cold, and there was a cold murder in her body.

Those people can only shut up.

"I'll try it!"

Lu Ming smiled, his figure moved, and rushed to the battle platform.

After rushing to the battle platform, Lu Ming exuded his cultivation base.

The double breath of the **** king reveals nothing.

"God king is double, well, this person is mine!"

Immediately, someone's eyes lit up and rushed to the battle platform.

Looking at his body shape, he is also a burly young man, about three meters tall, and should not be a human race.

The breath radiated from this person is also a double of the King of Gods.

boom!

The man stepped out, the ground roared, and drove to the landing.

Lu Ming took out a spear and spurted it out. He struck a trick with this person, and a violent noise erupted. Then, the two bodies stepped back a few steps at the same time.

"Good strength!"

Lu Ming exclaimed, seeming dignified.

Of course, all this was pretended by Lu Ming.

If he is serious, he can easily kill each other.

But what should I do if I show such strong strength at first, and the people behind are scared to fight?

Therefore, he started to be low-key, and his exposure was almost the same, so that he could attract people in the back to challenge.

Waiting for a winning streak, and winning one more, it is a lot of points.

Therefore, Lu Ming pretended to do his utmost to fight fiercely with this burly young man, killing dozens of moves, Lu Ming only shot the other party off the battle platform with a single shot, a very reluctant look.

"No. 11111, win, get one point, can you continue to challenge?"

A thick voice sounded.

"carry on!"

Lu Ming breathed a few breaths pretendingly, said.

"This person's strength is average, I will fight him!"

Immediately, a person rushed to the battle platform, this person is also the second cultivation of the **** king, the combat strength is stronger than the previous one.

Then, Lu Ming pretended to fight with this person dozens of tricks, and bombed the other party off the battle platform.

After the war, it looked like a quick breath.

Sure enough, some people continue to challenge.

In this way, Lu Ming won fifteen consecutive victories.

Every time the war is over, it looks like a quick breath, but every time someone goes up, he will be bombed off the battle platform.

The others finally felt wrong.

"Nima, this man will not be a pig and a tiger, every time he looks like he is dying, but the stronger person goes up and loses to him!"

"This guy is definitely a pig and a tiger!"

"Sinister!"

Scolding.

However, some people do not believe in evil.

"I don't believe that his fighting strength is bottomless, I will meet him!"

Someone rushed to the battle platform to fight with Lu Ming again, but the result was still defeated.

Even if the king of the Triple King went up, it was a result.

However, there are still people who continue to challenge Lu Ming.

The main thing is that Lu Ming started very gently. All challengers were hit by bombs and hit the platform at most, and did not kill one person.

If Lu Ming was cruel, there would not be so many people challenging.

Chapter 3243: Lu Ming crisis

Soon, Lu Ming's winning streak also came to a 50-game winning streak.

"Will anyone continue to challenge me, I tell you, I'm really going to die!"

Lu Ming cried.

"Yeah, it's shameless!"

Some people scolded that they were 100% sure that Lu Ming was playing a pig and eating a tiger. His strength was amazing, and he deliberately attracted others to challenge him.

Lu Ming touched his nose silently. It seems that he needs to wait for the people in the purgatory to arrange for multiple people to challenge.

"I'll fight you!"

At this moment, a voice rang, and then, a figure rushed to the battle platform.

This person, looking at his body shape, should be a thin young man.

Lu Ming frowned suddenly, not knowing why, he felt a crisis in this young man.

Lu Ming's spiritual consciousness is extremely keen. Under normal circumstances, he feels that he will never be wrong.

Uh!

At this moment, the other person's figure flashed, and he was killed towards him, at an astonishing speed.

Like a floating light, a terrible knife light burst out, slashing to Lu Ming's head.

This is a killing trick, to kill Lu Ming.

"What a powerful killer, this person wants to kill me!"

With a move in Lu Ming's heart, a spear waved out in his hand, blocking the person's attack.

With a bang, this person's figure flashed and appeared behind Lu Ming again.

Lu Ming's spear swept across, but the figure flashed again, appearing in another direction.

Uh, uh, uh!

The knife light flashed, hundreds of knife lights in a row, enveloped Lu Ming.

"roll!"

Lu Ming's divine power exploded in his body, and a huge spear burst across.

Just now, Lu Ming didn't use his full strength at all. At this moment, he triggered a four-fold combat power of the war character formula.

But at this moment, the change suddenly occurred.

The other party's knife light suddenly skyrocketed, and a terrifying sky was dreadfully frightened. At once, Lu Ming's guns were broken open, killing Lu Ming's head.

"Six Kings of God!"

Lu Ming roared and was frightened.

This person's cultivation practice, actually reached the sixth king of God.

It has been hiding a while ago, and suddenly broke out at this moment, which is clearly to put Lu Ming to death.

If they are ordinary people, they will definitely not be able to withstand them and they will be killed.

But Lu Ming was keenly aware of the crisis at the beginning, so he always took precautions.

boom!

Lu Mingshi exhibited all his powers and instantly turned into an ancient **** of green armor. At the same time, the gate of the Lord emerged and stood in front of him.

At the juncture of life and death, Lu Ming did not care about hiding his identity, and directly used his full strength.

when!

Daoguang slashed on the door of the ruler, and the door of the ruler shook wildly. There was a crack on it, and then it burst with a blast.

Poof!

The remaining Daomang was chopped on Lu Ming's body, and Lu Ming's body shook wildly and retreated backward.

Now Lu Ming is in the state of the ancient **** of blue armor, but the blue scales on his body have been cut apart, and there have been blood stains.

Lu Ming retreated and wanted to withdraw from the battlefield.

"kill!"

The other party shouted, the sword light skyrocketed, turned into a dagger, and slammed towards the landing.

This person's combat power is very powerful.

Not only did Cultivation achieve the Sixth King of Divine King, but also the original divine power factor, he also awakened twice.

Even if Lu Ming now breaks through to the God King Double, he is not an opponent, and there is a long way to go.

"Passionate Gun!"

Lu Ming snarled and used a Ba Shen gun, spurting it with one shot, slashing at the opponent's knife light.

At the same time, the ice chain flew out, forming a shield in front of him.

However, the opponent's knife light was terrible, and he directly broke the chain of ice and collided with the Ba Shen Gun.

The crazy shock of the Ba Shen Gun, there was a crack on it.

Click!

Ba Shen Gun also began to burst inch by inch.

But after all, he blocked the other party's move.

Fortunately, Lu Ming has now broken through to the second king of the **** king.

At this time, Lu Ming took advantage of this pressure to retreat into shape and rushed out of the battlefield.

However, the other party did not intend to stop, and once again killed Lu Ming, the sword flashed, terrifying.

He did not compete with Lu Ming, but deliberately wanted to kill Lu Ming.

All of this happened so quickly that it was almost at its extreme.

The people around were shocked.

"Master!"

Qiuyue was even more shocked, her body burst out, rushed to Lu Ming, wanted to help Lu Ming.

However, it was too late.

The opponent's third knife, quickly cut to Lu Ming.

"Block it, you must block it..."

Lu Ming shouted.

As long as the knife is blocked, he may be rescued.

The Purgatory Platform has rules. In the first area, although people with high training can watch it, only people under the weight of God King are allowed to shoot.

This person has obviously violated the rules, and the strong in Purgatory will definitely shoot.

As long as he blocks the opponent's move, maybe it will work.

At this moment, Lu Ming's spirit is highly concentrated.

"Five-word combat power five times the strength, ice chains, magic dragon!"

Lu Ming roared in his heart, and at this moment, he triggered a five-fold combat power.

After hundreds of years of cultivation, the warfare tactics are five times as powerful, and the chance of triggering is also much higher, reaching one-tenth of it.

At this moment, when the spirit was highly concentrated, the trigger was successful at once.

At the same time, forty-nine nine-claw dragons condensed in the void.

This is the result of Lu Ming's cultivation during this time. The magic formula of the Dragon Dragon has also made great progress. It can condense forty-nine nine-claw Dragons at once.

Nine ice chains also flew out.

As for the Ba Shen Gun, the door to domination, although it can be re-condensed, Lu Ming has just been defeated and wants to condense it all at once.

In the word measurement tactics, a steady flow of divine power rushed into Lu Ming's body and turned into various attacks.

"Die to me!"

The other party shouted, slashed with light, and a violent roar broke out in the air.

The chains of ice, and there are also a series of nine-clawed dragons, have burst apart.

Finally, Daoguang cut Lu Ming.

Blood was scattered, blue scales were flying, Lu Ming's body was almost cut in two, and deep wounds appeared.

Lu Ming vomited blood and was hit hard.

"Fuck me!"

The man shouted, and was a little anxious.

Unexpectedly, with his fighting power, three consecutive swords, actually did not kill Lu Ming.

He ran his divine power again, and slashed again.

"Bold!"

An angry roar came.

The strong man guarding the place finally shot, a huge claw actually appeared in front of Lu Ming, smashed the knife light, and then pressed his palm against the man's body, the man vomited blood and was seriously injured, difficult move.

Call~

Lu Ming took a long breath and was finally saved.

It can no longer maintain the state of the ancient god, turning into a human form and falling towards the ground.

"Master!"

At this moment, Qiuyue arrived, and supported Lu Ming, tears swirling in his eyes, almost crying.

Chapter 3244: Leaker

"I'm fine!"

Lu Ming smiled at Qiuyue, then took out a healing healer and swallowed it, refining the medicine to stabilize the injury.

Fortunately, Lu Ming's current divine body is strong, vitality is strong, and recovery is very fast.

"Lu Ming, that seems to be Lu Ming!"

"It's Lu Ming, Tan Hualang among the new students, Lu Ming!"

At the moment, the scene was full of hustle and bustle, and many people recognized Lu Ming.

After all, at the conference held by the Taixu Holy Ghost, many old students also went to see it. Later, Lu Ming used the mastery of the Domination Master, the Ba Shen Gun and other signature stunts, which were finally recognized.

At this moment, in front of Lu Ming, a middle-aged big man appeared, filled with a terrible breath, staring coldly at the man who had just killed Lu Ming.

With a wave of his hand, the man's mask flew away, revealing his true face.

He is a thin young man with a pale face.

"It's Fu Jian!"

As soon as he saw the person's appearance, someone exclaimed.

"Say, why do you want to get into the first area?"

Middle-aged man drinking coldly.

"Elder, I misunderstood. I saw him cultivated to be advanced, powerful, and itchy for a while, only to try to learn from him!"

Fu Jian gave a ugly smile and quibble.

"Nonsense!"

At this moment, Lu Ming barely stabilized his injury and stepped forward, his face very cold, and said:
"Are you studying? You clearly want me to die, you must know my identity, and say, who sent you, also Yes, how do you know my identity?"

The other party was obviously directed at him, and his first move was to kill him, and he would kill him.

Everyone knows that the Purgatory has a clear stipulation that beyond the triple of the King of Gods, it cannot participate in the fighting in the first area, otherwise it will be severely punished.

If the opponent does not have a purpose, will he risk it? It's impossible!

Obviously, the other party only knows his identity before shooting, the purpose is to kill him.

But how does the other party know that he is Lu Ming?

"It seems that my identity has been revealed!"

A cold light flashed in Lu Ming's eyes, continued to stare at Fu Jian, and sneered: "Who sent you in the end?"

"I said, I only itch for a while, and then I learn from you!"

Fu Jian still talked hard and refused to admit it.

"Elder, this person is obviously nonsense. I suggest searching his soul to see who sent him!"

Lu Ming proposed to the middle-aged man.

This remark made Fu Jian's face extremely ugly.

"it is good!"

The middle-aged man nodded and his eyes were very cold. He said: "Such behavior is really bad, and it must be severely punished. Otherwise, will the rules of the purgatory be abandoned? I will search for his soul!"

After saying that, the middle-aged man waved his hand, and a force enveloped Fu Jian to start the soul search.

"no, do not want..."

Fu Jian shouted, a look of panic on his face, and the next moment, his head exploded like a watermelon.

Fu Jian, fell on the spot.

"Forbidden, **** it!"

The middle-aged man snorted.

The other party's soul has been banned for a long time. Once the soul is searched, the head will burst.

"Who is it?"

Lu Ming frowned.

Who is going to kill him?

He thought of the people in the Guoshi Mansion, the Lan Family, or the Nine Nether Heavenly King Mansion?

It must be his enemy.

"Damn, those who come to power in the future must be strictly checked!"

"Also, if you violate the rules, there will be no amnesty to kill!"

The middle-aged big man roared, his cold eyes scanned the Quartet.

Many people shivered with agitation.

Then, the middle-aged man looked at Lu Ming and said, "Are you okay!"

"It's okay, thank you elder!"

Lu Ming said.

"It's okay, go get your points and go back to heal!"

Middle-aged Dahan Road.

Lu Ming nodded, and Qiuyue returned.

"Brother Lu Ming, are you okay?"

At this time, Cui Weifei came over and asked with concern.

"It's okay!"

Lu Ming nodded without saying much, a deep flash of cold light flashed deep in his eyes.

This time, only he, Qiuyue, and Cuiwei knew him.

When Lu Ming took the stage to shoot, some of his classic secret techniques were not used at all, so it was impossible for others to guess his identity from his hands.

Then, there is only one possibility that someone among them has revealed his identity.

Qiuyue is naturally impossible, only Cuiwei.

It's no wonder that as soon as they entered the Taixu Royal Sanctuary, Cuiwei took the initiative to make friends with them and enthusiastically introduce them to them.

This time they came to purgatory, and they just met Cuiwei.

Is it really a coincidence?

"Huh, I won't break it first. See how you play?"

Lu Ming sneered in his heart, and there was no break.

Qiuyue's eyes flickered a few times without saying much.

They came to the gate, and the guards gave Lu Ming and Qiuyue a jade charm with their purgatory points.

With this jade symbol, you can go to the idol garden to practice.

"Cuiwei girl, we are going to practice in the **** statue garden, do you want to go too?"

Lu Ming asked pretendingly.

"Oh, no, I don't have many points, so I spent some time at the purgatory station and accumulated some points before going!"

Cuiwei Road.

"Then leave!"

Lu Ming said, then left with Qiuyue, and headed towards the Garden of Gods.

When Wang Luming and Qiuyue left, Cuiwei's eyes flickered a few times, and then his figure disappeared.

"Master, you must have been betrayed this time. I suspect that Cuiwei... why didn't you break her?"

Qiuyue asked Lu Ming that she was clever and thought of this.

"There is no evidence, what's the point of breaking it? I want to see, who sent her!"

Lu Ming sneered, and then the two returned to the dwelling palace where they lived.

After returning to the Hanging Palace, Lu Ming calmly healed his wounds.

Soon, more than ten days later, Lu Ming's injury has healed and returned to its peak state, and then, together with Qiuyue, went to the Garden of Gods.

"Master, let me give you some points!"

Qiuyue Road.

"No, you keep it. I will run out of points and earn it!"

Lu Ming smiled.

The two came to the gate of the Garden of Gods and handed their jade charms to the strong men guarding here.

"One point, practice one day, go in!"

After the other party checked it, they returned the jade to them.

The two entered the Garden of Gods, and soon after, they came to an open land.

There is nothing else in this area, some are huge statues.

"The original idol, a lot!"

Lu Ming glanced around.

Here, all are primitive gods, tall and short, similar to the one he got, but the primitive gods here exude a wonderful wave, and he is in the ancient city of Xingyue It feels almost the same.

Under these idols, some young people can be seen sitting cross-legged and practicing quietly.

Chapter 3245: Statue Garden

In the Garden of Idols, stands a group of idols, each idol will exude wonderful fluctuations.

"My original **** statue, placed here, is considered tall, but there is no light, it is a pity!"

Lu Ming muttered.

Then, and Qiuyue came to sit under a tall idol.

Although there are many idols in the idol garden, it does not stipulate which idol must be cultivated. No matter what divine power you cultivate, you can always find a idol and enlighten you.

When their minds entered the ethereal realm, Lu Ming discovered that he appeared in a starry sky.

Roar!

Lu Ming heard the horrible roar, he saw a huge primitive god, fighting in the cosmic sky, primordial divine power.

This scene is exactly the same as what he experienced on the Xianyue Ancient City Panchen Cliff.

Countless ancient gods are fighting, which kind of divine power you want to cultivate, go to the corresponding divine power.

"Go to God's Eyes first!"

Lu Ming thought.

Now, he only has the Shenmu Tianli cultivated in "Shenmu Tianrui" without awakening the original divine power factor, so he intends to awaken the Shenmu Tianli first out of the original divine power factor.

Soon, he found the corresponding divine power.

A huge primitive god, like a giant python, but his eyes were covered with eyes. Between the opening and closing of each eye, a gleam of divine light burst out, fighting with another primitive god.

Uh!

One of the divine lights penetrated into the landing Ming cave and turned into an ancient rune, which was to kill Lu Ming.

Lu Ming shouted and tried his best to fight against it.

This ancient rune was transformed by the original divine power corresponding to the divine power, and Lu Ming's comprehension of the divine power was rapidly deepened during the confrontation.

At the beginning, in the ancient city of Xingyue, there was a row of stone platforms, with three stone platforms on the top, the best effect.

Lu Ming found that the effect of cultivating here is directly equivalent to the effect of the top three stone platforms on the Panchen Cliff.

However, Lu Ming's current practice is much stronger than at that time.

The higher the cultivation level, the stronger the control of the divine power, the clearer the understanding, and the faster the understanding of the source divine factor.

Therefore, Lu Ming realized that the speed of God's eyes was so amazing that it was much faster than it was at the Pantheon Cliff.

Of course, there is still a big gap between the speed and the Holy Sword Jade Bi of the bone sword clan.

However, it took Lu Ming only one month to let Shenmu Tianli break the bottleneck and successfully awaken the original divine factor.

After Shenmu Tianli awakened the original divine power factor, Lu Ming began to enlighten the overlord divine power.

However, the process from awakening once to awakening twice is much slower, and the difficulty of understanding is a hundred times greater.

And the awakening is twice to awakening three times, the difficulty is even more amazing.

Such as Emperor Jianyi, Void Cliff, Ye Zhifan, Chu Chengkong, etc., this group of top-level Tianjiao, the awakening of the original divine power factor, are only twice, no one reached three times, it can be seen how difficult.

In fact, almost no one can awaken three times the original divine power factor below the triple of the king.

Lu Ming's dominating divine power has been awakened twice. It is too difficult to want to awaken three times. Lu Ming intends to temporarily release the dominating divine power to cultivate other divine powers.

I will wait until I have practiced other divine powers to the second awakening.

Time rushed, and in the blink of an eye, more than three years later, Lu Ming's purgatory points had been used up.

"Go to Purgatory Station again!"

Lu Ming left the Garden of Gods and came to the Purgatory Tower again to participate in the fight.

Since the last Lu Ming incident, the Purgatory has been more strictly managed. There are a few characters from the Divine Monarch Realm that are always guarded. Every character who comes to the stage to challenge will have to sweep it with spiritual knowledge.

With their cultivation practices, if they are carefully swept with spiritual knowledge, they can definitely see the other party's cultivation practices.

Once it was discovered that someone who had repaired more than the prescribed amount would take action, they would immediately suppress it or even directly bomb it.

This put an end to being assassinated by high-level people like Lu Ming.

In this way, Lu Ming can fight with confidence, even if his identity is exposed.

Once Lu Ming exerted all his strength, he was almost invincible and swept all the way.

Soon, he won a 50-game winning streak.

Then Purgatory arranged multiple players to play, but still could not stop Lu Ming's footsteps.

Sixty in a row, seventy in a row, eighty in a row...

Soon, a hundred-game winning streak was reached. At this time, Lu Ming had to face the siege of thirty powerful men at the same time.

"kill!"

Lu Ming Changxiao, holding a Ba Shen gun, swept through thousands of troops, the gun burst out, one by one Tianjiao strong was bombed out of the battle platform.

Soon after, thirty masters were all blasted by him.

"What a terrible combat strength, Lu Ming's strength is really amazing, it is indeed the third in the new term!"

"Recently, the first area has been swept by new students. Some time ago, Emperor Jianyi and Chu Chengkong have won more than a hundred straight victories, and this day cannot be passed!"

"This is no way. Every time a new student joins, there will be a group of top arrogances, sweeping the purgatory platform. After these people break through the triple king of God, go to the second area, and the first area will be better!"

"Yeah, and this group of newcomers is even more terrifying, let's be patient!"

Many people sighed.

Lu Ming's challenge did not stop.

The winning streak continues...

In the end, Lu Ming has been killed to a 150-game winning streak, and the joint team of siege has reached 50 people.

Even these fifty people formed a large formation.

Lu Ming finally felt the pressure and killed hundreds of moves before defeating the opponent and winning a 150-game winning streak.

At the moment, Lu Ming's purgatory points have reached 11325 points.

This score is enough for Lu Ming to practice in the God Garden for more than 30 years.

Lu Ming ended the challenge and continued to practice in the Idol Garden.

In this way, Lu Ming's days returned to peace, traveling to and from various holy places to practice peace of mind.

In this way, another hundred years have passed.

It has been four hundred years since Lu Ming joined Taixu Royal Sanctuary.

At this time, Lu Ming received a voice from Lan Shang.

Lu Ming Yi Rong left Taixu Royal Sanctuary and met with Lan Shang.

"Lu Ming, you have been in the Taixu Royal Sanctuary for four hundred years. According to the rules of the Taixu Royal Sanctuary, when you are 500 years old, your new students will be sent out to perform a mission! "

"However, I am worried that during your expedition, people from the Guoshi Mansion, the Lan Family, or the God of War Family will be detrimental to you. You must prepare early!"

Blue Businessmen warned, quite worried.

"Uncle Lan, I will pay attention!"

Lu Ming nodded.

"I have refined some flags, runes and other things over the years. You can share them with Qiuyue and Ling'er. They can be used for self-defense when you perform your tasks!"

Lan Shang handed Lu Ming a storage ring.

Chapter 3246: Black Jade Gold Mine

Lu Ming took the storage ring given by the Lanshang and swept his mind, and found that it was filled with items such as flags, plates, and seals, all of which sparkled, very extraordinary.

Lanshang's soul power is already very strong. Since his star core was abolished, he has been devoted to studying the way of the array. This way is very deep.

"Thank you Uncle Lan!"

Lu Ming thanked.

"Go, be careful!"

Blue Business Road.

Lu Ming said good-bye and headed towards Taixu Royal Sanctuary.

"Boy, the old man can also teach you to refine something for self-defense!"

Halfway along, the bone demon sounded.

"Okay!"

Lu Ming nodded again and again.

The origin of the bone demon is mysterious. It is definitely an old monster that has lived for countless years. What he said is absolutely extraordinary.

Lu Ming remembered that he was under the control of Longzhou Mountain at the time of Emperor Xuanzong. At that time, his cultivation practice was still very weak. Bone Demon taught him to refine some positions and successfully pitted Longzhou Mountain.

Now he cultivates for great advancement, and the things he refines are definitely more extraordinary.

Then, Gumo said a lot of materials and asked Lu Ming to buy them.

Lu Ming Yi Rong came to a square city in Shengdu to purchase materials.

The holy capital of Taixu is extremely prosperous. There are even other emperors of the same level, ancient kingdoms, holy pilgrimages, ancient races, etc. who come to do business, which is really everything.

Soon, Lu Ming bought a lot of various materials, almost emptied most of Lu Ming's net worth, and after returning to the Taixu Royal Sanctuary, Lu Ming began to refine it.

After refining, Lu Ming found Qiuyue and Lan Ling, and gave them some treasures such as flags and plates to use for self-defense, and then Lu Ming continued to practice.

In this way, one hundred years passed in a hurry, and Lu Ming joined the Taixu Royal Sanctuary five hundred years ago.

At this time, every newly joined student received a message and had to be sent out to perform a task.

Not everyone's tasks are the same, some are the same, some are different.

Lu Ming and Qiuyue, Lan Ling checked each other and found that the tasks of the three were different.

The three said goodbye to each other, and Lu Ming came to a hall according to the mission prompt.

Found that thousands of young Tianjiao have gathered here.

Obviously, these people have the same task as Lu Ming.

After a while, several old men walked into the hall.

"This time your mission is to go to the black jade gold mine and guard the black jade gold mine for 100 years. This time we will **** you to go, let's go!"

One of the old men said something, and then walked out.

The crowd followed several old men and set off for the Heiyu Gold Mine.

...

Prince's Mansion, in a courtyard, the night rose drank slowly and whispered: "Is it transferred to the black jade gold mine? Ha ha, Lu Ming, then the black jade gold mine is your burial place! "

Guoshi Mansion, Wu Family!

"Is the Black Jade Gold Mine? It's a good place, Lu Ming. Let's get you on the road!"

Deep inside the Wu family, there was a voice murmuring.

At the same time, the Lan family, and even the God of War family, the Nine Nether Heavenly King Mansion, have received news that Lu Ming will be guarding the Heiyu Gold Mine for a hundred years.

Several major forces began to act at the same time.

...

Heiyu Gold Mine, in the north of Taixu Holy Capital, is very far away.

If they take the teleportation array, it may take a long time. Therefore, they actually enter a wormhole and directly shuttle through the long void before riding the teleportation array to the black jade gold mine.

More than a month later, a huge planet appeared in front of everyone.

"It's still a fast wormhole. It's coming so fast. If you take the teleportation array, I'm afraid it will not take a few years!"

Lu Ming sighed.

It is a pity that there are not many wormholes in the Taixu Shrine and they cannot be spread all over the place.

Wormholes are generally generated naturally by heaven and earth.

However, some terrifying forces, capable of arranging wormholes themselves, are terrified.

At least the Taixu pilgrimage cannot be done.

The star in the black jade gold mine site is not a life planet, but a resource star, on which there are many black jade gold minerals.

Black jade gold is an excellent material for refining artifacts.

"go!"

An old man headed swooping down toward the black jade and golden stars.

Soon, they saw a huge mine.

There are countless people working in the mine.

Lu Ming glanced and found that most of the people working were a kind of tall, burly creature with a terrible appearance.

"Barbarians!"

Lu Ming's eyes moved, and he recognized this creature.

On the south side of Taixu Holy Pilgrimage, there is a powerful race named Barbarians.

The strength of the barbarian is very strong, and the overall strength is not much weaker than the Taixu Holy Pilgrimage, occupying the vast star field.

The barbarians often attacked the Taixu dynasty, so a large number of troops were stationed south of the Taixu dynasty, often fighting against the barbarians.

The barbarians in the Black Jade Gold Mine are obviously barbarians captured from the battlefield and pressed to do the hard work.

In the black jade gold mine, there are soldiers wearing war armor patrolling. If there are barbarians who want to resist, they will kill directly.

The black jade gold vein is guarded by an army.

The name of this army is very simple, it is called Black Jade Army.

In the next 100 years, Lu Ming and they will cooperate with the Black Jade Army to stay here for a hundred years as a discipline.

"You are waiting here, let's go to General Black Jade Army to hand over!"

An old man ordered them, and then flew into the mine.

Soon afterwards, a group of people came and led them to make arrangements for their place of residence.

Lu Ming was assigned to a cave house.

This cave house is actually a mine, and it is quite huge. The walls around the mine are dark and extremely hard.

Boom Boom!

As soon as he entered the hole, the ball flew out, opened his mouth wide, and gnawed against the wall of the hole, and soon he gnawed a big pit.

"This guy..."

Lu Ming smiled.

Over the years, the cultivation of the ball has also improved a big step, breaking through to the fourth king of the **** king, and the peak of the fourth king of the king, not far from the fifth.

However, during this time, Lu Ming was busy practicing, and he also forgot to take care of the ball, and he did not give him much metal material.

This guy is probably hungry.

Lu Ming let the ball gnaw here, he sat cross-legged and rested.

At this time, the only palace on the black jade gold vein.

This palace is a general mansion of the Black Jade Army, a vast mansion.

In the hall, Bekuo was meeting a lean old man.

"Brother Liu, I don't know if His Royal Highness Prince is looking for me. What is it?"

General Black Jade Army is a big dark man, pouring a glass of wine to the lean old man, and then asked.

"His Royal Highness wants you to kill someone!"

The lean old man took a breath and said slowly.

"Kill someone? Who?"

Don't ask quietly.

"A student from Taixu Royal Sanctuary, named Lu Ming, is performing a mission in your black jade and gold veins, and must be guarded for a hundred years!"

Said the lean old man.

Chapter 3247: Mine ambush

"Students of Taixu Royal Sanctuary?"

Don't change your face slightly, and say, "If this kind of Tianjiao is killed, if it spreads, those old guys at Taixu Royal Sanctuary, I'm afraid I'm going to trouble me!"

"Oh, you don't have to fight me sloppy. In the black jade gold mine, there are often barbarian riots, and even the star robbers come to steal black jade gold. It is not normal to die a few people. Just push it!"

"Also, His Royal Highness promised that as soon as he killed Lu Ming, His Royal Highness would come forward and transfer you to the Holy City to serve as a general of the Imperial Guard!"

Said the lean old man.

"What? The general who served as the Imperial Guard?"

Do not tremble in my heart, exclaimed, the eyes glowed hot.

He had enough in the black jade gold mine, a place where the birds didn't shit.

And staying in such a place has no future at all.

Where is the most promising place in Taixu Shengdu? That is naturally the Imperial Guard. Once in the Imperial Guard, the future is boundless.

Many generals who now sit on one side and command millions of troops are all from the Imperial Guard.

He wanted to be transferred to the Imperial Guard in his dreams.

"Relax, Brother Liu, please tell His Royal Highness, please rest assured that this matter, I must have done it properly, and will not show any traces!"

Don't be stern.

"That's good!"

The lean old man took a sip of tea and narrowed his eyes, bursting out an amazing murder.

...

Soon, it has been a month since Lu Ming came to the black jade gold vein.

This month, it was calm and nothing happened.

Lu Ming's daily task is to patrol the corner of the mine for a few hours, and then it's okay, so he can go back to practice.

It's comfortable!

On this day, Lu Ming finished his tour and returned to the Dongfu where he lived.

But as soon as he walked into Dongfuzhong, Lu Ming felt his heart beat and his hair stood upside down.

Danger!

Lu Ming didn't hesitate, his figure moved a few meters.

Poof!

A blood-red knife light cut through Lu Ming's foothold just now, cutting the extremely hard ground into a deep pit.

This shows the horror of power.

咻咻咻...

Then, several blades of light burst up, chopping towards the landing from several directions.

"Ball..."

With a move in Lu Ming's heart, the ball on his wrist wriggled into a piece of armor covering Lu Ming's entire body.

"kill!"

Lu Ming exploded and the Ba Shen Gun emerged and swept out.

When the Ba Shen Gun swept out, there was also a flash of thunder and lightning, dazzling, and bombarded on a few blades of light.

Dangdang!

A series of collision sounds sounded, several knife lights were swayed, and then, Lu Ming's body power exploded in all directions, and the Ba Shen gun turned into a bright rainbow light, blasting away in one direction.

A scream rang out, and a figure was hit by a Ba Shen gun, directly penetrated and nailed to the wall of the cave house.

The figure flashed, and there were a total of four other people in black, appearing around Lu Ming, each holding a blood-red war knife in his hand.

"No, this person's strength is stronger than expected!"

Someone solemnly spoke.

The man who was just nailed by Lu Ming just now had the cultivation of the six kings of the gods, and he also awakened once the original divine power factor. In the case of so many of them sneaking in, they were still killed by Lu Ming.

Lu Ming's strength exceeded their imagination.

They naturally do not know how much progress Lu Ming has made over the years.

Now, his cultivation practice has reached the peak of the double king of God.

The biggest improvement is the various source divine factors.

Now, all ten of his original divine power factors have awakened twice.

Yes, all ten kinds of divine powers awakened twice. Too much improvement to Lu Ming's combat power.

As soon as the divine power works, it will burst out with terrifying power.

With the help of the ball, it is not too difficult to kill a awakening **** king Liu Zhong.

"Say, who sent you? The Wu family, the Lan family, or the Ares family?"

Lu Ming drank coldly.

"Go to **** and ask! Kill!"

The remaining four, with a sip of cold, continued to scream to the landing, chopping out an amazing knife.

The remaining four people, all of the gods of the six gods, even one person, were still awakened twice.

To be awakened twice in the Sixth King of the Divine King is also an arrogance.

"court death!"

Lu Ming drank coldly, the door of the ruler above his head emerged, and the repression came out. Then, the Ba Shen Gun also swept out.

Lu Ming broke out with all his strength, and various means were used. With the help of the ball, the unfolding combat power was extremely amazing.

Although the four men in black were strong, they were still suppressed by Lu Ming.

bump!

A man in black was swept by a long gun, flew out, and hit the wall of Dongfu, his body burst and fell to the spot.

Then, the Gate of Domination suppressed, a man in black screamed and his body burst apart.

In an instant, they even killed two people.

"Fight with him!"

The remaining two roared and burned with divine energy, rushing towards Lu Ming like a fireman.

"Yin Yang Shen Tong!"

Lu Ming whispered, his two eyes suddenly became dark, like two black holes.

Runes suddenly appeared in front of the two men in black, like a thread, covering the two men in black.

The two men in black did not even scream, their bodies suddenly split into pieces, and then turned to ashes.

Five men in black who came to assassinate Lu Ming were all destroyed.

"Since Taiyin Divine Power and Sun Divine Power awakened the original Divine Power Factor, the power of Yin and Yang Divine Eyes is really strong!"

Lu Ming showed a happy look, and his eyes returned to normal.

The Yin and Yang God pupils require the Taiyin Divine Power and the Sun Divine Power to be controlled at the same time. Especially now that both Divine Powers are awakened twice, the power is even more terrifying.

In addition, Shenmu Tianli also has a bonus effect on Yin and Yang Shentong, and now Lu Ming is fully exerting Yin and Yang Shentong, its power is simply stronger than the original secret surgery.

This mystery is absolutely amazing. Lu Ming once doubted whether it was related to God's Eye Tianjun, but Lu Ming asked Qiuyue. Qiuyue said that there is no such secret in the inheritance of God's Eye Tianjun.

However, when it was put into use, the load was heavy, and Lu Ming felt sore eyes.

"Who sent these people?"

Lu Ming frowned.

"Awesome, really awesome. I didn't expect your growth rate to be so fast!"

Just then, outside the cave house, there was a cold laugh.

"Who?"

Lu Ming drank coldly and retreated.

Wow, wow!

His figure flashed, and several figures entered the cave house.

There are a total of three people. These people are also in black robes, but they are empty-handed. There are no weapons in their hands, which is different from the wave people in front.

"Lu Ming, it seems that you have offended a lot of people, so many people want to kill you, but these people are also stupid, they want to send people, do not know to send a little stronger, send a few **** kings six heavy, ha ha! "

One of them sneered, his eyes staring at Sen Han.

Chapter 3248: Continuous killing

Listening to this man in black, it seems that he is not in the same group as the previous group.

"Who are you from?"

Lu Ming asked coldly.

"Oh, it's okay to tell you, kill the people of the Nine Nether Heavenly King Mansion, you are destined to die!"

A man in black in the middle sneered.

"You are from the Nine Nether Heavenly King Mansion. It seems that you are very confident and think you can kill me!"

Lu Ming said.

The other party directly said his identity, obviously very confident.

"We just saw all your means just now, kill you, just flip your hand!"

A man in black sneered.

Then, a strong breath filled the three men in black, and a ray of ghost mist filled them, pressing toward the landing song.

"God is eightfold, **** is seven..."

Lu Ming's face changed.

One of the three killers of the Nine Nether Heavenly King's Mansion is the God King Eightfold, and two are God King Sevenfold.

And obviously all awakened the original divine power factor, this kind of existence kills Lu Ming, it is really easy.

Don't look at Lu Ming's ability to kill the strong king of the Sixth King of God, but the Sixth King of the Seventh King and Seventh King of the King have a huge gap.

The seven kings of gods, but high-level **** kings.

With Lu Ming's current strength, he is not yet an opponent of Shenwang Qizhong, even the most common Shenwang Qizhong.

It is generally possible to practice the Seventh King of God, as long as the talent is not too bad, it is not difficult to awaken the original divine power factor once.

Such strength, against Lu Ming, is really foolproof.

Unfortunately, Lu Ming had already prepared.

Uh!

Lu Ming retreated sharply.

"kill!"

The three killers of the Nine Nether Heavenly King's Mansion burst into shape and rushed towards the landing.

At this time, Lu Ming waved his hands and whispered: "Open!"

Buzz!

Around the cave, seven flags suddenly appeared.

As soon as the seven flags came out, the endless runes shone immediately and turned into a big formation.

puff!

A flash of divine light, a killer of the seven kings of the gods, the body was directly penetrated, and with a sound, the body fell on the ground.

"Damn, this kid has already been set up, let's go!"

Two remaining killers of the Nine Nether Heavenly King's Mansion were shocked and rushed out of the cave entrance.

"Want to go now, don't you think it's late?"

Lu Ming sneered, waved his hands, and the three arrays flew out into a beam of light, entwining the two killers.

Then, the flag flared, and another divine light flew out, and another powerful king of the seven kings of God was also beheaded.

"Lu Ming, you damn, you offended the Nine Nether Heavenly King Mansion, your result is doomed, you will die without a burial place!"

The remaining killer shouted.

This man's cultivation is the highest. There is the cultivation practice of the eighth heavy god, extremely powerful, and frantically struggling, so that the light beam wrapped around him vibrates continuously, as if it is about to collapse at any time.

"It's you who is dead now, kill!"

Lu Ming continued to control the array of flags, and a divine light flew by, penetrating through the opponent's body.

But the other party's divine power is indeed strong. He hasn't died for a while and is still struggling.

"kill!"

Lu Ming rushed over, manipulated the door of the ruler, and suppressed it.

bump!

The door of the ruler smashed on this person's head, making a violent roar. The person's head was not smashed, just blood.

"Shenwang Bazhong is so strong!"

Lu Ming was also shocked.

If this time the flags were not arranged in advance, he was really in danger.

At this time, the flag was shining, and another divine light flew. This time, it directly penetrated the opponent's eyebrows, wiped out the opponent's soul, and finally killed the opponent.

The three masters of the Nine Nether Heavenly King Mansion are all destroyed.

"Fortunately, there is Uncle Lan's flag and position, otherwise it is really dangerous!"

Lu Ming took a long breath.

"Two groups of people, one group is from Jiuyou Heavenly King Mansion, what about the other group, the Lan family? The Wu family, or the Ares family?"

Lu Ming thought, his eyes gleamed with cold killing.

These people still wanted to kill him.

"When I rise in the future, all these forces are all in one..."

Then, Lu Ming put away the storage rings of the two batches of killers. As for the body, a fire was burned to ashes.

I searched the storage ring and found nothing useful, nor did I find out which forces sent the other group of people.

"It seems that this black jade gold vein is not safe. I have to be more careful later. This matter must be reported to the general here and let him send more people to guard..."

Lu Ming thought about it, and then walked out of the cave, planning to find General Black Jade Army and tell the other party about it.

But when Lu Ming walked out of Dongfu for a while, he felt a shock and stopped.

"No, there was some movement in the war just now, why didn't the Black Jade Army come to check?"

Lu Ming suddenly thought of this, and then looked around, and found that there wasn't even a black jade army seen nearby.

Usually, there are many black jade troops patrolling nearby, but now there are none.

"What's going on? Does the Black Jade Army know that I will be assassinated and deliberately transfer people away? Or are there other reasons?"

Lu Ming frowned, feeling that it was not that simple.

"Ok?"

At this moment, Lu Ming saw some figures flying towards this side.

These men wore black armor and were the sergeants of the Black Jade Army.

"Come, is it because I worry too much?"

Lu Ming was a little puzzled in his heart.

"Lu Ming!"

A big man headed by flew over and smiled.

"General Song, are you looking for me?"

Lu Ming asked tentatively.

This person is a general of the Black Jade Army.

"Not bad!"

A big man headed nodded and said, "The general told us to come to you, delegate you a task, and let you patrol a mine!"

"Just patrol the mine, nothing else?"

Lu Ming asked.

"No more!"

Song Pian will shake his head.

A trace of doubt flashed in Lu Ming's heart. He thought the other party was coming to check the movement just now, but the other party didn't mention it at all, which made Lu Ming confused.

"Okay, let's go!"

Lu Mingdao, and then followed Song Pian general and others into the mine. Soon after, they came to a mine.

This mine is dark and dark, and there is a constant cold air coming out, and it feels very infiltrating.

"Why is there no one in this mine?"

Lu Ming asked.

"Oh, this is an abandoned mine. I thought there was no black jade gold anymore, but recently it has been detected, so the general will let us inspect it, Lu Ming, please!"

Song partial said.

"General Song, let's invite you first. I'm not very familiar with it. It's better to follow you!"

Lu Ming smiled.

Song Pian flashed a cold light in his eyes, but disappeared without a flash.

However, Lu Mingling was very keen, and this cold light was still captured by him.

"There is a killer!"

Lu Ming moved.

"Okay, let's go first!"

Song Pian smiled haha, and then walked towards the mine.

Chapter 3249: Mine clash

Song Pian will walk into the mine first, but Lu Ming found that Song Pian would seem nervous, staring at the mine, fearing that something terrible would come out.

Moreover, the power in his hand was surging, and he was obviously ready to shoot at any time.

In addition, only a few people followed Song Pian to enter. The others, standing behind Lu Ming, blocked Lu Ming's retreat.

"Lu Ming, please!"

Behind Lu Ming, an iron armor Dahan said.

These people are very terrifying and have a strong breath. Lu Ming judged that almost all of them existed above the sixth level of God King.

"it is good!"

Lu Ming nodded silently, stepped out, and walked into the mine.

As soon as he entered the mine, a cool breeze blew on Lu Ming. With Lu Ming's cultivation practice, he couldn't help shivering.

The mine was very dark and full of yin, and Lu Ming seemed to have walked into a ghost.

Behind them, those armored men also followed, scattered behind Lu Ming, their faces dignified.

"This mine is amazing, weird..."

In the sea, the voice of the bone demon sounded.

"Bone Demon, can you see anything?"

Lu Ming secretly communicates with the bone demon.

"If I look well, in this mine, in the long past, there are definitely peerless masters who have fallen, and there are many, full of resentment, I am afraid there is a big crisis!"

Bone Magic Road.

"These people are lying!"

Lu Ming's eyes were cold.

Song Pian will say that this is just an abandoned mine, and now he has discovered minerals, so he will come to inspect.

This is clearly a lie.

It's very dangerous here, no wonder Song Pian will wait for everyone to look dignified.

Not well-meaning!

Lu Ming concluded that these people were not well-intentioned.

Song Pian will lead the way ahead, Lu Ming and others will follow behind him, and slowly fly towards it.

The mines are very dark and there is no light, but with their eyesight, it is natural.

"That is..."

Suddenly, Lu Ming saw a pile of mud, and beside the mud, there were several skeletons lying there.

"The flesh and blood of the strong, that pool of mud, is the flesh and blood after death of the peerless strong, contains a terrifying murderous opportunity, and those who touch it die!"

Bone Demon exclaimed, looking dignified.

Lu Ming's eyes flickered, and his face remained silent.

Here, Song Pian will wait for others to look more dignified. They stop and look in one direction.

Lu Ming looked in the direction and jumped in his heart because he saw a pile of corpses there.

There are barbarians and some sergeants wearing armor, but they are all dead, and all the faces reveal the color of terror, and they seem to encounter something terrible.

"General Song Pian, didn't you say this is an abandoned mine? Why are there so many people dying here?"

Lu Ming asked in a deep voice, silently, there was an additional flag and a symbol in his hands.

"Hehehe!"

At this time, Song Pian will sneer and say, "Lu Ming, what do you think of this place?"

"What do you mean?"

Lu Ming said in a deep voice.

"It's simple. How about this place as your burial place?"

Song Pian will talk about here, and finally reveals a terrible murderous opportunity.

Lu Ming's pupil shrank and said, "You want to kill me, why? Who asked you to kill me?"

"Tell you, let you die, of course, General Don't Send Us, hehehehe, do you know why I chose this place?"

"Because this is not an abandoned mine at all, but a new mine, a newly discovered mine, but this mine is extremely weird. The people who entered here at the beginning were all dead, and the dead are unknown. You died. Here, no one will doubt, go with peace of mind, hehe hehe!"

Song Pian will sneer constantly.

This time, Lu Ming was really shocked.

These people were actually sent by the general of the Black Jade Army, Bekuo, to kill him. Why did Bekuo kill him?

Among Lu Ming's enemies, who can command Biekuan?

Seeing Lu Ming's shocked expression, Song Pian will be very cool and feel very happy.

To be honest, those who are sent to places like the Black Jade Mine have basically lost hope in the future and it is difficult to get promoted.

Therefore, they were very upset when they saw Lu Ming's arrogance.

When Lu Ming was shocked and desperate, they were very cool, and to put it plainly, it was abnormal.

Therefore, he will tell things slowly, just to see Lu Ming's expression of despair and shock.

"what is that?"

At this moment, Lu Ming suddenly looked behind Song Pianjiang, his eyes widened, as if he saw something terrifying.

Song Pian stood up all over his hair, his heartbeat accelerated, and in shock, he quickly turned back.

This mine is too scary. He came in with a landing and was already terrified. At this time, it was totally conditioned reflex.

But when he turned around, he saw nothing.

Lu Ming seized the opportunity and shot.

With a wave of his hand, a dozen or so runes flew toward the seven or eight armored men behind him.

"burst!"

Lu Ming snorted, and dozens of runes exploded directly.

At the moment of the explosion of these signs, a dark thunderbolt burst out and enveloped seven or eight black armoured men.

This is the Nine Nether Thunderbolt Seal, not given to him by the Blue Merchant, but the bone demon taught him to refine it, which is very powerful.

Seven or eight armored men screamed, and they were the weakest ones. Their bodies exploded and fell on the spot. Some of them were strong. Although they were blocked, they were hit hard and coughed up blood.

"Boy, you are dead!"

Song Pian will finally react, knowing that Lu Ming's evil behavior, a roar, and a fist blasted out, a terrifying fist print, rumbling towards the landing, the whole void was shaking.

Although Lu Ming's body retreated suddenly, his speed was not comparable to the opponent's punch.

Song Pianjiang, is the existence of a **** king peak, it is too strong.

At a critical moment, Lu Ming grabbed a rune and flag and threw it out.

The three arrays of flags fell in the air, radiating light, and a beam of light emerged, blocking it in front of them.

And those symbols have formed various shields, iron walls and so on.

These are all signs of defense.

Lu Ming suddenly appeared a dozen layers of defense in front of him.

Lu Ming retreated himself into an ancient **** of green armor, a chain of ice, and nine heavy red gold armor emerged.

However, Song Pianjiang's fist strength was too horrible, overwhelming, dozens of defenses, one by one explosion, and finally, there was still a terrible strength, bombardment on Lu Ming.

Lu Ming groaned, his body retreated, his bones were broken a dozen, and he vomited blood.

The difference between repairing is too big.

If there were not more than a dozen heavy seals to block, this punch could blow Lu Ming into ashes.

Even so, Lu Ming was hit hard.

"Boy, you must die today!"

Song Pian will drink coldly, and with the remaining armored man, rush towards the landing.

"burst!"

At this moment, Lu Ming sipped again.

boom!

On the side, the pool of mud suddenly exploded.

Chapter 3250: Sludge lore

When Lu Ming just started, he still silently placed a rune on the muddy beach.

At this moment, he was repelled by Song Pang and pulled away from the mud. Lu Ming did not hesitate, and when he pinched the seal, the sign immediately exploded.

The runes exploded like bombs, and the pool of mud was splashing everywhere.

Suddenly, a scream was heard.

I saw General Song Pian, as well as those armored sergeants, their bodies turned into horse honeycombs, which were pierced into holes.

Lu Ming took a breath.

The power of those muds was beyond his expectations. It was terrifying, hitting tofu like bullets. When they passed by, a hole appeared in the body of the armored sergeants.

Even Song Pian, who is the pinnacle of the King of Gods, will be the same, unable to stop it.

Fortunately, Lu Ming was repulsed by Song Pian, far enough apart, and he was prepared so he was not splashed by mud.

Ah...

Those armoured sergeants who had penetrated their bodies with slush, screamed terribly, and a frightening scene appeared. His body shrivelled quickly and rotted quickly.

With just a few breaths, there is only one bone left.

"no no..."

Song Pian will be more advanced, insisting on it for a long time, and has not died for a while, but he can only watch his body rotting, unable to stop it.

There was panic in his eyes.

"Damn, **** debris, you will not die, I will inform the general, you cannot escape, you will come down to accompany me..."

Song Pian yelled hysterically, took out a piece of voiced jade, and spread the news.

After the news came out, Song Pian completely transformed his body into a skeleton, a peak **** king, and it just fell.

"This place should not stay long, let's go!"

Lu Ming did not hesitate, after swallowing a panacea, barely stabilized his injury, and then rushed out of the mine and rushed out.

The Black Jade Gold Mine can no longer be left. Lu Ming intends to leave. Even if he fails to complete the mission, he is punished by the Taixu Royal Holy Court, which is better than being killed here.

However, Lu Ming's face changed before he even flew out.

Rumble!

A large armored armor crossed the void, and the stepped void rumbling, rushing towards this side.

Not only that, there are also armored armies flying in several other directions. The black-pressed army has blocked the entire void, and the momentum is extremely violent, blocking all the retreat.

Black Jade Army, dispatched.

boom!

At this time, in the depths of the mine, a terrifying breath rose into the sky, and the vast coercion covered the entire black jade gold mine.

This is definitely the strongest of the Divine Monarch Realm, and it is not a general Divine Monarch. Among the Divine Monarchs, they are considered masters.

In the mine, countless mine slaves were trembling and their faces were horrified.

"Damn..."

Lu Ming roared, his face extremely ugly.

Song Pian will be right, this matter is indeed the General Black Jade Army is not wide order, otherwise, no one can mobilize so many Black Jade Army.

Who is directing Bokuo?

At this time, Lu Ming had no time to think about it, the way out had been blocked, and he could not escape.

"Enter that mine..."

Lu Ming's eyes showed a fierce color.

That mine is very strange. Now, only that mine can help him, otherwise there is no way to go.

Although he has various flags and seals refined by the Blue Merchant, as well as some of the seals taught by the bone demon to teach him, but those flag seals used to deal with the God Realm can still have some effects. Used to deal with Divine King, it is to find death.

Lu Ming turned and walked, rushed towards the mine, and rushed into the mine.

"People are there, chasing!"

A group of armored sergeants saw Lu Ming and chased them straight, but when they reached the mine entrance, they stopped, with a fright on their faces.

This mine is a newly discovered mine. It is very strange. A lot of people have died and people are upset. They dare not go in.

After Lu Ming rushed into the mine, he began to think about countermeasures.

"The other party will definitely chase in. I can't sit still..."

Lu Ming's thoughts changed sharply.

"Boy, a lot of this mine can be used. There is more than one kind of sludge, but some killing traps can be planted..."

Bone Demon spoke, and then taught Lu Ming how to arrange the trap.

Lu Ming waved his hand and flew flags to all corners of the mine, and then the light flashed for a moment, then he concealed and disappeared.

Lu Ming continued to wave his hands, and his flags, positions, etc. flew out constantly.

There are still some signs, flying above the mud.

The runes are light and floating, suspended in the mud, as long as Lu Mingyi controls, they can explode at any time.

The mine is very big, the rocks are rugged and the terrain is very complicated.

After the arrangement, Lu Ming burned Song Pian's bones to ashes with a fire, and then found a hidden place to hide and waited quietly.

At the gate of the mine, the iron sergeants gathered more and more, surrounding the dough outside the mine, but no one entered.

Suddenly, a breath of terror came, the Sergeant Sergeant took the initiative to give way, and a big man stepped over.

This great man is the general of the Black Jade Army.

"General, the kid is hiding in this mine!"

Someone reported to Dokuan.

"Huh, this kid thought he could live alive by hiding in this mine, really a joke!"

Don't sneer, his eyes are extremely cold.

His plan originally wanted to lead Song Pianjiang and others to lead Lu Ming into this mine, and then kill Lu Ming, then he could declare the city to the outside world. Lu Ming broke into this strange one without permission. The mine hole was then killed by the strangeness of the mine hole. In this way, it was seamless.

Unexpectedly, he received the voice of Song Pian general, Song Pian general and others were wiped out, and Lu Ming did not die.

He immediately became furious and led the army to block all outlets.

"Fortunately, General Ben originally planned to send someone to explore this mine, and now by the way, kill individuals!"

Don't sneer, then look at a few iron soldiers and say, "Wei Pianjiang, Liu Pianjiang, you take someone to kill the kid, and then explore what happened in this mine!"

The faces of the big men changed, but they didn't order so broadly that they had to obey, and they could only lead their lives with their daring heads. They each brought dozens of sergeants into the mine.

A total of three general-level figures brought nearly one hundred armored sergeants into the mine.

These armored sergeants have the lowest level of cultivation, and all have four levels of cultivation practices, all of which are elite in the black jade army.

After entering the mine, they were careful, dispersed, and moved slowly.

Soon, they went a distance and entered the edge of Lu Ming's trap.

"Almost, almost..."

Lu Ming hid in the dark, silently paying attention.

Slowly, a handful of iron sergeants all entered the trap arranged by Lu Ming.

"Send you on the road!"

In Lu Ming's eyes, a wisp of murderous opportunity flashed, and his hands pinched Yin Ju.
