D Emperor 3251

Chapter 3251: Fu Yinxianwei

As soon as more than one hundred armored sergeants entered the trap, Lu Ming did not hesitate to move, and his hands pinched Yin Ju.

Suddenly, in a corner, thirteen flags emerged.

The array of flags emerged, the light was vigorous, and a series of runes were interwoven to form a lightsaber.

The lightsaber flew out at an astonishing speed.

Poof! Poof! ...

The blood was splattering, and suddenly, five armored sergeants were cut off their heads and fell to the spot.

"Be careful!"

A general shouted, and all the armored sergeants laid a defense around their bodies.

However, Lu Ming's hands continued to pinch the printing tactics, and in all directions, there were continuous arrays, and arrays of flags emerged.

These positions, flags, construct a variety of different formations.

There are trapped enemies, such as chains flying out, entwining many armored sergeants.

Some people who confuse people form various illusory attacks, combined with those real attacks, there is nothing between them and reality.

After screams screamed, the armored sergeants were beheaded and fell here.

However, it is almost difficult to resist the attacks of these flags and formations for the gods below the seventh level.

Only gods above seven-weight can block it.

"Damn miscellaneous!"

A few generals roared, their strength was very amazing, and they all had the cultivation of the God King's Peak. Between their waves, they could burst out the supreme power, and the shocking mine hole continued to vibrate.

This mine is very weird and extremely hard. If it is placed on the aspect, the strong man at the peak of God King will do his best to even destroy a planet.

But in this mine, it can only cause vibration in the mine.

Between their waves, they broke the flag and the attack.

Those armored sergeants who are above seven heavyweights are also blocking attacks from all directions.

"Carved insects, kill me!"

One was about to drink coldly, his fingers flicked, and his terrifying fingers flew out, blasting toward those flags.

A burst of flags burst into bursts.

"Try this for you..."

Lu Ming grabbed a handful of runes in his hand and threw them out of his brain.

These seals are all nine-nine Thunder seals, which are very powerful.

Boom...

A large number of the Nine Nether Thunder Seals burst into a dark Thunder, which slashed all the armored sergeants.

Suddenly, some of the armored sergeants in the Seventh Realm of the God King were blown out of large pits and were hit hard.

Only gods above the eighth level can block it.

"Boy, I found you, die for me!"

One will be angry and scream to the landing.

Lu Ming was found when he threw the seal.

This one will rush out, and other masters also rush out.

However, Lu Ming's face was very calm.

He just threw a rune, which was automatically exposed.

"Explode, explode..."

When these strong men rushed out a distance, Lu Ming whispered, and then a few roars sounded.

On both sides of the mine, there are two pools of mud, all of which have signs floating on them. Those powerful black cloud troops have never been found before.

The runes exploded, the mud was splashing, and every drop of mud gave out a terrifying killer, which was countless times more terrifying than bullets.

The Black Cloud Army's strongman hasn't reacted yet, and his body is shot into a sieve, as will a few generals.

Lu Ming, who had chosen the geographical location before, was a dead end and naturally fearless.

The strong of the Black Jade Army roared, his body was corroding rapidly, some were weaker, and he died after a few breaths.

Only three generals are still struggling to resist and want to withdraw.

"Since it's here, don't leave!"

Lu Ming spoke indifferently, rushed out, and his spear was like a rainbow.

"Boy, the dogs are together, fight with you!"

The three will roar and rush towards the landing.

However, they have been hit hard. The mud, with terrible killing opportunities, is constantly corroding their bodies and devouring their vitality. Their power has plummeted, and they can't exert much power at all.

bump!

The spear was suppressed, and one side would be directly exploded and fell on the spot.

Then the rifle swept across, and the other two will die tragically.

It is also the strongest of the three kings of the gods who fell, suffocating death.

These characters, placed in the Jiu Jue Tian Wang Mansion, are the main characters of the big family. One party is overlord, but now, Lu Ming is slaughtered like a sheep.

The three are about to die, and the more than one hundred black jade troops who came in here were wiped out.

Lu Ming flashed, and collected all the storage rings of the Black Cloud Army, and then thought about it.

Most of the opponents will send strong men to come in.

Fortunately, the strong man at the peak of the **** king said that if he sends out the strong man in the realm of **** king, it will be in trouble.

"The power of this mud is horrible. If it can be used properly, it will be fine!"

Lu Ming's eyes turned to the muddy beaches.

Although it was blown a few times by the rune seal just now, it only exploded a corner, and there were still many residues.

"If these muds are attached to the artifact, then the artifact can become a big killer directly!"

Thinking of this, Lu Ming took out a war sword and manipulated it to fly towards a pool of mud, and then flew into the rotten, wanting to put some mud on the sword.

However, when the War Sword flew into the mud, the artifact was like ice and snow that met the flame, and it actually became soft. After a few breaths, it turned into a pool of molten iron.

"So scary..."

Lu Ming frowned. This war sword was taken from a general storage ring, but it was a ninth-order superb artifact, which was used by the pinnacle **** king.

However, it melted directly.

Lu Ming felt sore for a while, how good it was for the ball to eat, so it was gone.

"Boy, these pools of mud are absolutely terrified after the death of the terrible strongmen, and contain the terrible killing opportunities of those strongmen before death. Every bit of muddy mud contains the power of terror, the general artifact, can't bear it at all! "

Bone Magic explained.

"What should I do? By the way, the copper copper coffin..."

Lu Ming suddenly thought of the copper copper coffin.

The copper and copper coffin is unimaginable and mysterious. The material of the copper and copper coffin is even more unpredictable.

Anyway, no matter what means Lu Ming uses, he can't leave a trace on the copper copper coffin. Even if it is a ball, if he wants to bite the copper copper coffin, he can only break his teeth.

The material of the copper and copper coffin is sure to resist this kind of mud.

"try it!"

Now is the juncture of life and death, Lu Ming is too lazy to manage so much, and directly takes out the copper copper coffin from the picture of Jing Yu,

Lu Ming grabbed one end of the copper copper coffin.

The copper and copper coffin was extremely heavy. Lu Ming couldn't hold it when he first got it, but now, Lu Ming's power has not increased many times than before. He lifted the copper and copper coffin, and there is no problem at all.

Lu Ming grabbed one end of the copper copper coffin and put the other section into the mud pile, directly submerging most of the copper copper coffin.

Chapter 3252: Big killer

After a while, Lu Ming took out the copper copper coffin and found that the copper copper coffin was covered with mud, but the copper copper coffin was nothing.

"It's okay, haha, sure enough!"

Lu Ming was overjoyed.

The copper and copper coffins are covered with mud, which can definitely become a big killer.

"Okay, wait a while and give you some surprises!"

Lu Ming sneered, and then took out some signs, threw them at the mud, suspended above the mud.

After some arrangement, Lu Ming found a place to hide and continued to wait.

Outside the mine, don't look so sullen.

I could still hear the violent roar in the mine before, but after a while, all the sounds disappeared, and then, no one came out, surprisingly quiet.

It's as if those people before have disappeared.

Many people showed a horrified look. In their eyes, this mine was a terrifying beast that was eating life.

Those who go in will be devoured.

"Then...that kid, should have died in it too!"

One was about to open his mouth, his voice trembling.

"Live to see people, to die to see dead!"

Don't open your mouth cold.

Many people look ugly and don’t dare to look at Biekuan, fearing that they will be named.

"Let me go in again!"

At this time, an old man with gray hair spoke.

Many people's eyes lit up, and this old man was a lieutenant of the Black Cloud Army.

Lieutenant general, the status is second only to the general, and he is also a strong man in the realm of God.

In the Black Jade Army, there is naturally more than a strong man in a divine realm.

"You guys, come in with me!" The deputy looked at some people.

The faces of these people changed slightly, but they still dared not disobey the order.

The Taixu dynasty, the military order is like a mountain, the rebellion is ordered, and the crime of rebellion is the only way to die.

However, the powerful people with God's Monarch realm enter together, and they are much more courageous.

This time, more than one hundred black jade troops entered the mine headed by the deputy.

They proceeded cautiously.

Lieutenant General Heiyujun laid a heavy defense in front of him. Spiritual knowledge swept out like a storm, and Lu Ming was discovered at once.

"That kid is there..."

Lieutenant General Heiyujun's eyes looked like electricity, and he looked at Lu Ming's hidden place.

The other Black Jade Army took a deep breath, and his face was heavy.

Lu Ming is not dead yet. Where did the Black Jade Army who had entered here before?

How could it disappear without a trace?

They feel chilly in their hearts.

"Huh, no matter what method he uses, it's a dead end. You follow me!"

Lieutenant General Hei Yujun said coldly, slowly stepping forward, and walked to the landing place where Ming Ming hid.

The other black jade army followed closely, and all of them were heavily defended and carefully guarded.

"Boy, get out and surrender yourself, I can make you happy to die, otherwise, I will make you worse than life!"

Admiral Heiyujun said coldly.

"Old man, there is the ability to catch me, the young man is here, come!"

Lu Ming provoked.

A rich murder flashed across Lieutenant General Heiyujun's face, but he still didn't dare to carelessly.

The strong sense of God's King Realm is very keen, he always feels that a crisis is covering him.

"Boy, wait a minute to take you down, I will let you die!"

Lieutenant General Heiyujun drank coldly, waved his hand, and several artifacts appeared around his body to surround him.

"kill!"

Then, if he drinks coldly, he will kill Xiang Luming.

"Explode, explode..."

At this time, Lu Ming snorted.

Boom...

The signs floating on the mud, exploded.

Suddenly, the mud was splashing.

Although these black jade troops had already laid heavy defenses around their bodies, these defenses were simply vulnerable.

Mud flew over, all defenses were penetrated, and then their bodies were penetrated.

Ahhhhh. . .

The screams were connected, and many people's bodies were decaying rapidly.

They finally knew why those people disappeared because of this mud.

One by one the black jade army turned into skeletons and fell here.

"Damn..."

The black jade army lieutenant roared. As a strong man of Divine Monarch Realm, he had laid a lot of defense earlier, and it was not so miserable.

Although some of his defenses were also penetrated, only a few drops of sludge splashed on his body, but he was unable to penetrate his body.

In the presence of Divine Monarch Realm, the Divine Body will undergo qualitative changes after a transformation, which is very terrifying, and it is not comparable to the existence of Divine King Realm.

Mud splashed on him, but only a few large pits were corroded.

Vice Admiral Heiyujun roared, very simply, took out a sharp knife and cut away the corroded flesh and blood.

However, the sludge, such as the cone of the tarsal bone, is actually difficult to remove, and the cut off area is still corroded. The lieutenant general of the Black Jade Army can only use magic power to resist.

"Boy, I want to stab you with thousands of dollars to make you want to die..."

Vice Admiral Heiyujun roared and screamed towards the landing.

A terrible knife slashed towards Lu Ming.

"The strong man of God's King Realm is really powerful..."

Lu Ming's eyes were dignified, but now, he can only cling to his scalp.

He rushed out, lifted the copper copper coffin, and smashed it towards Lieutenant General Black Jade.

when!

The knife light of Lieutenant General Heiyujun was chopped on the copper copper coffin, and a violent roar erupted.

bump!

Lu Ming felt a horrifying force bombard the copper copper coffin and then bombarded him along the copper copper coffin.

The bones of Lu Ming's hands were suddenly broken, and the copper copper coffin hit Lu Ming's chest, making a sound of cracking bones.

Lu Ming's body retreated suddenly, hitting heavily on the wall of the mine, vomiting blood in a big mouth, and was hit hard.

The strong man in the Divine Monarch Realm is too strong. If the other party used most of the divine power to resist the corrosive force of the mud, Lu Ming would be beaten.

However, although Lu Ming was miserable, the Vice Admiral of the Black Cloud Army was even more miserable.

The sword was chopped on the copper copper coffin, and the sludge sticking on the copper copper coffin flew toward him due to inertia.

This move was completely beyond the expectations of Lieutenant General Heiyujun.

Therefore, he was not very prepared, and was suddenly splashed with mud.

what!

Lieutenant General Heiyujun shouted in shock.

His entire body was being corroded, and it was so unrecognizable that he could not bear to see it.

"kill!"

Lu Ming sipped, not taking care of his injury, and raised the copper copper coffin and slammed toward the Vice Admiral of the Black Jade Army.

Lieutenant General Hei Yujun instinctively raised his palm to resist.

Slapping the palm on the copper copper coffin is equivalent to directly slamming on the mud. Suddenly, his palm cracked open, with no flesh and blood, and only white bones.

"Ah..."

Vice Admiral Black Jade Army roared, turned away, and fled out of the mine.

At this moment, the other Black Jade Army people have all fallen. Several strong men of the God King's Peak originally rushed out of the mine hole, but before they rushed out of the mine hole, they were corroded into a skeleton.

Chapter 3253: Go out in person

Outside the mine, Dokuan waited for others to wait, but it didn't take long to hear a scream from the mine. It seemed that something terrified had happened.

Many people shivered and shivered, direct chills from the bottom of the feet up, showing one by one in horror.

"What's in there?"

Many people's teeth are trembling.

"That kid is probably dead!"

Others spoke up and started to retreat, wanting to leave here.

Don't be somber, he has no intention of leaving.

Lu Ming, it's about whether he can be transferred to the Imperial Guard, it's about his future, he can't give up.

Suddenly, a figure rushed out, it was the former lieutenant general.

"It's Lieutenant Sun..."

Someone exclaimed.

Everyone saw Vice President Sun's miserable picture, one by one breathing cold air, trembling all over.

Miserable, so miserable!

Lieutenant Sun is completely unrecognizable, and there are holes in his body, which is really miserable.

Lieutenant Sun, but the existence of a Divine Monarch Realm.

A monarch actually ended up in this end. This mine is too scary.

"Shoot!"

Don't scream, rush into the body of Lieutenant Sun to help him resist that corrosive force.

On the side, there were several other deputy-level figures who also helped Lieutenant Sun to resist together.

After half a bang, the strong men who combined with several Jingjun realms finally blocked the corrosive force and forced the corrosive force from the body of Vice Admiral Sun.

Lieutenant Sun's body began to wriggle away, and those pitted injuries recovered immediately.

The powerful person of the Divine Monarch Realm is extremely tenacious, and naturally it is not so easy to fall.

"Lieutenant General Sun, what's going on inside, that kid, did he die?"

Don't ask with a cold face.

As for those black jade troops who never entered, he was too lazy to manage.

Those who died, he did not mind at all.

"Not dead, that kid is not dead..."

Vice Admiral Sun said.

Everyone's face changed greatly.

The black jade army died so strong, that kid, hasn't actually died yet? how is this possible?

"What the **** is going on? What did you encounter inside?"

Don't ask.

"Is such that..."

Immediately, Lieutenant Sun said the situation inside.

"That kid was killing so many of us by that kind of mud, that mud should be transformed by the flesh and blood of the ultimate strongman after we died. We didn't pay attention to it before he started his way!"

Vice Admiral Sun said that his eyes were extremely cold.

Lu Ming actually made him so miserable, he wished to unload Lu Ming eight pieces.

"So it turns out, can that kind of mud be blocked by a junior artifact?"

Don't ask.

"Several monarch artifacts should be able to be blocked, and the copper coffin in the boy's hand is also stained with mud. As long as we pay attention to the alert and block a wave of mud attack, the boy is not afraid, he can turn his hand. Kill!"

Vice Admiral Sun said.

"Okay, this time, General Ben went in personally, you go in with me!"

Don't be stern.

Having figured out Lu Ming's tricks, he finally decided to take action in person, and at the same time called several lieutenants, as well as the existence of some other **** kings above the seventh layer.

This time, Lu Ming must be killed and the mine should be explored.

After the death of some peerless strong men, they speculated that under this mine, it was a terrible thing.

In the end, a group of dozens of people, all of whom are the top powerhouses in the Black Jade Army, joined together to enter the mine.

Several artifacts are suspended around them. These artifacts, but the junior artifacts, surpassed the superb artifacts, corresponding to the powerful monarchs.

They proceeded cautiously, and came to the place where Sun had attacked them before, but they did not see Lu Ming.

"Did the boy have entered the depths of the mine?"

Lieutenant Sun spoke.

He also followed in. He must kill Lu Ming with his own hands in order to relieve his hatred.

Lieutenant Sun guessed right. Lu Ming had indeed entered the depths of the mine.

After Deputy Sun fled, Lu Ming frowned.

"The strong man of Divine Monarch Realm is really powerful. Even with these muds, he cannot kill the other party, and my means have been exposed. If the other party comes in the presence of several Divine Monarch Realms, I will definitely die!"

Lu Ming whispered, thinking about the countermeasures.

Finally, he decided to go deep into the mine.

This mine is very extraordinary and very weird. If you go deep into the mine, there might be a turning point.

When he was gone, he put away all the storage rings of the Black Jade Army, and then dipped some red mud on the end of the copper and copper coffin.

Afterwards, the copper and copper coffins were put into Jing Yu's scroll.

When ready, Lu Ming went deep into the mine.

Lu Ming is very careful, this mine is strange, who knows what is dangerous.

Also, he has the old fritters of bone devil.

Under the guidance of the bone demon, he avoided several dangerous places and slowly walked deep into the mine.

The deeper the mine goes, the stronger the yin will be.

And, in the yin qi, there is another breath.

"This is... demon qi!"

Lu Ming's face moved slightly.

"Yes, it's demon qi indeed!" Gumo responded, and he was very sensitive to the devil qi.

Click! Click!

Suddenly, Lu Ming heard the sound of the armor colliding in front.

Then he saw a team that appeared in front.

There are about dozens of people, all wearing black armor, but under the armor, there is no flesh, only a flame.

Ghost fire!

"This is a ghost soldier!"

Lu Ming was suspicious. He actually encountered a group of ghost soldiers here. Similar ghost soldiers, Lu Ming had encountered them in a ghost.

But the ghost soldiers here are a little different. In addition to being sullen, there is a magical energy in the body.

"This kind of ghost soldier should be a master of the magic road before his death. There are many masters buried here!"

Bone Magic Road.

"No matter, let's go and talk!"

After Lu Ming finished talking, a black swarthy bone stick appeared in his hand.

This bone stick was taken from the Winged Clan of the Apes, but it was refined by the strong men of the Winged Clan of the Apes, and it has a strong restraint effect on ghosts.

Sure enough, after the bone stick was taken out, it gave out a faint radiance. Those ghost soldiers, illuminated by this radiance, backed off again and again, seemed very frightened, and actively gave way.

Lu Ming wore it through in a shock.

Next, Lu Ming encountered at least a few hundred ghost soldiers, but Lu Ming opened the road with a bone stick, which was very smooth.

Soon, Lu Ming came deep in the mine.

The deeper the mine, the wider the terrain.

Lu Ming didn't know how much distance he had traveled. Anyway, he felt that he had reached the depths of the underground.

Here, there is a huge underground space, like an underground world.

Chapter 3254: Horror hill

The underground space is very wide and quiet, with no sound.

"The mine is over!"

Lu Ming sank slightly.

The mine has reached the end, and can no longer move forward, then, can those ghost soldiers in the past stop the other people from waiting?

The answer is no. With those ghost soldiers, they must not be able to stop them, so Lu Ming is nowhere to go?

Lu Ming gritted his teeth, no matter what, he had to fight one by one. Lu Ming planned to find a place to hide and lay down traps. No matter what, he could never catch it.

Lu Ming flicked to the right.

This underground space is very large, filled with strange stones. On the road, Lu Ming saw another pool of mud, and the bone demon informed that it was the blood of the top power. Lu Ming naturally left two signs on it.

After turning a lot of rocks all the way, Lu Ming suddenly smelled a strong scent of medicine.

"That is..."

Lu Ming looked forward, his eyes lit up.

In front, there is a hill, high uplifted, staring at the hill, there is actually a plant growing.

This is a dark plant with dark branches and leaves, but two milky white fruits.

"One yuan fruit, this is one yuan fruit!"

Lu Ming couldn't help whispering, his eyes showed a fiery glow.

He once saw a record in a classic book that one yuan fruit, a peerless **** fruit, served under the spirit, Shou Yuan can greatly increase, the highest can add a stellar year Shou Yuan.

A stellar year, how long this is, is equivalent to the life span of a star, up to 10 billion years.

You know, the longest life of a **** can reach five star years.

The god's birthday is also limited, and it can be considered good to have ten star years.

This life expectancy is placed in the world of Xiaoqian, just like longevity.

But god-level strong people also need a long time to practice, often a closed door, which is hundreds of thousands of millions of years, and the time passes very quickly.

No matter how strong you are, you will eventually die.

Adding a stellar year, if passed, will definitely make many old men break their heads and fight.

With one more stellar year, you might be able to explode by repairing it, and you can live longer.

This is a treasure of immense value, and here, two actually appear, no wonder Lu Ming's eyes will be fiery.

Lu Ming immediately rushed to pick.

"Boy, if you want to die, pick it..."

Bone Demon's voice sounded, let Lu Mingsheng stop his body.

"What do you mean?"

Lu Ming asked.

"I feel that this hill is terrifying, there is a big chance..."

Bone Magic Road.

Lu Ming left a cold sweat, the old demon of the bone demon felt a big killer, it must be extremely dangerous.

"Maybe they can be yin!"

Lu Ming's eyes moved, his figure flashed, and he came to the side of the hill and found a secret place to hide.

It didn't take long for Dokuan and others to come to this underground space.

Dokuan et al.'s face was extremely gloomy.

Along the way, I have experienced several dangerous places, and I also met those ghost soldiers. As soon as they saw them, they started killing. They finally rushed over, but they also lost some people.

"It's very big here. We'll look for it separately and be alert to prevent the kid from sneaking in!"

Bie Kuo ordered that the group of people be divided into three batches, which went to the left, right, and middle, and scattered to find.

Once Lu Ming is found, please contact at any time, and then start fighting.

A group of people went in the direction of landing.

Among this group of people, there are two powerful people in the Divine Monarch Realm.

They walked all the way forward, and it didn't take long before they came near the hill.

"That's... one dollar fruit!"

Lieutenant Sun and others also saw Yuan Yuan fruit, and the hot flame was revealed in his eyes.

They were overjoyed, and they didn't expect to see Yiyuan Fruit here.

Taixu dynasty, I don’t know how many old monsters that Shouyuan is about to sleep dormantly, and I hope to break through and cultivate.

If these unary fruits are taken out, those old monsters will be crazy.

"Two unary fruits, how about the two of us?"

Lieutenant Sun strongly suppressed the greed in his heart and looked at another person. That was another lieutenant, whose name was Wang, and he was called Lieutenant Wang.

"Okay, we are all alone!"

Vice Admiral nodded.

Others can only sigh helplessly.

The two unary fruits must be divided between the two powerful **** realms, without their share.

"You guys listened well, the matter of Yiyuanguo must not be leaked out. If anyone leaks out, don't blame me for being cruel!"

Vice Admiral Sun glanced at the others, extremely cold.

"Lieutenant General, we can swear it will never be revealed!"

"Me too, I can swear too!"

Others also swore.

One yuan fruit is too expensive. Once it leaks out, don’t wait for others to ask for it.

Vice-President Sun nodded with satisfaction, and Vice-President Wang glanced at each other, and then the two of them moved, rushing towards the hill.

However, when the two of them rushed into the hill, their faces changed at the same time, exclaimed, their body retreated, and they retreated from the hill.

"Lieutenant Sun, what's wrong with you?"

Others were shocked.

There was nothing unusual just now. Why did the two lieutenants have a terrified expression, and their figure retreated.

Lieutenant Sun and Lieutenant Wang stared at each other, their eyes puzzled.

The strong sense of the powerful in the Divine Monarch Realm is very keen. As soon as they rushed into the range of the hill, there was an inexplicable crisis in their hearts. This crisis caused them to tremble, as if they were about to fall in the next moment.

Therefore, they jumped back.

"It's nothing!"

Lieutenant Sun shook his head, his eyes flashing, and said, "You guys, go up and pick the one yuan fruit!"

Lieutenant Sun looked at some other black jade army.

"Let's go?"

The black jade army's face suddenly turned white.

They are not fools. The frightened expressions of Vice Admiral Sun and Vice Admiral just now are not pretended. The hills are definitely in danger. This is for them to try.

"Yes, you go to pick it, take the first fruit, and have a lot of rewards. If you don't go, you are in violation of military orders, and you should know the consequences!"

Vice President Wang moved his figure a little, and stuck behind those black jade soldiers, his face was cold and threatening, it was self-evident.

Those black jade soldiers had a white face, and if they didn't go, they might be killed on the spot by the two lieutenants.

"Okay, let's go!"

Those black jade army gritted their teeth and finally nodded.

Dozens of black jade armies were filled with all kinds of brilliance, and various artifacts were taken out around the body, and then they went together and walked carefully towards the hill.

When they stepped into the hills, there was no danger, and everything was calm.

Lieutenant Sun and Lieutenant Wang glanced at each other, uncertain.

Did they feel wrong just now?

Those black jade troops also breathed a sigh of relief, speeding up their steps and moving on.

Chapter 3255: Horror hill

The Black Jade Army continued to move forward, towards the top of the hill, and quickly crossed half the distance.

"You... what's wrong with you?"

Suddenly, someone exclaimed.

A black jade army looked at another black jade army in horror.

I saw that the black jade army's face was gray, and his body was drying up quickly, just like a body of spirit was sucked away by the person in an instant.

"me..."

The Black Jade Army's eyes widened, very frightened, and only a few words were spoken. His body had completely shrivelled, and finally, there was only one piece of human skin left floating on the ground.

Sisisi...

All the Black Jade Army took a breath of cold air, and an intuitive cold breath penetrated the spine bones from the bottom of the foot.

"Ah, help, help..."

Then, another black jade army also screamed in horror, because his body also dwindled rapidly, and finally turned into a human skin.

Horror, extreme terror, as if there was an invisible demon in the air, devouring their flesh and blood.

Lu Ming, hidden in the dark, was also taken aback, sweating coldly in the back.

If he had hurriedly stepped into the hill just now, I am afraid it would not be much better in the end.

"Go!"

The remaining Black Jade Army shouted in horror, turned around and left, trying to escape.

However, in the process of escape, several people quickly dwindled and turned into human skin.

What is even more amazing is that during the flight of other black jade army, a plume of blood flew out of the body and did not enter the hills under the feet. These blood energies were all transformed by the essence of these black jade army.

The Black Jade Army shrivelled while escaping.

thump! thump...

In the end, all the Black Cloud Army fled to the edge of the hill, and they were unable to escape, and fell to the ground one after another.

Some are weak, and have been drained of flesh and blood.

"Help, help..."

There are a few others who are relatively strong, who are not dead yet, staring at Lieutenant Sun and Lieutenant General with wide eyes and calling for help.

However, Lieutenant Sun and Lieutenant General Wang were indifferent and looked aside with a cold face.

In the end, the black jade army that stepped into the hill just now was annihilated and turned into dozens of human skins.

"What a hill this is, it's a magic land!"

Lu Ming felt cold in his heart.

The hill in his heart was more terrifying than the devil.

"How does this look like a big grave!"

Immediately, Lu Ming turned his thoughts, the more he looked at the hill, the more he looked like a big tomb.

"Yes, this is a big tomb, and a big devil should be buried in it!"

The voice of the bone demon sounded.

Lu Ming's scalp is numb.

He was really guessed by him. This hill is a big tomb with a great demon buried in it. After the death of this great demon, can it still devour human flesh?

"How to do?"

Lieutenant Sun looked to Lieutenant General Wang.

They feel right, this hill is really scary.

However, let them retreat, they are not reconciled.

That's a one-dimensional fruit, of immense value. This is a great opportunity.

"We joined forces, resisted with a junior artifact, jumped up the hill at the fastest speed, picked the yuan fruit, and then retreated, it should be fine!"

Vice Admiral Wang said.

"Okay, just do it!"

Lieutenant Sun nodded.

Then, the two sacrificed an artifact separately, which was a special artifact for the **** king realm powerful, exuding terror fluctuations.

Jun-level artifacts were suspended on both sides of the body of the two people, exuding a ray of light that enveloped them.

"go!"

Then, the two moved, rushing towards the top of the hill.

At the speed of two people, rushing to the top of the hill only takes a short time.

However, when they rushed into the range of the hill, they seemed to be hindered by an invisible force, and their speed was reduced, just like walking.

Then, the prince-level artifacts on both sides of the two bodies vibrated, and a ray of blood flew out of the two bodies and did not enter the hills.

"Not good, retreat!"

"Rewind, this strange power has become stronger!"

The two shouted in horror, not daring to move forward, but thinking about backing back suddenly.

After all, they are the strongest of the Divine Monarch Realm, and their strength is really strong, and they were eventually withdrawn from the range of the hill, but their faces were pale and their breath was weak, and they seemed to be seriously injured.

"Damn, what's in this hill? It seems that the strength has become stronger?"

Vice General Sun roared, just a moment ago, he lost a lot of energy, I am afraid it will take a long time to recover.

At this time, in several other directions, a figure rushed over.

It was Bekuo and others. The Black Cloud Army screamed on the hill just now, apparently disturbing Bekuo and others and attracting them.

"That's... one dollar fruit!"

Don't wait for others to see the yuan fruit, and their eyes are hot, and they want to take the yuan fruit as their own.

Some people will even rush up the hill.

However, when they saw the sheets of human skin and scattered armor on the hill, they stopped their footsteps.

"What's going on? Everyone else?"

Don't ask.

"Everyone else is dead and "eaten" by this hill!"

Vice Admiral Sun said his face was ugly.

This time it was really a loss. Dokuo waited for the people to come, and they would definitely not be able to enjoy it alone, and they also lost a lot of energy.

Immediately, they talked about the horror of this hill.

Dokuo was shocked when others heard it.

"This hill looks like a big tomb. Is there a great devil buried in it? After death, the soul will not disperse. Want to devour flesh and blood?"

Don't widen your eyes, think deeply.

"General, what should I do? One dollar is rare and rare, since it is encountered, it is a pity to miss it!"

Another deputy said.

"Naturally, I can't miss it. I just have a cross-domain bridge in my hand. I can directly cross from here to the top of the mountain to isolate the outside, and that force can't help me!"

Don't smile confidently.

"Cross-domain bridge?"

Everyone else's eyes are bright.

Then, in Dokuan's hand, a colorful stone bridge appeared. With the influx of his divine power, the stone bridge suddenly became larger. The end of the stone bridge extended towards the top of the hill.

Soon, a huge colored stone bridge formed, from here, spanning to the top of the mountain.

As long as you cross the stone bridge, you can reach Yiyuan Fruit by reaching out.

"You guys, try it up!"

Don't look at the two black jade army.

Even if there is a cross-domain bridge, Bie Kuan is still uneasy. How could he easily get involved in danger? Naturally, he should ask others to go up and try.

The two black jade soldiers were pale, but they didn't dare to disobey orders of a different size. They could only daringly set foot on the bridge, and they were filled with divine power and laid heavy defenses.

They stepped on the cross-domain bridge step by step, and finally came to the top of the cross-bridge without any problems.

"It's okay, hahaha, okay!"

The two Black Jade Army were ecstatic.

Bie Kuo was also overjoyed, stepping out, walking towards the bridge, and soon came to the middle of the bridge.

But at this moment, the whole hill was glowing, and the black light was filled, and then the ghost soldiers wearing black iron armor appeared, stepped on the cross-domain bridge, and killed towards Dokuan.

Chapter 3256: Holy Devil Dynasty

A team of ghost soldiers, wearing black iron armor, holding a black spear, stepped on the cross-domain bridge, killed Xiangbekuo, and their strength was very powerful.

Don’t be frightened, scream, the whole mine is shaking violently, and the terrifying divine power turns into various attacks, slamming into those ghost soldiers.

The ghost soldiers were scattered directly.

But these ghost soldiers were scattered and turned into black light, and then more ghost soldiers were condensed and rushed towards the wide, several times as many as before.

The point is, these ghost soldiers don't die, it seems that the black light is transformed, as soon as they are broken up, they will condense more and more.

The ghost soldiers obstructed the road, and the divine power was very strong. Although Biekuan was powerful, it couldn't pass in a while.

"Hurry up and help me!"

Dokuo yelled at the other Black Jade Army.

He wanted other black jade army to help him block these ghost soldiers, so he rushed over and got one yuan fruit.

In the end, under the leadership of some lieutenants, dozens of black jade army strongmen set foot on the cross-domain bridge together, came to Bekuo, and bombed ghost soldiers together.

"This is a good opportunity. If I overturn the cross-domain bridge now, what will happen?"

Lu Ming's eyes constantly flashed to death.

Don't widen the purpose of these people coming in, is to kill him, have a chance to fight back, will Lu Ming miss it?

Just think about it.

Lu Ming condensed his breath and slowly slipped out of the hidden place, holding a rune in each of his hands.

When approaching the hill, Lu Ming waved his hands, throwing two runes and throwing them towards the cross-domain bridge.

After throwing out the seal, Lu Ming turned around and ran without looking back.

Rumble!

All the seals exploded.

There are dozens of runes in total, all of which are the Nine Serenity Lightning Runes, which exploded in a sudden and turned into the power of thunder, which bombarded on the side of the cross-domain bridge.

So many thunders have formed a strong impact. The impact on the cross-domain bridge is difficult to stabilize, and it is directly overturned.

Wow!

The cross-domain bridge was overturned, and those on the bridge lost their shelter and were directly exposed under the hills.

A force of terror spread out immediately in the hills.

what!

Some people screamed, their bodies shrivelled quickly, and finally turned into a human skin.

The black jade army below the Divine Monarch Realm can't resist the attack of this strange power at all, and the body is rapidly dying.

Moreover, after the hills absorbed the blood and flesh of the Black Jade Army, that force seemed to become stronger.

Even the powerful people of the Divine Monarch Realm screamed and were terrified, because they could clearly see that there was a flesh of blood flying out of their bodies and was absorbed by the hills.

"Retreat!"

"go!"

Don't wait for someone to roar and rush towards the hill.

As they rushed out of the hill, their bodies flew out continuously, and the scene was quite spectacular.

In the end, Bie Kuan, and those lieutenants of the Divine Monarch Realm, successfully rushed out, but the Black Jade Army under the Divine Monarch Realm, there is no one left.

"Lu Ming, little miscellaneous, **** little miscellaneous..."

Don't growl, anger soaring, almost crazy.

Just a quick glance, he saw a figure, it was Lu Ming.

It was Lu Ming who threw out the rune and overturned the cross-domain bridge, causing him to lose a lot of energy.

"Kill, kill, you must find the little beast, you must kill him..."

Don't yell wildly, eyes are red, just about to find Lu Ming.

But at this moment, his face moved, and he took out a piece of phonic jade.

Because at this time, someone voiced him.

Not only him, the other lieutenants, but also received the transmission, and took out the transmission jade symbol. At first glance, everyone's face was wild.

"Damn, the remnants of the past, actually came to attack the black jade gold mine at this time!"

Don't scream, be manic.

He received the same news as those lieutenant generals, and he attacked the Heiyu Gold Mine in a big way.

"Little beast, for the time being!"

Don't scream loudly, he dare not stay after all.

It's not a trivial thing to go forward.

In front of the Taixu dynasty, there is a dynasty called the Holy Devil dynasty.

The ancestor of the Taixu dynasty established the Taixu dynasty only by overthrowing the Holy Devil dynasty.

However, the territories under the control of the Taixu dynasty are too vast and contain a large number of star fields. As for the various star rivers, it is innumerable.

Such a vast territory has countless life planets, resource planets, and countless small worlds.

The starry sky is endless, and the Taixu dynasty is no longer strong, and it cannot control every inch of the place.

Therefore, there are still a lot of remnants of the Holy Demon dynasty, hiding in the dark, against the Taixu Holy Dynasty.

From time to time, it will attack some life planets, or attack some resource planets to seize resources.

Taixu dynasty is very resentful of the remnants of the Holy Devil dynasty.

And if the mine is occupied by the remnants of the past, it is also a big sin. As a general, he can't walk around.

Now, he can only let Lu Ming pass for a while, and wait until after repeling the remnants of the former dynasty, and then come to kill Lu Ming again.

Anyway, as long as someone is sent to block the opening of the mine, Lu Ming is not afraid to run away.

"go!"

Don't yell, and rushed out of the mine with the remnants.

Lu Ming threw out two runes, ran out of his legs, and ran away to find a secret place to hide, but after a while, he did not see anyone chasing him.

Lu Ming was uncertain, and waited for a while, but no one came.

"Don't you hang those people and die on that hill?"

Lu Ming thought, and then breathed away, sneaking out and heading towards the hill.

Soon, Lu Ming returned to the hill and saw no one.

"Human? Shouldn't you die!"

Lu Ming muttered.

He speculated from the armor scattered on the hill that Biekuan and those lieutenants should not die.

Because the lieutenant general and the other broad armor are different from other black jade army, the lieutenant general armor is not seen on the hill.

"Don't you feel scared and ran away?"

Lu Ming continued to mutter.

"Boy, they really ran away and left here!"

Just then, a thick voice sounded.

This voice is an unfamiliar voice, not a bone demon, or the voice of measuring words, he has never heard it.

"Who?"

Lu Ming was shocked, jumped three feet tall, his consciousness swept out, his eyes glanced around.

However, there was no one, and no ghost shadow was seen.

"Who? Come out, don't pretend to be a ghost here!"

Lu Ming drank coldly.

Brilliant radiance appeared on his body, ready to fight at any time.

"If I could come out, I would have come out long ago. Why do you waste so much? Look here, yes, here..."

The voice sounded again.

In the end, Lu Ming's eyes looked at the hill.

Because the sound came from the hill.

"Nest, the corpse has changed!"

Lu Ming jumped three feet high and backed away a few hundred meters.

According to the bone demon, there was a big devil buried in the hill, but now, the big devil actually spoke.

Chapter 3257: Break through

"Fart, you just changed body, I didn't die at all!"

Roar came from the hill.

After all, Lu Ming was the one who had seen the big scene and calmed down slowly.

"It seems that I am miscalculated. The great demon in this hill should not have died. He was not buried here, but sealed here!"

Bone Magic Road.

"Boy, do me a favor!"

At this time, the sound in the hills sounded again.

"Help you? How can I help you?"

Lu Ming asked.

"Do me a favor and let me out. Although I just absorbed a lot of blood and barely recovered a bit of strength, I can't break the seal here. You can help me break the seal and let me out. I will definitely have yours. benefit!"

The voice said.

"Let you come out?"

Lu Ming's eyes flickered, and at the same time he was shocked in his heart. It was indeed this great demon who had just done it and absorbed the flesh and blood of the Black Jade Army.

"Yes, you have helped me once, overturned their cross-domain bridge, and let me absorb a lot of flesh and blood, and my vitality has recovered a little bit. You are just a good person to do it. Help me again!"

"I have four altars on all sides of the hill. As long as you crush these altars, the power of the seal will weaken, and I can break the seal!"

The voice said.

"What good do I have to let you out?"

Lu Ming asked.

"As long as you let me out, I will definitely give you the great fortune, the two unary fruits on the top of the hill, are yours, of course, there are other fortunes, for you to enjoy for life!"

The voice in the hill rang again, full of temptation.

"This...I don't think so. I can't afford the character you said!"

Lu Ming said something, turned around and left, heading out of the mine.

Just kidding, this hill is definitely a real demon. I don't know what age or who was sealed here.

But there is no doubt that it is absolutely terrifying.

It can be seen from this mine that many peerless masters died in the mine, and the flesh turned into mud, so terrible.

In addition, the hill, which can swallow human flesh and blood, is dangerous for the gods and strong men to go up.

In case that the great demon was released, and Lu Ming swallowed it, it would be wronged.

Lu Ming silly will release him.

"Boy, don't go, you don't go, damn, you come back to me, and I will give you great fortune..."

"Damn ants...don't let me out, otherwise I'll swallow you!"

The voice shouted, and in the end, he just started scolding, and then threatened.

Lu Ming was unmoved, speeding up and rushed out of the mine.

Lu Ming was familiar with the road, and soon afterwards, Lu Ming returned to the mine.

"Kill! Kill!!!"

As soon as I came to the mouth of the mine, I heard a violent cry from outside. It seemed that there were thousands of troops fighting, very fierce.

The whole earth was shaking.

Lu Ming was shocked!

What happened outside? How could there be such a violent shouting? Could it be that people did not wait for others just because of this matter?

Lu Ming carefully walked towards the opening of the mine and found that there was no one to guard it.

It seems that the war was really fierce. Otherwise, Bekuo should send someone to guard the mine.

Lu Ming rushed out of the mine and was shocked.

Fierce battles broke out throughout the mine.

Above the sky, the devil's qi rolled, and the cry for killing sounded through the sky.

Lu Ming saw that a large number of black jade troops wearing armor formed a battle array, and some fierce powerful players were fighting.

On the mine, in the sky, there is a war.

Lu Ming also saw that Bekuo led some lieutenants and was inseparable from the killing of some strong men.

Obviously, the other party also has characters from Divine Realm.

"Who are these people? What other forces dare to attack the mines of the Taixu dynasty, are they interstellar pirates?"

Lu Ming thought.

There are many robbers in the vast sky.

These pirates, known as interstellar pirates, are desperate and masters.

"Wait, in the Taixu dynasty, there is another force that dares to fight against the Taixu dynasty, that is, the remnants of the previous dynasty, the people of the Holy Devil dynasty..."

Lu Ming's eyes moved.

The remnants of the previous dynasty, the people of the Holy Devil Dynasty, are no secrets. He has been in the Taixu Royal Sanctuary for so many years, and I have heard it many times.

The Holy Devil Dynasty, majoring in Devil Dao exercises, Lu Ming felt that these people were really similar.

At this moment, the whole mine is in chaos.

As soon as these people attacked, the mine slaves in the mine and the original barbarian slaves were rioted, and they also killed the people of the Black Jade Army and wanted to take the opportunity to escape.

"Leave here first!"

Lu Ming moved, rushing in one direction.

However, Lu Ming was attacked before rushing too far.

A terrifying sound of breaking the sky sounded, and strong wind pressure blew towards the landing.

It is a barbarian, with a burly figure, bulging muscles, and punching Lu Ming with explosive power.

This is a barbarian with a double God Realm.

"roll!"

Lu Ming drank coldly, the spear appeared, and a shot was swept out, the spear swept on the opponent's fist.

bump!

The barbarian flew out and broke a small mountain peak, but he was still dead, lying there and vomiting blood.

"The body is so strong?"

Lu Ming was also quite amazed.

It has always been heard that the barbarian's divine body is extremely powerful, and with some barbarian secret arts, its strength is very amazing. In the same level of World War I, the sergeants of the Taixu dynasty often have to be suppressed by the barbarian. Seeing today, it really is.

Just now, although Lu Ming just hit it at random, he didn't use a bit of strength, but it was easy to kill the existence of the double king of God, but this barbarian was only seriously injured and did not die.

"kill!"

At this time, several barbarians rushed over, like wild beasts, flooded with fierce grief, and killed Lu Ming.

These barbarians have triple kings and kings.

Lu Ming triggered four times the fighting power of the war character formula, and ten kinds of divine powers broke out in the body.

咻咻咻...

The spear was shocked, several spears burst out, penetrated several barbarians, and directly bombed them.

After killing several barbarians, Lu Ming speeded up and continued to strike, wanting to leave the land of right and wrong as soon as possible.

However, this mine is full of wars, and it is not easy to leave if you want to leave.

Not far, Lu Ming was stared at by some barbarians again.

The barbarians and the Taixu Holy War have endless years, and both sides are deadly enemies.

Moreover, these barbarians were caught here as miners, suffered humiliation, and even hated the people of Taixu Holy Pilgrimage.

Lu Ming is the arrogance of the Taixu dynasty, and he has been patrolling the mines before. Many barbarians have long remembered Lu Ming's appearance. At this time, he has the opportunity to naturally want to kill Lu Ming.

For the arrogance of the Taixu dynasty, they even wished to kill and then quickly.

Lu Ming's **** battle all the way, and finally turned into the ancient armor of the green armor. It also used the original secret technique to kill a blood road and escaped from the mine.

However, after escaping from the mine, he was stared at by those who were so angry.

Chapter 3258: Immortal Devil

Lu Ming killed blood all the way, heard many black jade army yelling, and finally determined that these demonic qi guys were the remnants of the former dynasty, the people of the Holy Demon dynasty.

Several strong men of the Holy Demon Dynasty stared at Lu Ming.

"This kid's ridiculous strength is mostly the arrogance of the Taixu dynasty, kill him, haha!"

Several black-robed men rushed to Lu Ming with a strong breath.

One **** king is sevenfold, two **** kings are sixfold.

Lu Ming didn't think about it, but threw a rune.

After a crackling roar, several black-robed big men were blown dizzy and turned black.

Lu Ming rushed by, spurting his long gun and killing the three black-robed men.

"The Nine Nether Thunder Runes are really easy to use, and we have to refine some spares in the future!"

Lu Ming thought.

However, the last time he made the seal, after spending a profligate time, there was not much left.

"You must escape quickly!"

Lu Ming flickered and dared not fly in the sky. He could only shuttle on the ground to avoid being stared at.

At this moment, several shadows appeared silently at the entrance of the mine that Lu Ming had just entered.

"Legend, the undead king is sealed on this planet, the entrance should be here?"

One of them spoke.

"Adult, just let the undead king come out, will there be a big deal? Legend has it that the undead king is the rebellion of the holy demon dynasty. It almost overthrew the holy demon dynasty and became the emperor!"

Another humane, his voice trembles.

According to legend, the Undead Demon King is an extremely terrifying existence, powerful and unmatched, and ruthless, killing the world.

During the heyday of the Holy Demon Dynasty, the Undead Demon rebelled and killed the Quartet. Finally, the Holy Demon Dynasty dispatched countless powerful men to fight against the Undead Demon King. Finally, the Undead Demon King was sealed.

It’s not a ‘king’ of the devil, but it’s not a ‘king’ of the **** king. That’s a title.

At that time, because of the rebellion of the Undead Demon King, the power of the Holy Demon Dynasty was weakened sharply, and then it was weak, and then the Taixu Holy Dynasty took the opportunity to destroy it.

Otherwise, it may still be the world of the Holy Demon Dynasty.

And they, but the descendants of the orthodox Holy Devil dynasty, actually want to save the rebellious undead king?

"In any case, the undead demon king is the person of the holy demon dynasty, and the blood of the royal family of the holy demon dynasty is on his body. Now, with our strength, we can't compete with the Taixu holy dynasty. Sooner or later, he will be destroyed by him. , It is better to simply release the Undead Demon King, let the Undead Demon King lead us, and overthrow the Taixu Holy Dawn!

The humane in front.

"Yes, this is also no way, we act according to plan, release the undead king!"

Another humane.

Then several people flashed into the mine, and after some trek, they finally came to the hill where the undead king was sealed.

"You are the people of the Holy Demon Dynasty, what are you doing?"

There was a sound immediately in the hill.

"The undead devil is still not dead!"

Several people from the Holy Demon Dynasty showed surprise.

"Nonsense, this seat is immortal, there is a seal in every area, how do you want to exterminate this seat? How can you rescue me now, this seat will give you a great fortune!"

There was another voice in the hill.

Needless to say, the great demon sealed in the hill is the undead king.

"The devil is assured, we come to save you out!"

One of them was humane, and then they acted, attacking the altar around the hill.

There are four ancient altars around the hill, which is the key to the seal.

Boom!

The four altars, under the attack of external forces, soon shattered.

boom!

The four altars shattered, and a terrible breath erupted immediately among the hills.

This breath is as vast as the sea, with boundless terror, as unfathomable as the boundless universe.

Several strong men of the Holy Demon dynasty shook their bodies and almost knelt down.

"The undead king is coming!"

One of them whispered, thought of all kinds of legends, and his face was horrified.

boom! boom! ...

Among the hills, there was constant eruption of roaring thunder, a breath of terrifying terror, which erupted continuously, and came out, and in an instant, the whole mine could be sensed.

And this breath is still expanding rapidly, and soon, the entire planet is covered by this breath.

"That is..."

Lu Ming, who was flying away, was shocked and turned back to the mine.

"It's that mine, this breath is... that great demon, that great demon is about to be born!"

Lu Ming's pupils contracted for a while.

At this moment, Bekuo and others were shocked.

"Block them, block them, the rescue will come soon!"

Don't shout, lead the Black Jade Army to fight with all strength.

Lu Ming is accelerating his speed and wants to stay away from this land of right and wrong, but his way is blocked.

There were a few more powerful fighters in front of him.

"This kid is a master, don't let him go!"

A few powerful men with magical energy came over, and their eyes were cold, emitting a strong breath.

One of the strongest people actually reached God King Jiuzhong, which is definitely not what Lu Ming can deal with, even if it is printed by the flag of the battlefield, it is difficult to contend.

Therefore, Lu Ming directly took out the copper copper coffin.

"Don't want to die, get out!!"

Drink cold.

"Boy, you a **** ant double ants, dare to be so arrogant, to death!"

A man in black robe drank coldly, grabbed a big one, and grabbed him at the landing.

This person has the cultivation practice of God King Yazhong.

"I have given you a chance..."

Lu Ming whispered, a flash of murder flashed in his eyes, and then waved the copper copper coffin.

The copper and copper coffin was shocked, and the mud on it flew out like raindrops.

Puff puff...

A few black robe people couldn't resist at all, and their bodies were pierced by mud holes into horse honeycombs.

what...

Several people screamed in horror, and their bodies decayed rapidly, even with the existence of the **** King Jiuzhong, and they watched the landing cry with terrified fear.

Soon after, there were a few more skeletons.

"This sludge, save this use!"

Lu Ming looked at the red copper copper coffin with a small amount of mud on it, and was heartbroken to death, then put away the copper copper coffin and continued on.

After Lu Ming moved away from the Black Jade Army Mine, he then rushed out into the sky and flew in a random direction.

At this moment, in the Black Jade Army Mine, the terrifying breath became more and more intense and more and more depressed.

Finally, a devil qi rose from the ground and burst into the starry sky.

Then, a ground burst and a figure rose into the sky.

This is an extremely burly middle-aged man, with his hair scattered all over his body, his body covered with magical energy, and the violent breath makes the whole planet tremble.

"Hahaha, how many years have passed since I finally got out of trouble, hahaha!"

The immortal devil laughed.

Chapter 3259: Unlucky

The undead king laughed loudly, breathing into the sky, making the whole planet tremble.

"The Undead Emperor is born!"

"My Holy Devil Dynasty is about to rise, hahaha!"

Those former remnants are ecstatic.

"Who is this? In the depths of the mine, there is such a horrible existence?"

The Black Jade Army was shocked.

"Is it the seal demon under the hill?"

Don't look around, think of something.

"Unexpectedly, I didn't expect that now that the sky has changed, the Holy Demon Dynasty has disappeared, and the **** dynasty is replaced by a shit, but now I am born of the undead Demon King, and the Holy Demon Dynasty will return to the world!

The undead devil whispered, and then screamed into the sky, and endless demonic gushes out, and finally turned into a huge demonic ghost.

This demon phantom is so huge that it stands up to the ground, and its size is as big as half a planet.

Roar!

The demon roared, his mouth wide open, bursting out with a terrifying force of devouring.

This engulfing power enveloped all directions. Near him, many barbarians shouted in horror, which was actually engulfed in imports by this engulfing power.

All of a sudden, at least thousands of barbarians were swallowed into the entrance by demonic ghosts and disappeared.

Then, the breath of the undead king is a little stronger

"Comfortable, comfortable, come again!"

The undead demon laughed, the mouth was swallowed again, and there were a large number of barbarians, and some black jade army, also flew toward the devil's big mouth.

"Do not..."

"Help!"

A shrill cry rang out.

Then, thousands of barbarians and black jade army were swallowed by the undead king, and his breath became stronger.

"court death!"

"Destroy him!"

Don't be wide, there are some lieutenants, all shot, and a terrifying attack, the void is shaking, pressing against the undead devil.

All are powerful in the realm of Divine Monarchy. Together, they are so terrifying that they can smash a planet at once.

However, the Undead Demon King blasted out, and a huge Devil Palm was formed, overwhelming and rolling out.

The attacks of Bekuo and others were instantly defeated, and their bodies flew violently, flying out of space, and spurting blood.

"how is this possible?"

Don't wait for people to be shocked.

"Several little hairy kids, dare to do it with me and swallow you!"

The undead demon grinned abruptly, and stepped out, the demon's ghost shadow shouted, and barbarians and black jade troops were constantly swallowed, but the people of the Holy Demon dynasty, nothing happened.

The people of the Holy Devil Dynasty were surprised and happy.

To my surprise, the Undead Demon King is as brutal as the legend, devouring creatures as soon as he comes out, and for a while, he swallows tens of thousands of creatures.

Fortunately, the stronger the undead demon king, the greater the hope for the rise of their holy demon dynasty.

"Damn..."

Don't wait for others to roar, this time the loss is really too great, but they dare not come close, the undead devil is too scary.

"The reinforcements are coming..."

Suddenly, a deputy looked into the distance, showing joy.

In the starry sky far away, there are two huge battleships, which are flying towards this side.

This kind of warship is a specially refined war machine that can break through the void and has a speed far above the speed of light.

Near the Black Jade Gold Mine, there is also an army of the Taixu Holy Cult. The strength of this army is far from comparable to that of the Black Jade Army.

When the holy demon dynasty attacked the black jade gold mine, Bekuo sent out a request for help. Now, the supporting army has finally arrived.

The remnants of the Holy Devil Dynasty also changed.

With their strength, they encountered the regular army of Taixu Holy Pilgrimage, and they were not opponents at all.

"The current strength of this seat is far from being restored, so I will retreat, and I will definitely go to Taixu Shengdu in the future!"

The immortal demon king grinned, and then waved his hand, and a huge demon tower flew out, and suddenly became bigger.

"You all enter the magic tower, I will take you away!"

The undead king said.

The remnants of the Holy Demon dynasty entered the magic tower one after another, and then the magic tower became a magic light, and disappeared from here in a flash, the speed was extremely amazing.

When the reinforcements of the Taixu Holy Dynasty arrived, the undead Demon King, the people of the Holy Demon Dynasty, had disappeared without a trace.

Don't wait for others, you can only report this matter.

Lu Ming has been flying, wanting to stay away from this land of right and wrong.

His speed is very amazing. He exhibited Jiutian Kunpeng technique, like a Jiutian Kunpeng flying in space, and a planet passing by Lu Ming.

"Finally left!"

Feeling away from the planet where the black jade gold mine site is located, Lu Ming took a long breath.

This time the task was really dangerous. If it had not been for the Blue Merchant, he would have given him a batch of flag emblems and a batch of emblems taught by the bone demon to teach him this time.

"Nine Nine Heavenly King Mansion, what other power? Who instructed Bie Kuan in the end? Well, I have written down this matter, and one day I will let you repay it tenfold!"

A cold light flashed in Lu Ming's eyes, and then he was ready to leave here and return to Taixu Shengdu.

But at this time, his face changed, because a magic light flashed in front of him, and then a huge demon tower flew over to an astonishing speed. Lu Ming hadn’t responded yet, and the huge demon tower had appeared on his body. Before, a magic light enveloped Lu Ming, and Lu Ming's body could not move at all.

At the next moment, a figure walked out of the magic tower, with a fierce light flashing in his eyes, staring at the landing man, this person is the undead king.

"Boy, we are really destined to meet again!"

The immortal demon king grinned, showing his white teeth.

Lu Ming took a breath.

Who did he hear the voice, isn't it the great demon in the hill under the mine?

"Senior, congratulations, congratulations on getting rid of difficulties, from now on to the universe!"

Lu Ming immediately flattered.

"Really? If it weren't for my luck, I'm afraid it would still be sealed there?"

The immortal devil sneered.

This obviously means that Lu Ming did not save him before, and if he was not lucky, he would be suppressed.

Lu Ming cold sweated, shouting out of luck.

Where did he know that the other side could get out of trouble, if he knew, he would save the other side by himself.

"Predecessor misunderstood, I knew long ago that senior Hongfu Qitian would definitely be able to get out of trouble, no need for me to intervene at all, no, senior got out of trouble immediately..."

Lu Ming said with a smile on his face.

There is really no way. The other party is too scary. The pressure of terror is on him, and he can't do it even with a single shot.

The opponent may kill him with just one finger.

People have to bow their heads under the eaves.

"Do you think that I will let you go?"

The undead devil sneered, his eyes filled with devil qi, like two rounds of devil qi vortex, full of unfathomable feeling, but the next moment, the undead demon king showed surprise in his eyes, muttered: "This kid... interesting, the secret is quite It's a pity to kill a lot, take it back to study..."

Then, with a wave of his hand, an air of magic caught Lu Ming and flew into the magic tower with Landing Ming.

Chapter 3260: Holy Devil Dynasty Headquarters

In front of the undead demon king, Lu Ming did not have the slightest resistance, was directly brought into the magic tower by the other party, and then the magic tower broke through and disappeared here.

The magic tower is divided into eighteen floors, where Lu Ming stays, there is no one.

The undead demon brought him into this demon tower, and the people disappeared.

"I'm too unlucky!"

Lu Ming asked Cang Tian silently.

It had already left the right and wrong place of the Black Jade Army Mine, but now it is actually in the hands of the undead king.

"Bone Demon, what should I do? Is there a way to get out?"

Lu Ming asked.

"No way, you are destined!"

Bone Demon's answer almost made Lu Ming vomit blood.

"What is the origin of this great demon, and who rescued him? Is it the holy demon dynasty?"

Lu Ming guessed.

He left long ago, so he didn't know the identity of the undead king.

After guessing for a long time, I couldn't draw a conclusion. Lu Ming could only sit cross-legged and wait quietly.

I don't know how long it took. Suddenly, a force exerted on Lu Ming. Under a flash, Lu Ming found that he had left the magic tower.

Lu Ming quickly looked around and found that he was on a huge square. Then, at a glance, he saw the undead demon king, and there were other people, one by one.

"It's really a man of the Holy Demon Dynasty!"

Lu Ming moved.

"I have been sealed for many years, and my vitality is badly hurt. I want to retreat immediately to restore my strength. During this time, you should not move and do not disturb me!"

The undead king said.

"Yes!"

The people of the Holy Demon Dynasty nodded again and again.

"And him..."

Then, the undead devil finger Lu Ming, said: "During the period of my retreat, you help me look at him, don't let him leave!"

After talking, the immortal demon king's figure moved, and actually disappeared directly, looking for a place to retreat.

Then, the people of the Holy Demon Dynasty looked at Lu Ming, revealing a strange look.

Who is Lu Ming?

They are a little puzzled.

Lu Ming looks like a person from the Taixu dynasty, but the undead king tells them to look at him, only to say that Lu Ming is not allowed to leave, not to say that he is an enemy or a friend.

What is the relationship between Lu Ming and the Undead Demon King? They also don't know.

"Little brother, what is your relationship with Master Undead?"

Finally, the Holy Devil Dynasty asked a big man.

"It turns out that the great demon is called the Undead Demon King. These people are very afraid of him. Isn't the Undead Demon King a big figure in the Holy Demon Dynasty?"

Lu Ming guessed in his heart, and he also guessed that there was no difference between ten and nine.

"Your predecessors are embarrassed, Master Demon told me not to say anything about him!"

Lu Ming smiled and began to lie, pretending to be mysterious.

Sure enough, when he heard Lu Ming's words, the people of the Holy Demon dynasty were puzzled and could not figure out the relationship between Lu Ming and the Undead Demon King. In case Lu Ming and the Undead Demon King had a very good relationship.

"Master Demon King just said not to let him leave, then let's do it, let him leave him alone. Other things don't bother to wait. When the Demon King comes out, he will make his own decision!"

"Not bad!"

The people of the Holy Devil Dynasty negotiated secretly, and decided one after another, as long as Lu Ming did not leave here, no matter what.

Immediately, they sent someone to arrange accommodation for Lu Ming, still a majestic palace, very quiet and suitable for cultivation.

Then, Lu Ming stayed here.

"It turns out that this is the headquarters of the holy demon dynasty. The undead demon king is indeed a big figure of the holy demon dynasty!"

In an instant, Lu Ming has been here for seven days.

Here, apart from being unable to leave, no one restricts his freedom, he can move freely.

In the past seven days, he finally knew a lot of things after knocking sideways.

Here, it should not be on a certain planet, but a hidden world, very vast, gathering a large number of holy demons.

After countless years of development, the population, masters, and more are amazing here.

"Let's practice first, let's go step by step!"

Lu Ming sighed.

Can't leave, he can only take one step at a time, and no one limits his freedom anyway.

In the following days, Lu Ming practiced here, and the days were calm.

In an instant, Lu Ming stayed here for decades.

On this day, Lu Ming wandered blindly in a magic city.

This world is very large. In the vast land, there is a magic city, which is completely a country.

The demon city in front of him is now the imperial capital of the Holy Demon Dynasty.

"I heard that it's not true, Lord Xiaozhang broke through the Triple King of God, and tomorrow he will invite all parties in Demon Garden to be proud!"

"I have also heard that Master Fengxian is so young, that he can break through the Triple King of God, and his future is limitless!"

"Good, but unfortunately I am not Tianjiao, otherwise I would like to join in the fun!"

Not long after Lu Ming wandered around, he heard such a news.

"Seal the little prince, Tianjiao gathering? Interesting!"

Lu Ming showed his curiosity. He really wanted to see what happened to the Heavenly Pride in the remnants of the Holy Demon Dynasty?

Lu Ming randomly found a restaurant, ordered some dishes, and waited while eating and drinking.

This eating and drinking is a whole day.

The next day, Lu Ming inquired about the location of Motian Garden, and then headed towards Demon Garden.

At the gate of Devil's Garden, it is very lively.

Various veterinary vehicles were parked.

There are beasts pulled by dark unicorns, as well as beasts pulled by magic birds.

One by one, the young men and women stepped out with extraordinary demeanor, and walked into the Devil's Garden.

Lu Ming also strode into the Demon Garden, striking the eyes of many people.

Because, the Holy Demon dynasty majored in Devil's Dao, and all of them practiced the magical skills of the Devil's Dao, and the whole body was full of magical energy. Lu Ming didn't have any magical energy at all, which made people very surprised.

Soon, came to a yard.

Rows of tables and chairs are neatly arranged in the courtyard, and many foods are placed on it.

Lu Ming casually found a table to sit down and looked around.

"The arrogance of these Holy Demon dynasties is not very good?"

Lu Ming muttered.

Because, he found that the arrogance of these sacred monarch dynasties, most of them were the double existence of the **** king, and the **** king was triple.

There are even many under the **** king.

"Who is this kid? Why haven't I seen it before?"

"I haven't seen it, and there is no magical energy in this person. Where did it come from?"

Many people looked at Lu Ming curiously.

"I've seen him, this person is loitering all day long, hanging around everywhere!"

Then someone opened his mouth and drew a discussion.

"This person doesn't cultivate the devil's path, wouldn't it be a waste!"

"Who knows?"

"Little Lord!"

At this time, a voice sounded.

Everyone looked around and saw a young man in a Chinese suit, with extraordinary temperament, coming out of the air.

"Have seen the little prince!"

Everyone got up to salute.

"Everyone, don't need to be polite, please sit down!"

Sealing the little prince waved his hand and everyone was seated.
