

D Emperor 3261

Chapter 3261: You ungrateful animal

"Congratulations to the little prince who broke through the triple king of the gods, and the future is promising, Liu Cai gave two black jade beads, congratulations to the little prince!"

"Congratulations to the little prince for breaking through the triple king, Li Mu sent two pictures of the ink moon god, congratulations to the little prince!"

...

Then, the young people on the scene went up one by one to give a gift to Lord Feng Xia, and Feng Ye received it one by one.

Soon after, everyone on the scene gave a present, except of course Lu Ming.

Lu Ming stunned, to come to a party, still have to give gifts?

He was not prepared at all, and the gifts that others gave were all magic gifts, but he didn't.

Many people also looked at Lu Ming.

"This brother, everyone gave gifts to the little prince, don't you bring any gifts?"

Someone asked.

"This...really?"

Lu Ming smiled awkwardly.

"Well, it's overjoyed for Little Lord to break through the Triple King of Gods. You don't even bring gifts. You are disrespectful to Little Lord. Do you understand?"

Someone sneered.

"This person is idle all day long, I think he is here to eat and drink!"

Someone directly satirized.

Lu Ming frowned and said, "I really don't know to bring a gift. Since that is the case, I will go!"

After talking, Lu Ming got up and left.

He came here, originally curious, since others are not welcome, it is to leave.

Lu Ming got up and stepped towards the exit.

"Come and come, go and leave without even saying an apology. You did not put the little prince in your eyes, kneel down and admit me wrong!"

Someone drank coldly, bursting out a strong breath, and his figure jumped up, like a mountain whispering towards the landing.

Because, when Lu Ming got up and was about to leave, Feng Xian's face showed an unpleasant look. This person looked at his eyes and naturally seized the opportunity to flatter him.

This person also has the cultivation practice of the **** king, and the momentum is amazing.

However, this cultivation is not enough in Lu Ming's eyes.

"roll!"

Lu Ming drank coldly and condensed a long spear with his divine power, then hit back directly on the palm of the other party. The other party's body shook and took a dozen steps back in a row before standing firm. It was rather embarrassing.

Of course, this is Lu Ming's mercy, or the other party is already dead.

"Warning you, don't mess with me!"

Lu Ming said coldly.

"you wanna die!"

The young man was repulsed, feeling lost in face, roaring, demon qi exploded, and exhibited the strongest move. The whole person was like a demon tiger, rushing towards the landing and rushed away.

Vigorously excited, roaring thunderously, Lu Ming will be hunted by a stroke.

bump!

Lu Ming once again pulled out a shot, a huge gunman, as big as a mountain, crushed down, the opponent's cohesive demon tiger collapsed directly, and then the huge gunman, pressed on this person, this person thumped, kneeling In front of Lu Ming, a face smashed into the ground, and a dog came to eat! feces.

It is really terrible.

Many people stared at the scene.

The young man before him was the son of the emperor of the Holy Devil Emperor Zhen Guo. Lu Ming actually kneeled the other person in front of him, so bold.

"I know who this person is. I heard that this person was brought in from the outside. Some people guessed that he was the person of the Holy Emperor!"

"What? The clutter of the Taixu dynasty, no wonder there is no devil in the body. It turns out that the people of the Taixu dynasty, and the people of the Taixu dynasty, dare to be so arrogant, why not!"

"Suppress this person!"

The scene was tumultuous.

"Boy, so bold, I want to see how many pounds you have!"

A cold voice sounded, and then a figure rushed towards Lu Ming.

Someone else shot, this person's cultivation behavior is more powerful, reaching the second level of the **** king, and also awakened once the source divine factor.

This person blasted out, covered with a layer of magic armor, very powerful, to kill Lu Ming with a palm.

But Lu Ming stabbed out with a gun, and the gun was like a meteor, directly penetrating the person's palm.

The man screamed, his body retreated, and blood flowed.

"This is the arrogance of the Holy Demon Dynasty? Really weak?"

Lu Ming muttered.

This remark made the scene riot.

"What? What did you say?"

"So arrogant, let's kill him together!"

Many days of arrogance roared.

boom!

At this moment, a strong breath burst out from the seal of the little prince.

Master Fengxie got up, the magic energy rolled, his eyes narrowed, the cold light flashed, and he stared at the land.

"You, too much, restrain your hands and kneel to accept the punishment!"

Sealing the little prince is indifferent, completely in the tone of the above, and is ordering a servant and a slave.

Lu Ming almost smiled.

"stupid guy!"

Lu Ming left a word and turned away.

Sealing the little prince's complexion suddenly became extremely gloomy, and the killing in his eyes was great.

"People from Taixu dynasty, I want to see, what are you capable of, dare to be arrogant here!"

Sealing the little prince to drink coldly, his body burst into burst, his strength fully bloomed, a rich and ancient atmosphere filled the air.

The God King is triple, and the original divine power factor awakened twice!

Lu Ming instantly judged the strength of Feng Xiaoxiao.

This kind of strength is also extremely powerful. On the day of the Taixu Royal Sanctuary, such strength is regarded as the second grade of arrogance.

However, at this moment, for Lu Ming, such strength is still not enough to see.

Lu Ming now, but there are ten kinds of divine power, awakened twice the original power factor.

Triggering the war character tactics four times the combat power, ten kinds of divine powers work, Lu Ming shot again.

boom!

The Void Shock, the gunman's overwhelming unparalleled, pressed against the little prince, who slammed dozens of punches on the gunman, but at the moment of collision, the boxer collapsed, and the little prince's body retreated. Blood spewed out.

"Damn, come together, suppress me!"

Sealing the little prince roared, his face ugly.

This person not only confessed against him, but also dared to injure him.

"Go together, kill!"

"kill!"

At the scene, all the gods with more than one weight were shot and drove to the landing, the number of which was hundreds.

"It's really shameless for the face. I don't teach you some lessons today. I'm really bullied!"

Lu Ming's face was completely cold, and the door of the dominating head emerged, exuding a strong attraction.

Then, Lu Ming rose into the sky, and the guns continued to burst down.

bump! bump! bump!

Hundreds of arrogances are unbearable, their bodies are like raindrops, and they fall on the ground, screaming like dead dogs.

In the end, the same was true of the little prince, including the killer, who was hit hard and beaten on the ground.

The remaining arrogances under the gods were all stunned, and they watched the landing song in shock.

After so many days of pride, Lu Ming was cleaned up in an instant. What is Lu Ming's strength?

Chapter 3262: Disciple of the devil

"Ah, boy, wait for me, I want you to die without burial!"

Sealing the little prince roared and left when he got up.

"Do I let you go, leave me obediently!"

Lu Ming stretched out his hand and grabbed the little prince Feng Xie, fell heavily to the ground, and then grabbed the other Tianjiao that had been beaten, piled up into a pile, just like a hill.

These arrogances are all promising figures. If they are allowed to leave, Lu Ming will definitely face revenge.

Therefore, Lu Ming now has to find a way to cope with the revenge that follows. First of all, these people cannot be allowed to leave.

"You... this is death!"

"Quickly let us go!"

Those arrogant roars.

"The Holy Devil Dynasty is all this kind of thing? It is estimated that it will never be an opponent of the Holy Void Saint Dynasty!"

Lu Ming made a whisper.

boom! boom!

At this time, a strong breath came from the sky, and some strong men arrived.

Just now, someone had already spread the news, and the strong man who was guarding nearby came immediately.

As soon as these strong men came to see this scene, they immediately froze.

What's happening here? A pile of Tianjiao piled up together, and Lu Ming, standing on top of this pile of Tianjiao, trampled these people under his feet.

Then, they saw the prince, who was suppressed at the bottom, was twitching and foaming in his mouth.

They were shocked, and then shouted: "Boy, you... you dare to treat the little prince like this, you are looking for death!"

"I killed you!"

Several strong men yelled, they would shoot Lu Ming.

"If you dare to shoot, I will kill them immediately!"

The gun in Lu Ming's hand exudes cold cold light, pointing at Feng Xiao Xiao Wang and others.

That master immediately froze his body, daring not to do it, fearing that Lu Ming would kill Feng Xiaoxiao and others.

"Boy, you can't walk away. If you dare to start, you will be punished!"

"Which family are you from, why don't you have magic?"

Only a few masters looked at Lu Ming and found that Lu Ming didn't have any magic energy on his body, and he was amazed.

"He is a foreigner, a person from the Taixu Holy Pilgrimage!"

Someone shouted.

"What? The people of Taixu dynasty? How is it possible?"

The masters were shocked.

"You are the people of the Taixu dynasty, and don't use your mind to think about it. If I were a person from the Taixu dynasty, how did I get in? How can no one deal with me, how can I live well?"

Lu Ming asked back.

Those people shut up suddenly.

In fact, they just heard about it, and there is no evidence.

Those masters also showed their doubts.

Lu Ming was right. If he was really a priest who was too empty, he would have been killed long ago, how could he survive.

Boom!

At this moment, a powerful breath came from Mo Tian Yuan in all directions, and then a powerful existence one by one came out of the sky and appeared in the sky above Mo Tian Yuan.

These people are all Tianjiao's family.

"Father, save me!"

"Master, help, kill this kid!"

"Uncle, save me!"

Tian Jiao, who was trampled under Lu Ming's feet, roared excitedly when he saw these people coming.

"What's going on? Boy, how dare you..."

In particular, an uncle who seals up the little prince is more roaring, and the killer is as cold as a sword. Too.

The father of the killing little prince is a real power prince, the royal blood of the Holy Demon dynasty, and is now stepped on the foot by Lu Ming. This is simply hitting the face of the Holy Demon dynasty royal family.

He is strange if he is not angry.

"It's him!"

However, some people recognized Lu Ming and knew that Lu Ming was brought back by the Undead Demon King.

"This little brother, you are doing too much. Even if you are brought back by Lord Undead Lord, you will be punished for doing so and let them go!"

There is a middle-aged man coldly.

As soon as this remark came out, others were shocked.

Lu Ming, what the Undead King brought back, what is the relationship between him and the Undead King?

Now, all the people of the Holy Demon dynasty know that the undead demon is born and are retreating.

The undead king is the hope of the holy demon dynasty. Whether the holy demon dynasty can rise depends on the undead demon king.

"Even if Lord Demon brought it back, he would be punished if he stepped on the foot of the Lord, and at least he would have to abandon it!"

The uncle's voice was cold.

"What do you say, I want to abolish my cultivation behavior, you are so brave!"

At this moment, Lu Ming suddenly shouted, letting others look at each other.

So bold?

Who is so courageous?

"Do you know what I have to do with the undead king? Do you know why he brought me here?"

Lu Ming repeatedly asked several questions.

Everyone was silent, and many people's faces changed, they were speculating about Lu Ming's relationship with the undead king.

"I tell you, I am a disciple of the Demon King, and personally disciples, do you understand?"

Lu Ming shouted loudly that he was not blushing and his heart was not beating when he told a lie.

"What? Are you a disciple of Master Devil, or a disciple?"

"It's impossible. If you are a disciple of Master Demon King, why don't you have any devil qi in your body? The practice is clearly not Demon Dao Gong?"

Some strong people questioned.

"Nonsense, I tell you, I'm a disciple of Master Demon King. The Master Devil sees me as unparalleled in talent, unprecedented in ancient times, and has a promising future. I insisted on accepting me as a disciple, I was not willing, but Master I begged hard, and I promised!"

"Master has been sealed for too long, and his vitality is badly hurt. When he comes back, he retreats to practice. Where can I find time to teach me to practice?"

Lu Ming blew his nose, and his face was not blushing or beating.

"This..."

Many people are uncertain.

"It's really possible. I remember when Lord Demon brought us back, it stopped for a while, is it to accept this person as a disciple?"

There was a strong man who had been to the black jade gold mine that year.

"This man is so young that he has awakened the original secret technique. The talent is indeed amazing. Perhaps it is really a disciple of Lord Demon!"

"Otherwise, Lord Lord Demon brought him here?"

Those strong men communicated with each other, and the more they talked, the more they felt that Lu Ming was like a disciple of the Undead Demon King.

"Do these people really believe?"

Lu Ming muttered.

He couldn't help it. If he didn't pull out the immortal demon king, he would be shot directly by the powerful man behind these arrogances.

Anyway, the Undead Demon King is badly hurt. I don't know how long it will take to retreat. First, stabilize these people, and then take a step by step.

The strong men at the scene looked at each other, not knowing what to do.

If Lu Ming is really a disciple who is valued by the undead king, then his identity is completely different.

What to seal the little prince, that is not enough.

To put it bluntly, the current Saint Demon dynasty is just trying to hide and hide, and its strength is completely incomparable with the peak period of the year.

Without the top experts, the Undead King is now born, and the Undead King is the boss.

Chapter 3263: Trade back

All in all, all the hopes of the Holy Demon Dynasty are now placed on the Undead Demon King, and the Undead Demon King itself is a terrifying existence. Now it is the so-called Royal Demon Emperor's Royal Family. In the face of the Undead Demon King, it must be respected.

If Lu Ming is really a disciple of the Undead Demon King, then it's a big deal. These people don't dare to offend. If they offend Lu Ming, the Undead Demon King will go out in the future.

Experts at the scene looked at each other, and they didn't know how to deal with it for a while.

"Then... what are you going to do with them?"

Finally, some people spoke, pointing to Lu Ming.

Of course, I didn't know how many times my tone slowed down, and I didn't dare to dominate the Lu Ming with a bully. I just asked Lu Ming what to do.

"To be honest, these people sin like me, and with my previous temper, they slapped me..."

Lu Ming spoke, but when he said this, not only the elders, but also the arrogance at the foot of Lu Ming's face, but also his scared face changed wildly. Some people almost scared to pee. Urine came out.

"Don't kill us, uncle, save me!"

"Help!"

Some people screamed, their faces pale, and they were trembling.

"but..."

At this moment, Lu Ming's voice changed again, saying: "But I am in a good mood these days, I don't want to get bloodied, so I can kill them..."

"Thank you Lu Ming, son Lu Ming!"

Those strong men showed ecstasy, and before Lu Ming finished his speech, some people thanked with clenched fists.

"My words haven't been finished yet, what are you in a hurry? I said I wouldn't kill them, but I didn't say that I would let them go. If you want to let them go, you can exchange the treasure for it!"

Lu Ming waved his hand lightly.

"Replace the treasure? What treasure does Lu Mingzi need?"

Someone asked.

"It's very simple, this kid, the **** king's heavy cultivation is to return ten of the fifth-order best artifacts!"

Lu Ming pointed to one of the youth roads.

"What? Ten top-fifth artifacts? Why don't you grab it?"

The young elder roared.

"Pay attention, what is robbing? It's so ugly, all of them are literati, can you be more elegant, I'm called trading things for things, do you understand?"

"Besides, this kid is a **** of arrogance. In the future, he will at least be able to mix with the pinnacle **** king, maybe luck will be able to rush into the **** monarch realm. Isn't it worth the tenth-order best artifacts? If you think it's worthless, Then I will kill him!"

Lu Ming said lightly.

"Value, value, I change, I change!"

The younger elder agreed with his teeth and teeth, and in his heart he killed monstrously. If he didn't care about Lu Ming's identity, I'm afraid he would slap Lu Ming immediately.

"He, the second cultivation of the Divine King, ten tenth-grade best artifacts!"

"She, the double cultivation of the Divine King, and it is so beautiful, the country is heavenly and fragrant, I see it with pity, ten tenth-order best artifacts!"

...

Lu Ming pointed to the young men and women and offered prices one by one.

Although the young elders were extremely reluctant, they all agreed in the end.

These young people have very high talents. In their respective forces, they are not the strongest, and they are similar. In the future, they are expected to impact the existence of the Divine Monarch. In the end, they can only bow their heads and exchange with Lu Ming.

Contemplating Lu Ming's identity, they dare not start, but they swear in their hearts long ago, especially every time Lu Ming orders a woman, they must add a 'I see still pity', but, seeing those young women one by one The nose is blue and swollen, which is really terrible, how can Lu Ming feel a little 'I see pity'

Their angry chests are blocked.

"Okay, the price is on, let's pay for it with one hand, this guy, ten tenth-grade best artifacts, take it first!"

Lu Ming carried a young man like carrying a chick.

what!

The young man roared, opened his teeth and danced his claws to attack Lu Ming. They actually used them as goods to sell. This kind of humiliation is really unbearable.

But at the next moment, the young man was honest and did not dare to say a word.

Because Lu Ming came lightly: "If you scream like a pig again, I will strip your clothes and go out on the street!"

This sentence is extremely lethal. Not only this young man, but also other young people are honest, especially those women. If that is the case, it is even more uncomfortable than killing them.

"I give you!"

The young elder in Lu Ming's hands threw a storage ring to Lu Ming. Lu Ming caught the spirit and swept it. It happened to contain ten fifth-order artifacts.

"Give you!"

Lu Ming threw the young man in his hand to the strong man.

Then continue to trade another youth.

In this way, Lu Ming spent half an hour, and all the young people had finished the transaction.

"You've earned it, this time you've earned it!"

Lu Ming simply blossomed.

There are more than one hundred young people before and after, the cultivation base is all above the weight of the **** king, and the front part is used to trade the best artifacts.

And the lowest level is the fifth-order best artifact.

Lu Ming's current artifacts are piled up like mountains, making a real profit.

The reason why Lu Ming used to change so many artifacts was entirely for the sake of the ball.

In the past few decades when Lu Ming came to the Holy Devil Dynasty, the ball finally advanced, and the cultivation level reached the five kings of the **** king. After reaching the five kings of the **** king, the appetite of the ball rose sharply, and the artifact to eat was at least a fifth-order best artifact, or five. The fragments of the first-class artifacts are effective.

The lower level has no effect.

Such a big stomach king, Lu Ming also has a headache. Naturally, he has to seize this opportunity and give the ball a shot.

With these artifacts, it is enough to eat **** for a while.

Looking at Landing Ming's eyebrows and smiles, those strong men gritted their teeth and shook their bodies slightly, wishing Lu Ming could be killed on the spot.

However, they really care about the undead king.

In case Lu Ming is really a disciple of the Undead Demon King, then the matter will be big.

"Huh, even if he is the child of Lord Demon King, our older generation is not easy to deal with him, but the younger generation is OK, the younger generation is competing with each other, and it is normal to be killed by mistake!"

An uncle who sealed the little prince said coldly.

This remark made many people's eyes bright.

"Yes, even if he is a disciple of Master Undead, the younger generation can compete with each other!"

Some people showed murderous opportunities.

And the killing little prince, staring at Ming Ming fiercely, said: "Boy, do you think you are strong? I tell you, that is because the real arrogance here, we all entered the magic palace to practice some time ago, see Depending on the time, some people should come out of the magic palace, and you will wait to die!

"Oh? And Tianjiao? Really?"

Lu Ming said, his eyes glowed.

As soon as he heard this, there were other Tianjiao, which happened to be suppressed, and he was able to exchange a treasure.

If other people knew his thoughts, he would vomit blood on the spot.

Chapter 3264: Three changes

"There is news. My cousin Tang Hao will be out of the customs after three days. He has come out of the magic palace. He has said that he wants to suppress Lu Ming and step on him!"

Suddenly, a young man shouted, excited.

"What? Tang Hao is going out? Okay, okay, this time Tang Hao entered the Devil's Palace for a hundred years of hard work. Most of them have awakened the original secret technique and will definitely suppress this person!"

"Great, this kid is finally going to be suppressed, see if he can still be arrogant for a few days!"

When other young people heard it, they were ecstatic, and they seemed very confident in that Tang Hao.

"Boy, my cousin Tang Hao, I will fight you three days later. Do you dare to fight?"

A young man with a swollen nose and a shivering face arrogantly watched Landing and provoked.

"Challenging, of course, fighting, these are all artifacts, no, I think he's so cool!"

Lu Ming nodded immediately, very excited, and almost said that the leaked mouth exposed his careful thoughts.

"Also, I will wait for him here, and tell him to come to the Demon Garden three days later!"

Lu Ming said, after finishing, Lu Ming found a place to sit down, poured himself a glass of wine, and slowly drank it.

"You wait for me!"

The young man spoke to Lu Ming, and then some young men retreated and found a place to heal.

At the same time, the news was spread at a whirlwind speed.

First of all, Lu Ming suppressed more than one hundred arrogances such as the killing of the little prince and shocked many people. Later, the news that Lu Ming was a disciple of the Undead Demon King shocked many people.

After knowing that Tang Hao was coming out of the demon palace and challenged Lu Ming three days later, more people gathered to the demon garden to want to watch this battle.

At this time, Lu Ming also learned something from other people.

More than a hundred years ago, the sacred dynasty's holy place of cultivation, the "Magic Palace", was opened. At that time, a grand event was held, and all the sages of the sacred monarchy participated.

Finally, he contested the best batch of Tianjiao and entered the magic palace to practice.

This practice is a hundred years.

Lu Ming suddenly realized that it was no wonder that the previous arrogances were so weak. If the Holy Demon dynasty was all that kind of thing, it would be too far away to compare with the Taixu dynasty.

You know, the arrogance of the Taixu dynasty is not only the group of Lu Ming's participation in the Taixu Royal Sanctuary, but also the previous one, which is also considered to be in the younger generation, but relatively speaking, It is bigger than Lu Ming's group.

It turned out that the stronger arrogance of the Holy Demon Dynasty entered the Devil's Palace to practice.

Lu Ming waited quietly.

And there are more and more people in Devil's Garden.

The youths who had been beaten hard by Lu Ming had recovered their injuries and returned to the Demon Garden.

"Tang Hao is here!"

Suddenly, someone whispered.

The crowd automatically gave way to a burly young man who came out of the air.

This young man has a height of two meters, with an inch of head, and muscles that bulge like a beast, giving a strong oppression.

This is Tang Hao, the top arrogant of the young generation of the Holy Devil Dynasty.

boom!

Tang Hao landed on the ground, like a mountain hitting the ground, so that the ground was shaken.

"You are Lu Ming? A disciple of the Undead Demon King?"

Tang Hao stared at Lu Ming, his eyes gleaming with fierce light.

"Not bad!"

Lu Ming answered lightly.

"I don't believe that the undead demon king is one of the strongest masters in the history of my holy demon dynasty. How can I accept you as a disciple, and it is also the arrogance of my holy demon dynasty!"

Tang Hao said, his eyes were a little grim.

"If you don't believe it, you can try it, but if I take a heavy shot, I will not be responsible for killing you!"

Lu Ming said lightly, and looked down on Tang Hao.

"This boy is so arrogant, so arrogant!"

"Yes, who is Tang Hao, who has long reached the Triple Realm of the God King, with strong strength, but it is not comparable to the Xiao Wang Ye!"

"This kid is so arrogant and looks so arrogant, I really want to try to suppress him!"

"Don't say, I heard that he is a disciple of Lord Undead Lord. You are not a younger generation. You moved him with big bullies and small bullies. Beware that the Undead King will deal with you with big bullies!"

The people of the Holy Devil Dynasty looked at Lu Ming very unpleasantly, but they could only live through addiction, and no one dared to deal with Lu Ming.

"Arrogant, I hope you have arrogant capital!"

Tang Hao's eyes radiated with a terrible light, like a beast.

boom!

He stepped out in one step, the devil qi soared into the sky, his muscles swelled up, and he slammed to the landing with a punch.

The fist broke through the air, and the void thundered, forming a terrible fist pressure, which was pressed towards Lu Ming.

As soon as Tang Hao shot, Lu Ming probably knew Tang Hao's strength.

The cultivation of the Triple Peak of the Divine King, awakening the original source divine power factor twice, is not known whether the awakening of the original source secret technique.

However, such strength, Lu Ming and extinction are in the eyes.

Divine power burst out, Lu Ming also burst out with a punch.

Fist to fist!

The fists of the two, like two battles collided together, exploded with a violent roar, arousing energy, and scattered shots, causing the people around them to retreat one after another.

Then, the figure retreated one after another, and took a dozen steps back in a row. The person who retreated was naturally Tang Hao.

"With your strength, I can play a hundred!"

Lu Ming said disdainfully.

"Arrogance, the demon of the three changes of the devil!"

Tang Hao roared, his body exuded a terrible black light, and then his body began to swell up, and his bones made a clicking sound.

At the next moment, a scarlet bone spur emerged from his body, looking terrible.

"It's the man-made change of the three changes of the heavenly demon, Tang Hao finally used this trick!"

"The three changes of Heavenly Devil, the power is extremely terrifying, but very few can be cultivated, see how the boy copes!"

Many people exclaimed and knew the horror of this move.

bump!

Tang Hao stepped on the ground, and the whole person rushed towards the landing like a cannonball, and then slammed into the landing with a punch, which was a lot stronger than before.

In front of his fist, there was a scarlet bone spur, sharper than a sharp sword.

However, Lu Ming's attack was extremely simple, referring to the gun, pointing out with one finger, terrible power condensed at the fingertips, and then a gun burst out.

This spearman has gathered ten kinds of divine powers, and ten kinds of intrinsic divine power factors, which are extremely powerful.

when!

Gunmang collided with the bone spur on Tang Hao's fist, making a harsh sound, and then Tang Hao's body kept shaking, and his body backed back suddenly.

"How could this be?"

Many people are unbelievable. Tang Haoshi exhibited the three changes of the devil, and he is not Lu Ming's opponent.

Tang Hao was also very shocked himself, and there was a storm in his heart.

Lu Ming's cultivation practice is only a double of the King of God. The entire Holy Demon Dynasty, with such fighting power, will never exceed three.

"Are there any other tricks, let them come together!" Lu Ming said lightly.

Chapter 3265: Am i arrogant

Confronted with Tang Hao, he found that the three changes of Tianmo used by the other party, the effect and the battle word tactics are still a bit similar, and they also strengthened the combat power in an instant.

However, even if the other party has increased its combat power, it is still not worth mentioning to Lu Ming.

Compared with when he participated in the Taixu Royal Sanctuary, Lu Ming was much stronger.

At the time when he participated in the Taixu Royal Sanctuary, Lu Ming's cultivation practice was only the weight of the **** king, but now, he has reached the peak of the **** king.

At that time, of Lu Ming's ten divine powers, only the dominating power was the second awakening, and the other seven divine powers were one awakening. There were two other types, not even awakening.

And now, the ten divine powers are all second awakenings.

In addition, there are magic skills and mysteries, which have also been greatly improved. The overall strength is much stronger than at that time.

At that time, Lu Ming still needed to abandon some power to deal with such arrogance as Tang Hao. Now, almost no effort is needed, and even the ancient **** body and the original secret technique do not need to be used.

The reason why Lu Ming did not use all his strength to suppress Tang Hao immediately was because he was curious about the various mysterious magic skills of the Holy Demon Dynasty, and wanted to see what other secret magic skills and the like the other party had.

"Boy, your strength is really strong, but I didn't use my full strength. Look at my strongest move, Demon Mountain!"

Tang Hao screamed, the devil qi rolled, and finally, above him, a dark magic mountain emerged.

The magic mountain is thick and tall, and the breath is like a madness. A strong ancient atmosphere of flood and outbreak erupts.

"This is... the original secret technique!"

Someone exclaimed.

"It's really the secret technique of the origin. Tang Hao has been in the magic palace for a hundred years.

"As soon as the source secret technique is out, it is invincible at the same level, that kid is about to lose!"

Many strong men of the Holy Demon Dynasty were very excited at the scene, and felt that Tang Hao could finally suppress Lu Ming.

"Actually awakened the original secret technique!"

Lu Ming's eyes moved.

Tang Hao's strength is not weak. Such strength, when placed at the Taixu Royal Sanctuary, can enter the top 20, and even hit the top 10.

"Interesting, the dragon's appearance!"

Lu Ming shouted, triggering a four-fold combat power of the warfare tactics instantly, his fists swayed out, and two consecutive claw-saving dragons rushed out.

Two huge nine-clawed dragons headed upwards and collided with the huge magic mountain.

After two roars, the two nine claws shook violently and then burst apart.

"You can't stop my magic mountain, suppress it!"

Tang Hao shouted and stood on the magic mountain, like a demon lord, with a breath of pressure and a whole body of magic energy, which was continuously injected into the magic mountain, and the magic mountain continued to suppress the landing Ming.

"That kid, finally fell to the downside and was about to lose!"

Many people screamed in excitement, especially those arrogances that had been beaten up by Lu Ming before. They even screamed in excitement. They especially wanted to see Lu Ming beaten up by Tang Hao.

"Who tells you that I'm going to lose? I just warmed up just now, I'm optimistic, the dragon's appearance!"

Lu Ming's disdainful voice sounded, and then his fists suddenly burst out.

Roar roar...

The sound of Longyin continued to sound, the vast dragon's power broke out, the dragon's qi was boiling, and there were constant nine-claw divine dragons condensing out in the sky.

One, two, three...

In the end, there were a total of twenty-nine claw dragons.

In fact, Lu Ming can now condense 49 articles in one go, but it is not necessary to deal with Tang Hao.

Twenty huge nine-clawed dragons, servants and successors, were extremely spectacular and slammed on the magic mountain.

Twenty-seven consecutive nine-clawed dragons exploded in a row. The power was so amazing that the magic mountain shook wildly.

Above the Magic Mountain, Tang Hao's face also changed wildly, his body trembling constantly, and seemed to be under tremendous pressure.

boom!

After a few breaths, the Magic Mountain could not bear it anymore, bursting apart with a bang.

puff!

Tang Hao swallowed blood and his body retreated.

"Come back to me!"

Lu Ming shouted and rose to the sky. With a big wave of his hand, a huge palm grabbed Tang Hao.

Tang Hao's original secret technique was broken, and he was coughed up by the force of the anti-seismic force and retreated. It was difficult for him to reunite the magic mountain for a time, and he could only attack Lu Ming's condensed big hand with Tianmo constipation technique.

However, nine ice chains flew out silently, entangled Tang Hao, and then waved, smashing Tang Hao heavily towards the ground.

boom!

The ground seemed to be hit by a giant mountain, Tang Hao screamed, his bones kept ringing, and he didn't know how many roots he had broken.

Uh!

Lu Ming made a move, landed from the sky, stepped on Tang Hao, Tang Hao screamed, and completely lost his resistance.

The scene was quiet.

Quick, too fast!

Just now, they thought that Tang Hao could suppress Lu Ming. They were happy. At the next moment, Lu Ming directly blasted dozens of nine-clawed dragons and hit Tang Hao all at once. All this happened only in a few breaths.

"Tang.. Tang Hao lost?"

Someone spoke, and his voice was dry, it seemed unbelievable.

Tang Hao, but awakened the arrogance of the original secret technique. This kind of combat power was actually defeated by Lu Ming's leapfrogging, which is incredible.

In the entire Holy Demon Dynasty, there is only one person who can do this step?

Everyone thought.

"This kid said that he is a valued disciple of the undead king, maybe it is true!"

"Yeah, it's normal for such talents to be valued by Master Undead Lord!"

After this battle, many people even believed that Lu Ming might really be a disciple of the undead king.

With such a talent, many strong men must be jealous and want to grab the apprentice.

Others were shocked, Lu Ming felt quite ordinary.

Although Tang Hao's strength is strong, he is not as good as Chu Chengkong, Ye Zhifan, Void Cliff, etc. in the battle of the same level, nor as Qiuyue, let alone the unfathomable Emperor Sword.

When Taixu Royal Sanctuary was convened, Lu Ming's combat power at that time could defeat each other.

"Now, do you think I am still arrogant?"

Lu Ming stepped on Tang Hao, condescending, and spoke lightly.

"you..."

Tang Hao was furious, and he was so angry that he wanted to resist, but Lu Ming's feet seemed to be a big mountain, making him hard to move at all.

"Don't mess up, otherwise I'll take care of your clothes and walk the streets..."

Lu Ming spoke lightly, and then Tang Hao shut up.

"Lu Ming, release Tang Hao..."

An old man with white hair shouted, this man is the elder of Tang Hao.

Tang Hao was the first arrogant of this force, and it was a real shame to be trampled on the feet of the public.

"It will definitely be released, but it depends on what you mean!"

Lu Ming smiled, a harmless expression of humans and animals.

Many people twitched their skins, and it was obvious that Lu Ming asked for treasures again and exchanged for them.

"You...you make a price!"

Tang Hao's elders had no choice but to ask daringly.

When he encounters a master like Lu Ming, he is helpless. The other party is probably a disciple of the Undead Demon King, and he can only admit that he is out of luck.

Chapter 3266: Infinite Gorefiend

"It's hard to say, I need the coldest treasure, come with some coldest treasure!"

Lu Ming said.

This time, he spoke of the need for a cold treasure to neutralize the energy of the star's nucleus.

"Supreme cold treasure? I don't have it, I want to return to the family to apply!"

The white-haired old man said.

"Go, I'm waiting here!"

Lu Ming said that he had no intention of letting go of Tang Hao. The other party had no choice but to leave the Hui family and apply to Han Bao first.

Lu Ming did not wait too long, the old man with white hair went back.

"This is the coldest thing you want!"

In the hands of the white-haired old man, a dark stone appeared. As soon as the stone was taken out, there was a terrible low temperature. The temperature at the scene dropped sharply, reaching an amazing level, even some of them who entered the realm of God King. Existence, Du Jiling Ling shivered.

"Good treasure!"

Lu Ming's eyes lit up.

This stone's surprisingly low temperature is absolutely the best among the treasures, and it can definitely neutralize the energy of a large number of star cores.

The white-haired old man threw the black stone to Lu Ming, and Lu Ming's eyebrows burst into a ray of light, and the black stone disappeared.

"Haha, this extremely cold treasure is good, and the energy of neutralization is enough to allow you to break through to the fourfold of God King!"

The word measure laughed.

Lu Ming also showed a happy look, grabbed Tang Hao and threw it at the old man with white hair: "Give it back to you!"

"If you still have any arrogance, come to me!"

Lu Ming smiled.

In his view, these are the treasures that challenge him.

"This guy..."

The others were speechless, seeing Lu Ming's greedy look, they gritted their teeth.

Later, Lu Ming ignored the crowd and sat directly cross-legged here.

Because, with the extremely cold treasure, the energy of refining and refining the star's nucleus is very fast, and there is a constant flow of pure energy into Lu Ming's body.

Lu Ming runs the "Qiankun Wandao Jue" to transform these energies into divine power.

Others looked bored and retreated one after another. Soon, there were not many people near Motian Garden.

Of course, there are still a few people staying nearby to observe, hoping that a stronger Tianjiao will suppress Lu Ming.

Time passes day by day.

Lu Ming sat in Motian Garden for one year.

On this day, Lu Ming suddenly exuded a strong volatility, but as soon as this volatility emerged, Lu Ming suppressed it.

Triple King!

Lu Ming smiled.

After a year of cultivation, with that piece of tremendous cold treasure and a large amount of stellar nucleus energy, his cultivation practice finally made a breakthrough in one fell swoop, reaching the triple king.

The main reason is that Lu Ming's cultivation has already reached the peak of the God King II, and is not far from the God King Triple, in order to break through so quickly.

Xiu's strength has definitely improved a lot in order to reach the triple of King Shen.

"Old volume, how much energy is left in the star core?"

Lu Ming asked.

From the early days of Celestial Realm, he obtained the stellar nucleus, and the energy of the stellar nucleus helped him to break through the road. Now he has reached the triple of King Shen, consuming a lot of energy. Lu Ming is more worried about how much stellar nucleus is left.

"As far as the standard of ten kinds of divine powers you control now, the remaining energy will allow you to break through to the seventh level of the Divine King!"

Measure the word.

"Can it only reach the Seventh King of God?"

Lu Ming muttered.

"It's normal, every time you break through, the energy consumed is many times higher than others. The energy of this star core can allow an ordinary practitioner to break through to the weight of the **** king, and you can only break through to the **** king. Sevenfold!"

Measure the word.

Lu Ming nodded helplessly.

At the beginning, Longzhou Mountain wanted to use this stellar nucleus to restore the strength of Yulong to its peak. It can be seen that the energy of this star nucleus is very majestic. However, Lu Ming's breakthrough requires too much energy.

"There is an opportunity to collect more resources, otherwise when the energy of the star core is used up, my cultivation speed will become turtle speed!"

Lu Ming secretly thought about it, and then continued to practice, consolidate cultivation.

At this time, outside the Devil Garden, another news came out.

Another Tianjiao came out of the magic palace.

And this time it was two arrogances, and their fame and strength were all above Tang Hao.

When those two Tianjiao knew about Lu Ming, they threatened to suppress Lu Ming with their own hands.

A word aroused thousands of waves, and near the Demon Garden, it became lively again. Many people gathered to see the scene of Lu Ming's suppression.

Lu Ming naturally discovered this change.

"Why is it so busy at once?"

Lu Ming finished his cultivation and looked around, a little surprised.

Because, in the surrounding sky, there are standing figures.

"coming!"

Suddenly, someone whispered.

Then, a figure stepped out into the air and stepped down to the courtyard where Landing Ming was located. The powerful atmosphere bloomed unabashedly, forming mountain-like pressure and pressing against Lu Ming.

"God is fourfold!"

Lu Ming's eyes moved.

"Heron, you came early, but this person is mine!"

At this time, a sound came from the other direction, the sound had not fallen, a red light and shadow flashed, and a figure had appeared over the courtyard.

This figure, wearing a blood-red robe, was covered with blood-red magic.

"It's a blood demon!"

Someone exclaimed.

"Sure enough, it's a heron and a blood demon. Now let's see how arrogant that boy is!"

"Yes, herons and blood demon, but much stronger than Tang Hao, suppress this person, not to mention!"

Nearby, many people were excited, eager to see Lu Ming's repressed scene.

Lu Ming smiled a little at the corner of his mouth.

"Two more came, great!"

Lu Ming whispered, in his eyes, these two people are not arrogant, but treasures.

"Blood Demon, I will take a step before you, this person is mine!"

The young man who came first looked at the blood devil and said coldly.

"You are yours first? This person has wounded a arrogance in my blood demon family, and dare to take the opportunity to blackmail, I must suppress him personally, let him kneel like a dead dog!"

The blood devil said, his eyes were full of cold light and evil spirits.

"You're so much nonsense, don't argue, let's go together!"

Lu Ming was a little impatient and screamed.

He thought about quickly solving these two people so that he could exchange for treasure.

"Arrogant, blood demon kills!"

The blood demon screamed with rage and blood, and waved his hand, and a blood-red light flew out and beheaded the landing.

Roar!

Lu Ming waved his hands, and several nine-clawed dragons flew out, blocking the blood of the blood demon.

"Able to defeat Tang Hao, some skills, then let you see my infinite blood demon!"

The blood demon shouted, his strength exploded in full.

An immense amount of blood spread, and then a sharp voice rang out, and a **** shadow rushed out, screaming towards the landing.

Chapter 3267: Then kill

A **** shadow, killing Lu Ming.

This kind of shadow is the original secret technique of the blood devil, infinite blood demon.

Lu Ming flicked his fingers, and a gun flew out, defeating a Scarlet Factor, but after the Scarlet Shadow was crushed, it reunited again and continued to kill Lu Ming.

All of a sudden, there were at least hundreds of **** shadows culling Xiang Luming, and the strength of each was amazing.

Lu Ming's double fists blasted continuously. This time, a total of forty-nine nine-clawed dragons condensed out. Long Yin shook the sky and killed those **** shadows.

Those **** shadows kept breaking apart, but the next moment they came back together again.

"Useless, my immense blood demon is immortal!"

The blood demon laughed loudly, the blood light on his body became more and more intense, and more blood shadows condensed out, killing Lu Ming.

"is it?"

Lu Ming looked calm.

Nothing is truly immortal. The so-called immortality is also relative. If the power exceeds a certain range, the so-called immortality is also to be destroyed.

Lu Ming is doing his best to dominate the divine power. Above him, an ancient stone door emerges, which is the door to domination.

"It's the original secret technique, this kid really mastered the original secret technique!"

On the edge, many people exclaimed.

Because Lu Ming had done it before, he had never performed the original secret technique.

It's so powerful if you don't display the original secret technique. How about the original secret technique?

boom!

The Gate of Dominance turned into a height of a hundred feet, exuding a strong attraction. Those **** shadows were attracted by the Gate of Dominance and approached the Gate of Dominance.

Even if the blood demon is fully controlled, it will not help.

Then, the Gate of Domination suppressed, like an ancient ancient mountain, suppressed on the **** shadow, and the **** shadows broke apart.

This time, after the **** shadow collapsed, there was no more condensation.

The blood demon's body shook wildly and retreated.

"This is immortality? Not immortality!"

Lu Ming spoke indifferently, the door of the Lord kept suppressing, and those **** shadows broke apart.

Soon, all the **** shadows were wiped out.

Lu Ming stepped out in one step, and the imposing immense momentum rushed towards the blood demon. The blood demon seemed to be hit by a mountain, and his body retreated.

"Heron, let's go together, quickly, let's go together to suppress this person!"

The blood demon shouted anxiously.

Lu Ming's strength far exceeded his expectations, and he was very furious at the moment.

"A barren cage!"

The Heron shot without hesitation, and also exhibited the original secret technique, a huge cage, extremely ancient, squeezed down towards the landing, to suppress Lu Ming in the cage.

To be honest, the blood devil and the heron are very strong. They are all four-fold cultivation practices of the **** king. They awakened the divine power factor twice, and they all awakened the original secret technique.

Such strength is almost comparable to that of Ye Zhifan, Qian Shengxuan and others.

Of course, this is not to say that the strength of the Holy Demon Dynasty is so amazing, just two arrogances emerged, both of which have such strong strength.

The main reason is that the blood devil and the heron are both older than Lu Ming and Qian Shengxuan. They are similar to the Tianjiao in the Taixu Royal Sanctuary.

Among the heavenly arrogance of the Taixu Royal Sanctuary, there are not a few who can have this strength.

After all, I have practiced for so many years.

However, Lu Ming is now the king of the gods, such strength, can not withstand a blow.

boom!

The Gate of Domination exuded an ancient glory, full of traces of years, rushed out, rushed into the barren cage, the two collided, and a roar of shock broke out.

Then, the wild cage that the heron condensed out, shaking wildly, bursting continuously, and finally fell apart.

Heron's body also retreated.

Uh!

Lu Ming quickly followed, and with his arms waving, dozens of nine-clawed dragons emerged, fighting towards the heron and the blood demon.

The blood demon and the heron struggled against each other, and Lu Ming, controlling the door of the ruler, suppressed the blood demon.

The blood demon roared, wanting to fight against the door of the ruler, but the next thing was to be directly suppressed by the door of the ruler, hitting the ground heavily, spitting blood in the mouth, and was hit hard.

Then, under the flash of the Gate of Domination, he retreated towards the heron, and then the heron also entered the footsteps of the blood demon and was strongly suppressed.

The two Tianjiao lay side by side on the ground, coughing up blood constantly, twitching all over.

The people watching the battle all looked at each other.

The blood devil and the heron were also defeated, and the defeat was so simple, completely beyond their expectations.

They also hope that the blood demon and heron can suppress Lu Ming.

But reality gave them a slap.

"God king triple, that kid's cultivation breakthrough, reached the **** king triple!"

"A year ago, I remembered that his cultivation practice was the double king of God, but now it has reached the triple king of God, no wonder his strength is so strong!"

"Blood Devil and Heron's family will be bleeding!"

Many people whispered.

Sure enough, Lu Ming fell beside the heron and the blood demon, and the two spears pressed against the eyebrows of the blood demon and the heron, so they didn't dare to move.

"How about the family behind these two guys? No one recognizes it?"

Lu Ming said.

No one said anything.

"Don't you want to rely on these guys?"

Lu Ming sneered in his heart, the other party wanted to rely on not to come out, is betting that Lu Minghui will release the blood demon and heron.

"Since there is no one to lead, then you have to kill these two guys!"

In Lu Ming's eyes, the murderous prosperity, two spears, stab toward the blood devil and heron's eyebrows.

A horrible roar came out. If it was stabbed, the blood devil and heron's eyebrows must be penetrated, and the soul would be destroyed.

"Don't..."

Immediately, several frightened sounds sounded, very anxious.

It stopped just a millimeter away from the blood devil and heron's eyebrows.

The cold killer, the irritating blood devil and the heron were all sweating in cold sweat.

Then, two middle-aged men emerged from the crowd.

Seeing that the blood devil and the heron were all right, the two middle-aged big men took a long breath, almost scared to death just now.

Just now, they deliberately kept silent, just to make Lu Ming think that there was no one behind the blood demon and the heron.

They didn't expect that Lu Ming was so ruthless and could not be extorted. He would directly kill the killer and kill the blood devil and heron.

The two were frightened and could only scream quickly.

"I can't hold it out at last!"

Lu Ming smiled faintly.

"Hahaha, I just rushed over, I didn't hear it, I didn't hear it!"

One of the middle-aged big men smiled awkwardly, but in fact he wished to shoot Lu Ming to death.

"Both of them are very talented, and have a promising future. What are you going to exchange for?"

Lu Ming asked.

"Little brother, make a price!"

A middle-aged man said helplessly.

"Treasures of the cold, I only need the treasures of the cold now. Of course, I need the treasures of the highest quality. Bring it over and show it to me. If it is suitable, I can consider releasing them!"

Lu Ming said.

Chapter 3268: Five Squares

The two middle-aged men had no choice but to go back and collect the treasures.

Soon after, the two returned and each took out the treasure.

However, one of the most precious treasures, Lu Ming is not satisfied, and the quality is not high.

In the end, the man took out a large number of high-end superb artifacts, and Lu Ming agreed to let them go.

Lu Ming got a very cold treasure, and a large number of high-end superb artifacts, and he smiled and said, "Hey, do you still have any arrogance to challenge me, I am waiting here!"

Lu Ming shouted.

Many people's eyelids jump straight.

This guy is not content yet!

Lu Ming devoured the extremely cold treasure, and swallowed the word formula, and then continued to practice here.

More than a year later, the energy of the most precious treasure was almost refined.

Lu Ming's cultivation practice has also been improved, almost reaching the late stage of God King Triple, but there is still a long way to go before God King Four.

The further back, the harder it is to improve.

Over the past year, no one has challenged Lu Ming.

"It seems that after a while, no one is coming!"

Lu Ming was disappointed, and then left the Devil Garden and returned to his place of residence.

"Ball, come and eat for you!"

Returning to his place of residence, Lu Ming took out a lot of superb artifacts and threw them to the ball.

The ball grew its mouth, grabbed the artifacts, and ate it.

The toothache Lu Ming looked at was all of the best artifacts, and all of them were above the fifth-order best artifacts, but in the ball mouth, it was like a crunchy candy, and it tasted very fragrant.

Lu Ming had to admire the ball's teeth.

In the following time, Lu Ming practiced in the place where he lived, and wandered outside for a while. The days were also leisurely. In a blink of an eye, another few years passed.

Boom!

This time, Lu Ming was wandering around, and suddenly there was a dull roar in the sky, a direction in the distance, and the devil's qi soared into the sky.

There are five pillars of magical energy, breaking into the sky, huge.

"what is that?"

"what happened?"

Many people were alarmed and looked into the distance.

Many people flew in that direction and inquired about the news.

Soon after, a blast of news spread at a hurricane speed.

The Five Magic Tablets are on!

"What, the Five Squares Monument has opened, isn't it time to open it?"

"How could it be opened in advance?"

"Important news is that Mo Qianye is in the depths of the Devil's Palace and opened the Five Squares Monument!"

"It turns out to be Chiba, the son of the holy demon, no wonder!"

Many people talk excitedly.

Lu Ming also got some news.

The five-party monument is the treasure of the Holy Demon dynasty. It inherits the endless years. In ordinary times, it is just like an ordinary stone monument. There is no singularity.

But once opened, there will be a big makeover.

For the fortune of the younger generation.

Because of the magical treasures in the five squares, all kinds of wonderful treasures will fly out, and only the powerful arrogance can be obtained.

Every time the treasures that fly out are different, there is no regularity, which is amazing.

Some people say that it was the ancestor of the Holy Demon dynasty, and the infinite treasures were sealed in the five-party magic tablet to give gifts to the younger generation.

It is also said that the five-party magic stele leads to another stronger and more terrifying force. The Holy Demon dynasty is just a branch of that force, and those treasures are transmitted from that force.

However, neither of these claims has been confirmed.

There is a time limit for the opening of the Wufang Mobei, and the time for each opening is fixed.

However, there are exceptions.

Even in the depths of the Devil's Palace, there is also a method to open the Five-Parted Demon Stele, but it cannot be opened unless it is a shocking world.

And this time, the son of the demon, Chiba, successfully opened the Five Party Monument.

"Wufang Mobei opened, is another arrogant battle, let's go and see!"

"It has been more than 100 years since the last battle, and the strongest batch of Tianjiao entered the magic palace to practice. I don't know what kind of breakthrough was achieved?"

"This time it must be more intense than the last time!"

Many people flew in the direction of the sky.

"Go and see!"

Lu Ming also flew in the direction of the sky.

Soon, Lu Ming saw five huge stone monuments, divided into five directions, standing on the top of five mountain peaks, each stone monument exuded a rich magical energy, the soaring magical energy is from the magical monument Rushed out.

"Look, the Tianjiao in the Demon Palace are out!"

Someone exclaimed.

When Lu Ming looked at it, he saw only a crack in the center of the Five Magic Tablets. From that crack, a figure flew out constantly, and then flew to the Five Magic Tablets.

The Tianjiao in the magic palace all came out to compete for the creation of the five-party magic tablet.

"The magic tablet is made, not to be missed, we also pass!"

"go!"

Some other youths, such as Feng Xiaoxiao Wang Ye and others, also rushed towards the Five Squares.

The Wufang Mobei is open, and only the younger generation's Tianjiao can be transformed from it. If they exceed a certain age, they cannot get close to the Wufang Mobei.

"I'm going to join in the fun too!"

Lu Ming's heart moved, his figure flashed, and he rushed towards one of the magic tablets.

He rushed to the magic tablet to the east.

As he approached, he found a ladder under the magic tablet.

This ladder has only nine steps.

Each step is very huge, made of stone, like a huge battle platform.

And now, on every step, there are many young people fighting in fierce battles.

Lu Ming found that the higher the stairs, the fewer the number of people.

"Is there any name for this step?"

Lu Ming was curious and grabbed a young man by the side and asked.

"Don't pull me, ah, it's you..."

The young man was angry, so he would scold, and after seeing Lu Ming's appearance, he was trembling with fright.

Because, he had been abused by Lu Ming.

"Say!"

Lu Ming's cold opening flashed a cold light in his eyes.

"I said, I said..."

The young man hurriedly told him what he knew, fifteen or ten, in detail.

It turned out that not everyone can get the qualities from the Five Squares.

In fact, when each magic tablet is opened, only nine people can be transformed.

Nine people, corresponding to nine steps.

On each step, only one person will fly out of the treasure.

The higher the stairs, the closer to the magic monument, the more precious the treasures you get.

Moreover, the steps are filled with strong pressure, the higher the steps, the greater the pressure.

Many people can't do it even if they want to climb to a higher level.

Moreover, even if you go on board, you have to face other challenges from Tianjiao.

Lu Ming finally understood why the higher the stairs, the fewer the number of people.

There are a few steps at the bottom, with the largest number of people. Of course, competition is also the most fierce, because in the end only one person can stay on the steps.

Chapter 3269: All the way up

At this moment, the fighting continues.

On every step, there are people fighting.

However, many people have been eliminated.

Because each person has only one chance to step up the steps. Once they are stepped out of the steps, there will be a force to stop him, so that he can not step up again.

Otherwise, there will be endless fighting.

In this case, we must do our best.

Some powerful Tianjiao, in order to climb to a higher level, encountered a stronger presence. If they were bombarded down the level, even the second-class treasures would not be available.

"Interesting, use some treasures!"

Lu Ming smiled, then rushed towards the steps under the magic tablet.

Even if it is a magical treasure, he can't use it, he can sell it?

bump!

Lu Ming rushed to the first step.

Immediately, Lu Ming felt a strong pressure on him.

"Magic, demonic, demonic!"

In his mind, there was a constant roar of voice, filled with strong pressure.

If the cultivation is insufficient, under such circumstances, the mind will collapse, and then be hit by the pressure.

However, this level of pressure is not worth mentioning to Lu Ming, he is very relaxed.

On this stage, there are more than ten days of arrogance fighting.

"Go down!"

Seeing Lu Ming coming up, two people slammed towards the landing at the same time and wanted to blast Lu Ming down the steps.

Because, if there is one more person, there will be one more competition.

"It's you who are going down!"

Lu Ming waved his hands, and the two nine-clawed dragons flew out, grabbed the two men, and then flicked off, the two men flew out of the steps, without the slightest resistance.

Others were frightened and quickly backed away, secretly fortunate that they had not attacked Lu Ming just now, otherwise they would go down.

Lu Ming glanced at it, did not stop, stepped out, and stepped on the second step a few times.

On the second step, the pressure and the roar were also stronger, but for Lu Ming, it was still very easy.

On the second step, there were also a dozen young people who saw Lu Ming and pulled away from Lu Ming.

The strength that Lu Ming just showed shocked them.

Without attacking Lu Ming, Lu Ming was naturally too lazy to ignore, because Lu Ming's target was the ninth step.

Lu Ming continued to walk, and soon, Lu Ming appeared on the fifth step.

He found that although these young people also came out of the demon palace, their strength was far inferior to Tang Hao, the blood demon, and the heron.

Although many cultivation bases are in the Triple King of Gods and the Triple King of Gods, they have not awakened the original secret technique.

And many of them are not too young, which is equivalent to the age of a group of students in Taixu Royal Holy Monastery.

In fact, even among the first batch of students in the Royal College of Taixu, there are very few who can awaken the original secret technique.

The original secret technique is not so easy to awaken.

Among the celestial princes of the Holy Devil Dynasty, Tang Hao, Blood Demon, and Heron are the top celestial arrogances, and they are among the very few who have awakened the original secret technique.

These arrogances without awakening the original secret technique are not even Lu Ming's opponents.

Lu Ming continued to move forward to the sixth step.

At the sixth level, there are still five people competing.

When Lu Ming stepped on the sixth step, they looked at Lu Ming one after another, revealing the look of alertness.

If Lu Ming also wants to compete for the sixth step, then they can only shoot Lu Ming.

"You guys continue!"

Lu Ming smiled slightly and moved on to the seventh step.

The five people on the sixth step sighed a little, then continued to fight together.

On the seventh step, a total of three people were fighting.

The strength of these three people is very weak.

They are all four-fold cultivation practices of the God King, and they are all the existence of the second awakening, and their strength is very strong.

"Who is this kid? Never seen!"

One of them whispered.

They had just come out of the magic palace, and had never heard of Lu Ming's reputation.

"An infamous kid who wants to fight for creation, I will send him down!"

A young man with a thin figure sipped coldly and rushed towards the landing. The devil's energy rolled and he slammed toward the landing.

Under the tremendous pressure, such attack power can also erupt, showing that this person's strength is really not weak.

But for Lu Ming, it is just so-so.

Lu Ming also pointed like a gun, pointed out with one finger, on the palm of the thin young man.

With a loud grunt, the palms of the dry and thin youths were pierced with holes and brought a ray of blood.

The slender young man screamed, his figure retreated, revealing horror.

"Shoot me, then you have only one end, go down!"

Lu Ming performed the nine-day Kunpeng technique. His body flashed and he caught up with the thin young man. Then he grabbed an arm and shoved it violently.

The screaming young man screamed, his body flew away from the distance, and flew directly out of the steps.

The remaining two young men took a breath of breath, stunned and stared.

The young man was just as strong as them, but in Lu Ming's hands, he was so vulnerable.

How could this young man suddenly appear so powerful?

"He is so strong, he hopes to keep going up!"

Two young people prayed in their hearts.

They prayed immediately, because Lu Ming did not stay, stepped out a few steps, and rushed to the eighth step.

The eighth step, the more stressful, like a mountain on him.

There is also that kind of roar, constantly shaking Lu Ming's mind.

If the strength is not enough, let alone compete, even if it is difficult to gain a foothold.

On the eighth step, there are two arrogances competing.

When they saw Lu Ming coming up, the two stopped and backed away for a while, staring at the landing cautiously.

"You guys continue!"

Lu Ming smiled, did not stay, and went towards the ninth step.

"This kid really went towards the ninth step!"

"The two on the ninth stage are very strong, and I hope they can blow him down!"

"Hopefully, the strength of the two men is still above the blood devil and heron!"

Those older people who watched from afar were all talking, one by one, wishing Lu Ming to be suppressed.

Lu Ming is really unpopular here.

On the ninth step, there were also two young men fighting. When they saw Lu Ming walking towards the ninth step, they both stopped by the same side and backed away to prevent landing.

bump!

Lu Ming stepped up to the ninth step, and immediately felt a terrible pressure, pressing on his body, making his muscles tremble a little.

"Magic, demonic, demonic!"

The loud roar was even more terrifying.

This kind of roar is useless even if the ears are blocked with divine power, because this kind of roar acts directly on the mind and even on the soul.

Fortunately, Lu Ming's soul is strong enough to resist, not too difficult.

"Why don't you fight? You guys continue!"

Lu Ming looked at the two young people on the ninth step and said with a smile.

Chapter 3270: Fly out of treasure

"You guys continue!"

Lu Ming smiled.

Others are speechless, you have all gone up, and told others to continue, sitting on the mind of the fisherman, it is too obvious, before the fool continues to fight.

"What's the point of this kid, his strength is very strong!"

"Don't know, never seen it!"

The two young people on the ninth stage were communicating. They were originally competitors, but when Lu Ming walked up, the two vaguely had a common enemy.

"Wei Tong, we have played 13 times before and after, and we haven't scored a victory or defeat. This time, we must definitely have a victory or defeat, but this kid is hindering here, we two join forces, how about bombarding him first?"

One of the Qingpao youth said to the other youth.

"Just what I want!"

That young man called Wei Tong nodded his head with a strong breath and pressed toward the landing.

bump! bump! ...

The two young men walked toward the landing Ming step by step, as if walking on a mountain, the trembling ground bombardment sounded, approaching Lu Ming.

"The two of you have been under so much pressure and are too tired, so go ahead and rest!"

Lu Ming smiled, and the door to **** emerged.

"Do it!"

Wei Tong shouted and stepped towards the landing.

At the same time, the Qingpao youth also went to the landing from another direction.

Undoubtedly, both of them are extremely arrogant, cultivated in the fivefold of the King of Gods, the second awakening of the original source divine power, and also awakened the original source secret technique, which is stronger than the blood demon and the heron.

The five-party magic tablet attracts all the arrogance, and the two can stand on the highest ladder of one of the magic tablets, and their natural strength is terrifying.

The two performed the secret technique of the source at the same time, which turned into a torrent of energy and rolled towards the landing sound, which was amazingly powerful.

Faced with such an attack, Lu Ming also had to fight mentally.

A roar came out and Lu Ming exhibited the ancient **** of green armor, triggering four times the combat power of the war character tactics. All ten kinds of divine power in the body were urged, and the door of the ruler dazzled with glory and suppressed forward.

boom! boom!

There was a big collision between the two sides, which stirred up a wave of energy.

The entire ninth ladder was overwhelmed by vast energy.

Then, the two figures retreated quickly.

It was Wei Tong and Qingpao Youth who retreated.

"How could this be?"

The people who saw this scene were simply shocked.

Lu Ming's combat power is too strong.

Wei Tong and Qingpao Youth, it was extremely arrogant, and the cultivation base reached the fivefold of the God King, and he exhibited the original secret technique as soon as he shot it. When the two joined forces, they were still invincible.

"kill!"

Lu Ming Changxiao, stepping out, the door of the master exudes ancient glory, continue to go down.

"God of War!"

Then, Lu Ming waved his spear and exhibited the unique skills of the God of War family, God of War.

A huge **** of war emerged, riding on a warhorse, the horse stepped into the void, brandished a spear, and killed Wei Tong.

The door to **** is focused on the youth of Qingpao.

A young man in Qingpao couldn't stop the power of the Domination Gate. After the second battle, his original secret technique was almost defeated, his body was violently shaken, he retreated, and his mouth overflowed with blood.

"Why? Just be patient, continue!"

Lu Ming continued to control the door of the master, blasting towards the Qingpao youth.

The young robe of the Qingpao roared, and the whole person turned into a blue light, exuding radiance, and wanted to repel the door of the ruler.

But the final result was that Qingguang was defeated by the door of the ruler, the young Qingpao screamed, his body flew out like a cannonball, and the blood spilled into the sky.

Qingpao youth, defeat!

Uh!

Lu Ming immediately manipulated the door of the ruler and killed Wei Tong.

The Gate of Domination cooperated with the God of War strike, where Wei Tong was the opponent, immediately entered the footsteps of the Qingpao youth, and was also blasted out.

Wei Tong, and Qingpao Youth, two great geniuses, just lost the chance of the Five Squares.

On the ninth ladder, only Lu Ming was left.

Tianjiao on the eighth ladder saw Lu Ming being so powerful and completely stubborn. He dared not climb the ninth ladder and could only compete as hard as he could.

The onlookers in the distance were also shocked.

Afterwards, he could only sigh helplessly, Lu Ming deserved to be the disciple of the undead king, and his talent was really amazing.

Lu Ming stood on the ninth ladder and waited quietly.

He also needs to wait for the victory and defeat of the following ladder to get the chance of the Five-Fanged Monument.

Soon after, the eighth ladder was also divided into wins and losses. After paying the cost of injury, one of the youths finally defeated his opponent and occupied the eighth ladder.

After that, other ladders also decided the winners and losers, and the strongest.

After half an hour, the nine ladders, all winning and losing, were occupied by one person.

Buzz!

At this moment, the Five Magic Tablets violently vibrated, exuding a rich magic light.

Afterwards, there seemed to be a dark vortex on the top, constantly spinning.

"There are treasures flying out!"

Someone exclaimed, envious.

Uh!

The vortex on the five-party magic tablet flew a rainbow of light and flew to the first step.

On the first step, the young man reached out and grabbed the rainbow in his hand.

Everyone immediately looked at the past and found that the young man got a weapon.

"The magic energy is strong, the quality is excellent, it is an excellent magic soldier!"

Someone commented.

Generally speaking, the treasure on the first step is the worst.

The higher the better.

Tianjiao on other steps showed their expectations.

They are at least not worse than the first step.

This is another piece of treasure flying out of the vortex on the magic tablet to the youth on the second ladder.

It was a picture scroll, captured by the young man.

Everyone doesn't know what the picture is for.

Then, in the vortex of the magic tablet, treasures continued to fly out, flying to the heavenly arrogance on each step.

Lu Ming was also secretly wondering, how could there be so many treasures in this magic tablet?

Is there another thing in the magic tablet, the ancestors of the Holy Devil dynasty are sealed in it, or is the legendary magic tablet leading to another more powerful magic power?

unknown!

"Look, it's a sign of life and death, and it can save death and save a life at a critical moment!"

Suddenly, someone shouted and looked at a dark rune in the hand of the young man on the eighth step.

"It's really a sign of life and death, oh my god, the eighth ladder, there is a sign of life and death, which is amazing!"

The others shouted, envying and jealous.

A pair of eyes full of hot eyes, staring at the dark rune in the hands of the young man on the eighth ladder.

Life and death symbol can replace life and death!

This means that when you encounter a life-and-death crisis, the life-and-death symbol can die for yourself once.

This is definitely a peerless treasure.

"The eighth staircase, there can be no such precious treasures, I guess the level will not be too high!"

"I think so, at most, it can only be useful for people in God King Realm, not for God King!"

Everyone guessed.
