Chapter 3271: Magic Fruit

Soon, it was confirmed.

The youth on the eighth ladder bluntly stated that this sign of life and death is only valid for people under the seventh level of the King of Gods, and is invalid for people above the seventh level.

Life and death signs are also graded.

Because the higher the cultivation level, the stronger the spirit of life, the harder it is to die.

Therefore, the higher the level of life and death, the more precious.

Many people who sighed seven times or more sighed, this life and death symbol is useless to them, otherwise, even if they are ruined, they will have to buy it.

However, those who are below the seventh level of the King of the Gods are hot-eyed, especially many Tianjiao, and they are extremely envious.

This kind of treasure is equivalent to one more life.

Lu Ming was also very hot.

At the same time, I looked forward to it more.

The eighth ladder has such treasures, so what about the ninth ladder?

Uh!

At this moment, in the vortex, another treasure flew out.

It was a black fruit, the size of a fist, flew towards Lu Ming and was grabbed by Lu Ming.

"What is this fruit?"

Lu Ming looked at the fruit in his hand and looked puzzled.

But the color of the fruit is very tempting, he could not wait to swallow it.

"It's Moyuanguo, it's actually Moyuanguo!"

Someone shouted and his eyes were hot.

Not only young people, but also some older generations, their eyes are hot.

"Magic Fruit, what's the use?"

Lu Ming muttered.

"Boy, the effect of the magic source fruit is similar to the divine source bead you got before. If you swallow one, you will be able to awaken the source secret!"

Bone Magic explained.

"What? It's about the same as Divine Power Pearl!"

Lu Ming was taken aback, then ecstatic.

He finally knew why the eyes of those people were so hot.

In a sense, the devil's source fruit is indeed more precious than the life and death symbol that can only have an effect on the seven kings below.

After all, the life and death symbol can only be used once, saving one life.

The magic source fruit, but it can make people awaken the original secret technique.

Most people, cultivating for a lifetime, cannot awaken the original secret technique.

Once the awakening of the original secret technique has been awakened, the strength has increased greatly. At that critical moment, instead of saving lives, it can turn over and kill opponents.

Therefore, in the face of Moyuan fruit, more people showed their hot eyes.

"Brother Lu Ming, you have awakened the original source secret technique, sell this magic source fruit to me, I am willing to pay a high price!"

Immediately, an old man opened his mouth and wanted to buy the magic fruit.

"Don't sell it to him, sell it to me, just open what you need!"

Another old demon shouted quickly.

"What are you talking about? Why can't you sell it to me?"

The old man in front was furious.

The two scolded.

"Lu Ming, your magic source fruit sold to me, you and my grievances can be written off!"

An urgent voice sounded, but it was the killing of the little prince.

His heart is really hot.

His cultivation practice has reached the triple of the King of God, the second awakening of the original divine power factor, but he has been unable to realize his own original secret technique.

If he can get the magic source fruit, he will be able to awaken the original source secret technique and enter the ranks of the top-level Tianjiao in one fell swoop.

"Can I get rid of my grievances? Do I care?"

Lu Ming dismissively glanced at Feng Xiaoxiao.

"you..."

The dumb prince was speechless.

Yeah, Lu Ming is a disciple of the Undead King, does he care?

"Don't quarrel, I want to keep this devil fruit, not sell it!"

Lu Ming put the magic source fruit into the storage ring.

Just kidding, he still has eight kinds of supernatural powers and awakening of the original secret technique. How could he be willing to sell?

"It's useless if you don't sell it, but sell it!"

Someone persuaded.

"I'm useless, can you control it?"

Lu Ming pouted.

Many people felt frustrated for a while, looking at Landing Ming, they really wanted to slap and die.

But they can only think about it. Lu Ming is a disciple of the Undead Demon King, they dare not.

"Hey, the identity of the undead demon disciple is really easy to use. Hey, when the undead devil breaks out of the barrier, I will be miserable, no matter, let's take a step by step!"

Lu Ming muttered.

At this time, the vortex on this five-sided magic tablet has disappeared. At the same time, the rich magic energy on the magic tablet slowly faded and finally disappeared.

Lu Ming's pressure on them was light, and disappeared without a trace. The shocking roar also disappeared.

This five-party magic monument has once again been turned into an ordinary stone monument without any difference.

When the pressure disappeared, Lu Ming rose into the air and flew into the air, looking around.

He found that the magic tablet on their side was not the first to recover. Except for this piece, the magic energy on the other two magic tablets had also disappeared.

Obviously, there are two magic tablets, which determine the victory and defeat faster than them and obtain the treasure.

"The ninth step actually has magical fruit. I have to seize the time and get a few more!"

Lu Ming quickly flew towards the magic tablet to the west.

The rules of the magic tablet do not stipulate that a person can only mount a magic tablet. In fact, as long as time permits, he can walk every magic tablet.

However, before he had flown to the magic tablet, the magic energy on the magic tablet began to fade quickly.

"Nest, one step late, go another fast!"

Lu Ming flew towards the north piece.

But this time still a step late, he just started, the magic energy of the magic tablet also began to fade.

Lu Ming was speechless.

Now, there is only the magic tablet in the middle, the magic energy has not faded.

Lu Ming rushed past quickly.

As we approached, when we saw the nine steps of the magic tablet, there were still people fighting.

There is no winner yet.

Under the magic tablet, many people gathered.

"The rules of this magic tablet are different?"

As soon as he came, Lu Ming heard someone talk.

This central monument is the core of the Five-Party Monument and is also the highest level. Every time the treasure appears, it is also the highest level.

Therefore, the Tianjiao attracted every time is also the most.

However, the competition of the nine ladders here is different.

Here is not calculated according to cultivation as high or low, but calculated according to talent.

Different repairs have different pressures.

The higher the repair, the higher the pressure.

Therefore, only on the top, people who are stronger at the same level in the first battle will have an advantage.

That is, the most talented person can step onto the ninth ladder.

Lu Ming glanced at the highest ladder, and the ninth ladder was already occupied.

Moreover, there is only one young man on this ladder.

"He is Devil Nine Nights, Devil Nine Nights, the son of the Holy Devil. Among the younger generation, the most talented person, although his cultivation base is not the highest, but here, the cultivation base is more suppressed. So the ninth ladder, no one can compete with Mo Jiuye!"

"This time, the Wufang Mobei was opened by Demon Nine Nights. The best treasure of the core demonstone will definitely fall on him!"

Many people are talking.

Chapter 3272: Spike the Son of Sage

"Magic nine nights? Sorry, the best treasure, I want it!"

Lu Ming murmured, then stepped out and walked towards the first ladder.

On the first ladder, there are five or six people competing.

The reason why competition is so strong here is mainly because there are too many people competing. Here, the higher the cultivation level, the greater the pressure on the people. In fact, it is almost equal to the World War I.

Therefore, many people who cultivated weakly came here to compete with those who cultivated highly.

Like the previous monument, Lu Ming stepped up the stairs, and the others on the first step stared cautiously at the landing.

Lu Ming smiled faintly, without stopping, stepping up.

"That boy, here again!"

"It's so greedy!"

Many people were filled with indignation and curiosity, and Lu Ming could go to the first few steps.

Every time Lu Ming stepped on a step, the people on that step were cautiously staring at Landing Ming. If Lu Ming wanted to stay on this step, then the two sides must have a battle.

However, Lu Ming has not stopped, stepping up constantly, and soon came to the eighth ladder.

boom!

On the eighth ladder, there was only one young man left. When Lu Ming came up and burst into a strong breath, he had to fight Lu Ming.

He thought Lu Ming wanted to compete on this ladder.

As for the ninth ladder, it was Mo Qianye. He had never thought of Lu Ming daring to compete with Mo Qianye.

"You'd better not do it yourself, and then it's too late to regret it!"

Lu Ming spoke indifferently, a cold light flashed in his eyes.

The young man was shocked in his heart and a strong sense of crisis emerged, which was the sense of crisis felt by his spiritual consciousness.

His figure couldn't help but stopped, he didn't continue to attack.

"Good luck!"

Lu Ming smiled and continued to walk up the ninth ladder.

"This guy, actually going to the ninth ladder, I don't know what to say, look for abuse!"

The arrogance of the eighth ladder was contemptuous.

"This guy really wants to challenge Mochiba!"

"There is a good show!"

The scene was noisy.

Many people hope that Mochi will suppress Lu Ming.

Devil Chiba, in the younger generation, cultivation is not the highest, it is because he is not young, but the talent is definitely the highest.

This time, he even opened the five-party magic tablet directly from the magic palace. In the history of the Holy Devil Dynasty, few people can do it.

Lu Ming, can you fight against Mochiba?

Devil Chiba, dressed in black, has a straight posture, a cold face, and a magic mark on his eyebrows, which looks even more magical.

He is known as the Son of the Holy Devil. What does this mean? This is equivalent to the Son of Destiny in the mortal world.

"Are you going to fight me?"

Devil Chiba looked at Landing Ming, spoke indifferently, and was condescending, corroding Lu Ming's posture.

"Yes, because I fancy this step, so please go down!"

Lu Ming said lightly.

"Please me this afternoon? Hahahaha..."

Devil Chiba seemed to hear something very funny and laughed wildly.

The laughter was full of contempt and disdain.

Here, the core magic monument, on these steps, the higher the cultivation level, the greater the suppression. On these steps, it is almost equivalent to a battle at the same level.

Who can be his opponent at the same level?

Lu Ming, actually asked him to go down, isn't it ridiculous?

Of course, he didn't even see Lu Ming at all, nor did he see Lu Ming's shot.

Those who have seen Lu Ming's shot don't think so.

"Mochiba, this person is extraordinary, be careful!"

Someone kindly reminded.

"You mean, am I not his opponent anymore?"

Demon Chiba looked at the person who reminded him, revealing a murderous opportunity.

The man shut up suddenly.

The devil Chiba is arrogant and overbearing, and it is the heir to the royal family of the Holy Demon dynasty.

The same is true of others, shutting their mouths, fearing to offend Chiba.

"Boy, just because you dare to take the ninth ladder, I will interrupt your limbs..."

Devil Chiba spoke indifferently.

In his view, Lu Ming took the ninth ladder, which was contempt for him.

Just now, no one dared to take the ninth ladder to compete with him.

His strength has long been proved.

Therefore, contempt for him, he will make the other party unforgettable for life.

However, before he pretended to say anything, he was interrupted by Lu Ming.

"There's so much nonsense, hurry up, I don't have so much time to accompany you, I will send you down!"

Lu Ming said.

Mad, very crazy!

Mo Qianye is already crazy, but Lu Ming is crazy.

A terrifying murderous opportunity appeared in the eyes of Mo Qianye. Lu Ming dared to speak to him in this manner, looking for death!

"Kneel down for me!"

Demon Chiba roared, demon qi soared into the sky, a palm waved, a huge palm, squeezed towards the landing, and Lu Mingya knelt down.

Lu Ming flicked his fingers, and a spear burst out, directly penetrating the opponent's palm print.

"Hurry up and show your strongest strength, I will give you the opportunity to show it, don't rub it up here!"

Lu Ming scolded.

The reason why he didn't blast the devil Chiba all at once was because he wanted to see what the other party had and how to control the secret technique.

To put it bluntly, it is pure curiosity.

"you you..."

Mo Qianye almost vomited blood, he had never seen such a crazy person.

"Die to me... Abyss Demon Well!"

Mo Jiuye roared, and his body was so angry that a magic well appeared.

This magic well is dark, I don't know how deep it is, it seems to lead to the abyss of hell.

The magic well spins and flies towards the landing.

In the Demon Well, a horrible force of devouring erupted, as if to devour everything, and Lu Ming would devour it.

This is the original secret technique of Mochiba.

Devil Chiba raged into the sky and displayed the strongest move to kill Lu Ming.

Lu Ming directly sacrificed the door of the dominator, and the door of the dominator flew towards the abyss demon well, and the two sides collided together.

There was a violent roar, and the door of the Lord was only a slight shock, and the abyss of the Devil Chiba, the well, exploded directly.

With a scream, Mo Qianye's body flew out directly, was flew out of the ninth ladder, and then continued to retreat 10,000 meters before standing firm.

"This..."

Everyone was stunned and couldn't believe what they saw with their eyes.

Mochiba was killed by a stroke.

how can that be?

Demon Chiba, known as the son of the Holy Demon, has the highest talent in the Holy Demon Dynasty.

"That's it!"

Lu Ming flicked his mouth very casually.

Here, it is to be suppressed. The higher the cultivation level, the stronger the suppression, which is different from the other four monuments.

Therefore, Lu Ming and Demon Chiba are almost equal to a battle at the same level.

At the same level, who was Lu Ming afraid of?

He walked all the way. He hadn't met his opponent in the same level of battle. Although the Devil Chiba was good, but in the same level of battle, facing Lu Ming, he was still vulnerable.

Chapter 3273: Heavenly Demon Gold Body

"me..."

Mo Qianye was stunned himself, looking at the surroundings froze, almost thought he was dreaming, and it was still a nightmare.

He was attacked by Lu Ming, and he flew out of the ninth ladder.

Arrogant like him, for a time, it's hard to accept.

What made him vomit blood was that once he was knocked out of the ladder, he couldn't continue to participate.

This time, the Wufang Mobei was opened by him, but in the end, he became an outsider himself, just like a fool, paving the way for others.

Thinking of this, Demon Chiba couldn't stand it anymore and spurted blood out of him.

"Boy, I'm going to kill you!"

Demon Chiba roared with fright, and he was so angry.

"I don't know what to do, I just spared your life, don't you know?"

Lu Ming said lightly.

Almost let Devil Chiba spur blood again.

Later, Lu Ming ignored Magic Chiba and sat on the ninth step, waiting quietly.

On the eighth step, the young man looked pale and secretly rejoiced.

Fortunately, Lu Ming did not shoot before, otherwise, it is him.

Even Devil Chiba was slammed by Lu Ming's one stroke, and drove him down.

Time slowly passed, and the other ladders also slowly divided the wins and losses.

Soon after, the nine ladders were finally completely divided.

Buzz!

The magic tablet shook and a vortex appeared.

Many people cheered up and showed expectation.

The core monument, the treasure that has always appeared, is the best. What will happen this time?

Uh!

A ray of light flew out and was caught by Tianjiao on the first step.

"Holy demon flower, is holy demon flower, a piece of petal, can withstand 100,000 years of hard work!"

Someone exclaimed, his eyes fiery.

Sacred Devil Flower is very useful for everyone in the Dao Dao to temper the devil qi and improve cultivation. Taking one petal is equivalent to 100,000 years of hard cultivation.

Of course, these 100,000 years are measured by ordinary practitioners.

Tianjiao's cultivation speed is faster than ordinary people. Putting it on Tianjiao naturally cannot withstand 100,000 years.

For example, if placed on Lu Ming, if it can last for 100,000 years, it would be unrealistic for Lu Ming to serve a piece of it.

Even so, a demon flower is a very rare treasure, and it is worth the treasure on the seventh step of other magic tablets.

Next, treasures kept flying out of the monument.

The treasures flying behind are of value above the holy demon flower.

There are artifacts, magic pills, cherished secret techniques, and magical methods.

Finally, the arrogance of the eight steps in front of them all got a treasure, and the eyes of other people were very hot.

In particular, the treasure on the eighth step has made many older people look hot.

"What is my treasure?"

Lu Ming stared closely at the magic tablet, rubbing his palms, looking forward to it.

Wow, wow!

Suddenly, two rays of light flew out and were caught by Lu Ming.

"This is... Moyuan fruit, two Moyuan fruit?"

Lu Ming was surprised.

This time, what flew out of the magic tablet was actually the source of the magic, and, still, two.

Seeing the two magical source fruits, many people were extremely hot.

However, some people were surprised.

No, although Moyuanguo is extremely precious, it is simply priceless and difficult to find.

The prices of the two Devil's Fruits are needless to say, they are naturally precious, but they are still worse than the treasures of the eighth stage.

Yes, the total value of the two magical fruits is still worse than the treasure on the eighth level.

But isn't the ninth-level treasure the best? How could it be worse than the eighth step?

Just when everyone was surprised, the vortex on the magic tablet suddenly flew again.

"There are actually..."

Everyone was shocked.

On the ninth step, there are actually several treasures.

Lu Ming was overjoyed and quickly reached out to catch it. At first glance, he was a little surprised.

It was a book that flew out this time.

Starting with warmth, I don't know what the material is.

"Is there any magic method?"

Lu Ming was surprised and opened it.

"Sky Demon Golden Body!"

There are four characters on the homepage, the demon golden body.

This is a secret technique.

"Is there any?"

Lu Ming stared at the magic tablet, looking forward to other treasures.

Unfortunately, he was disappointed, the vortex on the magic tablet slowly disappeared, and finally disappeared without a trace, and the magic energy on the magic tablet also faded.

"Little brother, what is the book you have in hand? The magic method, or the secret technique?"

Someone asked curiously.

"A secret technique!"

Lu Ming said.

"What secret technique?"

The man continued to ask.

Lu Ming pondered for a while and said, "Heaven Demon Golden Body!"

Lu Ming did not know whether this set of secret techniques was good or not, what role, and what level, so he only said it, and people who want to see the Holy Devil Dynasty know it.

Unexpectedly, as soon as he said his name.

At the scene, almost everyone, with their eyes widened, looked straight at Landing Ming with an incredible look on his face.

"Little brother, what... what are you talking about? What is your name?"

An old man spoke, his voice trembling a little.

"Sky Demon Golden Body!"

Lu Ming repeated it again.

Sisisi...

At the scene, countless people took a breath, and then, in the eyes of almost everyone, there was a hot glow, just like a hungry person, saw a bunch of gourmet food.

Hot, extremely hot.

"Tian Mo Jin Shou, I didn't expect that there really was a Tian Mo Jin Shou!"

"In legend, the supreme mystery in the devil's path, once the cultivation is successful, can condense the heavenly demon golden body, invincible!"

"I only heard the legend, but I didn't expect to be born. Is it true that the Five Squares Monument is really linked to a stronger force?"

The scene, a hustle and bustle.

Many people showed their greed, and wished to seize the secret code of the "Tianjinjinshen" in Lu Ming's hands.

However, they thought of the Undead Demon King and dispelled this idea.

Compared to the demon golden body, it is still important for your own life.

"Tian Mo Jin Shou, actually Tian Mo Jin Shou..."

Mo Qianye muttered to himself, and there was thick greed in his eyes.

His body trembled with anger, and his eyes were red.

All this was originally his, but now, it falls on Lu Ming's hands.

"Boy, hand me the demon gold and give it to me!"

Demon Chiba finally couldn't help it. He roared loudly. The devil was so angry, his eyes were red, and he stepped toward the landing.

"I'll give it to you, you are not stupid!"

Lu Ming said lightly, and quickly put the "Tianjinjinshen" secret code into the storage ring.

"Here, this is mine, to me, I am the son of the Holy Devil, and only I can have the Heavenly Demon Secret Code!"

Mo Qianye shouted, and the breath was even more violent.

"What son of the Sacred Demon? His men are defeated!"

Lu Ming drank coldly.

"What are you talking about? Looking for death!"

"Before I was suppressed by the magic tablet, I tried my best. I can suppress you with one hand!"

Demon Chiba was extremely angry.

Chapter 3274: Revenge Chiba

Devil Chiba, known as the first person of the younger generation of the Holy Devil Dynasty, was honored.

And he is indeed strong, the younger generation is invincible. In the group demo gathering more than 100 years ago, he pressed the group heroes, achieved first, and entered the magic palace to practice.

Over the years, he has become more powerful, and even went to the depths of the magic palace, opened the five-party magic monument in advance.

When the Five Magic Tablets opened, he naturally had to walk to the highest level of the core Magic Tablets to obtain the best treasure.

But I never imagined that a Lu Ming was killed halfway, and one trick drove him out of the steps, so that he could not get a single hair, and he lost his face.

The key is that the treasure Lu Ming obtained is surprisingly good.

Not only are there two magical source fruits, but also the legendary 'Tianjinjinshen', he is almost jealous to be mad.

Now, Lu Ming actually satirized him again, he couldn't help it anymore, he shot furiously.

At this moment, the magic energy on the magic tablet has disappeared, and the pressure on Lu Ming also disappeared.

Others can already enter the steps.

boom!

Devil Chiba swooped down and stirred up a monstrous wave. With the palm of his hand, a huge magic palm slammed down towards the landing.

Devil qi is rolling, and demon power is monstrous.

Now, Mochiba has not been suppressed by external forces, and he can completely erupt when he cultivates himself.

Five Kings of the God King!

This is the practice of Mochiba.

Lu Ming did not hesitate to trigger the four-fold combat power of the Zhanzi Juice. The ten divine powers in the body all worked and merged into the double fist.

With a punch, a series of nine-clawed dragons continually coagulated out, spreading their teeth and dancing claws against the sky.

boom!

The world shakes, and the Nine Claw Dragon and the Devil's Palm collapse simultaneously.

"kill!"

With a violent breath enchanted, Demon Chiba slammed towards the landing. His palms were black with black hair, like a weapon of the gods, and everything came down, trembling in the void.

Lu Ming condensed a spear with his divine power and bucked up.

The World's Three Strikes Cut the Moon!

The third strike of the World Extermination can only be practiced up to the ninth level. Lu Ming has already practiced to the peak, and it is handy to use.

A crescent-shaped spear burst out, colliding with the palm of Mo Qianye.

Boom!

The roar continued, and the two shot very quickly. In a flash, the two sides collided with dozens of moves.

Then, both of them were backwards.

"The strength is indeed good!"

Lu Ming moved.

Devil Chiba's strength is indeed very strong. It was obvious that he hadn't used his full strength just now, but Lu Ming felt that his combat power was much stronger than that of Tianjiao at the same level.

Previously, on the magic tablet in the east, Lu Ming, the top-level **** of the five kings of the gods, easily defeated the two, but the combat power of the two men was very different from that of Mochi.

He did not know that Mo Qianye was more shocked.

His strength has always been invincible at the same level.

No one in the same class is his opponent, but now, with his **** king Wuzhong's cultivation practice, Lu Ming's **** king triple can't win Lu Ming.

He has always been a cross-level battle against others, but today, Lu Ming is struggling to cross a level. He is really difficult to accept.

"The three changes of the heavenly demon!"

Demon Chiba roared, his body, the magic light became more intense, at the same time, his body began to swell, the bones crackled.

Then, a bone spur pierced out of his body and turned blood red.

This is a mystery, three changes in the sky.

At the time, Tang Hao also performed this mystery technique, which was very powerful.

However, Tang Hao only cultivated until the first change of the three changes of the heavenly demon and the change of the human and the demon.

The devil Chiba has already practiced to the third change, the sky demon change.

Therefore, his changes continue.

Behind him, a pair of demon wings were actually stretched out, and his eyes also turned blood red, which looked even more devilish.

"Blade of the Demon!"

Demon Chiba roared, holding in his hand a void, and an ancient magic knife emerged.

This magic knife is his original secret technique.

Devil Chiba was really angry and pushed his strength to the extreme.

Heavenly Demon Change, plus the original secret technique, let his strength soar to the extreme.

Lu Ming's face also dignified.

When his thoughts moved, he turned into an ancient **** body and turned into an ancient **** of green armor, and the door of **** emerged.

"kill!"

The demon Chiba burst into roar, and the devil's wings brought a terrible gust of wind, and the body rushed towards the landing, and the speed was almost extreme.

Against the demon's sword, the head of Landing Ming was beheaded, and the magic power was magnificent.

when!

Lu Ming manipulated the door of the Domination and greeted him. The two original mysteries collided together, and a roar of earth-shattering and terrifying energy spread out, as if to destroy the world.

However, the Wufang Mobei, as well as the steps beneath them, do not know what materials are made of it, and they are extremely hard. Their energy fell on the steps and the Mobei, and even no mark was left.

Everyone at the scene held their breath and stared at them with wide eyes.

One is the first arrogance of the young generation of the Holy Devil Dynasty, the most talented, known as the Son of the Holy Devil.

Another one, a sudden rise of a different army, losing to other Tianjiao in a row, was regarded as a disciple by the undead king.

Who are the strongest?

The two collided for the first time, arousing tremendous waves, and the two bodies retreated at the same time.

"I don't believe it, die for me!"

Demon Chiba roared again and launched a stormy offensive.

The blood-red bone spurs on his body flew out, smashed through the air, and killed Lu Ming.

There is also a pair of wings behind him, waving between them, bringing endless magic energy, turning into a terrible attack, strangling Xiang Luming.

The most terrible thing is that he has the original magic tree, the devil's sword, and infinite power.

Faced with such an attack, Lu Ming also had to take it seriously.

"Long shots!"

The long gun in Lu Ming's hand recovered, and a vast set of rivers emerged, all composed of endless guns, all of which were attacked by Mochiba.

At the same time, the door of the ruler blocked the demon blade of Mo Qianye.

Boom...

The speed of the two is very fast, and they are constantly shooting. Every move has the power of ruining the world. In a blink of an eye, the two have fought more than 50 moves.

I have to say that Demon Chiba is really very powerful, far above Tianjiao at the same level.

Among such strengths, among the Tianjiao Lu Ming encountered, only Emperor Jianyi, Chu Chengkong, and Qiuyue had reached it.

In a battle of the same level, I am afraid that the cliff of nothingness, Ye Zhifan's natural pride, is a little worse than Mo Qianye.

This kind of strength, coupled with the two-fold higher cultivation practice than Lu Ming, is really not easy to deal with.

"Damn..."

Devil Chiba was more and more shocked. It was unbelievable. There was such a strong arrogance in the world. His jealousy was heavier and the offensive was more violent. He vowed to kill Lu Ming.

"Magic Chiba, you have these strengths, then this battle can be over!"

Lu Ming's indifferent voice sounded. At this moment, the spear condensed in his hand disappeared and replaced by the Ba Shen Gun.

Chapter 3275: Destiny Devil

At this moment, Lu Ming used the Ba Shen Gun!

The two source mysteries are used at the same time, and the consumed divine power is terrifying, and it is difficult for most people to support it. However, Lu Ming has a quantitative formula. In the quantitative formula, a steady flow of divine power flows into Lu Ming's body.

"Long shots!"

With a wave of the Ba Shen gun, he exhibited the trick he hit by the God of War, and the gun shot was long.

A long river, vast and mighty, stretched for thousands of miles, completely condensed by the lance, and swept toward Demon Chiba.

The God of War strike is originally a gunshot magic skill. With the blessing of the God of Excalibur, the power can burst out the strongest.

At the same time, the Gate of Domination is also suppressed towards the Chiba.

The two original mysteries simultaneously erupted at the same time, and they were the most powerful eruptions, and Mo Qianye couldn't resist it.

boom! boom!

After several violent roars, Mochiba tried his best. Although he blocked the attack of the Gate of Domination, he did not block the attack of the "gunway river".

He has a pair of demon wings, and he protects himself tightly. However, the "gunway river" passed by, and the demon wings were penetrated, and blood holes appeared.

Demon Chiba's body retreated suddenly, blood splattered in the air.

Not only the devil's wings were penetrated, but even his body was shot into small blood holes by the gun.

Devil Chiba was hit hard, his face pale, it seemed incredible.

"That's... that's the original secret technique? Two kinds of original secret technique?"

"It's really two kinds of source secrets. How could he have two kinds of source secrets?"

"Ancient cultivation method is an ancient cultivation method. He cultivated two divine powers!"

"Two kinds of divine power have awakened the original secret technique, this talent..."

Around, many people guessed that Lu Ming was practicing ancient cultivation methods.

Although there are very few people practicing the ancient cultivation method, it is not without it.

But it would be too difficult to awaken the two kinds of divine power to the original secret technique.

A kind of divine power awakening the original secret technique is an extremely rare genius, not to mention two kinds.

"Son of the Devil? Your strength is nothing more than that!"

Lu Ming spoke indifferently, stepped out, the sky roared, and the door of the master moved with his figure, and suppressed towards the demon Chiba.

Demon Chiba roared, fighting with all his might.

However, he has been hit hard, and his strength has been greatly reduced, and he can't compete with Lu Ming at all. The knife in his hand against the demon again collides with the door of the master.

With a violent roar, the Demon Sword directly burst.

Devil Chiba vomited blood in a big mouth, his body retreated, and the blood spilled into the sky.

Lu Ming followed up quickly, without giving Mo Qianye a chance to breathe, stepping on him.

But at this time, a figure suddenly appeared in front of Lu Ming, a violent demon qi rushed to the landing Ming, this devil qi was as vast as the deep, it was too strong, Lu Ming's body retreated and could not resist.

Retreating for a hundred miles, Lu Ming stopped to see who shot him.

It is an old man in a black robe with an unbelievable breath.

"Why? If the peers are not enemies, the elders will come out and be a son of the Holy Devil?"

Lu Ming spoke coldly, full of ridicule.

Obviously, this old man is the elder of Mochiba.

"Kill, kill this kid, kill him!"

Mo Qianye hysterically shouted that the old man would kill Lu Ming.

But how dare that old man?

With his seniority, he shot Lu Ming, what if the undead king was brought out?

With a smile on his face, he said: "Mr. Lu Ming, since he has already divided the victory and defeat, then forget it!"

"It doesn't matter!"

Lu Ming waved his hand and put away two original secret techniques.

"No, you can't do that!"

Demon Chiba roared, not wanting to let Lu Ming go.

"Legend, the Devil's golden body, is the supreme secret technique of the Devil's Dao. It is not the magical arrogance of the Devil's Dao. Make a mistake, the devil golden body originally belongs to me, I am the fate of the destiny!"

Demon Chiba roared, eyes red.

He was unwilling to let him give up the demon golden body.

Many people showed their thoughts.

indeed so.

Legend has it that the Devil's golden body is the supreme mystery of the Devil's Path, and only the Devil of Destiny can get it.

However, Lu Ming had no magic energy at all, nor did he practice magic skills. How could he get the Heavenly Demon Gold Body?

Is it because of Mochiba!

You should know that the five-party magic tablet was opened by Demon Chiba. In the beginning, the ninth step of the core demon monument was also the place where Devil Chiba stood.

Perhaps the magic tablet recognized Mo Qianye before flying out of the demon golden body.

After all, the devil Chiba is called the son of the holy demon, which has the same meaning as the destiny demon.

Unfortunately, Lu Ming was intercepted halfway?

There is really such a possibility.

Mochiba felt this way more and more, and his anger became stronger.

"Lu Ming, you are not qualified to take away the Heavenly Demon Gold Body and hand it out!"

Devil Chiba shouted.

"Hand over, it's ridiculous, you said that you are Destiny Demon is Destiny Demon? Why not I am Destiny Demon?"

Lu Ming asked back.

"You are Destiny Demon, even more ridiculous, you have no devil qi, how could it be Destiny Demon?"

Mochiba sneered.

"There is no devil qi now, does it mean that there will be no future, can I not practice? In case I am the supreme genius who cultivates the devil, the destined devil, otherwise, how could the undead king take me as a disciple?"

Lu Ming sneered ironically.

"Do you think everyone is a fool, and practice later, how is it possible? Hugh wants to quibble and surrender the demon golden body!"

Devil Chiba shouted.

Everyone has a golden age of cultivation. Lu Ming is now practicing Devil's Dao. How can there be any good news?

He does not believe that there is such a person under the sky.

"It's impossible, but your eyes are short!"

Lu Ming competed against each other, but refused to hand over.

Obviously, the demon golden body is the supreme secret technique, which can be seen from the reaction of the people of the Holy Demon dynasty and the demon Chiba.

Even if you can't use this kind of mystery, it's worthless to sell it.

Lu Ming and Mo Qianye competed against each other, but they refused to let it go.

Other people around are helpless.

One is the son of the Holy Devil, the strongest arrogance of the royal family.

One is a disciple of the Undead Demon King, and none of them can help. Whoever helped them offends the other party.

"Well, this matter is very simple, as long as you confirm who is the Destiny Demon, that day, the gold body belongs to whoever, we go to the ancestral demon, if it is really Destiny Demon, the ancestral demon will definitely react!"

At this time, an old man proposed.

"Okay, I agree!"

Mo Qianye agreed without any hesitation.

He is very confident in himself, firmly believes that he is a destiny demon, but was intercepted by Lu Ming halfway.

"Ancestral Golem?"

Lu Ming hesitated, but his heart was lost.

Chapter 3276: Crazy Demon Chiba

He is bragging about destiny.

Moreover, the undead king did not accept him as a disciple, but he talked about it blindly.

Even he himself felt that the reason why Tianmo Jinshen appeared was probably because of Moqianye.

Now we have to go to the ancestral golem and verify that he is not exposed?

"Boy, don't be afraid, just go!"

At this moment, the bone demon said to Lu Ming.

"Just go? Do you have a way?"

Lu Ming's eyes lit up and asked.

"Of course, I don't look at who I am. My name is Bone Demon. Isn't this word "devil" called in vain? I am the Devil Dao Ancestor. The devil Dao played by these guys are all pediatrics!"

Bone Devil Road, the tone is very loud.

"it is good!"

Lu Ming immediately decided to go.

"Okay, then go check it before the ancestral golem, and it will make you die!"

Lu Ming said.

Hearing Lu Ming's promise, Demon Chiba showed a happy look, and he was very confident in his magic talent.

"Then set off and head to the ancestral golem!"

An old man said.

Immediately, the crowd flew in the direction of the ancestor golem, a vast number of people.

Soon after, they came to a towering mountain.

On top of this mountain, there is a huge golem, as high as a thousand feet.

This golem is made of black copper and is full of powerful magic energy.

Ordinary people are difficult to get close to, and have to be depressed by magic pressure.

"This golem is the first demon emperor of the Holy Demon dynasty. It was obtained from an ancient ruin. It is extremely mysterious. We don't know the magical effect. The average person steps forward, in addition to feeling the powerful magic power, There is no response!"

"However, once there is a magical arrogance, the magical image will have a sense. The magical genius who moves forward will have a sense with the magical image, and there will be a magic light to cover the genius!"

"The magic light is strong and weak. Only seven feet of magic light is the destiny demon. Which one of you will try first?"

An old man of the Holy Demon Dynasty explained that this person had a high status in the Holy Demon Dynasty, but he was an old lord.

"I'll come first!"

Demon Chiba stepped forward with a proud look, looked at Lu Ming provocatively, and then slowly approached the golem.

"Hey, I'm going first!"

Bone Demon smiled, then from the sea of knowledge, through Lu Ming's body, from Lu Ming's feet, into the ground, no one found.

Lu Ming was very relieved of the bone demon.

Soon, Mo Qianye was close to the distance of the Golem.

Generally, it is enough to be close to a thousand feet, and the golem will be induced.

But now, the Golem is not moving at all.

"what happened?"

Mo Qianye was stunned, why the golem didn't respond at all.

This is not the first time he has been here. He has also been here before. Eventually, the magic light on him reached six feet, nine feet, almost seven feet.

Therefore, he was called the son of the Holy Devil, but not the Devil of Destiny.

But this time, he entered the magic palace for a hundred years to practice, and got some adventures. The background is deeper. He fully believes that he can certainly reach the seven magic lights and become a real destiny demon.

But what's going on?

Last time, he came within a thousand feet of the golem. The golem has already sensed, but now, why is there no response?

Other onlookers also showed surprise.

"It must be that my background has improved and my talents have improved, so there is no response at this distance, I should go closer!"

Mo Qianye said to herself like this, and then continued to step forward and walked towards the golem.

Soon, at a distance of nine hundred feet from the golem, there was still no response.

Devil Chiba was puzzled and gritted her teeth to move on.

Eight hundred feet, there was no response.

Mo Qianye was a little embarrassed, and then moved on.

Seven hundred feet, still no response, Mo Qianye began to panic.

Six hundred feet, five hundred feet, still no response, Mo Qianye's eyes were red.

"What's going on? Why didn't the golem respond? I just don't believe it, continue..."

Demon Chiba roared and continued on.

Four hundred feet, three hundred feet, two hundred feet, within the last hundred feet...

However, the Golem did not respond at all.

"This is the Son of the Sacred Devil? Have you made any mistakes and haven't reacted at all?"

Lu Ming would be looking for opportunities very much, and at this moment a little sarcasm.

Mo Qianye's face flushed with blush.

"Impossible, impossible, I don't believe it!"

Demon Chiba roared, accelerated his pace, and approached the golem. Finally, he had to lean on the golem, and still no response.

"Quick response, quick response..."

Demon Chiba roared in his heart, and finally, he was holding one leg of the golem, but still no response.

Others also looked dazed, unable to understand why the Golem did not respond at all.

"You might as well kneel in front of the golem, maybe the golem will react!"

Lu Ming seized the opportunity to continue to ridicule.

Mo Qianye red stared at the landing, and then retreated unwillingly: "The golem must be a problem, otherwise there will be no reaction!"

"If you can't do it yourself, you blame the golem. It's ridiculous!"

Lu Ming sneered.

"Fuck? Fart, I have been here a hundred years ago, and the golem has responded. The magic light has reached six or nine. If the golem is not a problem, why is there no reaction now?"

Mo Qianye shouted.

"That was because last time I was away, now I stand here!"

Lu Ming looked proud.

"It's a fart to stand here with you!" Mo Qianye almost shouted.

"Of course it does, because my real destiny demon is here, will the golem be like your hypocrite? Naturally, there is no response at all!"

Lu Ming said lightly.

"you you..."

Devil Chiba shivered with anger.

Others looked at each other, and it was really not good to refute Lu Ming, because they actually thought it was reasonable.

"You go up, you go up and see, there must be something wrong with the golem. When you go up, there will be no reaction from the golem!"

Devil Chiba definitely said.

"If I go up, the golem responds? What should I say?"

Lu Ming said.

"If you go up and the Golem responds, I will see you retreat from now on!"

Mo Qianye made a cruel speech, because he didn't believe Lu Ming would react when he went up.

He, the son of the Sacred Demon, didn't respond, and Lu Ming, a man who didn't have any magic energy, went up, would the Golem react? impossible!

"Then wide your eyes and watch them!"

Lu Ming smiled contemptuously, then carried his hands on his back and stepped forward as if he were walking in the court.

Everyone's eyes fell on Lu Ming's body. As Lu Ming was getting closer and closer to the golem, many people's hearts could not help mentioning it.

Lu Ming is so confident, will the Golem really react?

Finally, Lu Ming walked to the place where the golem was thousands of feet.

Buzz!

When Lu Ming walked to this position, the Golem shook abruptly, exuding radiance.

Then, a magic light burst out and landed on Lu Ming.

At this moment, Lu Ming also burst into a bright magic light.

Chapter 3277: Almost mad

The goblin vibrated, bursting out a bright magical light, and Lu Ming also bathed in the magical light.

This scene shocked everyone.

Just now, no matter how Mochi walked, the Golem did not respond, and Lu Ming, as soon as he came out of the Mojo, the Golem reacted.

Demon Chiba also shouted that there was a problem with the golem, but it turned out that the golem had no problem at all.

"Impossible, this is impossible..."

Mochiba's out-of-control yelling is really unacceptable.

He didn't respond to the golem, but Lu Ming went up and immediately responded. He also insisted that there was a problem with the golem.

The fact hit him hard, making him look like a clown.

But at this moment, nobody cares about Mo Qianye, all people's eyes are gathered on Lu Ming, want to see, the magic light on Lu Ming's body can reach several feet.

At first, the magic light on Lu Ming's body was only one foot, but the next moment, the magic light on his body grew to two feet.

The magic light is still skyrocketing, with no intention of stopping at all.

Two feet five, three feet five, three feet five...

The magic light is more and more intense, more and more intense, and the scope is wider and wider.

"Five feet, look, still rising, six feet, six feet one, six feet two..."

Someone kept exclaiming.

Among them, the most tense is Mochiba.

He stared at the magic light on Ming Ming, his fists clenched tightly, and he was extremely nervous.

He kept expecting in his heart, looking forward to the magic light of landing Ming, not to reach seven feet.

However, he was destined to be disappointed.

The magic light on Lu Ming's body skyrocketed very quickly, and soon reached six feet and nine, rushing to seven feet in the eyes of Mo Qianye's begging.

Qi Zhang, representing the Devil of Destiny.

Only Destiny Destiny can make the magic light reach seven feet.

A hundred years ago, Mo Qianye Yue could only let the magic light reach six or nine.

But what is shocking is that when Lu Ming reached this step, the magic light still did not stop, it was still rising, and the rate of increase was amazing.

Seven feet one, seven feet two...

Soon, it reached Hachijo, and then it continued...

"This..."

Everyone was shocked.

It is extremely rare to grow to seven feet. There are not many people in the history of the Holy Devil Dynasty, but now it is still rising.

"The strongest record in the history of the Holy Devil Dynasty is Jiuzhang, can he reach Jiuzhang?"

"It won't break the record!"

Many people are hard to calm down.

"It's really awesome!"

It was not a moment before many people shouted, because at this moment, the magic light on Lu Ming's body reached Jiuzhang in one fell swoop, and then the increase continued.

Everyone was numb and could only stare blankly.

As for Mochiba, the body is trembling there, and I don't know what is shaking.

Time passed slowly, and soon afterwards, the magic light on Lu Ming's body exceeded eleven feet and moved towards twelve feet.

"Bone Demon, enough, almost!"

Lu Ming uses his consciousness to fluctuate and transmits sound to the bone demon.

Finally, the polishing on Lu Ming's body reached twelve feet before stopping.

Compared with the historical records of the Holy Devil Dynasty, it is more than three feet.

As for the comparison with Mochiba's six feet and nine, it's worse than I don't know how far.

"God, twelve feet, what kind of evil is this?"

"Peerless arrogance, this is the real magical arrogance!"

Even many old men are difficult to calm down and keep sighing.

"No, no, it's wrong..."

At this moment, Demon Chiba roared again, like a mad wild beast, staring and screaming deadly, roaring: "There must be something wrong with the golem, how could someone reach the twelve-foot magic light, which is completely impossible !"

Mo Qianye has always been conceited, and feels that his talent, even in the entire history of the Holy Demon Dynasty, can be ranked the highest, but he was only six or nine hundred years ago.

And Lu Ming, the magic light has reached twelve feet, far beyond him, he is jealous and wants to go crazy, but also denies.

He didn't believe that someone with a magical talent could be so much better than him.

"You didn't respond when you came up, and you said that there was a problem with the golem. I got a reaction when you came up. You also said that there is a problem with the golem. Why? Is it necessary for the golem to cooperate with your mind, is there no problem?"

Lu Ming spoke lightly, but his irony, like a sword, pierced into the heart of Mo Qianye, making him blush.

Humiliation, humiliation of Chiguo Guo.

"You back away, I will go up, I will try again!"

Mo Qianye said with red eyes.

"random!"

Lu Ming smiled, and then let Devil Chiba go up.

When Mochiba went up, the result was exactly the same as before, and there was no response.

"Ah, damn, what's going on?"

Devil Chiba went crazy, and finally attacked the Golem.

"Magic Chiba, you are bold..."

"You are looking for death!"

Several old men were furious and flew the Demon Chiba Fan out with a slap. If they didn't value the talent of Demon Chiba, if Demon Chiba dared to attack the ancestor golem, he would be executed.

"You, come up and give it a try, I don't believe it, there must be something wrong with the Golem!"

Devil Chiba is still unacceptable. He asked other youths to test it, but the results are the same, and the golem does not respond.

"Save it, look at me!"

Lu Ming sneered, carrying his hands, and walked up for the second time.

When he came to the distance of thousands of golems, the golem burst out with a dazzling magic light, and then the magic light on Lu Ming's body also skyrocketed.

Soon, it rose to twelve feet.

"I see it, the Golem is okay, it's you who have the problem!"

"I said, I am the Devil of Destiny. The talent of the Dao Dao is so powerful. With me, will the Golem look at you, naturally there is no response at all!"

Lu Ming said lightly.

At this moment, everyone suddenly felt that Lu Ming said too reasonable.

This is very possible.

Lu Ming's talent is too outstanding, reaching twelve feet of magic light, there is no ancient people before, suppressing other people, it is normal.

As Lu Ming said, it is not that there is a problem with the golem, but that other people are too **** to match Lu Ming.

"Impossible, this is impossible..."

Mo Qianye murmured to himself, it was really difficult to accept this blow, and finally spit a blood of blood, crumbling.

His shock was so great that Dao Xin almost collapsed.

"I am not strong in my mind and can't make a big deal!"

Lu Ming commented lightly.

"You...I...poof!"

Devil Chiba spit out another blood.

"go!"

An old man quickly waved his hand and left here with Demon Chiba. In this way, don't let Lu Ming start, Demon Chiba will be beaten to death.

"Now, you believe that I am the Devil of Destiny. The Devil's Golden Body is just because of me. Now you can retreat. I want to enlighten the Devil's Golden Body here!"

Lu Ming's voice spread throughout the audience.

Others glanced at each other, then gave Lu Ming a fist, and then left.

Chapter 3278: Bold idea

Lu Ming is now a destiny demon. The magic light has reached the twelve feet of the unprecedented people. He has to choose to stay beside the golem to practice. No one dares to question, nor can he doubt.

Soon, everyone left, leaving Lu Ming alone.

Uh!

In the golem, a ray of light flew out, and naturally it was a bone demon.

"Senior Bone Demon, thanks to you this time!"

Lu Ming smiled.

Needless to say, everything just now was done by the bone demon.

"You're welcome, it's just a trick!"

Bone Demon proudly said.

"Senior Bone Demon, you said that if you don't shoot, I can emit a few feet of magic light?"

Lu Ming asked curiously.

"How many feet? You don't have the beauty you think!"

Bone Demon disdain.

"Not at all?"

Lu Ming was deeply hit.

"Nonsense, although your kid is very talented, it doesn't mean the magic talent is talented, understand?"

Bone Demon's relentless blow.

Lu Ming smiled bitterly.

If it wasn't for the bone demon's shot just now, he might not have reached a devil's magic light. If this matter is known by Demon Chiba, it is estimated that he will be alive and dead.

Then, Lu Ming sat cross-legged here and took out "Tianjinjinshen" to watch.

Lu Ming is also very curious about so many people wanting the Heavenly Demon Golden Body. What is so special about "The Heavenly Demon Golden Body".

After a brief look, Lu Ming was surprised.

This demon golden body is not only a mysterious technique, but also contains supporting magical methods.

"Boy, this day the devil's golden body, in the devil's way, is also a rare mystery technique. There are magic skills and mystery facilities. You can practice, and you can also have a powerful way to fight the enemy in the future!"

Bone Magic Road.

Lu Ming nodded, he had "Qiankun Wandao Jue", he could directly practice the magical skills inside, and cultivate the magic power of the devil.

"You can practice with confidence, this golem is unfathomable, I can control this golem, and overflow the magic energy to you, if you practice under this golem, your training speed can be increased by a hundred times!"

Bone Magic Road.

"Thank you senior!"

Lu Ming was overjoyed.

Then began to understand.

Lu Ming only needs to understand the first weight of the magical skills in it, and then focus on "The Thousand Ways".

Lu Ming lightly knew the road, he quickly learned the first level, and then began to run "Qiankun Wandao Jue" to enhance the magic power of the magic road.

Buzz!

Bone Demon shot, the Golem shook slightly, radiating light, a ray of magic light enveloped Lu Ming, Lu Ming bathed in the magic light, the magic light continuously penetrated into Lu Ming's body, letting Lu Ming's magic power in the body Grow crazy.

The speed is 100 times normal.

Even more than that, with Lu Ming's cultivation, the speed is still increasing.

I practiced the magical Dao exercises here for a year, which is worth hundreds of years outside.

This is all because of the ancestor golem.

"Practicing sitting under the golem to practice, bathing the magic light, is wonderful, it's really wonderful!"

"This Lu Ming is really a destiny demon, no wonder the undead king will accept him as a disciple!"

In the distance, many people were watching in secret. After seeing this scene, they were deeply convinced. They finally believed in 100% that Lu Ming is a destiny demon and an apprentice of the undead devil.

Because those who can sit under the golem and bathe in magical light cultivation can only do so with the legendary Destiny Demon.

Time just passed by quickly.

In the blink of an eye, Lu Ming practiced for fifty years under the golem.

Fifty years, at least it is equivalent to practicing Devil Dao exercises outside, for 15,000 years.

After such a long period of time, Lu Ming's magical Dao practice finally caught up, and a star core was condensed at Dantian, and it was in parallel with other star cores, reaching the triple king of God.

In this way, Lu Ming controlled a total of eleven kinds of supernatural powers.

In addition, the magic light emitted by the golem is very mysterious. Lu Ming is bathed in the magic light, and he is always enlightening the magic power of the magic road. His understanding of the magic power of the magic road is rapidly improving. Now, he has awakened a source divine factor.

This is also assisted by golems, otherwise, Lu Ming re-cultivates a kind of divine power. It takes a long time to cultivate it to the level of the triple king.

After the magical power of the magic road reached this step, Lu Ming began to truly enlighten "The Devil's Golden Body".

Heavenly Demon Golden Body is a mysterious technique. After successful cultivation, once it works, the divine body will be transformed into the legendary Heavenly Demon Golden Body, becoming indestructible and indestructible.

It is an extremely terrifying mystery on both ends.

No wonder the people of the Holy Demon Dynasty are so hot-eyed, once the cultivation is successful, the combat power will undoubtedly skyrocket.

Lu Ming began to quietly understand.

Under the golem, he realized, and the speed was very fast, a few months later, he started.

Once it was working, a dark golden glow appeared on the surface of his skin, and at the same time, his body became extremely powerful, as if it were perfect.

"Yes, yes, practicing the Devil's golden body, my **** body is also rapidly strengthening, and physical strength and endurance are also increasing, which is of great benefit to the ancient **** magic and war word magic!"

Lu Ming is very satisfied.

This time when he came to the Holy Demon Dynasty, Lu Ming got a lot of benefits. Not only did he get three Devil's Fruits, but he also got the mysterious technique of Heavenly Demon Golden Body.

Can be described as full harvest.

However, Lu Ming was still worried, not at all.

One of the reasons why he can practice freely here is that he pretends to be the apprentice of the undead demon king, but these are all fake. Once the undead demon king leaves the border, he will be exposed.

Moreover, why did the Undead King catch him? Why did he not know what was happening in his heart? Did he find out what secrets were in him?

If this is the case, once the undead king is out of the game, he will finish playing.

Moreover, when the undead demon king didn't get out of trouble, he asked him to rescue him. Lu Ming went straight and ignored it. He didn't believe that the undead demon king would treat him kindly.

"Hey!"

Lu Ming sighed, not knowing when the Undead Demon King would go out.

"Boy, are you worried about the undead king?"

Gumo saw Lu Ming's thoughts.

"Yes, once the undead king is out, we will all finish playing!"

Lu Ming said.

"I have a way to help you get past this level!"

Bone Magic Road.

"Senior, what way?"

Lu Ming's eyes lit up.

"You can use this golem to control the undead king!"

Bone Magic Road.

"Control the undead king!"

Lu Ming's heart beat wildly.

This idea is too crazy and too bold.

For so many years in the Holy Demon Dynasty, he had a deeper understanding of the Undead Demon King.

Before the endless years, the Holy Devil Dynasty ruled the vast territory, and its strength was even stronger than that of the current Taixu Holy Dynasty.

When the Holy Demon Dynasty was at its peak, it encountered the rebellion of the Undead Demon King, and the sky was cracked in the battle. In the end, the Undead Demon King was sealed, but the top power of the Holy Demon Dynasty was also killed and injured countless. The rise of the Holy Dynasty.

What strength is it to bring down a heyday dynasty with one's own strength?

Chapter 3279: start preparing

Undead Demon King, by virtue of his own strength, dragged down a pinnacle dynasty. It is conceivable how powerful the fighting power is. Even if he was severely injured and sealed for many years, it is not what Lu Ming can imagine now.

But the bone demon said, now must control the undead demon king.

To be honest, Lu Ming had never thought about this method before. He thought about how to stabilize the undead devil, how to get out of trouble, etc., and never thought about controlling the undead devil.

"Senior, can you be sure?"

Lu Ming asked.

This matter is no small matter, if they are not successful, then they have only one dead end.

"With the help of this golem, there are still some things to grasp, but some materials are needed, and I will set up a big ban on demons here!"

Bone Magic Road.

"Those materials are..."

Bone Demon said more than a dozen kinds of materials, all of which are very precious materials of the magic road.

"How do you get these materials?"

Lu Ming frowned and thought, after a while, there were countermeasures.

"If you want to get these materials, you can only rely on the demon golden body!"

Lu Ming whispered.

Although these materials are precious, he estimates that most of the forces of the Holy Demon Dynasty will be treasured.

But such valuable materials cannot be given to others in vain. If you want to get them, you have to pay.

Lu Ming intends to trade in Demon Gold.

Immediately, Lu Ming let the bone demon lay a formation on a flat ground in front.

Then, Lu Ming got up and left here.

Soon after, Lu Ming came to the Imperial City.

"It's Lu Ming!"

"He practiced under the ancestral golem for so many years, and finally left!"

Many people talked about Lu Ming as soon as they saw it. Lu Ming is now a celebrity of the Holy Devil Dynasty.

"Cough, everyone listen to me!"

At this moment, Lu Ming coughed a few times, suddenly loudly.

Many people looked at Lu Ming curiously.

"I now announce that the demon golden body can be borrowed. If you want to practice, you can find me under the statue of the ancestor!"

Lu Ming shouted.

At the scene, it was quiet first, and after half a noise, there was an uproar.

Many people get excited.

Heavenly Demon Golden Body, Lu Ming wants to borrow? Does it mean that other people can practice too?

"Quick, voice to the house owner!"

"Give a voice to the young master!"

Suddenly, many people took out the Jade Tone, and spread the news.

This news, spread at the speed of the hurricane, spread throughout the Holy Demon dynasty.

Lu Ming smiled with satisfaction, then returned to the ancestral golem.

Not long after Lu Ming came back, countless people flew here.

Upon seeing it, Lu Ming also saw a lot of old acquaintances, all of whom were the devil Tianjiao who had played with him before.

For the Devil's golden body, Tianjiao is naturally looking forward to the most.

"Lu Ming, no, devil, what you said is true, Tianmo Jinshen, to borrow?"

Someone asked.

"Good, but..."

Lu Ming opened his mouth and said that there was a secret code in his hand.

"But this mystery is very mysterious. If you want to enlighten, you can only enlighten you through this mystery. You can't repeat it or verbally tell it!"

Lu Ming said.

He was telling the truth. He had wanted to make some copies and sold them. But he found that he couldn't do it. Even dictation was useless.

Only by holding the secret code of enlightenment, can we enlighten mysteries.

The others were stunned and thoughtful.

They have also heard of this situation.

"So, this time, I set a rule that people who want to be enlightened can come to this large group, and each person can only be enlightened for one year. Of course, it has to pay some price!"

Lu Ming said, walking while talking to the formation under the bone demon cloth.

"This is a killing team, and it will naturally respond in a year!"

Lu Ming said.

"what do you need?"

Someone asked.

Knowing that Lu Ming can't take out the Devil's golden body in a good manner, there must be something to ask.

"Honestly, I need to ban the magic flower, lock the root, and seal the bone..."

Lu Ming spoke a dozen kinds of materials in one breath.

"so much..."

Many people took a breath.

"With so many materials, none of us can take it out at once, I can take out the Forbidden Flower..."

Someone said five kinds of materials.

"Five kinds of materials are also okay. Give me the materials and you can come in to practice. One time, only one person can practice for one year!"

Lu Ming said.

The person from that family immediately asked people to bring five kinds of materials, each of which was about a catty.

Lu Ming frowned slightly, according to the requirements of the bone demon, each kind of at least twelve pounds.

But slowly, it will always get together.

Lu Ming took the material, and the family quickly let a young Tianjiao step into the formation.

The Tianjiao was so excited that he walked into the formation and grasped the Heavenly Devil's Secret Code and began to understand.

Others are extremely envious.

However, no one dared to rob.

Lu Ming, but a disciple of the Undead Demon King, this identity has enough deterrent power.

They can only wait while looking for someone to collect materials.

Lu Ming continued to walk under the golem and cultivate the golden body of the demon.

He has been enlightening himself for so many years, and the contents of the Heavenly Demon Golden Body should be remembered, and there is no need to hold the Heavenly Demon Golden Body every day.

A year later, it passed quickly.

The young man reluctantly left the Heavenly Demon Golden Body Secret Code.

"how about it?"

The young head of the family asked eagerly.

"Yes, the enlightenment is almost the same, but as Lu Ming said, it cannot be taught, it is difficult to repeat and dictate!"

The youth said.

On the edge, others were disappointed.

If they could repeat and dictate, they would not have to pay such a big price to learn with Lu Ming and learn directly from this young man.

"Is there anyone else to learn!"

Lu Ming spoke.

"I, I come, I have five materials here!"

"I have six kinds here..."

A bunch of people yelled and wanted to learn first.

"you first..."

In the end, Lu Ming pointed to one of them, mainly because he took out seven kinds of materials.

Naturally, the more materials, the higher the priority.

The man was also an arrogant, handing over the materials to Lu Ming, and rushed into the large array to start.

A year later, change to another one!

In this way, every year, Lu Ming more and more materials needed by the bone demon, slowly collected.

Lu Ming secretly handed over the materials to the bone demon, and the bone demon was arranged around the golem in the dark.

With the means of bone demon, as long as a little cover up, no one can find out.

A few years later, one person arrived and caught everyone's attention.

That is Mochiba.

After so many years, Mochiba finally adjusted, but after that blow, he became more restrained.

He also came up with some materials, wanting to enlighten the demon golden body.

With his talents, nature is very emotional to the demon golden body.

If there is any material, it is easy to say that Lu Ming did not embarrass him, let him practice.

In Lu Ming's heart, he didn't have Devil Chiba in his heart at all. His current enemy is the Undead Demon King.

Only when the undead devil is subdued, Mo Qianye doesn't have to obey him.

Chapter 3280: Three awakenings

In this way, after more than 20 years, the materials needed by the bone demon were finally fully assembled.

"Wait a minute, now I don't need the materials of Forbidden Magic Flower. I have to change the materials. For those who want to practice, take the magic source fruit, or fly the magic liquid..."

Lu Ming shouted.

"What? Moyuanguo, flying magic liquid, why don't you grab it?"

Someone shouted.

Mainly these two treasures are too precious.

The magic source fruit has the same effect as the divine source bead. If swallowed, one can awaken the original source secret technique, which is extremely precious and inexplicable.

Even if it appears, it will be taken very quickly, and it is almost difficult to leave.

The last time Lu Ming got three magical source fruits from the Wufang Magic Tablet, it was a great creation.

The flying magic liquid, although the value is worse than the magic source fruit, but it will not be much worse.

Because, flying magic liquid, can help people awaken the original divine factor.

A person who does not awaken the original divine power factor can take 100% of the original divine power factor by taking one or two flying magic liquids.

Those who have been awakened once can have a 50% chance of awakening twice after taking one or two flying magic liquids.

Of course, if you take a pound of Feixie Liquid, you can be 100%.

The higher the number of awakenings, the lower the chance of awakening by taking the same flying magic liquid. However, this effect is also against the sky, and it is also a peerless treasure.

Now, Lu Ming actually needs these two kinds of treasures in order to be able to enlighten the Heavenly Demon Golden Body Secret Code.

This is robbery.

"After so long, you should also know how mysterious the demon golden body is. There are supporting magical skills. After training, the combat power will skyrocket, and the attack power, defense power, and vitality will skyrocket. "

"Is life important, or is it the devil's source fruit, and is it important to fly the magic liquid?"

Talking about Lu Mingkai.

Many people scolded in your heart, you are standing and talking, don't hurt, Moyuan fruit, flying magic liquid, is that something ordinary outside the body? It is also a treasure that can permanently enhance strength.

"I'll say it again, a magic source fruit, or three or two flying magic liquid, can be enlightened for a year, some hurry, if not, then forget it!"

After Lu Ming finished speaking, he had to step forward and take away the Secret Code of Heavenly Demon Gold Body.

Many people gritted their teeth and wished to **** the Heavenly Demon Secret Code, but they did not dare to think of the Undead King.

"I have three or two flying magic liquids!"

A roar came out, and it was extremely unwilling to hear the sound.

Lu Ming smiled.

Soon, three or two flying magic liquid got his hand, an old man entered the large formation, and enlightened the demon golden body.

A year later, Lu Ming received three or two flying magic liquid.

In this way, in the past three years, Lu Ming received a total of nine two flying magic liquid.

At this point, it is already the limit.

No one can come up with the magic source fruit.

There is no more flying magic liquid. After all, there are very few consumables of this peerless treasure level, and it is normal for someone to take them out.

No one can take it out, Lu Ming directly took away the Secret Code of the Heavenly Demon Golden Body.

Everyone was helpless and eventually retreated slowly.

Soon after, Lu Ming was left in this area.

"Senior Bone Demon, is the formation set up?"

Lu Ming quickly asked.

"It's done, this big forbidden demon array is based on this golem, plus me, as long as the immortal demon king is not too strong, it's no problem to restrain him!"

Bone Magic Road.

Lu Ming finally breathed a sigh of relief, and initially put down a big stone.

"Now, it's time to use Moyuanguo and Feijieye to improve your strength!"

In his hand, there are three magic source fruit and nine two flying magic liquid.

The three magical source fruits can make the three divine powers awaken the original secret technique.

Lu Ming intends to practice Taiyin Divine Power and Sun Divine Power first.

If these two kinds of divine power awaken the original secret technique, and cooperate with the yin and yang **** pupils, the power must be very amazing.

Thinking of this, Lu Ming took out a magic source fruit, swallowed it, and began to realize the power of Taiyin.

It's almost the same as taking Shenli Yuanzhu. After a while, a bright moon emerges above Lu Ming's head.

Moonlight shines brightly, and this is the original secret technique awakened by Taiyin's divine power.

The moonlight seems soft, but it can destroy everything.

As soon as his thoughts moved, the bright moon disappeared, and Lu Ming took out the first magic source fruit and swallowed it. This time, Lu Ming focused on practicing the solar power.

I don't know how long after that, a big day emerged from Lu Ming's head.

The hot breath filled the sky.

This is the original source power awakened by the solar power, which just corresponds to the original power of the sun power.

"Sun and moon come out together, how powerful is it?"

Lu Ming is looking forward to it.

Then, in Lu Ming's hands, another magic source fruit appeared.

The third magic source fruit.

This time, Lu Ming intends to practice Taikoo Dragon Power.

He has Jiulong essence and blood in his body, practicing the magic formula of the dragon, and the improvement of the Taikoo dragon's power also helps him a lot.

After swallowing, Lu Ming began to realize Taikoo Dragon Power.

Ooo...

I didn't know that after a long time, a sound of Long Yin sounded above Lu Ming's head, and then a dragon horn appeared.

This dragon horn is stone and looks very old. It is similar to the gate of the ruler, the super gun.

This dragon horn is like a machete, and it is like a snail, because the inside is hollow, and the sound of woo is constantly heard.

"This is the original secret technique awakened by Taikoo Dragon Force? Curious, I don't know what it does?"

Lu Ming was very surprised.

Different people, practicing the same divine power, and the awakening of the original secret technique are also likely to be different, and Lu Ming can't understand the role of this dragon horn.

He will have to wait until later to slowly understand and develop.

"Three original secret techniques, plus the previous two, if this spreads, I am afraid to scare a group of people!"

Lu Ming smiled slightly.

"Now, it's time to use flying magic liquid!"

Lu Ming smiled.

He intends to use the flying magic liquid to cultivate the master power.

Nine Two Flying Magic Liquid has a 50% chance of allowing the power of the second awakening to reach three awakenings.

However, Lu Mingxian cultivated the earliest dominating divine power, and the dominating divine power also reached the second awakening at the earliest. Now it is almost at the peak of the second awakening, but it has been stuck and it is difficult to break through the bottleneck.

If you add Jiuliangfei Magic Liquid, Lu Ming has a lot of confidence to break through.

After swallowing the Nine-two Flying Magic Liquid in one bite, Lu Ming began to strike with full force.

His body was filled with radiant brilliance, and he controlled the violent fluctuation of divine power.

One day, two days...

Soon, a month passed.

boom!

Lu Ming suddenly burst out a powerful breath, a flood of ancient breath, filled out.

Compared with before, this breath is even more ancient and fragile, as if it has gone through all ages.

"Three awakenings, finally succeeded!"

Lu Ming was overjoyed.

During this time, Lu Ming had three kinds of divine powers, awakened the original secret technique, and now, the master divine power awakened three times.

Although his cultivation did not improve, but his combat power has skyrocketed.
