

D Emperor 3281

Chapter 3281: The devil is out

It is very difficult for the source divine factor to awaken from the second to the third awakening.

One hundred awakenings may not be able to awaken three times.

The awakening of the original power factor is a screening every time, and most people will be fixed and difficult to break through.

At the beginning, Emperor Jianyi, the Void Cliff, Chu Chengkong and others, said that they were older than Lu Ming, at least they had been practicing for thousands of years longer than Lu Ming, but they were all still awakened twice.

It can be seen how difficult three awakenings are.

Many peak gods are difficult to awaken three times.

It is said that if you want to break through the realm of God, the Divine Power must be awakened at least three times.

Therefore, those divine princes have at least three awakenings, no wonder that is so powerful.

This time, if there were not two or two flying magic liquid assists, he wanted to make a breakthrough, and he didn't know that he would be a monkey.

"God king is triple, you can awaken three times, not bad!"

At this moment, beside Lu Ming, there was a voice with appreciation in his voice.

However, Lu Ming's entire body of hair suddenly blew up.

Someone was beside him, he didn't even notice it.

If this person were to kill him, he would have died long ago.

Thinking of this, Lu Ming cold sweated.

Uh!

His body jumped up suddenly, retreated quickly, made a defensive posture, and then looked forward, his pupils shrank suddenly.

Undead King!

It was the undead king who spoke just now, standing beside the place where he had just closed off.

The undead king is out, Lu Ming's heart is beating.

"Little guy, what are you doing so nervous? I'm going to shoot you, do you think you can hide?"

The undead king carried his hands on his shoulders and spoke indifferently.

"Haha, it turns out to be Lord Demon King, who do I think it is? Congratulations Lord Lord Demon has come out, the magical power is restored, and the world is just around the corner!"

Lu Ming smiled, and smashed a fart.

"It has been sealed for many years, and it's easy to restore completely!"

The immortal devil sighed.

However, Lu Ming was pleased in his heart that the undead devil had not fully recovered, and the success rate of the bone demon's plan would be higher.

"I heard that during my years of retreat, you have always told me that I am a disciple!"

At this moment, the undead devil seemed to be smiling, watching Landing Ming.

Lu Ming jumped in his heart, still with a smile on his face, said: "Don't blame Lord Demon, I am also forced, just to protect myself!"

"is it?"

The undead king opened his mouth. At this moment, his eyes suddenly turned dark, like two dark vortices, staring at the landing sound, as if to see through Lu Ming's secret.

Lu Ming's hair was blown up, his body was tight, and he could not help but retreat to the edge of the ancestral golem.

After half a ring, the eyes of the undead demon returned to normal, revealing a trace of awe.

"Your Dantian actually has eleven star cores, and has control over eleven kinds of divine powers. What method are you practicing, give it to me!"

"Also, I remember you have a copper copper coffin, I am very interested, and hand it in too!"

The undead King said lightly.

"coming!"

Lu Ming moved.

The undead demon brought him, and he did not feel well-intentioned.

At that time, in the mine hole of the Black Jade Gold Mine, Lu Ming and the Black Jade Army had a full-scale battle, and they took out the copper copper coffin. Most of this was seen by the undead king.

Before Lu Ming suspected that the undead demon brought him, it might be a plot to treasure him.

Now it seems that the war character and the word measurement tactics have not been discovered by the undead king. After all, the original ancient characters are wise, and they will shrink and hide quickly when they encounter prying eyes.

However, in front of such powerful men as the Undead, it is difficult to hide the divine power in his body, especially during the war.

Even if he uses some means to cover up, the other party will be found in his heart.

Now it seems that the undead devil is plotting "Qiankun Wandao Jue" and the copper copper coffin.

But for these two, Lu Ming will never hand it over to the Undead King.

"Senior, these two are the coincidences of juniors. You are a senior, so take it with me and lose your identity!"

Lu Ming said while secretly contacting the bone demon.

"what did you say?"

The undead king's face was cold, and then a monstrous breath filled out.

Suppressed by this breath, Lu Ming shuddered and almost knelt down.

Faced with this breath, Lu Ming was like facing the universe in the sky, unable to resist.

The Undead Demon King finally showed his fierce face.

"Little guy, you need to know where this is. If I don't nod, you can't get out. Even if I don't kill you, as long as I release the message that you are not my disciple, you will be immediately divided by countless people. Do you know, corpse?"

"If you give me that kind of method, and that copper and copper coffin, oh, yes, I also heard that you got the secret of the demon golden body, and give it to me together, your talent is good, I can consider really accepting you as a disciple!"

The undead devil said coldly, his breath became stronger and stronger, and he stepped towards the landing step by step.

"In this way, if I don't pay, I will die?"

Lu Ming said.

"No, I will let you die better than life until you hand it over!"

The undead king said coldly, his face revealing a terrible look.

"This old guy..."

Lu Ming gritted his teeth. At this time, he received a voice from the bone demon. Everything was ready. The undead demon king had entered the forbidden demon formation.

"Finally give you a chance to pay or not to pay..."

The voice of the undead devil aggravated, the magic light in his eyes became stronger, the breath became stronger, and a trace of blood spilled from the corner of Lu Ming's mouth.

"Hand over your coins..."

Lu Ming responded.

"court death..."

The Undead King was furious, stepped out, and stretched out a hand, the palm of his hand zoomed in sharply, grabbing toward the landing.

Buzz!

At this moment, in this area, the area around the golem filled with bright light, and then, endless runes flashed out, forming a black chain.

A total of eighteen black chains, all condensed out of endless runes, entangled from all directions to the undead king.

Immortal Demon King froze, stopped and shot Lu Ming, and smiled softly, said: "The original formation under this layout, but you also want to deal with me based on the formation of the formation, really whimsical, break me!"

The undead devil's palm is like a sword, and it bursts out, and a magic light breaks through the sky, terrifying.

This magic light, if it is in the cosmic sky, is enough to split a planet in half.

But the magic light hacked onto the black chain. The black chain only vibrated, but nothing happened.

At this time, the face of the undead devil finally changed.

"Boy, this is not your formation..."

The undead King looked at Lu Ming, but found that Lu Ming had hid behind the ancestral golem.

Wow!

The black chain vibrated and tangled towards the undead king.

Chapter 3282: Ban the Undead

The eighteen black chains were transformed into a large forbidden demon formation. They consisted of runes, but they were full of metal. In an instant, they approached the undead king.

"Want to deal with me, dream, kid, I want to put you down..."

The undead devil roared, and his whole body burst into the sky.

boom!

The world is shaking, as if the whole world is shaking, a breath of horror is radiating from the undead king.

Roar!

The undead king Yang Tianchang Xiao, a few big cracks appeared in the sky, terrible.

Horrible, the power of the undead devil is terrible.

Such a big movement shocked the entire Holy Demon Dynasty.

Countless people looked in the direction of the ancestor golem.

"This is the case? The whole world is shaking. What happened?"

"The ancestral golem is over there, the devil is so angry, the devil is mighty, what is that there?"

"Undead Demon King, is the Undead Demon King, don't get close, Master Demon is practicing!"

Many people shouted, and finally some strong men judged it to be the undead devil according to the breath.

However, they believe that this is the practice of the undead king, perhaps a horrible method.

They never dreamed that this was someone dealing with the undead king.

In the Holy Devil Dynasty, who dares to deal with the Undead Demon King, and who can deal with the Undead Demon King?

Therefore, they didn't think about it at all. Everyone was hiding far away, afraid to disturb the cultivation of the undead devil.

Under the statue of the ancestor, the undead demon roared, the endless demonic energy was vertical and horizontal, and the void continued to explode, as if to destroy everything.

The power of terror bombarded the black chain. Although it did not destroy the black chain, it also made the black chain continually float, making it difficult to get close.

It's not how hard the black chain can withstand the power of the undead.

Rather, this is the transformation of the magic ban, and it has a natural restraint effect on the magic energy. As long as it is a magic way, the power is endlessly weakened.

"This guy, the strength is really amazing!"

Lu Ming secretly startled.

He hid behind the ancestral golem. The ancestral golem filled a radiance and enveloped Lu Ming, so that he could be safe and sound, fearless and immortal.

However, that feeling is also quite scary, anyway Lu Ming can't imagine.

The undead king is far from being restored, so horrible, how terrible should it be if it is restored to its peak?

"Boy, no matter what method you use, you can't trap me, break me!"

The undead demon drank low, and the power of terror continued to come out. At the same time, he stepped forward to Lu Ming and suppressed Lu Ming.

"is it?"

At this time, a figure came out, it was not Lu Ming who spoke, the sound came from the ancestor golem, Lu Ming heard it, this was the bone demon's voice.

The pupil of the undead suddenly shrank, and the voice of the ancestral golem actually surprised him.

The next moment, the Undead Demon King was even more shocked, because the ancestral golem not only heard a sound, but also moved.

boom!

The ancestral golem burst forth with immense magic light, a huge palm covering the sky, and pressed towards the undead king.

The immortal demon king is frightened, resists with all his strength, the magic light soars into the sky.

However, the ancestor golem contains immense power. With the palm of his hand pressed down, the body of the undead demon violently shook, the magic light on his body was dissipated, and a spit of blood spewed out.

Taking advantage of this opportunity, the black chain shrank rapidly, entangled the undead king.

The black chains disappeared as soon as they touched the body of the undead demon king, as if entering the body of the undead demon king.

"what!"

The undead demon roared and struggled frantically, but he couldn't use much power under the suppression of the ancestor golem.

Slowly, the breath of the undead devil became weaker and weaker.

"The legendary Forbidden Demon Formation, this is the legendary Forbidden Demon Formation, who is it? To deal with me!"

The undead devil growled, extremely unwilling and angry.

But what responded to him was a more powerful force.

After a while, the Undead Demon King completely stopped struggling. The devil qi on him disappeared without a trace, just like an ordinary person, without any breath.

Only then did the ancestral golem put his palms back and restored them.

"Lu Ming, it's done!"

Bone Demon's voice rang in Lu Ming's ear.

Lu Ming was ecstatic.

The immortal demon king is under control, then can he command the holy demon dynasty in the future?

Lu Ming stepped out, slowly approaching the undead king.

"Who is it, who is it? Come out for me!"

The undead demon roared, like a madness.

"This seat!"

The bone demon sounded, and then flew out of the body of the undead golem.

"You...you... so strong magic energy, so pure magic energy!"

After seeing the bone demon, the undead demon king seemed to feel something when he saw the bone demon, revealing a terrified look.

"Boy, you will mix with the landing Ming in the future, there is always your benefit!"

Bone Demon said lightly.

"This undead devil, in the starry sky, can't be ordered by a little fart boy, impossible, I killed him!"

The undead devil screamed angrily, and as soon as his figure moved, he was about to kill the landing.

But the bone demon slaps out a fan, a bone palm enlarges, and shoots on the head of the undead demon.

With a thump, the undead king fell to the ground.

At the same time, a rune appeared on the undead king, burning like a black flame.

The undead devil wailed with pain.

Lu Ming was shocked. The Undead Demon King is an old monster that has lived forever. And he has been sealed for countless years. His mind is absolutely tenacious. But now, he can't help but howl.

After a while, the runes disappeared, and the undead king gasped for breath. His eyes flashed appallingly.

"Boy, you are now blocked by my forbidden demon formation. My life and death are between my thoughts. I want you to die and you have to die. If you want to die, you have to die. Of course, if you want to die better than death! "

Bone Demon said indifferently that he could not see the Demon King, just like looking at a younger generation.

The undead king's eyes showed unwillingness, but in the end, he sighed with great helplessness.

He knew that Bone Demon was right.

The Forbidden Demon Formation is a legendary formation. Even he has only heard of it and never seen it.

Once you are trapped by the forbidden demons, don't want to get out of the way. Those who practice devil's way will be obedient to others, or they will live and die between others' thoughts.

Even life is better than death. He has tried the taste just now, and really does not want to come again.

"what do you want me to do?"

The undead devil asked unwillingly.

"Don't I just say that, I told you to listen to Lu Ming all the time, don't you understand human words, right?"

Bone Demon teaches the juniors that he will never die.

The undead king really wants to cry.

He finally caught the escape seal, was originally ambitious, and had to do some big things, but now he was under the control of the Forbidden Demons, and he had to take orders from a younger generation.

Why is his life so bitter?

Chapter 3283: Shino Quadruple

Finally, the immortal demon nodded helplessly, and later ordered Lu Ming.

"Boy, what kind of expression are you, a reluctant look, I tell you, Lu Ming's future achievements definitely exceed your imagination and surpass your peak period, that is a breeze, and you will definitely be due to today's encounter in the future And thank you!"

Bone Demon scolded the Undead King.

Lifted so high by the bone demon, Lu Ming was a little embarrassed, and his old face turned slightly red.

The Undead Demon King has no choice but to compromise.

As for what Lu Ming can achieve, he did not believe at all.

He has seen so many arrogances. What peerless arrogances have never seen, but how many achievements can he exceed?

It's just that people have to bow their heads under the eaves.

"Remember, mix well with the landing in the future!"

After talking, the bone demonized into a black light and disappeared in Lu Ming's eyebrows.

"This...Land...Land..."

The undead demon looked at Lu Ming, Zhi Zhi Wu Wu, for a while did not know what to call Lu Ming.

Afraid of calling Lu Ming's name directly, he looks disrespectful and makes Lu Ming unhappy.

What's his name, he really can't say it.

"Just call me Lu Ming!"

Lu Ming said, it doesn't matter what it is called.

"Okay, Lu Ming, what do you ask?"

Asked the undead king.

"I really have something to do, Holy Devil Dynasty, are there any places like cold treasures?"

Lu Ming said.

Now the undead king is under his command. He naturally makes good use of it to search for some treasures.

"I'll check it out, wait a moment!"

After the undead devil finished, it turned into a magic light and disappeared.

The Bone Demon did not deliberately control the Forbidden Demon Formation, and the Undead Demon King can freely use his self-cultivation.

Soon after, the undead king returned.

"Lu Ming, the holy demon dynasty has a treasured place called Xuanyin Demon Pool. It is rarely open at all times. Only those who have made great achievements, or the top-level Tianjiao, are eligible to

practice for a few days. If you need it, I will order it immediately. Let you enter the Xuanyin Demon Pool to practice!"

The undead king said.

"it is good!"

Lu Ming was overjoyed.

Half a day later, Lu Ming came to Xuanyin Mochi.

A magic pool, about three meters in diameter, does not know how deep, inside is a dark liquid, emitting a terrible low temperature.

Lu Ming's magical power blocked the low temperature outside.

"It's really a cold treasure, and such a pool, good!"

Lu Ming was overjoyed.

This is a holy place for cultivation in the Holy Devil Dynasty. It is very precious, and most people can never get in.

But the undead king ordered that Lu Ming could come in easily, no one dared to say anything.

Now, everyone really thinks that Lu Ming is a disciple of the Undead Demon King, otherwise, the Undead Demon King will not only find Lu Ming's trouble, but also let Lu Ming enter the Xuanyin Demon Pool to practice.

Everyone else thought that the Undead Demon King had started to teach Lu Ming, and he was envied one after another.

thump!

Lu Ming leapt into the Xuanyin Demon Pool.

All of them, terrified chills, madly drilled into the body of Lu Ming, Lu Ming couldn't help but shivered.

"It's so cold and old-fashioned, hurry up and devour the energy of Xuanyin Demon Pool!"

Lu Ming said to the word.

"it is good!"

The sound of Measure Word Juice came out, and immediately there was a powerful energy, which emerged, and the wisps of water in Xuanyin Demon Pool were swallowed by Measure Word Juice.

"Wait a moment, leave some, Lu Ming, this kind of Xuanyin magic water is very helpful for you to cultivate the Devil's Golden Body, and it can greatly speed up the cultivation of the Destiny Golden Body!"

Bone Demon quickly said.

Lu Ming hurriedly stopped, let the volume of words only absorbed the general, and then left half.

After absorbing the half amount, the energy used to refine the star's nucleus went.

Lu Ming sits in the Xuanyin Demon Pool with the magic of the Demon Golden Body, absorbs the energy in the Demon Pool, and begins to practice the Demon Golden Body.

An extremely cold magical energy poured into Lu Ming's body. Lu Ming found that this energy was indeed very suitable for the Heavenly Demon Golden Body, and could make the Heavenly Demon Golden Body's cultivation speed increase dramatically.

Lu Ming naturally cultivated here with no politeness.

Time is rushing, a hundred years, and it's just in a flash.

For 100 years, Lu Ming has been practicing in the Xuanyin Demon Pool. At this time, Xuanyin Demon Water in the Xuanyin Demon Pool has been completely absorbed by Lu Ming.

After a hundred years of cultivation, Lu Ming finally cultivated the mysterious technique of Heavenly Demon Gold Body to a certain level of fire. Once it broke out, Lu Ming's body will become invincible and extremely terrifying.

Moreover, the defense power and vitality have skyrocketed, which makes Lu Ming's overall strength improved.

At least, life-saving ability has been improved.

"Lu Ming, I have refined a lot of energy, do you need it now?"

This is the sound of the word measure.

"Naturally needed!"

Lu Ming said.

"Okay, then I will ferry it to you!"

After finishing the measurement, the big energy rushed towards the landing.

This energy is extremely pure, and it is neutralized by the power of cold and the energy of the star's core, which has been refined by the measurement method.

Lu Ming ran Qian Qian Wan Dao Jue and began to absorb this energy, transforming it into various divine powers.

In Tan Tianzhong, eleven star cores, bright and radiant, are beating like eleven hearts, constantly absorbing pure energy and transforming into different divine powers.

The star core is getting brighter and brighter, and the eleven kinds of divine power are also getting stronger and stronger.

Originally, it didn't take long for Lu Ming to break through the Triple King of God, and at this time, his cultivation behavior began to rise sharply.

Xuanyin's magic water in Banchizi neutralized a large amount of energy from the nucleus and nucleus, and after a hundred years of refining and quantification, it was too much.

Lu Ming's rapid refining, quantification, and constant flow of energy continue to flow.

Lu Ming's cultivation practice began to improve rapidly.

Soon, Lu Ming's cultivation practice was promoted to the peak of the triple king of the gods, and began to strike toward the quadruple of the gods.

The four kings of the gods are not so good to practice. Lu Ming constantly roared inside him.

"Not enough, still not enough, continue to refine divine power!"

Lu Ming whispered.

He is in control of eleven kinds of divine power and wants to break through together, which is many times more difficult than others.

It also requires a lot more energy.

Lu Ming is constantly refining energy, accumulating divine power, and his divine power is getting thicker and deeper.

Finally, when the magical power in Lu Ming's body accumulated to a certain point, a strong breath erupted in Lu Ming's body.

The four kings of God, broke through!

Breaking through to the fourth level of God King, Lu Ming's divine power skyrocketed.

The eleven kinds of divine power work, and it is as thick as the sea.

In the word measurement tactics, there is still a surging power, Lu Ming continued to practice and consolidate his cultivation.

In the end, Lu Ming was completely consolidated in the early stage of the four kings of the gods, and the energy of refining the word formula was finally exhausted.

Lu Ming breaks through and needs too much energy. If you change to other people, with so much energy, you can at least reach the peak of the fourth level and even the fifth level.

However, Lu Ming was very satisfied.

His cultivation speed is already very fast.

Chapter 3284: Return to Jiu Jue Tian Wang Fu

"It's time to go back!"

Lu Ming whispered.

It has been more than two hundred years since he went to the Heiyu Gold Mine.

Originally, the duration of his mission to the Heiyu Gold Mine was 100 years.

It has been more than a hundred years now. If you don't go back, Qiuyue, the blue merchants should worry about it.

Immediately, Lu Ming left the Xuanyin Demon Pool, found the undead demon king, and asked him to take Lu Ming out.

The undead Demon King landed with Ming and left the territory of the Holy Demon Dynasty. Soon afterwards, Lu Ming appeared in a starry sky.

Now, he only knew that the area of the Holy Demon Emperor's dynasty was an extremely secret world, attached to the wilderness universe, and naturally did not know how many times it was larger than the small thousand world.

"Lu Ming, do you want me to stay with you!"

The undead king said.

"No, you can go back and recover. When I need your help, I will naturally find you!"

Lu Ming said.

Although the strength of the Undead Demon King is amazing, and the strength of the Holy Demon Dynasty is also very amazing, Lu Ming can now mobilize, but he did not intend to take these people.

The Holy Devil Dynasty and the Taixu Holy Dynasty are dead enemies. They have been fighting forever and have been fighting each other for endless years.

If he took the masters of the Holy Demon dynasty to appear in the Taixu Shengdu, once he was discovered, not only the people of the Holy Demon dynasty were to die, he was also going to die.

He doesn't dare to bring people from the Holy Demon Dynasty now.

Moreover, the cultivation of the Undead Demon King is far from being restored. When he is completely restored, let him come out to become a big help for him.

"Okay, then be careful yourself!"

The undead devil said something against his heart, he still wished Lu Ming had fallen into danger, then he would be free.

Later, Lu Ming did not stay, turned into a streamer, left here, and flew to the boundless starry sky.

The place where the Holy Demon Dynasty is located is actually in the territory of the Taixu Holy Dynasty, but it is relatively scarce and very secret.

It took Lu Ming several months to arrive at a place with an interstellar teleportation array, and then began to teleport.

However, Lu Ming did not go towards the Taixu Holy Capital, but towards the JiuJue Heavenly King Mansion.

He is going to go to the ghost angri, and bring out a group of masters of the apes fighting tribe.

Now, his cultivation practice has reached the fourfold of the King of Gods, and has reached the minimum requirements of the Kaifu Li clan. He has to start preparations, bringing a group of masters around him, which is conducive to Kaifu and conducive to early development.

After spending some time, Lu Ming returned to the territory of Jiu Jue Tian Wang Mansion, and then went to another entrance of the ghost.

However, Lu Ming flew for a while in the starry sky, but stopped and looked at a meteorite, coldly said: "Whoever, get out of me!"

Because when he just flew, he always felt that this meteorite seems to have followed him. During this period, he changed several directions, and this meteorite also changed its direction.

Not so coincident!

"Hey, he didn't expect to be discovered by you!"

A sneer came, and then a group of people flew out from behind the meteorite.

"Jin Family, Qin Family!"

Lu Ming's eyes narrowed slightly. Judging from the dress of the other party, Lu Ming recognized the other party's origin at a glance.

Unexpectedly, as soon as I returned to the Jiu Jue Tian Wang Mansion, I met people from the Jin and Qin families.

The Jin family and the Qin family, a total of twelve people, surrounded Lu Ming Tuan.

"Hahaha, we are so lucky. We were supposed to perform a task near here, but I didn't expect to meet you Lu Ming!"

A man from the Jin family laughed, his face ugly, and it contained murderous opportunities.

The four masters of the Jin family were cut off by Lu Ming, and the people of the Jin family all wished to unload Lu Ming by eight pieces.

"Lu Ming, you are not staying at the Taixu Royal Sanctuary, and actually ran back to the palace of Jiu Jue Tian Wang, sneaking here, what do you want to do?"

An old man from the Qin family asked.

They found Lu Ming before, but seeing that Lu Ming did not return to Jiu Jue Tianwang Mansion, but acted alone here. They were curious and guessed whether Lu Ming knew what treasure to come here to find, so they didn't start. Sneaking behind.

"Where am I, can you control it?"

Lu Ming responded lightly.

"Don't say yes, then your practice is abolished, see if you say nothing!"

A middle-aged man of the Jin family grinned and his power exploded. The whole person was like a golden sun rushing towards the landing.

This person has the cultivation practice of the six heavy gods.

Although he knows that Lu Ming's strength is not weak, but God King Realm, the gap between each weight is very large, with his strength, it is more than enough to suppress Lu Ming confidently.

"Broken Hand of the Void!"

As soon as this person shot, he was the master of the Jin family, breaking the hand of the void, turning his palm into golden yellow, as if he could penetrate the void and make a terrible roar.

The big golden hand hit Lu Ming's head.

bump!

Lu Ming also raised his palm and waved to meet him. At this moment, a dark golden light flashed away from Lu Ming's body surface.

This is a sign of the display of the Heavenly Demon Golden Body, but Lu Ming has now practiced the Heavenly Demon Golden Body to a very deep fire, and almost can't see anything strange.

The palms of the two collided together, and at the next moment, a screaming scream spread throughout the audience.

The screaming was naturally from the middle-aged man of the Jin family. One of his arms was completely exploded and flesh and blood flew.

With just one blow, one of his arms was scrapped by Lu Ming.

"kill!"

Lu Ming drank coldly, stepped forward, his palm like a knife, and came out.

The blood was splattering, the middle-aged man of the Jin family, his head flew away from the distance, his eyes were wide, and he felt incredible until his death.

"Tianjinjinjin, the power is really powerful!"

Lu Ming thought.

Just now, he did not use other means, but simply used the divine power to cooperate with the Tianmo Jinshen, and easily killed the opponent. The power of the Tianmo Jinshen did not disappoint him.

"how is this possible?"

The other Jin family and Qin family were taken aback by surprise.

A strong king of the Six Kings of God, was just killed?

Those who can reach the sixfold of the King of God are not weak.

The divine power is at least the divine power, the strength is very scary, which only shows that Lu Ming is too strong.

"We joined forces, this kid is evil, and progress is too fast!"

An old man of the Qin family opened his mouth, his face dignified.

"Shoot!"

Another old man of the Jin family shouted, and his divine power exploded. The hairs were all golden, and turned into a golden person.

Other strong men also broke out one after another and slammed towards the landing.

"kill!"

Lu Ming drank coldly, triggering four times the fighting power of the war character formula, and at the same time the twelve kinds of divine power, all working together, a flood of ancient breath burst out.

Poof!

Lu Ming banged out with a punch, a strong Qin family of six heavyweights, was directly exploded and turned into a cloud of blood mist.

"kill!"

Lu Ming Changxiao, Heavenly Demon Golden Body turned to the extreme, double fists blasted out continuously, and punched a fist with an old Jin family.

Chapter 3285: Beheaded the God King

Lu Ming fisted with an old man of the Jin family. The old man of the Jin family was trained as a seven-fold **** of the gods. He stepped into the ranks of high-level **** kings, but when they were bombarded together, his entire arm burst directly. Turned into blood mist.

The old man of the Jin family screamed and his body retreated.

"kill!"

Lu Ming quickly followed, staring at the old man and attacking.

"help me!"

The old man was extremely frightened, his body retreated, and his eyes were incredible.

He had already seen Lu Ming's cultivation practice, God King is fourfold.

At the beginning, when Lu Ming participated in the Taixu Royal Sanctuary, it was only the King of God, which was less than a thousand years, and Lu Ming's cultivation practice broke through to the Four Kings of God.

This is God's King Realm. It's not that the Emperor Wu Emperor Wu Emperor, even within three thousand years, has even broken the triple. This speed is too terrifying.

Of course, what is more terrifying is Lu Ming's combat power.

The God King is fourfold, spans three levels, and hits him as a seven-level high-level God King, which makes him cold.

"Go to death, suppress me!"

There was a rage from the side, and a big golden hand came to the landing to suppress it, bringing a terrifying power. Under this big hand, the whole sky was shaking.

God's Eightfold!

In the blink of an eye, Lu Ming judged the cultivation behavior of the person he shot.

And in the divine power, the ancient charm of the flood, indicating that this person has awakened the original divine factor.

But the **** king is eightfold, and Lu Ming is not afraid at all.

Boom!

Lu Ming fist and collided with the golden palm, bursting out a terrifying shock, the entire starry sky was shaking continuously, the two masters of the six kings of the gods were swept by the shock wave, their bodies retreated, spit blood and suffered To hit hard.

In the distance, a meteorite of hundreds of thousands of kilometers was hit by a ray of strong energy, and it burst directly into powder.

The two figures trembled and retreated at the same time.

"Shenwang Yazhong, with some strength, will solve you later!"

Lu Ming spoke indifferently, his figure swayed, avoiding the strong king of the **** king and killing other weak people.

Boom!

Lu Ming threw a fist, and the void shook, and two strong men from the Jin and Qin families were killed.

The gods below the seventh level, almost unable to stop Lu Ming's move, was completely killed by spikes.

The existence of the seven kings of God can resist a little bit.

After killing several people in a row, Lu Ming caught up with the old man from the Jin family who had just been hit hard by him. The old man was almost scared to death and fled wildly.

The Ba Shen Gun appeared in Lu Ming's hands, and turned into a lightning bolt.

Poof!

The old man of the Jin family was directly crucified in the void.

After the Ba Shen gun killed the old man of Jin family, he flew back to Lu Ming's palm and Lu Ming waved out.

"Long shots!"

Lu Ming whispered that a vast river appeared in the air for tens of thousands of miles, and surrounded the masters of the four Jin and Qin families.

After several screams, all four strong men died.

After such a short period of time, Lu Ming killed eight strong men in a row. There are a total of twelve Jin family and Qin family, and now there are only four left.

The remaining four people showed horror in their eyes.

"Join together, kill him!"

A member of the Jin family roared, but before that, he had a message to the Jin family.

The remaining four people are all masters, two **** kings eight heavy, two **** kings seven heavy, they still want to kill Lu Ming.

"Seven hurt fists!"

"Broken hand of the void!"

The four masters gathered together to attack Lu Ming, so as not to be broken by Lu Ming.

"Very good, solve you guys at once..."

Lu Ming's eyes shone brightly, as if the sun and the moon were floating.

Then, above Lu Ming's head, a round of bright moon and a round of big day rose.

On the bright moon and the big day, they exuded great brilliance and flew to the four masters of the Jin family and the Qin family.

Their body shook inexplicably, and the attack they made was also violently shaken, and then melted as if the ice and snow met the flame.

"It's the original secret technique..."

A strong Qin family **** Bazhong exclaimed.

"Come again, the door to domination!"

Lu Ming drank coldly, the door of the master emerged, and suppressed towards the other party.

Lu Ming himself, armed with a Ba Shen gun, killed him.

In the twinkling of an eye, Lu Mingshi exhibited four original secret techniques.

The four strong members of the Jin family and Qin family were almost scared to death, and their eyes were almost staring, all of which were incredible.

"Impossible, four original secret techniques..."

"Demon, quickly, pass this news to the family, and kill this person at all costs!"

Several people roared and wanted to spread the news.

However, now Lu Ming will not give them a chance.

Mingyue and Dayi pressed on them, letting them vomit blood, especially the two powerful kings of the seven gods, a layer of radiance appeared on their bodies, and they started to melt.

"go!"

Seeing this, the two powerful kings of the eight kings roared, resisted desperately, and shocked outward, trying to escape.

However, the gate of the ruler came down and the Qin family's powerful king of the gods had a torn body and fell on the spot.

Lu Ming used a Ba Shen gun, a long gun, and a long stream of guns emerged, which shrouded the powerful king of the Jin family.

This person is very strong, Yang Tianchangxiao, trying his best to fight, the whole starry sky is shaking, want to rush out.

"Yin Yang Shen Tong!"

Lu Ming whispered and exhibited another horrible secret technique.

A series of strange and mysterious runes appeared, covering the strong Jin family.

After so many terrible attacks, the other party finally couldn't hold on, screamed, and broke through the defense. After a while, there was no scum left.

At this time, the existence of the seven gods of the two gods has been reduced to ashes under the moon and the sun.

Lu Ming took a long breath and put away all the original secret techniques.

Fortunately, he has a lot of words, otherwise it is impossible to display so many kinds of original secret techniques at once, as well as the horrible secret techniques such as Yin Yang Shen Tong.

"It seems that my strength is to slay the **** king Yazhong who is not too evil, no problem!"

Lu Ming pondered.

All of a sudden, he almost exploded with the strongest fighting power, exerting all kinds of terrible means and defeating the opponent in one fell swoop.

In fact, he has an easier way to kill each other. Don't forget, there is some mud on his copper coffin.

If you throw out the mud, it is enough to kill the opponent easily.

However, Lu Ming's strength increased greatly during this time. He mainly wanted to test his combat strength.

He is very satisfied with his fighting strength.

You know, God King Realm wants to fight across the ranks, it is really difficult, he can cross four small realms to kill opponents, it is already extremely scary.

Lu Ming set fire to all the corpses of the Jin family and the Qin family, then left the place and went around for a few circles. After making sure that no one was following, he went to another entrance to the ghost.

Soon after, Lu Ming entered through that entrance and drove again to the ghost.

Chapter 3286: Encircled as soon as he came out

Lu Ming returned to the ghostly anxiety, and gave a sound to the apes of the apes and warlords.

Soon after, Ape Huan came here.

"Zhan Zu, you come back this time, but need our help?"

Ape Huan guessed Lu Ming's purpose.

"Yes, I am in the Taixu dynasty and it has stabilized. Next, I need a strong person to help me and start to develop forces!"

Lu Ming said.

"Okay, Zhan Zu comes with me. I will choose the master for you!"

Ape Huan said, waving his hand, a force enveloped Lu Ming, and the landing sound broke away.

After a few flashes, they came to the tribe of the apes and warring tribes, which made Lu Ming sigh. The speed of Ape Huan was really amazing, which made him look forward to and envied.

"Zhan Zu is here to wait for some time, I will arrange the manpower!"

Ape Huan said, and then left here.

Lu Ming didn't wait too long. About half a day later, the ape revived and returned, and he also brought hundreds of warriors.

These Winged Apes Warriors are all old Winged Apes Warriors, or middle-aged Winged Apes Warriors, each one has a very strong atmosphere, at least far above Lu Ming.

"Zhan Zu, there are a total of 300 people here, all of whom are above the seventh level of the **** king. As for the **** monarchy, many are closed, and asking them to go out will take a little time!"

Ape Huan said.

"Never mind, then wait a few days!"

Lu Ming said.

Soon, three days passed.

Uh!

Suddenly, more than ten figures appeared in the sky.

A total of eleven ape warfare tribes, each of which gave Lu Ming a terrifying feeling that he could not resist.

God!

Lu Ming first told him that these are gods.

The person headed is actually the elder of the apes fighting tribe.

"I heard that Zhanzu will take the strong to go out for development. I don't invite you here. This time, I must follow Zhanzu out!"

When the man arrived, the ape shouted.

Lu Ming smiled, thinking that he had to kill him when he first came here.

After being subdued by Lu Ming, he would obey Lu Ming more than anyone else.

"Ape Cong, you are a great elder, just go out like this, it seems not good!"

Ape Huan said, a little speechless, he did not inform Ape Obedient, Ape Obedient was completely uninvited.

"What's wrong, it's okay for you to sit in town with the Ape Warrior. I have been here for so many years. I won't go out and walk, I'm going crazy!"

The ape shouted.

Ape Huan was helpless.

"Okay, let the elders go out!"

Lu Ming said that the strength of Ape Cong is unfathomable, and he will definitely help him when he goes out.

Later, Lu Ming said goodbye to Ape Huan, and took the eleven princes of the ape warfare tribe, and three hundred powerful kings of seven or more gods, and left the ghost.

Although the ape warfare was Jing Yu's subordinates at that time, not many people knew that as long as people did not know the relationship between the ape warfare and Jingyu, even if they were brought to Taixu Sheng, it would not be a problem.

Soon after, they left the entrance of the ghost.

After leaving, the apes of the apes and war tribes were all covered with a large black robe, covering their figure and appearance.

Afterwards, they headed towards the Jiu Jue Tian Wang Mansion. Lu Ming wanted to use the trans-star field of Jiu Jue Tian Wang Mansion.

However, they did not fly far before they were blocked.

The starry sky in front of me suddenly showed the honey runes. The rune shone, and a group of people stepped out of the rune.

All are wearing gold robes, and the number is actually thousands.

All are masters of the Jin family.

Before, the other party placed a hidden formation here. Lu Ming understood that it was estimated that the Jin family and the Qin family had spread the news a few days ago.

"Lu Ming, you really are near here. Who are these people? Sneaky!"

A strong Jin family spoke indifferently.

"The people of the Jin family, huh, didn't expect to dispatch thousands of masters at once, and I really can't afford to see Lu Ming!"

Lu Ming sneered.

"Lu Ming, you are not dying, my Jin family feels uneasy, and I will kill you anyway!"

A strong man of the Jin family said indifferently.

"I'm afraid you can't kill me!"

Lu Ming said lightly, his face calm.

If he were alone, he was not so calm, but he is now around, but the master is like a cloud.

"Really, do you think that my Jin family is here? Come out!"

The master of the Jin family sipped.

Suddenly, runes filled Lu Ming around them. Obviously, this was a hidden formation.

Then, a large group of figures appeared.

"Qin family, Yiren family, very good, everyone is here!"

Lu Ming sneered.

There were people from the Qin family and some from the Yiren family, and every one of them actually dispatched thousands of masters, and he really looked up to him Lu Ming.

Thousands of masters are besieging Lu Ming, and Lu Ming's wings can not escape.

"Haha, did you see that, Lu Ming? Although I don't know where you brought a group of helpers, let them bury you!"

The master of the Jin family laughed.

"Don't talk nonsense with him, kill!"

There was an indifferent voice among the Jin family, and then, an old man stepped out, his body radiating a bright golden radiance, and an extremely terrifying breath erupted.

boom!

This person protruded out of the palm of his hand, a huge golden palm, screaming towards the landing, as well as the people of the ape war tribe.

The palm of the hand covers the sky and the sun seems to catch a planet.

Divine monarch, this is definitely a powerful player in Divine monarchy.

This time in order to deal with Lu Ming, Jin Jiaran directly dispatched the strong man of God's King Realm.

In the Jiu Jue Tian Wang Mansion, the existence of the Divine Monarch Realm is absolutely rare, even if it is as strong as the Jin Family, there will be few such realms.

Really willing to give the blood.

However, Lu Ming's face did not change at all.

Because a powerful king of the **** aristocrat clan has stepped out, snarled and punched out.

A huge fist, traversing the sky, slammed into the golden palm.

boom!

The whole starry sky was rioted. At the moment when the two collided, a beam of light rushed upwards from the place where the two collided, directly penetrating seven or eight meteorites.

Really ruined.

Then, the fist and the golden palm shook violently, breaking apart one after another.

"Divine King Realm, you also have Divine King Realm!"

The Jin prince's face was extremely ugly.

They thought that they had dispatched the Divine Monarch and killed Lu Ming, but they were safe from it. Unexpectedly, there was also a Divine Monarch around Lu Ming, which was beyond their expectations.

"This friend, we are the Jin Family, the Qin Family, and the Wing Family, this Lu Ming, and our enemies are deadly enemies. It is not good for you to help him. It is better to help us and kill this. People, the three of us, will surely have a gift for you!"

The strong man of the Jin Family's Divine Monarch Realm opened his mouth and wanted to make the Divine Monarch of the Nether Ape Warfare defeat the god.

It is not ridiculous for Lu Ming's mouth to show a sarcastic smile, making the Ming Ape War Clan rebellious.

"Oh, you and Zengzu are deadly enemies? Then you should all die!"

The strong man of the Ape Warrior spoke indifferently, murderously.

Chapter 3287: Killed three ancestral lands

The Jin family, Qin family, and Yiren family are all stunned.

Zhanzu? What means?

"kill!"

The strong man of the Nether Ape Warfare, no matter how many, directly killed the past, and punched out, the fist suddenly became larger, covering the sky.

"Together, kill Lu Ming!"

The Jin family prince roared, rushed up, and faced the prince of the apes and warlords.

"kill!"

"Kill! Kill! Kill!"

The Jin family, the Qin family, and the Yiren family screamed and rushed to the landing.

So many masters shot together, terrifying breath, shaking the starry sky.

Especially over the Yiren family, a flash of lightning killed Lu Ming at an alarming speed.

This lightning was transformed by a strong family of winged people, and this powerful person is also a god.

This time, not only the princes dispatched by the Jin family, but also the princes of the Yi family.

Only the Qin family did not mobilize the Shenjun.

The prince of the Yiren family, whose wings are waving, is too fast, and he wants to kill Lu Ming in one fell swoop, lest night be long.

However, someone is just faster than him.

"I come!"

The elders of the Nether Ape War Clan opened their eyes, all with strong fighting intentions in their eyes.

He hasn't shot for many years, and his hands have been itchy.

He moved slightly and landed in front of Lu Ming with a simple punch.

boom!

The void in front was exploded, as if the entire starry sky was bursting apart, and the terrifying fist rushed towards the divine realm strongman of the Wingren family.

"Do not..."

The prince of the winged family seemed to feel something terrifying, screaming in horror, the sound had not fallen yet, his body suddenly burst into a cloud of blood mist.

The prince of the Yiren family was directly killed by the ape.

In addition, Ape Cong's punching power has not stopped, and continues to rush towards the remaining people in the Yiren family.

bump! bump! ...

Wherever the punching force passed, the masters of the Yiren family burst apart one by one, only in an instant, and all the strongmen of the Yiren family in that area burst.

Completely destroyed, thousands of strong families of winged people are all destroyed, only in an instant.

The Jin family and the Qin family suddenly stiffened, and their eyes were all incredible and frightened.

"Run away, run away, run away..."

"The other party has an invincible presence, run away!"

Then, the Jin family and the Qin family shouted in horror, almost frightened.

One punch, just one punch, killed a prince of the Yiren family and thousands of strong men. What is this strength?

There is such a terrifying existence around Lu Ming. If he does not escape, there is only one way to die.

Even the prince of the Jin family, almost scared to death, covered with cold sweat and wanted to escape.

However, the God Monarch who is a powerful aristocrat, will let him escape.

"Ghost Warfare!"

The **** prince of the ape warfare triumphantly shouted, and exhibited the unique secret technique and ghost fighting tactics of the ape war tribe.

After the show, his combat power doubled.

boom!

With a punch, the strong man from the Jin family who was hit violently shook his body and spit blood and flew back.

Then, the strong man of the apes warfare stepped on the void, and attacked, without giving the other party a chance to breathe.

"These people, give them to you, kill them all!"

The ape has commanded several other kings of the apes.

"give it to me!"

"I come!"

There are two strong men in the God Ancestral Realm, who killed the Qin family and the Jin family.

Wow!

A warrior of the apes, a large hand, a large furry hand, covered the sky, and enveloped the army of the Qin family, completely covering thousands of people from the Qin family.

"No..."

"Rao Ming, Lu Ming, Rao Ming!"

"Lu Ming, good heart!"

The people of the Qin family screamed variously, begging for mercy, crying, and scolding.

But then, when the big shaggy hands caught, those cries stopped abruptly, because thousands of Qin masters were all caught dead.

On the other side, another strong man from the apes battle group burst out with a punch, and there was a big explosion in the starry sky. The power of destruction destroyed all the thousands of masters of the Jin family.

For a while, only the **** prince of the Jin family remained on the scene.

However, the other party was also uncomfortable. He was seriously injured and hematemesis continued. The defeat was only a matter of time.

"My Jin family, what kind of evil did it cause? God will destroy my Jin family!"

The prince of the Jin family sighed, and his heart was ashamed.

He knew that today he couldn't survive, and he seemed to see the end of the Jin family.

At this moment, his heart was filled with deep regret, Jin family should not provoke Lu Ming.

However, everything is too late.

puff!

A fist pierced his heart, and the power of destruction burst out, and the Jin family's superpower, the whole person burst apart.

So far, thousands of troops from the Jin family, the Qin family, and the Yiren family have all disappeared.

However, Lu Ming didn't want to forget that.

The Jin family, the Qin family, and the Yiren family are all committed to killing Lu Ming, and even the Divine Monarch has been dispatched. This time, if he had come out with the powerful apes and the clan, he was really in danger.

These three can't stay.

However, the three headquarters are in the Jiu Jue Tian Wang Mansion.

The overall strength of Jiu Jue Tian Wang Mansion is still very amazing. If he took the masters of the Netherworld Apes to the Jiu Jue Tian Wang Mansion, it is probably not enough to see.

However, although the headquarters of the major families are in the Jiu Jue Tian Wang Mansion, their ancestral land is in different star fields.

"Then destroy the Jin Family, the Qin Family, and the ancestral home of the Yiren Family!"

Lu Ming spoke coldly, and then changed his direction and went in another direction.

The Golden River Starfield is where the Jin family ancestors are.

Golden River Star, a huge life planet, is very prosperous, and above it, there is a magnificent giant city.

In this giant city, the heirs of the Jin family lived.

Lu Ming, with the powerful apes of the apes and warfare, appeared above the giant city.

"Who are you? Standing above the sky is a disrespect to my Jin family, giving you a chance to come down and admit your mistake..."

On the city wall, a master of the Jin family discovered Lu Ming and immediately shouted, with a high tone of voice.

boom!

Lu Ming was too lazy to talk nonsense with the other party, and shot directly. The Ba Shen gun was held in his hand by him, and he shot it down with a single shot.

A spear, a million miles long, huge like a mountain, rolling down towards the giant city.

Of course, the giant city is too big, and a million-mile-long gun awn is just a encounter of the giant city.

"you wanna die!"

"Shoot!"

On the city wall, the guards of the Jin family shouted, rising one by one, the golden light shining and slamming towards the landing.

However, when Lu Ming's guns rolled down, all the guards exploded and were killed instantly.

With Lu Ming's current combat power, the general **** king can only be killed in seconds.

"who?"

"court death!"

"Someone is provoking and kill them!"

The giant city was disturbed, and countless masters rushed out.

Chapter 3288: Big liquidation

Among the huge cities of the Jin family, there were golden lights shining everywhere, and columns of golden lights soared into the sky.

Countless masters of the Jin family rushed out to kill those who provoked them.

"It's yours!"

Lu Ming said, retreated very simply.

The ancestral ground of the Jin family has many masters, so he will not go up in a silly way, and naturally hand it to the ape and others.

"I come!"

The ape showed his excitement, he held it for too long, and couldn't help it as soon as he had a chance to shoot.

boom!

The ape came out of the steps, appeared in the center of the giant city, and stepped out with one foot. The huge feet have been formed and stepped from the sky.

Suddenly, the screams were connected, and a large number of people from the Jin family were killed.

Rumble!

The giant foot stepped in the giant city, and the whole giant city vibrated. A footprint of tens of millions of miles appeared in the center of the giant city.

Countless people died under this footprint.

"Damn it, who will mess with my Jin family, and start the lore!"

In the depths of the Jin family ancestors, there was a loud roar of fright and a dazzling golden light rose into the sky.

Another strong man of God's Kingdom.

Lu Ming lamented that the background of the Jin family was really deep. Before that, a prince had been dispatched, and now there is a prince in the ancestral land.

In the headquarters of Jiu Jue Tian Wang Mansion, there is at least one prince sitting in town.

In this way, a Jin family has at least three princes.

Buzz!

The four sides of the Jinjia giant city are filled with endless runes, and there are countless runes on the walls of the entire giant city.

This is a series of lore that the Jin family has arranged for countless years. Once activated, it can kill the god.

"kill!"

The prince of the Jin family is in the core position and presides over the big formation.

The large array exudes endless golden light, converging into a golden war sword, slashing towards the ape.

The sky was cut with a dark crack and exploded continuously.

In the blink of an eye, the golden war sword was cut in front of the ape.

The ape stretched out a furry hand claw and grabbed it in front of him. The golden war sword was caught in his hand and could not move.

bump!

Then, when the ape squeezed hard, the golden war sword shattered and disappeared into energy.

Everyone in the Jin family, including the Jin family prince, almost exploded, and it was hard to believe what he saw.

"not good..."

The Jin family's princes and strong men feel cold in their hearts, and their Jin family's lore is so powerful that they can kill the princes.

However, Ape never easily grasped it, and squeezed a large array of condensed war swords. He could do this. As far as he knew, there were few in the entire Jiu Jue Tian Wang Mansion.

"This friend..."

The Jin prince quickly spoke, trying to stabilize the ape.

However, Ape was too lazy to talk nonsense with him, and already shot, punched.

boom!

The giant city was violently shaken, explosions continued in all directions, the formation of the lore was destroyed, and the lore of the lore was broken.

"Come on, fight me, let me see what kind of strength you have!"

Then, the ape slayed from the powerful king of the Jin family and punched him directly.

The prince was frightened, and all the fighting power broke out, and the whole person turned into gold, using the Jin family's unique learning, breaking the hand of the void and the sword of the void.

But the ape came down with a punch, the Jin family's prince coughed up blood, and his body almost cracked.

He is stronger than the Jinjia Shenjun before, but still has a big gap with the ape.

After barely resisting two moves, he was killed by the ape.

"Too weak, so boring!"

The ape shook his head.

"Everyone in the Jin family, run away!"

Some big figures from the Jin family shouted, letting them escape.

One can escape one.

However, there are too many princes around Lu Ming. They blocked all directions, and the masters of the Jin family who escaped were all killed.

After a while, the huge city of Jin Family exploded, and almost all the people of the Jin Family above the gods were destroyed.

As for those below Wushen Realm, Lu Ming is too lazy to kill.

The ancestral land of the Jin family was thus destroyed.

Then, Lu Ming shifted their positions and killed the ancestral land of the Yiren family.

The ancestral land of the Yiren family is very peculiar. It is a huge ancient tree floating in the starry sky.

This ancient tree is too big, like a small planet, where countless winged humans live here.

Lu Ming They came very quickly, and the people of the Yiren family didn't even know the news of the destruction of the Jin family's land.

Soon after, this ancient tree exploded, and the winged people on the family were strong, and those above the divine state were almost completely destroyed.

After destroying the ancestral land of the Wing people, they killed the ancestral land of the Qin family and destroyed the ancestral land of the Qin family.

Lu Ming was not at all weak.

These three great families repeatedly tried to kill him. If not, he would have died long ago.

Treating the enemy, Lu Ming will not have the slightest softness.

After destroying the ancestral land of the three great families, Lu Ming took the people of the Winged Ape War Clan and left the Jiu Jue Tian Wang Mansion.

Soon after, the news of the destruction of the three ancestral ancestors shook the entire Jiu Jue Tian Wang Mansion.

This is explosive news. The three great foundations are deep. The ancestral land has been destroyed. The matter is too serious.

After hearing the news, the heads of the three great families almost passed out.

Immediately, in Jiu Jue Tian Wang Mansion, the three great families sent masters to the ancestral land of the three great families.

"Who is it? Who is it?"

The senior leaders of the three families met, and the head of the Jin family shouted with red eyes.

His heart was bleeding, the ancestral land was destroyed, and countless powerful men were killed. From then on, the Jin family must fall sharply, and their strength will be greatly damaged.

"Is it Lu Ming!"

The owner of the Yiren family gritted his teeth and his eyes were flushed.

Everyone was shocked, is it really Lu Ming.

Because the masters they sent to ambush Lu Ming could not be contacted at all, and even Shenjun could not be contacted.

They understand that most of them are bad and bad.

So many masters went to ambush Lu Ming, but there were many evils, proving that Lu Ming had a terrible strongman beside him.

Then they guessed that it was Lu Ming who killed the person who ambushed him. In anger, he killed the ancestral land of the three great families. This is most likely.

"Lu Ming, Lu Ming... Damn it!"

They roared and were horrified at the same time.

There is such a strong presence around Lu Ming, which is terrifying. If they were to hide in the palace of Jiu Jue Tian Wang, it would probably be dangerous.

"Submit the order, the people of the clan, do not leave the Jiu Jue Tian Wang Mansion in the future!"

"Subpoena..."

Then, the three big families have issued orders to let the masters of the three big families not to leave the palace of Jiu Jue.

They are afraid, they can only shrink and shrink. As for revenge, it's okay, now it's important to keep your life.

...

Lu Ming They left the Jiu Jue Tian Wang Mansion and did not immediately return to Taixu Shengdu, but headed towards the Heiyu Gold Mine.

General Black Jade Army is not broad, and he was about to kill him.

Moreover, Lu Ming must first find out who instructed Bekuo to kill him behind his back.

Chapter 3289: The dragon was destroyed

After Lu Ming came to the Heiyu Gold Mine, he discovered an anomaly.

Don't miss it, it's another person sitting in the General Heiyujun Mansion.

Lu Ming took Ape Cong and others and directly restrained this person, forcing Bekuo's whereabouts.

This person was frightened and could only answer honestly.

It turned out that Bekuo had been transferred long ago. Since the last attack of the Holy Demon Emperor against the Black Jade Gold Mine, Bekuo and several of his lieutenants have been transferred.

As for where to transfer, it is unknown.

"It's foolproof!"

Lu Ming is also somewhat helpless.

Obviously, the other party was already prepared.

Lu Ming estimated that regardless of whether he died, Bie Kuo and several lieutenants will be transferred away, and may even be killed by the murder, so that no one will investigate from Bie Kuo.

The other clues were broken, Lu Ming could only take the ape to wait for others, and rushed to Taixu Shengdu.

With Lu Ming's current status, he brought hundreds of people into the Taixu Shengdu without any problem.

After taking the ape from others and entering the Taixu Holy City, Lu Ming took them to the place where the Lanshang lived and lived with the Lanshang.

It is relatively remote here, and at the same time there is a mutual concern with the blue business.

After the good apes settled in from them, Lu Ming went towards Taixu Royal Sanctuary, but Lu Ming returned to Taixu Royal Sanctuary and got a message.

The prince is holding a dragon feast and invited the top Tianjiao of the young generation of Shengdu to attend.

Qiuyue also went.

"Shenlong Banquet!"

Lu Ming was curious, grabbing a young man to ask, and the results after the inquiry made Lu Ming feel shocked.

The so-called Shenlong Banquet is a banquet held with Shenlong as a delicacy.

Eat Shenlong meat, drink the fine wine brewed by Shenlong blood, and enjoy Shenlong liver.

"How is it possible? The Shenlong family is one of the strongest races in the colossal universe. Would the Taixu Holy Dare do this?"

Lu Ming asked in shock.

The Shenlong family is extremely powerful. It is the pinnacle of existence in the vast vast universe and thousands of races. Its strength is extremely powerful and it is spread throughout the vast universe.

The Prince of the Taixu Holy Dynasty, dare to hold the Dragon Dragon Banquet in a fair and decent way, taking the Dragon as a delicacy, it is a bold courage. If it is known by the Dragons and the thunder rage is lowered, the Taixu Holy Dynasty will be flattened in an instant.

Although the Taixu dynasty is strong, it is too far away from the Shenlong clan standing at the peak of the Honghuang universe.

"One of the strongest races in the universe? Where did you come from?"

The young man looked at Landing Ming strangely.

"What do you mean?"

Lu Ming frowned.

"Shenlong is one of the strongest races in the universe, and it's all old yellow calendar. A long time ago, about a few dozen star years ago, the Shenlong family was destroyed, the ancestral star was defeated, and the strong dragon family is almost dead. Now."

"You must come from a very remote place, so don't you know?"

The young man looked at Landing suspiciously.

"Is there such a thing?"

Lu Ming was shocked.

However, everything he learned about the Shenlong family was learned by the Riot Galaxy. Since he left the Riot Galaxy, he has not deliberately understood the situation of the Shenlong family.

Unexpectedly, the Shenlong family was actually destroyed, even the ancestral stars were broken.

"Which forces shot the Shenlong family?"

Lu Ming asked again.

"I heard that they were joined by several other top races in the universe, and I also heard that the supreme Tiangong also shot!"

When it comes to the back, the youth's voice is much quieter, and it seems very scrupulous.

"Tian Gong!"

Lu Ming's eyes flashed, he felt that this matter was definitely not easy.

Several other pinnacle races, even Tiangong, took action, and there are many secrets in it.

Of course, Lu Ming understood that he could not intervene in the inside story.

He just sighed. He walked all the way and had a lot of friendship with the Dragon Clan. He also had Jiulong Jingxue on his body, and he also practiced the magic formula of the Dragon Dragon.

Unexpectedly, the incomparably strong clan of the dragon actually ended this way.

"The strongest of the Shenlong family is almost destroyed, the ancestral star is defeated, the status of the Shenlong family has dropped significantly, and it has become a small family in the universe. However, there are still a large number of Shenlong scattered throughout the universe. These The Shenlong has become the target of hunting by other races, treating it as a pet, slave, mount, and even as a gourmet!"

The young man went on to say that it seemed to sigh, too, that the dragon family that once dominated the universe actually ended this way.

Suddenly, Lu Ming thought that it was Nine Divine Dragons who helped Taixu Shenghuang pull the cart.

He was surprised at that time that the Shenlong family was the pinnacle race. The Taixu Holy Emperor dared to pull the cart with nine dragons. Are you afraid of being retaliated? Now that everything is understood, it turns out that the Shenlong family has fallen.

Today, the prince is holding a dragon feast to entertain you.

It is said that the Shenlong Banquet has been held several times.

"Qiuyue also went, then go and see!"

Lu Ming pondered, and then left the Taixu Royal Sanctuary.

The dragon feast was held in Qianqiu Garden.

Qianqiu Garden is a private courtyard of the prince. It covers a very large area and is huge. Naturally speaking, it also has a heavy formation method. Cultivation here is ten times better than cultivation outside.

In recent days, Qianqiuyuan is very lively, and a large number of Tianjiao have gathered.

On a wide open space, the prince sat in the top seat.

On both sides of the prince, there are two princes, as well as other princes, princesses, etc.

Below, are some of the top-level Tianjiao, such as some of the top-level Tianjiao of the Taixu Royal Sanctuary.

There are also those who joined the Taixu Royal Sanctuary, and the top 20 exist.

Emperor Jianyi, the Void Cliff, Chu Chengkong, Qian Shengxuan and others were all there.

Qiuyue is also in this column.

Below, it is the second-class arrogance.

On the whole, the most came from the last batch of Tianjiao who joined the Taixu Royal Sanctuary. The new ones, after all, still occupy a minority. They have not come too much, but there are also thousands of people.

The whole site has tens of thousands of people.

On the people's table, there were some delicacies and delicacies, but not many people moved, everyone was waiting for dragon meat and dragon wine.

"Shanglong Meat Dragon Wine!"

On the edge of the crown prince, everyone shouted.

Immediately, a large number of glamorous court ladies brought plates and jugs.

There was a burst of wine.

After opening the basin, there is a rich flavour of meat.

This is the fragrance of dragon meat, but it is supremely delicious.

The wine is also made with dragon blood and some rare gods, and it is also an excellent wine.

Someone has begun to swallow and the index finger is moving.

In the era when the dragon ruled the universe, dragon meat was a delicacy that few people could eat.

Once the news leaked, it would be madly retaliated against by the Dragon clan.

Even if someone eats it, it is sneaky.

Where can you be as bright as you are now, and enjoy it as much as you like.

Chapter 3290: Qiuyue anger

"You guys, please!"

The prince picked up the glass and shouted.

"please!"

Others picked up the wine glasses and drank them.

"Good wine, really good wine!"

"Supreme Sauce Stuffed!"

Many people sighed, with a look of intoxication, and their bodies burst out with light and spirit.

The fine wine brewed with dragon's blood contains rich essence. After drinking, it will be helpful for cultivation.

Many people can't help but start to grab the dragon meat and eat it fast, enjoying eating with pleasure.

The scene was very lively. Everyone communicated with each other, chatting and drinking.

Qiuyue sat on a table with a woman, frowning.

To be honest, she doesn't like this kind of occasion very much. If the woman on the edge invites her to come, she doesn't want to come.

The woman on the side, who is also a group of newly joined students, looks like he was only 18 or 9 years old, and met with Qiuyue in the performance of his task.

"Sister Qiuyue, why don't you eat?"

Mo Ning tucked a piece of dragon meat into his mouth and looked at Qiuyue curiously.

"I have no appetite, you eat it!"

Qiuyue Road.

At this moment, a figure, carrying a wine glass, walked towards this side.

"Qiuyue, come on, I respect you!"

A young man in black robe holding a glass of wine.

"Don't drink!"

Qiuyue said lightly, his face was cold, and he didn't give any face.

The young man's face stiffened a little, and he was a little embarrassed.

"Miss Qiuyue, I have a good toast and give a face!"

The youth said again.

"roll!"

Qiuyue cold drink.

The young man's face stiffened, and finally turned away with a somber face.

"Hey, Liu Xu, you want to soak others, but others are Lu Ming's women!"

A cold and quiet voice sounded.

Qiuyue's gaze forgot, and saw a few young men in black robes.

It is easy to recognize that these people are the arrogance of the Nine Serenity Palace.

One of them, Qiuyue knew, was the same group of Tianjiao Youxing who challenged Lu Ming and was defeated by Lu Ming.

Others are the old students of the previous batch.

What you said just now is You Xing.

"Lu Ming's woman? I heard that Lu Ming was attacked by the remnants of the previous dynasty when she last performed her mission, and she has fallen. She is now alone!"

Another young man from the Nine Nether Heavens Palace laughed.

"Oh, that's what it is, that's right, Qiuyue, my cousin Youtian, the top Tianjiao among the last batch of students, he is very interested in you, otherwise how about you and my cousin being a companion?"

Youxing smiled and pointed to a young man with a crooked nose beside him.

"Nonsense, my young master will be fine!"

Qiuyue's complexion was extremely ugly.

"It's okay? Ha ha, was besieged by the remnants of the previous dynasty. Even if it is a high-level **** king in the Black Cloud Army, even the **** king has died in battle, would he not die? If not, how could it disappear for so many years? Don't be hopeful if you show up, my cousin looks good on you, doesn't care if you are second-hand, you should feel lucky!"

You Xing sneered, this can be said to be extremely unpleasant.

Qiuyueqi shivered all over, she was not good at words, and naturally could not compete with others.

"Haha, what a coincidence. My son Chu Chengkong is also very interested in Qiuyue girl. Why not just follow my family and become an empty son!"

At this time, a young man from the Ares family also laughed, and it was Chu Chengkong sitting beside him.

"My son Wufan is the son of the master of the country, and is also interested in Qiuyue girl. Qiuyue girl, how about following my son Wufan?"

On the edge of Wu Fan, a young man laughed.

Qiuyue had a small face, flushing red.

This is Chiguo's insult.

The prince, the second prince, and others, just drinking wine casually and watching with interest, did not stop it.

"You...you...shameless!"

On the other side, Mo Ning couldn't stand it any longer, glaring at Wu Fan, Chu Chengkong, Youxing and others.

"Bold, dare to talk to Master Wu Fan this way, what are you, palm!"

On Wu Fan's side, the young man just drank coldly, and then his body flashed like a flash of lightning, sprinting towards Mo Ning, and slap him towards Mo Ning.

This young man is so strong that Mo Ning can't avoid it.

Seeing that the slap would be slapped on Mo Ning's small face, a lush white jade hand, grabbed the young man's wrist, and then shook.

Click!

Along with a scream, the young man's arm broke, and his body hit the ground fiercely.

All over Qianqiu Garden, a large formation was set up, and the ground was extremely hard.

The young man hit the ground heavily, then bounced and spurted blood.

"Ah, you dare to deal with me..."

The young man screamed while spurting blood.

However, his words were not finished yet, Qiuyue slaps in his face, the young man continued to scream and flew directly to Wu Fan's table.

The person hadn't arrived yet, blood mixed with teeth hurricane.

On Wu Fan's side, a young man flew out to catch the previous young man.

I saw this person's face swollen like a pig's head, his teeth were flying, and his body was twitching.

"You are bold and dare to fight the arrogance of our division!"

The young man shouted.

This young man is the last batch of students, and he is very strong.

But Qiuyue ignored him directly, slowly got up, and looked at him like Jiuyou Tianwang Mansion and the God of War family. He said coldly, "I just let him speak twenty times, I can let him go, Otherwise, I will abolish him!"

The voice was extremely cold, showing where Qiuyue was angry.

"Self-mouthing? Abolished? Ha ha ha, a big breath!"

A young, cold and quiet way in the Nine Nether Heavenly King's Mansion.

"I will take you down first and take it back to Guoshi Mansion for disposal!"

The young man in Guoshifu angered, his body burst out, and he rushed towards Qiuyue, and his strong energy rolled down towards Qiuyue.

Those who can come here to participate in the Shenlong feast are all Tianjiao.

This man's cultivation reached the fourfold of the King of God, and the original divine power factor, awakened twice, as soon as he shot, the Thunder's offensive broke out.

However, Qiuyue's face was indifferent, and her jade hands were like swords.

Poof!

With just one blow, the attack on the youth of Guoshifu was defeated, and the jade hand was like a sword, cutting off one arm of the youth of Guoshifu.

Then, Qiuyue followed up step by step, shot with a palm, bombarded on this person's chest, this person screamed, his body flew out, fell on the ground and vomited blood, his body was almost penetrated.

The scene was suddenly quiet, a little shocked.

A **** king is fourfold, awakened Tianjiao twice, and was easily killed by Qiuyue.

Obviously, entering the Taixu Royal Sanctuary, Qiuyue made too much progress.

"It seems that you are not ready to slap your lips, then I will come!"

Qiuyue froze his face, stepped out, and first walked toward the people of the Nine Serenity Palace.

"It's such a big tone, I'll meet you later!"

You Xing said indifferently, her figure flashed and rushed towards Qiuyue.
