

D Emperor 3291

Chapter 3291: Never let go

The crowd looked around and looked at a handsome young man. Many people recognized that this person was the son of the Taixu Shengfu Taifu.

In the Taixu dynasty, although the state teachers had great power, the power was poured into the dynasty.

However, it is not that no one can contend. Today's Taifu is the rival of the state teacher.

And everyone knows that Taifu is the second prince.

The National Teacher is on the Prince's side.

The son of Taifu is naturally not afraid of Wu Fan.

He also helped Lu Ming point out the person who just started.

"Very well, you all have to die!"

Lu Ming spoke indifferently, and his voice was extremely cold.

bump!

Like a wild beast, Lu Ming rushed towards Wu Fan.

"Son, retreat, let's block him!"

Wu Fan yelled at one of his men, causing Wu Fan to retreat, and then, Tianjiao, who followed Wu Fan, killed Lu Ming one after another.

A total of three people who shot against Qiuyue just joined forces to fight against Lu Ming.

At the same time, the Lan Jia's first day pride also shot, attacking Lu Ming from the side.

The Tianjiao of the Lan family is very strong. The cultivation practice of the six kings of the gods, awakened the original secret technique, is the strongest shot against Qiuyue just now. And it's vicious and vicious, one shot is the original secret technique, and it will kill you!

However, Lu Ming will let him succeed.

The Gate of Domination emerged, exuding terror.

boom!

The Gate of Domination collided with the Lanjia's first day arrogance of the original mystery, and a roar of shock broke out. Then, the Lanjia's first day arrogant body thundered and retreated backward.

"how is this possible?"

Many people were shocked.

The first arrogance of the Lan family, called Lan Bo, is the six kings of the gods, awakening the original secret technique, and its strength is extremely powerful.

But now, in the confrontation with Lu Ming, he was directly blasted and completely lost, how is this possible?

"It's terrifying, Lu Ming's cultivation behavior has also reached the fourfold of King Shen!"

"It's really terrible. When he was convened at the Taixu Royal Sanctuary, he was one of the most important talents, and now he has broken through to the fourth prince, which is faster than Qiuyue!"

"Abnormal!"

Many people marveled.

Amazed by everyone, Lu Ming did not stop attacking.

After repelling Lanbo, Lu Ming appeared in the hands of Ba Shen Gun.

"Long shots!"

With the wave of the Ba Shen gun, a long river appeared, enveloping several Tianjiaos in the Guoshi Mansion, and the endless guns in the long river launched a fierce attack on them.

Puff puff!

The three arrogances of the Guoshi Mansion were broken through the defense, and blood holes appeared in the body.

Among them, there are two **** kings with six layers, but they did not awaken the arrogance of the original secret technique, and their bodies fell like horse honeycombs.

This scene made Chu Chengkong, the people of the God of War family, look extremely gloomy.

Lu Ming's use is the awesomeness of the Ares family, but its power is stronger than that of the Ares family.

Lu Ming burst into the shape, and the Ba Shen Gun swept out continuously.

bump!

The last Tianjiao in Guoshi Mansion was also exploded with a single shot.

A Tianjiao, who had awakened the original secret technique, was killed.

After killing this person, Lu Ming performed the nine-day Kunpeng technique, flashing his figure and slaying towards Lanbo.

"World Kendo!"

Lan Bo shouted, the original secret technique was put into full play, thousands of sword shadows, covered to the landing Ming, to kill Lu Ming.

However, Lu Ming opened the door to dominate. Under the shock, the complete sword shadow dissipated, and Lu Ming continued to slay towards Lanbo.

Although Lan Boxiu was stronger, he faced Lu Ming and lost.

Lu Ming's two kinds of primitive mysteries are continuously used and used alternately, which is powerful and terrifying.

With few moves, Lan Bo lost his head and was hit in the shoulder by the door of the ruler. His body retreated and he coughed up blood.

"God of War, Dominate the Door!"

Lu Ming shouted and performed his tricks continuously.

A huge **** of war emerged, riding on the warhorse, and launched a charge towards Lanbo.

Lan Bo snorted, his body retreated, almost torn.

And then, the door of **** continued to suppress.

Lan Bo snarled, coughing up blood and fighting, and a screaming sword rushed into the sky, trying to block the door of the ruler.

However, a spear, as fast as lightning, penetrated his body, he no longer had the power to fight against the door of the ruler, and the door of the ruler suppressed and fell on the head of Lan Bo.

Lan Bo burst into the air.

The Lan family fell proud on the first day.

In the crowd, Lan Feng's face was pale.

At this point, all the people who just worked on Qiuyue were killed.

However, Lu Ming continued to kill Wu Fan.

Wu Fan, who is the ambassador of the Lord, how can he not die?

"enough!"

At this moment, a majestic and overbearing voice sounded.

Prince, finally could not help but speak.

It's okay if the others die, but Wu Fan can't die.

Wu Fan is the only son of Guo Shi, and Guo Shi is his own.

If he watched Wu Fan killed, there would definitely be a problem with the relationship between the State Master and him.

The crown prince spoke, Wu Fan ecstatic, and Lu Ming's figure, a slight meal.

"Wu Fan is the person who ordered, must die!"

Lu Ming spoke coldly, making many people jump in their hearts, Lu Ming, this is a blatantly rebellious prince.

The prince's face sank immediately.

In the Taixu dynasty, the prince's authority is extremely heavy, but the future prince.

Moreover, he has been in the position of the prince for countless years, not to mention anything else, just to mention cultivation, the prince is already the pinnacle of the Taixu dynasty, and on weekdays, there is no How many people dare to disobey the meaning of the prince.

But now, Lu Ming, a junior, dare to rebel against the meaning of the prince, which made the prince's eyes flashed a chance.

"Although he spoke just now, he didn't do it. Lu Ming, just accept it when he's done. The people who just did it have already been killed by you!"

In the end, the prince said.

"In my opinion, speaking is the same as doing it!"

Lu Ming still shook his head and stepped out, he was going to kill Wu Fan.

He did not believe that the prince would shoot him.

The prince, is not a younger generation, but the same generation as Jing Yu. So far, he has lived for nearly a stellar year.

His cultivation behavior has long been unfathomable. Naturally, it is impossible for him to surrender his identity and shoot Lu Ming.

"Bold, dare to rebel against the prince, do not be rebellious, the prince is kind, do not care about you, I will teach you the prince!"

With a cold drink, a figure rushed to Lu Ming at an alarming speed.

The man hasn't arrived yet. The terrible energy has locked Lu Ming and blasted to the landing.

Buzz!

Lu Ming's spear swept, and the Ba Shen spear swept back.

boom!

The Ba Shen Gun collided with a palm print of that figure, and a terrible explosion erupted, full of vitality, and Lu Ming's figure retreated slightly.

And that figure also fell to the ground.

"It's Miao Xin!"

Someone whispered and recognized the young man who shot Lu Ming.

Through the discussion of others, Lu Ming knew that this Miao Xin was the top Tianjiao among the previous batch of students, ranking 20th among the previous batch of students.

Chapter 3292: Rebellious

Miao Xin, at the time of the last Taixu Royal Sanctuary, was ranked 20th. It can be said that it was the top arrogance. Later he turned to the prince, and now it is very terrible to cultivate.

"Kneel down for me and admit the mistake to the prince!"

Miao Xin drank coldly, slammed his hand toward the landing, and every time he slammed out, a golden mountain emerged, suppressing toward the landing.

Every **** mountain weighs hundreds of millions of kilograms, and the pressed void explodes continuously.

"Seven Kings of God!"

Lu Ming's eyes deepened.

Miao Xin's cultivation practice has actually reached the seventh level of the Divine King and stepped into the ranks of high-level Divine Kings.

This is not an ordinary God King Sevenfold, but a top-level Tianjiao.

The seven supernatural powers of the Divine King are too strong. With the terrible secret technique, the power is terrifying.

"Ancient God Skill!"

Lu Ming shouted and displayed the ancient **** tactics, his body exploded and turned into an ancient **** of green armor.

Then, grasping the door of the dominator in one hand and holding the arrogant gun in the other, striking continuously.

Boom!

The gate of domination, the Ba Shen Gun, constantly collided with those Jincan God Mountain. In this area, a big earthquake occurred.

At this moment, the entire Qianqiu Garden is full of brilliance and endless runes permeate, forming a large array to protect this area.

Otherwise, the area would have collapsed long ago.

The two fought fiercely, fighting dozens of moves in a blink of an eye.

For a time, neither of them scored the winner.

This is shocking, Miao Xin, but the seven kings of Divine King's cultivation behavior, stepped into the high-level Divine King, and himself, he is also the last batch of top-ranking Tianjiao ranked 20th, after so many years of practice, he has not won Lu Ming.

Miao Xin himself, his face very gloomy, his eyes constantly filled with terrifying murderous opportunities.

He surrendered to the prince. At this time, he fought for the prince. He couldn't take Lu Ming, should he be scorned by the prince?

Thinking of this, Miao Xin couldn't help but hide himself, he yelled angrily: "Li Jinshan!"

Endless divine power converged, a shining golden mountain appeared above Miao Xin's head.

This big mountain is full of the ancient atmosphere of the wilderness. At the top of the mountain, there seems to be a figure sitting cross-legged, exuding murderous opportunities.

This is Miao Xin's original secret technique!

boom!

The Golden God Mountain shook, turned into a huge giant, and came down to suppress the road. A big explosion occurred in this void, which turned into a destructive force, and drove towards the landing.

Lu Ming's face dignified.

boom!

At the next moment, Lu Ming's body, a more intense ancient breath, burst out.

At this moment, the second prince, prince and others suddenly stood up from their seats with a deep shock on their faces.

"Origin Divine Factor, three awakenings!"

The second prince murmured and his eyes flickered.

"What? Three awakenings of the original divine power factor!"

Countless people on the scene exclaimed, it was incredible.

Three awakenings, actually three awakenings!

Three awakenings are much harder than the second awakening.

As a top-level arrogant, there are many people who awaken twice, but those who awaken three times are few and far between.

So many people who shot before, whether it's the first blue pride of the Lan family, or the current Miao Xin, are the second awakening.

And Lu Ming, Xiu Wei is just the triple king of God, but has achieved three awakenings, which is really amazing.

Lu Ming had shot before and had not used three awakenings. At this time, he used it to let the Gate of Domination radiate a more terrifying glory.

The Gate of Domination zoomed in and slammed towards Miao Xin's gilded mountain.

boom!

Two behemoths collided in the sky, like two planets colliding together.

The dull explosion sound came out, and the terrifying shock wave was scattered in all directions.

The shock wave impact on the ground, or on the building, was canceled by the runes here, but there are still many shock waves that are rushing towards the youth pride present.

Few people can stop such a terrible shock wave.

At this moment, the prince waved his hand, an invisible force, covering the sky above everyone, a powerful shock wave, when it hit the sky above him, it was canceled silently, and no fluctuations were emitted.

Many people breathed a sigh of relief and continued to watch the war.

The Gate of Domination, and Jin Jinshan shook violently, and then flew backwards.

"Suppression!"

Miao Xin shouted again, and Jin Jinshan once again suppressed the landing.

At the top of the mountain, the sitting figure seemed to have opened its eyes, and a more terrifying wave emerged.

It has to be said that Miao Xin is very strong, and his original secret technique is not trivial. There is a humanoid sitting on the top of the mountain. Lu Ming encountered this original secret technique for the first time.

Lu Ming fully controlled the Gate of Domination. The three-awakened original divine power factor made the Gate of Domination more terrifying. This is also Lu Ming's capital against Miao Xin.

boom!

The two sides collided for the second time, and the fluctuations caused this time were even more dramatic.

At the same time, Lu Ming held a Ba Shen gun and killed Miao Xin.

The Ba Shen Gun is a stone, filled with the breath of years. Under the infusion of Lu Ming's divine power, it suddenly becomes larger, like a pillar of Qingtian, pressing against Miao Xin.

Lu Ming didn't show the original mysteries of other divine powers, but it's better to keep some cards. Moreover, two kinds of divine power, two kinds of original mysteries, are scary enough. It is scary to show more original mysteries. .

Miao Xin's face changed, very dignified.

He does not have two kinds of source secrets, he can only use other means to fight.

"Give me!"

Miao Xin shouted angrily. The humanoid creature above the gilt mountain burst into a bright radiance in his eyes, and actually burst out two golden divine lights, killing Lu Ming.

The golden magic light bombarded the Ba Shen Gun, causing the Ba Shen Gun to shake violently.

The two engaged in a fierce fight, constantly colliding, and in a flash, dozens of fights.

Within dozens of moves, neither of them scored the winner.

"All right!"

At this time, the prince spoke again, a strong breath, and rushed towards Landing Ming and Miao Xin.

The crown prince was unfathomable, and as a result of the prince's breath, both Lu Ming and Miao Xin were violently shocked and retreated.

Lu Ming's eyes were solemn and he was staring at the prince.

If the prince shot, he could not have a chance.

"Lu Ming, today is a dragon feast. If you want to kill and kill, the prince welcomes you if you want to stay and drink a cup of dragon wine. If you want to leave, the prince will not stop you, but today's things stop here! "

The crown prince spoke, clanging powerfully, full of powerful oppression.

The meaning is obvious, if Lu Ming wants to continue to do so, he will intervene.

Lu Ming glanced at Wu Fan and knew that Wu Fan could not be killed today.

"That's it, leave!"

Lu Ming clenched his fists, then turned and walked away, disappeared without a trace.

"Prince, this man is reckless and rude to the prince, why not take him down and punish him heavily!"

On the edge of the prince, a young man said coldly.

Chapter 3293: Conspiracy by all parties

"Young man, talent is high, and arrogance is inevitable, let him go, hone more, the character will naturally converge!"

The prince waved his hand lightly.

"The crown prince is generous and admires. It is an honor for him to serve the prince!"

On the edge, the corner of the second prince's mouth showed a disdainful smile.

The prince said so, that he wanted to buy the hearts of the people and reflect his generosity, so that more Tianjiao could trust him.

He knew the prince's method well, and he was extremely fierce.

"Shenlong Banquet, continue!"

The prince instructed, and then sat down, picked up a glass of wine and drank it, and at the same time, deep in his eyes flashed a deep murderous chance.

.....

After Lu Ming left Qianqiu Garden, he took out the jade symbol of Chuanyin and sent a message to Qiuyue.

Soon after, Qiuyue's figure came.

"Master, I know you are fine!"

Qiuyue threw herself in Lu Ming's arms, tears swirling.

Although she said Lu Ming would be fine, she was still worried.

Now seeing Lu Ming coming back, weeping with joy.

"Fool, how can I have something to do, sir? It's just been closed in a place for hundreds of years!"

Lu Ming patted Qiuyue's head softly.

Then the two returned to Taixu Royal Sanctuary together.

After returning to the Taixu Royal Sanctuary, the two discussed in detail their experiences over the years, and had a bit of warmth.

A few days later, Lu Ming and Qiuyue went to those holy places to practice again. This time, the two came to the Yinyangyangpan.

Yin-Yang grinding disc can temper divine body and divine power, and Lu Mingxiang cultivates the demon golden body with this.

Although Lu Ming's current cultivation practice has reached the fourfold of the King of Gods, and has reached the preliminary standards of the Kaifu Li clan, Lu Ming still has one big thing to do.

That is the opening of the original idol.

The original idol is not open, even if you go to Kaifu, it is useless, and no one will turn to it.

According to Lan Shang, it will not take long for the Taixu pilgrimage to open a path to a broken universe in which the primitive gods can be opened.

It was specially prepared for the Kaifu people, and now Lu Ming has to wait.

Coming to the Yin-Yang grinding plate, Lu Ming did not hesitate and rushed directly into the Yin-Yang grinding plate. The terrible crushing force immediately acted on Lu Ming.

However, Lu Ming's current body is not as many times stronger than before. The Heavenly Demon Golden Body is running to resist the power of crushing.

Lu Ming, much easier than before.

As time goes by, under the tempering of the Yin and Yang grinding discs, the demon golden body is slowly ascending, and the divine power is also slowly tempered.

Time rushed, and more than thirty years passed.

On this day, Lu Ming's body, the identity token representing Taixu Royal Sanctuary, lit up.

This token was refined by mysterious means, not only recorded all the information of Lu Ming, but also had the function of transmitting sound.

Now, it is the senior executive of Taixu Royal Sanctuary, giving him a voice.

Lu Ming took it out and his eyes lit up.

"Are you finally going to start?"

Lu Ming whispered.

The news of Chuanyin is to prepare the people who have the Kaifu token. Five years later, they will enter the broken universe and illuminate the original idol.

The reason for the five-year notice in advance is that entering the broken universe also requires conditions.

First, a primitive idol is needed, otherwise, even if you enter, it is useless.

However, many great forces are equipped with primitive idols, and the arrogance of the great forces does not need to worry.

Another one is that the broken universe is very dangerous and requires expert guidance.

The Taixu Royal Sanctuary has rules. Every arrogance entering the broken universe can be accompanied by thirty-six people, and these thirty-six people must be below the Divine Monarch Realm.

This is also for fairness.

"Thirty-six people accompanied, just right!"

Lu Ming smiled slightly. This time, there were strong men under the three hundred **** kings who accompanied him out of the apes warfare tribe, and the lowest ones were the seven kings of the **** king.

He can choose at will.

It is a pity that Qiuyue does not have an original idol.

Qiuyue also has the Kaifu token, and you cannot enter without the original idol.

"It's okay, young master. I'll be by your side anyway. It's enough to have you open the house alone. I will sell this piece of the house token!"

Qiuyue smiled.

In the end, they decided that Qiuyue's Kaifu token would be sold out.

At this moment, the news about going into the broken universe has slowly spread, and for a time the wind and the clouds have risen.

Because, it is not only the top ten convened by the Taixu Royal Sanctuary, but also the last batch of some arrogance. You can also get the Kaifu token by completing tasks, accumulating credit, and so on.

Therefore, there are not many people who want to enter the broken universe this time.

These people have begun to prepare and mobilize masters.

A few days later, Qiuyue released the news that the Kaifu tokens would be auctioned. As soon as the news came out, the city shook.

The Kaifu token is very precious. It is a self-sustaining portal. It is an opportunity for rapid development. I want to get countless days of dreaming.

Now, Qiuyue is actually going to come out for auction, naturally arousing a lot of people and attracting a lot of arrogance.

This auction was very successful. In the end, the token was sold and sold at a high price.

Qiuyue used this to exchange a bunch of treasures, among them the most cold treasures, to Lu Ming.

Lu Ming naturally accepted it with impunity.

After that, Lu Ming waited quietly until he entered the broken universe.

However, some people have begun to conspire against Lu Ming.

"Most Lu Ming will also enter the broken universe, this time, kill him in the broken universe!"

In the Prince's Mansion, a cold voice came out.

Guoshifu!

"This time, to bring thirty-six strong men into the broken universe, there is no master around Lu Ming, this time, he must be killed!"

Wu Fan growled, revealing Sen Leng's intention to kill.

At the Dragon's Banquet, Guo Shi Mansion was killed by Lu Ming for so many days. That was all the efforts of the Guo Shi Mansion to dig it up, but it was so dead, and the loss was extremely heavy.

Even, he almost died in Lu Ming's hands, and Lu Ming was chased and fled.

Twice and twice these two, he can't wait to kill Lu Ming.

This time it is a good opportunity to enter the broken universe, and can bring in 36 strong men under the gods, and as far as he knows, there is no master behind Lu Ming. Those who have only been killed.

At the same time, the God of War family is also discussing things.

"This time, Nine Swords Heavenly Palace will fully support us, enough to gather thirty-six top masters, and enter the broken universe with you!"

An old man from the God of War family confided to Chu.

"Very well, this time, I want Lu Ming to die in the broken universe!"

Chu Chengkong said coldly, his eyes very cold.

Chapter 3294: Broken universe

The cold light flashed in Chu Chengkong's eyes. Lu Ming's strength shocked him. He had to kill Lu Ming as soon as possible.

"Yes, I guess Jiu Jue Tian Wang Fu, will do his best to support Lu Ming, send experts to help him, can not let him do what he wants!"

Then Chu Chengkong said again.

"At this point, you can rest assured that the Nine Sword Heavenly King has begun to move, sending the strong to oppress the Nine Heavenly King's Mansion. Not only that, the Nine Nether Heavenly King's Mansion also sent masters to help the Nine Sword Heavenly King's Mansion and killed the Nine Sword Heavenly Mansion. The border has put pressure on the family of Jiu Jue's King's Mansion. Now, Jiu Jue's own king is burnt, how can there be any extra strong, support Lu Ming!

An old man smiled, a pair of wisdom beads were holding.

"That's good!"

Chu Chengkong sneered.

All parties are preparing and time is running out quickly.

A few years later.

On this day, an old man found Lu Ming, and Lu Ming recognized that it was the cronies of Jiu Jue Tian Wang.

"What's the matter with the senior looking for me?"

Lu Ming asked.

"Lu Ming, you will soon enter the ruined universe. The ruined universe is very dangerous. You must be accompanied by a strong man. Originally, Lord Tian will send 36 strong men to assist you, but during this time, the Nine Sword Heavenly King, Suddenly the army is under pressure, and even with the help of the strongman of the Nine Nether Heavenly King's Mansion, the Nine Nine Heavenly King's Mansion is under a lot of pressure, and he can't send a master. The Lord of the King sent me to apologize to you..."

The old man said, a little embarrassed.

"Oh?"

Lu Ming nodded, his thoughts changed sharply, and he thought a lot.

At this time, the Master of the Nine Sword Heavenly King and the Master of the Nine Nether Heavenly King's Mansion suddenly killed the King of the Nine Swords and put pressure on the King of the Nine Swords. Obviously, the purpose was to prevent the King of Swords from sending masters to help Lu Naruto.

Needless to know, they want to destroy Lu Ming in the broken universe.

"Then the broken universe, have fun with you!"

Lu Ming's eyes flashed a murderous chance.

Those people thought that there would be no masters around him and they would be wrong.

He will surprise these people.

"Lu Ming, Lord Tian is sorry, he suggested that you do not need to take this risk..."

The old man said, obviously, he wanted to persuade Lu Ming to give up entering the broken universe.

Lu Ming is strong, but in the face of those old guys who have cultivated endless years, they are definitely invincible.

"Seniors thank me Master Tian for me. The juniors know how to do it and will not take risks easily!"

Lu Ming said.

"That's good!"

The old man nodded and then left.

Lu Ming sneered in the corner of his mouth, and then continued to practice.

In a blink of an eye, it was time to enter the broken universe.

On this day, in a square in front of the imperial palace of the Taixu dynasty, people kept coming out of the sky.

It's all the arrogance that came into the broken universe.

Emperor Jianyi, with thirty-six strong men, came here.

Behind Emperor Sword One is the Emperor's Mansion of the Great Zhou Dynasty. Emperor Sword One is so proud of itself.

Qian Shengxuan, Chu Chengkong and others were here.

Wu Fan also came.

In fact, Wu Fan did not enter the top ten last time, and naturally there was no Kaifu token. However, one of the arrogance of Guoshifu was the last batch of students who accumulated credit and obtained the Kaifu token. This order The card was given to Wu Fan.

"Lu Ming is here!"

Someone whispered.

Wu Fan, Chu Chengkong and others looked at him.

Lu Ming, with thirty-six strong apes of the apes fighting, came from the sky.

Thirty-six wicked ape warriors, wrapped in black robes, shrouded their physical appearances in black cards, and through special means, converged their breath, unless it is more than a lot of cultivation, otherwise it is difficult to find their cultivation.

"Lu Ming, it's really here!"

"He dare to come, very good!"

Wu Fan, Chu Chengkong, and others whispered, and the murderous eyes were great.

They originally thought Lu Ming dared not come.

Later, they began to look at the thirty-six Winged Apes Warfare who followed Lu Ming.

"Huh, I thought it would be useful to find 36 people in there casually?"

Wu Fan sneered in his heart.

This time, the people in the major arrogances are all carefully selected masters, but it is not comparable to just finding a few people.

"A lot of people!"

Lu Ming also looked around.

He found that when the Taixu Royal Sanctuary was convened, the top ten, except Qiuyue, came.

Emperor Jianyi, the Void Cliff, Chu Chengkong, Qian Shengxuan, Ye Zhifan, water flow marks, Miao Xue, Sui Hanqiu.

Everyone brought thirty-six masters.

In addition to these people, there are more than ten young people.

These more than ten young people are the last batch of students. Through long-term efforts, they have also obtained the Kaifu brand, and even got the original idol, and are qualified to enter the broken universe.

These people are almost all arrogances of all major forces.

For example, some people surrender to the prince, some people surrender to the second prince, etc.

boom!

Suddenly, several powerful breaths filled down. In the Taixu Palace, several figures flew out and stood in the air.

These people are all strong men of the Taixu Holy pilgrimage.

"You guys, come with us!"

An old man ordered, and then flew in one direction.

The crowd followed.

Soon after, came to a secret place.

This place is heavily defended. Several old men took them through the heavy defense and came to a core place.

In this core place, there is a huge vortex, which is constantly spinning.

"This is the entrance to the broken universe. I believe you have a little understanding of the broken universe. After entering, you only have ten years!"

"Remember, where you go in, you must mark it. Remember, ten years later, you have to go back to the place you entered, so that you can be sent out, otherwise, you will stay inside, remember !"

An old man warned.

"One more thing, the broken universe is very vast. After you enter, you will be teleported to different regions. You want to teleport to a region. Or, you have to connect with each other divinely. In this way, after you enter, you will appear in the same area. An area!"

Another old man said.

Lu Ming and others nodded, ruining the universe and opening it every once in a while. They already knew this knowledge.

"lets go!"

An old man ordered.

"go!"

Immediately, a young man, with thirty-six strong men, rushed into the whirlpool.

After rushing into the vortex, they are palm-to-palm, connected by divine power, so that after they enter, they will not spread out.

Buzz!

The vortex shuddered, and the young man, and the thirty-six strong men, disappeared into the vortex.

"set off!"

Then, other people went up, and each group of people was connected with each other by divine power. After entering, they could appear in the same area.

Someone kept going up, and soon, the last batch of more than a dozen people, with the strong ones, disappeared into the vortex.

Chapter 3295: Spirit Factor

Wu Fan, Chu Chengkong and others looked at Lu Ming as if they were waiting for Landing to advance.

"Oh, are you afraid that I will retreat? Then as you wish!"

Lu Ming smiled, and then took the thirty-six masters of the Nether Ape War Clan and flew into the whirlpool.

They are also palm-to-palm, connected to each other and connected together.

Then, a force enveloped them all, and the next moment, Lu Ming and others disappeared from the vortex.

"Very good, really entered, this time, solve you completely!"

Wu Fan sneered, and immediately took the strong man under him, followed into the vortex.

Subsequently, others stepped in.

Lu Ming entered the vortex, and a feeling of passing through the void came. I don't know how long after that, the next moment, they appeared in a void.

Icy, desolate, dark!

This is Lu Ming's first reaction.

He looked around and looked carefully.

He stood in a cosmic starry sky, thirty-six tribes of apes, near him.

At this moment, they all came to Lu Ming and came to Lu Ming.

Not far behind them, there were seven huge meteorites suspended, motionless.

And farther away, there was a dim starlight, besides, it was dark.

"According to the rules, generally just sent into the broken universe, it will appear on the edge of the universe. The edge of the universe has long been explored by people. There is no **** factor that can open the original **** statue!"

Lu Ming thought.

If you want the original idol to light up and create a mysterious function, you must absorb the **** factor.

The so-called deity factor is a factor contained in the original deity.

The broken universe is an ancient battlefield. I don't know the reason. Many primitive gods died in battle here.

Although the endless years have passed, the debris, corpses, bones, flesh, etc. left by the original gods will all have **** factors.

The purpose of their entry is to allow the primitive gods to absorb the **** factors, thereby switching and inspiring mysterious functions.

And the edge of the broken universe has been explored by countless people for so many years, and the **** factor has also been absorbed.

Now, if you want to absorb a lot of spiritual factors, you must go to the core of the broken universe.

In the core, there are many places that have not been explored, and there may be a large number of **** factors.

However, the core place will undoubtedly become more dangerous.

"We are sitting down on these meteorites and marking!"

Lu Ming ordered.

Ten years later, they have to return to this place before they can go out, so they have to be marked.

"Yes, Zhanzu!"

Several powerful apes of the apes warfare immediately started, marking the seven meteorites.

Even just in case, there are still marks left in the nearby starry sky.

After being marked, they headed deep into the broken universe.

Thirty-six strong apes of the Winged Ape Warrior protect Lu Ming in the middle.

Their speed, they dare not put it fast, because this is a broken universe, very dangerous.

In the first few days, they were calm and calm, and they did not encounter any danger.

However, after ten days...

Huh...

In the starry sky, there is a violent wind, and in front, there are several huge and endless tornadoes that sweep the starry sky.

Yes, a few tornadoes appeared in the starry sky. It was too big. Lu Ming looked at a star with his eyes open and was swept in by the tornado. The scene was terrifying.

"It's a starry sky storm, leave!"

A wretched ape warrior exclaimed, they landed, and left the place quickly, flying a long distance, and they were relieved when they could not see the tornado.

This ruined universe has long been destroyed, almost no aura and spirits exist, and it is completely dry.

There is no planet, there is no vitality for those who can breed souls.

There was a terrible war here before the endless years. After the war, some terrible visions also appeared.

If that kind of tornado is called a cosmic storm, even if it is involved, even the gods are dangerous, not to mention them.

After avoiding the cosmic storm, they were more careful and slowed down a bit.

But a few days later, they saw another amazing scene.

A huge crack, traversing the universe.

This is a huge big crack in space. Around the big crack in space, there is a terrifying force of devouring. Lu Ming saw some meteorites flying over there and was directly swallowed by the big crack in space.

It is said that this was the horrible strongman left in the original battle.

One move splits the universe, leaving a big crack, even though the endless years have passed, the big crack is still there.

You know, the universe itself has a repair function. Many powerful people split the space, but it will automatically recover in a moment. For example, a punch in the water can form a pit, but the current itself will soon recover.

The same is true for space!

But this terrible big crack is said to have penetrated different dimensions and formed a terrifying engulfing force. Once there was a strong man who came in and accidentally approached the big crack and was directly devoured.

It is said that the broken universe and the cosmic black hole are more terrible than this big crack.

They were careful to avoid large cracks and walked around.

Next, they encountered several terrible visions. Fortunately, they all found them far away and avoided them early.

Two months later, they had flown for some unknown distance.

"Where... is it a star?"

Suddenly, a Winged Ape Warrior whispered.

In the starry sky ahead, there is a huge star suspended, but this star is very strange, like a palm, it looks like a palm of a giant beast from a distance.

"Is this some kind of primitive **** palm formed?"

Lu Ming moved.

If this is the case, there may be a strong spiritual factor.

They converged and flew carefully towards this star.

This star is very huge, not smaller than the life planet outside. The strange thing is that there are countless caves on it, like honeycombs.

Lu Ming, they landed on the ground.

"Zhan Zu, you take out the original idol and see if there is a **** factor!"

An elderly warrior of the apes suggested.

"It is good!"

Lu Ming nodded, then took out the original idol.

After the original idol was taken out, there was no response at all.

"It seems that there is no spiritual factor here, and the people who came before absorbed the light!"

Lu Ming said.

If there is a deity factor, the original idol, there will definitely be a response.

Because the primitive gods are also made from the bones of primitive gods through special techniques, and can automatically absorb the **** factors.

Lu Ming was a bit sorry, but then he smiled.

If you want to absorb the **** factor to open the light, naturally it is not so easy.

With a wave of his hand, the original figure was put away.

Uh, uh...

Just then, there was a fierce burst of air breaking sound, which seemed to be coming from underground.

Chapter 3296: Bizarre creatures

A sound of breaking through the sky came from the ground, making Lu Ming their faces change.

There is something to rush out.

"Zhanzu, be careful!"

The figure flashed and thirty-six warriors of the apes appeared around Lu Ming and surrounded Lu Ming in the middle.

At the next moment, shadows flew out of the underground cave, and then roared towards the landing and rushed them.

This is a strange creature, adult form, more than two meters high, with two horns in the head, a pair of wings on the back, covered with scales.

The creatures roared, sending out a fierce and fierce breath, and blood gleamed in their eyes, and they rushed to the landing to slay them.

"kill!"

A nether ape warrior snorted and stepped out, his body bulging sharply, revealing a burly physique, and punched out.

boom!

There was a big explosion in the void, crazy vibrations, violent energy, and rushed forward.

More than ten strange creatures flying in front, the body exploded directly and was smashed into blood mist.

Then, the Winged Ape Warrior continued to wave his fists and bombarded those creatures.

Lu Ming found that the strength of those creatures is very strong, the weakest, and actually has the realm of God King, the highest, God King is four, and five are all.

The point is, there are too many.

However, Lu Ming brought this time, all of them are the top strong in the King of Gods, and every Nether Ape Warrior is the existence of the King of Gods.

The pure peak of God King is Lu Ming's confident capital.

The fighting power of God's Peak is extremely powerful. Every punch can produce a big bang and produce terrifying destructive power.

There were constant strange creatures, which were exploded.

However, there are too many of these strange creatures, rushing out of caves in all directions.

It is as if this entire planet is a nest of such creatures.

Moreover, this creature has a pair of claws, and it has amazing power under the swing.

Lu Ming looked at it more and more and felt that this kind of claw is somewhat similar to the planet under his feet. The shape of the planet under his feet is like this claw formed when it has been magnified many times.

In all directions, strange creatures rushed to them.

"Do it!"

There are other powerful apes fighting clan hands, a total of twelve strong hands to start, the other apes fighting clan, still guarding around Lu Ming.

The twelve pinnacle gods shot together, the scene was terrifying, and large and large strange creatures were exploded.

Although strange creatures continue to fly out, it is still not enough to kill. Soon after, at least thousands of strange creatures died, the strongest of which reached the sixth king of the gods.

Lu Ming had to sigh, no wonder he had to come in with a master, not to mention anything else, to say that there are so many strange creatures, and if he is replaced by him alone, it will be more and more fierce.

Thousands of strange creatures were killed, and finally no strange creatures continued to fly out.

Seems scared!

"Some people speculate that the creatures of this broken universe are all evolved from the creatures who died here in battle. Will this kind of creatures evolve after the death of some kind of primitive god, and the flesh has evolved through endless years?"

Lu Ming whispered.

He speculated that this claw-like star under their feet is probably a claw of some kind of primitive god, which has evolved into a planet after endless years.

And this strange creature also evolved from the palm of the original god.

If this is the case, such singular creatures are likely to have spiritual factors in their bodies.

Thinking of this, Lu Ming took out the original idol again.

This time, as soon as the original idol was taken out, the original changed quickly.

The original idol appeared a strange layer of light, and then a ray of glow appeared on the bodies of those strange creatures.

These rays of light, like a little star, flew towards the original idol and submerged above the original idol.

After a while, no Xia Guang appeared, and the original idol became normal again, as before.

"It seems that there is still no success in opening the light, and there are too few **** factors!"

Lu Ming muttered.

Before he came, he had specifically studied this issue.

The original idol wants to open the light successfully, not by absorbing the **** factor, it can succeed. It must absorb enough **** factors. Only when the **** factor is rich to a certain point, the original **** can open the light successfully.

"This kind of creature should have evolved from the flesh and blood of some original god, so it contains the **** factor, but it has been passed down for too many generations, the blood veins are thin, and the **** factor is already very light!"

An old wise ape war tribe said.

Lu Ming nodded and said, "Let's go into the underground of this planet and see!"

Immediately, Lu Ming put away the primitive idol and rushed into the cave with a master of the apes fighting tribe.

This planet is really like a horse honeycomb, the underground is hollowed out, all are channels, extending in all directions.

They only looked in one direction and flew down continuously.

At the beginning of the period, it was calm and without any threats.

But when they went down for several hours, finally a large number of strange creatures came to kill them.

This time, in this strange creature, the existence of the seven kings of the gods appeared, and the strength was stronger.

However, they were still killed by Lu Ming, and the spiritual factors in the flesh were absorbed by Lu Ming's original idol.

After absorbing, they continued to move forward.

In this way, they have been killed, and they don't know how many strange creatures were killed along the way, but the original idol still did not succeed in opening the light.

In the end, they were almost close to the center of the earth.

Killed all the way, except for the weak divine factors on the strange creatures, Lu Ming didn't get any divine factors.

It stands to reason that this planet, if it was really transformed by some kind of primitive deity's claws, should contain a lot of deity factors. There is no such thing at all. There is only one reason, that is, it is absorbed by the people who are advancing.

"Let's leave, don't waste time here!"

Lu Ming said.

It's just a waste of time to stay on.

Subsequently, they left the planet and continued to fly towards the core of the broken universe.

After that, they met another planet. This planet looked like a skull of some kind of creature, so huge.

In the same way, there is also a strange creature on this planet, which contains a weak divine factor, but the planet itself does not have the slightest divine factor.

"After encountering such a planet, there is no need to stay. Outside the broken universe, the **** factor is almost absorbed!"

Lu Ming said.

They continue to set off, and even after seeing a similar planet, they are not staying or checking.

In this way, another half month passed.

On this day, they found an ancient battleship in the starry sky.

No, it should be half a battleship, huge, like a planet.

Chapter 3297: Nine ghost ghost spirit

Half a battleship, from a distance, seems to be a battleship, cut in the middle with a knife, smooth and smooth.

Just half a battleship, there is a planet as big as it floats in the air, exuding the ancient atmosphere of the wilderness. Even if the years are unknown, it still gives a strong sense of oppression.

Needless to say, this was left over from the war. I am afraid that the warships are very powerful.

"Go and see, maybe something good is left!"

Lu Ming said.

Although this is not the core area, it has been explored by people for a long time, but Baimi still has some sparseness, maybe there is something missing.

They flew towards half a battleship.

"Wait, someone!"

An old Wraith Apes suddenly opened their eyes and stared at the battleship.

Lu Ming and others also stopped.

At the same time, Lu Ming also saw a figure flashing in the half of the battleship, and then a figure rushed out of the half of the battleship.

Each figure was dressed in black robe and was so angry that there were about twenty people.

"People of the Nine Nether Heavenly Palace!"

Lu Ming's eyes narrowed slightly.

These people are the people of the Nine Nether Heavenly King Mansion.

A total of 21 people appeared in front of Lu Ming.

"Lu Ming, it's you!"

An indifferent voice sounded, the cold murderous, extremely rich, enveloped Lu Ming.

It was a young man named Youlong who was speaking, but this time the Heavenly Pride of the Nine Nine Heavenly King's Mansion entered the broken universe, and it was the last batch to join the Royal Sanctuary of Taixu.

"Lu Ming, **** it!"

"kill!"

On the edge of the cage, there are twenty strong men of the Nine Nether Heavenly King's Mansion, both old and middle-aged. At this time, everyone staring at the landing roar reveals a terrible murderous opportunity.

At the Shenlong Banquet, the top ten arrogances of the Nine Nether Heavenly King's Mansion all died in Lu Ming's hands. This was a huge blow to the Nine Nine Heavenly King's Mansion and caused a shock to the Nine Nine Heavenly King's Mansion.

The Nine Nether Heavenly King's Mansion went up and down, and Lu Ming has long been listed as the number one kill target.

Now, when these people see Lu Ming, they naturally wish to unload Lu Ming.

"Stop them, don't let them run away!"

Youlong shouted.

Uh! Uh! ...

The figure flashed, and twenty masters from the Nine Nether Heavenly King's Mansion surrounded Lu Ming.

"Lu Ming, today, see where you are going? This place serves as your burial place. It is also an honor for you to be buried with ancient sages!"

You cage sneered.

"amount!"

Lu Ming was a little speechless. He didn't understand the confidence of You Cage. Didn't he see that there were thirty-six people beside him, and there were only twenty people on the edge of You cage.

Obviously, the rest of the Nine Serenity Palace is still on top of half a battleship.

What should be explored on the battleship.

"Are you sure you can kill me? My people seem to be more!"

Lu Ming couldn't help saying such a sentence.

Unexpectedly, you cage laughed, and your tears were all laughed out, saying: "Do you think it is useful to have more people? Ridiculous, really ridiculous, Jiu Jue Tian Wang Fu is self-sufficient, there is no master to send it to you, you think you can find it casually Do dozens of people scare us?"

You cage didn't put Lu Ming's thirty-six ape war tribes in his eyes.

He knew very well that Jiu Jue Tian Wang Mansion could not support Lu Ming, because Jiu You Tian Wang Mansion sent strong men to cooperate with Jiu Dao Tian Wang Mansion, killing the border of Jiu Jue Tian Wang Mansion and putting pressure on Jiu Jue Tian Wang Mansion.

Now Jiu Ju Tian Wang Mansion is too busy to care for, there is no extra strong to send to Lu Ming.

What he brought was the top strong man in the realm of God King. This kind of strong man is not Chinese cabbage, and he can't have it just by looking for it.

Therefore, although he has few people, he has a hundred confidence and can kill Lu Ming.

Lu Ming stopped talking, and the other party thought so, exactly what he wanted.

"So much nonsense with him? Kill!"

An old man from Jiuyou Heavenly King's palace encouraged him to drink, and the killing was the coldest.

He is an uncle of Youxing, who has the strongest hatred for Lu Ming, and his figure moves like a ghost, rushing towards Landing Ming.

A Winged Ape Warrior stopped silently in front of Lu Ming.

"Die to me!"

The old man of the Nine Nether Heavenly King's Mansion extended a ghost claw and grabbed towards the Ape Warrior to kill him.

Roar!

The ape war tribe snorted, muscles swelled, punched out, and a big explosion sounded in the void.

The ghost claws exhibited by the old man of the Nine Nether Heavens Palace exploded directly, and his body shook wildly, retreating back.

"God of God!"

The old man of Jiuyou Tianwang Mansion roared and was shocked.

You Long also glared wide, and apparently didn't expect that there would be God King Peak beside Lu Ming.

"What about the peak of the **** king? Still die, kill!"

The old man of the Nine Nether Heavenly King's Mansion screamed and continued to kill towards the Ape Warrior.

His cultivation behavior is also the pinnacle of God King.

People in the Nine Nether Heavenly King Mansion are least afraid of fighting at the same level because they have strange skills and can affect the souls of others.

At the same level, they usually win.

Ghostly sky, ghost crying wolf howling, a pale ghost claw, grabbed towards the apes of the apes.

However, regardless of this, the Ape Warrior continued to punch out.

A tremendous roar sounded, the ghost gas filled, and a big explosion occurred.

"Die to me!"

The old man of the Nine Nether Heavenly King's House encouraged to drink, thinking that the soul of the Nether Ape War Clan had been impacted, and wanted to take the opportunity to display his killing moves to kill the Nether Ape War Clan.

However, the Nether Ape War Clan screamed, the breath was still violent, the iron fist broke through the air, and it burst out continuously.

"you..."

The old man of Jiuyou Tianwang Mansion couldn't help widening his eyes, revealing incredible colors.

Because, the soul of the Nether Ape War Clan has not been affected at all.

Boom!

Two consecutive punches and continuous bombardments on the old man of the Nine Nether Heavenly King's Mansion. The old man screamed, his body exploded, and turned into a haze of mist, backed wildly and reunited into a human form.

Although he didn't die, he was hit hard and he was seriously injured.

"How could you not affect it, how could it be?"

The elders of the Nine Nine Heavens Palace shouted in disbelief.

Lu Ming sneered. The means of the Nine Nether Heavenly King's Mansion, it is ridiculous to want to influence the Nether Ape War Clan.

The Jiuyou Heavenly King's Mansion is practiced with ghost spirits. The method of influencing the soul is actually a kind of ghost spirit, called the nine ghost spirits.

However, the Winged Ape Clan is born a Wraith thing, and the body is made of Wraith gas, and it is completely free from the attacks of the Nine Ghosts gas.

Nine ghost spirits can penetrate the body of ordinary people, divine power, directly affect the soul, but wear the ghost body of the ape warfare.

At first, among the ghosts, the ape war tribe was the nemesis of many ghosts, not to mention the people of the Nine Nether Heavenly King Mansion.

Their means are ineffective against the Winged Apes!

You cage was also surprised, and then shouted: "Take a shot, take a shot together, the strong of their **** king peak, not too much, we shot together to kill them!"

Chapter 3298: Annihilate all

You cage roared, wanting the strong men of Nine You Kingdom to shoot together and kill Lu Ming.

It is beyond his expectation that Lu Ming can find the strongest of the God King's Peak, but he doesn't believe that Lu Ming can find a lot of Peak God King. It's good to find a few, and it must have come at a significant cost.

Boom!

Twenty strong men of the Nine Nether Heavenly King's Mansion all burst into a breath of breath.

The starry sky was completely covered with ghost spirits.

"The fifteen **** kings peak, the five **** kings are eightfold, and the nine-nine heavenly palace is really willing to give up the blood!"

Lu Ming whispered.

Among the 20 strong men of the Nine Nether Heavenly King Mansion, there are fifteen of the peak of the God King.

No wonder You cage is so confident.

The fifteen **** kings are indeed a force of terror.

It stands to reason that with the strength of the Nine Nether Heavenly King Mansion, it is not too difficult to dispatch thirty-six **** king pinnacles, but it is still not easy to actually operate.

Even if there is a heavenly palace, the existence of the peak of the **** king will not be too much.

Many of these existences are retreating into the imperial realm, and some are doing tasks outside and hone.

The rest are stationed everywhere to guard against attacks from other kings' palaces.

Therefore, it is not easy to really send thirty-six **** king peaks. It is like the thirty-six people who came in the nine-nine heavenly palace this time, not all of them are **** king peaks, and some are **** king eightfold. .

However, this force is also extremely alarming.

The ghost gas covered the starry sky, the endless ghosts cried, and they sang to the landing.

"Really look down upon me, then, let's kill it, let's do it together!"

Lu Ming spoke lightly and waved his hand.

Roar! Roar!...

Thirty-six wicked ape warriors roared, their bodies swelled, and their black robes exploded, revealing a strong and burly body.

The terrible breath exploded like a volcanic eruption, and the starry sky was ghostly, bursting open directly.

You cage, and those strong men of the Nine Nether Heavenly King Mansion, almost scared to pee.

"God of the King of Gods, all are the pinnacle of King of Gods, no, no, this is impossible, this is impossible..."

You cage shouted hysterically, totally unbelievable.

He originally thought that Lu Ming could find a few peaks of God King, it is a very small thing, but now, 36 people around Lu Ming, actually all the peaks of God King.

His courage was terrified.

"Rewind!"

Someone shouted at the Nine Nether Heavenly King's Mansion.

As soon as the thirty-six ape war tribe broke out, the people of the Nine Nether Heavenly King's Mansion shivered, and some people shouted and wanted to retreat.

However, it is too late.

They had surrounded Lu Ming and his group before, they were close to each other, and then they took the lead to kill Lu Ming and they wanted to retreat now, it was too late.

Thirty Nether Ape War Clan has already killed them.

The body of the Nether Ape Warfare swelled up, and they directly displayed the ghost fighting tactics.

A huge fist burst out, the void burst, and terrible strength, enveloped all the strong men of the Nine Nether Heavenly King Mansion.

bump! bump! bump!

The masters of the five **** kings and eight heavy bodies burst directly and fell on the spot.

Those masters of the Nine Nine Heavens and Kings Palace, the **** king of Jiuzhong, will not be much better in the end, and they will be hit hard as soon as they start.

The most terrible method for the people of Nine Nine Heavenly Palace is the Nine Nether ghost spirit, which can affect the soul. Ordinary people are afraid of them by three points.

If the ghost spirit of the Nine Nether Forces fails, the fighting power of the Nine Nine Heavens King's House is not as good as the others.

The apes are different, they all practice ghost fighting tactics, and once they are displayed, their combat power will be stronger.

This trade-off, in addition to the number of Nether Ape War Clan, is almost double that of the Nine Nether Heavenly King's Mansion. The outcome of this battle is already doomed.

The strong man of the Nine Nether Heavens Palace screamed and couldn't escape even if he wanted to escape. His body continued to explode and became useless. He was crushed by the terrifying fist and even his soul was destroyed.

The fifteen strong kings of the Nine Nether Heavenly King's Mansion were killed one by one.

You cage repair is not high, before standing at the end, without being affected, at this time the body trembles, his face pale, his lips tremble, his mouth growls constantly; "No, no, no..."

The scene in front of me was so tragic.

At this time, a warrior of the apes walked towards You cage.

"No, don't kill me, how many Lu Jing out hired by Shen Jing, I can give you double, no, triple, ten times..."

You cage screamed and almost cried.

Up to now, he thought that the Ming Ape War Clan was hired by Lu Ming.

boom!

The strong man of the Nether Ape War Clan, too lazy to talk nonsense with him, punched out with a punch, and You cage was directly exploded.

Fighting continued, but did not last long, all the masters of the Nine Nether Heavenly King's Mansion were all killed.

"Among the half of the battleship, there are people from the Nine Nether Heavenly King's Mansion. They surrounded the battleship, killed them, and wiped them out!"

Lu Ming gave the order.

Before, in addition to the You cage, killed 20 people of the Nine Nether Heavenly King's Mansion, the other party had a total of 36 people, and there should be 16 people.

The figure flashed, and they rushed towards half a warship. Thirty-six warriors of the apes appeared around half a warship, sealing off all the retreats of the warship.

"Half of them went in, others blocked it!"

Lu Ming said.

"Yes!"

Suddenly, there were eighteen apes fighting tribes, rushed into half a battleship, disappeared inside the battleship.

Lu Ming and others waited quietly.

Soon after, a violent roar was heard from the battleship, and there were continuous explosions.

Obviously, a war broke out in it.

The outside apes battle tribes are ready to start.

Uh!

At the next moment, a strong man of the Nine Nether Heavenly King Mansion rushed out of the battleship in a panic, but, in that direction, there was just a Nether Ape War Clan guarding it.

The Winged Ape Warrior killed him directly, launched an attack, and punched directly, which would burst the master of the Nine Nether Heavenly King Mansion.

Behind, immediately rushed out another master of the apes battle clan.

The two masters besieged, the strong man of the Nine Nether Heavenly King's Mansion, uttered a scream of unwillingness, and finally disappeared.

Uh! Uh! ...

Then, among the half battleships, there were constant figures rushing out. They were all strong men of the Nine Nether Heavenly King's Mansion. There were more than a dozen of them.

Apparently, in a half-ship battleship, the strongmen of the Nine Nether Heavenly King's Mansion lost to the Nether Ape War Clan, scattered and wanted to escape.

However, they were besieged and had no way to escape. They were blocked by the outside apes and were killed.

The people of the Nine Nether Heavenly King Mansion were besieged one by one.

"Lu Ming, you little rabbit, I slaughtered you!"

An angry roar came, and a strong man from the Nine Nether Heavenly King's Mansion rushed to the landing blaze, the speed was incredibly amazing, but he was a strong man at the peak of the **** king.

However, Lu Ming's side has always followed a strong apes.

Although it is also the cultivation practice of the God King's Peak, this Winged Ape Warrior is stronger, and when he was younger, he was the top arrogance of the Winged Warrior.

Chapter 3299: A piece of metal

Beside Lu Ming, the Winged Ape Warrior stepped out, and the void shook, and his body turned into a giant ape a few tens of meters high. With a roar, an iron rod appeared in his hand, and he blasted forward.

The iron rod is bigger than the mountains, and it is crushed down. The attack by the strong man of the Nine Nether Heavenly King's Mansion collapses directly.

boom!

His body was crushed by an iron bar and exploded into a mass of ghost spirits. Then, a strong man from the Dark Ape War Clan rushed out from behind, and the two besieged one.

The Winged Ape Clan is really the nemesis of the Nine Nether Heavenly King's Mansion. In the face of the Winged Ape Clan, many powerful means of the Nine Nether Heavenly King's Mansion cannot be used.

If faced with other strong kings of the God King, the Hades of the Apes wanted to kill, it is not so easy, but in the face of the strong men of the Nine Nine Heavens Palace, they are not difficult to kill.

The means of the Nether Ape War Clan, even if the strong man of the Nine Nether Heavenly King Mansion turns into ghost spirit, can still cause terrible damage to them.

Soon, the strong man of the Nine Nether Heavenly King's Mansion fell under the attack of two Wraith apes.

Soon after, the battle ended, and all the strongmen of the Nine Nether Heavenly King Mansion were wiped out.

Lu Ming looked at it, the number was exactly sixteen, plus the previous twenty, it was exactly thirty-six.

Explain that there is no one left in the Nine Serenity Palace.

"So many masters died, enough for Jiuyou Tianwang Mansion's heartache, let's charge some interest first!"

A cold light flashed in Lu Ming's eyes.

His enmity with the Nine Nether Heavenly King's Mansion will not be the case.

Always liquidate in the future.

"Zhanzu, this is their storage ring!"

At this time, an old ape war tribe, holding a pile of storage rings, handed it to Lu Ming.

Lu Ming accepted it without hesitation. He now needs resources too much, and the later Kaifu people also need a lot of resources.

Later, Lu Ming picked out the storage ring of the cage and checked it out.

After a while, Lu Ming waved his hand and a primitive idol appeared in the air.

This is the original idol of the cage.

The original idol of the cage was not illuminated, and its size is a bit shorter than that of Lu Ming's, only a hundred feet tall.

Lu Ming's primitive **** is full of heights.

The higher the original idol, the more precious it is.

However, even the original statue of Baizhanggao is extremely precious. If you want to buy it, the price is amazing.

Because of this kind of thing, no one can refine it now. The number of primitive idols in the universe is limited, and it will only become less and less, not more and more.

Lu Ming waved his hand and received the original idol together with his original idol.

"What did the people of the Nine Serenity King's Mansion just do in these half battleships?"

Lu Ming asked a Winged Ape Warrior.

"They are attacking a metal wall. What do you think they found?"

The Nether Ape War Race said.

"Metal wall? Let's go and see!"

Lu Ming left several Winged Ape Warriors to patrol outside. He took other Winged Ape Warriors and flew into half a warship.

The battleship is extremely huge, the interior is extremely empty, there are all kinds of buildings, and the passages are countless and dense.

A Winged Ape Warrior took the lead, and they flew towards a passage, winding around, not knowing how much distance they had traveled, and finally came to an empty hall.

At the front of the hall, there are several huge screens.

This seems to be the control room of the battleship.

Under the screen, there is a golden metal wall.

"The people of the Nine Serenity King's Mansion just now are attacking this wall!"

A wicked ape war tribe said.

"It seems there is something on the wall, break it!"

Lu Ming ordered.

Nether Ape Warfare nodded and began to attack.

However, when the attack of the Winged Apes fell on the metal wall, a rune appeared on the metal wall.

This rune looks old and mysterious, full of powerful energy fluctuations, and the attacks of the Winged Apes are all blocked by these runes.

More than 20 warriors of the apes constantly attacked. Although the metal walls kept shaking, they still did not break after a while.

"You stop first!"

Lu Ming cried.

The Ming Ape War Clan stopped and looked at Lu Ming curiously. Is there any way for Lu Ming?

"Ball, go, it's up to you!"

Lu Ming waved his hand, and the ball flew out of his wrist, turned into a circle, rushed to the wall, and opened his mouth to nibble.

Click!

Mars is shining, and on the metal wall, a small piece is gnawed by the ball.

"This..."

The apes fighting tribes on the field were shocked. They knew how hard the metal wall was. They attacked for so long without breaking the metal wall. The ball bite a big piece and seemed completely ignored. The rune above.

Boom Boom!

The ball was eaten with a gulp, and soon the metal that had just been nibbled was eaten, and then continued to nibble, with a click, and another bite.

Next, the ball ate very fragrantly and kept opening. Soon, the metal wall was gnawed out of a big hole to see the situation behind the metal wall.

Behind the metal wall is a small space with a golden metal ball floating there.

A strange piece of metal.

Seeing this piece of metal, the ball's eyes brightened and almost drooled.

"This piece of metal should be the source of energy for this battleship, but for so many years, the energy has been exhausted, and only the pure metal material is left, but it is still extremely precious. Metal material!"

In the knowledge of the sea, bone demon comment.

"So precious?"

Lu Ming was surprised.

"That is, of course, this ruined universe, which was involved in the war at the time, was extremely terrifying. It is not comparable to the emptiness of the Holy Dynasty, and it can be used as the energy source of this battleship. It is naturally supreme!"

Bone Demon explained.

At this time, the ball had already acted, rushed into the hole, opened his mouth, and swallowed the metal ball in a single bite.

"This guy..."

Lu Ming smiled, and did not stop. Good metal materials can give the ball the best effect.

Over the years, the ball has devoured a lot of artifacts, and cultivation has also been greatly improved. Now it has reached the peak of the six kings of gods.

Now that I have swallowed this metal ball, I believe there will be a great breakthrough, and it will become a big help for Lu Ming.

After the ball swallowed the ball, it flew back to Lu Ming's wrist, turned it into a bracelet, and began to refine metal materials.

Lu Ming and others, looking around on the half of the battleship again, wanted to see if there were any other treasures.

However, it is clear that they have been searched by people for a long time, and they have made a great circle, and have no other discoveries, nor have they absorbed any spiritual factors.

There is nothing to gain, Lu Ming and the people of the Ape War Clan have left here and continue to advance towards the core of the broken universe.

Chapter 3300: Start first

After another month of driving, Lu Ming and them finally came to the core area of the broken universe.

Because this area is more dangerous. From a distance, you can see a terrifying storm passing by, and you can see a broken planet floating in the sky.

You can also see broken warships, spaceships, etc. Even Lu Ming looked from a distance, as if he saw horrible giant corpses suspended in the air.

Looking closely, it was not a corpse, as if it were a giant planet.

This is the core of the broken universe, and it has not been fully explored. It is said that the arrogance of entering the broken universe in recent times was to find the **** factor and absorb the **** factor in this neighborhood.

Lu Ming and they did not go in the first time, but wandered around to find a suitable place to enter.

If it is not appropriate to enter the location, encounter a cosmic storm, a large crack in the universe, or a black hole in the universe, it is really a nine-death life.

Wandered a huge arc, and finally came to a relatively quiet area, from a distance, I would not see a cosmic storm.

"It seems that the others are almost here!"

Lu Ming's eyes narrowed because he saw many figures in front.

Emperor Jianyi, with thirty-six masters, stood on a small meteorite and looked far.

Void Cliff, Ye Zhifan and others, with their masters, stand in different positions.

In addition, Lu Ming also saw Chu Chengkong, Wu Fan, and some other people. At a glance, they saw at least a dozen Tianjiao and the masters they brought.

When Lu Ming came, he also attracted everyone's attention, looking at Lu Ming and the Ming Ape War Clan.

"Lu Ming!"

Especially Wu Fan and Chu Chengkong. After seeing Lu Ming, his eyes suddenly gleamed, flashing a chilling murderous opportunity.

"In the past, don't let him go!"

Wu Fan drank low, and took the strong man of the State Division to directly rush towards the landing.

In the left direction, Chu Chengkong also led people into the air, and formed a horn with Wu Fan, forcing him to land.

Lu Ming's eyes narrowed slightly, indicating that the apes of the apes were ready for defense.

"Lu Ming, you can actually get here, it seems that you are lucky!"

Wu Fan sneered. When they were not far from Lu Ming, the murder in his eyes was undisguised, cold and terrible.

boom!

On the other side, Chu Chengkong also exhaled a cold killing opportunity, staring at the landing sound, and the cold light flickered.

Especially when I thought that when the Taixu Royal Sanctuary was held, he was brutally abused by Lu Ming and stepped on his feet. When he apologized to Lu Ming in public, he took the opportunity to rush into the night.

That battle was his greatest shame, and a stain of his life. Only by slashing Lu Ming can he wash it.

"My luck has always been good!"

Lu Ming smiled faintly.

"No matter how lucky you are, it's useless to have a bad brain. If you dare to come here, you are destined to die!"

Wu Fan opened his mouth coldly and waved a hand slightly. Thirty-six masters blocked Lu Ming's road in a fan shape, and his breath locked on Lu Ming.

"Many masters, Guoshifu is worthy of Guoshifu!"

Lu Ming's eyes narrowed.

Judging from the breath emitted, the thirty-six people brought by Wu Fan were all the existence of the peak of the God King.

The strength of the Guoshi Mansion is really horrible, surpassing most of the King's Mansion.

On the other side, the masters brought by Chu Chengkong are also terrifying. Lu Ming feels that although the thirty-six people are not all the kings of the gods, the existence of the kings of the gods is at least 26 or more .

The God of War family, after so many years of dormancy, has also accumulated the power of terror, and with the help of the Nine Sword Heavenly King's Mansion, it is not difficult to send 20 or 30 God King peaks.

Two groups of people, the number is twice that of Lu Ming.

Masters of the Nether Ape War Clan also felt the pressure and protected Lu Ming in the middle, preparing for the war.

"Two groups of people, dealing with a group, how much bullying is less, really shameless, I will meet you when I come!"

With a whisper, Qian Shengxuan appeared with a group of masters in one direction, wanting to help Lu Ming.

Qian Shengxuan already knew that Qian Sheng Tian Tian Wang had helped Lu Ming and they were very fond of Lu Ming and they saw Wu Fan and Chu Chengkong both sides, wanting to shoot Lu Ming and they immediately Uncomfortable.

"Qian Shengxuan, this is our grievance with Lu Ming, it has nothing to do with you!"

Wu Fan said coldly.

"That's right, Qian Shengxuan, what muddy water you go to, if you want to learn from someone, I will accompany you!"

At this moment, a figure came from another direction. A young man with a group of strong men blocked the way of Qian Shengxuan and others and stopped them.

"Liu Kuan, do you also want to intervene? This matter has nothing to do with the Prince's Mansion?"

Qian Shengxuan looked gloomy.

Liu Kuan is a arrogant man under the crown prince. The powerful men brought by this time are all sent by the crown prince. They are absolutely terrifying. Every one is an elite.

"On top of the Dragon Dragon Banquet, Lu Ming's son was so arrogant that he had no one in his eyes. He collided with the prince several times and was disrespectful to the prince. Although the prince was magnanimous and he didn't care about it, I can't see it any longer. I must teach him a lesson!"

Liu Kuan said coldly.

"Prince!"

Lu Ming's eyes flashed.

He didn't believe Liu Kuan's gibberish, and he would take the initiative to target him without the permission of the prince.

"Is it the prince?"

Lu Ming kept turning his thoughts.

He thought of Biekuo of the Black Jade Gold Mine. The average person is not good at directing Biekuo. Only the national teacher or the prince can make Biekuo obedient.

"you..."

Qian Shengxuan wanted to refute, but she and her people were blocked by Liu Kuan and couldn't get through.

As for Emperor Jianyi, Xuwuya and others, they just watched from a distance, and naturally they would not visit this muddy water.

"Wu Fan, Chu Chengkong, you have to start, hurry up as soon as possible!" Liu Kuan's voice sounded.

"Shoot!"

A low drink sounded, but not from Chu Chengkong and Wu Fan, but from Lu Ming.

Lu Ming directly ordered to start, starting first to be strong.

Boom!

Thirty-six wicked ape warfare groups erupted directly into a powerful breath, like the 36 volcanic eruptions.

As soon as they shot, they used their full strength to display the secret techniques and ghost fighting tactics of the ape warfare clan, and their combat power increased dramatically.

Their bodies turned into giant apes, roaring upwards, and killed Chu Chengkong directly.

Because Chu Chengkong is relatively weaker.

Even if Chu Chengkong and others were ready for the war, they never expected that the thirty-six masters brought by Lu Ming were so terrifying that they were all the pinnacle of God King.

In one match, five or six strong men who were less than the peak of God King were directly beaten and fell on the spot.

In addition, there were seven or eight powerful kings of the God King who were hit hard. Unfortunately, they were not killed.

It is naturally not so easy to deal with the normal peak of the God King. It is not like dealing with the people of the Jiuyou Heavenly King Mansion.
