

D Emperor 3321

Chapter 3321: Metamorphosis, Ancient Blue Armor

The other, after the Kaifu Li clan, was based on primitive gods.

The better the effect of the original idol, the more powerful people will be attracted to join.

Those strong people want to join you and help you do things, of course, there must be something to attract them, or a variety of secret treasures, or powerful, able to shelter others.

But what can be more attractive than increasing strength?

For example, in some kings' palaces or monarchs' palaces, there is a good original idol to attract a large number of masters.

Like the statue garden of the Taixu Royal Sanctuary, it is impossible for ordinary people to enter cultivation. If you want to enter cultivation, the foundation is to become a student of the Taixu Royal Sanctuary, and you have to kill and die on the purgatory. Earn purgatory points to be able to practice.

Not everyone is like Lu Ming and Qiuyue, soaking in the God Garden every day.

Therefore, it is obvious how useful a good primitive idol is.

Huh...

The infinite **** factor converged towards the original idol, which was shrouded in mysterious light, and Lu Ming looked at it with joy.

It's so cool to absorb the spirit factor in this way, before absorbing a little, absorbing a little, like what?

Bone Demon also sighed. He guessed that this area is estimated to be the place where the original gods were buried, otherwise there would not be such a strong **** factor.

After all, it is too long now when the war between the human race and the primitive gods.

For such a long period of time, even if there is such a powerful existence as the original god, the **** factor will dissipate a lot after death, and as time goes by, the **** factor will become weaker and weaker.

One day, there will be no more divine factors in this world.

"By the gods, where are you awake?"

Lu Ming asked, moving.

Lu Ming was very curious about the existence of a pantheon.

"Not far away, I will take you there, maybe it will work for you too!"

All gods, then walked forward.

Lu Ming followed, and the original idol was placed here to allow him to absorb the **** factor.

In fact, it's not far away, they will arrive in a while.

"Just there..."

All gods point forward.

Lu Ming looked at it. In the front, there was a land of depressions, where there was a small lake. It was said to be a lake, but it was also exaggerated. It was like a pond, about 100 meters long and wide.

As soon as he came here, Lu Ming felt a terrifying breath, and came over.

This breath is wild and ancient, standing high above it and invincible, as if it were the oldest and most powerful being in the universe sitting there.

Suppressed by this breath, Lu Ming almost knelt down, and his body was sore that he was about to split.

Boom Boom...

The heart of Lu Ming's ancient gods beat involuntarily, like a drum.

Roar!

Lu Ming groaned involuntarily. He didn't show the ancient **** tactics, but his body changed involuntarily, swelled up sharply, and turned into an ancient **** of green armor.

When turned into the ancient **** of Qingjia, the pressure outside disappeared instantly, not only uncomfortable, but also gave Lu Ming a kind of intimacy.

"This is the essence of the flesh and blood of primitive gods, my God, there are so many left..."

Bone Demon exclaimed.

"This is the essence of flesh and blood left by the original god!"

Lu Ming's eyes moved.

The so-called flesh essence of primitive gods, the flesh of which has long been absent, disappeared, leaving only the purest essence.

This is definitely a supreme treasure, especially for people like Lu Ming who are practicing ancient gods.

Lu Ming's eyes suddenly became hot.

If he can absorb and refine the flesh and blood essence of these primitive gods, the ancient **** body will definitely explode.

"Goddess, don't you need these?"

Lu Ming asked.

"I can't use it anymore. If I want to improve, I have to rely on cultivation!"

All gods shook their heads.

"Well, I'll practice, you protect me for me!"

Lu Ming said.

"Okay, rest assured!"

All God nodded.

Lu Ming did not hesitate, stepped forward, and stepped into the pond.

This pond is the essence of the flesh and blood of the primitive gods, and contains the horrifying killer of the primitive gods. If other people come in, they will be killed instantly.

But Lu Ming has the blood of the ancient gods and the heart of the ancient gods, and cultivated into the ancient **** body. This kind of murderous opportunity is not targeted at him.

Lu Ming sits in the pond and runs the ancient **** body. Suddenly, the liquid in the pond turns into rolling energy and rushes into Lu Ming's body.

As soon as this energy hit Lu Ming's body, he rushed towards the ancient god's heart.

Boom Boom...

The heart of the ancient **** suddenly beat violently.

Lu Ming turned the ancient god's tactics and began to refine that energy. Soon afterwards, that energy overflowed from the ancient god's heart, turned into Lu Ming's qi and blood, penetrated into every place of Lu Ming's body, and penetrated into every cell Among.

Lu Ming can clearly feel that his body is transforming.

The process of transformation towards a stronger direction is very smooth.

Lu Ming is addicted to this process and concentrates on cultivation.

Unconsciously, a few months later, the liquid under the pond had disappeared.

At this time, Lu Ming's body finally transformed to the extreme.

Roar!

Lu Ming could not help but growl, his body began to crackle, and then his body grew bigger again, bulging wildly.

Originally it was only two or three hundred meters high. At this moment, it has increased sharply.

Four hundred meters, five hundred meters, six hundred meters...

In the end, it stopped at a height of one thousand meters.

At this time, the color of the scales on Lu Ming's body changed from cyan to blue.

Blue armor ancient god.

Lu Ming's ancient stagnation for a long time has finally transformed into an ancient **** of blue armor.

"Good strength!"

Lu Ming felt that his body was full of violent power, as if he really turned into an ancient **** and became a primitive god.

Every move is full of violent power.

"It's amazing, the more the ancient **** body gets to the back, the more difficult it is to upgrade, but each level increase will also increase the strength increase!"

Lu Ming is very satisfied.

He felt that the effect of the ancient blue armor was several times stronger than that of the ancient green armor.

If Lu Ming had to kill the general **** king Yazhong before, it was a little troublesome, then now Lu Ming turns into the ancient armor of the blue armor. If he wants to kill the **** king Yazhong, it will be easy and easy to kill.

"carry on..."

Lu Ming continued to run the ancient magic formula, absorbing that liquid.

He can only be regarded as an ancient **** of blue armor for the first time, and he still has a long way to go to become an ancient **** of purple armor.

There is still some liquid left here. After absorption, this process can be greatly shortened, maybe Lu Ming can also make a breakthrough in one fell swoop and reach the ancient **** of Zijia.

Just then, there was a violent roar in the distance.

There is sword qi rushing to the night, there is divine light, there is monster roar...

Chapter 3322: Success

There was a war in the distance, a divine light stirred, Lu Ming was alarmed, staring into the distance, seeing the sky in the distance, a figure flashing, and fought with those monsters.

"Other people have found it!"

Lu Ming frowned, if other people found this place, then Lu Ming could not cultivate as much as he wanted, nor could he allow the original **** to absorb the spirit factor.

"All gods, can you drive those people away?"

Lu Ming sent a voice to the gods.

"Hand it to me, are you going to kill them, or just drive away?"

The gods asked.

"Just drive away!"

Lu Ming said.

After all, except for Wu Fan, Chu Chengkong, and Liu Kuan, the other people who came in this time had no grudges against him, and there was no grudge or grudge, and Lu Ming would naturally not kill them.

"Okay, fix it soon!"

All God nodded, flashed, and left here.

Soon after, the stone spear broke in the distance, and violent fluctuations broke out, mixed with frightened roar.

But the movement didn't last long, and there was silence.

Soon after, the figure flashed and the pantheon appeared not far away.

"I was driven away!"

Pantheon.

"it is good!"

Lu Ming smiled, no accident.

With the strength of the pantheon, it is easy to kill the strong of the Celestial Clan, not to mention the ordinary **** king peak, and the large number is useless.

Lu Ming continued to practice, and the pantheon protects Lu Ming's law. If there is anything unusual, he can easily smooth it out.

In this way, a year has passed.

The liquid in the pond was completely absorbed by Lu Ming and was completely refined.

His ancient god's heart is full of vigorous vitality, beating all the time, like the drum of the gods pounding.

It is a pity that the ancient **** body has not transformed again, but only the ancient armor of the blue armor.

However, Lu Ming has a feeling that he has reached the peak of the ancient armor of the blue armor, and it will not be too far away from the ancient armor of the purple armor.

Not only that, in the process of the transformation of the ancient **** body, it also led to the promotion of Lu Mingxiu.

During this time, Lu Ming's cultivation practice actually broke one more level and directly broke into the five-level realm of the **** king.

You should know that Lu Ming only broke through the four layers of the **** king, and now it has broken another level, which is really incredible.

call...

Lu Ming breathed out a breath and ended his cultivation.

"My current strength has exploded with all my strength. Can I fight the Peak God King?"

Lu Ming smiled, grasped tightly, and felt the mighty power.

Of course, Lu Ming refers to the ordinary peak **** king. If the peak **** king like the Celestial Clan, he is definitely not an opponent.

"I don't know how the original idol absorbed it?"

Lu Ming thought, and then flew towards the original idol.

Soon after, Lu Ming came to the place where the original idol was placed.

After absorbing the **** factor for more than a year, the original **** statue was covered with a layer of mysterious light, which was more dazzling and bright, and the fluctuation was more intense.

However, on this land, there are still infinite **** factors, flying to the original idol. The **** factors in this area are astonishing and seemingly endless.

"It's still early anyway, continue to absorb!"

Lu Ming thought, and then came to the edge of the original idol, sat cross-legged, and began to understand the original divine factor.

Suddenly, he fell into a wonderful state, as if he saw countless primitive spirits fighting, countless different divine powers were stirring, Lu Ming easily found the corresponding divine power.

"The effect is so good..."

Lu Ming was overjoyed.

He found that the effect of cultivation under this primitive idol is already comparable to many idols in the idol garden. Although it is not as good as the idol garden, the difference is not too much.

This has only absorbed the effect for more than a year. With the time still, Lu Ming can stay for seven or eight years. By then, how amazing the effect of the original idol will be, Lu Ming is looking forward to it.

Next, Lu Ming practiced with peace of mind, waiting for the passage of time.

Time flies, one year and two years...

With the passage of time, as the original gods absorbed the increase in deity factors, the mystery revealed was even more amazing.

Every time Lu Ming closed his eyes and practiced, it was as if a primitive deity was really sitting on the edge, letting Lu Ming bathe in the vast primitive dignity. His understanding of various divine powers became deeper and deeper.

Soon, more than seven years passed.

By this time, the mystery of the original idol has reached an alarming level, completely surpassing any idol in the idol garden, and the surpassing is not a little bit.

In the future, Lu Ming didn't need to go to the idol garden to practice at all. He practiced under his own original idol, and the effect was many times better than in the idol garden.

"I'm going out, I can't bear it!"

Lu Ming sighed.

After so long absorption, there are still many spiritual factors in this territory that have not been absorbed.

Lu Ming regretted that he had given the small primitive idol to the Winged Ape Clan, otherwise, he could also get it here to absorb it.

But no matter how reluctant, Lu Ming is going to go out. He has been in for more than nine years, a total of ten years, and the time left for him is less than a year.

From here to return to the place where they came in, it must be a short period of time, and there must be plenty of time left.

With a wave of his hand, the original idol was included in the picture of Jing Yu by Lu Ming.

"All gods, let's go out!"

Lu Ming said.

"Okay, okay!"

All gods nodded again and again, showing excitement and expectation.

He stayed in this place from the moment of his awakening. There was some incomplete information in his soul. He knew that the outside world was very vast and vast.

Now I can go out and naturally look forward to it.

Immediately, Lu Ming took the pantheon and flew in the direction he came.

Ok?

After flying for a while, Lu Mingqin snorted and saw a young man headed in the distance, led by a young man, but Emperor Jianyi.

Obviously, Emperor Sword, with a master, also came to this continent in search of the **** factor.

"Among the people I drove away, they were..."

All gods murmured.

Lu Ming smiled slightly.

Emperor Sword was so powerful that when he met all the gods, he was only driven away.

At this time, Emperor Jianyi also discovered Lu Ming. When he saw the gods beside Lu Ming, his eyes showed surprise, and there was also a lot of fear.

Lu Ming smiled faintly, did not stay, and continued to fly forward.

Soon, they are about to fly to the edge of the mainland.

"Someone!"

Suddenly, the gods spoke, and the figure stopped.

At the same time, Lu Ming also had warning signs in his heart. He felt a sense of crisis in all directions, and his body stopped.

"Who?"

Lu Ming drank coldly and glanced around.

"Hey, hey, Lu Ming, I didn't expect to be discovered by you!"

A sneer came out, then the figure flashed, and a group of people appeared, surrounding Lu Ming and the Pantheon.

"Wu Fan!"

There was a cold smile in Lu Ming's mouth.

Chapter 3323: What is evil

Lu Ming did not expect that he would meet Wu Fan on the edge of the mainland.

Lu Ming glanced and found that the masters brought by Wu Fan had almost no losses, still 36 people.

"On the two of you, Lu Ming, it seems that the people you brought are all lost, ha ha ha, now, how do you die?"

Wu Fan laughed, revealing a cold killing opportunity, and looked like Lu Ming.

"God, don't you have these guys among the people you drove away?"

Lu Ming didn't pay attention to Wu Fan, but sent a voice to the gods.

"Without them!"

All gods answered.

Lu Ming nodded. No wonder, if there were Wu Fan among the people who were driven away by the gods, then now that Lu Ming and the gods are together, Wu Fan will not be so arrogant, and looks like Lu Ming. .

Seeing Lu Ming ignoring him directly, Wu Fan's complexion became fierce, and the murderous chance was even stronger.

"Boy, dare to be arrogant with me by this time, I will make you die very ugly, no, I will not let you die easily, I will make you die better than life..."

Wu Fan roared like a crazy beast.

"Really, then I want to see, how can you make me die better than life!"

Lu Ming smiled faintly, stepped forward and walked towards Wu Fan.

Wu Fan was startled, backed up again and again, and roared at the same time: "Shoot, give me this trash first!"

"Boy, kneel down and apologize to the young master!"

Behind Wu Fan, a middle-aged man came out step by step, and the breath of a pinnacle **** broke out. The violent breath pressed against Lu Ming like a mountain. He wanted to kneel down.

But Lu Ming's figure only flickered slightly, and he blocked the pressure.

The middle-aged man was surprised, but did not expect that Lu Ming could stop his pressure. He was furious and slammed down to the landing, shouting, "Kneel me!"

A huge palm pressed towards Landing Ming.

call out!

Behind Lu Ming, a stone spear pierced out and pierced his palm.

With a loud grunt, the palm of the hand was directly pierced, transparent before and after, and blood was flowing.

what!

The middle-aged man uttered a scream and retreated.

However, the stone spear was faster and quickly caught up with the middle-aged man. The middle-aged man shouted in fright and resisted with all his strength, but it was useless. His defense was directly penetrated, and then his head was also stone spear Pierce.

The middle-aged man, a pinnacle god, was killed instantly.

Wu Fan, and others were stunned, staring at the gods stunned.

That was a pinnacle **** king, so easily killed, who is the pantheon?

"Damn, let's take a shot together and kill these two debris for me!"

After a while, Wu Fan reacted and gave a wolf-like roar.

Boom...

Under Wu Fan's men, one by one like a volcanic eruption, a powerful breath erupted.

At the same time, they shot, various attacks, to the landing Ming Ming and pantheon to kill.

On the gods, the ancient atmosphere of flood and outbreak broke out, and then a big stone clock emerged, covering him and Lu Ming in it.

Attacks in all directions fell on the big clock, but only made a sound of Dangdang, but did not break through the defense of the stone clock.

"kill!"

Then, the gods shouted and Changkou screamed, and they rushed out of the galaxy. Two strong men were shrouded in by the galaxy, screaming, and their bodies melted in the galaxy.

At the same time, the pantheon took the spear and killed it. The spear swept and the spear edge broke through the other party's attack, cutting off the head of a peak **** king.

As soon as they started, they even killed the three powerful kings of the King's Peak Realm.

Killing three people in a row, Pantheon's movements did not stop at all, and continued to attack and killed the crowd.

Like a tiger entering a pack of wolves, the battle situation is completely one-sided, screams continue to ring, and everyone is beheaded every moment.

Thirty-six strong kings of God King were killed more than a dozen within a minute.

Not far away, Wu Fan's body was trembling, trembling constantly, and his face was pale, without any trace of blood.

Panic, endless panic, he was shrouded in endless panic.

That was the pinnacle **** king, but in the hands of the gods, it was as vulnerable as a little chicken.

Not only him, but the rest were horrified.

"Master, go away!"

An old man turned and ran, carrying Wu Fan to escape.

"All gods, one is not left, all killed, don't let them escape!"

Lu Ming shouted.

"Understand, kill!"

The gods shouted, and the breath was even more violent. Around his body, stone swords, stone swords, stone towers, etc. emerged, all of which were the original secret techniques.

Wu Fan and the rest were almost scared to death.

All of them are the original secret techniques. There are more than a dozen kinds of them. This is terrifying and breaks the cognition. What evil have they encountered?

咻咻咻..

Various original secret techniques were killed, and instantly, seven or eight powerful men were killed.

"Run away!"

The remaining people, almost scared to death, did not care about Wu Fan and fled.

"Leave me all!"

The gods shouted and chased toward each other.

Behind the pantheon, a pair of wings appeared, and under one flap, his speed skyrocketed. In a blink of an eye, he caught up with a master. The stone knife cut off and killed the person.

Then, the wings waved and chased to the next.

This is also a source secret technique, which Lu Ming has not seen before.

"How many kinds of original secrets did this guy master?"

Lu Ming looked very envious.

What is evil, what is a monster?

Lu Ming used to be regarded as a monster monster, but he now thinks that the pantheon is the monster monster.

Take control of so many original secret techniques, attack, defense, speed, everything, there is no weakness.

Soon, the second strong man was caught up, killed by the gods, and then continued to chase the next one.

At this time, an old man, with Wu Fan ran in one direction.

"All gods, that guy, give it to me!"

Lu Ming sent a voice to the gods, let him chase other people, Wu Fan gave him.

Then he exhibited the Nine Heavens Kunpeng technique and hurried towards Wu Fan.

Taking Lu Ming's current cultivation practice as full-scale operation of Kuntian Kunpeng, the speed is almost no slower than that of the general peak **** king, and he follows behind Wu Fan.

The old man, with Wu Fan, flew out of the mainland and into the starry sky. He dared not stop for a moment and flew in a hurry.

Lu Ming was chasing behind.

Their speed is too amazing, and soon after, they leaped tens of billions of miles and leaped over many broken planets.

"This kid dare to chase it alone, stop me and kill him!"

Wu Fan shouted and his face was so unbearable that he hated Lu Ming.

Now that Lu Ming dares to chase it alone, and the gods are chasing other people, he suddenly kills Lu Sheng and wants to kill Lu Ming.

The old man's eyes flickered and stopped with Wu Fan.

"Go and kill him!"

Wu Fan yelled at landing.

Chapter 3324: Solitary battle

The old man next to Wu Fan is also the realm of the peak of the **** king. In his view, killing Lu Ming and raising his hand just can't waste much time.

"kill!"

Without any hesitation, the old man rushed directly to the landing Ming, his palm like a knife, and slammed toward the landing. With this trick, he almost used all his strength to kill Lu Ming.

Pantheon's strength frightened him. He had to kill Lu Ming in the shortest time and flee with Wu Fan.

As long as they fled and told the State Master of this matter, Lu Ming killed so many people in the State Master's Mansion. Just by finding a reason, Lu Ming could be convicted and let Lu Ming die without a burial place.

Rumble!

The old man's palm was cut off, the void exploded, and the violent strength pressed toward the landing.

"God of the Gods, I want to see how strong it is!"

Lu Ming shouted, and in a moment, he triggered four times the combat power of the war character formula, all the divine power in the body worked, and then displayed the golden body of the demon, and punched the old man with a punch.

"Dare to fight against the old man, don't control yourself!"

The old man sneered.

Lu Ming, a junior, who just joined the Taixu Royal Sanctuary this year, actually confronted him hard instead of retreating. In his view, it was simply a fool to find death.

He wanted to use this trick to split Lu Mingfang apart.

boom!

Finally, the two attacked and collided together, sending out a terrifying roar, a violent shock in the void, a circle of shock waves, and rushed in all directions.

Then, the figure of the old man and Lu Ming were violently shocked and retreated back.

The difference is that the old man only took three steps back, while Lu Ming took a dozen steps back.

Although the old man retreated less, at this moment, his heart was full of shocks.

"you you..."

The old man glared at him, it was incredible.

Just now, he felt that Lu Ming's punch contained immense power of terror, and that punch actually shocked him back.

Lu Ming was just shocked back a dozen steps, nothing at all.

how can that be?

He is the pinnacle of God, and Lu Ming is just a new student who has joined the Taixu Royal Sanctuary. He can really resist him. If it is not his own experience, he can hardly believe it.

"What are you doing? You haven't killed him. What are you doing here?"

Behind, Wu Fan shouted, very irritable.

He thought that the old man didn't use much power at all, so he didn't kill Lu Ming.

What time is it, life and death, what if the horrible young man came before? At this time, the old man still grumbled, and he wished to kick him on the old man's face.

The old man groaned in his heart, but now it is difficult to ride a tiger.

"kill!"

The old man roared, pushed his strength to the extreme, cast a terrible mystery, and slammed towards the landing.

"Ancient God Skill!"

With a move in Lu Ming's heart, he exhibited the ancient **** tactics. His body swelled sharply and turned into an ancient **** of blue armor.

"This is... Ancient Blue Armor!"

Wu Fan saw that he almost bit his tongue and shuddered in fright.

Lu Ming, actually practiced the ancient **** formula to the blue armor, he had never heard of it.

After turning into the ancient armor of the blue armor, Lu Ming grabbed with a big hand, and the Ba Shen gun emerged, which was caught in his hand.

The Ba Shen Gun shook and was so huge that it was drawn towards the old man, and the void continued to explode.

boom!

The two sides collided together again, this time, the two of them also backed off, but this time, the distance between the two backed back was about the same.

"how is this possible?"

The old man couldn't be more shocked.

Before, it can be said that he did not use all the power, but now, he has used ten successful forces. Instead of gaining the upper hand, it is an equal share.

He immediately did not want to fight, wanted to retreat, and fled with Wu Fan.

However, Lu Ming will not give him this opportunity.

"Yin Yang Shen Tong!"

Lu Ming sipped low, and exerted his full power to yin and yang **** pupils, his eyes turned into two different colors of vortex.

In the void, there appeared a dreadful rune, like a silk thread, winding towards the old man.

The old man's face changed, his body glowed, and several artifacts flew out. Under his control, he bombarded with all his might.

However, those silk threads were transformed by the runes of the Yin and Yang **** pupils, and they were extremely tough and unbreakable.

At the same time, Lu Ming wielded the tyrant gun and manipulated the door of the ruler to kill the old man.

boom! boom! ...

The two confronted each other fiercely, and in a flash they had dozens of moves.

At this moment, Wu Fan finally saw that something was wrong. Where was the old man who did not use his full strength? It was clear that Lu Ming was too strong, and it was inseparable from the old man's battle.

"How is it possible? How is this possible? Impossible..."

The shaking head of Wufan mission is really difficult to accept.

Lu Ming, was actually able to fight against the peak of a **** king.

At the time of the Taixu dynasty, Lu Ming was strong, but not much stronger than him.

But now, I am afraid that he can be killed by flipping his hand.

"How could this humble mash..."

Wu Fan's throat continued to growl, and the jealous would go crazy.

In his view, Lu Ming did not rely on major forces and came from a humble background. Behind him, he was a national division, a national division mansion, with many resources, what he wanted, but the improvement of cultivation ability and the improvement of combat power were far from Not as good as Lu Ming.

Why wasn't he the one who improved so fast?

But immediately, he shivered with agitation.

The old man couldn't kill Lu Ming. When the horrible existence arrived, wouldn't he be dead.

Thinking of this, where else could he take care of the old man, and turned and ran away.

But as soon as Wu Fan turned around, there was a figure behind him, it was the pantheon.

what!

Seeing the gods, Wu Fan scared and screamed, instinctively launched an attack on the gods, and was slapped in the face by the gods, and the head was dizzy.

It took a long time to wake up.

"Let me go, I am the son of Guo Shi, my father is the current Guo Shi, you let me go, I can give you anything, and even let you go smoothly, if the wind is the wind and the rain is the rain, why not follow that land Mingming..."

Wu Fan shouted and wanted to buy the gods.

But it was the slap of the gods that greeted him.

This time, the gods worked harder. With a slap in the face, the gods screamed and were badly hit. They were beaten to death and were held alive by the gods.

Lu Ming and the old man are still at war, and have fought hundreds of moves.

"Happy, really happy, the strength of God King's Peak is really powerful!"

Lu Ming felt very happy, various attacks, the more and more smooth, gradually began to gain the upper hand.

The old man was more and more shocked, especially when he saw the appearance of the pantheon, he was even more alarmed.

"There is no fighting spirit anymore, what use is left for you, let you go on the road!"

Lu Ming spoke indifferently.

boom!

The breath inside him skyrocketed again.

Five times the combat strength of the word of war, trigger.

Now, Lu Ming's probability of triggering the warfare tactics five times the combat power is about one-tenth of that. In the previous war, Lu Ming was triggering. At this time, the trigger was successful.

Chapter 3325: Kill Wu Fan

Triggered the warfare tactics five times the combat power, Lu Ming's combat power, even more improved.

boom!

The Ba Shen Gun turned into a sky, and the old man slammed against the old man. The old man retreated, his body trembles, and there was blood at the corner of his mouth.

In his eyes, it was all horrified and incredible.

In the previous war, Lu Ming has not yet exerted his full strength, and has hidden his strength. What kind of monster is this monster?

"escape!"

The old man did not dare to have the slightest love for war, and wanted to escape.

However, around him, there are silk runes melted by the Yin and Yang **** pupils, and they are entwined towards him. These silk runes have terrible power. If it is a **** king, it may be cut directly by silk runes. Debris.

The divine power around the old man's body kept shaking, almost cut open.

"You can't jump today, kill!"

Lu Ming spoke indifferently, and in the body's vocabulary, the madness poured into Lu Ming's body.

Buzz!

Above Lu Ming's head, a round of sun and a round of moon emerged.

The sun and the moon cracked down toward the old man, and at the same time, the gate of the Lord also bombarded down.

Lu Ming wielded the Ba Shen gun and used the God of War shot to kill the past.

"Origin of the Origin..."

The old man uttered a desperate and unbelievable roar and tried his best to confront it.

But his ending is already doomed.

Boom...

After a series of roars, the old man coughed up blood, and his body flew out and was hit hard.

嗤嗤...

The silk thread runes transformed by the Yin Yang **** pupils entrapped the old man. The old man had been hit hard and could not be stopped at all, and was cut into pieces by the silk thread runes and fell to the spot.

Lu Ming, alone, killed a Peak God King.

Although it is just an ordinary peak god, it is enough to prove Lu Ming's strength.

You know, the pinnacle **** king, in the palace of Jiu Jue heaven king, that is the family of Jin family and Qin family, and one party is overlord.

Lu Ming has grown to this point.

"Origin secret technique, so many origin secret techniques..."

Wu Fan was almost scared to death, his eyes rolled round, staring at the land.

At this time, Lu Ming put away all the original secret techniques, his body shrank, turned into normal, and felt limited and tired.

"Still awesome..."

Lu Ming couldn't help thinking.

Wanshen exhibited so many secret techniques of origin, but still not blushing and beating.

But he wouldn't be able to do it without the help of quantitative words.

Uh!

Lu Ming stepped out and came to the side of the gods. The cold killer enveloped Wu Fan.

"Now, see who kills who?"

Lu Ming looked at Wu Fan indifferently.

"Lu Ming, you dare to kill me? My father is a national teacher. You killed me. Knowing by my father, you will die, and everyone related to you will die!"

Wu Fan roared, and his cold eyes stared at him.

By this time, he was still threatening Lu Ming.

Lu Ming was smirked.

"Now, you are the only one left. I dare not kill you? Kill you, who knows?"

Lu Ming spoke lightly.

"Hum, let me tell you the truth. This time I will kill you. My father also knows that if I die, and you are not dead, my father will doubt that you did it. He will take you and search your soul. , Then the truth will be revealed!"

Wu Fan continued to threaten.

Lu Ming was slightly surprised.

This is indeed what Wu Fan said.

Wu Fan wanted to kill Lu Ming. The National Master must know that once Wu Fan died here, the National Master must doubt that Lu Ming did it.

With the hegemony of the national teacher, what can't be done?

However, Wu Fan was released on this?

impossible!

He has offended Wu Fan and killed so many masters in Guoshifu. Even if Wufan is released, Guoshi and Guoshifu will certainly not let him go.

In this case, why not kill?

Seeing Lu Ming hesitating, Wu Fan thought that Lu Ming was afraid and did not dare to kill him. There was a smug smile on his face, saying: "Lu Ming, your talent is very good, the strength is very strong, much stronger than those of my waste. , As long as you surrender to me and swear to help me do things in the future, and also, give me the treasures on you, I can do so for this matter, no blame..."

Lu Ming almost smiled.

Why is this thing so stupid, the IQ is too low.

Really thought he could scare him with just a few words?

Not only was Lu Ming surrendering to him, but he also remembered Lu Ming's treasures and chances. It was really stupid.

"Sorry, I have an advantage, that is, I don't believe in evil spirits. I want to see if you are killed. How will your father deal with me!"

Lu Ming sneered, the cold killing was extremely rich, and a spear appeared in his palm.

"Do not..."

At this moment, Wu Fan's face changed wildly, and he really felt Lu Ming's killing opportunity. That was not just talking, but really wanting to kill him.

He panicked, scared, frightened, not calm...

"Don't kill me, don't kill me, you can give you anything you want, power, beauty, treasures, exercises, **** crystal, I can give you anything, don't..."

Wufan hysterical shouted.

However, before he finished, Lu Ming's spear had been stabbed out.

Poof!

Wu Fan's head was penetrated, his soul was annihilated, and he fell on the spot.

"I will take everything I say..."

Lu Ming whispered, then put away Wu Fan's storage ring.

"All gods, have all those people been killed?"

Lu Ming asked.

"No one stays!"

Pantheon.

"Okay! Let's put away those people's storage rings."

Lu Ming said.

Then, Lu Ming burned Wu Fan's body into ashes with a fire, and then collected the storage rings of more than thirty strong men in the state division, and the bodies were also burned clean.

To be honest, this matter really can't let the national teacher know, otherwise the national teacher will be crazy.

After making sure that no flaws were left, they left here.

After flying far away, Lu Ming took out Wu Fan's storage ring and frowned.

With a final wave, Wu Fan's storage ring was thrown away.

This is Wufan's storage ring. Who knows if the Guoshi can perceive by any means, it is too dangerous to carry on his body.

As for the storage rings of thirty-six state masters, Lu Ming transferred all the treasures to his own storage ring, and the empty storage rings were also thrown away.

After dealing with it, Lu Ming took the pantheon and headed towards the place he had agreed with the apes.

After a period of time, Lu Ming came to the place agreed with the Ming Ape War Clan.

Far away, Lu Ming saw the Ming Ape War Clan.

"Zhan Zu!"

The Ming Ape War Clan also saw Lu Ming. After seeing that Lu Ming was okay, they were all overjoyed and relieved.

Before Lu Ming left alone, the blonde and the silver-haired men were distracted. They were very worried.

During this time, he has blamed himself for failing to protect Lu Ming. In case Lu Ming had something wrong, after going out, they could not explain to them.

"I'm fine!"

Lu Ming smiled.

"Who is this..."

The people of the Winged Ape War Clan looked at the pantheon.

"He is a new friend I know!"

Lu Ming said casually.

Chapter 3326: Prince's anger

Lu Ming did not give a detailed introduction to the origin of the pantheon. After all, it was too shocking to expose. I am afraid it will cause an uproar. It is still good to hide it for the time being.

Seeing Lu Ming did not elaborate, the Ming Ape War Clan would naturally not get to the bottom.

"Right, your original idol, did the light succeed?"

Lu Ming asked.

"Successful, Zhanzu please see!"

An elder warrior of the apes took out the original statue with a hundred feet tall.

Lu Ming immediately felt a mysterious wave coming out. Lu Ming knew that the original **** did indeed open the light, and from the perspective of the wave, I am afraid that it was not just the light. After the light was opened, at least a lot of it was absorbed. God factor.

Obviously, these years, the Nether Ape War Clan has not been idle.

"Okay, let's go out now!"

Lu Ming put away the original idol, and then headed towards the place they entered together.

They left the coordinates there, as long as they move forward according to the coordinates.

In a flash, two days passed.

On this day, they were flying and met a pedestrian.

"Liu Kuan!"

Lu Ming's eyes flashed.

The pedestrian in front was Liu Kuan and another prince in the Prince's Mansion, who took the Prince's man.

"Lu Ming..."

Liu Kuan and others saw Lu Ming from afar, revealing a murderous opportunity.

But seeing so many people around Lu Ming, they looked so serious that they dared not kill them.

He has also seen the fighting power of the Winged Ape Clan, and it is extremely strong. Now they add up to more than 30 in number, and they cannot kill Lu Ming at all.

Under the war, it will only hurt both sides.

"Huh, let him go for a while, and wait for us to go out and see how he dies!"

"Yes, I will inform the prince when there is a hundred ways to execute him!"

Liu Kuan negotiated with another young man in secret, then retreated directly and flew towards the distance.

Lu Ming's eyes moved, and he did not chase.

If you want to get started, you have to kill them all, otherwise it will be a big trouble.

This time, the other party chose to retreat far away from each other. Even if Lu Ming wanted to lead someone to chase, it would not be possible to kill them without leaving, and simply let the other party leave.

Along the way, it went very smoothly.

They did not stay, nor did they search for the **** factor, and they rushed all the way, very fast.

When they returned to the place where the coordinates were made, it was still a few months away from the ten-year period.

They waited quietly for a few months, and they passed in a flash.

Suddenly, a powerful force enveloped them, and they disappeared from here. The next moment, they returned to the place where they came in.

Lu Ming glanced over and saw a figure appearing next to him.

He saw Emperor Jianyi, the Void Cliff, Qian Shengxuan and others, with their men, appeared one after another.

Some of these people lost some, some lost two or three people, some lost seven or eight people.

Even more, Lu Ming saw a young man, and only a dozen people were standing beside him, which showed that he had encountered a crisis and suffered heavy losses.

Of course, Liu Kuan and the crown prince's other Tianjiao suffered great losses.

At this time, others also noticed that Liu Kuan and the young man were shocked.

"Liu Kuan and Mu Yuan actually lost so much. The masters they brought were all elites under the crown prince, not only the Peak God King, but also the masters of the Peak God King. The two of them added up and lost most of them. "

"Who has the power to kill them? It is estimated that they have encountered monsters in the Divine Realm!"

"Only this is possible!"

Some people are arguing that Liu Kuan and Muyuan were both unlucky, and they only lost so much when they met the monsters of Shenjun Realm.

However, no one looked at the pantheon, because before coming out, Lu Ming gave a black robe for the pantheon to avoid being recognized.

After all, the pantheon shot over some people at the beginning, showing their terrifying strength, and it was not so good to be recognized.

Immediately, a few old men led them with a landing, left the place, and left the entrance to the broken universe.

After leaving here, Lu Ming returned to the other courtyard where the Lanshang lived with the people of the Ape Warrior, and first let the gods settle down here.

Later, Lu Ming returned to Taixu Royal Sanctuary.

"Go, let's report the prince!"

Liu Kuan and Muyuan directly brought people back to the Prince's Mansion.

Soon after, in the Prince's Mansion, in a hall, Liu Kuan and Mu Yuan knelt down with fear, and above, the Prince was sitting.

At this time, the crown prince exuded a terrifying breath, and both Liu Kuan and Muyuan couldn't breathe.

"Two wastes!"

Half-sounded, the prince spoke, his voice cold.

Liu Kuan and Muyuan shuddered with agitation, cold sweat, and they didn't dare to speak at all.

"Good Lu Ming, even my people dare to move, very good, I will squeeze you to death!"

The crowning prince spoke abruptly and got up suddenly, and he was about to kill the Taixu Royal Sanctuary and kill Lu Ming himself.

"Prince, no!"

At this moment, an old man stood up and bowed.

"Ok?"

The prince glanced at the old man, who was named Han Fengye, who was his confidant, powerful, and resourceful.

"Prince, Lu Ming is just a new student who joined the Taixu Royal Sanctuary. If the prince personally killed him, it would damage the prince's reputation. Not good!"

Cold wind night road.

The prince frowned slightly, and he understood that Han Fengye was right.

With his princely prince, personally dealing with a junior, it will indeed provoke gossip, especially the second prince.

In the Taixu dynasty, the only thing that can confront the prince is the second prince.

In the eyes of everyone in the Taixu dynasty, whether the second prince is talented or talented, they are all above the prince. Therefore, the second prince also gathered a large number of men and was extremely powerful.

Even the prince must be scrupulous.

"You are right, so, cold wind night, you take a trip, bring that Lu Ming, and put to death!"

The prince waved his hand at random, as if sentenced to Lu Ming.

"Yes!"

Han Fengye led his life, then looked at Liu Kuan and Muyuan, and said, "You two, come with me!"

"Yes Yes!"

Liu Kuan and Muyuan Yuansong breathed away, and quickly followed Han Fengye away.

Lu Ming returned to Taixu Royal Sanctuary and met Qiuyue. Qiuyue was fine to see Lu Ming, naturally happy like a bird.

The two stayed warm for a while, and then discussed the intention to leave the Taixu Royal Sanctuary and asked the blue merchant to discuss the matter of opening the prefecture.

boom!

At this moment, there was a terrible atmosphere outside, and a huge pressure, like a mountain, pressed against the palace where Lu Ming lived.

Rumble!

Their palace shook violently. Around the palace, a powerful rune emerged, forming a light mask that enveloped the palace.

Chapter 3327: Come here

Lu Ming and Qiu Yue were the top ten at the time of Taixu Royal Sanctuary. The palace in which they lived was the most top-level, with a powerful formation guard.

Under pressure at this time, the formation automatically defended.

"who?"

Lu Ming and Qiuyue both changed their faces.

This is the Taixu Royal Sanctuary. Who is so bold that they dare to take action in the palace where they live.

"Lu Ming, get out!"

A loud cry came.

"Liu Kuan!"

Lu Ming heard Liu Kuan's voice.

"It seems that the people in the Prince's Mansion came to Xingshi to blame!"

Lu Ming's eyes flashed.

That pressure is extremely powerful. It must not have been sent by Liu Kuan. It should be the other strong man in the Prince's Mansion.

At this moment, the movement here, he alarmed other people, many students, flew out of the place of residence, looking towards this side, revealing curiosity.

"What a terrible strong man, who is that man, dare to sack wild here!"

Some students looked at Liu Kuan, Muyuan, and Hanfengye, showing curiosity.

That breath was naturally exuded by the cold wind night, like the sea like a sea, terrified.

"That's the Prince's House, and the old man, it seems like the Prince's confidant!"

"No wonder the elders of Taixu Royal Sanctuary have disappeared, they haven't shot!"

Many people talk about it.

The power of the prince is no small matter.

Today, the Holy Emperor has been in charge of the Taixu Holy Dynasty. It has been endless years. It is said that the current Holy Emperor's birthday is not much.

Once the Holy Emperor falls, the crown prince will succeed, showing how powerful his power is.

"Go out and see!"

Lu Ming and Qiuyue left the palace, but did not leave the range guarded by the formation.

The formation is like a round ball, covering the palace in it.

As soon as they went out, they saw Liu Kuan, Muyuan, and Han Fengye.

"Lu Ming, you are finally out!"

Liu Kuan saw Lu Ming, revealing a terrible murderous opportunity.

"Liu Kuan, you come to me and disturb my cultivation, what is your intention?"

Lu Ming said.

"Lu Ming, go with the old man, go to Prince Mansion!"

Cold wind night road.

"It turns out that I'm going to the Prince's Mansion. I'm sorry. I'm feeling the truth. I want to retreat and practice. I'm afraid I won't be free during this time!"

Lu Ming smiled faintly.

"Not free? Lu Ming, the prince has something to see you!"

Liu Kuan stared at the landing Ming Ming.

"The Prince has something to see me? What's the matter, just tell me!"

Lu Ming said.

After going to the Prince's Mansion, Lu Ming couldn't help himself, could Lu Ming go there.

"Nonsense, the prince has something to see you for no reason, hurry up with us!"

Muyuan shouted.

"I have a bad temper. If I don't know anything, I won't go to kill me. If you rely on the power of the Prince's House and you want to shoot me for no reason, then I have nothing to say!"

Lu Ming said indifferently, the appearance of being oily and salty, and even vaguely pointed out that the Prince's House should not bully people.

"you..."

Liu Kuan and Muyuan tremble with their angry bodies.

"In this case, the old man will say it straight away. When you entered the broken universe, you killed the 36 strong kings of my Prince's Mansion. This is a huge sin. You must be punished and go with the old man. Prince's Mansion, accept the punishment!"

Cold wind night coldly opened.

As soon as this remark came out, many people were shocked.

This time entering the ruined universe, the Prince's Mansion actually died thirty-six peak God King, this is definitely a huge loss, no wonder the Prince's Mansion will come to take people.

"Ha ha ha, it turned out to be because of this matter, sorry, this matter has nothing to do with me, you guys can please return!"

Lu Ming laughed.

"It has nothing to do with you, nonsense, it is clear that you killed,,,"

Liu Kuan angered.

"I killed? Liu Kuan, you are talking about evidence, and I ask you, your people, I killed them, or did the people I brought killed?"

Lu Ming questioned loudly.

"Although you didn't do it, you died because of you..."

Liu Kuan said angrily.

"Dying because of us? Ha ha, did we lay the formation pit to kill you? Or how?? From beginning to end, we didn't move a finger at all. Your people were killed by monsters in the broken universe, and What am I doing?"

Lu Ming shouted.

"You...you quibble, those monsters, you attracted, deliberately led to us..."

Liu Kuan's face shouted ugly.

"Hahaha, ridiculous, ridiculous, I am attracted, how ridiculous!"

Lu Ming laughed and said: "When we first met, you took a group of people to surround me and tried to kill me, and then somehow was attacked by monsters, which can also rest on my head, It's ridiculous..."

"you you..."

Both Liu Kuan and Mu Yuan's faces turned red, but they didn't know how to answer for a while.

The situation was exactly as Lu Ming said.

It was they who wanted to kill Lu Ming. When they saw Lu Ming at the beginning, they took people to surround Lu Ming with them, so they were killed.

"We are standing still, you rushed up to kill me yourself, bad luck besieged by monsters, this matter should also be counted on my head, hehe, then I have nothing to say!"

Lu Ming spoke lightly, and Liu Kuan and Muyuan almost vomited blood.

Han Fengye also had a gloomy face and said indifferently: "The tongue is like a clever tongue. Who knows what you said is true or false?"

boom!

As soon as the voice fell, Han Fengye wasn't talking nonsense, and he shot directly. With a wave of his hand, a huge claw, he caught the landing.

The claws caught on the mask formed by the array, and made a violent fluctuation, and the whole palace shook violently.

The formation of the palace is extremely mysterious, but the strength of Hanfengye is too strong and unfathomable. I am afraid this formation cannot be stopped.

Lu Ming's complexion dimmed.

He didn't expect that the Prince's House was so overbearing, but he just said it, and he was too lazy to excuse him.

"Give me!"

Cold wind and cold drinks at night, constantly stimulating momentum, constant vibration of the formation, this way, not long after, the formation will be broken.

In the distant sky, many strong men from the Royal Palace of Taixu watched it, but it was related to the Prince's Mansion, and it was difficult for them to intervene.

In Taixu Royal Sanctuary, not many people dare to offend the prince.

Seeing that the array method was shaking more and more, at this moment, a divine light came flying from the distance and bombarded on the big hand condensed in the cold wind night. With a roar, the big hand condensed in the cold wind night directly broke apart.

"Who? What a daring!"

Cold wind night cold drink, the murderous flashes in his eyes.

Someone dared to stop him and didn't want to be confused

But at the next moment, his pupils shrank, revealing fear.

In the distance, a group of people came toward this side. A man headed by Qi Yuxuan, Longxing Hubu, was the second prince.

"Hanfengye, I think you are the courageous!"

The second prince spoke indifferently.

Han Fengye's face became a little ugly.

In the Taixu dynasty, the second prince is a minority who dares to fight against the prince, and has the ability to do so.

Chapter 3328: The State Division killed

"Second Prince, what do you mean?"

Han Fengye asked ugly.

"What do you mean? This is the Royal Sanctuary of Taixu. You are here to get people, isn't it bold? Who gave you the guts, is it my elder brother?"

The second prince said lightly.

"The second prince, this son killed dozens of masters in the Prince's Mansion. He was so guilty that I wanted to take him back to the Prince's Mansion for investigation!"

Cold wind night road.

"I said, the people in the Prince's Mansion were not killed by me. It has nothing to do with me. The Prince's Mansion must condemn me out of thin air. I have nothing to say!"

Lu Ming interjected.

"Boy, shut up..."

Cold drinks at night.

"Oh, isn't it even possible to justify? Is the Prince's House really covering the sky with one hand, is it more powerful than the Holy Emperor?"

Lu Ming sneered.

He naturally knew the relationship between the second prince and the prince, so he said that in front of the second prince.

"you..."

Han Fengye's face changed greatly.

If this was said in front of others, the prince would not care, but in front of the second prince, it would be terrible, and the second prince would be used to attack the prince.

"I also know the general situation, but Lu Ming, you still have to talk about it specifically, what is going on?"

The second prince spoke.

"it is good!"

Lu Ming nodded, and probably said it again when things about to break the universe.

Of course, he wouldn't say that those human races were chasing and killing him. He just said that he didn't know that those races were nearby.

"Oh, according to this, it is Liu Kuan and Muyuan who want to kill you. Luck, so many masters have been killed by the monster!"

Second Prince Road.

"Yes, that's it. I'm lucky. They're unlucky. This can blame me. I'm speechless!"

Lu Ming sighed for a long time, and he looked like he was wronged.

"You, you bullshit, you must have known that monsters are by your side, I guess those monsters are going to kill you, you deliberately kill us!"

Liu Kuan shouted.

"Evidence, what about the evidence? You need to talk about the evidence!"

Lu Ming said lightly.

"I..."

Both Liu Kuan and Muyuan had to vomit blood. There is no evidence for such a thing.

"Take a ten thousand steps back, assuming that I knew the monsters long ago, but the situation at the time was that you were going to kill me, you mean to say, you are going to kill me, and I have to remind you that there are monsters here, Don't come over, do you?"

Lu Ming spoke lightly, full of ridicule.

Liu Kuan and Muyuan shuddered, but Lu Ming's words could not be refuted.

"Okay, things are probably clear. This is because you are unlucky. It has nothing to do with Lu Ming. Go back and tell Brother, he is not the Holy Emperor now. Don't be overbearing. Otherwise, I can only go to the Holy Emperor. Take a trip there!"

The second prince waved his hand.

Han Fengye's face was a bit ugly.

But he had no evidence and had to retreat, otherwise, he would be caught by the second prince to attack the prince.

He did not expect that the second prince would come suddenly. If there was no second prince, he would be too lazy to control what Lu Ming said, just grab it away.

"Okay, in this case, say goodbye!"

Han Fengye said coldly, and finally took Liu Kuan and Mu Yuan with them, and left in disgrace.

"Lu Ming thanks the second prince for his help!"

Lu Ming stepped out of the air and clenched his fist against the second prince.

"You're welcome, I heard someone report it, so I hurried over, you're fine!"

The second prince smiled and was very gentle, giving people a feeling of spring breeze.

Lu Ming knew very well that the second prince was buying up people's hearts, and obviously it was Lu Ming's talent.

"In any case, I would like to thank the second prince for helping me!"

Lu Ming said.

"Haha, you really want to thank me. You can just sit in my house in the future. Maybe, I have something to ask you for later!"

The second prince smiled.

"Today's grace, Lu Ming will definitely return the second prince!"

Lu Ming said indifferently.

Rumble!

At this moment, a rumbling loud noise came from a distance, a terrifying and breathless atmosphere, coming from a distance, as if a huge beast rushed in, and the scene fell into a dull state.

"too horrible!"

Many people were pale and trembling, almost kneeling down.

This breath is too horrible, powerful and unimaginable, the entire Taixu Royal Sanctuary is shrouded in it.

Even the second prince's face dimmed, looking in that direction.

At the next moment, a figure appeared in that direction.

National Division!

Many people were shocked in their hearts, the figure was the national teacher, the breath, it was exhaled from the national teacher.

Many people are relieved that the state teacher is the pinnacle of the Taixu dynasty. It is normal to have such a terrible atmosphere.

However, the national division exhaled a strong murderous opportunity and suddenly came to the Taixu Royal Sanctuary. Why?

Many people showed doubts.

"This guy..."

Lu Ming's pupils shrank, he had a feeling, the national teacher came to him.

Sure enough, as soon as the national teacher came here, he saw Lu Ming, and a terrible murder broke out in his eyes.

However, when he saw the second prince at Lu Ming's side, his eyes narrowed slightly, and it seemed a little surprised, why the second prince was here.

The national teacher is very fast, and the next moment will be near.

"Guo Shi, what are you doing? Your majesty, you suddenly came to Taixu Royal Sanctum in a murderous manner, what kind of system?"

The second prince said coldly.

"Second Prince, I am here to avenge my son Wu Fan!"

The master of the country opened his mouth, and his face was grim, full of terrible murders.

This remark made the people on the scene more shocked.

"What, Wu Fan is dead, how is it possible?"

"I heard that Wu Fan entered the broken universe, but did not come out in the end. Not only that, but none of the people in Guoshi Mansion came out!"

"There is such a thing, who is so bold and dare to kill Wu Fan?"

The scene was tumultuous.

The second prince's gaze was also moved, and some surprises, said: "Guo Shi, who killed Wu Fan?"

"He, Lu Ming!"

The Master's eyes looked at Lu Ming, filled with terrible murderous opportunities.

"It's him again!"

Many people gaped and looked at Lu Ming in unison.

The man from the Prince's Mansion was now the National Teacher. What did Lu Ming do in the broken universe?

"I didn't kill Wufan!"

Lu Ming answered quietly.

"Not who you are?"

Guoshidao.

"Guo Shi, you said I killed Wu Fan, but there is evidence, witness, or material evidence!"

Lu Ming said.

This matter has been dealt with by him. It is impossible for anyone to know that he killed Wu Fan.

The national division is entirely based on speculation.

"You don't need evidence, you killed, dare to kill me, you will die!"

The national teacher roared, and the killing was extremely rich.

The stronger the cultivation base is, the harder it is to conceive a child. With the cultivation division of the master, it is rare to have Wufan, which is naturally favored.

Now that Wu Fan was killed, he was going crazy.

Chapter 3329: Horror war

"If there is no evidence, it is said that I killed it. The national master really has a high weight and can convict people at will!"

Lu Ming drank coldly.

"Did you kill it, you will know if you take a Soul Soul!"

The national teacher's voice was cold, and he stepped out in one step.

At this time, an old man next to the second prince stepped out, screamed, and broke out a strong breath, resisting the breath of the national teacher.

A horrible roar sounded, and the old man next to the second prince violently shook his body, retreating back and forth, obviously losing to the national division.

"The second prince, this son kills my son Wufan, must die, don't force me to do it with you!"

The national teacher must be flying, extremely violent, and really mad.

Although he had no evidence, he was 80% sure that Wu Fan was killed by Lu Ming.

Because he knew very well that this time Wu Fan wanted to kill Lu Ming in the broken universe. Now Lu Ming is alive and well, but Wu Fan is dead. Who can Lu Ming kill?

The second prince frowned.

The state of the state teacher is extremely unstable, and if he intervenes, the state teacher may really do something with him.

Although he valued Lu Ming and wanted to lure Lu Ming, if it was because Lu Ming, he was hard and straight with the national teacher, obviously he couldn't make a difference.

The second prince's opponent made a wink, and then they retreated silently.

"Little debris, die for me!"

The national teacher's eyes were staring at Landing Ming with a **** red, and he was born with a loud roar, and went towards Landing Ming.

"Damn..."

Lu Ming roared in his heart.

He still underestimated the hegemony of the high-ranking figures of Taixu Shenghao. He did not expect that the other party would kill him without telling the evidence at all.

Faced with such a character, he had no strength to fight back at all, and his body could not move.

"Master..."

Qiyue exclaimed and was very anxious and wanted to rescue, but her body could not move and could not be done at all.

At first sight, Lu Ming was about to die in the hands of the National Master. At this time, the space in front of Lu Ming suddenly fluctuated, and then a gray-haired old man suddenly emerged.

The old man waved his hand, and a burst of divine light broke through the attack of the national division. Lu Ming was light, and he immediately recovered his freedom.

"Laotian..."

Lu Ming's heart moved, and this sudden figure appeared to be the King of Heaven.

"It's the Thousand Saint God!"

Others also exclaimed in bursts.

The Master's face was also solidified, staring at the Thousand Saints Heavenly King and saying, "Thousand Saints Heavenly King, this matter has nothing to do with you, let go!"

"This little guy, I look very pleasing to the eye. Why doesn't it matter to me?"

Thousand Saints Heavenly King said lightly.

"He killed me Wu Fan, no matter who he is, he will die!"

The national teacher shouted, and his breath was violent.

"If you want to add sin, why don't you bother? You just want to find a burial person for Wu Fan!"

Lu Ming shouted.

"Did you kill it, search your soul to know!"

The Nationalist teacher snorted, did not talk nonsense, went to the landing, and a terrible attack erupted. The entire Imperial Palace of Taixu was constantly shaking, as if to burst apart.

Not only that, this breath directly permeated out to the entire Taixu Saint Capital, and the countless strong men of the Taixu Saint felt that a huge stone was pressed on them.

"Old man, I haven't done it for a long time. Just to see today, what kind of patience do you have in your country!"

The heavenly king opened his mouth and stepped out, his body also rushed out of terror.

The atmosphere of the two, the constant confrontation, the pressure on the scene is even more terrifying.

"Turn on the big formation!"

Taixu Royal Sanctuary, shouted.

The powerhouses of Taixu Royal Sanctuary were all alarmed, and many terrifying powerhouses appeared, starting a large formation.

Numerous runes emerged from the entire Taixu Royal Sanctuary, which shrouded the Taixu Royal Sanctum, fearing that two horrible beings would fight and destroy the Taixu Royal Sanctum.

Uh! Uh!

Suddenly, the body of the State Master and the Thousand Saints and Heavenly Kings rose into the sky, rushed into the infinite sky, rushed into the cosmic sky, and launched a war.

Although the national teacher was raging in the sky, he had not lost his mind. With their cultivation practice, if they were to fight in the Taixu Holy City, it would be devastating, and he would not be able to bear the consequences.

Therefore, they rushed into the Star Wars.

boom!

In the starry sky, a horrible explosion sound came suddenly, and a dull pressure pressed on everyone in Taixu Shengdu.

Then, in the starry sky, it seemed that a planet exploded, shining a bright spot, dazzling.

Boom!

Then, there are more and more bright spots, such as many planets exploding in the sky, covered with starry sky.

This is the State Master and the Thousand Saints Heaven King are fighting, colliding, it is really terrifying.

Lu Ming looked up, but he couldn't see the trajectory of the two men's battle at all. He could only see one after another lit up.

Only a few, such as the second prince, and an old man beside the second prince, some elders of the Taixu Royal Sanctuary, can see the trajectory of the war.

Or, some horrible strong men who concealed themselves in the Taixu Holy City.

These people, looking up and watching, their faces dignified, this level of war is not something you can see at random.

In the starry sky, there is endless vibration, the whole starry sky is shaking like a water wave, and the stars farther away are swept apart by the terrible shock wave.

The two didn't know how many battles were fought, and the starry sky suddenly calmed down.

At the next moment, a figure emerged in front of Lu Ming, the King of Thousand Saints.

Lu Ming quickly looked around and found that the King Qiansheng Laotian had a ruddy complexion and a well-balanced breath.

At the next moment, not far ahead, the figure of the state teacher appeared, but the state of the state teacher was much worse, his face pale, his body trembling slightly, and a trace of blood hung on the corner of his mouth.

Obviously, the national division was defeated and lost to the King of Heaven.

"Please come back!"

Thousand Saints Heavenly King waved his hand.

"Fight to kill the child, don't share the sky!"

The national teacher spoke coldly, still murderous, and did not want to let Lu Ming pass.

"I said, I did not kill Wu Fan. If you have evidence, take it out. Otherwise, I will go to the Holy Emperor to sue you, use power for personal gain, abuse authority, and bully the weak!"

Lu Ming shouted, he was also angry.

"Search your soul to know!"

The national teacher still has to search for souls.

"I search Nima, you doubt who is going to search the soul, then I suspect that you have lost the treasury, colluded with the barbarian, and I will also search your soul, will you?"

Lu Ming shouted.

"Come on, you dare to scorn the old man..."

The National Teacher was furious and wished to slap Lu Ming to death.

Of course, there is the King of Thousand Saints and he can't do it.

"I think Lu Ming is right. You have to search for his soul without evidence. Then he can search for you. It is better to exchange them. I have no opinion!"

Thousand Saints Heavenly King.

"you guys..."

A fierce light flashed in the eyes of the master.

But if he is to be searched for souls, it certainly won't work.

He walked all the way up to this point, and only he knew how many bad things he had done in secret.

Soul search, not all exposed?

Chapter 3330: Ready to open

The Master's face is ugly. He knows that there is a Thousand Saints and Heavenly Kings today, and it is difficult to move Lu Ming today.

Moreover, after a battle with the King of Heaven, he gradually calmed down.

Before, he heard that Wu Fan did not come out, and took a look at Wu Fan's life soul card, only to realize that Wu Fan had fallen, suddenly mad, and was stunned by anger.

In fact, it is extremely unwise to kill a genius disciple directly as a state teacher in the Taihu Royal Sanctum.

Because, in the broken universe, it is a common thing to attack and kill each other. Even if Wu Fan was killed by Lu Ming, it is normal. It can only be blamed for poor skills.

What's more, he has no evidence to prove that Wu Fan was killed by Lu Ming, purely speculation.

In this case, his opponent will definitely take this matter to attack and impeach him in front of the Holy Emperor.

And the second prince was at the scene. The impeachment was definitely not going to run away.

The tangtang state teacher committed suicide to the Taixu Royal Sanctum. Like a wild beast, in front of countless people, it is taboo to kill without telling evidence or reason.

I would like to ask, if the senior officials of the Taixu dynasty do this, who would dare to serve the Taixu dynasty?

After calming down, the national teacher thought of these consequences and finally retreated.

"Lu Ming, my child Wu Fan, is it right to die in your hands? I will find out about this matter sooner or later, let's just wait and see!"

The National Master spoke coldly, then slowly backed away.

"Guo Shi, for this matter, I will personally meet with His Majesty the Holy Emperor. I would like to ask His Majesty the Holy Emperor.

Thousand Saints Heavenly King.

The national teacher's face was gloomy and he snorted, then retreated.

Lu Ming secretly breathed a sigh of relief. This time, it was really dangerous. If Qian Shenglao Tian shot, he would be really dangerous, and he would be pinched to death by the crazy national teacher.

"Lu Ming, thank you again, Qiansheng God!"

Lu Ming solemnly thanked King Qiansheng God for fists.

Before and after, Thousand Saints Heavenly King has helped him twice, and he is very grateful to Thousand Saints Heavenly King.

"Lu Ming, I will immediately meet His Majesty the Emperor and impeach the State Master. After this time, the State Master would not dare to deal with you personally, but he will definitely not give up, and will secretly send someone to do it. You must be careful! "

Thousand Saints and Kings warned.

"Thank you senior, Lu Ming will be careful!"

Lu Ming nodded.

"Second Prince, how about accompanying the old man to the palace?"

Then, the Thousand Saints King looked at the Second Prince.

"Don't you dare to invite Laotian King? Laotian King please!"

The second prince smiled.

The national teacher is the right hand of the crown prince. He can impeach the national teacher and strike it against him. Would he not go?

And with the Thousand Saints and Heavenly Kings together, he could not wait.

Immediately, the Thousand Saints and the second prince left here and went to the palace.

"Master, are you okay!"

Qiuyue flew over and watched Landing worriedly.

"It's okay, let's leave here first!"

Lu Ming said.

Today, he has a primitive idol and no longer wants to stay in Taixu Royal Sanctuary.

After this incident, he understood the truth. Normally, it is safe to stay in the Taixu Royal Sanctuary, but in the face of the top-level characters of the Taixu Holy Dynasty, the Taixu Royal Sanctuary will not give him asylum at all.

It is better to stay in the place where the blue merchant lives, where there are at least the strong apes of the apes warfare clan, in case of danger, the strong apes of the apes war clan will definitely fight desperately.

In addition, he can now open the Kaifu Lizu. He wants to consult the blue merchants and the specific plans of the Kaifu Lizu.

Immediately, Lu Ming and Qiu Yue left the Taixu Royal Sanctuary and returned to the place where the blue merchants lived.

After returning, Lu Ming found the blue merchant, asked about the Kaifu Li nationality, and how to choose the address.

It is also important to choose the address of the Kaifu Li clan, which is related to the later development.

"Choosing an address will naturally lead to potential!"

Lan Shangdao, and then took out a piece of jade rune, the jade rune glowed, and a starry sky pattern appeared in the sky. The patterns were densely packed with tiny light spots.

Those light spots are actually famous life planets. They are very small. If Lu Ming's eyes are sharp, most people can't see them.

Many light spots form galaxies, and hundreds or thousands of galaxies form another piece of star field.

"This is the territory map of the Taixu Holy Dynasty!"

Blue Business Road.

Sure enough, Lu Ming moved.

The territory of the Taixu dynasty is really vast.

"The territory of the Taixu dynasty is mainly divided into two parts. The core part is controlled by the royal family of the Taixu dynasty and is the most extensive..."

Speaking of which, Blue Merchant reached out and stroked the void, an aperture, circled the center of the territory.

This piece in the center occupies about half of the total map.

These are the territories occupied by the royal family of Taixu Holy Dynasty.

"In addition to a territory in this center, the surrounding territory is the territory of the Taixu dynasty's various ethnic groups. The soldier's palace, the general's palace, the monarch's palace, the heavenly king's palace, and the small and large ethnic palaces occupy the outer periphery. territory!"

"Moreover, all the clan houses have battles with each other, and they fight each other. The Taixu dynasty opens one eye and closes the other. By default, this outer area is almost occupied by the clan houses. Among them, the fast-growing tribes are difficult!"

Blue Business Road.

"Where should I choose?"

Lu Ming asked.

"Here!"

The blue merchant pointed to the west, the outermost territory.

"The West of the Taixu Holy Pilgrimage is close to the barbarians and competes with the barbarians all year round. This area is the most chaotic, especially the area bordering the barbarians. There are many star fields. The chaos is very chaotic. The interstellar pirates are rampant. No matter whether it is a Taixu dynasty or a barbarian, it is difficult to take full control. It is the easiest to develop in this area!

"Moreover, according to the rules of the Taixu dynasty, at the beginning, the government was the lowest-ranking soldier's palace. If you want to upgrade, you can only rely on credit for killing interstellar pirates and barbarians. The more credit you have, Only the Clan House can be upgraded, it can control more planets, more territories, and recruit more powerful people!"

Blue Business Road.

"Okay, then choose this area!"

Lu Ming nodded and made a decision.

The more chaotic the place, the better the chance.

It is difficult to choose a place that is stable and relatively stable and you want to develop.

Afterwards, Lu Ming and Blue Merchants continued to discuss specific matters concerning the Kaifu.

It took a full day of discussion before putting all the details into place.

The next day, Lu Ming went to the military aircraft office with the blue merchant.

If you want to open a government, you must first obtain the review and supervision of the Military Aircraft Department.

Lu Ming had the Kaifu token granted by the Holy Emperor, and naturally passed the review with ease.
