

D Emperor 3331

Chapter 3331: Star Pirate

After easily passing the review, Lu Ming obtained a large piece of resting stone, which was used to record credit.

For example, Lu Ming took people to hunt the interstellar pirates, he would use this kind of shadow stone to record it, and then submit it to the military aircraft. After the review, he would reward the corresponding credit.

The same is true for hunting barbarians.

The credit for this is entirely based on this kind of shadow stone, and no fakes are allowed.

After everything was handled properly, Lu Ming and Lan Merchant returned to their place of residence, without stopping at all. They set off with Qiuyue, Blue Spirit, and the powerful apes of the apes.

They set off in secret, no one else found.

The Taixu Holy Capital, to the western frontier, is too far away, but in the Taixu Holy Capital, there are wormholes connected. They passed the wormhole and took only a short time to reach the western border.

"Our goal is a star field at the junction of the Taixu dynasty and the barbarians, and the sky mixed star field, we first need to find a life planet to settle down as the foundation of the Li family!"

Lan Shangdao, he took out a map and watched it.

This is a map of the sky mixed star field, the record is very detailed, your big and small galaxy, and even some powerful forces are marked out.

Lu Ming secretly lamented that, fortunately, with the help of Blue Merchants, Blue Merchants had planned some plans before that. If he was replaced by him, it would be dizzy.

Then, Blue Merchant pointed a little, and one of the planets zoomed in quickly.

"This planet, called Qianlong, is occupied by a group of interstellar pirates. This planet has a very good environment and a strong atmosphere. It is a good place for cultivation. It is best used as a foothold in the early stage. Lu Ming, what do you think? "

Lan Shang asked Lu Ming.

"Qianlongxing, really a good name, just this planet!"

Lu Ming smiled.

"Okay, let's go!"

Blue Business Road.

咻咻咻...

They turned into a rainbow of light and flew towards the sky mixed star field.

Their group, Lan Lingxiu was weak, and was taken by the blue merchant. The speed of the others was amazing, and flew towards the sky.

Passing through the planets, more than ten days later, a huge star appeared in front of Lu Ming.

This planet is the Qianlong star.

"It's a pity that a great planet is occupied by a group of interstellar pirates. In the future, it will be famous in my Lu Ming's hands!"

Lu Ming smiled, stepped out first, and flew towards Qianlong Star.

Lanshang et al. followed.

"Who? Stop!"

This was a loud scream, and a group of people appeared, stopping Lu Ming from them.

This group of people, with their fierce faces, were divided into seven or eight different races, and they watched the land with a murderous look.

"What are you guys? What are my Qianlongxing secretly doing?"

One of the strong men holding the big ring knife opened his mouth, full of murderous staring and landing sounds, while waving the big ring knife, whispering.

"Who are we? It's okay to tell you, we are the people of the Taixu dynasty, come here to destroy you!"

Lu Ming smiled.

"What?"

Several people in the black robe, obviously did not expect that Lu Ming would directly tell them his purpose, slightly stunned, and then roared: "The people of the Taixu sacred pilgrimage are coming, quickly give the leader a voice!"

Immediately, someone took out the jade symbol and began to transmit.

Others took out signals to notify other interstellar pirates.

Suddenly, the entire Qianlong star began to move, and a huge interstellar warship flew out, rushing towards this side.

In response, Lu Ming did not move at all and watched the other party's voice.

Let the other party speak and gather together for a better solution.

"Okay, now you can be solved!"

At this time, Lu Ming spoke lightly, and then a huge breathing stone flew out, suspended above Lu Ming's head.

These interstellar pirates are also credited, of course, must be recorded, not to waste.

Then Lu Ming stepped out and walked forward.

"Boy, you are dead, brothers, kill them!"

The big man headed roared, brandished the big ring knife, and drove to the landing.

This great man, with the four-fold cultivation of the **** king, is not weak anymore.

For other interstellar pirates, the **** king ranges from one to four, and the weakest is even half a step.

bump!

Lu Ming stepped out in one step, and the sky was violently shaken, and then the sound of Longyin sounded through the sky.

Suddenly, dozens of nine-clawed dragons flew out, rushing towards the interstellar pirates.

"not good..."

The big man headed was pale and turned to try to escape, but it was too late. A nine-clawed dragon caught up with him. When the dragon claw caught and torn, the big man was torn apart and fell to the spot.

The other interstellar pirates are weaker and basically have no resistance, and are killed one by one.

"Go! Kill the past!"

Lu Ming said.

They rushed towards Qianlong Star.

"The debris of the Taixu Holy Dynasty, dare to come to Qianlong to make trouble, kill them all!"

At least there are more than a dozen huge interstellar warships, each of which has reached a length of thousands of miles, so huge that they crashed towards the landing.

A roar came from the middle ship.

"Come on well, the one in the middle is for me, the rest of you are free!"

Lu Ming's humanity towards the apes.

After talking, Lu Ming rushed towards the middle warship, cast a demon golden body, and punched him with a punch.

"kill him!"

A burst of roar was heard from the battleship, and then a rune emerged from the battleship. Then, a beam of light flew from the battleship's head and hit Lu Ming.

This kind of interstellar warship not only has the function of flying manned quickly, but also can launch attacks, the power is very amazing.

Lu Ming banged out with a punch, hitting on the beam of light. This beam of light was unable to withstand a blow in Lu Ming's hands and was directly defeated.

Boom~!

In the end, Lu Ming punched the head of the battleship with a punch, and the entire battleship vibrated violently, continuously exploding.

The debris splashed and the head of the entire battleship exploded. Then, the terrible fist was spread to the whole body of the battleship. There were cracks in the whole body of the battleship, and finally the whole battleship disintegrated.

One blow hit a thousand-mile-long battleship. This scene is extremely explosive.

The battleship shattered and thousands of people flew out of the battleship.

"No good, rewind!"

Someone shouted.

The ability to blast a thousand-mile warship with one punch is so terrifying. At least it is also the fighting strength of God King Yae. Isn't he able to deal with it.

They knew that the people who came this time were too strong.

"Want to go? Kill all, don't stay!"

Lu Ming spoke indifferently.

Before coming, he had done an investigation long ago, and knew that these interstellar pirates were simply scumbags, with no evildoing, extremely fierce means, and often destroying people.

Everyone is a fierce and wicked person. His hands are covered with blood and he is the one to kill.

For these people, Lu Ming will not have the slightest weakness.

Chapter 3332: Siege pirates

"kill!"

Some strong men of the Nether Ape War Clan have killed the past.

Of course, the ape waited for the strong man of God and King Realm, he didn't do anything, because he didn't need it.

This interstellar pirate can only be regarded as a small pirate in the sky mixed star domain. The strongest is the sixfold of the king of the gods, which does not require the strong shot of the **** king realm.

Any of the aristocratic warfare tribes are enough to solve easily.

"kill!"

Some Winged Apes have killed the past.

This is a battle without suspense. Soon after, almost all the interstellar pirates have been wiped out.

Lu Ming recorded everything with Xiyingshi.

Afterwards, the strong men of the apes battle clan searched the entire planet and removed all the interstellar pirates above.

After cleaning up, they chose a better location and began to build the city.

Taking their cultivation as an example, building a city was really overkill, and soon, a huge city emerged from the ground and appeared between heaven and earth.

After the city was built, the blue merchants began to arrange formations around the city.

Various defensive formations, attack formations, etc.

In the future, this place will become their foundation, and they must be well arranged.

A few months later, inside and outside the city, it was completely renovated and was completely completed.

Lu Ming put them into the Lord.

After that, the Blue Merchants began to arrange a large array of stars around the entire planet. This is a huge project, and it will not be completed in a short time.

Lu Ming began to consider development issues.

Now that they have captured a planet, with a foothold, they can formally establish the soldiers' palace.

But first of all, it is necessary to report to the Military Aircraft Department, and then formally open the government to recruit foreign strongmen to develop forces.

Later, Lu Ming sent a strong man of the ape warfare clan, took his Kaifu order, and returned to Taixu Shengdu to report.

Less than a month later, the Winged Ape Warrior returned.

Everything is done.

However, Lu Ming has no plans to recruit people for the time being. Let's wait for a while to stabilize.

Lu Ming now thought about how to accumulate more credit and raise the rank of the Clan House.

It's just that the soldiers' palace, even if you start recruiting, there are no masters who will come to surrender, and it's useless to recruit some who are low.

And Blue Merchant also suggested to wait for some time before recruiting.

Because the blue business plan to arrange a large array.

This large formation is specially used for recruiting people and can test people's hearts.

If someone with a bad heart or someone with a different purpose enters the large formation, they can be tested.

Lu Ming has a lot of enemies. If he recruits people, there is no guarantee that his enemies will send people in, so this kind of big formation is very important.

Not recruiting for the time being, Lu Ming intends to kill some interstellar pirates nearby and accumulate credit.

Now, the whole situation of the sky and sky is in chaos.

Mainly divided into several camps.

One of them, the one with the largest number and the most chaotic, is the interstellar pirates, the large and small interstellar pirates, the number is very large.

The other one is the people from the Taixu Holy Pilgrimage.

It is not only Lu Ming who chose the Kaifu Lizu here.

The first batch of students from the Taixu Royal Sanctuary, and the last batch, even longer, have developed for a long time.

The third force is the barbarian force.

Barbarians, Taixu pilgrimage, interstellar pirates, attack each other, can be said to be a mess.

The key point is that there is also a competitive relationship among the Taixu dynasty governments, and it is also common to attack and fight each other.

Lu Ming planned for a while, and then took some Winged Apes Warriors away from Qianlong Star and headed west.

Not far from them, there is a group of not weak interstellar pirates.

This interstellar pirate is much stronger than the gang that Lu Ming had destroyed before. They are annihilated and can get a lot of credit.

A few days later, Lu Ming and them came to a nearby galaxy.

From afar, there is a huge star warship flying and patrolling near this galaxy.

The entire galaxy is made of iron barrels created by this group of interstellar pirates.

boom!

Suddenly, in another direction, a violent roar erupted.

Lu Ming stunned them slightly.

They haven't started yet, why is there movement in that direction? The next moment, Lu Ming understood that there was someone attacking over there.

"Could it be people from other races?"

Lu Ming thought.

There are a lot of Taixu celestial beings in this heavenly celestial realm, and others are naturally staring at these pirates, who want to destroy them and get credit.

"Someone attacked!"

Suddenly, someone shouted at the interstellar pirate, and the news quickly spread into the core of the galaxy.

Within a few minutes, at the core of the star's core, a rainbow of light flew over, all of whom are strong among the interstellar pirates, killing in that direction.

"We go in too!"

Lu Ming ordered the brought-in warriors of the apes, they set off, unfolded, and rushed in this direction.

"Here..."

As soon as they were near the outer edge of the galaxy, the galaxy pirates patrolling here discovered them. Just about to yell, a wretched ape warrior stepped out and punched out.

This Winged Ape Warrior is a strong man in the Divine Monarchy brought by Lu Ming. How powerful is his strength.

His fist suddenly grew larger, covering one side of the starry sky, and there was a big explosion in the whole void.

Rumble!

The interstellar pirates ahead, including the warships patrolled by the other party, directly exploded and turned into powder, and even the news did not have time to spread.

"Kill in!"

Lu Ming they rushed in, and went directly to the core of the galaxy.

The core of the galaxy, a planet close to the central star, has a strong breath of life. Needless to say, this is the old nest of this group of interstellar pirates.

Lu Ming rushed to kill them all the way, very fast, and directly killed the core planet.

After rushing here, they did not stay at all.

Whenever he saw the pirates, he showed no mercy and launched a ruthless attack.

And Lu Ming, holding up the shadow stone, recorded all this.

"Enemies!"

The strong men of this planet found Lu Ming and countless figures rushed from various buildings, but as soon as they rushed out, they were attacked by the apes of the apes and ruthlessly wiped out.

"Miscellaneous of Taixu Holy Pilgrimage, you are looking for death!"

Suddenly, a violent roar came out, and deep in the planet, a breath of terror burst out.

"Goddess Peak, this group of interstellar pirates, actually has the presence of Kings Peak!"

Lu Ming was slightly taken aback, but it was somewhat unexpected.

The next moment, a burly figure rushed out, this is a burst bear family, burly body, holding a battle axe, eyes cold.

He is the leader of this group of intergalactic pirates, a pinnacle king.

"Die to me!"

The leader of the explosive bear crowed and chopped off with an axe.

"It's you who died!"

The **** ape warrior of the **** monarchy shot and punched.

Chapter 3333: Another soldier's house

The monstrous ape warrior of Shenjun Realm shot with a punch, the void burst, and a terrifying punch, and instantly shrouded the pirate leader.

"God...God..."

The pirate leader roared in horror, but at the next moment, his body exploded and turned to ashes.

In the face of Divine King, Peak Divine King, only the life of a spike.

"Run away!"

Many pirates saw that the pirate leader was killed in seconds, Rao is that these people are desperate, almost scared to death at the moment, turned and ran.

But how can these people escape in the hands of the Winged Apes?

Numerous ape war tribes have been killed, and with every move, a large number of interstellar pirates have been killed.

Lu Ming took the shadow stone and completely recorded these.

This kind of breathing stone has been specially refined by the Military Aircraft Department. It is very magical, and can even be distinguished as high or low.

Anyone who has been recorded by Xiyingshi will be able to distinguish the cultivation behavior, which is also for the convenience of recording credit.

The stronger the enemy you kill, the more credit you will get.

Soon after, the interstellar pirates on this planet were almost killed, leaving only two or three kittens and puppies. They fled in a hurry, and they were too lazy to manage.

After collecting all the storage rings of the interstellar pirates, they entered the lair of the interstellar pirates and found a lot of treasures.

All kinds of refining materials, alchemy materials, and various levels of artifacts, piled up like a mountain, and Lu Ming put them all away.

For future development, as the number of people increases, these are all useful.

They cleared all the treasures and made sure that there was nothing left before they retreated.

The direction outside the galaxy still shouted to kill Zhen Tian, fighting fiercely.

"Let's go and see!"

Lu Mingdao, with the Ape Warrior, flew in that direction.

As they approached the battlefield, they found that the shouting of the killing had subsided, that the interstellar pirates had been defeated, a large number of interstellar pirates had been killed, and the remaining few had fled in haste.

Then, a group of people hurriedly came over.

After seeing Lu Ming, they rushed directly to the landing Ming, and the number was very large, and there were tens of thousands of people.

Lu Ming and they only add up to a hundred people.

"Interstellar pirates, kill them!"

Headed by a young man in a yellow robe, he looked less than thirty years old, looked cold, and gave orders.

Lu Ming was speechless and dare to love these people as an interplanetary pirate.

咻咻咻..

In an instant, there were at least hundreds of attacks on the landing and they were attacked, the power was amazing.

Roar!

A Wraith apes battled with anger, took out a huge shield to block them, and blocked all these attacks.

The main reason is that Lu Ming did not issue an order to attack, otherwise the Wraith Ape Clan was not as simple as defending, but counterattacked.

"Wait a minute, you are the people of the Taixu dynasty, we are also the people of the Taixu dynasty!"

Lu Ming shouted, his voice spread throughout the audience.

"stop!"

Hearing Lu Ming that they were the people of the Taixu dynasty, the young man waved his hand, and the crowd stopped and did not continue to attack.

"Are you a person of the Holy Emperor?"

The young man stared at Lu Ming at them.

"Yes, we are from the Taixu Shengzhao Warrior's Mansion. This resting stone can be used as a proof!"

Lu Ming said.

The young man's gaze turned around Lu Ying's head on the shadow stone for two circles, and apparently already believed Lu Ming's words.

"It turned out to be from other soldiers' houses, so to say, you have just broken through the nest of the interstellar pirates?"

Asked the young man in yellow robe.

"Yes, the old pirate's nest has been broken, we were here to support you!"

Lu Ming said.

"Hahaha, come and support us? Ridiculous, just rely on you guys?"

Next to the young man in Huangpao, a big man laughed wildly, full of contempt.

Others laughed.

"All right!"

As soon as the young man in yellow robe raised his hand, those people stopped mocking.

"Now that you have broken the nest of the Star Pirate, the treasures in the Star Pirate's nest should all be in your hands, hand it over, I can let you leave safely!"

Huangpao Youth Road.

"..."

Lu Ming was speechless.

Why is this product so confident?

"The nest of the interstellar pirates is what we broke. The treasure of the pirates is our spoils. Why should we hand it to you?"

Lu Ming said quite silently.

"You broke it? It's really big talk. If you weren't me to hold the main force of the interstellar pirates, how could you have the opportunity to break the interstellar pirate's nest?"

"Drilling on the edge, I haven't pursued your credit for grabbing me. It's already a side of the net, and I want to invade the treasures of the interstellar pirates. It's really whimsical!"

"If you don't hand it over today, don't leave!"

The yellow robe said coldly.

Lu Ming was completely speechless and almost laughed out loud.

This man is really too confident.

Lu Ming looked around and found that the young man in the yellow robe was the strongest, and he was also the king.

Where was the main force of the star pirates before fighting them?

In the old nest of the Star Pirates, there is the pinnacle of the God King. If Lu Ming rushed in and killed the Pinnacle King of the Star Pirates, when this young man in yellow robe rushed in, even if the whole army was annihilated, he would have suffered heavy losses.

Lu Ming apparently rescued them, but in the eyes of the young Huangpao, it was Lu Ming who took advantage of them and picked them cheap.

"No time to talk to you, let's go!"

Lu Ming was too lazy to talk nonsense with the other party, and turned to leave.

"Want to leave? If you don't hand over the treasure today, don't want to leave. Take the shot and take them down, the rebels, let alone kill!"

The young man in yellow robe shouted.

Boom!

Suddenly, the strong men around Huangpao Youth broke out and wanted to attack Lu Ming.

"court death!"

Several wicked ape war tribes screamed, and the cold murderous eyes filled their eyes, stepped out, and the violent breath rose into the sky.

These several ape war tribes are all the existence of God King Yazhong.

As for the warrior of the apes in Shenjun Realm, and the warrior of the apes in the peak God Realm, staying beside Lu Ming, he did not shoot, and even his breath did not erupt.

In their view, although the number of these young people in the yellow robe is large, they are vulnerable.

"Stop, Master, wait a minute!"

At this moment, an old man next to the young man in the yellow robe hurriedly shouted to stop the actions of those people.

A cold light flashed on the face of the young man in the yellow robe, and said: "Why stop? Although they have several gods and eightfolds in existence, so many of us are enough to kill them!"

"The Lord of the House, I feel that these people are very small, and maybe there are strong people. If we really want to fight, even if we can win, I am afraid that we will lose a lot, and it is not worth the loss!"

The old man gave a voice to the young Huangpao.

"What should I do then? Just let them go like this?"

Huangpao Youth frowned.

He still felt that they could deal with Lu Ming and they didn't want to let Lu Ming easily.

Chapter 3334: Hit the door

The young man in Huangpao still doesn't want to let Lu Ming out of them. Although Lu Ming has some of them, there are several gods and gods, which is beyond his expectations.

However, they have tens of thousands of people, and Lu Ming has only hundreds of them. He has full confidence and destroys Lu Ming.

"The Lord of the House, these people are very born. They should be new to the Kai Family. Let's go back and find out where they stand, and then take people to kill. At the same time, they can bring the Xuan Ming three elders!"

The old man continued to speak.

"Xuan Ming San Lao?"

Huangpao Youth frowned.

"To this day, this can only be the case. For the time being, let them agree to their conditions and let them contribute. With the help of Xuan Ming's three elders, they can be foolproof and can be revenge today!"

The old man suggested a wise look.

The young man in Huangpao pondered for a moment, and finally nodded, saying, "Well, then listen to you!"

Then, looking at Lu Ming, he said: "Boy, spare your life today, let's go!"

Talk about it, turn around and leave.

Tens of thousands of people followed the young man in the yellow robe and flew towards the distance, suddenly disappearing into the starry sky.

"Stop my life?"

Lu Ming touched his nose, quite speechless.

It is they who picked up a life by themselves!

Lu Ming guessed that the young man in yellow robe should be a certain arrogance in the first batch of Taixu Royal Sanctuary, or it might have been earlier.

Lu Ming was too lazy to think about it, and returned to Qianlongxing with people.

In fact, Lu Ming guessed right. The young man in yellow robe was a pride of the Taixu Royal Sanctuary, and ranked 18th when the Taixu Royal Sanctuary was last held.

This person is named Huang Dong, not from a famous family, but from a small force. Among the many arrogances, it is considered to be a civilian.

Huang Dong can also be regarded as a peerless arrogance, but ranked eighteenth, there is no reward for Kaifu tokens.

But he was born into a civilian, determined to open a house and a clan, worked hard in the Taixu Sanyuan, and later entered the army, and made credit for obtaining the Kaifu token.

After a long period of hard work, although he was still a soldier's mansion, he also accumulated a group of strong men, whose strength is not weak, but the strongest man under his hand is nothing but the eighth **** king, and there is no peak **** king.

As soon as Huang Dong went back, he sent someone to inquire about Lu Ming's news.

Soon after, they were finally found.

"Originally in Qianlong Star, the newcomer, hum, dare to take my credit halfway, and grab my treasure, I want to let you know, the sky is not so mixed!"

Huang Dong spoke coldly, and flew out.

Soon after, he came to a canyon and saw three old men.

"Huang Dongfu Lord, what condition did we mention, how did you think about it?"

The bald old man in the middle of the three old men smiled faintly, and a cold light flashed between their eyes.

These three elders, called Xuan Ming San Lao, are very powerful in the scattered cultivation of the sky and star field, and they have reached the peak God King Realm.

Before, Huang Dong Yixin wanted to invite Xuanming Sanlao to join him, but how could the cultivation practice of Xuanming Sanlao Pinnacle God King easily join him as a soldier's mansion?

After many invitations, Xuan Ming's three elders finally put forward a condition, and as long as Huang Dong agreed to that condition, they would join.

But that condition really embarrassed Huang Dong, so he has been hesitating and has not agreed.

But now, Huang Dong decided to agree.

He needed the power of the Xuanming three elders too much. With the joining of the Xuanming three elders, he could destroy Lu Ming, and he could expand his power sharply and destroy more pirates.

By then, upgrading to the general's palace is also just around the corner.

Otherwise, depending on the strength of his hand, he wants to upgrade to the General's Mansion.

"Okay, I promise your terms!"

Huang Dongdao.

"Okay, hahaha!"

"So in the future, we will be the masters of the house, and hope that we will cooperate happily in the future!"

Xuan Ming San Lao laughed.

Huang Dong also smiled and said: "Here, there is exactly one thing that needs three people to help me destroy a newcomer who has just come to the heaven and the stars to open the house!"

"Newcomers to Kaifu, so to speak!"

Xuanmiao three old agreed readily.

The next day, Huang Dong set off with a large number of masters, as well as Xuan Ming three elders, and slayed towards Qianlong Star.

Qianlong Star, Dragon Imperial City!

This is the newly built city, which is the name Lu Ming himself chose.

At the beginning of the Shenhua Continent, Lu Ming created the Dragon League and built a city called Dragon Emperor City.

The reason for this name is to commemorate the lush years.

Dragon Emperor City is very deserted now, because Lu Ming only brought a few hundred ape war tribes, so most of the vast city is unoccupied, only some important places, there are guards .

Lu Mingbai is bored and learns from Qiuyue to hone the original secret technique.

Suddenly, Lu Ming looked away.

"interesting!"

Lu Ming whispered.

With his current eyesight, he can directly see what is happening in the starry sky. At this moment, he sees a group of people rushing towards Qianlong Star, then rushing into the atmosphere and rushing towards Dragon Imperial City.

This pedestrian is naturally Huang Dong and others.

"It's hilarious, Qiuyue, let's go and see!"

Lu Ming said to Qiuyue.

The two flashed in shape and headed towards the gate.

Around the city, there were constant figures rushing out to Lu Ming, who were all powerful apes.

Soon, around Lu Ming, gathered hundreds of strong apes of the apes fighting clan, they came to the gate.

At this moment, Huang Dong, with the strong man, has already appeared outside the Dragon Imperial City.

"Destroy this city!"

Huang Dong's eyes were cold and he gave orders directly.

Bump...

Suddenly, there are thousands of figures, step by step, the emptiness of the trembling tremor.

These are thousands of strong men wearing iron armor from all races. The same thing is that they all hold a war sword in their hands, which is golden and dazzling.

This is the golden sword guard formed by Huang Dong, and he is an elite under his command.

"Shoot!"

Huang Dong gave the order.

"kill!"

Thousands of gold sword guards shouted at the same time, shot at the same time, the golden war sword, slashed down towards the Dragon Imperial City.

Suddenly, Daoguang crossed, thousands of Daomang, slashed towards the Dragon Imperial City.

Each knife is as long as hundreds of thousands of miles, as if to split the Dragon Imperial City in half.

"court death!"

On the edge of Lu Ming, some Winged Ape Warriors drink coldly and will kill them.

"Don't shoot first!"

Lu Ming waved his hand and stopped the powerful apes of the apes.

Around the Dragon Emperor City, there is a large formation under the blue merchants. After this period of time, the large formation has been initially completed. According to the blue merchants, it is enough to block the attack of the strong power of Shenjun.

These people want to destroy the Dragon Emperor City.

Moreover, Lu Ming also wanted to see how strong the Warrior Mansion in the mixed star field was, so that he knew what it was.

Chapter 3335: Use it all

Lu Ming didn't let the powerful apes of the apes fight. He wanted to see, in the end, how about the strength of the soldiers' palace in the sky and the stars?

Finally, thousands of golden sword awns were cut above the Dragon Imperial City.

At this time, dense walls of runes appeared on the walls around the Dragon Emperor City, and countless runes were interwoven to form a large formation.

A transparent light mask covers the entire Dragon Imperial City.

boom! boom! ...

I only heard the deafening roar, and thousands of sword lights were chopped on the transparent mask, but the mask was only slightly vibrated, and the knife lights all shattered and disappeared.

"It turned out that a big formation!"

Huang Dong's face narrowed slightly, and then he sneered: "Is it possible to stop me by relying on a large formation? You, shoot!"

Huang Dong waved his hand, and then more powerful men stepped out and came to the wall.

This time, Huang Dong also brought in more than 10,000 people, all of whom were elite and powerful.

Now, he sent 5,000 people.

"broken!"

Five thousand people shouted and shot at the same time. Most of these people are high-level gods, and even 10% to 20% are masters of God King Realm.

The sky mixed star field, although the same as the Qin Tian star field, is also a side star field, but its strength is different from the sky.

The territorial star field is vaster than the territorial star field, which is one aspect.

The main reason is that the cultivation conditions of the sky mixed star domain are much better than the Qin Tianxing domain. The resources are abundant and the resource planets are numerous.

Practitioners cannot do without resources.

Abundant resources, naturally can breed more powerful.

The Qin Tianxing domain is the strongest, but the God King is fourfold, but in the Sky Mixing Star Zone, the God King's fourfold is a lot, and it is completely incomparable.

Like Huang Dong, a warrior's mansion in every area, the masters of Shenwang Realm are so amazing, they can destroy the entire Chutian Star Zone or Qin Tianxing Zone at will.

Five thousand people, five thousand attacks, all fell on the large formation outside the Dragon Imperial City.

The violent roar erupted, igniting a monstrous wave, and the endless energy was scattered in all directions. However, inside the Dragon Imperial City, it was calm and calm, without any fluctuation.

All attacks were blocked.

"Come again!"

"carry on!"

Someone shouted, five thousand masters, and continued to attack.

But a moment later, Dragon Imperial City was still safe and sound, but the five thousand masters were exhausted and panting.

"Damn, you guys, all shot, I shot together, I don't believe it, I can't break this big array!"

Huang Dong shouted.

Although he didn't break through the Dragon City for the time being, he was more confident.

He determined that there were not many strong men around Lu Ming.

Otherwise, would Lu Ming stay obediently in the city and dare not come out.

If there is a terrible strongman around Lu Ming, he may be killed directly. He believes that Lu Ming was afraid of them before hiding in the city and relying on the large array to resist and dare not come out.

As long as he broke this large array, he could destroy Lu Ming and get the treasures of the interstellar pirates, and even Lu Ming's treasures.

boom! boom!

Around Huang Dong, the strongest batch of master shots.

This group of masters, about two dozen people, are all above the seventh order of the **** king.

Four **** kings are eightfold, seventeen **** kings are sevenfold.

This is 80% of Huang Dong's strong men.

When these masters shot, the momentum was tremendous, and the entire planet was trembling slightly, the offensive was like a storm, and it was blasting towards the Dragon Imperial City.

However, it was still useless. Their attack fell on the formation of the Dragon Imperial City, and it only caused the formation to vibrate slightly, which could not be broken.

They do not believe in evil and continue to attack, but the result is the same.

Dozens of consecutive moves, Longhuangcheng was safe and sound.

"This is your strength? This strength still wants to destroy me. It's naive. What other cards and killer skills are there to use it quickly, I don't have so much time to spend with you here!"

Lu Ming spoke lightly and his contemptuous voice spread far away.

"This kid..."

Huang Dong's face was tinged with blue after hearing it.

"Three people, work hard!"

Subsequently, Huang Dong took a fist at the three old men around him.

These three old men are the Xuanming three old men.

"Leave it to us!"

The boss of Xuan Ming's three elders, the bald old man spoke with confidence.

Then they flew out and came over the city.

boom!

A terrible breath erupted on them, and the terrible low temperature caused the temperature between heaven and earth to drop sharply.

Many of Huang Dong's men shivered and shivered. His body retreated sharply and he dared not stay, fearing that he would be frozen to death.

Then, a huge sword emerged from the heads of Xuan Ming's three old men.

This giant sword seems to have been made by ice, exuding a more terrifying chill.

The sword is awesome, and every giant sword is millions of miles long.

"Peak God King, three Peak God Kings, the strength of this soldier's mansion is not bad!"

Lu Ming moved.

"cut!"

The Xuanmiao three elders shouted at the same time, the giant sword slashed down.

boom! boom! boom!

Three great swords were cut on the transparent mask above the Dragon Imperial City, and a roar of earth and earth broke out.

The chill was permeable, but the transparent mask only trembled a few times, nothing happened, and it didn't break.

"This... how is this possible?"

"Even the God of the Peak can't be broken, this great formation is too powerful!"

Huang Dong's men were all shocked.

Huang Dong's complexion was also very gloomy.

The Xuanming three elders flashed a dignified color in their eyes, and then continued to attack.

They used the method of pressing the bottom of the box to launch a mad bombing, but the big formation was safe.

"Three pinnacle kings, is this your hole card, are there any stronger ones, use them all!"

Lu Ming continued to speak.

"Huh, boy, do you think you can be safe if you hide in a tortoise shell? With the ability, you can't hide inside for a lifetime!"

Huang Dong gritted his teeth, and the more he looked at Lu Ming, the more he hated it.

"So, you really have no cards? Now, it's my turn!"

Lu Ming spoke, then waved his hand, stepped on the void, and flew towards the city.

Qiuyue, as well as those of the ape war tribe, followed behind.

In an instant, Lu Ming walked out of the envelope.

"Out... out!"

Huang Dong froze for a moment, not knowing why, he suddenly had a bad feeling in his heart.

He is not a fool. Lu Ming has seen the strength of his men, and he dares to walk out of this large array. Either there is a problem in his mind, or he is dependent on him.

No matter how you look at it, Lu Ming doesn't look like someone with a brain problem.

"Come out, okay, now die for me!"

An old man of the Xuanming three elders took a cold drink, and took a palm shot. A huge ice palm pressed down to the landing to suppress Lu Ming.

"Bold!"

On the edge of Lu Ming, a strong man of the apes fighting clan shouted, and his figure rose into the sky with a punch.

boom!

The ice giant palm burst directly.

The strong men of the Nether Ape Warrior kept on sprinting, rushing towards each other quickly, breaking their fists and killing each other.

Chapter 3336: You beg me

"Peak God King!"

The old man in the Xuanming three elders exclaimed with full force, and the air of Xuanming diffused, condensing a goshawk condensed by the ice, and rushed towards the strong man of the ape war tribe.

However, the fist swept over and the ice goshawks shattered one by one.

bump!

The old man in the Xuanming three elders throbbed and retreated backward.

The same as the peak **** king, there is a huge gap in strength. Obviously, the old man in the Xuanming three olds is not an opponent of the Ming Ape War Clan at all.

"The third boy!"

Xuan Ming three old men exclaimed, staring coldly at the ape war tribe, saying: "Dare to hurt the third one, take your life!"

After all, they will work together to kill the strong man of the apes.

But at the next moment, their figure stopped suddenly, and then their bodies trembled, and their faces were full of horror.

Because, in front of them, there was a row of Nether Ape War Clan, there are as many as nine.

At this time, the Nine Apes Battle Clan were filled with a terrible breath, all of them are the Peak God King.

"Nine...Nine Peak God Kings!"

The boss of Xuan Ming's three elders, the bald old man, had a hard time talking, his tongue was knotted, his face was pale, and his sweat was cold.

The other two Xuanming three elders are almost the same.

"Who are you going to kill?"

A big man of the apes fighting tribe said coldly.

"No...no...misunderstanding, everything is misunderstanding, we have nothing to do with that kid..."

With that said, the bald old man pointed to Huang Dong and said, "We have nothing to do with him. We were deceived by him and we all misunderstood. We will leave now, and we will leave now!"

After the bald old man finished speaking, he made a wink at the other two of the Xuanming three old men, and then he would retreat.

"Come and come, go and go, where are you in this place? Kill them!"

Lu Ming spoke indifferently.

"kill!"

The strong men of the apes battle clan shouted, and decisively shot, terrifying attacks, pouring towards the Xuanming three elders.

The Xuanming three elders were frightened and tried their best to resist. Around the body, hundreds of layers of ice were laid, trying to block the attack of the Ming Ape War Clan.

However, with fists, all the defenses of the Xuanming three elders collapsed.

They flew out of the body, vomiting blood and were badly hit.

A crack appeared in their bodies, almost crushing their bones.

"Forgiveness, forgiveness, we surrender, we are willing to surrender to you, and later for you to be a bull and a horse, spare your life!"

"Let us go, we must be dead!"

Xuan Ming three elders shouted in horror, almost scared to pee.

They knew that they would not beg for mercy, and there was only one way to wait for them.

"First stop!"

At this moment, Lu Ming opened his mouth, and the strong men of the apes fighting clan stopped.

"Forgiveness, young man, no, lord, lord!"

Xuan Ming's three elders knew that Lu Ming was the leader, and repeatedly asked Lu Ming for mercy, so he knelt down.

At the moment, Huang Dong is already stupid and scared.

He never thought that there were so many strong men around Lu Ming.

As soon as it came out, it was the nine pinnacle gods.

The Xuanming three elders, who had come in with all their hardships and hardships, were reluctantly beaten by these strong men, and they were directly begged for mercy and surrendered.

Fear, terrified fear, came to mind.

escape!

At the moment, there is only one word in Huang Dong's heart, escape, escape here, escape this horrible place.

"go!"

Randomly, Huang Dong snarled, woke up the crowd beside him, took his men, turned around and ran away, hating how many wings.

However, in front of them, silently, there appeared a Wraith Ape Clan, blocking them in front of them.

"Shoot together and drive him back!"

Huang Dong shouted, broke out with all his strength, and wanted to unite the power of the people to repel the wicked ape warfare who was blocking the road and escaped.

But at the next moment, the monstrous ape warrior in front erupted in a terrifying atmosphere.

This breath, like the heaven's prestige, like the universe, the vast expanse, the horror is boundless, as if a whole planet pressed against them.

Tens of thousands of masters, as soon as their breath erupted, were crushed, and many people even shook their bodies and vomited blood.

"Spirit lord, it's a prince..."

On Huang Dong's side, an old man with eight gods shouting hysterically shouted, full of panic.

The others were similar, the pupils were wide and their eyes were filled with fear.

God!

Beside Lu Ming, there is a god.

In the face of the Divine Monarch, no matter how large their number is, it is useless. The gap is too large and will be slaughtered.

Huang Dong's body trembles, his face pale, without the slightest blood.

The Xuan Ming three elders were almost scared to urinate pants, the body trembling more powerful.

Before, they thought Lu Ming's side was just the peak **** king, and they didn't expect even a **** king to exist.

They regretted dying. They knew that, and they did not follow Huang Dong.

Unlucky!

They wailed in their hearts, and now only hope that Lu Ming can open the net and let them go, otherwise, they will die.

"Allow you to go?"

The strong man in the Divine Monarch Realm spoke with a cold voice, which matched the appearance of the flared fangs of the Wraith Ape Clan, which was really unbearable.

thump!

Some timid people kneeled directly in the air and pleaded: "Forgive your life, forgive us, we are willing to surrender, surrender to you, willing to be a bull and a horse..."

"Fate!"

At least a small group of people begged.

"Whether you want to let you go depends on the meaning of our master!"

The **** ape war tribe of the aristocratic world

Lu Ming specifically instructed them to be outside, don't call him the ancestor of war, just call it 'lord'

Then, everyone looked at Lu Ming and pleaded with Lu Ming.

"Do you really want to fall to me?"

Lu Ming first looked at the Xuanming three elders.

"Of course, of course, we really want to go down to the lord of the house and work for him!"

The old Dalian of Xuan Ming three old busy.

"Well, since that's the case, then you swear, swear on the source of life, work for me wholeheartedly, and never betray!"

Lu Ming said.

"Swear by the origin of life?"

Xuan Ming San Lao's face was all white.

In general, the soldiers' palace, the general's palace, the monarch's palace, and even the king's palace recruit powerful people, and no one will swear by the origin of life.

Because swearing at the source of life is not a joke. Once you make an oath, you can never betray.

Ordinary people will never swear on the basis of life. If the government recruits people to use this requirement, no one will join.

Just like those of Huang Dong, they will not swear by the origin of life if they surrender to Huang Dong.

But now, Lu Ming asks them to swear on the source of life, they suddenly look embarrassed.

"Why? Don't want to?"

Lu Ming's face froze and said coldly: "You must be clear, now I am not begging you to trust me and work for me, but you crying and crying to trust me, work for me, and work for me, Understand?"

Chapter 3337: Unbearable

It's strange to understand!

Xuan Ming San Lao, there are many other people shouting in their hearts.

If life is not threatened now, who wants to trust you, crying and shouting.

With the ability, if you let us go and don't kill us, who wants to trust you?

Those people complained so much in their hearts, but they did not dare to show it on their faces.

"I don't want to swear, okay, kill them all!"

Lu Ming lightly waved his hand.

"Will, I will!"

"We will!"

The Xuanming three elders almost scared to death and screamed quickly.

I swear, I was swearing, I was killed, but there was nothing.

And on Lu Ming's side, the masters are like clouds, and even the powerful people of God's Monarch Realm are not buried with Landing Ming.

Lu Ming has so many masters, and it will be normal to upgrade to General House in the future.

Immediately, the Xuanming three elders all swear by the origin of life, allegiance to Lu Ming.

After swearing, Xuan Ming's three old men were Lu Ming's men.

"what about you?"

Lu Ming's sharp eyes glanced at Huang Dong and others, making Huang Dong and others pale.

"I am willing to surrender!"

"I am willing to surrender too!"

Afterwards, Huang Dong's men shouted one by one, willing to swear by the source of life and loyal to Lu Ming.

What is really heartfelt to Huang Dong is that there are not many after all, tens of thousands of people, and finally eight thousand people surrendered to Lu Ming.

There are only about two thousand people left, still beside Huang Dong.

"It seems that you are not going to surrender, then send you on the road!"

Lu Ming spoke indifferently.

"No, I'm not convinced!"

At this moment, Huang Dong suddenly roared, and his eyes were **** staring and landing, saying: "You are only relying on your men, you have the ability, fight with me, speak on your own strength!"

"Are you going to fight me?"

Lu Ming pouted, revealing irony, and said, "You also have a face to say, you were the last batch to join the Taixu Royal Sanctuary, and I am the one who joined this group. You have been practicing more than me for so many years. , So kind of saying to fight me?"

Huang Dong gritted his teeth and said: "Even if I am the last batch, the last batch, according to age, is still in the younger generation. If you can beat me, I will surrender and take all of me to You work, never betray!"

"However, if I win, you will let me go!"

"Oh, I still don't give up. I want to use this method to make a living for myself, but this method is too low-level!"

Lu Ming said lightly.

Huang Dong's heart sank, and if Lu Ming refused to promise him, he really had no choice but to die or surrender!

"but..."

At this moment, Lu Ming's voice changed, saying: "You want a battle, I don't care, let you die!"

With words, Lu Ming stepped out.

At this moment, even Huang Dong himself was a little stunned, but did not expect Lu Ming to really agree.

"it is good!"

Huang Dong quickly answered, stepping out, standing opposite Lu Ming.

Qiuyue, the masters of the Ming Ape War Clan, had a calm face, and they knew Lu Ming's combat power well, Huang Dong was looking for abuse.

boom!

Huang Dong shot, a powerful breath broke out.

The six peaks of God King!

Moreover, the original divine power factor also awakened twice. Its strength was not weak, and it turned into a lightning. It slammed towards the landing, and the palm was like a knife, tangent to Lu Ming's brow.

Lu Ming waved his hand and arrived first, his palm collided with the other's palm.

bump!

With a roar, Huang Dong's body receded, and his palms felt numb, almost torn apart.

"How could it be so strong?"

In Dong Huang's heart, a turbulent wave broke.

Just a stroke, he felt Lu Ming unfathomable.

"Impossible, he is just a new student this time. There is a limit to being strong. I don't believe he can be stronger than me!"

Huang Dong shouted.

He was the eighteenth among the last batch of students, with a great talent and strong confidence in himself.

He did not believe he would be as good as a new student who joined Taixu Royal Sanctuary.

"Huang Tian Sheng Qi!"

Huang Dong shouted, and a stream of Huang Mengmeng blasted into the sky like a sword, killing Lu Ming.

This is Huang Dong's original secret technique. A sacred gas can transform thousands of soldiers and has infinite power. It can kill the enemy hundreds of millions of miles away.

This move, Huang Dong used all of his strength, must kill Lu Ming, and at least hurt Lu Ming.

Huang Mengmeng's knife light was very fast, and in a flash, Lu Ming was approaching.

However, Lu Ming still only used one hand to fight.

Lu Ming stretched out his palms and grabbed toward Huang Tianshengqi. In an instant, Lu Ming triggered the four-fold combat power of Zhanzi Jue, and the body's power was rolling.

bump!

Lu Ming's palm accurately grasped on Huang Tian's qi, which made Huang Tian's qi constantly vibrate, but Lu Ming's palm could not be broken.

"how is this possible?"

Huang Dong shouted unbelievably.

Huang Tian Sheng Qi is his original secret technique, and its power is extremely powerful. Not to mention the flesh and blood, even high-level artifacts must be cut off.

But now, Lu Ming has caught it with his palm, which is incredible.

Next, he was even more trembling.

Only hearing the touch, Huang Tian's qi was exploded by Lu Ming, and the yellow light disappeared into the sky.

"This is all your strength? I really don't know where your confidence is!"

Lu Ming spoke lightly and stepped out, pressing with one hand.

A huge palm is formed and pressed towards Huang Dong, like a **** mountain.

Huang Dong Changxiao struggled to fight, but it was useless.

Lu Ming triggered four times the fighting power of the Warriors, adding the majestic power of the gods, and the demon golden body, these combined, it is too strong.

Even though Xiu Wei was one heavier than Huang Dong, it was still completely crushed without any suspense.

boom!

Huang Dong seemed to be pressed on the ground by a **** mountain, lying directly on the ground, and spurring blood on his mouth, no matter how he struggled, nothing would help.

"The source divine power awakened three times, how is it possible?"

Huang Dong shouted incredulously.

Through the fight just now, he felt that Lu Ming's original divine factor had awakened three times.

At the five times of the King of Gods, he awakened three times, which is also amazing.

Those of Huang Dong's men also took a breath, and were horrified.

In their view, Huang Dong is already a peerless arrogant, he is not very old, and he has the six-fold cultivation method of the **** king, the second awakening of the source divine power, and the enlightenment of the source secret.

Such a talent will become a prince in the future. That will be a stubborn thing. Even in the future, it will not be a general prince, but will become a strong man in the upper echelons of the Taixu dynasty.

However, this kind of arrogance, in front of Lu Ming, is vulnerable, like a baby is vulnerable.

"Amazing..."

Xuanming Sanlao was also in a violent shock. He glanced at each other and saw the surprise in each other's eyes.

Yes, it is a surprise!

Lu Ming's talent, beyond their expectations, is definitely the Tianjiao of the Tianjiao. Such a Tianjiao, as long as it does not die, has a limitless future.

Following such arrogance is not only harmless, but beneficial.

Before, they still had some unwillingness, but now, that little unwillingness has become invisible.

Chapter 3338: Changes behind the Gate of Domination

Xuan Ming, the third old man, even felt a little happy in his heart.

For Huang Dong's other men, many of them were also fortunate. Perhaps Lu Ming was a good choice.

Lu Ming is obviously much stronger than Huang Dong, and his masters are like clouds.

"Don't drop or not drop!"

Lu Ming spoke indifferently, staring at Huang Dong.

Huang Dong is a personal talent. If he surrenders, he doesn't mind accepting it. If he is stubborn, he doesn't mind killing.

"I surrender, I surrender..."

Eventually, Huang Dong shouted, willing to surrender.

Although he was a little unwilling, he was a civilian, and struggling to this point was not easy, so he surrendered, and he was not willing.

However, things have reached this point, he had to surrender, if not surrender, he will die!

"Swear it!"

Lu Ming said coldly.

Huang Dong had no choice but to swear by the origin of life and loyalty to Lu Ming.

After Huang Dong surrendered, some of his more loyal men naturally surrendered.

"Okay, move all of your people into my city!"

Lu Ming ordered.

After that, Huang Dong returned and moved all his masters to the Dragon Emperor City. The Dragon Emperor City suddenly had a large population and became lively. It would not be as deserted as before.

Afterwards, Lu Ming sent Huang Dong's men in batches and assigned the strong men of the Winged Ape War Clan to lead the interstellar pirates around.

Lu Ming stayed in Longhuang City to practice.

In the center of the Dragon Emperor City, a huge primitive statue stands, exuding a mysterious atmosphere.

This primitive idol is naturally the one of Lu Ming. It absorbs a lot of **** factors, which is extremely mysterious.

Around the original idol, it was blocked by the Blue Merchant's formation, otherwise, that kind of fluctuation would emanate far away.

Near the original idol, the two figures kept interlacing and fiercely fighting together.

It is Lu Ming and Pan Shen.

Wanshen controlled not many kinds of original secret techniques, but also had the door of dominance. It was better to find Wankun to learn, so that Lu Ming's understanding of the door of dominance continued to deepen.

Every kind of source secret technique is not fully awakened, you have to master it completely, and you need to constantly comprehend and dig continuously to dig out more potential and power.

It requires constant insight, day after day.

Moreover, Wan Kun's strength is unfathomable. Lu Ming can completely let go and attack with all his strength, which has a great effect on his own discipline.

boom! boom!

Both of them exhibited the door of domination, two huge doors of domination, constantly crisscrossing in the air, and constantly colliding, such as two planets colliding, bursting into a violent roar.

Weng!

Suddenly, the door to the **** of the gods buzzed and a dark vortex appeared in the middle of the door.

Roar!

In that vortex, there was a horrible roar, just like the ancient **** roaring, and a wave of terror spread out from the vortex and bombarded Lu Ming's door.

Lu Ming's door of domination, violent shaking, there were actually cracks on it, and then the whole door of **** collapsed and exploded into powder.

"Danger, danger..."

From the door of the **** of the gods, Lu Ming felt a horrible crisis. His hair stood upside down, his body tense, and his body receded.

"Close!"

All gods whispered, waved their hands, and closed the door of the ruler, the sense of crisis disappeared, and Lu Ming took a long breath.

"All gods, what is that?"

Lu Ming asked.

"I don't know, I pushed the door of the ruler a little harder, that's it!"

All gods scratched their heads, also puzzled.

"It's terrible, is it possible that the door of the master will realize such a change when he realizes the deep state?"

Lu Ming guessed.

His current door of **** is just the kind that has just been awakened, and it can only exert some basic power. There is still a long distance to go from high to deep.

He speculates that perhaps this kind of change will occur when the door of dominance is understood to a high level.

"I'll try it!"

At this time, Qiuyue came up to discuss with the gods.

Nowadays, Qiuyue's cultivation practices have reached the sixth heavy king, the horror effect of Jiuqiao Sacred Heart, and Qiuyue has always maintained a rapid improvement process.

Immediately after that, Qiuyue and Pantheon fought together again and kept fighting.

Qiuyue has now also realized two kinds of primitive secret techniques, used alternately, with the light of extermination, the strength is very amazing.

Hundreds of moves against Wanshen ended before he walked aside and closed his eyes and realized.

Subsequently, Lu Ming and Pan Shen discussed.

With this practice, Lu Ming and Qiuyue's ascending speed are very fast.

Time is in a hurry, and a few years have passed quickly.

In the past few years, Lu Ming and they have developed very quickly. The Winged Ape Warrior took some of Huang Dong's men and went to discuss things with each other.

Even another soldier's house was defeated by them and surrendered Lu Ming.

Lu Ming has accumulated more and more credit, the number of people under his control is also increasing, and the territory under his control is also increasing.

At present, Lu Ming controls as many as eight life planets, with more resource planets and nineteen.

However, the accumulated credit is not enough to upgrade Lu Ming's soldiers' palace. It is not so easy to upgrade to a general's palace.

The rapid expansion of Lu Ming has also attracted the attention of some surrounding forces.

The General Mansion of the Waste Land is a powerful force around Lu Ming, but the General Mansion.

It has been many years since the founding of the General Mansion of the Waste Land. The owner who created the General Mansion is older than Lu Ming. They do not know how many generations they are.

During this time, the General Wasteland General has been discussing Lu Ming's affairs.

The distant Taixu Holy Capital, the state division, is also plotting.

State Division, the hall of deliberations!

The National Teacher sits high, condescending, looking down.

"Where is Lu Ming's prefecture, how is the investigation going?"

The national teacher spoke, and the voice was full of murderous opportunities.

"It has been found out that Lu Ming chose to open the prefecture on the sky mixed star, and now he is entrenched on the Qianlong star!"

Below, an old man with white hair replied.

"Qianlongxing in the sky mixed field, very good, I want to let him die without a burial place!"

The teacher indifferently spoke coldly.

"Master Guoshi, now we are staring at many people, and it is not obvious to send Lu Ming to death!"

The old man with white hair bowed.

"I know this!"

The master of the country knocked on the table.

The Guoshi, as the heavy minister of the Taixu Holy Dynasty, had a powerful power. If he directly sent people to kill Lu Ming, it would cause panic in other governments.

After all, the Taixu dynasty is composed of two parts, one part is the core of the Taixu dynasty, and the other is many clan houses.

If the emperor at the core of the Taixu dynasty is free to send someone to execute one of the clan houses, then the other clan houses must be panic and cold-hearted, and there will be turmoil.

Unless the other party is really guilty.

Chapter 3339: Join hands

Now, Lu Ming is not a single person after all, but has already opened a state.

If Lu Ming did not make a mistake, the national division directly sent someone to kill Lu Ming, which would cause panic in other clan houses. His opponent will definitely attack him with this.

At that time, even the national teachers will have to bear a lot of pressure.

Now, the state teacher has calmed down for a long time, not as crazy as when he first knew that Wu Fan was killed.

"Isn't there many clan houses around Lu Ming? Those clan houses compete with each other and want to annex each other. I guess there are not many people who want to fight against Lu Ming, as long as we send someone to secretly assist these clan houses and destroy them. After Lu Ming, no one will doubt that I did it!"

Guoshi Road, killing cold.

"Guo Shi Ying Ying!"

Below, the old man with white hair and several other people are all flattering.

"Okay, send someone to the sky mixed star domain, remember, to secretly act, I want to hear the news that Lu Ming was killed!"

The state teacher ordered to continue.

.....

Tian Xing Xing Xing, the wasteland general mansion, is discussing matters again.

The high-level generals of the wasteland generals gathered.

Sitting at the top is the head of the general wasteland, known as the general wasteland.

The pioneer general was a middle-aged burly man. He was also the arrogance of the Taixu Royal Sanctuary a long time ago. Later, the Kaizu family, after such a long struggle, finally upgraded to a general palace, controlling a territory, and talented. .

"General, the Qianlong Mansion, has developed too fast. During this time, seven interstellar pirates have been exterminated, two soldiers' palaces have been breached, and the territory has arrived near us.

Next, an important person from the General Mansion of the Wasteland proposed.

Qianlong Mansion is what they call Lu Ming.

"Yes, Qianlong House is ambitious, and it has expanded rapidly since its establishment. The masters are like clouds. It is said that there are more than a dozen Gods alone, and sooner or later they will compete with us for resources!"

Another humane.

Everyone looked at the wasteland general above, waiting for the other party's answer.

"Well, I really have to guard against it. I got the news that the master of Qianlong Mansion is the peerless arrogance of this group of Taixu Royal Sanctuaries. It ranks third among the new batch of students, and there are a group of warriors of the apes The master, the strength is indeed amazing, must be removed first!"

"Well, pass me the order and set off three days later to destroy Qianlong Mansion!"

The wasteland general gave the order.

At this moment, a escort-looking man came in and bowed: "Report to the general, there are people outside to see!"

"who?"

Asked the wasteland general.

"I don't know. The other party didn't say it. The other party just said that they can help the general solve his serious trouble!"

That guard road.

"Solve a serious problem? Ha ha!"

The wasteland general sneered a few times and said, "Let them come in. I want to see what is sacred!"

"Yes!"

The guard clenched his fists and retreated.

Soon after, the guard came in with three black robe men.

"What do you mean to help me solve my serious problems?"

The wasteland general stared at the three black-robed men, and his body was filled with a strong breath.

However, the three black-robed men were still in shape, and the middle one said: "The general should want to destroy Lu Ming, that is, the Qianlong Mansion. We can help the general and destroy the Qianlong Mansion!"

"Hahaha, it turns out that you came here because of Qianlong Mansion. It's really ridiculous. Is it true that Qianlong Mansion is a serious problem for me?

The wasteland general laughed, his voice full of disdain.

Lu Ming has a lot of pinnacle gods, so what?

Can Pinnacle God King compare with God King?

And he himself has long reached the realm of a divine monarch, and there is more than one prince in the generals of the wasteland, there is another strong man who also exists in the realm of divine monarch.

The strong men of the two Divine Monarch Realms, who wiped out Lu Ming, did not turn their hands around.

"The general should not underestimate Lu Ming, underestimate him, I am afraid you will suffer a big loss!"

The black robe in the middle is humane.

"You mean, I can't deal with Lu Ming anymore. You have to use your strength to deal with Lu Ming?"

The wasteland general said coldly.

"It can be said like this!"

The black robe in the middle is humane.

"It's such a big tone, I want to see what you have!"

The wasteland general said coldly, and he gave a wink to the following.

Immediately, a big man stepped out.

"Just let me try it, do you have any skills!"

The big man drank coldly and burst into a strong breath.

This great man, who also had the cultivation behavior of the pinnacle **** king, made a move with all his strength and enveloped towards the three black-robed men.

"roll!"

A black robe on the side drank coldly, waved his sleeves, and a force of terror burst out. The strong man of the peak **** king snorted, like he was hit by a mountain, his body flew back, and he fell heavily. On the ground, vomit blood.

A pinnacle god, defeated by one move!

"Shen Jun!"

The general of the wasteland narrowed his eyes slightly.

"how is it?"

The black man in the middle asked.

"Shen Jun is also divided into strong and weak, let me try!"

The general of the wasteland, the voice of the way, the general of the wasteland rushed down, conquered, and slammed out.

boom!

The whole hall shook, a terrifying breath, like the pressure of Mount Tai, blasted towards the man in black in the middle.

The man in the black robe in the middle, without hurrying, stretched out a dry palm and greeted the palm of the wasteland general.

bump!

The palms of the two were bombarded together, and a horrible wave erupted.

Fortunately, the palms of the two are extremely convergent, otherwise, the horrible fluctuations can directly crush the hall into powder.

Then, a figure quickly retreated, is a wasteland general.

His burly body backed up faster than he saved and landed on his chair.

One of his hands was carried behind his back, trembling continually, the green tendons bulging above him, and blood was seeping out.

His eyes were full of dignity.

"how is it?"

The black robe in the middle asked again.

"Great, good, then let's cooperate, haha!"

The general wasteland laughed. He speculated in his heart that these people were absolutely extraordinary, otherwise there would be no such strength.

"But I'm really curious, Lu Ming, is it worth your fanfare?"

Asked the wasteland general.

"Do not underestimate that Lu Ming, otherwise you will die miserably!"

The black robe in the middle is humane.

"Oh, when will you do it?" General Wasteland said.

"Should you do it sooner rather than later, do it immediately. Also, it is better not to send as many people as you can, and just send one person to lead the way, so as not to attract the attention of the other party!"

The middle black robe is humane.

"Okay, my men, there is also a strong man in the realm of God, I will send him to join you!"

General wasteland.

Soon after, the four figures left silently from the General Mansion of the Wasteland and disappeared into the starry sky.

Chapter 3340: Surround

Lu Ming, Qiuyue and the three gods are still practicing under the original idol.

On this day, Lu Ming suddenly received a voice from Lan Shang, saying he had something important to find him.

Lu Ming immediately left and went to see the blue merchant.

"Uncle Lan, why is there such a rush to find me?"

Lu Ming asked.

"look..."

Lan Shang waved his hand, and a picture appeared in the sky. The picture was a cosmic starry sky. At the next moment, several figures appeared and flashed away.

But Lu Ming still saw that there were four people in total.

"These people are coming at us?"

Lu Ming asked.

"Not bad!"

Lan Shang nodded and said, "Since the last Huangdong incident, I have placed some formations on some scattered meteorites around the outer layer of Qianlong Star. These formations can detect the situation in the starry sky. Entering the range of the formation, it will be detected!"

"These people are very strong, I am afraid that the comers are not good!"

"Aren't the comers good? Then let's open the gates and let them come and go!"

Lu Ming sneered.

Immediately, they arranged to evacuate the people near the city gate, and then summoned the strong men of the ape warfare to wait quietly.

"coming!"

Soon, the ape said.

This time, Ape Cong also came, mainly because he did not know the strength of the other party, so Lu Ming let Ape Cong come to his side, so he would be safer.

Outside the starry sky, four rainbow lights flashed away, very fast, and at the next moment, the four rainbow lights disappeared.

Soon after, four figures appeared outside the Dragon Imperial City.

These four people, three of them, are naturally those three mysterious black robe.

There is also a burly old man, this man is another strong man in the land of the general wasteland general, the status is second only to the general wasteland, named Ming Zhe.

"Kill in!" Ming Zhe's eyes flashed murderously and whispered.

"The three of you go first, and I'm hiding in the dark, just in case!"

Headed by the black robe humane.

"Alright!"

Ming Zhe and others nodded, and then flashed into the Dragon Imperial City.

The black robe headed flashed and disappeared into the air.

The large formation of Dragon Imperial City did not start, naturally Lu Ming deliberately did not start, Ming Zhe and the two black robe people successfully entered the city.

"no one?"

They entered the city, swept their minds, and found that there was no one nearby.

Buzz!

Suddenly, Ming Zhe and the two black-robed people appeared densely runes, endless runes, intertwined into a large formation.

The large formation enveloped them, condensed a beam of sword light, and beheaded them.

This is the formation of the blue business long ago.

"No, I'm lucky!"

One of the black robes took a light drink.

There is no one person here, only one formation, needless to say, they have understood, they have been exposed.

咻咻咻...

A large array of condensed sword lights killed Xiang Mingzhe three people.

"Every big battle, it's broken!"

Ming Zhe screamed angrily, and a terrible breath broke out, brandishing a huge war knife and slashing out.

The sword light skyrocketed, destroying the sword light.

The two black robe men also shot, and they were also very powerful. They were both the cultivation of God's Realm. They held a black war sword and cut out a terrible black sword light, destroying the large array of sword light.

The three princes are very powerful. This large formation can't trap them at all.

At this time, Lu Ming came with a group of people and appeared not far away.

"Lu Ming!"

Two black-robed men burst into cold eyes.

The purpose of their trip was Lu Ming.

"Who are you? What are you doing here? It's best to tell you honestly, but leave you with a whole body!"

Lu Ming drank coldly.

"You are the master of Qianlong Mansion, a big tone, you think that a formation, can trap us, it is really naive, break me!"

Ming Zhe exploded with roar, the atmosphere was violent, and the sword was cut across, as if to split the sky in half.

The sword light condensed in the formation constantly burst.

Uh!

Ming Zheren's knives were united into a dazzling sword light, and a sword light was broken, violently rushing out of the large array.

"Boy, die for me!"

Ming Zhe's face was fierce, and he slammed towards the landing, and the sword slashed to Lu Ming.

The strong man of God's Monarch Realm is so terrifying. If you go down with a knife, an ordinary planet will be split in half, let alone human.

If this knife is cut, Lu Ming guarantees that no **** will remain.

It's a pity that the other side missed.

"kill!"

A nether ape war tribe shouted and stepped out, an iron rod appeared in his hand, waving out, and the blasting air continued to explode.

when!

The iron rod collided with the sword, and a roar of shock broke out. A beam of light rose into the sky, rushing into the depths of the starry sky and exploding several meteorites.

Then Ming Zhe's body shook wildly and backed off again and again.

But the Ape Warrior only stepped back a few steps.

"Powerful of the Divine Monarch Realm!"

Ming Zhe whispered, dignified in his eyes.

No wonder the three black-robed people said that Lu Ming was not easy to deal with. It turned out that there were strong men in the realm of God.

"What about a god, kill!"

Ming Zhe shouted, the sword was united, and he was killed again.

The Ming Ape Warrior gave a sigh of excitement, and his body began to swell, exhibiting the unique ghost fighting tactics of the Ming Ape War Clan.

Exhibiting ghost fighting tactics, the strength of the amber war tribe skyrocketed, and a stick blasted out, making the sky violent.

bump!

Ming Zhe's body was blasted out like a ball.

"kill!"

The strong men of the Nether Ape War Clan continue to kill Xiang Zhe.

"Good opportunity, kill!"

At that moment, the two black-robed men also rushed out of the large formation, turned into two black sword lights, and also killed Lu Ming, the speed was almost extreme.

However, beside Lu Ming, two Winged Ape Warriors stood up and threw their fists, blocking two black-robed men.

"Another prince, two princes!"

Two black robes were shocked.

On Lu Ming's side, there are so many gods, which is beyond their expectations.

In their original speculation, even if there was a Divine Monarch around Lu Ming, it would not be too much.

"kill!"

The princes of the two apes battle clan shouted and killed two black-robed men in a stormy offensive.

The strength of these two black-robed men is very amazing. Even if the two Ape Warriors exhibited ghost fighting tactics, they couldn't help them, and the battle became a tie.

"Uncle Lan, can you see what secret technique they used, and who sent it?"

Lu Ming sent a message to the blue merchant.

Lan Shang shook his head and said, "They all use the technique of assassination, they can't see their heads at all. These people must have been secretly cultivated, and they can send out several killers of the gods and kings. They are nothing more than those of the Holy Capital! "

Lu Ming nodded.

At this time, Ming Zhe had fallen completely down, and was forced into danger.

"Damn it!" Mingzhe roared in his heart, and he retreated, wanting to escape.
