

D Emperor 3341

Chapter 3341: Press

Mingzhe spontaneously retreated and wanted to escape.

He yelled, exerted all his strength, and desperately made the strongest move, blocking the attack of the powerful apes and warlords. Then he seized the opportunity, backed wildly, and then turned and ran.

But at the next moment, his body stiffened and his pupils contracted sharply.

Because I don't know when, there is another burly ape war tribe, blocking him.

"Get away from me!"

Ming Zhe Li drank, with a terrible face, broke out and killed the past with all his strength, trying to kill a **** road.

But immediately he was desperate.

boom!

A terrible breath also erupted on this warrior of the apes, the breath was like a wave, sweeping the stars, and it was also a god.

"Ah, damn..."

Ming Zhe let out a desperate roar. He couldn't imagine how there could be so many gods in a soldier's house.

"kill!"

The strong men of the Nether Ape War Clan launched a stormy offensive.

And the Winged Ape Warrior in the rear was also killed. The two Kings of the Winged Ape Warrior joined forces. The power is really terrifying, and Ming Zhe tried his best to resist it.

After a few strokes, Ming Zhe issued a terrible scream, his body was bombarded with a huge fist and burst into pieces.

His soul wanted to escape, and was grabbed by another powerful ape warrior.

However, for the time being, Ming Zhe's soul has not been wiped out, because Lu Ming still has something to ask.

At this time, the two black robe men are inseparable from the war between the two apes and clan warlords.

The strength of the two black-robed men is indeed terrible, and it can actually be tied with the ghost ape warfare who exhibited ghost warfare.

call out!

At this moment, Lu Ming burst out of his head suddenly.

This sword light, as fast as lightning, was almost unimaginable, like a fairy outside the sky, piercing the eyebrows of Ming Ming.

The terrible sword light shrouded Lu Ming, and Lu Ming could even move it.

It was the third black robe who took action. This is the leader of the three black robe, whose strength is stronger than the other two black robe.

Divine Monarch Double!

Divine Monarch Realm, the gap between each weight is greater.

The gap between each level of Divine King Realm is very large, the strong one can be easily killed, and the one with the lower one can be easily killed.

Each gap of the Divine Monarch Realm is greater than that of the Divine King, and if it is stronger, the strength is different.

This shot of the black robe is the divine double.

Such terrifying power, coupled with hiding in the dark, bursting into difficulty, suddenly shot at Lu Ming, it is a killing blow, not to mention Lu Ming, even if he is a strong power of Divine Monarch, it is undoubtedly mortal, Divine Monarch is double, Are dangerous.

However, Lu Ming sneered in the corner of his mouth, not panicking at all.

Because, he had expected this scene long ago.

Earlier, through the formation under the blue merchant, he had long seen that the other party was coming with four people, Mingzhe plus three black robe people.

In the back, only Ming Zhe and two black robe rushed into the Dragon Imperial City. Needless to say, there was another black robe lurking in the dark.

Therefore, Lu Ming had already prepared.

Jianguang's speed is amazing, and it's coming in an instant.

"Dead!"

The black robe had a fierce and excited light in his eyes, as if he had seen Lu Ming die under his sword.

As long as Lu Ming is killed, the National Teacher must be rewarded.

But at this time, Lu Ming suddenly stretched out **** and pointed at Jianguang.

Keng!

The sword light vibrated and was fixed directly. He was caught between **** and could not move at all.

"not good!"

The leader of the black robe was shocked in his heart, it was incredible.

His killing sword was actually blocked, and was caught between two fingers. How could this be possible?

But he is the strong double hero, what is there, can use **** to sandwich his killing sword?

Thinking of this, he trembles in his heart, sweating and sweating.

Retreat!

At this moment, he only needs one word in his heart to retreat!

Because he can hold his sword light with two fingers, he is definitely not able to deal with it.

He was extremely decisive, and as soon as his thoughts turned, he released his long sword, and his figure retreated.

However, it is too late.

The person who sandwiched the black robe leader with **** is naturally the great elder ape of the ape warfare.

"Want to leave now? Naive!"

The ape sounded from the indifferent voice, then, his fingers flicked, and the terrible power burst into the war sword.

Suddenly, the war sword buzzed and shook, and then turned into a sword light, flying forward at a terrifying speed.

The speed is much faster than the speed of the black robe leader retreating, and in an instant, he caught up with the black robe leader.

"not good!"

The leader of the black robe shuddered in his heart, roared, and shot with all his strength.

The sword light spreads all over the sky, forming a huge wheel of sword energy, constantly spinning in front of him, trying to block the sword light that killed him.

but...

puff!

The sword light flashed, the wheel of sword energy collapsed instantly, and the sword light passed through the eyebrow of the black robe leader.

The pupils of the black robe leader stared very big, but unfortunately they had no trace of life and fell completely.

In one move, he was killed!

"So strong!"

Lu Ming was also amazed in his heart. The strength of Ape Cong was simply unfathomable. Since coming out with him, several shots were easily solved. Lu Ming couldn't quite understand the strength of Ape Cong.

But one thing to know, the strength of Ape Cong is absolutely amazing.

Lu Ming speculates that the overall strength of the Ming Ape War Clan is definitely not under the Jiu Jue Tian Wang Mansion.

The ape has been the elder of the Ming Ape War Clan, and its strength is second only to the Ming Ape War Clan Ape Huan. I can imagine how amazing the strength is.

The leader of the black robe was killed, and the other two black robe were frightened, afraid to fight and wanted to escape.

But in such a situation, how could it escape.

bump!

The ape stepped out, stretched out a palm, and pressed forward.

Rumble!

A huge dark palm, covering the sky and the sun, pressed against the two black robes.

The two black-robed men tried their best to resist, but the result was that they were shocked and vomited blood. They were hit hard and had no resistance. They were surrounded by the strong men of the ape warfare clan.

"Say, who sent you!"

Lu Ming stared at the two men in black robe and asked coldly.

"If you want to kill, you want to know the information from our mouth, it is impossible!"

A man in black robe responded with a look of death.

"You are not afraid of death?"

Lu Ming asked.

"What fear?"

The two black robes answered.

"Okay, then send you on the road!"

Lu Ming spoke indifferently, waved his hand, a **** ape warrior of the aristocratic realm stepped forward, a punch came out, and one of the black robe people burst directly and fell on the spot.

Just killed one of them, and the other did not.

"Now not to say, if you say, I can give you a life!"

Lu Ming said.

However, the remaining man in black robe had no fear, and watched Landing indifferently, without any fear.

Chapter 3342: Killing the general

Lu Ming has some headaches. This kind of person knows at a glance that he is a specially trained dead man and a killer.

This kind of person, Lu Ming, has met more than once or twice all the way. This kind of person is not afraid of death at all. It is almost impossible to know the information from the other party's mouth.

Moreover, most of the other party's souls have been banned, and once the soul is searched, the ban will erupt, destroying the other party's soul, even if you want to search for the soul.

"I said, I said..."

At this moment, another voice sounded, it was Ming Zhe's voice.

There was only one soul left in Mingzhe, which was caught in the hands of a strong apes warrior.

In the realm of God, the soul has become extremely powerful. Even if the flesh is destroyed, the soul can find opportunities to regenerate.

At this moment, he was afraid of death, and naturally shouted.

Lu Ming was happy in his heart, but his face was quiet, saying, "Speak, who sent you?"

"I said, you promise not to kill me!"

Ming stung.

"Okay, as long as you say it, I won't kill you!"

Lu Ming said.

"No, the verbal promise I believe, but if you swear by the source of life, I will let you go!"

Ming Zhe cried.

"So far, dare to tell me the conditions and kill him!"

Lu Ming's face froze, and waved at the strong man of the apes.

"No, no, don't..."

The screams of intimidation screamed, the soul shivered for a while, and almost burst out of fright.

"Speak!"

Lu Ming said lightly.

"I'm from the wasteland general's mansion, and the wasteland general wants to kill you!"

Ming Zhe shouted, not daring to hide anything, for fear of being crushed.

"General wasteland!"

A cold light flashed in Lu Ming's eyes. This general mansion, he had heard of it, was near Qianlong Mansion.

Obviously, the other party was afraid of him before sending someone to kill him.

However, how can there be so many strong men in a wasteland general?

"They, don't say that they are also the people who opened the wasteland general's palace!"

Lu Ming looked at the black robe.

"They are not the people who opened the wasteland general mansion!"

Ming Zhe said quickly.

"Then where did they come from? Who sent it?"

Lu Ming asked.

"I don't know about this..."

Ming Zhe said, seeing Lu Ming's face sink, he quickly shouted: "I really don't know, you have to believe me, they went to find the wasteland general himself, and said to help the wasteland general to kill you together, as for The origin of the identity, the pioneer general did not know it, all I said is true..."

Ming Zhe shouted, fearing that Lu Ming would be upset and kill him.

Lu Ming frowned.

He felt that what Ming Zhe said was true.

"Huh, obviously sending someone to kill me, afraid of causing panic in other clan houses, so secretly sent people to assist other clan houses to kill me, so that no one would say anything!"

Lu Ming sneered and easily guessed the other party's plan.

"Is it a prince, or a national teacher?"

Lu Ming's thoughts changed sharply.

Because these two are the most suspected, of course, other forces can't help but doubt.

Such as Jiuyou Tianwang Mansion, Lan Family, Ares Family and so on.

"Destroy him!"

Lu Ming spoke to a warrior of the apes.

The Nether Ape Warfare nodded, the magical power burst, and the power of destruction rushed towards Ming Zhe's soul.

"Ah! You don't..."

Ming Zhe shouted in horror, but at the next moment, his soul exploded directly, and the smoke disappeared.

Then, Lu Ming looked at the last person in black robe again, revealing a pensive look.

He was thinking about how to get some information from the other party's mouth.

"I'll search for his soul!"

At this time, the ape began to speak.

"In the soul of the other party, it is estimated that the prohibition has been laid..."

Lu Ming said.

The ape nodded and said, "You can only try your best, how much information you can get, how much information you can count!"

In the end, Lu Ming nodded.

Perhaps, ape can get a little information from the unfathomable cultivation of the ape.

The ape walked over, waved his hand, and a powerful force enveloped the last man in black robe.

The black robe was constantly exploding, blood was splattering, and his cultivation practice was completely abolished. The cultivation practice was abolished, and the soul was picked up, and the resistance was also smaller.

Then, the ape from his body, filled with ghost spirits, enveloped the black robe in it and began to search the soul.

what!

At the next moment, there was a roar among the black robe population, a rune emerged from his eyebrows, and his head was getting bigger, as if to explode.

The other party's soul was banned, and once it was searched for souls, it opened the self-detonation mode.

"Press me!"

Ape Huan drank lightly, and his divine power surged to suppress that restraining force.

Between the two, there was a dazzling glow of light.

At the next moment, with a bang, the head of the black robe burst apart and fell completely, and the prohibition broke out.

"What clues can the ape get from seniors?"

Lu Ming asked, with a glimmer of hope in his heart.

"I only got a few pieces, but I already know who sent them!"

Ape from the road.

"who is it?"

Lu Ming quickly asked.

"Taixu Holy pilgrimage, state teacher!"

Ape from the road.

"It really is him!"

In Lu Ming's eyes, Han Guangsheng.

Obviously, the master of the country determined that Wu Fan died in the hands of Lu Ming, and wanted to avenge Wu Fan, he was determined to kill Lu Ming.

"Old man, one day, I will take down your head by hand!"

Lu Ming meditation.

"Also, the General Mansion of the Waste Land can no longer exist!"

A cold light flashed in Lu Ming's eyes.

Then, after tidying up the battlefield, Lu Ming took the ape, and a few aristocratic warriors from Shenjun Realm towards the General Mansion of the Wasteland.

The wasteland general mansion occupies a vast territory, spanning several galaxy rivers, and the territory is much larger than the soldier's mansion.

Of course, Lu Ming didn't need to fight over them one by one, he directly killed the general of wasteland.

At this time, the wasteland general is preparing a feast.

This banquet was to celebrate the destruction of Qianlong Mansion and then to congratulate those black robe.

The wasteland general knew that those black robe people must have had a good start, so he wanted to seize the opportunity.

The wasteland general sat above, drinking slowly, waiting for the good news.

"General, general..."

Suddenly, a guard rushed in.

"How is it? Mingzhe is back, isn't he? Call him in quickly!"

General wasteland.

"No, no, someone came in, broke through the defense line outside the planet, and came here!"

That guard road.

"what?"

The wasteland general stood up suddenly from his seat and shouted: "Who is it, which side is it, how many people are coming?"

"I don't know, the other party has only five people coming..."

That guard road.

"Five people?"

The general of the wasteland flashed his eyes, apparently very surprised. He thought that it was the other generals who attacked him.

"Go, go and see!"

The wasteland general stepped outward.

boom!

As soon as he flew up, he heard a terrible roar, the buildings everywhere exploded, a scream came, and masters were constantly killed.

Chapter 3343: Power expansion

The general of the wasteland looked up and saw five figures standing above the sky like a **** of war, looking down.

These five people are naturally Lu Ming, Ape Cong, and three other powerful people in Divine Realm.

With the fighting power of several Wraith Apes, how could the defensive force of the General Land of the Wasteland be able to block them? They easily killed all the way to the core of the General Land of the Wasteland.

The wasteland general rose up into the sky, exuding a terrible breath on his body, enveloping the entire void, his eyes full of anger, staring at the landing and a few people.

"Who are you? Why should I attack the wasteland general?"

The wasteland general yelled.

Several Nether Ape War Clan gave him a feeling of panic, if he was not afraid of their strength, he would have shot directly and killed Lu Ming.

"You sent someone to assassinate me not long ago, and asked who I am?"

Lu Ming answered lightly.

"You... you are Qianlong Mansion, Lu Ming?"

The wasteland general exclaimed, his eyes full of incredible.

He sent Ming Zhe.

Ming Zhe, apart from him, the General of the Wasteland General is the only strong man in the Divine Realm.

There are also those three black robe people, which are even more unfathomable. They are definitely the existence of Divine Monarch Realm, and they are not ordinary Divine Monarch Realm.

Isn't such a powerful force assassination of Lu Ming foolproof?

Why did Lu Ming not only die but also appeared here?

A bad hunch appeared in the mind of the general of the wasteland, and a chill in his heart went straight to the sky.

"Finally remember? Tell you, I'm here today and I sent you on the road!"

Lu Ming said indifferently.

"go!"

The wasteland general did not stay at all, turned around and left.

Lu Ming can appear here, he understands that Ming stings them, most of them are fierce.

Ming Zhe and others were fierce, and Lu Ming killed here. Obviously, Lu Ming is in control of the terrible power, which is definitely not something he can deal with.

So, he turned and walked away without staying in the slightest.

But he didn't fly far, he stopped. In front of him, a figure appeared, blocking his retreat.

This figure is an ape, his speed is surprisingly fast, and the latter is first, appearing in front of the wasteland general.

"Boy, I killed you!"

The wasteland general went mad, roaring, and drove towards the landing.

However, beside Lu Ming, the three Ming Ape War Clan stepped out, filled with a terrifying breath.

Three princes shot at the same time, and three huge fists pressed towards the general of wasteland.

The cultivation of the general of the wasteland is also important for the **** monarch, and the combat power is slightly stronger than the Ming zhe, but in the face of the three powerful apes, they are still not enough to watch.

After one move, the general who opened the wasteland screamed, his arm burst open, and there were cracks on his body, spitting blood continuously.

He roared and wanted to rush out from the back, but the ape slaps at random and flew him out, making him more injured.

"Forgive life, forgive life!"

The wasteland general was really frightened and yelled wildly.

Under Lu Ming's strength, he is too strong, especially Ape Cong, who can suppress him with a slap at will. He has no resistance at all.

He knew that he could not escape, and if he could barely, there was only one way to go.

"Are you going to kill me and call me to spare you? Ridiculous!"

Lu Ming said coldly.

"Forgiveness, as long as you spare me, I am willing to surrender, willing to surrender to you, with the entire wasteland general mansion to surrender to you!"

The wasteland general shouted.

"Bring the whole wasteland general to me?"

Lu Ming shook his heart, and then waved his hand, indicating that the strong men of the apes fighting clan stopped.

He is now in a period of development, it is at the time of employment, if the other party surrenders, that is not bad.

"If you want to surrender, swear, swear on the source of life, always loyal to me, never betrayal..."

Lu Ming said coldly.

"Swear on the source of life? You... don't go too far!"

The wasteland general shouted.

He is the existence of Divine Monarch Realm. Once he swears allegiance to Lu Ming with the origin of life, he can really be tied to Lu Ming for his whole life.

This makes him difficult to accept!

"Oh, then you die!"

Lu Ming was too lazy to talk nonsense with the other party, and spoke indifferently.

"No...no, I promise, I promise..."

The general of the wasteland shouted, almost scared to death.

He had wanted to talk about the conditions with Lu Ming. He didn't expect that Lu Ming wouldn't play cards according to the routine at all, and wouldn't give him the opportunity to talk about the conditions at all.

He was suffocating in his heart, but in the face of such a situation, he could only promise.

Immediately, the wasteland general swears at the origin of life and loyalty to Lu Ming.

The wasteland general surrendered to Lu Ming, and those of his men naturally turned to Lu Ming as well.

"You bring a group of strongest masters, follow me to Qianlong Star!"

Lu Ming ordered the general to open up wasteland.

The wasteland general was honest and honest, and he selected a group of elites and went to Qianlongxing with Landing Ming.

Lu Ming smiled on his face, feeling with emotion, finally someone was available.

Previously, he only brought a few hundred people from the ape war tribe, although they are all masters, but the number is too small.

Although Huang Dong surrendered to him later, Huang Dong was only a soldier's mansion after all, and his masters were limited. The strongest of the King God Realm was only the three old men of Xuan Ming, and the number was still too small.

The wasteland general mansion is, after all, a general mansion with many masters.

There are more than ten peak God Realms.

In addition, there are more high-level **** kings.

As a result, the number of people under Lu Ming skyrocketed, and there were a lot more masters, and there were more people available.

The next time is to completely integrate the territory controlled by the wasteland general government and control it in his hands.

...

The distant Taixu Holy Capital, in the palace of the State Master, sits on a large hall where the State Master sits high.

"Did the assassin have the news?"

The national teacher spoke, his face a little gloomy.

The deceased of the three Divine Monarchies he sent were called assassins. It was a long time and he should have returned. But so far, he hasn't come back, and no news has come, which makes him feel a little bad in his heart and mood. Very uncomfortable.

"No news yet, we sent someone to contact, and there is no news at all!"

An old man answered.

"Damn, what's wrong?"

The national teacher shouted, and felt more uneasy in his heart. After thinking for a while, he said, "Go to the assassin and check the life cards of the three men. Remember to act secretly and not be discovered. Come back as soon as possible!"

"Yes!"

The old man clenched his fists, then flickered and left here.

"Lu Ming!"

The national teacher shouted, and the eyes were full of murderous opportunities: "Fan'er must have killed you, not killing you, how can I stand up to Fan'er!"

The sound of murder was echoed in the hall.

The National Teacher did not wait too long. After half a day, the old man with white hair returned to the main hall.

Chapter 3344: Liufengjunhou

"how about it?"

As soon as the white-haired old man came back, the state teacher quickly asked.

The white-haired old man's face was ugly. He clasped his fists and said: "Guo Shi, the jade cards of the three assassins have been broken!"

"what?"

The National Teacher shouted, a little unbelievable.

The Soul Jade brand is fragmented, which means that the three assassins have fallen.

That was the assassins of the three Divine Monarch Realms, among them the Divine Monarch's double assassin. This is a force of terror, and all of them fell.

What kind of strong man is there next to Lu Ming?

The Master's face was extremely gloomy, he understood that he underestimated Lu Ming.

"Continue to send people, I don't believe it, and I can't kill that small debris!"

The national teacher shouted, and the killing opportunities grew stronger.

"Guo Shi, don't do it!"

The old man with white hair quickly persuaded.

"Why?"

Guo Shi asked with red eyes.

"Now, the people of the Thousand Saints Heavenly King and the Thousand Saints Heaven Palace, including the second prince, are staring at us. If we randomly send people to assassinate Lu Ming, it is easy for them to be found. The National Teacher, I am afraid it is not easy to explain!"

"Also, Lu Ming's side is followed by the Ming Ape War Clan. I suspect that there are a lot of gods and kings' realms that follow Lu Ming. Even, there are strong men of the Thousand Saints King's Mansion that follow Lu Ming. One assassination failed, the next time you want to assassinate, I am afraid the difficulty will increase sharply, it is not so easy!"

The white-haired old man explained.

"Then do you have any good solutions? You can't let that little miscellaneous get away with it, I said, Lu Ming, the boy, must die!"

The national teacher spoke indifferently.

"That kid, you have to kill, but don't hurry!"

The white-haired old man said.

"Oh? What do you think?"

Guo Shidao said, after all, he is a party hegemony. He calmed down at the moment and knew that it was not very wise to send people now.

The last time he was impulsive, he directly killed Taixu Royal Holy Court. This matter was reported to the Holy Emperor by the Second Prince, and he was severely punished.

Now, all parties are staring at him, and if he has any handle caught, the punishment may be heavier.

However, he did not want to kill Lu Ming.

"Guo Shi, Lu Ming's kid, isn't he in the sky-star field? It's very close to the battlefield of Taixu dynasty and barbarians. It is not enough. Later, he will definitely join the battlefield and hunt barbarians on the battlefield to accumulate credit faster!"

"As long as he goes to the battlefield and joins the army, wouldn't it be easy for him to die?"

The white-haired old man said.

"rational!"

The eyes of the master of the country suddenly gleamed with a gleam.

As long as Lu Ming enters the army and joins the battlefield, he has many ways to solve Lu Ming, and will not leave any traces.

"Then let the kid live for another period of time, as long as he enters the battlefield, it will be his death!"

The teacher said indifferently.

...

Qianlong Mansion has entered a period of steady development.

Lu Ming continued to send people around to fight, destroy the surrounding interstellar pirates, and accumulate credit.

Lu Ming himself, together with Qiuyue, practiced under the original idol.

At the same time, Lu Ming will also allow those who have made credit to practice under the original god.

Those who entered the practice of primitive idols were all amazed by the effect of primitive idols, because the effect was really against the sky.

Those people have never seen such an original idol that works so well.

The news that Lu Ming had an original **** with an effect against the sky naturally spread out.

Suddenly, Lu Ming's men hunted the interstellar pirates harder, wanting to get the chance to practice under the original idol.

To enlighten the divine power, to comprehend the original divine power factor, and to awaken the original secret technique, these things, no matter how high or low they are cultivated, even if they are divine princes, they must always be enlightened and practice hard.

The attraction of primitive idols is naturally great.

And the pantheon, did not accompany Lu Ming to practice with them during this time.

According to Wanshen himself, his cultivation has reached a bottleneck, and he needs to go out to fight and practice, looking for opportunities to break through the realm of God.

Therefore, Pantheon also followed the army to hunt those interstellar pirates.

In this way, time flies and decades have passed.

Over the years, Lu Ming's territory has become larger and larger, and more and more masters are under his control.

Many of them heard that Lu Ming had a mysterious original **** and automatically came to Lu Ming.

Of course, anyone who wants to surrender to Lu Ming must first enter the big formation under the blue business and test it.

People with ulterior motives were all blasted out by Lu Ming.

On this day, Lu Ming was practicing, and suddenly someone came to report that someone wanted to see Lu Ming.

"who?"

Lu Ming asked.

"It seems to be the man of Liufeng Junhou Mansion!"

Reported.

"Liufeng Junhou Mansion!"

Lu Ming's eyes flashed.

There is only one monarch palace in the whole sky mixed star field, that is Liufeng monarch palace.

This is a clan house that has developed endless years and is extremely powerful.

Junhou Mansion, second only to Heavenly King Mansion, the lord of Junhou Mansion, known as Junhou, is already a high level of Taixu Holy Dynasty, and its overall strength is very powerful.

Some of the top monarch palaces are as strong as some weak monarch palaces.

Just like the top few monarch palaces, the strength is no weaker than that of Jiu Jue Tian Wang Mansion. The only difference is the merits. When the merits are accumulated enough, they can be upgraded to the new Heavenly Emperor Palace.

Liufeng Junhou Mansion, naturally far less powerful, but not to be underestimated.

Liufeng Junhou Mansion, suddenly sent someone to see him, what is it?

"Go, go and see!"

Lu Ming walked outside and came to a hall.

This hall is dedicated to receiving guests.

When Lu Ming came, I saw a few people already sitting down, but they were not sitting on the guest seat, but on the main seat.

A middle-aged man in his thirties, sitting on the main seat, beside him, stood two old men.

"You are Lu Ming, Lord of Qianlong Mansion?"

The middle-aged man sat on the main seat that was supposed to belong to Lu Ming, condescending, looking down at Lu Ming and asked lightly.

"Not bad!"

Lu Ming smiled casually, walked towards a seat at random, and then sat down.

"Bold!"

On the edge of the middle-aged man, an old man sipped coldly, stared at the land, and stared at the land. He said, "Don't you dare to sit without asking you to sit, who gave you the guts?"

Lu Ming smiled and smiled silently.

Here, but his site, Qianlongxing.

The other party ran inexplicably, not only sitting on top of his main seat, but now sitting down on his own, he was actually scolded.

This self-feeling is too good.

"Here, it seems to be my site, Qianlong Star, but it is not your ruling prince's palace..."

Lu Ming responded lightly.

"What about that? No matter where? How can your identity be compared with that of Xiaohouye? A master of the soldiers' palace, when you see Xiaohouye, be respectful, don't you understand?"

The old man snarled.

Chapter 3345: Waste one

"You are willing to respectfully become a dog, I don't have this habit!"

Lu Ming smiled angrily and sarcastically.

"you wanna die..."

The old man was angry, his eyes were cold, and his body was filled with a strong breath.

This is the breath of Divine Monarch Realm.

Uh! Uh! ...

As soon as the old man breathed out, outside the hall, several figures rushed in and stood beside Lu Ming.

It is the strong man of the ape war tribe.

"All right!"

At that moment, the middle-aged man in his thirties spoke, and then the old man immediately took his breath away, standing respectfully behind the middle-aged man.

"Lu Ming, right, okay, I will come straight to the point and talk about the purpose of my visit this time. During your time, you have developed very fast and occupied a lot of resource planets. These resource planets can let you Dig, mine!"

Speaking of which, the middle-aged man paused.

Lu Ming did not speak, waiting for the other party's following.

"However, every year in the future, your Qianlong Mansion will pay tribute to my Liufengjunhou Mansion, the specific number has been listed, you can take a look!"

A middle-aged man waved his hand, and a piece of jade flew to Lu Ming.

Lu Ming reached out and took it, with a sarcastic smile on the corner of his mouth.

It turned out that the other party came to let him pay tribute.

However, Lu Ming has no intention of paying tribute.

With a squeeze of your fingers, the jade symbol was exploded.

Lu Ming didn't look at it, because he didn't need to look at all.

Seeing Lu Ming not looking at it, he burst into jade. The middle-aged man's face was gloomy, and a cold killer burst into his eyes, coldly saying: "Lu Ming, what do you mean?"

"My meaning is simple, I have no intention of paying tribute to others, so please come back!"

Lu Ming waved his hand and issued a guest order.

"Don't plan to pay tribute? Ha ha ha, Lu Ming, I tell you, if you don't plan to pay tribute to me Liu Fengjunhou Mansion, then you will get out of the sky mixed star field, here, there is no place for you to stand!"

The middle-aged man was drunk and his face was grim.

"Without my foothold? I want to see, how do you make me have no foothold, now, let me go!"

Lu Ming drank coldly.

"Boy, you are looking for death!"

On the edge of the middle-aged man, the old man screamed and stepped out. The void violently violently exploded, and the whole hall shook.

The wave-like breath is oppressed towards the landing song, and Lu Ming is forced to kneel down.

However, the breath hadn't touched Lu Ming yet. Lu Ming's side also rushed out a breath, blocking the person.

A strong man of the apes fighting tribe appeared in front of Lu Ming.

"You still dare to rebel, and sin is to die!"

Seeing that his breath was blocked, the old man was furious, and he looked like a big bird and rushed to Lu Ming.

"Let him get down!"

Lu Ming spoke lightly.

"Yes!"

The wretched ape warrior showed a terrible color, and there was a slight grin on the corner of his mouth, killing the old man.

boom!

The two slammed in a rage, violent energy spreading in all directions.

However, beside Lu Ming, there were strong men from the apes fighting clan stepping out, blocking these scattered strengths.

"Courage, kill!"

At this time, behind the middle-aged man, another old man spoke indifferently and stepped out, bursting into a breathtaking breath.

This old man is also a god.

The middle-aged man came with two princes, apparently wanting to shock Lu Ming.

However, the two gods are obviously not enough.

"I come!"

On the edge of Lu Ming, a burly warrior of the apes walked out, his big hand pressed, and his huge palm was held towards the front. The old man's attack was caught by the big hand, and broke away directly.

"Divine Divine Double!"

The old man exclaimed, his face changed wildly.

This time, the Nether Ape War Clan was a double existence of Divine Monarch.

Divine monarch is double, much stronger than Divine monarch.

boom!

Divine King's double ape warfare stepped, the sky was violently violent, and launched an attack.

"Stop, this is a misunderstanding..."

The old man shouted and was afraid. He planned to stabilize Lu Ming first, and then retreated.

But Lu Ming sneered, too lazy to ignore each other, Shenjun double clan apes battle continued to attack.

Without a few strokes, the old man could not resist it, and was suppressed by the Winged Apes, lying on the ground twitching and vomiting blood.

But the old man who started the game was not much better. At the same level, he was forced to retreat again and again. At last, the superpower of the double prince went up and suppressed him by one move, so that he would lie on the ground and vomit blood.

The two old men were suppressed, and vomited blood lying on the ground.

"You...you..."

The middle-aged man's body shivered, glaring at Lu Ming, and at the same time secretly startled in his heart. Unexpectedly, the strength of Lu Ming's side was so powerful that he even had the dual existence of Shenjun.

"Now, get me down!"

Lu Ming stepped forward and walked towards the middle-aged man.

"Lu Ming, you... you are so brave, do you know who I am? I am the little Houfeng of Liufengjunhoufeng, and Liufengjunhou is my father, you dare to move me..."

Middle-aged man shouts.

"Get off!"

Lu Ming drank coldly, his breath exploded, and he ran away towards the middle-aged man.

"Lu Ming, you are called Peerless Heavenly Pride, the third of the new Taixu Royal Sanctuary, I want to see what you have!"

The middle-aged man screamed, his breath broke out, and his whole body was filled with blue brilliance, which turned into a blue war knife and slammed toward the landing.

The middle-aged man is called Liu Fengxiao. Before several sessions, he was also a student of Taixu Royal Sanctuary, a arrogant figure, and very strong.

when!

The two slammed at each other, Lu Ming shivered, and took a step back.

"The Seventh Peak of the King of God!"

Lu Ming moved.

"Haha, what's the third, but that's it, kneel down for me!"

Liu Feng saw a move to repel Lu Ming, confidence increased greatly, and continued to kill the landing.

"But so?"

Lu Ming's mouth widened with a mocking smile.

He just made a move just now, and he didn't use much force at all.

boom!

At this time, Lu Ming directly triggered the four-fold combat power of Zhanzi Jue, and at the same time, eleven kinds of divine power in the body quickly ran up and surged out.

Then, Lu Ming turned the Heavenly Devil's golden body, and flicked toward Liufengxiao.

boom!

Lu Ming's palm directly bombarded the opponent's blue sword, and a violent roar erupted. The blue sword of Liufengxiao continued to vibrate, and then burst with a touch.

The force of violentness made Liu Fengxiao's body violently shaken back and forth, and his eyes were incredible.

"You... your strength..."

Liu Fengxiao exclaimed.

Although he is not a special top-level arrogant, but also has the cultivation of the seven peaks of the **** king, but Lu Ming is only five points of the **** king, he is two times taller than Lu Ming, and he has been repeatedly retreated by Lu Ming.

"Waste one!"

Lu Ming spoke indifferently and continued to attack.

Soon after, Liu Fengxiao and the two old men lay on the ground and vomited blood like a dead dog.

Chapter 3346: Four pirates

Liu Fengxiao was lying on the ground, vomiting blood and was hit hard.

"Damn, damn..."

Liu Fengxiao roared in his heart, full of killing in his eyes, but he did not dare to let Lu Ming see it, worrying that he would be killed by Lu Ming.

"Now, get out of here!"

Lu Ming drank coldly.

"Go, go!"

Liu Fengxiao struggled to get up, clucked his teeth, and humiliated and walked out. The two old men quickly followed.

In an instant, they disappeared here.

"Zhan Zu, just let the other party go? Be careful they will retaliate!"

A wicked ape war tribe said.

"It's okay, they want revenge, although let them come!"

Lu Ming smiled.

A Liufeng prince's mansion, he hasn't paid attention to it yet. If the other party wants to retaliate, he can just mess up the situation of the sky and star field, so that he can fish in muddy water.

Next, Lu Ming's days went into stability, and he practiced every day.

...

Liufeng Junhou Mansion, above a large hall, Liufeng Junhou sits high on it.

"Dad, you must avenge me, that Lu Ming, arrogant and arrogant, no one in sight, I just let him pay tribute, just beat me like this..."

Below, Liu Fengxiao is crying.

bump!

Liufeng Junhou, patted the chair handle with a palm, smashing the chair handle.

"Good Lu Ming, thinking that he has some talents, he will be lawless!"

Liu Fengjunhou's face was gloomy, and murderous eyes flashed in his eyes.

"Dad, you must avenge me!"

Liu Fengxiao cried.

"Relax, that Qianlong Mansion, no longer need to stay in the world, come here!"

Liu Fengjunhou lightly drink.

Suddenly, a figure flashed out.

"Send someone to destroy the Qianlong Mansion!"

Liu Fengjunhou ordered.

"Yes!"

The figure led the commander, and was about to retreat to summon a master to attack Lu Ming. At this moment, a guard-looking man rushed into the hall.

"Monarch, no good!"

The guard said a little flustered.

"What's going on? Such a panic?"

Liu Fengjun asked with a cold face.

"Monarch, I don't know what is going on. The four interstellar pirates in the sky and star field suddenly joined forces to launch an attack on the many clan houses of our Taixu sacred dynasty. We have a ruined Junhou house and they have occupied a galaxy! "

Guardian informs.

"what?"

Liu Fengjunhou was shocked and stood up suddenly from his seat.

"The four interstellar pirates join forces, how is this possible, how can they join forces?"

Liufeng Junhou almost roared out.

There are countless large and small interstellar pirates in the sky mixed star field, but among them, there are four strongest interstellar pirates, known as the four major pirate kings.

They are the Green Hair Pirate Group, the Beast Pirate Group, the Red Beard Pirate Group, and the Bigger Pirate Group.

These four pirate groups have dominated the sky mixed star domain, and their strength is extremely powerful.

But in the past, the four major interstellar pirates were fighting each other, each occupying a star field. They had never cooperated, and even would attack each other to compete for territory and resources.

This time, how could they unite and attack them?

"Send masters, resist with all your strength, be sure to block them!"

Liu Fengjunhou shouted and gave orders.

Faced with this situation, Lu Ming can no longer care about it, only to solve the interstellar pirates, and deal with Lu Ming.

Soon after, a large number of masters from Liufeng Junhou Man set off to the front border.

The sky and the stars are already chaotic, and this time is even more chaotic.

The four pirate groups joined forces to attack the territories occupied by the Taixu dynasty's various clan houses. For a time, the sky mixed star field battled for days, and all regions were caught in a dogfight.

Lu Ming and they are also paying attention to this matter all the time.

Fortunately, Lu Ming's territory is on the east side of the Tianxing Star Field, surrounded by other clan houses. The interstellar pirates attacked, and Lu Ming could not be here for a while. Lu Ming is still safe here.

On this day, Lu Ming is convening a number of powerful people to discuss and discuss how to face the situation afterwards.

At this time, the messenger of Liufeng Junhou Mansion came to Qianlong Mansion and saw Lu Ming.

"Liufeng Junhou Mansion summoned all the tribes in the Tian Xing Xing Xing Realm, went to Liufeng Junhou Mansion to discuss and fight against the interstellar pirates!"

This is the message brought by the envoy of Liufeng Junhou Mansion. After the announcement, the other party left.

"Convene everyone to gather Liufeng Tianwang Mansion?"

Everyone was shocked.

"The Lord of the House, I don't think it's appropriate. You offended Liu Fengxiao last time. If you go to Liufeng Junhou House like this, I'm afraid the other party will target you!"

Below, the general wastelander bowed down and suggested.

Since surrendering to Lu Ming, the pioneer general naturally thought about Lu Ming, after all, they are now grasshoppers tied to a rope.

"Why, I want to see, what trick does the other party play?"

Lu Ming smiled.

Moreover, the Taixu dynasty has regulations that, in the face of war, higher-level clan houses have the right to summon lower-level clan houses to fight against the enemy.

If he does not go, the other party has more reason to deal with him.

"Gather people and start!"

Lu Ming announced.

Soon after, Lu Ming took a group of masters and set off toward Liufeng Junhou Mansion.

When they rushed to Liufeng Junhou Mansion, someone arranged their residence and let them live first.

After all, we have to wait for the people of other races to come together before we can discuss specific things.

Time was flying fast, and soon, half a month had passed.

At this time, someone came to inform Lu Ming to discuss matters.

Lu Ming They followed the people who led the way and soon came to a huge open space.

This open space is very wide and divided into different areas, representing different clan houses.

Lu Ming They found Qianlong Mansion and sat down in that area.

After that, there were people coming all the time, all of them from other major clan houses, from soldiers' houses to generals' houses.

Large and small, there are at least hundreds of clan houses.

Each clan house brings a large number of masters to come. This area is suddenly crowded with people. Relatively speaking, the people brought by Lu Ming are the least.

"Liu Fengjunhou is here!"

Suddenly, someone made a noise.

In the distance, a group of people flew over and the number was very large and mighty.

The person headed is an old man who looks about sixty years old, with a burly figure, a majestic mountain, and quite majestic. This person is a ruling prince and a ruling tiger.

On the edge of Liufeng Tiger, followed by a middle-aged man in his thirties, it is Liu Fengxiao.

The people of Liufengjunhou Landed in their exclusive area. The area has the highest geographic location and can overlook the squares.

"I have seen Liu Fengjunhou!"

Many people got up and clenched their fists.

Of course, Lu Ming sat there carelessly, without any intention of getting up.

"Please sit down!"

Liu Fengjunhou waved his hands and let everyone sit down.

At the same time, he glanced at Lu Ming, a cold light flashed in his eyes.

"As you all know, what's the matter of convening everyone this time!"

Liu Fengjun paused and said, "The four pirate groups joined forces to attack our tribes of the Taixu dynasty. During this time, many tribes have suffered!"

Chapter 3347: Dangerous mission

Some people looked ugly when they heard what Liu Fengjun said.

These people were attacked by the pirate group during this period, and the losses were heavy. Even some clan houses were wiped out by the pirate group, and only the remaining parts escaped to Liufeng Junhou Mansion.

"This time we call everyone together to unite the strength of all the clan houses and fight against the four pirate groups together!"

Lou Fengjunhou said loudly.

"May I listen to the emperor's dispatch!"

"Make every effort!"

Suddenly, many people shouted and cooperated with Liu Fengjun.

"But someone has a different opinion, or is unwilling to contribute?"

Liu Fengjun looked around.

No one speaks.

According to the provisions of the Taixu Holy Dynasty, in case of war, higher-level clan houses have the right to mobilize lower-level clan houses to fight together.

Naturally, no one would stand up to object, and Lu Ming did not say anything.

"Since there is no objection, this matter is settled in this way. Now, I will distribute the tasks, and the various ethnic governments must do their own tasks, strive to block the pirate's attack, and even destroy the pirate!"

Lou Fengjunhou said loudly.

No one said anything, waiting for Liu Fengjunhou's following.

The next task assignment is the focus and the main point of concern to everyone.

Immediately, Liufeng Junhou began to allocate.

Soon after, it was Lu Ming's turn.

"Qianlong Mansion, Meteor Mansion, General Qianyue Mansion..., you are responsible for guarding the Feile Galaxy!"

Liu Fengjun said.

"What? Feilai galaxy, but there is the main attack direction of the Red Beard Pirates. You let us go to guard there, don't you let us go to die?"

Suddenly, a middle-aged man shouted.

This person is the owner of Meteor House.

At the same time, several other masters also called out.

The Feile Galaxy has a huge teleportation array, which is the main attack direction of the Red Beard Pirates. As long as the Feile Galaxy is taken down, you can use the teleportation array there to directly transport troops and attack other clan houses.

This is the main direction of attack of the Red Beard Pirates. With their few clan houses guarding there, they are undoubtedly looking for death.

"Why? Do you have an opinion? Don't you want to try your best?"

Liufeng Junhou's face sank, scolding.

"Oh, my Qianlong Mansion, originally in the hinterland, far away from the Feile Galaxy, but you sent my Qianlong Mansion to the Feile Galaxy to resist the Red Beard Pirates, what do you mean?"

Lu Ming sneered.

Qianlong Mansion is in the hinterland, the pirate group wants to hit him, far away, but Liufeng Junhou dispatched Qianlong Mansion there, obviously for Lu Ming, and wants to get rid of it with the power of the Red Beard Pirates he.

Lu Ming hadn't spoken yet, the Meteor House Master cried out.

"Monarch, I know that I offended the young Hou in the past, but you can't aim at me so clearly, let me go against the red-bearded pirate group, that is to die!"

The Meteor House Lord yelled.

"presumptuous!"

The prince of Liufeng scolded, and there was a terrible breath on his body. Everyone seemed to have pressed a huge rock.

The Meteor House Lord bears the brunt, his complexion changes greatly, and he retreats again and again, almost vomiting blood.

"What do you mean is that I am arguing for private enmity and deliberately aimed at you and sent you there?"

Liu Fengjunhou said coldly.

The Meteor House Lord did not speak, but his expression already told everyone that he thought so.

"I tell you, I am doing things in a public and official manner, and I will never publish private enemies. This time against the four major pirate regiments, it is necessary for all ethnic groups to work together and fight together in order to win!"

"If you are pregnant with ghosts and don't want to contribute, how could it be the opponent of the four pirate regiments? Well, if anyone has any more opinions, they will follow the rules, and I will report to the pilgrimage, saying that there is a clan government that refuses to dispatch!"

Liu Fengjun said.

Meteor House's face was ugly.

Lu Ming sneered. He didn't speak again this time.

This lieutenant is too hypocritical, even if he speaks, it is useless, and he will be targeted by the other party with disrespectful rules.

"My General Qian Qian Yue, following the orders of the princes, will do my best!"

The general of General Qian Yue said quickly that he was also sent to join them with Lu Ming.

"Okay, the tasks of each government have been arranged, you can start your journey, complete your tasks, and annihilate the four pirate groups together!"

Lou Fengjunhou said loudly.

"Yes!"

The people took their orders, and then they set off one after another, heading to the teleportation array, and headed towards the places where they needed to guard.

Lu Ming also took a group of masters and left here to go to Feile Galaxy.

Soon after, the people of all the governments left, leaving only the people of Liufengjunhou.

"Dad, this trick is really high, hum, Qianlong Mansion, Meteor Mansion...Dare to offend me, all die, this time it happened to kill them with the help of the Red Beard Pirates!"

Liu Fengxiao sneered.

"My plan, not only to kill them, to Qianlong Mansion, Meteor Mansion...The strength of these people combined, if they fight desperately, they can still block the Red Beard Pirates for a few days. After they are destroyed, A few days have passed, we have to take advantage of these days to destroy the Bigger pirate group and destroy each of the four pirate groups!"

Liu Fengjun's eyes showed a wise light.

"Second, Dad, it's so wonderful. In this way, not only can you take advantage of the opportunity to destroy the Qianlong, Meteor and other houses, but also use their power to entangle the Red Beard Pirate Group. It's a double benefit. Children admire it!"

Liu Fengxiao looked amazed.

"Hahaha..."

Liu Fengjun Hou laughed, his face smug.

...

The Feile galaxy is located in the central area of the sky-mixed star field. A huge teleportation array is arranged here, so it has become a battlefield for the military.

The Red Beard Pirates are not far from this area. They want to attack the Taixu Holy Clan's palaces in a big way. They must first capture this teleportation team, so they will definitely attack here.

Soon after, Lu Ming, Meteor Mansion, General Qianyue Mansion, etc., a total of eight people from the Clan Mansion, came here and landed on a meteorite outside the Feile Galaxy.

"Everyone is here, now, I will announce my respective tasks!"

General Qian Yue swept his eyes and looked like a boss.

It is true that there is only one general palace in the eight major clan palaces here. In terms of rank, General Qianyue Palace is indeed the highest.

Everyone's eyes turned to General Qianyue.

"You guys, go guard the planet on the left!"

General Qianyue pointed to two clan houses, and then to Lu Ming and Meteor House Lord, saying, "Both of you, guard the planet in front of you. Remember, the teleportation team is on that planet, even if you are desperate, You have to protect that planet too, do you understand?"

General Qianyue.

"Ha ha!"

Lu Ming made a mocking laugh.

"Why are you laughing?"

General Qian Yue glanced at Lu Ming, and a cold light appeared.

"You have handed us all the dangerous tasks. Then, what is your mission in General Qian's Mansion?" Lu Ming said.

Chapter 3348: My method

In the face of Lu Ming's problems, General Qianyue's eyes were more radiant.

"Are you questioning me?"

General Qianyue said coldly.

"Yes, I'm questioning you!"

Lu Ming said lightly, not giving his opponent a face.

General Qianyue's face was even colder, glancing coldly at Lu Ming, revealing a hint of murderous vagueness.

"I tell you what my General Qianyue Palace is going to do. Here, my General Qianyue Palace is the strongest. I should sit in the rear and take control of the whole situation. Once one side can't hold on, I will send someone to support which side. Now ,do you understand?"

General Qianyue said coldly.

"Behind the town? I think you are protecting your strength. If the situation is wrong, you can evacuate quickly, right?"

Lu Ming sneered.

"Come on, you are slandering!"

General Qianyue roared.

"Slander? Well, let's change it. I will sit in the back and take control of the whole situation, too!"

Lu Ming said.

"You come? Ha ha, to control the overall situation, you need the strongest power. My Qianyue Mansion is a general mansion. You have a soldier's mansion in your district, and you want to compare with me? Do you think your Qianlong Mansion's strength is better than mine? The strength of General Yuefu is strong?"

General Qianyue said coldly.

"The answer is correct, I think so, no, in fact, the strength of my Qianlong House is indeed better than you!"

Lu Ming said with a smile.

"Arrogance, arrogance and ignorance..."

General Qianyue was angry, and his face was fierce, and the murderous opportunity was filled, saying: "Since you say so, then I will try your Qianlong Mansion, what strength is there, come, and win me!"

General Qianyue waved his hand, and immediately, a few people behind him stepped out, approaching the landing, and filled with a strong breath.

There are three people in total, all of whom are the pinnacle gods.

"Fighting against the general again and again, following the crime, kneel down and admit my mistake!"

"Kneel!"

The three pinnacle **** kings attacked the landing, terrible pressure, crazy pressure to Lu Ming, to kneel down Lu Ming oppressed.

However, Lu Ming stood like a big mountain, motionless.

"Let them kneel!"

At this moment, Lu Ming spoke indifferently and waved slightly.

boom!

A Winged Ape Warrior stepped out, stretched out a palm, and pressed forward.

Suddenly, a huge palm condensed out of thin air and pressed towards the three peak gods.

"Shenjun..."

The three peak **** kings roared in horror, and then thumped, unable to resist at all, and they were directly knelt on the ground and knelt in front of Lu Ming.

"Shen Jun, you actually have a strong realm of Shen Jun Realm, no wonder you are so brave and don't take me in the eye!"

General Qianyue's pupils contracted for a while, revealing a trace of dignity.

Other ethnic groups are also dignified.

Generally speaking, in the soldier's mansion, it is difficult to appear the characters of the Divine Monarch Realm. Generally, only the General's Mansion will appear the characters of the Divine Monarch Realm.

"Are there any stronger ones, send them out!"

Lu Ming said lightly.

"Lu Ming, don't think that there is a prince, you can fight against me, and it's tender!"

General Qianyue drank coldly and stepped out suddenly, bursting into a violent breath.

When he stepped out, there was an old man beside him stepping out, and a terrible breath also broke out.

God!

General Qianyue, as well as the old man, are gods.

Obviously, General Qianyue's Mansion also has two powerful people in the Divine Monarch Realm.

"You go to block that divine prince, the other people give it to me!"

General Qianyue spoke to the old man.

The old man nodded, stepped continuously, and rushed towards the strong man of the apes.

General Qianyue rushed to Lu Ming himself.

"Young people, keep a low profile, be obedient!"

A cold light flashed in the eyes of General Qianyue, a violent breath, forming a strong storm of energy, and rushed towards the landing.

However, the strength storm has not rushed to Lu Ming. Lu Ming's side already had a stronger breath. He rushed out and burst General Qianyue's breath in one fell swoop.

It was another strong shot of the Nether Ape War Clan.

"Divine King, and Divine King..."

General Qianyue was shocked, his body retreated, and his face was extremely dignified.

The old man in General Qianyue's palace was also shocked. He quickly retreated and dared not stay.

"There are actually two gods!"

The people of other ethnic groups were also shocked.

Unexpectedly, a soldier's mansion in Luming District was surrounded by two monarchs. It is no wonder that General Qianyue didn't put his eyes in the eye and directly confronted each other without any fear.

Immediately, they were very happy.

The stronger Lu Ming's strength is, the greater their chance of resisting the Red Beard Pirates.

"Now, what is my strength?"

Lu Ming looked at General Qianyue lightly.

"Humph!"

General Qianyue sneered, not speaking.

"Stop talking? Haha, then how about I come to guard the rear?"

Lu Ming continued.

"Wait a minute, since you have such strength, then I think our plan can be changed!"

General Qianyue.

"how to change?"

Lu Ming asked.

"I didn't know that you had such strength before, so I made a mistake. Now that you have such strength, then we don't need to guard the rear and lay a defense directly on the planet with the large transmission line. With our strength, in advance The formation of a large formation can certainly stop the Red Beard Pirates for a period of time. When the monarch palace solves the enemy, it will naturally come back to assist us. How about this arrangement?"

General Qianyue.

He saw that there were two princes next to Lu Ming, so naturally he did not dare to be arrogant.

"No, I think this method is not good!"

Lu Ming shook his head.

"Then what do you do?"

General Qianyue.

"To put it more bluntly, Liufeng Junhou Mansion let us come here. I had no good intentions and wanted to use the power of the Red Beard Pirates to get rid of us..."

Lu Ming said.

This remark made other people's faces very ugly, and they naturally knew Liu Fengjunhou's plan.

But what can they do?

"In this case, why do we want to sell our lives here, my method is that when the people of the Red Beard Pirates attack, we directly retreat and give this place to the Red Beard Pirates!"

Lu Ming said with a smile.

"what?"

Others were shocked.

Do not resist, retreat directly, can the Red Beard Pirate Group use the teleportation array here to kill the hinterland of the Sky and Star Field?

"You... you are so brave, you are the enemy, you are the death penalty..."

General Qianyue shouted.

"What's the enemy? As long as the four pirate groups are eliminated afterwards, that's great merit. How can it be guilty?"

Lu Ming sneered.

"Destroy the four pirate regiments, idiots say dreams, you madman, I'm going to sue this matter to Liu Fengjun, you just wait to be convicted!"

General Qianyue shouted, and he was going to take people away and report to Liufengjun Hou.

Chapter 3349: Complete control

General Qianyue also offended Liufengjunhou's house, but he regretted it long ago and always wanted to repair the relationship between the two communities.

Now, as long as he tells Lu Ming's thoughts about Liu Feng's thoughts, he may be able to repair the relationship between the two and prevent him from coming to guard the Feile Galaxy.

Therefore, he will leave immediately, but will Lu Ming let him leave.

Uh! Uh!

The figure flashed, and several warriors of the apes encircled the people of General Qianyue.

"Why? I still want to be strong. You have two princes. There are two princes on my side. Do you think you can stop me?"

General Qianyue sneered.

"I have two gods? Who told you? You made up your own brain?"

Lu Ming sneered in the corner of his mouth, then waved his hand and said, "Take them down!"

Boom!

A few apes battle tribes, at the same time erupted breath, terrifying breath, so that the whole starry sky trembling violently.

There are four people in total, all of whom are gods.

General Qianyue's pupils widened sharply, revealing incredible colors, and shouted: "All are gods, how is it possible?"

"kill!"

One of the Nether Ape Warriors shouted, stepped forward, and launched an attack.

The remaining three Ape Warriors did not move, guarding the parties and preventing others from escaping.

"rush out!"

General Qianyue shouted, carrying his men, trying to break out of the encirclement.

A group of people teamed up to attack the Wraith Apes.

The two powerful powerful kings, a large group of high-level **** kings joined forces, and the power is really amazing.

However, the Nether Ape Warrior burst out with a punch, the void explosion, and the terrible fist strength, directly defeated the fist strength of General Qianyue and others.

The terrible punches kept going, like the stormy waves, to the people of General Qianyue's palace.

The existence of those **** king realms throbbed like a broken sack, flew backwards, fell to the ground, and vomited blood.

This is still the mercy of the strong men of the ape warfare clan, otherwise, all of these **** king realm will die.

General Qianyue, as well as the existence of another Divine Monarch Realm, also shook his body and retreated.

"Divine Divine Double!"

General Qianyue shouted, shocked.

"kill!"

The Wraith Ape Clan continued to attack.

His body swelled up, and he exhibited ghost fighting tactics. With a stronger strength, every move, the starry sky followed.

The meteorite at their feet exploded and turned into powder, and the others retreated in embarrassment.

In the face of the Divine Monarch's double Ape War Clan, General Qianyue and the two were simply not enemies. Even if they tried their best, they could only retreat one after another and were completely suppressed.

After a few strokes, the old man was hit, his body retreated, he vomited blood, and was hit hard.

The remaining General Qianyue was even more invincible, barely blocked a few strokes, and was also hit hard. His breath was weak, and his throat was caught by the strong apes of the apes, and it was difficult to move.

On the edge, the other six soldiers' houses were all stunned, dumbfounded, and looked at this scene in disbelief.

General Qianyue, the divine prince, was miserable at the moment, like a dead dog, his throat was held, and life and death were between others' thoughts.

"What a terrible strength!"

They marveled, and their hearts were shaking so hard to calm down.

The strength of Lu Ming's men really surprised them.

"dead!"

The Divine Monarch's double-layered ape war tribe roared, revealing a terrible murderous opportunity.

The death souls scared by General Qianyue all roared, shouting with all his strength: "Forgive life, forgive life..."

Lu Ming waved his hand slightly, and the strong men of the Ming Ape War Clan stopped.

"Forgive you, swear allegiance to me with the source of life, I don't want to say it again, and if you don't agree, you will die!"

Lu Ming cut through the opening of the iron.

General Qianyue was naturally reluctant to swear by 10,000 from the source of life, but he lost his freedom, but he would never dare to speak, fearing that he would be killed.

"Give you three breathing time, three...two..."

Lu Ming started to count down.

"I promise.." General Qianyue yelled. Under such circumstances, I can only promise that there is no second way to go.

Immediately, General Qianyue vowed to serve Lu Ming with the origin of life.

After that, General Qianyue's men also swore to Lu Ming with the origin of life.

In this way, Lu Ming conquered General Qianyue Mansion successively, opened General General Manor, and got masters of the two generals.

"You swear too!"

Later, Lu Ming stared at the other six soldiers' houses and said coldly.

"Shall we also swear?"

"Lu Ming, we did not offend you!"

"Don't go too far!"

The head of the six soldiers' houses suddenly shouted.

"Now that I know my plan, do you think you can still leave safely? Do not swear to trust me, that can only send you on the road!"

Lu Ming said coldly.

"Lu Ming, I will never tell your plan!"

One of the masters said immediately.

"Sorry, I don't believe you, give you two choices, one, swear by the source of life, allegiance to me, the second, kill you immediately!"

Lu Ming spoke indifferently, and then waved his hand, the strong figure of the apes fighting clan flashed, and surrounded the starry sky.

At the same time, the people of General Qian Yue's palace also started to surround the six soldiers' palace.

"You also have three breathing times. After three breaths, kill!"

Lu Ming said indifferently.

"Lu Ming, I am from the Sandu clan, you dare to move me..."

A slightly younger housekeeper yelled that this person came from a big family in Taixu Shengdu. How could he easily trust others.

"kill!"

Before that person spoke, Lu Ming gave the order.

boom!

In that direction, a Winged Ape Warrior started, and punched out, a huge fist, squeezing the sky, killed towards the soldier's palace.

"No, no, don't..."

The soldier's mansion shouted in horror.

But the result has been doomed, he does not have the strong state of God's King Realm, can't bear God's attack at all.

The fist rolled down, and the house owner, and the men he brought with him, exploded continuously, and died a third at once.

The remaining people, all trembling, cold sweat, terrified.

"Are you willing to surrender?"

Lu Ming spoke coldly.

"Will, we will!"

The remaining people yelled and began to swear.

"what about you?"

Lu Ming looked at the five remaining soldiers' palaces.

"We are willing too!"

The five soldiers' houses, no matter how dare not agree, nodded quickly.

Before the end of the soldier's house, Lu Ming was too decisive and did not agree to kill directly, regardless of the identity of the other party.

After everyone swears, Lu Ming smiles.

This force has been completely controlled by him.

"We went to Feile Galaxy and arranged some on the periphery. When the people of the Red Beard Pirates killed, we directly retreated!"

Lu Ming gave the order.

Chapter 3350: War broke out

General Qianyue and others were wondering why Lu Ming did this, and let the red-bearded pirate group kill in the hinterland, even if the ruins of Liufengjunhou could be enemies, but if this matter was passed back to the Holy Capital, Lu Ming would not be able to walk around. Be punished.

Unless Lu Ming can really wipe out the four pirate groups, but Lu Ming has such strength?

Despite their doubts, they can only obediently obey now.

Then, they began to arrange, and after they were arranged, they waited quietly.

They did not wait too long. In the depths of the starry sky, there were more than a dozen huge starships flying towards this side.

Each star warship is huge, hundreds of thousands of miles long, and the largest one is even a million miles long, like a small planet.

Here comes the man with the Red Beard Pirates!

"kill!"

When dozens of warships approached the Feile galaxy, roaring mountains and tsunamis roared from the warships, and numerous figures flew out of the warships, rushing towards the Feile galaxy.

"Retreat!"

Lu Ming gave the order and retreated with his men, withdrawing very far.

In the command room of one of the largest warships, a group of people can see what is happening outside through the screen in front of the battleship.

The person standing at the front is a bearded man, but his beard is red, with a horn on his head.

This person is the leader of the Red Beard Pirates, known as Red Beard.

"How did the people from the Taixu dynasty retreat?"

Some people are puzzled.

Red Beard also frowned. He thought that he wanted to win the Feile Galaxy after a fierce battle. Unexpectedly, the people of the Taixu Holy Pilgrimage did not resist and simply retreated.

"Head, what shall we do now?"

Someone asked Red Beard.

"The heavens and the stars, the people of the Taixu dynasty are divided into different clan houses. These clan houses compete with each other and suspect each other. These people cannot be one mind, so it is normal to not try their best to defend. People, send someone to guard the Feile galaxy, we walk from the teleportation above and kill to the hinterland!"

Redbeard was very smart, and suddenly saw the doorway.

"Yes!"

Those men responded.

Next, more than a dozen warships of the Red Beard Pirates, plus a group of masters, stayed around the Feile Galaxy, and Red Beard himself, with a group of masters, passed through the teleportation array to kill the hinterland of the Tianxing Star Field.

Liuyun Xinghe is at the border of Liufeng Junhou Mansion. During this time, this Xinghe became a battlefield.

The Beast Pirates team, the Bigger Pirates teamed up to attack the Meteor Stream.

Liu Fengjunhou personally led the army against two pirate regiments.

During this period of time, the indiscriminate killing of the two forces is very tragic.

Boom!

In the vast starry sky, the divine light shone and collided constantly.

Both sides sent huge warships. Hundreds of thousands of miles and millions of miles of warships continually burst out a beam of light, straddling the long starry sky and bombarding each other. The attacks of such warships were extremely alarming.

At the same time, countless figures are fighting in the starry sky, and people are constantly falling.

The two sides invested millions of troops, fighting together, killing each other all the time, bloodshed in the stars.

On a huge chariot, Liufeng Junhou sat in it, gloomy looking at the battle between the two sides.

During this period, Liufeng Junhou Mansion suffered a great loss, which made him heartbroken.

Fortunately, in general, Liufengjunhou prevailed.

"In the God's Realm, we have to fight quickly and quickly, we must click on the other side!"

Liu Fengjunhou ordered.

There is not much time left for him. There are four pirate regiments in the other party. Although the other two pirate regiments are blocked by the people he dispatched, he understands that those people can't hold back much time.

Especially for the Feile Galaxy, he estimated that even Lu Ming and others desperately could withstand up to a few days. He must repel the two pirates of Beast and Bigger within a few days.

"Yes!"

Around Liufeng Junhou, someone responded, and then there were five or six figures rushing towards the battlefield, and the speed was almost extreme.

These are the existence of God's King Realm.

"Shenjun shot, you go, block them!"

On the other side is the coalition of Beast and Bigger Pirates. At this time, an extremely burly figure with a height of tens of meters is opening. This person is the leader of the Beast Pirates.

"kill!"

Suddenly, on the side of the pirate regiment, there was also the presence of Divine Monarch Realm, slaying together with the Divine Monarch of Liufeng Monarch Mansion.

The Divine Monarch War also opened up a new battlefield, because the power is too terrifying, it will involve other people.

boom! boom! ...

A total of more than ten gods and kings were fighting together, and they collided constantly. In each collision, the starry sky was shaking, and around them, one by one meteorite continued to explode.

A knife flashed through, a huge meteorite with a diameter of hundreds of millions of miles was directly split into two halves by the knife flash, and the broken place was neat and smooth.

Then, a punch struck through the void and directly blasted a huge planet to half.

The war of the gods is really terrifying, destroying the heavens and the earth. If there is no formation defense on the planet, it will be directly bombed.

Divine monarch, with the power to destroy the stars, is not just talking.

A melee battle, fierce battle for hundreds of rounds, after all, Liufeng Junhou House prevailed.

"Huh, Bigger, it seems that we are going to do it ourselves!"

The Beast looked at Bige, the leader of the Bigger Pirates.

The leader of the Bigger Pirates is a fat woman, and she laughed strangely at this time: "Okay, then let me do it myself, I just want to try my strength!"

Talking, stepping out, the sky violently shook.

At the same time, the beasts also stepped out, opening their mouths and shouting, like the roar of the wild beast, shaking the starry sky.

"Monarch, Beast and Bigger personally shot, what shall we do?"

Someone in Liufeng Junhou's complexion turned pale.

Beast and Bigger, the two are in the sky mixed star field, have a huge name, do not know how many masters of the Taixu Holy Pilgrimage.

When it comes to two people, many people will suddenly change color.

"What are you afraid of? Today, I took off their heads!"

Liu Feng Jun Heng hummed, stood up from the chariot, a terrible breath filled out.

Rumble!

The chariot started, pulling the ruling prince, rushing towards the Beast and Bigger.

"Liufenghu, you finally shot it yourself. I wanted to meet you for a long time. See you, the prince of the Taixu Holy Saint, what is your skill!"

"Hundred beasts, kill!"

The beasts shouted, and the gods shone light broke out, and then these gods light turned into a huge wild beast.

All kinds of wild beasts, with huge bodies, filled with terrible evil spirits, screamed in the sky and killed towards Liufeng Tiger.

"Trick and worm!"

Liu Fenghu drank coldly. He stood still on the chariot. A tiger-headed knife appeared in his hand, and he cut it out.

The sword light burst, and the sky was full of pale sword light, slashing towards thousands of wild beasts.
