

D Emperor 3411

Chapter 3411: Tianjiao, the God of War

"Tianxin League, Bingfeng League!"

Lu Ming whispered.

He naturally knows the two strongest forces in the Fengyun Shandong region.

"Unexpectedly, I came earlier than I expected, so go out and see!"

Lu Ming got up, strode out, and quickly came to the mouth of the valley.

At the mouth of the valley, everyone in the Dragon League gathered here, looking out, pale.

Because outside, it has been surrounded by the group.

At a glance, the black people are all silhouettes, and there are at least thousands of people.

At a glance, these people can see that they are divided into ten batches and ten different forces.

"Why do you come to my Dragon League?"

Lu Ming stepped out and came to the front, Shen Sheng asked.

"Are you Luming League leader Lu Ming?"

A young man with a burly figure and eyes like a blade stepped out and asked coldly.

This person exudes a terrifying breath, extremely sharp, as if to pierce the sky.

"Yes, I am Lu Ming, who are you?"

Lu Ming said.

"Bingfeng League leader, Bingtong!"

The burly youth said coldly.

"It turns out to be the leader of the Bingfeng League, let's say, what are you doing here?"

Lu Ming asked again.

"It's very simple, Lu Ming. Now, you dissolve the Dragon League for me, and then you get out of Fengyun Mountain yourself!"

Bingtong said coldly.

"what?"

The members of the Dragon League have changed their complexions.

For them, the Dragon League is a holy place for cultivation, and the proportion of turning in is the least. Here, they can get enough resources to practice.

Now the other party asked Lu Ming to dissolve the Dragon League. Once the Dragon League disbanded, they had only two ways. One way was to leave, and the other way was to rejoin other forces, but the treatment would never be as good as the Dragon League.

"Hehehe..."

Lu Ming sneered after hearing it.

"Why are you laughing?"

Bingtong coldly said.

"I laugh at you. It's ridiculous. I don't know what mistakes I made with the Dragon League? Actually let you ten forces gather to disband the Dragon League?"

Lu Ming asked back.

"Don't you understand yet, Lu Ming, the rules you have set make people turn in only 70% of the original God Crystal, which has violated the rules and disrupted the market, so it shouldn't be there!"

Bing Tongdao said.

"It turns out so!"

Lu Ming understood that the other party was due to the share ratio set by Longmeng.

The division of the Dragon League is too tempting, and it constantly attracts people from other forces to join, so these people can't sit still.

"Rules, who sets the rules? This percentage is set arbitrarily. You can also set a higher level. No one stops you!"

Lu Ming said lightly.

To put it bluntly, these people are reluctant to their own interests.

In this world, strength is everything. Charging the original Shenjing is essentially a no-cost transaction, and you can earn more by charging less.

It's just that these people are too kind and want to earn more.

"It seems that you are obsessed!"

Bingtong's eyes were very cold.

"What are they doing nonsense with him? I've given him a way to live, but I don't know how to cherish, then I will kill it!"

Behind Bingtong, a murderous voice sounded, and then a figure rushed out at a very fast speed and rushed directly to Lu Ming.

The man hasn't arrived yet, the violent energy has already entered the storm, and squeezed towards the landing.

"God King Nine Heavy!"

Lu Ming's eyes narrowed slightly.

This person who shot, cultivated to reach the **** king Jiuzhong, is also a master of power.

However, this person's cultivation practice is stronger than that of the former leader of Yuntianmeng.

boom!

With a palm print, the mountains and oceans are pressed down by the landing, and Lu Ming's palm is slapped into a mud.

"Be careful of the leader!"

Tian Xing, Shui Qu and others exclaimed.

boom!

Faced with such an attack, Lu Ming did not dare to carelessly, instantly triggered four times the combat power of the war character tactics, all eleven divine powers were turned up, and the demon golden body was operated at the same time.

boom!

Lu Ming's fist collided with the opponent's palm prints, and a violent roar erupted. The rock shook. The palm print was crushed, and a figure drifted back, and Lu Ming's body was also shocked. .

"Good strength!"

Lu Ming's eyes narrowed slightly.

God King Jiuzhong, known as the pinnacle God King, really is no small matter.

To be able to become the leader of a party, the talent is naturally needless to say, it is absolutely top-level, and the combat power is extremely amazing.

"Can take me a palm, a little skill, see if you can take me a few palms!"

The overbearing voice rang, and the figure slammed towards the landing again.

His palms radiated golden light, and above him, a golden brick appeared.

Yes, the golden slabs exude an ancient atmosphere of wildness, this is the original secret technique of this person.

Casting the original secret technique, this person's combat power has skyrocketed, and his palms are as thick as mountains.

Bingtong and others looked indifferently, and had no intention of shooting for the time being.

"Use your full strength, otherwise it won't be enough!"

Lu Ming snorted, his body swelled sharply, and turned into an ancient **** body of purple armor.

It's all the secrets of the origin, the tyrant gun, the door to domination...

These original secret techniques emerged from the brain. Under the control of Lu Ming, they smashed their heads at the other side.

Boom...

After a series of collisions, the opponent's palm print was defeated, his body flew back, and his face was extremely ugly.

Subsequently, the person roared, exhibited the original **** body, turned to tens of thousands of meters high, and slammed towards the landing.

The two fought with all their strength and continued to collide. In an instant, Lu Ming lost his opponent and was crushed.

In the end, Lu Ming triggered a five-fold combat power of Zhanzi Jue, which was still somewhat invincible. Although this person wanted to kill him, it was not easy, but Lu Ming generally fell in the wind.

This person's strength is very strong. In the first battle of the same level, it will definitely not be weaker or even stronger than the original Yuntian League leader. Plus this person's cultivation is one heavier than the Yuntian League leader. Stronger.

Lu Ming tried his best. Although he could kill the leader of Yuntian League, he was not his opponent.

These people, not ordinary practitioners, are extremely proud.

Lu Ming felt that this person's original **** body was much stronger than him, and converted into an ancient **** body, I am afraid it is equivalent to the peak of the ancient armor of the purple armor.

When it broke out, the fighting power was terrifying.

"On your strength, dare to break the rules, die, give me death!"

The man shouted, the offensive was even more violent, and the golden bricks in his palm were up and down. If he was outside, he could explode a planet with a palm.

"It seems that I still have to use the power of the ball!"

Lu Ming's heart moved, and then on his wrist, the ball-shaped bracelet filled with repeated lightning, burst out through the Ba Shen gun.

boom!

Lu Ming had another hard touch with the other party. During the confrontation, lightning flashed into the other party's body. The other party's body shook and could not help backing up, his face pale.

Chapter 3412: Four days of awakening

"Give you another chance, now retreat, otherwise, don't blame me for being merciless!"

Lu Ming's icy voice spread throughout the audience.

Everyone at the scene was shocked.

Shocked by Lu Ming's strength and talent.

Six kinds of original secret techniques, spanning three levels to fight other peerless arrogance, each one is shocking enough.

"Speaking out loud, I see how ruthless you are?"

A loud cry came out, and another figure burst out, slamming towards the landing.

This is another master of power who also possesses the cultivation practice of God King Jiuzhong.

At the same time, the man moved before, and the two strong men besieged Lu Ming.

"Then come!"

Lu Ming's eyes were cold, the ball wriggled quickly, and turned into a piece of armor, covering Lu Ming's body.

Zizizi...

Infinite Thunderbolt walked on Lu Ming's body, making him look like a Thor.

"kill!"

Lu Ming shouted and killed two masters. All kinds of original secret techniques rushed out. Lu Ming almost ignored his defense and attacked with all his strength.

boom!

A golden palm print bombarded Lu Ming's chest, but Lu Ming just gave a slight shock, just like the okay person, his left hand grabbed the door of the master and shot towards the other party.

bump!

The first person to do so was directly hit by the door of the Dominator, snorted, his body flew out, his mouth vomited blood, and was almost flattened.

If this person had profound skills, this move alone would definitely have to be hit hard. Even so, this person was not injured.

At the same time, the Thunder Gun filled thousands of thunders and bombarded the second shot. The person was numb and quickly backed up. He was continuously bombarded by Lu Ming's other original secret techniques, and he also coughed up blood.

Lu Ming and the ball teamed up, the fighting power surged, and the two masters were injured in an instant.

"kill!"

After Lu Ming repulsed the opponent, he did not give the opponent a chance to breathe, and continued to kill the past. Every move filled with thousands of thunders, plus his own original secret technique, the offensive was extremely violent.

The two masters shouted and tried their best to confront each other, but they still lost, and they were continuously backed off.

After barely resisting more than a dozen moves, the two were hit by Lu Ming again, screaming, their bodies retreated and their injuries were more serious.

"This person is stubborn, and he will fight together to kill this person!"

One of them shouted.

"Then kill you first!"

Lu Ming spoke indifferently, his voice hadn't fallen yet, his body had already rushed to the person who spoke, and the thunder turned into seven Thunder Swords, slashing down.

This person shoots with both palms in a row, and the golden light is radiated, and the golden palm prints are bombarded, confronting the Thunder Sword.

But Lu Ming's other attacks immediately fell.

Door of Domination, Sword of Breaking Void...

Boom...

The horrible explosion erupted, and the strength was four volumes. Under continuous bombardment, this person could not resist, the golden palm print collapsed, two golden bricks on his hand, there was a crack, and the last touch, burst Come on.

The source of the secret surgery was broken, the person coughed up blood and suffered a heavy blow.

"kill!"

In the end, the Ba Shen Gun pierced through and pierced towards the person's eyebrows.

"God is going to kill me!"

The person shouted in his heart, full of unwillingness.

Seeing that the Ba Shen Gun is going to pierce the person's head, at this time, a sharp blade of light suddenly appeared and cut on the tip of the Ba Shen Gun.

Suddenly, a sharp and violent force burst out, and the Ba Shen Gun shook violently. Lu Ming felt a terrible force coming from the Ba Shen Gun, which made him almost unable to hold the Ba Shen Gun.

His body was repeatedly struck back by this force.

Then he saw a figure that fell in front of the previous man.

"Bing Tong! Four awakenings!"

Lu Ming's eyes became solemn.

This sudden shot was the main soldier pupil of Bingfeng League.

And as soon as he played, Lu Ming felt that the other party's divine power, ancient and powerful, was very impressive and powerful.

This feeling is very similar to the feeling of the barbarian Tianjiaomang.

This is the original divine factor, the feeling brought about by the four awakenings.

"The original divine factor has actually been awakened four times. It is no wonder that Bingfeng Alliance can become one of the two strongest forces in the eastern part of Fengyun!"

Lu Ming turned a thought in his heart.

The four awakenings of the original divine power factor are not trivial.

In fact, the original divine power factor is not trivial for every awakening. It is very difficult, and the further the difficulty is, the greater the difficulty becomes a geometric multiple.

In fact, the three awakenings of the original divine power have already qualified to break through the Divine Monarch.

Moreover, after three awakenings breaking through the Divine Monarch, there is no requirement for the original divine power factor in the Grand Realm of the Divine Monarch Realm, but it can always break through.

Many overlords standing at the pinnacle of the Divine Monarch may have only awakened their original divine power factor three times.

It is extremely difficult to awaken four times.

Once awakened, the divine power will change here, become closer to the original divine power, and the power will become more terrifying.

Among the younger generation, Bing Tong was the second person who met Lu Ming, who was awakened four times. The first one was a barbarian bark.

"Metal life? Then let me ruin you!"

Bingtong spoke indifferently.

Uh!

At this moment, a figure flashed and appeared beside Bingtong.

This person is the leader of Tianxin League, Liu Tianxin.

"Clashes between forces, you don't need to fight alone, you and I join forces to get rid of this person!"

Liu Tianxin spoke coldly.

Bingtong's eyes flickered, and then nodded.

They all felt great pressure from Lu Ming.

Lu Ming is only the sixth king of the gods now, and the fighting power is so terrifying. If he continues to break through, he will surely surpass them. By then, will there be a place for them to have their foothold in the eastern part of Fengyun?

Therefore, the two of them reached a consensus with each other to remove Lu Ming before Lu Ming's rise.

This is to protect their interests.

In this world, the characters of Divine Monarch Realm cannot stay. Once someone breaks through Divine Monarch Realm, they will be forced to leave here.

Therefore, they will not stay here for too long. Naturally, they must search for the original **** crystal as much as possible during this time.

But once they lost the position of leader and were ruled by others, how could they search for the original **** crystal?

Therefore, Lu Ming cannot stay.

"Do you want to join forces? Come on, let me try the strength of the two strongest men in Fengyun Shandong?"

Lu Ming laughed, the fighting spirit was strong.

"If you want to die, you will be successful!"

Bingtong spoke indifferently. At the next moment, he exhibited the primitive **** body. This person's primitive **** body was actually a huge centipede. The centipede claw, like a peerless sharp sword, slammed toward the landing.

At the same time, Liu Tianxin, the leader of the Tianxin League, also moved, and also displayed the original **** body, slamming towards the landing.

There is no doubt that Liu Tianxin's original divine factor is also four times of awakening, otherwise why is it the same as Bingtong.

Chapter 3413: Pinnacle

Bing Tong and Liu Tianxin shot together. Everyone backed away frantically, away from the battlefield, for fear of getting involved.

At the same time, their eyes are always on the battlefield, want to see how Lu Ming can fight against the two masters.

Bingtong, Liu Tianxin, are undoubtedly the two strongest people in the eastern part of Fengyun, and they are by no means comparable to the two forces just now.

"Yinyang Shentong, the gate of dominance, the sword of breaking emptiness..."

Lu Ming shouted, all kinds of secret techniques, a brain burst out.

Anyway, a lot of divine power is stored in the word formula, and there is no fear of consumption.

At the next moment, the two sides collided fiercely, and the speed was amazing. Between two breaths, the two sides made a hundred moves.

Uh!

Finally, Lu Ming's body retreated suddenly and smashed several boulders.

He was forced to fall.

"Their body..."

Lu Ming's eyes showed a dignified color.

He feels that Bingtong and Liu Tianxin are not only as simple as the four awakenings of the original divine power factor, but also their original divine body.

Compared with the ancient **** body, it has definitely stood at the peak limit of the purple armor ancient **** body, and even, it is about to enter another level of feeling.

The comprehensive combat power is extremely powerful. With Lu Ming's current cultivation practice, it is definitely not an opponent. Even with the ball, it is a bit difficult to resist.

"kill!"

Bingtong snorted, and the giant centipede he had melted came to the landing Ming. Every foot was a sharp sword, and even some feet directly flew out, turned into a sword, and cut to Lu Ming.

This kind of magic knife contains the power of four times of awakening, and it is all-breaking.

The lightning that burst out of the ball is somewhat difficult to resist, and it was crushed away in constant collision.

Dangdang...

A blade of sword cut across the door of the ruler, causing the door of the ruler to vibrate violently.

Click!

Above the gate of the Domination, a crack appeared.

Lu Ming's cultivation practice, after all, is threefold weaker, resulting in the original source secret technique is not as strong as the other party, the door to dominate, will soon be destroyed.

On the other side, Liu Tianxin's offensive was equally terrifying, and was no worse than Bingtong. He cast the original secret technique and continuously bombarded on the lunar moon and the sun day, so that the sun and moon shook violently and the glow of the sky was flying.

bump! bump!

Almost at the same time, the gate of dominance, the lunar moon, and the day of the sun exploded at the same time and were destroyed.

Lu Ming was bitten back, vomiting blood and retreated, his face pale.

"Lu Ming is going to lose!"

Many people moved their eyes and thought that Lu Ming was about to lose.

The people of the Dragon League showed concern.

Although they and Lu Ming can't talk about any feelings, if Lu Ming loses, they will not have such treatment in the future.

"Lu Ming, your good day is over!"

After the soldiers shouted and defeated the door of the master, he took advantage of the situation to kill him. Hundreds of magic swords flew all over the sky and cut to Lu Ming.

Lu Ming waved a sacred gun to resist and burst out a burst of guns. However, when the guns hit the sword, they were all crushed by the sword.

Dangdang...

The Tyrant Gun collided with the Divine Sword, causing a shock, and Lu Ming could continue to recoil with the terrible power.

Moreover, some magic swords, Lu Ming did not block, directly cut Lu Ming's body.

Clang...

Mars is shining, fortunately, the armor transformed by the ball is extremely hard, and finally blocked, leaving only some marks.

However, the terrifying forces on the magic knife completely slammed into Lu Ming's body, causing Lu Ming's bones to tremble and almost be broken.

At the same time, Liu Tianxin's attack fell again, and Lu Ming was completely at a disadvantage.

"Relying on a metal life, what's the use, see me breaking through your defense!"

Bingtong shouted.

"is it?"

Lu Ming's eyes flashed coldly, and then he whispered: "Close!"

At this time, Lu Ming actually collected all the remaining secret techniques.

Everyone was stunned. At this critical moment, Lu Ming actually put away the original secret technique. Isn't this death?

But at this moment, Lu Ming's palm actually wriggled quickly.

To be precise, Lu Ming's palm is not creeping, but the ball.

The ball wriggled, then turned into a war sword, and Lu Ming held it in his hand.

This battleship, the part of the hilt, is virtual, and the part of the sword tip is real.

This is exactly the truncated sword that the ball swallowed before. The ball was cast before and its power is terrifying.

"bring it on!"

Lu Ming held the war sword in his hand and slashed it out crazy, slashing on the swords of Bingtong.

Dangdang...

Dense collision sounds came out, and the magic swords were blown out one by one and fluttered randomly in the sky.

Then, Lu Ming swept with his sword and confronted Liu Tianxin. After a violent roar, Lu Ming shook his body and took two steps back, but Liu Tianxin drifted back.

"Good power!"

Lu Ming's eyes lit up.

After the ball turned into such a broken sword, it really skyrocketed.

He had confronted Liu Tianxin head-on before, and it was completely downwind, but that trick just now, he actually prevailed.

"kill!"

After repelling Liu Tianxin, Lu Ming shouted and killed his sword with his sword.

"Boy, die for me!"

Bingtong shouted, the huge centipede twisted, and the dreadful swords slashed toward the landing again.

Lu Ming did not evade, wielding the war sword and killed him.

Dangdang...

There was another series of collision sounds. Hundreds of war swords were blown away one by one. Lu Ming broke through the block of the Shendao and came to Bingtong, and the war sword was cut down.

Keng!

The war sword was cut on the giant centipede, and the sound of gold and iron struck, and Mars was shooting all over. Lu Ming felt cut on a piece of iron.

But at this time, Liu Tianxin killed him, bursting out a bright divine light from his hands and taking Lu Ming's head straight.

Lu Ming directly waved his sword to resist, a sword broke through the light burst from Liu Tianxin, and he rushed forward, and the war sword cut towards Liu Tianxin.

Liu Tianxin waved his fist, and his fist was shrouded in endless glow, colliding with the battleship.

boom!

For example, if two planets collided together, two huge bodies retreated one after another. The difference is that Lu Ming's retreat distance was shorter, while Liu Tianxin's retreat distance was longer.

"Sure enough, the centipede, a hard carapace!"

Lu Ming was also secretly shocked. The strength of the other party was indeed amazing.

However, Bingtong and Liu Tianxin were even more shocked.

On Bingtong, a deep sword mark appeared in the place where Lu Ming had been slashed with a sword, and there was a trace of blood infiltrating.

"how is this possible?"

Bingtong shouted.

After he turned into a primitive **** body, how strong his defense is. He knows best. Generally speaking, even if he does not fight back at the same level, the opponent cannot break his defense.

He once thought that under the Divine Monarch, few people could break his defense, but now, his carapace was broken.

In addition, Liu Tianxin's fist trembled slightly, and there was also a sword mark on his fist, with blood flowing out.

Chapter 3414: No more

Bing Tong and Liu Tianxin glanced at each other, and both saw dignity and hesitation from the other's eyes.

Now that they have hesitated after the war, can they still kill Lu Ming in this way? They retreated.

The two moved together, leaning together, for fear of being defeated by Lu Ming.

bump!

At this moment, Lu Ming stepped suddenly, his figure rose into the sky, brandished a war sword, and killed Liu Tianxin and Bingtong.

"kill!"

"kill!"

Bingtong and Liu Tianxin shouted at the same time, also killed Lu Ming.

The two sides collided together again, fierce fighting.

The two sides will kill in the air for a while and fight in Fengyun Mountain for a while. The battle is inseparable, and they have been fighting for hundreds of moves.

boom! boom!

There were a few more roars, Lu Ming and Bing Tong, and Liu Tianxin retreated.

It has been receding tens of thousands of meters, facing far away.

At this moment, Bingtong and Liu Tianxin had several wounds on their bodies. Although not fatal, they were still bloody.

Lu Ming did not have any wounds, because the armor was shrouded by the ball, but there was a force of anti-seismic influx through the armor, causing Lu Ming to be injured, and all his bones were broken. Ming continued with divine power.

"Damn, how can this kid's divine power be so strong, and it can't be exhausted?"

Bingtong roared in his heart and was even more shocked.

Liu Tianxin is almost the same, and it is difficult to calm down. They come from the great forces of the Honghuang Universe. They are well-informed and do not know how many abnormal geniuses they have seen, but such abnormalities as Lu Ming are extremely rare.

The two of them felt more resigned in their hearts, and if they continued like this, their divine power would be gone.

"Lu Ming, it's not good, and my power is almost exhausted. I can't maintain this form of war sword!"

At this moment, the ball sent a sound to Lu Ming.

Lu Ming's eyes narrowed slightly, his heart tightened.

It is true that the ball has no quantification. It is normal for the battle to be so long that the divine power will be unable to support it.

However, if there is no help from the ball, Lu Ming alone has only one dead path for Shang Bingtong and Liu Tianxin.

However, Lu Ming's face did not have the slightest strangeness, and he was still arrogantly fighting, looking like he was going to fight to the end.

At this time, Bingtong and Liu Tianxin glanced at each other again, then nodded silently.

"Lu Ming, your strength is indeed good, not to mention, spare your life today, we will fight again tomorrow!"

Bingtong spoke, and the voice spread throughout the audience.

"It's time to strike!"

Many people moved in their hearts. The people present were all geniuses. There were no stupid people. Bingtong said that he was going to strike. Obviously he was not sure about Lu Ming. In this way, he just gave himself a step down.

"Whenever there is a fight, I will accompany you to the end!"

Lu Ming was delighted in his heart and full of war in his eyes.

"Very good, but Lu Ming, I tell you, if you break the rules like this, you will find you in the future, not just us, let's go!"

After talking, Bingtong turned and left.

The same is true of Liu Tianxin.

The two main leaders left, and the people of the two forces naturally followed.

"Go, let's go too!"

"go away!"

The people of Bingfeng League and Tianxin League both left. Where else did the people of other forces dare to stay, quickly took the people and left quickly, for fear of being a step behind.

Lu Ming did not pursue.

At this moment, he was also unable to chase, the ball's magical power was almost unable to support, and he himself, the injury is not light, continue, the injury will be more serious.

The other party retreated, just as he wanted.

"Retreat!"

The happiest is the Dragon League.

A smile appeared on each face, surprise.

Originally they felt dangerous, and thought that the Dragon League would probably not be guaranteed. Unexpectedly, Lu Ming's strength exceeded his imagination. With one person's strength, he stiffly blocked the siege of the top ten forces in the Fengyun Shandong area, and joined forces Hitomi and Liu Tianxin fought a tie.

Although it used external force, it was also an unimaginable victory.

"Listen, if someone else comes to our Dragon League during this time, don't take it for now!"

Lu Ming urged his men below.

Tian Xing, Shui Qu and others glanced, then shouted: "Yes!"

Lu Ming's move was also somewhat helpless.

According to the turn-in ratio he gave, there will surely be more people surrendering to him in the future, which is tantamount to moving other people's cakes, and the masters of other forces will certainly not give up.

This time it was Bing Tong and Liu Tianxin, etc. The next time, if more terrible characters came, Lu Ming would be in danger.

So, just be patient for a while.

This is a period of dormancy. Anyway, the original primitive **** crystal is enough for Lu Ming. There are a large number of primitive **** crystals. Lu Ming is rapidly improving in all aspects. As long as he endures for a period of time, he will have a major breakthrough in his cultivation. , And continue to recruit no later.

Now Lu Ming's cultivation is no more than the sixth king of the **** king. When he breaks the seventh or eighth king of the **** king, plus the ball, he is fearless and will not have scruples.

After being instructed, Lu Ming returned to the closed place, took out the healing potion and swallowed it, and began to heal.

After a period of time, when Lu Ming's injury was completely recovered, he continued to refine the original God Crystal.

The previous war also spread out at a whirlwind speed, shocking everyone.

Moreover, after hearing this war, more people came to Lu Ming and wanted to join the Dragon League.

Lu Ming has enough combat power to protect them, and the treatment is so good, why not join?

However, all of them were rejected by Tian Xing and others, and it was clearly informed that the Dragon League no longer accepts people.

Those who want to turn to Lu Ming can only helplessly retreat.

After hearing the news, those great forces suddenly breathed a sigh of relief.

In this world, the masters of these forces are not good at forcing other Tianjiao to swear to surrender to them with the origin of life. If they do so, no other Tianjiao will trust him in the future.

So under the influence of these forces, it is relatively free to come and go.

Now that they heard that the Dragon League was not recruiting, they were relieved. Otherwise, they would only be able to improve their treatment and keep them.

In this way, Fengyun Mountain fell into relative calm again. Of course, the occasional fight for fighting could not be avoided.

Lu Ming didn't listen to things outside the window with both ears, and focused on cultivation, constantly refining the original **** crystal.

Time has passed by year.

In a flash, it was another fifty years.

In fifty years, Lu Ming has refined thousands of primitive **** crystals, but these primitive **** crystals, compared with his harvest, are nothing but a big witch.

In these fifty years, he has stored more than 100,000 pieces of primitive **** crystals.

These are the resources he cultivated in the future.

For fifty years, Lu Ming has been improving rapidly, making progress every day.

The ancient armor of Zijia was directly cultivated by Lu Ming to the peak of the ancient armor of Zijia.

Chapter 3415: Barbarian

"There is still a way behind, can it be improved?"

When practicing to the peak of the ancient purple armor, Lu Ming felt wrong. He found that the peak of the ancient armor of purple armor was not the end, it could still be improved, and there was still a lot of room for improvement.

However, Lu Ming's "Ancient God Skills", which he obtained in the ancient **** world, records that the cultivation of the ancient **** body to the ancient **** body is already the pinnacle.

"Isn't the ancient magic formula I got, incomplete?"

Lu Ming frowned.

It is very likely that Lu Ming will never feel wrong. He is 100% sure that there is a realm above the ancient purple armor.

He thought of Bingtong and Liu Tianxin. Although they cultivated not ancient **** bodies, but other primitive **** bodies, they could also be used for comparison.

The original **** body of these two people is almost beyond the peak limit of the ancient armor of the purple armor, and is about to enter another level, probably the level above the ancient armor of the purple armor.

"It seems that it is time to acquire a complete ancient **** formula!"

Lu Ming whispered.

In this world, there are various forces, races, and arrogances of the primitive **** body from the vast universe. I believe there must be other people who practice the ancient **** body. You should be able to purchase the full version of the ancient **** formula.

"My cultivation practice also broke through to the Seventh King of God!"

Lu Ming showed a smile.

After refining so many primitive **** crystals, Lu Mingxiu finally raised his cultivation base to the seventh level of the **** king, and stepped into the ranks of high-level **** kings. This speed is already extremely amazing.

"Unfortunately, the original God Crystal cannot use the word formula to absorb refining, otherwise the refining speed will be greatly improved!"

Lu Ming turned a thought in his heart.

The primitive **** crystal must be refined by the ancient god's heart to produce that kind of blood energy, so as to enhance the strength of the ancient **** body.

If you use the word formula for refining, you will lose that kind of effect. Only pure energy remains.

During this time, not only the ancient **** body and cultivation practice made a major breakthrough, but Lu Ming's original divine power factor was also rapidly improving.

There are also two kinds of original divine factors of divine power, reaching three awakenings.

Now, Lu Ming has a total of ten divine powers to achieve three awakenings, leaving only one divine power, and no three awakenings.

"For the rest of this time, I temporarily refined the original divine crystal for a while, fully devoted to the original divine power factor, and striving to awaken the last divine power three times!"

Lu Ming whispered, and was about to close his eyes to practice.

At this moment, he heard that there was a movement in Yufu, and someone sent him a message.

Lu Ming took it out and saw it from Tianxing.

Lu Ming swept the content of the sounding jade symbol, and Lu Ming's expression moved slightly.

The news from Tianxing said that recently, Fengyun Mountain has changed again.

On the west of Fengyun Mountain, a force suddenly emerged and formed a barbarian alliance. This force has a large number of people, not only the young Tianjiao, but also the elders. The overall strength is very strong. It didn't take long before it appeared. Several forces in the western region of Fengyun Mountain caused shocks to other forces.

"Barbarians, are they barbarians?"

Lu Ming's eyes flashed.

During this time, there has been no news of barbarians, it seems that now, finally appeared.

"Barbarians!"

Lu Ming whispered, cold light flashed in his eyes.

These barbarians want to kill him wholeheartedly, and he will not let go of these barbarians.

Then, Lu Ming returned a message to Tianxing, allowing them to always pay attention to the news of Barbarian League, and report to him if there was any situation.

Later, Lu Ming continued to practice.

He must seize the time to improve his cultivation base. At that time, the barbarian's arrogance and arrogance were amazing, and he was definitely not worse than Bingtong and Liu Tianxin. Therefore, he must be stronger to be sure.

Time is in a hurry, and it is another eight years.

In the past eight years, Lu Ming did not refine the original divine crystal, but concentrated on concentrating on the original divine power factor. Finally, the last divine power also achieved three awakenings.

In this way, all of Lu Ming's divine powers have reached three awakenings, a total of eleven.

In addition to Lu Ming's current cultivation practice of the Seventh King of Gods, as well as the peak strength of the ancient armor of the purple armor, Lu Ming's combat power has reached a new height.

Now, when Lu Ming confronts Bingtong and Liu Tianxin again, even without the help of the ball, he can confidently contend with the opponent.

Of course, it is just a contest. After all, the other party's original divine power factor is four times of awakening, and it is the cultivation practice of the peak **** king. There are still many gaps.

You need to add the word of war strategy to be able to contend.

Of course, coupled with the strength of the ball, Lu Ming is sure to kill Bingtong and Liu Tianxin.

After all, in these years, the ball has not been idle, he has swallowed a lot of artifacts, and he is constantly improving. Although he has not broken through to the Divine Monarch Realm, he is extremely close to the Divine Monarch, and his strength is a bit stronger than that of the year. .

At this time, Lu Ming received another voice from Tianxing.

"Is it a Barbarian League again? Call all the forces of Fengyuan Mountain to gather at the top of the mountain!"

Lu Ming's eyes flashed.

Over the years, he has been concerned about the situation of Barbarian League.

Over the past eight years, the development of the barbarians has been extremely rapid. Up to now, the western region of Fengyun Mountain has been completely occupied by the Barbarian League, occupying a quarter of the territory of Fengyun Mountain. Undoubtedly, Barbarian League has become the most powerful mountain in Fengyun Mountain Power.

Not long ago, there was news from Barbarian League that they summoned all forces of Fengyun Mountain size. Seven days later, they gathered at the summit of Fengyun Mountain to discuss major events.

"It seems that the ambitions of Barbarian League are not small, and they want to occupy Fengyun Mountain and become the owner of Fengyun Mountain!"

Lu Ming smiled coldly.

There are thirteen famous mountains in this world, eleven of them are unified, and each one is occupied by a powerful force.

There are only two famous mountains, which are in a melee situation.

Obviously, the Barbarian League wants to completely occupy Fengyun Mountain and unify Fengyun Mountain.

"It's time to go out and walk!"

Lu Ming whispered, then got up and walked out.

...

In seven days, it's just a matter of time.

At the top of Fengyun Mountain, there is a large open space, very wide and flat, very suitable for gatherings, and can easily accommodate millions of people.

On this day, the Fengyun Mountain peak, a crowd of people, gathered a large number of people.

The large and small forces in the east, south and north of Fengyun have all come and divided into different forces standing on the top of the mountain.

Longmen, naturally came.

At the forefront of the Dragon League, Lu Ming wore a black robe and enveloped the whole person in it, and his body was filled with a rich magic energy, which covered him and blocked the exploration of other people's spiritual consciousness.

In recent years, the barbarians have not attacked the Dragon League, and apparently the other party does not know that the Dragon League is Lu Ming.

After all, the Dragon League only occupied the previous Yuntian League site, and did not continue to expand, and the Man League's mind was placed in the western region, and it is normal to not know it.

Chapter 3416: Meet the barbarians again

The east of the wind, the south, and the north add up to dozens of forces, large and small. At this moment, Yaque is silent, and his face is dignified, waiting.

"coming!"

Suddenly, someone spoke.

Everyone's eyes turned to the west.

There was a figure flying towards here.

"It really is a barbarian!"

Lu Ming's eyes moved.

There are thousands of people flying from the west, among them, hundreds of people, all tall and burly, wrapped in animal skins, old and young, it is the barbarians.

As for the others, it was obviously those who were subdued by the barbarians and turned to the barbarians.

Soon, the Barbarian people came to this place and landed.

"Hahaha, it seems that you are quite punctual!"

There was a loud laugh from the barbarian, and an unusually burly barbarian youth stepped out, and the voice spread throughout the audience.

"Quick!"

Lu Ming's eyes narrowed slightly.

This man was the barbaric arrogant man of the barbarians. He was attacked by Lu Ming at the beginning and attacked with serious damage, but unfortunately he was still escaped by the opponent. Since then, he has never seen him again.

"Ranker, you asked us to come here, what do you want to do?"

At this moment, a young man shouted.

This person is the master of a force in the northern region.

"It seems that the people are here, and since the people are here, then I'll see you there!"

Bark's eyes glanced at the audience and said: "Fengyun Mountain has been chaotic for many years, and the struggle between large and small forces has hindered development, so I feel that this chaos should be over. Fengyun Mountain is the only road!"

"really!"

Mang's words made many people tremble in their hearts, and many lords of power gleamed in their eyes.

"Hehehe, Fengyun Mountain's unification is really ridiculous, then I ask you, after Fengyun Mountain's unification, who will decide? The original **** crystal, and how should it be distributed?"

In the eastern region, there was a cold voice, speaking of Bingtong.

Mang's eyes looked east, shining brightly, and said: "Nature is dominated by the strongest forces. As for the distribution, it is very simple. How do other unified famous mountains distribute, how do we distribute naturally!"

"Ha ha!"

Many lords of power sneered.

The strongest force, is that not a barbarian alliance?

And it is distributed like other famous mountains?

Other unified mountains, the strongest people, are known as mountain owners. Below, there are several deputy mountain owners. These people are standing on the top of the mountain. Most of the original **** crystals have been divided by these people.

Below, there are also some powerful cadres, but there are fewer primitive **** crystals assigned by these people.

If Fengyun Mountain is like other famous mountains, most of the benefits must be taken by the mountain owner.

How could the masters of these forces agree?

They had a lot of income every year, so they would be gone.

"Haha, Mang, have you finally revealed your ambitions? Just say it if you want to be the Lord of Fengyun Mountain!"

Bingtong mocked.

"How is it? Now that I'm the strongest in the League, I should unify Fengyun Mountain!"

Quite cold, cold eyes flashing in his eyes.

"Your Barbarian League wants to unify Fengyun Mountain, please forgive me that Bingfeng League does not accompany you!" Bingtong coldly said.

"My God of Hearts will not accompany you, say goodbye!"

Liu Tianxin went on to speak, and after that, he wanted to take people away.

"You can go if you want to go, then go thoroughly and get out of the Fengyun Mountain, otherwise, you can't be forgiven!"

Bark's icy voice sounded, causing Bingtong and Liu Tianxin's bodies to be slightly stiff and stopped.

"Ranke, don't you be too overbearing. Are you really the master of Fengyun Mountain? I tell you, with the strength of your barbarian alliance, with your brutal strength, it is not enough to rule Fengyun Mountain!"

Bingtong shouted.

"Yes, we joined forces in the three regions of southeast and north, enough to destroy your barbarian alliance!"

Liu Tianxin followed.

The masters of other forces followed suit, revealing their thoughts.

"court death!"

In Han Ke's eyes, the cold light thrived, and there was a cold murder.

boom!

He stepped abruptly, his body burst out, and rushed towards Bingtong and Liu Tianxin.

"Since you are looking for death, then destroy you first!"

Man Keke drank coldly, his palms were held empty, and a bronze ancient sword appeared in his hands. This is his original secret technique.

call out! call out!

Bronze war swords came out violently, and two swords fell towards Bingtong and Liu Tianxin.

"Don't think I'm afraid of you, kill!"

Bingtong shouted, waving his palms, and the sky was violent.

At the same time, Liu Tianxin also shot, his fists glowed, a group of them burst out, and a terrible fist burst into the sky, blasting into the high-flying sword burst.

Boom!

Two consecutive shocking roars, the sword light cut by Bark was defeated.

But Bingtong and Liu Tianxin shuddered slightly and backed away slightly.

"Barbaric Sword!"

The barbarian shouted, and the bronze war sword continued to cut out.

His swordsmanship, simple atmosphere, every move seems simple, but full of ancient feeling, amazing power.

"This guy's sword technique is stronger than last time, and it seems to be more mysterious. What's going on?"

Lu Ming was a little surprised in his heart. He felt that the grammatical swordsmanship had transformed.

For example, in the past his swordsmanship was incomplete, but now it has become complete and his power has skyrocketed.

boom! boom! ...

Mangke and Bingtong, and Liu Tianxin fought fiercely.

They are all the cultivation practices of the God King's Peak, and they are the four awakenings of the original divine power factor. All kinds of magical techniques are also amazing. In a blink of an eye, the two sides fought dozens of moves.

Bark's strength is really strong, with one enemy and two, it is actually faintly holding down Bingtong and Liu Tianxin.

The main eyes of the other forces flickered and did not shoot.

Two dogs fight, play off.

If it was Bark and Bingtong, and Liu Tianxin suffered both defeats, it would be them.

Even if you can't lose both sides, you can also let Bingtong and Liu Tianxin try the strength of Bark.

In a blink of an eye, it was more than a dozen moves.

Bingtong and Liu Tianxin were forced into the downwind and backed off again and again.

"How? This is your strength, and you want to compete with me?"

Quite indifferently taunting.

"Roar!"

At this moment, Bingtong shouted and displayed the original divine body. His body suddenly changed into a giant centipede, and the feet on both sides were like divine swords. They flew out and killed Bark.

At the same time, Liu Tianxin also exhibited the original divine body, using all his strength to kill Xiang Manke.

"Are you finally able to use the gimmick at the bottom of the pressure box? But compared with the original divine body, I can't control myself!"

Mang spoke lightly, with a hint of sarcasm at the corner of his mouth, and then with a roar, his body also swelled up and quickly grew larger.

In an instant, it grew to 10,000 meters, but it was not over yet. His body continued to soar until it reached 100,000 meters before he stopped.

"One hundred thousand meters, God, it's the eighth change of the original **** body!"

"Not good, the primitive **** body of the gram, has been cultivated to the eighth change!"

The others shouted in shock.

Chapter 3417: Bingtong and Liu Tianxin were killed

Clang clang...

At this moment, the magic swords made by the feet of Bingtong's centipede were chopped on Bark's body, but the sound of gold and iron struck, and Mars was all over, and then all the magic swords were flicked back.

On him, only a few shallow marks were left.

"That is..."

Lu Ming's pupil also shrank.

The barbaric cast was undoubtedly a barbaric **** body. Lu Ming had seen the other party show it last time.

But the last time he cast it, it was far from such a large size, it was only a kilometer away. Now, it has soared to a height of 100,000 meters.

In addition, the stone armor on his body was crystal clear, and looked like crystal. It had an indestructible feeling. The magic sword transformed by Bingtong could only leave a shallow trace on it.

Then Lu Ming thought of other people's exclamation.

The eighth change of the original **** body?

What does it mean?

Obviously, compared to the ancient **** body, this is a higher level than the purple armor ancient **** body.

For a time, Lu Ming thought flashed in his mind.

At this time, Mangke laughed wildly: "My godlike body has been cultivated to the peak of the eighth change. You haven't even entered the eighth change. You want to fight me and die!"

Mangke laughed. His huge body was extremely flexible. He brandished a bronze war sword and killed Bingtong and Liu Tianxin.

Bingtong and Liu Tianxin were frightened and roared, exhibiting the strongest attack.

The terrible punch, and the dazzling sword, penetrated the air and killed Bark.

But Bark ignored this and let their attacks fall on him.

Boom...

With a violent roar, Bark's body just wobbled slightly, not at all. The stone armor on his body only showed some marks and did not break.

"If you want to break away from my savage **** body, you are still a little worse, die!"

The bark shouted, and the bronze sword slashed down.

"Not good, retreat!"

Bingtong and Liu Tianxin's complexion changed dramatically, and they quickly retreated.

But it was too late, the sword light transformed by the bronze sword flashed away and was cut on the giant centipede transformed by the soldier pupil.

With a pop, the tail of the giant centipede was directly cut off, and the soldiers screamed, and his body began to shrink rapidly.

"Good attack power!"

Lu Ming's eyes flashed, and the centipede transformed by the soldier pupil was extremely defensive, but he couldn't stop the sword.

Bark's strength is far above Bingtong.

Bingtong was hit hard, it was difficult to maintain the original **** body, and the **** body quickly shrank.

"Fuck me!"

The bark shouted and stepped towards Bingtong.

The barbaric body is so huge, with a height of one hundred thousand meters, and the soldier's body is shrinking. Compared with bark, it becomes a worm.

"No, save me..."

Bingtong shouted in horror.

However, Liu Tianxin couldn't save him at this moment, he couldn't help himself, and quickly retreated.

"Want to leave, leave me!"

Mang wields the war sword, which is huge and envelopes the sky, turning into a huge sword shadow, killing Liu Tianxin, blocking Liu Tianxin's retreat.

Liu Tianxin can only try to resist.

And the bark's feet have already stepped on.

Bingtong was reluctant and tried his best to resist, but he couldn't break through the barbaric defense under the serious injury and could not stop it.

boom!

Finally, Bark's feet stepped heavily, stepped Bingtong under his feet, and stepped heavily on the ground.

The ground shook violently, the rocks exploded, and a big pit appeared.

"Bing Tong, dead!"

Someone spoke, and his voice was dry.

Because they have already felt that Bingtong's breath of life has completely disappeared.

Bingtong, was stomped to death by Bark.

At this time, Liu Tianxin was no longer invincible. He was madly retreated, he coughed up blood, and a deep sword wound appeared on his body, blood flowing directly.

"I surrender, I am willing to surrender!"

Liu Tianxin shouted and was terrified. If he went on like this, Bingtong was his end.

"Now surrender, it's too late, feel at ease on the road!"

Barbarously shouted, the offensive was even more tyrannical. He waved a sword in his right hand and a fist in his left, launching a stormy attack.

"You guys, let's do it together, let's do it together, otherwise he will kill me and won't let you go unless you all surrender..."

Liu Tianxin shouted, wanting to call the strong in the northern and southern regions.

In the northern and southern regions, there are definitely strong men who are not weaker than them, and even stronger than them.

Now, only if other masters shoot together, will he have a chance to survive.

However, the masters of the south and the north changed their eyes for a moment, revealing hesitation.

"Quick, get shot!"

Liu Tianxin snarled wildly, but the next moment, he was hit by a brute punch, and the person flew out like a cannonball, hitting a wall, and striking out the extremely hard walls with cracks.

"You guys, let's do it, otherwise, Fengyun Mountain, there is really no place for us to stand on!"

At this moment, a young man from the southern region spoke.

This man is a hegemonic figure in the southern region. He is extremely powerful and named Fu Xiu.

"Shoot? Bark's original **** body has been cultivated to the peak of the eighth change, and is good at defense. The defense is invincible. With our strength, I am afraid that it is difficult to break through his defense. If he can't break through the defense, he cannot be defeated! "

The main way of another force.

"It's easy to break through his defense, as long as he has the corresponding attack power, for example, the original **** body that is good at attacking reaches the eighth change, plus the original secret technique that is good at attacking, you can break his defense. !"

Fu Xiu Dao.

"The eighth change of the original **** body that is good at attacking? Do you... have you broken through?"

The other power's face suddenly changed, looking at Fu Xiu, revealing a shocked look.

Fu Xiu nodded silently and said, "Go!"

"Okay, let's take a shot together and kill this gram!"

"Join it!"

Several other powerful masters also spoke one after another.

This scene was perceived by Bark, his face slightly changed, and he screamed: "Kill!"

The bronze giant sword slashed down against Liu Tianxin.

"Do not..."

Liu Tianxin shouted in horror, and he couldn't resist it. His body quickly shrunk to normal size, and he wanted to avoid it with a small figure.

However, Bark's sword light completely enveloped this area, locking him in, and he could not escape.

boom!

The huge bronze war sword rolled down, Liu Tianxin uttered an unwilling scream, his body burst open, and his form and spirit were destroyed.

In the eastern region of Fengyun, two major overlords, Bingtong and Liu Tianxin, were killed.

But at this time, Fu Xiu, and four other strong men, flew out of the body and slayed towards the bark, five streamers, broken void, and killed bark.

Undoubtedly, those who dare to deal with Bark are top-notch experts.

The pure peak God King, and the original divine power factor, are all four awakenings, and their strength is no weaker than Bingtong and Liu Tianxin.

Chapter 3418: Five days of arrogance

Five masters, attacking the barbarian together, as fast as lightning, every attack can easily kill the ordinary peak **** king of the blockbuster.

Uh!

At a critical moment, Mang swept his sword, his sword glowed like a rainbow, covering the sky, and chopping on five attacks.

Five consecutive huge explosions sounded, and five attacks were blocked by Bark.

"You also want to die, then complete you!"

Mang Ke looked at Fu Xiu and no one had a terrible look.

"Dark, although you are strong, you are not invincible in God King Realm!"

Fu Xiu spoke, his face calm, but his breath became stronger and stronger.

Roar!

Suddenly, there was a growl in his mouth, and then his body swelled sharply, making a rhino grow longer.

This rhinoceros is covered with black scales and has a pair of wings. There is a single horn on the top of the head, which is as sharp as a sky knife.

The rhinoceros is very huge. When it reached tens of thousands of meters, it did not stop. It was still growing. Finally, it reached at least 50,000 meters high, 100,000 meters long, and the wingspan was open. It was even more amazing. Above Barker.

"The eighth change of the original **** body, your original **** body, has actually reached the eighth change!"

Mang's face changed wildly, and he could not help exclaiming.

"Ranke, not only did you practice to the eighth change, I also practiced to the eighth change, enough to break through your barbaric defensive body!"

The sound of Fu Xiu came from the mouth of the rhinoceros, and the one-horned horn above his head shone with a breath of breath.

At the same time, a bronze pointed knife emerged and merged with the single horn above his head.

This sharp knife is the original secret technique of Fu Xiu.

"It's just the middle of the eighth change, do you think you can compete with me?"

Quite shouted.

"With us, it's all right!"

Another young man opened his mouth. After seeing Fu Xiu's original **** body, he finally had some confidence.

"Try it!"

Barbaric shouted, brandished a bronze war sword, and killed the five of Fu Xiu.

"The four of you are trying to contain him. I will attack and break his defense..."

Fu Xiu sent a message to the other four youths. As soon as his voice fell, his wings flew and his body flew out. His one-horn radiated a radiant brilliance, combined with the original mystery, making the huge body look like one. Use the sword to pierce the air and kill Bark.

"Die to me!"

Bark slashed the bronze sword.

when!

The bronze giant sword collided with Fu Xiu's one-horn, bursting into a terrifying roar, with endless energy, swept out in all directions, and cut the ground on the top of Fengyun Mountain into a terrible sword mark.

"Retreat!"

The others on the scene did not dare to stay at all, far away.

Lu Ming, who led the Dragon League, also retreated far, keeping a distance from the battlefield.

"Shoot!"

At this moment, the other four top masters have also shot, have turned into primitive gods, and rushed to the barbaric.

One of them, turned into a giant spider, but with eighteen claws and a mouth, a huge cobweb flew out of the war, and enveloped towards the bark.

In addition, there was a young man, a giant snake that turned into a human face snake body, sprayed with a mouth open, and a poisonous mist sprayed out.

At the beginning of the world, many primitive gods were bred. This primitive **** has various forms and even many. It is the ancestor of all races today.

Therefore, the original divine bodies cultivated are also various.

These four young masters are also the masters of one side of the force. In Fengyun Mountain, they are the same as Bingtong and Liu Tianxin. The original **** body is also about to enter the eighth change, and the fighting power is not bad.

The four teamed up and did not seek to attack the enemy, only to trap the enemy. Various means were used to cover the barbarians.

"Break me!"

Bark stopped Fu Xiu's blow and swept his sword, trying to break the siege of the four masters.

But the four master masters flashed, avoiding the attack of Bark, and then used their means to bombard Bark, just to trap him.

For a time, Bark was somewhat affected, and his movements were slower.

For example, that kind of snake venom is terrible and can paralyze nerves.

That kind of cobweb, extremely tough, cut off the savage war sword, didn't unfold it at all, but almost got entangled.

How could Fu Xiu miss this opportunity, his wings fanned wildly, and he hit the bark with one head.

Keng!

Fu Xiu struck Mank with one head, making a raspy rubbing sound.

On Bark's body, the crystal-like stone armor shook violently. At the next moment, the stone armor shattered a gap and was stabbed into it by Fu Xiu's horn.

Mang made a roar, stepped back a few times, and then punched out, hitting Fu Xiu and knocking Fu Xiu out.

However, there was still a blood hole in Bark's body, and the blood flow continued.

"Broken!"

Four other youths were overjoyed to see this scene.

Fu Xiu was able to break through Bark's defense. As long as he could break through the defense, it would be easy to handle and there was a way to kill Bark.

"Full shot!"

The other four youths were arrogant and used their full strength and various methods of trapping the enemy into the overwhelming influx of the barbarians. They were set up as a heavy ban, and the barbarians were struggling to strike, but it was difficult to rush out for a time, and the movement was greatly affected.

On the other side, Fu Xiu attacked again, his body hitting Fu Xiu like a huge sharp knife.

Fu Xiu roared, his stone armor was broken again, and a deep wound appeared, and he saw **** bones and blood flowing directly.

Bark gave a painful roar, roaring like thunder.

"Hugh wants to hurt Master Bark!"

"Want to win more, let's be your opponent!"

An angry roar sounded, and then, there were more than a dozen figures, like lightning rushed to Fu Xiu and others.

This is a dozen-year-old barbarian, very old, not long-lived, and very skinny, but very strong, each one is the peak **** king, the source of the power factor three times awakened.

When he first entered the world, Lu Ming had suffered a lot in the hands of this old barbarian.

In these years, the old barbarian rushed out when they saw that the barbarians were invincible.

"court death!"

"You continue to trap him, these old guys, leave it to me!"

Fu Xiu's voice sounded, the cold light flashed in his eyes, a pair of wings fluttered suddenly, his body burst out, making a terrible howling.

咻咻咻...

At the next moment, from the top of Fu Xiu's head, a burst of sword light burst out, chopping towards those barbarians and old men.

Daoguang roared, the speed was amazing, and the old man who flew at the front was the first to bear the brunt.

"broken!"

The barbarian old man shouted, holding a giant axe and chopping it off with an axe, trying to break through the light.

Instead, when the axe was chopped above the blade of light, his face changed wildly, and then he saw the battle axe in his hand directly shattered, the blade of light flashed across, splitting the old man in half, and his life was extinct.

Chapter 3419: Bone Dementor

The rest of the knife continued to kill other barbarians.

Puff puff...

There was a glimmer of blood, the sword flashed, and five or six barbarian elders were split in half and fell on the spot.

"Not good, retreat!"

The remaining barbarian elders changed their faces wildly, receded madly, and then gathered together to form a formation to defend against Fuxiu.

"Retreat now, late, kill!"

Fu Xiu's indifferent voice sounded, his wings waved, his huge body turned into a giant knife, and he rushed towards the barbarians and old men, colliding with the formation under his opponent.

The dazzling light rose into the sky, then made a loud noise, a big explosion occurred, and then a scream screamed, when the ray and scream disappeared, only Fu Xiu was left in the sky, and the barbarians and old men disappeared Without a trace.

"A bunch of old guys who can't help themselves!"

Fu Xi spoke indifferently.

Many people took a breath, especially the barbarians, but their faces were ugly, but they were shocked in their hearts. Fu Xiu's strength was indeed terrible.

Those old barbarians, it can be said that the combat power is very strong, the original divine factor is awakened three times, the life element is not much, and the cultivation of a full five star years, the power of various divine skills is also terrifying, and its combat power is almost Standing at the peak of God King.

However, there is still a big gap compared to the terrible arrogance of Fu Xiu, and it is completely impossible to contend. With just a few breaths, more than a dozen powerful barbarian elders were all beheaded.

"Fu Xiu, I want you to die!"

At this moment, Bark gave an angry roar, his body glowed, seized the opportunity, the bronze war sword waved wildly, and he suddenly cut out thousands of swords.

The attacks from the masters on Thursday and Thursday were finally broken through a gap and burst out.

"Don't let him out of sleep!"

"Quickly surround him!"

The four young masters shouted, their bodies struck, and the attacks of various trapped enemies, another brain tilted out.

At the same time, Fu Xiu rushed towards Bark.

But at this time, Mang's eyes showed a terrible color, and then a mouth, and from his mouth, a white bone flew out.

Yes, it is a piece of bone. As soon as this piece of bone flew out, there was a terrible breath.

Roar!

At the next moment, a horrified roar came out of a white skeleton.

The sound of roaring formed a mysterious atmosphere, pervading all directions.

Fu Xiu and the Four Great Heavens were the first to bear the brunt. They were shrouded in this breath, and suddenly their bodies stiffened, and then showed the color of pain. All the attacks stopped in an instant.

Ah...

The roar quickly spread far into the distance, many people were shrouded, some people's faces changed wildly, and some people who were low-pitched screamed with pain on their faces.

"It's a soul attack, back away!"

Lu Ming's face changed, because he clearly felt that when that breath rushed through his body, it turned into a strange energy and rushed towards his soul.

However, his soul is guarded by a picture of a startled feather, blocking this energy.

But others in the Dragon League are not good, some show pain, some scream.

Hearing Lu Ming's words, they quickly backed away and opened the distance.

The same is true of others, the further back, the greater the distance, the greater the impact.

It is conceivable how much impact Fu Xiu and the four young masters have suffered.

"Kill!" Roaring Bark, the bronze war sword slashed down towards Fu Xiuli.

"not good!"

Fu Xiu was shocked. At the critical moment, he broke out and moved to the side, but he was still one step late. One of his wings was cut off by the bronze war sword, and the blood stained the sky.

Fu Xiu was shocked and wanted to retreat.

But the bones used by Mangke made another roar, and a strange force spread out, making Fu Xiu's body stiff and moving a little slower.

"Soul attack!"

Lu Ming's eyes narrowed slightly.

This bone cut can affect the soul and is terrible.

Experts have done a lot of tricks, and the difference is a thousand miles. Although Fu Xiu and others were only slightly affected, the results of the battle can be different by 180,000 miles.

"It's a gram, where did this treasure come from, did you get a chance encounter this time?"

Lu Ming's thoughts changed sharply, and he was puzzled.

The last time I saw Bark, Bark's Barbarian God Body, even the Purple Armor Ancient God Body, it was at most equivalent to the peak of the Blue Armor Ancient God Body.

Moreover, there is absolutely no bone, otherwise the last time Lu Ming borrowed the power of the formation to the desperation, Barker will definitely use it.

But this time, Barker not only has white bones, but also the original **** body, which directly surpassed the ancient armor of the purple armor and reached the next level, and also reached the peak of the next level, and the combat power has skyrocketed.

Except for adventures, it's hard to make sense.

In an instant, Lu Ming turned a lot of thoughts, but the battle on the battlefield continued.

Bark influenced Fu Xiu with his bones, and then the bronze war sword continued to beheaded.

Roar!

Fu Xiu shouted, trying to control himself against the barbarians, and at the same time, the other four young masters also killed, but after all, they were affected by the bones of the soul, their strength was still affected by a lot, the combat strength was weak, the speed It's also a step slower.

Suddenly, Wu Ke and Fu Xiu made several moves. Fu Xiu was invincible. His body was cut by a bronze war sword, and a few hundred meters of sword wound appeared. He nearly cut Fu Xiu's head.

Fu Xiu was hit hard and he retreated after coughing up blood.

The other four youths wanted to trap Barbara again, but Barbara would be trapped easily by the other party when he broke away from the siege. What's more, he had the help of bones, like the clouds and water, and he easily broke away from the siege and kept moving towards Fu Xiu killed.

"Barbaric sword, blood killing god!"

The barbaric roar, the dazzling sword light, completely covered Fu Xiu.

Fu Xiu did his utmost, and the horn above his head flew out, killing Bark, but flew with a sword.

what!

Finally, Fu Xiu uttered a terrible scream, his neck was cut by a bronze war sword, and a huge head flew out.

Then, the sword light falling down from the sky and shattered Fu Xiu's head.

Fu Xiu, then fell.

"not good!"

The other four masters saw Fu Xiu's tragic death.

"I want to retreat now, it's late!"

Bark's indifferent voice spread throughout the audience, striding forward and killing the four masters.

Roar roar...

That piece of bone, suspended above Bark's head, kept roaring. This sound had no effect on Bark himself, but it could have a huge impact on others.

The four young masters have to put a lot of energy into protecting the soul, and their strength will be greatly damaged.

Bark quickly caught up with four people, and the bronze war sword turned into a sky sword light, slashing down towards the four young men.

Four masters joined forces to resist.

Originally, with the strength of the four of them, if they joined forces, they would still be able to resist, but now it is difficult to be affected by the bones.

Chapter 3420: It's time to shoot

The four young masters, barely resisting more than a dozen moves, one of them was cut by the war sword, almost split in half, and backed wildly and was hit hard.

One person was badly hit, and the remaining three were even more invincible. It didn't take long for them to retreat one after another, and all were hit hard.

"Send you on the road!"

The barbaric eyes are extremely unbearable.

The people watching around are sighing.

It seems that the chaotic situation of Fengyun Mountain has lasted forever, and it will finally be over, and it will be unified.

Brute force overwhelms the crowd, and the overall situation is set.

Especially the people of Dragon League showed unwillingness in their eyes.

They and Lu Mingming can be described as delicious and spicy. If Fengyun Mountain is unified, how can people who follow the barbarians have such good treatment?

However, this situation is almost doomed. The barbarians are too strong, and it is difficult for other strong men to resist.

The end of the rebellion was too tragic, the three top-level Tianjiao, Bingtong, Liu Tianxin, and Fu Xiu, were successively killed, and the remaining four masters could not guarantee themselves.

Although Lu Ming is strong, he is still not as good as a barbarian.

In the sigh of the crowd, Mang launched a violent attack. The four masters were beaten back and forth, vomiting blood more than once, the injury was more serious, and it seems that the defeat is sooner or later.

"I surrender! I am willing to surrender to you, manage Fengyuan Mountain with you, and be your deputy mountain owner!"

At this moment, a young man shouted.

"The dying man, who wants to be the deputy mountain master, is really whimsical!"

Quite sneer and refused directly.

"Then I don't have to be the deputy mountain owner!"

The young man shouted.

"If you want to save your life, you can, give you a chance to surrender, swear at the source of life, and listen to my orders, not only in this world, and to return to the vast universe in the future, but also to listen to my commands for a lifetime!"

Quite grimly.

"What? You... don't go too far, listen to your orders in this world, you can go back to the vast universe, impossible!"

The young man shouted.

He is a peerless arrogant, a powerful force from the vast universe. The future is promising. It is okay to listen to the other party's orders briefly in this world. How can it be possible for him to listen to the bargaining orders throughout his life?

"No, let's go on the road!"

The bark was cold, and the sword of war beheaded, cutting off one of the young man's arms.

Then, Jianguang cut across to kill this person.

"I surrender, I am willing to surrender!"

The young man shouted, and under the threat of death, he chose to surrender.

Although he was controlled by the opponent for a lifetime, he was extremely unwilling, but if he died, he would have nothing.

"Take this first, vow, and send it later!"

A headband appeared in Bark's hand and threw it to the other party.

The young man caught it, his eyes changed for a while, and he was extremely unwilling, but after feeling the strong murderous opportunity emanating from Mang, he finally compromised. He bit his teeth and brought the headband to his head. From then on, he died in Mang in a moment.

"what about you?"

Then, Mang's eyes looked at the remaining three young men.

At this moment, the three young men had been seriously injured, unable to fight anymore, and they were very aggressive and did not rush to attack. They wanted to conquer one by one, and then returned to the wilderness universe, which was also very useful to him.

"It's stupid!"

Lu Ming shook his head inwardly and secretly scorned it.

This brutal, was blinded by victory, let these arrogance swear by the origin of life, allegiance to him forever, this is purely the act of seeking death.

These arrogances, the great forces from the wilderness universe, some forces, I am afraid that they are more powerful than the Taixu Holy Dynasty, or the barbarian.

The arrogance of this force vowed to always loyal to Bark. If it is known by the strong man of this force in the future, I am afraid that it will be furious, and it will kill the barbarian in secret, and it is not impossible to kill Bark.

As soon as Barbara died, the oath would be useless.

This is also the reason why ordinary people will not let others swear on the origin of life.

However, Bark apparently did not think so much, he had been dazed by victory.

The remaining three youths had extremely ugly faces.

"Do not speak, then send you on the road together!"

The barbaric strike was striking.

"Okay, I promise you, I promise..."

Finally, another young man yelled and succumbed to the threat of barbarism.

"Bring it!"

Mang took another headband and threw it to the young man, who took it and carried it on his head.

"How about you two?"

Then, Mang's gaze looked at the remaining two.

"Want me to listen to your orders all my life, and think about it, how is that different from a puppet, it might as well kill me!"

One of the youths drank coldly.

"Okay, let's do it. If you want me to surrender forever, it's impossible. You don't have this qualification!"

The second youth also shouted.

Not everyone has no guts, these two young people have strong arrogance and guts, rather die unyielding.

"Since that is the case, I will send you on the road!"

The cold light flashed in Man Ke's eyes, and his breath exploded.

"It's time to shoot!"

At this moment, Lu Ming whispered.

After the end of a dogfight, the situation at Fengyun Mountain has changed dramatically.

Moreover, the rough card was almost used, and Lu Ming had some cards in his heart.

Lu Ming stepped out and walked towards Bark, immediately attracting everyone's attention.

Now there are people who dare to step forward, what do they want to do?

"Leader!"

The people of Longmeng were also surprised, and their eyes flickered.

"What does he want to do?"

In other people's hearts, they also turned their thoughts.

Ok?

Mank and the two remaining youths also looked to Lu Ming.

"Boy, show people in their true colors, don't hide your head!"

Quite cold.

"Quick, I'ven't seen you for a while, don't come unharmed!"

Lu Ming smiled, waved his hand, took off his black robe, and revealed his true face.

"It's you, Lu Ming!"

Bark saw Lu Ming, exclaimed, and then filled the cold murderous opportunity.

"Ranke, I haven't seen you in a while, but I have grown a lot!"

Lu Ming smiled faintly.

"Lu Ming, dare to see my strength, then today is your death time!"

The barbaric roar, strong breath, shone towards the landing, and directly ignored the other two.

Relatively speaking, he wanted to kill Lu Ming more.

Lu Ming, after all, is the arrogance of the Taixu Shengzhao, and the Taixu Shengzhao and the barbarians are dead enemies. He wanted to kill Lu Ming ten thousand.

Without fear, Lu Mingsi stepped forward and landed in front of the other two young men. His body also burst out with a strong breath.

"This person, really want to fight Bark?"

"Who is this person?"

Many people were shocked.

"I know that this person is the leader of the Dragon League. It is said that it is extremely powerful. At that time, the soldiers Hitomi and Liu Tianxin had a tie with the two!"

Someone recognized Lu Ming.

"It turns out to be the leader of the Dragon League!"

Many people suddenly realized that, after all, Lu Ming and Bing Tong, Liu Tianxin battled throughout the entire Fengyun Mountain.
