

D Emperor 3421

Chapter 3421: Great War

Lu Ming and Bark, facing each other, collided with each other.

Roar!

Lu Ming uttered a roar of the ancient **** in his throat, and then his body suddenly became larger, turning into the ancient armor of the purple armor.

Today, Lu Ming has cultivated to the peak of the ancient purple armor. Although the height is still 10,000 meters, the scales of his body are deep purple and bright.

However, the height of 10,000 meters is very different from the height of 100,000 meters.

"It turns out that the original divine body has been cultivated to the peak of the seventh change, but I want to fight against me in this way, it is too naive to send you on the road!"

Mang sneered, looking down at Lu Ming, raised a big foot, and stepped on Landing Ming, trying to stamp Lu Ming to death.

bring it on!

In Lu Ming's eyes, the fighting intentions flourished, and his body was radiant.

At this moment, Lu Ming broke out all the fighting power, the war word tactics was five times the fighting power, and eleven kinds of divine powers were running at full strength.

boom!

A fist bombarded Bark's giant foot, and a terrifying roar erupted. Lu Ming felt like he was bombarding a mountain. The terrible pressure hit Lu Ming.

Lu Ming's body shook, and he stepped back and forth, feeling his arms numb. If he hadn't cultivated the Demon's golden body, his flesh was strong, and he would burst apart, but Lu Ke's foot was also blocked by Lu Ming.

"A little strength!"

There was a trace of surprise in Manke's eyes. Unexpectedly, with his current strength, Lu Ming was also blocked by the next move.

"Boy, see how you can take me!"

The barbarian shouted, the bronze war sword slashed down, the terrible swordsmans roared, a horrible roar erupted, the violent sword pressure, and the overwhelming pressure on the landing.

"Passionate Gun, Door of Domination, Sword of Deficiency..."

Lu Ming Changxiao, all kinds of primitive secret techniques were used by him, and suddenly became bigger and slammed into barbaric.

when!

The Sword of Breaking Deficiency is the fastest, and it is bombarded with the bronze war sword of the opponent, making a loud noise. The Sword of Breaking Vibration shakes wildly and is directly blown out. It was also shot and flew, and finally bombarded with the Ba Shen Gun.

Buzz!

The Ba Shen Gun thundered, and terrible power poured into Lu Ming's body through the Ba Shen Gun. Lu Ming retreated continuously, feeling qi and blood pouring, and a mouthful of blood spewed out.

"The ancient cultivation method is really powerful, and I will definitely kill you today!"

The bark was cold, and the killing was even colder. The stronger Lu Ming was, the stronger his killing thought was, and the bronze war sword turned into thousands of lights, slashing towards Lu Ming.

"This guy's strength is really strong, and my own strength alone is no match for him!"

Lu Ming sighed secretly.

Relatively speaking, Barker has many aspects, far above Lu Ming.

Like the original **** body, the other party has cultivated to the peak of the eighth change.

The peak of Lu Ming's ancient armor of purple armor is only the seventh change peak, which is a whole different level.

In terms of the original divine power factor, the opponent is awakened four times, and the opponent's cultivation behavior is the peak **** king, which is two times higher than Lu Ming.

What Lu Ming can rely on is the word of war tactics, as well as the eleven kinds of divine power and diversified mysterious techniques cultivated by the ten thousand and ten thousand determinations, but these are not enough to bridge the gap between them.

Now, only with the ball!

"Ball..."

When the thought moved, the ball wriggled sharply, and turned into an armor, which filled Lu Ming's body.

At the same time, a flash of lightning covered Lu Ming.

"Metal life? Do you think you can fight against me with a metal life, and kill them together!"

Quite cold, very confident, the bronze war sword was cut again.

"war!"

Lu Ming held the Ba Shen Gun in one hand, and the Gate of Domination in the other, and rose into the sky.

Boom!

The two collided in succession, and they immediately confronted more than a dozen moves. For a time, they didn't score a victory or defeat.

"Can Lu Ming actually fight Barbaric?"

"Head-on confrontation, blocking the brute attack?"

Around, many people were shocked, and some were unbelievable.

How strong Barkers were before, they saw clearly, even the top kills were mostly top-level arrogance, which was extremely violent and invincible.

And now, Lu Ming can actually fight against Barbara, which is really incredible.

Zizizi...

With every attack, Lu Ming carried huge lightning bolts, accompanied by his attack, poured into the barbaric body.

Mang's huge body was covered with thunder and lightning. With the lightning attack, Mang's speed became slightly slower, which is what Lu Ming wanted.

"Lunar Moon, Sun Day!"

Lu Ming controls two kinds of primitive mysteries, suspended in the air, scattered down the ray of Xianguang repeatedly, and landed on Bark. He was to be completely melted in Xianguang.

However, the crystal-like stone armor on Bark's body was brilliant, and a layer of brilliance emerged, blocking the attacks of the lunar moon and the sun day.

when!

Later, Lu Ming broke through Bark's attack, and the Ba Shen gun stabbed in Bark's chest, making a loud noise, and Mars was shooting, but it did not penetrate, but left a shallow trace on it.

"Hahaha, even if you add metal life, you can't break my defense!"

Barbara laughed wildly.

Lu Ming's face sank and he continued to attack. Later, Lu Ming made several attacks on Bark, but none of them broke through Bark's defense.

"Hahaha..."

Mang Ke laughed even more unscrupulously, completely disregarding his own defense, and attacked Lu Ming madly. For a time, Lu Ming pressed back continuously.

"Ball..."

Lu Ming passed the ball to the ball, intending to use the broken sword form.

Lu Ming waved his hand, the Ba Shen Gun disappeared, and then the ball wriggled into a giant sword, which was held by Lu Ming in his hand.

when!

Lu Ming waved his sword and bombarded it with the sturdy bronze war sword, bursting out infinite energy, sweeping all directions.

However, after the ball turned into this broken sword, the attack power increased to an astonishing point, and the barbaric body shook wildly and retreated backward.

Lu Ming seized the opportunity, and the war sword was cut across the head, chopping it on Bark's chest.

Zizi...

This time, a terrible friction sounded, Mars was shining, and there was a faint splash of crystal-like rubble.

"impossible..."

Bark's eyes widened and he shouted inconceivably, because he felt that his stone armor was about to be broken.

Bark stepped on the ground suddenly, stepped on the ground, and the ground was violently shaken. His huge body retreated rapidly, and he stepped back tens of thousands of meters before stopping.

He glanced down at his chest, and saw a sword wound on his chest, straight through the stone armor, exposing blood and flesh, and blood was flowing out continuously.

"You...how are you possible?"

Quite shocked, his pupils widened, it was hard to imagine his defense was broken.

The barbarian body was originally known for its defense. He even cultivated the barbarian body to the peak of the eighth change, covered with crystal armor, indestructible and unbreakable.

But now, it was broken by Lu Ming's sword, blood flowing.

Chapter 3422: Hard to break turtle shell

The defense that Barkly relied on was broken, which scared him a little.

"This kid, **** it!"

Bark's roar, his eyes filled with blood, a mouth, and a piece of white bone flew out. It was the white bone that was used to deal with Fu Xiu and others. When he and Lu Ming used to fight, he put it away and looked at him. Come, to deal with Lu Ming, there is no bones at all, but now, he uses it again.

"Boy, die!"

The bark roared and urged the bones. Inside the bones, there was a roar of roar, a mysterious and terrifying force, and rushed towards the landing Ming, then poured into Lu Ming's head and rushed to Lu Ming's soul .

Lu Ming seemed to have seen a terrible barbarian, rushed into his mind, brandished a war sword, and slashed at his soul, trying to split him.

I want to come, such as Fu Xiu and others who were attacked before.

However, when this barbarian **** attacked Lu Ming's soul, Jing Yu's scroll glowed, and a layer of light mask enveloped Lu Ming's soul.

The barbarian war sword was chopped on the mask, and the mask vibrated a little, but nothing happened.

If you are an ordinary person, you must spend energy and control your soul to dodge. In this way, your own strength will be greatly affected.

But Lu Ming didn't care.

Of course, I don't know, but I thought Lu Ming's soul was also greatly affected. His face was ugly, his murderous coldness, his bronze war sword waved, and he rushed towards the landing sound. Go on.

However, Lu Ming directly waved his sword, slammed the baroque bronze war sword, and then the war sword kept going, and continued to cut into bark.

Zizi...

The sword of war is cut on Bark, and then makes a harsh noise, and then cuts the stone armor on Bark's body with a deep sword wound, straight through the bone.

Bark gave a painful roar and backed away continuously, yelling in disbelief: "Why haven't you been affected?"

"Trick and worm!"

Lu Ming spoke lightly and waved his sword to continue to kill Bark.

Bark did not believe in evil, desperately controlled the bones, bones roared like thunder, the energy that attacked the soul was stronger, but Lu Ming had the guard of the shocked picture scroll, which was not affected at all, and continued to kill Bark.

The two fought a few more tricks, and Mang was struck by Lu Ming again, and a sword wound was cut.

Although Bark fully operated the barbarian body, the crystal armor crept on the surface, and the wound healed, but his wounds were real. In this way, he will become weaker and weaker.

"Dark, it seems that you have reached the limit!"

Lu Ming sneered.

"Lu Ming, you depend on a metal life, what is your skill? Is there a skill to fight me fair?"

Barbaric shouted.

"A fair fight? Ridiculous!"

Lu Ming sneered and said, "The bone in your hand is also a foreign object. It is fair for you to use it against the enemy? Also, your cultivation base is two times higher than mine, and your cultivation base is two I will be fair in one battle?"

"you..."

Bark's face is ugly.

But he was afraid to let him and Lu Ming not have bones, and to fight with Lu Ming at the same level.

Although he is strong, Lu Ming is even more perverted. He does not need to say at the same level in the first battle. He must have lost.

"Boy, don't think you can defeat me? Give me integration!"

The bark snarled, and then that piece of white bone, actually radiating a brilliant light, rushed into the bark body and merged with his body.

Then, on Bark's body, a layer of bone-like armor appeared, covering his whole body.

when!

Lu Ming cut another sword on Bark, but this time a horrible roar was heard. Bark's body was backed away from the shock, but was not broken by Lu Ming's defense and was blocked.

"It can still be like this!"

Lu Ming stunned.

Bark integrated that piece of bone into his body, and a layer of bone armor emerged, which actually made his defense greatly improved. The war sword transformed by the ball did not break through the opponent's defense.

"Want to kill me, you dream, you dream!"

Barbaric shouted, his eyes extremely terrible, he wished to unload Lu Ming eight.

He has to pay a price for integrating that kind of bone.

Because, that kind of bone, he can only be integrated three times. After three times, the bone will be completely scrapped, and even the ability to affect the soul will disappear.

This is a life-saving at a critical moment, and he will not use it for less than last resort, but now, because Lu Ming wasted it once, his heart is bleeding.

"Die to me!"

Bark snarled and rushed towards the landing madly, and the bronze war sword continued to cut out.

However, Lu Ming wielded his sword and collided with the bronze war sword, and his sturdy body shook and retreated.

Although he integrated into that kind of bone, he just improved his defense and combat power, and he still hasn't changed.

Repelling Bark, Lu Ming took the opportunity to kill, and another sword was cut on Bark, but he was still blocked and did not break through the opponent's defense.

"Nest, this guy is a tortoise shell, the defense is comparable to that guy..."

Lu Ming murmured silently.

Then, continue to attack.

However, every time Barker was struck by Lu Ming, he didn't break his defense. Of course, Barker's lack of attack power could not cause damage to Lu Ming.

The two became stalemate for a while.

boom!

Another trick, Mang Ke flew thousands of miles, his face ugly.

"It's not good, the time for integration is coming!"

Mank was anxious in his heart.

There is also a time limit for the integration of bones. Once the time is up, it will be released, and it is difficult to integrate for a second time in a short time.

However, he was anxious, but the surface did not show it.

"Lu Ming, my divine power is almost exhausted!"

At this moment, the ball also sent a voice to Lu Ming.

He turned into this broken sword form, which consumed a lot of divine power. After continuous attacks, the divine power of the ball was almost exhausted.

Lu Ming's thoughts turned sharply, and his face remained quiet, staring at Bark.

However, the two did not attack, far away from each other.

"Boy, you can't break my defense!"

Quite grimly.

"It will only hide in the turtle shell, but it feels good to play sandbags!"

Lu Ming smiled contemptuously.

"Huh! I'll spare you today, but it's useless to rely on this metal life. When you can't use this metal life, it's your death!"

Quite cool, he drank coldly, and then looked at the two young men with his headbands before, saying, "Let's go!"

The two young men were helpless and then shouted: "Go!"

The bark turned and left, and the barbarian people, as well as his men, followed the bark and left.

The two young strong men controlled by him also took the people and followed the bark to leave.

Lu Ming did not pursue.

For a time, more than half of the people remained on top of the mountain.

"Brother Lu, thank you for your help!"

The four masters who originally besieged Bark, and two others were not controlled by Bark, were rescued by Lu Ming halfway, and thank Lu Ming at the moment.

Chapter 3423: Half of the country, nine forms of divine change

"What do you plan to do later?"

Lu Ming asked.

"from now on?"

The two young men frowned.

"Now, most of Fengyun Mountain's territory has fallen into the hands of Barbarian League. His ambition will not stop. You should understand the consequences. Now, there is only one way before your eyes!"

Lu Ming said lightly, his eyes shimmering, his meaning was self-evident.

The two young men looked at each other with complex eyes.

What Lu Ming meant, of course they understood that it was very simple, that is, to let them surrender to Lu Ming.

Now, Fengyun Mountain can be said to be divided into two parts, and two major overlords have emerged.

They are Bark and Lu Ming.

If you want Fengyun Mountain to gain a foothold, you can only rely on one of them.

"Do you want me to speak up? You can turn to me. I can let you be the deputy lords. You don't need to condense the Shenjing yourself. You can be assigned to a part of the Shenjing. How? Otherwise, I can only shoot!"

Lu Ming spoke to the two young people.

Previously, Lu Ming only occupied the territory of Yuntianmeng, and did not continue to expand. That was because his strength was not enough, and his wings were not yet abundant.

But now it is different. His strength is enough to deter Fengyun Mountain.

These people either surrendered to Bark, or surrendered to him, or left Fengyun Mountain.

"Vice leader!"

The two young men's eyes lit up.

The deputy leader, without having to condense the original Divine Crystal by himself, can still get a distribution. Although they are not as good as they are now in charge of the side, they are also countless times stronger than surrendering to the Barbarians.

"Lu League Master, thank you for your rescue this time. I am willing to surrender to Lu League Master and join the Dragon League!"

One of the youth suddenly clenched his fists.

"I am also willing to join the Dragon League!"

The second youth also joined the Dragon League with a fist.

"Okay, the two of you joined the Dragon League, and will be the deputy leader of the Dragon League in the future!"

Lu Ming's heart was filled with joy, and there was no expression on his face. Lu Ming's eyes turned to others.

"How about you? Presumably you have heard the rules of my Dragon League, join my Dragon League, and then condense the original God Crystal, but you can leave 30% yourself!"

Lu Ming's eyes looked at the rest of the others.

"I am willing to join the Dragon League!"

"I will too!"

The first person who promised was originally from the eastern region.

Especially the people of Bingfeng League and Tianxin League agreed directly, without any hesitation.

Now that Bingtong and Liu Tianxin are dead, Bingfeng League and Tianxin League automatically disintegrate, and they have long been greedy for the distribution ratio of Longmeng, and naturally agreed without hesitation at this moment.

Then, other forces in the eastern region also agreed.

The masters of those forces knew that the general situation could not be violated. With Lu Ming's strength, if they did not agree, they could only leave Fengyun Mountain, and if they wanted to stay in Fengyun Mountain, they could only agree.

Subsequently, in addition to the forces in the eastern region, other regions also agreed.

In this way, Lu Ming took control of most of the territory of Fengyun Mountain, and the number of people under his command increased dramatically, reaching tens of thousands.

"So many people, how many original **** crystals can be harvested in the future?"

Lu Ming's eyes brightened.

As long as you stay here for a while and store a lot of original **** crystals, the resources will be available for a long time in the future.

You know, the energy of the star nucleus that he got at the beginning is almost used up.

The energy of that star's nucleus could have been used by Lu Ming to break through the seventh king of God.

But now Lu Ming has broken through to the seventh king of God, but the breakthrough in this period relied on the energy of the original God Crystal, so there is still some energy in the stellar nucleus, but there is not much. I am afraid that it cannot support Lu Ming. Break through the **** king eightfold.

But if you have a primitive **** crystal, you don't have to be afraid of losing energy.

After that, things became simple, Lu Ming began to arrange manpower, and then included most of the territory of Fengyun Mountain into the pocket, and formed a confrontation with the Barbarian League.

In the barbarian region, barbaric anger is unstoppable.

"Lu Ming, damn..."

Mangke roared, this time his original plan was to completely control Fengyun Mountain in his hands, but unfortunately, a Lu Ming was killed halfway, completely destroying his plan.

In the end, Lu Ming was cheaper, and let Lu Ming control most of the territory of Fengyun Mountain, which made him extremely uncomfortable.

"Huh, I want to share Fengyun Mountain with me, dream, and now it seems that I'm going to ask the master guardian to help!"

Mang whispered, and then flashed, and left here.

After Lu Ming returned, he continued to practice retreat.

"It turns out that the original **** body is divided into a total of nine changes, the ancient **** tactics I got before, it really is not complete..."

Lu Ming frowned.

After the battle with Bark, he asked someone to inquire, and finally solved his doubts.

The cultivation of primitive gods is divided into nine changes.

The ancient magic tactics he obtained were divided into red orange yellow green blue blue purple, respectively the first change to the seventh change, missing the eighth change and the ninth change.

Therefore, when Lu Ming cultivated to the peak of the ancient purple armor, he felt that there were still layers above it, and he had not yet reached the limit.

Every breakthrough is a change, and the divine body will become stronger, so it is called the nine changes.

Even the ninth change is not yet the limit, but it can also break through.

It's just that after the ninth change, if you break through, it will enter a terrible level, getting closer to the level of the original god.

Think about it, even if you practice to the ninth change, I am afraid that there is a difference of ten thousand miles from the original god's body.

Like Mang, he reached the peak of the eighth change, and exhibited a Mana body with a height of 100,000 meters.

According to this calculation, even if you practice to the ninth change, you can reach a height of one million meters.

However, before Lu Ming practiced under the primitive god, he could see the primitive gods in the starry sky fighting, and the primitive gods appearing there could not move a fist larger than a life planet.

How big is a life planet?

Millions of meters are countless times worse than the life planet, just like an ant and a peak.

Therefore, the ninth change of the primitive **** body, compared with the primitive god's body, there is an infinite gap, and the ninth change is still normal.

"It seems that it is time to get the full version of the ancient magic formula!"

Lu Ming whispered.

In this world, there must be others who practice ancient magic tactics, and most of them will appear in full version.

Afterwards, Lu Ming sent out an order asking if there is a full version of the ancient magic formula in the hands of the Dragon League. Unfortunately, after a period of time, he did not find the complete version of the ancient magic formula.

Lu Ming can only allow people to expand the scope and acquire the complete version of the ancient magic formula from other famous mountains.

If there is no complete version of the ancient **** tactics, his ancient **** body will be stuck at the peak of the purple armor ancient **** body, it is difficult to break through.

In a blink of an eye, three months have passed since the battle between Bark and Bark.

On this day, Tianxing came in a hurry and met Lu Ming.

"Leader, the defender wants to see you!"

Tian Xing's report was a bit dignified.

"The keeper!"

Lu Ming's eyes moved.

Chapter 3424: Keeper

Today, Lu Ming already knows a lot about this world.

This world is not managed by no one, but by someone.

These managers are the defenders.

There are a total of thirteen guardians, one for each famous mountain.

Of course, the defenders generally will not show up, nor will they intervene in the battle of any person, any force, how the various famous mountains fight or how to fight, they will not interfere in their natural development.

However, they have to guarantee one thing.

It is any force that cannot cross two famous mountains.

That is to say, no matter how strong this force is, your strength can't occupy two famous mountains at the same time, only one famous mountain at most.

This is also the reason why Fengyun Mountain can still exist.

Otherwise, Fengyun Mountain is in chaos, other famous mountains intervene to attack, Fengyun Mountain has long been occupied by the forces of other famous mountains.

After all, some famous mountains are extremely powerful, and the owners of famous mountains are unpredictable.

In this world, there is a list called the God King List.

Above, list the thirty strongest genius masters.

These thirty strongest masters are almost the strongest in the King Realm, and Fengyun Mountain, no one is on the list, even the original Fu Xiu, did not make the list.

Those on the list are almost all from the unified famous mountains, either the mountain owners of these famous mountains or the deputy mountain owners.

However, there are defenders, and the strength of those famous mountains cannot be extended to Fengyun Mountain, because the strength of the defenders is above the **** king, but it is the **** monarch.

In addition, I heard that there is a higher level of management above the guards, called law enforcers. I heard that there are three law enforcers in charge of all famous mountains, but even more so, they are hard to see.

Lu Ming stepped out with doubt, and came to a raised peak.

A burly middle-aged man, with his hands on his back, stood above the peak.

"Lu Ming, I've seen Master Townslayer!"

Lu Ming landed and clenched his fists.

"You came!"

A thick voice sounded, and the defender turned around.

"you..."

Seeing the appearance of the defender, Lu Ming's pupils shrank suddenly, wondering.

Because the guardian's appearance and body are very similar to the barbarian. It can be said that this is a barbarian.

Barbarians, how could they be the keepers of this world?

"Wait, Mangshan Mountain..."

Lu Ming thought suddenly, he thought of Mangshan Mountain.

Inside Manshen Mountain, there is a passage leading to this world. They came in through Manshen Mountain. Is this person really related to the Barbarians?

In an instant, Lu Ming turned a lot of thoughts.

A glimmer of light flashed in the eyes of the town guard, and he smiled slightly: "You see it, I am related to the barbarian!"

"really!"

Lu Ming felt a shock in his heart and could only hold his scalp and clenched his fists: "I don't know if the master of the defender came to me, what is the so-called thing?"

"I heard about your battle with Bark before. I heard that your strength is indeed amazing. I have guarded Fengyun Mountain for several star years and have seen countless days of pride, but as strong as you are, it is very rare. Arrive!"

The defender said.

"Sir is the prize!"

Lu Ming said that he had a bad hunch in his heart.

"I heard that you and Bark came together from the barbarian territory, coming from the passage left by the barbarian barbarian god!"

The defender continued.

Lu Ming didn't know what the other party wanted to express, but nodded.

"Tell you one thing, I am the descendant of the barbarian **** in the barbarian legend!"

The defender said.

Lu Ming was shocked in his heart, his pupils shrank, and the bad hunch became stronger.

The defender continued: "The barbarian **** in the legend of the barbarian is an ancestor of the barbarian and my ancestor. He also came here long ago, but the ancestors have dried up in the past years Fallen!"

"I have been a guardian here for a few stellar years. I didn't expect to be able to wait for people of the same race to come in. I must definitely take care of it. Are you right?"

After talking, the town guard stared at Landing Ming and wanted to see Lu Ming's expression.

Lu Ming said nothing on the surface, but his thoughts turned around.

Many things, I want to understand.

It turned out that this town guard was of the same race as the barbarian, and it could also be said to be a barbarian.

It is no wonder that after the disappearance of the bark for a while, the strength will skyrocket, especially the original **** body, directly from the sixth change peak, soaring to the eighth change peak.

Absolutely rely on the defender to improve so fast.

Even the white skeleton might have been given to him by the townkeeper.

"I am very satisfied with Mang's talent. It is absolutely rare in the history of Mangzu. Since he came here, I will naturally give him some fortune, and in the future I can help the Mangzu rise and become stronger, and let him control a famous mountain. It's a big deal, do you understand?"

The defender continued, and at the end, he increased his tone, his eyes flashing like a sword.

Lu Ming is not a fool. Naturally, he knows the meaning of the defender, Fengyun Mountain.

"Ha ha!"

At this moment, Lu Ming suddenly laughed.

"What are you laughing at?" the town guard sneered.

"Wanke wants to occupy Fengyun Mountain, it's very simple, let him challenge me, if I can beat me, I will naturally let Fengyun Mountain, otherwise, don't talk!"

Lu Ming said.

How could it be so easy for him to hand over Fengyun Mountain?

"You don't understand what I mean?"

The defender's face was completely gloomy, and the cold light in his eyes was more intense.

"What do you understand, and what do you don't understand? Barker wants Fengyun Mountain, just stop thinking!"

Lu Ming said coldly.

boom!

Suddenly, a terrible breath erupted on the defender, pressing on Lu Ming, very heavy.

Lu Ming shuddered and almost knelt down.

Roar!

Lu Ming let out a roar, erupted all his strength, and blocked the pressure, but his body still shivered slightly.

God!

The practice of the defenders is definitely a prince, and it is definitely not a double prince of ordinary princes, but stronger, otherwise there can be no such terrible pressure.

"It seems you want to die!"

The defender said coldly.

"Dare you kill me? Don't think that the defenders can cover the sky with one hand, and there are law enforcers on it!"

"The defenders cannot interfere in the internal battles of the famous mountains. You have violated the rules. If the law enforcement officials know that you can't eat and walk around, and just now I came out, the entire Dragon League people came back to me to meet the law enforcement. If you do anything to me, I guarantee that the law enforcement will definitely know!"

Lu Ming shouted.

"You... so brave!"

The defender struck the plane with a blow, and gave a cold drink, the pressure was stronger, like a row of mountains and rivers, and pressed toward the landing.

Lu Ming shuddered, backing up again and again, a spit of blood spewing, and his face pale.

Chapter 3425: Full version of ancient magic formula

Lu Ming was hurt by the breath of the defender, but his eyes were unyielding, glaring at the defender, and shouted: "You are the courageous, and you are in public favors and violate the rules!"

Lu Ming shouted, without fear, and stared at the townkeeper. At this time, he could not flinch at all.

The killer struck a murderous eye in the eyes of the defender, wishing to slapp Lu Ming with a slap, but he really didn't dare.

After all, in this world, he cannot cover the sky with one hand.

He keeps guarding Fengyun Mountain, it is just a task, and he has to take orders from others.

Gradually, the breath of the defender converged, revealing a cold smile, saying: "Young people don't know that the sky is high and thick, I hope you can do it yourself!"

After saying nothing, the defender stepped out, turned into a streamer, and left directly.

call...

Lu Ming took a long breath and found that he had been wet by cold sweat.

Later, Lu Ming frowned, but did not expect the descendants of the barbarian ancestors of Fengyun Mountain. Fortunately, in this world, the defenders cannot cover the sky with one hand, and there are law enforcers behind them.

But Lu Ming felt that this matter might not end so simply.

"Go back first, take a step by step, cool this defender, do not dare to intervene blatantly to intervene in Fengyun Mountain, it will at most help Bark to increase its strength, but as long as my strength continues to increase, I can be fearless!"

Lu Ming thought for a while, stepped out, and returned to the valley where the Dragon League was located.

"Leader, you have found the ancient magic formula!"

Just back, a young man smiled and flew forward.

This young man, named Boyi, was one of the four young masters who fought against Bark at the beginning. He then turned to Lu Ming and became one of the two deputy leaders of the Dragon League.

It has been a short time since Boyi came to this world, and his network of contacts is very wide.

"Ancient God Skills, found it!"

Lu Ming's eyes lit up.

"Yes, but the other party will see you in person and talk to you about the price!"

Boyi Road.

"Oh, where are people?"

Lu Ming asked.

"Not far away, the leader will follow me!"

Boyi said, flew in one direction, Lu Ming followed.

On the way, Lu Ming learned that the person who sold the ancient magic tactics was not from Tianyun Mountain of Fengyun Mountain, but from other famous mountains.

Soon, a young man stood on a mountain ahead.

Fengyun Mountain is extremely large, in fact, it is a huge mountain range. Above it, there are mountains in natural mountains and lakes in alpine valleys and Xinjiang.

"Leader, then I will leave!"

Boyi clenched his fists and left here, Lu Mingfei came up and fell on the mountain.

"I've seen Lord Lu!"

The young man saw Lu Ming and clenched his fists.

"Xiongtai does not have to be polite, I heard that Xiongtai has a complete ancient magic formula?"

Lu Ming asked.

"Yes, I have a complete ancient **** tactic, but I can practice till the ninth change, the pinnacle of the golden armor ancient **** body!"

Youth Road.

"Jinjia Ancient God Body!"

Lu Ming's eyes flashed and he finally knew the ninth change of the ancient **** body.

"Get a price!"

Lu Ming opened the door and asked directly for the price.

"I need five thousand original **** crystals!"

Youth Road.

"Five thousand!"

Lu Ming's eyes flashed.

This price is indeed ridiculously high. How precious is the original God Crystal? In Xiaofeng Mountain, a person can only gather together in ten years. Even in a famous mountain, it is a huge amount.

Unless it is the master of various forces, ordinary people want to condense five thousand primitive **** crystals, plus the need to hand in, at least thousands of years.

But Lu Ming now has more primitive **** crystals, and doesn't care at all.

"Five thousand primitive **** crystals are fine, but how do I know if the ancient **** body you took out is complete? Or, is it true?"

Lu Ming said coldly.

"It's simple, the leader of the alliance looks at it, I believe that as the leader of the alliance, I will not lie to me an ancient **** trick!"

The young man smiled, then took out a quaint book and threw it to Lu Ming.

Lu Ming reached out and took it, and saw the three characters on the surface of the book, "Ancient God Skills".

Lu Ming turned directly to watch.

The first page is to introduce the level of ancient gods.

Ancient **** bodies, like other primitive **** bodies, are also divided into nine changes.

According to different scale armor colors, it is divided into red orange yellow green blue blue purple silver gold, nine grades.

"Behind the ancient purple armor, it turned out to be the ancient silver armor and the golden armor!"

Lu Ming's heart moved, and then quickly looked.

He didn't study it carefully, but only to see the true and false.

The previous seven changes, from the ancient red armor to the purple ancient armor, are exactly the same as Lu Ming's master, and then Lu Ming turned directly to see the ancient silver armor and golden armor.

Based on Lu Ming's understanding of the ancient gods' tactics, it is still very simple to distinguish authenticity. If it is false, Lu Ming can easily distinguish it.

But after looking at it, Lu Ming found that this was true and there was no problem.

"Okay, this ancient **** tactic, I accepted it. These are five thousand original **** crystals. Here!"

Lu Ming waved his hand, and a storage ring flew out, which contained five thousand primitive **** crystals.

The young man took it and swept the consciousness, revealing a smile, and said, "Thank you Lord Lu, goodbye!"

The young man clenched his fist, and then walked away. Soon after, the young man came to a secret place in Fengyun Mountain.

There is a burly figure sitting cross-legged in this place. If Lu Ming sees it, he will be surprised. Because of this figure, he is the guardian of Fengyun Mountain.

"Have seen the guards!" The youth saluted the guards.

"Is everything done?"

The guard opened his eyes and asked.

"It's done, then Lu Ming has no doubt!"

The youth replied.

"Very well, I just changed the order a little bit, he naturally can't see the flaws, hey, you go, this is yours!"

The keeper sneered, then waved a storage ring and flew out. The young man took over the joy and paid a gift and left here.

"Lu Ming, I will let you die miserably!"

The defender sneered.

...

Naturally, Lu Ming did not know all this. When he returned to the closed place, he took out the ancient magic formula and studied it carefully. A few days later, he had almost thoroughly studied and began to practice.

He has already practiced to the peak of the ancient purple armor, and then further, is the ancient armor of silver armor, the eighth change of the original ancient body.

However, if you want to change from the seventh to the eighth, it is not so easy, and it is extremely difficult.

This is true even if there is a primitive **** crystal. It takes time to hone slowly, and it is not possible to break through overnight.

Otherwise, if Fengyun Mountain has so many days of pride, there will not be so few people who have reached the eighth change.

If that is the master of forces, Bingtong, Liu Tianxin and others, there is absolutely no shortage of primitive **** crystals in the hands, there are many, but the primitive **** body is stuck there, and it has not broken through the eighth change, which can be seen, How difficult it is to break through.

Chapter 3426: Golden Demon Snake

In the blink of an eye, a few months have passed. During these months, Lu Ming has been enlightening the ancient magic formulas and refining the original divine crystals, but there is still no breakthrough and not much progress.

Lu Ming is not in a hurry, knowing that he can't eat hot tofu in anxiety, and needs to grind slowly.

At this time, Lu Ming received the news that Bark led the Barbarian League, attacking the Dragon League, trying to **** the Dragon League territory.

"Dark, what the **** are you doing?"

Lu Ming's eyes flickered.

Why can't Kang Nai attack him?

Lu Ming did not think much, ended the retreat, and then led the Dragon League to face the battle.

Somewhere in Fengyun Mountain, a lot of arrogance is fighting and fighting.

Bark took a group of people and stood at high altitude to watch the battle from afar.

"coming!"

Quite whispered, his eyes shined, looking forward.

Over there, a few streamers came quickly, very fast. At the next moment, several figures appeared in the sky. These figures were naturally Lu Ming and others.

"Mack, are you looking for abuse again?"

Lu Ming saw Man Ke coldly.

"Huh, I'm not ashamed. Last time, you didn't defeat me. If you didn't rely on that metal life, I could kill you by turning my hand!"

Quite sneer.

"One battle at the same level, I can crush you with one finger!"

Lu Ming responded, making Mank's face a little gloomy, but then sneered again, saying: "Lu Ming, you want me to fight at the same level, you have no chance, but let your metal life can't help, I have a chance!"

After finishing talking, Bark took a fist at a soap robe young man beside him and said, "Brother Fang, wait a minute, the other party's metal life will come to you!"

"Don't worry!" The Zaobao youth smiled faintly, and then stepped out.

Lu Ming's eyes could not help looking at this soap robe young man.

The most striking thing is that this person has a snake wrapped around his arm. This is a metal snake.

The whole body reveals the luster of metal, which is definitely made of metal, not a flesh and blood life.

"Let's see, my gold bite snake is amazing!"

The cold voice of the young man in the soap robe came out, and then with a wave of his hand, the metal snake flew out, and after flying out, the metal snake grew crazy and turned into a giant snake tens of thousands of meters long.

The mouth of the giant snake opened, and the giant mouth emerged as a black hole in World War I. It actually exuded a terrible attraction.

Buzz! Buzz! ...

At this moment, the artifacts manipulated by many arrogances of the great war shook violently.

"what happened?"

"My war sword is out of control!"

"not good!"

The young people were frightened and exclaimed, desperately trying to control the artifact, but the next moment, an amazing scene happened, these people's artifact, actually uncontrolled, flew out, flying towards the mouth of the giant snake, and then one after another It disappeared into the mouth of the giant snake.

These lost artifacts are naturally the arrogance of Lu Ming's side. These people lost their artifacts and were shocked in their hearts. An inadvertent person was attacked by the barbarians. More than a dozen people couldn't resist and was killed in the air.

"Back!"

Lu Ming shouted, and the voice came out, the people of Longmeng were not in love and backed away.

"Hahaha, my gold-biting snake, specializing in metal, even if it is an artifact, I can swallow it!"

The soap robe youth laughed.

"It's magical, I can swallow so many artifacts at once!"

Lu Ming's eyes flickered.

When the ball eats the artifact, it bites bit by bit. This metal snake actually swallowed so many artifacts in one bit, and the appetite is really good.

"Fang Lin, you are Fang Lin!"

At this time, on the edge of Lu Ming, Bo Yi drank.

"Boyi, do you know this person?"

Lu Ming asked.

"Once seen, the leader, this person's name is Fang Lin, is not a person of Fengyun Mountain, but another famous mountain, the master of Qitong Mountain!"

Boyi Road.

"People in Qitong Mountain?"

Lu Ming looked.

"Fang Lin, there are rules in this world. Different famous mountains must not be disturbed. You are a person from Qitong Mountain. It has violated the rules to intervene in my Fengyun Mountain!"

Bo Yi shouted.

"How can I violate the rules? Me and Bark Nai are friends. Why don't you help me? Besides, I don't want to deal with your people. I brought my gold-biting snake to find metal to eat. Is it against the rules?"

Fang Lin sneered.

"Strong words, I'm going to report you to the town guards!"

Bo Yi shouted.

"Go, what fear do I have!"

Fang Lin sneered, and the appearance of fearlessness made Boye's face ugly.

"Boyi, needless to say!"

Lu Ming spoke.

This matter is estimated to have been acquiesced by the guards. Even if they go to the guards, it will not help.

"Lu Ming, today, let's come to an end!"

At this moment, Mang screamed and stepped out. His body swelled up sharply, exhibiting a mane body, and turned into a huge mane 100,000 meters high.

The palm of his hand was held falsely, and a bronze war sword emerged, slashing out a sword to the landing.

"war!"

Lu Ming was fearless, and also exhibited an ancient **** body, which turned into a purple armor ancient **** of tens of thousands of meters. At the same time, the ball swiftly moved into armor, covering Lu Ming's body.

At the same time, Lu Ming's palm squirmed, turning into a huge war sword.

Lu Ming and the ball used their full strength as soon as they shot.

Uh!

The War Sword slashed out, and made a big noise with Bark, making a loud noise, Bark's figure trembled and took a few steps back.

"Metal life, it really is metal life, so powerful metal life, little snake, swallow me!"

Fang Lin showed his greed and shouted.

Sisi...

The giant snake made a whispered sound. When the huge body twisted, it rushed towards the landing naming, and at the same time its mouth opened like a black hole. It had a strong attraction that enveloped Lu Ming's whole body.

Overwhelmed by this attraction, Lu Ming was still fine, but the ball covering him had changed. He was creeping fast, and he seemed to be unable to maintain his armor. He wanted to restore the original shape.

"it works!"

Quite happy.

"Hahaha, such a powerful metal life, become my little snake's food. The gold demon snake is the king of metal life, not only can eat artifacts, but also other metal lives..."

Fang Lin laughed wildly, as if seeing the ball eaten off the court.

And after eating the ball, his golden bite snake will become stronger.

Wow!

The ball on Lu Ming's body wriggled quickly and turned into a huge round ball, which flew backwards towards the golden demon snake.

"Ball..."

Lu Ming was shocked.

"I'm fine, this snake looks delicious, I want to eat it..."

At this moment, the sound of the ball came from Lu Ming's mind, and Lu Ming immediately let down his mind.

At this moment, Mang didn't attack anymore. He wanted to see Landing Ming's metal life eaten, showing a desperate expression.

Then he wants to suppress Lu Ming strongly and let Lu Ming understand that he will end against him.

Seeing that the ball is about to fly into the mouth of the golden demon snake.

Chapter 3427: Breath of energy

The ball quickly flew towards the gold-biting snake, and it was about to be swallowed by the gold-biting snake.

But at this moment, in the eyes of the Golden Demon Snake, there was actually a deep fear color, the huge body, trembling slightly, and the attraction in the mouth disappeared instantly.

Sisi...

Then, the Golden Devouring Snake screamed a few times, then turned around and ran away, like a mouse seeing a cat.

"This..."

Seeing this scene, everyone was stunned.

The gold-biting demon snake, who was still in the pen before the moment, looked like he was going to eat the ball. How did he turn around and run away?

How is this going?

"Now I want to run, it's too late!"

The ball made a naive sound, and the body rushed out instantly, landed on the gold-biting snake, and then quickly squirmed into a pool of metal liquid, covering the body of the gold-biting snake.

The Golden Devouring Snake struggled frantically, but it was useless. In a few breaths, the ball completely enveloped the Golden Devouring Snake, and then agitated a few times. The ball turned into a huge metal ball, suspended in the air.

Everyone was dumbfounded.

Eat the golden demon snake, was eaten?

Just now, the Golden Devouring Snake looks like a ferocious man who wants to eat the ball, but unexpectedly it was eaten by the ball.

As soon as the ball moved, it flew to Lu Ming's side, opened his mouth, and burped.

"What a king in metal life, but so!"

Lu Ming said lightly.

Fang Lin's pupils grew bigger and bigger, his eyes were blood red, and finally he roared loudly: "My gold-biting snake, ah, I want you to die!"

Before the roar fell, Fang Lin rushed towards the landing Ming, turned into a huge original **** body, and killed the past towards the landing.

The eighth change of the original **** body!

Lu Ming felt a shock in his heart. This Fang Lin had already cultivated the original **** body to the eighth change, and his strength was very amazing.

"Ball..."

With a move in Lu Ming's heart, the ball fell on Lu Ming, forming an armor that enveloped Lu Ming, and that kind of war sword reunited.

Then a sword was cut out.

boom!

With a roar, Fang Lin's body shook wildly, snorted, and backed wildly, a spit of blood spewed out.

"It turns out that the original divine power factor is only three awakenings!"

In Lu Ming's heart, this Fang Lin, the original divine power factor was only three times awakened, and its combat power was not as good as the sturdy, naturally unable to stop Lu Ming's sword.

"Boy, return my golden bite snake!"

Fang Lin shouted with red eyes.

"Everyone has been eaten, how can I return?"

Lu Ming said.

"Then give me your metal life, I can count on things like today!"

Fang Lin shouted, eyes full of greed.

Ball is not only able to eat his golden bite snake, but also has such a strong combat power, he is very hot in his heart.

"Are you stupid? Now you are my defeat, you want to forget it, I don't want to forget it yet!"

Lu Ming spoke indifferently, stepped out, and killed towards Fang Lin.

"Lu Ming, you dare to move me, I will not let you go with Qi Tongshan!"

Fang Lin's face changed and began to threaten.

"Stupid!"

Lu Ming spoke coldly, and a sword was cut out, and a mighty sword mang slashed towards Fang Lin.

Fang Lin was frightened and retreated crazy, at the same time, Mang also shot, the bronze war sword cut across, blocking Lu Ming's sword mans.

"Brother Fang, don't do it today, let's retreat first!"

Bark gave a voice to Fang Lin.

"hateful!"

Fang Lin roared, and he was extremely unwilling, but he also knew that it was not Lu Ming's opponent who could not help but stay.

"I won't forget about this matter, you wait for me!"

Fang Lin roared and turned away.

"go!"

Bark took the barbarians and turned around and left.

Lu Ming didn't chase, he didn't have any major breakthrough in strength, even if he wanted to fight, he was half a catty, and there was no need to fight.

He took the man and returned to the Dragon League, and then ordered to go down and defend strictly to prevent the barbarian from attacking again.

"I'm going to report to the guards!"

Gaming is indignant, and it is necessary to report to the defenders and punish Bark and Fang Lin.

Lu Ming did not stop it, although he knew that even if he went to report it, it would not be useful. This matter must have been acquiesced by the guards.

But to report it, at least to make the guards not so arrogant, so blatant.

Sure enough, after a period of time, Mang was not punished.

Lu Ming continued to practice and strive for an early breakthrough.

Today, he offended Fang Lin, I am afraid he will not give up.

Fang Lin is not the strongest group of people in Qitong Mountain. The strongest people in Qitong Mountain are the mountain owner and deputy mountain owner.

Qitong Mountain is a unified mountain. The mountain owner of Qitong Mountain has unprecedented strength. The several mountain owners under him are also very powerful. They are ranked in the top thirty.

If it was World War I, Lu Ming was not sure even if he had the ball. He must continue to break through.

Soon, more than a month passed, Qitong Mountain still has a bark, no movement.

Rumble!

This time, Lu Ming was retreating and practicing. Suddenly he felt a trembling of the sky, as if the whole Fengyun Mountain was shaking.

"what happened?"

Lu Ming's face changed wildly.

Fengyun Mountain is one of the famous mountains. The place where the original gods were bred is huge and strong and immortal, but it is not a big mountain outside.

What kind of existence can cause the shock of Fengyun Mountain is incredible.

Even the strongest among the gods can hardly shake the corner of Fengyun Mountain, let alone shake the whole Fengyun Mountain.

Lu Ming ended the retreat and went out.

Not only him, but the Dragon League felt it from top to bottom.

Rumble!

At this moment, Fengyun Mountain was trembling again, and it could clearly feel that the ground underneath was shaking, just like, inside Fengyun Mountain, there was a terrible giant moving its body.

"What's going on? Is there a terrifying primitive **** inside Fengyun Mountain?"

In Lu Ming's mind, he couldn't help turning this thought.

At the thought of this, Lu Ming felt a tremor in his heart. If so, it would definitely be a shocking event.

The primitive gods are no longer visible in today's vast universe. If a primitive **** really appears, it will definitely shock the great universe.

The primitive gods are too strong, and any one of them is the pinnacle of the vast universe, the terrifying existence that shakes the starry sky.

Fengyun Mountain shook a bit and returned to calm.

"Is it a burst of energy?"

At this time, Bo Yi opened his mouth, and the color of surprise flashed in his eyes.

"Explosion?"

Lu Ming showed his doubts.

However, many people have apparently heard of it, and they are also surprised.

"The leader, thirteen famous mountains, has bred primitive gods, so inside the famous mountains contains horrible primitive **** crystals. After a long time, the primordial spirit inside the famous mountains will accumulate to the apex, and then it will burst out, which is called the **** spirit. break out!"

Boyi explained.

Chapter 3428: Lots of primitive **** crystals

"Spirit burst? Will it have a great impact?"

Lu Ming's face changed.

If all the spirit inside Fengyun Mountain erupts, will it cause a devastating blow to Fengyun Mountain.

"There will not be much impact. The spirit in the mountain will automatically find a weak area and then burst out, but the specific place will be fixed every time, it is difficult to determine!"

"Famous mountain eruption is not regular, and every time, there will be a long time interval before it erupts once. Unexpectedly, we can actually wait until Fengqi eruption in Fengyun Mountain!"

Bo Yi marveled, his face more happy.

"Aren't these spirits exploding, or are they out of chance?"

Lu Ming asked.

"Of course, inside the famous mountain, the primitive gods were bred and filled with terrible coercion. No one can go in to explore. I am afraid that even the peak person of the God's King Realm will be crushed to death. Therefore, no one knows what is inside the famous mountain. !"

"However, it is conceivable that primitive gods can be bred, what is the situation inside the famous mountain, and it is absolutely possible to breed unimaginable treasures, as for the primitive **** crystal, let alone, I am afraid there are countless inside!"

"Every time the divine energy erupts, inside the famous mountain, a large number of primitive divine crystals erupt together, and even other more precious treasures erupt together, which is a real chance!"

Boyi Road.

"Treasure inside the famous mountain!"

Hearing this, Lu Ming's eyes also showed fiery light.

Afterwards, his eyes flashed and said: "Since this is the case, I am afraid that the situation will gather, and other masters of famous mountains will also come to compete!"

"No, there are rules in this world. The famous mountains can't interfere with each other in war. The spirit erupts. It's a matter of Fengyun Mountain. It's also our chance of Fengyun Mountain. The people of other famous mountains, even if they are coveted, can't shoot!"

Boyi Road.

"That's good, arrange staff immediately and find out where the spirit might explode. We need to find the place where the spirit explodes before the Barbarian League!"

Lu Ming ordered to continue.

The people of the Dragon League began to act. During this time, there is no need to condense the original **** crystal, and concentrate on exploring the place where the spirit may explode.

At the same time, the people of the Barbarian League also acted and searched all over the mountains.

People from both sides will meet together from time to time, fighting will erupt, small friction will continue.

With the passage of time, Fengyun Mountain became more and more trembling, and it was not far from the eruption of the spirit.

On this day, Lu Ming got a report and found a place that was suspected of possible outbreak. The location was actually at the foot of Fengyun Mountain and the mountain.

Lu Ming immediately drove him over.

At the foot of the mountain south of Fengyun Mountain, there is a pile of chaotic stones. During this time, there is a continuous overflow of divine energy, and the divine energy becomes very dense, like a mist.

Here, it is likely to be a weak place. This situation only occurs when the spirit inside Fengyun Mountain pours towards this side.

Rumble!

When Lu Ming came, this area was still shaking slightly, and even Lu Ming saw the ground fluctuate, as if there was a huge beast to be rushed out of the ground.

Ok?

At this time, Lu Ming's eyes looked in another direction, and in that direction, a rainbow of light flew towards this side.

"The barbarians, sure enough!"

Lu Ming whispered.

Uh, uh...

Over there, the dense figure flying, headed by people, is very sturdy.

Bark took the barbarians and stopped in the distance to face off with the Dragon League.

"Mank, we found this place first!" Bo Yi shouted.

"You found it first, it's ridiculous, this place was obviously found by us first, but my people went back to report to me, but you took the place first, and now we are here, you can go!"

Mangke smiled faintly.

"It's really shameless!"

Boyi cold drink.

The other party was obviously talking nonsense with his eyes open.

Lu Ming didn't say much. Nobody would be willing to let go this time, even if the barbarians found it first, he would not let it go, and vice versa.

It's useless to say more, and then speak by strength.

"This time, completely solve the barbarians!"

Lu Ming's eyes flashed coldly.

In the same way, Barker's eyes are filled with murderous opportunities.

The two sides confronted each other, waiting quietly, waiting for the burst of spirit.

Time passed quickly, day by day.

Every day in the past, this place is shaking more and more violently.

Soon, half a month passed.

Rumble!

There was a rumbling noise from the ground, and the ground was undulating, like a giant beast heading out.

"Rewind!"

Lu Ming and Bark both shouted, backed away with their men, and backed far enough.

There is a lot of magical energy. Once the energy is rushed out, it is infinitely powerful. If you are rushed by the energy, even if you are strong, there is only one way to die.

After the first wave of eruption, the spirit will weaken.

"is coming!"

Suddenly someone spoke, and his voice was tense.

Rumble!

A loud noise erupted on the ground, and the rock pile in front shook, and then there was a blood-red beam of light rushing out of the ground, and the extremely hard boulders exploded one by one.

In an instant, more than a hundred blood-red beams of light appeared on the ground.

And these beams are getting bigger and bigger, in the end...

boom!

There was a tremendous roar, a splash of gravel, a huge blood-red beam with a diameter of more than a hundred miles, erupting from the ground, breaking through the clouds and rushing into the sky, spectacular.

"note!"

Lu Ming shouted and laid a lot of defense in front of him, as did everyone else, because there was a constant flow of rubble flying over, like a magic weapon, which was amazingly powerful.

Divine power condenses into a shield, blocking it in front, blocking those gravel.

"It's so rich!"

Lu Ming took a deep breath and showed shock.

The blood-red beam of light is full of primordial energy, and it is extremely rich. It is countless times richer than the place where the original charm of Fengyun Mountain was the most intense.

For some time to come, the original spirit of Fengyun Mountain will be very strong, and the speed of condensing the original Shenjing will be accelerated. For the entire Fengyun Mountain, it is a great opportunity to make other famous mountains jealous.

Rumble!

The **** beam of light continued to erupt, as if it were endless.

It only took a while for the intensity of the beam of light to weaken.

At this moment, along with the beam of light, there were also crystals flying out.

"Primitive God Crystal!"

"The original **** crystal is out!"

Someone exclaimed.

The dense crystals are all primitive **** crystals. I don't know how many of them are amazing.

Everyone waited, and did not take the first shot.

The primitive **** crystal, accompanied by the beam of light, rushed to the sky, and then scattered in all directions.

At this time, the intensity of the light beam is lower, and there is no much harm to some top experts.

Chapter 3429: Vice Mountain Master of Qitong Mountain

After a moment!

Wow!

The primitive **** crystals in the sky are like raindrops falling down from high altitude.

"Grab it!"

Someone shouted, rising into the sky, rushing towards those primitive **** crystals.

"Do it!"

"its mine!"

At this moment, everyone moved, and they all rose up to grab the primitive **** crystals.

Crazy, most people are crazy, plundering primitive **** crystals.

This is a rare opportunity. Whoever snatches it is the one who does not need to turn it in. It is much faster than slowly condensing.

No one would think too much about the original Divine Crystal. This kind of treasure is also worth the price.

Lu Ming also rose into the sky, and a big hand was condensed by the divine power. With a big hand, hundreds of primitive **** crystals were caught.

Within a few moments, Lu Ming got thousands of primitive **** crystals.

Fengyun Mountain, Dragon League and Barbarian League together, there are tens of thousands of people, no matter how many primitive **** crystals, they are not enough to grab them. Soon, the primitive **** crystal burst out, will be snatched out, contradictions, also Erupted.

"Go away, these original **** crystals are mine!"

"It's you who rolled, I saw it first!"

"Then send you on the road!"

A loud roar sounded, and then the sword's sword light flashed, and a rumbling loud noise erupted in the sky, and many people fought together.

Then, screams came out, someone was killed, blood stained the sky.

This is like a fuse, the scope of the war has expanded sharply, and soon, most of the Dragon League and the Barbarian League are involved, fierce fighting together.

Of course, no one dared to fight with Lu Ming, Boyi and others. Ordinary Barbarian disciples did not dare to fight them.

Uh!

Lu Ming flickered and continued to seize the original **** crystal.

At this time, the beam of primordial spirit inside Fengyun Mountain is getting smaller and smaller, and its power is getting weaker and weaker, but there are still primitive **** crystals flying out.

"That's... Divine Power Source Pearl!"

Suddenly, Lu Ming's eyes gleamed, bursting with dazzling light.

He saw two treasures, accompanied by the primitive **** crystal flying out of Fengyun Mountain, that is clearly the source of divine power.

Inside the Fengyun Mountain, the source beads of the divine power are actually bred, one can wake up a source beads of divine power.

At first, the Nine Sword Heavenly King used a source of magical power beads to try to cause the geniuses of the nine kings to fight against each other. Finally, the source of the magical power beads was obtained by Lu Ming.

This kind of treasure is extremely rare and can't be encountered. Now that two of them appear at once, will Lu Ming miss it?

As the figure moved, Lu Ming's figure burst toward the source of divine power.

On the other side, Mang also saw the source of the Divine Power, and there was greed in his eyes.

Although he has awakened the original secret technique, but the attribute of the source of the Divine Power is destined to its value, which is too precious.

You know, there are so many gods and kings that exist, and they have not awakened the original secret technique. A source of divine power can make these gods crazy.

Bark also rushed towards the Divine Power Source Pearl. During the process of rushing out, his body swelled up sharply and turned into a huge Barbarian God, standing 100,000 meters tall and standing upright. With a big hand, he grabbed the Divine Power Source Pearl, thinking Grasp the source of Divine Power in your hands.

"roll!"

Lu Ming drank coldly and turned into an ancient **** of purple armor, and then the ball wriggled to cover his whole body, and a battle sword was formed on the palm of his hand, and the sword was cut out.

A dazzling sword awn was chopped on Mank's palm, Mank's arm shivered, and he could not help but retreat. Two magical source beads flew past Mank's hand.

"The Divine Power Source Pearl is mine!"

The bark shouted, and the bronze war sword appeared, slamming toward the landing.

At this moment, Lu Ming knows the sea, the war character tactics are brilliant, and there is a slight shock. This is Lu Ming triggering the war character tactics five times as much.

Today, the warfare tactics are five times as powerful, and have been trained by Lu Ming to a one-seventh probability. Every seven triggers can trigger success.

boom!

Lu Ming succeeded in triggering, the battle was full, and he swung his sword to the barb.

when!

The War Sword collided with Bark's Bronze War Sword, but Lu Ming still had the upper hand. The Bronze War Sword bounced back, and Bark's body retreated.

Then, Lu Ming stepped out, and the War Sword continued to slash out, slashing towards Bark.

"Shoot!"

Bark suddenly shouted.

At this moment, a figure, wrapped in a black robe, suddenly appeared in front of Bark, holding a ball in his hand. The ball glowed and grew sharply. It seemed to draw mountains and lakes on it, like a planet. Fly to Lu Ming.

boom!

Lu Ming cut a sword on the ball. The ball shook violently and was blown out, but Lu Ming's sword was also blocked.

"Ok?"

Lu Ming's expression narrowed.

In Barbarian League, besides Bark, who else can block him?

Uh!

At this moment, in the high altitude, another black-robed figure flashed, as fast as a lightning, grabbed two divine source beads in his hand, and then his figure appeared beside Bark.

"Who are you? Hide your head and show your true face!"

Lu Ming drank coldly.

"You want to know, depends on whether you have this skill!"

A black robe sneered.

"kill!"

Lu Ming is too lazy to talk nonsense with the other party, holding a war sword and killing the past.

"Shoot!"

The bark yelled, his mouth opened, and the white bone flew out again. In the bark's fleshy expression, the white bone flew towards him, merged with him, and turned into a bone armor, covering him .

With the protection of the bone armor, Bark's confidence increased greatly, he roared, brandished a bronze war sword, and launched a stormy attack on Lu Ming.

The other two black robes, flashing in shape, also slammed towards the landing.

"Master, let's help you!"

At this time, Bo Yi shouted, and another deputy leader was going to help Lu Ming, but another black robe appeared in front of them.

The man held a war halberd, and the halberd was cut out. The unicorn roared, and actually flew out a few huge unicorns, rushing towards the two players.

boom! boom!

Two violent roars, the two of Yeyi's faces changed, their bodies retreated, and they were not opponents at all.

"Kylin War Halberd, you are Lin Xin!"

Bo Yi shouted, his face was very ugly.

Lin Xin is the deputy mountain owner of another famous mountain, Qitong Mountain. The deputy mountain owners of other famous mountains actually intervene in the battle of Fengyun Mountain.

"If you don't want to die, just get away!"

The young man holding the battle halberd, Lin Xin, snorted, turned around, and killed Lu Ming, besieging Lu Ming.

At this moment, Lu Ming beheaded more than ten swords, and the sword mansions filled the world.

Although Bark's defense is strong enough, his attack power is still worse than that of Lu Ming. He was cut by Jianguang and retreated.

The other two black robe men, even more invincible, were flew out by the violent swordmans.

"Sure enough, there is some strength, it seems that if you do not use the strongest means, you can't win this person!"

A black robe drank coldly, and suddenly roared loudly, the black robe on his body exploded, revealing the true appearance.

Chapter 3430: Four masters

The black robe of a black robe burst to reveal his true appearance, and then his body swelled up sharply, turning into a giant tiger.

This tiger has a one-horned horn and a pair of meat wings with blood-red scales.

This is a primitive **** body. What is amazing is that this person has turned into a primitive **** body. The body is very huge, and it is almost the same as the barbaric.

The eighth change of primitive **** body, which is obviously the eighth change of primitive body.

Immediately afterwards, the body of another black robe also swelled sharply, and also turned into a primitive **** body. It was a giant wolf with three heads, and the body was also very large, not weaker than barbaric.

It is the eighth change of the original **** body.

In the back, Lin Xin also exhibited the original divine body, which turned into a golden ape with a height of 100,000 meters, holding a huge war halberd.

It is also the eighth change of the original **** body.

The three masters, plus the bark, are four people, surrounded by Lu Ming Tuan, a violent breath, like the ocean and the sea, flooding the world.

This scene shocked other people, those who were fighting, could not help but stopped, looking at this side in shock.

"It's you, damn, you are so brave!"

Boyi apparently recognized the three men, shouted, and then said to Lu Ming: "Leader, they are the deputy mountain owners of Qitong Mountain. There are three deputy mountain owners of Qitong Mountain. They all came. That Lin Xin ranked in the **** king list. Be careful in the first thirty!"

"Is the deputy mountain owner of Qitong Mountain? No wonder!"

Lu Ming's eyes narrowed, no wonder his strength was so powerful.

In particular, Lin Xin ranked in the top 30 of the Shenwang list.

The God King List is a list selected by everyone in this world. It only lists the 30 strongest geniuses, and each combat power is extremely amazing.

"You Qi Tongshan actually intervened in our Fengyun Mountain, you have seriously violated the rules, and the defenders know that you can't walk around without food!"

Bo Yi shouted.

"Oh, this is just the foot of Fengyun Mountain, we didn't climb Fengyun Mountain!"

Lin Xin sophistry.

"Nonsense, this is the territory of Fengyun Mountain!" Bo Yi shouted.

"So much nonsense with them, kill Lu Ming first!"

Barbaric shouted, brandished a bronze war sword, and drove towards the landing.

At the same time, the three deputy mountain owners of Qitong Mountain also moved and killed Lu Ming.

Four masters, from all directions to Lu Ming, the offensive is like a storm.

Lu Ming's eyes were cold. Needless to say, the deputy mountain master of Qitong Mountain dared to kill here, and it must have been tacitly approved by the barbarian town guards, and even promoted from behind.

Nowadays it is only by myself!

"kill!"

Lu Ming Changxiao, a variety of primitive secret techniques on his body came out in suspension, divided into four shares, and killed the four people, Mang and Lin Xin.

Lu Ming, wielding the war sword, killed the three giant wolves.

Bark's defense is too strong to deal with.

But for others, defense cannot be so perverted.

Roar roar!

The three giant wolves roared in their mouths, ejected three beams of light, and directly blasted Lu Ming's original secret technique.

After all, Lu Ming's cultivation base is still weaker. With his own strength, he can't beat these people by running the original secret technique.

The mystery of the original source was blasted, the beam of light continued to blast towards Lu Ming, Lu Ming slashed his sword, directly split the three beams of light into two halves, and then continued to kill the three giant wolves.

The face of the three giant wolves changed. Obviously Lu Ming's attacking power was beyond his expectations, and there were three roars. In his mouth, three electric lights burst into three war swords, slashing towards Lu Ming.

At the same time, Lin Xin and Bark also flew Lu Ming's original secret technique and killed Lu Ming.

Lu Ming had no choice but to give up and continue to attack the barbaric attack, evading with all his strength, striking his body in a row, dangerously and dangerously avoiding several people's attacks.

"You can't hide it!"

Lin Xin's indifferent voice sounded, the Qilin war halberd slashed down, the Qilin roared, culled towards Lu Ming, the power was terrifying, and it could tear the void.

Barbaric shouted, brandished a bronze war sword, and came from another direction.

In addition, the one-horned giant tiger controlled a huge ball and pressed it against Lu Ming.

The three giant wolves laughed loudly, and the three thunder swords struck Xiang Luming.

Every attack is extremely terrifying, and it can easily kill the pinnacle of the king.

Lu Ming didn't dare to carelessly, concentrating on waiting, the sword of war continued to wave, and her defense was impenetrable.

Boom...

The terrible explosion continued to erupt. After all, the attacks of the four masters were all blocked by Lu Ming, but Lu Ming's face was also white. The kind of anti-shock force was uncomfortable.

"No, if you go on like this, the power of the ball will soon be exhausted!"

Lu Ming thought secretly, but the opponent had four masters, each of which was not weaker than him. The four joined forces, it was too strong.

"Fight!"

Lu Ming's eyes showed a fierce color, and at this step, he could only desperately.

"Ball, hold it!"

Lu Ming grunted, and then rushed towards the front. The direction he rushed out was still the three giant wolves.

Although these three giant wolves have a high attack power, they are relatively weaker in defense, and in the top four players, overall, it is best to deal with them.

In the process of rushing out, Lu Ming's body continued to shine.

Nine heavy red gold armor, ice chains, wrapped Lu Ming Tuan group.

In the present state of Lu Ming, the nine-fold red gold armor and the ice chain are not enough, but can some defenses be strengthened anyway?

"kill!"

Lu Ming shouted, and the sword in his hand was chopped towards the three giant wolves like a storm.

At the same time, all kinds of mysterious techniques of the original source also slammed into the three giant wolves.

Lu Ming, staring at the three giant wolves and attacking one by one, Lu Ming is too lazy to ignore the attacks of others.

The three giant wolves roared and spit out an attack in their mouth, but they were all defeated by Lu Ming.

At the same time, the attacks of Man Ke and Lin Xin fell on Lu Ming.

Almost in an instant, the ice chain and the nine-folded red gold armor shattered, attacking and falling on Lu Ming.

Suddenly, Lu Ming's body thundered, and the armor transformed by the ball violently wriggled and became extremely hard, resisting various attacks.

However, some places were still broken, such as Lin Xin's Qilin War Halberd, which directly tore the armor transformed by the ball into a mouth, and the terrible power poured into Lu Ming's body.

Suddenly blood flowed.

But fortunately, the ball blocked most of the power, and Lu Ming cultivated the Devil's golden body. The body was strong, and the vitality was extremely tenacious. It stiffly blocked the blow.

The attack of Bark and the one-horned giant tiger was blocked by the armor transformed by the ball, but there was also power to pour into Lu Ming's body through the armor and make Lu Ming's body shock.

But after all, it was blocked.

"kill!"

Lu Ming roared, and the offensive kept on, staring at the three giant wolves, the war sword slashed down.
