

D Emperor 3471

Chapter 3471: One Thousand Gods

Ape Huan's breakthrough lasted for an hour before he stopped, and he ended his cultivation.

call! !

Ape Huan took a deep breath, then stood up, his eyes gleaming finely, and he seemed to be several decades younger.

"Yan Huan thanked Zhan Zu for his success!"

Ape Huan came to Lu Ming and bowed deeply.

This time, thanks to Lu Ming, he was able to break through.

Originally, he has been stuck in the seven peaks of Shenjun for more than two stellar years, and may not be able to break through in his life.

This time, thanks to Lu Ming's primal spirit, he was able to make a breakthrough in one fell swoop. He was sincerely grateful to Lu Ming.

"You're welcome, how? Can you practice the original **** body now?"

Lu Ming asked.

"After absorbing the primordial spirit fluid, the deep blood veins in my body have been stimulated. There is no problem in cultivating the primitive **** body!"

Ape Huan said, radiant.

Cultivation as a breakthrough to the eighth level of the Divine Monarch, coupled with the cultivation of the original **** body, his combat power is not much higher than before, and since then, there have been very few people who want to overcome him in the Taixu Holy Dynasty.

Except for the terrible existence of those princes above ninefold, they are almost unmatched.

"Zhanzu..."

On the edge, the ape screamed from his fiery eyes, and he just stopped talking.

"Haha, ape followers, naturally you are indispensable, take it!"

Lu Ming took out the jade bottle and another drop of primitive spirit liquid flew out.

This kind of thing is more useless, one drop is enough.

Like Ape Huan, a drop of blood stimulates the blood vessels deep inside the body and at the same time breaks through to cultivate behavior.

But that's because his cultivation base is at the peak of the Seventh Realm of Divine Monarchy, and he can break through with just a touch, so he can break through.

Now continue to refine the original spirit liquid, it will not have much effect.

"Thank you Zhanzu!"

Ape from overjoyed, took the original spirit liquid, swallowed it into the mouth, and then refined it.

Half a day later, the success of the ape from refining has not only stimulated the blood in the body, but also his cultivation practice has also broken through.

Ape's cultivation practice was originally at the peak of Shenjun's sixfold, and it was only one step away from Shenjun's seventh. Just like Ape Huan's, his cultivation practice also broke through in one fell swoop.

"Okay, okay..."

Lu Ming was ecstatic.

Divine Monarch Sevenfold, in the Taixu Holy Dynasties, that is the real top-level master, like Jiu Jue Tian Wang, Jiu Dao Tian Wang, but also Shen Jun Qi Zhong's cultivation behavior.

In the past, the strength of the Nether Ape War Clan was similar to that of Jiu Jue Tian Wang Mansion, but now, with the breakthrough of Ape and He Yuan Huan, it has completely surpassed Jiu Jue Tian Wang Mansion.

"Ape Huan, Ape Cong, bring as many people as you can, follow me to the sky mixed star domain, after reaching the sky mixed star domain, first select the right person, refining the original spirit liquid!"

"Also, you hold these!"

Lu Ming waved his hands and the two storage rings flew to Ape Cong and Ape Huan.

"Zhanzu, this is..."

"This is the original **** crystal, which can help you cultivate the original **** body!"

Lu Ming said.

There was a shock in their hearts, and there was a trace of horror in their eyes.

What Zhanzu experienced during this time, there are so many treasures, it is even more unfathomable than the startling feathers of that year.

Of course, the two were overjoyed.

Lu Ming gave Aeon Huan and Ape 10,000 pieces of primitive **** crystals respectively, enough for them to use for a long time.

Anyway, Lu Ming's current primitive **** crystal is terrible.

You know, in the primitive spirit world, more than ten mountain owner's storage rings are in his hands, and the primitive **** crystals in it add up to more than one billion.

A few days later, a large number of Winged Apes gathered.

This time, at least 80% of the masters of the Winged Ape Clan departed from Landing.

Among them, there are one hundred and twenty people.

Adding the eleven people who went out with Landing before, the total is 131.

The existence of Divine King Realm has reached 100,000.

This is a force of terror.

And, Ape Huan will follow them away.

More than one hundred thousand ape war tribes, followed by Landing Ming, left the ghosts, and headed towards the sky.

A few months later, they came to Qianlong Mansion in Tianxianxingyu.

With the addition of this group of masters, Lu Ming's strength has skyrocketed and has surpassed some of the King's Mansion.

Seeing Lu Ming come with so many strong men, those who had previously surrendered to Lu Ming were dumbstruck and shocked in their hearts, which strengthened their confidence in following Lu Ming.

Lu Ming came to Qianlong Star with the people of the Winged Ape Warrior, and did not immediately take them to fight against the barbarian, but distributed the original spirit liquid to let the Winged Warrior refine.

There were about one hundred thousand drops of the original spirit fluid that Lu Ming got at the beginning, and more than one hundred thousand netherworld war tribes were enough.

An expanse of unmanned area is vast, and one hundred thousand apes of the apes and war tribes are stationed here, where the original spirit liquid is refined.

A few days later...

Roar roar...

A horrifying roar of the great ape came out, and more than one hundred thousand Nether Apes battle clan, all inspired the blood of the primitive **** apes deep inside the body, so that they can all practice the primitive **** body.

Lu Ming is very much looking forward to what kind of magnificent scene that more than one hundred thousand ape war tribes will experience when they practice the original gods.

At that time, when the original **** body came out, 100,000 huge **** apes struggled in the starry sky, it is estimated that it would shock countless people.

At the same time, while refining the primordial spirit, a group of Nether Ape War Clan broke through.

This group of Wraith apes, originally cultivated to be stuck at the pinnacle of a certain realm, was able to break through, not everyone can break through.

This breakthrough is amazing.

There are fifty pinnacle **** kings, and they have stepped into the realm of god.

Fifty more princes suddenly appeared and said to scare the dead.

You have to know that before the accumulation of the endless years of the ape war tribe, it was only about 150 gods. This time, there were 50 more people at once.

These fifty were formerly the pinnacle **** king, and stuck in the pinnacle **** king's long years, this time after inspiring the blood, broke through in one fell swoop.

In the realm of God King, there are also many people who have made breakthroughs and upgraded a new cultivation behavior.

The overall strength of the Winged Apes has skyrocketed.

Of course, this breakthrough is one-off.

It is because the apes of the apes have accumulated a long period of time, and they have broken through the stimulation of the original spirit fluid. It is impossible to have such opportunities in the future.

Then, Lu Ming divided the primitive **** body secret technique and primitive **** crystal into the hands of each warrior.

"Okay, now draw half of the manpower to fight with the barbarians with me, and the other half, stay here to practice the original **** body and rotate each other!"

Lu Ming gave the order.

"Yes!"

The ape war tribe answered loudly, and the sound shook the sky.

Now, all the ape warfare tribes are sincerely supported by Lu Ming, and they are close to each other. Even if they let them die for Lu Ming, they are willing.

In the end, it was decided that Ape Huan would stay with a part of the Ape Warrior Cultivation, while Lu Ming took the Ape Clan, and most of the Wing Ape Warrior went to the barbarians to accumulate credit.

Chapter 3472: Lu Ming, why are you?

At the junction of the barbarian and the Taixu dynasty, a relatively barren galaxy. On this day, a warship suddenly appeared here.

"Eradicate the map provided by Crocodile Sky. There is a barbarian army stationed here, just destroyed!"

A cold light flashed in Lu Ming's eyes.

He eradicated the map provided by Crocodile Sky and found this place, where a barbarian army was stationed.

Lu Ming waved his hand, and huge stones flew out.

These are all interest shadow stones. This time, Lu Ming specially sent people to the military aircraft to get dozens of interest shadow stones, so that they could record their credit in all directions.

"Okay, kill it!"

Lu Ming waved his hand.

Uh, uh...

More than fifty thousand warriors of the ape warriors killed the galaxy ahead.

"Enemies!"

The seemingly barren galaxy immediately roared, and then a large number of masters flew out of each planet.

At least there are hundreds of thousands of barbarian army.

The two armies collided in a blink of an eye, fighting together.

boom! boom!

A terrifying roar erupted in the starry sky, and then a huge planet exploded directly.

The strong man with God's King Realm confronted.

However, it is obvious that although the number of the Nether Ape War Clan is small, the combat power has the upper hand. You must know that this time Lu Ming brought the prince, but more than 80 people.

In addition, there are apes from this seven-level powerful prince, and there are several other six-level princes.

In this army of barbarians, the strongest is only the five-fold god.

boom!

Ape from the shot, terrifying fist print shocked the sky, a punch out, that is, thousands of barbarians burst apart, no matter whether it is a **** king or a **** lord, directly punch and kill.

"Shenjun sevenfold, damn, how did the Taixu dynasty dispatch such a horrible existence, and how did they know we were here?"

Deep in the galaxy, a barbarian strongman roared.

He is the commander of this army, and he has five princes of cultivation, but at the moment, his face is scared and pale.

"Commander, it's not good, we can't resist it at all, and the casualties are over half!"

A barbarian came to report.

"Retreat, retreat!"

The barbarian leader shouted.

"Retreat? Where do you want to retreat?"

A cold voice sounded, and the apes never knew when they had appeared above their heads.

"Ah, no!"

The barbarian leader was terrified.

boom!

The ape banged straight from the punch, a fist, huge, covering the sky and the sun, blasted towards the barbarians to command these people.

Under the fist of the fist, these people could hardly resist, and their bodies continued to burst apart.

The same is true of the barbarian ruler of the five-folded divine monarch, the difference between the five-fold divine prince and the seven-fold divine prince is too great, the fist seal is pressed down, and his body bursts directly.

boom!

Finally, the fist print landed on this planet. There were hundreds of earthquakes on this planet, and there were huge cracks covering the surface of the planet, and then endless magma rose into the sky. Then, the whole planet exploded, like A brilliant firework.

As soon as the barbarian's leader died, other people had no resistance, and they were continuously hunted. Not long after, this group of barbarians were all hunted out.

"Go, go to the next location!"

Lu Ming ordered.

With the map of Crocodile Sky, Lu Ming made the barbarians' garrison clear and clear, and he knew which route could be approached silently without being discovered.

In the next three years, Lu Ming led a group of people to go south and discuss, killing a total of nine barbarians, adding up to millions.

This is definitely a great contribution. When you report it, Qianlong Mansion can be promoted to become a monarch house, and Lu Ming can also become a monarch.

"The last target, the Cangming Galaxy, is also a barbarian army lurking here. As long as this barbaric army is defeated, we will stop!"

Lu Ming said.

In fact, in the past few years, Lu Ming has killed so many barbarians in a row. The barbarians have shook and began to shrink their troops. At the same time, they also sent strong men to start defense, looking for opportunities to fight back.

So there are not many opportunities behind, and at the same time, Crocodile cannot do too much.

This time, it's over.

They headed towards the Cangming Galaxy.

At the same time, a group of warships were flying in the starry sky far away from Lu Ming.

This army is the right wing of the Eighth Army of the Taixu Holy Dynasty, and the commander is Xihuang, the army where Lu Ming was originally.

"I got the news that there is a barbarian army lurking in the Cangming galaxy, speeding up to rush over, and destroying this barbarian army with thunder, this is a great achievement, understand?"

Xihuang ordered loudly.

"Yes!"

His men led the life, and then the battleship rumbled away, towards the Cangming galaxy.

After a while, when Xihuang's fleet approached the Cangming Galaxy, they saw a burst of "fireworks" in the Cangming Galaxy. It was a scene where the planet exploded. It was terrifying.

At the same time, shouting killing sounds, fighting sounds, staring at the starry sky.

"Damn it, someone got ahead first!"

Xi Huang's face is ugly and dying.

When he got the news, he hurried over immediately. He thought he had great credit to pick up.

"Which army are you from?"

Xi Huang asked.

"General, the distance is too far to see. I can only barely see the attacking barbarians, but a giant ape!"

One will be reported.

"Giant ape?"

Xi Huang frowned, and he couldn't help thinking of Lu Ming.

At the beginning of Lu Ming's men, there were also some apes fighting tribes that could be turned into giant apes, is it Lu Ming.

impossible!

Xi Huang shook his head and smiled, Lu Ming was already dead, he personally sent Lu Ming to the Jedi, it could never be Lu Ming.

Moreover, even Lu Ming has so many strong men under his staff?

To know that he got the news, the barbarian army lurking here, but Lu Ming, who possesses the fivefold existence of Divine Monarch, can deal with it?

"Huh, I dare to grab the credit, we wait here to see who did it, always pay a little bit!"

Xi Huang snorted.

Even if it was the Taixu Holy Dynasty other army, he also had to gain some benefits.

Fighting did not last long, and soon after, the battle was basically over.

"Zhan Zu, outside the Cangming galaxy, it seems that an army is coming, but it's too sacred!"

The ape has reported to Lu Ming.

"Taixu Holy Army? Let's go and see!"

Lu Ming frowned, and then led people out of the Cangming galaxy.

"What about your leader? Who is it? Tell him to speak to me?"

Xi Huang came out step by step, and his voice came far away, but before his words were spoken, Yan's eyes could not help but widened, staring at the front like a ghost, and shouted: "Lu Ming, Lu Ming, how is it possible It's you?"

"The right wing army of the Eighth Army of Extermination, Xihuang!"

Lu Ming's mouth twitched slightly, what a coincidence.

Chapter 3473: Eat bear paw today

"Lu Ming, you... you are not dead yet?"

Rhino shouted loudly, he was really surprised. He sent Lu Ming into the planet with wormholes. It was nothing more than letting Lu Ming as a bait. After that, the planet was under siege by a large number of barbarians.

Under the siege of so many barbarian powerhouses, Lu Ming is mortal.

However, he calmly attacked the handsome army in the rear, and it annihilated many barbarians, and received a lot of credit. Even after he recaptured the planet, he did not find Lu Ming's trail.

He speculates that Lu Ming most of them rushed into the wormhole, but opposite the wormhole, but the territory of the barbarians, Lu Ming passed, and will definitely die.

Over the years, he has always thought that Lu Ming is dead, but now he suddenly sees that he is too shocked.

"Xihuang, are you disappointed to see that I am not dead?"

Lu Ming smiled coldly.

After all, Xihuang is the right-wing general of the Eighth Army of the Barbarians. The army has thousands of troops, and his mind is superb. He quickly calmed down and a few cold lights flashed in his eyes.

"Lu Ming, you are so brave. Since you haven't died, why didn't you return to the team? And you sent troops privately. You have violated the military regulations. What crime should you do?"

Rhino shouted.

He directly buckled Lu Ming with a big hat.

"At that time, you deliberately treated me as a bait, let me go to die? Now let me return to the team? Ha ha, your big face!"

Lu Ming responded with a sneer.

"Bold, you dare to slander me, you commit the following crimes, and punish you with multiple crimes!"

Rhinoceros shouted.

"Oh, then?"

Lu Ming spread his hands and looked at Xihuang with contempt.

Lu Ming's action made the cold light in Xi Huang's eyes more exuberant.

This is Chiguo's provocation.

"Come here, take this sinner down and deal with it by military law!"

Xi Huang gave a cold command.

"Yes!"

Immediately, two generals wearing armor strode forward and rushed towards the landing.

These two armored generals are very strong, and they are both the divine princes.

Their speed was very fast, and they were approaching Lu Ming in a blink of an eye. Each of them held a chain, revealing a terrible color, and shouted: "Boy, just grab your hands!"

He said, brandishing an iron chain and lingering toward Landing.

"killed!"

Lu Ming spoke lightly.

boom!

On the edge of Lu Ming, a strong ape warrior stepped out, emptied, and an iron rod swept toward two armored generals.

The iron rods are like mountains, squeezing the starry sky, and the whole starry sky is shaking. The power is so horrible.

"You are bold..."

"Do not..."

The two armored generals shouted in horror, but at the next moment, the iron rods swept away, and their bodies exploded directly, and they disappeared.

Divine monarch triple, can kill **** prince twice, not to mention the existence of **** prince.

After killing two armored generals, the Nether Ape Warrior returned to Lu Ming without saying a word.

Xi Huang froze, and his men froze.

He is not unaware that there are masters in Lu Mingjun, otherwise it is impossible to destroy the barbarians of the Cangming Galaxy.

But they didn't expect Lu Ming to be so bold and dare to kill them directly.

Who are they?

The people who destroy the Eighth Army of the Barbarians have a high status on the battlefield, and Xihuang, but Lu Ming's boss.

Lu Ming not only killed his own people, but also the people who were in charge of his boss. This was a brave act.

"Lawlessness, Lawlessness, Lu Ming, you are a great sin, a sin that deserves death!"

Rhino shouted.

"Oh, then?"

Lu Ming still said that, indifferent, contemptuous, and dismissive.

The rhinoceros was trembling for a while, and his eyes were even colder: "Then, I will give you death!"

boom!

With nothing to say, Xihuang stepped out one step at a time, the sky was violently shaking, the whole starry sky was shaking, a terrifying coercive pressure filled the sky.

"Six Kings of Divine King!"

On Lu Ming's side, the ape whispered.

Lu Ming nodded slightly, and Xi Huang was not too surprised.

I heard that the thirteenth army of the barbarians, and the commander of each army, are all above the seventh level of the Divine Monarch. As a right-wing general of the Eighth Army, Xi Huang has the cultivation of the Sixth Level of the Divine Monarch, and it is not surprising.

"Come here, join me, kill this sinner!"

Xi Huang spoke indifferently.

"Yes!"

Suddenly, dozens of people stepped out and followed the rhinoceros.

These dozens of people are all confidants of Xihuang, and they are also the most powerful.

They stepped out, seemingly slow, but in fact the speed was astonishing. In a blink of an eye, they approached Lu Ming.

"In addition to Xihuang, everyone else can stop to live, otherwise, die!"

Lu Ming's indifferent voice spread through the air, but only a taunt came in return.

"Hahaha, what does this kid say? He wants us to die?"

"This kid has a problem with his brain, and he doesn't look at his situation!"

"General Xi Huang shot himself, he can still say this, he is big enough!"

Behind Xihuang, some people sneered.

Xihuang, but the existence of the Sixfold Divine Monarch, killing the Fivefold Divine Monarch, is like searching for and extracting things. Lu Ming can still say these words. Isn't there a problem with his mind?

"I see how you let me die, kill!"

On the right side of Xihuang, there is a big burly man who was transformed by a giant bear. He roared and patted the landing song with a palm, and then a black bear paw covered the sky and cried to the landing. Press it down and shoot Lu Ming into a puree.

Horror, incomparable horror, this giant bear is a deputy general of Xihuang, who has five levels of cultivation as a prince, and is three times as powerful as a prince. I don't know how many times stronger.

However, in the face of such a horrible palm, Lu Ming's face was always calm, and even his eyelids were not lifted.

On the edge of Lu Ming, an elderly Hades of Apes shot.

It was not an ape slave, but an elder of the aristocratic warfare tribe, a prince with six heavy beings. He held a huge war knife and cut it out with one knife.

The blade of light burst into light, illuminating the universe starry sky in an instant, as if to split the starry sky in half.

"This is...Shen Jun Liu Zhong..."

The black bear's pupils suddenly widened, his face changed wildly, and he was almost scared to death.

He wanted to take back the bear's paw. It was too late. He only had time to make a desperate roar, and then the knife flashed, the blood flashed, and a bear paw was cut off.

At the same time, the knife kept on chopping towards the bear's head.

The giant bear never imagined that Lu Ming's men actually had the sixfold existence of the Divine Monarch, so they had no intention of evading or retreating. In fact, even if he was prepared, he was too late.

puff!

Daoguang slashed down, directly splitting the giant bear into two halves, and fell to the spot.

Quiet!

At this moment, the universe starry sky became deadly silent.

Everyone on the right wing of the Eighth Army of the Extermination Man stared at the scene incredulously.

A deputy lieutenant of the five princes was actually killed in one move.

They thought they were dreaming.

At this moment, Lu Ming reached out and took a black bear paw in his hand, saying, "Today, there is a bear paw eating!"

Chapter 3474: What do you do with me

"Today, bear paws ate!"

Lu Ming's faint voice came out, and at this time, Xihuang only reacted.

"Lu Ming, you... your people dare to kill my lieutenant? This is my lieutenant, this is the lieutenant of the Eighth Army of the Extermination of the Barbarians, and made contributions to the holy pilgrimage. How dare you..."

Rhino shouted hysterically and his eyes were red.

"Oh, then?"

Lu Ming again said that lightly, as if doing a trivial thing.

Xi Huang almost vomited blood and shouted: "You are a big sin, I will report to the prince, to the Holy Emperor, destroy your door!"

"Don't you just want to kill me by yourself? Why are you reporting it now?"

Lu Ming laughed sarcastically.

Xi Huang's face is somber and ugly, but kill Lu Ming with his own hands? is it possible?

Beside Lu Ming, there is also the existence of the sixfolds of Divine Monarch. This point, Xi Huang did not expect it.

What kind of existence does Shenjun Liuzhong exist? In the Eighth Army of Ruman, you can be a right-wing general. For the entire Eighth Army of Ruman, the existence of the Sixfold Divine Lord does not exceed the number of two fingers, and there are very few.

Such a character is placed in the entire Taixu pilgrimage, he is a big figure.

You know, some of the kings of the king's palace are only seven heavy gods.

This kind of character, as long as he goes further, will be on an equal footing with the king.

Is there such a person at Lu Ming's side?

With such a character, he wanted to kill Lu Ming, it was impossible, and he could only report to the Prince and the Holy Emperor.

"However, it's impossible for you to report it. It's time for you to pit me on that day. Today, you should use your head to offset your sins!"

Lu Ming's voice became very cold.

"Are you going to kill me? Haha, do you think you can do it?"

Xihuang laughed.

The same is the sixfold of Shenjun. If he wants to go, can the other party leave him?

But the next moment, he couldn't laugh.

Behind Lu Ming, there were several years of old apes fighting step by step, the body was filled with a terrifying breath, locked in the rhinoceros body.

The six princes are all six princes, and the three princes are six.

Xi Huang's face changed wildly, and his face was incredible.

And the people who killed the right wing of the Eighth Army almost scared to death.

The men of Xi Huang stared at each other, and they all saw fright in each other's eyes, and then they slowly backed away.

I dare not take another shot. In the face of the three gods and six heavyweights, if they do, there is only one way to die. Lu Ming is targeting Xihuang, not them.

"How do you... have so many masters?"

The rhinoceros shouted, and it was a little difficult to accept.

This is the sixfold of Shenjun, but it is not Chinese cabbage.

"There's so much nonsense, I'll send you on the road!"

Lu Ming gave a cold command.

"kill!"

The three Nether Apes War Clan directly killed the rhinos.

"Damn!"

The rhinoceros roared into a rainbow, rushing upward.

Facing the existence of three peers, he had no desire to fight at all, but had to escape.

He is going to report it up and punish Lu Ming.

However, the strong attack of the three Wraith Apes has arrived, forming a siege, blocking all the retreat of Xihuang.

Rhino shouted and shot with all his strength. Two swords appeared in his hand and hundreds of knives were madly cut.

Boom!

The two sides collided in succession, but Xihuang had one enemy and three opponents. He was not an opponent at all. He was shocked and flew out.

Then a Winged Ape Warrior seized the opportunity and punched Xi Xihuang on the shoulder. Xi Huang snorted, his body retreated tens of millions of miles, and a mouthful of blood spewed out.

Moo!

The rhinoceros shouted loudly, and his body changed dramatically, turning into a huge rhinoceros.

The rhino's fur turned blue and there was a single horn on his head. He roared, turned into a rainbow, and flew in one direction.

In that direction, a ghost ape warfare had blocked the way, and an iron rod hit the rhinoceros.

"Get away from me!"

Xihuang shouted, and there was a raging flame in his body. He was burning divine power and began to desperately.

He didn't desperately work anymore. He saw that Lu Ming was brave enough to really want to kill him. He didn't desperately. I'm afraid he would really lose his life here.

Xihuang's combat power is very strong, fighting with the barbarians all year round, fighting experience is extremely rich.

Extermination of the Eighth Army of the Barbarians, the existence of six heavy gods, close to ten, but Xihuang can sit on the throne of the right wing general, naturally there are outstanding places, among the same level, he is considered strong.

Under the desperate burning of divine power at this moment, the combat power becomes stronger.

boom!

The one-horned rhinoceros collided with the iron rods of the Winged Ape Clan, and a trembling roar erupted, the starry sky was shaking, and the face of the Winged Clan changed, and his body retreated backward.

Would Xihuang miss this opportunity to increase the speed to the extreme, and rushed out, directly rushed out of the encircling circle of the three Winged Apes, and flew out of millions of miles in an instant.

"Lu Ming, just wait for death, just wait for the punishment of the Prince and the Holy Emperor!"

Xi Huang burst out of the siege, relieved, and then shouted.

He wanted Lu Ming to die terribly.

However, Lu Ming's face remained calm, and even a sneer appeared in the corner of his mouth.

Xihuang wants to escape, is it possible?

Seeing Lu Ming's expression, Xi Huang felt an inexplicable chill in his heart, and then looked forward, dismayed, because in front, I don't know when, there was a figure standing there.

This figure is the ape from.

"Get away from me!"

The rhinoceros shouted, the unicorn above his head glowed, and his huge body matched with the unicorn, which seemed to turn into a war sword and rushed towards the ape.

boom!

The ape is very direct, and punches directly.

The huge fist print, the speed is extremely astonishing, the rhino hasn't reacted yet, his fist bombarded the rhino's unicorn, and with a click, the rhino's unicorn was directly broken.

His head shook wildly, with a click, his neck was broken by terrible power, and his head was almost blasted into his neck.

Xi Huang's body retreated backward, coughing up blood while retreating, and was hit hard.

"Sevenfold Divine King, Sevenfold Divine King..."

The rhinoceros roared unbelievably, his heart exploded, and he watched the ape from shock.

Around Lu Ming, there is even the existence of the Seventh King of God, how is this possible?

The Seventh Level of Divine Monarch, in the Taixu Holy pilgrimage, can become a hegemon, how could it be possible to turn to Lu Ming?

The rest of the right wing army of the Eighth Army of the Barbarians were dumbfounded when they heard the roar of Xihuang.

The Sevenfold Divine Monarch, that's the realm of their commander.

Countless people were shaking and pale, and Lu Ming was afraid to trouble them.

"Ape, kill him!"

Lu Ming said coldly.

"No, no, you can't kill me. I'm the right-wing general of the Eighth Army. I made contributions to the pilgrimage. You can't kill me..."

Xi Huang shouted desperately, his eyes panicked.

He was afraid, really afraid.

"You made contributions to the pilgrimage, what do you do with me? If you want to kill me, you must be prepared to be killed by me!"

Lu Ming spoke indifferently.

Chapter 3475: Soul Mother

Lu Ming ordered that the ape stepped out and killed the rhinoceros.

"what!"

Rhinoceros shouted, trying to escape from another direction.

However, the three aristocrats and six heavy Hades of the Apes blocked his retreat.

"Shoot, you guys have shot, exterminate this anti-thief, all shot, this is a military order!"

Xihuang shouted wildly, wanting to call out the Eighth Army of the Barbarians.

He brought a lot of people, and if he shot together and triggered a scuffle, he might have a chance to escape.

However, no one did it.

The difference in strength is too disparate, let alone anything else, just the ape and the six superpowers of the three gods can destroy them all.

If they shoot, they are looking for death, and no one is a fool.

"Ah, you still don't do it, you dare not listen to the military order, you greedy people who fear life and death, you are rebellious, this is a big sin..."

Xi Huang shouted wildly, completely collapsed, and he was desperate and regretful in his heart.

But there is no regret medicine in the world.

boom!

Ape Cong's fist slammed into Xihuang's body, and Xihuang's body screamed, and then his body exploded and turned into ashes.

Xihuang, was killed.

The scene was silent.

The right wing army of the Eighth Army of Extermination, everyone held their breath and their eyes fell on Lu Ming.

Lu Ming, what will happen to them?

"What happened today, I don't want to spread it!"

Lu Ming glanced at the audience, and a cold voice sounded in everyone's ears.

"General Lu, rest assured that today's events will never be spread!"

"Yes, I can't say a word!"

...

Suddenly, many people opened their mouths and nodded one after another. They were really scared. Lu Ming even dared to kill Xihuang. He was too brave to care about them?

So, they are honest.

"Xihuang fell, others asked, what do you say?"

Lu Ming said.

"It's simple. We encountered a barbarian. Fighting with the barbarian. General Xihuang fought to kill the enemy bravely. Unexpectedly, the enemy was too strong. General Xihuang was killed by the strong barbarian!"

Immediately, someone shouted.

"Very well, just say that, but I can't believe you, all swear, swear on the source of life, and will never reveal what is happening today!"

Lu Ming said.

This matter cannot be leaked for the time being. After all, Xihuang is the right-wing general of the Eighth Army of the Barbarians. If a general is known to be killed by him, I am afraid it is not easy to explain.

But he couldn't do it if he were to kill so many people in the right wing army of the Eighth Army.

"This..."

Many people hesitated.

"It's okay not to swear, go and accompany you General Xihuang!"

Lu Ming's voice was cold.

There is definitely a confidant here. If you don't swear, most of these people will spread the news.

"I swear..."

"I also swear..."

Soon, a large group of people swore.

The master supervision of the Nether Ape War Clan has been supervised until everyone has finished swearing, and then it is over.

"get out!"

Lu Ming waved his hand, and the right wing army of the Eighth Army of the Barbarians, such as Mongolian Amnesty, left in battleships.

"Go, go back!"

Lu Ming waved his hand and took the Ape Warrior, and left here. After a while, they returned to Qianlong Star.

After returning here, Lu Ming let all the apes of the apes and war tribes practice peace of mind on the Qianlong Star and cultivate the primitive **** body.

Lu Ming is also waiting here, waiting for the news of Qiuyue.

During this time, he kept sending people out to check Qiuyue's news. At the same time, Jiutian also sent people to continue to check. When there was news, he would tell Lu Ming.

In this way, time passed quickly and a decade soon passed.

In ten years, there is still no news of Qiuyue.

There is no Taixu dynasty here, nor there are barbarians.

"Qiuyue, I believe you will be fine!"

Lu Ming sighed.

At this time, he planned to go to the Taixu Holy Capital and give credit.

With his accumulated credit, Qianlong House was promoted from General House to Junhou House.

Once promoted to the monarch's palace, more people will turn to him.

In the past ten years, the strong men of the ape warfare clan have also entered the right track. With the help of a large number of primitive **** crystals, the people of the ape war clan have cultivated the primitive **** body, and the vajra storm ape has improved rapidly.

The main reason is the physique of the Nether Ape War Clan, which fits well with the Vajra Ape Mystery. With the primordial spirit bloodline inspired by the primal spirit fluid, they cultivated and made amazing progress.

It is always improving.

In just ten years, there are many warriors of the apes who have cultivated the primitive **** body to the second change.

The cultivation of the Nether Ape War Clan is on the right track, and Lu Ming can rest assured that he is too empty.

Of course, he wouldn't go alone, with a group of masters of the apes fighting tribe.

It is still Ape from following him, Ape Huan sits on Qianlong Star.

On a mountain, Lan Shang sat alone, and he was covered with a layer of halo, which looked sacred and mysterious.

This is entirely the power of the soul.

At the same time, there is also a spar suspended above the blue merchant's head, emitting a mysterious light.

"Uncle Lan's soul power has risen again, and it seems that he will step into Divine Monarch Double!"

Lu Ming marveled.

He has never seen a person's soul so powerful, and the speed of improvement is so fast.

"Nonsense, with the help of Soul Mother, the improvement of soul power is of course fast, and this kid's talent in the soul is already amazing!"

The voice of Bone Demon came out.

"Soul Mother? Is that spar?"

Lu Ming was shocked.

He remembered that there was no Blue Merchant before, it is estimated that this was the adventure that Blue Merchant had in the primitive spirit world, so the soul power could be broken through.

"Yes, Soul Mother is a rare treasure in the world, extremely precious, the entire wilderness universe is rare, especially for some people who are dying, that is a treasure that can extend life!"

Bone Magic Road.

"Can Soul Mother extend life?"

Lu Ming wondered.

"Of course, you know why a person's lifespan is limited. Divine Realm can live up to five star years and Divine Monarchs can live up to ten star years. It's not that their bodies are decaying, but their souls are decaying and depleting! "

Bone Demon explained.

"indeed!"

Lu Ming nodded.

Xiuwei reached the **** king, the prince, and the flesh without the external force, is almost difficult to decay, unless it has been too long in the past.

For example, dozens of star years, hundreds of star years, and so on.

Like the Divine Monarch Realm, the flesh is extremely powerful, especially the strong men who have practiced the physical secrets.

So why does the Divine Monarch have only ten stellar years of life? It is because the soul is decaying and dried up.

When the soul is exhausted, life naturally comes to an end.

"Understood, the Soul Mother has an extremely mysterious effect on the soul, and it can make the depleted soul happen. Here, once the soul happens, Shouyuan can naturally be extended. In fact, many treasures that can increase Shouyuan are improved. All souls!"

Bone Demon continued to explain.

Chapter 3476: Nine Generals

"So, this Soulmother can't be leaked out, otherwise, I am afraid that it will cause many old monsters to rob, but there are not many people who can know the Soulmother, this can be assured!"

Bone Demon continued.

The two were chatting, and Lan Shang sensed Lu Ming's arrival and ended his cultivation. Soul Mother flew into his eyebrows and disappeared.

"Lu Ming, you are going to Taixu Shengdu!"

Blue Merchant got up and floated.

"Uncle Lan is really like a god. I want to ask Uncle Lan, do you want to return to Taixu Shengdu?"

Lu Ming said.

"Go back, of course, you should go and see Ling'er!"

Blue Business Road.

Over the years, Blue Spirit has been practicing in Taixu Royal Sanctuary.

This girl is rising very hard, and she is desperately trying to surpass Lu Ming while Lu Ming is fighting abroad.

"Okay, let's go together!"

Lu Ming smiled.

One day later, they set off. After some trek, Lu Ming returned to Taixu Shengdu.

As soon as Lu Ming returned to Taixu Shengdu, the news spread immediately.

After all, in recent years, there are many rumors that Lu Ming has already killed the battlefield, and coming back at this moment naturally attracts the attention of others.

Lu Ming returned to the Taixu Shengdu, without stopping, and took him directly to the military plane, planning to submit credit first.

The military aircraft is very large, a hall, the area is very amazing, can accommodate tens of millions of people, very magnificent.

After all, it is natural to deal with the entire military of the Taixu dynasty here.

And there are a lot of people, and there are so many people in and out.

"Look, isn't that Lu Ming?"

"It is indeed Lu Ming. I heard that he died in battle before. It turned out to be a rumor. Now is it time to submit military merits?"

"Speaking of this, Lu Ming is also very powerful. At a young age, he upgraded his rank to the General's Mansion!"

As soon as Lu Ming entered the hall, he was recognized by many people.

"Isn't it promoted to the General's Palace? What's so great about it?"

At this moment, a cold and disdainful voice sounded.

The crowd looked around and saw a young man, with seven or eight people, walking towards this side.

"It is Lin Que, he is Lin Que!"

"Lin Que, one of the nine major stars!"

Seeing this young man, many people's faces changed, and some people exclaimed.

"Nine major stars?"

Lu Ming whispered.

Among the younger generation of Taixu dynasty, if it is the strongest group of Tianjiao, then it is the nine major stars.

The nine general stars, each of which is a top-notch Tianjiao, but Lu Ming entered the Taixu Royal Sanctuary with the same group, and no one has ever boarded the nine general stars.

Each of the nine major stars is older than Lu Ming's group.

Three of them were the last batch of students from Taixu Royal Sanctuary, and these three were also the top three in the ranking.

As for the other six people, they were not students of the Royal College of Taixu, but geniuses secretly cultivated by the royal family.

That's right, among the nine major stars, Taixu Royal Sanctuary, only three people stepped in.

As for the last batch of cadets of Taixu Royal Sanctuary, the age is over, so this is no longer the case.

Although every time the Taixu Royal Sanctuary is held, there will be a large number of geniuses, including the royal family, and even the princess will enter the Taixu Royal Sanctuary to practice.

For example, the startling feathers of the year.

But every time, the royal family will secretly collect a group of top geniuses, secretly cultivate, and invest a lot of resources. Every time, the genius secretly cultivated by the royal family will give birth to some amazing existence.

For example, corresponding to the previous batch of Taixu Royal Sanctuary, six peerless arrogances were born, and only three Taixu Royal Sanctuary can compare with it.

And Lin Que is one of the three Taixu Royal Sanctuary that has become one of the stars, ranking third in Taixu Royal Sanctuary.

At the same time, Lin Que and the prince seemed to have a good relationship. Some people speculated that Lin Que had turned to the prince for a long time.

In an instant, some information flashed in Lu Ming's mind.

Lin Que took the steps and came to Lu Ming not far away, showing a sneer, and said: "Lu Ming, do you come to submit credit?"

"of course!"

Lu Ming answered lightly.

"Boy, what is your attitude? The master is your senior!"

After Lin's absence, a big man shouted.

The master of his mouth was naturally Lin Que. Lin Que naturally opened the government and has long heard that Lin Que is about to be promoted to Junhou.

Lin Que waved his hand, and the big man kept silent.

"Lu Ming, I heard that you were promoted to the General's Palace quite early, but it's not difficult to promote the General's Palace to the General's Palace. Sometimes luck is good, and it's okay. If you want to get credit all the time, you still need hard power and a lot of strength. 'S men!"

"Did you just bring these monkeys? Ha ha..."

Lin Que swept Lu Ming behind him and waited for a glance, showing a disdainful smile.

Ape Cong waited for others to converge their breath very well, so Lin lacked these people, and did not see that Ape Cong waited for the realm of others.

"This kid..." The ape froze from his eyes, revealing the ugly color, and he had to start.

Lu Ming raised his hand and prevented the ape from following.

"A mad dog bites you, why do you bite back?"

Lu Ming said lightly.

"The Lord of the House is right!"

The ape glanced at Lin Que with disdain, hey sneered twice.

Lin Que's eyes gloomed down, and in the depths of his eyes, a few flashes of cold light flashed through him.

"Lu Ming, you come to submit military merits, I also come to submit military merits. It is useless to talk nonsense, let's come to accumulate more military merits than anyone else!"

Lin Que sneered.

"Not interested in!"

Lu Ming spoke lightly, then turned and walked towards a huge counter.

He is really not interested. With his current vision, he is really not interested in competing with people like Lin Que, because...not on a level.

But Lin Que thought that Lu Ming was afraid and did not dare to compare with him.

"Huh, when I was promoted to the General's Mansion, it was only by luck, there were just a few people in God's Realm, and now the horse's tail is exposed, I dare not compare with me, huh!"

Lin Que sneered, a mocking voice rang into the main hall, then cast his body, hurried towards Landing Ming, and appeared on the counter in front of Lu Ming, saying, "Sir, I want to submit military merit!"

He deliberately, deliberately grabbed the military merits before Lu Ming, and deliberately asked Lu Ming to look at his accumulated credit, so that Lu Ming knew the gap with him.

At the same time, Lu Ming can also be attacked, so that he dare not submit military merits in the eyes of everyone, and makes Lu Ming shameful.

Lu Ming stunned, then an inexplicable sneer appeared in the corner of his mouth.

This guy, he didn't hit his face, but he himself wanted to send him a face, he had no reason to refuse.

Therefore, Lu Ming stood still there, watching Lin Que submit military merits.

"Lin Que is about to submit military merits!"

"I heard that Lin Que's cultivation practice has already reached the realm of God King Jiuzhong, and his talent is very amazing, attracting a large number of strong men to surrender. This time I am coming to submit military merits. I am afraid it is not a trivial matter. I want to be promoted to the rhythm of the prince's palace in one fell swoop! "

"Yes, Lin Que played in the third army to eliminate barbarians. I am afraid that many barbarians have been killed!

Many people whispered.

Chapter 3477: incredible

On the counter, there is an old man. This is a big man at the military aircraft. His strength is unfathomable. He glanced at Lin Que lightly and said, "Take out your breath stone!"

"it is good!"

Lin defected and nodded, waved his hand, took out six pieces of interest stone, and handed it to the old man.

Then, the old man took out six small arrays and placed six pieces of interest stone on the position. The six pieces of interest stone immediately glowed and images emerged.

The vast starry sky, fierce fighting, a large number of powerful in the war.

This is exactly the picture of Lin Que leading people to fight with the barbarians. I saw one barbarian fell before them.

"It's awesome, that's the terrible powerhouse of Divine King Triple!"

"Yes, there are even four princes, one prince is fourfold, and three princes are threefold. Is this the fighting power of Lin Que? It is amazing!"

The breathing stone at the military aircraft is very peculiar. From the picture on the breathing stone, one can judge the person on the picture as the realm.

They saw that under Lin Que's men there was a quaternary monarch and three monarchs.

Lin Que's talent is very high, and naturally there are many strong men who turn to him.

I saw one barbarian, beheaded by Lin Que's people.

"It's amazing. I took a look. There were two powerful triple-headed princes killed by them!"

"The exact data is that the two princes are triple, the five princes are double, the eleven princes are one, and there are a total of eighteen princes in the realm of power. Ah, such a record is enough for Lin Que's clan to be promoted to Junhou!"

"Yes, it's perfect. Nine generals are well-deserved!"

The people around looked at the images in the air and marveled.

Lin Que coldly looked at Lu Ming and said, "If you see it, what is the strong man? How do you compare with the monkeys you brought?"

After that, he looked very disdainfully at Lu Ming behind Ape and others.

"It really can't be compared!"

Lu Ming nodded seriously.

"Hahaha!"

Lin Que laughed, thinking that Lu Ming finally recognized the reality and knew the gap with him.

"Yes, yes, thanks to your credit, it is estimated that you can be promoted to the monarch's palace after adding the previous credits. I will report these credits. Lin Queshou will go back and wait for the good news!"

The old man at the military aircraft's face eased a lot and smiled.

"Thank you senior!"

Lin Que clenched his fists, and then said: "Senior, I still have a "friend" here. He also accumulated a large amount of military merits, help him check it!"

After speaking, look at Lu Ming, especially the word "mass" is very important.

He couldn't wait to watch Lu Ming's play.

Lu Ming smiled slightly, and then stepped forward, waved his hands, and a total of twelve breathing stones flew out.

"Pretend to play a role, thinking that more shadow stone is useful?"

Lin Que sneered.

Lu Ming looked very calm and said, "Senior, please check!"

"it is good!"

The old man nodded, and then took out six arrays, a total of twelve, put Lu Ming's breathing stone on it, and immediately twelve images appeared.

As soon as the image appeared, it shone brightly.

It was a scene of a planet exploding, and then, it was a terrible confrontation.

This battle was Lu Ming's first battle with the apes and others after his return, and annihilated an invisible barbarian army, led by the army, but the five-fold existence of Divine Monarch.

In the picture, I saw a huge giant ape, vertical and horizontal starry sky, terrifying, and with a punch, a large number of barbarians were killed.

Destruction, complete destruction, those barbarians, like paper paste, were crushed by the apes of the apes.

Whether it is a **** king or a **** monarch, it is all like this.

In particular, Ape Cong is unprecedentedly overbearing. He punched out, the planet exploded, and a large number of barbarians died.

In the end, even the barbarian commander, the five-fold existence of the prince, was also killed by a punch from the ape.

Quiet!

In the hall, he fell into deathly silence.

Everyone's eyes will be stunned, staring at the influence in the air, unable to move their eyes.

"God, what did I see? The fourfold existence of Divine Monarch was blown out with a punch!"

"It is not only the fourfold of the Divine Monarch, but also the fivefold of the Divine Monarch was hit by a punch!"

"The monkey, no, that predecessor of the **** ape, hit the planet with one punch, and exploded the barbarians of the five heavy gods. What kind of strength is this?"

"The Sevenfold of the Divine Monarch is definitely the Sevenfold of the Divine Monarch. There is nothing wrong with it. The old man had the privilege of seeing a Marshal of the Sevenfold of the Divine Monarch!"

"What? Sevenfold of Divine King?"

After the silence, there was a hustle and bustle, and the hall fell into noise.

Lin Que was completely stunned, his eyes glaring round, his mouth open to swallow a goose egg, and then his body shivered, his eyes full of blood.

"Impossible, this is impossible..."

Lin Que murmured to himself, hard to believe.

How can a Lu Ming, a student who has just joined Taixu Royal Sanctuary this year, have such a strong man?

But soon, the picture in the air changed again and became another war.

This war also ended in a destructive way, no different from the first game.

Ape from the same show of domineering unparalleled combat power, easily bombing the other's commander.

The pictures in the sky are constantly changing, and in the main hall, they are restored to silence again, with no sound at all, and they are all watching carefully.

The picture is constantly changing, and the pictures of the ten battles are displayed in front and back, all of which are solved in a destructive way.

"God, a total of six princes and five heavy beings were killed!"

"There are eighteen people in the four princes. It's terrifying, it's terrifying. What kind of credit is this? The barbarians suffered heavy losses!"

"This kind of credit can directly seal the king!"

Many people shouted, so shocked.

"Good, good, good!"

The old man at the military aircraft was extremely bright and shocked.

Such a record is simply bigger than a certain legion.

For example, the Eighth Army of the Extermination of the Barbarians, each time they come to submit credit, the number of killing enemies is not so much, or even much worse.

Lu Ming's accumulated credit is terrible.

"Fake, fake, everything is fake!"

At this time, Lin Que shouted.

He stared at Landing Ming with red eyes and shouted: "Lu Ming, how dare you are, dare to use your hands and feet on the Xiyong Stone. The pictures just now must be fake!"

The old man at the military aircraft frowned slightly. He had checked it just now, and Xiyongshi absolutely did not passively move his hands and feet. Those are true.

"The old man checked, those are all true!"

The old man at the military aircraft spoke.

"Impossible, Senior, you must have been blinded by him. It must be fake. It cannot be true!"

Lin Que shouted.

Chapter 3478: Then take a look

Lin Que has been completely filled with the fire of jealousy. Where would he think of others? He wholeheartedly believed that Lu Ming's breathing stone was a fake.

"He is a new student of the Royal Sanctuary of Taixu. How can there be so many strong people behind him? And he is also a strong seven-level prince. He is not as fake as a seven-level prince. ? What is he counting?"

Lin Que continued to shout.

Many people's eyes flickered and felt that Lin Que made sense.

Divine King Sevenfold, what character is that?

That is a character who can become a king of the other side and join the army. That is the head of a certain legion.

How could such a person turn to a young man, and still be a young man who just joined Taixu Royal Sanctuary?

is it possible?

"Lu Ming, you are courageous and dare to falsify even military achievements. I suspect that your promotion to the General's Palace was also fraudulent. It is mean and shameless. Even a person like you can be called a genius, ridiculous, big joke!"

Lin Que continued to shout.

He believes that Lu Ming is a fake. If Lu Ming is all true, then what he said before is not a fan of his own face, but also a kind of crazy fan.

"You said it was faked? I also said you are faked!"

Lu Ming sneered.

"I faked it? Ha ha ha, ridiculous, then let the facts speak to see if the strength of my men is the same as that on the Shi Ying Shi, you show him, Lu Ming, and see clearly with my big dog eyes !"

After talking, Lin Que gave his men a wink.

Boom...

Suddenly, a terrible breath erupted, and the terrifying coercion pervaded the hall.

Lin Que brought eight men to fully bloom.

"One prince is fourfold, three princes are threefold, and four princes are twofold, there is nothing wrong with it, just like the one on the resting shadow stone!"

"Indeed, Lin Que is really amazing, there are so many powerful men!"

"This is normal. Lin Que's own talent is amazing, and he is not young. He has reached the ninth heavyweight of the King of God. In the future, there is no limit to his future. Naturally, there are many strong men who have surrendered to him in advance and will be reused in the future!"

Many people nodded.

"If you see it, this is the real strength. With the ability, do you dare to show the strength to the monkeys behind you?"

Lin Que stared at the landing.

"Since you must watch it, then take a look!"

Lu Ming spoke lightly and waved his hand slightly.

This time, Lu Ming brought a total of six Ming Ape War Clan.

As Lu Ming waved his hand, three Winged Ape Warriors immediately stepped out. As they stepped out, a terrible atmosphere like a volcanic eruption erupted from them.

Suddenly struck by this breath, Lin Que and his men's faces changed wildly, and their figures could not help backing off again and again.

Divine King Fivefold!

All of these three apes fighting tribes are the fivefold existence of Divine Monarch.

"This...damn, how is it possible?"

Lin Que snarled in his heart, his eyes were about to burst.

But at the next moment, two more breaths rose.

There are two more apes fighting wars, these two breaths are even more terrifying, each one is like a master of coercion, and the whole hall shivered slightly.

Many people suffered from constricted breathing and almost vomited blood.

Shenjun Liuzhong, these two apes fighting tribe, is the existence of Shenjun Liuzhong.

"The little boy with no eyes, see clearly!"

At this moment, the ape spoke coldly, and then a violent breath erupted.

As soon as this breath came out, the main hall of the military aircraft was trembling, and many people were pale, as if they were pressed on the body by a huge planet, and some people who were weaker were almost kneeling.

"God, it's really the Sevenfold of Divine King!"

"Absolutely nothing is wrong, the sevenfold of the Divine Monarch, on the Shadow Stone, everything is true!"

"Too bad, Lu Ming has such a terrible man!"

There was a tremendous amount of shock.

Lin Que's face was pale, his eyes filled with incredible.

"No, how is it possible, how is this possible?"

Lin Que murmured to himself, it was hard to accept this fact.

"Now, do you see clearly?"

Lu Ming looked at Lin Que lightly.

Huh...

Lin Que inhaled desperately to calm himself down.

After a few breaths, Lin Que recovered calm.

After all, he is a generation of arrogance, and his mind is superb. He quickly adjusted it, and then took a fist at Ape Cong and others, respectfully said: "Several seniors, just a junior who has no eyes and no eyes, don't know Taishan. !"

"Humph!"

The ape snorted coldly and ignored it.

Everyone thought that Lin Que was afraid, and then he would be guilty. He didn't expect his voice to change, saying: "The juniors now implore all the seniors to join them, and the juniors will not treat you badly!"

What?

Many people were stunned, including Lu Ming himself.

This is to dig the foot of the wall, and it's so bright and upright. I used to ridicule the ape from waiting for people to be monkeys. Now I'm digging the foot of the wall again. Lu Ming admires Lin Que's face.

"The so-called good birds hang in the woods. Why do powerhouses like you have to be wronged under Lu Ming's hand? It is better to turn to a more promising arrogance. What do the seniors think?"

Lin Que continued to speak, his face proud.

"Hey!"

Lu Ming smiled disdainfully.

"Am I wrong?"

Lin Que's eyes were as bright as his eyes, and he said, "Only stronger geniuses, talents with better talents, can go further, can stand on the peak, and have a better future, and only rely on better geniuses. To have a better future, am I wrong?"

Lin Que continuously asked questions.

"You mean, you are a stronger genius, a talent with a better talent?"

Lu Ming said.

"Lu Ming, I know that you are ranked third in this batch of Taixu Royal Sanctuary, and I am the last batch of Taixu Royal Sanctuary, ranking third!"

"However, you need to recognize the fact that every genius of the Taixu Royal Sanctuary is not born with peerless genius. Some sessions can be called the golden generation, and some sessions are the rotten wood generation. Even if the ranking is ranked first, I am afraid that even the best one will not even enter the top ten!"

"Different sessions, even if the ranking is the same, the talents may differ by a thousand and eight thousand miles. Although you and I are both in third place, the talents are very different, do you understand?"

Lin Que said loudly.

Obviously, he is very confident and thinks that his current year is the golden generation, which is a lot stronger than Lu Ming's current one.

Even in the third place, he is far above Lu Ming.

"Oh, there are only three people in the Nine Generals, and I'm sorry to blow it!"

Lu Ming smiled disdainfully.

"what did you say?"

Lin Que said coldly, and then a violent breath erupted, belonging to the pinnacle of the God of the Peak, and squeezed towards the landing.

Chapter 3479: Miserable Lin Que

Lin Qi's breath pressed against Lu Ming, but for Lu Ming, there was no feeling at all, like Mu Chunfeng.

boom!

Lin Qiqi's breath is getting stronger and stronger, and there is an ancient atmosphere of flooding in his body.

"Three awakenings of the source divine factor!"

Lu Ming's mouth twitched slightly, revealing a disdainful expression.

"Lu Ming, now I challenge you, dare you fight me?"

Lin Que shouted.

"Not interested in!"

Lu Ming said lightly, he was really not interested.

Although Lin Que has reached the peak of the God King, the original divine power factor only awakened three times. In the primitive spirit world, such strength is a big deal.

For Lu Ming, he cannot afford the slightest interest.

Then he turned to the old man at the military aircraft and said, "Senior, have you checked?"

"Check it out, I will report it faithfully, with your credit, it is enough to promote Junhou Mansion, you go back and wait for the news!"

The old man at the military aircraft said.

"Okay, say goodbye!" Lu Ming clenched his fists, took the ape from others, and turned away.

"Stop for me, little miscellaneous, didn't you hear my words?"

Lin Que's figure flashed in front of Lu Ming, his voice somber.

The strength of the ape and others has made him very hot.

And the apes are willing to surrender to Lu Ming, which proves that they can also surrender to others.

Today, he will step on Lu Ming under his feet so that the ape can see what a true genius is from the others, so that the ape can be taken from the others.

With the ape from such a man, even if he is promoted to the heavenly palace behind him, it is not impossible.

The cold light flashed in Lu Ming's eyes.

Although he was not interested in answering Lin Que's challenge, the other party's provocations were repeated, and he didn't mind torturing the other party.

"Shoot!"

Lu Ming spoke lightly.

"kill!"

As soon as Lu Ming's voice fell, Lin Que shot. As soon as he shot, he used the original secret technique, which was a bronze tower, which suddenly became larger and came to suppress Ming Ming.

Lin Que used all his strength, he wanted a trick to beat Lu Ming down, suppress Lu Ming.

The bronze tower soon approached Lu Ming's head.

"Why didn't Lu Ming fight back?"

"Obviously, it is Lin Que who is too strong, and the powerful force has locked him, making Lu Ming difficult to move."

"The victory and defeat have been divided, Lu Ming is still too young after all, Lin Que is one of the last batch of Taixu Royal Academy students!"

Many people flashed thoughts in their hearts, thinking that the outcome was divided.

But at this time, Lu Ming shot, a very simple punch.

In this punch, Lu Ming triggered four times the combat power of the war character tactics, used the demon golden body, and twelve kinds of divine powers in his body were running crazy.

boom!

At the next moment, Lu Ming hit the bronze tower with a punch.

"Dare to bombard my original secret technique with fists, don't control it, break me!"

Lin Que shouted in his heart, with a fierce light flashing in his eyes, he wanted to smash Lu Ming's fist in one fell swoop.

But the next moment, his face changed wildly.

When Lu Ming's fists bombarded the bronze tower, he felt a terrifying force erupted, the bronze tower shook violently, and then burst with a direct blow.

what!

Lin Que screamed, his body flew back, the man was in the air, vomiting blood.

However, Lu Ming didn't stop there. His figure flickered and appeared above Lin Que, and stepped on Lin Que's face.

With a touch, Lin Que hit the ground fiercely, like a dead fish, Lu Ming stepped on his face, his expression was indifferent.

In the hall, there was silence.

Everyone stared in amazement, his eyes widened and his face was incredible.

Lin was defeated and was still killed by a spike.

how can that be? Like dreaming!

"Ahhh..."

At the foot of Lu Ming, Lin Que is like a dead dog, screaming wildly and struggling.

It is really miserable.

Just now, he was also arrogant and could not live forever. He thought that he was a genius and a representative of the golden generation. Even if Lu Ming was the third, he could not compare with him. He was extremely confident.

But reality slaps one by one, and slaps fiercely on his face.

He was killed by Lu Ming.

He was the last batch of students of Taixu Royal Sanctuary, ranking third, and one of the nine major stars, but now, Lu Ming was killed.

Lu Ming didn't even show the original secret technique.

No, he didn't believe it was true, he would rather believe it was a nightmare.

Unfortunately, the feeling of the friction of the soles on his face told him that this is true, and this is reality.

"You just said so much nonsense, there is a saying that is right. In different sessions, even if the ranking is the same, the talent will be different. Indeed, it is right!"

Lu Ming said lightly.

Isn't it right? Lin Que and Lu Ming compare, he is a world apart.

puff!

The blood in the forest gap spurted wildly.

"This and this..."

The men brought by Lin Que were ignorant.

Originally, in their eyes, Lin Que is already a peerless arrogant, and his future is limitless.

And they have followed Lin Que for a long time, and will certainly be able to rank high and be reused in the future.

But now, Lin Que and Lu Ming compare, that is slag, that is garbage, the difference is too far.

It's completely one heaven and one earth.

Lin Que has been practicing more than Lu Ming for so many years, but he is still killed by Lu Ming, which is no longer comparable.

Lin Que's seven men looked at each other, then silently nodded, suddenly rushed out, and bowed to the landing Ming: "Mr. Lu Ming's talent is unparalleled, no one can match it, a few of us want to turn to Lu Ming's son. , Play for Lu Ming son, please also complete Lu Ming son!"

What?

This dramatic scene shocked the people on the scene.

"You...you...ah!"

Lin Que snarled like crazy, then a spit of blood spewed out again.

Lin Que also said before that the good birds had fallen into the woods, which is indeed the case, and now his men have turned to Lu Ming.

"Looking at you sincerely, I agreed!"

Lu Ming nodded.

These seven people are not weak, and they are all figures of the divine prince and above. In the Taixu dynasty, they are definitely masters, and there is no reason not to accept them.

Although he has the Ape Warrior, he is a master and naturally has more benefits.

"Okay, let me go where I live!"

Lu Ming said casually, and then strode out, ignoring Lin Que.

Soon, Lu Ming and others disappeared, leaving Lin Que alone lying on the ground alone.

"Lu Ming, Lu Ming, I will let you die, ah ah!"

Lin Que roared inwardly.

Today, he is really miserable. Not only has he slapped his face, but even his subordinates have finally lost it. This news will soon spread throughout the Taixu Holy City, and he will become a laughing stock.

I'm afraid it won't be long before he can't do it as his nine star.

His hatred for Lu Ming is monstrous.

Chapter 3480: Amazing change

Lu Ming and others returned to their place of residence and waited, but they did not wait too long. Three days later, a news came out from the military aircraft, which sealed Lu Ming as a lord of Qianlong,

and his family house was also promoted to The monarch palace, at the same time, reward a monarch palace.

For a time, a thousand waves were stirred in the Holy City.

Lu Ming has become a prince, which is arguably the youngest prince in history.

Lin Que, who was also enshrined as a prince, did not arouse a little splash, but was regarded as a joke.

"Is this mansion quite big?"

Lu Ming stood in front of a mansion and smiled.

There are five large characters written on the mansion: Qianlong Junhou Mansion.

In the Taixu dynasty, wherever you become a monarch's palace, or a king's palace, the royal family will award a mansion in the holy capital.

This is the mansion that Lu Ming rewarded to Lu Ming. It is very wide and covers an amazing area. The buildings overlap and overlap, and they can't be seen at a glance.

Even if an army is stationed.

Lu Ming turned around in the mansion and was very satisfied. After that, he took his people and lived here, and hired a group of people to take care of Junhou Mansion.

Lu Ming became a prince, and the battle between Lu Ming and Lin Que quickly spread throughout the Holy Capital, pushing Lu Ming's reputation to the top.

The youngest prince, also killed Lin Que at the same time, which is amazing.

Lu Ming is a new batch of students who can kill Lin Que. Although Lin Que is only the last one among the nine generals, it is enough to prove that Lu Ming can already be ranked among the nine generals.

Such a young star is amazing.

But soon, the rumors about Lu Ming slowly faded, because there was a bigger thing coming for the Taixu Holy Cult.

That is the birthday of the Holy Emperor today, the birthday of ten star years.

The Divine Monarch Realm can only live up to ten star years, which is theoretical. In fact, many Divine Monarch Realms are exhausted and fall before the ten star years.

Today, it is extremely rare for the Holy Emperor to live to ten star years, so this birthday will be extremely grand.

At that time, except for the generals who guarded the border, almost all the powerful and small people will arrive.

All kings, princes, generals, etc., will congregate the Taixu Holy Capital to celebrate the Holy Emperor.

Lu Ming originally wanted to go back to Qianlongxing. Hearing this news, he planned not to go back temporarily because it was only five years from the birthday of the Holy Emperor.

Since this period, the people of the Holy City have gradually increased, and many people of the influence have arrived earlier.

If you go back, you will have to run back again. Lu Ming will not leave at all. After the birthday of the Holy Emperor, return to Qianlong Star.

Anyway, five years for them, just blink.

The entire Holy City is discussing the birthday of the Holy Emperor, and also discussing one thing, that is, who will succeed in the future.

The life span of the Holy Emperor has reached ten star years. If there is no breakthrough, this life span is almost the limit. If it does not live for too long, it will fall.

However, if you want to break through, it is as difficult as going to the sky.

You should know that the cultivation practice of the Holy Emperor has reached the limit of the Divine Monarch, but wanting to go further, it is difficult, too difficult, and extremely difficult.

In the history of Taixu dynasty, it has never been reached.

Therefore, this probability is extremely small.

Once the Holy Emperor falls, who will take the position of the Holy Emperor?

Prince? Or the second prince?

The prince is undoubtedly orthodox, but the second prince is very good in every aspect, vaguely above the prince, and there are many people who support it, so the final result is unpredictable.

In an instant, Lu Ming came to the Taixu Holy Capital for half a year.

On this day, an unexpected person came to Shengdu and found Lu Ming.

"Shenhuang, why are you here?"

Lu Ming was surprised and immediately overjoyed.

Lu Shenhua is coming, Lu Ming has not seen Lu Shenhua for a long time.

In the past so many years, Lu Shenhua's temperament has become more restrained. For these years, Lu Shenhua has been accompanied by Lu Mingming's parents and his own wife and daughter. With the help of some resources given by Ming, the cultivation progress is also very fast.

Lu Ming saw at a glance that Lu Shenhua's cultivation behavior had reached the peak of the true God's Ninefold.

Lu Shenhua also practiced the Qiankun Wandao tactics to control a variety of divine powers. It is already very good to have this practice under the circumstances of no adventures.

"Dad, I came to see my grandparents. At first, you were asked to take the grandparents, but I haven't written back for so many years. I am a little worried, so I will take a look!"

Lushen Road.

"What? I took my father and mother?"

Hearing this remark, Lu Ming was furious and his face changed greatly.

He didn't even send someone to pick up Lu Yuntian and Li Ping. How could Lu Shenhua say he sent someone to pick up Lu Yuntian and Li Ping?

Seeing Lu Ming's expression, Lu Shenhua also felt wrong, and quickly asked: "Dad, didn't you send someone to take your grandparents?"

"No!"

Lu Ming's heart sank, and his face was extremely ugly. He said, "Shenhua, what the **** is going on? When did it happen? Tell me in detail!"

Lu Shenhua also knows the seriousness of the situation, and hasten to speak in detail.

"About a hundred years ago, a young woman approached us and said that it was your friend. My father has stabilized in the Taixu dynasty. I want to take my grandparents first!"

Lushen Road.

"How can you easily believe the words of strangers!"

Lu Ming said anxiously.

"The woman said that she was a friend of Daddy, and she had a good relationship. She also took out Shi Ying Shi, which contained images of Daddy and Aunt Qiuyue with her, so that we could believe it!"

Lushen Road.

"What? Have images of us?"

Lu Ming's face sank, so to speak, it must be someone Lu Ming knew.

"What is her name?"

Lu Ming asked.

"She said she Cuiwei!"

Lushen Road.

"Cuiwei, it's her!"

Lu Ming's eyes burst into an astonishing murderous opportunity.

He never imagined that this person was actually Cuiwei.

When he and Qiuyue first entered the Taixu Royal Sanctuary, Cuiwei took the initiative to approach and befriend him.

Later, Lu Ming was fighting in the triple area of the King of Purgatory, and was hunted by the strong. At that time, Lu Ming suspected Cui Wei, suspecting that Cui Wei had approached him deliberately and leaked his news.

Since then, Cui Wei and his contacts have become less.

Unexpectedly, the other party would actually deceive his parents.

Now thinking about it, Cuiwei was approaching them at that time, and he had no good intentions and had plans to secretly record the scene of them together with the shadow stone.

"Damn it, desolate, draw a picture of that woman and let me see it!"

Lu Ming ordered.

"it is good!"

Lu Shenhua nodded.

Reaching their level, they never forget it, and took a portrait. It couldn't be easier. Every one of them got the secular world, that's the top painter.
