

## **D Emperor 3481**

### Chapter 3481: Confrontation

Soon after, a portrait of a woman suddenly appeared on the paper. This woman was the same Cuiwei Lu Ming knew.

"Damn!"

Lu Ming sipped.

"Dad, do you know this woman?"

Lu Shenhua asked.

"Know, but this person is probably my enemy!"

Lu Ming said sullenly.

"What? Not good!"

Lu Shenhua also changed her complexion.

"With the other party's cultivation base, it's easy to kill you if you want to kill you, but she didn't kill, just cheated my father and mother. Obviously I want to use my father and mother to threaten me, so the safety of the father and mother should be no problem!"

Lu Ming whispered and quickly analyzed it in his head.

Since the other party can find Lu Yuntian and Li Ping, and the strength is absolutely amazing, it is too simple to kill, but the other party just cheated Lu Yuntian and Li Ping.

Obviously, the other party wants to control Lu Yuntian and Li Ping in their hands. At a critical moment, they can be used to threaten Lu Ming.

"Who the \*\*\*\* is the crown prince or the national teacher? Or other forces?"

Lu Ming's thoughts changed sharply, but for a moment, he had no clue.

"Cuiwei, I want to find you out in one move!"

Lu Ming sipped.

Soon, Lu Ming began to investigate, using all the power that could be used, and began to investigate Cuiwei's background.

But the result is a blank.

Finally, I only found that Cuiwei was recently in Taixu Royal Sanctuary, and was very close to a young man.

And that young man is under the jurisdiction of Guoshifu.

"National Division!"

Lu Ming's eyes burst into an astonishing murderous opportunity.

boom!

Lu Ming rose into the sky, the violent breath filled the air, and the cold killing was like tide.

No one can move his loved ones, move his parents, otherwise, no matter who he is, he will make the other party pay the price, even if it is the national teacher.

"Lu Ming, don't be impulsive!"

The figure of Lan Shang appeared in front of Lu Ming, blocking Lu Ming's way.

"I'm going to the Guoshifu!"

Lu Ming said one word at a time.

"Lu Ming, don't be fooled. The other party just wants this kind of result. Without any evidence, you rushed to the Guoshi Mansion. The other party can completely kill you as a rebel, which is what the Guoshi wants!"

Lan Business quickly said.

Every word of Lan Shang contains the power of the soul, bombards Lu Ming's soul, and shakes Lu Ming's soul.

Slowly, Lu Ming calmed down.

He knew that the Blue Merchant made sense, if it was a national division, then the other party would wait for the landing to kill and go to the door. The other party is an important figure of the Taixu dynasty. If someone kills the door, he can be killed as a reverse thief on the spot.

If Lu Ming came to the door, he would definitely be killed by the national teacher, no doubt.

"Uncle Lan, what should I do now?"

Lu Ming took a deep breath, he is now a little messy.

"Go to the Holy Emperor and let the Holy Emperor preside over justice, but before that, you have to go to the Thousand Saints and Heavenly Kings. With your words, it is difficult to see the Holy Emperor!"

Blue Business Road.

"Okay, I just don't know where is the Heavenly King!"

Lu Ming said.

"The birthday of the Holy Emperor is approaching, the King of Thousand Saints has arrived, and it is in my little courtyard, let's go together!"

Blue Business Road.

There was no delay. Soon afterwards, they came to the small merchant's courtyard of the Lanshang and saw the King of Heaven.

Upon hearing this, Qian Sheng Lao Wang Tian agreed without hesitation and led the landing to the Holy Palace.

Lan Shang did not go, his identity was sensitive, so it was inconvenient to see the Holy Emperor.

Qian Sheng Lao Tian Wang, in the Taixu dynasty, has a very high status, not to mention anything else, just to mention cultivation, that is the existence of the peak of the Taixu dynasty, naturally unimpeded all the way.

Thousand Saints and Heavenly Kings came forward, and soon, the Holy Emperor agreed to meet Lu Ming.

The Holy Palace, above the meeting hall, is above the Holy Emperor.

Not seen for a while, the Holy Emperor seemed to be a little old again, and seemed a bit gloomy.

After all, the age of the Holy Emperor is too large, and it is extremely rare to be able to live to the present.

"Brother Qiansheng, why are you looking for me?"

The emperor asked with a smile.

Although Thousand Saints Heavenly King is extremely senior and very old, it is still smaller than the Holy Emperor, but they are the characters of the same generation, so the Holy Emperor calls the Thousand Saints Heavenly King a brother.

"Holy Emperor, this time I came for Lu Ming, and Lu Ming has something to find you!"

Thousand Saints Heavenly King.

"Lu Ming? What do you call the emperor?"

The Holy Emperor looked at Lu Ming. The Holy Emperor remembered Lu Ming. When Lu Ming was last held at the Taixu Royal Sanctuary, he performed amazingly. At the same time, the condition he proposed to him was to rescue the Blue Merchant. He remembered Lu Ming. .

At the same time, Lu Ming is also the youngest monarch of the Taixu dynasty, and he was approved by him. How could he not know?

"Holy Emperor, I want to sue the State Master. He sent someone to deceive my parents. I don't know where to be detained. Ask the Holy Emperor to let the State Master let my parents go!"

Lu Mingxian reports.

"What? There is such a thing."

The Holy Emperor frowned, a cold light flashed in his eyes, and a terrible pressure immediately filled the hall.

"Amazing!"

Lu Ming felt a shock in his heart. The Holy Emperor at the moment seemed not to be a drooping old man, but a fierce beast, a fierce beast that could destroy the world.

But the breath was fleeting, and the Holy Emperor reverted to his drooping old man's appearance, and the voice came out: "Come here, pass on the Master!"

"Yes!"

Immediately, someone outside the main hall took orders.

It didn't take long for an \*\*\*\* to report: "Your Majesty, the prince and the second prince beg to see!"

"The two of them are very well informed, let them in!"

Holy Emperor Road.

After a while, the crown prince and the second prince walked into the hall step by step and saluted the emperor, standing on either side.

The Prince's eyes swept over Lu Ming, flashing the cold cold light.

After waiting for a while, the National Teacher came.

"See His Majesty, I don't know what His Majesty summoned, what is it?"

The national teacher bowed.

"Guo Shi, Lu Ming said you detained his parents, but what about this?"

The Holy Emperor asked.

"What? Imprisoned his parents? Your majesty, there is no such thing, this is slandering!"

The national teacher quickly called injustice.

"Defilement? Witchcraft, is it defilement? You know what you are thinking. I asked you, is Cuiwei a member of your state division?"

Lu Ming shouted.

Witchcraft is the name of the state teacher.

"Cuiwei? What Cuiwei didn't know at all, Lu Ming, you made it clear, otherwise, it's not over today!"

The national teacher's face was very gloomy.

"Yes, Lu Ming, make things clear!"

The emperor followed.

Then, Lu Ming explained the ins and outs of the matter in detail.

"Hahaha, ridiculous, just by a woman, I said I caught your parents, ridiculous, and, that woman named Cuiwei, I don't even know!"

The National Normal University laughed.

"Witching, you suspected that I had killed your son and wanted to kill me, but didn't kill me. I was grieving and wanted my parents to threaten me, right?"

Lu Ming shouted.

"Come on, you are slandering, Your Majesty, please be fair!"

The state division said to the Holy Emperor.

"Tell Wuhan, you will know when you ask!"

Holy Emperor Road.

Wu Han is the young man Lu Ming found Cuiwei and Guoshifu very close.

Chapter 3482: Hit a rake

Soon, a young man was brought up. This young man was Wu Han.

When he came here and saw so many big men, he was terrified. When he heard the reason for calling him, his face was pale and he fell to his knees on the ground and cried, "Your Majesty, injustice, I I didn't know Cuiwei before, and I didn't know it at all. Cuiwei approached me more than a hundred years ago, so we only knew each other. And in the last 100 years, Cuiwei disappeared. I can't find her anymore. Big search for my soul!"

"Your Majesty, everything is clear. That Cuiwei deliberately approached Wu Han, just to blame our Shifu. I even suspected that there was no such thing. Lu Ming did it all by himself. It is estimated that I would like to frame me and ask Your Majesty. Call the shots!"

The national teacher said immediately.

"Damn!"

Lu Ming yelled inwardly.

He didn't expect this result. Cuiwei didn't know Wu Han soon. Obviously, Cuiwei was not a member of Guoshi Mansion. It seemed that someone wanted to blame Guoshi Mansion. Who was it?

The clue was completely broken, Lu Ming's face was ugly and he was dying, and his heart was in a mess.

"Your Majesty, Lu Ming is slandering. Just find a reason to slander the current state teacher. If everyone imitates, wouldn't it be a chaos in the world? Please also ask your lord to punish Lu Ming and imprison him for a stellar year.

The National Teacher immediately seized the opportunity and countered Lu Ming.

"Father and Emperor, the State Master is right. How can the State Master be the emperor of the Holy Dynasty, and he can easily stigmatize, and he deliberately runs to the Father Emperor to stigmatize.

The prince also went out immediately.

"No, your majesty, Lu Ming's parents have indeed disappeared and been detained. He is also eager to save his parents. This is the case. There is no major crime. Please His Majesty to forgive sins!"

Thousand Saints Heavenly King immediately.

"Yes, the father and emperor, Lu Ming is still young, and his parents are being detained. It is inevitable that there will be a lot of chaos, and he will be asked to give him a chance!"

The Second Prince also made his debut.

"Your Majesty, it is unclear whether his parents have been detained, but he will not be devoted to slandering the master of the country. Otherwise, how can he deter the world in the future? Isn't everyone following suit? What prestige does my royal family have?"

The prince immediately retorted.

Lu Ming, has been silent, did not speak.

The Holy Emperor frowned. Indeed, it was a serious matter to defame the Master of the State, and he ran in front of him to defame it. This would not work without punishment.

"Your Majesty, Weichen has an idea!"

At this moment, the national teacher said again.

"What idea?"

The Holy Emperor asked.

"In less than five years, it is the Holy Emperor's birthday. At that time, it was also the day of the agreement between the Holy Emperor and the Tianyi Saint Emperor. The two sides sent the strongest arrogance, and the victory in the first battle will be determined. Emperor Yi Sheng got the Soul Raising Flower to help His Majesty prolong his life. I propose to let Lu Ming participate in this duel. If he can help His Majesty win the Soul Raising Flower, he can pass the credit and pardon his crime this time. !"

The National Teacher smiled.

"Good, good, so wonderful!"

The emperor nodded again and again.

"Your Majesty is not allowed, Lu Mingxiu is still weak, and his practice time is not long. How can he withstand the strongest arrogance, let Lu Ming participate in the war, is to let him go to death, Wu Fanju is skeptical!"

Thousand Saints Heavenly King immediately said loudly.

To the southwest of the Taixu dynasty is the barbarian, while to the north of the Taixu dynasty, there is another powerful country called the Tianyi dynasty.

The Tianyi dynasty has the same strength as the Taixu dynasty. The relationship between the two countries is sometimes good or bad, sometimes wars and cooperation.

Before a stellar year, today's Holy Emperor and Tianyi Saint Emperor had an agreement that on the ten stellar birthdays of the current Saint Emperor, the two parties sent the strongest arrogance to play against each other. Qizhen.

If the Emperor Taixu loses, give the opponent a Taixu Shenzhu.

The Taixu Shenzhu is unique to the Taixu dynasty and has great help in the cultivation of the god's monarchy.

And if Tianyi Shenghuang loses, he will give Taixu Shenghuang a soul-raising flower.

In the same way, the Soul Raising Flower is also a treasure of the world. As the name implies, it can nourish the soul and nourish the soul, so that the depleted soul is full of vitality again. This is the supreme treasure for those who are about to be depleted of Shouyuan and can enhance Shouyuan.

For the Emperor Taixu, all the treasures he used to promote Shouyuan have been used. Those treasures have no effect on him.

But the soul-cultivating flower still has an effect on him, at least it can increase his life span by half a star year.

Half a stellar year is 5 billion years. With such a long period of time, he may really find a way to break through to a new level, and Shouyuan will increase greatly.

Therefore, the Emperor Taixu is bound to obtain the soul-cultivating flower and is very eager.

However, this matchup is the strongest match between the two sides, such as the nine generals and other figures.

After all, Lu Ming's years of cultivation are still too few. Can he stand up to such arrogance?

Although Lu Ming defeated Lin Que, Lin Que was among the nine major stars, only at the end of the ranking, and the King of the Thousand Saints dare to be sure that the National Master made this proposal, and he was absolutely uncomfortable.

"What is a little dangerous to count for your majesty? And I mean, Lu Ming must play a decisive role in this conference, not just beating soy sauce, so he can forgive his sins, otherwise , Must be heavily punished!"

Guoshidao.

"Okay, I promised!"

At this moment, Lu Ming spoke, his expression firm.

"Lu Ming.." Qian Sheng Lao Tian Wang froze for a moment, then did not say anything.

"Okay, then do it!"

Holy Emperor Road.

On the edge, the national teacher and the prince all showed joy.

"Your Majesty, Lu Ming has another request!"

Lu Ming said again.

"What request?"

Taixu Shenghuang asked.

"Your Majesty, if this time Lu Ming can obtain the soul-cultivating flower for His Majesty, please His Majesty do his utmost to track down the real murderer of my parents!"

Lu Ming said.

The reason why he agreed so readily was that he wanted to use the power of the Emperor Taixu to trace his parents' news.

The Emperor Taixu has great energy, which is not comparable to him. If the Emperor Taixu sends people to investigate, I believe there will be results soon.

"Okay, if you can really help the emperor obtain soul-cultivating flowers, the emperor will agree to whatever conditions, well, today's things are like this, go on, the emperor will rest!"

Taixu Shenghuang waved his hand.

Then Lu Ming and others quit.

After a period of time, Qianlong Junhou Palace.

"Lu Ming, the National Teacher asked you to participate in the two countries' arrogance duel. I'm afraid I didn't feel good about it. I guess he will definitely arrange people against you in the duel!"

Lan Shang frowned.

"If it's really bad for me, come and kill one!"

Cold light flashed in Lu Ming's eyes.

"I still can't carelessly. You know, among the nine major stars, Lin Que is only at the bottom of the ranking, and his strength is also the weakest, especially the top ranked ones. The strength is very amazing. I heard that some people have entered the realm of God. Once the character enters the Divine Monarch, it will be terrible!"

Blue Business Road.

Chapter 3483: Breakthrough, God King Nine Heavy

Lu Ming nodded. The meaning of the blue merchant was very simple. There are such powerful people on the Taixu dynasty, and there must be some on the Tianyi dynasty.

Although Lu Ming is now fully open to fight against the double character of Divine Monarch, it is only aimed at ordinary Divine Monarch.

The characters of the Nine Generals are all top-level arrogances. Once they enter the Divine Monarch Realm, they will be very scary, and their combat power cannot be measured by common sense.

"There will be nearly five years, and I will bring the strength one step closer in these five years!"

Lu Ming's eyes showed a firm look.

He will surely obtain the soul-cultivating flower for the Holy Emperor and let the Holy Emperor send someone to investigate his parents.

"No matter who you are, if my parents are a little bit hurt, I will let you die without a burial place, and I will return ten times and one hundred times!"

Lu Ming's eyes flashed an astonishing murderous opportunity.

Then, chatting with Lan Shang again, Lu Ming returned to the room and began to retreat.

The five-year period is too short. No matter whether it is the original divine power factor, the war character formula, or the original secret technique, there can be no major breakthrough.

If you want to break through, you can only start with cultivation.

Nowadays, his cultivation practice is in the Eighth King of Gods, and he will be promoted to the Eighth King of Gods in five years.

Normally speaking, it is impossible to cultivate five years from the breakthrough of the eighth \*\*\*\* of the gods to the ninth king of the gods.

However, Lu Ming has a lot of words, and countless primitive \*\*\*\* crystals, it is possible.

The primitive \*\*\*\* crystal contains a lot of primitive spirit, which is very pure and strong.

In the past, primitive \*\*\*\* crystals were absorbed by the ancient god's heart and turned into the power of blood veins, which were used to upgrade the primitive \*\*\*\* body. Only a small part was used by Lu Ming to improve the cultivation and turn into divine power.

Because once the refining method is adopted to absorb refining, it can only be turned into energy, which will not help the original \*\*\*\* body.

But now, Lu Ming does not need to upgrade the original divine body, but only needs to improve his cultivation ability, so let the volume of words be absorbed.

With the improvement of Lu Mingxiu's performance, the speed of refining and refining energy has also greatly increased.

Moreover, the original Shenjing is very easy to absorb refining and chemical, and five years is enough for Lu Ming to break through to God King Jiuzhong.

"Old volume, it's yours!"

Lu Ming sent a word to Liangzi Jue, and then with a wave of his hand, ten thousand primitive \*\*\*\* crystals flew out.

The 10,000 primitive \*\*\*\* crystals, the energy contained, has been extremely amazing. Lu Ming estimates that it is enough for him to break through.

"give it to me!"

The voice of the measuring word came out, and then one piece of energy and one roll, rolled away 10,000 primitive \*\*\*\* crystals, and began to refine.

Soon afterwards, a trickle of energy poured into Lu Ming's body. Lu Ming operated Qiankun's Ten Thousand Doctrines. After a little refining, these energies turned into divine power, and the continent's divine power.

In this way, Lu Ming dedicated himself to retreat.

Prince's Mansion, in a yard, the prince stood hand in hand.

Behind the prince, stood the national teacher, and there was a young man.

If Lu Ming is here, he will definitely recognize at a glance that this young man is Emperor Jianyi.

"Emperor Jianyi, your opportunity is here. This time, Lu Ming will also participate in the battle between the two countries. Haven't you always wanted to kill Lu Ming? This time, this is the opportunity!"

Prince Edward Road.

"I will not miss this opportunity!"

Emperor Jian's cold glory in one glance, deep in his eyes, revealed a deep desire.

Others do not know, he is too clear, Lu Ming, there must be ancient characters.

He must get the original ancient characters on Lu Ming's body. In that case, his strength will be even more amazing, and he will become the pinnacle of the vast universe in the future. The Taixu Sheng Dynasty is just his stepping stone.

He always wanted to find a chance to kill Lu Ming, but Lu Ming was either absent or surrounded by masters. He never found a chance.

Only once did he find an opportunity, but Lu Ming's strength was beyond his expectations. He didn't succeed in a while, attracting other masters and letting him miss the opportunity.

This time, he will not miss the opportunity.

"Emperor Jianyi, can't carelessly, Lu Ming is very strong, and even Lin Lin is defeated by Lu Ming!"

The state teacher warned.

"Lin Que? In this way, I can kill several with a sword!"

Emperor Jian Yi said lightly, full of strong self-confidence.

"Okay, there are still five years. In these five years, I will open all resources to help you go further and kill Lu Ming, but there is one thing you must remember that after you killed Lu Ming, you will face Tianyi. You can only lose, not win, do you understand?"

The prince spoke lightly, his voice very cold, full of terrible coercion.

"Yes!"

Emperor Sword flashed his eyes and bowed to his life.

Only defeat, not victory!

He knew the Prince's idea very well.

Because the prince has been in this position for many years, but as long as the Emperor Taixu does not die for one day, the prince cannot go further and sit on the throne of the Emperor.

He finally hoped that the Emperor Taixu was approaching, how could he help the Emperor continue his life?

If the Emperor Taixu received the soul-cultivating flower, increased the lifespan of half a star year, and then cultivated and broke through, then the crown prince would not be able to sit on the throne of the Emperor.

Who is the least willing of the Holy Emperor to get the soul-raising flower is the prince.

"Guo Shi, let Lu Ming participate in the two-country battle this time, will not play with fire!"

The crown prince frowned, a little worried.

In case Lu Ming really helped the Taixu Holy Victory to win, wouldn't they lift their stones and hit their feet?

"Prince, do you think it is possible? This time let Lu Ming participate, the purpose is to kill him. Of course, in case, I mean if Lu Ming is really not dead, with his strength, what impact will it have on the overall situation? Everything Isn't it under the crown prince's control?"

The national teacher smiled, and the old traitor was cunning.

"Yes, it seems that I'm thinking too much!" The prince smiled.

...

Time passes quickly, one year, two years...

In a flash, it was five years.

Ten days from the birthday of Taixu Shenghuang.

During this time, Taixu Sheng was very lively.

Twenty-seven heavens, hundreds of monarchs, and thousands of generals, all arrived.

During this time, Taixu Shengdu masters are like clouds.

It may be that there is a person on the street casually, which is the existence of the Divine Monarch Realm.

Of course, the guards of the border guards are also on guard to prevent the barbarians from taking the opportunity to attack.

On this day, the backyard of Qianlong Junhou Mansion filled with a strong breath, but this breath quickly converged. Soon after, a figure came out step by step, it was Lu Ming.

"Five years later, it finally broke through, but it was okay to catch up!"

Lu Ming whispered.

Just a moment ago, he finally made a breakthrough in one fell swoop, and raised his cultivation base to the God King Jiuzhong and stepped into the ranks of the Peak God King.

The next step is to start attacking the realm of God.

Of course, it is not so easy to impact the realm of God, but it also needs to be accumulated.

Of course, his various divine powers have reached four awakenings. Compared with others, it is much easier to attack the Divine Monarch. As long as there is enough accumulation, it is also a matter of course.

Chapter 3484: The two countries fight

"There are ten days left!"

Lu Ming whispered.

In the next ten days, Lu Ming did not continue to practice, but relaxed and relaxed, and at the same time directed Lu Shenhua to practice.

Before closing, Lu Ming gave Lu Shenhua some resources. In the past five years, Lu Shenhua also made breakthroughs in one fell swoop and stepped into the heaven.

With the help of the resources given by Lu Ming, with Lu Shenhua's talent, it will definitely advance by leaps and bounds.

In ten days' time, it was just a blink of an eye.

The Emperor Taixu's birthday is here.

Boom...

Above the Taixu Shengdu, there was a violent roar, sparks, like brilliant fireworks.

"It's really luxurious and spectacular!"

Lu Ming looked up to the sky.

What he sees clearly is that it is a scene of planets bursting in the starry sky. Obviously, those who have great powers in the imaginary pilgrimage have some useless planets from the depths of the starry sky and then explode as fireworks to form a spectacular scene. .

Exploding the planet as a firework, this scene is just beyond Lu Ming's imagination.

Of course, the atmosphere of Taixu Shengdu was also lit up at once.

"Let's go!"

Lu Mingdao, with blue merchants, apes, Lu Shenhua and others, flew deep into the Taixu Shengdu.

In the depths of the Taixu Sandu, there is a huge square. This square can accommodate tens of billions of people at the same time, which is too big.

But even so big, it is still crowded.

The major forces have formed a small circle, which is distinct.

Lu Ming, as a prince, naturally also has a special position. He took people and sat down in the special position of Qianlong prince.

"The Holy Emperor is here!"

A loud cry came from a distant place, and then a large group of figures flew towards this side.

The head is the Holy Emperor.

Behind is the crown prince, the second prince and other important members of the royal family. They sit down at the highest position and can overlook the entire square.

"The Emperor Tianyi is here!"

Another shout came, and in another direction, a group of people came out of the air, with a large number of people, tens of thousands of people, young and old.

The headed person is a middle-aged man with a strong back and a burly figure, with a strong dignity.

Although there is no breath, when others see it, they will involuntarily create a pressure.

This is the holy emperor of Tianyi Holy Pilgrimage, which is called the emperor of Tianyi.

Tianyi Saint Emperor is not particularly old, probably similar to Taixu Holy Prince, but his strength is already unfathomable. He is the same level as Taixu Shenghuang.

"Brother, congratulations, I can live to ten star years, I hope to see you in a few years, haha!"

Tianyi Saint Emperor laughed, but the voice outside the words said that the Emperor Taixu's destiny would soon be carried away.

This is what Tianyi Saint Emperor dare to say, if other people, I am afraid they will be directly slapped to death.

"Relax, the old man's greatest ability is to live, please sit down!"

Taixu Shenghuang waved his hand.

The people of the Tianyi pilgrimage were seated.

"Brother, I don't have much to say. At that time our agreement, the two sides' duel, let's start now!"

Tian Yi Sheng Huang is very direct.

"Since you so desperately want to give me the Soul Raising Flower, then I laughed and accepted that the two countries are about to fight, let's start now!"

Taixu Shenghuang announced.

Boom!

Suddenly, nine masters flew out of the Taixu Holy Pilgrimage. They stood in the sky and exuded a strong breath. Each person flew out a rune, these runes gathered in the air, and finally the runes covered the sky, hard Open the sky open a crack.

"According to the rules we set before, this round of the battle is divided into two rounds!"

"In the first round, the two sides' natural arrogance entered a pre-arranged small world, competing for the promotion tokens in it. There are a total of 16 promotion tokens in it. Only those who get the tokens can enter the second. wheel!"

"In the second round, the two sides' natural arrogance fought against each other until the final victory!"

"Tianyi, do you have any comments?"

The rule of Taixu Shenghuang will be compared again.

"No opinion, let's get started!"

Tianyi Shenghuang laughed.

Suddenly, behind the Emperor Tianyi, young people flew out, at least thousands of people flew towards the crack in the sky, and disappeared without a trace.

"You go in too, remember, you must get at least eight of the sixteen tokens!"

The Emperor Taixu ordered.

"Yes!"

Suddenly, a large number of young people also rose into the air and flew towards the crack.

"Emperor Jianyi, Lin Que..."

Lu Ming glanced away and saw two acquaintances.

Especially when he saw Emperor Jianyi, a cold light flashed in his eyes.

As soon as Emperor Sword wanted to assassinate him, he had long guessed it. If he had a chance, he would never let Emperor Sword one off, and he would cut off the opponent and get the original ancient characters on the opponent.

"I also set off!"

Lu Ming spoke to Lan Shang, Lu Shenhua and others, then rose into the air, flew into the crack, and disappeared.

The next moment, Lu Ming appeared in a forest.

Sisisi...

He had just appeared, and before he had time to look around, there was a huge python that rushed towards the landing.

"Come well!"

Lu Ming showed a smile, his backhand was a punch, the punch was violent, and the void exploded. This is equivalent to the five giant pythons of the \*\*\*\*\* king, which exploded directly and turned into ashes.

Then, a ray of ray of light flew over and fell into a jade card on Lu Ming's waist.

This time, Tianjiao, who participated in the battle, will be assigned such a jade card.

As long as the wild beast of this small world is killed, the soul of the wild beast will be absorbed by the jade card.

This small world is very large, but there are only sixteen promotion tokens. How can I find it?

If you just look for it, isn't it a needle in a haystack

Therefore, there will be such a token.

As long as enough wild beasts are killed, when the jade card absorbs enough wild beast souls, it will give instructions to point to the location of the most recent token.

Therefore, if you want to find the promotion token, the first thing is to hunt more wild beasts.

In fact, the first stage is also a screening stage.

Only the strongest group of people can get the promotion token to enter the next round.

If you can't even kill the beast at the beginning, you can't enter the next round.

After killing the python, Lu Ming rose into the air and found that it was a pristine deep forest with a large number of wild beasts.

Karma!

A sharp cry came from above his head, and then, the wind screamed, and a huge goshawk rushed towards the landing to see the breath.

People who do not have enough combat power enter here and cannot even live.

Of course, Shen Liu Liu Zhong is nothing to Lu Ming.

With a punch, the goshawk exploded and a soul was absorbed by the jade card.

Then, Lu Ming rushed into the forest again, opening a ring of killing, and constantly beasts were killed by him.

Chapter 3485: Meet Lin Que again

None of the wild beasts appearing in this forest are very strong, and the strongest is nothing but the Sixth King of Gods, which can not pose a threat to Lu Ming at all. Lu Ming slumped all the way, and a large number of wild beasts died in Lu Ming's hands.

In a short time, hundreds of wild beasts were killed. The wild beasts in this forest were almost killed.

Lu Ming left the forest and went to other places, looking for wild beasts.

When Lu Ming killed the beast with all his heart, his figure flashed, and there were six figures that surrounded Lu Ming.

"It's a person from the Taixu dynasty. Hey, we're lucky, get rid of him, the Holy Emperor is estimated to have a reward!"

"Not bad!"

The six people sneered and pressed towards the landing. Obviously, these six people were all the arrogance of the Tianyi pilgrimage.

"Don't want to die, get out!"

Lu Ming said coldly.

These six people are the highest ones, but the \*\*\*\* king is only seven heavy. Perhaps in the younger generation of the Tianyi pilgrimage, they are already top-notch, but compared with Lu Ming, I don't know how far they are.

"This kid, a big tone, the most powerful arrogance of the Taixu dynasty, I have studied it for a long time, there is no such person, brothers, shot, kill him in one fell swoop!"

A young man in a yellow robe headed by a cold drink, then rushed towards the landing and launched a violent attack.

The other five also shot and attacked fiercely.

These people are undoubtedly Tianjiao, and they are all top-ranked in the younger generation of Taixu Shrine. Otherwise, it is impossible to participate in this competition.

However, when Lu Ming met, they were unlucky.

"I have given you a chance, but don't know how to cherish, then send you on the road!"

Lu Ming's cold voice sounded, and then punched out.

Roar roar...

There was a sound of dragon chanting through the sky, and then six nine-clawed dragons emerged and rushed towards the six youths.

Since Lu Ming's original divine body, after transforming from the ancient divine body, turned into the ancient divine dragon body, and practiced the primitive divine blood, the dragon's divine power or mysterious techniques have all transformed.

For example, Lu Mingri's Taikoo Dragon Power has become more powerful, and even the conversions that have occurred in the "Shenlong Fa Xiang Jue", the condensed Kowloon, Long Wei is thicker, the momentum is amazing, and each one is full of floods. With an ancient breath, the fighting strength is stronger than before.

Six Kowloon, rushed to six young people.

"not good!"

As soon as Lu Ming shot, the six young men's faces changed greatly, feeling the extraordinary coercion, their hearts were shaking, they wanted to back away, they wanted to escape, but everything was too late.

Bang Bang Bang...

A series of explosions sounded, and six young people fell directly on the spot.

With a wave of his hands, the six storage rings were put away. Lu Ming flashed away from here and continued to hunt wild beasts.

Lu Ming hunted wild beasts very quickly. One day later, Lu Ming's jade card shone with light, which showed that the wild beasts' souls were full.

Then, the jade card glowed and a map emerged.

On the map, there is a line extending all the way to the left, and at the end of the line, a spot of light shines.

"Found, the promotion token, right here!"

Lu Ming's eyes lit up, then his figure flashed, and flew in this direction according to the map.

Lu Ming was quite a distance away from this location. Along the way, Lu Ming met many people, some of them were from the Tianyi Holy Pilgrimage, and some were from the Taixu Holy Spirit.

"It's Lu Ming, he's heading in that direction, and the news will soon pass!"

Someone secretly communicated.

Anyone who had a Tianyi dynasty who didn't want to shoot Lu Ming at his own will was completely killed by Lu Ming.

It took Lu Ming a whole day to come to the end of the map.

"I hope it's too late, and no one else gets it!"

Lu Ming thought, looking forward.

In front, there is a giant mountain, towering into the clouds, and the map shows that the promotion token is on the top of this mountain.

However, a black cloud appeared over the top of the mountain. A closer look showed that this is a black cloud, clearly a black worm, densely packed, and the number is unknown, endless, and unimaginable.

"Iron bite!"

Lu Ming frowned.

If the iron bite worm is alone or a few, it's okay to deal with, but if the number is large, it is not easy to deal with. They can penetrate into the body of the soul and devour the vitality of the body.

Roar roar...

At the same time, there was a roar of the wild beast in the mountains, wearing golden cracked stones and breaking through the clouds, very terrifying.

Obviously, in the mountains, there are also many powerful wild beasts.

Obviously, the Taixu dynasty and the Tianyi dynasty have already been arranged, and it is not so easy to get a promotion token.

"Let's go from the mountain!"

Lu Ming whispered, then rushed toward the mountain.

Relatively speaking, it is better to walk on the mountain, so many dense iron worms in the sky are definitely more difficult.

Roar...

When Lu Ming rushed into the mountain, there was a roar of wild beasts rushing to Lu Ming, bringing a gust of wind, and the power was very amazing.

"Seven Kings of God!"

Lu Ming instantly judged that this is the seven beasts of God King.

It is stronger than the wild beasts encountered before.

But for Lu Ming, it was still nothing. After a punch, the beast exploded, and Lu Ming rushed towards the top of the mountain.

But along the way, the number of wild beasts is very large, and there are constantly wild beasts rushing out. The wild beasts here are all the seven gods of the gods, even if they are Tianjiao characters, there is no cultivation of the seven gods of the same level. Besieged by so many wild beasts, there is only one way to die.

If you want to kill Chongwei all the way and rush up, even if you are a proud person, you have to ask God King Yazhong to do it.

boom! boom! ...

Lu Ming kept throwing fists, and a wild animal exploded. Soon, Lu Ming killed a \*\*\*\* road and rushed to the mountainside.

But Lu Ming stopped here.

Because there are a lot of wild beasts here, and the corpses of wild beasts are everywhere on the ground, and in the front, there are two groups of fierce confrontations.

One of them, Lu Ming also knew that Lin Que, who was actually one of the nine generals of the Taixu dynasty.

Lu Ming swept and saw the situation clearly.

Divided into two groups, one group is the Taixu dynasty, the other group is the Tianyi dynasty, and the two parties inspire the confrontation.

"It seems that these people also know where the promotion token is!"

Lu Ming frowned.

Seeing Lu Ming coming, the two gangs stopped and faced each other. Apparently there were new people joining them, and they were both terrified.

"Lu Ming!"

After seeing Lu Ming, a cold light flashed in Lin Que's eyes.

"It's the person from the Taixu dynasty!"

The Tianyi pilgrimage frowned and looked a little ugly.

Those who can come here are not weak, and their strength is very strong. Now Taixu Shengchao has joined a new master, which is very unfavorable to them.

"You, how are we cooperating?"

It was here that Lin Que gave a voice to the people of the Tianyi Holy Pilgrimage.

Chapter 3486: Roll easily

"Cooperation?"

All the people in the Tianyi pilgrimage showed doubt.

Lin Que just killed and killed them just now, but now he wants to cooperate with them. Want to pit them?

"Yes, to tell you the truth, this person is called Lu Ming, and I have a great hatred, I must kill him, you and me cooperate to kill him, here is the promotion token, I can not compete with you, let for you all!"

Lin Que continued.

"Really?"

The eyes of the Tianyi pilgrimage.

"Nature is true, I can swear!"

Lin was missing.

Last time, Lu Ming made him suffer a huge humiliation. During this time, he was ridiculed by countless people. He wanted to kill Lu Ming all the time, and he felt his hatred.

He didn't care what promotion token was.

"Okay, we agreed!"

The people of the Tianyi pilgrimage agreed.

For them, this is a great thing.

There is only one way for them, otherwise, if Lu Ming and Lin lack them to join forces, they are all in danger.

And now, they and Lin lack join forces, can kill Lu Ming, can also get the promotion token, why not do it?

There is no reason not to agree.

Uh...

The figure flashed, and Lin Que and others from the Tianyi Holy Pilgrimage surrounded Lu Ming Tuan.

"Joined together? Lin Que, it seems you really want to kill me?"

Lu Ming was so clever, and at a glance, he guessed that Bajiu could not be separated from ten.

However, his face was still calm, and with his current combat strength, he was really not afraid of anyone in his younger generation.

At least for forces like Taixu and Tianyi.

"Lu Ming, today is that you are dead!"

Lin Que's eyes were fierce.

"Do you think that with your trash, you can really kill me?"

Lu Ming said lightly.

"what did you say?"

The words of Lu Ming made the people of the Tianyi sage angry.

In Lu Ming's eyes, they actually become garbage?

Unforgivable.

"Boy, you are not one of the nine general stars of the Taixu dynasty. I have studied the nine general stars without you!"

A youth from the Tianyi pilgrimage drank coldly.

"I am not a nine-star general, I am a new batch of students from Taixu Royal Sanctuary, what's wrong? Haven't studied me?"

Lu Ming smiled.

"A new batch of students at Taixu Royal Holy Academy? Hahaha, these rookies, what is good to study, too tender, a rookie, dare to be so arrogant, Lin Que actually wanted to join us, ridiculous, I punched kill you!"

A young man in Tianyi Shenghao laughed, stepped out, and banged at the landing.

boom!

Void tremors, terrible fist prints, bombarded Lu Ming's head.

This young man is very strong, reaching the God King Eightfold Realm, and is a top-level arrogant, second only to such masters as the nine generals.

But in Lu Ming's eyes, it was garbage.

Seeing that the fist was about to bombard Lu Ming's head, Lu Ming remained motionless and stood still.

However, Lu Ming's face was still calm. When the fist was only ten centimeters away from his head, Lu Ming suddenly moved, reached out and grabbed the opponent's wrist, and then the opponent was stiff and could not move at all.

"How...how is it possible?"

The other person's eyes widened and his face was incredible.

He hit with all his strength and was caught by Lu Ming.

Click!

Lu Ming squeezed hard, the opponent's arm became twisted, and his bones were completely broken.

"Ah!" the other party screamed sternly.

"Let go!"

At this moment, another youth from the Tianyi pilgrimage shouted.

But Lu Ming was unmoved.

"Boy, I told you to let go, haven't you heard, are you deaf?"

The young man shouted again and stepped out, so he was going to kill the landing.

bump!

Lu Ming shook his hand, and the violent force burst out. The young man in his hand flew out, smashing a mountain, and saw that he was not alive.

"Go to death, kill him together!"

The youth of the Tianyi pilgrimage shouted.

"Shoot together!"

Lin Que also shouted, and took a few people to shoot. Those few people were all friends of Lin Que, and naturally wanted to help Lin Que against Lu Ming.

"act recklessly!"

Lu Ming's eyes flashed a cold killing opportunity, and then the four-fold combat power of the war of words instantly exploded, and the body's magical power surged.

Boom!

Lu Ming blasted dozens of punches in succession, dozens of terrifying punches, blasted out through the void.

A series of screams and one blow explosion sounded, and then the two figures retreated.

Yes, only two figures retreated, because everyone else was cracked and fell directly.

The remaining two people, one is Lin Que and the other is the Tianyi Holy Youth who scolded Lu Ming just now.

The youth of the Tianyi Holy Pilgrimage was also very strong, not weaker than Lin Que. Before that, he blocked Lin Que.

The two retreated, hit the rocks, and their mouths were spurted with blood, which was hit hard.

Five years ago, when Lu Ming was still the Shenwang Bazhong, he could easily suppress Lin Que when he did not use the original secret technique. Now he has broken through to Shen Wang Jiu Zhong, Lin Que is not even an opponent.

"How is it possible? You broke through again!"

Lin Que shouted in shock.

Five years ago, he was defeated by Lu Ming. He always thought it was his carelessness, otherwise he could not be defeated so miserably.

This time, they had so many people, and they also united with the people of the Tianyi Holy Pilgrimage. He thought he could kill Lu Ming, but he never expected that Lu Ming's strength was even more perverted.

So many people were directly hit by Lu Ming.

Fright!

At this moment, Lin Que left only endless panic.

"Lin Que, you pit me!"

The young man of the Tianyi Holy Shout shouted, and he regretted dying.

Lu Ming's strength is too terrifying. It is comparable to the top arrogances of the Tianyi Holy Pilgrimage. Lin Que pulled them to siege Lu Ming. It was simply looking for death.

"I said, you are looking for your own way!"

Lu Ming opened his mouth indifferently, and once again punched out, punching hard, and drove towards the young man of the Tianyi dynasty.

The young man of the Tianyi dynasty shouted in horror and tried his best to escape, but under the serious injury, how could he escape, and his retreat was all blocked by Lu Ming.

Fisting down, the young man screamed and fell on the spot.

A Tianjiao, not weaker than Lin Que, was just killed.

On the other side, Lin Que almost scared his urine.

"Lu Ming, don't kill me. You can't kill me. I'm a prince. If you kill me, the prince won't let you go!"

"You have to know that the Holy Emperor Shou Yuan is not much, the prince will definitely succeed, and if you kill me, you will offend the future Holy Emperor!"

Lin Que shouted and moved out the prince, trying to scare Lu Ming.

"Prince?"

A cold light flashed in Lu Ming's eyes and said, "Prince, I will kill sooner or later!"

"what?"

Lin Que froze.

What did Lu Ming say? Prince, will he also kill?

Maniac, is this a maniac?

"no, do not want..."

Lin Que was terrified and wanted to escape, but Lu Ming caught up and killed Lin Que with a punch.

## Chapter 3487: Lu Ming VS Emperor Sword One

After killing Lin Que, Lu Ming received several people's storage rings and then headed towards the top of the mountain.

Next, it was very smooth, even if there was a wild beast of God King Jiuzhong behind, it could not stop Lu Ming's footsteps. Soon, Lu Ming came to the top of the mountain.

However, there was a man on the top of the mountain.

A young man, surrounded by a long sword, stood quietly there.

Emperor Sword One!

Lu Ming's eyes moved, and this young man was actually Emperor Jianyi. Obviously, he came earlier than Lu Ming.

Behind the Emperor Sword, there is an altar with a token suspended.

Obviously, it is a promotion token.

"Lu Ming, you are finally here!"

Emperor Jian burst out two bright sword lights in one glance, staring at the landing sound.

"Are you waiting for me?"

Lu Ming asked.

"Not bad!"

Emperor Sword opened his mouth, his voice was cold, and his sword was breathtaking at night.

"Do you want the ancient Chinese characters on my body? Exactly, I also want the ancient Chinese characters on your body!"

Lu Ming spoke lightly, the breath of his body became stronger and stronger, and he was surrounded by Dao Daoguang.

"Do you know there are ancient Chinese characters on my body?"

Emperor Jian froze one by one, looking a little surprised.

"You know me, how come I don't know you?"

Lu Ming smiled faintly and said, "It was you who killed me last time on the battlefield!"

"It seems that I thought I was hiding very well. I didn't expect it to be seen by you, but it doesn't matter. From today, there will be no more Lu Ming in the world. Your original ancient characters will also belong to me and help me step on. peak!"

Emperor Jian's glory revealed in a glance.

"You are confident, but you will be disappointed because you can't do it!"

Lu Mingdao, he is also very confident.

Even if Emperor Jian didn't find him today, he would still find Emperor Jianyi.

The revenge of the day must be reported.

"Can't do it? May I tell you that in the Taixu pilgrimage, no one can let me use my full strength, and assassinated you at the same time, also did not use my full strength!"

"I walked out of the small world and have experienced countless wars in my life. I don't know how many days have fallen to my feet. You, Lu Ming, will be no exception!"

Emperor Jianyi's voice resembled that of an Excalibur, and his clang was powerful. His whole person seemed to also become an Excalibur, breaking the sky.

"This sentence is also what I want to say!"

Lu Ming said.

"You also come from the small world?"

This time, Emperor Jian was really surprised, and then laughed: "Well, well, there are legends, those who can come out of the small world, and the rapid rise, are the protagonists of a world, destined to be extraordinary, I will kill today I am the protagonist of your world, to achieve my own and make me stronger!"

Keng!

As soon as the words fell, a bright sword light slammed toward the landing, as if to split the sky in half.

boom!

At the same time, Lu Ming also moved, punching out with a punch, a brilliant punch, colliding with the sword light of Emperor Jianyi, bursting into a roar of shock, forming a terrible wave of strength, sweeping all directions, and sweeping the ground Exploded into a mess.

"God King Nine Heavy!"

Lu Ming's eyes moved.

This time, he really felt that Emperor Jianyi's cultivation order had actually reached God King Jiuzhong.

Emperor Jianyi, just like him, is a new batch of students from Taixu Royal Sanctuary. He is a bit younger than the nine major stars. Unexpectedly, his cultivation practice has actually reached the amazing \*\*\*\* king. Nine heavy.

Obviously, Emperor Jianyi, who also owns Daqiyun, has made rapid progress.

At the beginning, Lu Ming shot against Lu Ming on the battlefield of the barbarians, and his cultivation base was far from that of God King Jiuzhong. Obviously, he has made great progress in these years.

"No more temptation, try your best!"

Lu Ming said, there was a roar inside him.

After several attempts, he successfully triggered a five-fold combat power.

The palm of the hand was held empty, and the Overlord Gun appeared in the hand.

bump!

Lu Ming suddenly stepped, the ground exploded, Lu Ming's body turned into a gust of wind and rushed towards Emperor Jianyi, and the Ba Shen gun pressed down.

Void violent tremors, huge spears, like Mount Tai pressing the top, pressed towards Emperor Jianyi.

Keng!

The sound of Jianming soared into the sky, and a brilliant sword light bombarded with the Ba Shen Gun, bursting into a violent roar, violent strength, sweeping all directions.

Then, the long sword in the hands of Emperor Sword continued to vibrate, and at the last touch, it burst into pieces, and he retreated backwards, hitting a huge stone hundreds of meters high, smashing the big stone.

"Great, great, Lu Ming, you are even more powerful than I thought!"

Di Jian smiled one by one, but his face showed a stronger fighting spirit.

"Want to try?"

Lu Ming said coldly.

Obviously, Emperor Jianyi didn't use his full strength just now. His war sword is just an ordinary monarch war sword, not the original secret technique. It was directly smashed by Lu Ming.

"Lu Ming, in the World War I, you are the strongest person I have met. Come on, see if you can make me happy!"

As soon as the Emperor Sword broke out into the sky, a stone war sword floated out of his head and was held in his hand. This is the original secret technique.

Then, on the body of Emperor Sword, a shocking sword awn burst out, piercing Yunxiao.

"kill!"

The Emperor Sword swallowed, and the War Sword came out violently.

At the same time, Lu Ming also moved, killing towards the Emperor Sword, the dazzling spear, as if to pierce the sky.

boom!

The two bombed together, and a devastating storm erupted, sweeping all directions. Then, the two bodies retreated at the same time, but at the next moment, the two killed each other and bombarded together again.

I saw a sword light and a gun in the sky, and they were constantly colliding with each other, and the speed was almost to the extreme. In a blink of an eye, the two of them confronted dozens of moves.

have equal shares.

Dozens of confrontations, the two did not distinguish the outcome.

"What a powerful force, this magical skill of Emperor Jian Yi's cultivation is also extremely amazing!"

Lu Ming was also shocked.

He felt that Emperor Jianyi's divine power was extremely terrible. His divine power seemed to be composed of countless tiny sword qi, condensed to the extreme, extremely sharp, indestructible, and did not know how many times stronger than ordinary divine power.

Moreover, the original divine factor of Emperor Jianyi was also awakened four times.

Although Lu Ming's cultivation practice is also God King Jiuzhong, any single divine power cannot compete with Emperor Jianyi's divine power.

Only when eleven kinds of divine powers work simultaneously can the divine power of Emperor Jianyi be repressed reluctantly.

Lu Ming speculates that Emperor Jianyi's cultivation is definitely not an ordinary method. Like "Qiankun Wandaoyue", it is also an extremely rare and terrible method. The divine power cultivated is infinitely powerful.

In addition, Emperor Jianyi's eyebrows shimmered and seemed to burst forth with infinite sword meaning, so that the power of each sword of Emperor Jianyi was extremely strong.

You know, Lu Ming's cultivation practice is the same as that of Emperor Jianyi.

However, Lu Ming had five times the fighting power of blessings, and there were eleven kinds of divine powers. He couldn't help Emperor Sword One all at once. It can be seen that Emperor Sword One also had a terrible blessing.

First, that terrible divine power.

Second, it is related to the kind of sword in his eyebrows.

Chapter 3488: The Origin of the Sword

"Lao Niang knows, his original ancient word is 'sword', that is 'sword' guy!"

The word measure yelled.

"Sword? This guy's original ancient character is the word 'sword'. No wonder the swordsmanship is so terrible!"

Lu Ming moved.

Emperor Sword was a sword once cultivated, and he got one of the original ancient characters of "sword", which can be said to complement each other, so that Emperor Sword's offensive was extremely strong.

Lu Ming was shocked, but did not know that Di Jianyi was even more shocked.

He is a man with great luck. He has been killing him from the world of Xiaoqian and came to the wilderness universe. He has also encountered adventures. He has terrible magical skills, and he also controls the ancient ancient word "sword", making his attack power extremely strong.

No one can compete with him at the same level in the first battle, no matter how strong the arrogance, in the same level of the battle, he was killed by the second.

But now, Lu Ming is encountered.

In the World War I, Lu Ming was able to contend with him. Even after dozens of faint tricks, he was already somewhat out of control, faintly suppressed, and some fell into the disadvantage.

This is unthinkable for him.

Boom!

There were dozens of tricks again, Lu Ming became more and more brave, and Emperor Jianyi began to retreat.

"Emperor Jianyi, have any skills, use them all. Let me see today, what is the strongest at the same level!"

Lu Ming Changxiao, the Ba Shen Gun shook endlessly, and turned into hundreds of guns, killing Emperor Jianyi.

"Then let you see, Flying Snow Excalibur, Flame Excalibur, Bright Excalibur..."

When the Emperor Sword shouted, the sword in his body became stronger, and then a different war sword emerged.

There are chilling war swords, flame-filled war swords, extremely bright war swords, and dark war swords...

A total of nine war swords, each with different attributes.

"This is the original secret technique? No, no, it's not the original secret technique, it's the ordinary secret technique!"

Lu Ming moved.

This is not the original secret technique, but condensed from other secret techniques.

But obviously this is a different secret technique, and each sword represents a secret technique.

Emperor Jianyi's talent for kendo is really terrifying. He actually controlled so many secrets of kendo. One shot is nine different secrets of kendo.

"kill!"

When the Emperor Sword shouted, nine different Excaliburs were transformed into a brilliant sword light, and they killed Lu Ming and besieged Lu Ming from all directions.

The sword gas roared and shook the world, and Lu Ming seemed to be sealed in a sword formation.

"Beyond the mystery, see who is more, the gate of dominance, the sword of breaking virtual, the blade of the demon..."

Lu Ming took a sip, and one after another a secret technique emerged from his head, exuding the ancient atmosphere of famine, and flew towards the war swords.

Boom...

There was another terrible collision. Then, the war swords with different attributes were shaken endlessly and were shot out.

After all, it is still more powerful.

"The original secret technique is all the original secret technique, Lu Ming, you really are practicing the ancient cultivation method!"

Emperor Jianyi's voice was extremely solemn.

He also thought that Lu Ming was practicing ancient cultivation methods, controlling multiple divine powers, otherwise how could he block his divine powers?

"kill!"

Lu Ming drank coldly, his pupils turned into two vortexes, which were the Yin and Yang \*\*\*\* pupils, and then, around the Emperor Sword, there appeared a Yin and Yang rune, winding towards him.

Later, Lu Ming stepped out, and in the sky, all the Kowloon emerged.

There are always one hundred and eight, the roaring rush to Emperor Jianyi.

It is followed by a variety of source secret techniques.

Lu Ming, stepping on the boots of the wind, like a phantom, killed Emperor Jianyi.

"Lu Ming, can force me to this point, you are the first one, open it to me!"

When the Emperor Sword screamed, the stone sword in his hand suddenly burst into a horrible sword, and then a sword rose into the sky, disturbing the situation.

The terrible sword gas swept the void.

The first to bear is the runes of Yin and Yang, which were directly cut off by Jian Qi, and then the Jian Qi bombarded all the dragons and dragons, and all the explosions in Kowloon continued.

No matter what Jian Qi passed, there was nothing to resist. Even the Gate of Domination, Sword of Deficiency, etc., were shot and flew out, and finally the sword gas was cut on the Ba Shen Gun, the Ba Shen Gun vibrated endlessly, Lu Ming was A terrible force pushed backwards and flew out.

"The mystery of the source, cut off a chain!"

Lu Ming whispered.

"Yes, my original secret has already broken the shackles, Lu Ming, how about you? You practice so many kinds of original secrets, disperse too much energy, and want to cut the shackles, it is almost impossible!"

Emperor sword together.

Although his voice was calm, the arrogance and confidence in it could be heard by anyone.

"Can cut off a shackle, I have to admit that you are very powerful, but you think that only you can break the shackle?"

Lu Ming's faint voice sounded, and then, there was a terrifying breath on the Ba Shen Gun.

Di Jianyi's pupils contracted sharply, shocked.

He really did not expect that Lu Ming could actually cut off a shackle.

He originally thought that, in the young generation of Taixu dynasty, he alone cut off the shackles of the original source secret technique, and he had one more Lu Ming in his heart.

"Okay, Lu Ming, it is indeed beyond my imagination, but in this way, you are worth my killing, and it is worth my effort!"

Emperor Jian was shocked, and then showed a strong fighting intention, but also excited.

Yes, Lu Ming's strength has completely aroused his victories, as well as murderous opportunities.

Clang clang...

In the body of Emperor Sword, the sound of sword sounds continued to be heard, which was almost Wan Jian Qiming.

Countless sword qi burst out of his body, making him look dazzling.

Jian Qi, at the moment in Lu Ming's eyes, Di Jianyi's body, every muscle, every bone, and even every hair, turned into Jian Qi.

"Is this the Yuanling sword body? Is it finally used? It seems that Emperor Jianyi has used his full strength!"

Lu Ming whispered.

Lu Ming has known for a long time that Emperor Sword one controls a horrible physique, Yuanling Sword.

Emperor Sword has a talent for fighting against the sky. With the addition of the original ancient word 'sword', I am afraid that Yuan Ling's sword body has been cultivated to an astonishing level.

"Lu Ming, with all my strength, let me die!"

Emperor sword shouted for a long time, then waved his hand, the stone sword in his hand came out violently, and a vast sword light, which lasted millions of miles, slashed towards Lu Ming.

Within a few million miles, you can see this sword light.

The other Tianjiao nearby saw this sword light and almost scared to death.

"What a terrifying sword light, this is from someone, is it from those who have reached the realm of God?"

"It's terrible, ordinary gods are not so powerful!"

Many people shouted in shock, pale, and then how far they ran, not daring to get close to the area where Jianguang came out.

Chapter 3489: True invincibility at the same level

As the swords of Emperor Sword were cut out one by one, the nine kinds of divine swords with different attributes also killed Lu Ming.

Lu Ming's face was dignified, and the body's power was urged to the extreme. The majestic divine power was continuously input into various source secrets, so that the various source secrets burst out with the strongest power.

boom!

The two collided again, and various attacks confronted each other.

This time, the sky was cracked, and there were scary cracks and terrifying energy falling on the ground, but a rune appeared on the ground, forming a large formation, blocking all attacks.

This world was transformed by the people of Taixu and Tianyi dynasties, and they are full of runes and formations, but they are afraid of being blown out.

The fierce confrontation between the two, dozens of moves in a flash.

boom!

Lu Ming's body retreated, a sword wound appeared on his shoulder, blood was flowing, and his shoulders were almost chopped off.

"Lu Ming, is this your full strength? Then die today!"

Emperor Sword shouted, and the fighting power was extremely strong. Behind him, a pair of wings appeared. A pair of wings completely formed by the condensing sword gas can make him speed astonishingly fast.

There was one wing of Jianqi, and the Emperor Sword seemed to turn into a sword light, carrying a terrible sword pressure, and slammed towards the landing.

boom! boom!

The two made another confrontation, and then Lu Ming retreated.

"It's really powerful. I'm afraid that the spirit sword body of Emperor Jianyi has already been cultivated to an extremely terrible state!"

Lu Ming turned a thought in his heart.

"It seems that there is no need to produce the original \*\*\*\*\* body, and it is not an opponent of Emperor Jianyi!"

Lu Ming whispered.

The strength of Emperor Jianyi is absolutely terrible, even stronger than the Murong Qiushui encountered in the primitive spirit world. Lu Ming defeated Murong Qiushui at the beginning, and the cultivation is only the eightfold god.

And now, Lu Ming's cultivation base has reached God King Nine Heavy, and he is at the same level as Emperor Sword. It can be said that in cultivation base, he is not weaker than these top arrogances, but, Emperor Sword One can fight with him to This step, this is the first in history.

No one has ever reached this stage with Lu Ming at the same level.

"Lu Ming, take you on the road!"

Emperor Jianyi's indifferent voice sounded, the war sword was cut again, and the void shook like a wave of water.

"Do you think that only you have practiced the Constitution Secret Technique?"

Lu Ming stood in the air, and a cold voice sounded. At this moment, at his heart, a drop of primordial blood was stimulated and penetrated Lu Ming's body.

Roar!

With a loud shock, Long Ming uploaded from Lu Ming's body. At this moment, Lu Ming was full of infinite power.

Primal Divine Blood, inspire!

Buzz!

The Ba Shen Gun shook violently, swept out, and turned into a dazzling lance, colliding with the attack of Emperor Jian Yi.

Boom!

This time, the entire sky, a few millions of miles away, exploded violently, like a piece of paper, moving with the wind.

In the middle of the collision, a bright light erupted like the sun.

Then, a figure retreated backwards.

Emperor Jianyi!

This time, Emperor Jianyi retreated, but Lu Ming just shook his body.

"You...you still have a hole card? How is it possible?"

This time, Emperor Jianyi was really not calm, his pupils widened and he gave an incredible roar.

Lu Ming has more cards than him, how is it possible?

This situation, he has never encountered.

"Do you still have cards? Use them all, kill!"

Lu Ming shouted, stepping on the boots of the wind, like a streamer, and killed Emperor Jianyi.

"I don't believe it!"

Emperor Jian swallowed and killed Lu Ming.

The two again fought fiercely together.

This time, the two really used their full strength, leaving no cards at all, and they fought fiercely and fought madly.

But Emperor Jianyi fell completely downwind and was beaten by Lu Ming. He kept retreating and lost.

Although his Yuanling sword body is strong, there is still a big gap compared to Lu Ming's original \*\*\*\* body.

bump!

As soon as the Emperor Sword was swept by the gun, his body almost burst apart. His bones were broken and he didn't know how many. His body retreated and he vomited blood.

"Sky Sword Wheel!"

The Emperor Sword shouted, and the stone sword in his hand flew out, condensed with nine other Excaliburs with different attributes into a sword wheel, and squeezed towards the landing.

The speed of the sword wheel is extremely amazing, and it can break up everything.

when!

Lu Ming wielded the Ba Shen gun and slammed on the sword wheel. The sword wheel was shaken wildly and was shot out.

"Emperor Sword One, you are defeated today!"

Lu Ming spoke indifferently, and the Ba Shen Gun continued to bombard.

The Emperor Sword shouted, controlled the sword wheel, and tried his best to resist.

when! when! when! ...

The terrible vibrating sound continued to spread. In a flash, Lu Ming exploded a dozen shots. Finally, the sword wheel finally couldn't resist and exploded.

The nine swords with different attributes exploded and disappeared.

And there were cracks on the stone war sword.

boom!

Lu Ming blasted another sword and bombarded it on the stone war sword. This time, the stone war sword shattered directly.

Emperor Jian was violently shaken, blood ran wild in his mouth, and retreated backward.

Lu Ming stepped out and chased towards the Emperor Sword, the guns raged, as if to pierce the sky.

The Emperor Sword flashed continuously, trying to avoid, but after all he was slowed down, and was swept by a gun, one arm exploded directly.

Emperor Jian roared, not in love, turned into a sword light, and flew towards the distance.

He is about to run away.

Emperor Jian was extremely humiliated, and his heart was full of murderous opportunities.

He had never had such an experience in the battle of his peers, and ran away? In the World War I, he never thought of running away, but this time, he was defeated, he was defeated completely, if he did not go, he would die here.

He must go, he firmly believes that he will be stronger in the future and will kill Lu Ming.

"Want to leave, leave me!"

Lu Ming's eyes were indifferent, and the murderous opportunity was strong. Emperor Jianyi would kill him.

This person attacked him before and wanted to seize the original ancient characters on his body. Since he is already a dead enemy, he cannot stay.

In fact, Lu Ming is not narrow-minded, nor is he so greedy.

Even if he meets other people who have the ancient characters, he will not take the initiative to grab others.

Others can get it, that is his chance.

But if others want to strike his attention and want to kill him to seize his original ancient words, then he will say something else.

Lu Ming chased towards the Emperor Sword at an alarming speed, the Ba Shen Gun was stabbed continuously, and the sky was full of bright guns.

Emperor Sword turned into a sword light, dodge continuously, but now he was hit hard, his speed was greatly affected, he could not dodge at all, he dodged more than ten strokes, and was finally swept by a gun, his Under the body, directly burst.

Of course, after reaching their step, the vitality is very tenacious. Even so, Emperor Jianyi is still fleeing at an alarming speed.

Chapter 3490: The Prince's Shock

However, Lu Ming's eyes were cold, chasing toward Emperor Jian.

The sky was originally covered with dense iron bite bugs, but the battle between Lu Ming and Emperor Sword was too fierce. The terrible energy swept through all directions, and countless iron bite insects were caught by their strength. Go in and be beaten into fly ash.

Now, the sky was empty, Emperor Sword was amazingly fast, and flew out thousands of miles in an instant.

But Lu Ming was faster. Jiutian Kunpeng and the Windbreaker Boots cooperated with each other. He turned into a streamer, quickly approaching Emperor Sword One, and the Ba Shen Gun shook. First, blocked the retreat of Emperor Jianyi.

With a bang, this time, another gunshot hit Di Jianyi's body, leaving only half of the body to burst, and finally only one head left, flying wildly forward.

He hasn't given up yet, still struggling, his will is amazingly firm.

This is very similar to Lu Ming, and will never give up until the last moment.

"Dead!"

Lu Ming hurriedly approached, a mountain-like spear, pressed towards Emperor Sword.

Rumble!

The huge guns completely covered the head of Emperor Jianyi, and he could not escape. The gun fell, and he would definitely die.

But at this moment, Emperor Jianyi's eyebrows exuded a radiant brilliance. Lu Ming saw that there was a word "sword" in his eyebrows, shining with brilliance.

Then, a terrifying sword light burst out from the word "sword", sweeping the sky, terrifying, and chopped on Lu Ming's gun, making Lu Ming's gun violently shaken, and then cut into two.

Lu Ming's face changed drastically, his body receded wildly, and he stepped back thousands of miles before he stood firm. There was a sword wound on his chest, bones and blood flowing deep.

Taking advantage of this opportunity, Emperor Sword turned into a sword light, a few flashes, and disappeared.

"hateful!"

Lu Ming frowned.

He didn't expect that at the critical moment, the original ancient word 'sword' would actually send such a terrible blow, repel Lu Ming, and let Emperor Jian escape.

"How can someone else's original ancient characters be so powerful!"

Lu Ming murmured, enviously dying.

Like him, although there are two ancient characters, such as the word 'war', which is completely passive, it can only explode multiple times of combat power, but it will never be shot by itself.

The word-measure is even more so.

This sentence was heard by Liangzijue, and immediately called it: "Boy, what do you mean? Do you look down on my old lady? I'm so mad!"

"I tell you, the ancient characters of the original source are also divided into different types. The word "sword" is the main attack, and the attack power is unmatched. Even if the attack is active, it is normal!"

"And I am an auxiliary class. Can I store divine power, can other ancient characters do? Can I refine energy and increase your cultivation speed, can other ancient characters do? Without me, your cultivation speed has so fast?"

The vocabulary is very uncomfortable shouting.

Lu Ming was speechless and quickly confessed his mistakes, otherwise he would be quarreled to death by measuring the word.

It's just that he was a little pity that he let Emperor Jian escape.

He had to admit that Emperor Sword was very terrible, and he was the most terrifying of the enemies he encountered in his life.

Possessing great luck, rapid progress, and amazing fighting power, it has caused no small pressure on Lu Ming. If he does not die today, it will be more terrible in time, and he will be a big opponent of Lu Ming.

"You can be defeated today, and you will naturally be defeated in the future!"

Lu Ming whispered, his eyes full of strong self-confidence.

He can defeat the opponent now, and he will definitely defeat the opponent in the future, and his distance from the opponent will become larger and larger. This is his confidence.

This is an invincible confidence.

Immediately, Lu Ming flashed back to the top of the mountain, and the piece of jade for promotion was still there.

He fought a battle with Emperor Sword, and no one dared to approach this area.

Lu Ming waved his hand and put away the advanced jade card.

After putting away the promotion jade card, Lu Ming waited quietly.

There are a total of sixteen advanced jade cards. As long as all sixteen advanced jade cards are obtained, the big formation of this world will start and send them out.

Lu Ming didn't wait too long. About a day later, a rune appeared in the sky, and then a beam of light enveloped Lu Ming. He felt his body sway, and left here. The next moment, he appeared in the air.

A glance at the sight revealed that he had appeared in the midair of the square of Taixu Sandu.

Around him, figures constantly appeared, all of which were the arrogance of the Taixu and Tianyi pilgrimages, but the number was much smaller than when they entered. Obviously, many people have already died in battle.

"Emperor Sword One!"

Lu Ming's eyes flashed, and he saw the figure of Emperor Jianyi not far away.

At the moment, Emperor Sword had condensed a body, but his face was pale, his breath was weak, and he was very weak.

He also saw Lu Ming, his eyes cold and extremely murderous.

Lu Ming also showed his killing opportunity. He really wanted to kill him and kill Emperor Sword.

But it is obviously impossible. The Holy Emperor, Prince, etc. are here. This idea is unrealistic.

"This Lu Ming, why haven't you died yet?"

At this moment, the prince and the national teacher also stared at Lu Ming, which was extremely unexpected.

Especially the national teacher, roaring in his heart, anger is unstoppable.

Lu Ming, actually not dead, how is this possible?

Didn't Emperor Jianyi find him?

They know the strength of Emperor Jianyi deeply. They believe that it is absolutely a sure thing to kill Lu Ming with the strength of Emperor Jianyi.

Unexpectedly, Lu Ming did not die.

Afterwards, they looked at Emperor Jianyi again, and found that Emperor Jianyi's breath was extremely weak, and he was hit hard.

Did Lu Ming hurt Emperor Jianyi?

They trembled in their hearts, then shook their heads frantically.

impossible!

The strength of Emperor Jianyi is absolutely terrible. Although it is the cultivation of Divine King Jiuzhong, the arrogance of several Divine Monarch Realms may not be the opponent of Emperor Jianyi.

They even think that no one in the younger generation of Taixu Sheng Dynasty is an opponent of Emperor Jianyi.

But now Emperor Jianyi is injured, how is it possible?

"Did Emperor Sword have bad luck and met the wild beast in the Divine Realm?"

The national teacher thought.

In the world that Lu Ming just entered, there are extremely terrible wild beasts, not only in the Kingdom of God, but also in the Kingdom of God.

Although there are very few wild beasts in Divine Realm, there are also some.

Now, they can only comfort themselves in this way. Emperor Jian was injured only when he met the wild beast of Divine Monarch Realm. He did not want to believe that Lu Ming was injured.

Emperor Jianyi himself is a man with great luck. He has obtained many adventures and cultivated by leaps and bounds. Moreover, the prince and the national division also spent a lot of resources to help Emperor Jianyi cultivate.

How could Lu Ming improve so fast?
