

D Emperor 3491

Chapter 3491: Prince's plan

Lu Ming looked at them with their eyes, and their respective thoughts flashed differently.

"A lot less people, many people are gone!"

"Indeed, Lin Que is gone, it seems that he died inside, most of them were killed by the people of the Tianyi Holy Pilgrimage!"

"Absolutely yes, unfortunately, a generation of arrogance, just fell!"

Many people lamented, but the people of Lin Que's family were pale and hard to accept.

The Prince's face was also extremely ugly.

Lin Que, but surrendered to the prince, such a talent, grow up in the future, is definitely a general under the prince, but unfortunately died, for the prince, is also a huge loss.

"You guys, whoever gets the promotion token, stand up and all fall to the battle platform below!"

The voice of Taixu Shenghuang came out.

Then, one figure after another stepped out and fell down.

In the middle of the square below, there is a huge battle platform.

One figure after another fell on the battle platform.

Lu Ming also moved, falling on the battle platform.

The people of Taixu dynasty are fighting together, and the people of Tianyi dynasty are standing together.

The two parties add up to exactly sixteen people.

The eyes of everyone at the scene fell on their sixteen.

Seven people from Taixu dynasty and nine people from Tianyi dynasty~!

Many people shivered.

There are sixteen people in total. There are seven people in the Taixu dynasty, and there are nine people in the Tianyi dynasty.

The people of Taixu dynasty had ugly faces, while those of Tianyi dynasty were overjoyed.

"impossible!"

The most shocking was the Emperor Taixu. He suddenly stood up and stared at a young man in the air, shouting: "Hao Tianchen, how could you not get a promotion token?"

The Emperor Taixu stared at a young man in purple robe.

This young man in purple robe, called Hao Tianchen, was almost unknown in the Taixu dynasty, because he was the head of the nine generals and was known as the first day of the Taixu dynasty.

It is said that his cultivation base has already reached the Divine Monarch Realm, and his strength is unfathomable. With his strength, it is a very easy thing to get a promotion token. Now, why is it eliminated?

Not only the Emperor Taixu, the Emperor Taixu, but also the people of the Tianyi Saints looked at Hao Tianchen with curiosity.

Hao Tianchen's face was pale, and his breath was a little vain, obviously he was injured.

Did he have faced off with others before and lost to his opponent?

"Your Majesty the Emperor, I'm sorry. I had bad luck before. I ran into a very powerful beast of the realm of the monarch. He was trapped by the beast and was injured. He was lucky to get out of it, so he had no time to win the promotion. Token!"

Hao Tianchen explained, full of helplessness.

It turns out so!

Many people moved, Hao Tianchen was not defeated by others, or bad luck, encountered an extremely terrible wild beast, and was injured by the wild beast.

"Hahaha, startled brother, it seems that your luck is not good. This time I tried, it seems that I won the game, Soul Raising Flower, you can't get it!"

Tianyi Shenghuang laughed.

"Damn!"

The Emperor Taixu clenched his fists tightly, his face gloomy.

Hao Tianchen was the key to this competition. As the first arrogance of the Taixu dynasty, the first round was eliminated, which had a great impact on the results of the competition.

It can be said that without Hao Tianchen, the Taixu dynasty was almost defeated.

"Damn damn, how could this be?"

Taixu Shenghuang roared in his heart.

Hao Tianchen is the peerless arrogance cultivated secretly by the royal family. For this competition, the Emperor Taixu paid great attention to it. He invested a lot of resources in these arrogances, just to win this competition and obtain the soul-cultivating flower.

As long as he receives the soul-cultivating flower, he can live half a more stellar year. With this period of time, everything is possible. He might even be able to break through and hit the next level.

However, without Soul Raising Flower, he really will not live long, and there is not much life Yuan.

Hao Tianchen was eliminated, his hopes would be lost.

The Emperor Taixu's face was extremely ugly, and the terrifying murders pervaded the world, and there was a terrible pressure in the world. Many people were cold and sweating, and almost knelt down.

The strength of Taixu Shenghuang is horrible.

"Brother, calm, if you are a person of this state, do you still see life and death?"

Tianyi Shenghuang sneered, obviously speaking coldly.

The higher the status of cultivation, the higher the status, the more the life and death cannot be seen.

The Emperor Taixu took a deep breath, slowly calmed down, and sat down.

"No competition yet, who wins and loses, not necessarily!"

The Emperor Taixu said coldly.

"is it?"

Tian Yi Sheng Huang smiled all over.

No one noticed that the Prince on the side had a smug smile on the corner of his mouth.

All this is naturally his hand.

No one knows, in fact, Hao Tianchen had already surrendered to the prince, this time Hao Tianchen was eliminated, it was also arranged by the prince.

He let Hao Tianchen be deliberately eliminated, and what happened to the powerful wild beast was naturally an excuse.

He didn't want to win the Taixu Sheng Dynasty. If the Taixu Sheng Dynasty won, wouldn't he want the Taixu Holy Emperor to live another half a year?

He can't wait!

In fact, even if Emperor Sword one can kill Lu Ming this time, Emperor Sword one will not get a promotion token because Emperor Sword one is too strong.

Everything is as expected by the Prince.

The only thing I didn't expect was Lu Ming.

It is a pity that Lu Ming was not killed by Emperor Sword.

"But this Lu Ming, actually got a promotion token, maybe, when he was compared with the people of the Tianyi dynasty, was he killed by the people of the Tianyi dynasty?"

The Prince smiled.

The National Teacher apparently thought of this too, revealing a trace of expectation.

"Haha, Hao Tianchen, you were eliminated in advance. It's a pity that you had to decide the winner this time. I didn't expect you to have lost in advance. You have lost. This time, the results have been divided!"

There was a young man laughing at the Tianyi pilgrimage. This person has silver skin, is a peculiar race, and is also the first arrogance of the Tianyi pilgrimage.

The Tianyi dynasty and the Taixu dynasty are approaching, sometimes competing with each other from time to time, and the top-level Tianjiao on both sides naturally recognize each other.

Hao Tianchen and Tianyi Shengji had the first day of arrogance before. They also had hands before, and the two had hand in hand three times.

This time, Hao Tianchen was eliminated in advance, Taixu Shengji, is there anyone else's opponent?

"Humph!"

Hao Tianchen sneered pretendingly, and retreated again without saying a word.

"Okay, the candidates have come out, let's proceed to the second round!"

At this time, the Emperor Tianyi said, "The rules of the second round are very simple. The two rounds are duel. Each side sends one person to fight. The victorious party can choose to rest temporarily or continue to fight. Until all one side is defeated!"

Chapter 3492: Underestimated

This rule was negotiated long ago between the Tianyi dynasty and the Taixu dynasty. There is naturally no opinion on the Taixu dynasty.

"Now, get started!"

Tianyi Shenghuang announced.

Suddenly, the two sides looked at each other on the battle platform.

"There are seven of them, but one of them has a strange face!"

In the Tianyi Holy Pilgrimage, a Tianjiao Road looked towards Lu Ming.

"There is indeed a strange face. The other six people are all six of the nine generals of the Taixu Sheng Dynasty. That strange face has never been seen!"

"It should be good luck, and get the promotion token, it is not a worry!"

Several celestial princes of Tianyi Saint Emperor discussed.

"Qi Gaoyi, you take action first, then challenge the unknown kid!"

At this time, among the nine arrogances of the Tianyi Holy Pilgrimage, some people looked at a thin young man.

"Why give me that kid?"

Thin young people are somewhat reluctant.

"Most of that kid got the promotion token by luck, and the strength is estimated to be not high. And you, the weakest among the nine of us, don't give it to you? Who else have you dealt with? "

Another young man sneered.

"you guys..."

The skinny young man was angry. This was Chi Guoguo's degrading him. He despised him and told him to deal with one of the weakest. The meaning was obvious. Others, he couldn't deal with it.

Despite the anger of the thin and thin youth, there is no way out. This is the fact.

Let him deal with Lu Ming, it is indeed the best choice.

Reluctantly, he stepped out and came to the middle of the battle platform. His eyes fell on Lu Ming and said, "Boy, come out!"

"Actually the first challenge me?"

Lu Ming felt the nose helplessly.

It seems that he was underestimated!

Step out and stand opposite to each other and say, "Go ahead, use your best, I will give you a chance!"

"Haha, this kid, so rampant!"

"It's really rampant, and it hasn't entered the nine major stars. It's ridiculous that there is no one in the eyes!"

Lu Ming's words drew laughter from the Tianjiao pilgrimage.

The thin young man of the Tianyi dynasty also showed a cold smile, saying: "Boy, this time I tried, regardless of life and death, I wanted to save your life. Now, I have changed my mind!"

boom!

The voice fell, and a breath of breath erupted from the thin and thin young man, surrounded by a bright divine light.

God King Jiuzhong, the source divine factor three times awakened, of course, the source of mystery must be awakened.

However, such strength is not as good as that of Na Lin, and it is not much better.

Lu Ming pouted at random. Of course, this expression fell in the eyes of the thin and young man. That was to mock him and despise him.

"Boy, die to me!" the thin young man shouted, bursting out with all his strength, combined with the original secret technique, and exhibited the strongest move, as if turned into a scorching sun, rushing to Lu Ming, the speed was extremely amazing.

However, Lu Ming's speed is faster, the wind extinction boots appear, and his feet are merged. Lu Ming's body flashes slightly, avoiding the attack of the dry young people, and appears behind the dry young people, and then the legs are like a steel whip, toward the thin The youth pulled away.

The boots of the wind-extinguishing, not only can increase the speed, but also have terrible destructive power. A word "extinguishing" says everything.

boom!

With a violent roar, Lu Ming kicked the thin young man with a kick. The thin young man screamed, his body almost bent into an arch, blood spewed in his mouth, and his body flew out like a shell.

With a snap, he flew out of the battle platform, hit the ground, and was half dead.

Of course, this is already the sympathy of Lu Ming's men, otherwise, the other party is already dead.

"This..."

The scene was quiet, and this scene was beyond everyone's expectations. Unexpectedly, Lu Ming solved the thin young man with one move.

Especially the people of the Tianyi Holy Pilgrimage were stunned.

Although the strength of the thin and thin young people is the weakest among the nine people in the Tianyi Holy Pilgrimage, it is also extremely arrogant, and I did not expect to lose in one move.

"Qi Gaoyi is too weak!"

A young man of the Tianyi pilgrimage shook his head.

"Yes, that guy from Taixu Shenghao is obviously good at speed. Bypassing behind Qi Gaoyi at speed, the guy didn't even realize that it was really useless!"

"If I were, there were at least three ways to crack that kid's trick!"

Several youths in the Tianyi pilgrimage.

"It is good!"

People from the Taixu dynasty shouted loudly.

Before, they had fewer people to advance than the other side, and the Tianjiao, which ranked first among the nine major stars, did not advance, which made them feel extremely great pressure.

But now, Lu Ming has won a game, and they feel a lot easier.

"Huh, just beat one of the weakest, what a joy!"

Some people in Tianyi pilgrimage said unhappy.

"You, continue to challenge or take a break?"

This is, a white-haired old man asked Lu Ming.

This white-haired old man was chosen on both sides to be the referee.

"Temporary rest!"

Lu Ming said.

He won't keep comparing it, let others compare first, so that he can consume the power of Tianyi Shengjiao Tianjiao, and he can also see how powerful the Tianyi Shengchao Tianjiao is.

His purpose is the final victory, but he can win in a more relaxed way, why not do it?

After Lu Ming finished speaking, as soon as his figure moved, he retreated to the edge of the battle platform.

"According to the rules, the failed party will initiate the challenge. This Tianyi dynasty failed. Next, continue to be challenged by the Tianjiao tianjiao's Tianjiao?"

The white-haired referee announced.

The losing side has the opportunity to challenge first in the next game, which is fairer.

"The next game, who are we going to?"

"Anyway, anyway, the power of the nine generals of the Taixu Holy Pilgrimage Star, the secret technique of the origin, and the methods we are good at, we have studied it, and we can find ourselves to deal with the challenge!"

The arrogance of several Tianyi pilgrimages is being discussed.

"Let me do it!"

At this moment, a young man in the Tianyi dynasty opened his mouth. As soon as this person spoke, everyone in the Tianyi dynasty calmed down and stared at the person in a daze.

"Qiu Qingtian is going to shoot?"

The people of the Tianyi pilgrimage were stunned, and some were incredible.

They had never imagined that Qiu Qingtian would actually take such a shot.

Without him, the main reason is that Qiu Qingtian is the first arrogant of the Tianyi dynasty, the first person of the younger generation.

According to the plan, isn't Qiu Qingtian staying at the end?

"Yes, the one who ranks first among the nine generals of the Taixu dynasty has not advanced. In this way, Qiu Qingtian has no opponent at all. He can sweep the trend and defeat the people of the Taixu dynasty. Didn't you just win?"

"Yes, Qiu Qingtian thinks so. It seems that there is no chance for us to shoot!"

The Tianyi pilgrimage sighed for several days.

They wanted to perform well, but Qiu Qingtian shot, there would be nothing for them.

Chapter 3493: Lost

"Sure enough!

Qiu Qingtian stepped out, and the remaining arrogances of the Taixu Sheng Dynasty paled one by one.

They naturally knew Qiu Qingtian.

Qiu Qingtian swept his eyes and finally landed on a young man in black robe, saying: "Zhu Dao, let's fight!"

He challenged Zhu Dao the first one! "

Many people are thrilled.

Among the nine general stars of the Taixu dynasty, a total of two people cultivated into the realm of God.

For Zhu Dao, the Ninth National Star ranked second, which is naturally another arrogant stepping into the Divine Monarch.

Obviously, Qiu Qingtian wanted to defeat Zhu Dao directly, and Zhu Dao was defeated. On the side of Taixu Holy Dynasty, the defeat was settled.

"Zhu Dao, this battle must be won!"

The voice of Taixu Shenghuang sounded.

Now, only relying on Zhu Dao, as long as Zhu Dao defeats Qiu Qingtian and the Taixu Holy Pilgrimage side, there is a possibility of victory.

The words of Saint Emperor Taixu made Zhu Dao's face dignified, Zheng Zheng head said, "The Saint Emperor is assured, Zhu Dao will fight desperately!"

He didn't say such a thing as a must-win. He said he was desperately fighting because he was not sure at all.

Before, he had not fought against Qiu Qingtian, but all ended in failure.

Zhu Dao stepped out, standing against Qiu Qingtian.

"Zhu Dao, I advise you to still admit defeat, really a battle, the result is already doomed!"

Qiu Qingtian said, very confident.

"Not necessarily, you and I are both gods. You can win me once and you may not win me twice. Take this shot. This time, I will win!"

Zhu Daodao, the voice is clanging powerfully.

The words fell, and Zhu Dao's body was covered with thick dark power. Then, a huge spider emerged.

This is a dark spider, extremely dark, like steel, giving off a metallic luster.

This is Zhu Dao's original secret technique.

In fact, Zhu Dao's body is a spider, and his original secret technique is also a spider.

Then, this dark spider rushed into Zhu Dao's body, and immediately a layer of dark armor appeared on Zhu Dao's body.

The dark armor wrapped Zhu Dao's entire crowd, tightly sealed.

And, behind him, there are eight giant spider legs extending like eight javelins.

"kill!"

Zhu Dao drank coldly, his body rushed towards Qiu Qingtian, his eight legs turned into eight lances, and stab him towards Qiu Qingtian.

As soon as Zhu Dao shot, he exerted all his strength. He and Qiu Qingtian knew everything, and there was nothing to try.

Qiu Qingtian didn't dare to care about Zhu Dao. A thunderbolt filled him, and a lightning-flickering war sword appeared in his hand. This is not the original secret technique, but an artifact.

The secret technique of the source is above his head. It is a round bead, and inside the bead, a terrible thunderbolt erupts, making a sizzling sound.

The Thunderbolt of the ball is integrated with Qiu Qingtian.

咻咻咻...

Thunder and lightning swords in Qiu Qingtian's hands kept chopping out. In a blink of an eye, hundreds of swords were chopped off, and a thunder and lightning sword light collided with Zhu Dao's black spear, and a thunderous roar broke out.

The two fought fiercely together, and in a flash, they confronted dozens of moves.

To be honest, the two are really strong, their strength is amazing, and they have the power to destroy the world.

Divine monarch's cultivation is important, but they are not ordinary princes, but top-level arrogance.

The source power factor has undoubtedly reached four awakenings.

At the same time, mastering all kinds of terrible mysteries, but also practicing physical mysteries, primitive mysteries, etc., the fighting power is amazing, I am afraid that they can double the wrist with the ordinary gods, although they may not be able to contend.

In the Divine Monarchy, it is extremely difficult to cross the enemy.

Just like Zhu Dao and Qiu Qingtian, they are both peerless.

However, all those who can enter the realm of God are all arrogant, and their original divine power factor is at least three times awakened.

Zhu Dao and Qiu Qingtian were only awakened four times, and one more time, even with some other means, it was difficult to cross-level battle in the Divine Realm. You can break up your wrists at most, just contend, but you want to beat each other. impossible.

"Is such strength? A battle at the same level is much worse than Emperor Sword!"

Lu Ming whispered.

In his heart, he had a bottom.

Zhu Dao and Qiu Qingtian fought fiercely. To tell the truth, the difference between their strengths is not particularly large. They have been fighting for more than two hundred moves, and Qiu Qingtian slowly took the upper hand.

He was covered by Thunder, and every move was blasted slowly, turning into Thunder War Sword and killing Zhu Dao.

In the end, the ball of thunder and lightning was held by Qiu Qingtian and turned into a thunder and lightning enchantment. It enveloped Zhu Dao, and countless huge lightnings continued to blast toward Zhu Dao.

Zhu Dao shouted and waved eight spider legs, constantly killing Qiu Qingtian, but every time, he was repelled by lightning.

Click!

The dark armor on Zhu Dao's body cracked, and blood continued to penetrate.

Bump...

Over time, the armor on Zhu Dao continued to explode, not only exploding, but finally, Zhu Dao screamed and his body retreated.

"kill!"

Qiu Qingtian shouted, seized the opportunity, turned into a thunder sword, and cut towards Zhu Dao. Zhu Dao tried his best to resist, but he was still cut, his body flew out, and he fell heavily under the battle platform. His body was ragged and almost burst apart.

He was hit hard and nearly died.

Zhu Dao, defeat!

At this moment, the Emperor Taixu's face was ashamed, and his face was extremely gloomy.

Zhu Dao was defeated. As a result, the arrogance of the Divine Monarch Realm on the Taixu Sheng Dynasty was gone.

In addition to Qiu Qingtian, there is another Tianjiao in Tianyi Holy Pilgrimage.

The gap is too large, at a glance, the results have come out.

The Emperor Taixu is so angry. Isn't it necessary to nourish the soul flower? He is not reconciled.

Without the soul-cultivating flower, he is running out of life, and it is difficult to withstand the sky.

On the edge, the crown prince and the national teacher all smiled, and this result was exactly what they wanted.

"Hahaha, startled brother, it seems that you have lost, you can't get it!"

Tianyi Shenghuang laughed.

Click!

The jade cup in the hands of Taixu Shenghuang was crushed by him.

At the scene, many people who were too sacred pilgrimage shook their heads and sighed.

The one who is the first of the nine major stars has not been promoted, which has had too much influence on the Taixu dynasty.

Originally, that Tianjiao could fight Qiu Qingtian, and Zhu Dao could deal with Tianjiao, another **** of the Tianyi dynasty. In this way, the outcome of the two sides was unknown.

But the one who was ranked first among the nine major stars did not advance, which directly changed the situation dramatically.

Directly let the Taixu dynasty fail on one side.

At this moment, everyone has ignored Lu Ming's previous victory.

Chapter 3494: Confess one by one

Lu Ming's victory had no effect on the overall situation.

"In this battle, Qiu Qingtian wins, Qiu Qingtian, do you continue to challenge, or do you take a break?"

The white hair referee asked.

"Keep fighting, you come out!"

Qiu Qingtian randomly pointed a young man.

Originally, according to the rules, the losing side challenged, but the premise is that the person who won the other side does not continue to challenge.

If the other person's victory continues to challenge, the other party still has the right to challenge.

The young man looked pale.

Although this person ranked relatively high among the nine major stars, he did not enter the Divine Monarch Realm, and his combat power is far behind Zhu Dao. He is not at the same level as Qiu Qingtian.

"Don't dare to fight, admit defeat!"

Qiu Qingtian said coldly.

"war!"

In the end, the young man shouted and stepped forward, revealing a strong fighting will.

Now, under the eyes of all eyes, the Emperor Taixu looked at it. If he conceded defeat, his future would be broken.

Therefore, he cannot admit defeat.

Moreover, he speculates that before Qiu Qingtian and Zhu Dao had a great loss, he might not have had a chance.

"A little courageous, but unfortunately, your result is doomed, Thunder Slaying Sword!"

Qiu Qingtian shouted, the ball filled more thunder, Qiu Qingtian turned into a huge thunder sword, and cut to the Tianjiao of the Taixu Holy Pilgrimage.

"Tianhu splits the sky!"

The arrogance of the Taixu dynasty made every effort to turn it into a sky tiger, the tiger claws split the sky, and killed Qiu Qingtian.

boom!

The two sides collided heavily together, full of energy, thunder sky.

But at the next moment, a scream rang, and then a figure retreated like a meteor, flew out of the battle platform, and hit the ground.

This figure is naturally not Qiu Qingtian, but the arrogance of the Taixu Holy Pilgrimage.

I saw him scorched black and hit the ground. After twitching a few times, there was no breath at all.

died!

An extreme arrogance was directly killed.

"Damn!"

People from the Taixu Holy Dynasty were very angry, especially the Tianjiao family, even more angry.

"No self-restraint, no confession, this is the end!"

Qiu Qingtian sneered.

"You're too ruthless!"

Someone shouted at the Taixu dynasty.

"In this competition, there is no way to live or die. If you are killed, you can only count as poor strength. If you are afraid of death, you can directly admit defeat!"

Tian Yi Sheng Huang said with a smile.

His mood is very cool. In this competition, he won, and he can suppress the Taixu dynasty, and he can also get a treasure no less than the soul-raising flower from the Taixu emperor.

"Qiu Qingtian, do you continue to challenge or rest for a while!"

The white-haired referee asked again.

"Continue to fight!"

Qiu Qingtian said, and then glanced at Lu Ming.

Lu Ming, they had a total of seven people, and now one dead and one injured, there are five left.

In addition to Lu Ming, Qiu Qingtian's eyes were swept away by the remaining four people.

Qiu Qingtian's gaze passed Lu Ming and was ignored directly.

In his view, Lu Ming didn't know him at all. Although he won a game just now, he was also lucky. He was surprised by Qi Gaoyi.

He didn't pay attention to Lu Ming.

His final gaze still fell on one of the nine generals and said, "Come out and fight!"

The star who was challenged was pale.

The scene where Tianjiao was killed before is still shaking.

"Do you accept the challenge or admit defeat?"

Qiu Qingtian said with a playful smile.

"I... I admit defeat!"

In the end, the arrogant priest shook his head and chose to admit defeat.

Even if it was clearly seen by the Holy Emperor, even if it was clearly seen by others, it was ignored, and chose to admit defeat.

Being underestimated is better than being directly killed.

He knew very well that with his strength to go up against Qiu Qingtian, 90% of them could be killed.

How to fight this, of course, directly admit defeat.

"Hahaha!"

The Emperor Tianyi laughed, but the Emperor Taixu looked even uglier.

Today, not only can't get the soul-cultivating flower, but it is also shameful.

In this way, there are still four people left in the Taixu dynasty.

"Next, you, come out a battle!"

Qiu Qingtian continued to challenge and point to a young man.

The young man shook his head directly and chose to admit defeat.

There is no need to fight anymore. He is definitely not Qiu Qingtian's opponent, and he is just dead.

So, there are three people left.

Qiu Qingtian continued to challenge, and the next person still conceded defeat.

In this way, Lu Ming and a young white robe were left.

"Qiu Qingtian, do you continue to challenge?"

The white hair referee asked.

"It's no fight, it's boring, all of them are turtles with their heads down, or leave two, let's play for others!"

Qiu Qingtian shook his head. Instead of continuing to challenge, he backed away.

In his opinion, it didn't make much sense. If you continue to fight, you must surrender all of them. It's too boring. It's better to leave two and play for others.

"Okay, then next, it's our turn to challenge the Taixu Shrine!"

The white-haired referee announced.

Lu Ming has been challenged before, and naturally it is another young man in white robe.

The young man in white robe stepped out and came to the middle of the battle platform. He was really relieved. If Qiu Qingtian continued to challenge him, he could only admit defeat.

Unexpectedly, Qiu Qingtian did not continue to challenge. In this case, he was given the opportunity to perform.

In any case, he will perform well in the next battle.

"Wind riding, come down!"

The young man in white robe looked at a young man in the Tianyi pilgrimage.

"Challenge me, okay, we have fought once before, without a win or lose, this time, I will lose you!"

The young man named Tian Qi, named Feng Qi, said coldly, stepped out, and landed in the middle of the battle platform.

boom! boom!

There is no unnecessary nonsense, and the two fight fiercely together.

Fierce confrontation.

The strength of the two is similar, both are the pinnacle of the King Realm, the original divine power factor, four awakenings, needless to say, they are extremely arrogant, and the combat power is also similar.

In this battle, the two killed more than 500 moves, which was extremely tragic.

In the end, both of them were injured, covered in blood and broken, and finally fell down at the same time.

When the two men reached the end of the battle, they lost both sides and were evenly divided.

In this way, Lu Ming was left alone.

"Hey, defeated!"

"Hurry up!"

Many people in the Taixu dynasty sighed. Before that, it was the Taixu dynasty's challenge. Just now, both defeats in the first battle were hurt. Then it was natural for the Tianyi dynasty to challenge.

"This boy, give it to me. I want to see if it's his speed or my speed!"

In the Tianyi pilgrimage, a Tianjiao spoke, and then flashed out.

Rather than continuing to fail, it is better to end quickly and end this torture.

"According to the rules, it's our turn to challenge Tianyi Holy Pilgrimage!"

White robe referee said.

Chapter 3495: Spike again

Lu Ming naturally stepped out and came to the middle of the battle.

"Boy, your speed is good, but it's worse than me, let me lose!"

The Tianjiao sneered at Tianjiao sneer. This person is a winged human race. There are a pair of blue wings behind him. The voice fell. One of his wings turned into a lightning and rushed to Lu Ming. In the process of rushing out, His figure swayed, turned into a heavy phantom, and rang around.

There are thirty-two phantoms, which are difficult to distinguish between true and false.

"Hahaha, kid, have you seen my speed? Now you know the gap with me!"

"At your speed, you can't even touch one of my hair, haha!"

The young wing people laugh arrogantly.

"Who said, I want to compare with you?"

Lu Ming spoke lightly, his palms were held empty, and the Ba Shen Gun appeared in his hands.

"This is... the original secret technique?"

"how is this possible?"

Many people's eyes widened at once, especially those from the Tianyi pilgrimage.

Natural mysteries cannot naturally surprise these people, but if there are two original mysteries in a person, it would be surprising.

Lu Ming had already exhibited the Boots of Wind Extinguishment in the previous battle, but now he has exhibited the Ba Shen Gun, which is clearly two kinds of original secret techniques.

Is Lu Ming practicing ancient cultivation methods?

Many people just turned around this idea, Lu Ming shot.

Lu Ming swept out directly, swept through thousands of troops, huge guns, squeezed the battle platform, and covered the entire battle platform inside.

"You, ah!"

The young wing people cried out in shock.

Lu Ming, isn't he good at speed? Why not play cards according to common sense.

He wanted to resist, it was too late, the huge guns swept through, and phantoms burst apart.

No matter how many phantoms you have, and how fast you are, Lu Ming has enveloped the entire battle platform under his attack.

Bump bump bump...

A series of bursting sounds sounded, thirty-six phantoms, all burst in an instant, and then screamed, the young wingmen were directly blown away by the gun, like a cannonball, they were flew out of the battlefield and smashed. On the ground, half dead.

One move, the youth of Yiren tribe, defeat!

"Victory again?"

This time, even the Taixu Holy People were a little stunned.

In this competition, the Taixu Holy Dynasty won only two games in total, and these two games were actually brought by Lu Ming.

This is almost incredible.

"This..."

The people of the Tianyi pilgrimage were also a little stunned.

"This kid, playing pigs and eating tigers, has real strength and is very strong!"

Finally, there was a Tianjiao from Tianyi Holy Shrine, his face dignified.

Can easily beat them two Tianjiao twice in a row, even a fool knows that Lu Ming's strength is not weak, but very strong.

Under the battle platform, the crown prince and the master of the country looked a little somber.

Seeing Lu Ming's limelight, they were very upset.

"It's okay, if this kid continues to challenge, wait a moment when he meets the other party's superpower, that is to find death, maybe he will be directly killed by the other party!"

The state teacher secretly sent a voice to the prince.

"Yes, this kid can win a few games, maybe a good thing!"

The prince also nodded secretly.

They also hope that Lu Ming has encountered the god-level Tianjiao of the Tianyi Holy Pilgrimage. In that way, maybe without their shot, Lu Ming would be killed.

"Lu Ming, who are you going to challenge next?"

The white robe referee asked.

Now, Lu Ming is the only one left. Lu Ming won and can only continue to challenge.

"He!"

Lu Ming randomly pointed at a young person in the other party, not from the realm of God.

If you want to win, you can only win by defeating everyone in the other party. So, come one by one, don't worry, just leave the God King Realm behind and fight.

The young man challenged by Lu Ming came out in front of him and came to Lu Ming, but the young man was afraid to carelessly, staring at Landing Ming, his face dignified.

kill!

Suddenly, the opponent shot, and as soon as he shot, he tried his best.

Under the blessing of divine power, this mysterious technique of origin has amazing power and killed Lu Ming.

However, Lu Ming just swung out with a simple shot.

At this moment, Lu Ming had already triggered four times the fighting strength of the war character tactics. With the addition of his eleven kinds of divine power, he was extremely thick. Among his peers, he was simply crushed.

Not everyone is Emperor Jianyi.

Although these arrogances are strong, they are one hundred streets worse than Lu Ming in the World War I.

boom!

Overlord Gun squeezed past, Tianyi Shengdi's Tianjiao screamed, what attack defense was directly defeated, he seemed to be hit by a big mountain, almost flattened, the whole person flew out, and flew out directly Outside the battle platform, he vomited blood and was half dead.

Spike, it's spike again!

The scene fell silent.

Everyone stared at the land and his eyes flashed.

Another spike, once in a while, and good luck, but now, it has been three times.

This is not luck, but strength, crushing strength.

You should know that Lu Ming's opponents are not weak. The top Tianjiao of the Tianyi Shengji is placed in the Taixu Shengji. That is the figure of the nine generals. Such a character was actually killed directly. Lu Ming's strength How strong is it?

The Emperor Tianyi, the remaining Tianjiao of the Tianyi Holy Pilgrimage, their faces dignified.

"it is good!"

The Emperor Taixu couldn't help but scream, and hope appeared in the already desperate eyes.

Such a fighting power as Lu Ming might create miracles.

The Prince and the National Teacher, however, looked somber and ugly.

The two looked at each other and both saw surprise in the other's eyes.

Is Emperor Jianyi really defeated by Lu Ming?

"Emperor Jianyi, come here!"

The crown prince gave a voice to Emperor Jian.

Emperor Sword flashed all over him, and came behind the crown prince.

"Emperor Jianyi, what's going on? Why is Lu Ming not dead? Didn't you touch him?"

The crown prince gave a voice to Emperor Jian.

"Prince, Guoshi, we all look down on Lu Ming!"

Emperor Jian heard it.

"What do you mean?"

The prince and the national teacher were shocked.

"I lost!"

When Emperor Jian only said three words, he kept silent.

"what?"

The national teacher and the prince were shocked and their faces were extremely ugly.

Emperor Jian was so shocked and so perverted, how perverted, they knew too well.

Jing Yu, known as the most stunning Tianjiao in the history of Taixu Shengji, but compared with Emperor Jianyi, there is still a gap.

Yes, in their hearts, Jing Yu is better than God Sword One.

But now, Emperor Jianyi has been defeated in Lu Ming's hands. What does this mean?

Lu Ming's talent is the first in the history of Taixu dynasty.

"Damn, **** it!"

The prince roared in his heart.

The strength of Emperor Jianyi is already extremely terrifying. The one who ranks first among the nine major stars may not be the opponent of Emperor Jianyi. Can Lu Ming defeat Qiu Qingtian?

Defeat everyone in the Tianyi Holy pilgrimage to help the Taixu Holy Emperor capture the Soul Raising Flower?

Chapter 3496: The last two

"no no..."

The prince yelled in his heart and his eyes were red, which he could not accept.

If the Emperor Taixu received the soul-cultivating flower, he increased the life of half a stellar year. He has to wait for another half of the stellar year. He has waited for endless years, and he can't wait.

If, in case, the Emperor Taixu breaks through in the future, then in his life, he would like to sit on the throne of the Holy Emperor.

In his heart, he had an endless killing intent on Lu Ming, and he wished to unload Lu Ming.

"what happened?"

The Emperor Taixu felt the Prince's something wrong and gave him a cold glance.

"No, nothing? Father Emperor, I was so excited to see Lu Ming so powerful!"

The prince changed his face quickly and answered quickly.

"is it?"

The Emperor Taixu said lightly.

"Oh, there are indeed some skills, but it is a pity that the cultivation base is only the God King Jiuzhong.

Tian Yi Sheng Huang's eyes flickered a few times, and finally sneered.

To tell the truth, Lu Ming's strength, he shocked him, deep in his eyes, flashed a murderous opportunity.

Such a powerful Tianjiao will grow up in the future, and it will be very scary.

The stronger the Taixu dynasty, the Tianyi dynasty is naturally not a good thing.

"Really? Then read on!"

Taixu Sheng Chaodao, the color of expectation in his eyes is more intense.

"Lu Ming, who are you going to challenge next?"

The white-haired referee said.

Lu Ming's eyes swept away.

Originally, there were a total of nine Tianjiao pilgrimages in the Tianyi dynasty. Previously, because of both defeats, one was eliminated, and Lu Ming defeated three, leaving only five.

Among them, there are two arrogances of Divine Monarch Realm, these two, Lu Ming intends to stay behind to solve, first solve the three Divine King Realm, it must be resolved anyway.

"Just you!"

Lu Ming pointed at the Tianjiao at will.

Tianjiao's face paled suddenly.

Before, there was a Tianjiao whose strength was not worse than him. The result was solved by Lu Ming. He went up and it was estimated that he was also a part of the second kill.

"Shooting with all strength, can consume him a little magical power to calculate a little!"

In the ear of the young man, a voice suddenly sounded, which came from the Holy Emperor Tianyi.

When the young man's face changed, he wanted to surrender, but then he couldn't surrender.

Obviously, the Emperor Tianyi did not tolerate defeat and wanted to use their power to consume Lu Ming to ensure that Qiu Qingtian and others would surely win.

"war!"

As soon as the young man gritted his teeth, he stepped out and landed in front of Lu Ming.

Then he exploded all his strength and used all the means.

In the eyes of other young people at the scene, this young man was very strong, simply too strong, and terrible.

But in Lu Ming's eyes, very weak!

boom!

The Ba Shen gun blasted out, breaking all the methods with all one's strength, regardless of his means and secret techniques, crushed with a single shot.

Then with a scream, the young man was blasted out.

Still a spike!

Then, continue to challenge, or spike.

Soon, Lu Ming won three games in a row. In this way, a total of six Tianyi Shengdi's Tianjiao were defeated by Lu Ming. On the scene, only two Tianyi Shengdi's Tianjiao were left.

These two people are the existence of God's King Realm.

One of them is Qiu Qingtian, and the other is Tianzhi, the second-ranked youngest in the Tianyi dynasty, called Yunzhi.

"Finally the last two are coming!"

"The last two people are all in the presence of God's Monarch Realm. Is Lu Ming the opponent?"

"It's hard to say, the Divine King is much stronger than the Divine King, and both of them are peerless!"

"Yes, it's also the peerless arrogance. The arrogance of the Divine Monarch Realm can also easily kill the Divine King Realm. Lu Ming may not be their opponent!"

At the scene, many people talked about it.

Indeed, it is also extremely arrogant, whether it is Qiu Qingtian or Yun Zhi, they can easily kill those people that Lu Ming just defeated.

Therefore, without battle, it is difficult to guess who is strong and who is weak.

The Emperor Taixu was also nervous. Of course, there was also the Prince.

One is afraid of losing and the other is afraid of winning.

"Lu Ming, who are you going to challenge next?"

The white-haired referee said.

"No more trouble, let them go together!"

Lu Ming said.

what?

As soon as this remark came out, the scene fell silent.

Lu Ming, was it crazy to challenge Qiu Qingtian and Yun Zhi at the same time?

Still too arrogant?

"Lu Ming, what are you doing?"

The Emperor Taixu suddenly rose and roared.

This battle is about raising the soul flower and his life yuan, but it is not a child's play, and absolutely no mistakes are allowed.

"Brother, what are you doing so excited? How to challenge? It's their young people's business. We just have to look at it. The young people are confident. We can't suppress it!"

Tian Yi Sheng Huang's voice sounded, and then said: "The challenge is free, you have to challenge two people at the same time, you can!"

Lu Ming wants to challenge two people at the same time, he can't wait.

"Lu Ming, you have to think clearly!"

Taixu Shenghuang Road, the voice is cold.

"The Holy Emperor is assured that there is no difference between the two of them and one, I am sure!"

Lu Ming smiled.

Qiu Qingtian's combat power, he has been very clear, he is really sure.

When Lu Ming had just emerged from the primitive spirit world, he was able to tie up with the dual existence of a barbarian prince. At that time, Lu Ming's cultivation was only eightfold.

And Qiu Qingtian, even if he exploded with all his strength, could at most contend with the double existence of a divine monarch, and most of them would fail.

Therefore, even if Lu Ming is in Shenwang Bazhong, he can fear Qiu Qingtian, not to mention that he is now breaking through Shenwang Jiuzhong, even if he adds a Yunzhi.

Lu Ming is very confident, but in the eyes of others, he is arrogant.

"Too arrogant, who does he think he is? A **** king, God king realm cross-border war king, it is already incredible, he still wants to fight two?"

"And they are still two geniuses. This is absolutely impossible and impossible!"

"It seems that he has won several games in a row before, killing his opponents in seconds, so that his confidence is bloated!"

"Oh, wait a minute to be ashamed!"

The people of the Tianyi dynasty sneered sneerly.

However, the Taixu dynasty did not speak.

Many people of the Taixu dynasty knew Lu Ming.

Lu Ming, a new batch of students at the Taixu Royal Sanctuary is just a new batch of students. How many years has it been since then? Lu Ming's cultivation practice has actually reached the peak of the **** king, which is an incredible thing in itself.

Therefore, even if Lu Ming can defeat Qiu Qingtian, they will not feel completely impossible.

"Okay, since you have confidence, then the emperor has only one condition for you, that is to win, you must win!"

The Emperor Taixu said coldly.

"Yes!"

Lu Ming nodded and looked at Qiu Qingtian and Yun Zhi.

Chapter 3497: One enemy two

Qiu Qingtian and Yun Zhi were extremely gloomy.

Lu Ming actually dared to challenge both of them. In their view, this was extremely contempt, and underestimated them.

"Since he wants to challenge us alone, then complete him, let him stay here forever!"

Yun Zhi's eyes were extremely cold, and his voice was cold.

"Just as I wish, a god-king realm is almost crazy!"

Qiu Qingtian also spoke coldly.

boom! boom!

The breath of the two broke out at the same time, and the heavy breath of the prince formed a terrible oppressive force, pressing toward the landing.

Then, the two shot at the same time.

Qiu Qingtian was filled with thunder, forming a thunder sword and slashing towards the landing.

And Yun Zhi, a little finger, suddenly, a golden finger, exuding a brilliant light, all above are runes, pointing to Lu Ming, this is a terrible secret technique.

The attack of the two immediately approached Lu Ming.

However, the two have a heavy presence of the prince, even if this trick does not use all their strength, it can easily kill the ordinary prince.

As for the prince, let alone.

boom!

At this moment, Lu Ming shook again in his body, and his breath became stronger.

Five times the fighting strength of the word of war, trigger!

Then, the Ba Shen Gun shocked, two guns burst out, collided with Qiu Qingtian and Yun Zhi's attacks, two violent roars broke out, and the entire battle platform was shaking.

Of course, the battle platform was covered with runes, and their fighting strength would be blocked and could not be dispersed.

After two roars, the attacks from both sides dissipated at the same time.

"blocked!"

Many people beat wildly.

Lu Ming, really blocked Qiu Qingtian and Yun Zhi's attack, which is really incredible.

People from the Taixu dynasty were overjoyed, while those from the Tianyi dynasty were a bit gloomy.

"Hum, didn't you see that Qiu Qingtian and Yun Zhi didn't use their full strength? Both of their original source secret techniques were not used, and Lu Ming had already used the original source secret techniques, and had already used their full strength to make a verdict! "

"Yes, as long as Qiu Qingtian and Yun Zhi break out, Lu Ming will lose!"

The people of the Tianyi pilgrimage started speaking.

Under normal circumstances, the use of the original source secret technique is basically equivalent to the full effort.

Even Qiu Qingtian and Yun Zhi think so.

"Your name is Lu Ming, is that all your strength? Dare to challenge both of us? I can suppress you alone!"

"Yes, I just used 80% of the power, and the original secret technique has not been used yet. Next, I will send you on the road!"

Qiu Qingtian and Yun Zhi sneered, and their breath became stronger. Later, they used the original secret technique to push their fighting power to the top.

Yun Zhi's original secret technique is a weird bronze finger, exuding the ancient atmosphere of the wild.

This bronze finger merged with Yun Zhi's fingers, letting his fingers radiate a bright brilliance.

"kill!"

Yun Zhi shouted, pointing to the landing naming, and a huge finger, like the finger of the original god, pointed to Lu Ming.

Lu Ming waved the Ba Shen gun and blasted towards the front. The huge gunman collided with his fingers. With a bang, he was full of energy, and Lu Ming's body violently shook back.

He retreated to the edge of the battle platform before stopping.

Lu Ming is going to lose!

Many people have a thought in their hearts.

"Haha, just like your strength, don't overestimate yourself!"

Yun Zhi laughed.

"Is this your full strength?"

At this moment, Lu Ming suddenly asked.

"What do you mean? My strength is enough to kill you ten times!"

Yun Zhi sneered.

"Really? If you only have such power, then this battle can be over!"

Lu Ming spoke indifferently, and then, he placed the Ba Shen Gun horizontally in front of him. At the next moment, a terrifying breath erupted from the Ba Shen Gun.

A dazzling spear burst into the sky and broke through the sky.

The scene was quiet first, then an uproar.

"This is, cut off the shackles!"

"His original secret technique has cut off the shackles!"

"Oh my god!"

At this moment, it is not just ordinary people, even if many old monsters are fighting, their eyes are wide and it is difficult to calm down.

Even Emperor Taixu and Emperor Tianyi suddenly stood up and were shocked.

God King Nine Heavy, young, can awaken the original secret technique, it is a peerless arrogance, as for the shackles cut off, it is even more afraid to imagine.

Now, no matter whether it is the Taixu dynasty, or the Tianyi dynasty, the strongest group of Tianjiao, no one has cut off the shackles.

So far, Lu Ming is the first.

The crown prince and the national teacher were extremely gloomy, but they were not too surprised.

After all, Lu Ming defeated Emperor Jianyi, and they knew that Lu Ming must have cut off the shackles of the original secret technique.

"you...."

Yun Zhi and Qiu Qingtian, the pupils are very staring, full of incredible.

They also want to cut off the shackles, but they have failed countless times and failed, and Lu Ming, just the cultivation of God King Jiuzhong, has already succeeded. This makes them envious and jealous.

"bring it on!"

Lu Ming held a gun and pointed at Qiu Qingtian and Yunzhi.

"What if the shackles are cut off? Your cultivation base, after all, is only God Nine Heavyweights, how can you contend with us? Kill!"

Qiu Qingtian and Yun Zhi shouted, and their bodies moved towards Lu Ming like a meteorite.

Qiu Qingtian's bead radiated infinite thunder, and even wanted to become a lightning enchantment, covering Lu Ming with it, turning it into a general lightning sword, and killing Lu Ming.

Yun Zhi shouted, his finger glowed, and a finger was pointed out, a more terrifying finger, pointing to Lu Ming.

Buzz!

Lu Ming wielded the Ba Shen Gun, and in an instant, two guns burst out, as if to break the void, terrifying to the extreme, and breaking the void.

The attacks from both sides collided together, and the battlefield was violently shaken. This time, Lu Ming was not backing away. His long hair was flying, and his guns were like dragons, which not only blocked the attacks of Qiu Qingtian and Yun Zhi, but defeated their attacks.

The two stepped back a few steps, ugly face to death.

"Damn!"

"Die to me!"

The two roared, and the strength of the two was not Lu Ming's opponent, making them a little difficult to accept.

Zizizi...Obviously, Qiu Qingtian and Yunzhi have become physical secrets. Qiu Qingtian's physical secrets should be related to lightning.

However, their physique secret technique is not particularly high, Lu Ming can see at a glance, it is estimated that it is not as good as the fifth change of the original **** body.

Yun Zhi's physique is similar to Qiu Qingtian.

Qiu Qingtian's body is covered with endless thunder, like a thunderbolt. It seems that the entire body is turned into thunder, and the musculoskeletal blood seems to be composed of thunder.

"Physique mystery?"

Lu Ming whispered.

Chapter 3498: Angry Prince

Of course, with the physique secret technique, their strength has also been improved, and once again killed the landing.

This time, the two battled with Lu Ming. For a time, it was difficult to distinguish the victory and defeat, and the difficulty of fighting was difficult to distinguish.

On the huge battle platform, the three figures are constantly colliding and fighting each other, which is extremely fierce.

In a blink of an eye, the three had already killed hundreds of moves.

At the scene, there was silence, and there was no sound. All eyes widened, staring at the battle platform.

Mainly because they were so shocked that they were shocked by Lu Ming's strength.

A **** king, Jiu Zhong, can actually confront two peerless princes, which is incredible.

The Emperor Tianyi's face was extremely gloomy, and the Emperor Taixu was the opposite. His eyes were full of expectation.

Before, he was desperate. He believed that this time the two countries would be defeated. Most of them would be defeated. Unexpectedly, Lu Ming shot out and showed amazing strength.

Greatly beyond his expectations.

It seems that there is hope of winning.

As long as he wins, he will be able to get the soul-raising flower, and he is extremely excited at this.

"Ah, **** it!"

"Kill, kill!"

Qiu Qingtian and Yun Zhi roared madly, fought madly, and the offensive was like a storm. They could not be defeated. If the two of them joined forces, if they were not an opponent of God King Jiuzhong, they would become laughing stocks.

They cannot accept this fact.

The two pushed the fighting to the extreme, but no matter how they attacked, Lu Ming could always block them.

"Okay, it's almost over!"

Lu Ming whispered, and then he began to manipulate the primordial blood of the heart.

Of course, this time Lu Ming did not completely explode the power of the original Divine Blood, only a part of it.

Even so, Lu Ming's body was suddenly filled with explosive power, so that his power surged.

Buzz!

The Ba Shen Gun was shocked, and turned into a huge gun, sweeping the thousand armies.

boom!

The thunder and lightning war swords condensed by Qiu Qingtian exploded and shattered directly. Then, the overlord gun swept through, and Qiu Qingtian's lightning enchantment also exploded.

Qiu Qingtian's face changed wildly, he groaned, and his body retreated.

when!

At the next moment, the Ba Shen gun bombarded Yun Zhi's fingers, his fingers shattered directly, and Yun Zhi's face went wild. At that moment, he felt his fingers were broken, his body retreated, and his fingers continued to tremble. Blood oozed out.

"You...your power?"

Qiu Qingtian and Yun Zhi, with wide eyes and staring at the land, could not believe it.

Just now, Lu Ming's power surged again, how is this possible?

Does Lu Ming still have no cards to use? Just now, you haven't used your full strength?

They can't believe it, nor are they willing to accept it.

The people around them were similar to them, and they looked dumbfounded.

Lu Ming, already so strong, there is still a hole card?

"It is the power of physique mystery. What he just performed is physique mystery!"

There is a very old monster talking.

"Physique Mystery!"

Many people felt shocked.

Terrible, it's really terrible, Lu Ming's methods are endless.

"Now, solve you guys!"

Lu Ming said coldly, stepping on his foot, he was like a human-shaped tyrannosaurus, rushing towards the front, the Ba Shen gun fell down, and turned into a heavy gun shadow, covering Qiu Qingtian and Yun Zhi.

Qiu Qingtian and Yunzhi shouted and tried their best to confront.

However, Lu Ming's power at this moment was completely above them. As soon as the two sides collided, the bodies of the two retreated, their faces pale, and the corners of their mouths were overflowing with blood.

Lu Ming kept attacking and continued to kill them, the offensive continued.

Only a dozen strokes, Qiu Qingtian and Yun Zhi screamed. One was accidentally hit by Lu Ming. The two vomited blood, flew out of the battle platform, and fell heavily to the ground.

The two were hit hard.

Of course, this is Lu Ming's mercy, if Lu Ming broke out all the power of the original blood, it is not difficult to kill the two.

Defeat, Qiu Qingtian and Yunzhi, lose!

There was a dead silence on the scene, especially the people of many days of the Yi dynasty, their brains were blank, thinking they were dreaming.

Qiu Qingtian and Yun Zhi, but the two strongest arrogances of the Tianyi dynasty, are supremely invincible. In the Tianyi pilgrimage, those two mountains are pressed against all young people and countless young people. They are all young people. The goal is also the idol of all young people.

However, the two such strong arrogances, under the joint force, were defeated by the person of the God King Jiuzhong, which was a huge blow to them.

"it is good!"

After a while, a lot of talents reacted, and the Taixu dynasty shouted and shouted, excited.

The two countries confronted each other and they won, of course they were excited.

"Hahaha, Tianyi, let me!"

The Emperor Taixu laughed and was extremely excited.

"Damn, damn, damn..."

On the side of the Taixu dynasty, the most angry one was the prince. He roared in his heart and his eyes were extremely unbearable. He wished to unload Lu Ming.

Originally, everything was well arranged and seamless. This time the Taixu dynasty was impossible to win, but now, because Lu Ming alone, the Taixu dynasty won, all his plans, all efforts, and turned into Bubble.

The Emperor Taixu will receive a soul-cultivating flower, and Shouyuan will increase by half a stellar year.

He was unwilling, he was extremely unwilling, at this moment, he was all Lu Ming's hatred, monstrous.

The national teacher's face was equally ugly.

Of course, Tian Yi Sheng Huang's face, so that nowhere to go.

"Okay, okay, okay, I didn't expect that such a wickedness would appear in the Taixu dynasty. You really have a great chance when you are in the Taixu sacred. Hey!"

Tian Yi Sheng Huang sneered, looking at Lu Ming's eyes, full of deep fear.

A talent like Lu Ming is too scary. In the future, it is very possible to take a crucial step, break through the barrier of the god, and step into a higher level.

Once that happens, it is very deadly for the Tianyi pilgrimage and will break the balance.

Before, Jing Yu claimed to have such hope, but unfortunately died.

Now Lu Ming obviously has that kind of hope.

"Tianyi, you lost. Give the Soul Raising Flower!"

The Emperor Taixu shouted loudly, looking forward to it, staring at Tian Yi.

"Give it to you, brother, shocking soul flower, although it can increase your life in half a star year, but even if you increase the life in half a star year, it is impossible to break to the next level and live at most. Half a star year!"

Tian Yi sneered.

"This, don't worry about you."

The Emperor Taixu said coldly, and his face was not good-looking. His Shouyuan was his taboo. If it was not Tianyi Saint Emperor, he slapped him directly.

Chapter 3499: Shocked, Holy Emperor and Barbarian Emperor

Tian Yi Sheng Huang sneered twice, and then waved his hand, a jade box appeared in his hand. Open the jade box, and you could see a dark flower in it. The flower was dark all over, but it exuded crystal luster, exuded There is a strong scent, and many people feel the soul trembling as soon as they smell this scent, as if the soul power has been purified a lot.

"Is this the Soul Raising Flower? Sure enough, it is Peerless Treasure!"

Many people have bright eyes.

If this soul-cultivating flower is obtained by an ordinary person, after refining, it can also increase the soul power.

It is a peerless treasure, of immense value.

Of course, they just think about it. The soul-cultivating flower is now the treasure of the Emperor Taixu. Who dares to have that kind of thought?

"Quick, fast cover!"

The Emperor Taixu shouted quickly.

The Soul Flower is exposed to the outside, and the medicinal properties will slowly evaporate. Every time it evaporates, the efficacy will be worse. Just a few volatility, maybe it can reduce his lifespan by several years, and he naturally cares very much.

The Emperor Tianyi smiled and closed the lid.

"Liu Xi, go, get the Soul Raising Flower!"

The Emperor Taixu waved his hand and asked a nearby servant beside him to fetch the nourishing flower.

As a holy emperor, he was naturally unable to fetch it himself and lost his identity.

"Yes, Your Majesty!"

The nearby minister, Liu Xi, was a white-haired old man. He bowed down and performed a salute, and then flew towards Tianyi Saint Emperor.

Tian Yi Sheng Huang showed a trace of flesh pain, and then waved his hand, the jade box flew to Liu Xi.

Liu Xi took it, and flew towards Taixu Shenghuang, but halfway through, he suddenly stopped.

"Liu Xi, what are you doing? Haven't you brought it?"

The Emperor Taixu urged, already a little impatient.

But Liu Xi didn't move, but showed a strange smile, and then opened the jade box.

"Liu Xi, what are you doing?"

The Emperor Taixu shouted loudly.

"Nothing? Just to... ruin the soul-cultivating flower!"

Liu Xi smiled, and then the supernatural power burst out and bombarded in the jade box.

Liu Xineng, as a minister of the Emperor Taixu, was astonishingly powerful. He reached the realm of the eightfold supernatural power. His divine power was so strong. The jade box in his hand also had the soul-raising flower, which exploded directly into powder and dissipated into the air.

At the scene, suddenly became silent.

Everyone was stunned and stared at Liu Xi for a while.

Including Taixu Shenghuang, Tianyi Shenghuang, Lu Ming, etc., this scene is completely beyond their expectations.

Liu Xi, actually ruined Soul Raising Flower?

"This this..."

Prince, the national teacher is also dumbfounded, this scene is completely beyond their expectations.

Although they also wanted to destroy the Soul Raising Flower, they did not dare.

This is the lifespan of the Emperor Taixu, destroyed, and the Emperor Taixu will surely go crazy. No one can bear the madness of the Emperor Taixu.

Yes, the Emperor Taixu is really crazy.

At this moment, the Emperor Taixu's body shivered violently, his eyes turned red, and a horrible cold air machine emanated from his body.

At the scene, suddenly became very depressed.

"Liu Xi..."

A roar like a beast came from the mouth of the Taixu Holy Emperor and was filled with terrifying killing opportunities.

Uh!

At this moment, Liu Xi didn't stay at all. His body burst into the sky and rushed toward the sky. The speed was amazing. Those who were not good enough to be princes could not see Liu Xi's speed.

However, Taixu Shenghuang is faster.

Originally, the Emperor Taixu looked like a twilight old man, but at this moment, he was like a resurrection of the ancient god, all over him, a terrible breath erupted.

He rushed out of the body, chasing towards Liu Xi at an alarming speed, and the distance between the two sides was rapidly narrowing.

"Liu Xi, I want you to die as much as you want!"

The Emperor Taixu roared, and his violent energy rolled out like a storm, as strong as Liu Xi and the presence of Divine Monarch. At this moment, he felt cold all over, as if he was going to be ashes in the next moment.

"not good..."

Liu Xi's face changed wildly, his body and mind were shaking, as if he would be destroyed in the next moment.

He understood that it was too far away to let Emperor Taixu.

The Eightfold Divine Monarch, placed in the Taixu Holy Pilgrimage, is definitely a top-level master. Generally, the King of the Heavenly King Mansion does not have this cultivation practice.

However, compared with Taixu Shenghuang, it is a world apart.

The Emperor Taixu is already at the limit of the Divine Monarch, half a foot, stepping into the next realm.

boom!

The dry palm of the Taixu Saint Emperor grabbed upwards, and a huge, palm covering the sky, grabbed Liu Xi.

This palm, covering the space of hundreds of millions of miles, is too huge, terrible strength, completely blocked Liu Xi, Liu Xi broke out with full force, it is useless, he has been locked by those strengths, It's even hard to breathe.

At this moment, he really understood the gap between him and the Emperor Taixu.

He was terrified and shouted: "Man, help!"

boom!

Liu Xi's words just fell. Above Liu Xi, the space suddenly fluctuated. A huge fist suddenly burst out, bombarded on the palm of the Taixu Holy Emperor, and a horrible roar broke out.

At this moment, the entire emptiness and holy city seemed to shake violently.

The Taixu Shengdu is a huge ancient city like a star. At this moment, the earthquake is as if it is about to explode, but at the next moment, the Taixu Shengdu is filled with endless runes and forms a huge formation. Law, and shed this force.

The Taixu Holy Capital, inheriting the endless years, the above formation is not trivial, even if it exists like the Taixu Shenghuang, it can't be broken at once.

Energetic madness, the big hands condensed by the Emperor Taixu finally broke apart.

Liu Xi was overjoyed, rushing out tens of millions of miles like a streamer.

Just a few breaths ago, Liu Xi and Taixu Shenghuang had rushed into the starry sky.

In front of Liu Xi, a burly figure appeared.

This figure, more than three meters tall, has a strong physique, a tiger's back and a waist, and his body is full of muscles, full of explosive power.

He just stood there, giving people the feeling of being as heavy as a mountain, indestructible, and destroying everything.

"Barbaric Emperor!"

The national teacher whispered, showing shock.

Barbarian!

The people at the scene were trembling in their hearts.

The barbarian emperor, the barbarian emperor, is the barbarian emperor.

Manhuang and Taixu Saint Emperor, but the rivals, Manhuang, how come suddenly?

Is it that Liu Xi was instructed by the barbarian emperor?

From the scene just now, it is very possible.

"Barbaric Emperor!"

Seeing that Man Huang was overjoyed, Liu Xi flew behind him and took a long breath, feeling that his body was wet with cold sweat.

"Barbaric Emperor!"

The Emperor Taixu's eyes were blood red, full of tyrannical murderous opportunities.

"Everything, did you arrange it?"

Taixu Shenghuang asked.

Chapter 3500: Quasi-Imperial Battle

The Emperor Taixu stared at the Barbarian Emperor, with infinite murder in his eyes.

"Yes, it's all arranged by me!"

Barbaric Emperor Road.

"Liu Xi, following me for five star years, how could he be bought by you?"

Taixu Shenghuang Road.

"It's very simple, because Liu Xi was already my person before five star years!"

Barbaric Emperor Road.

"Good, good, good, barbarian, your plan is really long enough!"

Taixu Shenghuang's face was extremely gloomy.

He did not expect that the barbarian emperor started planning before five star years, and sent Liu Xi to him. This stay was the five star years. For such a long period of time, he did not show the slightest footsteps until today. Rise shot.

"Haha, the five years of starry forbearance, everything is worth it. Now, you can live without a soul-cultivating flower for a few years? Isn't it cool to break your hope? Hahaha!"

The barbarian laughed.

This remark made the Taixu Saint Emperor's murderous chance even stronger. His body was full of cold murderous eyes, his eyes were covered with bloodshot eyes, and he shouted: "Mr. Emperor, even if I don't have much Shouyuan, but before I die, Pull you back!"

"Here is the sacred city of Taixu. You shouldn't come. Come, don't leave!"

boom!

The breath of the Emperor Taixu was even more terrifying, and the divine light was as bright as a star. The terrifying pressure caused the starry sky to tremble, and with him as a center, a huge crack spread out in all directions.

Horror, terrifying horror, even if the Emperor Taixu is far in the starry sky, at least hundreds of millions of miles away from the Taixu Saint Capital, but Lu Ming still feels a terrible pressure on them, letting them They have difficulty breathing.

"kill!"

In the end, the Emperor Taixu screamed and killed towards the Barbarian Emperor.

"You are old and immortal, how do you kill me?"

The Emperor Man coldly drank, his body moved, the starry sky burst continuously, and then with a bang, the two's attacks collided together. At this moment, the starry sky exploded and numerous cracks appeared.

Endless energy, pervading in all directions, and in an instant I don't know how much distance I have traversed.

The Taixu Saint is glowing, blocking these strengths.

But in the distant starry sky, those meteorites, planets and the like are not so lucky.

In an instant, at least hundreds of meteorites exploded. In addition, there was a huge planet that was hit by a ray of energy and exploded directly.

It's too scary, this is the level of the Holy Emperor's fighting power, and it will destroy the world.

boom!

After the Taixu Saint Emperor and the Manhuang embarked on a move, the next moment, they went on the second move, and then the third move...

They fought fiercely together, killing the starry sky.

I saw that in the depths of the starry sky, from time to time, the planet burst, like fireworks in the universe.

Horror, terrible.

Lu Ming's eyes showed a deep horror. With such a combat power, terror can kill him with just one finger.

"What an amazing fighting power!"

Lu Ming whispered.

"It's nothing more than a quasi-imperial emperor, what's nothing? If the true emperor shot, it would be amazing. With a palm, the star bursts and the stars will shatter!"

In the sea, the bone demon opened his mouth, revealing a touch of disdain.

"Quasi Emperor? True Emperor?"

Lu Ming was shocked.

"The next realm of Divine Monarch is called Divine Emperor. The Emperor of God can only be regarded as a true emperor if he enters the real Divine Emperor Realm!"

"And these people, although known as the Holy Emperor and the Barbaric Emperor, actually did not enter the Divine Emperor's Realm, they could only be regarded as half-footed into the Divine Emperor's Realm, so they could only be regarded as Quasi-Emperors!"

Bone Demon explained.

"It turns out that the next realm of the Divine King is the Divine Emperor Realm!"

Lu Ming moved.

In the world of Xiaoqian, there is a realm called Emperor Wu.

It means the emperor of martial arts, the emperor of martial arts.

The emperor is the emperor of the gods, although they are all 'emperors', but the realm is only a thousand miles away.

"The prospective emperor is so terrifying, God Emperor Realm, how powerful should it be?"

Lu Ming whispered, really shocked.

Boom!

In the depths of the starry sky, the war between the Taixu Holy Emperor and the Barbarian Emperor became more and more intense, and the battle reached a fierce stage.

However, the two are old opponents, both of which are quasi-imperial realms, and for a time, it is difficult to distinguish the outcome.

"Old guy, it seems that you are really old, this strength? When you die, I will calm down the Taixu pilgrimage, ha ha ha!"

The Emperor Man laughed and deliberately stimulated the Emperor Taixu.

"This is the sacred city of Taixu. Since you're here, don't leave. Divine monarchs above nine weights, take action together to kill the barbaric emperor!"

The old voice of Taixu Shenghuang sounded and spread throughout Taixu Shengdu.

"kill!"

Suddenly, several roars sounded, and several figures rose into the sky, filled with breath of breath.

"It's the army king!"

"There are six princes!"

Someone exclaimed and recognized several people.

The identities of these shots are not trivial. In the Taixu Holy Pilgrimage, they are all overlord-level characters.

One of them is the king of the military aircraft department, commanding all the troops of the Taixu dynasty, whose cultivation behavior is profound and unpredictable, and extremely horrible.

The other, the younger brother of Taixu Shenghuang, is known as the Six Kings and is also a top strongman.

The two were extremely fast. In an instant, they rushed into the starry sky and wanted to help the Emperor Taixu and kill the Barbaric Emperor.

But the starry sky was filled with water waves, and several burly figures suddenly appeared, and each figure exuded an atmosphere like a sea like an ancient beast.

All these people are strong men of barbarians.

"Want to kill the Barbarian Emperor, dream, let's be your opponent!"

Several barbarians drank coldly and breathed into the sky, fighting with the army king and the six kings.

"Father and Emperor, I will help you!"

With a loud roar, the crowd saw the second prince's momentum rising into the sky like a divine rainbow, killing the starry sky.

However, when the second prince rushed out, the void also filled with ripples, and a powerful barbarian blocked him.

At this time, the prince and Guoshi glanced at each other, then nodded silently.

"Father and Emperor, I will help you!"

The prince also screamed and rushed into the starry sky with the master of the country.

They didn't really want to help the Emperor Taixu, but now they have to do it.

Moreover, the Soul Raising Flower was destroyed, even if it helped the Taixu Holy Emperor kill the Barbarian Emperor, it didn't matter.

And killing the Barbarian Emperor is more beneficial to him. In the future, when he ascends to the throne, he can have one strong opponent.

So he and Guoshi also shot.

At the moment when the National Teacher and the Crown Prince shot, several other top strongmen of the Taixu Holy Dynasty also shot.

For example, the Thousand Saints Heavenly King, as well as the top few Heavenly Kings of the 27th Heavenly King's Mansion, also shot one after another, and went to the depths of the starry sky.

However, this time the barbarians were clearly fully prepared and dispatched a large number of top strongs. When the princes and others rushed into the starry sky, some barbarian strongs appeared.
