

D Emperor 3501

Chapter 3501: Malay

The starry sky above Taixu Shengdu was completely messed up and became a pot of porridge.

It was terrifying, the barbarian sent a large number of top powerhouses, and completely blocked the top powerhouses of Taixu Shengji.

There are nearly twenty top powerhouses before and after, fighting in the starry sky.

boom! boom!

The following people can only see the big explosions constantly erupting in the starry sky. The horrible sound waves make many people pale and cough up blood directly.

The starry sky exploded continuously, and all the meteorite in that area was swept away and turned into cosmic dust.

A series of fierce cracks appeared, like a cobweb covered the starry sky, I don't know how long it stretched.

Fortunately, Taixu Sheng has an ancient large array of guardians, otherwise, under such a terrible war, it has long been wiped out by scattered energy.

Countless people stared at the starry sky, the horror in their eyes was hard to hide.

This is the existence of the Divine Monarch more than nine times. Its strength is terrifying. It is really terrifying, and it is difficult for ordinary people to match it. This is the Taixu Holy pilgrimage, the real top fighting power of the barbarian.

"Hey, hey, it's almost time I shot!"

At this moment, a sneer burst from the starry sky.

Then, not far above the Taixu Shengdu, a figure suddenly appeared.

This is an old man with dark skin and dry body, like a skeleton, wrapped in a **** robe.

He was spreading his hair, his face was pale, and there was a continuous mist coming out of him.

In his hand, he held a black iron clock, and looked down coldly, mainly to Lu Ming and others.

when!

At the next moment, he shook the iron clock in his hand and immediately made a bell. The bell was extremely harsh, and the sound waves visible to the naked eye diffused downward.

boom!

At this moment, Lu Ming felt the violent shaking of his soul, as if struck by the thunder, and he was violently shaken.

Lu Ming's face was white, and he almost spit out blood.

"Soul attack!"

Lu Ming was shocked and quickly covered Jing Yu's scroll to cover his soul.

This bell was not directed against Lu Ming alone, but a large-scale attack.

Puff!

At this moment, many people who were weak and weak in soul strength vomited blood directly, and some even fell to the ground with no breath at all.

The soul that was directly destroyed fell to the spot.

"It's a soul attack!"

"Ma people, he is Ma people!"

Someone shouted and recognized the dry old man in black robe.

Many people were shocked.

The Wu people are a long distance from the Taixu Holy Pilgrimage, separated by at least a dozen cosmic forces.

But there is no doubt that the Wu people are extremely powerful, and their strength is unpredictable. It is far from the Taixu dynasty, the Tianyi dynasty, comparable to the barbarians.

To put it bluntly, the Taixu dynasty, the Tianyi dynasty, and the barbarians are also known as cosmic forces, but they are only pseudo-cosmic forces, not real cosmic forces.

The cosmic forces must have a real emperor sitting in order to be considered.

The Taixu dynasty, the Tianyi dynasty, and the barbarians are all quasi-imperial emperors, and they can only be regarded as pseudo-cosmic forces.

However, the Wu people are really a cosmic force, terrifying.

How can the Wu people appear here to help the barbarians?

"Witches, why do you intervene in the fight between us?"

An old man in Taixu Shout shouted.

"It's not intervening, it's just that the emperor is just a favor!"

The hoarse voice of the old Wu people sounded, and then the iron clock in his hand rang again.

when!

The continuous sound waves covered the square below, and more people's bodies tremble and their faces pale, repaired to be weak, and fell directly.

Only those who are repaired higher can barely block it.

Lu Ming's body shook violently and his face was white.

"What a terrible soul attack!"

Lu Ming turned a thought in his head.

He has a picture of Jingyu, which can protect the soul, but under this attack, the picture of Jingyu cannot fully protect, and there are still sound waves infiltrating into it.

This shows that the other party's terror.

The Tianjiao on the battle platform, Lu Ming is good, the other Tianjiao on the side of the Taixu Holy Pilgrimage are more crumbling, vomiting blood, and ugly face.

However, the Tianjiao over there was nothing at all.

Obviously, the other party only aimed at the Taixu dynasty, not the Tianyi dynasty.

"Hurry back!"

The voice of Tianyi Shenghuang sounded in the ears of Qiu Qingtian and others. The Tianjiao of Tianyi Shengzhu quickly retreated, and retreated to the side of Tianyi Shenghuang and others.

"Haha, old fellow, you have gathered all the arrogances of the Taixu dynasty this time. Then I will kill all the arrogances of the Taixu sage and let you break an era. How will you compete with my barbarians in the future?"

In the starry sky, the barbarian laughed outrageously.

when!

The sound of the black iron bell sounded again. This time, it seemed that Lu Ming's arrogance and concentration of power these days were undoubtedly stronger. Lu Ming's face was pale.

Other Tianjiao were even worse. Some people were directly paralyzed on the ground and screamed.

"Damn!"

"Come on, I killed you!"

Roars sounded, and on the square, silhouettes rose to the sky, killing the old Wu people.

These are masters, there are the kings of the heavenly palace, and there are also the top strong men in the royal family, all of which are seven or even eightfold gods.

A total of eight people killed the old Wu people together. The space exploded. The scene was terrifying, and a horrible roar was heard.

However, the old Wu people did not change their faces, and even showed a hint of contempt.

I saw him wave his hand, and eight puppets appeared in the sky. These puppets held various weapons in their hands, rushed to the masters of the Taixu Holy Pilgrimage, and waved them down.

Boom...

A series of explosions sounded, and all the eight strong men of Taixu Holy Pilgrimage were blocked. No matter how they impacted, it was difficult to get close to the Wu clan elders.

Many people's faces are ugly, legends, and the witch's tricks are strange and unpredictable. Sure enough, they actually blocked eight top masters with a few puppets.

Of course, this also has something to do with the strength of the Wu clan old man. The strength of this witch clan old man is definitely in the Ninefold of the Divine Monarch, or even the prospective emperor.

The strong men of the Taixu dynasty continue to impact, but for a time, it is difficult to break through the defense.

"Tianyi, do you sit there and watch a movie? I will shoot together and leave the barbarians, I must thank you!"

The voice of Saint Emperor Taixu came, and he wanted to invite the people of Tianyi Holy Pilgrimage.

However, the Emperor Tianyi smiled lightly: "Brother, this is the grudge between you and the barbarians. I will not intervene in the Tianyi Holy Pilgrimage!"

"you..."

The Emperor Taixu was furious. He didn't know what Tianyi Saint Emperor thought?

It is nothing more than wanting them to lose both sides. This is the most beneficial to the Tianyi pilgrimage. Why should he intervene?

The Taixu dynasty and the barbarians beat each other to death. This is what the Emperor Tianyi is most willing to see.

Chapter 3502: Blue business shot

when!

The Wu clan elders continued to shoot, and the iron bell rang, deterring the soul.

what!

Finally, there was a young Tianjiao who couldn't resist and sent out a screaming scream, with a terrible look, and finally his soul burst and fell directly.

Even those arrogances among the nine general stars are struggling to support.

Tianjiao, such as the Nine Generals, has some means of defending the soul, or a treasure that resists the attacks of the soul, but the opponent's soul is too strong.

The Wu people, said to be specialized in souls, such as the Nine Serenity Palace of the Taixu dynasty, can also attack the soul, but compared with the Wu people, it is a house.

In this way, they will not be able to resist, they will die.

Buzz!

At this moment, a layer of ray of light diffused from the grandstand and enveloped Lu Ming among them.

Suddenly, Lu Ming felt that the sonic attack outside was blocked, completely blocked, and he exhaled with a light pressure.

The same is true of other Tianjiao.

"Uncle Lan!"

Lu Ming's eyes lit up, it was the blue businessmen who shot.

At this moment, Lan Merchant was suspended above Lu Ming, their eyebrows glowing, and a layer of glowing light diffused, blocking all those sound waves.

Lanshang's soul is exceptionally powerful. He rushed into the realm of the gods by pure soul alone. The strength of the soul, even a quasi-empire, could not be compared with him.

After all, other people, mainly practicing star cores and divine power, are not specializing in souls.

It's just that as the cultivation practice improves, the soul will also improve accordingly.

"Ok?"

The witch elder frowned, looking a little surprised.

Then, the black mist on his body made the iron bell dangdang.

A wave of sound rushed down like a tide, but all were blocked by the blue merchant.

"A strong soul, you... how could you have such a strong soul?"

The Matriarchs shouted and shocked.

He discovered that the soul of the blue merchant was far more than him.

He is a witch, with a strong natural soul, and possesses a method of cultivating soul. The soul is several times stronger than the practitioners of the same level. However, he cannot be as strong as the blue merchant by his soul power alone.

Lan Shang said nothing, exerted his soul, and protected Lu Ming and others below.

"Damn, how do you stop me?"

The Wu clan elder screamed, and the iron clock in his hand kept getting bigger and became a big clock with a height of 100 meters.

The eyebrows of Wu clan elders also radiate dazzling brilliance and blend in with the big bell.

Dangdang...

A deafening bell sounded, and a wave of sound continued to rush down below, like a torrential river, endless.

The Wu clan elders urged the soul power to the extreme and wanted to destroy the blue merchant's soul, but it was useless. The blue merchant's eyebrows exuded a radiant brilliance and completely blocked this soul attack.

Lanshang's current soul power is already equivalent to the double realm of Divine Monarch. This is pure soul power, but there is no magic power at all.

"Damn, this person must have got some kind of soul treasure, possessing the anti-sky adventure, otherwise the soul power can never be so powerful, such a strong soul power, I don't have much Wu clan!"

The old Wu people shouted in their hearts, and their eyes gleamed with greed.

At the next moment, when the bell stopped, instead of urging the bell, he wanted to exert his divine power to kill and take away the blue merchant.

But at this time, a tremendous sword light, slashing towards the Wu clan old man, was the shot of Qiansheng old king.

Thousand Saints Heavenly King battled with a barbarian strongman while slashing a sword at the witch old man.

The Wu clan elder was frightened and waved his hand quickly. A huge puppet appeared, holding a war sword and chopping it out, chopping it with the sword light of the Thousand Saints.

With a violent roar, the giant puppet retreated, but it also blocked the sword light of the Thousand Saints.

"Hahaha, Barbarian Emperor, it seems that your plan to kill the Tianjiao of the Taixu Holy Pilgrimage is to fail!"

In the depths of the starry sky, there was a laugh of Taixu Shenghuang.

"Well, I didn't expect that you are too sacred, and there is a person with such a strong soul, which is beyond my expectations!"

Manhuang responded coldly.

"More than you expected, today, you all stay!"

The voice of Taixu Shenghuang is full of powerful murderous opportunities.

Boom!

At this moment, in the depths of the Taixu Holy City and the depths of the imperial palace, there were a few breaths of terror.

These breaths burst out, the sky shook, and the entire Taixu Sheng shook.

"So strong!"

Many people looked into the depths of the palace, showing shock.

These breaths are too horrible. They are no worse than those of the previous military kings, six kings, etc., all of them are top experts.

"In the depths of the Taixu Holy Pilgrimage, there are still some old monsters retreating!"

The Tianyi pilgrimage whispered, but it was not too unexpected.

Any force will have some details, and the strength cannot be as seen on the surface.

A few breaths that are now appearing are the foundations of the Taixu sacred dynasty. Some horrible old monsters are just retreating.

This kind of heritage, whether it is the Tianyi Holy Pilgrimage or the barbarian, has it.

I don't usually make shots, but only when it's critical.

Obviously, the Taixu dynasty has already summoned these 'information'.

Several figures appeared from the depths of the imperial palace, in an instant, but the next moment, they came to the front, directly to the depths of the starry sky, and killed the strong of the barbarians.

The Emperor Taixu was determined, and he wanted to keep the barbarians.

He was angry, very angry.

The soul-cultivating flower was destroyed, making him almost crazy.

He must leave the barbarians in order to relieve his hatred.

"It's time to leave!"

At this time, the voice of the barbarian rang.

"Want to leave and dream!"

The Emperor Taixu shouted and launched a stormy attack on the Barbarian Emperor. There was even a 'inheritance' of a Taixu Sheng Dynasty rushing over to help the Emperor Taixu kill the Barbarian Emperor.

But at this time, the body of the barbarian radiated dazzling light, and at the same time, the space around his body was filled with ripples.

"Die to me!"

The Emperor Taixu roared and punched him with a punch.

Only a violent roar was heard, and the body of the barbaric king disappeared in an instant, replaced by a scarecrow, shattered by the fist of Taixu Shenghuang.

At the same time, the rest of the barbarians, including the Maori elders, radiated dazzling light, and at the next moment, they all became scarecrows.

And their body disappears without a trace.

All the barbarians, including the Wu people, disappeared in an instant, leaving only the scarecrow.

"Avatar!"

The Emperor Taixu roared with a terrible complexion.

Obviously, it is the handwriting of the old Wu people. They have long been ready to launch the avatar at the critical moment to transfer the barbarians and others.

The avatar technique is a weird method of the Wu people. As long as it is arranged in advance, people can be directly transferred away at the critical moment, which is really mysterious.

Chapter 3503: News

Manhuang and others have engraved teleportation arrays on their bodies, but it takes time to launch teleportation arrays. In this kind of war, there is no chance to launch teleportation arrays.

The avatar technique, as long as it is arranged in advance, can be transferred away in an instant. This is the horror of the Wu people.

The Wu people, but the races that can be included in the Honghuang Wanzu list, are extremely powerful, and they are not comparable to the race of the barbarians.

"Damn witch!"

The Emperor Taixu roared, of course, it was just roaring, he did not dare to go to the Wu clan for trouble.

Don't look at him as a prospective emperor. If he encounters a real emperor, he may be slapped to death. Without any suspense, he can't escape.

The scene, quiet down.

The prince, the national teacher, sneered in the corner of his mouth. Today, although there were many accidents, the Taixu dynasty defeated the Tianyi dynasty because of Lu Ming's reason and got the soul-raising flower.

However, in the end, because of the emergence of the barbarian, the soul-raising flower was destroyed, and finally the Taixu Saint Emperor could not get the soul-raising flower, and achieved their purpose.

"Lu Ming!"

Cold light flashed in the eyes of the Prince and the Master.

As for Lu Ming, just remove it later.

"Brother, the competition is over, let's say goodbye!"

Tianyi Shenghuang got up and clenched his fists.

"Please, don't send it away!"

The Emperor Taixu said coldly that he was very upset that Tianyi Saint Emperor did not help.

Of course, he wouldn't try to leave Tian Yi Sheng Huang. If Tian Yi Sheng Huang could come here, he would definitely be prepared. I'm afraid that Tian Yi Sheng Yi's top strongmen will not come any more.

Moreover, once he started with Tianyi Shenghuang and others, it would only be cheap barbarians. If the barbarians and Tianyi Shengji join forces, the Taixu Shengji would be dangerous.

Therefore, although he was angry, he would not do anything against Tianyi Shenghuang and others.

"go!"

The Emperor Tianyi was too lazy to ignore the Emperor Taixu. He took a sip and led the person away.

For a time, only people from the Taixu dynasty remained on the square.

At the moment, no one said anything, and the scene fell into silence.

Everyone knows that the Emperor Taixu must be in a rage at this moment, just like an explosive, and it will explode in a little bit. If anyone provokes the Emperor Taixu, he may be miserable in the end.

The scene fell into silence, and the Emperor Taixu, standing high in the sky, continued to permeate a tyrannical atmosphere, and seemed to adjust himself.

In this way, after a short while, the tyrannical breath of the Taixu Holy Emperor converged.

He fell down and landed on the square.

"Meet the Holy Emperor!"

Everyone salutes.

"no!"

The Emperor Taixu waved his hand, and then his eyes fell on the blue merchant. His eyes were full of glory, and he seemed to see the blue merchant in general. After a while, a strange smile appeared on the corner of his mouth. , You are indeed a peerless genius, the star core is abolished, and you can actually take another path and cultivate your soul to the level of god, good!"

Lan Shang clenched his fists and said, "The Saint Emperor has won the prize. I just had good luck, but I am lucky to break through!"

"Luck is sometimes part of talent!"

The Holy Emperor smiled and immediately looked at Lu Ming, saying: "Lu Ming, your talent is beyond the emperor's expectations, it is the strongest history of the Taixu dynasty, and it exceeds Yuer!"

"Also, this time you helped the Holy dynasty defeat the Tianyi Holy dynasty. The emperor promised you the conditions, and surely did, and someone will be sent to search the whereabouts of your parents!"

"Thank you Saint King!"

Lu Ming was overjoyed.

With the help of the Holy Emperor, it is much easier to find his parents.

"Okay, let's go!"

The Emperor Taixu waved his hands and seemed tired. He stepped out and disappeared into the palace.

Others also dispersed.

Lu Ming looked at Emperor Jianyi. He really had an impulse to kill Emperor Jianyi. But when he saw Emperor Jianyi standing beside Prince and Guoshi, he knew that it could not be done.

Afterwards, Lu Ming, Lan Shang and others left the place and returned to Qianlong Mansion.

As for this great war, it has spread like a gust of wind, spreading all over the Taixu Holy Capital, and then spreading throughout the Taixu Holy Pilgrimage.

Lu Ming's reputation was pushed to the top.

And a lot of titles.

What is the strongest arrogance in the history of the holy dynasty!

There are also nine star generals!

The youngest prince in history, wait...

In short, no one knew Lu Ming, and no one knew.

Even, many people believe that if Lu Ming is not dead, he will definitely be able to break through the bottleneck of the imperial realm in the future and become the first person in the history of the Taixu dynasty to reach the imperial realm.

Yes, there is no one in the history of Taixu dynasty that can truly reach the realm of God Emperor, including the one who created the Taixu dynasty.

The Taixu dynasty has experienced six generations of emperors, and no one broke through the bottleneck.

The startling feather was considered the most likely, but unfortunately it has already fallen.

Nowadays, Lu Ming is regarded as such.

However, no matter how much noise there is outside, Lu Ming has been staying in Qianlong's palace for cultivation.

He didn't return to the Tianxianxing Realm and stayed in Taixu Shengdu, mainly waiting for news from his parents.

This is a year.

A year later, Taixu Shenghuang sent people to see Lu Ming.

His parents have news.

"The Holy Emperor's investigation has made it clear that your parents may have been taken away and locked in a remote galaxy in the Dark Pine Starfield. This is a map!"

An old man handed Lu Ming a map, and then flew away.

The Emperor Taixu only helped him investigate. As for the rescue, of course, he still had to rely on himself.

"Dark Pine Starfield!"

Lu Ming's eyes shone brightly.

Immediately, he called Ape Cong, and there were several powerful princes of the six ancestors of the Ming Ape War Clan, intending to save his parents.

"Lu Ming, I will go with you. If I encounter some formations, or attacks on the soul, I can help!"

Lan Shang walked over and said.

"it is good!"

Lu Ming nodded slightly and nodded.

Indeed, the Blue Merchant is extremely strong in soul and formation, and it cannot be replaced by the ape and others.

"Lu Ming, this time is very strange, I always have a bad feeling, so, we better go back to Qianlong Star first, and bring Ape Huan also, just in case!"

Blue Business Road.

Ape Huan is already the cultivation practice of God King Yazhong, and he has trained the original **** body, which is extremely powerful. Bring him and be safe.

"it is good!"

Lu Ming nodded.

They immediately set off, left the Taixu Holy Capital, returned to Qianlong Star, and then brought Ape Huan, as well as several other strong apes battle clan, toward the dark pine star field.

.....

The holy capital of Taixu, deep in the palace, in a hall.

At the top of the hall, the Emperor Taixu was at the top.

Below, there are several figures standing respectfully.

"Lu Ming, did they leave?"

The Emperor Taixu's voice came out a little bit cold.

Chapter 3504: Hit

"Your Majesty the Emperor, they had already set off not long ago!"

An old black robe said respectfully.

"Blue Merchant, are you together?"

The Emperor Taixu asked, revealing his expectation.

"Unsurprisingly, the Emperor Lan and Lu Ming set off together!"

The old man in black robe answered.

"Good, good, good!"

The Emperor Taixu continued with three words of "good", and his eyes shone brightly, which seemed extremely exciting.

"This blue merchant, the soul power suddenly broke out, and actually reached the amazing divine realm, definitely got some kind of soul treasure!"

"If I can get this kind of treasure, maybe my soul will regain its vitality and prolong my life!"

The Emperor Taixu whispered in his eyes, full of greed.

At that time, the Blue Merchant shot out, revealing the terrible soul power, and the Emperor Taixu doubted it. He suspected that the Blue Merchant must have obtained some kind of extremely strong soul-like treasure.

This is the treasure he most needs, whether it is useful or not, he will get it.

.....

The Dark Pine Star Field is far away from the Taixu Saint. It is a remote star field in the Taixu Sheng Dynasty, just like the Qin Tianxing.

Lu Ming they passed a wormhole and came not far from the dark pine star field, then rushed to a destination according to the map.

At their current speed, it was too fast, one planet after another, they were left behind, and not long after, in front of them, a huge planet appeared.

This is a desolate planet, a dead star, no creatures, no other planets around, and no stars.

Full of death and desolation, and darkness.

This is very remote, and if they had a map, they would not find it.

The map shows that Lu Ming's parents are on this planet.

"go!"

Lu Ming whispered, then they converged their breath to the extreme and flew towards the planet.

Soon, they landed on the planet.

Dark, desolate, without any creatures, they slowly searched in one direction.

Soon after, there was fog in front, very rich.

"Be careful, I feel wrong!"

Lan Shang carefully reminded him that his soul was powerful and his consciousness was very keen.

Hey...

As soon as Lan Shang's voice fell, there was a terrible sound of breaking the sky around him, the void burst, several sword lights, and they assassinated them at the landing, the speed was astonishingly fast.

Terrible, terrible!

Lu Ming felt that this kind of sword light, he could not catch it together, would be killed by a sword.

"Be careful!"

Ape Huan and others were very fast, surrounded Lu Ming and Lan Shang, and then, several **** aristocrats of the six-folded apes battled with fists.

boom!

The void was pierced, and the fists of the amber war tribe were bombarded with Jianguang, and a horrible roar erupted. However, the several swordlights were not shattered, they were just bounced away. Nether Ape War Clan also retreated.

"Six Kings of Divine King!"

Lu Ming and Lan Shang were shocked in their hearts.

Obviously, the opponent can repel Shenjun Liuzhong's Ming Ape War Clan, which is also the existence of Shenjun Liuzhong.

Who actually robbed his parents, actually sent the presence of Shenjun Liuzhong, and there are several.

咻咻咻...

A few sword lights retreated, and they came towards them again, and a few powerful men of the six princes, they also wanted to kill them.

"Don't do it yourself, protect the housekeepers!"

The ape sipped, his body burst out, seeming to feel a trace of crisis, and let those few apes fight back.

Boom!

The strength of the Nether Ape is that the Seventh King of the Divine Monarch is so powerful that he can continuously punch his fist and break his fist, which can destroy the Sixth King of the King.

But at this moment, one of the sword lights suddenly skyrocketed, exuding a terrifying wave of terror, which far exceeded the sixth weight of Divine Monarch and continuously confronted the fist of Ape Cong.

Several horrible explosions came out, and violent energy swept through.

The planet under their feet had a big explosion directly. In a blink of an eye, the magma soared into the sky, and the entire planet exploded directly.

However, the magma fragments formed by the explosion exploded into ashes and cosmic dust under the force of the ape colliding with the sword light.

Then, the ape flicked from his figure, and took three steps back, and when he got the sword light, he drifted back.

The Sevenfold Divine Monarch!

Lu Ming and others took a breath, and the other party actually had the powerful seven-layered god.

Fortunately, the ape just felt the danger, and killed it by himself. Otherwise, just a few of the six supernatural warriors of the apes are in danger. At least one of them must be killed.

The planet exploded and Lu Ming stood in the void of the universe.

Uh, uh, uh!

The figure flashed, and around Lu Ming, a figure in black robe appeared, and there were twelve people surrounding them.

"Who are you? Why should my parents be robbed?"

Lu Ming shouted.

"Steal your parents? Ha ha, we don't even know where your parents are!"

One of the black robe sneered.

"what?"

Lu Ming was shocked. The other party did not know where his parents were. Why did the Emperor Taixu say that?

Could it be that the Emperor Taixu lied to him?

"Lu Ming, it seems that we are lucky, this is an ambush!"

The blue merchant looked ugly.

"Hehehe, yes, you are the middle class. This is indeed an ambush. Today, don't think about leaving!"

A cold voice came out, the void rippled, and a black robe emerged. The breath of this black robe was even more terrifying.

"Shenjun Yae!"

Ape Huan opened his mouth, his face dignified.

The other party, even the mighty superpower of Shenjun, was dispatched.

"Too Void Saint Emperor!"

Lu Ming held his fists together.

Needless to say, these people were sent by the Emperor Taixu. To be honest, such a lineup can be sent.

But why did the Emperor Taixu send someone to ambush them?

Why kill them?

In Lu Ming's mind, he turned his thoughts.

"Lu Ming, it seems that we really underestimate you. Unexpectedly, there is even the presence of Shenjun Yazhong around you!"

The man in the black robe of Divine Monarch's eightfold eyes looked at Ape Huan.

It was really a surprise. Originally, they thought that the strongest person around Lu Ming should be the
**** ape from the sevenfold.

Because, when Lu Ming submitted credit to the military aircraft, the picture of the ape's shot was shown on the Xiyang Stone, and the Seventh Cultivation of Divine Monarch was done.

However, Ape Huan has not been shown.

They didn't expect that there would be Shenjun Bazhong beside Lu Ming.

"Yuan Huan, you protect the militant ancestors, these people, leave it to me!"

Ape Huan stepped forward, the powerful breath filled out, and the whole starry sky was shaken.

Those of the six princes, and even the black robes of the seven princes, changed their complexion and could not help but retreat.

"kill!"

Suddenly, Ape Huan suddenly shot, and an iron rod appeared in his hand. The iron rod swept out, huge, and covered everyone in black robe.

Chapter 3505: Divine Monarch appeared

Ape Huan suddenly shot, the air was shocking, the iron bar was as huge as the planet, sweeping the starry sky.

Divine monarch eightfold, reveals the power of terror as soon as he shoots.

However, the other party was clearly prepared. At the moment when the ape regained his hand, the man in black robe of Divine Monarch also shot.

A bright sword light illuminates the dark universe. I don't know how long it is.

With a bang, Jianguang collided with the iron rod, bursting into earth-shattering roar, a burst of energy burst into the depths of the starry sky, and brought a trace of marks that I didn't know how many long.

Ape Huan and Black Robes retreated at the same time.

"You go to carry out the task, this person gives me!"

Shenjun Bazhong's black robe is humane to other black robe.

"Yes!"

Those black robes led their lives, their bodies flashed, and they rushed towards Landing Ming, while the black robes of Shenjun's eightfold shot again, the sword light shocked the sky and killed Ape Huan.

Ape Huan wanted to rescue Lu Ming from them, but the opponent was too strong, he could only resist as much as he could, and the two confronted each other for more than ten moves in a flash.

The other black robe rushed to Lu Ming.

"court death!"

The ape blasted from the roar, iron fist continuously, the starry sky burst, a fistful of fist, penetrated the starry sky, swept Xingyu, and killed those black robe.

However, two dazzling sword lights burst out, and Power is no weaker than the ape.

On the other side, there are actually two powerful princes.

boom! boom!

The two powerful princes of seven heavyweights joined forces, the strength was too strong, and the ape was instantly suppressed, and the ape retreated from the chain.

"kill!"

Then, the other black robes rushed to Lu Ming.

Retreat!

Lu Ming retreated sharply, but the other party was chasing after him at an alarming speed, and with a sword light, they drove towards the landing and mingled them away.

"kill!"

"Protect Zhanzu!"

The rest of the amber war tribes screamed and raised their fighting power to the extreme. While protecting Lu Ming and Lan Merchant, they fought against these black-robed men.

The cultivation of these people is too high, and Lu Ming and Lan Shang simply cannot compete with each other.

For a time, there was a scuffle in this area, and it was a mess.

However, Lu Ming lost to them. After all, they had fewer people and were pressed down.

In addition to Ape Huan and Ape Cong, Lu Ming brought a total of six gods and six heavy apes battle tribes, but the number of the other party is eleven.

It is almost double the number. If the non-nether ape warfare practice has ghost fighting tactics, and the strength is high, I am afraid that it will have lost.

Even so, it is still invincible and can only form a circle, protecting Lu Ming and Lan Merchant in the middle, with only the power of defense and no counterattack.

After all, these men in black robe are extremely powerful, not ordinary people.

In the distance, the existence of Ape Huan and that monarch Yae, the battle is more intense.

"It seems that you should have just broken through to Shenjun Yazhong, not my opponent, hunting the sword, killing, killing!"

Shenjun Yazhong's black robe has a long roar, and the sword light is endless. Each sword is a sword of lore, and its power is getting stronger and stronger.

For a time, Ape Huan was forced to retreat again and again.

"Die to me!"

Shenjun Yazhong's black robe drank coldly.

"Who can you kill?"

Ape Huan shouted, and the ghost fighting tactics were displayed to the extreme, and the combat power was raised to the extreme.

Then his body swelled up sharply and turned into a giant ape, which was the original **** body.

Ape Huan's cultivation is extremely deep, and he was able to practice to the seven peaks of Divine Monarch, and his talent is extremely amazing, so during this time, Ape Huan has cultivated the original **** body to the fourth change level.

Roar!

Ape Huan roared loudly, and the iron bar was swept open.

when!

The iron rod collided with the opponent's long sword again. This time, the sword light shook wildly, and the black robe retreated.

"Primitive Body!"

The other party shouted in shock.

Roar...

At this moment, Ape Cong, as well as other warriors of the apes, exhibited primitive **** bodies.

Among them, the primitive **** body of Ape Cong has also been cultivated to the fourth change, while the other apes fighting tribes are weaker, but the third change.

Even so, it also gave them a boost.

The ape has always been one enemy and two, and was completely invincible, but at this moment, he has recovered his disadvantages and temporarily stabilized the situation.

The six **** kings and six heavy Hades of the Apes also temporarily blocked the other party's attack.

"Damn, all are primitive **** bodies, how could you all cultivate into primitive **** bodies!"

The black robe yelled, something incredible.

Primitive divine body, a powerful physique secret technique, the cultivation conditions are extremely harsh, and it can be cultivated if you don't want to cultivate.

First of all, the cultivation method of primitive gods is needed, which is very rare and very precious.

In addition, even if there are cultivation methods for primitive gods, the cultivation conditions are also very harsh. Occasionally, one or two days of pride can be cultivated. In the past, why did these meditation warriors succeed in cultivation?

"kill!"

Ape Huan was too lazy to talk nonsense with him, and launched a violent offensive. The iron rod kept sweeping towards the other party. For a time, the other party was suppressed and defeated.

"Stay steady, wait for me to kill this person, to save you!"

Ape Huan shouted, and gave the sound to Ape from others.

As long as he defeated the black robe, then the other situation would be completely reversed.

"rest assured!"

Ape Cong and others responded.

Lu Ming has been observing the opponent's attack.

"No, the other party seems to be targeting Uncle Lan. He has been staring at Uncle Lan, and his killing intentions are also covering Uncle Lan. More attacks are also on Uncle Lan!"

Lu Ming's thoughts changed sharply, very surprised.

He originally thought that the other party's goal was him. Unexpectedly, it was not.

Because the other party's killing intention did not fall on him at all, but on the Blue Merchant, he was just incidental.

Obviously, the blue merchant also saw this, his eyes flashed, and he was quite surprised.

Ape Cong, there are also six gods and six heavy King Ape War Clan, blocking each other.

And the attack of Ape Huan is getting stronger and stronger.

"Damn!"

Shenjun Yazhong's black robe shouted, and he knew that this time, they made a mistake.

Unexpectedly, Lu Ming's side still had the presence of Shenjun Yazhong, and all of them also cultivated the original **** body.

Originally, killing Lu Ming and the ape from these people with their strength was a breeze.

It's just that I didn't expect an ape-huan.

At this moment, Ape Huan's combat power is extremely violent, and he has been suppressed. After a long battle, he will lose.

Keng!

At this moment, in the distant starry sky, a sword sound suddenly sounded, and a dazzling sword light, like a fairy outside the sky, crossed the long starry sky and cut towards the ape Huan.

Ape Huan's face changed a lot, because this sword light has already been able to pose a deadly threat to him.

At a critical moment, the iron rod in his hand changed, sweeping away a few stick figures and slamming into the sword light.

Dangdang...

Several deafening roars sounded, and the figure of Ai Huan's stick disappeared, his figure flickered slightly, and he took a few steps back.

Chapter 3506: Two waves of rescuers

A terrifying sword light repulsed Ape Huan, and then the void flashed, and another black robe appeared.

This man in black robe was amazingly fast, and in a flash, it appeared not far in front of Ape Huan.

"Shenjun Yae!"

Ape Huan's face was extremely dignified.

"I really didn't expect that they actually have such a strong presence. Fortunately, the Lord is thoughtful, just in case, let us follow in secret, otherwise, today you will overturn the ship!"

The black man in the back appeared coldly.

"You guys? Who else?"

The black robe before was humane.

"I!"

A stark voice came from the starry sky not far away, and then another figure emerged.

It is another extremely terrifying master.

Ape Huan's heart sank, and his face became extremely ugly. At the next moment, Ape Huan turned around and left, rushing towards Landing Ming.

"go!"

Ape Huan drank low, violent breath, rushed toward those black robe who besieged Ape, Lu Ming.

Ye Huan's strength is so strong, the energy is like a wave. Those black robe people were suddenly dispersed and retreated to the surroundings, and Lu Ming retreated. Their encirclement circle also dispersed.

"Go away!"

Ape Huan shouted, very anxious.

Because, the two black robe people appearing behind are really too powerful, all of them are gods and gods.

Against one such character, Ape Huan is still sure, but two, he will definitely lose.

Three words is definitely a dead end.

Lu Ming, Lan Shang and others, also knowing the seriousness of the incident, flew backwards one after another.

"Want to go, today, don't even want to go!"

"kill!"

The two black robes appeared in the back, making a cold sound, flashing like a black phantom, passing through the cosmic sky and rushing towards the landing, they rushed at an amazing speed.

The man hasn't arrived yet. The terrible sword light has already chopped them to the landing.

Jianguang was shocking, spanning an infinite distance, and huge, completely covering Lu Ming with them, no matter how they avoided it, they were all under the cover of Jianguang.

"You go first, I will hold them back!"

Ape Huan burst into roar, turned around and brandished an iron bar, swept through thousands of troops, and slammed into two sword lights.

Two huge roars sounded, and Ape Huan's body shook wildly, retreating back and forth.

And at this moment, a bright sword light spurred toward the ape.

It was the black robe of the **** monarch Yaehuan who had fought with Ape Huan before. This sword was too fast, and Ae Huan had just been repulsed at this time, it was difficult to avoid.

Ape Huan burst into a roar, barely moved some distance back, but still did not completely avoid it. With a snap, Jianguang pierced Ape Huan's abdomen, blood flowing.

"Do you want to block it? See how you block it alone?"

A black robe sneered, Jianguang soared again, killing Ape Huan.

And the remaining black robes of the seven princes and six princes of the prince continued to rush towards the landing Ming.

Boom!

After a few consecutive moves, Ape Huan was backed up again and again, and there was another sword wound on his body, straight through the bone.

The situation is precarious. Once Ape Huan is defeated, Lu Ming and they are absolutely dead.

"Hahaha, die for me!"

"Kill them, remember, the guy first caught alive, found the treasures useful to the Lord and killed him!"

Some black robe people laughed and killed Lu Ming.

boom!

At this moment, the void exploded, and a knife slashed out, chopping directly on a black robe. This man in black robe had six levels of cultivation for the god, but he couldn't resist it and was directly cut by the knife. For two halves, fell on the spot.

"who?"

Several black-robed men roared in shock and backed off again and again.

The void filled, and then a figure appeared one after another.

There were a total of seven people. These seven people, covered in blood-red robes, couldn't see anything at all.

"kill!"

After these red robe people appeared, they directly killed those black robe people.

And the strength is very amazing. The one headed, with terrifying breath, is a powerful monarch and he is rushing directly to Ape Huan, and the sword is slashing down, killing one of the men in black robe.

And the other red robe people also killed those black robe people, and the battle became a group.

"Well, what's the situation?"

Lu Ming, Lan Shang, and others were a little confused. Who sent these red robe people to help them.

So many masters, the entire Taixu Holy pilgrimage, few forces can send it out?

Moreover, how do you know that Lu Ming will encounter an ambush here?

Lu Ming's mind changed sharply, but it was difficult to come up with a reason.

But such a good opportunity, they will not miss it, the Ming Ape Warrior fought back, and finally blocked those black robe people.

However, at the peak battlefield, they are still at a disadvantage.

Although a red robe man joined forces with Ape Huan, they were only two people. There were three people in the other side. Ape Huan and the red robe man were in a disadvantage.

"Who are you? Dare to spoil our good deeds, find death!"

A man in black robe shouted, his voice cold.

But the red robe did not say anything, and tried his best.

"Qiankun Circle!"

Awkward, above the starry sky, there was a cold voice, and then Jinguang Dasheng, a golden collar, suddenly flew out, and smashed it toward a godly monarch's black robe.

Rumble!

The starry sky is constantly exploding, and the golden collar is so terrifying that it has penetrated the universe.

"not good!"

The three men in black robe changed their faces wildly, their voices trembling, revealing a terrified look.

Then they retreated backward.

However, it is too late!

One of the men in black robe, shrouded in golden collars, could not break through no matter how he was shocked.

"Do not!"

He roared, and the next moment, the diamond ring hit him. The terrifying presence of this prince's eightfold, his body exploded and turned into ashes.

A powerful monarch with eight folds died like this.

Lu Ming and others were stunned.

The next moment, they discovered that a figure appeared above the starry sky, somehow, and this figure was also shrouded in heavy fog, and it was completely unclear.

It seems that these people who appear today are unwilling to show people their true colors.

However, this figure is petite and appears to be a woman.

With a sip, she manipulated the diamond ring and smashed towards the presence of the second Divine Monarch Yae.

The two princes with eight layers of black robe retreat backwards and dare not contend.

Because they have sensed that the last person appeared is too horrible, beyond the Divine Monarch Eightfold, probably the existence of the Divine Monarch Ninefold.

Divine monarchy, one difference, is the difference between heaven and earth, it is spike.

Divine King Jiuzhong is not something they can confront, they only have to retreat.

"You entangle them, I will kill them!"

The figure that appeared at the back spoke, and the voice was clear, clearly a woman.

At this time, Ape Huan, and those who were in the red robe, only reacted, killing each other one by one, trying to haunt each other.

Chapter 3507: Blue business speculation

And that woman, who controlled the diamond ring, killed a black robe who was a wise king.

The black robe retreated, but the speed of the Vajra Circle was extremely alarming. It turned into a golden light and caught up with him in a flash.

The man roared and tried his best to cut a sword light.

This sword is astonishing. What planet, under this sword, will be destroyed.

The starry sky was broken and a dark crack appeared.

when!

In the end, the sword was slashed on the diamond circle, and the sword light shook wildly, and then burst directly, and finally, even the war sword in the hands of the black robe burst.

The diamond circle kept on, encroaching on the endless power, and bombarded the black robe. The black robe, even without screaming, turned into fly ash.

For a while, the existence of two monarchs and eightfold were killed in a row, this scene was simply an explosion.

This is the Eightfold Divine Monarch. In the Taixu Holy Dynasty, it is definitely the top strongman. You must know that some weak Heavenly Kings are only sevenfold.

Each of these people can exist on an equal footing with the heavenly king, but now, they are constantly being killed.

There is still the last strong man of the Eightfold Divine Monarch, who is terribly frightened and retreats madly, trying to escape.

However, Ape Huan, as well as the man in red robe, was chasing after him, and the continuous outbreak of attacks entangled this person, so that this person could not excite the teleportation array on his body to escape.

At this time, the woman above, controlled the diamond circle to kill.

"Who are you? I tell you, I am His Majesty the Holy Emperor, you are so bold, you dare to kill us, this is a great sin to kill the Nine!"

The black robe shouted.

Originally, he did not want to reveal his identity, because he had been confessed above and could not reveal his identity.

However, now that he is alive and dead, he has no longer been able to care for so much, and he can only lift out the Emperor Taixu to deter.

It is a pity that no matter whether it is Ape Huan, the man in the red robe, or the woman above, there is no hesitation, no pause, and the offensive.

"You guys, don't do anything..."

In the end, the black robe of the Divine Monarch, who was only able to make an unwilling roar, was hit by the Vajra Circle and was directly killed.

At this point, the three princes and eight heavy black robes were all killed.

The rest of the black robe were almost scared to death, and they wanted to escape frantically, but they were entangled by the ape from the aristocratic war tribe and other red robe people.

At this time, Ape Huan and killed them.

"You don't do bad things..."

These black robe men roared and furiously resisted, but the result was already doomed.

Soon after, all the black robe people were killed, and one was not left.

"You guys, thank you for your help. I don't know who sent you, so that I can come and thank you personally!"

Lu Ming clenched his fists, saluting towards the red robe and the woman.

"No, we just don't want those people to succeed!"

The head of the red robe said coldly, then looked at the woman above the starry sky, revealing curiosity, and then, they flashed in shape, and left here one after another.

"Fate will see you again!"

The woman above the starry sky opened her mouth. She was always shrouded in mist and could not see clearly. After saying this, her figure flickered and disappeared without a trace.

"Holy King!"

Lu Ming clenched his fists, his eyes cold.

This time, it was obvious that the Emperor Taixu tricked him to come here, and then ambushed the strong here in advance to kill them.

Moreover, the goal of the Emperor Taixu seems to be for the blue merchants.

"Is it...because Soul Mother?"

Suddenly, Lu Ming thought about this with a move.

"Lu Ming, you should have thought of it. If I guessed right, the Emperor Taixu should be for the Soul Mother, who wanted to kill me and take away the Soul Mother!"

Lan Shang looked at Lu Ming and said, his face was very ugly.

He also thought of this.

"At the beginning of the birthday of the Taixu Saint Emperor, I used my soul to block the soul attack of the Wu clan strongman. Although the Soul Mother was not used, the Taixu Shenghuang certainly doubted that I got a precious soul treasure!"

"And now he is very eager for all soul treasures, so he will send people to ambush us!"

Lan Shang then opened his mouth, and speculated that everything was inseparable.

"The people in the red robe behind that, and the woman, seem to be of two different forces. Who sent them, how could they save us?"

Lu Ming frowned, still very puzzled.

"Most people who know the Holy Emperor's plan are the people around the Holy Emperor. Those who are in red robe. If I guess correctly, it should be sent by the Prince!"

Blue Business Road.

"Prince?"

This time, Lu Ming was really surprised.

Prince sent?

The prince would actually send someone to rescue them? Prince, don't you want to unload Lu Ming? Will someone be sent to rescue them?

This answer is really beyond Lu Ming's expectations.

Seemingly seeing Lu Ming's doubts, Lan Shangdao said: "If it is only the Holy Emperor who wants to kill you, the prince must clap his hands, how can he be saved? But if there are any treasures that will allow the Holy Emperor to prolong his life, then the Prince will naturally I won't just watch the Holy Emperor succeed!"

As soon as Lan Shang explained, Lu Ming understood.

The Holy Emperor is approaching. After the death of the Holy Emperor, the Prince can succeed.

If the Holy Emperor Shouyuan is extended, how can the prince succeed?

Therefore, compared to Lu Ming's life, of course, the position of the Holy Emperor is more important, so the prince will send people to destroy and prevent the Holy Emperor from succeeding.

"So, who sent that woman?"

Lu Ming thought of the woman again.

Divine King Jiuzhong, there are not many Taixu pilgrimages, right?

"I don't know, I can't see through!"

Lan Shang shook his head and frowned.

Several people discussed it, and could not guess the origin of the woman.

Subsequently, several people did not stay and left here.

After some time, they stayed away from the dark pine star field.

"Uncle Lan, the Emperor Taixu didn't get the treasures on you this time. I'm afraid I won't give up. I will definitely send someone to deal with you again!"

Lu Ming frowned, his face dignified.

He was very upset, very upset.

The news of his parents was not received. Now, the Lanshang is again remembered by the Holy Emperor Taixu, making him angry and upset.

"Lu Ming, to be calm, your parents should be fine. If the other party wants to use your parents to threaten you, will you not treat your parents?"

"So, at this time, he wants to improve his strength. The stronger your strength, the stronger the power you control, the heavier the weight, the heavier the weight, the more the other party will value you, and the greater the value of your use. . The safer your parents will be!"

Blue Business Road.

Lu Ming took a deep breath and let himself calm down slowly.

"And my words, it seems to be pretending to be dead!"

Blue Merchant continued.

"Pretend to die?"

Lu Ming's eyes lit up and pretended to be dead, indeed it was a good way.

Chapter 3508: Lost Star River

However, how to implement it?

After that, Lu Ming discussed with Lan Shang and came up with a solution.

With the help of crocodile sky, it can also lead the disaster to barbarians.

Just do it!

They immediately came to contact with Crocodile Sky, negotiated with Crocodile Sky, and set a plan.

Then, Lu Ming returned to Qianlong Star, took the Hades Ape War Clan, rushed towards the barbarian battlefield, and fought against the barbarian.

Soon after, a message spread rapidly in the Taixu dynasty.

Lu Ming led the people to fight against the barbarians, and was ambushed by the barbarians with heavy casualties. Even the teacher Yu Jing, who was originally Jing Yu, was killed in this battle, and the corpses were taken away by the barbarians.

In addition, the video of the breathing stone came out.

For a time, it stirred up thousands of waves.

Blue Merchant, after all, was Jing Yu's teacher after all, and he was extremely stunning, but he was the top power of the Taixu Holy Pilgrimage. Sigh.

In this big show, Lu Ming and Crocodile naturally discussed good performances, everything was fake, but the performance was the same as the real one.

.....

Taixu dynasty, palace hall.

"Damn..."

In the hall, there was a roar of rage and a violent breath that enveloped the entire palace. Many guards were trembling and pale, and the atmosphere did not dare to breathe.

In the hall, a few people stood beneath them, and they did not dare to speak.

The Emperor Taixu was sitting at the top, and his face was twisted. It was all a terrible murderous opportunity.

"Damn, **** blue merchant, **** Lu Ming, **** barbarian..."

The Emperor Taixu continued to growl and anger.

He didn't understand, why did this happen?

He arranged everything seamlessly, pretending to have found Lu Ming's parents, deceived Lu Ming over them, and then sent a master to ambush.

There are more than a dozen masters, all of whom are more than six heavyweights, and there are even three powerful heavyweights, but they never return. There is no news. It seems to be swallowed by a giant beast.

how can that be?

There are so many strong men around Lu Ming?

Moreover, now that the Blue Merchant was actually killed by the barbarian, and the body fell in the barbarian's hands, isn't the soul treasure also there?

So, he was angry!

This is related to his Shouyuan. He is so angry that he can't stop the killing.

It was half loud, and the atmosphere of Taixu Shenghuang slowly stabilized.

"Come here, send a message to the Barbarian Emperor, saying that I am willing to buy the body of the Blue Merchant at a high price, at any price!"

The Emperor Taixu sent out orders.

They naturally have a way to convey the news to the barbarian emperor.

But after some time, the barbarian responded, only two words: no way!

The barbarians and the Taixu Sheng Dynasty are dead enemies. Some time ago, at the Taixu Shenghuang's birthday feast, the two sides also fought a battle.

Barbarian Emperor, how could the promise of Taixu Shenghuang be promised?

He didn't even need to check, he didn't even need to ask, as long as it was beneficial to Taixu Shenghuang, he directly refused.

"Barbarian Emperor, you are looking for death, come here, order me, send barbarians, I want to destroy barbarians!"

"At the same time, send troops to all the kings' palaces and monarchs' palaces, and kill the barbarians together!"

The Emperor Taixu was crazy and wanted to launch a full-scale attack on the barbarian.

With the order of the Taixu Holy Emperor, a ten-magnitude earthquake occurred in the entire Taixu Shengdi. Everyone's palace and monarch palace sent strong men to join the army and join the royal army to kill the barbarians. go with.

Of course, the barbarians were not guilty, and they mobilized a huge legion to fight the Taixu dynasty.

A terrible war broke out completely.

The Taixu dynasty and the barbarians came out of the border, and the battles continued for many days, and they were caught in boundless chaos. Every day, a large number of powerful people fell.

However, the strength of the Taixu Holy Dynasty is only a little stronger than that of the barbarian. How can it be so easy to destroy the barbarian?

For a time, the two sides were stuck in a stalemate, with each other winning and losing, and the battle was inseparable.

Naturally, Lu Ming also led the people of the Winged Ape War Clan to fight against the Barbarian Clan. Of course, he only did what he did.

After a few battles, he took people back to Qianlong Star, so that the apes of the apes could practice with peace of mind.

In this way, another ten years passed.

In this decade, the Taixu Holy Dynasty and the barbarians are still fighting, but they are not as crazy as the previous ones. The two sides are coming and going, completely stuck together, and sometimes a battle.

At this time, Lu Ming received a good news.

He was handed over to him by Crocodile, and finally he found Qiuyue's whereabouts.

More than a hundred years ago, someone found the trace of Qiuyue in the north of the barbarians, but later, without knowing what happened, Qiuyue seemed to disappear into the lost star river in the north of the barbarians.

"Lost Star River?"

Lu Ming's face was very dignified.

Lost in the Star River, Lu Ming also heard its legend.

It is said that the lost star river is a very strange star river to the north of the barbarians. No matter what you do, as long as you enter the lost star river, you will not come up with it.

In history, countless powerful existences, including the top powerhouses of the seven or more gods and princes, have never returned, and no one can come out.

"What's going on? How can Qiuyue enter the Lost Star River?"

Lu Ming was very anxious.

Needless to say, Qiuyue must have encountered any special circumstances, otherwise, how could it enter the Lost Star River.

"No, I must go to Qiuyue!"

Lu Ming showed a firm look.

No matter how terrifying the Lost Star River is, he will take a trip.

He could not leave Qiuyue regardless, even in danger, he would go.

Moreover, it is going to go immediately.

Lost in the galaxy, weird and unpredictable, I don't know what the danger will be. If I go late for a while, Qiuyue will be even more dangerous.

Immediately, he summoned Ai Huan, Ai Cong, and talked about it.

The Blue Merchant is not here, but stays with Crocodile for the time being.

"Are you going to get lost in the galaxy? That's too dangerous. Since the endless years, no one has been able to come out, Lu Ming, you have to think about it!"

Ape Huan persuaded.

"I know the danger, but I have to go on this trip!"

"After I leave, I'll leave it to you here, rest assured, I will definitely come out!"

Lu Ming said, very determined.

"This..."

Ape Huan, the ape showed hesitation from the two.

But they also followed Lu Ming for some time, knowing Lu Ming's character, once decided, others would be useless even to persuade.

"Zhan Zu must ask, then we will go with you so that we can have a look!"

Ape Huan said.

"Good, let's go together!"

Ape also followed.

"No, you have to stay here, who will be responsible if you leave with me?"

Lu Mingdao refused directly.

"Then I go with Zhanzu, the patriarch sits here, there must be someone with Zhanzu, otherwise it is too dangerous!"

Ape follows the road and must be with Lu Ming.

Chapter 3509: A python

In the end, Lu Ming decided to take the ape from the departure to the Lost Star River, and the ape Huan sat down on the Qianlong Star.

Nothing to hesitate, Lu Ming set off that day.

The ape sang from the belt, the speed was amazing, flying along the border north of the barbarian.

On the way, although the barbarians will also be encountered, there are apes from this master who carried them without any hindrance. After a while, they finally approached the Lost Star River.

From afar, a galaxy floats in the cosmic starry sky, shining with silver-white starlight, extremely bright.

It seems to be slowly turning.

The galaxy is actually not like a river. Looking outside the galaxy, the galaxy is a circle, turning slowly, very mysterious.

"Go!"

Lu Ming whispered, and flew away from the astral river with the ape.

Getting closer and closer, finally, Lu Ming and Ape Cong flew into the range of the Lost Star River.

When they flew into the range of the Lost Star River, a dazzling light flashed, and neither of the thorny eyes could open.

However, after a few breaths, the dazzling light disappeared, Lu Ming and the ape looked around, then their faces changed.

Originally, they had just entered the edge of the Lost Star River, but now when they look back, there is a starry sky behind them, and the dead planets are suspended, and they can't be seen at a glance.

I can't see any other galaxy at all.

The two tried to fly backwards, but they had been flying for a few million miles, and they still did not fly out of the range of the Lost Star River.

They are really lost!

"It seems that the Lost Star River has a terrible field energy. Once the creatures come in, they will be lost and cannot find a way out!"

Lu Ming frowned.

Qiuyue has been here for so many years, so?

"Ape, let's go!"

Lu Ming flies to the ape, then flies forward in the opposite direction.

But after a while, Lu Ming stopped and his face was puzzled.

"Zhanzu, what's wrong?"

The ape asked.

"I don't know why, since entering this lost star river, my blood flow seems to be faster. The primordial blood of my body seems to be beating slightly, it seems to produce a kind of induction, yes, an inexplicable induction!"

Lu Ming said.

He really feels this way.

"Induction? What direction does that induction come from?"

Ape asked from his eyes.

"there!"

Lu Ming pointed in one direction.

"If you guess right, there must be something in that direction that attracts Zhanzu, maybe Zhanzu Hongfu Qitian, can really find Qiuyue girl, and also find the way out?"

Ape from the road.

"Is it Qiuyue? Let's go!"

After Lu Ming finished speaking, he quickly flew in that direction, and the ape followed closely.

In the Lost Star River, the direction is not discernible, and the direction will continue to change during the flight.

Lu Ming began to feel that the induction was in front, but after flying for a while, the induction appeared on the right side again, Lu Ming flew to the right again, and after a while, it became the rear...

Right for a while, left for a while, front for a while, back for a while...

Changeable, weird, and elusive.

If there is no such induction, they are flying heads, I am afraid they will be trapped here for a lifetime.

In this way, they flew for a full month.

After flying for a month, Lu Ming felt that the feeling became stronger and stronger.

It seemed that Lu Ming was getting closer and closer to the place where he felt.

"who?"

At this moment, the ape suddenly shouted, gazing like electricity, glancing around.

Lu Ming was startled and stopped.

"Hey, he didn't expect that someone came in again. There hasn't been a good meal for a long time. This time, I can have a full meal again!"

A sneer came, and then the void filled, a huge python suddenly appeared, opened the big mouth of the blood basin, and stared at Ming Ming and Ape from the ground.

In the Lost Star River, a python appeared.

The python put out his tongue and swept around Lu Ming coldly, said: "Young people, I like young people the most, it tastes fresh and tender. The last time I came in a girl, that tastes so good..."

The python said coldly.

boom!

At this moment, Lu Ming's head roared, as if to explode.

Last time a baby girl? Is it Qiuyue?

At this moment, Lu Ming diffused a terrifying murderous opportunity.

"Ape Cong, kill me for me, no, abolish him first..."

Lu Ming roared.

boom!

As soon as Lu Ming's voice fell, the ape immediately shot out. With a big hand, a huge palm grabbed toward the python.

"Seven Thousand Gods, ah, **** it!"

The python yelled in horror, the huge body twisted, and turned to escape.

He has a five-fold cultivation practice for Divine Monarch, which is two times lower than Ape Cong. Once he discovered that Ape Cong's cultivation practice, he did not dare to stay.

However, the difference between the two cultivation bases, how could he escape.

The ape grabbed from his big hand, covered the sky, shrouded the starry sky thousands of miles away, and then grabbed the python.

The python struggled violently, but the ape squeezed hard, the python screamed, and the body's bones didn't know how many broken.

"You really ate a young woman?"

Lu Minghong asked with eyes.

"No, no, I lied to you. I did see a young woman, but she didn't wait for my shot, and she ran away. I can swear on the source of life. I really didn't eat it, spare my life!"

The python screamed sternly.

Lu Ming suddenly breathed a sigh of relief.

The other party dared to swear by the origin of life, mostly true.

"What did the woman you say look like?"

Lu Ming asked.

"It's beautiful, like a fairy..."

Immediately, the python described it again.

Really Qiuyue!

Lu Ming's eyes lit up, and as soon as the other party described it, he knew that it was indeed Qiuyue.

"How can your **** prince's five-fold cultivation behavior make the other party run away? You better not lie to me?"

Lu Mingsen said coldly.

"Really, I did want to shoot, but there was a master next to the girl, I dare not shoot!"

Said the python.

"Have a master?"

Lu Ming frowned, and asked again: "Do you know later, that woman, where did you go?"

"I don't know, I really don't know later, please forgive me, I'm trapped in a stellar year in the lost galaxy, so miserable, pity me!"

The python screamed, and there were tears in his eyes, a miserable look.

"Then you have no value, Ape Cong, kill it!"

Lu Ming said lightly.

"No, no, wait, yes, I remembered..."

Hearing Lu Ming about to kill him, the python almost flinched and screamed sharply.

"Say!"

Lu Ming said coldly.

"They may go to the core land, and the creatures who have entered the lost galaxy will never be able to get out, and they will eventually go to the core land!"

The python quickly yelled to explain.

Chapter 3510: Core planet

"Core place?"

Lu Ming and Ape Cong showed curiosity.

"Yes, the core land is the core of the lost galaxy. It is a planet. You should see it. In this lost galaxy, there is no aura everywhere. There is no silence. Only the core planet has the aura, so it is lost. All creatures on the planet will eventually go to the core land!"

"The girl you are looking for may have gone to the core place!"

The python quickly explained, shivering in fear, afraid that the ape would kill him.

"Do you still want to lie to me? How can other creatures find the core place in the lost galaxy, difficult to distinguish directions?"

Lu Ming showed a murderous face.

"I didn't lie. If you feel it carefully, you will surely feel that all the energy in the entire Lost Star River is converging towards a place. Although it is extremely pale, it is still very sensitive, but you can feel it as long as you follow it. In the direction of energy flow, you can find the core planet!"

The python yelled in horror and explained quickly.

Immediately, Lu Ming and the ape sensed carefully. Sure enough, soon after, they vaguely sensed that the energy between heaven and earth did indeed flow slowly, converging in one direction.

However, this range is too small. If you don't sense it carefully, you won't be able to sense it.

Even if it is sensed, it will not be thought that this energy is concentrated toward the core land.

The flow of space energy is normal.

"You have sensed it. I am telling the truth. If you are going to the core land, I can take you together!"

Cried the python.

"Ok, let's go together!"

Lu Ming said.

There is an acquaintance to follow, and Lu Ming can't tell whether the other person is saying true or false.

Immediately, the ape released the python, the body of the python shrank rapidly, and turned into a skinny old man, with the appearance of a thief.

"My name is Python!"

The python smiled, introduced himself, and then led them to sing them in one direction.

Flying all the way, Lu Ming sensed carefully, and it really went in the direction of energy flow. What surprised Lu Ming was that the direction of energy flow was the same as the direction in which he generated the induction.

In other words, the induction also comes from the planet in the core.

In this way, they have been flying all the time, but the speed is not very fast, they can't use their full strength, so they flew for another month.

"Arrived!"

The python showed a look of excitement and looked forward.

In front, there is a huge planet suspended in the air. Even if they are far apart, Lu Ming can still feel a trace of breath.

Moreover, that strong sense is stronger.

"Qiuyue, are you here?"

Lu Ming showed his hope.

The three flew towards the planet.

"I will take you to a place, go there to find out, maybe there is news!"

Anaconda said, they landed on the planet and flew in one direction.

Soon after, a vast mountain appeared in front of them.

Giant peaks rise from the ground, and on top of these giant peaks, palaces are built.

These palaces are very grand. In front of each palace, there is a statue.

All these statues are actually dragons.

"Shenlong?"

Lu Ming was surprised.

Moreover, his kind of induction seems to come from this mountain.

"Now, the original divine body I cultivated has been transformed into the original divine dragon body, and the body has a drop of primitive divine blood related to the original divine dragon body, but here it feels to me, is it really related to the divine dragon?"

Lu Ming kept turning his thoughts.

At this time, a little sneer appeared in the corner of Python's mouth, and his body suddenly retreated.

"Leave me!"

The ape saw the retreat of the python, shouted, and grabbed it with a paw.

But at this moment, a sword appeared suddenly in front of the python, and the sword slashed towards the ape from the condensed big hand, and a loud roar broke out. The sword violently shook back.

And the ape from the condensed big hand was also cut off by the sword.

The next moment, in front of the python, a burly brawny man appeared, holding a rusty war knife.

"Seven Thousand Gods!"

The ape dignified from his face.

"Hey, there are new people coming!"

"Some play now!"

A sneer sounded, and a figure appeared around him.

Lu Ming glanced and found that there were more than a dozen people, each of which was extremely powerful, at least it was also the Sixth Divine King, and there were even many. I am afraid that it is not only the Sixth Divine King.

"Mongolia!"

Lu Ming stared at the python with an ugly face. Obviously, they were shamed by the python.

"I didn't lie to you, this is indeed the planet of the core, hehe!"

Anaconda sneered.

"Both of you, just grab your hands and capture. Be our slave for ten million years, and we will let you go!"

"Ten million years? Too few, at least one hundred million years!"

The people around laughed and stared at Ming Ming, like a cat staring at a mouse, and then approached Ming Ming.

"Zhan Zu, you go quickly, I'll hold them back!"

The ape roared, and then his body changed dramatically. He exhibited the primitive **** body and transformed it into a giant ape. At the same time, he exhibited ghost fighting tactics to raise the fighting power to the extreme.

boom!

The ape shot suddenly, his fists blasted out continuously, and blasted towards the big man with the war sword.

"It's the original **** body!"

"Pip your hand!"

Several exclamations sounded in succession.

The big man with the sword held a roar and raised his breath to the extreme. The sword was cut continuously, and a dozen beams of light appeared immediately, slashing toward the ape.

More than a dozen violent roars in a row, the energy is overflowing, the fist strength and the sword energy sweep out towards the eight directions.

Then, the blade of light shook, and dozens of blades of light collapsed at almost the same time, and the big man with the sword of war went backwards.

"go!"

The ape screamed, and Lu Ming rushed out of the siege.

"Want to go? Stop me!"

"Don't want to go today!"

The others shouted, and they came after Landing Ming. The breath burst out. Lu Ming was shocked to find that there were at least five people in it.

In the Lost Star River, there are so many terrifying powerhouses.

"Go over there!"

Lu Ming shouted, led the ape, and rushed toward the palace.

The opponent's master is too much, rushing outside, certainly can not escape the opponent's pursuit, he has a feeling, rushed to the palace area, maybe there will be a turning point.

In an instant, they rushed into the mountains.

At this moment, the people behind suddenly stopped and dared not chase them, showing a look of fear.

"not good!"

Lu Ming had a bad hunch in his heart.

The other party does not dare to chase, is it a danger here, otherwise, how could the other party not dare to chase in?
