

D Emperor 3521

Chapter 3521: Wait

"Impossible, don't abandon repairing behavior, that can only send you to accompany the second brother!"

The great prince said indifferently.

In the barbarian, the second prince and the fifth prince have great energy, and they envelope a large number of strong men. As long as the fifth prince is not dead, or the cultivation base is still alive, that is a potential threat to his status.

He will not allow this to happen.

"The five princes, let's go, leave here first and seek countermeasures!"

At this moment, the old man behind the five princes gave him a voice, and then a force rolled up the five princes, took the five princes to the sky, and wanted to escape.

"Want to go, get them for me, don't talk about killing!"

The great prince shouted.

Alligator, there is another prospective emperor, who has been prepared for a long time, staring at the five emperors and the prospective emperor beside him.

As soon as the other party moved, they also moved at an alarming speed, and they caught up in a flash. Two terror attacks pressed against the five princes and the old man.

The old man growled and used all his strength to fight.

But after all, he had only one person, and it was difficult to contend with the two masters. After a correct move, his body retreated and his face turned pale.

"You guys, come and help me!"

The old man shouted, to those of the five princes.

Among those people, there are the strong men of Nine Heavy and Eight Heavy of Divine Monarch. If they shoot, they will be able to hold the crocodile sky a little so that they can escape.

Those of the five princes hesitated.

Now, the overall situation has been determined, if they shot, wouldn't it be against the big prince, I am afraid that there will be no good ending later.

With such hesitation, the other princes of the great prince came over and surrounded these people, leaving them no room to shoot.

In the high altitude, the two of them are crocodile and they continue to attack.

The two fought against each other, and the other side was still carrying the five princes and had to protect the five princes. They were completely invincible. Even if they tried hard to resist, it was difficult to contend.

Barely blocking a dozen strokes, he was hit and coughed up blood.

"Old Wu, you block them, I will go first!"

The five princes roared and flew towards the rear, allowing the old man to block the two.

Unfortunately, under such circumstances, he will only die faster if he breaks away from Wu Lao's protection.

Boom!

The three prospective emperors made another move. Old Wu retreated suddenly, and his injuries were even worse.

And the terrifying strength swept through all directions, with several strengths, rushing towards the five princes at an alarming speed.

"no no!"

The five princes shouted in fright and resisted with all their might.

But this is the strength produced by the three quasi-imperial wars, can he resist it?

After the vigour swept through, the five princes did not even scream, and they burst apart, destroying both form and spirit.

"Fuck!"

The five princes fell, Wu Changchang sighed, and finally no longer resisted. He was continuously hit on the body by Crocodile Sky, blocking his cultivation behavior.

In this way, the second prince and the fifth prince successively lost.

"The overall situation has been determined, it seems that the great prince has stronger means, and actually enveloped the crocodile sky!"

"Yes, there are two quasi-princes to help him, and then use the thunder to defeat the other two princes, good means!"

"The position of Barbaric Emperor is none other than him!"

Many people are talking.

And the great prince was full of joy and enthusiasm.

He stood at a high altitude, looking down on the parties, and his voice came out: "Now, I inherit the position of a barbarian emperor, who still has opinions?"

At the scene, the bird is silent!

"Haha, since there is no opinion, then start the coronation ceremony, today, I am a barbarian!"

The big prince shouted.

"Wait!"

But just here, a discordant voice sounded.

The big prince's complexion suddenly gloomed down, looking in one direction.

There, it was the direction of the Eighth Prince, and just now, the Eighth Prince also spoke again.

"Big brother, what do you mean if you ask me to wait?"

In the eyes of the great prince, a cold light flashed, staring at the eight princes.

The eighth prince was slightly pale, and he was still more afraid of the eldest prince.

But at the thought of standing behind him the crocodile sky, the lord of heaven, Lu Ming and others, his courage is strong.

Everyone wants to get the position of barbarian, and he is no exception.

It was just that he had no strength, no backing, and no way to fight. Now that he has the strength to fight, why doesn't he fight?

"I think it's wrong for Big Brother to be a barbarian!"

The eighth prince took a deep breath and spoke.

As soon as this remark came out, the scene fell into a dead silence.

Many people took a breath and looked at the Eighth Prince in horror.

What's wrong with the Eighth Prince?

Is this death?

Did not see the end of the second prince and the fifth prince?

At this time, the Eighth Prince dare to stand up and say something like this, is it crazy? Still impatient?

The big prince's eyes narrowed, and his body had exhaled a cold murder.

"Big Brother, you said that I am not a good emperor, then you think, who will be the best emperor?"

The great prince said, his voice was very cold, anyone could hear it, the killing in his voice.

"I!"

The Eighth Prince answered.

The scene was quiet again, everyone looked at the Eighth Prince like a fool.

What did the Eighth Prince say?

Is he proper to be a barbarian?

Crazy, really crazy!

Eight princes, this genius who is not talented enough and no one supports him, should he be a barbarian?

Is this a joke?

Still tired.

The crown prince's face was extremely gloomy, and the murderous opportunity was extremely cold.

"Hahaha!"

In the end, the crown prince was very angry, and said: "Eight brother, you should have a good blessing. You are such a waste, I am too lazy to move you. Unfortunately, you are tired of living, and you have to come out and die, then I Just complete you, you, send your eighth brother on the road!"

The crown prince commanded a man.

Under that man is the existence of a prince, Jiu Zhong, who is also the pinnacle of the barbarians.

To kill an eighth prince, there is no need for the quasi-prince to shoot.

Uh!

The strong man of the Divine Monarch's ninth heavy body flashed to the Eighth Prince, and the speed was astonishingly fast.

Sitting next to the Eighth Prince, it was Lu Ming.

Lu Ming didn't need to speak, and beside Lu Ming, Zhu Tai shot.

boom!

Zhu Tai shot it with a palm and made a match with the other party.

A terrible explosion sounded, and the eldest prince's men were blocked and his figure drifted back.

This made the prince's eyes narrowed slightly.

"Shenjun Jiuzhong, eighth brother, it seems that there are masters around you, no wonder dare to talk to me like this, but, with a Shenjun Jiuzhong, it would be naive to want to fight with me!"

The great prince said.

"Who said there is only one Divine Monarch?"

At this time, Lu Ming's faint voice sounded, attracting the attention of many people.

However, Lu Ming and others wore black robes. The material of this black robes was special, and others could not see them all at once.

"A junk in the King Realm, is it your turn to speak here?"

The eldest prince drinks coldly.

"What about us?"

Giant Bear and others sipped, all stepped out and stood in front of Lu Ming.

Then, a strong breath erupted from them, terrible coercion, and filled the air.

Chapter 3522: New barbarian

The atmosphere of giant bears and other people erupted, like mountains and mountains, and the terrible pressure made many people's faces change.

"Quasi-Emperor, you... how could you have a Quasi-Emperor?"

The big prince's face changed wildly, and he shouted unbelievably.

His eighth brother, who has always done nothing, how can he follow a quasi-emperor around him.

Not only the existence of Quasi-Emperor, Nine Heavy Divine Kings, but as many as five, this is a force of terror.

The other people around were also shocked, and there was a storm in his heart.

"Brother, not only you can get the follower of the quasi-empire, I also have!"

The eighth prince had more confidence in his face.

"Oh, my eighth brother, it seems that everyone underestimates you, but, with one prospective emperor and five gods and nine heavyweights, do you want to contend with me? Didn't you see the end of the second and fifth brothers?"

"Also, you are really stupid enough to jump out now. If I were you, I would have shot before and fight against me with my fifth and second brothers, there is still a glimmer of hope!"

The prince sneered, his face full of jokes, and finally waved his hand, indifferently said: "Send my eighth brother on the road!"

The voice of the eldest prince fell, and the quasi-prince who surrendered to him moved like a lightning bolt to the eighth prince.

But the giant bear snorted, and the paws of the bear shot, and they slapped with this person. The two bodies shook, and backed slightly.

However, Crocodile was motionless.

The crown prince frowned and said, "Don't shoot yet?"

"If I shoot, you are dead!"

Crocodile said lightly.

"what?"

As soon as this remark came out, the eldest son's hair burst and quickly backed away, staring at Crocodile Sky and said, "You, what are you talking about?"

"Hahaha, brother, what did Marshal Crocodile say you didn't hear? Then let me tell you, Marshal Crocodile, it's me, do you understand?"

"what?"

As soon as this remark came out, the audience burst and everyone was stunned.

Alligator, is actually the eighth prince.

How did he follow the big prince before and help the big prince deal with the second prince and the fifth prince?

"Alligator, you traitor!"

The great prince shouted.

"Traitor? Ha ha, I turned to the eighth prince from the beginning. The reason why I agreed to your request was just to use your power to deal with the second prince and the fifth prince!"

Crocodile sneered.

Everyone suddenly, it turned out to be the case.

Crocodile first used the power of the great prince to deal with the second prince and the fifth prince, solved the second prince and the fifth prince, and then helped the eighth prince to deal with the big prince.

The crown prince's complexion was unsightly.

His men's figure flashed, protecting the great prince in the middle.

"Okay, okay, okay, crocodile, my eighth brother, I really underestimated you. After the mantis catches the cicada, I became the mantis. But, although you have two prospective emperors, who is today? It is not known who will win!"

The big prince shouted and slowly recovered his calm.

Although the eighth prince has two prospective princes, he is not afraid, because there are more masters around him.

Although he has only one prospective emperor, he has more masters in the nine princes and eight princes of the prince, and he has more masters. The combination of so many princes may not be able to fight against the crocodile and other people.

The eighth prince, after all, is not enough. In the masters such as Shenjun Jiuzhong and Bazhong, he is far less than him.

"So, plus the old man!"

At this moment, another faint voice sounded, and then a group of people stepped out.

The person headed is the lord of heaven, and the others are his servants.

The savage lord brought people behind the big prince and blocked the big prince's retreat.

At this moment, everyone was stunned.

The lord of heaven must intervene, but also help the eighth prince?

Lord of Heaven, hasn't he always remained neutral?

Everyone can't figure it out, nor can the great prince.

His pupils contracted rapidly, his face ugly as if he had eaten a dead mouse, and he looked at the Lord of Savage in shock and shouted, "Lord of Heaven, are you also a brother of eight?"

"Not bad!"

The Savage Lord said lightly.

"you you..."

The big prince roared, he couldn't figure out, why did these masters help the eight princes, why?

"Brother, repair it yourself, I can save you a life!"

The Eighth Prince said lightly.

"Come on, you want to abandon my cultivation, you think, kill, kill, kill me, and kill me!"

The big prince roared wildly, with a terrible look.

However, his men's eyes flashed.

There are three prospective emperors around the eighth prince. This power is too disparate. It is really a battle. They are fierce and fierce.

They helped the big prince only for the glory and wealth, and there was no need to follow the big prince to death.

"Eight Prince, your men are willing to surrender to you!"

"Prince, me too, willing to be loyal to you!"

Several figures flashed around the eldest prince, leaving the eldest prince, and bowed to the eighth prince.

"You... you traitors!"

The big prince's eyes were red, his anger was soaring, and finally he roared: "I'm going to kill you traitors!"

After all, he rushed towards those few people.

However, the figures flashed away, avoiding the great prince.

"Prince, surrender and admit defeat!"

At this time, the prospective emperor who surrendered to the great prince sighed.

The eldest prince stiffened and shivered like an electric shock.

"Hahaha, want me to admit defeat, want me to abandon cultivation, it's impossible, I would rather die than abandon cultivation, old eight, let's fight!"

The big prince laughed, and then rushed towards the eight princes, the bright sword light, straight to the eighth prince's eyebrows.

However, beside him, there are crocodile and other people, the big prince, how could he kill the eight princes?

"Stubbornness, can only send you on the road!"

Crocodile opened his mouth indifferently, punched out with a fist, the terrible punch made the prince scream, his body retreated backward like a scarecrow, he fell heavily on the ground, he coughed up blood, was hit hard, and there was no more fighting Power.

However, Crocodile did not kill the great prince.

Such a thing as killing the big prince, he is not easy to do, but only to the eight princes.

"The eighth prince, since the eldest prince seeks death, complete him!"

Alligator said.

The color of hesitation flashed in the eyes of the eighth prince. The last bite his teeth and stepped out. A long sword appeared in his hand, piercing the eyebrow of the prince and killing the prince.

At this point, the first prince, the second prince, the five princes, and the three princes who had been the most powerful contestants for the barbarian prince, all fell.

Everyone's eyes fell on the Eighth Prince.

Unexpectedly, the eight princes who were ignored by everyone at the beginning became the last successful one, which was beyond everyone's expectations.

"Subordinate, see Barbarian Emperor!"

Crocodile's first salute.

"See the Emperor!"

Then, the Lord of Heaven and others and others also followed the salute.

Others reacted and saluted.

Chapter 3523: The secrets of Jing Yu and Saint Princess

Lu Ming smiled, and the eighth prince came to the top and became a barbarian. Then, if the Taixu dynasty changes in the future, he can at least get the support of some masters of the barbarian.

This is extremely beneficial to him.

In this way, the barbarian is not only his enemy, but also his helper.

At a critical moment, it is estimated that the enemy can be given a huge surprise.

After that, there was no such thing as Lu Ming. It was nothing more than that the eighth prince succeeded to the throne, became a barbarian, and then held major deliberations.

Three days later, Lu Ming took giant bears and others to say goodbye to Crocodile.

This time, Lan Shang and Lu Ming planned to return to the Taixu dynasty.

Alligator originally wanted to be with Landing Ming, but the new Manghuang had just succeeded, and he had to stay, so as to stabilize the Manghuang, and let the Mangman obedient, so that he could borrow the strength of the Barbarian in the future.

Lu Ming took the people away, without disturbing anyone, and quietly returned to Qianlong Star.

After a period of time, calm was restored.

Lu Ming sent someone to search his parents' news while practicing.

The Nether Ape War Clan has also stepped up to cultivate the original divine body and made great progress.

Time is in a hurry, a hundred years in a blink of an eye.

Qianlong Star, backyard, Lu Ming and Lan Shang were drinking.

"Uncle Lan, there is a question, I have always been curious!"

Lu Ming took a sip of wine and asked.

"what is the problem?"

Blue Business Road.

"Since I went to the barbarian last time, I feel that the barbarian's strength is very different from the Taixu dynasty at its peak!"

Lu Ming said.

The barbarians, except for the hidden "inheritance", there are only five prospective emperors on the bright side, and there are only six before the barbarians.

But be aware that Crocodile is not a barbarian, but also belonged to the Taixu sage.

According to Lu Ming's knowledge, there are more than six quasi-empires on the bright side of the Taixu dynasty.

Especially when Jing Yu was still in existence, Crocodile Sky also belonged to the Taixu dynasty. In addition, it was said that Jing Yu also reached the level of quasi-imperial.

The overall strength is better than the barbarian.

"Yes, when Jing Yu was still there, the strength of Taixu Shengji reached its peak. It was indeed much stronger than the barbarian. It could even destroy the barbarian. However, because the Taixu holy dynasty was too strong, it led to the Tianyi Shengzhao and the barbarian. Form an alliance and fight against the Taixu Holy Pilgrimage!"

Blue Business Road.

"It turns out so!"

Lu Ming nodded, no wonder that the Taixu dynasty was as powerful as before, and it did not destroy the barbarian. It turned out that the barbarian and the Tianyi sage were allied.

When the Taixu dynasty weakened later, the alliance between the Tianyi dynasty and the barbarians broke up again. In this way, the three forces always kept their balance.

"Uncle Lan, the prince who shocked Yu at that time, really is a quasi-imperial realm?"

Lu Ming asked curiously.

"Yes, Prince Jingyu, is the youngest quasi-empire in the history of Taixu dynasty, and it is unparalleled in combat power. It is the first master of the true Taixu dynasty, and today's Holy Emperor is not a rival of Jingyu!"

Lan Shangdao, nostalgic in his eyes.

"First master!"

Lu Ming frowned, and said: "Since Prince Jingyu is so powerful, how could he be killed in the future? As long as he resists, no one in Taixu Shengji can kill him!"

Prince Yu Jingyu is a peerless arrogant, invincible at the same level, this kind of character can even be able to leapfrog.

Even if a few more strongmen of the same level are besieging, it is impossible to kill him, Lu Ming is puzzled.

"Hey, it's not because of that woman, now the Holy Princess, cherish the snow!"

Lan Changchang sighed.

"Princess Saint? Uncle Lan, what happened then?"

Lu Ming asked.

He had only heard of rumors that the prince of shocking feathers had contaminated the Holy Princess, and was finally traumatized.

"Lu Ming, now that you have control of a powerful force, it is also time to tell you!"

After finishing the business, Lan Shang pondered for a while, and continued: "Actually, the Holy Princess was the lover with Jing Yu in the beginning. They truly love each other and are regarded as golden boys and girls by everyone!"

"Wh... what?"

Lu Ming was stunned, his mouth wide open, an incredible look.

This result is really beyond Lu Ming's expectations.

He never imagined that the Holy Princess, at first was actually a lover of Jing Yu.

"However, Jing Yu retreats to the realm again after the retreat. A retreat is a millennium. When he goes out of the customs, Kong Xixue has become the Saint Princess!"

"That time, it was a great blow to Jing Yu, and at that time, Jing Yu's cultivation practice had not yet been accomplished, and he could not resist!"

Speaking of this, Lan Shang sighed again.

Lu Ming was also silent, he could understand how much that kind of thing hit Jing Yu.

Once closed, the former lover has become his...mother!

It's so bloody!

"Does Jing Yu really defile the Holy Princess?"

Lu Ming couldn't help but think of this idea.

Saint Princess was the first lover of Jing Yu, and it was not impossible to let that happen in my heart!

If so, how can the case be reversed?

"Don't think about it!"

Lan Shang seemed to see Lu Ming's thoughts and immediately said: "I understand Jing Yu, he is definitely not the kind of person, and he will never do that kind of thing, Jing Yu was definitely framed by people!"

"At first, they were caught by the Holy Emperor, and the Holy Emperor shot directly. The Yu Yu didn't even react, and he was hit hard. Otherwise, who can kill him in the Taixu Holy Dynasty!"

"If someone has framed the prince of Jing Yu, then the Holy Princess will certainly not be able to get rid of it. After all these years, has no one confronted the Holy Princess?"

Lu Ming asked.

"I've thought about this for a long time, but these years, the Holy Princess has been living in a simple way, and most people don't see the Holy Princess at all!"

"And the matter of Holy Princess and Jing Yu has also become a taboo. No one dared to mention it. I have wanted to meet the Holy Princess many times, but I was stopped!"

Lan Shang sighed.

"It seems that if you want to reverse the case, you have to start with the Holy Princess. She probably knows all the secrets!"

Lu Ming said, but frowned, how can he see the Holy Princess, and how can he let the Princess tell the secret.

The princess of the Holy Emperor abandoned the Jing Yu and married the Emperor, and later framed the Yu, which shows how vicious this woman is.

It's almost impossible to want her to speak up.

"I was afraid that it wasn't just the Holy Princess who did it alone. There must be other co-conspirators behind him!"

Blue Business Road.

"Prince!"

The first time Lu Ming thought of the prince!

At that time, Jing Yu was so stunning that it seriously threatened the prince's status. The prince had 100 reasons to frame Jing Yu.

"It's hard to say, I have also secretly investigated in these years, but not much progress!"

Lan Shangdao, mainly because his cultivation was abolished and had little strength.

After chatting with Lan Shang again, Lu Ming fell into contemplation and slowly sorted out the news he had just received to sort out his thoughts.

In this matter, there must be a big secret hidden.

Chapter 3524: The storm will rise

In the beginning, the concubine Kong Xixue and Jing Yu were lovers, and after Jing Yu closed down for a time, Kong Xixue married the Sheng Huang and became the Saint Concubine.

Later, when Jing Yuxiu became Dacheng, he was framed, caught by the Holy Emperor on the spot, and the Holy Emperor shot directly, seriously hurting Jing Yu.

There must be something happening inside. Otherwise, how could it be that Jing Yu's cultivation practice was not hit and was directly hit?

Did you really see the Holy Emperor's sudden coming and was hit hard by the chaos? or other reasons.

After Jing Yu was hit hard, Jing Yu's forces were sacked by the Holy Emperor, some were killed, some were sealed, and some fled.

Even the blue merchants have been abolished.

However, Jing Yu's men all believed that Jing Yu was wronged.

Because Lan Shang later said that after Jing Yu was seriously injured, he was later executed in public, but Jing Yu was under the key and sent Lan Shang a message that he was wronged.

With this sentence, enough!

Lan Shang and others believed that Jing Yu was wronged because they knew too much about Jing Yu.

Therefore, they always wanted to reverse the case for Jing Yu.

"I'm afraid this matter is hiding a deep secret. How should I proceed?"

Lu Ming rubbed his eyebrows and had some headaches.

Today, his cultivation practice has reached the peak of God King Ninefold, not far from God King Realm.

At that time, Xie Nianqing asked that Hong Yang to leave him a jade symbol, saying that the address Xie Nianqing had to go to was sealed in it. As long as Lu Ming's cultivation reached the state of God, he could break the seal above and know that Xie Nianqing Their address.

In addition, Qiuyue is very likely to go to the Shenlong Mother Star, and he will also go to find it.

However, he promised to have shocked Yu, the matter of Taixu Shengdi was not resolved, he could hardly leave.

Therefore, the matter of Taixu dynasty must be resolved as soon as possible.

...

Taixu pilgrimage, palace!

"Children congratulations to the father emperor, finally let the father emperor trust, and found the twin stones, as long as the father emperor refined the twin stones, it is possible to break through the realm of the **** emperor and enjoy the life of a hundred star years!"

The second prince bowed to the Taixu Holy Emperor, holding a jade box in his hand.

At this moment, the Emperor Taixu was already excited, and his power burst out. The jade box in the hand of the second prince appeared in the hands of the Emperor Taixu.

The Emperor Taixu opened the jade box, inside which was a fist-sized stone.

This stone has two colors, and the glow of the sun is constantly flowing, which is wonderful.

"Twin stones, is this the legendary twin stone?"

The Emperor Taixu breathed quickly.

There is a rare treasure in the world called Sansheng Stone!

This kind of treasure, the creation of the world, can make a person live for three lifetimes.

It is an incredible mystery that a person who can die of Shou Yuan can live another two lives.

Of course, twin stones are not three-stones. Legend is that they are companions of three-stones, but they are also extremely rare and can make people live for another life.

This kind of treasure is inexplicable, and it is 10,000 times more precious than any source of divine power.

"Okay, okay, okay, this time, you have done a great job!"

The Emperor Taixu was good for three lives.

For a man like him who is coming to the limit, nothing beats him more than twin stones.

Since he passed the ten-year-old Shouyuan, he clearly felt that a year is not as good as a year.

No matter how much panacea is used, peerless treasures are useless.

His soul is shrinking day by day and drying up day by day.

If he goes on like this, he may not be able to sustain it for two hundred years, and he will disappear.

For two hundred years, for them, it was just a blink of an eye.

During this time, he became more and more irritable.

"Father and Emperor, twin stones are not three stones after all, which has great disadvantages. After refining, only half of the success rate, once successful, not only can live another life, and even break through cultivation!"

"However, if it fails, it will completely fall, and the smoke will disappear!"

The second prince bowed.

"Even if you have only half the success rate, you have to give it a try!"

The Emperor Taixu's eyes are fiery, and the malpractice of the twin stones, he does not know?

However, if you don't try, there is only one way to go.

In case of success, he will break through to the God Emperor Realm and become a true God Emperor. Not only will the fighting power reach the sky, but Shou Yuan will reach a hundred star years.

You know, since the establishment of the Taixu dynasty, it has only been more than fifty star years. How long is this?

Not to mention that there is a 50% success rate, even if there is only a 10% success rate, he will have to try it.

"The minister there congratulated the father and emperor on their successful breakthrough in advance!"

The second prince bowed.

"Okay, okay, you go on, I will study it first!"

Taixu Shenghuang waved his hand.

The second prince withdrew!

Soon after, the Second Prince's mansion was deep.

"Second Prince, you gave His Majesty the Holy Emperor, are they really twin stones?"

A confidant of the second prince asked, this man is an old man in yellow robe.

"Really twin stones? How is it possible? This kind of treasure is rare in the world. If I could have real twin stones, would I give them to the old guy?"

The second prince smiled faintly.

"It's fake? If it is discovered by the Holy Emperor, I am afraid it will be detrimental to the Second Prince!"

The old man in yellow robe changed his face greatly.

"Relax, I know the old guy too much. The success rate of twin stones is only 50%, which involves great risks. So before refining the twin stones, the old guy must do one thing, that is, cut off all the The Clan House has unified all the territories of the Taixu Holy Pilgrimage!"

"This is the old guy's long-cherished wish, he will be the Holy Emperor forever, but once the clan house is cut off, it will definitely cause a wave of civil strife, usually doing so, the fluctuations are too great, which is not conducive to the pilgrimage, and this time, it is heaven The great opportunity, the barbarian's fall, the barbarian civil strife, and the inability to attack us temporarily is a good opportunity to cut the clan house!"

"In case he fails to refine the Twin Stones, can he also be the eternal Saint Emperor?"

Second Prince Road.

"The second prince, you mean that the palaces of the kings and the monarchs will not be willing to be cut, and will rise up to resist, but, with the strength of these monarchs, it is impossible to compete with the Holy Emperor!"

The old man in yellow robe said.

"Of course, but, is there not my big brother?"

The second prince smiled faintly.

"Prince?"

Huang Pao's eyes moved.

"My elder brother, coveted the position of the Holy Emperor for many years, and waited for a lot of cattle, and finally hoped that the old guy Shouyuan would be exhausted, but if at this time, he knew that the old guy got twin stones, half The opportunity to step into the Divine Emperor, what do you say he will do?"

The second prince smiled, a look like Zhizhu was holding.

The old man in the yellow robe shone his eyes and said, "Even if there is only a 50% success rate, the prince will not take risks, because once the emperor succeeds, the prince will completely lose the throne of the inheritance of the holy emperor, so he will fight hard and will ...rebel?"

"Hahaha, so, send someone to secretly pass on the news to my elder brother, the Taixu dynasty, and there will be a big show soon. At that time, it is our chance, the position of the Holy Emperor, it is mine!"

The second prince laughed.

Chapter 3525: Congregation of the Holy Emperor

For this day, the second prince has been laid out for a long time.

He couldn't wait until the Emperor's own Shouyuan dried up. In that case, the prince would naturally inherit the position of the Emperor and he would lose his share.

Moreover, once the crown prince succeeds, he will never let him go.

Therefore, he has to disturb the water.

And a fake twin stone can successfully stir the water into a pot of porridge. At that time, it was his chance.

"Come on, let the storm come stronger!"

The second prince smiled with anticipation and fierce smile.

Soon after, Prince's Mansion!

"Twin Stones, damn, damn..."

The prince roared, his eyes red.

Just now, he learned through secret channels that the 2nd prince actually found a twin stone for Taixu Shenghuang.

Twins, although only half of the success rate, but he can not accept.

Half of the success rate is already very high, let alone half, even if only one-tenth of the success rate, he can not accept it.

In case, the Emperor Taixu succeeded?

Where is his business?

He can only be a prince for a lifetime until he dies?

Unless he can also break into the Divine Emperor Realm, but with his talent, there is no miracle, it is basically impossible.

"Old guy, I still wanted you to live a few hundred years longer and let you leave with peace of mind. Unexpectedly, you insisted on being a demon. This is your own death, don't blame me for being cruel!"

In the eyes of the prince, an astonishing murderous opportunity flashed.

Three days later, in the Taixu Holy Capital, the hearts of the Holy Emperors, leaving the Taixu Holy Capital, went to those Tianwang Mansion, Junhou Mansion, General Mansion, Soldier Mansion, and conveyed a command.

The Emperor Taixu ordered that all the kings, monarchs, generals, and soldiers of the palace should be summoned to the Emperor Taixu, to discuss important matters.

"Strange, didn't the Holy Emperor's birthday feast have just passed? How did it go?"

Many masters were surprised when they received the order.

Saint Emperor's birthday, almost all the masters have been to it, how many years has it passed? Why did the Holy Emperor ask them to go to Taixu Shengdu?

Of course, weird to strange, since the Holy Emperor ordered to go, still have to go.

Many masters began to leave.

And Lu Ming naturally received the order of the Holy Emperor, and also showed surprise.

"Strange, I feel this time, I'm afraid something bad will happen!"

Lu Ming frowned, and his spiritual consciousness told him that there might be a big event this time.

"I heard Jing Yu once said that the Emperor Taixu has always had a wish to cut off all the clan houses and unify all the territories in the hands of the royal family!"

"Now, the Holy Emperor is approaching. Before he falls, maybe he will really do it. Moreover, the Barbarian Emperor has just fallen shortly, and the barbarians have not yet stabilized. This is a good opportunity!"

Lan Shang speculated carefully.

"Uncle Lan, you mean, this time the Holy Emperor will cut off all the clan houses?"

Lu Ming said.

"It is possible, but not sure!"

Blue Business Road.

"Just in case, send a message to Crocodile, let him come to Taixu Holy Pilgrimage!"

Lu Ming made the decision immediately.

Although there are masters from the Lost Star River beside him, it can be said that masters are gathered, but there is only one quasi-empire after all.

To be on the safe side, he had to transfer Crocodile Sky and walk with him to Taixu Shengdu.

There are two prospective emperors, self-protection should be enough!

Of course, he thought of the undead devil!

The Undead King is at least a quasi-imperial realm, not even more.

Lu Ming even speculated that the Undead King is a true emperor.

You know, the Holy Demon Dynasty is a country in front of the Taixu Holy Dynasty, and the Taixu Holy Dynasty has established about 50 years of stars. Even if the undead demon king is sealed, it can live from the time of the Holy Demon Dynasty. Now, the prospective emperor can do it?

Only the Divine Emperor can do it!

If it wasn't for the Demon King, it's really the cultivation of the Divine Realm, even if he was sealed for endless years, his vitality was badly hurt, but after all, it has been a while since he broke through the seal. .

But Lu Ming felt that it was not the time for the Undead King to play.

The undead demon king is used at a critical moment.

The news was sent out, and after a while, Crocodile Sky arrived.

Of course, he is alone, and others are not easy to bring.

After the crocodile came, Lu Ming led the Blue Merchant, the Giant Bear, Zhu Tai and others to the Taixu Saint Capital.

Of course, Crocodile Sky, Giant Bear, and others all wear thick armor and dress up as Lu Ming's guards, while converging their breath to the extreme.

Soon, Taixu Sheng will be in sight.

"Who?"

At this moment, Lan Shang drank coldly in one direction, his eyebrows, his soul gleamed.

Blue Merchant's soul is extremely powerful, so the spiritual consciousness is also extremely keen. This point, even if it is a crocodile sky, a quasi-emperor like a giant bear, is not comparable.

"It is worthy that the soul power stepped into the divine prince, and the keen sense was sharp!"

In the starry sky ahead, waves appeared and a figure appeared.

This figure was wrapped in a black robe, and the whole body was covered with black mist, and he could not see clearly. He could only barely see that the other person was petite and seemed to be a woman.

"Who are you? Who asked you to come!" Lu Ming asked.

"Who let me come, you don't have to know, my Lord let me come and bring you a sentence, this trip, dangerous!"

After the other party finished speaking, his figure flickered and disappeared like this.

Lu Ming they did not pursue, because the other party is not malicious, it seems to be good intentions!

This trip is dangerous!

The other party left four words.

Lu Ming and Lan Shang frowned.

Obviously, the other party is reminding them that this trip to the Holy City is too dangerous!

Could it be that this time, as Lan Shang guessed, the Holy Emperor had to cut off all the clan houses before his own limit?

But who is this man, and who is the Lord in his mouth? Why send someone to remind them.

Obviously it is goodwill!

However, this time Lu Ming came prepared, with two quasi-empires accompanying him, even if the Holy Emperor wanted to cut off the clan house, he would be able to protect himself.

The big deal was empty, and then retreated.

He did not believe that the Holy Emperor would kill all the masters in order to cut off the clan house. This is impossible. Doing so would shake the foundation of the Taixu Sheng Dynasty.

Kill a maximum of a few, in order to be effective, kill chickens and monkeys.

"It seems that this time, I guess pretty well!"

Lan Shang frowned.

"In any case, if he wants to cut, let him cut, and we can have a foothold!"

Lu Ming said.

A monarch palace is just a name, Lu Ming does not care.

As long as you have strength, it is more important than anything.

Lu Ming, they continued to move forward, entered the Taixu Holy City, came to Qianlong Junhou Mansion, and waited.

A month later, the heads of all the clan houses came to the Taixu Shengdu, and then the Holy Emperor ordered to gather in the palace.

Chapter 3526: The storm started

Behind the palace, there is a huge courtyard. This is the place where the Holy Emperor entertained guests on weekdays. Today, the head is shaking.

Tables and chairs are arranged in blocks, and every King's Mansion and King's Mansion have an area.

Among them, the top of the yard is undoubtedly the area where the Royal Emperor Taixu and other royal families sit, and below it, there are the 27 Express Area. Here is the area of the 27th Royal Palace.

At the bottom, there are more tables and chairs, densely packed, here is the area of Junhou Mansion, General Mansion, and Soldier Mansion.

Lu Ming took the crocodile sky, the giant bear and others, and came to the area of Qianlong Mansion in a low key to sit down and waited quietly.

Alligators, giant bears and others, wearing armor and sitting behind Lu Ming, did not attract many people's attention, but regarded them as Lu Ming's escort.

As time passed, there were more and more people here, and soon, Lu Ming was drowned in the crowd.

Half an hour later, everyone was there!

Lu Ming glanced over and found that Jiu Jue Tian Wang, Jiu Dao Tian Wang and others were all here.

However, I did not see the King of the Thousand Saints.

Because, the king of the Qiansheng Tianwang Palace is not the Qiansheng Qianwang.

"Your Majesty is here!"

A sharp noise rang out, and in the air, the Emperor Taixu, the Prince, and others came out of the air.

"A lot of masters!"

Lu Ming glanced and found that behind the Holy Emperor, a group of black-robed people followed. These black-robed people had calm expressions, but Lu Ming felt a strong sense of crisis on these people.

These people put a lot of pressure on him.

The Holy Emperor came and sat down at the top.

"See Holy Emperor!"

Everyone got up to salute.

Not seen for a while, the Emperor Taixu appeared even more sullen, and his eyes were muddy, as if he had to resign at any time.

"Please sit down!"

The Emperor Taixu waved his hand, and everyone sat down.

"You guys, please drink!"

The Emperor Taixu raised his glass and took a sip.

Everyone was full of doubts, not knowing what the Emperor Taixu asked them to do, but now they could only suppress the doubts in their hearts, and they took their glasses and took a sip.

After taking a sip, the Emperor's eyes suddenly burst into a gleam. At this moment, the Emperor Taixu no longer appeared to be somber, but like a terrifying beast, he woke up and exhaled a terrible breath.

Everyone felt a tight heart, and the purpose of the Holy Emperor's call to them this time was finally to be said.

The Emperor Taixu's eyes scanned the audience and swept across everyone.

"This time I suddenly called you up, I believe you are very strange, now I will say it straight, this time I called you up because of the traitors among you!"

The Emperor Taixu's voice spread throughout the audience and seemed a bit cold.

"what?"

Everyone was shocked.

"Haoxin Heavenly King, you secretly colluded with the Tianyi dynasty and sold a lot of artifacts to the Tianyi dynasty. Can you be guilty?"

Suddenly, the eyes of the Holy Emperor Taixu stared at one of the king's palaces.

Haoxin Heavenly King Mansion, the top eight Heavenly King Mansion of the Taixu dynasty, Haoxin Heavenly King's strength is even more amazing, but it is the existence of a god.

But at the moment, King Haoxin's complexion changed, clenching his fists: "Your Majesty, there is no such thing. Have you misunderstood?"

King Haoxin does cooperate with the Tianyi Holy Pilgrimage and trades treasures with each other. In fact, this kind of thing is done in many kings' palaces. Everyone knows it well, but they can't get it on the counter, otherwise it will be bad. .

The Emperor Taixu raised it in person and he could not admit it.

"Also quibble, I have collected enough evidence. Would you like me to show it to you?"

The Emperor Taixu said coldly.

"This..."

King Haoxin began to sweat coldly, finally clenched his fists, knelt down and knelt, said: "Your Majesty, Weichen did have an artifact transaction with the Tianyi Holy Pilgrimage, but it was many years ago, and your Majesty also asked him to punish!"

"Are you finally admitted? Selling the artifact to the Tianyi dynasty is a crime of treason, and it must be punished. Now, you can do it yourself. Also, the Haoxin Heavenly King Mansion will no longer exist. This emperor Will send people to guard the territory of Haoxin Tianwang Mansion!"

Taixu Sheng Chao said lightly.

what?

As soon as this remark came out, the audience fell into a deadly silence. Except for a few people, most people were mad at heart.

Only the artifact was sold to the Tianyi Holy Dynasty. The Emperor Taixu had to abolish and repair the Haoxin Heavenly King, even removing the Haoxin Heavenly King Mansion.

The Haoxin Heavenly King Mansion almost existed soon after the establishment of the Taixu dynasty, and it has gone through endless years. But now that the Taixu dynasty is light and fluttering, will it be removed?

King Haoxin was also stunned, his eyes full of incredible.

Originally, he thought that even if the Emperor Taixu knew about this kind of thing, he would just punish it casually and hand in some treasures, meaning it would be fine.

He never dreamed that the Emperor Taixu would abolish his cultivation behavior.

He is the existence of Divine Monarch Jiuzhong, the top combat power of Taixu Shengji, just to be abolished?

This is not God King Jiuzhong, God King Jiuzhong, the entire Taixu pilgrimage, there will not be much.

Moreover, the entire Haoxin Tianwang Mansion will be abolished.

"Holy Emperor, I'm not convinced..."

Hao Xin Tianwang shouted.

"If you have committed a crime, you have to accept the punishment. Did you do it yourself, or did I do it?"

Taixu Shenghuang's voice was cold.

"go!"

Suddenly, King Haoxin roared, his body burst into the sky and rushed towards the sky.

The master he brought followed the King Haoxin and rose into the sky, trying to escape.

King Haoxin, after all, is a hegemony, and he will never catch it.

But when King Haoxin rushed to the sky, a figure suddenly appeared in the sky.

A very burly figure in iron armor.

Army King!

Many people felt shocked in their hearts and recognized that this was the king of the Taixu army, the highest commander of the military aircraft department, and the commander of the world.

"kill!"

The king of the army drank coldly, and the spear in his hand swept out.

boom!

A huge war spear pressed towards Haoxin Heavenly King.

King Haoxin roared, bursting out all his strength, trying to resist, but useless and vulnerable.

Under the spear, King Haoxin screamed, his arms burst, and even half of his body burst apart, and the body fell towards the ground, hitting it heavily on the ground.

On the ground, endless runes permeated immediately, and the entire palace was shrouded. After the King Haoxin smashed on the ground, the ground just shook and did not explode.

Haoxin Heavenly King vomited blood, and his breath was extremely dismal. He had been hit hard.

Although King Haoxin has the cultivation practice of Divine King Jiuzhong, but the military king, but a quasi-empire, there is still a huge gap after all, and he was hit hard by one move.

After the devastation of Haoxin Heavenly King, the army king's spear waved again. After the roaring, all the men of Haoxin Heavenly King were also hit hard.

Chapter 3527: Uranus falls

Uh!

In the end, the king of the army moved around and fell beside King Haoxin.

"Holy Emperor, spare your life!"

King Haoxin begs for mercy.

"If you want to resist, how can you spare you, kill~!"

Taixu Shenghuang said indifferently.

puff!

When the words of Taixu Saint Emperor fell, the army king shot, and the spear pierced out, killing King Haoxin.

The existence of this prince's ninefold, the king of one side of the king's palace, was just killed. The scene was silent, and no one spoke.

Everyone's face was very dignified, and his eyes turned.

The Emperor Taixu really killed King Haoxin because he sold the artifact to the Tianyi Holy Pilgrimage. This is simply incredible.

Many of the governors present have done this kind of thing.

Are they going to be executed?

Is the Holy Emperor imminent, crazy, and want to drag them to be buried?

Many people's hearts sink, and their minds turn to various thoughts.

"Are you going to be buried with Hao Xin, or are you going to submit to His Majesty the Holy Emperor and play for His Majesty?"

The king of the army glanced at the people in Haoxin's heavenly palace.

"Willing to submit to the Holy Emperor!"

Those in Haoxin Tianwang Mansion knelt down.

Those who can come here with King Haoxin are naturally loyal to King Haoxin. If King Haoxin is not dead, they will definitely resist, but now that King Haoxin is dead, there is no point in continuing their resistance.

"Okay, come on, take them down!"

The Holy Emperor spoke and immediately a group of guards came to take these people from the Haoxin Tianwang Mansion.

Then, the eyes of Taixu Shenghuang glanced again.

Many people started to get nervous, and their backs were cold and sweaty.

Especially those who have done something similar to Holy Emperor Haoxin are even more nervous to die.

"Fengxiang King..."

The Emperor Taixu spoke lightly. This time, his eyes fell on a king.

The king of Fengxiang is also the existence of a ***** monarch, and his strength is extremely powerful.

In the Taixu Holy Dynasty, the 27th Heavenly King's Mansion, the 27th Heavenly King, there is only one person in the quasi-imperial realm, that is the Qiansheng Laotian King.

In addition to the thousand sages of the heavenly king, the kings of the top eight heavenly palaces are all the nine kings of the gods.

Among them, the two heavenly palaces ranked first and second, respectively, have two gods and kings.

In other words, there are ten people in the twenty-seven heavenly king's palace, the powerful prince of the ninth heavy.

Fengxiang Tianwang Mansion, ranked the fifth among the 27 Tianwang Mansion, is very strong.

But at the moment, King Fengxiang's body shuddered, his face pale, and he stood up to salute: "Your Majesty, what can you tell me?"

"King Fengxiang, can you be guilty?"

The Emperor Taixu said coldly.

"Your Majesty, what's wrong with Weichen?"

King Fengxiang's body shook slightly, but he still stabilized and continued.

"Shall I say it? Fengxiang Tianwang Mansion, rich in a kind of **** grass, Fengxiang grass, and you, secretly, sold it to barbarians at a high price!"

"Don't you know that the barbarians are the dead enemies of my holy dynasty, and you foster the enemies, this is a death sentence, can you confess?"

The Emperor Taixu said coldly.

King Fengxiang was pale, but he naturally didn't want to catch his hand and shouted: "Your Majesty, I admit, I sold it to the barbarian Fengxiang grass, but the amount is not large, and Fengxiang Tianwang Mansion has been fighting the barbarian all these years, and how much credit has been made. , I'm guilty, but I've done more than I did, and sin doesn't die!"

"Sin is sin, and you will be punished if you commit a crime. Are you doing it yourself, or am I letting someone do it?"

Taixu Shenglu coldly said.

"Hahaha..."

At this moment, King Fengxiang suddenly laughed, maddened, and shouted: "Shock, do you think I don't know what you want to do? You are the limit, Shou Yuan is not much, so crazy, you want to cut Drop all clan houses and want to unify all clan houses in the hands of the royal family and be the holy emperor!"

Not only can the Blue Merchant guess the purpose of the Holy Emperor, but which of these kings is a simple-minded generation, according to the Holy Emperor's performance, they can also infer some.

Anyway, the Emperor Taixu was about to kill him, and King Fengxiang simply went out.

Not only the name of Taixu Shenghuang, but also the purpose of Taixu Shenghuang directly.

"Everyone, Jingshu is crazy today. You must cut off all the clan houses. Are you sitting like this? He killed King Haoxin first, then me. After killing me, it is you!"

"He came one by one and broke them one by one, would you just lay your hands on it? Today, only if we join forces and fight together can we survive!"

King Fengxiang shouted and wanted to call on everyone to shoot together.

Anyway, he was out of it. As long as he could escape today, he would not be able to take people to Tianyi Holy Pilgrimage.

Hearing the words of King Fengxiang, many people's eyes flickered.

They understood that what the King Fengxiang said was justified. If they continue like this, they will definitely be defeated by everyone, and no one can escape.

"Stubborn and stubborn, but also want to provoke everyone, can not stay, kill!"

Taixu Shenghuang cold drink.

boom!

The king of the army stepped out like a terrible invincible **** of war, with a terrifying breath, and persecuted toward the emperor Fengxiang.

"You guys, haven't shot yet, when will you wait?"

King Fengxiang shouted.

"Yes, if we go on like this, we will all be defeated, and we can only live together at this time!"

At this moment, a voice sounded.

Everyone was shocked, from the Wushuang Tianwang of the Wushuang Tianwang Mansion.

Wushuang Heavenly King, the 27th Heavenly King Mansion ranked first, with the presence of two gods and nine masters, and many other masters.

Wushuang Tianwang is a middle-aged man, very handsome, got up now, surrounded by divine power.

Beside him, at least dozens of masters, get up at the same time.

Everyone didn't expect that Wushuang King, the first to speak.

In fact, there is no way for Wushuang Uranus.

Wushuang Tianwang Mansion, secretly and the barbarians and Tianyi pilgrimage have business dealings and transactions, which were originally unspoken.

But today, the Emperor Taixu took the trouble, they could not quibble.

Moreover, Wushuang Tianwang Mansion is the head of the 27th Heavenly King, with strong strength. The Taixu Holy Emperor really wants to cut off all the clan houses, and he will definitely take the Wushuang Heavenly King Mansion.

Moreover, they don't want to be cut, they can only rise up to resist.

"Yes, only by joining forces can we save ourselves!"

Seeing that Wushuang Tianwang Mansion was about to shoot, Fengxiang Tianwang's spirit was greatly boosted and he continued to shout.

"Okay, join forces!"

Then, the King of the King's Mansion spoke again, and then, the King of Kings continued to get up and prepared for battle.

The footsteps of the army king stopped.

"Bold, I think you want to rebel!"

The Holy Emperor shouted, and the terrifying breath filled the air, forming terrible pressure, pressing on everyone.

Then, behind the Emperor Taixu, several figures stepped out and appeared around the void, blocking the entire void.

The key is that the breath of these people is terrible.

Chapter 3528: Four prospective emperors

Behind the Emperor Taixu came out several figures, sealed off the void, and exuded a terrible atmosphere.

Quasi-Emperor, all are Quasi-Emperor!

There were three people in total, one of them, Lu Ming recognized, but the six princes, the brother of Taixu Shenghuang, who had shot at the birthday banquet of Taixu Shenghuang, and together with the army king, they fought against the barbarians.

He is also a prospective emperor!

The other two black robe elders, Lu Ming did not know them, but they were terrifying and amazingly powerful, and they were both quasi-emperors.

"This is the hidden powerhouse of the Taixu Holy Clan. Obviously, today the Taixu Shenghuang is fully prepared!"

Behind Lu Ming, the blue merchant sent a voice to Lu Ming.

Lan Shang's soul is extremely powerful. He gave Lu Ming a soul voice, which no one else could find.

The three prospective emperors, together with the army king, surrounded everyone.

Everyone's face was ugly, and Wushuang Tianwang, Fengxiang Tianwang and others gathered together and looked ugly.

Faced with the four prospective emperors, they were not sure.

"You guys, don't be provoked by King Fengxiang. Okay, today the emperor will say so. The emperor really wants to cut off all the clan houses today!"

The Emperor Taixu spoke, and everyone's face changed greatly.

Sure enough!

"but..."

The Emperor Taixu then opened his mouth and said, "Not all clan houses, all house owners are guilty. Today, only Haoxin Tianwang Mansion, Fengxiang Tianwang Mansion, Wushuang Tianwang Mansion are guilty, and if they are guilty, they should be killed, but other clan houses are innocent, As long as you surrender and dissolve your respective clan houses, the emperor will still be entrusted with important tasks and reward the official position!"

When the Emperor Taixu's words came out, many people's eyes flickered and thought.

The Emperor Taixu said that today it is Fengxiang Tianwang Mansion and Wushuang Tianwang Mansion that are guilty. As long as others surrender and settle their respective clan houses, not only will they not kill, but they will also be entrusted with heavy tasks.

Disbanding the clan house, although they are not reconciled, they are better than killed.

Today's revolt is really fierce, and apparently the Emperor Taixu is well prepared.

On the field, there are four prospective emperors, plus the Emperor Taixu himself, in addition, the state division is also present, this is the six prospective emperors, but they do not have a prospective emperor.

The only quasi-emperor, Qiansheng Laotianwang, did not come today.

Obviously, the Emperor Taixu was afraid of accidents, and did not call the King Qiansheng.

Anyway, as long as the Palace of the Thousand Saints is disbanded, the Thousand Saints can deal with it slowly.

Many people have begun to shake.

The faces of Fengxiang King and Wushuang King are all changed.

"You guys, don't be fooled by the frightening technique. You surrendered today and solved the clan house. You will definitely find opportunities to break each one of them and kill them one by one. Today, only by going out and surrendering to the Tianyi Holy Pilgrimage can you survive. !"

King Fengxiang shouted.

"Yes, he is a dilemma, want to divide us!"

Wushuang King also shouted.

He has already been named by the Emperor Taixu, and today there is only death.

During this process, Lu Ming has been calm and has not moved.

Even if he shot, with the manpower he brought, plus Fengxiang Tianwang and others, it was estimated that it would be more and more fierce.

He couldn't resist resisting with King Fengxiang and others.

In his view, there was nothing to disband the Clan Mansion. He Qianlong Mansion, which was established shortly afterwards, only had the fighting power still in hand. The Clan Mansion was just a name. He didn't care.

As long as you leave here today, and then bring the undead demon king back against the barbarian, even if the Emperor Taixu wants to move him, it will not be easy.

Of course, this is because the Emperor Taixu did not want to deal with him, otherwise, he would definitely rise up to resist.

People are selfish, aren't they?

"Jun has no jokes. I say that since others are innocent, they will be innocent. They will not move you, they will not move you. This is the last time the emperor said that you will be buried with Feng Xiang and Wushuang, and the emperor will also fulfill you! "

The Emperor Taixu got up, and the terrifying breath was even more amazing.

Even if they are both quasi-imperial, there are strengths and weaknesses.

And the Emperor Taixu, half of the foot is about to step into the real Saint Emperor.

"I dismissed the Clan House and would like to return to His Majesty!"

At this time, a voice sounded.

Is an old man in black robe.

Many people felt shocked and recognized this old man in black robe, who was the king of the Nine Nether Heavenly King's Mansion, the Nine Nether Heavenly King.

"Nine Nine, you..."

Wushuang King was furious.

"Okay, Nine Nether, if the Emperor said that he would do it, if he was willing to solve the clan's surrender, he would step back!"

Taixu Shenghuang Road.

"Thank you, Your Majesty!"

The Nine Nether Heavenly King took the people from the Nine Nether Heavenly King Mansion and retreated to the side.

"Your Majesty, I am willing to give in!"

"I will too!"

Then, people from other clan houses knelt down one by one.

It is good to just solve the clan house and not kill them. After all, the clan house is more important than life.

Save your life first.

Soon, more and more people were surrendering.

The faces of King Fengxiang and King Wushuang are getting ugly.

"go!"

"rush out!"

Wushuang Heavenly King and Fengxiang Heavenly King roared, with the masters of the two heavenly palaces, burst into the air and rushed towards one of the old black robe.

In Wushuang Heavenly King Mansion, there are two princes and nine princes, plus Fengxiang Heavenly King, a total of three princes and nine princes, plus other princes and eight princes, seven princes and seven powerful players, together, the power is extremely terrifying.

Moreover, the old man in black robe they chose didn't look very strong, and it was considered weak in the prospective emperor.

The violent attack, like the stormy waves, rushed towards the old man.

"court death!"

The old man in black robe drank coldly, his power exploded, a sword appeared in his hand, and he cut it out.

This knife, as if illuminating the starry sky, illuminating the universe, was amazing beyond imagination.

boom!

The attacks from both sides were heavily bombarded together, and an amazing roar erupted.

Then, the knife of the old man in black robe shook violently, and finally broke apart, and the old man in black robe drifted back.

However, the impact of the Wushuang Heavenly King and Fengxiang Heavenly King was also blocked and their speed slowed down.

"Wushuang, it seems that you are about to step into the quasi-empire, but unfortunately, one step closer!"

The voice of Taixu Shenghuang sounded.

At this time, the figure of another old man in black robe, as well as the figure of the military king and the six kings, rushed toward Wushuang Tianwang and others.

The four great emperors joined forces, and at this moment, Wushuang Tianwang, Fengxiang Tianwang and others, their hearts sank to the bottom.

They knew that they would die today!

"Shock, you will not die!"

King Fengxiang roared wildly.

"Dare to abuse the Holy Emperor, kill!"

The army king shouted, a spear pierced the void, broke through numerous defenses, and penetrated the eyebrows of King Fengxiang.

On the other side, Wushuang Tianwang is so powerful that he is about to enter the Quasi-Emperor. Unfortunately, he is still not the Quasi-Emperor after all. Under the siege of the Six Kings and an old man in black robe, he was instantly killed.

Chapter 3529: Identity exposed

This is a battle without suspense. Under the suppression of the four quasi-imperial emperors, Fengxiang Tianwang Mansion and Wushuang Tianwang Mansion wiped the dust.

The two heavenly kings were killed, and the existence of another **** in the Wushuang heavenly palace did not resist a few moves, and was also killed.

Most other masters were also killed.

The remaining half of the masters, all surrendered and won by the Holy Emperor's guards.

Many people on the scene seemed to be dreaming.

The prestigious kings of Wushuang, Fengxiang, and Haoxin have just fallen.

These are all overlords. It's difficult to see each other. Each one is a top character of the Taixu dynasty. But now, it is so worthless and easily killed.

"Okay, today all the enemy traitors were killed, everyone else, please sit down!"

Taixu Shenghuang waved his hand.

Everyone sat down, but still frightened.

"However, there is still one person today who must be punished!"

Unexpectedly, the Emperor Taixu spoke again, causing many people to be shocked in their hearts, revealing a look of fear.

Then, the eyes of Saint Emperor Taixu surrendered to the bottom area, and finally landed on Lu Ming.

Lu Ming's face changed.

He did not expect that the Emperor Taixu would stare at him.

Is it because of the Blue Soul Mother?

In an instant, Lu Ming thought several thoughts in his mind.

"Lu Ming, Lu Junhou..."

The Emperor Taixu spoke lightly.

"I don't know if your majesty is called a micro minister, what's the matter?"

Lu Ming had returned to calm, stood up, and clenched his fists.

"The youngest prince of the Taixu Sheng Dynasty, at a young age, reached the peak of the God King, and pressed all the arrogance of the Tianyi Sheng Dynasty. It is indeed a descendant of Yu'er, even better than Yu'er!"

Taixu Shenghao spoke lightly, and the voice spread throughout the audience.

As soon as this remark came out, the scene was suddenly quiet. At this moment, time and space seemed to freeze.

Everyone's eyes widened, watching Lengming stunned, full of surprise.

There is only one feather in the mouth of Taixu Saint Emperor. That was the prince who was so amazing at the beginning, shocked feather!

Lu Ming, actually the descendant of Jing Yu?

At this moment, Lu Ming and Lan Shang were shocked.

Saint Emperor Taixu already knew.

Lu Ming did not speak, and his thoughts turned sharply.

Seeing Lu Ming being silent, the Emperor Taixu continued: "You don't have to deny, I know Yuer too well, so when I saw you for the first time, I knew that you were a descendant of Yuer, You have his breath, there is absolutely nothing wrong!"

"When the Taixu Royal Sanctuary was held later, you won the third place. You could have put forward a condition for me, but you used that condition to save the blue merchant. I am even more sure!"

"Is it the master power again?"

Lu Ming moved.

At first, Lan Shang could see him for the first time and recognized him as a descendant of Jing Yu.

Well, other people are also okay, as long as they are very familiar with Jing Yu.

At this moment, the crown prince and the national teacher were also surprised to see the landing song, obviously also very surprised.

They did not expect that Lu Ming was actually the successor of Jing Yu.

"Why? Do you still want to deny it?"

Taixu Shenghuang Road.

"Yes, I am indeed the descendant of Prince Jingyu!"

Lu Ming spoke.

Now that it has been seen, there is nothing to hide, just spread it out.

As soon as this statement came out, there was an uproar at the scene.

This is really unexpected, Lu Ming is actually the successor of Jing Yu.

No wonder so amazing!

"It's just that I'm curious. Since the emperor knew that I was a descendant of Jingyu, why didn't he expose me early, but stay until now?"

Lu Ming then asked again.

"Why should I debunk you early? I'd love to see what the heirs Yuer chose? Is it as stunning as he is? Now it seems that you haven't let me down, you are more amazing than Yuer, beyond my expectations!"

"But now, I can't keep you anymore!"

The Emperor Taixu's voice turned cold.

This statement shocked many people, including Lu Ming.

In the last sentence, it is clear that the Emperor Taixu is to get rid of Lu Ming.

Lu Ming's eyes sharpened.

"Lu Ming, under the blue merchant's plan, step by step, step by step to enhance your own power, and finally, you want to seek revenge for the emperor, revenge for Jingyu!"

Speaking of the back, the eyes of Saint Emperor Taixu were as bright as the sun, as if to see Lu Ming through.

"Revenge? The Holy Emperor is worried, I just want to reverse the case for Prince Yu. I believe that Prince Yu left a message saying that he was wronged. I just want to find out what happened. "

Lu Ming said.

"Reverse the case? Ha ha, the startling Yu was dead in my hands. If you want to reverse the case, isn't it just to avenge me?"

The Emperor Taixu sneered, the opportunity was cold, at this moment, he called Jing Yu, all called his name directly.

"Holy Emperor, Lu Ming did not mean to seek revenge from the Holy Emperor, as long as the Holy Emperor assisted Lu Ming to find out the truth of the year and shocked the prince to be innocent!"

Lu Ming said.

"The truth? What Jing Yu did back then was the truth!"

"Lu Ming, you have always concealed your identity, strengthened your strength, deliberately surmised, do nothing, you arbitrarily, the emperor will leave you all dead!"

The Emperor Taixu said coldly.

Lu Ming's face was completely cold.

He did not expect that the Emperor Taixu was so unreasonable that he wanted to kill him directly.

In his view, even if the Emperor Taixu knew that he was the descendant of Jing Yu, he should not kill him easily. After all, he just wanted to reverse the case for Jing Yu.

Could it be that there was a deeper inside story about what happened then?

"Holy Emperor, are you so afraid of finding out what happened in those days? What truth was hidden in that year? Also, when Jing Yu and Sheng Huang were lovers, you forcibly occupied Sheng Huang, I doubt it. The prince, you were framed!"

Lu Ming shouted.

Since the Holy Emperor was about to kill him, he simply made it out and dared to say anything.

As soon as this remark came out, many people shuddered in their hearts and watched the landing horror in horror.

Be brave, be brave!

This matter is the taboo of the Holy Emperor. No one dares to mention the premises of the Holy Emperor. All the people mentioned are dead!

Not only did Lu Ming dare to mention, he also said that Jing Yu was framed by the Holy Emperor.

It's almost life and death.

Sure enough, the Holy Emperor was furious, and there was a terrible breath on his body. He roared and said: "Great rebellion, come here, kill Lu Ming on the spot, no, abolish him first, I want him to die!"

"Yes!"

Immediately, behind the Saint Emperor, a burly brave man stepped out and slammed towards the landing.

This strong man is a guard of the Holy Emperor, who has the cultivation of the Divine Monarch.

To deal with a Lu Ming, there is no need for the prospective emperor.

The Emperor knew that Lu Ming had the presence of Shenjun Bazhong, so he sent a guard of Shenjun Jiuzhong, enough!

Chapter 3530: Scold the Holy Emperor

The relationship between Shenghuang Fei and Jingyu has always been a taboo of the Taixu Shenghuang. No one dared to mention it. After all, it was too unpleasant to say. Lu Ming dared to mention it in public. The Shenghuang was completely angry and directly killed. Lu Ming.

"Kneel down and confess the holy emperor's head!"

A middle-aged escort, wearing iron armor, with a breath as thick as the ocean, stepped into the sky, and patted the landing song with a palm. A huge palm print formed and pressed against the landing.

This palm, let alone Lu Ming, even if there is a supernatural prince, he must be pressed down by his palm.

Obviously, the middle-aged **** knew that there was a Shenjun Yae beside Lu Ming, but then what if the other party didn't shoot, if he wanted to shoot, then kneel down together.

"roll!"

At this moment, a roar came from Lu Ming, a burly figure burst out, and punched out.

Void tremor, terrifying punches bombarded the palm print of the middle-aged guard, causing his palm print to collapse instantaneously, his fist strength kept on, and the violent power surged toward the middle-aged guard.

The middle-aged guard's face changed and his arms shook, forming a layer of defensive power that blocked the punching attack, but he still retreated backwards.

"Shenjun ninefold!"

The middle-aged guard has some incredible openings.

What Lu Ming just shot next to him is the existence of a divine monarch.

Therefore, he was repulsed directly with care.

However, how can there be the presence of Divine King Jiuzhong around Lu Ming?

Everyone at the scene was stunned, looking at the landing song in a strange way.

Divine monarch ninefold, in the Taixu dynasty, that's the top powerhouse, and the twenty-seven heavenly palaces add up to ten.

Lu Ming, beside this young man of the younger generation, there is only a monarch's mansion.

"Shenjun Jiuzhong, Lu Ming, I underestimate you!"

The Emperor Taixu was also very surprised. Before him, he didn't pay attention to the people around Lu Ming. In his view, the strongest by Lu Ming's side was only the **** of the eightfold, which was not worth noting at all.

Therefore, he did not know how many strong men were around Lu Ming.

In fact, other people are similar, with the addition of giant bear, crocodile and other people trying to converge their breath, and no one has found it.

"Lu Ming, leave now!"

The blue merchant sent a message to Lu Ming.

"Okay, giant bear, crocodile, go!"

Lu Ming sipped, and then the giant bear and others rolled up Lu Ming and rushed towards the sky.

The Emperor Taixu is already determined to kill him, so when will he not leave at this time?

"In the palace, I still want to go. Sixth brother, kill them for me!"

At the moment when Lu Ming rose into the air, the Emperor Taixu coldly gave orders.

boom!

The six lords soared into the sky, the space continued to explode, and a terrible knife light burst out of the hands of the six lords, slashing to Landing Ming and others.

Six Lords, but the powerful of the quasi-imperial realm, this knife is terrible, this is to kill all Lu Ming and others with one knife.

But at this time, the giant bear shot.

He screamed, his body swelled sharply, and his deep armor exploded into pieces, and then a huge bear paw flicked toward the knife light.

boom!

Daoguang shook wildly, and then burst with a bang.

what?

Everyone's pupils were almost stunned.

The Six Kings personally shot out and cut it out, but they were blocked.

The Sixth King is a quasi-emperor. He just shot against Wushuang Tianwang and others, but it is destructive and powerful, making people desperate. Now, his horrible knife is actually blocked.

Only the prospective emperor can prevent the prospective imperial sword from being damaged without loss.

There is a prospective emperor beside Lu Ming?

What is the prospective emperor?

The peak combat power of the Taixu dynasty is just a few.

Lu Ming, He De He Neng, is there such a strong man around?

The Emperor Taixu, the Crown Prince, the State Master and others also stunned their eyes.

"Shoot, kill them!"

Then, the Emperor Taixu exploded.

Uh! Uh!

This time, not only was the Sixth King killed again, but also the Army King, plus an old man in black robe.

The Holy Emperor ordered that Lu Ming cannot let them escape, so, in a flash, three prospective emperors directly killed Lu Ming.

The three quasi-imperial emperors tried their best, and the speed was too fast. Even though Lu Ming had rushed into the starry sky, they were still caught up.

The three attacks were a hundred times brighter than the meteor, and they blasted towards them, and the space they exploded in did not look like they passed.

"You protect Lu Ming and Master Lan, Quasi-Emperor, let's block it!"

Crocodile made a sound to Zhu Tai and other masters such as Zhu Tai and Jiuzhong, and then turned back suddenly. On his hands, a huge war knife appeared, the power burst out, the armor exploded, revealing the true content.

By now, Crocodile can't hide his identity.

Clang clang...

The sword in the hand of Crocodile sky was violently shocked, bursting out two bright blades of light, slashing towards the army king and an old man in black robe.

Boom!

Two horrible explosions sounded, and the starry sky, like two stars bursting apart, set off a terrible cosmic storm.

After all, the attack of the army king and the old man in black robe was blocked, but the crocodile was one enemy and two, and after all he lost, he attacked back again and again.

At the same time, the giant bear also made a trick with the six kings, and the two retreated at the same time.

"Another prospective emperor!"

Someone exclaimed, it was unbelievable, there was still a prospective emperor beside Lu Ming.

Thousands of waves raged in the hearts of countless people.

The two quasi-empires, with such fighting power, who can compare in the Taixu dynasty?

No one can compare horror with the royal family!

Some older people are shocked in their eyes. "

"This person knows each other well, it seems... it's crocodile!"

"It is indeed Crocodile Sky. Crocodile Sky, the head of the three major warlords under King Jingyu's command, Lu Ming really is the descendant of Jingyu!"

There was an uproar at the scene.

Although Lu Ming has admitted just now, seeing Crocodile and Lu Ming together now undoubtedly confirms the fact that Lu Ming is a descendant of Jingyu.

"A group of rebellious people, it's good. Let's do it all today!"

Taixu Shenghuang's indifferent voice sounded.

Uh! Uh! Uh!

The king of the army, the six kings, and the old man in black robe continued to shoot, pushing the fighting power to the extreme, killing the two giant bears and crocodile.

Five prospective emperors, fierce war broke out.

However, those who can reach the quasi-imperial realm are themselves arrogant and arrogant, so the combat power is not much different, unless they are the kind of perverted monsters, they can be invincible at the same level.

Therefore, the giant bear and the crocodile, with one enemy and two for a time, are somewhat difficult to resist.

"Both of them, leave it to us, you go to kill Lu Ming!"

The king of the army gave a voice to the old man in black robe. At the same time, he launched a terrible killing and fought against the crocodile sky to make the old man in black robe free.

"it is good!"

The old man in black robe swayed, bypassing the crocodile sky and slamming towards the landing.

"Damn!"

Crocodile wanted rescue, but was entangled by the army king.
