

D Emperor 3531

Chapter 3531: Holy Princess appeared

"Mistaken!"

Lu Ming frowned.

He did not expect that the Holy Emperor would have known his identity for a long time, and he would be determined to kill him.

At this point, he really did not expect.

Originally, according to his calculations, even if the Holy Emperor knew his identity, he would not necessarily kill him.

After all, it was Jing Yu who made the mistake at first, but Jing Yu was the son of the Holy Emperor. When he killed Jing Yu, did the Holy Emperor feel hurt?

Lu Ming is the descendant of Jing Yu. After all these years, what reason did the Holy Emperor want to kill him?

Are you really afraid of his revenge?

It's definitely not that simple.

I knew it would have happened this way. Before that, he should join forces with Wushuang Tianwang. They would not be as passive as they are now.

The old man in the black robe was very fast, and immediately caught up with Lu Ming, a dark ghost claw, and grabbed at Landing Ming and others.

"Block it!"

Zhu Tai shouted, and then his figure flashed, and beside Lu Ming, there were a total of five **** kings, Jiu Zhong, who shot together.

Five brilliant attacks gathered together and bombarded the dark ghost claw. The starry sky shook and the energy swept across the world. Then, the ghost claw shook and was repelled.

Was blocked!

Five powerful princes of the nine princes joined forces to block the black robe elder's blow.

"Oh my god, five gods are nine..."

"This..."

The people at the scene were stunned and dumbfounded.

Today, Lu Ming shocked everyone too much.

By his side, there are so many outstanding powerhouses.

Two prospective emperors, five gods and kings, this is the power to disrupt the situation of the Taixu Holy Dynasty!

"You, don't shoot yet?"

The Emperor Taixu looked at another old man in black robe beside him.

"Yes!"

The old man in black robe glanced a few times and didn't seem to want to shoot, but the Holy Emperor ordered that he must shoot.

Just as the old man in black robe was about to shoot, the starry sky suddenly burst into a bright sword light, traversing the universe, and extremely dazzling, slashing toward the old man in black robe who killed them.

The old man in black robe has a green hair and green pupil. At this moment, the green pupil reveals a shocked color, and his hands are continuously waved to form a black spear and stab it out.

With a loud bang, the inky black spear and Jianguang collided together, then dissipated one after another.

At this time, there was a white-haired old man in the starry sky.

"Thousand Saint God!"

Someone exclaimed.

That's right, this old man is the King of Thousand Saints.

"Holy Emperor, so lively today, it would be kind to not invite me to come!"

The voice of the Thousand Saints King spread throughout the audience.

Taixu Shenghuang's face was a bit gloomy.

The reason why he didn't invite the thousand kings and heavenly kings is because the thousand kings and heavenly kings are quasi-empires.

A prospective emperor, who fought his life together, was still amazing. He avoided accidents in the Clan House, so he did not invite the King Qiansheng.

As long as the clan house is cut off, no matter how Ren Qiansheng Laotian King troubles behind, there will be no waves.

Unexpectedly, now the Thousand Saints King came.

Obviously, I heard the news.

"Thousand Saints, you happened to be here. These people are all rebellious. Take the rebellion for the emperor!"

The Emperor Taixu said coldly.

"Rebellion? Will Lu Ming be a rebellion?"

Thousand Saints Heavenly King.

"My God, Lu Ming is the descendant of Jing Yu!"

At this time, the blue merchant took off his black robe, revealing his true face, and he said to the heavenly king.

"Blue Merchant, you are not dead!"

Seeing the Blue Merchant, the Emperor Taixu made a roar, and in an instant, he understood that he was deceived.

"I didn't die naturally, hehe, the holy emperor, for the sake of prolonged breath, knowing that I have a soul treasure, I secretly sent someone to intercept me, it's ridiculous!"

Lan Shang said coldly.

Now that he has completely turned his face, the Blue Merchants are not worrying about the face of the Holy Emperor and directly revealing their old background.

This remark made many people look at each other.

The Emperor Taixu secretly sent someone to intercept the Blue Merchants. It was really chilling for the emperor to do such a thing.

Of course, they just think about it in their hearts, but they are not as bold as the Blue Merchants and dare to say it.

The Emperor Taixu's face was extremely gloomy and said, "Thousand Saints, you haven't shot yet, won the rebellion?"

"Since Lu Ming is the descendant of Jing Yu, how could it be a rebellion? And in my opinion, the thing about Jing Yu at that time was also very suspicious. I understand that Jing Yu, he will definitely not do such a thing, most of them are framed. "

"Lu Ming should want to find out the specific truth of Jing Yu at that time, I think it is necessary to check clearly!"

Thousand Saints Heavenly King.

"Thousand Saints, are you going to turn back?"

Taixu Shenghuang Road.

"Holy Emperor, Jing Yu is your most outstanding son. If he is framed, you don't want to check it out? Return him innocent?"

Thousand Saints Heavenly King.

"What happened at the time was what the emperor had seen with his own eyes. Why not check it again, Qian Sheng, because of the long-term friendship, I wanted to spare you. Since you are stubborn, then today, even you will kill together! "

The Emperor Taixu said coldly.

"Advance and retreat with God!"

At this moment, Qiansheng Tianwang shouted, took the master of Qiansheng Tianwang Mansion, flew into the starry sky, and merged with Qiansheng Tianwang.

Today, the King of the Thousand Saints, but the son of the King of the Thousand Saints naturally stands unconditionally next to the King of the Heavens.

The atmosphere at the scene was extremely tense, and the war was on the verge.

"At that time, Prince Jingyu was innocent!"

At this moment, a voice rang.

This voice is crisp and nice, as if the beads and jade are touching, it makes people feel calm when they hear it.

The words fell, and Taixu Shengdu was in the air, and several figures appeared.

Headed by a woman, she seems to be in her twenties, but she is a peerless beauty.

"What a beautiful woman!"

Lu Ming's eyes flashed.

The beauty of this woman, among the women he has seen, can be ranked first, and has a special temperament that makes it difficult for you to look away when you look at it.

"Holy Princess!"

Lan Shang whispered, shocked in his eyes.

"Princess Holy, is this Princess Royal?"

Lu Ming's eyes narrowed.

It was the first time he saw the Holy Princess, and it was indeed beautiful. No wonder the Emperor Taixu would take her as his own.

At this moment, the Holy Princess became the focus, and everyone's eyes fell on the Saint Princess, not only because of the beauty of the Saint Princess, but also the sentence she just said.

Prince Jingyu is innocent!

In the world, who can best explain what happened that year, it is the Holy Princess, because the Holy Princess is the party.

Is there really something hidden about what happened that year?

"Xi Xue, who let you out, give me back!"

Taixu Shenghuang's face was extremely gloomy and sneered coldly.

"It's been so many years, and everyone is here today, and there are Jing Yu's successors. It just happened to explain what happened that year. Jing Yu has been wronged for so many years, and he should be innocent!"

Holy Princess Road.

Lu Ming and Lan Shang looked at each other, and they all saw the surprise and doubt in the other party's eyes.

Saint Emperor Kong Xixue, actually said that Jing Yu was innocent. Wasn't she the one who framed Jing Yu?

Chapter 3532: Prince Rebellion

"Xi Xue, what are you saying? Are you crazy? Go back to the emperor, have you heard?"

The Emperor Taixu drank coldly, and his voice was already full of murderousness.

"So far, do you still want to threaten me? But these years, I have been prepared for a long time, and my family has long been transferred to a safe place by me. Your set is useless to me. !"

Saint Emperor said, he seemed to remember something, his eyes were very cold.

This remark made many people feel shocked and imaginative.

What does the Holy Princess mean?

Did the Holy Emperor threaten her with her family? Let her do something she doesn't want to do?

There are a lot of secrets in it!

"I think you are really crazy, come here and take the Holy Princess back!"

The Emperor Taixu coldly drank, deep in his eyes, brewing endless murder.

"Shock surgery, from now on, I will no longer be under your control. From now on, I will not be the Holy Princess, I will empty the snow!"

Kong Xixue's voice sounded, her divine power filled her, her brow glowed, and a round of golden steel rings emerged, filled with bright brilliance.

Beside the Saint Princess, the other three people, there are two old women, a middle-aged woman, also filled with radiant brilliance, divine power burst.

Divine King Ninefold!

The Holy Concubine and the three people he brought were all purely the cultivation practices of Divine King Jiuzhong.

Everyone is not surprised.

Kong Xixue was also a peerless arrogant at that time. Although it was not as good as Jing Yu, his talent was almost unmatched among his peers. Now it is no surprise that he has cultivated to the ninth level.

However, Lu Ming and Lan Shang were still very surprised.

"is her?"

Lu Ming and Lan Shang whispered involuntarily.

As soon as Kong Xixue used the diamond circle, Lu Ming and Lan Shang recognized it.

At that time, the Emperor Taixu tricked Lu Ming to find his parents, then Lu Ming and Lan Shang were besieged, and two groups of people rescued them.

Among them, Lan Shang speculated that the prince should have sent it.

And there is another mysterious woman who uses a diamond ring. Lan Shang and Lu Ming have never been able to guess who they are. Now, at first glance, they understand that it was Kong Xixue who rescued them.

Kong Xixue, as the Holy Concubine, was able to know that the Taixu Holy Emperor's plan was normal.

Well, before they entered the Taixu Shengdu, someone reminded Lu Ming that this time it was 'dangerous' that the Holy Princess should also be sent.

"Shoot, if you resist, don't talk about killing!"

The Emperor Taixu shouted, and his face was twisted.

"Protect the Holy Princess!"

Lu Ming shouted, gathered with Giant Bear and Crocodile Sky, and rushed towards Kong Xixue.

Kong Xixue must not have anything to do. Today, the truth about Jing Yu will be revealed.

"Shoot, let's go!"

The Emperor Taixu shouted, shouting at the guards behind him.

"Yes!"

Beside the Emperor Taixu, the old man in black robe takes orders, and the old man in black robe is bald.

At this moment, all of his divine power exploded, and everyone thought he would rise to the sky to attack Kong Xixue.

But the next scene shocked everyone.

puff!

The bald-headed black robe burst out with a bright sword light in his hand, and pierced directly towards the heart of Taixu Shenghuang.

The Emperor Taixu did not expect that the old man with bald head and black robe would attack him, and wanted to resist, it was too late.

puff!

Jianguang pierced directly from the back heart of Taixu Shenghuang, passed through the heart, and penetrated through the chest.

Moreover, the horrible sword gas burst out, instantly destroying the heart of Taixu Shenghuang, and impacted around his body.

Roar!

The Emperor Taixu uttered a roar like a beast, and the terrifying strength exploded, like a sun burst, turning into a rolling wave of energy, impacting towards the old man in bald black robe.

The Emperor Taixu half-stepped into the Divine Emperor Realm, and at this moment desperately, the combat strength was extremely strong.

But the bald-headed old man in black robe is also a quasi-emperor. His speed is astonishing. His body flickered, and he avoided the attack of Taixu Shenghuang, and then... fell beside the prince.

However, some people around the Emperor Taixu were not so lucky.

Anything below the Divine Monarch's Eightfold, even the screams were not issued, directly turned to ashes, some guards of the Divine Monarch's Eightfold, Divine Monarch's Ninefold, coughed up blood, and suffered a heavy blow.

Suddenly, hundreds of people died, including some concubines and some princesses.

All the people on the scene were stunned.

Including Lu Ming, Lan Shang, Kong Xixue and others.

This scene is beyond everyone's expectations.

The old man with bald head and black robe would actually break out and attack the Taixu Saint Emperor.

what!

The Emperor Taixu roared loudly, his hair disheveled, and he coughed up blood in his mouth.

The trick just made him so much that it almost shattered his physical functions. After all, it was a quasi-imperial raid. It was too scary. He didn't die. It was already a miracle.

The Emperor Taixu had a distorted face, his eyes were red, staring at the prince, and shouted: "Rebel, you!"

The bald old man in black robe fell beside the prince.

At the moment, the Prince's eyes were all excited.

He was trembling with excitement. What happened today was beyond his expectations.

Originally, he wanted to fight hard. Today, he killed the Emperor Taixu, but he didn't grasp it very much.

However, there are so many strong men around Lu Ming that can contain a large amount of the fighting power of Saint Emperor Taixu, and even the Saint Emperor stands out.

All this made the Emperor Taixu completely distracted, and his alertness was greatly reduced.

All of this is a golden opportunity for him.

The old man with bald head and black robe had long turned to him.

He secretly sent a signal, and the old man in bald black robe made a surprise attack, which really hit the Emperor Taixu.

"Father and Emperor, your words are so unpleasant!"

The crown prince stood up and said, "I have long suspected that the younger brother Jing Jingyu was framed. Today, it seems to be the case, but the father emperor has repeatedly prevented the Holy Princess. No, Kong Xixue told the truth, I Thinking about it, I still stand on the moral side, in this way to stop the father emperor, let Kong Xixue tell the truth!"

The prince found himself a very good reason.

This is not his father, he will only stand on the moral side.

"Holy King!"

"His Majesty!"

The Sixth Lord, and the old man with green hair exclaimed, returned to the Taixu Shenghuang and protected him.

However, the military king did not return to Taixu Shenghuang, but stepped out and came to the crown prince.

"You, also betrayed the emperor?"

The Emperor Taixu glared at the army king.

The king of the army, it can be said that he pulled it up with one hand. Unexpectedly, he has now turned to the prince.

"Your Majesty is old, and it will be the Prince's turn in the future of the Holy Emperor!"

The army king said lightly.

"you guys..."

The Emperor Taixu was so angry that he looked at the second prince and said, "Jingkun, take this shot, get rid of this prince, and I will fall in the future. The position of the sacred emperor is yours!"

Chapter 3533: Unexpected truth

The name of the second prince is called Jing Kun.

However, the second prince sat there, motionless, as if not heard.

"Reverse, reverse..."

The Emperor Taixu shouted like crazy.

Those kings' palaces would not even help the Emperor Taixu. The Emperor Taixu wanted to cut off all the clan's palace today. These people can't wait for the Emperor Taixu to be killed. What happened today is exactly what they want.

All the betrayal and separation, today, the real betrayal and separation.

"Kong Xixue, what happened that year, say it!"

The crown prince cherished the snowy road.

"it is good!"

Kong Xixue nodded and said, "At that time, Prince Yu was innocent, it was the Holy Emperor who forced me to frame Prince Yu!"

Kong Xixue's words are not shockingly endless, and the remarks were full of uproar.

Everyone was stunned.

Lu Ming, Lanshang, Crocodile and others are the same.

They had never imagined that the person behind this scene was actually the Emperor Taixu.

They originally thought that it was either the prince or the second prince who framed the frightened feathers. They never dreamed that it was Taixu Shenghuang himself.

Taixu Shenghuang, but Jing Yu's father!

"Why? Why did he frame Jingyu, whose talent is unparalleled, because the Taixu dynasty has the strongest history, almost 100% can break through to the God Emperor Realm, and lead the Taixu dynasty to become stronger, why did he frame the shock? Yu, you want to kill Jing Yu?"

The Thousand Saints Heavenly King asked, full of doubts.

This is also the question of everyone on the scene.

Not only his own son, but also unparalleled talent, Taixu Shenghuang, why kill Jing Yu?

"Just because the talent of Jingyu is so strong, Jingshu will kill him, because Jingshu is a selfish, narrow-minded person!"

Kong Xixue opened her mouth, all with resentment in her eyes.

"Shut up for me, shut up for the emperor..."

The Emperor Taixu roared.

"If you dare to do it, why don't you let me say it?"

Kong Xixue sneered and continued: "Jingshu, he was jealous of Jingyu's talent. Since Jingyu entered the Quasi-Emperor Realm, he was even more jealous, and he was afraid, he was afraid that Jingyu would enter the Divine Emperor Realm!"

"Once Jing Yu stepped into Divine Emperor's Realm, in the Taixu dynasty, Jing Yu was the uncrowned king, the real first person, so Jing Yu was afraid that his status would be threatened, so he wanted to get rid of Jing Yu!"

"However, at that time, Jing Yu, the fighting power in the Taixu dynasty, was already invincible, even if Jingshu himself was invincible, he wanted to kill Jing Yu, it was not easy to talk about, so he used me and used my parents, My brother and sister, all my relatives threaten me. If I don't cooperate with him, he will kill all my relatives!"

"I have no choice but to cooperate with him, frame Jing Yu, and poison him in Jing Yu's wine. Then, at a critical moment, Jing Yu arrived deliberately, and under the confusion of Jing Yu, he shot directly and hit the shock in one fell swoop. Yu, you all know the next thing!"

As the voice of Kong Xixue dropped, the scene fell into silence.

Everyone did not expect that the truth would have been like this.

All this was actually arranged by the Emperor Taixu, and even his own son, who was the best shot, had to be killed.

Real selfishness is extremely extreme.

"This is actually the case, this is the case, hahaha..."

Lan Shang laughed, but there were tears in his eyes.

The thing about Jing Yu has always been the demon in Lan Shang's heart, because of this matter, he cultivated it to be abolished and almost became a waste.

He always wanted to find out the truth, but the truth was beyond his expectations.

"There are such people in the world!"

Lu Ming whispered, feeling sad for Jing Yu.

Jing Yu is equivalent to dying in the hands of his father and his lover.

However, Lu Ming did not doubt that there are indeed such selfish people in this world.

For the Emperor Taixu, he didn't care what the glory of the Taixu Sheng Dynasty.

Even if Jing Yu breaks through as the Divine Emperor and leads the Taixu Holy Spirit to glory, what is his relevance?

It's not that he led the Taixu dynasty to glory. What he wants is his own glory. Everything that surpasses him and threatens his status is damn!

"He killed Jing Yu, there is another reason, it is because of me!"

Kong Xixue continued to speak, but her eyes were full of sadness.

"In those days, Jing Yu and I really loved each other, but one day, when Jing Yu saw me, he wanted to get me. I couldn't keep up, he caught my loved ones, and took my loved ones in their hands to threaten me, I can only promise in the end!"

Cherish the snow.

"What? Mean villain!"

The blue merchant roared.

Everyone is suddenly.

At the beginning, everyone was wondering why Kong Xixue would suddenly marry the Emperor Taixu and become the Holy Princess. At that time, many people said that Kong Xixue loved vanity.

It turned out that the Emperor Taixu had caught Kong Xixue's relatives and threatened Kong Xixue.

First threatened Kong Xixue, let Kong Xixue marry him, and then threatened Kong Xixue, let Kong Xixue frame Jing Yu.

Despicable, really mean, Lu Ming has never seen such a mean person.

"As long as Jing Yu lives in the world, the world will always think of my relationship with Jing Yu, and will always think that it is Jing Shu Hengdao to win the love and seize the woman of his son. Therefore, only Jing Yu is dead, and the world will forget this All this is one of the reasons why he wants to kill Jing Yu!"

"Over the years, I have been acting in secret, moving my loved ones away, always looking for opportunities, wanting to make the truth public, and shocking innocence!"

Kong Xixue continued.

"Jiaoshu, Jingshu, I didn't expect you to be such a person!"

Thousand Saints Heavenly King shook his head and sighed, really sad for Yu Yu.

At that time, Jing Yu was the person he valued most. Unexpectedly, Jing Yu ended up with such a result in the end.

"Father and Emperor, what you have done is really chilling. Originally, Brother Huang Yu was alive, I was too empty and the pilgrimage could be more brilliant. I didn't expect to be framed by you and killed by you, although you are me Father of Emperor, but, today, I want to seek justice for Brother Jingyu!"

At this moment, the prince stood up and shouted.

Many people despise it.

What the prince said was really shameless.

In those years, the Prince wanted to say that he wanted to die the most, and the Prince was one of them.

Jing Yu is not dead, and his position as Prince is not stable.

Now he said he wanted to get justice for Jing Yu?

Just looking for an excuse to kill my father.

"Hahaha, do you think you can kill me today? This is the palace, my territory, I have just heard that the army is coming soon, today, I will kill you, you will all die!"

The Emperor Taixu shouted wildly.

He wanted to kill all the people on the scene, and everyone who knew about it would die.

Chapter 3534: Holy Emperor's Fall

The Emperor Taixu was completely crazy, and he wanted to kill everyone at the scene.

He still has the cards and the heritage, because here is the palace, with a guard, all of them strong.

In addition, the so-called 'inheritance' of the royal family is impossible because there are only two black robe elders, quasi-imperial elite, and many more.

As long as these people arrived, he would be able to make a comeback, kill the prince, kill Lu Ming, and kill Xiongxue Xue.

However, the next moment...

boom! boom!

In the royal palace, there was a roar of terror, and a dazzling sword light rose into the sky. At the same time, a dragon could be seen breaking through the sky, and the atmosphere was particularly terrifying.

At the same time, there was a shouting cry from Zhen Tian.

"Bone Sword Clan and Dragon Clan are also bought by you!"

Taixu Shenghuang's face changed greatly, staring at the prince and shouting.

Taixu dynasty, there are some ancient family, the survival time is even longer than Taixu dynasty.

Such as the Bone Sword Clan, the Dragon Clan, and the Taixu Holy Emperor know very well that this ancient family has a Quasi-Emperor sitting in town. The sword light and the dragon figure just now are powerful in the Quasi-Imperial Realm.

"Not only that, but most of the Imperial Guard also fell into my hands. I'm not sure. Do I dare to do it?"

The prince sneered.

Just then, in the depths of the palace, a figure rushed quickly, a middle-aged man in a black robe, very similar to the old bald black robe and the green-haired black robe.

This black robe is extremely fast, and his breath is awe-inspiring.

However, behind the old man in black robe, two people chased him.

These two people are really the quasi-imperial realm of the bone sword and dragon races.

In an instant, the black-robed man appeared not far from Taixu Shenghuang.

"Zhu Yan, why are you alone?"

Taixu Shenghuang asked.

"Holy Emperor, everyone else is gone, betrayed!"

The black robe screamed and came to the Holy Emperor.

"what?"

The Emperor Taixu's face changed wildly, revealing a look of despair.

In the rear, the strong men of the Bone Sword Clan and the Dragon Clan arrived, and together with the prince and others, surrounded the Taixu Holy Emperor.

"Old guy, you are a lot of age, you are not going to die, but you want to live another life with twin stones, dream, and send you on the road today, shot!"

The prince shouted.

Can't wait any longer, the prince knew very well that the royal family's "inheritance" is more than that.

At the next moment, the military king, the national division, the bald black robe old man, the bone sword clan and the dragon clan strong man, a total of five prospective emperors, joined forces to kill the emperor Taixu.

On the other hand, there are only three prospective emperors, six princes, old men with green hair and black robes, and black robes.

As for the Holy Emperor himself, he was hit hard and his strength remained unchanged.

So many prospective emperors went to war, and the scene was terrifying. Even if endless runes appeared on the ground, blocking the terrible strength, the entire Taihu Holy City was still shaking violently, as if to explode.

"We back away!"

In the starry sky, Lu Ming spoke, and they retreated backwards, withdrew very far, and watched from afar.

Kong Xixue took a few people and also quit very far, not far from Lu Ming.

boom!

The Taihu Holy City shook, the terrible divine light burst up, and rushed continuously into the depths of the starry sky, the scene was terrifying.

In the end, the crown prince has the absolute upper hand, but they have five prospective emperors, and there are only three emperor Taixu.

After fighting a dozen tricks, the three princes of the six princes shook their bodies and retreated.

The Emperor Taixu roared violently, and the remaining power erupted. His whole body was burning like a flame. He and the national teacher had a trick. After all, the injury was too heavy, and he retreated backward, vomiting blood in a big mouth, and the injury was more serious.

At this moment, the Sixth Lord and the old man with green hair and black robe glanced at each other, nodded silently, and suddenly retreated back, then rushed towards the starry sky and fled without a fight.

"Rogue..."

The Emperor Taixu shouted in despair.

The prince and others, their eyes flashed a few times, did not pursue, now killing the Holy Emperor is the top priority.

"Old man, you all betrayed, and die, hahaha!"

The prince laughed loudly, and the state teachers and others killed towards the Emperor Taixu.

During the battle between the Crown Prince and the Holy Emperor, the people in the King's Mansion and the King's Mansion had seized the opportunity and had to retreat one after another, leaving here and disappearing into the Taixu Holy Capital.

It's too dangerous to stay, whether it's a crown prince victory or a national division victory, who knows if they will be slashed with them?

"Your Majesty, I will advance and retreat with you!"

The big man in black robe was very loyal and stood in front of the Holy Emperor, but he was only one person after all, and the result was already doomed.

boom!

He was punched by the national teacher, and a big hole was blown out of his chest. Then the spear of the army king pierced the void and penetrated his heart.

At the next moment, the bone sword clan's strong bone sword ran open, cutting off the person's head.

A prospective emperor, fell!

Only the Emperor Taixu was left.

"You beast, you're not going to die, you won't die well..."

The Emperor Taixu stared at the prince like crazy.

"It's you, the old fellow, who has lived ten stellar years, what do you want? Would you like to wait for death with peace of mind? Am I taking this step? You forced me of!"

The prince's face was fierce, and the murderous coldness was like a knife.

"kill!"

Finally, the prince gave the order.

The Guoshi and others stepped forward and attacked the Holy Emperor with five attacks.

The five quasi-imperial attacks, even in the heyday of the Emperor Taixu, had only one dead path, not to mention the present.

A shout of unwillingness came out, and the Emperor Taixu was destroyed by the five attacks.

A generation of Saint Emperor fell, and died in the hands of his son.

"Hahaha!"

After killing the Emperor Taixu, the prince smiled indulgently, and since then, the Taixu Sheng Dynasty is his.

"Wait!"

The next moment, the prince calmed down and glanced at a place.

Because there was still someone left.

Second prince!

At this time, the second prince had not yet left.

He sat there smiling, as if he didn't know what was happening here.

"Second brother, you did not take the opportunity to slip away, hehe, it seems that you want to die!"

The prince sneered, showing ecstasy.

Originally, when the Emperor Taixu was killed, the second prince was his confidant.

He did not expect that the second prince actually stayed here, and there was no master around him.

"Prince, beware of fraud, I will try him!"

Guo Shidao said, his figure moved, rushed towards the second prince, and then grabbed toward the second prince.

Without any suspense, the National Master caught the 2nd prince's neck, and the 2nd prince didn't return anything.

"No, this is not the second prince, this is a fake..."

Guo Shi shouted,

Suddenly, with a bang, the second prince flashed a dazzling light, and then burst apart.

A terrifying force bombarded the National Teacher, and the National Teacher retreated.

Chapter 3535: Turbulent

The second prince suddenly exploded, and a terrible force swept through the state division. This force was extremely terrible. Even if Shen Junjiu's existence was careless, he might be killed.

The devastating energy swept through the national division, and the national division's complexion changed, and immediately a lot of defense was laid.

In a roar, the National Teacher retreated several hundred meters. Although blocked, he was quite embarrassed and suffered many injuries.

The second prince has already disappeared.

"A good second brother, it turns out that the real person didn't come here at all. He wanted to kill me after setting up this killing game?"

The Prince's eyes were extremely cold.

Obviously, the second prince didn't come here at all. The previous "second prince" was a fake, a puppet, with terrifying power laid in his body. If the prince who just did it is afraid, it might be dangerous.

All this, Lu Ming and others in the distance, see clearly.

"let's go!"

At this moment, Lu Ming opened his mouth, took the crocodile sky, the giant bear and others, and the Qiansheng Heavenly King and others, and left here.

Kong Xixue and others also left here.

The prince looked at the starry sky and did not lead anyone to chase after all.

The first one, Lu Ming, they are far enough away, they may not catch up.

Second, even after catching up, Lu Ming's strength is also very amazing. Under desperate counterattack, they can hardly guarantee that there will be no loss.

The top priority now is to stabilize the situation and put the Taixu Saint in his hands.

In addition, the second prince did not come here, it was a serious trouble for him.

The prince led people into the depths of the imperial palace, and Lu Ming and others, not long afterwards, also moved away from the holy capital of Taixu and appeared in a starry sky.

"My God, thank you again for your help!"

Lu Ming thanked Qiansheng Heavenly King for holding a fist.

"I just happened to be there. I didn't expect such a thing to happen, hey!"

Thousand Saints heavenly sigh.

"It seems that the Taixu dynasty is about to change completely. Listening to the prince's words, it seems that the emperor found the twin stones and wanted to live the second life, so the prince took the opportunity to rebel!"

"However, the second prince was not there, and the killing game was set. Obviously, it was expected that all this was complicated!"

Blue Business Road.

"The second prince is gentle on the surface, and his mind is actually very deep. I am afraid that what happened today cannot be separated from the second prince. Otherwise, how can he anticipate in advance? I am afraid that the Taixu dynasty will be in chaos!"

Thousand Saints Heavenly King Road, then, Heavenly King looked at Lu Ming again and asked, "Lu Ming, what are your plans next?"

"Go back to the sky and watch the changes!"

Lu Ming said.

Originally, Jing Yu's case was completely overturned, and Jing Yu was innocent, he can already leave.

However, he has no news from his parents and he cannot leave.

He must find his parents.

"Okay, we also have to go back to the Palace of the Thousand Saints and mobilize our staff to cope with the next big changes. Lu Ming, if necessary, send someone to give us a voice anytime!"

Thousand Saints Heavenly King.

"Thank you God!"

Lu Ming once again thanked.

When the Heavenly King said this, it was obvious that he would stand on his side.

Afterwards, Lu Ming and Qiansheng Laotianwang and others separated, and took the crocodile sky and others to return to the sky mixed star field.

...

On a barren planet south of the Taixu Holy City, there are several figures standing still here.

The one headed was the second prince of the Holy Emperor Taixu.

Behind him, there are three people, two of them in black robes, exactly the same as the old bald black robes and green-haired black robes.

At this moment, the void appeared waves, and then two figures appeared in the air.

These two people are awesome as the six princes and the old man with green hair and black robe.

The two flashed in shape, appeared in front of the second prince, and clenched their fists at the same time: "The second prince!"

"Six Uncle, Senior Gu, free of charge, how is it going?"

The second prince asked quickly.

What he asked was, of course, about Taixu Shengdu.

"Unsurprisingly, the second prince did, the prince really shot, the holy prince has been killed, but the prince is not dead..."

Six Kings said.

"Sure enough, this is enough!"

The second prince burst out with an astonishing murderous opportunity.

"However, some changes have occurred in the process, it is about Lu Ming..."

Six Kings said.

"Lu Ming?"

The second prince showed doubt.

"Not bad!"

Immediately, the Six Lords briefly explained what happened before.

"There is such a thing, Lu Ming, actually a descendant of Jing Yu, and there are so many masters around me. It's interesting and interesting. Hahaha, I'm really God!"

The second prince laughed.

When he knew that there were many masters around Lu Ming, he was not angry.

"Return to the Saint Yuanxing Realm, and then tell the world, the prince seeks rebellion, kills the father to kill the father, the heavens can't bear it.

The second prince spoke indifferently, and then, with a flash of figure, they left here.

After Lu Ming, Giant Bear, Crocodile, and others returned to the Tian Xingxing Realm, they began to send people to pay close attention to the news of the Taixu Holy Pilgrimage.

At the same time, he asked Crocodile to return to the barbarian, mobilizing the barbarian strongman to prepare to support him.

Lu Ming sat on the Qianlong Star, paying attention to the movement of the Taixu Holy pilgrimage.

Soon after, a piece of news came.

The crown prince occupies the Taixu Holy City, and takes the Taixu Holy City as the core, occupying a large territory.

The second prince, in the celestial realm of the Yuan Dynasty, told the world to expose the prince's crimes, and at the same time called on the Taixu dynasty to fight against the prince.

For a time, the Taixu Sheng Chao surged.

Everyone knows that the Taixu dynasty will soon usher in a world war.

The war between the second prince and prince competing for the position of holy emperor.

The winner will become the new Holy Emperor, and the loser will be killed.

Therefore, all clan houses are making cautious choices.

This is a big bet. The losers have serious consequences.

Of course, some people want to stay neutral and stay out of the business, but only a few.

The major families began to choose, some joined the Prince's camp, and some joined the Second Prince's camp.

For example, Jiu Jue Tian Wang Mansion, Jiu Dao Tian Wang Mansion, Jiu You Tian Wang Mansion, etc., which are relatively close to the Shengyuan Star Territory, have joined the second prince camp.

As for the palace of the Thousand Saints, choose neutrality.

Like Lu Ming, he is also neutral, and wait and see its changes.

However, it is clear that some people do not want Lu Ming neutral.

On this day, news came that the second prince, bye!

Lu Ming's eyes flashed, and the second prince came to visit him in person?

"see!"

Lu Ming said.

Qianlong Star, in a large hall, the second prince walked in with three people.

"It's them!"

Lu Ming's eyes flickered.

Two of them were the Six Kings and the old man with green hair and black robe.

"These two princes are really not easy!"

Lu Ming thought.

At first, the six princes and the old man with green hair and black robe fled without a fight. Now it seems that it is intentional. The other party did not want to fight seriously and act like a pretend. It is estimated that he had turned to the second prince long ago.

Chapter 3536: Whereabouts of parents

"The second prince came to me today, what is it?"

Lu Ming asked.

He knew very well that the second prince was looking for him, and he must have taken a fancy to his strength and wanted him to join the second prince's camp.

"Lu Ming, your current strength is really beyond my expectations!"

The second prince smiled slightly.

"The second prince is well known, come on, come to my purpose!"

Lu Ming said.

"Okay, I'm happy, then I'll just say it. I believe that the situation of the Taixu pilgrimage is now. You already know that I want to fight the prince. I need you to help me!"

The second prince came straight to the point.

"This is a problem between you and the prince, please forgive Lu Ming for not being able to interfere!"

Lu Ming directly refused.

Of course, he refused. He was too lazy to mix things up like this.

Lu Ming refused, the second prince's expression did not change at all, and there was always a smile on his face. It seemed to know that Lu Ming would refuse.

"Lu Ming, don't rush to reject me, let's take a look at this first?"

The second prince smiled faintly, and then took out a jade charm.

Yufu glowed, and an image appeared in the air.

In the image, there is a courtyard, two figures sitting on the stone table in the courtyard, seemingly talking about something, frowning.

Lu Ming was furious, because these two figures were his parents.

Lu Yuntian and Li Ping!

boom!

Lu Ming's body was filled with a violent breath, and an amazing killing opportunity.

On the edge, giant bears and others also exhaled an amazing breath.

"It turned out that you deceived my parents!"

Lu Ming said coldly, staring at the Second Prince, his eyes very cold.

"Fool? I just asked the second elder to be a guest in our house. You see, they have done a good job. I haven't treated them badly!"

The second prince's face was light and breezy, not afraid at all.

Although he knew that the power Lu Ming now controls is amazing, but he is not afraid at all, not only because he carries the three quasi-imperial masters, but also because Lu Ming's parents are in his hands.

Lu Ming did not dare to move him!

Of course, what the second prince did not know is that there is only one quasi-prince just beside Lu Ming.

"If my father and mother are missing a single hair, I won't let you go!"

Lu Ming's voice was very cold.

He really did not expect that the second prince deceived his parents. He had always thought that he was a prince, and even suspected other forces that had hatred against him, such as the Jiuyou Heavenly King Mansion, or the Lan family.

Unexpectedly, it was actually the second prince.

Before, the second prince had helped him speak several times.

Now it seems that the second prince's scheming is so outrageous.

Obviously, Cuiwei was the second prince. When he first entered the Taixu Royal Sanctuary, the second prince sent Cuiwei close to him.

The layout started very early.

"As long as you cooperate with me, your parents will naturally be fine!"

The second prince smiled.

"Okay, I worked with you and let my father and mother go!"

Lu Ming said coldly.

"Now let your parents do, what if you regret it? Or wait until the Prince is wiped out!"

The second prince still smiled.

"you..."

Lu Ming's face was extremely cold, but his father and mother were in the other's hands, and he could only agree.

"After three months, I will launch a general attack on Taixu Shengdu. During this time, you will mobilize your troops!"

The second prince continued. After he finished, he got up and walked out a few steps. He stopped and looked at Lu Ming. He said, "Actually, I originally asked Cui Wei to take your parents. I think your talent is amazing. Maybe it will be useful in the future. I never imagined that there are so many masters around you. Are you saying that God is helping me? Hahaha!"

The second prince laughed away.

Card wipe...

Lu Ming clenched his fists tightly, his eyes full of murderous opportunities.

However, for the time being, he can only promise the second prince to wait for the rescue of his father and mother.

"Undead Demon King, it's time for him to shoot!"

Lu Ming whispered.

Immediately, Lu Ming sent someone to send a message to Crocodile Sky to prepare him with the masters of the barbarian. After that, Lu Ming went to the secret place of the Holy Demon Dynasty.

Came to the hidden place of the Holy Demon Dynasty, and saw the Undead Demon King.

"What did you cultivate during your heyday?"

Lu Ming asked the undead.

"It's still necessary to ask, I can live from the Holy Devil Emperor to the present, do you think God Realm can do it?"

The undead king gave Lu Ming a contemptuous look, but in the depths of his eyes, there was a deep horror.

It hasn't been long since this happened. Lu Ming has actually reached the peak of the **** king, and the energy contained in the body is extremely amazing, and it can explode in a terrifying power.

Genius, a terrible genius, when he was young, he was not as perverted as Lu Ming.

"Are you God Realm?"

Lu Ming's eyes lit up.

The undead king is the **** emperor's realm, what else to fight, just pull out and destroy the prince and the second prince.

"Cough, it used to be God Emperor, but was seriously injured in that year, and then was sealed for so many years. The vitality was seriously injured. Although it has recovered a little now, it is only the prospective Emperor!"

It wasn't the Devil's embarrassing smile.

"Prospective Emperor?"

Lu Ming was slightly surprised.

"Boy, don't underestimate me. Although I only revert to Quasi-Emperor now, but generally the Quasi-Emperor is in front of me, not enough to look at!"

The Undead King said with a proud face.

"At that time, there were other emperors of the Holy Demon Dynasty?"

Lu Ming asked curiously.

"Yes, the Holy Demon Dynasty was very powerful, but it was a real cosmic force. Today's barbarian, Tianyi Holy Dynasty, is actually split from the Holy Demon Dynasty, but the Divine Emperor of the Holy Demon Dynasty is sealing me. Before, I was killed, but I was also hit hard by him, otherwise you think those people can seal me?"

Not the Devil sneered.

"It turns out so!"

In Lu Ming's heart, it seemed that during the heyday of the Holy Demon dynasty, it was really powerful, and there were more than one Divine Emperor. Today's barbarians, Tianyi Holy Dawn and Taixu Holy Dweller, belong to the Holy Demon Dynasty.

After a few more chats, Lu Ming asked the undead king to summon all the masters of the Holy Demon Dynasty and go out with him.

The immortal demon king was placed under the ban of demon by the bone demon, even if he was a **** emperor, it was useless.

This made Lu Ming more curious about the origin of the bone demon.

According to Bone Demon, at first, Jing Yu took an adventure in an ancient ruin, and got the "War Word Trick" and "Qiankun Wan Dao Tie". Of course, Bone Demon was added.

However, when Lu Ming asked about the origin of the bone demon, the bone demon closed his mouth and said that Lu Ming is now too low to cultivate, and still don't know well.

However, the endless methods of bone demon made Lu Ming very curious and speculated that the origin of bone demon must be amazing.

Soon after, the undead demon summoned all the masters of the Holy Demon dynasty together, and even many old monsters in retreat were pulled up by him.

To Lu Ming's surprise, in addition to the Undead Demon King, the Holy Demon Dynasty actually had two prospective emperors.

It is no wonder that the Holy Devil Dynasty often dare to find the trouble of the Taixu Holy Dynasty, and its strength is not weak.

Chapter 3537: Unsealing Huangquan Mountain

The stronger the Holy Demon Dynasty, the more happy Lu Ming.

Anyway, he controlled the Undead Demon King, which was equal to the control of the Holy Demon Dynasty. The people of the Holy Demon Dynasty ordered the undead Demon King, which was equivalent to the Lu Ming.

Although the people of the Holy Demon Dynasty were wondering why the undead devil was ordered by Lu Ming, they did not dare to ask.

"This time go out for a battle, after the victory, I will draw a territory to let the people of the Holy Devil Dynasty live, you will not need to hide here in the future!"

This is Lu Ming's promise to the Holy Demon Dynasty.

Let the people of the Holy Demon Dynasty show their expectation.

It has been two months since Lu Ming brought the people of the Holy Demon Dynasty to Qianlong Star.

There has been news from Crocodile's side that the barbarian army has already set off. Through the wormhole, it will come to the Taixu Holy Pilgrimage at the fastest speed.

At this time, there was an uninvited guest who visited Lu Ming.

The original concubine, the princess, cherished the snow!

To the Holy Princess, Lu Ming did not blame, only sympathy.

Although Jing Yu died directly in the hands of the Holy Princess, in fact, from beginning to end, Kong Xixue was only a victim.

"Senior Senior finds me, what is it?"

Lu Ming said.

Kong Xixue is from Jing Yu's generation, and Lu Ming deserves to call his predecessor.

"Lu Ming, what is your plan now? If I need my help, I will go all out!"

Kong Xixue asked.

"Thanks to Senior Kong, but I have promised to join forces with the Second Prince!"

Lu Mingdao did not conceal.

"Join with the second prince?"

Kong Xixue's face changed, and said: "The second prince is a man with a deep mind, and he has endured for many years. If you join him and win the crown prince, he may not let you go afterwards!"

"I have no choice, my parents are in his hands!"

Lu Ming shook his head and sighed.

"Your parents are in the hands of the second prince?"

Kong Xixue frowned and pondered for a while, saying: "I might, can help you rescue your parents!"

"What? Really?"

Lu Ming exclaimed, his eyes gleamed.

"My holy concubines over the years have not been made in vain. Not only have my loved ones been secretly removed, I have placed my people beside the holy emperors, princes, and second princes. I can dispatch these people at any time! "

"Now the second prince's thoughts are all on the prince. When the war starts with the prince, all masters will be transferred away. Then, my people can save your parents!"

Cherish the snow road.

"Okay, okay, then Lu Ming, please come to Senior Kong!"

Lu Ming clenched his fists deeply.

"You're welcome, you are the successor of Jing Yu, and I owe too much to Yu Yu!"

Kong Xixue sighed. His eyes were very complicated. He seemed to miss the past. After a while, Kong Xixue said: "I will go back to arrange this. You pretend to cooperate with the second prince first. I will give you once I rescue your parents. Spread the news!"

"it is good!"

Lu Ming nodded.

After discussing for a while, Kong Xixue left.

...

"Uncle Lan, the seal of Huang Quanshan is in the world of Xiaoqian. How should we unlock the seal and bring Huangquan Mountain out?"

After Kong Xixue left, Lu Ming asked Lan Shang.

Today, Jing Yu's case has become clear, and it is time to release Huang Quanshan.

"It was the quasi-emperor who sealed Huangquan Mountain at that time, so to unlock the seal of Huangquan Mountain, at least the characters of the quasi-imperial realm are needed. And Huang Quanshan is in the world of Xiaoqian. Once there is energy leakage, Xiaoqian The world is very vulnerable to destruction, so if you want to successfully bring Huangquan Mountain out, I am afraid that you need a stronger talent line than the prospective emperor!"

Blue Business Road.

At that time, the means of the Holy Emperor Taixu was really fierce. Looking for someone stronger than the Quasi-Emperor can bring out Huangquan Mountain.

However, there is now a candidate, that is the undead king!

During the peak period of the Undead Demon King, the Divine Emperor, but now it has fallen to the Quasi-Emperor, do not know if it can be done.

Immediately, Lu Ming called the Undead Demon King and said the matter.

"Relax, leave it to me. Although I am falling into the quasi-imperial realm, I feel that my control is still there. It is not comparable to the quasi-imperial emperor. This kind of thing is trivial!"

The Undead King is confident.

"Okay, let's go!"

Lu Ming said.

Immediately, they headed towards the rioting galaxy, Tianjie Yuanjie.

The existence of the Undead Demon took them, the speed is too fast, across the starry sky, the speed is amazing.

It didn't take long for them to come to the entrance of Tianjie Yuanjie.

"Demon, you have to be careful not to ruin Xiaoqian World!"

Lu Ming warned seriously.

With the realm of the Undead Demon King, I am afraid that a ray of vitality from a pore can randomly collapse the Tianjie Yuanjie and jump to destroy the small world.

Tianjie Yuanjie, but the place where Lu Ming was born, is Lu Ming's hometown, he did not want to be destroyed.

"Relax, I have been in control of my own strength for a long time, and I won't overflow with a touch of energy. In fact, let's not say that the Divine Emperor, even the Quasi-Emperor, has been able to freely enter and exit all the small worlds!"

The undead king said.

Reaching the quasi-imperial realm, you can perfectly control your own strength, and converge all your strengths. Just like an ordinary person, entering the Xiaoqian world will not cause harm to the Xiaoqian world.

Of course, if it goes viral, I am afraid that one small world can be blown out in one breath.

"Okay, then please!"

Lu Ming nodded.

"You guys are waiting here!"

The undead king said aloud, his figure flashed, and he rushed directly into the Heaven Realm.

Lu Ming and Lan Merchant waited. The two of them didn't wait too long, just a few minutes. The undead Demon flashed and reappeared.

And in his hand, he held a pill.

Lu Ming was overjoyed at first glance, and this was Huang Quanshan.

"Go, let's go to the starry sky!"

Lu Ming said.

They came into the starry sky, and the Undead Demon King waved his hand. Huang Quanshan flew out, and then grew sharply. Finally, it became a giant mountain, suspended in the starry sky.

Of course, Huangquan Mountain is not particularly large, but it is equivalent to a small world, and it is far from a planet in the vast universe.

There are countless kingdoms and countless practitioners on Huangquan Mountain.

At this moment, countless practitioners on Huangquan Mountain looked at the sky in shock.

They feel that the sky has changed and it has been changed to another place.

Then, the unbelievable spirit flowed into Huangquan Mountain, and the people in Huangquan Mountain were going crazy.

"God, the air is all air, such a rich air!"

"Compared with the previous divinity, this is a world of difference. I feel like I am about to break through!"

"With this divine spirit, I can even break through to the realm of gods!"

Shouts of shock came from all over Huangquan Mountain.

Deep in Huangquan Mountain, Huangquan Island.

A figure flickered and appeared over the island. If Lu Ming was here, he would definitely recognize it at a glance, he was white teeth.

Chapter 3538: Jing Yu's Last Power

"Shenqi, and the laws of heaven and earth have changed. This is the vast universe, Lu Ming...successful!"

White teeth whispered, his body trembling slightly, his eyes full of excitement.

He did not expect that Lu Ming could succeed so quickly.

Outside Huangquan Mountain.

"Devil, unlock the seal!"

Lu Ming said.

"give it to me!"

The undead demon nodded his head, then waved his hands, and the magic powers of the magic roads turned into runes and flew into Huangquan Mountain. Immediately, Huangquan Mountain was full of radiance, forming a layer of resistance.

This is the seal above.

But this seal has been laid for many years, and with the undead king's shot, it did not resist for long before it was broken.

Boom!

At the moment when the seal broke open, some terrible breath burst out from the depths of Huangquan Mountain.

A powerful breath rose into the sky and burst into the vast sky.

"It's...Nine heavy gods, eight heavy gods..."

Lu Ming was taken aback.

With his current vision, it is natural to immediately sense the specific state of these breaths.

One prince is ninefold, three princes are eightfold, and six princes are sevenfold.

In addition, there are not a few in the sevenfold of the Divine Monarch.

This is an absolutely terrible force.

Lu Ming did not expect that such a terrible power was sealed in the depths of Huangquan Island.

At that time, he didn't feel it at all.

Uh, uh, uh!

At the next moment, in the Huangquan Mountains, a beam of divine light flew out, and the divine light gathered, and a figure appeared.

"White teeth..."

Lu Ming recognized at a glance that the person headed was really white teeth, and the person with the Divine Monarch's ninefold was also white teeth.

Behind Baiya, a magma giant, a snake man...

Lu Ming knew all these people. When he entered Huangquan Island, he even broke through several barriers. It was these few who guarded the barrier.

But at that time, the cultivation behaviors of magma giants and serpents were all below the divine realm, but now, they have reached the eighth level of the god.

"Lu Ming!"

Bai Ya saw Lu Ming at a glance, revealing the color of great joy, and immediately their eyes fell on Lan Shang.

"Master Blue!"

White teeth, snake people and others were overjoyed and quickly fisted at the blue merchant.

"White teeth, after many years, we finally met!"

Lan Shang also smiled.

"White teeth..."

Lu Ming also went over to say hello.

"Master, have you succeeded?"

White teeth looked forward to asking.

"Successful!"

Lu Ming nodded, and the smile on the face of Bai Ya and other people was more intense. They looked forward to this day for a long time. At this moment, when they heard success, they could not hide their excitement.

It was half a while before they calmed down.

"Young Master, you deserve to be the heir to the prince. It is only a few years since your cultivation practice has reached the peak of the **** king, which is beyond our expectations!"

White teeth sighed.

"Don't say my cultivation behavior, what happened to your cultivation behavior? When I saw you, did you not have such cultivation behavior?"

Lu Ming asked curiously.

"Young Master, none of the people you saw at that time were our bodies, but our avatars transformed by a ray of divine power. Our bodies were sealed in the depths of Huangquan Island and could not come out at all!"

White teeth explained.

"Haha, Baiya was one of the three major generals under Jing Yu's command, Shenjun Jiuzhong's cultivation practice!"

Lan Shang smiled.

Lu Ming nodded, no wonder White Teeth had such a practice.

Moreover, at that time, his cultivation level was too low. Compared with Baiya and others, he was a world apart, so magma giants, snakemen, etc., were just a ray of divine power, and he felt like a real person. No true or false.

"Young Master, Master Lan, what the **** happened then, who was the prince?"

White teeth asked.

Immediately, the blue business will briefly talk about specific things.

After hearing this, Baiya and others were also stunned. They never thought that the master behind all this was actually a sacred emperor.

"Next, maybe there is a final battle, you need help!"

Lu Ming said.

"Don't die!"

Bai Ya and others had firm eyes.

"Lu Ming, come with me. In Huangquan Mountain, the prince still had something for you!"

Then, Bai Ya said again.

"Something?" Lu Ming was curious, and then flew into the depths of Huangquan Mountain with Baiya.

In a stone cave, a ball floats.

This ball is like countless petals overlapped and added together. At this time, when the white teeth waved, the petals on the ball opened, revealing a drop of blood inside.

Yes, a drop of blood.

"The prince was hit hard, he knew he would die, so he secretly sealed the rest of the power into a drop of blood, let me bring it out, this drop of blood is left to you, once you use it, you can excite the prince to stay Under the power, you can explode powerful power, but this drop of blood can only be used once, and then it will completely dissipate!"

White teeth explained.

"Prince Jingyu's last power? Maybe, it can be used for the last battle!"

Lu Ming sighed and then put away the ball.

...

But at this time, the Taixu dynasty, the storm surged, divided into two large camps.

Countless powerful people gathered in the Taixu Holy Capital to form a huge army.

And the second prince also gathered countless troops, marching towards Taixu Shengdu.

At the same time, Lu Ming also led people towards the Taixu Shengdu.

...

The Holy City of Taixu, an ancient giant city, suspended in the cosmic sky.

And at this moment, the entire sacred city is very dazzling, like a sun.

Because, endless runes emerged on the walls of the Taixu Shengdu, and these runes formed a large array, covering the Taixu Shengdu in it.

On the main wall of the Holy City of Taixu, the prince stood on top, looking at the starry sky in the distance, his face gloomy.

Behind him, the military king, the national division, the quasi-empire of the bone sword clan, the quasi-empire of the dragon clan, the bald young man in black robes, and one, who is the presidential handsome of the thirteenth army, this person is also a quasi-empire , The status is not lower than the military king.

There are a total of six prospective emperors, lined up in a row. At the back are some other masters, such as some kings of the Tianwang Mansion, the head of the Taixu Shengdu Dajia family, such as the Blue Family.

These people are all powerful with amazing strength, and they are cultivated above the seventh level of Shenjun.

They are also looking at the stars.

Starry sky, dense battleships, do not know how many ships.

This is the army mobilized by the Second Prince.

On the right side of the army, there is also an army. This army is Lu Ming.

He brought all the masters under him, in addition, the masters of the Qiansheng Heavenly King's Mansion, also merged with Lu Ming.

In this way, Lu Ming's side, with the existence of the Thousand Saints and Heavenly Kings, there will be five.

Of course, the undead king is not an ordinary quasi-empire.

However, when the King of Heavenly Saints first saw the undead devil and others, he was really shocked. After Lu Ming's explanation, he realized it, but he was shocked.

Lu Ming, even the strong men of the Holy Demon Dynasty had conquered.

He understood that he still underestimated Lu Ming.

"Frightened scale, you killed the king and murdered the king, and it was hard to understand. Today is your death time!"

The second prince stood at the forefront, and the voice spread hundreds of millions of miles into the Holy Capital of Taixu.

The sound can be heard so far, and only the sevenfold existence of the prince can do it, but ordinary princes cannot.

"The father emperor framed the younger brother Jing Yu, the method is too mean, and before going crazy, I want to cut off the houses of all the clan, I also have no choice but to conform to the hearts of the people!"

"Now that the father emperor is gone, I am the prince and should succeed to become the new holy emperor, second brother, you sent someone to attack me, and now it's your injustice!"

Prince's voice also heard.

Although, what they do, other people are clear, but this moral, they still have to make it clear, meaning that they are right.

"If you murder the father emperor, you are also deserved to be the new holy emperor. Today, I will fight against you and attack you on behalf of the father emperor!"

The voice of the second prince came, and then, as soon as his figure flashed, he returned to a battleship.

Chapter 3539: Attacking the Taixu Holy Capital

Rumble!

A huge battleship was launched, exuding a brilliant light, and endless runes appeared on it, and then, a huge beam of light beamed towards the Taixu Saint City.

These beams, the power is extremely terrible, each one can destroy a planet.

All of a sudden, at least there were thousands of beams of light, slamming towards the Taixu Holy Capital.

At the same time, the warship on Lu Ming's side also started, and there was also a beam of light, blasting towards the Taixu Shengdu.

boom! boom! boom!

More than a thousand scary beams of light bombarded the mask outside the Taixu Shengdu, causing the mask to vibrate violently.

However, this was formed by the large formation of the Taixu Holy Capital. The Taixu Holy Capital has existed for so many years. It has constantly improved its formation and defended the power of the large formation. It has reached an extremely amazing level.

These light beams can destroy thousands of planets in an instant, but they can't break through the large array of the sacred capital.

"Continue to attack!"

The second prince continued to give orders.

The warships continued to attack one after another, and the beams of terror continued to bombard the Taixu Holy Capital.

The mask outside Taixu Shengdu shook endlessly, blocking all the light beams.

However, although the reticle blocks all the light beams, the brightness of the reticle gradually dims.

Although this process is very slow, it is indeed darkening.

In this way, the defense of Taixu Shengdu is broken, sooner or later.

Among the Lu Ming army, the middlemost warship, Lu Ming, Blue Merchant, Giant Bear, Undead King, White Fang, etc., all looked at the crystal screen in front of the battleship with a solemn face.

In this way, the bombardment lasted a full day.

"Senior empty, is there no news yet?"

Lu Ming asked Kong Xixue standing beside him.

This time, Kong Xixue brought together a group of masters, and also merged with Lu Ming, intending to participate in the final battle.

At the same time, her men have acted and started to rescue Lu Ming's parents. As long as she succeeds, she will receive the news.

"No, it has already started. This time the second prince took away almost all the masters. There must be no problem!"

Cherish the snow road.

Lu Ming nodded and waited patiently.

The bombardment continued, and the defense of Taixu Shengdu was large, and the light was getting dimmer.

In a blink of an eye, three days have passed.

At this time, the light of Taixu Shengdu's defense of the large array was very dim. Even the strongest array, under such constant bombardment, the power would be slowly consumed.

However, the constant bombardment of so many battleships is also very alarming for energy consumption.

In a few days, the second prince and the **** crystals on both sides of Lu Ming were almost exhausted.

"Shoot, break through their big formation!"

The voice of the second prince came out, and then, from the battleships, the dense figure flew out.

The second prince personally led the strong men under his command to kill the Taixu Saint.

"Let's do it too!"

Lu Ming said.

He also took the undead king and others, flew out of the battleship, and flew to Taixu Shengdu.

"attack!"

The voice of the second prince was heard, and immediately countless attacks, overwhelming, blasted towards the Taixu Shengdu.

Among them, the attack of the Quasi-Emperor Realm was terrifying and immense. It shrouded the entire Taixu Saint, as if to explode the Taixu Saint.

Of course, on Lu Ming's side, he only let the giant bear, the Qiansheng old heavenly king, the undead demon king, the two quasi-empires of the holy demon dynasty, and other strong men, did not shoot.

Now that they haven't gotten their shot, they hide their strength first.

With so many master shots, the Taixu Shengdu's defense is in a large array, and it is trembling violently, and the vibration is even more powerful.

"Prepare, break through, and rush out to kill the rebellious people!"

In the Taixu Holy Capital, the voice of the prince spread throughout the audience.

The defense formation of Taixu Shengdu is about to be broken, so now that so many powerful players are taking action, the defense formation of Taixu Shengdu is even more irresistible.

Just a moment.

Click, click...

On the defensive lineup, a crack appeared, and then there were more and more cracks covering the entire defensive lineup.

"ready!"

The prince shouted.

bump!

At the next moment, a large burst of defense burst and dissipated into energy.

"kill!"

As soon as the defense was broken, the prince's army rushed out, collided with the second prince's army, Lu Ming's army, and fought fiercely.

King to King, soldier to soldier!

The prospective emperors of the two sides fought fiercely together.

There are six prospective emperors there.

On the side of the second prince, there are only five, but with the addition of the Thousand Saints King and the giant bear, Lu Ming has one more prospective emperor on their side, which has the upper hand.

The princes Jiuzhong under the quasi-empire, and the princes eightfold, also fought fiercely together.

With so many masters fighting fiercely, the scene is very horrible, and the violent storm that has set off seems to destroy a galaxy.

The storm swept through, and the stars around Taixu Shengdu exploded one by one.

However, the creatures on these planets have long been transferred to the Taixu Holy City, but have not caused much casualties.

"Lu Ming, there is news. Your parents have been rescued and moved to a safe place!"

At this moment, Kong Xixue and Lu Ming passed on.

"Save it!"

Lu Ming's eyes lit up.

"Relax, no problem!"

Cherish the snow road.

"Ok, thank you!"

Lu Ming took a deep breath, then shouted suddenly: "Retreat!"

As Lu Ming's voice came out, the person he led slowly backed away and was not attacking, making a defensive appearance.

"Lu Ming, what are you doing?"

Seeing Lu Ming retreating, the second prince shouted.

But Lu Ming's face was calm, too lazy to ignore the second prince.

"Miscellaneous, do you care whether your parents are dead or alive? Are you going to let them die, I will fulfill you!"

The second prince roared and transmitted the sound to Lu Ming's ear by way of sound transmission.

However, Lu Ming ignored him directly and led people to retreat continuously, leaving the battlefield.

Seeing this, the prince was overjoyed and issued the order: "Don't control Lu Ming!"

The crown prince's men, instead of chasing Lu Ming, aimed at the second prince.

Originally, with Lu Ming and them, the prince's side had already fallen, but as soon as Lu Ming left, the prince's strength became even stronger.

For a time, turn defeat into victory.

The war was too fierce, the screams kept rolling, the blood splattered the stars, and every time, people fell.

God kings, and even kings, are constantly being hunted.

boom!

On the second prince's side, a quasi-prince was besieged by two princes on the prince's side.

"Second brother, today is your death time!"

The prince's eyes were cold, and a cold voice came out.

He didn't know why Lu Ming would help the second prince at first, and then suddenly retreated, he didn't care, now he just took the opportunity to destroy the second prince.

As long as the second prince and Lu Ming are destroyed, it is not a cause for concern!

After all, Lu Ming only has two or three prospective emperors.

Prince thought so!

Chapter 3540: Lead the wolf into the room

"Jinglin, do you really think I'm going to eat it? It's ridiculous!"

The second prince sneered. At this moment, he calmed down instead, with a gruesome color on his face. A piece of voiced jade appeared in his hand, and a message came out.

At the next moment, in the north direction of the Taixu Holy Capital, a bright light shining, and the piece of void was trembling constantly, rippling like water waves.

Then, one figure after another emerged.

Divine princes are all divine princes, because this is a teleportation array, which comes from a distance, and only the divine prince can do it.

The number adds up to an astonishing 5,000.

Five thousand gods, this is a force of terror.

Like Jiu Jue Tian Wang Mansion, there are only a hundred or dozens of princes.

Of course, Jiu Jue Tian Wang Fu is the weakest in 27 Tian Wang Fu.

Some of the strongest kings, the number of gods, can exceed one thousand.

The entire Taixu dynasty prince is the number, at least tens of thousands.

However, the breath of these more than five thousand princes is extremely amazing, each one is a master, and some people headed by it are breathtaking, and they are all quasi-imperial realms.

"Tianyi Shenghuang!"

The prince shouted in shock.

These people are awe-inspiring Tianyi Holy Pilgrimage, and even the Emperor Tianyi came personally.

"Haha, it's really hilarious, then let's join in the hilariousness!"

The Emperor Tianyi laughed and took the strong man under him, rushing towards the prince, forming a siege with the second prince, and encircling the prince.

The prince was shocked and shouted: "Jianguan, you actually turned to the Tianyi Holy Pilgrimage!"

Jianguan is the name of the second prince.

"What surrender, we are only cooperation, Tianyi Shenghuang, come quickly, kill the scales, I promise you, all will be honored!"

Second Prince Road.

"Don't talk to me in this tone!"

Tianyi Shenghuang glanced at the second prince uncomfortably, and then led people to the prince to kill.

"Tianyi Shenghuang, what conditions did you promise, I can give you double!"

The prince shouted, his face extremely ugly.

He did not expect that the second prince actually hooked up with Tianyi Saint Emperor, so that he would be in danger.

There are many masters brought by Tianyi Shenghuang. There are at least six or seven quasi-kingdoms, which is too strong. The person who added the second prince is not something he can confront.

"Sorry, I am still trustworthy. Since I cooperate with Jingyuan first, I will not regret it, kill!"

Tian Yi Sheng Huang sneered, and then led people to kill from the rear of the prince.

Ahhhh...

Suddenly, there were continuous screams. On the Prince's side, he was besieged. The formation was chaotic and he died instantly.

"kill!"

The second prince shouted and took the opportunity to gather up.

At the same time, the prospective emperors on both sides also fought together.

However, the prince's side is completely in the doldrums and is not an opponent at all.

Because it is almost two hits and one, especially the Tianyi Saint Emperor, but the characters who are comparable to the Taixu Saint Emperor, half of their feet have entered the Divine Emperor Realm.

Tianyi Saint Emperor, and another prospective emperor besieged a bald black robe elder over the prince.

This bald-headed old man in black robe is simply not enemies, only defensive power, no counterattack.

puff!

After resisting a few strokes, one was carelessly cut by the sword of Taixu Shenghuang, screamed, and split in half.

But he was not dead yet, manipulating the residual body to go back crazy, trying to escape.

"Tianyi Sword Formation!"

Tianyi Saint Emperor spoke indifferently. In his eyes, he actually flew countless war swords, forming a sword array, surrounding the bald black robe elders in the middle, followed by a sword array, the bald black robe elders even screamed. Without sending out, it turned into ashes and fell completely.

This is the first prospective emperor to be beheaded.

In this way, there were only five prospective emperors left on the prince's side, even more invincible.

In the distance, Lu Ming and others were also shocked.

This scene also exceeded their expectations.

The second prince's mentality is deeper than he thought.

It can be said that he was fully prepared. At the beginning, not only did Lu Ming use his power, he also left behind, as well as the power of the Tianyi Holy Pilgrimage, the prince could not match him.

"The outcome is set!"

Blue Business Road.

The crown prince's defeat has been settled and he is unable to return to heaven.

"Retreat, retreat!"

The prince shouted.

Want to retreat.

Unfortunately, they have been completely surrounded.

The remaining five prospective emperors, such as the army king, the national division, and the strong members of the bone sword clan, were surrounded by the second emperor and the quasi-imperial regiment of the Tianyi Sheng Dynasty. Anything they could do was to no avail.

Soon after, the prospective emperor of the bone sword clan screamed and was killed by several prospective emperors.

"what!"

The national teacher's hair was scattered, and the divine power was burning, and he wanted to rush out.

He is very powerful, not weaker than the Thousand Saints, but unfortunately, it is useless after all.

The Emperor Tianyi brought two quasi-empires to join hands against the National Master. No matter how strong the National Master is, there is no power to return to heaven.

In the end, he was chopped in half by Tianyi Shenghuang.

"I surrender!"

At this time, the army king shouted.

In this way, they will all die, so he chose to surrender.

"I surrender too!"

The Quasi-Emperor of the Dragon Clan shouted.

They help the prince, just want to gain a higher status, but not to die, faced with this situation, they directly abandoned the prince.

"Allow you to surrender!"

Second Prince Road.

This is a quasi-emperor. He will succeed in inheriting the Holy Throne in the future. He doesn't want to kill it.

It is a pity that Tianyi Shenghuang disagreed.

"It's better to kill all these people, and to cut the grass to get rid of the roots. You don't understand this truth?"

Tian Yi Sheng Huang sneered, the offensive was even more violent.

"you..."

The second prince gritted his teeth.

Would he not know the idea of the Holy Emperor Tianyi, and take advantage of the present to weaken the power of the Taixu Holy Clan, then in the future, the Taixu Holy Clan will be subject to the checks and balances of the Tianyi Holy Clan.

However, at this time, the second prince had to borrow the power of the Tianyi Holy Pilgrimage. He had no choice but to promise to continue his attack.

Army King and others are even more desperate.

"The second prince, you are cooperating with Tianyi Saint Emperor, you are bringing the wolf into the room!"

The army king shouted.

However, the second prince was so determined that it would be useless to call him anything, but instead he made Tianyi Saint Emperor stare at him.

The sword array rolled down, the army king coughed up blood, and several other quasi-empires attacked. The army king screamed, his body exploded, and under the power of destruction, both the form and the spirit were destroyed.

The situation has become clear and completely one-sided.

The strong man on the side of the prince was constantly killed, and the prospective emperor fell one by one.

Soon, the six princes of the crown prince, actually no one left, were all killed.

And the existence of those princes nine-fold and eight-fold, also fell into a large area.

Even if they surrendered, it would be useless. Tianyi Saint Emperor, determined to take advantage of the opportunity to weaken the strength of the Taixu Shengji, the second prince can only cooperate.

The Prince's face was pale, standing in the starry sky, unwilling and desperate in his eyes.

A moment later, under the crown prince's men, the Shenjun more than seven times, was almost killed.

At this time, the Emperor Tianyi allowed the princes to surrender.

Because the Divine Monarch is below seven, it can't hinder the overall situation.
