

D Emperor 3541

Chapter 3541: And insider

In the end, countless people surrounded the prince, and the prince became an orphan.

"Frightened scales, you're gone now, self-discipline!"

The second prince said indifferently.

"Shocked, have the ability, and fight against me!"

The prince roared, his eyes were red, and he stared at the second prince.

In a ruin, he was really unacceptable.

He paid so much, but he did not expect the second prince to be cheap in the end, he was not reconciled.

"Decide to die? I don't think it's necessary. You don't want to arbitrarily. It's only a shot. Uncle Liu, he gave it to you!"

The second prince said to the six kings.

"It is good!"

The Sixth Lord stepped out, pressing against the prince with a violent breath.

The prince, with the cultivation of Divine King Jiuzhong, is very strong, but there is still a big gap with the prospective emperor.

"Jingyuan, if you do not want to succeed, you will not succeed. I curse you for not being able to die!"

The prince yelled madly, then burst towards the rear.

"I'm not going to die? Ha ha, then I'll let you see, watching how I got to the position of the Holy Emperor, Six Uncle, don't kill him, abolish his star core, I want him to watch !"

The second prince shouted.

boom!

The six princes took action, palming the sky and covering the sky, blocking all the retreat of the prince.

Prince Xiao Xiao, struggling to resist, he was ultimately useless, there is a huge gap between Divine King Jiuzhong and Quasi-Emperor.

Without a few strokes, the prince coughed up blood and was bombarded by Dan Wang on Dantian.

The prince roared in anger and despair, and at his Dantian, there was a clicking sound, and then a powerful energy burst out.

His star core was abolished and became a waste.

The soul of ordinary people is far less powerful than the Blue Merchant, the star core is abolished, and the divine power is completely lost. Most of the methods can not be used. Even the physical secret technique can not be used. The physical secret technique can also be urged by the divine force. At best, it can only rely on the power of the divine body. Now the prince may not even be able to beat an ordinary **** king.

It is totally abolished.

The desperate prince was paralyzed on the ground, and the second prince was called to hold an iron chain, which was heavily locked.

Afterwards, the second prince's eyes looked at Lu Ming's direction, flashing cold killing in his eyes.

"Tianyi Saint Emperor, do me a favor again, how about destroying the gang?"

The second prince said to Tianyi Shenghuang.

"of course can!"

Tianyi Shenghuang smiled, and could weaken the strength of Taixu Shengji.

To make the Taixu dynasty weak to a certain extent, he may be able to destroy the Taixu dynasty in one fell swoop.

Uh, uh...

The second prince and others moved and rushed over to the landing naming them, forming a fan shape, encircling them to the landing naming.

"Lu Ming, you didn't think about this scene!"

The second prince was not here yet, his voice came from far away, full of pride.

He thought he guessed Lu Ming's idea.

He believes that Lu Ming just retreated just because he wanted to fight him with the prince.

Then seeing that the people of Tianyi Shenghuang appeared and wiped out the prince in one fell swoop, Lu Ming was estimated to be frightened.

So Lu Ming did not escape, because Lu Ming knew he could not escape.

The second prince thought Lu Ming had already guessed what he thought.

Lu Ming's face was calm, standing there, watching the second prince and the Tianyi Shengzhao people slowly approaching, forming a fan shape, encircling them.

The second prince didn't do it immediately, so he could watch Landing Ming and others.

"Kong Xixue, I didn't expect you to be here, now, come and come to my side, I can spare you a life!"

The second prince's eyes fell on Kong Xixue, his eyes fiery.

"Jingyuan, you die this heart, even if I die, I will not have any trouble with you!"

Kong Xixue coldly said.

"Swordman!"

Kong Xixue's words seemed to hurt the second prince all at once. His face was twisted and it was half loud. The second prince recovered and smiled, saying, "Kong Xixue, you know why the father prince would Go to your family? I tell you, I arranged it, ha ha ha!"

"what are you!"

Kong Xixue's body shivered, his eyes showing an expression of resentment.

Kong Xixue originally came from a small family in Taixu Shengdu, and they met with Jing Yu by chance, and the two fell in love.

But the Emperor Taixu had never seen Kong Xixue.

But when Jing Yu closed down, Taixu Shenghuang suddenly descended on Kong Xixue's family and saw Kong Xixue. Therefore, only Taixu Shenghuang forced to marry Kong Xixue.

Originally, she always thought that the Emperor Taixu came to Kongfu, but it was just a coincidence. Unexpectedly, it was all arranged by the second prince.

"I knew you at the same time as Jing Yu. I was struggling to pursue you, but you fell in love with the guy of Jing Yu. With him, I can't get it. Don't even think of Jing Yu. Let the father emperor ruin you. , Can also fight the guy who shocked Yu, ha ha ha!"

"Also, I have long known that the father emperor was jealous and jealous of Jing Yu, so I often sent people to talk about the shock feather in front of the father emperor. The first person in ancient and modern times, the uncrowned king..."

"So, the jealousy in the old guy's heart is stronger, and finally find a chance to kill Jing Yu, haha, how is it? What's my strategy? Get rid of the stumbling block of Jing Yu in one fell swoop, how much in one fell swoop!"

The second prince laughed very proudly.

Lu Ming, Lan Shang and others were shocked.

They never imagined that there are so many insiders.

The second prince once pursued Kong Xixue, but Kong Xixue fell in love with Jing Yu.

In addition, the reason why the Emperor Taixu would be the killer of the stunned feathers is because of his jealousy, and another reason is because of the second prince.

The second prince sent people to provoke, to fiddle, to provoke the Taixu Holy Emperor.

There are two reasons why Taixu Shenghuang killed Jingyu.

One is jealous and jealous of Jing Yu, and the other is because he has taken away Jing Yu's lover, cherishing the snow.

Both of these are related to the Second Prince.

It can be said that the second prince is the culprit that led to the death of Jing Yu.

So deep scheming, it turned out that all the two princes were behind the scenes.

"Jingyuan, you, you are so mean..."

Kong Xixue shivered.

"What is mean? This is a strategy. I'm unlucky. I have a shock scale on it. He was born earlier than me. He was called a prince, and he has a shock feather. His talent is so high. How can I take the position of the Holy Emperor?"

"Now, haven't I succeeded? Since ancient times, the king has been defeated, and the vacant Xixue. I will give you another chance to come over and be my woman. I can let you go!"

The second prince shouted.

"You dream, I'd rather die!"

Kong Xixue's face was very cold, looking at the second prince, revealing a thick...disgusting.

"Since you are going to die, then complete you!"

The second prince yelled, his face grim.

Chapter 3542: Undead King

The second prince had a terrible complexion, so he had to send someone out.

In his view, there are only three prospective emperors under Lu Ming, and he has five, plus the people of the Tianyi dynasty, who crushed Lu Ming and relaxed.

"Today is your death time!"

The second prince hadn't done it yet, an indifferent voice sounded, coming from Lu Ming.

At this moment, Lu Ming's body was extremely cold, and it was a killing opportunity for the Second Prince.

The second prince, he will kill!

It can be said that everything about the Taixu Holy Clan was promoted by the second prince. Without him, even if the Holy Emperor was jealous and jealous of Jingyu, he might not really be a killer.

It was the second prince who pushed behind him. It can be said that the real enemy of Jing Yu was the Taixu Shenghuang and the two princes.

This person is despicable and shameless, insidious and deceitful, and stays with endless trouble.

"Are you going to kill me? Hahaha!"

The second prince laughed, watching Landing Ming, like looking at a fool.

"Depending on your strength, you want to kill me? It seems that only the next life!"

The second prince was full of disdain.

"is it?"

Lu Ming smiled faintly, and looked at the second prince behind them.

Because of the starry sky in the rear, the void appeared to fluctuate and flashed continuously, and a burly figure appeared there.

The barbarians are here!

Apparently, the second prince, Tianyi Shenghuang and others also sensed it and quickly looked to the rear, his face changed greatly.

"Barbarians!"

Someone exclaimed.

Uh, uh...

As soon as the strong barbarians appeared, they rushed towards the second prince at an alarming rate.

"Damn it's crocodile..."

The second prince saw the figure of Crocodile in the barbarian army at a glance.

Crocodile, the warrior of Jing Yu's men, turned to Lu Ming, and now, Crocodile brought the barbarian strongman to kill him. Obviously, the barbarian strongman was Lu Ming's man.

Damn, how did Lu Ming and the barbarian come together!

The second prince roared in his heart.

Many strong men from the barbarians, now the barbarian emperor, obey the crocodile sky, so crocodile spoke, the barbarian will not refuse.

The Barbarian Emperor ordered that the original "management" of the Barbarians was directly dispatched. With the addition of other Barbarian Quasi-Emperors, there are so many masters that they are not under the Tianyi Holy Pilgrimage.

Tianyi Saint Emperor's face changed abruptly, and said, "Shocked, the barbarians will hand over to me. I will first block them. You will first solve that Lu Ming, fight quickly and quickly, and then we will join forces to repel the barbarian!"

"it is good!"

The second prince nodded.

Then, the Emperor Tianyi took the master of the Tianyi pilgrimage to the barbarian.

Boom...

The masters of the two sides have not yet met. The terrible strength has collided in the void, sending a horrible roar, and the void is constantly exploding.

In the end, the armies of the two sides collided and fought together.

"Lu Ming, you did not expect that you can move the barbarian, but it is still useless, let me die, kill!"

The second prince shouted and issued an offensive order.

Immediately, the five quasi-empires under his hands directly started to stare at the giant bear and the thousand kings.

They believe that among Lu Mingjun, only the Giant Bear and the Thousand Saint Heavenly King are quasi-emperors.

As long as the two of them are killed, the others are not worth mentioning.

"Demon, let's go!"

Lu Ming's cold voice sounded.

"Are you finally going to do it? I can't wait!"

The undead demon showed a terrible color, grinning, and stepped out.

boom!

The overwhelming magic energy burst out, shaking the starry sky, and the magic power was infinite.

A palm burst out, a huge imprint of the palm, covering the starry sky, and the two princes under the second prince had a trick.

The terrible roar sounded, and the starry sky was ripped out of terrible cracks. The undead demon had nothing, and the two prospective emperors retreated.

At the same time, the Giant Bear, the Thousand Saints King, and the other two quasi-empires of the Holy Devil Dynasty also started

The violent breath pressed towards the second prince.

The second prince's pupils widened sharply, and his eyes were about to explode, which was incredible.

He never imagined that there were so many prospective emperors in Lu Mingjun.

"People of the Holy Demon Dynasty, you actually colluded with the Holy Demon Dynasty..."

The second prince shouted hysterically.

"kill!"

It was the roar of the undead king that responded to him.

"Sacred Wheel!"

When the Undead Demon King waved his hand, a huge roulette appeared, as if composed of countless magic knives, rolling towards a quasi-empire under the second prince.

The prospective emperor shouted and sacrificed a monarch artifact, but at the moment of collision with the roulette, the monarch artifact directly shattered into pieces.

The Quasi-Emperor's face changed wildly, and all the attacks broke out, offering the mystery of the original source, and blasted towards the undead king.

But everything is in vain, this person's attack is under the "Devil's Wheel" of the Undead King, and it is vulnerable.

The black roulette rolled down, and all of the opponent's attacks and defenses collapsed instantly.

"This...no..."

The prospective emperor shouted with wide eyes, unbelievable.

The same is the prospective emperor, his strength is so much worse than the other party, completely unbearable.

bump!

As soon as he roared out, the holy demon wheel rolled down, and the body of the quasi-empire burst apart and was strangled to ashes.

A quasi-emperor was almost spiked.

This is the strength of the Undead Demon King. During his heyday, the real emperor, even if he was a big loser, only the quasi-employer's cultivating was left, and the quasi-emperor at the same level was also vulnerable to him.

"how can that be?"

The most shocking was the second prince, who was almost scared.

It was a quasi-emperor, so he was killed, making it difficult for him to accept.

"Waste one!"

After killing the prospective emperor, the immortal demon sneered and slammed toward the next prospective emperor. The prospective emperor was the six kings.

The six princes' faces changed wildly, but he was entangled with Qiansheng God.

Buzz!

In the wave of the undead king, another wheel of holy demon rolled down towards the six kings.

"Do not..."

The six princes shouted and fought all out. His strength was slightly stronger than that of the former emperor, but it could not change the ending.

The holy demon wheel rolled down, he screamed, stepped into the footsteps of the previous man, and fell to the spot.

This time, not only the second prince's side was shocked, but even the Thousand Saints King and others.

"Hahaha, startling, you won't succeed. Your end will be like me, all losers."

At this moment, the prince laughed wildly.

Seeing the master of the second prince killed, the prince was extremely excited.

"Looking for death." The second prince snorted and slapped the prince with a palm.

"All attack, kill!"

Lu Ming ordered that the others under his command have killed the second prince.

Roar roar...

The horrible roar came out. It was the people of the apes of the apes and the hundreds of thousands of the apes of the apes, all of them exhibited the original **** body, and turned into a vampire ape, very huge, killing the army of the second prince.

"Both...all primitive gods!"

The second prince was exclaimed and horrified.

The quasi-prince was killed in a row, and the morale of the second prince's army plummeted. At this time, seeing so many primitive gods, the morale was even lower. As soon as the two sides collided, the second prince was killed.

Chapter 3543: Jing Yu's last battle

"Retreat, retreat..."

At this moment, the second prince yelled and wanted to summon the people to retreat and join with the people of Tianyi Shenghuang.

However, Lu Ming will let him retreat?

The immortal demon king is extremely powerful. After killing two prospective emperors, the immortal demon king killed the third prospective emperor.

The number of prospective emperors, Lu Ming, has fully prevailed. In addition to the amazing speed of the undead demon king, the remaining three prospective emperors on the second emperor's side cannot withdraw even if they want to retreat.

When the undead king is killed, their results are already doomed.

"Kill, kill, hahaha!"

The immortal demon king is not a good stubble. At that time, by his own strength, the Holy Devil dynasty in the heyday quickly declined, and he did not know how much blood was on his hands. After being sealed for so many years, his anger was already full.

If the non-bone demons used the magic ban, do not want to control the undead king.

At this moment the undead demon broke out, the killing was extremely cold, and the offensive was like a storm.

Even if he did not return to the state of the Holy Emperor, but the quality of the divine power and the power of the original secret technique are there, the general Quasi-Emperor is completely crushed.

The Sacred Wheel rolled down and the third Quasi-Emperor was killed.

Then, there is the fourth, the fifth...

Without any suspense, the last few prospective emperors were entangled by the Thousand Saints and the giant bears and could not escape.

For a moment, the five princes under the second prince were all destroyed.

The second prince was stupid, completely stupid.

He knew that he was finished!

The prospective emperor was the basis of his hegemony, and the prospective emperor fell and he was completely over.

"Ah, retreat!"

"Run away!"

When the five quasi-empires died, the army of the second prince completely fell apart, completely collapsed, and there was no heart to fight again.

Turned into birds and beasts, jumping around.

The second prince reacted and wanted to escape.

"Stop him, don't let him run away!"

Lu Ming shouted.

Thousand Saints Heavenly King and other figures flashed, encircling the Second Prince.

"Tian Yi, save me!"

The second prince shouted and asked the Tianyi Saint Emperor for help.

But at this moment, Emperor Tianyi was almost scared to death. Just now, the magic power of the undead Demon King, he completely looked into his eyes and asked him to save the second prince. What a joke.

"Retreat, retreat..."

The Emperor Tianyi shouted, struggling with people, not reluctant to fight, retreating to the side.

The targets of Crocodile and others are not on Tianyi Saint Emperor. They pretended to chase after a while, but did not continue to pursue, but took people to encircle and suppress the second prince.

The second prince was pale, he knew that he had failed completely and could not escape.

"Lu Ming, Lu Ming, I didn't expect that I would eventually lose to you, ha ha ha, unfairness!"

The second prince grinned.

"Do all the bad things, you don't die until now, this is unfair!"

Kong Xixue's resentful way.

She and Jing Yu's life can be said to have been destroyed by the second prince.

"Kong Xixue, come on, kill me, take revenge on Jing Yu, and you can die in your hands, not bad!"

The second prince looked at Kong Xixue and shouted, at the same time his thoughts turned.

Now, he wants to live a life, the only way is to take a person as a hostage.

Kong Xixue is good, as long as you take Kong Xixue as a hostage, you may be able to escape.

"Senior Senior, don't be impulsive, you want to take you hostage, so get out!"

Lu Ming spoke, seeing through the second prince's thoughts.

"Damn..."

The second prince roared in his heart, and wished to unload Lu Ming eight pieces.

"He may not be able to win me!"

Kongxi Xuedao, she is also the cultivation of Divine King Jiuzhong, just like the Second Prince.

"This person is going to die, but also in the hands of the prince Jingyu, he, let me know!"

Lu Ming said.

what?

Many people looked at Lu Ming in shock.

The second prince handed him?

how can that be? Lu Ming's cultivation is the talented **** Wang Jiuzhong, and he has a big difference with the second prince. This is impossible to cross. Since ancient times, there has been no such person. It can span so many distances.

"Lu Ming, with you?"

The second prince sneered, but at the same time he was overjoyed.

He really hoped that Landing Ming shot, so that Lu Ming can be taken down, as Lu Ming as a hostage, can definitely get away.

"Of course not by me, but by Prince Yu!"

Lu Ming said that at the next moment, a metal ball appeared in his hand, as if pieces of petals were wrapped together.

Infused with divine power, the petals spread out, revealing a drop of blood.

"this is..."

Kong Xixue's body fluttered when she looked at it, and she immediately felt the breath of startling feathers.

"This is... Jing Yu left..."

The blue merchant also said.

"Yes, Prince Jingyu's last power, let Prince Jingyu keep the last battle in the Taixu Holy Dynasty and kill the Jingyuan!"

Lu Ming said.

According to Bai Ya's statement, Jing Yu was severely injured and sealed the remaining power into this drop of blood.

As long as Lu Ming blends in this drop of blood, he can borrow the power of Jing Yu, but it can only be used once.

This can be said to be a big killer. If it is used when it is in danger, it can definitely save lives and make a comeback.

However, Lu Ming still intends to use it now.

Jing Yu's life was too sad.

The second prince can be said to be the real enemy of Jing Yu, Lu Ming intends to leave Jing Yu's last battle in Taixu, the second prince.

In this way, Jing Yu left this drop of blood to make sense.

This is the real ending of Jing Yu!

As soon as the thoughts moved, the blood of Jing Yu flew towards Lu Ming's body and merged into Lu Ming's body.

boom!

At this moment, a terrifying force erupted from Lu Ming's body.

At the same time, a phantom appeared above Lu Ming.

This is a young man who is handsome and invincible.

"Jing Yu..."

"Prince..."

At this moment, Lan Shang, Kong Xixue, Crocodile Sky, Ape Huan and others all shuddered and stared at the phantom.

This phantom is Jing Yu.

"war!"

Jing Yu's phantom shouted, only one word, and then blended into Lu Ming's body in a flash.

At this moment, the power in Lu Ming's body skyrocketed, and in an instant, he rushed to the Divine Monarch Realm, and then the Divine Monarch is one heavy, the Divine Monarch is double, and the Divine Monarch is triple...

It didn't stop until Shenjun Jiuzhong.

After all, Jing Yu was seriously injured and was not in the peak state. Sealing the remaining power can only reach the Divine Monarch, but it is enough!

"Shocked, let's fight!"

Lu Ming Changxiao, at this moment, he felt endless power, as if he could wipe out a galaxy between his hands.

Of course, this is an illusion, the Divine Monarch is not so powerful.

Lu Ming stepped out, the Ba Shen Gun appeared, and a shot was drawn towards the second prince.

The Ba Shen Gun suddenly became large, squeezing the starry sky, and the starry sky exploded continuously, forming a terrible energy, which blew towards the second prince.

"Kill!" The second prince Chang Xiao also had a long gun in his hand.

Two huge guns collided together.

Chapter 3544: Five awakenings

Two huge guns collided together, and a roar of shock broke out.

The starry sky in the universe keeps bursting.

Buzz!

Lu Ming felt a powerful force coming in, the Ba Shen Gun was constantly shaking, almost bursting, and his body suddenly retreated, and he had to retreat for tens of thousands of miles before stopping.

"Oh, at this point of strength, even if you use the power of Jingyu, what use is it to be crushed and killed by me!"

The second prince Chang Xiao, the human-gun combination, turned into a dazzling lance, rushed to Lu Ming.

"Origin power factor, five awakenings?"

Lu Ming whispered.

In the collision just now, he discovered that the second prince's divine power, incomparably powerful condensed, is not only because of cultivation, but also because of quality.

The second prince's original divine power factor has reached five awakenings.

Generally speaking, the higher the cultivation level, the easier it is to enlighten the divine power, and it is also easier to awaken the original divine power factor.

The second prince himself is a peerless genius, and he has cultivated to the ninth level of the **** prince, and his age is much larger than that of Jing Yu, at least two stellar years.

For such a long time, it is not surprising that the original divine factor awakened five times.

Although Lu Ming has the power of Divine King Jiuzhong, he is not yet the opponent of the Second Prince.

"All the power, let me burst!"

Lu Ming roared, triggering a five-fold combat power of Zhanzi Ju and a primitive divine body. However, he was depressed to find that Zhanzi Ju only had an effect on his own cultivation, and had no effect on the borrowed power.

The primordial blood can easily play a role in Lu Ming's body, at least the flesh becomes extremely powerful, and has more control over the power of Jing Yu.

However, it has a great effect on the original source technique.

The power of the startling feathers poured into the source secret technique, so that the source secret technique could explode with amazing power.

Weng!

The shock of the Ba Shen Gun, which cut off a chain of yoke, was all released. Together with the power of the shocking feather, the power of the Ba Shen Gun was extremely amazing.

Uh!

Lu Ming once again stabbed out and turned into a dazzling lance, colliding with the lance of the second prince.

The tips of the guns collided, like a star exploding, full of energy, and energy swept in all directions.

Then, Lu Ming's body shook, and he flew out again.

This time, he shivered and almost vomited blood.

"Lu Ming!"

"Don't shoot, let me take a shot and kill him!"

Lanshang, Crocodile and others are very worried.

Obviously, although Lu Ming borrowed the power of Jing Yu and had the cultivation of Divine King Jiuzhong, he was not the opponent of the Second Prince.

Five awakenings of the second prince's original divine power factor also controlled the original secret technique.

"Don't come over, he, give it to me!"

Lu Ming shouted, his eyes bright.

This is Jing Yu's final power. After incorporating Jing Yu's power, it seems to have really crossed the bottleneck of Divine Monarch Realm and reached Divine Monarch Nine.

Although this force will soon dissipate, Lu Ming has a feeling that his road to the Divine King has been paved. Only after practicing for a while, he can successfully enter the Divine King Realm.

In addition, Jing Yu's power contains Jing Yu's perception of the original divine power factor, especially dominating divine power, because Jing Yu's major is to dominate divine power.

Lu Ming's dominating divine power has been awakened four times. At this moment, Lu Ming seems to have seen the road of dominating divine power five times.

This is a great opportunity for Lu Ming.

Only a hearty battle can transform this opportunity into your own strength.

咻咻咻...

The second prince continued to attack the landing, a rifle of fire, covered with the universe starry sky, and drove away to the landing, completely enveloped Lu Ming.

"kill!"

Lu Ming shouted, at this moment, a different source of secret techniques appeared on his body.

Door of Dominance, Boots of Windbreak, Sword of Breaking Void...

A total of eleven kinds of source secret techniques are suspended around Lu Ming's body.

At the same time, the violent power is infused into the eleven kinds of primal secrets, so that each kind of primal secrets radiates a brilliant brilliance, and the power can be urged to the extreme.

The original secret technique is naturally that the stronger the urged divine power, the stronger the power.

"Eleven Original Secret Techniques!"

Except for a few people who knew Lu Mingdi at the scene, the others couldn't help but widen their eyes and were terrified.

The same is true of the Second Prince. Lu Mingke didn't use his full strength in the battle with the Tianyi Pride.

Uh!

The boots of the wind extinction merged with Lu Ming's feet, causing him to explode in speed, rushed out, flashed quickly, and avoided the attack of the second prince. .

The gate of dominance, turned into hundreds of thousands of feet high, and suppressed towards the second prince.

The sword of breaking emptiness, the blade of the heavenly demon, was cut from both sides towards the second prince.

The Eye of Doom, like the eyes of a stone, burst forth with an ancient brilliance, terrifying and destroying everything.

...

"Don't think that the source of the secret technique is more useful, more than refined, can't withstand a blow!"

The second prince Chang Xiao, the spear in his hand, burst out even more terrifying power.

Cut off a shackle!

Lu Ming could see that the spear in the hands of the second prince was also the secret technique of the origin, and had cut off a chain of shackles. In the hands of the second prince, mighty and powerful.

The spear in the hands of the second prince was shocked, bursting out a terrible spear, colliding with Lu Ming's various original secret techniques.

Dangdang...

A series of roars, all of Lu Ming's original secret techniques, were blown out, including Lu Ming himself.

"I said it was a shock!"

The second prince said coldly, the attack was more violent, and did not give Lu Ming a chance to breathe. He wanted to win Lu Ming as a hostage in one fell swoop. This is his chance to live.

However, Lu Ming's eyes became brighter and brighter, and he continued to manipulate eleven kinds of original secret techniques, killing the second prince.

Because when Lu Ming fully controlled the original secret technique just now, Lu Ming actually discovered that all his original secret techniques have emerged with chains.

Under the infusion of Jing Yu's power, the shackles of Lu Ming's original secret technique all emerged.

Of course, in addition to the Ba Shen Gun, other secret techniques, there is a shackle surfaced.

Lu Ming felt that he could use the power of Jingyu to cut off these shackles.

This is an excellent opportunity.

Break through in the war!

"War, war..."

Lu Ming shouted and controlled eleven secret techniques to kill Jing Yu.

Boom...

After another series of collisions, Lu Ming turned backwards.

But this time, a strong breath suddenly broke out on the door of the Lord, several times stronger than before.

"Cut off!"

Lu Ming was overjoyed.

Just now, he successfully cut off the shackles on the door of the Lord.

Although it is only one, it also makes the power of the Gate of Domination skyrocket.

Chapter 3545: The collapsed second prince

In the war, Lu Ming successfully cut off a shackle on the door of the ruler.

Huh...

Above the Gate of Domination, a vortex appeared, constantly rotating, exuding a terrifying attraction. Even in the vortex, there was a roaring sound, which was shocking and almost the same as the original gods.

"You... cut off the shackles!"

The second prince was shocked.

"Haha, keep fighting!"

Lu Ming laughed and continued to kill the second prince.

In the battle with the second prince, Lu Ming can borrow the power of Jingyu more smoothly, urge the power to the extreme, and then cut off the shackles of the original secret technique.

Otherwise, even borrowing the power of Jing Yu, it is not so easy to cut the shackles.

It is not so easy to cut the shackles of the original secret technique. This can be seen from all the young arrogances of the Taixu and Tianyi pilgrimages.

Apart from Emperor Jianyi, no one can cut off the chains.

The second prince practiced for so many years, and only then broke a shackle.

"What if the shackles are cut off, kill!"

The second prince was furious and continued to kill the landing.

"Lu Ming is to use the power of the prince to cut off the shackles!"

On the edge, Lan Shang, Crocodile Sky and others also saw Lu Ming's purpose.

"Really evil!"

The undead king spoke, and even he had to sigh.

Boom...

Jing Yu and the second prince fought together again.

Lu Ming still lost, retreating again and again, but achieved fruitful results.

boom!

In the lunar month, a breath of terror erupted. The sky was full of glow, and the spears of the second prince were attacked by the glow. As if the ice had encountered a fire, it melted itself.

Lunar Moon also successfully cut off a shackle.

Immediately behind the lunar moon is the day of the sun, which also emits a breath of breath and also cut off a chain of shackles.

"Damn it's impossible!"

The second prince roared, full of jealousy in his eyes.

He practiced for so many years before he broke a chain.

But Lu Ming now, after only a while, cut off the shackles of the three original secret techniques, and inside, and his credit, he had to vomit blood.

"Origin, come again!"

Lu Ming was overjoyed and continued to kill the second prince.

"Damn, let me die!"

The second prince roared and tried his best to kill the landing.

Even if Lu Ming has a variety of original secret techniques, even if the shackles are cut off, it is not his opponent.

However, the purpose of the second prince could not be achieved after all.

With the battle between the two, Lu Ming's original secret technique, more and more cut off the shackles.

Next is the Boots of Windbreak, Sword of Destruction, Blade of Heavenly Demon...

One by one cut off the shackles.

About ten minutes later, all the original secret techniques of Lu Ming cut off a shackle.

Horror, everyone was in horror.

Lu Ming, how old is this, and he is also the **** of the Nine Heavy Cultivators, but eleven kinds of original secret techniques have actually cut off a chain of yoke. I am afraid that such combat power will be against the sky.

The second prince is desperate, unwilling, and afraid!

Yes, because he found that Lu Ming's combat power is now not weaker than him, and even with the combination of various original secret techniques, the combat power is already above him.

In the lunar month, the day of the sun is suspended in high altitude, and the sun is constantly falling, like two moving forts, bombarding the second prince continuously.

Heavenly Demon Blade, Sword of Breaking Deficiency, Horn of the Archaic Dragon, with amazing speed, constantly flashing around the body of the Second Prince, chopping constantly.

The door of **** is huge, it is suppressed from above.

The most special is a bell, the bell of heaven evil!

Jingle Bell...

The bell of heaven evil sounded, a circle of ripples, visible to the naked eye, diffused toward the second prince, and enveloped the second prince.

At this moment, the second prince shivered, his brows glowed, and his strength was weak.

The Bell of Heavenly Evil can actually attack the soul directly, which is far beyond Lu Ming's expectations.

This is a function that was discovered only after a chain was cut off.

Lu Ming controlled the Ba Shen gun, stepped on the boots of the wind and killed towards the second prince.

All kinds of mysterious techniques, with the seamless combination of the two, the second prince tried his best to resist, but it has been suppressed.

"Lu Ming, to win!"

Lan Shang often exhaled a breath, his eyes shimmering.

He did not expect that Lu Ming could really defeat the second prince, although he used the power of Jing Yu.

Others nodded frequently, excited.

At this moment, they seemed to have seen the resurrection of Jing Yu, showing their peerless style, and pressing the second prince.

"Lu Ming's road is very vast, far above the prince Jingyu, I am afraid it will not be confined to the Taixu Holy Pilgrimage!"

Lan Shang sighed again.

what!

At this moment, the second prince Chang Xiao, he was difficult to accept, he was actually suppressed by Lu Ming, so an accident, he was swept by Lu Ming's overlord gun, almost burst his body.

"Lu Ming, let me die, die, even if I were, I would pull you together!"

The second prince was completely mad, and his divine power was burning.

He knew that he couldn't take Lu Ming anymore and could not take Lu Ming as a hostage. He will definitely die today.

Therefore, he desperately, burning desperately.

Boom!

The firearm broke out, and the sky was full of firearms, and Lu Ming's various original secret techniques were constantly retreated.

"Suppress me!"

Lu Ming shouted, and a steady flow of divine power poured into the door of the ruler.

Roar!

There seemed to be a beast roaring in the door of the ruler. At the next moment, there was actually a beast claw that protruded from the door of the ruler and shot towards the second prince.

boom!

The second prince retreated back and forth.

"this is..."

At this moment, Lu Ming's eyes were extremely bright. When he urged the Gate of Domination to the extreme, such a change occurred in the Gate of Domination. At the same time, Lu Ming saw the following road to the five awakenings. road.

"This is a once-in-a-lifetime opportunity, don't miss it, give me a breakthrough!"

Lu Ming growled, at this moment, his mind was completely sunk into the power of the master.

boom!

Suddenly, his **** of the divine power has undergone a change, and a more intense, more ancient atmosphere emanates.

"This... this is the five awakenings of the original divine factor!"

Lan Shang, Crocodile and others were stunned.

At this critical moment, Lu Ming actually broke through again, dominating the divine power, and successfully achieved five awakenings.

The five awakenings of the original divine power factor made Lu Ming's combat power soaring, and the power of the dominant gate also became stronger.

boom!

The Gate of Domination continued to suppress, roaring like thunder, with the energy of destruction, the second prince's body violently shook, and then the beast's claws stretched out again and caught the second prince.

This time, the second prince screamed, backed wildly, and kept spitting blood in his mouth.

After Lu Ming ruled the Divine Power five times to awaken, the fighting power had already surpassed the Second Prince in a comprehensive way.

Chapter 3546: Who is the Holy Emperor

Lu Ming merged into the power of Jing Yu, as if standing at the height of Jing Yu, to look at the divine power, to look at all kinds of original secrets, and then with the help of Jing Yu, all the original secrets were cut off from the chains. .

Of course, with the exception of the Ba Shen Gun, because the Ba Shen Gun originally cut off one shackle, and it was not so easy to break the second shackle.

At the same time, what Jingyu cultivates is the master divine power. Lu Ming uses Jingyu's master divine power to awaken the master divine power for the fifth time in one fell swoop, thus greatly increasing the combat power.

The door of the ruler was depressed, and the second prince roared and coughed up blood.

"No, impossible!"

The second prince yelled and his beard was distributed, which was difficult to accept.

Lu Ming, who constantly broke through in the war, was only the ninth prince of God. The source divine factor actually awakened five times. He practiced more than two stellar years and only awakened five times. He was jealous of dying and was extremely unwilling.

"I will not lose in your hands!"

The second prince roared and fought desperately, wanting to kill Lu Ming.

In his view, Lu Ming at the moment represents Jing Yu.

He couldn't be defeated by Jing Yu, let alone a little residual strength of Jing Yu.

However, what responded to him was a variety of original secret techniques.

Boom...

Various source secret techniques, like a storm, blasted towards the second prince, and the second prince was violently shocked. He found that he could not resist, and various attacks were collapsing.

In the end, the long gun in his hand was hit by the door of the ruler, bursting inch by inch, and finally exploding.

This was the second prince's original secret technique. The original secret technique was broken. He screamed and flew back. At this time, Lu Ming stepped on the boots of the wind and caught up, and the Ba Shen gun was stabbed.

puff!

Ba Shengun penetrated the body of the second prince, transparent before and after, terrible destructive power, has exploded in the body of the second prince, destroyed the body function of the second prince, and even crushed the star core of the second prince.

The repair of the second prince was abolished.

The second prince screamed terribly, extremely unwilling and desperate.

"The organs are exhausted, what's the use, and now you are on the road!"

Lu Ming spoke indifferently, the Ba Shen Gun shook, more violent power burst out, and the body of the Second Prince exploded directly, destroying both form and spirit.

After killing the second prince, Lu Ming's mind concentrated on various original secret techniques and various divine powers. This is a rare opportunity. He can see if he can use the power of Jing Yu to make a breakthrough.

Unfortunately, at this time, Jing Yu's power has been consumed a lot, and the rest is constantly overflowing into the air, there is not much left, and it is difficult to help Lu Ming break through.

Lu Ming's breath slowly fell down, Shenjun Bazhong, Shenjun Sevenfold...

In the starry sky, the war continues, and all the people of Lu Ming and the barbarians have strangled the second prince.

At this moment, the war was about to stop, and some of the second prince's men were almost dead, and the rest surrendered.

When the breath on Lu Ming's body was completely restored to calm, and when it was restored to God King Nine Heavy, the war also completely stopped.

"Lu Ming, how are you feeling?"

"Lu Ming..."

Lanshang and others came to the landing.

"I'm fine, I'm fine, and it's not too late. We control Taixu Sheng in our hands. I'm afraid there are still many princes in the party!"

Lu Ming said.

"it is good!"

Everyone nodded and headed towards the Taixu Holy City.

The Taixu Shengdu also has the crown prince's partisans, and naturally there was a battle, and finally the Taixu Shengdu was completely controlled.

At the same time, Kong Xixue had heard news that his men and his parents with Landing Ming would come.

Lu Ming didn't wait too long, and Kong Xixue's men brought his parents to Taixu Shengdu.

Fortunately, his parents have nothing to do, he is very healthy, and Xiuwei has also grown a lot.

Obviously, for more than 100 years, the second prince did not embarrass his parents.

In fact, it is normal. The second prince wants to use Lu Yuntian and Li Ping to threaten Lu Ming and let Lu Ming do things for him. If something goes wrong with Lu Yuntian and Li Ping, how could Lu Ming do things for him, I am afraid to find him Desperately.

Seeing that Lu Yuntian and Li Ping were all right, Lu Ming was relieved. After chatting with Erlao for a long time, Lu Ming asked someone to take Erlao to rest.

The holy capital of Taixu, in the palace hall.

Lu Ming, Lan Shang, Crocodile Sky, Kong Xixue and others sat together.

They are discussing future issues.

Today, the Emperor Taixu, the Crown Prince, and the Second Prince have all fallen.

And when the prince rebelled and assassinated the Holy Emperor, many people in the royal family were implicated, and there were few dead princes.

However, the country cannot be ruled without a day.

"Everyone, the Taixu dynasty, how to deal with it afterwards? The country can't have no king for a day!"

The blue merchant spoke first, breaking the calm.

"I think it's enough to let Lu Ming be the position of the Holy Emperor directly!"

Crocodile opens his mouth and wants Lu Ming to take control of Taixu Shengdu.

"I think so!"

Ape Huan then spoke.

Then, Lu Ming's men opened their mouths in support of Lu Ming's control of the Taixu Holy Pilgrimage.

Many of these were the men of Jing Yu. In their view, the Taixu dynasty should be owned by Jingyu, and Jingyu fell. Lu Ming was the descendant of Jingyu. Naturally, Lu Ming came to take charge of the Taixu dynasty.

The Undead Demon King sat with a few strong men of the Holy Demon Dynasty, and said nothing.

Kong Xixue did not speak, nor did the Thousand Saints Heavenly King.

At this moment, Lu Ming raised his hand, and everyone calmed down.

"I am not interested in the position of the Holy Emperor!"

Lu Ming said.

He really has no interest. Now his vision is getting bigger and bigger, and he sees more and more things. He knows that the Honghuang universe is very big, and the Taixu dynasty is just a corner.

His goal is the vast universe, the sea of stars, he does not want to stay in the Taixu dynasty, what holy emperor.

Lan Shang smiled slightly, Lu Ming's answer, he was not too surprised.

With Lu Ming's talent, naturally he will not stay in the Taixu Holy Pilgrimage for a long time.

"So, who will take over the position of Taixu Holy Pilgrimage Emperor in the future?"

Lan Business asked.

"Just choose one of the remaining princes to rule the Taixu pilgrimage, of course, it is best not to be too ambitious!"

Lu Ming said.

He has now reached the peak of Divine King Jiuzhong, and by borrowing the power of Jingyu, Lu Ming has touched the Divine King Realm. For him, Divine King Realm has no difficulty at all, he feels, just calm down and retreat for a while , You can successfully break through.

Once he broke through the Divine Monarch Realm, he could open the jade rune left by Xie Nianqing to find Xie Nianqing and Qiuyue...

He will not stay in the Taixu dynasty for too long, but his family and friends, he hopes to practice in the Taixu dynasty, so the new Emperor Taixu must be well controlled so that his family can be stable.

At this time, Lu Ming saw Kong Xixue's utterly reticent look.

"Senior empty, please say something!"

Lu Ming looked at Kong Xixue.

Chapter 3547: Jing Yu's son?

"Don't hide from you, in fact, I and Jingshu have had a heir!"

Cherish the snow road.

Oh?

Everyone's eyes moved, Kong Xixue and Taixu Shenghuang had a heir, and that was also the prince.

The meaning of Xikong Xixue is to want her son to take the position of the Emperor Taixu?

"Why haven't I heard of it before?"

Blue Business Road.

"That's because, he... he looks so shocking!"

Cherish the snow road.

"Like the startled prince?"

Lan Shang, Crocodile Sky, White Teeth and others glanced at each other. Lan Shang said: "Would you rather come to see me?"

"it is good!"

Kong Xixue nodded and went on.

They did not wait too long, a young man stepped into the hall.

As soon as the young man walked into the hall, Lu Ming, Lan Shang, Crocodile Sky and others stood up, showing a startled expression.

Because, the look of this young man is so similar to Jing Yu, almost carved out of a model.

"The younger generation is shocked, and meets the seniors!"

Jing Mo clenched his fists to salute, not humble or not, generous.

"No more gifts!"

Lan Shang waved his hand, his eyes still staring at Jing Mo, not only him, Crocodile Sky, White Teeth, Ape Huan and others, but also the same, staring at Jing Mo was a little embarrassed.

"Moer, you go down first, you and my predecessors, there is still something to discuss!"

Cherish the snow road.

"Yes, mother!"

Jing Mo clenched his fists and left the hall.

"Like, it's too much!"

"It's so similar, even the temperament is very similar!"

Lanshang, Crocodile and others murmured.

"Xi Xue, why haven't you heard that you and the emperor have a heir before?"

Blue Business asked curiously.

"Because he is so shocking, he looks so uncomfortable, so he hasn't disclosed it, and he hasn't let Moer go around, it means he was put under house arrest!"

Cherish the snowy road, his eyes somewhat sad.

Everyone was silent, knowing that Jing Mo was too much like Jing Yu, causing the emperor's discomfort.

At this time, Lan Shang, Crocodile Sky, Baiya and others looked at each other again.

"Cough, Xixue, I want to ask a question, and please don't be surprised!"

Lan Shang coughed a few times.

"Master Lan, please!"

Cherish the snow road.

"Jianmo, is it... the son of Jingshu, or the son of Jingyu?"

Blue Business asked.

Lu Ming's eyes were also bright, and the fire of gossip was burning.

"This...this...actually I don't know very well!"

Kong Xixue flushed, squeezing.

The eyes of Lan Shang and others brightened.

Kong Xixue is not very clear, then explain one thing, Kong Xixue and Jing Yu, what must have happened, otherwise, wouldn't Kong Xixue not say clearly?

"After the startle surgery made me marry him, not long after, I found out I was pregnant..."

Kong Xixue explained again.

Lan Shang and others increasingly feel that Jing Mo may be the heir of Jing Yu.

After all, the figures of God's King Realm have a very long pregnancy period, and it is normal to reach tens of thousands of years.

Moreover, the appearance and temperament of Jing Mo and Jing Yu are so similar.

However, if Jing Mo is the son of Kong Xixue and Taixu Shenghuang, it is not impossible. In this case, Jing Mo and Jing Yu are brothers, and it is not impossible for brothers to look like them.

Lanshang, Crocodile and others were a little confused for a while.

Talking, I can't even figure out the mother who is empty, but how can they make it clear.

"Well, the Holy Emperor is under the control of Jing Mo. How can you assist him?"

Lu Ming said.

Kong Xixue helped Lu Ming a lot this time, and it was good to push Kong Xixue's son up.

After all, Kong Xixue was only forced to do so.

"I have no opinion!"

"Neither do I have an opinion!"

Blue businessmen, Crocodile Sky and others nodded their heads, and Qian Sheng Lao Tian Wang naturally had no opinion.

As for the undead demon king, he was placed under the ban of demon by the bone demon. Naturally, Lu Ming said what it was, but the other two quasi-imperial emperors of the Holy Demon dynasty were somewhat unwilling.

The Taixu dynasty is now suffering heavy losses, and there are not a few masters left. If the undead demon king takes them to attack, it will definitely destroy the Taixu dynasty in one fell swoop. Unfortunately, the undead demon king seems to obey Lu Ming and they dare not Resistance.

It is not difficult to kill them with the strength of the undead devil.

"Thank you Lu Ming, thank you all!"

Kong Xixue was overjoyed, and others like Lu Ming thanked.

"In addition, the Taixu dynasty draws out a few stars to let the people of the Holy Demon Dynasty live!"

Lu Ming said.

Lu Ming spoke, and everyone naturally agreed.

Now, in the Taixu dynasty, Lu Ming has the final say.

Kong Xixue and others naturally have no opinions.

Everyone discussed for a while, and Lu Ming left.

Next, the Emperor Taixu needs reorganization.

This time the civil strife, the loss of the Taixu Holy Dynasty was too heavy.

Almost most of the prospective emperors died in battle, and their top fighting power lost 70% or 80%.

The quasi-empire of the entire Taixu dynasty, to be precise, only the Thousand Saints King and Crocodile Heaven remain.

The loss is too great.

At first, the Taixu dynasty was the strongest among the barbarian, Taixu dynasty, and Tianyi dynasty, but now it has become the weakest.

Whether it is a barbarian or a Tianyi dynasty, it is not difficult to annex the Taixu dynasty.

Of course, there are crocodile gods in the barbarians, and it will certainly not attack like the Taixu dynasty, but the Tianyi dynasty is hard to say.

Therefore, Lu Ming delineated a part of the territory and let the people of the Holy Devil Dynasty live.

If there is an immortal demon king, the people of the Tianyi Holy Dare will not dare to attack.

In fact, Lu Mingda can allow the undead demon king and others to kill the Tianyi holy dynasty. With the strength of the undead demon king, it should not be difficult to secretly kill the Tianyi Shenghuang and others.

However, Lu Ming didn't do this. Sooner or later he would leave, and the Tianyi Holy Pilgrimage was destroyed, which meant little to him.

With the Tianyi pilgrimage left, all forces can restrain each other.

Lu Ming will leave soon. What he needs is an environment where his relatives and friends can practice with peace of mind.

Soon after, he will bring his relatives and friends to the Taixu Holy Cult to live and practice.

Therefore, he needs the forces of all parties to be stable and restrict each other.

It can be achieved if there is an undead king.

If there is an immortal demon king, the barbarians and the people of the Tianyi Holy Dare would not dare to attack the Taixu Holy Dawn, so there is a balance.

Only the undead devil himself can break the balance, but the undead devil is controlled by Lu Ming, and he can only obediently obey.

In this way, I believe that the barbarian, Taixu dynasty, and Tianyi dynasty will have a long-term stable development period, unless someone has the strength to exceed the undead king.

In this way, Lu Ming can leave here with peace of mind.

After that, it was the tight reorganization of the territories of the Taixu dynasty and the various armies.

This time in the First World War, the pattern of the Taixu Holy Dynasty completely changed.

Most of the King's Mansion and King's Mansion have turned to the Prince, or the Second Prince, and in that battle, there were too many deaths and injuries. Many Kings of the King's Mansion, even the top masters, almost died.

Chapter 3548: New pattern

There have been major changes in the Taixu dynasty, and all forces will reshuffle the cards.

Among them, some people had good luck, for example, Jiu Jue Tian Wang Mansion, because he and Lu Ming were old acquaintances, although Jiu Jue Tian Wang Mansion turned to the second prince, but in the end, Lu Ming did not move Jiu Jue Tian Wang Mansion.

But some who have hatred against Lu Ming are not so lucky.

For example, the Nine Sword Heavenly King Mansion, the Nine Nether Heavenly King Mansion, the God of War family, and others, during the war, Lu Ming showed no mercy and caused them to destroy them.

The Blue Family of the Taixu Holy Capital is also the same as the Guoshi Mansion. The master is almost beheaded and killed, which is equivalent to extinction.

In addition, there was the King's Mansion that was destroyed during the war. This time, a large number of territories were vacant.

The entire Taixu pilgrimage will be reshuffled.

Of course, these Lu Ming are too lazy to manage, leave it to Kong Xixue, Lan Shang and others will do it.

He practiced with peace of mind, and at the same time sent people to the rioting galaxy to take over his relatives and friends to practice.

In this way, after a busy year, the Taixu dynasty finally settled down and restored order.

At this time, Jing Mo also became the throne and became the new emperor.

As the new emperor ascended the throne, there was naturally a reward.

Lu Ming was named the King of the Taixu Holy Dynasty Qianlong, the first king, and placed a small and a half territory of the Taixu Holy Dynasty under the name of Qianlong.

This area is almost as fast as the area of more than 20 former kings' palaces.

Lu Ming also accepted frankly. He understood that this was shocking, and that he was surrounded by snow, but he didn't care. However, Lu Shenhua and others, who would like to practice here later, had a good name.

Lu Shenhua doesn't like to take risks, he likes to be with his family. That's fine. Although Xiu Wei's progress is slower, he is stable.

Moreover, Lu Ming traveled around by himself, and had no time to accompany Lu Yuntian and Li Ping. It was also good to have Lu Shenhua with them.

In addition, the Palace of the Thousand Saints and Kings of the Thousand Saints has also been expanded several times.

The Blue Merchant was named the new national teacher.

Alligator, became the new army king, commanding all the army of Taixu Holy Dynasty.

.....

After the enclosing, the Taixu Holy Dynasty entered the right track.

As for the new Qianlong Heavenly King Mansion, Lu Ming handed over to Yuan Huan and others to build the operation office.

"Master Lu Ming, we are leaving!"

On this day, Giant Bear, Zhu Tai, and others greeted Lu Ming.

At the beginning, they promised Lu Ming to help Lu Ming accomplish the Taixu dynasty. Now that the Taixu dynasty has been settled, they can leave.

After all, they have been trapped in the Lost Star River for too long, and have long wanted to go back.

"Okay, goodbye in the future!"

Lu Ming smiled.

"Mr. Lu Ming, the old bear I come from the Saint Bear Clan, but the Saint Bear Clan is the big clan in the Honghuang Wanzu List. If there is a chance, I can come to the Saint Bear Clan to find me!"

Giant Bear Road.

During this time, he had seen Lu Ming's talent, and it was really amazing. Such a talent, even among the holy bears, could not be brought out.

It's not that Lu Ming can't be better in combat power. In terms of combat power, cultivation is superior. Among the holy bear clan, a lot of them are stronger than Lu Ming.

He felt that among the holy bears, there was really no talent that was stronger than Lu Ming. With such arrogance, he naturally wanted to make friends.

"Honghuang Wanzu list!"

Lu Ming's eyes moved, and there were some surprises. Unexpectedly, the giant bear actually came from the powerful race in the Honghuang Wanzu list.

The vast universe, hundreds of millions of races, and countless forces.

However, each of them can be included in the Honghuang Wanzu list, and each one is extremely powerful. It is far from being too empty, or the barbarian can compare, it is too far.

The Wu people he had seen before were also powerful races in the Hung Wan Wan Clan List.

Acting overbearingly, I don't know what happened, so I killed Barbaric Emperor directly.

"Okay, if you have a chance, you must visit!"

Lu Mingdao, who can make friends with Honghuang Wanzu list, he will not miss it.

"Master Lu Ming, I am Zhu Tai, from the Tianzhu family, and also a member of the Honghuang Wanzu list. I have the opportunity to come to me!"

Zhu Tai followed.

"it is good!"

Lu Ming nodded.

Then, other people also introduced their origins in the hope that Lu Ming would be free to gather together in the future. Of course, only Hong Xiong and Zhu Tai came from the Honghuang Wanzu list.

Lu Ming all nodded, and agreed to say it for the time being, in case it will be used in the future.

After a few greetings, giant bears and others left.

Soon after the giant bears and others left, the relatives and friends of the rioting galaxy Lu Ming also took over, and it was naturally full of excitement.

Soon, a few months passed.

...

"It's time to break through!"

Lu Ming whispered.

Today, the Taixu dynasty has everything on the right track, and he does not need to worry about it. He intends to retreat, break through to the Divine Monarch Realm, and then open the jade symbol left by Xie Nianqing.

With a wave of hands, a large number of primitive **** crystals appeared.

"Old, let me refine it!"

Lu Ming said, this time, he took out at least hundreds of thousands of original **** crystals.

Divine King Realm, to break through to Divine King Realm, needs to consume amazing energy.

"Hand it to me, the original God Crystal, I will be able to refine it soon!"

In the measurement method, an appeal broke out, absorbing hundreds of thousands of primitive **** crystals, and then began to refine.

Soon after, a wave of pure energy began to pour into Lu Ming's body, was absorbed by Lu Ming, and transformed into his own divine power.

Lu Ming didn't immediately impact the Divine Monarch Realm. This energy is far from enough. He needs to accumulate energy, wait for the energy to accumulate to a certain point, and then start the impact.

Divine King Realm, the cultivation is the star core.

In the realm of God, the core is actually the core of the cultivation.

However, there are also differences.

To break through the Divine Monarch Realm, you need to condense a star ring outside the star core.

Star ring, surround the star core!

Condensing out a star ring is regarded as the divine monarch, and condensing out two stars is the divine monarch.

When the Divine Monarch is ninefold, there are nine star rings around the star core.

Finally, the nine star rings and the nucleus burned completely, merged together, and turned into a star, then they entered the Divine Emperor Realm.

In fact, God Emperor Realm has another name, Stellar Realm.

The nucleus in the body burns and turns into a star, which is a stellar state.

Of course, this is very far away from Lu Ming. What Lu Ming needs to do now is to accumulate enough energy to condense a star ring around the star core.

However, Lu Ming has eleven star cores. If he wants to condense the star ring, the energy required will be amazing.

Time passes slowly, day by day, January month...

The divine power accumulated in Lu Ming's body is becoming stronger and stronger.

In a flash, it was thirty years.

In thirty years, hundreds of thousands of primitive **** crystals have been refined by the quantification method.

Thirty years of refining hundreds of thousands of primitive **** crystals, this is also based on the word formula, if he refining himself, do not know how long it takes.

Hundreds of thousands of primitive **** crystals, the accumulated divine power, has been hard to believe, Lu Ming is just beginning to shock.

Chapter 3549: Breakthrough

In fact, Shen Jun Realm did not have any difficulty for Lu Ming.

There are many conditions for breaking through the Divine Sovereign. First of all, the original divine power factor must reach three awakenings. Such divine power can condense into a star ring.

The original divine factor has not reached the three awakenings, and it cannot be condensed into a star ring at all.

However, Lu Ming's various divine powers have reached four awakenings, and even dominated the divine powers, and even reached five awakenings, condensing the star ring, without difficulty.

In addition, by borrowing the power of Jingyu, he rushed into Divine Monarch Nine Heavy for a short time. He already had some insight into Divine Monarch Realm, and his bottleneck was blocked. It no longer exists and has been penetrated by him.

Therefore, only energy is enough, Lu Ming's entry into Divine Monarch Realm is a matter of course.

As Lu Ming began to break through, Lu Ming's breath from his body grew stronger and stronger, and soon reached a critical point.

Buzz! Buzz! ...

At this time, a series of buzzing sounds came from Lu Mingdan Tanaka, eleven star cores, shaking violently.

Each star nucleus radiates a bright radiance, and the divine power condenses to the extreme.

suddenly...

The star nucleus, which dominates the divine power, has a bright light, and a star ring appears around the star nucleus.

The light of the star ring is still somewhat dim, but it is crystal clear and very beautiful, like the star ring of some planets in the universe.

However, the beautiful star ring is full of horror energy.

Dominate the Divine Power, First Breakthrough

Then, other star nucleuses also kept shaking, condensing star rings one by one.

Overlord gun power, lunar power, sun power...

Soon, eleven nucleuses, each nucleus surrounded by a ring of stars, looks very beautiful.

boom!

On Lu Ming, amazing energy fluctuations broke out, but Lu Ming quickly converged.

Breakthrough!

Lu Ming officially broke into the Divine Monarch Realm and became a Divine Monarch.

Lu Ming showed a happy look.

After so many experiences, he finally became a divine prince and became a divine king.

At the beginning, when Xie Nianqing was leaving, she said that she could not go to her until Lu Ming reached the **** king.

At that time, above the God King, Lu Ming was extremely distant.

But now, after Lu Ming step by step, he finally realized.

...

At the time of Lu Ming's breakthrough, a galaxy, a barren planet far from the Taixu Saint, was suddenly erupted with a breath of terror, and then a sword of light rose into the sky and broke through the depths of the starry sky.

Soon after, a figure rushed into the sky and stood in the starry sky. There was a dense burst of swords and bulges all over the body, cutting the space into a fierce crack.

This is a young man, and it is Emperor Jianyi!

"Lu Ming, now I have entered the realm of God and kill you, just one move!"

Emperor Sword shouted, his hair flying, and his momentum soared.

"Now, I'm afraid that even if you reach the Divine King Jiuzhong, you may not kill Lu Ming!"

A crisp voice sounded, and a figure came out of the air.

"Dark night rose!"

Emperor Jian whispered, deep in his eyes, flashing a trace of fear.

"How do you know where I was closed?"

Di Jian asked, revealing a trace of alertness.

"Everyone else thinks this is a barren planet, but I know that there is a sword Yuanchi, which is of great benefit to those who repair the sword, especially for the Yuanling sword body like you. many!"

The night rose smiled.

"Unfortunately, you are late, Jianyuanchi, already absorbed by me!"

"Also, you said just now, even if I reached the Divine Monarch, I couldn't kill Lu Ming. What does it mean?"

Di Jian asked.

"During the time of your retreat, the Taixu Sheng Dynasty had already undergone earth-shaking changes. The Taixu Saint Emperor, the Crown Prince, the Second Prince, the State Master, these people were all dead!"

The night rose said.

"What? What happened?"

Emperor Sword was shocked.

Immediately, the night rose gave a detailed account of what happened in the Taixu dynasty.

"Unexpectedly, Lu Ming was actually the descendant of Jing Yu, and there are so many people helping him, hehe, it's really unfair!"

Emperor Jian sneered, and soon returned to calm.

It's just that the killing in the eyes is more intense.

"It seems that I have looked away, and Lu Ming's talent is beyond my imagination, but is it interesting? The stronger he is, the more useful it is to me. I will 'eat' him sooner or later, Ha ha ha..."

Dark night rose's eyes gleamed strangely.

Emperor Jian shivered inexplicably, and looked into Rose of Dark Night's eyes, becoming more and more embarrassed.

As soon as Emperor Jian turned to the prince, he would have known Dark Night Rose for a long time, and he knew the terrible night Rose deeply.

This woman can't afford to mess with, can't mess with!

"Today the Taixu dynasty has fallen into Lu Ming's hands. What's the matter with you coming to me?"

Emperor sword together.

"Of course I'm looking for you to fight Lu Ming. Lu Ming is a peerless arrogant and possesses great luck, but no one can resist it. In my opinion, you are a arrogant of the same level as him, and you can resist him!"

"You also have good luck. If you don't retreat in this barren land and stay with the prince, I'm afraid you are dead now, and your luck saved you!"

The night rose said.

"I am stronger than him!"

Emperor Jian said coldly, his eyes showing strong confidence.

Now, he has stepped into the realm of God and has recovered from the blow defeated by Lu Ming, and his self-confidence is stronger.

"Come with me, the Taixu dynasty is just a small place, go with me to a bigger place, I will make you stronger, don't say that Lu Ming, even if you compete with the strongest batch of heaven in the Honghuang universe, Why not?"

Dark Night Rose stared at Emperor Sword together, his eyes showing strange colors.

Emperor Jianyi's body was tense, his body subconsciously retreated, and he watched the night rose with caution, saying, "You never want to strike my attention!"

"Don't worry, I won't pay attention to you. I will let your talents really inspire and become the arrogance of the famous Honghuang universe!"

The night rose said with strong confidence.

"Who the **** are you? I have inquired about you. You come from a remote celestial constellation. The father is just a little **** king, but little **** kings, there can be no daughter like you!"

Emperor Jian stared closely at the night rose.

"Who am I? You are not yet qualified to know. In short, as long as you know clearly, I can help you. I tell you that Lu Ming is stronger than you think. He controls eleven kinds of divine power and cultivates

eleven kinds. The original secret technique, and, now, the eleven kinds of original secret techniques have all cut off a shackle. Maybe, he has also broken through the realm of God!"

The night rose said, knowing Lu Ming's situation.

"what?"

Emperor Jian was shocked and lost in thought, and soon said: "Okay, I will go with you!"

"The right choice!"

Dark Night Rose smiled, and then the two disappeared here.

Chapter 3550: What a coincidence

"Now, I can open that jade rune!"

After Lu Ming broke into the Divine Realm, he stabilized for a few days, and then took out a jade charm.

This piece of jade was given to him by Xie Nianqing at that time, and Xie Nianqing's whereabouts were sealed inside.

Buzz!

When Lu Ming entered the divine power, the jade rune shook slightly, then glowed, and a rune appeared on it.

Lu Ming continued to strengthen the input of divine power.

At the beginning, Hong Yang said that as long as he reached the Divine King, it could be opened, that is to say, when he reached the Divine Monarch Realm, it could be opened.

Lu Ming is not an ordinary divine prince. He controls eleven kinds of divine powers, all of which are awakened more than four times. Therefore, when Lu Ming's divine power is continuously input, it is easy to break the runes on the jade runes.

Those runes slowly dissipated, and finally, the jade runes were shining brightly, and a map emerged in the air.

"A star chart~!"

Lu Ming's eyes lit up, revealing surprise.

On the map, there is a red line, the starting point is the Taixu Holy Pilgrimage, which has been winding forward and extending to the distant starry sky.

Finally, I reached an end, and the light at the end was very bright.

"Where is this leading?"

Lu Mingsi, although he is not very clear about the map of the starry sky, but he can see that it is extremely far away from the Taixu pilgrimage.

"Among the Taixu pilgrimage, there should also be many star charts. Compare them to know!"

Lu Ming moved.

The Taixu pilgrimage has a wormhole that leads to the distant cosmic sky and can travel to other powerful cosmic-level forces.

In the history of Taixu dynasty, there are also some prospective emperors who feel hopelessly broken and will travel far away to find opportunities. They will not return until the limit is coming, but they will also bring back some star maps.

Lu Ming set off immediately, found Kong Xixue and others, and expressed his intentions.

In Lu Ming's current identity, naturally a large number of starry sky maps were easily obtained. These starry sky maps were all marked. Lu Ming looked at them one by one, and then compared with the map left by Xie Nianqing. Once you come, you can clearly know where the map left by Xie Nianqing leads.

It took a few days for the comparison to finish, and Lu Ming's face showed an incredible look.

After comparison, Lu Ming found that the end point of the map left by Xie Nianqing was... Dragon Mother Star!

Yes, the mother star of the Shenlong family!

This is too coincident. Qiuyue has a great chance to go to the Shenlong clan parent star. Originally, Lu Ming was very entangled, whether to go to Qiuyue first or Xie Nianqing first.

In the end, he decided to look at the clues left by Xie Nianqing first, and if they went along the way, he would first go to the dragon clan's mother star. Unexpectedly, the starry sky map left by Xie Nianqing was the gateway to the dragon clan Mother star.

In this case, he does not have to struggle, his destination, already set, is the Shenlong clan mother star.

Lu Ming couldn't wait to fly to the dragon clan star immediately.

Of course, before leaving, there are still some things to be arranged.

Today, most of Lu Ming's family and friends have come to the Taixu pilgrimage. Lu Ming newly established Qianlong Tianwang Mansion, and now he lives in Qianlong Tianwang Mansion.

Lu Ming first met his parents, as well as Lu Shenhua and others, and then talked about his plans, and then left a lot of cultivation resources.

Afterwards, he went to meet Lan Shang, Crocodile Sky, Kong Xixue and others, and said his purpose again.

Lan Shang sighed. He knew long ago that Lu Ming could not stay in the Taixu pilgrimage, but he did not expect that Lu Ming would leave so soon.

"Lu Ming, the vast wilderness universe is huge, and there are countless forces. The strong are like clouds. After you leave, you must still be careful!"

The blue merchant cautioned seriously.

"Yeah, especially the races of the Hung Wan Wanzu list are extremely horrible. The arrogance of those races is also strong against the sky. When I was young, I went out and wandered for a while. I almost died outside, and I will come back later!"

Thousand Saints Heavenly King Road, it seems to recall the scene of that year, showing the look of fear.

"Thank you all, I will be careful, my family, please take care of you too!"

Lu Ming said.

"Relax, as long as I am alive, I won't let people move your family!"

Alligator said.

"Then, leave!"

Lu Ming clenched his fists, left the Taixu Holy Dynasty, and then came to the territory where the Holy Demon Dynasty lived, and saw the Undead Demon King.

Now the Holy Demon Dynasty occupies a few stars, recruiting a large number of disciples, and the number of people has skyrocketed.

"Are you leaving Taixu Holy Pilgrimage? Do you need me together?"

The undead king said, his eyes flashed a few times.

"No, you should still sit in the Holy Demon Dynasty, but you must keep my family safe!"

Lu Ming urged.

Although the Undead King is very strong, taking him with him is a great help.

However, it is better to leave the undead devil in the Taixu dynasty than this.

The immortal demon king stayed in the Taixu dynasty. Able to maintain the balance of Taixu Holy pilgrimage.

If the Undead Demon King left, maybe the Holy Demon Dynasty and Taixu Holy Dynasty would go to war.

Even the Tianyi dynasty and barbarians will also invade the Taixu dynasty. After all, the Taixu dynasty is now extremely weak.

The barbarians are better, and the Tianyi pilgrimage is hard to say.

But leaving the undead king, these forces can only be honest, only balance and stability can ensure the safety of his family and friends, and can practice peace of mind.

He can also leave with peace of mind.

Everything is ready, Lu Ming heads towards an area south of Taixu Shengdu.

Because, the only wormhole in the Taixu dynasty leading to the distant starry sky is here.

But when we were approaching the wormhole, we accidentally met a person.

Blue Spirit!

Needless to say, Lan Ling knew that Lu Ming was going to leave, and was here waiting for him.

"Lan Ling, what a coincidence!"

Lu Ming deliberately confused and smiled slightly.

"Are you leaving the Taixu Holy Pilgrimage?"

Lan Ling said, his eyes were a little complicated.

"Good, but I will always come back, and I will see you later!"

Lu Ming smiled, facing Lan Ling, he always had a special mood.

In the beginning, Lan Shang was determined to marry Lan Ling with him, and he tried to match them.

Of course, at first, Blue Spirit was desperately opposed.

However, as time passed, Lan Ling slowly did not object much, only to find that she and Lu Ming were farther and farther apart, and the difference between cultivation and cultivation was getting bigger and bigger.

Slowly, the blue merchant never mentioned it again.

"Although you are a lot ahead of me now, one day, I will catch up with you!"

Lan Ling took a complex look at Lu Ming and gritted his teeth.

"This nature, I believe!"

Lu Ming smiled, of course, just polite words.

At his rate of progress, no one can catch up with him.

Lu Ming turned proudly.

The two were silent again, or Lu Ming took the lead in saying: "Okay, I should go now. I look forward to the day you catch up with me!"

Lu Ming smiled, then waved his hand, and left without looking back.
