

D Emperor 3551

Chapter 3551: Holy Fire Sword Sect

To the south of Taixu Shengdu, a huge wormhole is floating.

There are no heavy guards here, just some people are sent symbolically to guard.

Because this is a wormhole that leads to a distant starry sky, it is said to lead to a powerful cosmic-level force, the Holy Fire Sword Sect!

This is a sect, but it is a real cosmic-level force. There are **** emperors sitting in town, and not one or two **** emperors. It is said that the number of **** emperors is not small and extremely powerful. It can wipe out the Taixu Holy Pilgrimage.

Therefore, the establishment of a large army guard in this wormhole does not make much sense.

If anyone wants to leave the Taixu dynasty and go to the Holy Sword Sect, they can't control it.

Under normal circumstances, the people of the Holy Sword Sect will not come here. For the people of the Holy Sword Sect, this is just the horns.

When Lu Ming arrived, those who guarded did not dare to stop.

"Taixu dynasty, goodbye!"

Lu Ming glanced back, then stepped out without hesitation and entered the wormhole.

This is not the first time Lu Ming has entered the wormhole, but this wormhole is extremely huge, like a void channel.

As soon as Lu Ming entered the wormhole, he felt that he was traversing the void quickly, to an astonishing speed, as if there were infinite stars flying around him.

In the blink of an eye, he was probably far away from the Taixu Holy pilgrimage.

It was only about a moment before the bright light came from him, and he found that he had appeared in a strange starry sky.

"It's so strong, it's a bit stronger than the Taixu Holy Pilgrimage. Is this the territory of the Holy Fire Sword Sect?"

Lu Ming whispered.

"Huh? Someone came over this wormhole. I don't know how many years no one has come!"

At this time, Lu Ming heard a voice coming.

Lu Ming reacted, looked away, and looked around.

Behind him is the entrance of a wormhole, while in front there are more than a dozen people.

Among the dozen people, there are old men and middle-aged men, all of whom carry long knives and exude a strong breath.

Lu Ming can see at a glance that these people are the cultivation of God's King Realm.

"Boy, where did you come from? Oh, yes, it's the Taixu dynasty, you came from the Taixu dynasty?"

An old man asked Lu Ming carefully.

"Yes, I came from the Taixu Holy pilgrimage, seniors, but here is the Holy Fire Sword Sect?"

Lu Ming asked with a fist, very polite.

When you first arrive, you are unfamiliar, and politeness is a must.

"It's really the Taixu dynasty. At a young age, there is the cultivation of the Divine Monarchy.

The old man looked at Lu Ming again, and then said: "Yes, this is the Holy Fire Sword Sect!"

"The wormhole is really fast. The eradication on the map shows that the Taixu pilgrimage is at least a few thousand stars away from the Holy Fireblade Sect, and after a while, it will be there!"

Lu Ming felt a sigh of emotion in his heart, and then asked: "Senior, I want to go to the Dragon Clan parent star. I don't know where is the wormhole in the direction of the Dragon Clan parent star?"

Lu Ming asked.

Going to the Dragon Mother Star is very far away, there is no wormhole directly leading to the Dragon Mother Star, you have to transfer several times.

The Holy Fireblade Sect has unlimited territory and is at least a hundred times larger than the Taixu Holy Cult. It also has many long-distance wormholes.

However, these wormholes are distributed in different places, leading to different directions, and there may not be too many wormholes leading to the mother star of the dragon family.

"Are you going to the Dragon Mother Star? I did not expect to receive news even in places like Taixu Shengzhao!"

The old man was a little surprised and murmured.

"what news?"

Lu Ming asked curiously.

Listening to the old man, do many people go to the Dragon Mother Star?

"I don't know very well. You have to go to the wormhole to find out the news. There are only two wormholes in the direction of the Holy Fireblade Sect leading to the Dragon Mother Star. They are distributed in different star fields of the Holy Fireblade Sect. Do you want the Holy Fireblade? Zong's starry sky map, I can sell it to you cheaply if you want!"

The old man smiled.

"Yes, how many copies!"

Lu Ming said directly.

The map of the starry sky is definitely necessary. Otherwise, the vast territory of the Holy Fire Sword Sect would require him to find a wormhole, which is 10,000 times more difficult than finding a needle in a haystack.

"One million Need for God Crystal, or, a Jundan!"

The old man said.

"So expensive? Senior, just a star chart, so expensive?"

Lu Ming frowned.

One million Need for God Crystal is not a problem for Lu Ming, but it is just a star chart, and this price is not needed at all.

The other party obviously wanted to kill him.

As for Jundan, it is a kind of Shendan, which has great help to the powerful of Jingjun Realm, and can accelerate the improvement of cultivation.

When you arrive at Shenjun Realm, the speed of cultivation is slower. If you practice at random, it will be millions of years, tens of millions of years, or even hundreds of millions of years. Jundan, however, can greatly speed up the cultivation of Shenjun Realm, so its value is also very high. , A Jundan, equal to one million Need for God Crystal.

"Not expensive, my star chart, but very detailed!"

The old man smiled.

"No, I won't buy it!"

Lu Ming shook his head.

Although he doesn't care about the one million Need for God Crystal, but he doesn't want to be a big deal, he is silly killed by the other party.

Want to buy a star map, it is very simple, find a life planet, I believe it is easy to buy.

After that, Lu Ming flew to the side.

"Want to leave without buying? Stop for me!"

The old man drank coldly, his figure flashed, and stood in front of Lu Ming, a strong breath burst out.

Divine King Triple!

This old man is a triple existence of a prince.

At the same time, another dozen people also flashed in shape, surrounded Lu Ming in the middle, and a burst of breath broke out, covering Lu Ming.

However, the strongest one, just like the old man, has the triple cultivation of the prince, and the others are the double of the prince and the single of the prince.

Think about it too, this wormhole is only for the Taixu dynasty, the Holy Fire Sword Sect, did not take the Taixu dynasty at all. Therefore, the people who sent here to guard were also casually sent a few to repair. The person who sent was sent off, there is no strong man.

Lu Ming's eyes cooled down, which meant buying and selling.

"What are you doing?"

Lu Ming asked coldly.

"Boy, I gave you the opportunity just now, but unfortunately you don't know how to cherish, now, hand over your storage ring!"

The old man said coldly.

Now it's not a question of selling star charts, he directly asked for Lu Ming's storage ring.

He has seen that Lu Ming is nothing more than a divine prince. Even at a young age, it is a natural arrogance, but how strong is the natural arrogance of the Taixu Holy Pilgrimage?

He was confident that a slap could suppress Lu Ming.

"Are you sure you want my storage ring? Let me leave. Just now, you can do that!"

Lu Ming said coldly.

He first came to the Holy Fire Sword Sect and didn't want to cause trouble, but just wanted to borrow the wormhole here to go to the Dragon Mother Star.

So, he took a step back!

Chapter 3552: One move against the enemy

However, Lu Ming took a step back, the other party thought he was afraid!

"Haha, so forget it? This kid, a big tone!"

"It is estimated that this kid was used to being arrogant in the horns of the Taixu dynasty. Also, in the place of the Taixu dynasty, he reached the weight of the **** at a young age. It is estimated that it is unique. It must be arrogant. , You are here, don't you understand anything?"

"In the Holy Fireblade Sect, the younger generation reached the realm of God's King, but they caught a lot!"

On the edge, the others laughed, showing a strong sense of ridicule.

"Boy, hand over the storage ring quickly, you can spare your life, otherwise, die!"

At the beginning the old man drank coldly.

"roll!"

Lu Ming finally lost his patience.

The strongest, but the Divine Monarch is only triple, and it seems that it is also the most common kind of Divine Monarch Triple. To be honest, Lu Ming really hasn't put it in his eyes.

When his Divine King was eightfold, he could contend with the dual existence of a barbarian Divine Monarch. Now, he has reached the Divine King's weight, and he has mastered the Divine Power five awakenings, and all other original secret techniques have all cut off a yoke.

The fighting power is several times stronger than before.

Although, every gap between the Divine Monarch Realm is very large.

However, the ordinary **** monarch is triple, Lu Ming really hasn't put it in his eyes.

Even if the Divine Monarch is fourfold, Lu Ming has the confidence to kill easily.

Lu Ming's word "roll" made the old man stunned, and let other people stunned.

A divine monk with a heavy hair, and a kid from the corner of the Taixu dynasty, let him roll?

court death!

The old man was furious at that time, and an astonishing killer burst into his eyes.

Keng!

The war knife behind him was unsheathed. The dreaded sword light was so gorgeous that he beheaded the landing.

Shenjun triple shot, very powerful, can split a planet in half, but for Lu Ming now, it is nothing.

boom!

In an instant, Lu Ming triggered a five-fold combat power.

Yes, today, the warfare tactics are five times as powerful, and Lu Ming has been able to trigger 100% success, and Lu Ming has started to study the warfare tactics, six times as much.

It is a pity that six times the combat power is more than five times the combat power, at least ten times more difficult, Lu Ming has no clue.

The warfare tactics exploded five times. At the same time, eleven kinds of divine power were running at full strength. Lu Ming held the palm of his hand in the void, and the Ba Shen gun appeared.

A huge spearman was pressed towards the old man, and the void continued to explode. The moment the old man's knife light collided with the spearman, the knife light shattered directly, and then the spearman's gun kept pressing against the old man.

"what!"

The old man screamed scaredly, at this moment, he was trembling all over, almost scared to death.

Too terrifying, the power of Lu Ming's gun completely surpassed him, and exceeded a large amount.

In an instant, the old man was desperately laying a lot of defense around his body.

boom!

When the Overlord Gun fell, the old man's defense collapsed. He screamed, his body flew backward like a meteorite, and flew hundreds of thousands of miles away, smashing a huge meteorite.

He was lying in the starry sky, spitting blood, and had been hit hard.

On the edge, everyone else is stupid.

Was scared silly.

The old man, but the Divine King is triple, and Lu Ming is only the Divine King. He actually killed the old man in a single stroke and beat him into a serious injury. This kind of combat power is too terrifying!

Divine Monarch Realm, every gap is very amazing, but it is not just talking about it. It is very difficult to fight over the ranks.

Because those who can reach the Divine Monarch Realm are not weak, the original divine power factor is awakened at least three times.

As for those who can cross two major battles, it is extremely rare, it can be said to be rare.

But Lu Ming, a young man who came out of the Taixu dynasty, actually straddled the two-fold cultivation practice and struck the old man with one stroke. Such fighting power is really terrifying.

"Do you...require my storage ring?"

Lu Ming spoke coldly and glanced at everyone on the scene.

Now everyone shivered tremblingly, pale.

"Misunderstandings are all misunderstandings, they are the old man's wealth fan know-how, we do not have to pay attention to the son!"

"Yes, as soon as I saw the son, I felt that the son must be extraordinary. How could he be a mortal when he reached the state of God's King at such a young age in the Taixu Sheng Dynasty?"

.....

The people on the side suddenly slapped over.

Although they are crowded, they feel that even if they go together, they are not Lu Ming's opponents. Where can they dare to play Lu Ming's storage ring idea?

I wish to send Lu Ming away immediately.

"I need a map of the starry sky..."

Lu Ming said lightly.

"I have, son, I will give you!"

Immediately, a middle-aged man took out a piece of jade and input divine power, and a starry sky map appeared in the sky, marked with very detailed above.

Lu Ming took a closer look, and sure enough he saw some wormhole locations.

"Good, good!"

Lu Ming nodded, put it away in a polite way, and then flashed into a rainbow, and left here.

"Old Liu, are you okay!"

After Lu Ming left, everyone quickly went to see the old man.

"Almost a waste, hey, this time, I really kicked the iron plate. I originally wanted to make a fortune. I didn't expect that a too empty sage, such a perverted Tianjiao, is really unlucky..."

The old man sighed and sighed.

"Don't underestimate people in small places in the future, who knows whether there will be any abnormalities!"

A middle-aged Dahan Dao.

"Yeah, yeah, this time, it's really long experience!"

Others nodded.

Lu Ming turned into a rainbow of light, flying fast, and quickly flew a long distance.

"I don't know my current combat strength. How does it compare to the pantheon in the first battle at the same level?"

Lu Ming couldn't help but think of it, and compared it with Pantheon.

In the end, he concluded that the pantheon was definitely not as strong as he was when the prince was one.

He now has eleven kinds of original secret techniques, all of which cut off the shackles, and there is no use for the original **** body.

The pantheon was also extremely powerful when the divine prince weighed heavily. The original divine body is needless to say. The strength is amazing. The various secret techniques of the origin are even more terrible.

However, Lu Ming's greatest advantage is the war character formula, the volume character formula, and the "Qiankun Wan Dao Formula". Together, these are the advantages of Lu Ming.

However, Lu Ming feels that the potential of Pantheon is far from being developed.

When I first met the pantheon, the pantheon was the cultivation of the peak of the **** king. At that time, although the pantheon was strong, but it was not too strong, it could leapfrog the war king and even beheaded, but most of them were not double opponent.

But later, with the improvement of the pantheon's cultivation, his combat strength became stronger and stronger, and the ability to fight over the ranks became stronger and stronger.

Chapter 3553: Wormhole closed

With the improvement of the cultivation of pantheon, it seems that his potential has been continuously developed, and his ability to fight over the ranks has become stronger and stronger.

The Divine King's one-weighted pantheon, the ability to fight over the leap, is definitely stronger than the Divine King's nine-fold.

The triple pantheon of the prince, the ability to fight over the leap, is stronger than the one of the prince.

The pantheon was conceived by the blood of dozens of primitive gods, and its potential is too strong, it can be said that it has endless potential.

With the improvement of cultivation, the potential of pantheon is developed and will become stronger and stronger.

In Shenjun's heavy fighting power, Lu Ming has more confidence than all gods, but with the improvement of his later cultivation, it is hard to say.

"Still work hard, I don't know what the **** of the gods has come to now?"

"Also, Bubbles, what about those two guys? The world turtle, the space-time spirit rat, is extremely powerful even in the wilderness universe. It can be ranked very high in the wilderness list, there are two The resource support of this tribe, their cultivation behavior should skyrocket, it is estimated to be above me. When Qiuyue and Xiaoqing are found, they will go and see them!"

Thinking about it, Lu Ming thought of Dandan and Bubble again, which had not been seen for many years.

"By the way, I haven't engraved the teleportation on my body yet. It's too slow to fly like this!"

Lu Ming suddenly thought that once he broke through the Divine Monarch Realm, he could engrave a large formation on his body.

Engraving the teleportation can energize the teleportation force and teleport itself out. Although it cannot be compared with the speed of riding a wormhole, it is also many times faster than flying.

"The sharpener does not cut the woodworker by mistake. I'll find a place to carve out the teleportation first, then go to the entrance of the wormhole!"

Thinking of this, Lu Ming flew towards a barren planet.

Landing on the planet, Lu Ming found a hidden place to sit cross-legged.

"Ball, help me protect the law!"

Lu Ming waved his hand and the ball flew out.

During the Taixu Holy War, the ball swallowed countless artifacts. Today, it has also successfully evolved to reach the weight of the Divine Monarch, and it is still constantly improving.

After all, the Taixu Holy War was too tragic, with countless deaths and injuries, and countless artifacts left behind.

Moreover, there are a lot of monarch artifacts. After the ball is swallowed, it is not so easy to digest. Today, it is only a part of it. In the future, the ball will continue to refine the artifact and its strength will continue to increase.

"Okay, you can practice with confidence!"

The ball said.

Immediately, Lu Mingjing went down to practice, and in his mind, he would send the details of the large array, thinking about it carefully, and when the state returned to the peak, his hands waved quickly, and a rune appeared in his hands.

Runes flew into Lu Ming's body and disappeared.

Lu Ming's body is covered with runes, intertwined together, forming a large formation.

This process lasted seven days.

Seven days later, Lu Ming was already covered with runes, as if covered by a rune armor.

"Get up!"

At this time, Lu Ming took a sip and sent a large array, which was the last step.

When the last rune flew into Lu Ming's body, the runes on Lu Ming's body radiated a radiant radiance, like a small sun. After a while, all the radiance lurked and disappeared.

Lu Ming did not seem to have the slightest difference. All the runes were hidden under the skin. They could not be seen from the outside.

"Try it!"

Lu Ming showed his expectation.

"Ball, let's go!"

Lu Mingdao, the ball turned into a bracelet, which was carried on Lu Ming's wrist, and then Lu Ming stimulated the divine power, and the divine power was continuously poured into the body's transmission array.

Then, the void was rippling, and the next moment, Lu Ming's figure disappeared directly from here.

In another starry sky, Lu Ming's figure suddenly appeared.

"I don't know how much distance I have traversed at once, it should be much faster than flying, but the magical power it consumes is really amazing!"

Lu Ming felt the divine power in his body carefully.

His divine power is already very strong, with eleven star cores, but just one teleport just removed about one-twentieth of his divine power. If the general divine king is one heavy, it is estimated that at most two teleports, the divine power will be consumed. Exhausted.

"And the start-up time is slow, it takes time, in the war, it really is useless!"

Lu Ming thought.

This teleportation array can only be used to hurry.

Then, Lu Ming continued to carry out teleportation transmission. After several experiments, Lu Ming found that each transmission could cross several galaxies. This speed was hundreds of times faster than flying.

Lu Ming has a number of words and tricks, which can be continuously transmitted. However, the territory of the Holy Fire Sword Sect is really too wide. Even if Lu Ming continues to transmit, he still hasn't rushed to the next wormhole.

Even the divine power previously stored in the literary formula is almost exhausted.

Lu Ming had to stop and find a place to replenish the magical power in the word-measure.

Lu Ming absorbs the Divine Crystal, refines the Divine Crystal, transforms the Divine Crystal's energy into Divine Power, and then injects Divine Power into the Quanzi Juice. After the Divine Power is fully injected, continues to refine the Divine Crystal and continues to replenish.

This process lasted for a full month, until Lu Ming felt that the magical power in the word measurement formula was very strong, and it was able to support him for some time before Lu Ming started again.

After three consecutive days, Lu Ming finally came to a wormhole.

This wormhole is one of the two wormholes of the Holy Fire Sword Sect leading to the mother star of the Shenlong clan. Of course, it is not direct, just in that direction.

"Stop, this wormhole is not open to the public now!"

Outside the wormhole, there was a strong guard of the Holy Fire Sword Sect, and Lu Ming was blocked as soon as he arrived.

The people who guarded this wormhole are not like those who Lu Ming from the Taixu dynasty wormhole guarded. The people who guarded this wormhole are full of breath, very terrifying.

Even the person headed, like a mountain, is not weaker than Crocodile Sky, the giant bear and others, it is a quasi-emperor.

"Senior, this wormhole, why not open to the outside world?"

Lu Ming asked.

He inquired before that these wormholes are all open to the public.

"Ask for it, right?"

The prospective emperor glared.

"Senior, I really don't know!"

Lu Ming said sincerely.

"This wormhole is one of the only roads to the dragon clan's parent star. Now, the dragon clan's parent star is recovering and guarding the slack. I heard that the **** monarch is below the triple, and it has been able to enter. During this time, many people think To go to the Dragon Mother Star, but there is a limit to the Dragon Mother Star, so the two wormholes in the direction of the Dragon Mother Star are closed and cannot pass!"

The prospective emperor explained.

Chapter 3554: Sign up

That prospective emperor made Lu Ming stunned.

Dragon family star recovery? What does it mean? And attracted a lot of masters to go, which made Lu Ming frown, more people, more changes.

In addition, the wormhole that leads to the Dragon Mother Star is actually closed, so how should I go?

"Senior, when will the wormhole open?"

Lu Ming asked.

"When will it open, I don't know, but I know that after three months, there will be a group of masters of the Holy Fire Sword Sect going to the dragon clan star, all of which are below the triple triple of Divine King!"

The prospective emperor explained this, looked at Lu Ming again, and continued: "If you really want to go, I can point you to a clear road. This time, there is a limit to the number of dragon family stars, so the Holy Sword Sect There are three outstanding disciples who have been trained as triples in the Divine Monarch, recruiting masters to form a team, and heading to the Dragon Mother Star together. If you are confident, you can go to a surrender!"

"Oh, where?"

Lu Ming's eyes lit up.

"An outstanding disciple is recruiting on the nearest wooden star, you can try it, but I remind you that the dragon star is recovering, but there are great opportunities, countless people want to take a slice of the soup, But the number of people is limited. This place will definitely have to undergo fierce competition. Your cultivation is the most important. If you want to succeed, it is not so easy!"

The prospective emperor continued.

"The juniors have their own balance, thank you seniors for telling me, leave!"

Lu Ming clenched his fists and left here, heading towards the wooden star.

After Lu Ming left, those who guarded the wormhole began to discuss.

"You asked him to compete for the place of the dragon clan star, is he let him die, how can a **** be passed?"

"Yes, this time the rule is that the prince is below the triple, but it will definitely attract many princes, the presence of the prince is double, the prince is single, there is no possibility!"

Several of them spoke with a slight disdain.

"Shen Jun is important, and of course I can't pass it. I just sent him casually. Can he live? What do we do with him?"

The prospective emperor smiled lightly.

...

Wood star, not very far from here, Lu Ming took out a map of the starry sky, it was easy to find, and then sent toward the wood star.

Soon after, a huge planet appeared in front of Lu Ming.

This planet is several times larger than the planet Lu Ming had seen before. It is very powerful and looks from afar. There are huge cities dotted on the surface of the planet.

Planet does not have any defense, Lu Ming flew directly to one of the planets.

"A lot of masters!"

Walking on the streets of a city, Lu Ming looked at it secretly and was shocked.

There are too many masters on the street, and the streets are full of gods, and a glance at random is a god.

Even, there are many of them who are more than seven-folded.

Although the wood star is a very important planet of the Holy Fireblade Sect and can be ranked in the top five, the number of such masters is still amazing.

You should know that in the Taixu dynasty, the seven princes, but they can command a army, or become the king of the king's palace.

But here, when Lu Ming strolled around for a while, he discovered that there were no less than ten princes and more than seven levels of existence.

It is conceivable how many masters there are in the vast Holy Fireblade Sect.

The Holy Fireblade Sect is worthy of being a true cosmic-level force. Even the Holy Emperor has a number of amazing powers. It is far from the sub-universe forces like the Taixu Shengdi, Tianyi Shengdi, and the Barbarians.

After going around for a while, Lu Ming randomly asked someone to inquire, and then he came up with the information he wanted.

An outstanding arrogance of the Holy Fireblade Sect, named Manning, recruited masters in the sky city on the wooden star and went to the Dragon Mother Star together.

Because the next stop to the Dragon Mother Star is a powerful race on the Honghuang Wanzu list, the Holy Sparrow.

Starting from the Holy Fireblade Sect, the next stop is the Sanque Clan, and the Sanque Clan, with wormholes, can directly reach the star field where the Dragon Mother Star is located.

However, the Holy Sparrow clan gave the Holy Fire Sword Sect a quota, and only gave the Holy Fire Sword Sect thirty-nine places. The Holy Fire Sword Sect can only send thirty-nine people to go.

The Holy Sparrow tribe, but the race on the Honghuang Wanzu list, is extremely terrible. It is far from what the Holy Fire Sword Sect can compare. The Holy Sparrow Clan speaks, and the Holy Fire Sword Sect can only do so.

Therefore, the Holy Sword Sect sent three outstanding princes and three distinguished disciples, so that each of them took twelve masters and divided into three teams to the Dragon Mother Star.

Therefore, during this time, the three outstanding disciples of the Holy Sword Sect were recruiting masters everywhere.

It is conceivable that this time the Dragon Mother Star will definitely gather a large number of masters, so the stronger the masters recruited, the safer the Dragon Mother Star trip, and the more opportunities you can get.

After hearing the news, Lu Ming went straight to Sky City.

Sky City is larger than the previous city and has more masters.

Lu Ming inquired at will, and knew where Manning had recruited people, and Lu Ming headed towards the north side of Sky City.

There is a huge square, and in the middle of the square, there is a huge battle platform.

At this time, the square had been surrounded by Manning people, and there was only one entrance. There were people specially guarding it, and those who wanted to go to the Dragon Mother Star signed up there.

There are only twelve Minger, and there are many people signing up, so there will naturally be some competition.

"I tell you, don't think that the Dragon Mother Star is recovering, you can pick up the cheap inside, and take the chance to take it. It is impossible. This time, the masters of countless powerful forces will go, and the competition will be extremely fierce. The strength is not enough. It is best to have self-knowledge. , Don't die!"

It was a red-skinned old man who was in charge of the registration. He shouted at this time and warned those who were weak and not strong.

However, not many people listen to the elderly, and a large number of people still sign up.

Of course, those who are under the prince naturally know that they have no chance. The registration is basically in the prince's realm, ranging from one to three.

"I have warned you, it's your business to listen or not!"

The old man with red skin shook his head and registered one by one.

Soon, it was Lu Ming's turn.

"Boy, don't sign up if you are the one who is the most important. Haven't you seen so many registrations? They are all the two and the three are the king. Even if you sign up, you can't get the quota!"

The red-skinned old man glanced at Lu Ming and said lightly.

"Senior, there is no rule that Shenjun can't sign up?"

Lu Ming said.

"There are really no regulations, but even if the prince is enrolled, it is impossible to obtain the quota. Why bother and waste time!"

The red-skinned old man said that the color of disdain was stronger.

In fact, the registration of Divine Monarch is indeed relatively small, most of them are dual, and a few are triple.

Chapter 3555: Dragon Family Star Recovery

Lu Ming frowned slightly, and said, "Senior, I know what I have!"

"Hum, don't listen to the old man's words, suffer a loss in front of you, but there will be a competition later, you are killed, don't blame me for not reminding you!"

The red-skinned old man's voice was a little cold.

He looked down on this kind of overstretched person the most. He had persuaded each other and gave Lu Ming a chance, but Lu Ming didn't know how to cherish it.

In his view, Lu Ming's self-confidence, arrogance and arrogance, who do not have a clear understanding of his own strength, are destined not to go far, sooner or later will fall and be killed.

This is his experience along the way.

"Good for yourself!"

Finally, the old man with red skin left a word coldly and registered Lu Ming's name.

Lu Ming took a jade card and walked into the square.

"I'll say it again. If you don't have enough strength, don't sign up. Don't be overstretched like some people. When you are killed, you will regret it too late!"

The old man with red skin shouted.

Lu Ming smiled faintly, too lazy to ignore, and went towards the middle of the square.

In the middle of the square, there is a huge battle platform.

A ladder on the side of the battle platform extends upwards, and at the end of the ladder is a platform.

On the platform, the situation of the square or the battle platform can be seen clearly.

At the moment, there are a few people on the platform, to be precise, there are a total of seven people.

In the middle, is a woman, very beautiful, wearing silver armor, heroic.

Behind her, she was carrying a battle sword. The battle sword kept burning with flames and burning, causing the temperature in the air to rise.

Presumably, this person is an outstanding disciple of the Holy Sword Sect, Manning!

Beside the woman, there are also six young men and women.

"They are all triples!"

Lu Ming's eyes moved.

Today, his eyesight is different than before, and the other party does not deliberately hide the cultivation behavior, so he can easily see the other party's cultivation behavior.

The seven youths are all triples of gods.

The Holy Fireblade Sect is worthy of the Holy Fireblade Sect. Its strength is far from comparable to that of the Holy Void.

At the beginning, among the younger generations of the Taixu dynasty, the strongest one was the divine monarch, and there were only two. Here, at one glance, the seven divine princes with three princes were seen.

On the battle platform, many people have already set foot, all of them are registered people.

Lu Ming also stepped onto the battle platform, mixed with the crowd, and waited.

"Huh, Shen Jun also came to join in the excitement, I really do not know life or death!"

A cold voice sounded, coming from a cold-faced young man.

This person is also the person who signed up for the competition. He glanced at Lu Ming, and there were several other people who were heavy on the emperor and looked disdainful.

This young man cultivated his behavior without concealment, exuding politely, and it was also a triple existence of a prince.

Several other princes with a heavy face looked ugly, dared not to say anything, turned their heads, and deliberately did not look at the cold young man.

However, Lu Ming's face was calm, and even a slight smile appeared on the corner of his mouth.

How about Divine King Triple, he really didn't put it in his eyes.

Unless the other party is like Emperor Jianyi, or Murong Qiushui's perverted arrogance, it will bring pressure to Lu Ming.

Ordinary Tianjiao, even if he is two times taller than Lu Ming, has no pressure.

However, Emperor Jianyi and Murong Qiushui's arrogance, how could it be so easy to come across.

One is to walk out of the world of Xiaoqian, have great chances and have great luck, and get the existence of the original ancient characters. In many ways, it is very similar to Lu Ming.

And the other one is Tianjiao, which is recognized by the fragments of Life Soul Yuanshi.

Both of them can be said to be top demon, how can it be so easy to meet.

But Lu Ming's faint smile fell on the eyes of the cold young man, but made him look cold.

"Boy, what are you laughing at?"

Leng Jun's youth said coldly.

"What am I laughing? What do you do with you?"

Lu Ming glanced at Leng Jun's youth at will.

"What does it have to do with me? Haha, it will soon be related to me. You are a god-heavy **** and you want to mix up a quota. It is really whimsical. Now I will give you a chance to roll off the battle platform. Otherwise, wait a moment to start If you meet me, it is your death time!"

Leng Jun's youth sneered, and the chills made people chill.

Several other princes with a heavy heart shuddered and became timid.

One person even blinked a few times, jumped directly off the battle platform, ran out of the square, and abstained.

No one was surprised. The Divine Monarch had no chance at all.

This time, the Divine Monarch triple capped, so the existence of the Divine Monarch triplex is the most powerful.

Fighting against the masters of Shenjun Triple is tantamount to death.

"Shenjun is triple, it's amazing?"

Lu Ming spoke lightly, but it caused a sneer.

"Haha, this kid, what nonsense are you talking about? Of course, when Sanjun triple faced with Shenjun, he was certainly amazing!"

"Looking at him, it seems that he hasn't put the Triple King of God in his eyes. This kid wouldn't have come out of the horns, right? No common sense?"

On the edge, the others sneered, with a strong disdain.

There is nothing terrible about the triple king, the quadruple king, and the five or more kings can be said like this.

However, the Divine Monarch cannot be heavy, because the Divine Monarch can slap a bunch of Divine Monarchs with one slap.

This remark came from the mouth of a person with a heavy weight, and it was ridiculous.

"There is really nothing remarkable, then you should pray not to meet me later!"

Leng Jun's voice was cold and murderous, and he made no secret.

Many people mourned for Lu Ming. Obviously, Leng Jun's youth had already killed Lu Ming. If Lu Ming really met Leng Jun's youth in the future, it is estimated that there was only one way to die.

The episode on the battle platform was filled with seven people from Manning on the platform, and they didn't pay any attention to it.

Their purpose is to choose the right person. These people have nothing to do with their contradictions.

Time, day by day.

For the gods and princes, days or even months are no different from ordinary people's seconds.

In a flash, half a month passed.

"Okay, sign up till now, deadline!"

At this time, Manning finally spoke.

Then, he glanced at everyone on the battlefield and said, "It must be known that I need to recruit some people this time and head to the Dragon Mother Star!"

"Before more than thirty star years, the Shenlong family was annihilated by other hordes of the universe. The masters of the Shenlong family were killed and injured, but at the last moment, the

strongest group of dragons existed at their own expense. The Forbidden Art Wanlong Seal seals the Dragon Mother Star, and outsiders cannot step on it!"

"And since then, the Dragon Mother Star has also completely fallen into silence, but now, the Dragon Mother Star's Wanlong Seal has appeared loose and flawed, and the Dragon Mother Star has also begun to recover, and various treasures have appeared. For everyone, it's a great opportunity!"

Manning Road.

Chapter 3556: Let him show

Many eyes are fiery.

The Shenlong family, which was extremely powerful at that time, can definitely rank in the top ten in the entire wilderness universe.

This is the real overlord.

What holy fire sword sect, or holy bird clan, in front of the original dragon clan, is all garbage, not worth mentioning.

This shows how many treasures exist on the Dragon Mother Star.

If you can get a little treasure, you might be able to take off and rise quickly.

Who wants to miss it?

Manning continued: "Although Wanlongyin is now loose, it is said that the strongest can only allow the triple presence of the Divine Monarch. If stronger people want to enter forcefully, they will be extinguished by the smoke of Wanlongyin!"

"And, this time, the Holy Birds only gave us thirty-nine places for the Holy Fireblade Sect, divided into three teams, each team, thirteen people, but, I already had six candidates in advance, so this Once, only six people are recruited!"

"six people?"

Many people froze, looking at the six young people around Manning.

These six young people are probably the arrogance of the Holy Fire Sword Sect.

The Holy Fireblade Sect, although ruling the vast territory, but not all sites, are all the Holy Fireblade Sect. Below, there are many affiliated sects, dynasties and so on.

There are also a few sub-cosmic forces such as Taixu Shengji.

"Yes, this time when you enter the Dragon Mother Star, there will definitely be strong arrogants from all major forces. Therefore, if you want to get a chance, you must have a strong combat power. This time, I will choose the strongest six people and join My team, so you guys, only the six strongest players can join my team and go to the Dragon Mother Star with me!"

Manning Road.

Many people looked at each other, their faces dignified.

Originally thought that there were twelve places, but now it is found that there are only six places, and the pressure for competition has increased dramatically.

"Miss Manning, I don't think it's so troublesome at all, so many people are competing, when is it going to compare? I suggest that let the triple **** of the gods directly compare and decide the top six places!"

At this time, a cold voice came out, it was the cold young man before.

As soon as this remark came out, the faces of those who were the first and the second were changed, so that they would not even compare, wouldn't they be out.

"I also think that it is the best. Divine monarchs have the first priority. Even if they take part in the competition, it doesn't make any sense!"

Another youth road.

Divine Monarch Realm, every gap is very big, there are very few people who can fight across levels.

Moreover, most of the people who can come to participate in this registration are Tianjiao characters, with strong fighting power, and it is even more impossible to fight across levels.

Manning showed his thoughts and seemed to be considering the other party's suggestions.

"I feel wrong!"

At this moment, Lu Ming spoke.

Just kidding, just don't let them compete, and knock them out. Isn't he unable to go to the dragon clan star?

This is impossible, the dragon clan star, he must go.

Xie Nianqing, Qiuyue, may be the mother star of the Dragon family.

He is determined to get this quota.

As soon as Lu Ming spoke, many people looked at Lu Ming in unison.

"It's your junkie's heavy garbage!"

Seeing Lu Ming, a cold light flashed in the eyes of Leng Jun's youth and said, "You are wrong? What's wrong?"

"Combat power is never measured by cultivation behavior!"

Lu Ming said.

"Listening to your opinion, you have a strong combat strength. Can you use the heavy cultivation of Divine Monarch to compete with Divine Monarch triple?"

Leng Jun youth said with a joke on his face.

"Not bad!"

Lu Ming nodded seriously.

"Hahaha..."

Leng Jun's young man laughed exaggeratedly, his whole body shivered, and all the tears of laughter came out.

All around, many people were also laughing, watching Lu Ming, just like watching a fool.

A person with a heavy prince said he can compete with a person with a triple prince?

is it possible? Crossing two levels in Divine Monarch Realm?

It is still possible if you cross one level, but it is impossible to cross two levels. There is no possibility. There is no such thing as the Holy Sword Sect.

This unnamed kid who didn't know which horns ran out, said that he can cross two levels and use the one-level cultivation of the Divine King as a counter to the triple existence of the Divine King.

The joke is really a big joke.

"This kid is so overwhelming, I have long seen him as a fool, it's really disgusting..."

The red-skinned old man who was in charge of registration before showed a disdainful smile and a disgusted face.

He hates this kind of man who runs a train full of mouths. It is too unreliable and will only brag.

On the platform, Manning and six other youths also shook their heads.

As the arrogance of the Holy Fire Sword Sect, they have not seen the terrible demon, for example, Manning himself, in the Holy Fire Sword Sect, is the top demon, but wants to fight across the two levels in the Divine Monarch Realm...

Manning shook his head.

"Blindly arrogant, not self-restrained, such a person is simply not worthy to participate in this contest, if you let him go to the dragon clan star, I am afraid it will kill everyone!"

Around Manning, a young man said coldly.

"Boy, go ahead!"

"Yes, don't participate!"

On the battle platform, several young men scolded to let Lu Ming go down.

"Wait!"

At this moment, Leng Jun's youth cried instead, saying: "Since this kid is so confident, why don't we let him show it, don't let him show it, he thought he was invincible in the world, we didn't give him a chance!"

"Boy, did you say that?"

Finally, Leng Jun's youth looked at Lu Ming.

Of course, he was not so kind to help Lu Ming. He wanted Lu Ming to be embarrassing, and even wanted to find a chance to kill Lu Ming.

Lu Ming dared to talk back to him before, and he had already killed Lu Ming in his heart.

"You are right, don't let me show it, I will be very unconvinced!"

Lu Ming looked calm and nodded seriously.

Hahaha...

There was another burst of disdain.

"Manning, did you hear that? He said he wanted to show it, so give him the chance to show it!"

Leng Jun's youth looked at Manning.

Manning pondered for a moment, then nodded.

"Boy, girl Manning agreed with you to show it. Now, who are you going to challenge?" Leng Jun said.

"Don't you want to kill me, then I will give you a chance, now, fight me!"

At this moment, Lu Ming got serious and stared at Leng Jun's youth.

what?

The scene was suddenly quiet!

Everyone stared at the landing stunned.

Lu Ming, I really want to challenge the cold young people and the triple existence of Divine Monarch.

Wow!

At the next moment, the scene was in an uproar.

"This kid is really crazy. He wants to challenge Kedao. This is to die!"

"Too ignorant, I wonder, how did this boy live to the present?"

"No matter how he lives to the present, but I know, he certainly can't live to tomorrow!"

Chapter 3557: Rolling

"I don't know what it means, I don't know life or death!"

The red-skinned old man waved his sleeve, his eyes full of disgust.

On the platform, Manning and six other youths shook their heads with sneer. In their view, Lu Ming was looking for death.

However, they will not stop it. They will find themselves dead. Why do they want to stop it? And today's competition, it is not forbidden to kill, it is normal for someone to be killed.

On the contrary, Ke Dao, a cold young man, gave a slight stun.

The surprise came too suddenly.

He originally wanted to kill Lu Ming, but he used his cultivation practice to challenge a divine monarch, and he really lost face.

But now, Lu Ming has taken the initiative to challenge him, is it not a surprise?

"Okay, since you have this self-confidence, if I don't agree, wouldn't it not give you the opportunity to show me, I agree to your challenge!"

Ke Dao said quickly, fearing Lu Ming would regret it.

"So, the first competition, let's start!"

Manning spoke, then waved his hand, the figures on the battle platform flashed, and all withdrew from the battle platform. Watching the battle under the battle platform, only Lu Ming and Ke Dao remained on the battle platform.

"Boy, I will give you the opportunity to shoot, let you do three tricks, any tricks, although use them, later, you have no chance to use them!"

Ke Dao looked at Landing Ming with a proud look.

"Uh, this sentence, I wanted to say to you, since you are so confident, forget it, let me go first!"

Lu Ming said.

Almost made many people laugh again. The reason why they didn't laugh was because Lu Ming had already shot. Then, the expression on their faces changed from sneering to consternation and deep panic.

boom!

Lu Ming shot, and directly triggered the warfare formula five times the combat power, and then eleven kinds of divine power in the body, all exploded, and even the power of the five awakenings that dominated the divine power, completely burst out.

Then, the Gate of Domination condensed out, turned into a huge giant, and suppressed towards Kedao.

Ke Dao, after all, is the triple cultivation of the Divine Monarch. Such a young man can reach this level. His talent is very strong, but he is a arrogant figure. Lu Ming will not despise it, and once used it, he used a powerful force.

Only the primitive **** body was not displayed. Of course, the power after cutting off the shackles was not inspired.

But even this is extremely scary.

The vast power of the Gate of Domination changed everyone's face.

And Ke Dao's face was even more wild, he felt like a planet was smashing towards him.

He knew that he looked away and Lu Ming was a terrible master.

Then he roared, bursting out all his strength and slashing out a knife.

A vast and radiant knife slashed towards Landing Ming.

Ke Dao's strength is not weak. The source divine factor is awakened four times and also controls the source secret. The strength is stronger than the old man who wanted to rob Lu Ming before.

However, the result is still doomed and cannot compete with Lu Ming at all.

boom!

The Gate of Domination was suppressed, Kedao's knife light shook violently, and then burst with a burst, the violent force bombarded Kedao, Kedao screamed, his body retreated, his mouth coughed up blood, a face Horrified at the landing sound.

The scene fell into deathly silence.

At this moment, there was no sneer on the face, and some were only amazed, horrified, and puzzled!

One trick, just one trick, Ke Dao, coughed up blood, how could this be possible?

Divine monarch is so important, how can one defeat the triple existence of monarch?

"This this..."

The old man with red skin was stunned, his mouth wide open and he could swallow a goose egg.

An old face of him has become purple-black, which is ashamed.

He also said before that Lu Ming was not self-controlling, arrogant and arrogant, and extremely disgusted with Lu Ming's performance.

But now, Lu Ming tells him with practical actions that Lu Ming is really confident, because he has this strength, but he is short-sighted, the frog at the bottom of the well, has no eyes...

At this moment, he wished to buy a piece of tofu and hit him dead, which was too shameful.

On the platform, Manning and six other youths suddenly stood up and looked shocked and horrified.

"evildoer..."

Half-sounding, Manning slowly spit out two words, revealing the color of surprise.

Lu Ming, who can defeat Ke Dao in one move, I am afraid that her strength can be compared with her. Even if it is worse, it is not too bad. This is very helpful to the Dragon Mother Star. She is naturally surprised.

"The first move..."

At this moment, Lu Ming slowly opened his mouth, and then, the divine power poured into the door of the master far and wide, to launch a second attack.

"Damn, escape, escape..."

Ke Dao shouted in his heart, he already knew that he was definitely not Lu Ming's opponent, and only escaped to live.

He turned into a blade of light and retreated towards the battlefield.

"Now I want to go. It's late. Let's talk after three strokes!"

Lu Ming said coldly, and then, the boots of the wind-blown emerged and merged with his feet. Lu Ming turned into a ray of light and chased toward Ke Island.

"Essential mystery, the second mystery!"

As soon as the boots of the wind extinguished, the scene was in an uproar.

Lu Ming, there is actually a second source of secret techniques.

"Ancient cultivation method, he is practicing ancient cultivation method, no wonder the strength is so powerful!"

Someone shouted, thinking that he saw Lu Ming's details.

But he hadn't finished his words. With a sound of Keng, Lu Ming waved his hand, and the Sword of Breaking Void had already flew out, breaking through the air, and immediately caught up with Kedao.

The third kind of source secret technique!

Everyone was stunned again. The face of the old red-skinned man had become the appearance of an eggplant. His body was trembling, and he wanted to find a crack.

Of course, none of the original secret techniques used by Lu Ming have inspired the power to cut off the shackles, otherwise, these people are probably going to be stunned.

Poof!

Breaking the void directly cut out, directly cut Ke Island into two.

Immediately afterwards, the Gate of Domination suppressed.

"Forgiveness, forgiveness..."

Ke Dao shouted in horror.

But Lu Ming's eyes were cold and unmoved.

The Gate of Dominance, with its mighty power, entraps destructive forces and suppresses it.

boom!

Kedao screamed, his body exploded, and his form and spirit were destroyed.

As for the storage ring, Lu Ming grabbed it in his hand and put it away.

The scene was quiet, watching the landing stunned.

evildoer...

A word appeared in their minds.

Yes, demon, Lu Ming is definitely a demon genius, otherwise, why kill the opponent across two levels, and still kill like a crush.

Only the word demon can describe Lu Ming.

"Six places, I want one. Whoever disagrees, come up with a fight!"

Lu Ming glanced at the audience.

No one said anything.

Just kidding, Ke Dao was crushed, who dare to go up.

Ke Dao is strong in the triple of the Divine Monarch, and he is in control of the mystery of the original source. The source divine factor has reached four awakenings.

Many princes are triple, not only do they have no control over the original secret technique, but the original divine power factor is only three awakenings.

Ke Dao is invincible. Didn't they go to death?

Chapter 3558: Thirteen people lost

Lu Ming waited for a long time, and no one went up to fight him.

"Since there is no World War I, then I want this quota!"

Lu Ming opened his eyes and looked at Manning on the platform.

"Xiongtai is so combative and deserves a quota!"

Manning nodded and was very satisfied with Lu Ming's combat strength.

Although it is only a divine cultivation practice, but the fighting power is amazing. Going to the dragon clan together, I believe it can play a great role.

Lu Ming nodded, his figure moved, and landed on the platform.

"Okay, there are still five places. For the sake of fairness, it is still a two-to-one matchup. Take the strongest name!"

Manning opened his mouth, and with Lu Ming's lessons in front of him, he didn't dare to underestimate the people with the double weight of Shenjun and the double weight of Divine King. What if Luming ran out again?

After some discussion, the competition began.

On the battle platform, a fierce war broke out, very tragic, from time to time someone was killed.

However, such as Lu Ming, it is naturally impossible to appear again, and almost no one can fight across the ranks. Some of the princes triple exist and defeat other opponents in a crushing way.

Ten days later, the competition was over, and the last five places were all released.

Over the past few days, Lu Ming also saw in his eyes, how many in his heart.

Some arrogant characters, like Ke Dao, have four awakenings of the original divine power factor to control the original secrets, as well as some other powerful secrets.

However, no one had the original secret technique to cut off the shackles, nor did he see the awakening of the original source divine factor five times.

It seems that even in the Holy Fireblade Sect, the prince under the triple, it is very difficult to want to awaken five times, or to cut off the shackles of the original secret technique.

"You come with me, rest for a few days, and then set off!"

Manning Road.

After that, Man Ning arranged their residence for Lu Ming.

Soon, two days passed, and two days later, they set off and came to a planet not far from the wormhole to join two other people.

However, as soon as Manning came to this planet, Manning received news that she would take someone to gather together.

Soon, on a huge open space, Lu Ming saw two other people.

Like them, an elite disciple of the Holy Sword Sect, with twelve masters.

Lu Ming glanced away, and found that the other two groups of people, all of which were the triple existence of Divine Monarch.

The three parties looked at each other, with a fine flash of light.

Although they went out of the same class, once they entered the dragon clan star, they might become a competitive relationship and seize each other's resources when they encounter opportunities.

Buzz!

At this time, the space was flooded, and several figures suddenly appeared in the air, a strong breath filled the air.

"Prospective Emperor!"

Lu Ming jumped in his heart.

This suddenly appeared, a white-haired old man, plus two big men.

What makes Lu Ming's face solemn is that these three people are all quasi-imperial.

In the Holy Fire Sword Sect, the Divine Emperor Realm is the top powerhouse, and generally will not be dispatched, the Divine Emperor does not appear, and the Prospective Emperor is the strongest.

"See the three elders!"

Manning and others bowed to salute.

"No more gifts!"

The white-haired old man waved his hand in the middle, and then said: "It was more than a month before the departure time. Now I'm calling you over temporarily, there is a bad news to tell you!"

"bad news?"

Everyone's heart sank and their faces changed, staring at the white-haired old man, waiting for his answer.

"The Saint Bird Clan had originally given us thirty-nine places, and it was possible to form three teams, but not long ago, the Saint Bird Clan came back with news that there were not so many places and we could only send 26 people to set off! "

The white-haired old man said.

"Twenty-six people!"

Everyone's heart sank and their faces looked ugly.

Originally, there were thirty-nine people, but now there are only twenty-six people left, which means that one third of the population will be eliminated.

"Elder, why did you suddenly reduce the quota?"

Manning asked.

"I'm not afraid of competition, reduce our number, the competition facing the St. Crow is also less, hum, after receiving our benefits, but playing this trick!"

The white-haired old man sneered and was very upset.

But the Holy Birds are a powerful race on the list of the Hungry Clan. They are no longer upset, they can't do anything, they can only obediently obey.

"Now that you have already formed a team, you will not break up. Our opinion is that of your three teams, only two can go, and the other can only stay!"

The white-haired old man said.

Everyone's heart sank again.

Three teams can only go to two teams, and one team will face elimination.

The three teams looked at each other, and at this moment, they exuded strong hostility.

Neither party wants to give up.

The Dragon Mother Star, which is a mother star of a huge race, has been sealed for dozens of stellar years. Now it is recovering. The opportunity is unimaginable. Seizing this opportunity, you may be able to fly into the sky and compete with the top heaven of the wild universe.

"Elder, I think that only the two strongest teams can go to the dragon clan star. The stronger the strength, the better the chance to get more opportunities!"

At this moment, a young man in a purple robe opened his mouth, wearing a purple feather coat and a rich look.

"Ziying, which team do you think is the weakest?"

Asked the gray-haired old man.

"Obviously, Manning's team should be eliminated!"

Ziying pointed to Manning.

"Ziying, what do you say, my team is the weakest? Which eye do you see?"

Manning drinks cold.

Ziying, like Manning, is also one of the three elite disciples of the Holy Sword Sect, the leader of a team.

"Which eye can see it? I can see it with both eyes. Your team has uneven strength. Even the heavy garbage of Shenjun is in it. It can be seen that your team is not very good!"

Ziying smiled disdainfully, glancing at Lu Ming.

Others are almost the same, looking at Lu Ming, showing a disdainful smile.

Shenjun can be selected with one weight, showing that Manning's team is very weak.

"Ziying, do you think you can judge a person's strength by repairing it alone? Although Lu Ming is only a divine prince, his fighting power is very strong and he will not lose to anyone!"

Manning Road.

"Hahaha, the fighting power is very strong? Manning, do you really put gold on your face?"

Ziying laughed, and the disdain on her face grew stronger. She said, "Where can a strong monarch be stronger? Manning, you don't want to say, he is as triple as a monarch? If it is true, then he is not strong. , But your people, too weak, then you don't have to participate anymore, and even die when you go!"

"You...spoken!"

Manning was angry.

"Elder, it is obvious that Manning's team even has Divine Monarch's weight, which shows how weak her team is. This is very simple. Excluding her, we two teams can go to the dragon clan!"

Ziying Road.

The reason why he aimed at Manning is because the strength of another team is amazing, he is not sure.

Chapter 3559: Team fight

The white-haired old man frowned, and his thoughts were also biased towards Ziying.

In the Manning team, even the Divine Monarch has the same weight. It can be seen that the strength is really not very good. It is also a waste to go to the Dragon Family Mother Star, but it is a waste of space.

"Strength has never been said by mouth!"

At this moment, Lu Ming's indifferent voice sounded.

Everyone's eyes converged on Lu Ming.

"Boy, what do you mean?"

Ziying's eyes narrowed and she stared at Ming Ming.

"It seems that your ability to understand is really not good. I have said so clearly, but I don't mind explaining it again. By mouth, I can never judge strength. Only by doing it can I judge strength!"

Lu Ming said lightly.

Lu Ming will not miss the opportunity to go to the Dragon Mother Star.

The opponent wanted to get him out, so he only had to punch in.

"You want to get started, do you think your divine monarch's heavy cultivation can compete with us? Ha ha!"

Ziying sneered disdainfully.

He did not believe at all, how important the Divine Monarch could be.

Divine Monarch Realm is not a Divine King, these realms of God can casually cross the ranks to fight.

Divine Monarch Realm, how difficult it is to fight across levels, he knows very well, moreover, the people here are all arrogant characters, and it is more difficult to cross levels.

"Elder, I think Lu Ming is right. The strength is not based on the mouth, but on the battle. I request a battle to decide which team is the weakest team!"

Manning clenched fists at the three elders.

"Okay, the elder Ben also has the intention, then let's fight in a team battle. The three teams fight each other in a melee battle between the teams. The weakest one, you don't need to go to the dragon clan!"

"Also, remember not to kill!"

The old man ordered.

The old man said, pat on the ground.

Rumble!

The ground roared, and a huge rock platform emerged, protruding from the ground.

"This battle platform is about a thousand miles long and wide. You go up in a battle, and those who fall on the battle platform are defeated!"

The old man said.

"Ziying, let's fight!"

Manning looked at Ziying with a high fighting spirit.

With a snap, Manning first set foot on the battle platform, and then Lu Ming and others also set foot on the battle platform one after another.

They are very confident, because they know Lu Ming's combat power, but can't measure Lu Ming's combat power with the weight of ordinary god.

Ziying and others dare to underestimate Lu Ming, destined to suffer a big loss.

Like the previous Kodo.

"Huh, since you are looking for abuse, then complete you, give me, crush them!"

Ziying shouted, and her figure moved, and rushed to the battle platform.

Then, the members of Ziying also rushed to the battle platform to confront Lu Ming and others.

Vibration in the void, a powerful breath burst, collided in the air.

"Let us use strong strength to crush you and let you know how weak we are!"

Ziying spoke indifferently, full of strong self-confidence. As soon as the words fell, his body burst out, killing Lu Mingming and others.

"Ziying, your opponent is me!"

Manning drank coldly and burst out, killing Ziying.

The two swords burst into tears, tearing the void, colliding fiercely together, the void vibrated, and the swords swept across the world.

Ziying and Manning both trembled and retreated.

But at the next moment, they were fighting together again, the sky was full of swords, extremely bright, powerful breath, forming terrible pressure, pervading all directions.

"Strength is better, but still very limited!"

After Lu Ming observed it, he probably knew Ziying and Manning's strength.

The two of them, although better than others, are not much better.

The source divine factor is still four awakenings, and the source secret technique still does not cut the shackles.

It is really not so easy to cut off the shackles of the original secret technique.

The two princes of the Taixu Holy Dynasty practiced two stellar years, and they only cut off a chain of shackles in order to reach the ninth level of Divine Monarch.

In the original primitive spirit world, although they were all cultivation practices below the gods, those who entered the primitive spirit world were almost all races and cultivated the pride of the primitive **** body.

Some people's talent is very amazing, but there are only a few people who have cut off the shackles of the original secret technique.

Moreover, in the primitive spirit world, in those famous mountains, whether it is to cultivate the source divine factor or the source secret technique, it is easier than outside, but only a few people can do it.

If Lu Ming had not had a series of adventures, it would not be so easy to cut off the shackles of the original secret technique.

Boom...

Ziying and Manning fought, and Lu Ming and others also fought together.

More than 20 people on both sides, fighting together.

"Boy, a heavy waste of a god, let me get down!"

A black-faced young man sneered and rushed towards Landing Ming, slashing towards Landing.

This young man has the triple cultivation of the Divine Monarch, and his strength is very strong, but, in Lu Ming's eyes, it is not enough to see.

"It seems that it is necessary to show some strength properly, otherwise it will always be underestimated, which is not conducive to my situation of going to the dragon clan!"

Lu Ming turned a thought in his heart.

He found that sometimes too low-key is not good, the high-key has to be high-key.

In an instant, the five-fold combat power of the war character tactics triggered, eleven kinds of divine power exploded, and the Ba Shen Gun appeared in the hand.

Buzz!

The Ba Shen Gun shook. At this moment, Lu Ming directly inspired the power of the Ba Shen Gun after cutting off the shackles. A terrifying breath erupted from Lu Ming, making the world tremble.

Then, a shot was swept out.

bump!

Without any slightest accident, the blade of the black-faced young man shattered directly, and the spear kept sweeping toward the black-faced young man.

"Ah, your original secret technique cut off the shackles..."

The black-faced young man shouted in horror, almost scared to death, and at the critical moment, blocked the sword in his hand.

His war sword is a monarch artifact, and his original secret technique is also a war sword, integrated into the monarch artifact.

However, when the Ba Shen Gun was bombarded on the War Sword, the War Sword violently shattered into pieces, and the body of the black-faced youth flew out like a shell, flew out of the battle platform, and continued to fly out of the tens of thousands of miles before it smashed. On the ground, he vomited blood and was hit hard.

A move, just a move, black-faced youth was spiked.

Of course, the other party did not die, because Lu Ming's men were merciful, and there were rules before that they could not kill.

"what?"

Seeing this scene, other people were thrilled.

Not only Ziyang's people, Manning's people, but also another team, including the white-haired elders and others, couldn't help but widen their eyes.

Cut off the shackles!

Lu Ming's original secret technique has actually cut off the shackles and stimulated the power of terror.

"Go down!"

Before everyone could react, Lu Ming had already killed him.

No one is invincible, no one can stop Lu Ming's move.

The Ba Shen guns were swept out, and each figure flew out like a sandbag, and flew out of the battle platform.

Chapter 3560: Dare not fight

Almost instantly, Lu Ming swept out eleven shots.

Then, eleven figures flew out of the battle platform.

No one can block Lu Ming's one move. Eleven people flew out almost at the same time and hit the ground.

The twelve people brought by Ziyang were just blown away, and only the people on Manning's side were left on the battle platform.

Ziyang and Manning were fighting in high altitude. When they saw such a situation, their eyes were almost stunned. They were stupid and stunned.

Then, he was slashed by Man Ning with a knife, and he flew out directly, still not responding. His eyes were screaming, his eyes stared at him, his eyes were all puzzled, horrified, frightened and so on.

Manning's heart also shook hard a few times.

She knew that she still underestimated Lu Ming. Lu Ming's strength was stronger than she thought.

Taking a few deep breaths, Manning calmed himself down.

"How about the Divine King?"

Manning stood at high altitude, staring at Ziying, a disdainful voice came out.

puff!

Ziying spit out blood, and her face was hot.

Didn't he despise Shenjun before, thinking that Manning's divine power was uneven, and the result?

Chiguoguo's face~!

His man, in a face-to-face time, was killed by Lu Ming in seconds. This kind of strength easily crushed him.

He still looks down on Lu Ming, is he qualified?

"Great!"

The three elders of the Holy Fire Blade Sect were also full of wonder.

"Liu Xuan, next, it's our turn!"

At this time, Manning looked at the leader of another team and challenged him.

At this moment, Man Ning was full of enthusiasm, full of confidence, there was Lu Ming, what are you afraid of? Crush directly!

The leader of the other team, called Liu Xuan, looked ugly at the moment, and squeezed out a little smile, saying: "Sister Manning, I didn't expect that your team has such arrogance. ,I surrender!"

Liu Xuan simply confessed.

Are you kidding him? He's not that silly.

Anyway, three teams can go to two, as long as the team defeated Ziyang.

Before, Liu Xuan's team had always been considered the strongest of the three teams, and he still had some confidence in beating Ziyang.

"Okay, the first team to win is the Manning team, qualified to go to the Dragon Mother Star!"

The white-haired old man announced.

Lu Ming let out a sigh of relief and finally got it done.

"Now, Liu Xuan and Ziyang, it's your turn to compete, which side loses, which side is eliminated!"

"Ziyang, to be fair, give you time to heal, hurry up and heal!"

The white-haired old man said.

Ziyang's face was very ugly.

Liu Xuan's team has an overall strength above him, which is why he provoked Manning at first. As long as he defeats Manning, even if he is not defeated by Liu Xuan, he will also have the opportunity to go to the Dragon Family Mother Star.

But now, he can only face Liu Xuan.

"Full-hearted healing!"

Ziying swallowed, and began to take Shendantun into the mouth, and healed the wound with full strength.

Let him give up like this, he is not reconciled, still have to fight.

Ziying and his people are doing their best to heal the wounds. Anyway, it is still early before departure, and everyone waits quietly.

It took several days for Ziying and his men to recover from their injuries and return to their peak.

Of course, this is also the reason why Lu Ming didn't give up before, otherwise, it will not be good in a few days.

After the injury, the two sides boarded the battle platform and the war broke out.

On the side of Liu Xuan, although the overall strength is stronger, it is also limited. The fighting between the two sides is very fierce. If it is not the rule that the killer cannot be placed, I am afraid that some people have fallen.

It took more than half an hour for the two sides to fight together before deciding on the victory.

After all, Liu Xuan won a little over there and defeated the Ziying team.

In the end, the two teams of Manning and Liu Xuan got the chance to go to the wormhole.

In more than a month, they will live nearby and wait for the arrival of time.

Behind the scenes, there was no accident.

More than a month, soon arrived.

Outside the wormhole, Lu Ming and others gathered.

"Remember, to enter the Dragon Mother Star, you should be low-key and cautious. This time, countless forces of the vast universe will send people to go, both for chances and for crises. You must master it yourself!"

The white-haired old man solemnly warned.

"Yes, elder!"

Everyone nodded.

"Go!"

The white-haired old man waved his hand, and Lu Ming and others started to go into the wormhole.

Soon after entering the wormhole, they came to a strange starry sky.

"People of the Holy Sword Sect, come with us!"

Lu Ming, they hadn't looked at the situation around them, they heard a sound.

They looked forward and saw a group of a dozen people.

These dozen people, all wearing wings, have sharp eyes and terrifying breath, giving people an unfathomable feeling.

"Queen Emperor, are these dozen people all quasi emperors!"

Lu Ming was shocked.

He understood that this should be the territory of the Sanque.

However, seeing a dozen prospective emperors at a glance still shocked him.

"Lu Ming, the Holy Sparrow Clan, but the big clan on the Honghuang Ten Thousand Clan List, for such a force, the quasi-empire can't count anything, and the Divine Emperor doesn't matter."

In the sea, the voice of the bone demon sounded.

The emperor is nothing?

Lu Ming's heart shook hard.

The God Emperor he has seen now, there will not be a demon king, and it is just a God Emperor with a bad spirit.

In the holy bird clan, the Divine Emperor is nothing, really terrible.

But soon, Lu Ming was relieved.

After all, it is a powerful force on the list of hungry nations.

The Honghuang Universe is vast and immense. There are countless power races. It can be said that it is the top race of the Honghuang Universe, and its strength is normal.

"Seniors, we are the Holy Fire Sword Sect!"

Manning and Liu Xuan nodded quickly, trembling.

Although the Holy Fireblade Sect is a big force, it is like a ant in front of the Holy Sparrow Clan.

In the face of the powerhouses of the Holy Bird, Liu Xuan and Man Ning, it is normal to not be calm.

"I know you are the people of the Holy Sword Sect. We are here, waiting for you. Let's go with us. There are some other forces. When the people are here, we will go together and head to the Dragon Mother Star!"

A middle age of a holy bird clan spoke lightly, his face calm, but Lu Ming still saw disdain and arrogance in his eyes.

In the face of some small forces, the big clan on the Honghuang Wanzu list does have arrogant capital.

They only speak to each other with the same mentality when they face the same race as the Hundred Peoples List.

Liu Xuan, Man Ning and others were trembling, and Lu Ming didn't mind. Everyone followed the Holy Bird family and came to a small wormhole.

For example, the huge forces such as the Holy Sparrow tribe occupy too much territory. Even if they rush by the way of transmission, it will take a long time.

Therefore, in the holy crow race, basically through the wormhole.
