

D Emperor 3581

Chapter 3581: Come again

"Brother Black, drink and give it a try!"

Lu Ming said.

"it is good!"

Black State took the Jade Bottle and took a deep breath. He could see that his hand was trembling slightly, obviously very excited.

At the last bite, drink the 'medicine' of the variety, then cross your knees and start refining.

Roar!

From the entrance of the potion, the sound of dragon chanting came out, and it turned into tiny dragons, which went to the black body through the pulse of the body, and then condensed out near him, bursting out a strong vitality.

"this is?"

Black State was shocked, and then ecstatic, because he felt that his dragon veins were recovering at a rate visible to the naked eye.

Inch by inch, his dragon veins were being repaired, and the repaired parts became stronger and stronger than before.

For them, the Dragon Vein represents talent. His Dragon Vein is stronger than before, and his talent is higher than before.

"It really works!"

Lu Ming also paid attention to it all the time. When he saw the expression of Black State, he was relieved to know that his blood was effective for Black State.

In just half an hour, the dragon veins of Black State have completely recovered.

The dragon vein in his body is like a lifelike dragon, especially strong, tough and powerful, full of vitality.

"A very strong dragon vein, the current dragon vein is several times stronger than before, and my speed of cultivation will be several times faster than before!"

Black State was ecstatic, and his eyes were extremely bright.

He used to be the first arrogance of the Black Dragon family, and his talents were amazing. After the recovery of the dragon clan star, he practiced at a speed of a thousand miles and a hundred years. From the **** of heaven to the triple of **** king, it was amazing.

However, with this dragon vein, his cultivation speed will be faster.

With a long exhalation, the practice was over. Black State opened his eyes and looked at Lu Ming, revealing a deep shock.

It's just a potion, not only can repair his dragon veins, but also make the dragon veins stronger. This method is incredible. If it is transmitted, it will cause an earthquake of the dragon's mother star.

Because this method is really against the sky, in this way, everyone will destroy the dragon veins, and then take this medicine, is it not that the talent will become stronger.

What is the way to change talent, not against the sky?

In the end, Black State decided to let the secret rot in his stomach, because he knew how amazing this thing was, and if it was spread, it would be extremely dangerous to Lu Ming.

"Brother Lu, thank you!"

Black State clenched his fists and bowed deeply to the landing. He really thanked him sincerely.

"Brother, no need to say thanks, you saved my life before, I just helped you restore the dragon veins!"

Lu Ming smiled.

"Black State, get me out!"

Just then, there was another roar outside.

"The voice of black titanium!"

Black State's face sank.

Black titanium is his second uncle.

Didn't the black titanium just get run away? It's been two hours before I came back.

"Go and see!"

Black State Road, now his dragon veins are repaired and he is a lot more confident.

Lu Ming and Black State walked out of the room and saw a group of people in the courtyard.

A total of sixteen.

There are a dozen of them, very old and gray-haired.

"Seniors of the elders' home, you just came!"

Black State glanced.

These elders are the elders of the Black Dragon Family Parents' Home. They have great power in the Black Dragon Family. Nowadays, the Black Dragon Family does not have a head of the family.

"It did come, black state, I have discussed with the elders' home. Your dragon veins are abolished. You are already a waste person. You are not qualified to take charge of the black dragon order. The elders decided to make Kurokawa the next head of the family. Now, let the black dragon order Hand it over!"

Black titanium drink.

"Yes, hand it in quickly, and that kid, who dares to hurt me and my dad, must be punished, so discard his dragon veins, and accompany you this waste!"

Aside, Kurokawa also drinks coldly.

After several hours, the injuries of Black Titanium and Kurokawa basically stabilized, but the breath was still weak.

"What? The Presbyterian Church promised to give the Black Dragon to Kurokawa? Impossible!"

Black State screamed and was very surprised. He looked at a dozen of white-haired elders and asked, "Elders, what does the black titanium say is true?"

"Not bad!"

One of the white-haired elders said: "Black State, your dragon veins are no longer valid, and you are no longer qualified to continue to control the black dragon order. Give the black dragon order and give it to Kurokawa!"

"No, the black dragon order can't be given to Kurokawa by anyone. I was injured before to save Kurokawa. He reversed a rake. How can he hold the black dragon order with such a heart?"

Black State drinking.

"Hey, Black State, you too disappointed the old man!"

The old white-haired old man sighed and said, "My own mistakes are my own mistakes. Why should I put the blame on others and slander Kurokawa!"

"Good, Black State, let's hand over the Black Dragon Order!"

Another old man followed.

"You...you..."

Black State looked at the elders in the nursing home in shock, disappointed.

He understood that the people in the elder's home had already been bought by black titanium, and he didn't use it anymore.

Otherwise, how can they get together so quickly and get here.

Today, the opponent must force him to hand over the Black Dragon Order.

However, he is no longer a waste!

"Black State, you haven't surrendered the Black Dragon Order, I tell you, don't think you can rely on that kid, today, that kid is going to die!"

Kurokawa roared, looking at Lu Ming, his eyes were extremely cold.

Lu Ming actually dared to abuse him like that, he wanted Lu Ming to die without burial.

Boom...

More than a dozen elders in the elder's home, a strong breath broke out, locking Lu Ming to prevent Lu Ming from escaping.

"Is the God King five important?"

Lu Ming's mouth slightly raised.

There are a total of twelve people in the elder's home.

However, although his cultivation practice was only restored to the Triple King of God, the Five King of God, in his eyes, was still not enough to see, and it was too far behind.

Divine King Realm, although there are many gaps in each weight, but far less than Divine King Realm.

When Lu Ming was in Divine King Realm, he was able to cross multiple realms to kill his enemies, not to mention, he was just repairing and falling down, but various means were extremely terrifying, far stronger than when he was in Divine King Realm. Fighting is as simple as eating and drinking.

Therefore, Lu Ming was very calm and looked at the scene in front of him indifferently, without any haste.

This is after all the family affair of Black State. He can solve it by himself.

"My father is the head of the Black Dragon family, I am the next heir of the Black Dragon family, I am the orthodox bloodline, the Black Dragon Order, I am in control!"

At this moment, the voice of Black State had cooled down, and the voice of Bingham was spreading everywhere.

"Hahaha, you are in control of the Black Dragon Order? It's your waste? What is the qualification of a waste that has destroyed all your dragon veins..."

Kurokawa laughed, but halfway through, his voice was jammed.

Because, in Black State, a strong breath broke out.

Chapter 3582: Unbearable

A strong breath erupted from Black State, like a divine dragon, and the sound of Long Yin came out of him indistinctly.

Kurokawa's laughter was jammed, as if his throat was jammed, and his eyes were round, and there were incredible colors inside.

At the same time, the black titanium, as well as the others in the elder's home, also froze, staring at Black State with a dumbfounded look.

"You... your dragon veins have recovered? Impossible, this is impossible. At that time, you were obviously destroyed by the dragon beast. I also specifically checked it, impossible!"

Kurokawa hysterically shouted in disbelief.

"Now that my dragon veins are restored, I am the young master of the Black Dragon family and the master of the Black Dragon Order. Now, do you want to commit the following crimes?"

Black State screamed, the momentum was amazing, and Kurokawa pressed back two steps.

"Impossible, this is impossible, what's going on? How can the dragon vein be destroyed?"

Kurokawa yelled nonstop, and his face was distorted.

Some elders in the elder's house flashed their eyes, showing hesitation.

"Elders, I believe that you are just blinded by black titanium and black titanium. Now that you have won black titanium and black titanium, this is the end!"

Black State Road.

"Elders, don't be fooled by the black state. Just now you have stated your position and asked him to surrender the Black Dragon Order. He must be hateful. Now he said that in order to deal with me. After he solves me, he will definitely find you. Liquidation one by one, now only one way to go to the end, is the best strategy!"

Black titanium drink.

"Yes, I still think it is better for Kurokawa to take charge of the Black Dragon!"

At first the old man with white hair said, his eyes were cold.

"I think so too!"

Another elder said, looking at Lu Ming and Black State, revealing a strong murderous opportunity.

"you guys..."

Black State was shocked and chilled.

It seems that these people are really completely bought by black titanium.

"Haha, yes, how about his dragon veins recovered? As long as it can't be destroyed anymore, he is still a waste!"

At this moment, Kurokawa laughed again, full of fierceness.

"No, the young master's dragon's veins have recovered, he deserves to be the head of the family!"

At this moment, an elder said.

"Yes, with the talent of the young master, he will definitely be able to lead the Black Dragon family to become stronger!"

"I support Young Master!"

Then, several elders spoke.

A total of three old men moved their bodies slowly and came to the vicinity of Black State.

These three people stood on the side of Black State.

Before, they thought that the black state repair was abolished and became a waste person, only to support Kurokawa to take charge of the Black Dragon Order.

But now that the black veins of the Black State have recovered, they naturally stand on the Black State side.

"Several elders, thank you!"

Black State clenched his fists, slightly relieved, not everyone betrayed him in the elders' home.

"Three of you..."

Black titanium's face is ugly.

"Then they will be solved together!"

The earliest white-haired old man spoke coldly, stepped out, and forced to the black state.

"Shoot!"

The other elders also stepped out and killed towards Black State.

"The young master has recovered, you dare to commit the following crimes, you are a traitor!"

An elder who supported Black State shouted.

"You are obsessed, and send you on the road!"

The earliest white-haired old man spoke coldly and his breath was forced.

There are nine elders in total, and they are persecuting towards Black State.

bump!

At this time, Lu Ming stepped out and landed in front of Black State.

"Black State, how do these people solve it?"

Lu Ming spoke lightly.

"This..."

Black State was at a loss for a while.

Although he knows that Lu Ming is powerful and can easily solve the black titanium, but these elders are all the cultivation of God King Wuzhong, and with so many people, can Lu Ming cope with it?

Therefore, he hesitated for a while.

"Elders, this kid's cultivation is not weak. Solve him first, and then solve the black state!"

Cried black titanium.

"Yes, solve this kid first, no, don't kill him first, scrap him first, I want him to kneel like a dead dog in front of me to beg for mercy!"

Kurokawa yelled, staring at the land murmurly, killing him coldly.

He hated Lu Ming.

"Shoot!"

"kill!"

The earliest white-haired old man shouted, his body burst out, and rushed towards the landing Ming, the powerful energy, like the mountains and rivers, pressed against Lu Ming, a terrible divine power, like a A giant snake is generally entwined towards Landing Ming, locking Lu Ming.

"Rewind, rewind!"

Three elders supporting Black State, protecting Black State, shouted and wanted to retreat.

The opponent has nine elders, and they are only three. They are not opponents of the opponent at all. What they can do now is to retreat first, and then summon other masters of the Black Dragon family to fight against the black titanium and others.

This is the only way they can think of.

"Why do I have to return it to deal with these rubbish?"

At this moment, Lu Ming's faint voice sounded.

Then step out.

bump! The ground shook, then, a nine-clawed dragon, rushed out of Lu Ming's feet, roared at the white-haired old man.

"This is...Nine Claw Dragon?"

People at the scene were shocked.

Roar!

The nine-clawed dragon roared, and the dragon claws stepped on it, instantly tearing the white-haired old man to attack, grabbing him on the chest.

what!

The white-haired old man screamed, his chest was caught, and his strong energy penetrated the opponent's body, exploded at the opponent's spine, and directly destroyed the opponent's dragon vein.

bump!

The white-haired old man flew out and hit the ground.

Roar roar...

Then, a few more nine-clawed dragons flew out, opening their teeth and dancing claws.

Then at the next moment, three more elders screamed and stepped into the footsteps of the white-haired old man. They were crushed by the dragon veins and hit the ground.

"Ah, my dragon veins, my dragon veins are ruined..."

"You are so cruel..."

Several white-haired old people screamed repeatedly.

The remaining elders took a cool breath, rushed out of the body, stopped suddenly, and then backed frantically, looking at the landing song in shock, they almost scared to death.

"This... is this the legendary magic formula of the dragon? Can you actually develop the magic formula of the nine-claw dragon?"

An elder's eyes widened, and the unbelievable staring landed.

"Unbearable!"

Lu Ming said coldly, waved his hand, and the Nine Claws Dragon disappeared.

Gollum...

Black State and others swallowed a spit and watched Landing in shock.

Lu Ming's strength shocked everyone.

Even the elders of the five kings of the gods are vulnerable.

"This...this...how is it possible?"

Kurokawa, the black titanium father and son are about to blaze their eyes, and their bodies are trembling, thinking they are dreaming.

How could Lu Ming be so strong?

It was half a while before they reacted, and then they were extremely frightened and froze.

They slowly backed away, wanting to leave here and leave here as soon as possible.

Chapter 3583: Make waves again

"Don't want to die, it's better to stand here and don't move!"

Lu Ming spoke coldly.

Black Titanium, Kurokawa, and the remaining elders, stopped and dared not move.

Lu Ming's strength is too strong, he can completely kill God King Wuzhong, Lu Ming said, they did not dare to violate.

"Black State, what should these people do?"

Lu Ming looked at Black State.

"Rao Ming, Black State, Rao Ming!"

Suddenly, the black titanium shouted.

"Forgive you? Persecuted me three times and five times. Now I think I'll spare you. Before, I have bypassed you once. As I said before, the second time, I will never be merciless!"

Black State's eyes were completely cold.

Although he has a generous heart, he also has a bottom line.

Before, he had bypassed the black titanium and Kurokawa, and said that there was no second time, but the black titanium and Kurokawa did not take his words seriously, and it took only a few hours to bring the elders' People come to the door again, if he is the other party, he is a fool.

"Black State, I am your second uncle, forgive me!"

Black titanium begs for mercy.

"Now tell me about family? When you forced me before, why didn't you think I was your nephew?"

Black State said coldly.

"I am also confused for a while, Kuroju, give me another chance, I can swear, I will definitely renew my heart..."

Black titanium loudly.

thump...

At this time, the remaining elders knelt down directly to Black State.

"Young Master, forgive us. We were bewitched by the black titanium. Both of them father and son bewitched us. Otherwise, how would we take action against the young master? The young master's dragon veins are now restored. It is the orthodox and the culprit. Both are Black titanium father and son!"

"Not bad!"

Several elders hurriedly said, pushing everything on black titanium and Kurokawa.

They saw that the white-haired elders were gone, and the six gods were really scared.

Now that the Dragon Mother Star is recovering, the cultivation environment is so good that it is against the sky, repairing the explosive improvement.

It is unimaginable where in the future we can grow and how many Shouyuan can be earned.

The dragon vein was destroyed at this time, which was an unimaginable blow.

They do not want to follow in the footsteps of the former.

"You...you are mean and shameless, nonsense..."

Black Titan roared, glaring at the elders.

boom!

It was just outside of the Black Dragon family that there was a roar of roaring sounds, and you could see the divine light soaring into the sky.

"what happened?"

Black State was shocked.

Soon, two guards rushed in, panicking.

The two guards did not look at the black state, bowed directly to the black titanium and the elders, and panicked: "Elders, some people attacked our black dragon family, we can't stop it, we are going to kill it!"

"what?"

Everyone was shocked.

Someone attacked the Black Dragon family?

Everyone except Lu Ming changed his face.

The face of Black State and the three elders around him changed because of shock and worry.

The internal affairs have not been resolved yet, are there enemies outside?

The faces of black titanium, Kurokawa and others have changed, but they have more different thoughts.

Now that there are enemies outside, it may make a big difference.

Maybe they can have hope.

Black titanium and others, could not help but hope.

"Hahaha, everyone is here!"

"Alright, save one by one!"

Dozens of people suddenly appeared in the sky as the figure flashed.

Dozens of burly brawny men, one by one shot through the blood red armor, with dragon scales on the skin, obviously also the dragon clan on the dragon clan star.

Dozens of people wearing red war armor surrounded the courtyard.

"Who is in charge of the Black Dragon family?"

A **** battle armor, a Chinese man with a Chinese character's face, his voice rumbling and blasting, gazing at the Quartet.

"It's him, he's our young master!"

Black Titan's gaze turned, and suddenly he pointed to Black State.

Obviously, Black State did not want to let go of his meaning, and now he can only put hope on these people.

These people are obviously bad.

"Are you the young master of the Black Dragon family?"

Guozi's eyes on the big man fell on Black State.

"Yes, who are you? Why do you come to my black dragon family?"

Black State asked loudly.

"It's very simple. I heard that you have a Black Dragon Valley in the Black Dragon family. Now, we want Black Dragon Valley. You, the people of the Black Dragon family, can get away!"

The Chinese character said coldly.

"You... are here to **** the Black Dragon Valley?"

Black State's complexion changed greatly.

Today, the Dragon Mother Star is recovering, and there are countless opportunities.

The greatest chance is that among the remains or holy places of ancient times, there are more treasures bred in it.

Black Dragon Valley is such a place.

However, not all forces of the Dragon Mother Stars have relics or sacred sites. Some forces do not exist at all.

And these forces will go everywhere to **** the remains or holy places of other forces.

They had heard of such a thing before, but they didn't expect it to happen to them now.

"No, I want us to surrender the Black Dragon Valley, no, the Black Dragon Valley is left by my ancestors of the Black Dragon family and must not be given to outsiders!"

Black State Road, directly refused.

Black Dragon Valley is the hope of the rise of the Black Dragon family.

Now that the Dragon Mother Star is recovering, everyone is moving forward and improving quickly, and the Black Dragon Valley is the basis for the rapid improvement of the Black Dragon family. If they lose the Black Dragon Valley, their Black Dragon family will lag behind others, and sooner or later they will be Eliminate.

He must not hand it over.

"I didn't discuss with you, I ordered you, do you understand?"

The Chinese character said coldly.

"My Black Dragon family, do not hesitate to fight!"

Black State responded loudly.

"Do not hesitate to fight? Then let me see. What skills do you have in the Black Dragon family?"

Guo Zi waved his face, and immediately, a blood-clad big man stepped out, holding a spear, and slayed towards Black State.

"Young Master, give me this person!"

On the edge of Black State, there are three loyal elders. At this moment, an elder stepped out, and the strength of the five kings of the gods broke out completely, rushing towards the blood-clad big man.

"God's five-fold, do not limit yourself!"

The blood-clad big man drank coldly, and his body burst out with a dazzling blood light. Long Yin sounded, and the blood light condensed a divine dragon, and then merged with his spear. Under the pressure of the spear, a huge spear burst out.

boom!

A violent roar, the attack of the elder of the Black Dragon family, collapsed directly, the guns kept on, pierced his chest, and took the elder back quickly, nailed to the wall.

"Six Kings of God!"

The elder shouted in shock, blood sputtered in his mouth.

"what?"

Black State, as well as black titanium, Kurokawa and others, were extremely shocked.

This blood-clad man is actually a six-fold existence of a **** king.

Too terrifying, the five kings of the gods face the six kings of the gods, and naturally there is no power to fight back.

Chapter 3584: Started arrogant again

The most important thing is that this blood-clad big man still follows the order of the Chinese character face big man. Obviously, the Chinese character face big man is stronger.

The strength of these blood armored people is too amazing, I am afraid they can crush their black dragon family.

Black State's face was pale.

The black titanium, Kurokawa and others turned their eyes, revealing a hint of surprise.

thump!

At this time, black titanium directly kneeled down.

"Chuaner, kneel!"

Black titanium transmits sound to Kurokawa.

Then Kurokawa knelt down.

"Masters, I am willing to submit to you!"

"I am willing to submit to you too!"

Heitai and Kurokawa said quickly.

Instead of being shocked, they were ecstatic.

Originally, they had already defeated badly, and Black State would not let them go. They thought they were fierce, but unexpectedly, these blood armored people suddenly killed them, which was their savior.

They naturally turned to the blood armor directly.

"Okay, keep up to date!"

The Chinese character nodded, then looked at others: "How about you?"

There were nine elders who had betrayed Black State before, four were abandoned by Lu Ming, and five more.

The five elders flashed their gaze, and three of them finally knelt down to show their return.

There are two other, struggling eyes.

"Let me surrender, impossible!"

Black State spoke, his eyes firm.

It is impossible for him to surrender and surrender the Black Dragon Valley.

The Black Dragon Valley is the foundation of the Black Dragon family. If the Black Dragon Valley is surrendered, the Black Dragon family will be abandoned.

"If you don't surrender, then die!"

The Chinese character said coldly.

"Masters, there is a layer of prohibition outside the Black Dragon Valley. If you want to enter, you need the Black Dragon Order to open, and the Black Dragon is on him!"

Black titanium refers to the black state, and the face of the Chinese character is big.

"Black titanium, you traitor, you mean..."

Black State drinking.

"The person who knows the current affairs is Junjie and Kuroju. Give the black dragon order to these adults. You can't help it!"

Black Titan sneered, with a killer flash in his eyes.

He also hoped that Black State would not surrender the Black Dragon Order, and then be killed by these
**** armored men.

"And the kid..."

Black Titan looked at Lu Ming, and there was a thick murder in his eyes. Preferably, this kid was also killed by the blood armor.

Black State Qi trembles, his eyes flushed.

"Black titanium, Kurokawa, the two of you just asked for mercy just now, are you not afraid now?"

At this time, Lu Ming spoke.

After the blood armor came, Lu Ming always looked calm and unmoved.

He has seen that among the blood armored people, the one with the highest cultivation level is the man with the Chinese character face and the cultivation practice of the **** king Qizhong.

In addition, there are five kings of six gods, and the others are all six kings of gods.

Lu Ming did not have the slightest pressure for such fighting power.

"Afraid? Hahaha, these adults are here, how can I be afraid?"

Black Titan laughed, arrogantly, staring at the land and cried: "Boy, I begged for mercy before, but it was just a stopgap measure. I want to stabilize you and then fight back. Do you think I will really beg for mercy?"

"Not bad!"

Kurokawa followed.

Now, they have blood armor supporters, not afraid, arrogant.

"Really, you say these words now, and hope you don't regret it!"

Lu Ming smiled faintly.

This remark made Black Titan's heart suddenly burst into shock, and Lu Ming's terrible fighting power just sounded.

"No, this kid is just the cultivation of the three kings of the **** king. It is already a miracle to be able to defeat the five kings of the gods step by step. These blood armor people have the six kings of the gods. It's unfathomable, I'm afraid it's more than the Sixth King of God!"

"Even if the kid is against the sky, he can't be the opponent of the sixth king of God, or even the seventh king of God!"

Thinking of this, Black Titan rested his mind, thinking that he was thinking too much and thinking too much.

Is it possible for the Triple King of God to fight the existence of Seven King of King?

He hasn't heard of such a big man.

"Repent? Hahaha, I never know how to write regret in black titanium?"

Black titanium sneered.

"Yes, I do work in Kurokawa, and I never know how to regret it. My lords, this kid, is the strongest in the Black Dragon family, and he has a good relationship with the Black State. If you want to get the Black Dragon Order, you must first remove this kid. !"

Kurokawa has a big face to the national character.

"This kid is the strongest in the Black Dragon family?"

The Chinese character face is very surprised. He clearly sees that Lu Mingcai is only the triple king of the gods. The triple king of the gods is the strongest of the black dragon family?

"Boy, it seems to be a arrogant figure, so, give you a chance, surrender to us, I can spare your life!"

The Chinese character said to Lu Ming.

"Give you three breaks of time. If you don't, you will stay here forever, three!"

Lu Ming was simply too lazy to pay attention to the problem of the Chinese character's face, and spoke lightly.

What?

The Chinese characters were all ignorant.

A kid of the triple king of God, so arrogant, let them get out in three breaths?

Is this kid a fool?

"two!"

Lu Ming continued to count down.

The Chinese character's face was cold, and said coldly; "Boy, don't follow me this way, you think I'm scared, bluff!"

"One!"

Lu Ming continued to count down.

"Kill me!"

The man with a Chinese face was completely angry and shouted.

"kill!"

The **** big man who defeated an elder with one shot before started, roaring like thunder, and the spear like an electric awn, slamming towards the landing.

The cultivation of the six kings of the gods broke out completely, with a terrifying breath, which caused the void to vibrate, forming a tsunami-like pressure and pressing against Lu Ming.

Black State and others suddenly changed color and shivered!

Six heavy gods, so horrible!

"Dead!"

Blood armoured man drank coldly, as if he had seen the end of Lu Ming's death.

But at this time, Lu Ming shot, stretched out a palm, and grabbed at will.

bump!

What momentum? What strength? All collapsed.

Lu Ming's palm was firmly grasped by the opponent's gunpoint. The opponent's body was stiff in the air and could not move at all.

"This...impossible, blow me up!"

The blood armor screamed and exploded in full strength, but it was like a rock sinking into the sea.

Buzz!

At this time, Lu Ming's divine power exploded.

At this moment, Lu Ming has triggered five times the combat power of the war character formula, and there are eleven kinds of divine powers, all of which are awakened more than four times. How amazing the power is.

The terrifying power followed the opponent's spear and rushed into the opponent's body.

The blood armor screamed, his body exploded, and then exploded in the air, destroying both form and spirit.

Quiet!

The scene fell into deathly silence.

Everyone's eyes were almost glared, and they could swallow a goose egg with their mouth open.

Horrificed, shocked, unbelievable!

The existence of a six-layer **** king was easily killed by Lu Ming.

Lu Ming has repeatedly broken their cognition.

"I have given you the opportunity before, but I don't know how to cherish it. Now, stay here forever!"

Lu Ming spoke indifferently.

boom!

The spear in his hand was shocked, exploded, and turned into countless pieces, flying out.

Chapter 3585: Do you know how to write regrets now?

The spear in Lu Ming's hand was a superb artifact. After being shocked by Lu Ming's divine power, he directly burst it apart, scattered it into pieces and flew out, and flew to the blood armor headed by Guozi's face.

嗤嗤...

The spears of the lance pierced the air and sent out a terrible roar. Each piece of debris was turned into a lance, and pierced those blood-armed people.

"not good!"

"Block it!"

"what..."

The roar, along with the screaming, continued, the blood armor people couldn't stop the gun, and all their attacks and defenses were crushed at the moment of contact with the gun.

Then, their bodies were pierced by guns, and the devastating force directly tore their bodies and destroyed their souls.

bump! bump! ...

The corpses of the blood armor hit the ground heavily and roared.

Dead, dozens of blood armor people, almost instantly, all destroyed.

There is only one blood armored person who has not died, and that is the man with the Chinese character face.

This person really is the existence of the seven kings of the gods. With his powerful strength, he blocked Lu Ming's move, but he was also slammed for 100 meters, his mouth spurting blood, his arms almost burst.

At this moment, the scene was dead, and time and space seemed to freeze.

All people feel that their hearts are about to burst, and their thinking is stopped.

What did they see?

Dozens of powerful blood armor people, desperate blood armor people, were instantly killed. What strength is this?

Dreaming must be dreaming!

Kurokawa and Black Titan are constantly roaring in their hearts, making it hard to believe all this.

Snapped!

Kurokawa even slaps himself fiercely, trying to test if he is dreaming, and almost slaps himself out.

"A little strength, but not enough!"

Lu Ming looked at the man with the Chinese character face, stepped out of the air, and his palms were held in the void, and the tyrant spear condensed out. The strong breath, like the mountains and rivers, pressed against the man with the Chinese character face.

The Chinese character's face changed drastically, and became pale without blood.

The strength that Lu Ming has just revealed is already terrifying, but now it is even more terrifying.

With such strength, he is definitely not an opponent and will die here.

"I am the guardian of the Blood Dragon Palace, you can't kill me!"

The Chinese character yelled at the big face.

However, Lu Ming did not eat this set at all, and said coldly: "Blood Dragon Palace, I haven't heard of it!"

"My blood dragon palace has the strong man of **** king nine heavy, although you are strong, definitely not the opponent of **** king nine heavy, if you kill me, blood dragon hall won't let you..."

Han Guo of the Chinese character face still moves the Dragon Hall of Hemorrhage, wanting to suppress Lu Ming, he shouts while retreating.

This remark made the face of Black State and others mad.

Blood Dragon Palace, there are the strong king of God King Jiuzhong.

It should be known that during the centuries of the recovery of the Dragon Clan, the practitioners on the Dragon Clan have skyrocketed, and they are ascending at an alarming rate.

But as far as they know, the dragon clan's mother star is now the strongest, and it is only the King of Gods, except for those who are outside of heaven.

Blood Dragon Palace actually has the existence of God King Jiuzhong, which is already the top force on the Dragon Family Mother Star.

It was actually such a powerful force that stared at their Black Dragon family.

"You have too much nonsense!"

Lu Ming's expression did not change at all, and he stepped on the void, approaching the Chinese character's face, and the Overlord Gun shocked, turning into a dazzling lance, assassinated.

With this shot, Lu Ming had inspired a trace of primitive dragon blood, and a layer of dragon scales appeared on his body, making him look more like the native of the dragon clan's mother star.

Inspired by a trace of primitive **** blood, Lu Ming's power is stronger, this gun is almost irresistible.

The Chinese character faced the roar of the big man, which inspired all the power. The divine power burned like a flame, carrying a giant hammer in his hand, and a hammer burst out.

boom!

The earth and the earth were trembling, and the giant hammer and the Ba Shen gun bombarded together, arousing a huge wave, sweeping all directions.

At the next moment, the sledgehammer thundered, and then with a click, it shattered into pieces.

The Ba Shen Gun kept piercing through the eyebrows of the Chinese character's face, and assassinated into the air.

thump!

At this time, Kurokawa and Heitai, with their bodies soft, collapsed directly to the ground, looking at Landing Ming with a pale face, and a look of despair.

bump!

Lu Ming landed in front of Hei Ti and Hei Chuan, his eyes cold and indifferent.

"Black State, Black State, let us go, please, please beg you, Erbo..."

Black Titanium once again begged black state for mercy, with a snot and tears.

But this time, Black State looked indifferent and unmoved.

"Before, you also begged me for mercy. Originally, I was all soft-hearted. But when the Blood Dragon Palace came, you immediately turned against the water and wanted to use their power to kill me. Ha ha, you let me spare you now. Am I an idiot?"

Black State sneered, disgusted with black titanium and Kurokawa.

"Don't kill me, I'm wrong, I'm really wrong!"

The black titanium shouted and regretted it. He knew Lu Ming was so strong. When the Blood Dragon Palace came just now, he shouldn't turn to each other.

"I remember what you said just now, you don't know how to write regret at all? Why? Know it now?"

Lu Ming spoke lightly.

"me..."

The old face of black titanium was flushed.

At this moment, Lu Ming's spear was shocked, and two spears burst out, piercing into the black titanium and the black fields of Kurokawa, and abolished their star cores.

The two screamed with sorrow and despair.

"Black State, they gave it to you!"

Lu Ming saw Black State.

Black State nodded silently, stepped out, gathered its magical power, and condensed it into a war sword.

"No, no..."

Both Hei Ti and Hei Chuan screamed for mercy, but this time, Kuroshu was unmoved, the sword light swept out, blood splattered, and the two heads flew out.

thump!

At this time, several people kneeled down.

It is the elders of the elders who have turned to black titanium.

"Young Master, we are also bewitched by black titanium, please forgive sins!"

"Yes, Young Master, please bypass us. In the future, we will be sincere to the Young Master. Besides, the Blood Dragon Palace will not let us go. The Black Dragon Family is the time to hire people!"

Several elders spoke in succession, all of them had turned to black titanium before, and after the Blood Dragon Hall came, they immediately turned to the Blood Dragon Hall.

Now, although they are begging for mercy, the secret meaning is clearly threatening Black State.

The Blood Dragon Palace is about to be killed, and the Black Dragon family needs them.

Black State's face also gloomy, revealing a contemplative look.

This time the Black Dragon family was in a civil unrest and suffered heavy losses. The four elders were abolished by Lu Ming before. The black titanium is dead. If these elders are to be killed again, the strength of the Black Dragon family will be extremely weak.

"There are not many people in the fine, such a person, even if they stay there, what is the use, when the blood dragon palace comes, they may immediately reflex, and then it is not a help, but an adversary!"

Lu Ming said lightly.

Chapter 3586: Enter Black Dragon Valley

As soon as Lu Ming made this remark, several elders of the Black Dragon family suddenly changed color.

"you you..."

Several elders pointed to Landing Ming, scolding Lu Ming ten thousand times in his heart, but dared not say it.

Just kidding, if they angered Lu Ming, they had no chance.

"Lu Ming, you are right. The three of you, you just surrendered to the Blood Dragon Palace, you can't stay. The other two, you didn't surrender to the Blood Dragon Palace just now, but you can make up for it!"

Black State Road finally made a decision.

"Shoot!"

Just when the black state's voice fell, the three elders roared and rushed towards the black state.

They were very decisive. When Black State said that they would not bypass them, they shot directly and wanted to take Black State as a hostage and escape.

However, their every move was completely under Lu Ming's control.

As soon as they moved, Lu Ming also moved. Three spears burst out and nailed the three elders to the ground.

Black State turned slightly pale.

Lu Ming shook his head secretly, and the character of Black State was still too indecisive. If he did not change, he would have to suffer a big loss sooner or later.

However, he did not deliberately remind him that Black State saved his life. He helped Black State restore the dragon's veins, helped him settle the rebellion, and returned his favor.

It will be up to him where he can go in the future.

After all, Lu Ming can't stay in the Dragon Clan's parent star and stay in the Black Dragon family.

He is here mainly looking for Xie Nianqing and Qiuyue, and by the way of the power of the recovery of the dragon clan's parent star, he will improve his cultivation and will leave sooner or later.

"Thank you for not killing the young master!"

There are also two elders who did not turn to the Blood Dragon Palace before. At the moment, they took a long breath and clenched fists at Heizhou and Lu Ming.

"Forgive your life, I hope you will not let me down!"

Black State Road, cold eyes.

The two elders sighed in their hearts and bowed: "The men are willing to swear on the source of life, and then loyalty to the young master in the future, will die!"

Black State's complexion is more beautiful.

"Young Master, what should they do?"

An elder who had been standing on the black state before asked, referring to the four elders who had previously discarded the dragon veins by Lu Ming.

"All killed!"

Black State gave a cold-faced order.

In the screams and begging for mercy, an elder shot and killed the four elders.

In this battle, twelve elders of the Heilongshi Parents' Home, seven of them died, can be said to have suffered heavy losses.

"Lu Ming, thank you!"

Black State came over and solemnly thanked Lu Ming for a fist.

In fact, until now he was shocked.

Unexpectedly, when Lu Ming came back, he saved a master.

"It's just a matter of raising hands, but the Blood Dragon Palace has to be guarded. So many people have died, they will certainly not be willing to give up, and will come to revenge!"

Lu Ming reminded.

"If the Blood Dragon Palace comes, it will be a big fight!"

Black State gritted his teeth.

"It's not necessary to fight a death. My cultivation has not been fully restored. If my cultivation is restored, even the King of God Jiuzhong is not a worry!"

Speaking of this, Lu Ming pondered a little and said, "I heard that in the Black Dragon Valley, there is a great opportunity, containing many treasures. If I can enter the Black Dragon Valley to practice, maybe I can recover quickly!"

He is really curious about Black Dragon Valley.

The Dragon Mother Star is recovering, and the cultivation environment has become amazingly good. What kind of chances are there in the relics left by the powerful forces of the Dragon Clan in the dozens of stellar years?

"Okay, Brother Lu is going to the Black Dragon Valley, we will enter immediately!"

Unexpectedly, Luzhou nodded directly without any hesitation.

Then, Black State called a group of people to clean up the scene, and then let the people of the Black Dragon family take precautions. If something happened, notify him immediately.

Afterwards, he led Landing Ming and three elders towards the rear of the Black Dragon family.

Behind the Black Dragon family, there are continuous mountains, one after another, towering into the clouds.

Soon, the three came to a valley.

"Here is the Black Dragon Valley, but there is a ban here. It has not dissipated. The Black Dragon Order needs to be opened and there are dragon beasts inside. Be careful when you enter!"

Black State Road.

Lu Ming nodded.

Then, black state took out a piece of jade, wrapped around this black dragon, lifelike.

This is the Black Dragon Order.

Enter the dragon, the black dragon command shines, and a dragon chant is heard. Then, a black dragon, flew out of the black dragon command.

The black dragon flew out towards the valley, flying around the valley, and a light curtain appeared at the mouth of the valley. At this time, the light curtain opened a gap.

"The ban is on, let's go!"

Black State Road, a figure, moved into the valley.

Lu Ming, and three other elders, also rushed into the valley.

"So big?"

As soon as he rushed into the valley, Lu Ming felt that the valley in front of him was rapidly becoming larger.

When I looked outside, the valley was about a thousand meters wide.

At this time, the valley directly became thousands of miles wide, like a continent.

It is full of various plants and is huge and full of vitality.

"It's so rich!"

Lu Ming took a breath and felt that the air was full of extreme energy.

Outside, the energy is already strong enough, but compared with the Black Dragon Valley, it is a big difference.

The separation of a prohibition is completely two worlds.

Lu Ming couldn't help running "Qiankun Wandao Jue", and suddenly, the spirits in all directions madly entered Lu Ming's body, was refined by Lu Ming, and transformed into Lu Ming's divine power.

Then these divine powers circulate the star nucleus in Lu Mingdan Tian, repairing the crack in the star nucleus.

boom!

It was just a dozen breaths, and Lu Ming was filled with a strong breath.

Lu Ming's cultivation practice was restored to the fourfold of God King.

"I originally thought that it would take two years to return to the peak, but here, it does not take two years at all. Is this the remains left by the Shenlong family? Just came in and it was so amazing!"

Lu Ming's eyes were brilliant.

"Brother Lu, you..."

Black State and the three elders were all surprised to see Landing Ming.

"I have just restored some cultivation behaviors. Let's go inside!"

Lu Ming said.

Now, he looks forward to it even more.

He learned with Black State before that, a hundred years ago, when the Dragon Mother Star did not recover, the people of the Black Dragon family could not enter the Black Dragon Valley, even if there was a Black Dragon Order.

It wasn't until the dragon celebrity recovered 100 years ago that they could enter the Black Dragon Valley with the Black Dragon Order.

As soon as they entered the Black Dragon Valley, they got a lot of amazing magic medicines. With these magic medicines, the people of the Black Dragon Valley cultivated by leaps and bounds.

Therefore Lu Ming speculates that when the Dragon Clan's mother star did not recover and was still depleted, the Black Dragon Valley was not exhausted, but the sacred place of cultivation with extreme energy, but was blocked by the prohibition.

So, after so many years, how many treasures and magical medicines will be bred in the Black Dragon Valley?

Chapter 3587: Dragon Lion

The outside is quiet, and the Black Dragon Valley has always contained a strong spirit. Over the years, the opportunity here is absolutely amazing.

The three of them walked towards the Black Dragon Valley.

The Black Dragon Valley is very big, not like a 'valley' at all, just like a world.

"The area in front of the Black Dragon Valley has already been explored by us. The magic medicine has been harvested, and basically it is gone. To get the magic medicine, we must go deeper!"

Black State explained.

Lu Ming nodded. No wonder he walked a while and saw nothing.

In the Black Dragon Valley, it is rich in spirit and is cultivated all year round. Even the plants are full of endless vitality, they grow very strong, and a grass is often taller than people.

Rustle...

Suddenly, the sound of rustling came out of the grass, which was extremely fast.

"Be careful, it's a dragon beast!"

Black State spoke.

As soon as the voice fell, nine behemoths slammed towards the landing, and the wind was violent, and the windy wind was tangy.

This is a large snake, more than ten meters long, covered in scale armor, and has dragon horns on its head, but there is no dragon claw in the abdomen.

This is not like a dragon. The dragon looks like a dragon, and there are four dragon claws in the abdomen. This is obviously just a big snake with a dragon horn on its head.

Dragon Beast! The dragon beast that reached the realm of God King.

However, this state was not enough to see in Lu Ming's hands. Lu Ming's fingers were like guns, and he pointed out with one finger, bursting out a gun, directly piercing the snake's head.

Rustle...

However, there were more sounds around, and then one by one came out from all directions, killing Lu Ming and others.

However, these big snakes are the king of the gods, and it is not a matter of concern. The three elders of Heizhou and Heiyou shot, the light burst out, and the big snakes were killed one by one.

Soon, a dozen large snake bodies appeared on the ground.

The scene also calmed down!

"In the Black Dragon Valley, the worst dragons and beasts all have the **** king's heavy cultivation. The more they go inside, the stronger the dragon beast's cultivation is!"

Black State explained.

Lu Ming nodded, and then they went on.

Next, there are constant dragon beasts attacking them.

When they come in, they will be sensed by the dragon beast, and the dragon beast will attack them madly, I don't know why.

Soon, they traveled hundreds of thousands of miles.

Roar!

With a loud roar, the mountain shook and a huge dragon-beast like a lion appeared in front.

This dragon beast is ten meters tall, like a lion, but covered with scale armor.

"Dragon Lion Beast, this dragon beast hurt me before!"

Black Zhou's eyes showed the light and killing.

Lu Ming also looked at this dragon and lion beast. This dragon and lion beast has the fourfold cultivation of the **** king, and its strength is very strong. Previously, black state only had the **** king triple, so it is not an opponent.

"Young Master, I came to kill him!"

An elder shouted.

"No, leave it to me, you help me plunder!"

Black State waved his hand and stopped the elder.

"Young Master, but you..."

Several elders worried.

"Relax, last time I was accidentally wounded by this dragon and lion beast because I wanted to save Kurokawa, and this time I recovered, I have improved my behavior, and dealing with this dragon and lion beast is not a problem!"

Black State said confidently.

He is an arrogant figure, and the fighting power was not comparable to ordinary people. Although the dragon and lion beast is higher than him, he is not afraid. The last time was because he was distracted by the rescue of Kurokawa. The wounds destroyed the dragon veins.

Now again, he is going to avenge himself.

Lu Ming stood aside and did not speak.

This dragon, lion and beast has become the demon of Black State. If he can kill it, it will be very helpful for his cultivation.

Roar!

At this moment, the dragon, lion and beast roared and ran towards this side.

"Beast, come on!"

Black Zhou's eyes showed a strong murderous opportunity, and a dragon gun appeared in his hand.

Dragon people use a lot of spears as weapons.

"kill!"

Black State stepped on the ground, his body exploded and shot towards the dragon, lion, and beast together.

The strength of the dragon and lion beast is very strong. I am afraid that the ordinary **** king is fourfold, and it is not its opponent. However, the strength of the black state is also very amazing. It can fight across levels. The fight is inseparable.

Time passed slowly, and half an hour later.

Black State and the Dragon and Lion Beast have already killed hundreds of moves.

Here comes the war, both the Dragon Lion Beast and the Black State are injured and covered with blood.

At this moment, the dragon, lion and beast finally got a little afraid, screamed, and ran backward.

"Where to run, die for me!"

Although Black State was also injured, his fighting intentions were getting stronger and stronger, as if to condense into a stone, with a figure like an arrow, killing the dragon, lion and beast.

"Beast, get me back!"

In front of the dragon and lion beast, an elder appeared. With a wave of his hand, the dragon and lion beast retreated back.

A few elders, but they all have the five-fold cultivation method of the **** king, and it is very simple to stop the dragon, lion and beast.

The dragon, lion and beast were forced back, and the black state was killed again. The dragon, lion and beast could only continue to fight with the black state.

However, the morale of the dragon, lion and beast weakened, and the black war became stronger and stronger, and it had already begun to gain the upper hand.

"Black State will win!"

Lu Ming nodded.

The battle situation is already obvious.

Sure enough, the two sides again killed hundreds of moves, and eventually the black state was stronger, and a shot was pierced into the head of the dragon and lion beast, killing the dragon and lion beast.

Huh...

Black State gasped for breath, but his eyes were very bright. At the next moment, Black State actually sat cross-legged, and then, in all directions, there was a strong and extreme spirit, converging toward Black State.

"A breakthrough!"

Lu Ming was slightly surprised, but soon relieved.

Black State's cultivation base has already reached the triple peak of the **** king, and then stood up. After killing the dragon, lion and beast, he finally broke through the bottleneck.

At the same time, Lu Ming also lamented that this is also related to the current environment of the Dragon clan parent. Outside, even if they have the same chance, they may not be able to break through. The main reason is that the cultivation environment of the Dragon clan is now too good.

In all directions, the endless spirit gathered towards Black State, and turned into the power of Black State, his breath became stronger and stronger.

In just a few hours, Black State sent out a strong breath, and his cultivation behavior completely entered the fourfold of King Shen.

In addition, the injuries he left behind fighting with the dragon, lion and beast were completely healed, and his condition reached its peak.

Black State got up, his eyes bright.

"Black State, congratulations!"

Lu Ming walked over with a smile.

"Compared with Brother Lu, it's still a long way off. Let's move on. If we go further, we will reach a place we haven't explored, and the strength of the dragon beast will become stronger and stronger!"

Black State Road.

However, Lu Ming's strength is unfathomable, and they are at ease in Black State, and everyone continues to set off.

Sure enough, the strength of the next dragon beast basically reached more than four levels of the **** king, and some were in groups. Black State and the three elders felt great pressure.

Chapter 3588: Magic medicine

Teams of dragons and beasts made black state and the three elders feel great pressure, but with Lu Ming, everything is not a problem.

Lu Ming's shot, whether it is the four kings of the gods, or the five kings of the gods, was killed in seconds.

"Huh? Between heaven and earth, a pressure began to appear, which was amazing..."

Lu Ming frowned. He felt a strong pressure on him between the world and the earth.

The deeper he goes into the Black Dragon Valley, the stronger the pressure.

Soon, they traveled a further distance.

"It's a strong medicinal fragrance, that's...golden fruit!"

Suddenly, Lu Ming's eyes lit up.

In front, a small tree half a meter high, green and dripping, with three golden fruits on it.

Lu Ming recognized that this is a golden scale fruit, and there are also outside, but the average golden scale fruit, the medicinal fragrance it emits, is far from being comparable to these three golden scales.

These three golden scale fruits are extremely rich in medicinal aroma and full of powerful vitality, dozens of times more than ordinary golden scale fruits.

Even if they are far apart, Lu Ming can feel the rich life energy.

"Here, it is already the limit we explored before!"

Black State Road.

The magic medicines and treasures that were explored by them were taken away. From here, they have not explored, and naturally there are many magic medicines.

Lu Ming stepped out directly and walked towards the golden scale fruit.

Roar!

With a roar, a huge golden dragon beast rushed out and killed Lu Ming.

This is a five-dragon dragon beast of God King, with strong strength, but it is not in Lu Ming's eyes.

With a wave of hand, the spear burst out and killed the dragon beast.

Then, Lu Ming picked a golden scale fruit.

"Good life energy, refining this golden scale fruit will greatly help my injury!"

Lu Ming smiled slightly, swallowed the golden scale fruit directly into the mouth, and began to refine it.

Lu Ming did not allow the quantification formula to be refined. This kind of magical medicine is extremely pure. There is no need to quantify the formula. He refines himself quickly, and he has the advantage of refining and healing.

As soon as the golden scale fruit enters, it turns into rolling life energy, which flows into Lu Ming's limbs and corpses, and then slowly gathers toward the eleven star cores to nourish the landing star core.

In the nucleus, some small cracks are slowly healing.

In fact, in the word measurement tactics, a large amount of magical power of landing is also stored.

But these divine powers are not helpful for Lu Ming's healing.

These divine powers are the powers of Lu Ming's divine realm, and they are powerful. If Lu Ming uses these divine powers to heal wounds, I am afraid that the injuries are not good. Instead, he will be hit by the majestic powers to cause more serious injuries.

The powerful divine power poured into the nucleus, which may make the cracks of the nucleus bigger.

Therefore, Lu Ming did not use these divine powers to heal.

The life energy in the golden scale fruit is extremely mellow, and Lu Ming's refining speed is very fast.

But within an hour, the entire golden scale fruit was completely refined, and Lu Ming's injury was better.

Then, Lu Ming took the second golden scale fruit and swallowed it, and continued to refine it.

Seeing Lu Ming refining the golden scale fruit, Black State and the three elders, staying in the Quartet to protect Lu Ming's law.

In fact, there is no need for them to protect the law. Although Lu Ming is refining the golden scale fruit, but he did not concentrate on refining, and part of his mind is focused on the surroundings. If there is a dragon beast attacking him, he can initiate a thunder blow in an instant.

Another hour, Lu Ming continued to refine the third.

boom!

When the third golden scale fruit was refined, Lu Ming sent out a roar, a strong breath filled out.

Five Kings!

After continuously refining three golden scale fruits, Lu Ming's injury improved again, and he repaired it directly to the realm of God's King.

"This this..."

Black State and others were stunned.

Breakthrough cultivation, is there such a good breakthrough? Breaking through just refining three golden scale fruits?

Although the magical energy contained here is extremely amazing, it is impossible for people to break through the realm so easily. If it is so easy, their cultivation will have already gone to heaven.

"I'm just recovering from my injury. My previous practice is far more than the Five Kings of God!"

Seeing the expressions of others such as Black State, Lu Ming explained.

Because next, his cultivation will continue to recover, lest the Black State and others be too shocked.

Black Zhou and others nodded again and again, and then they went on.

Sure enough, the next is that the Black Dragon family has not explored, and there are more magic medicines. Along the way, they constantly discovered the magic medicine.

Lu Ming took half of the magic medicine he got, and Black State and others divided half.

After all, by this time, the Dragon Beast is already very powerful, and Black State and others can no longer bear it. Only Lu Ming killed the Dragon Beast, and all Lu Ming took half of the magic medicine.

Lu Ming was also kind.

The magic medicine here is really amazing, and it has a great effect on the recovery of his injury. Now is not a polite time.

And this kind of magic medicine, even if he cultivates to restore to the peak period, also has a great effect, which can quickly improve the cultivation of medicine.

Lu Ming took out a dragon-shaped ginseng with thick arms, swallowed it in one breath, and proceeded while refining.

Although this will slow down the refining process a lot, it will not delay time.

Soon, they traveled another 100,000 miles. In Lu Ming's storage ring, there were already hundreds of different kinds of magic drugs, each of which was amazingly effective.

Some magic medicines are unique to this place, and some magic medicines are also available outside, but the medicinal effect is far less than that here.

Every magic medicine is worthless.

"Brother Lu, it is difficult for us to move on!"

Walking here, Black State sighed.

The dragon beasts here are already very powerful, and even dragon beasts of seven or more gods appear, even if they are guarded by Lu Ming, Black State and others feel that it is impossible to move.

"Brother Lu, if you want to continue to explore, we stay, how about you to continue?"

Black State Road.

To be honest, Black State also wants to know what is deep in Heilonggu and what kind of situation it is.

"Okay, I will send you back to a safe area, I will go in again and see!"

Lu Ming nodded.

Next, they retreated, and Lu Ming sent Black State and others to a safe place. He cast his body and continued to go deep into the Black Dragon Valley.

Without Black State and others, he moved alone, much faster.

He was also not war-fighting and saw the magic medicine and took it away.

In this way, after a while, Lu Ming was filled with a strong breath.

He moved forward while refining the magic medicine, his injuries recovered again, and his cultivation practice was restored to the sixth heavy king.

After returning to the Sixth King of Divine King, Lu Ming is stronger. The dragon beast here is not his opponent at all. Even the dragon **** who slowly appears, King Jiuzhong, is not Lu Ming's opponent.

However, with the constant deepening of the Black Dragon Valley, the pressure between heaven and earth is also increasing, suppressing the performance of the landing song.

Obviously, the cultivation of the Sixth King of the Divine King may be suppressed to the Fifth King of the Divine King.

And the further forward, the greater the suppression.

Chapter 3589: Space folding technology

"That is..."

Suddenly, Lu Ming's eyes lit up.

In front, there is a magic medicine, not a fruit, which is no different from a grass.

But this grass, but it emits amazing fluctuations, is definitely a **** grass.

"What grass is this, have never seen it!"

Lu Ming was surprised.

"Boy, this is Shengyuan grass, the world is rare, and after refining, it can help to awaken the source of divine power!"

Knowing the sea, the voice of bone demon came out.

"What? Can it help to awaken the original power factor?"

Lu Ming was taken aback.

"Good, and it's not to help ordinary awakening one time, two awakenings, even four awakenings, five awakenings, or even six awakenings, refining biochemical source grass, it will be of great help!"

Bone Magic explained.

Lu Ming took a breath, and then he was ecstatic.

It is very helpful for four awakenings, five awakenings, and even six awakenings.

It's just a magic medicine.

Generally speaking, the source divine power factor, as well as the source mystery technique, require the practitioner's constant perception, continuous cultivation, and slowly improving, the external force is difficult to help.

But the vast universe, the vast expanse, will always produce some rare treasures.

These treasures have the power of earth and earth, and can directly help practitioners to practice the original divine factor and the original secret technique, saving a lot of time.

As before, Lu Ming's divine source beads and magic source fruit were all such treasures.

But the divine source bead and the magic source fruit can only help those who do not have the awakening source secret technique.

Another kind of treasure flying magic liquid can help those who do not awaken the original divine power factor, or awaken a practitioner of the original divine power factor to practice.

In the upward direction, the effect is getting worse, even no effect.

The Shengyuan Grass can actually help people who are awakened four times, five times by the Son, and six times by the original divine power factor. This effect is called anti-celestial, worthless, and is known to break the head.

"Opportunity, this is opportunity, no wonder that the powerful forces of the entire Honghuang universe will converge towards the dragon clan. The top 100 races on the Honghuang Wanzu list cannot enter, otherwise, the arrogance of those races may also come in. Now!"

Lu Ming thought, his eyes became brighter and brighter.

During this time, it is a good time to gather the edge of the dragon family star, which cannot be missed.

Lu Ming took out a jade box and went up to pick out the source grass and put it in the jade box.

Now is not the time for refining and refining.

After collecting Shengyuan Grass, Lu Ming searched nearby again.

Roar...

Roaring like thunder, several powerful dragon beasts appeared and rushed towards the landing.

There are a total of three dragon beasts. The huge body is like a small mountain bag. The momentum is amazing.

"Roar!"

Three dragon beasts rushed to the landing.

"bring it on!"

Lu Ming held the palm of his hand empty, the Ba Shen Gun appeared in his hand, and then inspired the power of primordial Divine Blood, let his power reach an astonishing point.

bump!

Lu Ming stepped on his foot, and looked like a cannonball. He rushed towards the three dragon beasts and collided fiercely with one of them.

boom!

With a violent roar, the dragon beast was blasted out, gliding across the ground for thousands of kilometers, and a blood hole appeared on his body.

But it struggled a bit, and stood up again.

"Failed to spike!"

Lu Ming shook his head secretly.

His current practice is the Sixth King of the Divine King, and he also used the original Divine Blood to kill a Dragon Beast of the King of the Nine Heavy God.

However, the pressure here is extremely strong, Lu Ming was under strong pressure, and those dragon beasts were all right, so they failed to kill the three dragon beasts.

However, Lu Ming's strength also clearly prevailed.

"kill!"

Lu Ming continued to hold the Ba Shen gun and stabbed continuously.

A spear burst out, each spear was very sharp, leaving a blood hole in the dragon beast.

In the end, after fighting dozens of moves, the three dragon beasts of the nine kings of God, were killed here by Lu Ming.

After killing the three dragon beasts, Lu Ming searched around the area, and finally found two other plants, and the previous one was three.

Lu Ming continued to move forward. The dragons and beasts that appeared in front were almost all of God King Nine Heavy. Some dragons and beasts were directly avoided by Lu Ming. Those who could not avoid were killed.

It is a pity that, next, Lu Ming did not encounter such treasures as Shengyuancao.

It was other magic medicine, and I got a lot.

Suddenly, Lu Ming stopped and looked at the front with some shock.

In the area in front, the space ripples like water waves.

It was as if a mirror like a wave appeared suddenly in front of the area, separating the area from front to back.

Through the "mirror", you can clearly see the scene behind the "mirror".

The lush forest even grows magic medicine.

Lu Ming didn't rush forward, he walked along one side, and finally found that this space like a mirror really separated this area. If you want to continue walking, you must cross this 'mirror'.

Lu Ming took out a war sword and controlled the war sword to fly forward. The war sword easily passed through the war sword and flew to the opposite side. It didn't look any different.

"It looks okay, let's take a look!"

Lu Ming's eyes flashed, his divine power filled, and several defenses were laid around his body to prevent accidents.

Then, Lu Ming stepped out and rushed towards the mirror.

It was as though a wave of water had rushed through, without any slight difference, Lu Ming passed the 'mirror' and came to the other side.

But as soon as he appeared on this side, Lu Ming felt a terrible pressure, pressing on Lu Ming.

He originally had the cultivation of the six kings of the gods, as if he were directly pressed to the fourth king of the gods.

The next moment, Lu Ming made a new discovery, that is, the spirit here is extremely rich, several times stronger than outside the mirror, and every time you breathe, a strong spirit rushes into Lu Ming's body.

"The space here..."

Lu Ming looked around and was shocked.

The **** here is more open, and at a glance, it is vast.

On the other side of the mirror just now, Lu Ming felt that the Black Dragon Valley is about 10,000 miles wide, but here, it is far more than 10,000 miles wide, at least 100,000 miles wide.

But on the other side just now, I can't feel it at all.

It just passed a "mirror", as if the territory had expanded tenfold at once.

"Boy, this is space folding technology!"

At this moment, the bone demon spoke.

"Space folding technology can be used in Honghuang universe to develop space folding technology.

Lu Ming glared, revealing a deep surprise.

Space folding technology can fold a large territory into a very small territory.

It may be only a slap-sized space, but there is a vast territory of hundreds of millions of miles, mysterious.

But to do this, it must be extremely powerful and have a deep understanding of space.

Chapter 3590: Dragonstone

In Xiaoqian World, Lu Ming had seen bubbles use space folding technology, but that was only Xiaoqian World, where space was fragile, and the vast universe was totally incomparable.

But even in the world of Xiaoqian, the cultivation of the bubble has reached a very high level, which can be done.

In the Honghuang Universe, space is extremely stable, and it is extremely difficult to perform space folding.

Space folding is not as simple as tearing space.

You can do this by tearing the space, even a powerful person in the divine realm.

However, the space is restorative. You tear the space and explode it, and the space will automatically recover soon.

When the space is folded, the space will be restored soon.

But in the Black Dragon Valley, it is obvious that the space has been folded for a long, long time, at least dozens of years before the star, and how many years have passed since then?

The space can be folded, but it is still preserved, which is terrifying. It is hard to imagine the existence of space folding.

Then, Lu Ming couldn't help thinking whether the recovery of the Dragon Mother Star is related to this space folding.

The space is restorative, even in the presence of a strong folding space, it will recover slowly over time.

Is the space folding slowly recovering, so that the spirit inside overflows, exuding the Dragon Mother Star, making the Dragon Mother Star recover, and everything is full of life.

It is quite possible, although the spirit of a Black Dragon Valley is definitely not enough.

But the Dragon Mother Star is so huge, how many relics and cultivation holy places did it leave dozens of star years ago?

These relics and the holy land of cultivation together overflowed the spirit, it is likely to create the recovery of the Dragon Mother Star.

"Forget about it for a while, the spirit here is more intense, it is estimated that more amazing treasures will be bred, look for it!"

Lu Ming shook his head, throwing some messy thoughts out of his head, and then looked around.

"Hey, where is a blood-red gem..."

Suddenly, Lu Ming saw a large stone on the ground ahead, and a blood-red crystal was inlaid on the stone.

The spar shone and looked extraordinary.

Lu Ming rushed past without hesitation.

As soon as he came near the blood-red spar, Lu Ming immediately felt that a wave of dragon power came out from the blood-red spar.

"This... is it a dragon stone?"

Lu Ming jumped in his heart, and his eyes erupted.

Legend has it that the blood of the mighty dragon family is scattered, and it may form a dragon blood stone.

Of course, the dragon blood stone will gradually dissipate with time, and the essence will slowly dissipate and become an ordinary stone.

But this dragon stone looks full of energy, which is definitely not trivial.

You know, nobody has entered in at least dozens of star years in the Black Dragon Valley. After such a long time, the dragon blood stone is still full of energy. The dragon that sprinkled with dragon blood was unimaginable.

"dig it out!"

Lu Ming was fiery.

The blood left by an extremely powerful divine dragon, the dragon blood stone formed, is absolutely amazing.

Whether it is used to refine the magic pill, or to refine the artifact, it is a supreme treasure.

In particular, Lu Ming cultivated the primitive dragon body, and could even directly absorb the energy inside the refining dragon bloodstone.

Lu Ming immediately took out an artifact war sword and began to dig up.

Keng!

The artifact war sword was cut on the rock around the dragon blood stone, making a clanging sound, and Mars was shining. This stone was extremely hard. Lu Ming only cut a small piece.

The objects on the Dragon Mother Star are already extraordinary, and the rocks are extremely hard.

The rock on the dragon blood stone is even harder.

Chop, chop, I chop chop chop...

Lu Ming broke out five times the fighting power of the war character, all the magical power of the whole body was running, the war sword made a buzzing sound, and constantly cut on the rock.

Rocks were bounced off a small block after another on Mars...

Slowly, a fist-sized, blood-red, crystal clear dragon blood stone appeared in front of Lu Ming.

Roar...

Just then, a roar came from the forest.

The roar was like a thunder, the exploding space was rumbling, many big trees were directly destroyed, and a huge dragon beast appeared in the forest.

Lu Ming stared at a dragon and lion beast.

Different from the dragon and lion beasts encountered before, this dragon and lion beast is more than ten times larger than before, and the breath is amazing. It is a **** and a heavy existence.

"Don't the dragon beast behind the "mirror" exist in the Divine Realm, not good..."

Lu Ming burst into his heart.

Here, Lu Ming was strongly suppressed, and the cultivation of the Sixth King of Divine King was only suppressed to the Fourth King of Divine King.

Moreover, Lu Ming could not fully exert his strength.

He has eleven kinds of primitive secret techniques, all of which cut off the shackles, but they cannot be used at once.

Because of the use of a variety of source secret techniques, it is very divine.

However, Lu Ming's star core is now covered with cracks, and cannot use the magical power in the word measurement tactics. Therefore, when Lu Ming shot, he used only a type of Ba Shen gun, and did not use other source secret techniques.

In this way, Lu Ming took the four-fold cultivation of the **** king as an absolute opponent, and was definitely not the opponent of the king dragon beast of the **** king.

"Quick, quick..."

Lu Ming speeded up, the war sword turned into a phantom, chopping on the rock constantly.

In the end, with the sound of Keng, the War Sword completely broke into two pieces, but this time, the Dragon Blood Stone was also dug out completely.

Lu Ming waved his hand and put the Dragon Blood Stone away.

At this time, the dragon, lion and beast also rushed to Lu Ming reluctantly, with a roar, a circle of sound waves burst out of his mouth and swept toward the landing Ming.

At the same time, one of the claws of the dragon, lion and beast also caught the landing, and the claws cut the air like a heavenly sword, making a terrible roar.

There is no hesitation, the original secret technique, the shield of the Heavenly Profound, comes out and blocks in front of him.

when!

boom!

The attack of the dragon and lion beast bombarded the Tianxuan Shield. The Tianxuan Shield shook wildly and flew backwards, hitting Lu Ming. Lu Ming snorted, and his body flew out like a shell and smashed in. On a large rock, the head of Lu Minggu was about to break, and a spit of blood spewed out.

"No, it's too miserable to be suppressed, it's too bad to repair, it's invincible, let's go!"

Lu Ming got up and rushed towards the rear insanely.

The dragon lion chased wildly behind.

Suddenly, Lu Ming came under the "mirror" and rushed out without hesitation.

What made Lu Mingsong breathless was that when the dragon and lion chased to the edge of the 'mirror', it stopped and was not chasing, but just shouted at Lu Ming 'mirror' across the mirror, and his eyes were as big as washbasins. , Exuding a cold killing opportunity.

Roar! Roar! ..

Then, in that forest, there were loud roars again, and the existence of several gods and kings.

"so close!"

Lu Ming took a long breath.

It seems that behind the mirror, he is not yet able to set foot, not enough strength, very dangerous.
