Chapter 3591: The second drop of primordial blood

The Black Dragon Valley, which looks bigger than Lu Ming thought, was folded in a small valley with space folding technology. The vast expanse of it inside, Lu Ming now does not know how much distance he has explored.

Obviously, this area is very extraordinary.

"By the way, Qiuyue is transported from the Lost Star River, and it is very likely to be delivered to the Dragon Clan. The Lost Star River is also the site of the six-clawed black dragon. This is called the Black Dragon Valley. Will the Qiuyue be sent here?"

Thinking of this, Lu Ming got hot in his heart and dreamed.

But immediately, his heart sank again.

If Qiuyue is really sent here, there must be no outside, he has basically explored it, and it is very dangerous.

"Ji people have their own physiognomy, and I hope Qiuyue will be fine. I will go out later. I would like to ask the people of Black State and others. Is there anything to do with the six-claw black dragon!"

Lu Ming thought, and then flashed, and left here. Soon after, Lu Ming came to a remote place and took out the dragon blood stone.

He couldn't wait to test the effect of the dragon blood stone.

Holding the Dragon Blood Stone in his hand, he took a closer look. After confirming that there was no problem, Lu Ming inhaled and the Dragon Blood Stone was directly sucked into Lu Ming's mouth.

Roar!

As soon as the Dragon Blood Stone entered, the sound of Longyin was heard, and a series of tiny blood-colored dragons rushed out to Lu Ming's limbs and bones.

"A strong energy, if it is an ordinary person, I am afraid it is difficult to refine, but when I came across me, the original blood of the gods, I was trained..."

Lu Ming snorted and manipulated the primitive dragon blood at the heart.

The primordial dragon blood immediately turned into a huge dragon, with nine claws in its abdomen, exuding the ancient atmosphere of wildness, screaming in the sky, mouth open, and a powerful force erupted.

The dragons transformed by the energy in the dragon blood stone flew toward the primitive dragons transformed by the primal **** blood.

Then, Lu Ming can clearly feel that the energy in the Dragon Blood Stone is constantly refining.

Impurities, miscellaneous things, miscellaneous will, etc. are all refined into pure energy.

This refining is three days.

Three days later, the energy of the Dragon Blood Stone has been completely refined.

This is because there is primitive Divine Blood, otherwise, not to mention three days, even if it is three hundred years, it is not always possible to refine a dragon blood stone.

After refining the dragon blood stone, two drops of blood appeared in Lu Ming's heart.

Primal Divine Blood!

Lu Ming was ecstatic.

This is primitive dragon blood, one drop is original, and the other is new.

Lu Ming did not expect that after refining a dragon blood stone, he actually made a drop of primitive dragon blood.

At this step, the primitive **** body practiced, the number of ways to practice later is relatively simple, that is to continuously condense primitive **** blood, one drop at the beginning, then two drops, three drops...

In the end, all the blood in the whole body was turned into primitive blood, then you are done.

However, it is extremely difficult to condense primal blood.

Since Lu Ming has condensed the first drop, over the years, he wanted to condense the second drop, and there was no movement at all.

But now, after refining a dragon stone, he condensed a second drop.

However, the second drop of primordial blood is very small, only about one-fifth the size of the first drop, and does not reach fullness. It requires continuous practice afterwards to become as large as the first drop.

However, this is already a major progress. The second drop of primordial blood appeared. If Lu Ming broke out together, the power is definitely stronger than before.

"The divine dragon sprinkled with dragon's blood is indeed a trivial matter!"

Lu Ming sighed.

Dripping the blood of the dragon and turning it into a dragon stone, after so many years, the spirit is still there, and it can condense the original **** blood. That dragon is absolutely terrifying.

"Moreover, my injury has recovered a little bit, and the cultivation base has recovered to the seventh level of God King!"

Lu Ming smiled.

In the process of refining the Dragon Blood Stone, a small amount of energy also overflowed and was absorbed by Lu Ming, repairing Lu Ming's injury, and allowing Lu Ming's cultivation to restore to the Seventh King of God.

"A few days have passed, go out and talk!"

Lu Ming got up and headed in the direction of Black State and others. Soon after, Lu Ming saw Black State and the three elders.

But all four are in a very anxious look.

When they saw Lu Ming, the four were ecstatic.

"Black State, what's going on?"

Lu Ming asked directly, and the appearance of Black State and others was anxious, and he could see it naturally.

"Brother Lu, not long ago, I received news that the people in the Blood Dragon Palace are here again!"

Black State quickly said.

"Sure enough again!"

Lu Ming's eyes flickered.

Although before they came in, Black State had warned the people of the Black Dragon family, if the people of the Blood Dragon Palace came again, they would surrender directly, do not resist, wait for them to go out.

But now the situation outside is unclear, and Black State and others are naturally very worried.

But with their strength, it is useless even after going out, so I have been waiting for the landing song here before.

Now, they have to rely on Lu Ming.

"Brother Lu, if the Blood Dragon Palace really has God King Jiuzhong, can you...can you cope? If not, you can find an opportunity to go directly!"

Black State Road.

"God King Nine Heavy, no problem!"

Lu Ming smiled.

Now his cultivation practice has been restored to the Seventh King of Divine King. Although various original secrets can't be used to the fullest, but the other King Jiuzhong of the other party is as simple as eating and drinking.

And there is no external force to suppress, even if the divine prince exists, he can beheaded.

Blood Dragon Palace, what are you afraid of?

Seeing Lu Ming so confident, he and others were also overjoyed.

Now, they can only rely on Lu Ming, otherwise, the Black Dragon family, as well as the Black Dragon Valley, will be annexed.

Without further ado, they immediately dared to go outside of the Black Dragon Valley.

At this moment, the Black Dragon family has been surrounded.

At least there were hundreds of strong men wearing blood-colored armor that surrounded the Black Dragon family.

The people of the Black Dragon family gathered on an open space.

"Masters of the Blood Dragon Palace, my Black Dragon family, are willing to surrender!"

An old man of the Black Dragon family said.

This is a good account of the black state before, if it is not defeated, surrender directly, stabilize the other side.

"Since surrender, hand over the Black Dragon Order. In addition, the last time my blood dragon palace fell a lot of masters, who was killed, hand over the people!"

An old man in the Blood Dragon Palace opened his mouth. At the moment, his eyes were blood red, and blood-red scales appeared on his skin, which looked terrible.

This person is the owner of the Blood Dragon Palace, the existence of a **** king, Jiu Zhong.

"The Black Dragon Order is in the hands of my young master, and the strong man who killed the Blood Dragon Palace is not someone from my Black Dragon family. At the moment, they are in the Black Dragon Valley. We have heard the news. I believe it will come out soon!"

The old man of the Black Dragon family said.

He did not hide, now, mainly to stabilize each other.

"I hope you will not lie. I will give you a day. If the person I want has not arrived yet, the Black Dragon family, wait for the door to be destroyed!"

The Blood Dragon Palace Lord said coldly.

Chapter 3592: Battle the Blood Dragon Palace again

Time passed quickly, but people like Black State and Lu Ming still did not show up.

The atmosphere at the scene became more and more dignified.

"It seems that you are lying to me, looking for death!"

The Lord of Blood Dragon Palace had a sullen face, palms like dragon claws, and a scratch in the void, a disciple of the Black Dragon family was caught in the hand across the sky.

"Don't wait, wait, wait..."

The old man of the Black Dragon family yelled.

bump!

The Master of the Blood Dragon Palace squeezed hard, and the disciple of the Black Dragon Family was squeezed into a cloud of blood mist.

"hateful..."

Many people in the Black Dragon family roared in their hearts, but they dared not show it.

"My patience is limited. From now on, every ten minutes, I will kill you in the Black Dragon family until the person I want to wait for appears!"

Blood Dragon Palace Master said indifferently.

Soon, ten minutes passed, and everyone in the Black Dragon family showed a look of horror.

"Another ten minutes have passed, hey, which one is better to kill you?"

Blood Dragon Hall Master sneered, the blood red light in his eyes was more intense, filled with cold murderous opportunities.

His eyes glanced, and the faces of all those who were swept by him changed greatly, with cold sweat and fear.

"It's you!"

Finally, the eyes of the Lord of the Blood Dragon Palace fell on a young woman.

The woman's face was pale, without any blood.

The Lord of the Blood Dragon Palace is about to capture the woman from the air.

"If you want to die miserably, you can try it!"

At this moment, a cold voice came from the depths of the Black Dragon family.

Ok?

The blood dragon palace lord and others looked at the rear of the black dragon family. There were five people there. They came out of the air at a very fast speed.

These five people are Lu Ming and Kuro Zhou and others, and they just spoke Lu Ming.

"Young Master, they are here!"

The people of the Black Dragon family are very happy.

They knew that the young man with Black State was very strong, and maybe, it could be saved.

Soon, Lu Ming and others came to the front.

Uh, uh, uh!

The figure flashed, and at least there were more than twenty masters of the Blood Dragon Palace, which surrounded Lu Ming and others, blocking their retreat.

"One **** king is ninefold, six **** kings are eight..."

Lu Mingling exuded, and with a sweep, he knew the strength of the Blood Dragon Palace.

This kind of strength may already be very strong on the current Dragon Mother Star, but in his eyes, it is not enough.

Lu Ming and others arrived in front of the Lord of the Blood Dragon Palace.

"A few days ago, who killed my blood dragon palace?"

The main eyes of the Blood Dragon Palace looked at Lu Ming and others, and finally landed on Lu Ming.

Because, he has already felt that Lu Ming's cultivation base is the Seventh King of God.

The person he sent was also the Seventh King of God, and only Lu Ming could kill the Seventh King of God.

"I!"

Lu Ming answered lightly.

"Very good, kid, even the people of my blood dragon palace dare to kill, you black dragon family, there is no need to exist, hand over the black dragon order, I can leave you a whole body!"

The Blood Dragon Palace Lord said coldly.

"Ha ha!"

Lu Ming smiled faintly.

"Boy, what are you laughing at?"

The Lord of Blood Dragon Palace stared at Lu Ming.

"Nothing? I really want to see, what do you use to exterminate the black dragon family!"

Lu Ming said lightly.

"Oh, boy, it seems that you are very confident. Do you think that you can compete with us based on the cultivation of your God King Qizhong?"

The Lord of the Blood Dragon Palace sneered, and the cultivation of the **** Wang Jiuzhong broke out.

boom!

Blood flew into the sky, the sky swayed, and the breath of God Nine Heavy, such as an endless wave, swept all directions.

In Black State, there were three elders trembling, backing up again and again, and backing away for hundreds of meters before they stabilized their bodies. They looked pale and frightened.

too horrible!

The existence of Divine King Jiuzhong is really terrifying, as if it is an endless abyss, unfathomable, and completely incapable of confrontation.

Faced with this kind of existence, they couldn't even bear the idea of confrontation, because they found that with their strength, they would be crushed by the other party.

They couldn't help revealing deep concerns.

Faced with this kind of existence, Lu Ming, can he be the enemy?

Not only them, but also the people of the Black Dragon family, the heart has been sinking, and some people even tremble.

However, Lu Ming stood like a rock and stood motionless.

"There's so much nonsense, let's go!"

Lu Ming said coldly.

"Boy, you are dead!"

Blood Dragon Palace Master coldly drank, Sen Leng's murderous outbreak broke out, and his figure also moved, stepping out, his claws grabbed to the landing Ming, as if a divine dragon was preying.

The gusty wind roared, and Lu Ming shrouded in it.

boom!

Lu Ming exploded in the body, a roar came out, and the magical power burst out. Then, Lu Ming banged out with a punch.

This fist blasted directly at the Lord of the Blood Dragon Palace.

"Boy, dare to take my attack and break me!"

The Master of Blood Dragon Palace sneered in his heart, as if he had seen the scene where Lu Ming's fist was crushed by him.

The next moment, the two attacked and collided together.

At this moment, the expression of the Lord of the Blood Dragon Palace changed, and from the beginning, it became amazed.

boom!

With a violent roar, the body of the Lord of Blood Dragon Palace shook wildly, his body retreated suddenly, and he stepped back a distance of several thousand kilometers.

Sisisi...

At the scene, there was also a breath of cold breath.

The Lord of the Blood Dragon Palace, the existence of a **** king, Jiu Zhong, was kicked back by Lu Ming.

Horrible, how could Lu Ming's strength be so terrible?

"it is good!"

The ecstatic is the people of Heilong family such as Black State.

They saw Lu Ming one boxing retreat the Dragon Palace Master, all overjoyed, this time, they were saved.

Lu Ming ruoly glanced at a void, then looked at the Blood Dragon Hall Master, said: "You have such strength? This is ridiculous!"

Lu Ming just didn't use his full strength just now, otherwise, the Blood Dragon Palace Master would have been blown into a blood mist.

Lu Ming deliberately hid his strength.

"Damn!"

The Lord of Blood Dragon Hall shouted in his heart, his eyes even more terrible.

He was a **** and king, but he was repulsed by a person who was a **** and a god.

"Take a shot, take a shot together, destroy this kid for me!"

The Lord of Blood Dragon Hall shouted.

"kill!"

"kill!"

...

The masters of the Blood Dragon Palace shouted, six **** kings eight heavy, and dozens of **** king seven heavy powers, all exploded their strength, and drove towards the landing Ming.

The Lord of the Blood Dragon Palace also shouted, and showed his strength to the extreme, killing the landing.

Twenty or so powerful people, together killed Lu Ming, the power is very amazing, most people will be scared to death.

However, Lu Ming has seen the big scene, this way, but it is just a small incident.

Uh!

Lu Ming moved, he directly avoided the Lord of the Blood Dragon Palace, and did not resist hard against the Lord of the Blood Dragon Palace, but killed the others.

bump!

Lu Ming burst out with a punch, and defeated a blood dragon hall master of the seven kings of the **** king, **** vigorously. This blood dragon hall master screamed and was exploded.

Chapter 3593: First encounter with outsiders

After killing a strong king of the Seventh King of God, Lu Ming turned around, and his legs were like steel whips, killing the existence of another Seventh King of God. The Seventh King of God, his body also exploded directly.

"Kill, kill!"

Lu Ming shouted, like a tiger entering the flock, **** and mad, every blow, can kill a strong man in the blood dragon palace.

It is the same whether it is the eighth heavy king or the seventh heavy king.

In a flash, more than a dozen masters of the Blood Dragon Palace were killed by Lu Ming.

"Damn..."

"Why is this man so evil?"

"Back, back, back!"

The rest of them were panicked and frightened. Where did they dare to fight again and again?

"Don't retreat, kill him with me, he has at most the fighting power of God King Jiuzhong!"

The Lord of Blood Dragon Hall shouted.

However, the rest of the people, wherever they dare to fight, continue to fight, will die, and they retreat far away from the battlefield.

As for those who cultivated to a lower blood dragon palace, they also stepped back and dared not approach Lu Ming.

"Your people have retreated. Now, you are the only one left. Let's take you on the road!"

Lu Ming said coldly.

"You think you can kill me, your divine power is at most a little stronger than me!"

The blood dragon palace master shouted, covered in blood red divine power.

"is it?"

Lu Ming's indifferent voice sounded, and he stepped on the void to kill the Lord of the Blood Dragon Palace.

However, the Lord of the Blood Dragon Palace did not fight, but retreated crazy.

"Want to leave, stay!"

Lu Ming's voice sounded, and his speed suddenly accelerated, catching up with the Blood Dragon Hall Master instantly, and punched him.

The Lord of Blood Dragon Palace roared, took out a blood-red war sword, and slashed out.

However, when the blood-red war sword and Lu Ming's fists collided together, the blood dragon palace lord's body shook wildly and retreated.

"You just... concealed strength?"

The Lord of Blood Dragon Hall shouted and was shocked.

He felt that Lu Ming's strength was stronger than before.

There was a sneer in the corner of Lu Ming's mouth, he just increased his strength a little bit, and did not use his full strength at all.

"kill!"

Lu Ming drank coldly and continued to kill the Lord of the Blood Dragon Palace.

The Lord of the Blood Dragon Palace shouted, he could not escape, he could only fight hard, but he was not Lu Ming's opponent at all, just a few moves, he coughed up blood and was hit hard.

"Send you on the road!"

Lu Ming's voice was cold and cold, and the cold dragon's body chilled.

"Save me, save me quickly!"

The Lord of the Blood Dragon Palace suddenly shouted at a void.

The heart of the Black Dragon family trembles, the Lord of the Blood Dragon Palace asks for help, is there a master?

"It's no use asking anyone for help, kill!"

Lu Ming drank coldly, punching like a rainbow, and blasted toward the Lord of the Blood Dragon Palace.

"stop!"

Suddenly, there was a loud drink in a void, and at the same time, a breath of terror spread out.

Faced with this breath, the people of the Black Dragon family seemed to be facing an invincible horror. Some were weak, and they sat directly on the ground. Their eyes were full of horror and fear.

This breath was terrifying. Even Black State and the three elders had their pupils stunned and horrified.

However, Lu Ming didn't seem to feel this breath.

This punch directly defeated the Lord Dragon Dragon's defense. Before the Lord Dragon Dragon had time to rejoice, he screamed and his head was exploded.

Lord of the Blood Dragon Palace, die!

At this time, a figure appeared in the void, a young man.

This man had green skin and looked at Landing with cold eyes.

"Boy, I told you to stop, did you not hear?"

The young man looked at Lu Ming and spoke indifferently.

"Hear, sorry, just confiscated your hand?"

Lu Ming spread his palms and said lightly.

At the same time glanced at the youth.

Before starting, Lu Ming discovered the young man, but he was quiet.

Just now, he did not use his full strength in his place, just want to test, what does it mean that this young man is hidden in the dark? What is the purpose?

So it didn't explode with full strength, and kept it as the hole card.

Otherwise, Lu Ming broke out with all his strength, and dozens of masters in the Blood Dragon Palace were not enough to kill Lu Ming.

It now appears that it is this young man who lies behind the Blood Dragon Palace.

"Stop confiscating your hand? Ha ha, you are looking for your own way!"

The young man's eyes were very cold, looking at Lu Ming, the murderous cold.

"Are you an outsider?"

Lu Ming said suddenly.

what?

All the people at the scene were furious.

Outsider...

Now, everyone on the Dragon Mother Star knows that many aliens have invaded. In ancient legends, aliens are demons, and they are the devil who kills them.

Legend has it that in the ancient times, the dragon clan's mother star was extremely prosperous, and later it was invaded by outsiders. The strong men on the dragon clan's star, and countless divine dragons, were all killed.

Now the aliens have invaded again, and the dragon clan on the dragon clan star is very sensitive.

This young man is not a dragon at all, so Lu Ming recognized at a glance that the other party was from outside like him.

"Some insights, yes, I am an outsider, you indigenous people, submit to me, obey my instructions, you can still live, as for you, you will definitely die!"

The green-skinned youth began to look at the black state and others, and finally looked at Lu Ming, the killing was more intense.

"Once you turned around and left directly, I can not kill you, but now, I can only leave you!"

Lu Ming said lightly.

He entered the dragon clan star, the biggest purpose is to find Xie Nianqing and Qiuyue, and then by the way get some opportunities to practice cultivation, these powerful forces of the vast universe can not be offended, he tried not to offend.

But if the other party wants to deal with him, then he will not be polite.

"What? Are you going to kill me? Hahaha, you are a waste of seven heavy gods?"

The green-skinned youth laughed.

Before him, he had been hiding in secret to watch, Lu Ming's strength, he saw clearly.

He confessed that Lu Ming was able to kill God King Jiuzhong by virtue of the cultivation of God King Qizhong. He was a natural arrogant figure and was rare among the indigenous people.

But compared with him, it is too far.

He is the existence of Divine Monarch Realm, and is also a character of Tianjiao. With Lu Ming's fighting power, he killed Lu Ming with ease.

"Do you know what I am doing? I am a divine prince, the existence you need to look up to!"

The green-skinned youth then said that the breath on his body was even more terrifying, like a mountain, pressing on everyone's heart.

"God...Sovereign!"

"He is a divine prince, the invincible strong in the legendary divine prince realm!"

The people of the Black Dragon family were shocked, and they looked at the green-skinned youth with a terrifying look, and there was a turbulent wave in their hearts.

When the dragon clan star has not yet recovered, the Divine Monarch Realm, which is a legendary existence, can only be reached by ancient legends.

At that time, the strongest person on the dragon clan's mother star was only the ninth **** of heaven.

Chapter 3594: Fierce battle

Even now, the Dragon Mother Star has been recovering for a hundred years. It is said that the strongest person is only the peak of the God King, and the young man in front of him is a god.

In their eyes, this is an invincible existence, a horrible figure that cannot be confronted.

However, Lu Ming's complexion was still very calm.

"Is the Divine King important?"

Lu Ming whispered in his heart.

He has seen that the cultivation of the green-skinned youth is the divine prince.

It stands to reason that it shouldn't be, because this time it is basically the triple arrogance of the Divine Monarch who entered the Dragon Mother Star.

For example, the Holy Fireblade Sect, except Lu Ming, are all triples of Divine Monarchs and lower than Triple Triples of Divine Monarchs. They are almost the same as Lu Ming's powerful evil spirits.

The young man in front of him had only one cultivation practice, either the same as Lu Ming's fighting strength, or the other side was injured when entering the dragon clan star, and the injury has not yet fully recovered.

Lu Ming leaned towards the second point.

It seems that eighteen weak points, it is not so easy to want to come in. People who come in have paid some price. Like him, he was injured and did not return to the peak.

Lu Ming has long sensed the other party's cultivation order. If the other party is a triple prince, Lu Ming's current cultivation course is definitely not an opponent. Needless to say, he must turn around and leave.

But is Divine Monarch important?

He has no fear!

"I don't care if you are a divine prince or a divine prince. Now get out and live. Otherwise, the end of the Blood Dragon Palace Lord is your end!"

Lu Ming said lightly.

"It's over!"

Hearing Lu Ming saying this, the people of the Black Dragon family looked miserable, and they had no chance. This godly king is expected to destroy them.

In their eyes, although Lu Ming is strong, he is definitely not an opponent of a divine prince.

Sure enough, the green-skinned young man's face was extremely cold, revealing the cold killing opportunity, staring at the landing, and said: "Ignorant indigenous, I will not kill you, I will abandon you, let you live better than die!"

boom!

When the words fell, the green-skinned young man shot. In his palms, the green light diffused, forming a green sword light, and pierced into the land-stricken Dantian cave.

He wanted a trick to destroy Lu Ming's star core and make Lu Ming a waste person.

The green sword light is amazingly fast and emits a corrosive breath.

"poison!"

Lu Ming frowned, and then triggered the warfare tactics five times the fighting power, and, inspired that one-fifth drop of primordial blood.

Suddenly, a layer of dragon scales appeared on his body, and his fist was also covered with a layer of dragon scales.

Of course, this was deliberately done by Lu Ming. He can also hide the dragon scales under his skin without revealing them.

boom!

Lu Ming banged out with a punch, and rushed towards the green sword light.

"Not self-restrained..."

The green-skinned youth sneered, but his face changed as he had not spoken.

Because Lu Ming's fist collided with the green sword light, and an amazing roar erupted. Then, the sword light collapsed and disappeared invisible.

"This is the strength of the Divine Monarch Realm? Isn't it good?"

Lu Ming disdain.

"You... you just concealed strength?"

The green-skinned youth was cold, but in his heart, he was shocked.

Although he was just a random move just now, it was enough to easily destroy the existence of God King Jiuzhong. The gap between God King Realm and God King Realm is too big.

Lu Ming, however, violently defeated his attack. Such strength has appeared in a man of the Seventh King of God, which is already incredible.

There are not many such people even outside.

It seems that the aborigines of the Dragon Mother Star also have some geniuses!

"boom!"

Lu Ming was too lazy to talk nonsense and went directly to the young green skin.

"Boy, I just shot at random, even if you hide your strength, you will die!"

The green-skinned youths drank coldly, all their strength broke out, and their powerful divine power was filled with the ancient atmosphere of the wild.

The original power factor, four awakenings.

Lu Ming guessed right, he had the triple cultivation of the Divine Monarch, but because he was attacked by Wan Longyin when he entered the dragon clan star, although he rushed in, he was seriously injured. Although he recovered quickly during this time, But only to restore the Divine Monarch's heavy cultivation.

However, although Cultivation is only the first priority of the Divine Monarch, his original divine power factor, as well as various secret techniques, can still emit terrifying power, killing a Lu Ming, and he is ready to catch it.

咻咻咻...

The green divine power turned into a green sword wave, like a storm, slamming towards the landing.

In the sky, the green sword waves are densely packed.

"Primitive blood!"

With a move in Lu Ming's heart, that complete drop of primordial blood was also inspired, causing Lu Ming's power to surge.

Boom!

Lu Ming's attack is very simple. His double fists wave, the starry sky shakes, and the violent energy destroys these green sword waves one by one.

Then, Lu Ming quickly approached the young green-skinned man, and frightened his fist, crushed the young green-skinned man.

"Your divine power..."

The green-skinned youth was terrified. Lu Ming's power was really terrifying. He actually defeated his divine power by virtue of the cultivation of God King Qizhong.

He is the Divine Power of Divine Monarch Realm, and he has been awakened four times by the original Divine Power Factor. This kind of Divine Power can't stop Lu Ming's attack.

You know, he is not an ordinary prince, but a person of arrogance.

"Wanfeng kills!"

The green-skinned youth shouted, glowing all over, and then a fist-sized poisonous bee appeared. He flew towards the landing densely, and the space around Lu Ming was completely blocked.

This is the original secret technique of the young green skin.

Every poisonous bee is very poisonous and powerful.

"Retreat, retreat..."

The people of the Black Dragon family were all frightened, retreating madly, withdrawing very far, and daring to stay nearby.

Infinite poisonous bees rushed to Lu Ming.

Boom...

Lu Ming waved his fist, bursting his fists, sweeping the void.

A poisonous bee exploded and turned into a green mist.

However, after the poisonous bee turned into a green mist, it tumbled and turned into a poisonous bee again, killing Lu Ming.

"Hahaha, you can't destroy my poisonous bee, let me die!"

The green-skinned youth roared grimly.

"It's still too low..."

Lu Ming sighed slightly.

His cultivation practice, after all, was restored to the Seventh King of Divine King, and the other party, but the Divine King is the first, the gap is too large. The main reason is that the other party is also the top Tianjiao. If the ordinary King is the first, he has been killed by Lu Ming.

Cultivation is low, and the divine power is not strong enough, so you can't break the opponent's original secret technique.

But Lu Ming is gone when the opponent has the original secret technique?

As soon as the thoughts moved, the boots of the wind extinguished.

Now, Lu Ming does not dare to use too many original secret techniques, but can only use one or two, and it is the most suitable to deal with the green-skinned youth and the boots of the wind.

The wind-extinguishing boots merged with his feet, and Lu Ming shook his figure and rushed out, his body like a phantom, avoiding a poisonous bee.

Chapter 3595: Subdued

Fused with the boots of the wind, Lu Ming seemed to turn into a breeze, the speed increased suddenly, and the change was invisible and strange and unpredictable.

I saw phantoms appear, Lu Ming has evaded the attack of a poisonous bee, quickly approached the young green skin, and then swept his legs like a steel whip.

The air exploded, and the energy was so strong that it swept through the other party.

The Boots of Wind Break not only speed up, but also possess terrible destructive power. In addition, Lu Ming's power to stimulate the primordial god's blood is a terrifying blow.

The green-skinned youth changed his face and shouted. The green light burst out of his body. In front of him, a huge poisonous bee condensed, which was hundreds of times larger than other poisonous bees. The poison needle on his mouth exuded ice. The light is obviously highly toxic.

However, Lu Ming was fearless, and his attacks kept coming, and he blasted past.

There was a violent roar, the vibrations of the void, and the vigorous enthusiasm. Although the huge poisonous bee and poison needle stabbed Lu Ming's feet, Lu Ming's defense was not broken at all.

On Lu Ming's feet, not only the wind-extinguishing boots, but also dragon scales.

Instead, the poisonous bees burst directly.

The green-skinned youth violently retreated.

"kill!"

Lu Ming shouted, madness, stepped out, already appeared on the top of the green-skinned youth, smashed another foot.

boom!

The two collided again, the green-skinned youth lost, and his body was like a meteorite, hitting the ground.

But green light broke out all over his body, and he dragged himself as he approached the ground.

"Damn, this native, why are you so strong?"

The green-skinned youth was terrified, his heart was already empty, he didn't dare to love war, and a crazy outbreak rushed to the side.

Lu Ming's strength is beyond his imagination. A **** king is only sevenfold. It is so incredible that it is so powerful.

In particular, Lu Ming's flesh is almost as primitive as a beast. It is infinitely powerful and invincible.

"Boy, I haven't recovered from the injury. Forgive you first. When I get back from the injury, it's your death!"

The green-skinned youth roared and ran forward.

He is now only restored to Divine Monarch's weight, and when someone restores Divine Monarch's triple, a slap can kill Lu Ming.

"Want to go, did I allow it?"

Lu Ming spoke indifferently, stepped on his feet, and instantly caught up with the young green skin.

"Do you want to kill me? Although your strength is stronger than me, but you want to kill me and dream!"

Green skin youth shouted.

Indeed, Lu Ming's strength is indeed above him, able to suppress him, but suppressing and killing are completely different things.

He escaped with all his heart, and Lu Ming couldn't kill him.

"is it?"

However, Lu Ming sneered. Then, above Lu Ming's head, a bell appeared.

The original secret technique, the bell of heaven evil!

Jingle Bell~

The bell of heavenly evil sounded, and an invisible attack enveloped the green-skinned youth.

This is a soul attack!

The green-skinned youth shivered and stopped motionlessly, his face flushed.

"Not good, soul attack, this kid has two original secret techniques!"

The green-skinned youth roared in his heart and was very anxious, wanting to resist with all his strength, but it was too late. A foot shadow zoomed in front of him indefinitely, and bombarded him fiercely on his face.

He was affected by the Soul of Heaven's Evil, and the stagnation of this power momentarily, he had no defense at all.

bump!

Lu Ming bombarded the face of the young green skin with a scream, and the young green skin screamed, his body flew out, and half of his head exploded and was hit hard.

"Flee flee..."

The green-skinned youth has not died yet, and a crazy outbreak wants to escape.

but...

Jingle Bell!

The bell of heavenly evil sounded again, and he was attacked with stings.

His soul is not a treasure without attack by defensive forces, but it is still difficult to completely block the attack of the Heavenly Evil Bell and has been greatly affected.

"Do not..."

The green-skinned youth shouted in horror, terrified. The next moment, a horrific attack, bombarded him again. This time, his head exploded completely, and his soul was destroyed by violent energy.

Green skin youth, fell!

call...

In the sky, Lu Ming took a long breath and quickly dispersed the Bell of Heavenly Evil and the Boots of the Wind.

Simultaneously controlling two source secrets is too much power.

Although he is in control of eleven kinds of divine power, after all, only the cultivation practice of the seven kings of the gods, just using two source secret techniques at the same time, only attacked a few times, and the divine power is almost exhausted.

Fortunately, the other party was only one person, and if there were several people, Lu Ming didn't dare to use it this way.

"Hey, it's time to recover from the injury as soon as possible, so I miss the word measurement!"

Lu Ming sighed.

In the past, there was a quantification formula, and the divine power was stored in advance. It was not afraid of the exhaustion of the divine power, and it could explode as much as possible.

"Now I know the old lady's good, huh, and later you'll **** up your old lady!"

In the knowledge of the sea, the vocabulary of measurement is cold, full of arrogance.

Lu Ming smiled bitterly.

At this moment, the blood dragon palace, the people of the black dragon family, were all stunned, looking at the landing song in shock.

A terrifying and powerful man of God's King Realm was actually killed by Lu Ming.

Horrible, terrible!

At this moment, Lu Ming seemed to have become a deity, as if he were a reincarnation of the original dragon.

It was half loud before they reacted.

Especially the people in the Blood Dragon Palace are pale and trembling, which is scary.

Afraid that Lu Ming was angry and killed them.

As for running away, I didn't dare to do it. Didn't see the horror of the Divine Monarch Realm, were all killed?

Where can they go?

They could only watch in horror, waiting for Lu Ming's departure.

"Lu...Senior..."

At this moment, Black State flew over, clenched fist at Lu Ming, and stuttered.

He believes that Lu Ming should be a predecessor on the dragon clan's parent star. His age is not small, but he is only so young when he is in the face.

"Black State, you and I are about the same age, don't call me senior!"

Lu Ming smiled.

"Age?"

Black State's head was a little dazed, and said: "Lu...Lu Brother, how should these blood dragon palace people deal with?"

Lu Ming's eyes looked at the people in the Blood Dragon Palace.

The rest of the Blood Dragon Palace shuddered and their heartbeats accelerated.

They knew that it was time to decide their destiny.

"You guys, why did you turn to the man just now?"

Lu Ming asked, referring to the green-skinned youth.

"Not long ago, the other party came suddenly. Although we knew that he was an outsider, the other party's strength was so strong that he reached the Divine Monarch Realm. Our masters of the palace were all suppressed by him and could only surrender!"

An old man in the Blood Dragon Palace boldly said.

"Oh!"

Lu Ming nodded and said, "You will follow the Black Dragon family in the future, cooperate with the Black Dragon family and help me do things, I can spare you your life!"

"Thank you for not killing me!"

"Thank you!"

Unexpectedly, the people in the Blood Dragon Palace surrendered directly and surrendered, but it was contrary to Lu Ming's expectations. Unexpectedly, it was so smooth, I thought the other party would fight.

Chapter 3596: Huoji

In fact, it is also normal. The green-skinned youth was an outsider before, and they were forced to turn to each other.

But in their eyes, Lu Ming is a dragon clan star, and his strength is so strong. People who trust the dragon clan star are better than foreigners, so they simply agree.

Next, it was to sort out the battlefield. Lu Ming didn't wait much, returned to the room, sat cross-legged, and ran the "Qiankun Wandao Jue". The spirit between heaven and earth came together frantically, and was absorbed by Lu Ming. , Quickly filling up again.

When the divine power returned to its peak, Lu Ming ended his cultivation.

"I don't know what happened to the people coming in from outside? By the way, take a look at the Fantasy God Jade!"

Thinking of this, Lu Ming took out the fantasy **** jade and entered the public area of the fantasy space.

"Available!"

Lu Ming's eyes lit up.

Fantasy Shenyu is worthy of being refined by Fantasy Tiangong, and it is really wonderful, even Wanlongyin can't stop it, and can still communicate news.

When Lu Ming first came, he thought that Dream God Jade could not be used, so he never used it.

However, the public areas are quiet!

Only a few people asked about the situation of entering the dragon clan parent star. Obviously, these people were not the dragon clan parent star, but no one answered.

No one came out to explain the situation inside the Dragon Mother Star.

"Don't a few people enter the dragon clan star and are all dead?"

Lu Ming thought, but shook his head immediately, which was impossible.

Seeing the green-skinned young man, Lu Ming knew that everyone who could not come in was dead.

The green-skinned young man, although he was an arrogant figure, was of average strength. The race of birth was not a big race.

I am afraid that many of the arrogance on the Honghuang Wanzu list are stronger than the green skin youths. The green skin youths can successfully enter the dragon clan star, then there must be many people who have entered the dragon clan star.

But no one speaks in public areas.

Lu Ming speculated that these people did not speak intentionally.

There are two reasons, the first one is that when he entered, he was injured by Wanlong Seal, and he has not recovered, so he does not speak and does not want to reveal his position.

After all, there are so many forces in the vast universe, and many forces are hostile to each other. If you say your position and expose your position, you may be targeted by others, which is very dangerous.

Therefore, no one spoke until the injury did not recover.

The second is that like Lu Ming, I got a relic, and I can get a great chance in the relic. This is naturally not to be said. It is better to stay and enjoy slowly.

Lu Ming speculates that after a period of time and after the injuries of the people have completely recovered, this public area will become lively. By then, Lu Ming can know a lot of news from here.

Putting away the fantasy **** jade, Lu Ming walked out of the room.

At this moment, the battlefield caused by the previous war has been cleaned up.

"Brother Lu!"

Black State came over and clenched his fists.

"Brother Black State, Lu Ming has something to do, I would like to ask you for help!"

Lu Ming said.

"Brother Lu, please say that Black State will do its best!"

Black State Road.

"Want to ask the Black Dragon family to help me find two people!"

Saying that, Lu Ming took out two jade symbols and input divine power, and immediately two figures appeared.

These two figures are the figures of Qiuyue and Xie Nianqing.

Lu Ming wants to let the people of the Black Dragon family help find out the traces of Qiuyue and Xie Nianqing.

This is also the purpose of him pretending to be the native of the dragon clan's home star. He can use the local people to find Qiuyue and Xie Nianqing.

The Dragon Mother Star is huge and vast, and here, it is suppressed very powerfully, and the flight speed is extremely slow. It is too difficult to find someone by himself alone. It is undoubtedly a needle in a haystack.

With the help of the natives of the Dragon Mother Star, it is much easier to find.

"Brother Lu, rest assured that the Black Dragon family will do their best to find it!"

Black State nodded.

"Also, during this time, inquire about the surrounding area and see what happens to other forces!"

Lu Ming said.

"no problem!"

Black State nodded again and again.

He has been completely conquered by Lu Ming's strength, and Lu Ming is a native of the Dragon Mother Star. In his opinion, Lu Ming is definitely a peerless genius on the Dragon Mother Star.

Especially when Lu Ming stimulated the primordial **** blood before, he exuded the ancient and ancient Longwei to make them more admired.

After handing over two pieces of jade to Black State, Lu Ming continued to return to the room, took out a magic medicine, swallowed it, and began to refine it.

The most urgent task is to restore the cultivation practice as soon as possible. Only when the cultivation practice is completely restored can we have enough confidence.

In the magic medicine, strong life energy poured into Lu Ming's body, and then poured into eleven star nuclei to restore Lu Ming's star nuclei.

After refining a magic medicine, Lu Ming took out another one.

Anyway, in the Black Dragon Valley, Lu Ming received a total of nearly two hundred potions.

God medicine, enough to eat!

Time, day by day.

Soon, ten days passed.

In ten days, Lu Ming had refined dozens of magical medicines. With the help of powerful life energy, Lu Ming's cultivation practice quickly recovered.

God King Eightfold, God King Ninefold!

Although, the further back, the slower the recovery will be, but within ten days, Lu Ming's cultivation behavior has still returned to the limit of the God King's Nine Heavy, and one step later, he can be restored to God's King Realm.

The surface of eleven nucleuses became smooth again, and there were few cracks on it, leaving only a few.

As long as these few cracks have been repaired completely, Lu Ming's cultivation can restore the weight of Shenjun.

"It's faster than I thought. I can recover safely in up to ten days!"

Lu Ming smiled.

His injuries are very serious, especially if there is a problem with the star core, it is difficult to repair.

But the cultivation environment of the Dragon Mother Star is too good. Even then, Lu Ming originally thought that it would take at least two years to recover.

But now with these magical drugs, Lu Ming can shorten the recovery time within a month, which is very unnatural.

Of course, the last step of repair is also the most difficult. Lu Ming estimates that it will take about ten days.

Take out a magic medicine and continue to refine it.

At this moment, there are two figures coming to the Black Dragon family at a very fast speed.

These are two young men with arrogance in their eyes.

They were wearing fiery red armor, and the flames were blazing on the armor, the temperature was amazing, and the burning air rustled.

"The Black Dragon Family is coming!"

"This Black Dragon family, also controls a ruin, called Black Dragon Valley, or an unowned thing. Hey, this Black Dragon Valley, my Huozi must be in control!"

"The relics on the dragon clan's mother star are really amazing. The magic medicine is everywhere, and there are countless chances to practice here. It is almost a hundred times faster than our Huo Cultivation Holy Land cultivation!"

"Haha, the mother star of the dragon family, was born from the beginning of heaven and earth, and was sealed for so many years. Once it recovers, of course it is amazing!"

The two young men chatted.

Chapter 3597: Just take the opportunity to climb up

Two young people of Huo tribe, while chatting and flying, soon came to the area of the Black Dragon family.

"Who? Stop!"

With a loud shout, several figures appeared, blocking the front of two Huowu youths.

These figures are the people of the Blood Dragon Palace.

The Blood Dragon Palace has been conquered by Lu Ming and cooperates with the Black Dragon Family. Some of the masters of the Blood Dragon Palace are guarding around the Black Dragon Family. Seeing the youth of the Huoji family comes, it naturally appears to be blocked.

"Are you from the Black Dragon family?"

Asked a Huoyou youth.

"you could put it that way!"

A blood dragon palace lord answered.

"Very good, go back and talk, let the Black Dragon family obediently surrender the Black Dragon Valley, and then surrender, help us Huo Wu clan, so that the Black Dragon family can live!"

A Huoyou youth said coldly.

"Otherwise, all destroyed!"

Another Huohu youth added.

After speaking, the two Huowu youths exuded a breath of breath.

With a breath of air, like Tianwei, the masters of several Blood Dragon Palaces changed their faces wildly, retreating back and forth, and a spit of blood spewed out.

"Divine Realm!"

The people in the Blood Dragon Palace were horrified.

"Go back and talk!"

A Huoyou youth waved his hand casually.

"go!"

Several big men in the Blood Dragon Palace quickly retreated and returned to the Black Dragon family.

"This Black Dragon family, I heard that it is only a small force, but the strongest is only the fivefold God King, this trip will be very easy!"

"Yes, this place is actually not occupied by people. Our Huowu people have good luck. After taking the Black Dragon Valley, we Huowu people, there are two ruins to explore!"

The two Huofu youths chatted casually and continued to move forward, and soon came to the Black Dragon family.

At this moment, the Black Dragon family is already crowded with people, masters gathered, staring at the two Huoji youths on alert.

"What do these people want to do? Do they want to resist?"

A Huohu youth was stunned.

"If they really want to die, I don't mind sending them a ride!"

Another Huohu youth sneered, a cold light flashed in his eyes.

...

Below, Lu Ming is also looking at the two Huoji youths.

Before he was practicing, he received news from Black State that someone had come to the door again, and Lu Ming could only end the retreat.

Now, Black Dragon Valley is regarded as his treasured land by Lu Ming, how can it be given to others.

He who wants Black Dragon Valley is his enemy.

"Divine Divine Double!"

Lu Mingling swept the knowledge and found that these two young men had a double cultivation ability.

"It's a little tricky!"

Lu Ming frowned.

Although during this time, he was able to recover to God King Jiuzhong, which was a lot better than when he played against the young green skin.

However, the Divine Monarch Realm, the gap between each weight is also very large.

Divine King Double, can easily kill Divine King One.

If it is an ordinary King of Gods, Lu Ming doesn't need to worry at all. With his current combat power, he can easily beheaded.

But none of the people who can come here are ordinary people. They are the arrogance of the major forces.

In particular, those arrogance of the Honguang Wanzu list may be stronger.

I just don't know what kind of people these two are from.

Boom!

The two youths of the Huoji family freely released their own breath. The double breath of the Divine Monarch permeated the Black Dragon family, making this area full of terror pressure.

People in the Black Dragon family, people in the Blood Dragon Palace, seem to be carrying a mountain on their bodies.

"Stronger than the green-skinned youth before!"

"It's an outsider!"

Black State and others looked very ugly.

It is easy to feel that the two young people in front of me are stronger than the green-skinned youth ten days ago.

Lu Ming, can you fight against each other?

"Hand over Black Dragon Valley, otherwise, destroy!"

A young man of the Huo tribe drinks coldly, kills cold, makes people change color.

Black State and others were silent and looked at Lu Ming.

Faced with such an enemy, Lu Ming can only be given to.

They are helpless!

"You are outsiders, which race are you from?"

Lu Ming spoke, and then explored the origin of the other party first.

"Aboriginal, even if I say it, you don't know!"

A Huoyou youth stared at Lu Ming with light like electricity.

"Speak it out and listen to it, I once read an introduction to all the tribes in an ancient book!"

Lu Ming said.

"Since you want to hear it, let me tell you, we are from the Huowu tribe, the powerful race on the Honghuang Wanzu list, and are the top strong clan in the entire Honghuang universe, do you understand?"

A Huohu youth sneered, his face proud.

"It turned out to be the Huo tribe, and the Honghuang Wanzu list ranked 10,000, and I just made it to the Honghuang Wanzu list!"

Lu Ming moved.

In the fantasy **** jade, Lu Ming has seen the introduction of all races in the Honghuang Wanzu list. As soon as the other party said, he knew it.

"It turned out to be the Huo tribe. I read it in ancient books. It used to be 10,001. After my dragon clan was destroyed, you would have the opportunity to climb up, otherwise you wouldn't be qualified to be on the Honghuang Wanzu list!"

Lu Ming smiled.

It is true that the Huo tribe was not qualified to be on the Honghuang Wanzu list when the Dragon tribe was at its peak a few dozen years ago.

After the Dragon Clan was destroyed, its strength was declining, and the Huo Clan had the opportunity to climb up after being removed from the Honghuang Wan Clan List.

"Boy, you are dead!"

A Huoyou youth gave a cold drink and exhaled a cold murderous opportunity.

People of the Huo tribe have always been proud of themselves as the race of the Hundreds of Thousands of Clan List. They hate others to say that they are picked up and climbed up cheaply. Now, an indigenous person dare to say so and seek death.

boom!

A Huoyou youth stepped out, the flames were skyward, and the temperature in the air rose sharply.

A terrible ray of flame spread down, rushing towards Landing Ming and many people from the Black Dragon family. He wanted to turn these people into ashes.

Lu Ming rushed into the sky and punched out, punching his fist, breaking the flame directly.

"God King Nine Heavy!"

The youths of the two Huo tribes were stunned.

They got the news that the strongest person in the Black Dragon family seems to have only the five kings of the **** king. Unexpectedly, there actually exists a king of the nine kings.

But the two quickly smiled.

What about the God King Jiuzhong, in their eyes, it is not a slap in the presence of death.

"Boy, die for me!"

The Huoyou young man who had worked before snorted coldly and slaps towards the landing. The palm is filled with purple flames, and the temperature is even more amazing.

This terrible flame alone can burn the existence of the ordinary **** king Jiuzhong.

"This means is not enough!"

Lu Ming Changxiao triggered five times the combat power of the war character formula, and the divine power exploded in an all-round way. At the same time, it stimulated the power of the original divine blood and slammed into the opponent.

In addition to not using the original secret technique, Lu Ming almost tried his best.

He will strike with a thunder when the other party despise him.

"Be careful!"

Another Huo Wu youth sensed the terrible fist of Lu Ming's fist, roared in exasperation, and rushed towards the landing crazy.

Chapter 3598: Racial talent

Another Huotian Tianjiao, who sensed the power of Lu Ming's eruption and roared in fright, rushed directly to the landing naming. During the process of rushing out, his body suddenly became larger and finally became a kilometer long. Giant centipede.

The centipede was filled with flames, surrounded by a gruesome flame claw.

After turning into a centipede, the flame claws around his body flew out directly, like a flame war knife, slashing towards Lu Ming, the speed was amazing.

Lu Ming frowned, his fists waved in succession, and a fist burst out, killing him forward, and blazing with flame claws.

Boom!

A series of explosions sounded.

At the beginning, the Huoju youth also reacted, roaring, and bursting with violent force, rushing to Lu Ming, and Lu Ming's fisting.

Uh!

Lu Ming's body drifted back.

"Damn, this kid hides his strength!"

At the beginning, the Huoyou youth drank coldly.

He was really scared. He just looked down on the other party. He didn't expect the other party to have such a strong strength. If he hadn't made another Huo Tian Tianjiao shot in time, he might have been killed by the other party.

The next fear is anger, endless anger.

"Boy, I will tear you apart!"

The Huojia Tianjiao roared, and his body also began to change into a huge flame centipede.

This is not a physical mystery, but their body.

The two flame centipedes were meandering and filled with amazing flames, slamming towards the landing.

Their claws turned into war knives, slashing towards Lu Ming, and gave a terrible roar.

"bring it on!"

Lu Ming held the palm of his hand empty, and the Ba Shen Gun appeared.

To deal with the two Huojia Tianjiao, the Ba Shen Gun is naturally more suitable, because the Huojia is a kind of rough skin and strong defense, which requires a strong attack of the original mystery.

咻咻咻...

The Ba Shen gun was shocked, bursts of guns burst out, slamming into the flames and claws.

Lu Ming wielded the tyrant gun, flew those claws, and killed a fire centipede.

"kill!"

A fire centipede shouted, his body glowed like metal, and the whole body seemed to turn into a fiery red sword, chopping down to the landing.

This trick contains the source's secret technique.

Lu Ming sees clearly that the other party's original secret technique is a ray of fiery heat that blends with the other party's body and is amazingly powerful.

"Long shots!"

Lu Ming waved his gun, and a long river of gunshots appeared, colliding with the opponent's body.

Boom!

The explosions were endless, and the two sides continuously confronted each other. Finally, there was a violent roar. Lu Ming and the fire centipede retreated back hundreds of miles together.

"What an amazing power, what a great fire crow!"

Lu Ming's eyes narrowed slightly.

Speaking of which, this is the second time he has played against the race on the Honghuang Wanzu list.

For the first time, it was several arrogances of the Wu people.

However, the Wu clan has strange means and specifically attacks the soul. It just happened to be restrained by Lu Ming's Heavenly Evil Bell, and it can't show its own strength.

Now, Lu Ming is the second time to fight against the racial arrogance on the Honghuang Wanzu list, and finally realize the power of these powerful races.

The power of the opponent is amazing, far beyond the ordinary race.

The Heavenly Pride of the Holy Fire Sword Sect, a battle at the same level, is definitely not the opponent of the Firecrow's Heavenly Pride.

The stronger the race, the better the bloodline, the stronger the strength and talent, because these races are closer to the original gods.

In particular, some of the top races in the Honghuang Wanzu list are even more terrifying.

For example, there are some eight-winged angels and ten-winged angels in the angelic family who have amazing talents from birth. They have powerful blood vessels and rapid growth. Their talents are far superior to other races, and their fighting power is very amazing.

This point is also among the dragons.

For example, the seven-claw dragon and the eight-claw dragon are very talented at birth, not to mention the nine-claw dragon, which is almost invincible in the same battle.

Even some of the peerless arrogances of the race have divine power from birth, and still awakened the divine power of the original divine power factor, and have the original secret technique from birth.

How does this compare?

This is the power of racial talent.

The two Huozuo youths in front of them, although not so defiant, are also much stronger than ordinary races.

Of course, people who are not ordinary races certainly cannot compare with these powerful races.

Ordinary races will also give birth to some wicked arrogance.

In history, there has been a record of the rise of ordinary races against the sky, and even trampled the strongest demon of the top ten races at the feet.

Of course, such evildoers are very few, individual.

The overall strength of the race, the overall level of arrogance, is still more powerful than those powerful races.

Lu Ming was surprised, and the Tianjiao of the two Huo tribes were even more shocked.

Lu Ming is just God King Jiuzhong, and it is terrifying to be able to fight against them.

"Is this the Shenlong tribe? They are all destroyed, but only some residuals are still born, and they can be born such demon. It was worthy of the top five terrible races!"

A thought flashed in the hearts of the two Huoji tribes.

But soon it was replaced by a killer.

The Shenlong family has been annihilated. What about the birth of evil spirits? Kill it!

The two giant centipedes turned into two swords, and whistled towards Lu Ming.

"It seems that it is not easy to deal with a single source secret technique, then there are many kinds!"

Lu Ming thought, and the Bell of Heavenly Evil came out.

Jingle Bell!

The bell of heaven evil sounded, attacking the soul of the other party.

"Soul attack, be careful!"

The two fire centipedes shouted, but their bodies were still shaking after being attacked.

Lu Ming took the opportunity to kill the past.

Ba Shen Gun, pierced into one of the eyes of the fire centipede, here is the opponent's weakness, weak defense.

However, just before the Tyrant Gun was about to stab, the Fire Centipede roared and twisted his body, which could withstand the point.

With a loud bang, the tyrant gun pierced the outer shell of the head of the fire centipede. The fire centipede flew out. The outer shell was sunken, and a trace of blood penetrated, but it was fine.

"It reacted so quickly, it seems that the other party has soul defense treasures, and the power is amazing!"

Lu Ming frowned.

These arrogance of the Honghuang Wanzu list can't be underestimated.

Obviously, Lu Ming has a very mysterious soul defense treasure, so he can react so quickly and resist the soul attack.

This is also normal. It is normal for Hongwanwan List to be so powerful and possess some powerful soul defense treasures.

You know, in the list of hungry peoples, the Wu people specialize in dealing with souls. If other powerful races do not have the means of defense, wouldn't the Wu people be slaughtered?

"kill!"

"Kill this shit!"

Two flame centipedes roared, culling Xiang Luming, and launched a violent attack.

"Lunar Moon!"

Lu Ming's thoughts moved, the lunar moon emerged, and scattered a cold ray of cold light.

Chapter 3599: Solved, the news came out

Lu Mingshi exhibited the third kind of original secret technique, Moon of the Moon.

The lunar moon, even the cold power of the lunar awakening, is filled with the power of the cold to the yin, and the fire centuries are filled with terrible flames. The lunar moon is just the nemesis of the fire cents.

On the lunar moon, a ray of sunlight fell down and fell on two flame centipedes, immediately bursting into a crackling explosion, which was the result of cold and hot collision.

For a while, the flames on the two flame centipedes dimmed.

"Door Gate!"

Then Lu Ming thought about it, and cast another kind of original secret technique to dominate the door.

The Gate of Domination is huge, and there is a vortex on it, which keeps rotating, exuding a terrible attraction, and suppresses towards the two fire centipedes.

"Damn, so many secret techniques!"

The two fire centipedes shouted, struggling violently, trying to break open and break out of the encirclement.

"It's now, the sword of breaking emptiness!"

Lu Ming waved his hand, and the broken sword condensed out, flying out of the thorn, piercing the eyes of a fire centipede.

The two fire centipedes were attacked by the Bell of Heavenly Evil, the Gate of Domination, and the body and soul were greatly suppressed, the reaction speed was much slower, and the sword of breaking virtuality was as fast as lightning. In front of a fire centipede.

This fire centipede wanted to avoid it. It was already too late, and the sword of the emptiness pierced directly from one of his eyes.

what!

The flamed centipede shouted, its huge body was struggling frantically, but it was useless, the sword of the broken virtual stabbed into it, and it was crazily destroyed.

At the same time, Lu Ming also shot, stabbed in the other eye of this fire centipede.

boom!

The violent energy exploded, and the head of this fire centipede exploded directly and fell to the spot.

"Dare to kill me, the arrogance of the Huo Wu tribe, you indigenous, **** it!"

Another fire centipede was shocked when he saw this scene, and with a roar, he ran towards the rear and tried to escape.

However, Lu Ming will let him escape.

"Old volume, divine power!"

Lu Ming thought about it, and then in the word-measure, a powerful divine power poured into Lu Ming's body.

Click!

At this moment, Lu Ming seemed to hear the star nucleus that had not been completely healed, and a slight click sound came out, and it seemed that the cracks had become larger.

He hasn't fully recovered yet, and he hastily introduced the divine power in the quantitative formula, and he still can't bear it.

However, I can't manage that much now.

boom!

The Gate of Domination glowed, and out of the vortex, a large hand with scales and sensations stretched out, as if it were a devil's hand, and grabbed the Fire Centipede, grabbed his tail, squeezed hard, the Fire Centipede screamed, and the tail was almost screamed. Crushed.

Then, the Bell of Heavenly Evil rang, the sword of broken emptiness, and Lu Ming with the Ba Shen Gun, killed the Fire Centipede together.

Lu Ming's primordial **** blood is now erupting, how powerful is it, and the Ba Shen gun is falling down. Even if the fire centipede's defense is amazing, the carapace outside the body is almost smashed by Lu Ming, twitching.

Under the attack of Lu Ming's various original secret techniques, the fire centipede was simply not able to resist, barely resisted a few moves, and was stabbed by the broken virtual sword.

Then, Lu Ming shot him with a bully and completely killed the fire centipede.

After killing the fire centipede, Lu Ming immediately withdrew several original secret techniques, and then checked the situation of the star core.

After a while, Lu Ming was relieved.

Fortunately, although the forcible introduction of the divine power in the quantification tactics has caused the cracks in the star core to expand a bit, it is not serious. It can take a few days at most to recover.

And Black State and others, this just came back.

They looked at each other, and they were already numb to Lu Ming's strength.

During this time, Lu Ming repeatedly brought them accidents. It seems that no matter how strong the enemy is, he will eventually be resolved by Lu Ming.

"Black State, give these two fire centipedes to you. I'm going back to practice!"

Lu Ming urged Black State to give him a sense of urgency.

Because when the last Crow Centipede was dying, his eyebrows glowed, and a jade charm was sacrificed.

Lu Ming sees clearly, that is clearly a fantasy **** jade.

Lu Ming has studied fantasy **** jade long before. The dream **** jade has many functions and various functions. It can not only replace the sound-carrying jade symbol, but also replace the shadow stone and expand the image.

Lu Ming estimated that at the last moment, the flame centipede sent news, and at the same time sent out his image.

In this case, there will definitely be more and stronger flame centipedes behind.

As a member of the Hundred Thousands Clan List, the Huo Clan has so many arrogances that it is impossible to enter only two people.

Like the more than nine thousand ranks of the Sanque, but hundreds of people have come in.

Therefore, he must return to the peak as soon as possible to cope with the next situation.

Lu Ming came to the two fire centipedes, first received their rings, and then grabbed two jade charms from their bodies, and they were all dream gods.

Then he ignored it and returned to the room.

Black State and others quickly collected the bodies of the two Huo tribes.

These two fire centipedes are the treasures for them. If the carapace of the fire centipede is refined into armor, the defense is absolutely amazing.

Lu Ming went back to the room and took out two pieces of Dream God Jade to study, but unfortunately soon, Lu Ming was disappointed.

Because it doesn't work at all.

Everyone's dream **** jade will be dripping with blood, and it is completely bound to the dream **** jade. In this way, this piece of dream **** jade is the only one, even if others take it, it can't be used, and the above can't be erased. Imprint, can't open the fantasy Shenyu.

It is said that only those who dream of Tiangong can do it if they want to erase the imprint on the fantasy **** jade.

Shaking his head, the two pieces of fantasy **** jade were put away, and Lu Ming took out a magic medicine and continued to refine it.

...

To the west of the Black Dragon Family, there is a vast territory. On this territory, there is also a Dragon Family, which is the Golden Dragon Family.

In the Golden Dragon family, there is also a relic left in ancient times, named Jinlongling.

And now, whether it is the Golden Dragon family or the Golden Dragon Ridge, are all occupied by the masters of the Huo tribe.

In a hall in the depths of the Golden Dragon Family, a group of Huoji tribes gathered together.

"Damn, Wu Feng just returned the news that they were killed in the Black Dragon family!"

A Huo Clan roared with arrogance.

"According to the reaction of the Golden Dragon family, the highest level of the Black Dragon family is only the presence of the five kings of the Divine King. Even if this period has risen again, the maximum will not exceed the Seventh King of the Divine King. Wu Feng and the two went there. How could they be killed?"

"Are the Black Dragon family also occupied by other powerful races?"

Other Huo people have a lot of discussion and a dignified face.

If the other races of the Hungry People's List occupy the Black Dragon family, then they don't have to think about it.

Chapter 3600: Ten more

After all, although the Huohu tribe is ranked in the Honghuang Wanzu list, it is the top clan in the Honghuang universe, but in the Honghuang Wanzu list, it is only the last one.

On the Honghuang Wanzu list, any race is better than them.

Therefore, if the other party is from the other races of the Hundreds of Families, they can only admit that they are out of luck.

"It's not the race of the Honghuang Wanzu list, not even the outsiders, but the indigenous native of the Dragon Mother Star!"

The Huozu tribe said before.

"what?"

"A native?"

The arrogance of other Huoji people is a little unbelievable.

"Look!"

The Huo Clan took out the fantasy **** jade, and the fantasy **** jade glowed, and an image appeared. It was Lu Ming.

After Lu Ming stimulated the primal **** blood, he deliberately let the dragon scales emerge, which looks exactly like the dragon human race.

"It turns out to be indigenous!"

The eyes of the other Huoji people were glared, and some were unbelievable. The indigenous people of the Dragon Mother Star actually had such a strong presence that they could kill both of them.

"It seems that we can't underestimate the indigenous people of the Dragon Mother Star. This is an extraordinary planet after all. It is also possible to be able to give birth to some evil spirits!"

A seemingly calm Huojia Tianjiao nodded.

"It's just a native, I'll kill him here, will anyone go with me!"

A fierce fire centuries drank arrogantly.

"Wait!"

Above, a young man with fiery red hair opened his mouth.

As soon as the person spoke, the others all calmed down and looked at the young man, seeming to be very afraid of each other.

"When we entered the weak point, we were all injured, and now we have not recovered to the peak. The top priority is to use the magic medicine on the Golden Dragon Ridge and the excellent cultivation environment to restore the injury. When we recover to the peak, we will kill that one. Aboriginal is not late!"

The redhead youth spoke.

Everyone nodded and said they had no opinion.

Black Dragon family, Lu Ming constantly refines the magic medicine, and his injuries are recovering quickly.

In a flash, twelve days passed.

After twelve days of cultivation, Lu Ming's injury finally returned to its peak period. All the cracks on the eleven star cores also disappeared without any traces, emitting a brilliant light.

And Lu Ming's cultivation practice finally recovered to the weight of Divine Monarch.

"It's finally possible to show it!"

Lu Ming smiled.

After returning to the peak, Lu Ming no longer had any worries when he started. The eleven kinds of original divine power can explode, and the divine power that has been stored for a long time in the measurement formula can be continuously provided.

Only in this way can Lu Ming's combat power fully erupt.

"Twelve days, the Huoji people have not come!"

Lu Ming thought.

Lu Ming was a little surprised. He thought that the Huoji people would soon come to the door. I didn't expect that the other party hadn't come in twelve days.

"It seems that the Huo people entered here and should have been injured, so they dare not kill them in a hurry!"

"That's fine, it's time to refine the biogenic grass!"

Lu Ming smiled, and there appeared a magic grass on his palm.

Shengyuancao is very helpful to the cultivation of the original divine power factor. It is also helpful to awaken four times or even six times. Lu Ming would like to see how much help.

Swallowing Shengyuan Grass in one bite, Lu Ming then began to practice.

This time, Lu Ming cultivated the overwhelming power factor of the overlord's power.

Sure enough, as soon as he practiced, Lu Ming felt that he understood the supernatural power factor of the overlord's divine power super fast.

Originally, the Overlord Divine Power was only four awakenings, and now quickly approached five awakenings.

One day later, Lu Ming completely refined a Shengyuan grass. Lu Ming felt that the level of comprehension of the overwhelming power of the king's divine power soared. Although he didn't awaken five times, he was close to a big step, which is comparable to his scrubbing. Achievements over thousands and thousands of years.

"In this way, by refining and regenerating two plants, the overlord divine power will surely be able to awaken five times!"

Lu Ming's eyes were bright, and there were exactly two Sangyuan grasses in his hand.

The speed of this practice is amazing.

I have been awakened four times, and the help is still so great. This is outside. It is definitely a rare treasure. The value is inestimable. It is a treasure that cannot be bought with money.

Lu Ming just wanted to take out the second plant source grass, and suddenly his eyes moved, looking in one direction.

Lu Ming felt that there were more than ten breaths, approaching sharply.

"come yet?"

Lu Ming's mouth slightly raised.

Uh!

Lu Ming rushed out of the room, rose into the sky, flew in that direction, then stood in the void and waited.

With just a few breaths, ten figures appeared in front.

Ten young men wearing fire-red armor braved the flames of different colors, and at a glance they knew that they were masters of the Huo tribe.

Ten masters of the Huoji family naturally also found Lu Ming, fan-shaped, and surrounded Lu Ming.

"It was this kid who killed Wu Feng!"

"Surround him, don't let him run away!"

A few cold drinks came, and the violent breath broke out, locking Lu Ming to death.

"Shen Jun is triple!"

Lu Ming whispered.

Obviously, these ten Huo Wu tribes have recovered to the peak, the wounds have been healed, and they have returned to the realm of the triple king.

"Boy, you dare to kill us Huohu people, very good, today, let you know what regret is!"

A Huozu drank coldly.

"kill!"

Lu Ming was too lazy to talk nonsense with the other party, stepped out in one step, the Ba Shen Gun appeared, and stabbed towards the Tianjiao of the Huo Clan.

The Huoji Clan Tianjiao was shocked. Unexpectedly, Lu Ming dared to take the lead under the siege of so many masters.

At a critical moment, his two arms turned into two swords, blocking him.

when!

The Ba Shen spear pierced the two war knives with a violent roar.

The Huoji tribe Tianjiao retreated and nearly vomited blood.

"Boy, you dare to do it and kill him!"

"kill!"

The Tianhuo anger of the other Huoji tribes were all turned into their original forms, and huge giant fire centipedes appeared, and the sword awned horizontally, killing towards the landing.

There are ten flame centipedes in total, all of which are the triple existence of Divine Monarch, and their strength is very amazing.

However, Lu Ming's face was calm, and his thoughts were moved. One or two drops of primitive blood inspired him. Lu Ming's body was full of powerful power.

"kill!"

Lu Ming Changxiao, the Ba Shen Gun became huge, swept through thousands of troops, and swept away all the swords.

Then, the boots of the wind-extinguishing appeared and merged with Lu Ming's feet. Lu Ming stepped out and appeared in a fire centipede sharpshooter. With one shot, the fire centipede evaded quickly, avoiding the head.

Lu Ming's shot stabbed the belly of the fire centipede.

"You can't pierce my defense..."

The Fire Centipede was about to shout, but at the next moment, his cry came to an abrupt end, and some only had a horrified roar.
