

## **D Emperor 3651**

### Chapter 3651: Geocentric space

A huge channel appeared in front of everyone.

This passage looks dark, but a little red light faintly emerges.

And that scorching breath disappeared.

"opened!"

In the eyes of many people, there was a glowing glow.

In their view, this must be the place where the Dragon Palace hides treasures.

Uh!

Someone couldn't help but rushed out. Of course they were very careful to protect the body with divine power and artifacts. However, there was no exception. The man suspended above the passage, pondered for a while, and then rushed toward the passage.

"go!"

At this time, the others couldn't help it anymore, their bodies flashed, and they rushed towards the channel, and then rushed down the channel.

Lu Ming was at the end, and when he saw other people rushing away, Lu Ming also rushed up.

If this is where the Dragon Palace treasures, it is not to be missed.

As for the masters such as Jin Yan, Lu Ming could not beat him confidently, and it was still possible to get out.

The channel is very large and straight down.

As soon as Lu Ming and others rushed into the passage, they felt a strong gravitational force, acting on them, and pulling them down.

Of course, they can still bear this gravitational force, and they can do it if they want to fly upwards.

However, their purpose is to go down, so follow the trend, the body is like a meteorite, and quickly fell toward the bottom.

Huh...

The wind was blowing, they fell very fast, but this passage seemed unfathomable.

They fell for a few hours, but they have not fallen to the bottom.

At the speed they fell, they fell for several hours. The distance was already amazing, but they did not reach the point of the passage. How deep is this passage?

"This channel will not lead to the center of the earth of the dragon clan?"

Someone murmured.

Hearing this, other people's faces also changed slightly.

The Dragon Mother Star is not an ordinary planet, even if it is the surface, it is very extraordinary, will its core be dangerous?

But at this point, how can everyone give up easily?

Keep falling!

Five hours, ten hours...

One day, two days...

The crowd has been falling for three days, and, the farther back, the higher the temperature, the air is full of hot breath.

You don't really want to go to the center of the earth!

Everyone looked dignified.

In three days, I don't know how much the distance has fallen. This is what everyone can see. Below is a red glow.

About to arrive!

Everyone's spirit is shocked!

Sure enough, soon after, the crowd descended into a huge underground space.

This underground space is so vast that it seems like a world.

Everyone's eyes widened, because the underground space is so spectacular.

At the bottom, is the Magma Lake.

The endless magma exudes a hot breath and a smell of sulfur.

Everyone needs to operate the divine power to resist the high temperature in the air.

In the space above the magma lake, mountains are suspended.

Yes, it is a big mountain, suspended in mid-air, the mountain is red, needless to say, I also know that the temperature is amazing.

The most amazing thing is that there are living creatures on the mountain.

quack...

A bird's song sounded, and on the peaks, a fiery bird flew out.

These birds have red feathers and there seems to be a flame beating on them. They flew down from the hanging mountain to the magma lake, such as the arrow of the string, and their long and narrow mouths plunged into the magma lake. Holding a fiery red fish.

Everyone looked dumbfounded.

Is this the center of earth of the Dragon Mother Star?

Above the sky filled with magma, there are peaks suspended. On the peaks, there is a bird, and in the magma lake, there are actually fish, which constitutes a simple ecosystem, which is dumbfounded.

"Wonderful, really wonderful!"

Someone sighed.

"Is the treasure of the Dragon Palace right here? Perhaps, it is hidden somewhere!"

"Don't say the treasures of the Dragon Palace, under such circumstances, it is estimated that peerless treasures will also be born!"

"Go, look!"

Tianjiao of all ethnic groups exchanged a bit, then dispersed, flew around to find it.

Their targets are those mountain peaks and even lava lakes.

Quack!

When someone approached a dangling mountain, a chirp sounded, and a flamingo flew into the sky, like a fiery red sword, assassinating a heavenly arrogance.

"roll!"

The Tianjiao roared loudly, shot a bright palm print, and slammed towards the firebird.

With a loud bang, the firebird was blasted out, but it was okay. After a few tumbling rumblings, he screamed and rushed towards the youth again.

At the same time, dozens of firebirds flew out of that mountain with constant tweets.

"We are here to help you!"

The Tianjiao was not alone. With his clan, hundreds of Tianjiao killed the firebirds.

The firebirds finally couldn't resist, most of them were killed, and the other quickly escaped.

Roar!

At this time, anomalies also appeared at the magma below.

Someone looked at the surface of the magma. Suddenly, the magma rolled, a giant fish appeared, swallowed a Tianjiao bite, then drilled into the magma and disappeared.

Many people's hearts are sinking.

It seems that under this magma, not only the small fish, but also the terrible and fierce giant fish.

This place is not so safe. Everyone got up and looked for it while guarding.

Suddenly, news came from one direction that a major discovery had been made.

Everyone hurried in that direction, Lu Ming followed behind silently.

Soon after, the crowd arrived at their destination.

"That is..."

Many people couldn't help widening their eyes.

In front, there is a huge lotus.

Yes, a fiery red lotus floating in mid-air.

The lotus is in full bloom, and there is a dragon in the middle of the lotus.

To be precise, it is not a real dragon, but a stream of air.

An airflow of the thickness of the thumb, about one meter long, suspended vertically above the lotus and twisted continuously.

At first, it looked like a tiny dragon, but the next moment, it became a transparent airflow.

In terms of airflow and the form of the dragon, it is changing.

This is an energy!

This is the consensus of all.

A piece of energy, suspended above a fiery red lotus, is very extraordinary at first glance.

Someone couldn't help but want to fly forward.

"Don't go up, it's very dangerous. Someone came up before, and didn't get close to the lotus, he died and turned to ashes!"

Someone quickly reminded.

As soon as this remark came out, many people were shocked. The person who had just stepped forward just now stopped.

No wonder the news will spread. It turned out that it was not so easy to get it. If it was easy to get it, it would have been taken away long ago. How could the news come out.

"what happened?"

Someone asked.

"I don't know, if someone approaches, it will turn to ashes!"

Humane and dignified.

Chapter 3652: Taboo power

This remark not only did not dispel the idea of everyone, but made some people more greedy.

The more dangerous and strange it is, the more extraordinary things are.

And everyone has a preconceived notion that this is the treasure house of the Dragon Palace, and they even believe that this is a treasure.

"This is a kind of fire property treasure, and most people must be blessed to withstand it. This kind of treasure should be my holy fire lion!"

At this moment, a burly young man sneered. He was wearing a fiery red armor, his skin was red, and his divine power was running, revealing a hot breath.

This is the arrogance of the \*\*\*\* fire lion tribe.

The \*\*\*\* fire lion race, a race born to play with fire, is also an extremely powerful race in the list of hungry peoples.

When others come here, they will feel uncomfortable and need to run their magical power to resist the hot breath outside.

But the Shenhua Lion tribe not only does not feel uncomfortable, but feels very comfortable. It is like a fish. If you practice here, they will practice faster.

Therefore, in the view of the gods of the Fire Lions, the treasure on the Fire Lotus is their chance.

The arrogance of the \*\*\*\* fire lion clan took a cold and proud look, stepped forward, and flew towards the fire lotus.

Of course, he did not dare to carelessly, the fiery red armor glowed, and his body shrouded.

In addition, he also sacrificed several artifacts, all of which are junior artifacts, with a fiery red shield and a fiery red ball...

Several treasures shrouded him tightly, and then he approached the fire lotus.

It was getting closer and closer, and soon, the Tianjiao of the Shenhua Lion clan was within the range of 1,000 kilometers of Fire Lotus.

Suddenly, very abruptly.

The body of the \*\*\*\* fire lion blazes.

The Tianjiao of the Shenhua Lions was originally covered with flames, and his treasures were filled with fiery heat and the temperature was amazing.

However, it was on the basis that he was covered with flames and burned.

It's like the flame on the \*\*\*\* fire lion's Tianjiao, not the flame, but charcoal.

what! Tianjiao, the \*\*\*\* fire lion clan, only uttered a scream, and then his body, along with those artifacts, were turned into ashes and scattered on the magma lake.

This...

Everyone took a breath.

Although the God of Fire Lion Clan's arrogance only has the triple cultivation of the Divine King, but he himself controls the flame. The general flame is not effective for him, but will become his supplement.

But now, the other party just had a time to scream and fell on the spot.

This is too scary!

Everyone looked at each other for a while, and they dared not step forward.

"What the \*\*\*\* is this?"

"I don't know, but it is definitely a rare treasure!"

"Nonsense, so strange, it must be a baby, the key is how to get it!"

There is a lot of discussion among all ethnic groups.

"I'll try!"

At this time, another voice sounded, and then a figure rushed out.

This is a young man in red robe, and also a creature with fire attributes. Everyone recognizes that this person is from the fire spirit family.

boom!

The youth breath exploded, and his body was completely transformed into a flame.

A strong breath filled the air.

"Six Kings of Divine King!"

Many people were shocked.

This is a top-notch demon, and he entered the dragon clan star more than thirty years ago. Xiu Wei has reached the sixth level of Divine Monarch and is one of the strongest people present.

However, he was also very cautious, completely turned into flames, and slowly flew forward.

Soon, he was within a kilometer of Fire Lotus.

Out of thin air, a layer of flame appeared on him, and the flames burned.

However, the people of the Fire Spirit Clan were not burned to ashes like the Tianjiao of the God Fire Lion Clan before, and he successfully resisted it.

Then he slowly approached the fire lotus.

"blocked!"

"It seems he will succeed!"

"The Fire Spirit Clan is more powerful than the God Fire Lion Clan in playing fire, and his cultivation behavior is still the sixfold of the Divine Monarch, which is normal to block!"

Everyone discusses.

The young people of the Fire Spirit tribe slowly approached the Fire Lotus, getting closer and closer to the Fire Lotus.

When he approached Fire Lotus one hundred meters, suddenly, he screamed in horror.

"Do not..."

The fire spirit youth roared, the flame twisted, and they seemed to want to retreat.

But the next moment...

With a touch, his body exploded and disappeared without a trace.

died!

Everyone looked at each other with a pale face.

Even the arrogance of the Fire Spirit Clan and the sixfold existence of the Divine Monarch cannot be close to the Fire Lotus. It seems that they cannot get this treasure.

"What is this treasure? Has anyone seen it?"

"I don't know. I've never seen it or heard it!"

"We sent to the fantasy space, can you ask the seniors of all ethnic groups?"

Afterwards, the person used dream magic jade to record the fire lotus and the airflow above, and placed it in the dream space.

"How is it possible? How is this thing here?"

At this moment, in Lu Ming's consciousness of the sea, the bone demon screamed unbelievably as if he had been greatly stimulated.

Of course, outsiders cannot hear it, only Lu Ming can hear it.

"Bone... Senior Bone Demon, what's wrong with you?"

Lu Ming asked very surprised.

The origin of the bone demon is mysterious and unpredictable. No matter what happened in the past, he is very calm, and it is difficult to have a period of abnormality.

But now?

Lu Ming clearly saw that the dark bones of the bone demon were shaking and all trembling...

In the eyes, the two groups of souls are constantly beating, and Lu Ming clearly feels different emotions such as shock, horror, greed, incredible, fear and so on.

What can actually make Bone Demon appear like this?

That lotus flower? Or is it the airflow over that lotus flower?

What makes bone demons so disoriented?

"Is it wrong, no, it should not be wrong, how can this thing appear here?"

"I understand, I finally understand why the Shenlong clan will be destroyed!"

Bone Demon didn't answer Lu Ming's question, but said to himself there.

But Lu Ming was shocked in his heart, and the bone devil guessed the truth that the Shenlong clan was destroyed?

Lu Ming has been wondering why those powerful races would join forces to siege the Shenlong clan and even the Tiangong shot. What secrets are buried behind this scene?

Does the bone demon understand?

"Senior Bone Demon, what do you understand?"

Lu Ming quickly asked.

"It's because of that airflow!"

Bone Magic Road.

"The airflow? The airflow above the lotus?"

Lu Ming looked at the airflow above the lotus, full of suspense.

Just because of the 'air current', the Shenlong family that almost dominated the universe was destroyed?

That airflow is so amazing?

"Boy, don't underestimate that 'airflow', if I guess right, it's the power of 'taboo'!"

Bone Magic Road.

Chapter 3653: Anti-Sky Man

When it comes to the word "taboo", the fire of the soul in the eyes of the bone demon keeps beating, revealing deep fear and longing.

Very complicated.

"Forbidden Power!"

Lu Ming felt a shock in his heart, and when he heard the power of taboo, he thought of Xie Nianqing.

At that time, when the 'Hong Yang' came to take away Xie Nianqing and Xie Nianjun, it was mentioned that the father of Xie Nianqing's previous life was a 'taboo'. What is the relationship between the two?

"What is the power of taboo?"

Lu Ming asked the doubt in his heart.

"I don't know exactly what is the power of taboo. It's very mysterious, but what is certain is that this is a force that is awe-inspiring and anti-sky. Once it is integrated, its natural talent will reach an incredible level. There is no limit to the future, this is a kind of supreme treasure, nothing can compare to it!"

"However, I heard a legend that Tiangong is extremely afraid of the power of taboo. Once you know the power of taboo, you will get it at all costs, so I guess that the Shenlong tribe has the power of taboo, so it will be destroyed by the palace. !"

Bone Magic Road.

"Tiangong all fear the power!"

Lu Ming was deeply shocked.

The Honghuang Universe, the world first opened, the universe gave birth to primitive gods, in that era, the era of primordial gods, primitive gods dominated the world.

Later, the Tiangong appeared, decisive battle with the primitive gods, almost wiped out the primitive gods, and since then, the Tiangong high up, ruled the universe, supreme, and entered the era of the Tiangong.

Such a powerful Tiangong will be afraid of taboo power.

So, the father of Xie Nianqing's previous life, called "taboo", is it related to the power of taboo?

If that is really the case, then, is the opponent of the family where Xie Nianqing lived in the past life not the Tiangong?

At this moment, Lu Ming thought a lot.

At the same time, his heart was a little hot.

Even if Tiangong is afraid of power, if you get it, then...

The more I think, Lu Ming's heart is fiery again.

However, Lu Ming shook his head and sighed at the thought of the people of the Fire Spirit clan.

Perhaps he was ashes before he approached.

The power that even Tiangong is afraid of is obviously not so easy to obtain.

At this moment, the bone demon also seemed to be very worried, did not continue to speak, and seemed to be thinking about something.

But shortly after, the dream space exploded.

Because, the people in Tiangong came forward.

And it is a big figure in Tiangong because of that ray of air.

Before, someone spread the airflow on the fire lotus to the dream space, which attracted the attention of Tiangong.

This shook the entire starry sky.

Actually, it can attract the attention of the big figures in Tiangong. What treasure is so amazing.

But even more amazing is still behind.

A big man in Tiangong came forward to speak directly, so that Tianjiao in the dragon clan's parent star would get that ray of air, whether it was used for its own use or collected with treasure, it must be obtained.

Whoever gets it, Tiangong will register it as the Son of Heaven, or Heavenly Daughter.

As soon as this news came out, the whole vast wilderness universe, countless races, countless forces, all exploded.

Even the top ten races are full of noise.

As long as that airflow is obtained, Tiangong will be sealed as the emperor, or the goddess?

Countless people have red eyes.

Especially after seeing the Tianjiao of all the tribes in the dragon clan's parent star, their eyes are full of greed.

And those who have not entered the dragon clan's parent star are all envious and jealous.

Once ascended to the emperor or the goddess, it would be Qingyun going straight up, leaping dragon gate.

That's the emperor or the emperor. Only the top and top demon in the Temple of Heaven can be enshrined as the emperor and emperor, just like an ordinary people who suddenly became the empress and the empress, and their identity has been increased by ten times.

In fact, every once in a while, Tiangong will recruit a number of Tianjiao in the Honghuang Universe and enter the Tiangong for cultivation.

However, after these Tianjiao entered the Tiangong, they could only become Heavenly Soldiers.

For example, in the secular dynasty, the heavenly soldiers are ordinary soldiers, and the heavenly celestial princes, that is the princes and princes, have a difference of tens of thousands of miles.

Tianjiao of all ethnic groups will not be jealous.

However, the thought of the danger around the fire lotus was so cold for many people.

How to get that airflow?

Someone asked in Dream God Jade.

Soon, the big man in Tiangong gave a reply.

That ray of air was made by the powerful dragons of the Dragons at that time, and it was sealed here for endless years, resulting in the spirits in the area of Magma Lake all having a trace of the characteristics of that ray of air.

As long as the creatures here are killed and a peculiar breath of such creatures is fused to their bodies, they can develop a resistance that can better resist the attack of that ray of air.

As long as there is more of that breath, it is possible to merge that ray of air.

"Actually, it's no wonder that I killed the firebird before, and felt that there was a strange breath in his body that no creatures outside had. It turned out to be the case!"

Someone whispered.

"Do it!"

Then, the Tianjiao of all races started to look for the creatures in the heart of the dragon clan's planet to kill.

This piece of space suddenly fought for days.

On the hanging mountain, the flamingo wailed and was besieged by many arrogances.

Also on the Magma Lake, many people bombard the Magma Lake with arrogance, forcing out the creatures in the Magma Lake and fighting with it.

"It seems that Bone Demon is right!"

After watching the fantasy space, even the big figures in Tiangong had spoken, and Lu Ming determined that this ray of air really scared even Tiangong.

"Lu Ming, do you want this ray of air?"

At this point, the bone demon continued to speak and asked directly.

"Why not such a treasure?"

Lu Ming answered.

"I can tell you, even if this ray of 'taboo power' is refined, your combat power will not be able to skyrocket immediately, so skyrocketing to Tiangong, it is impossible!"

"Incorporating the 'Forbidden Power', you will become the legendary taboo body, but only to enhance your talent to a terrifying point. The Tiangong is afraid of this kind of talent!"

"So, once you incorporate the 'Forbidden Power', the combat power will not skyrocket, but it will go to the opposite of the Tiangong!"

"I have heard a legend that the taboo body is a man against the sky!"

Bone Magic Road.

"Going against the sky? This 'sky' refers to the Tiangong?"

Lu Ming asked.

"Yes, so once the "Forbidden Power" is integrated, you will definitely go to the opposite of the Tiangong and be enemies with the Tiangong. You have to think about this!"

Bone Magic Road.

Lu Ming reveals a pondering look.

Tiangong is the master of the vast universe.

Enemy with Tiangong is something anyone doesn't want to see or face.

Because in the vast universe, being enemies with the Tiangong is tantamount to death.

Even such a powerful race as the Shenlong tribe was destroyed.

However, Lu Ming soon made a decision.

Chapter 3654: Decide

"I decided to merge!"

Lu Ming said.

Yes, even if he would go to the opposite of Tiangong and become an enemy with Tiangong, he decided to merge.

Because, Lu Ming has a feeling that the enemy of Xie Nianqing's previous family is probably Tiangong.

Therefore, even if he does not integrate the 'Forbidden Power', I am afraid that he will go to the opposite of the Heavenly Palace and become an enemy of the Heavenly Palace in the future.

Therefore, there is nothing to consider.

"Boy, you are so brave!"

Bone Demon Road, but Lu Ming clearly felt that Bone Demon seemed relieved.

It seems that Landing Ming would like to answer that.

This made Lu Ming a little curious. Does the bone demon have a hatred against Tiangong?

"However, I tell you, although you want to integrate the 'Forbidden Power', but if you want to integrate successfully, the chance is still very small, very very small!"

Bone Demon said again.

"Even if you kill the creatures here, you can't fuse that kind of breath to create resistance?"

Lu Ming asked.

"Yes, the people of the Tiangong, letting all the people of the tribes to integrate, is totally trying to take the life of these people to try, I tell you, your success rate is only 0.99% Nine Nine Nine Nine..."

Bone Magic Road.

"stop!"

Lu Ming hurriedly stopped, cold sweat, said: "You also look down on me too!"

"It's not that I look down on you. In history, everyone who can successfully integrate the 'Forbidden Power' is a peerless peerless master with unparalleled talent, and has great luck, and is the protagonist of an era. You are still poor. far!"

Bone Demon hit Lu Ming without hesitation.

"I am also the protagonist of an era, okay?" Lu Ming retorted.

"Only you? Ha ha!"

Bone Demon sneered.

"Ok!!"

Lu Mingcancan smiled, he just said casually, bragging, he had self-knowledge, but he didn't think he was the protagonist of an era.

"Try it, try not to have too much hope!"

Bone Magic Road.

Lu Ming nodded, then rushed in one direction and landed on a piece of magma.

Wow!

Suddenly, the magma rolled, and a giant fish over ten meters long rushed out with a huge mouth, swallowing to the landing.

"Waiting for you!"

Lu Ming smiled, and the Ba Shen gun stabbed out.

This giant fish is very strong, covered with fiery red scale armor, and its defense is very amazing. Generally, the triple arrogance of the prince, alone, is difficult to deal with this giant fish.

But in the face of Lu Ming, the giant fish has only one end, that is, being spiked.

puff!

The Ba Shen Gun directly penetrated the head of the giant fish.

嗤嗤...

On the Ba Shen Gun, there was a burst of black smoke, and then a scorching breath flowed along the Ba Shen Gun into the landing Ming's palm.

"What a high temperature!"

Lu Ming didn't expect that after killing this giant fish, the other party could erupt with such terrible high temperature to counter him.

However, this temperature is very dangerous for others. For Lu Ming, it is nothing.

Lu Ming turned his divine power and poured into the Ba Shen Gun, pushing the hot breath away.

Then the Ba Shen Gun shook, and the body of the giant fish was torn apart, and a strange breath came out.

This scent of breath is somewhat similar to 'Forbidden Power', but it has faded countless times.

This is because these giant fish, who live here all year round, are too close to the power of taboos. From generation to generation, they carry a trace of 'power of taboo'.

The same goes for the firebirds.

They fuse this kind of breath first, and if they fuse more, they will become resistant to the power of 'taboo'. Later, it will be easier to incorporate the power of 'taboo'.

When Lu Ming inhaled directly, this breath of breath was sucked into Lu Ming's mouth, and this breath of breath was integrated into his body.

Then, Lu Ming exudes spiritual knowledge, glancing at the Magma Lake, looking for the spirits inside the Magma Lake.

"found it!"

At the next moment, Lu Ming's eyes lit up, and a gun shot out, a gun shot, pierced into the magma lake.

boom!

The magma burst, and another giant fish rushed out of the magma lake.

This giant fish is larger than the one Lu Ming just killed.

It is more than twenty meters long.

As soon as it rushed out, it opened a fiery red arrow and spurred Lu Ming.

bump!

Lu Ming swept it out with a fiery red arrow, and a violent roar erupted.

Buzz!

The Ba Shen Gun buzzed and vibrated, and the fiery red arrows were astonishingly powerful.

咻咻咻...

Seeing Lu Ming blocking it, the giant fish had a mouth. This time, seven fiery red arrows flew out directly to Lu Ming.

Lu Ming stepped on the boots of the wind, and his figure flickered, avoiding the attack of the seven arrows. The figure appeared on the head of the giant fish and was shot with a shot.

With a puff, the giant fish was also pierced into the body and fell to the spot, then a strange breath appeared and was absorbed by Lu Ming.

"Well, it's more intense than before!"

Lu Ming whispered, he found that this breath was stronger than the previous breath.

Could it be that the stronger the giant fish is, the richer it is?

Next, Lu Ming experimented and kept looking for giant fish to kill. As it turned out, the higher the giant fish cultivation, the richer the kind of breath.

This is the center of the earth of the dragon clan star, with a very wide range. Lu Ming looked for an unmanned place and quietly killed this giant fish.

He also didn't worry about others taking the lead and merging the power of taboos.

According to Bone Demon, the chance of merging the power of taboo is small, and it is impossible to succeed if it is not the supremely brilliant masterpiece.

Therefore, Tianjiao of all ethnic groups wants to succeed in integration, which is difficult.

Also, the more this breath in the fusion giant fish, the higher the success rate.

Therefore, Lu Ming wants to integrate this breath as much as possible.

At this moment, the arrogance of all ethnic groups are scattered everywhere, capturing the souls here, and fierce battles are everywhere.

Generally Tianjiao, it is difficult to kill this giant fish.

Therefore, there are constant days of arrogant death in the mouth of giant fish, swallowed by giant fish.

Time passed quickly, and a few hours later, Lu Ming had killed more than a dozen giant fishes and merged more than a dozen strange flavors.

Wow!

Suddenly, the huge waves of the magma lake rolled, and the lava flowed like a long snake, lingering toward the landing.

Lu Ming's face changed slightly, and his figure rose up, avoiding the attack of magma.

Wow!

The magma continued to roll, and then a giant appeared.

This is also a giant fish, but its length has reached 100 meters.

"So big!"

Lu Ming glared, not surprised but rejoiced.

A giant fish of this size has a peculiar atmosphere and must be very rich.

The giant fish made a strange noise, and the huge body twisted and rushed directly out of the magma lake, rushed into the sky and slammed towards the landing.

It glowed all over, with a fiery red light blade, chopping towards the landing, the power was very amazing.

Chapter 3655: Six masters

A fiery red light blade, the power is very amazing, comparable to the magic weapon.

Lu Ming shook his spear and turned it into dozens of lances, collided with these light blades, and his violent strength stirred up a wave of magma, exploding to a few hundred meters high.

Boom...

In the blink of an eye, the two sides collided with dozens of moves. Several guns broke through and stabbed on the body of the giant fish, actually making a sound of gold and iron fighting, and Mars was shooting everywhere.

Lu Ming's gunman, did not break the scales of the giant fish, but only left a few traces on it.

"Good strength!"

Lu Ming's eyes flashed.

This giant fish is at least as strong as the sixfold heavy god.

However, the ordinary Divine Monarch Liu Chong did not put Lu Ming's eyesight, it can only be regarded as good.

The giant fish made a strange call, glowing all over, with a mouthful of spray, and fiery red arrows flew out.

These arrows almost condensed into substance, crystal clear, punctured the air, let the air burst continuously.

The power is much stronger than the arrows from the giant fish that I encountered before.

"kill!"

Lu Ming shouted, inspiring the power of eight drops of primordial blood, and the guns were united and rushed by.

boom!

All arrows were blown apart by Lu Ming's one shot, and the guns continued to pierce through the giant fish's head.

Under Lu Ming's nearly full blow, the body of the giant fish exploded directly, crushing his bones.

With Lu Ming's current fighting power, he can fight Jin Yan.

Jin Yan's cultivation practice is also the sixfold of the Divine Monarch, but he is a demon among the evil spirits.

This giant fish is also a sixfold heavy king, but it can only be regarded as ordinary. Even in a magma environment, the combat power is increased, but when Lu Ming almost hits with all his strength, only the second kill Copies.

The giant fish exploded, and a strange breath emerged.

Lu Ming just wanted to absorb this breath of air. Suddenly, a violent howling sound came from behind, and several vines swept toward this side at an alarming speed.

Several of them rolled towards Lu Ming, and the other several aimed at that breath.

Lu Ming's eyes were cold, and the boots of the wind violently broke out. His body burst forward, and during the process of rushing, he breathed the scent of breath into the mouth while avoiding the attacks of the vines, and then turned around Look backwards.

"It's you!"

In Lu Ming's eyes, a murderous opportunity emerged.

It was not others who attacked him, but the vine clan Tianjiao who had previously teamed up with Jin Yan and others to deal with him.

A very powerful demon.

"The reaction was quick!"

The vine clan's evil eyes are cold, and the snake-like hair dances and oozes out.

"Look for death!" Lu Ming sneered, his body rushed towards the vine clan demon.

This person repeatedly shot him, and in Lu Ming's heart, he had already been sentenced to death.

咻咻咻...

The vine clan's evil spirits waved their hands, and every vine like a long whip swept toward the landing, and every vine was amazingly powerful.

boom!

Lu Ming shot out with one shot, but this shot was not aimed at the vine clan evil, but at the magma below.

The attack fell, and the magma exploded, igniting a wave of magma thousands of meters high, and rushed towards the vine clan's arrogance. The vines that swept out were covered with magma and suddenly burned.

The vines' wickedness changed dramatically, and their figures receded.

One of the biggest weaknesses of plant life is fear of fire.

Only a very small number of plant life are not afraid of fire, such as the sun \*\*\*\* tree and the flaming sky bamboo.

However, this vine race is obviously very afraid of flames.

As soon as the other party retreated, Lu Ming caught up with it, and the dazzling guns slayed towards the other party.

boom!

At this moment, the air on the side was violently shaken, and a big explosion occurred. A golden fist, huge as a mountain, smashed towards the landing.

"Golden Yan!"

Lu Ming drank coldly.

No need to look, as soon as he felt the breath, Lu Ming knew that it was Jin Yan who attacked him.

Jin Yan's combat power is very amazing. Even Lu Ming didn't dare to have the slightest care. He could only temporarily change the direction of the attack. The Ba Shen gun turned halfway, swept out, and slammed into Jin Yan's fist.

boom!

The two's attacks collided together, and then Lu Ming's body receded back.

Of course, Jin Yan also stepped back at the same time.

"Lu Ming, here, it will be your burial place!"

Jin Yan stared at Landing Ming, golden eyes, flashing murderously.

"It's naive for you two to kill me!"

Lu Ming sneered.

The two of them joined forces. Even if he lost, it was still easy to get out.

"Add me!"

Another indifferent voice sounded, and then, a young man with eight arms shot, and all eight palms glowed, as if a big move was brewing.

The demon of Dobby.

However, things are not over yet!

"It's really hilarious!"

There was another sound.

Looking for sound, on the other side, three figures appeared simultaneously.

These three people, obviously of different races, came at the same time.

One of them, Lu Ming was embarrassed, this person, with two wolf heads, is the evil spirit of the two-headed wolf clan, a godly prince with sevenfold arrogance.

The other two were not easy to see at first glance, and it was also the existence of the dragon clan star more than thirty years ago.

A total of six masters vaguely surrounded Lu Ming.

Lu Ming's face sank.

Trouble!

Unexpectedly, the other party came with six top demon all at once, this is to kill him in one fell swoop, so that he has no possibility of escape.

"You guys, let's join forces. This kid controls a variety of source secrets. There is a speed type of source secrets. The speed is very fast. If you don't join forces, I'm afraid he will escape!"

Jin Yan spoke, of course, he said to the three evil spirits like the double-headed wolf clan.

Because last time, the two-headed wolf trio did not shoot.

But this time, Jin Yan wanted to pull the three-headed wolf trio to shoot together. In this way, even if Lu Ming was fast, he would not be able to rush out, only a dead end.

"You want to kill me, is it a condition for the powerful wing human race? But there is only one condition for the powerful wing human race. You can kill me together. How can you divide that condition?"

Lu Ming opened his mouth and wanted to part with each other.

As long as the opponent does not join forces, or if the two-headed wolf family does not shoot, he is sure to escape.

Sure enough, these people's eyes flickered, apparently thinking about Lu Ming's words.

There were six of them. If Lu Ming killed them together, who would be the credit?

To whom does the wing human race's mighty condition belong?

"Everyone, let me just say it. I have something to do. I urgently need the help of the Wingren clan. If you kill this kid, the powerful conditions of the Wingren clan belong to me, but I will compensate you for the treasures of equal value! "

Jin Yan said.

Chapter 3656: Three Nine Claw Dragons

"Treasure of equal value?"

The double-headed wolf clan waited for Tianjiao's glance, revealing doubt.

"Yes, if we join forces to kill this person, the credit will be divided equally. For example, if we divide the power condition of the wing human race into six parts, we will each share one share. Will give you five other treasures of equal value, how about you?"

"If you don't believe me, I can swear with the source of life!"

Jin Yan explained.

He really has something to do with the help of the Wing Human Race, so Lu Ming, he will kill.

"Okay, I agree!"

"I agree!"

The Dobby Clan Sinister, Vine Clan Sinister, agreed after a little thought.

The two-headed wolf clan demon, and two other youths, hesitated and agreed.

boom! boom! ...

The six men reached a consensus, and six powerful breaths squeezed towards the landing.

"Lu Ming, I said, this is your burial place!"

Jin Yan radiated golden light all over his body, stepped on the magma, and drove towards the landing.

At the same time, the same is true of the other five evil spirits. Their breath is like a copper wall and an iron wall, defending all the gaps, so that Lu Ming has no way to escape.

"Then... fight!"

Lu Ming whispered, the light was shining, and he raised his strength to the extreme.

Roar!

With a sound of a dragon chant, Lu Ming's body suddenly grew larger and turned into a huge primitive dragon.

At the same time, divine light, a variety of different source secret techniques, emerged.

Although, there are only four kinds of mysterious techniques that cut off the second shackle, and the other seven types, but only cut off the first shackle, which has limited power.

But now it is all desperate. Lu Ming naturally explodes with all his strength. Being able to increase a strength is a strength. Anyway, he has a word formula and is not afraid of divine consumption.

"kill!"

Jin Yan shouted and launched the attack first.

But at this moment, in the distance, there was a divine light, extremely sharp, pierced the void, and cut towards Jin Yan.

Jin Yan was shocked, but at this time, someone unexpectedly attacked him.

He quickly turned around and banged out with a fist. His golden fist collided with the divine light, and a violent roar erupted.

The divine light was successfully blocked, but Jin Yan's figure retreated.

"Who?"

Jin Yan roared.

It was Long Yin who responded to him.

In that direction, a dragon came flying.

This dragon, with nine dragon claws growing on its abdomen, is very similar to Lu Ming's original dragon form.

"Aoguan!"

Lu Ming blurted out.

This nine-clawed dragon is Aoguan.

"A nine-clawed dragon!"

Two-headed wolf clan demon, vine clan devil, and others, their eyes light up.

"A triple-headed nine-clawed dragon of the Divine King, who dared to die, is really looking for death!"

A demon snorted coldly, slammed into the sky, and slayed towards Aoguan. The bright sword light had already shrouded towards Aoguan before the person arrived.

This evil spirit, the strength is also very strong, the sixfold cultivation of the Divine Monarch, the combat power is not weaker than Jin Yan.

Aoguan Changxiao screamed, and walked into the sky with the dragon claws, fighting with this person.

Lu Ming found that Ao Guan's cultivation practice has also been promoted to the triple triple of Divine Monarch, and the fighting power is even more amazing. He has continuously confronted the demon with dozens of moves, and he is not weak.

Last time, Lu Ming obtained more than fifty Tianyuan fruits, and Aoguan also had more than fifty. Obviously, after his refining, the original secret technique has also achieved a major breakthrough.

Not the second shackle, but the third.

"Let's kill this Lu Ming first!"

Jin Yan hurriedly said that he was afraid of being late.

However, it had already changed, Long Yin sounded again, and Lu Ming saw that, not far away, a few more dragons rushed over.

There are six in total.

Two nine-clawed dragons and four eight-clawed dragons.

This surprised Lu Ming.

Unexpectedly, in addition to Aoguan, there were actually two nine-clawed dragons.

"what?"

Jin Yan and others were also taken aback.

Roar!

One of the silver nine-claw \*\*\*\* dragons shouted, and the dragon claws stepped down, killing them directly towards the double-headed wolf clan demon.

And the third Nine Claw Dragon, killed Jin Yan.

Four eight-clawed dragons joined forces to kill the three monsters, including the Doubi and Vine.

A dogfight broke out directly.

And Lu Ming, how would you miss such an opportunity.

"kill!"

Lu Ming Changxiao directly stared at a demon and killed the past.

Lu Ming stared at that vine clan demon.

Lu Ming directly controlled the day of the sun and pressed towards the other party.

A ray of ray of light, with a hot flame, pressed against the vine arrogance.

At the same time, Lu Ming's dragon claws stepped down continuously, bombarded on the magma lake, aroused thousands of waves, and crazily pressed towards the vines' arrogance.

Suddenly, the vines' Tianjiao were covered in flames.

He exploded with all his strength and wanted to extinguish the flames.

Jingle Bell!

The bell of heavenly evil sounded and the soul attack launched.

At the same time, the door of the Domination, the Ba Shen Gun, and other attacks, all headed towards the vine clan Tianjiao and killed the past.

If the vines' evil spirits are outside, their combat power is not weaker than that of Jin Yan or Lu Ming.

But here, in the magma lake, he was greatly suppressed and his strength was somewhat weakened.

Adding the body of the sun to restrain him, and at the same time Lu Ming provokes magma to bombard him, making him even more unbearable, and his strength is greatly reduced.

He roared, barely blocked a few strokes, and was retreated by Lu Ming.

An inadvertent, hit by Lu Ming's dragon claw, coughing up blood in his mouth, pale.

"kill!"

Lu Ming's offensive was extremely violent and turned into a primitive dragon form, which exploded his power 100%.

The growth and decline of the vines was completely defeated by Tianjiao, and was suppressed by Lu Ming. After a few strokes, he was hit again, and his chest was penetrated by a gun.

Then, the Gate of Domination was pressed down, and the head was smashed towards the other party.

what!

The vine tribe turns into a huge vine, and the cane dances like an octopus tentacle, and wants to hold the door of the ruler.

But he was seriously injured at the moment and could not hold it at all. Under the suppression of the Gate of Domination, his body fell towards the Magma Lake.

With a loud bang, the huge vine body fell down to the magma lake, causing the vine clan screams to scream, and his body was all burning up.

But Lu Ming didn't stop there. He dived down, his nine claws stepped into the air, grabbed the opponent, and rushed directly into the magma lake.

boom!

The two sides entered the magma lake, fighting fiercely together.

However, the vine clan's evildoers entered the Magma Lake, and the suppression was staggering. Although Lu Ming also received some suppression, it was obviously insignificant compared to the other party.

The opponent was completely invincible, and all the vines were torn by Lu Ming. Finally, Lu Ming's dragon claws grabbed the opponent's torso and fought torn apart. The body of the vine clan's evil spirit was torn apart, and his soul was destroyed by Lu Ming. His body was in the lava It burned and turned into ashes.

## Chapter 3657: Dragon Princess, Ao Yan

The vine clan Tianjiao was completely killed by Lu Ming.

Lu Ming rushed out of the magma lake, and the battle above continued.

Aoguan, although it is only the triple cultivation of the Divine Monarch, is indistinguishable from the war of Tianjiao. Although the war has many moves, it falls a bit behind, but for a time, it will not be defeated.

The other nine-clawed dragon is similar in color to Aoguan. His cultivation behavior is stronger, and he has reached the triple peak of Shenjun. He has stronger combat power and completely suppresses Jin Yan. If Jin Yan's defense is amazing, it has been defeated.

And that silver nine-clawed dragon, with a posture of cultivation, cultivated as a four-folded god, has the most powerful combat power, and is killed together with the monsters of the two-headed wolf clan, which is inseparable.

You know, the double-headed wolf clan is a seven-level god, and it is a demon, which is three times higher than the silver nine-claw dragon. Actually, it can't help the other party. It can be seen how terrible the nine-claw dragon is.

There are four other eight-claw \*\*\*\* dragons, joining forces with the Doubi tribe and another demon, but they are falling.

When Lu Ming came out, he didn't feel the smell of the vines' evil spirits. Everyone's face at the scene changed.

Boom!

A series of battles between the two sides, then the two-headed wolf family and other figures retreated sharply and gathered together.

The five-headed wolf tribe, the doobby tribe, Jin Yan and other five people gathered together.

And the natural arrogance of the Shenlong tribe also gathered together.

"No, they want to send a voice and call others to come!"

Lu Ming suddenly reminded.

Because he found Jin Yan and others, their eyebrows glowed, which was clearly controlling the fantasy  
\*\*\*\* jade transmission.

There are more than just these few people who entered the Dragon Clan's mother star more than thirty years ago.

there are more.

All came to this magma lake area, if all came, Lu Ming, plus Ao Guan and others, are not enough to see.

"We retreat first!"

The silver nine-clawed dragon spoke with a clear and pleasant voice, which was actually the voice of a young woman.

"Brother Lu, come with us!"

Ao Guan sent a message to Lu Ming.

Lu Ming nodded, twisted, followed Aoguan and others in one direction.

Their current strength adds up, although it is a little stronger than the double-headed wolf family and others, but if the other party unites in defense, they can't win the other party.

Lu Ming was able to kill the demon of the Vines because the other party was restrained by the environment here.

But Jin Yan and others are not so easy to kill.

When the time comes, they will not be able to kill each other, but instead they will wait for other evildoers to come. At that time, they will not be able to leave.

"Hold them, don't let them go!"

The double-headed wolf clan roared, and chased after Landing Ming.

The same is true of Jin Yan and others.

There are three nine-clawed dragons and four eight-clawed dragons. This is a reward from angels, blood races and other big clans. If they are killed, the rewards are also amazing.

The reward of a nine-clawed dragon might not be lower than Lu Ming.

Therefore, they didn't want to let Lu Ming wait for others to leave.

As long as he holds Lu Ming and others, and waits for other evildoers to arrive, Lu Ming and others will surely die.

"Roar!"

At this moment, the silver nine-clawed dragon roared loudly, and Dragon Yin rolled. At the next moment, the lava lake below seemed to boil, continuously surging and rolling.

Then, a huge giant fish appeared.

These giant fish did not attack Lu Ming and rushed to Jin Yan and others.

"Can you control the giant fish here?"

Lu Ming was deeply curious about this silver nine-clawed dragon.

"go!"

The silver nine-clawed dragon began, and they accelerated and hurried forward.

However, the double-headed wolf family and others were entangled in a large group of giant fish, and it was difficult to rush out of the surrounding for a time.

Soon after, the trail of Lu Ming and others was lost.

"Damn!"

The two-headed wolf clan roared.

Furiously hunt those giant fish.

Lu Ming followed Aoguan and others and flew all the way, bypassing the huge mountains, flying for an unknown distance, before stopping.

Lu Ming put away the primal \*\*\*\* blood and turned into human form.

And Ao Guan et al.'s body has shrunk and turned into human figures.

The silver nine-claw divine dragon turned out to be a woman, turned into a young and beautiful woman, wearing silver scale armor, very beautiful.

"Brother Ao Guan, this time, thank you for your help!"

Lu Ming went to Aoguan, and others thanked him with a fist.

"You're welcome. Last time you saved me once, although it was offset by Tianyuanguo, but since it happened, there is no reason to see death!"

Ao Guan smiled slightly.

"What are these?"

Lu Ming looked at several others.

"Let me introduce to you, this is called Ao Cheng, my good brother!"

Ao Guan first pointed to the youth who resembled him.

This young man was a nine-clawed dragon, introduced by Ao Guan, and was actually Ao Guan's younger brother.

"Who is this..."

Then, Ao Guan introduced the four eight-clawed dragons one by one.

Finally, I went to introduce the silver nine-claw dragon.

"This, Princess Ao Yan, was the daughter of a Dragon King at the Dragon Palace..."

Aoguan Road.

"princess!"

Lu Ming was taken aback.

Unexpectedly, this is actually a dragon princess. No wonder Ao Guan and others seem to listen to her orders.

These dragons existed dozens of years before the star, and like Aoguan, they were sealed until recently.

"Brother Lu was really shocked, and as a human race, he could actually cultivate into a primitive \*\*\*\* dragon body, and he also practiced so many drops of primordial \*\*\*\* blood. Ao Yan admired it!"

The Dragon Princess smiled slightly and was generous.

"The princess is known, Lu Ming is just lucky!"

Lu Ming smiled.

"Brother Lu is humble!"

Ao Yan smiled, she didn't think that she could achieve Lu Ming's step with just luck.

In fact, Lu Ming's combat power surprised her.

Nine-claw Shenlong, known as the strongest evil spirit of the Shenlong tribe, is extremely rare.

At that time, the Shenlong tribe was in its heyday.

Needless to say, the fighting power is not much. In the World War I, not many people in the universe can compete with the Nine Claw Dragon.

Only angels, souls, blood, and other races of the same name as the Shenlong race can be at the same level as the Nine Claw Dragon.

And Lu Ming is just a human race. The fighting power of the same level of World War I is definitely not worse than that of the Nine Claw Dragon. It is even more powerful. This is simply amazing.

"Princess, what shall we do now?"

Ao Guan asked.

"You know, what is the ray of air that all ethnic groups want to get?"

Instead of returning to Aoguan, Ao Yan asked such a question.

All Ao Guan and others shook their heads, expressing their ignorance.

Lu Ming thought about it, thoughtfully, but did not speak.

"I don't know exactly what that ray of air is, but I know that it is definitely the treasure. At that time, it was listed as the top secret of the dragon by his father and others!"

Ao Yandao.

Ao Guan and others were very surprised.

Chapter 3658: Princess conditions

Ao Yan's father, the owner of the Dragon Palace, was one of the strongest existences of the Shenlong tribe.

It is so amazing that they are listed as the top secret of the Dragon race?

"And I guess, at that time, all ethnic groups including Tiangong, why did you deal with us, it may be related to that ray of air?"

Ao Yan continued.

"what?"

Ao Guan and others, their eyes widened in shock.

In the Tiangong Temple, there are various groups attacking the dragon, which caused the destruction of the dragon family, is it actually related to a ray of air?

What is that ray of air?

Don't think about it, you know it is absolutely unimaginable.

"Is it true?"

Although Lu Ming pretended to be surprised, there was a thought in his mind.

It seems that Ao Yan doesn't know that ray of air, but it is a 'taboo force'.

After Ao Guan and others digested it, Ao Yan went on to say: "I once heard my father inadvertently mentioned that if anyone can successfully integrate that airflow, his talents will change, and his talent will reach an unimaginable level. , Grow up in the future, and even threaten the Tiangong!"

This is undoubtedly another blockbuster, and Ao Guan and others exploded stunned.

What is Tiangong?

The rule of the vast universe is supreme.

Don't look at the top ten races of the Honghuang Universe Ten Thousand Peoples List. They are extremely powerful, but in the face of the Tiangong, they are also vulnerable.

Like the Shenlong tribe, they were so powerful, but they did not threaten the Tiangong.

But the fusion of that ray of air can threaten the Tiangong in the future. What kind of treasure is this?

Ao Guan et al.'s eyes brightened.

"Now, all the races outside obviously want to merge that ray of air, what should we do? Can't we watch them merge?"

Ao Guan was anxious.

"Relax, they can't merge!"

Ao Yan arrived, his face calm.

"If it could be so easy to integrate, my dragons would have been integrated at that time. In fact, it was very difficult to integrate that ray of airflow. The Tianjiao of all ethnic groups wanted to do it. It was difficult."

"They are hunting those giant fish now, they just want to fuse the breath of the airflow inside the giant fish, thus generating resistance and increasing the success rate of fusion, but the chance is not great!"

Ao Yandao.

As a result, Ao Guan and others were relieved a little, but they were still not at ease.

"Princess, we have to guard against it. What if we are fused by them?"

Ao Cheng frowned, still very worried.

"So, we can't be passive, we also have to take action, that ray of air is the treasure of our dragon family, and only we are qualified to merge, but, depending on our current state, if we want to merge, it is also difficult and successful. The rate is very low and extremely dangerous. If you are not careful, you will fall!"

Ao Yandao.

"Then we can also hunt those giant fishes and improve our resistance!"

Ao Guan proposed.

However, Ao Yan shook his head.

"It's too slow to hunt giant fish. I have a better place to make myself more resistant and increase the success rate of the fusion of the airflow!"

Ao Yandao.

"Since there is such a place, let's go quickly!"

Aoguan Road.

However, Ao Yan did not move, and looked at Lu Ming.

"Brother Lu would like to be together?"

Ao Yan spoke.

"Okay!"

Lu Ming nodded. He had decided in his heart to integrate the power of taboos. Try it. If there is something that can improve the success rate, he will not refuse.

"Brother Lu wants to be together, but Ao Yan has a condition!"

Ao Yandao.

"What conditions?"

Lu Ming asked.

"That ray of air is my dragon's supreme treasure. It is of great importance. If Brother Lu wants to be together, in case Brother Lu succeeds in fusion, he will be enemies with Tiangong and revenge for my dragon!"

After talking, Ao Yan's eyes were gleaming.

Although, he doesn't think Lu Ming can succeed.

This ray of air was sacred by the dragon ancestors for countless years, and it should be more sure that their dragon race fusion. I brought Lu Ming, but I think Lu Ming's talent is okay.

In addition, after all, Lu Ming rescued Ao Guan. She wanted Lu Ming to leave directly, which was a bit difficult to speak, so to say that, it also meant that Lu Ming wanted to retreat and left.

"Okay, I promise you, I can swear by the origin of life!"

Lu Ming nodded.

"what?"

At the exit of Lu Ming's words, Ao Yan, Ao Guan, Ao Cheng and others couldn't help but widened their eyes, and their faces were astonished.

The special equipment is Ao Yan. He originally thought that Lu Ming would refuse 100% and would leave.

What are her conditions?

Enemy with Tiangong, who dares to promise? Ordinary people are afraid not to be scared to death. She originally thought that Lu Ming would never dare to agree, but Lu Ming did not hesitate and agreed directly.

"Brother Lu, I didn't just talk about it..."

Ao Yan carefully watched Landing Ming.

Immediately, Lu Ming vowed to the origin of life.

Of course, Lu Ming will not hesitate. He has long known that if the power of taboo is merged, he will be the enemy of Tiangong. He just pushes the boat.

"Okay, Brother Lu really has the courage!"

Aoguan laughed.

Since Lu Ming dared to be an enemy of Tiangong, then no matter whether Lu Ming succeeded or not, he has gained the favor of these dragons.

The Dragon Clan was destroyed, but the Tiangong was in the back. The remaining Tianjiao of the Dragon Clan were not shared with the Tiangong.

Ao Yan also looked at Lu Ming carefully and said, "Okay, then I will take you to a place, come with me!"

After talking, Ao Yan actually plunged into the magma.

Ao Guan, Ao Cheng and others followed.

Lu Ming was surprised. Is there anything under the magma?

Lu Ming did not hesitate, covered his whole body with divine power, and also plunged into the magma.

To be honest, the magma here is surprisingly high in temperature, and the general prince can't resist it and will be burned to ashes.

Even the arrogance of the vine clan before was greatly affected. One can imagine how high the temperature is.

As soon as he rushed into the magma, Lu Ming felt a strong pressure surge, and at the same time, the terrible high temperature filled, Lu Ming seemed to be in the fire.

In such an environment, even with Lu Ming's current cultivation practice, it can't be resisted for too long.

Ao Guan and others also resisted with all their strength, and then followed Ao Yan all the way down.

After sneaking down a distance, they turned around and headed to the side.

After a moment, Lu Ming suddenly felt that he had passed a heavy barrier, and then the high temperature outside disappeared without a trace.

"Really there is something else!"

Lu Ming's eyes lit up.

This is a passageway. On both sides of the passageway, all is magma, but there is no magma in this passageway.

They walked along the magma, about tens of thousands of miles, and then came to an end, rushing out of the channel, another piece of magma.

After a long distance along the magma, it is another passage.

After so many cycles, Lu Ming murmured, which was really hidden enough.

Chapter 3659: Increase resistance

Channels, magma, channels...

After so many cycles, in the end, they saw a wall, a fiery red wall.

But there was a crack in the wall. They flew along the crack for a while, and finally came to an empty place.

This is like an underground cave, but in the middle, there is a circular pit, the pit is full of fiery red liquid.

It looks like a pond, about 100 meters in diameter.

The hot breath continually emanated from the pond.

"This breath..."

Lu Ming's eyes lit up.

He found that the breath in this pond, like the breath that appeared after killing the giant fish, was only many times richer.

"The liquid under this pond was left by the ray of air that the dragon clan had sacrificed. As far as I know, it was a full-year sacrifice for a stellar year, so the breath in this pond is like that. A ray of air!"

"As long as we absorb the breath of fusion in this pond, it will definitely be many times faster than hunting the giant fish outside!"

Ao Yan explained.

"There is such a place, ha ha ha, well, then our success rate must be very high!"

Ao Guan laughed, showing excitement.

"However, be careful. The temperature in the liquid in the pond is very amazing. It is very painful when it fuses. It is very testable. If you can't bear it, you can go out and adjust it before you go in!"

Ao Yan urged.

"Haha, I know!"

Ao Guan smiled, then stepped out, and fell into the pond. The whole person was submerged in the liquid and disappeared.

Then, the other dragons, Tianjiao, jumped into the pond one by one.

Ao Yan nodded to Lu Ming and jumped into the pond. Lu Ming jumped into the pond.

Leaping like a pond, Lu Ming kept sinking, letting the red liquid pass the whole person.

At the next moment, Lu Ming felt a scorching breath, burrowed through his pores, and then rushed to the limbs, to the internal organs, to the soul.

As if all the cells in the whole body are fused only.

An extremely tingling pain spread throughout the body.

Even Lu Ming groaned.

Pain, it really hurts!

The body and the soul are like being torn by countless DAOs, which is really painful.

If you change to an ordinary person, you must have sent out a scream of sorrow, but Lu Ming could hardly hold back.

"It hurts, what's the deal? It hurts so much, I'm still standing still!"

Lu Ming whispered in his heart, then, the body continued down.

This pond is very deep, at least thousands of meters deep, Lu Ming dived into a position hundreds of meters deep, and then stood still, letting that kind of energy continually dig into his body.

This is a fusion process.

This energy has some of the characteristics of the "Forbidden Power". The more you integrate, the stronger the resistance to the "Forbidden Power", and the higher the success rate of the fusion of the "Forbidden Power".

Time flies!

In a flash, two days passed.

Wow!

The fiery red liquid rolled, and a young man rushed out of the pond and landed on the edge of the pond, breathing heavily, his face full of exhaustion, as if the mental loss was very serious.

Indeed, in the pond, it is very exhausting to endure the pain all the time.

This young man was an eight-clawed dragon, and he was the first to come out of the pond.

"It's really unbearable!"

The young man exhaled, then sat cross-legged, exercised the exercises, and adjusted his breath.

Soon after this young man came out, another young man came out, and at a later time, a young man came out every time and the interest rate adjustment resumed.

Three days passed, and the young man who came out first adjusted his condition to the extreme. Then he gritted his teeth and rushed into the pond again.

Soon after, other young people rushed into the pond.

Just seven days after Lu Ming entered the pond, there were two clatters, and Ao Guan and Ao Cheng rushed out of the pond almost simultaneously.

"He's cold, so painful, he can't bear it, he needs a rest!"

Aoguan yelled and lay on the ground without moving.

Ao Cheng is also similar to Ao Guan.

"We have endured for seven days, don't know how others are?"

Ao Chengdao.

"The princess must be longer than us, and most of the others are not as good as us, but Lu Ming... it's not easy to say!"

Aoguan Road.

Ao Cheng nodded, and they waited while recovering.

Two more days passed, a silver figure flashed, Ao Yan rushed out of the old, his face pale.

"Two days more than us!"

Ao Guan and Ao Cheng both showed admiration on their faces.

Even if they are all nine-clawed dragons, their talents are also high and low. Ao Yan's talent is obviously stronger than them, so they have to admire them.

"Then Lu Ming hasn't come out yet? Could it be more persistent than the princess?"

Ao Guan was puzzled.

"No, our dragon physique has an advantage here and can persist longer. How can he persist longer than us? I guess he came out before us, and after rest, he went down again!"

Ao Cheng obviously did not believe it.

"possible!"

Aoguan nodded.

They were very resilient and rested for two days before continuing into the pond.

And Ao Yan's resilience is even more amazing, only to rest for more than a day and continue to enter the pond.

In this way, everyone would return to the shore to rest and recover from time to time, but Ao Guan Ao Cheng and others never met Lu Ming once.

Others were touched by them.

They can only think that their break time with Lu Ming happened to be staggered, so they didn't encounter it.

However, they did not even know that Lu Ming never came out.

Lu Ming has been silently enduring under the pond.

Below this pond, the greatest test is willpower, which is endurance.

Patience for pain!

The dragon's physique can alleviate this pain in the pond, so Ao Guan and others think they have an advantage.

However, Lu Ming's willpower has become so amazing.

How many things has he experienced since he was taken away by Lu Yao? No pain has been experienced. His spirit is already gritty and harder than steel.

Painful body, immobile!

Therefore, Lu Ming has endured it all the time and did not go out to recover at all.

In this way, he absorbed the breath of the fusion of the 'taboo power', naturally more than others.

In a flash, three months passed.

For three months, they have been merging this kind of breath, and have made little progress in fighting strength, mainly to generate resistance to the 'taboo force'.

After three months of absorption by them, the 'forbidden power' breath in this pond has faded, almost gone.

They rushed out of the pond one after another.

Chapter 3660: Try to merge

"A little change!"

Lu Ming feels carefully that his self, cultivation, divine power, and mystery of the original source are the same as before, with no change.

However, Lu Ming always feels a little change, but it can not be said, it should be related to the breath of the fusion of the "taboo power".

"Okay, almost ready, let's try it!"

Ao Yandao.

Afterwards, they followed the approach and returned to the Magma Lake, heading towards the place where the "Forbidden Power" is located.

When they came to the place where the "Forbidden Power" was located, they found many people gathered around the red lotus.

Someone is trying to integrate the 'taboo power'.

drink!

A Tianjiao stepped forward and kept approaching the flaming red lotus.

This young man is only a triple of the prince, but he is already within 100 meters of the flaming red lotus, which is closer than the arrogance of a six-level prince three months ago.

This may be related to the hunt for giant fish during this time, to absorb that kind of breath, the body has developed resistance.

However, after approaching 100 meters, the young man's pressure increased significantly, and the speed became much slower.

However, he did not turn to ashes like the three-month-old youngsters who tried.

A layer of red light appeared on his body, which seemed to block the energy outside.

Slowly, he finally got close and fell on the lotus.

The young man's face was dignified, he took a deep breath, and stretched out his hand towards the 'Forbidden Force'.

However, when he grabbed the "Forbidden Power", his face showed a frightened expression, and then his body burst into a blast and disappeared into a cloud of ashes.

"Huh, it's up to these people to want to merge, not to limit themselves!"

Ao Yan sneered.

Lu Ming they are very far away, and not close.

"Thirteenth!"

Someone whispered.

"Thirteen are dead, this is too dangerous!"

"I still don't try it!"

Many people shook their heads.

Although the position of the emperor or the celestial girl is tempting, there must be a life, and the life is gone, and everything is virtual.

However, some people are unwilling and want to try.

After all, that is the emperor or the goddess of the Temple of Heaven. Once you become such a person, let alone the resources for future cultivation, there is absolutely no need to worry about it, and cultivation will definitely skyrocket.

And the status of the identity will also skyrocket.

Even if you go to the top ten races, the emperor or the goddess of the Heavenly Palace, all the powers in those races must be respectful, and you can run the universe.

Who doesn't want to.

"I come!"

Another young man stepped forward, showing blood in his eyes.

This is a monster-like character, who already has four levels of cultivation, and he gritted his teeth towards the red lotus.

He was faster than the young man before, and soon approached the lotus and stepped on it.

Huh...

The young man took a few breaths in a row, then showed a fierce color, stretched out his hand, and grabbed the 'taboo force' in his hand.

This time, the young man did not immediately turn to ashes, and the twist of 'taboo force' actually twisted into his body from the young man's palm.

Did it succeed?

Many people are beating wildly, and some people have even shown jealousy.

But at the next moment, the young man screamed sternly and desperately.

"Do not..."

The young man shouted, and then a red light appeared on the surface of his body. Then he stepped into the footsteps of the previous young man, his body exploded and turned into ashes.

And the force of 'taboo' reappeared.

"Dead again!"

Everyone took a breath.

It is not only difficult to fuse this ray of air, but also extremely dangerous. Unsuccessful is a dead end.

"Is it really impossible to succeed?"

"Maybe it's just not enough talent?"

There was a lot of discussion.

For a while, no one dared to move forward.

After a moment...

"I come!"

A voice rang, then, a tall, burly figure stepped forward.

"It's him, Jin Yan!"

Everyone was shocked.

Jin Yan, the top demon, is going to shoot, can't help it?

Bang Bang Bang!

Jin Yan radiated the whole body, approaching the lotus step by step.

He was fast, and soon came to the lotus. His eyes showed a dignified color, and he did not do it for the first time, but was adjusting. When he adjusted his state to the best, he suddenly shot.

He first took out an iron box and wanted to put the 'Forbidden Power' into it.

But as soon as the 'Forbidden Power' entered the iron box, the iron box burned directly and turned to ashes.

"Don't try it in vain. This ray of air can only absorb fusion. Other items can't be installed at all. Someone has tried it before!"

Someone said.

Jin Yan's face changed for a while.

The last one gritted his teeth, stretched out his hand, and grabbed the 'taboo force' in his hand.

After being caught in his hand, the 'Forbidden Power' was drilled directly into Jin Yan's palm.

"Can it succeed?"

Everyone felt their heart beat faster.

One second, two seconds, three seconds...

Thirty seconds passed, and Jin Yan was fine.

Can it succeed?

But at this moment, Jin Yan roared, his body exploded, and his body retreated backwards.

In the process of his retreat, 'Forbidden Power' seemed to be forced out of him by him.

Then, Jin Yan rushed back tens of thousands of meters, vomited blood, his body was ragged, his breath was extremely weak, and he was obviously hit hard.

However, it did not die!

This is the first Tianjiao that incorporates the 'Forbidden Power' and has not died.

"hateful!"

Jin Yan roared, extremely unwilling.

But the last time he gritted his teeth, he turned around and left, leaving here.

Now, he has been hit hard and was hit hard. Here, he has many enemies. If he stays, it is very dangerous.

The Tianjiao of some Vajra clan, protecting Jin Yan, left.

Lu Ming was a little emotional and wanted to remove Jin Yan, but after thinking about it, he still suppressed his impulse.

The top priority is still the "taboo power". Now that there is such a good opportunity to observe, observe and observe first.

Jin Yan didn't die, so many Tianjiao showed their expectation again.

Especially some arrogances that are not weaker than Jin Yan.

Jin Yan didn't die, their courage was much bigger.

It's just an injury, try it.

Sure enough, the next moment, there was a Tianjiao rushed up.

Obviously, this arrogance also came forward in more than thirty years, and is a level of evil spirits with Jin Yan.

He saw that Jin Yan was not dead. He was confident and not weaker than Jin Yan, so he wanted to go up and try.

Soon, he came to the lotus and reached out to grasp the 'Forbidden Power'.

The power of taboo rushed into the person's body from the palm of the person.

One second, two seconds...

This arrogance only resisted for twenty-five seconds, then roared, his body retreated, and forced the "Forbidden Power" out.

This Tianjiao stepped into Jin Yan's footsteps and was also hit hard.
