

D Emperor 3661

Chapter 3661: Consecutive failures

That arrogant dare not stay, and quickly left here.

It is normal for many races to have hatred. Whoever dares to guarantee that there are no enemies here.

After this Tianjiao left, someone went up again.

At least, it will not fall, many people's top demon, a lot of courage.

"Huh, these people also want to integrate the 'Forbidden Power', it's a fool's dream, even if the top demon of the top ten races of the Honghuang Wanzu list comes, there is no possibility of success!"

"All those who can successfully integrate are amazing world-class heroes, with great luck, talent, and extraordinary nature. These people are too far behind!"

Knowing the sea, Bone Devil sneered.

Sure enough, next, there are constantly top evildoers going up.

Although these top monsters can save lives, no one can succeed. Even, no one can persist for more than a minute.

The strongest one persisted for fifty seconds and retreated with serious injuries.

One even insisted for more than ten seconds. Although he was retreated by him, he fell on the spot because of the serious injury.

At least there are more than twenty top-level monsters, no one can succeed.

All these evil spirits were seriously injured and left the place to find a place to heal.

At the scene, everyone looked at each other, it seemed that they could not succeed.

Is it possible to wait for decades before the more wicked characters come in to succeed?

"Let's go!"

Ao Yandao.

Now that the top demon of all races have been seriously injured, it's time for their turn.

This is a good opportunity, if those top demon are present, it will not let them easily shot.

Uh, uh...

They flew forward, and when they approached, they were immediately spotted.

"It's the Dragon Race!"

"The remnants of the Dragon Clan appeared!"

"And that Lu Ming!"

When many people looked at them, their eyes were filled with fiery light.

The Dragon tribe, Lu Ming, won one, and they were all rewarded.

I can't fuse that ray of air, and I can't be a celestial being or a celestial girl, but taking Lu Ming to them, the rewards are also very exciting.

Suddenly, many people rushed to the landing Ming.

"The remnants of the Dragon Clan, just grab your hands!"

Many people shouted and shot directly.

Gorgeous divine light burst out.

However, not many shots against Lu Ming.

Many people have seen Lu Ming's previous combat power, and the non-top demon can't compete.

However, Ao Guan and others, they do not know how strong the other party is.

"court death!"

Aoguan, Aocheng and others roared, turned into prototypes, and came out.

The dragon's claws stepped into the air, and a terrifying energy burst.

Ah!

Suddenly, the screams fluctuated with each other. In a flash, more than a dozen young people were killed by Ao Guan and Ao Cheng.

"kill!"

At the same time, Lu Ming, Ao Yan, and four other eight-claw Shenlong also shot.

As soon as they shot, the scene was one-sided.

Horrible power erupted, and all ethnic groups were arrogant and were constantly killed.

Without those top evils, ordinary Tianjiao faced Lu Ming and they were completely harvested.

After a while, hundreds of people of all ethnic groups were killed, and others were scared and retreated.

"Nine-claw dragon, is a nine-claw dragon!"

"Rewind!"

Those people shouted in horror.

For a time, no one dared step forward to attack Lu Ming.

Some races want to set up battle fronts and kill Lu Ming with them.

However, someone stopped it.

"The remnants of these dragon races also seem to want to merge that stream of air, then let them merge, and when they fail, they will definitely be hit hard, and we will not be too late!"

"It makes sense!"

Tianjiao of all ethnic groups discussed, nodded and retreated, let Lu Ming approach the 'Forbidden Force'.

Lu Ming, they are fearless, several of them united, and the top evils of all ethnic groups have retreated, and the remaining people, their combat power is far from them, even if they are placed in battle, they can easily retreat.

What's more, Ao Yan can also summon a giant fish attack in magma.

Although a large number of giant fish have been hunted by Tianjiao of various ethnic groups during this period, the magma lake is very vast and deep, and there are so many giant fish that it is impossible to be hunted out so easily.

This is their confidence.

"You come first!"

Ao Yan first looked at the four eight-clawed dragons.

"it is good!"

Four eight-clawed dragons nodded.

Then, one of the eight-clawed dragons snaked up and went towards the taboo force.

Came to the lotus, stretched out a dragon claw, and grasped the power of taboo.

The power of taboo rushed into the body of the eight-clawed dragon.

The body of the eight-clawed dragon suddenly shivered violently, but was blocked by him.

One second, two seconds...

Soon, a minute passed.

Yes, the time is longer than the longest time before the Tianjiao of all ethnic groups.

"No, can the Dragon people merge?"

"Perhaps it is really possible that this ray of air is, after all, a dragon race!"

Tianjiao of all ethnic groups became heavy.

"what should we do?"

"Continuing to look at the situation, even if the dragons are merged, they will not be able to run. The things that Tiangong wants are not something they can touch!"

Some people secretly communicate.

Soon, two minutes passed.

The eight-clawed dragon is still holding on.

The longer you persist, the greater the success rate.

There are two reasons why the Octopus Dragon can last for so long.

The first is that they had absorbed too much breath related to the power of taboos in that pond before, and developed strong resistance.

The other one is because they are dragons.

The power of taboo originally had no attributes.

However, after the Dragon Clan has been obtained, it has been a long time since the sacrifice, and it has a trace of the Dragon Clan's attributes, so the power of the taboo will change, and sometimes it will become a dragon shape.

This is beneficial to the Dragon race.

"He certainly can't succeed!"

Bone Demon spoke very determinedly.

Sure enough, after the past three minutes, the eight-clawed dragon could no longer bear it, roared, his body retreated, and the taboo force flew out of his body.

puff!

Octopus Shenlong coughed up blood and was seriously injured.

"You heal first!"

Ao Yan said to the Octopus Dragon.

The eight-clawed Shenlong nodded, took out several magic potions, swallowed it, and began to heal.

Next, there was another eight-clawed dragon that tried it, but the result still failed.

"I won't go up, you go up!"

"I'm not going anymore!"

The last two octopus dragons shook their heads. Their talents were similar to those of the previous two octopus dragons. They knew that if they went up, they would also be in vain and could not succeed.

And the tribes around the world are staring at each other, they still save the complete combat power to deal with emergencies.

"Let me do it!"

Then, Ao Guan stepped forward and came to the lotus, and the dragon claw grabbed it, grabbing the taboo combat power.

The power of the forbidden land entered Aoguan's body, and Aoguan began to merge.

Chapter 3662: Lu Ming began to merge

The talent of the Nine Claw Dragon is undoubtedly the best monster of the Dragon Race, which is much stronger than the Eight Claw Dragon.

One minute, two minutes, ten minutes...

Soon, ten minutes had passed, and Ao Guan was still insisting.

This made Tianjiao's face dignified and very ugly.

Their talent is so far worse than the Nine Claw Dragon?

This is the talent of the top ten evils of the top ten races?

The monsters of the top ten races are so terrifying. What about those monsters in the Temple of Heaven?

What about the celestial beings or the celestial girls in the celestial palace? How abnormal should it be?

Amidst the imagination of everyone, time passed quickly.

Twenty minutes, twenty-one minutes...

Time has come for half an hour!

Yes, Aoguan, insisted for half an hour.

But here, it is already his limit.

His body trembled, and layers of red light appeared above the dragon's body, and even a strand of blood penetrated.

Roar!

Aoguan roared, very unwilling, he had not given up, he had to grit his teeth and insist.

However, more and more blood oozed from his body, and even cracks appeared on the dragon's body.

"Aoguan, don't force it!"

Ao Yan sent a message to Ao Guan.

If you go on like this, Aoguan will die!

Roar!

Aoguan finally shouted unwillingly, and finally gave up, retreating backwards, and the taboo force also flew out.

Ao Guan retreated to Lu Ming beside them, took out the magic medicine, and swallowed it.

"It's too difficult, I don't feel any hope of success!"

Ao Guan shook his head, very unwilling.

"Ao Cheng, you go!"

Ao Yan looked at Ao Cheng.

However, Ao Cheng shook his head, glanced around, and said, "Princess, let's go!"

His talent is similar to that of Ao Guan. Ao Guan cannot succeed, and most of him has no drama.

Moreover, Ao Guan was injured, he could not be injured anymore, otherwise it was dangerous.

Give this opportunity to Ao Yan.

Ao Yan is the most talented among them. If even Ao Yan cannot succeed, then they have no hope.

"it is good!"

Ao Yan nodded and flew towards the taboo force.

Soon, the power of taboo entered Ao Yan's body.

Time passed quickly, Ao Yan's talent was indeed above Aoguan, and soon after half an hour, Ao Yan was still bearing it, and it didn't seem to be very uncomfortable.

The arrogance of all ethnic groups changed their face.

"Are we going to shoot now? Among the dragon races, there is a nine-clawed dragon that is injured and its combat power is greatly reduced!"

Someone secretly said.

"No, it's not the right time. The silver nine-claw dragon is too powerful. She is not injured yet. Now she is attacking. She will definitely give up the ray of fusion and attack us!"

"We continue to wait until she is injured, and it will not be too late!"

Humane.

"good idea!"

The crowd continued to wait.

Soon, the time came to an hour.

Ao Yan, actually endured an hour, which is an amazing achievement.

You have to know that the arrogance of other ethnic groups, the longest one is only fifty seconds, the gap is too big.

But at this time, Ao Yan's silver body also shivered and seemed to be under great pressure.

Another minute passed.

Ao Yanjiao drank abruptly, his figure retreated sharply, and backed out, while the taboo force flew out of her body.

"Princess, why don't you keep going?"

Ao Chengdao, Ao Yan obviously has not reached the limit.

"No, I already feel it. I won't succeed, and it doesn't make sense to insist!"

Ao Yan shook his head.

At this moment, Ao Yan did not suffer too much injury. If she continued, she would also be hit hard, which would be very detrimental to them.

The key is that he can feel it, and even if she continues to persevere, she will not succeed and see no hope.

"Can't even the princess succeed?"

Ao Cheng sighed: "Not even the princess can succeed, so who else can succeed in the world?"

Princess Ao Yan, even in the heyday of the Dragon race, is also the top Tianjiao, even ranking in the forefront.

She can't succeed, who else can?

"She was not injured!"

Tianjiao of all ethnic groups saw that Ao Yan was not injured, and his heart sank.

Ao Yan's combat strength is too strong, she was not injured, they did not dare to shoot for a while.

Someone secretly discussed, and finally decided to wait until those top monsters got better.

"Brother Lu, are you going to try it?"

At this time, Ao Yan's eyes turned to Lu Ming.

"Since it's here, you have to give it a try!"

Lu Ming nodded, then stepped forward and walked out towards the taboo force.

Coming to the lotus, watching the taboo above the lotus, it will turn into a transparent gas, and it will turn into a dragon-shaped dragon...

"bring it on!"

Lu Ming showed his expectation.

It was so difficult to integrate that even Ao Yan failed. He really wanted to see it.

Lu Ming held out his hand and put the power of taboo in his hand.

boom!

Suddenly, in the power of taboo, bursting out an extremely terrifying and terrifying force, covering Lu Ming's whole body.

Lu Ming's face changed slightly, his divine power was running, and his muscles agitated, blocking this force.

If it is an ordinary person, I am afraid that it will be reduced to ashes under this force.

Of course, this is just the beginning.

When Lu Ming blocked this force, the power of taboo was twisted, and he entered from the palm of Lu Ming's palm. As soon as he entered the palm of Lu Ming, the power of taboo immediately dispersed.

One into two, two into four, four into eight...

In an instant, it turned into countless tiny airflows, scattered into Lu Ming's body and entered every cell.

Then, a terrible pain erupted from Lu Ming's body.

This pain is similar to the breath of the forbidden power in the pond, but it is dozens of times and hundreds of times stronger.

People with insufficient willpower will not be able to persevere in a moment.

"Divine Power..."

Lu Ming barely stayed awake and wanted to use divine power to counteract this pain, but he found that he had lost control of divine power.

The eleven kinds of divine power seemed to be suppressed by a force of great shore. They were suppressed by the star core and could not work.

Even the original secret technique cannot work.

It can be said that nothing can run. What Lu Ming can do at this time is to persevere.

Only insist!

Lu Ming held Yuan to one and insisted.

One minute, two minutes...

Ten minutes, twenty minutes...

Soon, half an hour later, Lu Ming was still holding on.

"I can last for half an hour!"

Ao Yan, Ao Cheng and others were all taken aback.

Lu Ming is only a human race, and he can persist for half an hour.

You know, Aoguan is a nine-claw dragon, but it only lasted for half an hour.

"That kid..."

The natural arrogance of the tribes of the Honghuang universe was also shocked.

To say that the Dragon Clan can persist for so long, it's the past.

After all, the body of the Nine-claw God Dragon, the famous earthquake universe, and this ray of air are also of the Dragon Clan, and the people of the Dragon Clan can persist for a long time, which is normal.

But Lu Ming, a human race only!

Chapter 3663: Potential burst

However, what Lu Ming shocked them was only the beginning.

Half an hour was just the beginning, and then, the time passed by one by one, and soon came an hour.

This has tied Ao Yan's record.

"This..."

Ao Yan, Ao Cheng, and Tianjiao of all ethnic groups were stunned.

It is already a miracle that a human race can persist for so long.

However, the miracle continues.

One hour, one and a half hours, two hours...

Soon, Lu Ming insisted for three hours.

"Damn, won't this kid succeed?"

"It's impossible, he can't succeed!"

There are many arrogances of various ethnic groups, and there are many discussions. More is envy and jealousy.

You have to know that once Lu Ming succeeds and surrenders to Tiangong, he will be directly enshrined as the emperor.

They prayed one after another, praying that Lu Ming would not succeed.

"Can it be done?"

Ao Yan and others also widened their eyes.

Contrary to Tianjiao of all ethnic groups, they hope Lu Ming will succeed.

Lu Ming had vowed before that, once successfully integrated, he would become an enemy of Tiangong.

Although Lu Ming is not a dragon, he is always better than other races.

Because Ao Yan has failed, almost no one of the Dragon tribe can succeed, so if this continues, sooner or later, he will be taken away by Tiangong.

Because to continue, after a few years, the outside destroyed the stronger Tianjiao.

With such a continuous flow, who knows if anyone can merge?

Therefore, they hope to be merged by Lu Ming.

However, within three hours, Lu Ming has reached the limit.

His body began to tremble, and blood oozed from his skin.

The constant pain caused him to collapse frequently.

"Boy, keep insisting that if you have potential, you will burst your potential under desperate circumstances. If not, I will help you retreat!"

Bone Demon voiced Lu Ming.

Lu Ming nodded silently and continued to grit his teeth.

Waves of pain, about to overwhelm his spiritual intelligence, his will, like a tight string, was about to break.

Just as Lu Ming was about to resist, the depth of his soul and the depth of his spiritual will suddenly burst out a powerful force.

As soon as this force came out, his spirits suddenly shocked and he recovered immediately.

At the same time, there seemed to be a burst of power in every cell deep in his body, allowing his injured body to recover quickly.

"Haha, it worked, I knew that your kid's potential is more than that!"

Bone Demon laughed.

"Senior Bone Demon, what happened just now? What strength is that?"

Lu Ming asked, very curious.

Now, the divine power of his whole body has been suppressed by the "Forbidden Power". How can there be a force burst out at a critical moment to let him recover?

"That is the potential you have not yet developed!"

Bone Magic Road.

"potential?"

Lu Ming wondered.

"Yes, it's potential. This shows that you still have potential to dig. Your talents don't stop there, but don't be too happy too much. Depending on your current level, you can't integrate the power of taboo. See if you have any potential to dig!"

Bone Magic Road.

Lu Ming nodded silently, and then continued to persevere.

This time, Lu Ming persisted for a longer period of time, and persisted for another six hours, plus the previous three hours, which was a full nine hours.

The scene was quiet.

Everyone was ignorant.

Is this really the rhythm of success?

At this time, Lu Ming reached the limit again.

Roar!

Lu Ming screamed and his eyes were red, insisting desperately.

This time the pain is stronger than the last time.

Just as Lu Ming was about to collapse, another force burst out, and Lu Ming recovered again in a flash.

"Sure enough, is there any potential? But, it's not enough!"

Bone magic sighed.

Lu Ming: ...

What else can Lu Ming say, continue to grit his teeth and insist.

This time, after more than ten hours, Lu Ming reached the limit again, and then another force burst out.

Three times!

Bone Demon whispered, at this moment, the fire of the soul in his eyes, beating, seemed very surprised.

It is absolutely amazing to burst out three potentials in a row. In his knowledge, he has never seen much.

This means that even if Lu Ming does the step-by-step training, and slowly develops his potential, he can reach a very terrifying state in the future.

However, this is not the limit of Lu Ming.

After a while, Lu Ming burst out his potential for the fourth time.

But after reaching the limit for the fourth time, it was the fifth time!

Later, each time you persist will be longer than the previous one.

By the fifth time, Lu Ming had insisted for seven days.

"Five times, actually already five times, this, it should be possible to succeed!"

The bones of Bone Demon tremble slightly.

He originally thought Lu Ming would not succeed, but now, it's hard to say.

At this moment, Lu Ming was suddenly in a wonderful state. Originally, he was surrounded by boundless pain, but suddenly, that pain disappeared.

"Is it going to be successful!"

With a move in his heart, Lu Ming quickly sat cross-legged and sat on the lotus.

He felt carefully that his spiritual knowledge penetrated into every cell.

He had a feeling, the power of taboo, filled every cell, as if to merge with his cell.

"It's really going to be successful, haha, it seems that my talent is comparable to the peerless master!"

Lu Ming thought quite narcissistically.

He felt that he was really going to succeed, and after a while, the power of taboo would be completely integrated into his cells.

But at this time, there was an extra figure in the crowd.

These figures are the top demon who failed to merge before. Before they were seriously injured, they retreated and healed. During this time, the injury has almost recovered.

"Damn, is this kid going to succeed!"

In Jin Yan's eyes, an astonishing murderous opportunity burst forth.

"Never let this kid continue!"

"Let's shoot, kill them, and solve those dragons by the way!"

"Okay, go!"

These top monsters communicated with each other and reached a consensus.

Uh...

They rushed out suddenly, and at least, there were at least a dozen top evils, and their combat strength was not weaker than that of Jin Yan, rushing to Lu Ming.

"They started!"

Ao Yan and others always pay attention to their surroundings, and as soon as Jin Yan and others shot, they found out.

"Block them!"

Ao Guan Chang Xiao screamed, his body rushed out.

After five days of healing, Ao Guan's injury was almost okay.

At the same time, Ao Cheng and others rushed out.

Especially Ao Yan, a long roar, the magma lake boiling, a huge giant fish appeared, one mouth, one arrow formed, killing Jin Yan and others.

Ever since Jin Yan and others returned from injury, Ao Yan knew that a war was inevitable, so she secretly summoned those giant fish before, hiding under the magma lake.

Chapter 3664: Taboo power

The scene, caught in a scuffle.

At least hundreds of giant fish burst out thousands of arrows, killing Jin Yan and others, and covering them.

At the same time, Ao Yan and others attacked, and for a time, they blocked the attack of Jin Yan and others.

"Must stop them and wait for Lu Ming to succeed!"

Ao Yanchangxiao, the silver-white dragon body exudes a dazzling divine light, and each divine light is turned into a sharp blade, slashing all directions.

Ao Cheng, Ao Guan and others also tried their best to fight a dozen of the top evils and drag them on.

"You guys, together, what are you waiting for? Do you really want to wait for the boy to merge successfully?"

Jin Yan shouted, and his voice spread all over the place.

"Shoot!"

"It's a reward to kill the kid!"

"kill!"

Around the world, the arrogance of all the ethnic groups could not control it, and they shot one by one and rushed towards the landing.

"Roar!"

Ao Yanchangxiao, summoned those giant fish to resist.

Hundreds of giant fish rolled in the magma lake, the magma lake was violent, and turned into a magma wave, rushing towards the heavenly arrogance in all directions.

At the same time, a crystal clear and powerful arrow, killing in all directions.

Suddenly, many people were stopped.

"Kill these giant fishes first, without these giant fishes to resist, there will be a few dragons, and the climate will not be achieved!"

Someone shouted.

Then, the targets of the Tianjiao of all ethnic groups were shifted and killed the giant fish.

There are too many arrogances of various races, plus, there are so many top-level demon, these giant fish, can not resist.

Suddenly, one giant fish after another was killed.

The number of giant fish decreased sharply.

"No, we can't stop it!"

"How to do?"

Ao Yan and others are anxious.

Retreating from this, Lu Ming will definitely die.

"Block, can block for a while, for a while, try to delay Lu Ming's time!"

Ao Yan gritted his teeth.

The body suddenly became large and became millions of meters long, and the dragon claws stepped into the air, enveloping a large group of Tianjiao.

"Just because you want to stop us and dream, I will cut you this nine-claw dragon today!"

A two-headed giant wolf sipped coldly, flung himself, and rushed towards Ao Yan.

This double-headed giant wolf, the seven-level cultivation of the Divine Monarch, is not weaker than Ao Yan.

The two battle, with the help of other Tianjiao, Ao Yan fell for a while.

Aoguan and others are also in a disadvantageous and precarious situation.

Lu Ming looked at these situations, and his spiritual knowledge glanced into them.

"It should be almost!"

Lu Ming whispered, he felt that the fusion should have been successful, even if it is over now, the power of taboo is already his.

"Then, let's do it!"

Lu Ming whispered and got up suddenly, wanting to explode divine power.

However, as soon as he operated the divine power, he found that the divine power was difficult to operate, and the speed of circulation was dozens of times slower than before.

This is suppressed by the taboo force.

"No, I merged the power of taboo, and the divine power was suppressed. Isn't it worth the loss?"

Lu Ming wailed in his heart.

This is bad news.

He quickly asked the bone demon.

"This, I don't know!"

The bone demon murmured.

"Nest!"

Lu Ming really wanted to swear.

You don't know, don't you know everything?

Lu Ming almost vomited blood.

Bone Demon also seemed a little embarrassed, and continued to mutter: "I guess it should be that the 'Forbidden Power' is too strong, too advanced, so it suppresses other divine powers!"

"Moreover, you have just merged the 'Forbidden Power', and you have not been able to use it, and the control is uncomfortable. When you try more in the future, you should be able to balance it and not affect other divine powers!"

"Of course, these are my guesses, and concretely, it depends on your own groping!"

Finally, the bone demon added another sentence, making Lu Ming speechless.

"It seems that we can only use the 'Forbidden Power' to fight!"

Lu Ming thought.

The divine power cannot work, and now it can only rely on the 'taboo power'.

Immediately, regardless of divine power, Lu Ming shakes the skeletal muscles of the body, mobilizes all the strength in the musculoskeletal, and the body rushes out.

boom!

Lu Ming's body rushed out like a cannonball, and the speed was amazing.

"Boy, die for me!"

In front of Lu Ming, there is a top demon, Jin Yan.

He radiated golden light all over his body, banged out with a punch, and killed Lu Ming.

"kill!"

Lu Ming shouted and could only bang out with one punch.

Now, his divine power can not work, the original secret technique can not be displayed, and he can only fight with the flesh.

The power of taboo, integrated into every cell of his body, should make his physical strength stronger.

Lu Ming can only look forward to that.

"I want to compare myself with the flesh, I really want to die!"

Jin Yan saw that Lu Ming actually fisted against his fist, suddenly ecstatic, with a fierce light flashing in his eyes.

He is a Vajra family, and his flesh is like diamonds. In the vast universe, a pure flesh can be compared with the Vajra family, which is very rare, very few.

boom!

At the next moment, the fists of the two bombed together, as if the two planets collided.

Then, the grim light in Jin Yan's eyes disappeared, replaced by consternation and incredible, and then, there was pain.

Click!

The sound of broken bones sounded, of course, from Jin Yan's arm.

I saw that his Jin Cancan's fist had cracks, and the cracks were increasing, covering his entire arm like cracked porcelain.

Then with a bang, his entire arm burst open.

"what!"

Jin Yan screamed and his body retreated.

"so smart!"

Even Lu Ming was surprised.

He had fought against Jin Yan several times before, knowing Jin Yan's strength and fist's strength, but now, he was crushed by his boxing arm.

"The power of taboo is integrated into every cell, making my body so powerful?"

Lu Ming thought about it and then rejoiced.

"kill!"

Those thoughts just passed away, and Lu Ming killed Jin Yan.

Lu Ming's musculoskeletal vibrations pushed his body forward, and the speed was extremely amazing. At one stroke, he caught up with Jin Yan, and then punched out.

boom!

The air exploded, and the power of terror, like a row of mountains and seas, went toward Jin Yanyong.

what!

Jin Yanxi screamed and Lu Ming's punch gave him a sense of crisis.

He glowed and tried his best, and the whole person shrunk and continued to spin, which was his strongest trick.

This trick can be attacked and defended. If you lose to the opponent, you can also escape with the power of the enemy.

His body is like a vertical top.

boom!

Lu Ming's fist slammed into it.

There was a louder roar than before, and then Jin Yan's "gyro" flew out directly and stopped spinning.

I saw that Jin Yan was covered with cracks.

"how is this possible?"

Jin Yan said inexplicably, and then touched, bursting apart.

Chapter 3665: Trigger vibration

This time, Jin Yan did not simply explode his arm, but his entire body exploded.

"This..."

On the edge, the others were shocked.

A top-notch demon was just killed, so too fast.

"kill!"

Lu Ming did not stay in the slightest, his figure turned, and he punched out again, hurling towards the crowds of all ethnic groups.

The air exploded, and the terrifying punches pushed forward. Suddenly, there were dozens of people who were killed without even screaming.

"Retreat!"

In that area, the rest yelled in horror and backed wildly.

Lu Ming didn't chase. These people can't constitute a threat. His target is the top masters who entered the dragon clan star more than thirty years ago.

As soon as his figure turned, Lu Ming killed another top master, the arrogance of the Dobby.

This person has also dealt with him before.

Tianjiao, the Doubi tribe, saw Lu Ming's death and his face changed greatly. Before Jin Yan's end, he looked in the eyes.

Therefore, he didn't dare to let Lu Ming approach him. His eight arms glowed continuously, and there were eight attacks in a row, condensing out.

There are **** towers, **** mountains, swords, swords...

Eight kinds of attacks, roaring down to the landing.

However, Lu Ming's shot was very simple. With one punch, these eight kinds of attacks directly exploded. Lu Ming's figure quickly approached the eight-armed youth.

"not good!"

The eight-armed young man's face changed wildly, and he rushed to the side, wanting to use the power of other masters to fight against Lu Ming.

But he is fast, Lu Ming is faster, and the muscles shake the air to push him forward, which is faster than stepping on the wind boots.

In an instant, approaching the eight-armed young man, he punched past.

The eight-armed youth couldn't stop Lu Ming's blow at all, stepped into Jin Yan's footsteps, and was directly killed.

The top demon of Shenjun Liuzhong is not Lu Ming's united enemy.

Seeing this scene, the other top demon around him, their faces all changed wildly, and they all backed away, pulling away the distance from Lu Ming.

However, Lu Ming would not let them go, burst out, and killed one of them.

After all, the man did not escape and was killed by Lu Ming.

Then, continue to hunt down the next one.

"Boy, Hugh is going to be rampant!"

With a roar, a huge crocodile rushed towards the landing.

This is a crocodile, which is 100 meters long, and is also a top demon, and it is amazingly cultivated, reaching the seventh level of the Divine Monarch, and it is the same level as the two-headed wolf youth.

Uh!

The crocodile's tail slammed like a steel whip. The pumped air made a loud noise, and the wind blew his face, sweeping towards Lu Ming's head.

Lu Ming punched again, bombarding with the crocodile's tail.

With a loud noise, the crocodile's tail was blasted back, but it did not burst apart.

It is also a top-notch evil spirit. If you rebuild it as a freshman, your strength will be much stronger and you can even kill it in seconds.

This is also the reason why the crocodile Tianjiao dared to fight Lu Ming after seeing Lu Ming's combat power.

"kill!"

The crocodile yelled, with a gleaming murderous chance in his eyes, and a huge body, rushing towards the landing clan.

He opened his mouth, and the teeth in his mouth turned into a sharp sword, flying in a row toward the landing.

when!

Lu Ming waved his fist, fighting against the sword, making a loud noise, the sword was blown out, but did not burst.

"Interesting, come again!"

Lu Ming Chang Xiao, squeezing his fists in both hands, continued bombardment, the offensive was like a storm.

He wanted to see how strong the extreme fighting power he can break out now.

Boom!

The explosion rang continuously, and Lu Ming burst out hundreds of punches in an instant.

The crocodile Tianjiao finally couldn't resist it. First, the sword that his teeth melted shattered, and then, his dense fist fell on the crocodile and directly exploded the crocodile.

Flesh and blood flew, scales flew.

The arrogance of all ethnic groups outside, everyone's face changed greatly.

The crocodile Tianjiao is no better than Jin Yan, the eight-armed youth, and others. The crocodile Tianjiao is the top demon of the sevenfold god.

It can be said that one of the strongest arrogances among those who entered the dragon clan star thirty years ago.

There is no one stronger than them. Such people have been killed by Lu Ming. It can be said that Lu Ming is unrivaled in the Dragon Mother Star today.

"go!"

Tianjiao of all ethnic groups, really afraid, did not dare to stay, backed wildly, and then flew towards the sky.

They have to leave here and return to the surface of the Dragon Mother Star.

Including some top demon, also began to flee.

"Don't want to go!"

Ao Yan roared and tried his best to drag the young two-headed wolf tribe.

"well!"

Lu Ming's eyes also looked at the two-headed wolf youth, flashing a killer in his eyes, stepped out, and rushed toward the two-headed wolf youth.

"Damn!"

The two-headed wolf youth roared in their hearts, anxious, and constantly shocked, wanting to escape.

However, Ao Yan struggled with his injuries and entangled him violently. He wanted to get away in a short time, which was difficult.

After such a delay, Lu Ming has already been killed.

Boom!

Lu Ming doesn't need any skills now, anyway, he just raised his fists and bombarded.

The Tianjiao of the double-headed wolf clan is similar to that of the crocodile clan.

Now, Lu Ming and Ao Yan are under siege, and he can't resist it. After Lu Ming blasted dozens of punches, Tianjiao of the two-headed wolf clan screamed and was directly beaten.

At this time, the Tianjiao of the other races had completely retreated, and they flew crazy toward the sky, going back to the surface through that passage.

Huh...

Ao Guan Ao Cheng and others took a long breath, and then their eyes fell on Lu Ming.

There is envy, there are surprises, there are incredible...

"Lu...Brother Lu, did you really integrate successfully?"

Ao Guan asked.

In his eyes, it was all worship, worship of Lu Ming.

He tried it himself, knowing the difficulty of fusing that ray of air.

He tried his best, and it only lasted for half an hour.

Lu Ming persisted for more than five days. He could hardly imagine how Lu Ming persisted.

"It should be considered a success!"

Lu Ming said.

He is not very sure, after all, even the divine power is not working well now.

"It must have succeeded. If it is not successful, that ray of air will not stay in your body for a long time and will fly out!"

Ao Yandao, with complicated eyes, didn't know what he was thinking.

"I'm not in control now, I need to explore it!"

Lu Ming said.

Next, a few people chatted for a while.

At the moment, the fantasy **** jade has already exploded.

Some people have used the fantasy **** jade to record the previous picture and sent it to the fantasy space.

Including the news that Lu Ming has successfully merged, it was also sent up and caused a big shock.

The power that Tiangong cared about was actually merged by Lu Ming?

Chapter 3666: Heavenly King comes

The vast universe has caused uproar, and countless people are talking and paying attention.

This is true even for those top races!

Those races that were slashed by Lu Ming to Tianjiao were violent, and they should unload Lu Ming by eight words.

Outside, there was a lot of trouble.

Lu Ming and others were at ease to practice at the Magma Lake.

Now, Lu Ming has just taken control of the 'Forbidden Power'. According to what the bone demon said, he needs to be familiar with it in order to reduce the suppression of other divine powers.

Otherwise, no other divine power will work.

In this way, in the past few days, Lu Ming's control of the "Forbidden Power" has indeed made some progress, but the progress is not very big, mainly because the time is too short.

"Lu Ming..."

Suddenly, a loud roar came in.

This roar came from outside the genius. One passed through the Wanlong Seal and passed through the passageway into the magma lake, and it exploded in the ears of Lu Ming, Ao Yan and others.

It was like a thunder shake, and it was like a heavenly prestige. It made people have no mind to resist, as if it could make people surrender.

"Who is it?" Ao Guan's face was ugly, and he looked up at the upper channel, his face extremely dignified.

Just a voice makes people feel no rebellion.

"A Heavenly King in Heaven Palace!"

Lu Ming spoke slowly, his face dignified unprecedentedly.

At this moment, Dream Space has exploded.

Because a Tianjun in the Tiangong personally came outside the Dragon Clan's mother star. The one who spoke just now was the Tianjun in the Tiangong.

Lu Ming saw the discussions of various ethnic groups through the fantasy **** jade.

Tiangong...Tianjun~!

Ao Yan, Ao Guan and others, their faces changed wildly, and there was something unbelievable in their eyes.

Tianjun, but the giant in the palace, the pinnacle of the vast universe, has a terrifying existence.

Unexpectedly, Lu Ming just merged that ray of power, which actually attracted the characters of Tiangong Tianjun level to come in person.

What is that ray of power?

While Ao Yan, Ao Guan and others were shocked, they kept guessing.

"Tianjun?"

Lu Ming whispered, and his face was very dignified.

Qiyue's inheritance of the god-eye Tianjun was the one in one of the heavenly palaces.

Unexpectedly, he will now deal with a real Tianjun.

"Now, what do we do?"

Aoguan Road.

"Go out and see, just wonder if Wanlongyin can block Tianjun?"

Lu Ming said.

In fact, no matter whether Wanlongyin can block Tianjun, go out and see.

If they can't stop it, they're useless hiding here.

Ao Yan and others nodded, and then the people flew up and flew upwards along the passage where they came down.

After some time, they flew out of the channel and returned to the bottom of the sea.

There was no one around. Apparently all the arrogance of all ethnic groups had retreated.

They flew upwards for a while and came to the surface of the sea.

"Above..."

As soon as they returned to the sea, they were attracted by the sight outside the sky.

A huge figure standing in the starry sky, the body is too big, it looks as big as the power of the previous Golden Wings or Wu people.

However, this person exudes a dazzling divine light, covering himself, not seeing his appearance clearly, but feeling very sacred.

His two eyes, like two beams of light, seemed to break through all the mist and land on Lu Ming.

After all, the dragon clan star is guarded by the Wanlong Seal. From the outside to the inside, it is a mist. Looking through the mist, your eyes need strong strength.

Tianjun!

Needless to say, Lu Ming also knew that this person was the Tianjun from the Tiangong.

"Lu Ming..."

Tianjun spoke again, his voice rumbling and exploding, like Tianwei.

"What do you want me to do?"

Lu Ming spoke, his voice was not loud, but he knew that Tianjun would definitely hear it.

"You combined that power?"

Tianjun spoke, but did not make it clear that the power was a 'taboo force.'

"Not bad!"

Lu Ming nodded.

"Very good, now give you a chance to surrender to my heavenly palace, and I will give you the position of the 'Emperor'!"

Tianjun spoke.

Tianjun's voice spread throughout the world and did not hide it.

Regardless of whether they are young Tianjiao or older people, they all envy jealousy.

That's the position of the emperor. Once he ascends, the Yuyue Dragon Gate, from then on, will be able to walk sideways in the vast universe.

In particular, some races that have hatred against Lu Ming, such as the Wings and Wu people, are roaring in their hearts and are extremely unwilling.

Once Lu Ming became the emperor of the Tiangong Temple, then they would not want to seek revenge from Lu Ming. After seeing Lu Ming in the future, they should treat each other with courtesy and stubborn Lu Ming.

When they think of this, they will vomit blood.

In particular, that golden-winged human power, his heir was killed by Lu Ming, he wished to unload Lu Ming eight, the most angry at this moment.

But Tianjun said, he did not dare to refute.

Tianjun, although not the highest power of Tiangong, represents the face of Tiangong.

Countless people are paying attention.

Although, most people certainly cannot hear Lu Ming's speech, nor can they see Lu Ming.

However, there are several other great powers around the Dragon Mother Star, such as the Golden Wing Human Power, the Wu Power, etc. They can see Lu Ming on the Dragon Mother Star, and they can also hear Lu Ming talking.

"I want to buy me away!"

Lu Ming's eyes flashed.

"Lu Ming, don't ever agree, the power of taboo is the power of antagonism, born to be hostile to Tiangong, and Tiangong will never let go of people who have incorporated the power of taboo."

"Once you go to the Tiangong, they will take you down, destroy the spiritual will, control you, and become a puppet in the Tiangong!"

Bone Demon's voice sounded in Lu Ming's mind.

However, the bone demon is very careful now, the power of the soul is extremely convergent, and it seems that he is afraid of being discovered by Tianjun.

"Destroy spiritual will and become a puppet in Tiangong? Did Tiangong do such a thing before?"

Lu Ming was shocked.

"As far as I know, there is!"

Bone Demon answered yes.

Lu Ming felt a tremor in his heart, how deep is the water in this temple.

Such taboo characters have been controlled by Tiangong into puppets, and grown up, is it not that there is an invincible thug?

"So, this Tianjun, is trying to deceive you to leave the Dragon Mother Star!"

Bone Magic Road.

Lu Ming nodded silently.

He believed in bone demon.

"Master Tianjun, please allow me to consider for a while, how?"

Lu Ming shouted.

He did not immediately refuse, but said that after thinking about it for a period of time, he wanted to use a delay strategy to delay the time.

The Golden Wing Terran Power, the Matriarch Power, and others paid close attention to Lu Ming's situation and saw that Lu Ming didn't agree to it.

"This kid, what a fool!"

"Such a good condition, I didn't agree, okay, okay, I hope Master Tianjun is furious!"

Wing human power and Wu clan power, ecstatic in heart, not excited, quickly sent Lu Ming's answer to the fantasy **** jade.

Chapter 3667: Reject Tianjun

The winged human power and the witch power, sent Lu Ming's words to the fantasy **** jade, which caused a shock.

"What? That kid didn't agree?"

"I didn't agree immediately, but I still have to think about it for a while, consider a fart, if I agree immediately!"

"Crazy ignorance, what is he, Tian Jun personally invited, and still have to consider, it's really death!"

"I hope Lord Tianjun is furious!"

There is a hustle and bustle in the fantasy **** jade.

Many people are distressed and want to be Lu Ming instead of Lu Ming. Such an opportunity, Lu Ming still has to consider?

Some people are fortunate, and hope Tianjun is furious, so Lu Ming is dead.

Beyond the dragon clan star, the divine light on Tianjun's body was beating for a while, and obviously his heart was not calm. Lu Ming would not have refused.

"Ben Jun speaks, there is no room for consideration, Lu Ming, Ben Jun now gives you a chance to immediately promise that you are the emperor of the Tiangong and can enjoy the endless resources of the Tiangong!"

Tiangong continued to speak.

This time, there was an undoubted taste in his tone.

Tianjun, the pinnacle of the vastness of the universe, said a word, saying nothing, no one dared to violate their wishes.

No one dared.

He did not believe it, Lu Ming dare!

Unless Lu Ming doesn't want to live.

Wing human power, Wu clan power and others are also concerned.

If it was put in the past, Lu Ming would really consider it, but after knowing the inside story, how could Lu Ming agree?

Promise to be a fool!

So Lu Ming said: "Tianjun, I still have something to do, please allow me to wait for a while!"

"presumptuous!"

As soon as Lu Ming's voice fell, Tianjun shouted loudly.

boom!

The starry sky trembled, and a breath of terror spread out. The whole starry sky was covered with cracks beyond the dragon clan's parent star. I didn't know where it extended.

so horrible!

Tian Jun was furious, Shi Potian was shocked, and the galaxy burst out.

Fortunately, people of all ethnic groups have retreated a long time ago and have not been affected.

And the dragon clan star, Wanlongyin resisted, and had no effect.

"Tianjun is angry, does Lu Ming refuse?"

"Good rejection!"

"It's stupid, he's dead!"

Everyone talked and then waited.

Outside the Dragon Clan's parent star, Tianjun's gaze was brighter than the two suns, staring at the land.

Even across the Wanlong seal, Lu Ming still felt a strong pressure.

"Are you refusing this king?"

Tianjun spoke again, and there was more coldness in his voice.

"I said to slow down for a while, since Tianjun wants to think so, that's OK!"

Lu Ming said lightly.

I didn't want to promise, but since I couldn't wait for a while, I simply refused.

"Haha!"

Lu Ming's remarks made the power of the Golden Wings, the power of the Wu people, and others, laugh in their hearts.

Of course, it's just a smile in my heart, what I dare not show, is it not the face of Tianjun?

Then immediately, immediately, they spread this news to the fantasy **** jade.

"Lu Ming refused?"

"Really refused, there are such stupid people in the world?"

"Don't be in the position of the emperor, idiot, real idiot, don't give it to me!"

"Damn, **** it!"

Countless people wailed, roared, unwilling, envious and jealous.

Of course, there are many gloating.

boom!

Beyond the dragon clan's parent star, Tianjun's breath was even more terrifying. The divine light on his body enveloped the sun.

Throughout the Dragon Mother Star, countless Dragon Humans panicked and looked at the outside of the terrified panic with a feeling of catastrophe.

"Do you think that hiding in the dragon clan's parent star and guarded by the Wanlong Seal, can this prince be able to help you?"

Tianjun spoke, and his voice was flooded with murderous opportunities.

Originally, he wanted to deceive Lu Ming out of the position of 'Tianzi'. After cheating to Tiangong, he directly suppressed Lu Ming, wiped out Lu Ming's spiritual will, and turned Lu Ming into a puppet of the Tiangong.

Become a sharp blade of Tiangong!

Unexpectedly, Lu Ming actually refused!

Does Lu Ming know the mystery of 'Forbidden Power'?

In any case, Tiangong will never allow people who have incorporated the power of taboo to live alive, because in history, Tiangong suffered a great loss.

"Listen to all races, especially the top 100 races, to call the arrogance below God Realm in your race, and the monarch will send them into the dragon clan star to hunt that Lu Ming. Seeing the corpse, if anyone can bring him to the prince, the prince will call him the emperor!

Tianjun's voice spread through the stars.

"Leadership!"

"Leadership!"

Suddenly, there was constant sound in this starry sky.

Then, the strong men of all races sent the news back to the headquarters of each race at the fastest speed.

"To send stronger Tianjiao in to kill me, as long as the Divine Emperor can send it in?"

Lu Ming's face was dignified.

"Tianjun's method is unpredictable, and now that Wanlongyin's power is down, I don't know if the other party can really do it, we have to guard!"

Ao Yan spoke.

"What about then?"

Ao Guan was anxious.

Their practice is still too weak.

If they exist under the God Emperor's Realm, they can all come in, they are simply invincible.

Especially the top 100 races in the Honghuang Wanzu list, there are definitely some demons in the world, and then they are cultivated to be seven princes, eight folds, and even nine princes or quasi-empires, and they can kill them by turning their hands.

"You are observing the situation here, I will arrange it first, and come to you later!"

Ao Yan humane to Lu Ming.

After she finished, she flashed and left here.

And Lu Ming and others, standing on the sea, waited quietly.

They want to know, Tianjun, can they really send so many powerful monsters in?

Time, day by day.

Lu Ming knows through the fantasy **** jade that among all the tribes, some horrible evil spirits are rushing to the dragon clan star.

Originally, with the strength of the Wanlong Seal, these people, in the short term, could not enter the dragon clan parent star.

Even after a few decades, Wanlongyin is in a weak period again, it is impossible for these gods to have more than seven layers of existence.

But now, Tianjun speaks, these evil spirits are extremely excited.

Entering the dragon clan star, not only can hunt Lu Ming, but also have the opportunity to gain the position of "Tian Zi Tian Nu".

In addition, the chance inside the Dragon Clan's parent star also makes them heart-wrenching.

Of course, all races are far and near from the Dragon Mother Star. Some races are quite far away from the Dragon Mother Star. Even if there is a wormhole, it will take a short time.

It wasn't until half a month later, outside of the Dragon clan's parent star, that a large number of deities of various races gathered.

"Wait a minute, this monarch will open a gap between Wanlong Seals. Hurry up and rush in through the cracks. Do you understand? Remember, don't move above the Divine Emperor, Wanlong Seal's counterattack will be very strong. Strong, will kill you!"

Tianjun Road.

"Understood!" roars of the evil spirits of all ethnic groups.

Chapter 3668: Get out, the evildoers enter

Next, Tiangong Tianjun shot.

He radiated immeasurable divine light all over, the starry sky began to vibrate, and then, the immeasurable divine light converged into a war sword, chopping down towards the dragon clan star.

Dazzling, incomparably dazzling, dazzling makes people unable to open their eyes.

Rumble!

The sword of war has not been cut yet, and the entire dragon clan's mother star shook violently, as if to burst apart.

Of course, this is an illusion. The mother star of the dragon family was born when the heavens and the earth first opened. How could it be so easy to destroy?

If it could, the war of that year was already exploded.

Roar...

At the next moment, Long Yin Zhentian, the whole dragon family star is glowing, and then a huge dragon claw, protruding out, caught the bright sword light.

Wanlongyin, started!

boom!

A terrifying explosion sounded, and beyond the starry sky, it seemed that there were dozens or hundreds of stars exploding at once.

The Dragon Mother Star trembles once again, the sea water rolls over, triggering a tsunami and stimulating huge waves hundreds of meters high.

Lu Ming, Ao Guan and others opened their eyes wide, gathered their magical power in their eyes, and stared at the sky.

"open!"

Tianjun shouted, stunned the cosmic starry sky, the white divine power, and the crazy outbreak, gathered into a larger war sword, and slashed down.

Tianjun, it is too strong, and Xiuwei does not know how high he reached it.

It is still unknown that God Emperor, or above, is too far away from Lu Ming.

Roar roar...

Long Yin Zhentian, Wanlongyin started, as if there were tens of thousands of dragons roaring at the same time, Lu Ming seemed to see a huge dragon, curling up his body, forming a circle, and enclosing the entire dragon clan. intermediate.

Roar!

This divine dragon, with a roaring sky roaring, found a dragon claw and grabbed the war sword of Tianjun.

There was another violent roar, full of energy, and the dragon claw and the war sword shattered at the same time.

However, when Tianjun grabbed a big hand, a huge and huge hand formed, and grabbed towards Wanlong Seal, and then tried hard to tear it, trying to tear Wanlong Seal.

However, Wanlongyin is not so good. Longyin bursts out, and dragon claws protruded out again, grabbing the condensed claws of Tianjun.

Just then, beside Tianjun, a figure suddenly appeared again.

This figure is equally huge, exuding white holy light.

Amazingly, behind this person, there are six pairs of white wings, a total of twelve wings.

Twelve-winged angels of the angel family!

In Lu Ming's heart, a thought directly emerged.

"Tianjun, I will help you!"

The sound of the twelve-winged angel sounded, and the boundless divine light shrouded into an angel sword, which was cut towards the dragon claws.

This twelve-winged angel, cultivated into a powerful horror, is actually not weaker than Tianjun. The white war sword condensed by the Holy Light slashes down and cuts on the dragon claw, directly blocking the dragon claw. attack.

Lu Ming found that the angelic practice of divine power and attack methods are very similar to those of Tianjun.

It is no wonder that the backstage of the angel family is the Tiangong.

Twelve wings of angels blocked the attack of the dragon claws. Tianjun freed his hands, screamed, and waved his hands, condensed two huge palms, grabbed at Wanlong Seal, and then tried to tear it.

Rumble!

Click!

The horrible loud noise kept moving towards the stars, and then everyone saw that Wanlongyin was actually torn open a gap.

Although small, it was really torn apart.

Lu Ming, Ao Guan and other people's faces changed greatly.

At this time, a figure emerged beside Lu Ming and others, it was Ao Yan.

Ao Yan looked at the sky, his face very dignified.

"It seems that Wanlongyin is really weak!"

Ao Yan whispered.

At the beginning, when Wanlongyin was just completed, not to mention the existence of one or two Heavenly Kings, even ten or eight would not be broken.

Over the years, Wanlongyin has indeed become weaker and weaker.

Nothing can stop the erosion of time.

"You guys, go in!"

"fast!"

Tianjun said loudly that the evil spirits of all ethnic groups would be arrogant, rushing into the Dragon Mother Star.

"Rush!"

Suddenly, all the tribes' evil spirits were arrogant and rushed towards the crack.

Rushing in front of them is the arrogant arrogance of the top ten races of the Honghuang Wanzu List, but when they rushed to the crack, they encountered a terrible resistance, unable to move forward at all, and were blocked.

Even, there is a monster with the highest cultivation level, reaching the quasi-imperial realm, screaming, and the body exploded directly. This is a horrible demon of an angelic family, and it is so dead.

"not good!"

These evils of the top ten races are scared and retreated.

However, among them there is the arrogant arrogance of the race after the top ten, which passed by without being affected.

"Damn!"

Tianjun shouted angrily, and said, "The people of the top ten races retreat, your bloodline strength is too strong, and they are targeted by Wanlong Seal. Don't go in, people of other races go in!"

"They can't go in?"

The arrogance of those races behind the top ten, their eyes lit up.

Tianjiao, the demon of the top ten races, can't go in. For them, it's good news, and there is not much competition.

The evils of the top ten races have a ugly face.

Tianda's chance, but slipped away so that they were unwilling.

"Quick, I can't hold on for long!" Tianjun shouted.

Uh, uh...

A large number of arrogant evildoers rushed into the gap, and in a few breaths, hundreds of people rushed in.

"Okay, others, retreat!"

Tianjun shouted, and a force burst out of his body, pushing the remaining arrogances of all the tribes back.

The arrogance of the various ethnic groups that come here is amazing, and naturally there are far more than a few hundred people.

However, Tian Jun could not resist, Wan Longyin's counterattack was too strong, he could only open a few breaths for a short time.

Then, Tianjun shook his body and stepped back a few steps. The two big hands that he condensed broke apart, and the crack disappeared.

"Damn it!"

"It's a pity not to catch up!"

"It's really cheap!"

The remaining ethnic groups were arrogant and heartbroken. They cursed themselves for how slow they had just taken a step and missed such a good thing.

They are envious and jealous.

In their view, among the hundreds of people who just entered, there must be someone who is going to be the emperor or the goddess.

"Okay, let's just wait!"

Tianjun opened his mouth and stepped back with the twelve-winged angel, the light on his body dimmed.

The evil spirits have been sent in, and then just wait for the receipt.

...

Dragon family star, above the ocean.

After Tian Jun tore a slit in Wanlong Seal, Lu Ming, Ao Yan and others acted and left the sea.

"These people, we can't compete with each other, we can only avoid them for the time being and follow me!"

Ao Yandao burst into the sea.

Lu Ming, Ao Guan and others also rushed into the sea, into the bottom of the sea, and swam away.

Chapter 3669: Overall breakthrough

Lu Ming is not an impulsive person. The demon evils of the various ethnic groups who came in this time are not something they can deal with.

Honghuang Wanzu list, the existence of the top one hundred, the talent is absolutely scary and scary.

And cultivation is limited, under the emperor, so the people who come in are bound to be seven or more gods.

Because, Lu Ming's previous combat power, everyone has already seen it, and the cultivation base is too low, and it is not Lu Ming's opponent at all. Therefore, this time he came in, it must be cultivated as an extremely deep monster.

Such arrogance, and still a bunch, Lu Ming what they use to contend, the impulse is only a dead end.

Lu Ming and others followed Ao Yan and traveled on the seabed at a rapid speed. After a while, they came to a small island.

This small island is full of prohibitions.

"This small island, called Penglai Island, is very secretive. It is covered with prohibitions. Let's go in. Those outside can't find us!"

Ao Yan said, her hands were sealed, the ban was opened, and they entered the island.

"What a wide island, so full of energy..."

Upon entering this small island, Lu Ming's eyes lit up.

This small island is very huge, just like a continent. Obviously, Penglai Island has also been used space folding technology. It looks very small from the outside, and it was only found after entering.

And the spirit is extremely rich, even stronger than the Black Dragon Valley, Jinlongling and other places.

On the island, it is lush and full of life.

Far away, you can smell the smell of medicine. Here, there are definitely many amazing magic medicines.

"It's good to retreat here!"

Lu Ming whispered.

"Okay, we will retreat here afterwards, Brother Lu, you have Dream God Jade. After trouble, you use Dream God Jade more and observe the news outside!"

Ao Yandao.

"This nature!"

Lu Ming smiled, and immediately took out the fantasy Shenyu and checked it out.

There is a hustle and bustle in the fantasy **** jade.

When Lu Ming looked at it, he knew that the number of monsters who entered this time had reached hundreds.

"They must not be able to find this place. We will retreat here and practice first. There are many magic medicines here. Waiting for our cultivation to improve, go out and kill them without leaving a piece of armor!"

Ao Yandao.

"Okay, cool, let these people come and go by then!"

Ao Guan drank coldly and his eyes were extremely fierce.

The crowd dispersed to find a place to practice.

Shortly after Lu Ming entered the sea, hundreds of Tianjiao entered outside had already arrived at the sea area where Lu Ming had just settled.

"They left, definitely in the sea, chasing!"

"Scattered chase, who can chase them, who's luck!"

Hundreds of heavenly arrogances rushed into the sea, dispersed, and chased in all directions.

However, they were destined to be unable to find Lu Ming. After chasing for some distance, Lu Ming did not find any trace of them.

"Huh, the Dragon Mother Star, it's that big, see where you can escape!"

"Even if you go through the entire dragon clan star, you have to find out!"

Hundreds of heavenly arrogances were scattered, some continued to search for Lu Ming and others in the sea, and some had already gone to three pieces of land in search of Lu Ming.

Before, there were many Tianjiao people of all ethnic groups who did not leave. These people who came in later integrated the previous people and looked for Lu Ming everywhere. However, after all, they were empty, and the time passed, but they did not find Lu Ming at all. Trail.

Penglai Island!

Above a small mountain peak, Lu Ming sat cross-legged and was practicing.

It has been half a year, and since the Tianjun tears the Wanlong Seal and the outside demon comes in, it has been half a year.

For half a year, Lu Ming has been practicing on Penglai Island.

His main cultivation direction is to control the 'taboo power' because he finds that if he does not fully control the taboo power, other divine powers will not work at all, let alone cultivation.

Half a year, it is too short. Although Lu Ming feels that he has improved control of the 'Forbidden Power', he is still far away from complete control.

Even so, Lu Ming felt his strength was much stronger.

As long as he controls his own musculoskeletal, he will feel the burst of power from each cell, and these powers burst out, which is very amazing.

Although there is no source secret, etc., these forces erupted, which is more powerful than his previous use of source secret.

Roar!

At this time, in the other direction, there was a sound of Longyin, and a strong breath filled it.

"Ao Yan also broke through!"

Lu Ming's eyes lit up.

He knew that this was Ao Yan's breakthrough, from Shenjun's fourfold to Shenjun's fivefold.

Ao Yan's strength was already extremely strong, and now he has broken through to the five levels of Divine Monarch, and his combat power is undoubtedly stronger.

In fact, in the past six months, Aoguan, Aocheng, and four other eight-clawed dragons have also made breakthroughs.

Penglai Island has a very good cultivation environment, and it is full of magical medicines. Aoguan and others use these magical medicines every day to cultivate. The cultivation conditions are better than those of the heyday of the Dragon tribe, and the cultivation is promoted naturally.

After all, during the heyday of the Dragon Clan, there were too many Dragon Clan, and the resources allocated to each Dragon Clan were naturally limited. What is like the present, where the magic medicine is eaten as a meal.

In the past six months, Ao Guan and Ao Cheng's cultivation practices have reached the four levels of Divine King.

With their combat power, Xiuwei reached the fourfold of the Divine Monarch, which was enough to compare with the two-headed werewolf Tianjiao of the Sevenfold Divine Monarch.

Their overall strength has skyrocketed.

Lu Ming received the merits and went in the direction of Ao Yan.

When he came, he saw Ao Guang Ao Cheng and others came.

A silver nine-claw **** dragon, a slender dragon body, coiled on a mountain peak, between heaven and earth, the endless spirit rushed toward the silver nine-claw dragon, absorbed by her.

A few hours later, Ao Yan's breath stabilized, and the dragon's body twisted into a human form.

"Princess, you broke through, great!"

Ao Cheng laughed.

"Okay, princess, let's kill now. Those despicable guys have been killing the dragons to threaten us. It's damn..."

Ao Guan gritted his teeth and killed his teeth.

"Look first and talk!"

Ao Yan nodded, then pinched Yin Jue with both hands, and a picture suddenly appeared in the sky.

There are hundreds of pictures, projecting different mountains and rivers.

These pictures are all pictures of the Dragon Mother Star.

At the beginning, when Tiangong Tianjun attacked Wanlongyin, Ao Yan left for a period of time. During this time, she was in contact with the dragon races around the world, and placed a lot of surveillance in various places.

These large monitoring groups can project the pictures of the area where they are located.

During this time, they monitored the large array and watched the situation outside.

Some pictures are empty, no one.

But in some pictures, there are people, some only have the Dragon Clan, but in some pictures, in addition to the Dragon Clan, there are outside arrogance.

Chapter 3670: Top 100 races

For example, one of the pictures...

"Say, where are those nine-clawed dragons? And Lu Ming?"

An outside monster, Tianjiao, holding a piece of jade rune, the jade rune glowed, and a portrait emerged. It was really a portrait of Lu Ming and others.

This external arrogance is interrogating a group of dragons.

"We don't know, we haven't seen them at all!"

Cried a dragon.

"Since this is the case, why do you keep it?"

The outside world was arrogantly cold and shot with a palm, and the people of the Dragon Clan exploded and were killed.

There are not only one such situation, but several places.

In the past six months, this kind of situation has never happened.

Even Lu Ming has seen many such videos in the fantasy space.

This was deliberately recorded by the outside world and placed in a dream space. If you want to stimulate Lu Ming, you will stimulate Lu Ming.

"Why does it matter, kill, kill, kill these debris!"

Ao Guan roared and was grumpy.

Lu Ming, Ao Yan and others also have murderous opportunities in their eyes.

The methods of these people are too despicable.

"It's going to kill, but you can't kill it rashly!"

"These outsiders are scattered. Although we are given the opportunity, we can't figure out their strength. If we are going to hunt, it is the gods of the nine kings, and even the evil spirits of the quasi-imperial realm, then we can not only kill them. I will also put myself in!"

Ao Yandao, she is much calmer than Ao Guan.

"Princess Ao Yan is right, we can break down one by one, but we must first figure out the other's cultivation behavior, and then do not be too late!"

Lu Ming also nodded.

"I and some dragons have set up a large array of surveillance in various places, which is very conducive to our actions. We are in the dark, and we can slowly observe each other's cultivation behavior!"

Ao Yandao.

Discuss the plan, and then start to act.

Ao Yan asked the four eight-claw dragons to continue to practice on Penglai Island. She, Lu Ming, Ao Cheng and Ao Guan set off.

Fewer people, better action, more people than action.

They left Penglai Island and headed towards the Dragon Spirit Continent.

Silently, they entered the Dragon Spirit Continent and came to a mountain range.

Dragon Mother Star, apart from Wanlong Seal, Tianjun, the power of Angels, it is naturally impossible to peep at Dragon Mother Star from time to time.

After all, there are Wanlong seals to hide, from the outside, you can't see the inside of the dragon clan's parent star, you can only see a piece of smoke.

Of course, Tianjun and other powerful people can still see if they are forced to see, and their eyes can see through the Wanlong Seal.

But to maintain this state, the consumption is very large.

Even Tianjun cannot be maintained for a long time, so Lu Ming dares to come out and is not afraid of prying.

Ao Yan waved his hand, and a picture appeared in the air.

"This is the Ziming Mountain, not far from us. Here, there are two outside wicked arrogances. Let's secretly watch each other's cultivation behavior, and then start!"

Ao Yandao.

The plan was finalized, and they headed towards Ziming Mountain, ambushing in Ziming Mountain.

Ziming Mountain has two powerful arrogances, which are the evil characters of the Ziying family.

They secretly observed through observations and finally concluded that these two Ziying clan's evil spirits were arrogant, and they were cultivated as the seventh level of the god.

You can do it!

Today, the strength of the four of them has made great progress compared with six months ago.

"Do it!"

Ao Yan sipped, and the four rushed towards Ziming Mountain quickly.

"who?"

As soon as Lu Ming rushed out of them, the power caused fluctuations, and they were immediately discovered by the two evil geniuses of the Ziyang family.

They rushed into the sky, their eyes burst into purple electricity, glancing at Lu Ming.

"It's them!"

"It's Lu Ming and the Nine Claw Dragon, so bold, they dare to take the initiative to attack us, come well!"

The monsters of the two Ziyang clan, not only fearless, but also showed the color of excitement, turned into two purple rays, and rushed towards the landing Ming four.

Their bodies were completely covered by purple divine light, the strongest attacks such as the original secret technique, all exploded, like purple qi coming from east.

One of the Ziyang clan demon Tianjiao directly killed Lu Ming.

His palm was like a knife, and he split towards Lu Ming. In his palm, there was a ray of purple airflow. This is his original secret technique, and it was terrible.

boom!

Lu Ming still can't use divine power, so his attack is still very direct, and he punches out directly.

boom!

Lu Ming's fists collided with the palms of Ziying's demon Tianjiao, and a violent roar erupted. At the same time, he was accompanied by a broken bone, and then a figure backed back.

It was the Tianjiao of the Ziying tribe, and Lu Ming just wobbled his figure.

"Ninety-nine in the list of Ziying and Honghuang peoples is really powerful!"

Lu Ming moved.

Today, his control of the "Forbidden Power" is stronger, and the power he can exert is also stronger. The combat power is stronger than half a year, and he is stronger.

Half a year ago, he was able to fist with his bare hands, killing the double-headed wolf clan, a seven-fold monster.

The evil spirits of the Ziying clan in front of them, although they are also the sevenfold of the Divine Monarch, are more powerful than the two-headed wolf clan.

Sure enough, the higher the race of the Hungarians, the stronger the bloodline power, and the stronger the fighting power will be in a battle of the same level.

Of course, this is an average, and there are no exceptions!

The Tianying arrogance of the Ziying tribe was cracked by Lu Ming's fist, and he was even more shocked, revealing incredible eyes.

In his eyes, Lu Ming is nothing but a triple prince.

"kill!"

Lu Ming shouted, his body burst out, and he slayed toward the Ziying tribe.

At the same time a sound of Longyin sounded, Ao Guan rushed over to assist Lu Ming.

After Aoguan broke through the four levels of Divine Monarch, his fighting power increased greatly. Although he played alone, he may not be the opponent of this Ziying clan evil, but he can also pose a great threat to the other party.

Nine dragon claws constantly grabbed the Ziying Clan's evil spirits. The Purple Ying Clan's evil spirits waved their hands continuously, and the purple light burst out, blocking Aoguan's attack.

But in this way, he himself fell into the dead.

Lu Ming waved his fist continuously, and dozens of fists came out in an instant.

Dozens of terrifying punches, like a storm, slammed into the evil spirits of the Ziying tribe.

what!

The Ziying clan roared, purple hair fluttered, and the light burst out, fighting against it.

However, he was still invincible and could only block part of his punching power. The remaining punching power bombarded him, almost bursting his blow.

He vomited blood and cracked his body. Finally, Lu Ming punched his eyebrows with a punch, wiped out his soul, and killed him completely.

On the other side, Ao Yan and Ao Cheng joined forces to resolve the battle.

Another Ziyang clan demon, although also very powerful, is not weaker than the one who fought against Lu Ming, but now Ao Yanxiu is a five-level god, and can completely crush each other, plus Ao Cheng, and quickly killed this people.

This trip is very easy!
