

D Emperor 3671

Chapter 3671: Can't practice?

"Haha, cool!"

Ao Guan laughed.

Earlier, through the monitoring of the large array, I saw these two Ziying clan demon killing the dragon clan. Ao Guan had long wanted to kill these two guys.

Now that the two have been successfully killed, Ao Guan feels very happy.

"Lu Ming, have you recorded the scene just now using Fantasy Shenyu?"

Then, Ao Guan looked at Lu Ming again.

"Ok!"

Lu Ming nodded.

"Hahaha, okay!"

Ao Guan laughed.

Then, Lu Ming sent the picture of the battle just now into the fantasy space.

This is their powerful response to all ethnic groups.

Those who want to deal with them and kill the dragons must face their revenge.

"It's Lu Ming's kid!"

"Damn, is this a threat to us?"

"Where, like in the Dragon Spirit Continent, go and kill them!"

The wicked evil spirits of all ethnic groups were furious and killed from all over to Ziming Mountain.

Of course, Lu Ming they will not be so stupid, and stay here in Ziming Mountain to wait for others to kill. After Lu Ming sent the video to the fantasy space, they left Ziming Mountain and came to a secret place.

The dragon star is the home of Ao Yan, Ao Guan and others. They know many secret places and want to find a place to hide. It is too easy.

After hiding, and then monitor the large array, monitor all parts.

Sure enough, a lot of evil spirits gathered in Ziming Mountain shortly afterwards. However, naturally, they found nothing. They traversed the area near Ziming Mountain. Lu Ming and others were not found, and they could only walk away in vain.

Lu Ming and they continued to look for objects to start with.

Seven days later, they found another target.

On the other side, there are also two princes with seven levels of wickedness, plus some princes with levels below five.

Those who are below five levels of the princes naturally entered and stayed before.

As a result, more than a dozen people were wiped out by all four Lu Ming.

The video was sent to the fantasy space, causing a lot of anger.

However, when these people reached their destination, Lu Ming left them long ago.

"Damn things, you can only be a tortoise, and sneak in secretly!"

"Vile and shameless!"

"Don't be found by me, otherwise I will crush your bones!"

Many people roared in the fantasy space, even shooting video to provoke Lu Ming and others.

However, Lu Ming and others did not bother to pay attention, they have secretly returned to Penglai Island.

This time, killing several demon arrogances of the other party in a row is a powerful return.

However, with their current strength, it is not appropriate to confront each other.

It is better to meet the sevenfolds and eightfolds of the Divine Monarch.

In addition, if you encounter a very high ranking, such as the dozens of people in the Hung Fung Ten Thousand Peoples Ranking, I am afraid it is also dangerous.

Now, Lu Ming, of course, they have long known that the top ten races in the Honghuang Wanzu list can not come in. This is unfortunate for them.

Now, they can only contend with these people by continuing to cultivate and improve their strength.

Returning to Penglai Island, they continued to practice while paying attention to the situation outside.

Time, day by day.

It was another six months.

At this time, Lu Ming felt that he had full control of the 'Forbidden Power', and with a single blow, the power of terror could erupt.

At the same time, Lu Ming has been able to operate with all kinds of magical powers.

However, Lu Ming discovered a major problem.

That is, his divine power cannot be improved.

When he can control the divine power, he is ready to refine the magic medicine and improve his cultivation.

However, when he refined the magic medicine, the energy of the magic medicine spread into all parts of his body and scattered into every cell.

To be precise, every cell will have a strong attraction to absorb these medicines.

Nothing is assigned to the divine power.

Lu Ming has tried more than ten times in a row and refined more than ten strains of magic drugs. The results are all the same. Lu Ming finally gave up.

"No, won't I be able to improve in the future, and I will always stay in the Sanjun triple..."

Lu Ming wailed.

This was a major blow to him.

"Are you going to cultivate the 'Forbidden Power' in the future? The question is, how to cultivate the forbidden power!"

Lu Ming sighed.

Although, he now feels completely in control of the power of taboos, so that his combat power has been improved, but he has no idea how to improve the power of taboos.

He asked this question to the bone demon, and the bone demon did not know.

Lu Ming is speechless!

Roar!

In the distance, there were two sounds of Longyin.

"Aoguan, Aocheng, broke through again!"

Lu Ming's eyes moved.

Ao Guan Ao Cheng, continuous breakthroughs in cultivation and cultivation have reached the five levels of Divine Monarch.

Ao Yan hasn't made a breakthrough yet, it is still the fivefold of the Divine Monarch, but it has reached the peak of the Fivefold of the Divine Monarch.

This speed is amazing.

Lu Mingfei passed by and found two nine-clawed dragons flying around in the sky. Soon after, they turned into human figures.

"Haha, Lu Ming, how are you doing?"

Ao Guan laughed.

"so so!"

Lu Ming sighed, seeing Aoguan break through, he was envious of death.

"Go, let's go to the princess and see what's going on outside!"

Ao Guan smiled, and Lu Ming and Ao Cheng went towards the center of Penglai Island.

There, Ao Yan's closed place.

When they found Ao Yan, they saw that Ao Yan's face was a bit ugly, and even, the murderous opportunity filled him.

Ao Guan et al. sink in their hearts.

"Princess, what's wrong?"

Ao Guan asked.

"Look!"

After Ao Yan finished speaking, his hands waved and an image appeared in the air.

Above a peak, large groups of dragons were tied and kneeled on the ground.

The number is staggering, at least tens of thousands.

There is even a huge eight-clawed dragon, lying prone on the ground.

On the side, there are devilish arrogance of some ethnic groups, staring indifferently at these dragons.

"I'm repeating it. I know that you have deployed a large array of surveillance everywhere. If you can see the situation here, it doesn't matter if you don't see it. We will send it to the fantasy space!"

"Now, Lu Ming, and your nine-clawed Shenlong, roll over obediently, otherwise, every minute, I will kill a dragon race!"

A young man in a golden robe spoke indifferently, and after speaking, his palm was held in emptiness, and a dragon girl was arrested.

"no, do not want..."

The dragon girl showed a terrified look, struggling constantly, and tears flowed.

However, the eyes of the golden robe youth were all indifferent.

"Now, it's another minute, kill!"

The young man in Jinpao drank coldly and pinched Long Li. The girl of the Dragon Race was directly killed.

"Damn, **** miscellaneous!"

Ao Guan shouted in anger.

Kill one person in one minute. How many dragon races have these people killed?

Obviously, the other party wants to use this method to force them out.

Chapter 3672: Plan to start

"Wings?"

Lu Ming whispered and his eyes were very cold.

The young man in golden robe has a pair of golden wings behind it, which is obviously the wicked arrogance of the winged human.

A golden wing human race.

It was also when Tianjun tore the Wanlong Seal, which was absolutely powerful.

He just wanted to use this method to force Lu Ming to show up.

"Lu Ming, look at the Fantasy Shenyu!"

Ao Guan to Lu Ming.

Lu Ming's eyebrows glowed, and the dream of Shenyu emerged. Then, Lu Ming really saw some videos in it, which were sent by those people just now.

As soon as my thoughts moved, the video became visible and appeared in the air, so everyone could see it.

Similar to before, these people are clamoring and killing the dragons.

"You can continue to hide, if I give you three days, and three days later, you will not appear, I will slaughter this eight-claw **** dragon, drink dragon blood and roast dragon meat on the spot!"

"An eight-clawed dragon, the dragon meat must be very delicious, and dragon blood is also a big supplement, hahaha, remember, my name is Yixie!"

In the last video, the winged human demon laughed.

"Damn, damn, I can't help it anymore, I'm going to kill this shit!"

Ao Guan was furious and his eyes were red.

"Don't be impulsive, they obviously want to force us out. There must have been a trap there, and we will be wiped out!"

Ao Yan stopped Ao Guan. Although she was also very angry, she did not lose her mind.

"Then what to do? Is it just watching these miscellaneous arrogance, killing the dragon clan, eating my dragon flesh and blood? Anyway, I can't bear it anymore, it's a big death, and it's better than this!"

Aoguan shouted, very angry.

"This matter requires long-term consideration!"

Ao Yandao, frowning.

"It's not impossible to kill them!"

At this time, Lu Ming spoke.

"Brother Lu has a good plan?"

Ao Yan's eyes lit up.

"The other party must have laid a trap near the mountain, such as the killing formation method, so we have to fight, and we cannot fight on that mountain!"

"In addition, before the shot, we must find out the other's cultivation behavior. If there is an opponent we can't compete with in the opponent, then we go, just to die, it has no effect!"

Lu Ming said.

"Then how to lead them away, how do you know their cultivation behavior, Lu Ming, you don't have to hide it, say it happily, I feel uncomfortable!"

Ao Guan said anxiously.

"Simple, we first ambush near that mountain, and then I will go out and lead them!"

Lu Ming said.

"Are you going to quote? It's too dangerous!"

Ao Yan, Ao Guan and others all changed their faces.

"Relax, now that I have full control of that ray of power, and I can use the original secret technique, combined with that power, I am extremely fast, even if the other party has a quasi-empire, I am sure to escape!"

"Now the purpose of the Tiangong is me. As long as they win me, they can become the emperor or the emperor. This is a huge temptation, so as long as I show up, they will definitely chase them. In this way, they can be Lead out the mountain, and at the same time, you can see their cultivation behavior!"

Lu Ming said.

Ao Yan and others pondered.

In doing so, they are not dangerous, but for Lu Ming, it is a huge crisis.

In case the other party has a very good speed, it is troublesome.

"How can I do it? If we go on like this, we will be too passive. They must kill them with fear, and they will converge!"

Lu Ming said, the cold light flashed in his eyes.

"Okay, do it!"

Aoguan shouted.

In the end, Ao Yan and Ao Cheng also nodded in agreement.

Like the last time, the four eight-clawed dragons remained on Penglai Island. Although they also wanted to participate in the war, Ao Yan was determined.

The four eight-clawed dragons are still weaker.

The eight-clawed dragon seems to be very close to the nine-clawed dragon, but the talent bloodline is much different.

At the same level of battle, the eight-clawed dragon and the nine-clawed dragon are far apart.

After a good negotiation, they set off.

Yixie and others have sent the address long ago, for fear that Lu Ming will not go.

Destination, Fengshen Mountains.

Therefore, they went to the Fengshen Mountain Range at the fastest speed.

After only two and a half days, they came to the Fengshen Mountain not far away.

Then, Ao Yan, Ao Cheng and Ao Guan found a hidden place to hide.

Lu Ming is responsible for attracting Yixie et al.

"Brother Lu, be careful!"

Ao Yan and others were worried.

"rest assured!"

Lu Ming smiled and then headed towards Fengshen Mountain Range.

Fengshen Mountain, the highest mountain, Yixie and others are on this mountain.

"Huh, it seems that Lu Ming's turtles with reduced heads are afraid to come. I see when they can hide. If they don't appear in one day, I will kill one day, and if they don't appear in one year, I will kill one year!"

Yixie sneered. In his eyes, there were all tyrannical murderous opportunities, and hot greed.

Yes, greedy.

As long as Lu Ming is killed and Lu Ming's body is handed over to Tiangong Tianjun, he is the emperor of Tiangong.

In addition, the great power of the Golden Wings also promised him a huge reward.

As long as he can win Lu Ming, he will fly to Huang Tengda, and it will not be impossible to become a hegemon in the future.

At the thought of this, he was extremely hot.

bump!

Yixie killed a dragon clan, and roared with a low voice: "Lu Ming, you will appear soon, I can't wait!"

At this moment, an excited cry rang out.

"Lu Ming, Lu Ming is here!"

Someone called out.

Yi Xie's eyes quickly looked forward.

In the distant sky, a young figure came out of the air.

This person is of course Lu Ming.

"Come, really come, great!"

Yixie shivered excitedly.

Then he glanced at the others on the mountain.

This time, it was not only him, but also the wickedness of other races.

Now Lu Ming came, and these people became his competitors.

He quickly pondered in his mind how to get Lu Ming's credit in his hand.

But at this time, Lu Ming stopped in the distance, and did not continue to approach the mountain.

"Lu Ming, you are finally here, haha, it seems that you care about these dragons!"

Yixie laughed.

"I'm here, let them go!"

Lu Ming said.

"Let them go? You can come, and change people, and let those nine claw dragons come together too, and we let them go!"

Yixie sneered.

"Release first!"

Lu Ming said.

"Lu Ming, you are not qualified to talk to us about the conditions. Come first, we will let go, otherwise, I will kill these dragons!"

Yixie coldly drinks.

Lu Ming's mouth twitched slightly, and there was clearly a trap.

Let Lu Ming pass, is he so stupid?

Bump...

Lu Ming stepped on the void, but instead of moving forward, he retreated!

Chapter 3673: Shot together

Lu Ming stepped back continuously, a step of one thousand kilometers, and moved back a hundred miles in an instant.

Yixie's face changed and shouted: "Lu Ming, you dare to retreat, do you want these people to die?"

"Let them go first, or leave!"

Lu Ming spoke lightly and continued to retreat, very decisively.

Obviously, if they did not let go of Yi Xie, Lu Ming would just retreat.

"Damn, **** miscellaneous!"

Yi Xie, and some other evil spirits roared in their hearts.

Lu Ming's behavior exceeded their expectations.

They originally thought that since Lu Ming had already appeared, they must care about the Dragon Clan. They could use the Dragon Clan to threaten Lu Ming and let Lu Ming enter the trap they laid.

In this way, Lu Ming won easily.

But I did not expect that Lu Ming did not care about the life and death of those dragon races.

Can't wait for Lu Ming to appear, how can they watch the landing retreat with their eyes open?

Even if the trap doesn't work, Lu Ming must be won.

"chase!"

"Can't let him go!"

Roars roared, and the wickedness of the scene was arrogant, quickly chasing away to the landing.

"Is it really coming!"

Lu Ming sneered, this scene was within his expectations.

Tiangong opened such a high condition, these people will certainly not give up on him, as long as he appears, these people will chase him no matter how.

Therefore, Lu Ming will not be threatened by the other party, but the other party will be led by him.

Wing Evil is also a golden winged man. He radiated golden light all over his body. His wings fluttered rapidly, and the speed was astonishing. Like a phantom, he chased toward the landing.

Divine Monarch Eightfold!

The wing evil pursued with all his strength, and naturally, the breath came out. This is a **** prince with eight folds of evil spirits.

Lu Ming did not dare to have the slightest care.

The Divine Monarch is eightfold, but it is much stronger than the Sevenfold.

At the same time, Lu Ming's breath of other evil spirits was also sensed.

There were nine people who chased him.

One of them has the same breath as Yixie, and it is also the eightfold of Divine Monarch. The other seven are all sevenfold of Divine Monarch.

Nine evil spirits arrogantly exploded their speed to the extreme, chasing toward the landing Ming.

In particular, Yi Xie and another young man with eight supernatural powers, the fastest, quickly narrowed the distance to Lu Ming.

"Boy, you can't run away!"

The wing evil roared roaringly.

"is it?"

Lu Ming smiled faintly. At his feet, the boots of the wind-blown emerged, and his feet stepped on the boots of the wind-blown, causing his speed to skyrocket.

At the same time, Lu Ming vibrates the musculoskeletal, and every cell has a force flowing out, pushing him to continue flying forward.

Suddenly, Lu Ming's speed increased sharply, exceeding the distance between Yi Xie and another young man with eight supernatural powers. The distance between them was widening.

"Damn!"

Wing evil roared, killing intent, chasing desperately towards the landing.

"His cultivation is only the triple of the Divine Monarch, even if it is fast, it will not last long!"

Another youth road.

They did not give up and kept biting behind Lu Ming.

Soon, Lu Ming, with Yixie and others, came to the place where Ao Yan and others ambushed.

"There are only two princes and eight princes, and the others are seven princes and can fight!"

Lu Ming's thoughts changed sharply.

Now, both Ao Cheng and Ao Guan have successfully broken through the five princes of the Divine Monarch, and their combat power has surged, enough to kill the natural pride like the two-headed wolf tribe.

And Ao Yan's cultivation behavior is also about to break through the sixfold of Shenjun, and his strength is even more amazing, enough to fight against the eighty heavy demon prince.

Lu Ming has completely controlled the 'Forbidden Power' and his combat power has skyrocketed. He is confident that he can defeat that evil spirit.

Therefore, in the face of these people, they can fight.

If you attack, you might win the opponent.

Therefore, Lu Ming immediately sent a voice to Ao Yan, Ao Guan, and Ao Cheng, and he could do it. When Lu Ming led people to their ambush, they could attack.

Three people, Ao Yan, responded quickly.

After planning, Lu Ming flew towards the ambush of Ao Yan.

Lu Ming flew over from the ambushing mountain of Ao Yan.

Immediately afterwards, Yixie, as well as the young man of the eighth prince, flew over, and Ao Yan and the three did not shoot.

They are waiting for the seven princes and seven heavy monsters.

A few breaths, seven princes and seven heavy demon arrogances, flew to the top of Ao Yan and others.

"Do it!"

At this time, Ao Yan three shot.

They turned into a dragon shape, nine claws stepped into the air, rushed out like lightning, and the speed was extremely fast.

One person, deal with one!

Ao Yan three people, each of the combat power is above the other side, plus sneak attacks, the other side carelessly, directly hit.

Ahhhh!

Three consecutive screams, three of them young, the body was torn by three people Ao Yan, Long Yin Zhenkong, their souls were annihilated.

The seven demon princes of the three princes fell directly.

"No, there is an ambush!"

"How many of them?"

Suddenly attacked, the other party's heart was a little confused, roaring again and again, and stopped in a hurry, glancing around with some fear.

"Leave the rest to you!"

Ao Yan urged Ao Guan Ao Cheng a sentence, his body twisted, rushed towards the presence of the two gods in front of him.

At the same time, Lu Ming's fast-flying body suddenly stopped, backed up, and killed towards Wing Xie.

boom!

A punch came out, the void shook, and the punch was rushing, rolling towards Yixie.

"court death!"

Yi Xie is not surprised but rejoicing. What he fears is not Lu Ming's hands, but Lu Ming's hands.

Hands on, exactly what he wants.

His body was covered with golden light, his fingers were bent like eagle claws, and he clawed towards the landing.

"Crush me!"

Yi Xie's eyes were fierce, and a cold smile appeared on the corner of his mouth.

He wanted to crush Lu Ming's fist in one paw, as if he had heard Lu Ming's screams.

next moment...

boom!

The two's attacks collided fiercely, like the thunder roaring and shaking the void.

Then, Yixie's face changed wildly. He clearly heard the sound of bone fracture. Then, a sharp pain came from his claws.

Uh!

Yixie's body retreated, and his claws were completely bent and twisted together, and five fingers were broken.

"how is this possible?"

Wing evil is a bit weird.

How hard his claws are, he knows very well that even the top-level Junbing soldiers can be crushed into one claw, but just caught Lu Ming's fist, instead of crushing Lu Ming's fist, instead The finger bone was broken by Lu Ming's violent force.

His arm was trembling slightly, and even his arm almost jumped off.

"A triple prince, why is it so powerful, yes, it must be the function of that mysterious power!"

Wing Xie's mind turned sharply, and thought of the 'taboo power'.

Of course, he didn't know that the ray of power was called 'Forbidden Power' because Tiangong was not disclosed.

Chapter 3674: I will be afraid of you?

Yixie is envious of death.

"I'm going to slaughter this kid and strip the power from him!"

Wing evil roared, the killing intention was colder.

However, he hasn't shot yet, Lu Ming has already killed him.

Lu Ming stepped on his foot, and his figure rushed towards Yixie, and his fists blasted out constantly.

In an instant, there were hundreds of fist prints rolling towards Yixie.

At the same time, Ao Yan has already been killed, and another young man with eight superpowers.

And Aoguan and Aocheng were in a fierce battle with the remaining four princes and sevenfolds.

"kill!"

Wing evil screams, bursts of strength, casts the original secret technique, merges with his wings, his pair of wings, like two magic swords, cut through the void and cut towards Lu Ming.

when! when! when!

In an instant, Lu Ming's fist collided with Wing Xie's wings for dozens of times in a row. After all, Lu Ming was even stronger. In every cell of him, the power of taboo was fused, indestructible, infinitely powerful, and Wing Xing Back and forth.

"how is this possible?"

Some people shouted, it was shocked.

Lu Ming looks like this is a triple god, and the fighting power is so strong.

"It must be that ray of power, it must be!"

Some people are even more fierce in their hearts, and wish to take Lu Ming's power as their own.

However, Lu Ming will naturally not give him such an opportunity, the offensive is like a storm, and he will continue to kill the wing evil.

The Wing human race, ranked 130 in the Honghuang Wanzu list, is not as talented as the top 100 races. Although he has eight levels of cultivation, he is not particularly against the sky.

It's not Lu Ming's kind, but it ignores the evil pervert of the talented race.

Therefore, for a time, he was hit by Lu Ming.

After the two of them slammed hundreds of moves, some felt pain in their palms and wings, and the bones above were cracked.

Head to head, he is not Lu Ming's opponent.

"Damn!"

Yixie shouted in his heart, and a retreat sprouted.

However, Lu Ming would not allow him to retreat.

"kill!"

Lu Ming Changxiao, the right-handed tyrant spear emerged, and the left hand grabbed the door of the Dominator, screaming wildly toward the wing evil.

Taking Lu Ming's current cultivation practice as the overlord gun and the gate of domination, it will not pose a great threat to the wing evil.

However, being caught in Lu Ming's hands is different. Every blow contains a 'taboo force' attack.

Infinite force acts on the Ba Shen Gun and the Gate of Domination, which is stronger than Lu Ming's bare hands.

Wing evil is not an opponent.

After a few strokes, Yi Xie's arm broke, and with a burst, the flesh flew across.

And his pair of golden wings were also cracked by the beating turtle, and the golden feathers flew around.

Wing Evil retreated and wanted to avoid, but under the injury, especially the golden wings were injured, the speed was greatly reduced. Lu Ming seized the opportunity and punctured his body with a shot.

Buzz!

The Ba Shen Gun vibrates, forming a terrifying shock wave, impacting the wing evil body.

Bang Bang Bang...

There was a constant explosion in the wing evil body, and this time, the wing evil was hit hard.

"Save me, save me!"

Yixie shouted at others.

Another young man with eight supernatural powers is extremely powerful, but he is a powerful race among the top 100 in the Hundred Thousand Clan List. He is also a superpower with eight superpowers. His strength is above the wing evil, and Ao Yan is not an opponent. .

However, how can Ao Yan let the other party rescue Wing Xie?

Ao Yanshi exerted all his strength, regardless of whether he would be injured, and rushed towards the other party frantically, entangled the other party violently.

It is difficult to give each other a helping hand.

Lu Ming's offensive was even more violent.

The Winged Evil retreated, but Lu Ming lifted the door of the Domination, and then hit it, directly hit the Winged Evil.

Yi Xie screamed and flew out, half of his body exploded.

"Send you on the road!"

Lu Ming stepped out in one step and came to Yi Xie's side. The Ba Shen Gun was as big as a mountain.

"No, I am a winged human figure is outside, you can't kill me..." Yixie shouted in horror.

"I don't even care about Tiangong Tianjun, I will care about a birdman and die for me!"

Lu Ming drank coldly and kept on the offensive.

This time, Yixie could no longer withstand it. When the Ba Shen Gun rolled down, Yixie's body exploded, destroying both form and spirit, and fell completely.

Wing human race, another demon celestial arrogant died in Lu Ming's hands.

After killing Yi Xing, Lu Ming looked away and looked at the battlefield.

Aoguan and Aocheng, both of whom have five princes and powerful combat power, have already prevailed against the existence of the four princes and sevenfolds.

But Ao Yan, but fell.

Lu Ming rushed directly towards Ao Yan, intending to help Ao Yan, first to kill the young man of Shenjun Bazhong.

The young man with the eightfold supernatural power changed his face when he saw Lu Ming rushing over.

Lu Ming just killed Yi Xie just now, but in his eyes, his strength is amazing.

Although his own combat power is also above Wing Evil, he still cannot kill Wing Evil. Lu Ming can kill Wing Evil and the fighting power is above him.

In addition to Ao Yan, who is not weak, the two teamed up to attack him, and he was more and more fierce.

In addition, the other four Tianjiao also fell, and if they continue to do so, they will be destroyed by the whole army.

"Retreat!"

The young man of Shenjun Yazhong made a decision, and then violently attacked a move towards Ao Yan.

Ao Yan originally fell in the wind and was hit by the opponent with all his strength.

Taking advantage of this opportunity, the figure of the young man with eight supernatural powers retreated.

"Hugh wants to go!"

Lu Ming arrived and threw the Ba Shen Gun out.

call out!

The Ba Shen Gun, like a lightning bolt, attacked the other party, but was blocked by the other party, and the other party also used the power of the Ba Shen Gun to retreat backward at a faster speed.

Lu Ming followed up quickly and didn't want to let the other party pass.

The two chased and fled, one hundred miles away.

"It's really shameful to be chased and run by a trio of princes, who are terrible!"

Just then, not far away, a voice of sarcasm came.

This voice, obviously, was directed at the Divine Monarch Eightfold Youth.

Lu Ming glanced and found a young man not far away.

This young man, dressed in black and white robes and a face like a crown jade, is very handsome and looks almost the same as the human race.

"It's you!"

After seeing the youth in black and white robes, Shenjun Bazhong's face changed, and he seemed very embarrassed, but instinctively, he was relieved.

Instead, he flew towards the youth in black and white robes and landed next to each other.

Lu Ming also stopped and narrowed his eyes because he instinctively felt the crisis from this young man.

After Lu Ming stopped, Ao Yan also rushed over and stopped beside Lu Ming.

"Yinyang Xiangyu, why are you here?"

Shenjun Yazhong Youth asked, the tone is very dignified, even... awe!

"I happen to be nearby, and seeing you provoking Lu Ming here, let's take a look. It seems that I'm not too late!"

Yinyang Xiangyu said that he never looked at the other party, his eyes kept falling on Lu Ming.

Chapter 3675: Yin Yang

Yin Yang Xiangyu's eyes have always fallen on Lu Ming, his eyes burning, with deep greed.

For him, Lu Ming represents the Son of Heaven and the infinite future.

"Since I'm here, they will leave it to me!"

Yinyang Xiangyu spoke, and then stepped out.

boom!

A strong breath rose to the sky.

The Sevenfold Divine Monarch!

As soon as Yinyang Xiangyu's breath erupted, Lu Ming and Ao Yan felt it, and the other's cultivation practice was the sevenfold of Shenjun.

However, Lu Ming and Ao Yan did not dare to carelessly.

The young man with the eightfold supernatural powers was obviously in awe of Yinyang Xiangyu. Obviously, the strength of the other party could not be judged by cultivation base.

This time, a lot of evil spirits came in. Anything you encounter is possible.

It is not impossible even if you encounter a player who can fight against them at the same level.

Uh!

Suddenly, Yin and Yang Xiangyu moved, and his figure flickered, and at the next moment, appeared in front of Lu Ming and Ao Yan. In his hand, a snow-white long sword appeared. Over here.

After being cut out, Jianguang split into two and cut to Lu Ming and Ao Yan respectively.

"Dragon Cut!"

Ao Yan drank coldly, and the dragon horn above her head was glowing, bursting out with a dazzling divine light, and chopped towards the other party.

Lu Ming, wielding the Ba Shen Gun, blasted at the other party.

boom! boom!

Two roars came in succession, Lu Ming felt a powerful force rushing towards him, his body shivered slightly, and he could not help but back two steps.

Ao Yan is the same, nine dragon claws back a few steps.

"Good strength!"

Lu Ming was shocked.

It was just a trick, Lu Ming knew that he had encountered a horrible evil spirit.

This yin and yang Xiangyu, has an amazingly powerful combat strength. Although it is only a sevenfold superpower, the combat power is still much stronger than that of the youth with eight superpowers.

The tyrant gun in Lu Ming's hands kept shaking, and even a crack appeared on it.

"It can stop me, a little strength, it seems that I don't need to show my true skills, and I can't win you for a while!"

Yinyang Xiangyu was a little surprised, and surprised Lu Ming, they could actually block his attack.

At the next moment, a sword appeared in his left hand.

A dark long sword is diametrically opposed to the snow-white long sword in his right hand.

boom!

His breath was even more violent. There were two kinds of divine power flowing in him, one black and one white, intertwined and intertwined.

"Two divine powers, ancient cultivation methods, wrong, this is the power of Yin and Yang, this person is the arrogance of the Yin and Yang people!"

Lu Ming's face changed wildly.

He suddenly thought of the Yin-Yang people.

The Yin-Yang tribe, the top tribe of the Honghuang universe, ranks 16th in the Honghuang Wanzu list!

The races that can be ranked in the Honghuang Wanzu list are absolutely large races. They are the overlords of the Honghuang Universe, not to mention 16th.

In addition to the top ten, absolute terrible race, blood talent, extremely powerful horror.

It is said that the people of the Yin and Yang tribes can control the two divine powers of Yin and Yang once they are born, and they cooperate with each other.

And Yin and Yang divine power, can also spawn a special source secret technique, the attack power is amazing.

Anyone from the Yin-Yang tribe can easily crush those weak races in the same battle.

What's more, Yin and Yang Xiangyu are the arrogance of the Yin and Yang people, and their strength is even more terrifying.

"Yin and Yang kill!"

The indifferent voice spit out from Yin Yang Xiangyu's mouth, and then the black and white swords suddenly chopped out. Suddenly, the endless swords burst out, like a storm, swept toward the landing Ming and Ao Yan.

"Block it!"

Lu Ming shouted.

He simply put away the Gate of Domination and Ba Shen Gun, and controlled the 'Forbidden Power' with all his strength. In every cell, a force burst out, and this power was gathered on Lu Ming's double fists.

Boom...

Lu Ming's double fists came out violently, and several hundred fists were exploded in an instant.

Hundreds of fist prints blasted towards the infinite black and white sword.

At the same time, Ao Yan also exerted his full strength, the dragon claws stepped into the air, and performed a terrible attack.

In this sky, there was a big explosion and the sky was so bright.

After a few breaths, the two figures backed wildly.

It was Lu Ming and Ao Yan. The two of them retreated tens of thousands of miles before they stopped.

The two of them had more sword wounds.

On Ao Yan's silver-white dragon's body, the dragon scale was cut open, and at least there were more than a dozen sword wounds, blood flow, and the injuries were very serious.

Lu Ming was not much better. He also had more than ten sword wounds on his body, almost slashing him to pieces.

But what surprised Lu Ming was that his injury was healing quickly, even if the opponent's yin and yang forces could not stop the degree of wound healing.

The power of taboo not only has a strong attack power, but also a strong recovery ability.

"Good strength!"

Lu Ming's face was very dignified.

This yin and yang Xiangyu, too strong, Lu Ming and Ao Yan joined forces, are not opponents of each other.

If it is a battle at the same level, Lu Ming has full self-confidence and can easily suppress the opponent, but when the opponent is a few times higher, the strength completely crushes him.

"Trouble, it seems, really can't underestimate the world's heroes!"

Lu Ming sighed softly.

Some time ago, Lu Ming took several shots, and those seven princes of the evil princes, Tianjiao, were easily killed by them, which made Lu Ming and others, some entrusted, and some despised the Tianjiao of all ethnic groups.

Before, they just didn't encounter too horrible evil characters, it doesn't mean they didn't.

Uh!

Yin Yang Xiangyu's figure flashed, and continued to kill Lu Ming and Ao Yan, rolling swordsmanship, swept towards the two, the speed is extremely amazing, covering tens of thousands of miles.

Lu Ming and the two joined forces, but after the fight, their injuries were even worse.

Fortunately, Lu Ming has amazing resilience, but Ao Yan's breath is weak, so it will not be far from the fall.

"Hahaha, this Lu Ming, and the Nine Claw Dragon, are dead, but unfortunately, I didn't kill it!"

The young man with the eightfold supernatural powers laughed in his heart.

It's just a pity that he didn't kill him, and the rewards won't go to him.

He gave Yinyang Xiangyu a jealous look, and then his eyes turned to Ao Guan and Ao Cheng, revealing greedy eyes.

Aoguan and Aocheng are also nine-clawed dragons.

Although he could not kill Lu Ming and could not become the emperor, but he also had a reward for killing the Nine Claw Dragon.

He immediately killed Aoguan and Aocheng.

With this person joining, Aoguan and Aocheng also fell out of favor.

The situation was very passive for Lu Ming and they fell into a crisis.

"Look, you can stop me a few tricks, today's ending is destined, Lu Ming, I will step on you, climb to the top, and become the Son of Heaven!"

The yin and yang Xiangyu have a strong spirit, the yin and yang are surrounded by magic, and the sword is in the sky.

He seemed to have turned into two black sword lights, smashed through the air, the speed was amazing, and he rushed in front of the two.

Chapter 3676: Goodbye, bubble

Yinyang Xiangyu immediately killed Lu Ming in front of him, and Lu Ming tried his best to resist it, and his body was retreated.

The more terrifying Jianguang swept towards Ao Yan.

Yinyang Xiangyu naturally has seen that Lu Ming is more difficult to deal with, and Ao Yan is better to deal with, he must first kill Ao Yan, and then deal with Lu Ming.

"not good!"

Lu Ming's face changed greatly.

Ao Yan was seriously injured and could not stop the other party's attack, and would be killed by the other party.

But he wanted to rescue, too late.

"Fight!"

Ao Yan's eyes showed a fierce color, and she planned to work desperately, even if she died, Yinyang Xiangyu would be injured so that Lu Ming, Ao Guan, and Ao Cheng could escape.

She was just about to burn the divine power and was ready to desperately.

Suddenly, a strange force enveloped her, and she felt difficult to move.

"What's going on? Is this...time and space power?"

Ao Yan was shocked.

Then, she discovered that the space around her body was shaking like a wave of water. At the next moment, Ao Yan's figure disappeared directly from the original place, and the attack of Yin Yang Xiang Yu landed in the empty place.

"The power of time and space, the time and space spirit rat!"

Yin Yang Xiangyu exclaimed, glanced around, and found that Ao Yan's figure emerged hundreds of miles away.

And beside Ao Yan, the void rose, and then a girl's figure emerged.

The girl looked twelve or three years old, extremely cute, and her big eyes fluttered.

Seeing this girl, Lu Ming was shocked, and his eyes showed surprise.

Because of this young girl, Lu Ming was too familiar. Although he grew up a lot, he still recognized it at a glance.

"Bubble..."

Lu Ming whispered.

That's right, this young girl is the bubble that was taken away by senior Space Time Rat.

After many years, the bubble has grown up a lot and slim.

"Brother Lu Ming, I haven't seen you for a long time!"

Bubble smiled slightly, and her eyes were full of surprises.

"Do you know? Time and space spirit rat, Lu Ming, but the person Tianjun wants, you have to help him!"

Yinyang Xiangyu spoke, he had seen that Lu Ming and Bubble knew each other.

His face was rather dignified.

Because the space-time spirit rat is too terrifying, the time-space spirit rat returned to the ancestor can open a wormhole, so the time-space spirit rat family has good relations with all major races in the universe, and the relationship is very strong.

The most important thing is that the space-time spirit rat ranks higher than the Yinyang people in the Honghuang Wanzu list, ranking 14th.

"Yes, I naturally want to help my brother Lu Ming!"

Bubble fluttered with big eyes, and stepped out, she appeared beside Lu Ming, holding Lu Ming's arm, and rubbed her head **** it.

"I haven't seen you in years. I grew up!"

Lu Ming's face was full of smiles, rubbing his head with bubbles.

Time and space spirit rats are really powerful. They were able to control time and space in the world of Little Thousand Years. When they came to the vast universe, they could still control time and space.

This is talent!

Seeing this look, the face of Yin Yang Xiang Yu, completely gloomy.

He knew that sometimes there were ethereal rats, and he wanted to kill Lu Ming, which was almost impossible.

"Friends of the Time-Space Spirit Mouse, you have to know that Lu Ming is the person the Heavenly Palace wants. You have to help him, that is, offend the Heaven Palace, and offend the Heavenly Palace, even if you are the Time-Space Spirit Mouse family, you can't afford it!"

Yin Yang Xiangyu said coldly.

"As long as you can't tell, who knows that I helped Brother Lu Ming?"

The bubble fluttered with big eyes, a look of innocence.

"Are you going to kill me?"

Yin Yang Xiangyu's face changed, and then revealed a cold killing opportunity, saying: "Although the space-time spirit rat is powerful, but my Yin-Yang family is not weak, you and I are at the same level, you want to kill me, I am afraid it is not so easy!"

"is it?"

The bubble smiled slightly, and at the next moment, she rushed out directly, her hands pressed against the void, the space shook like a stream of water, and then continuously folded and squeezed, trapped in the middle towards Yin and Yang Xiangyu.

The Sevenfold Divine Monarch!

This is the practice of the bubble, a lot higher than Lu Ming.

Lu Ming lamented that the top clan is the top clan. The resources are estimated to be astonishing. Lu Ming's cultivation speed is already very fast, but compared with the bubble, the obvious gap is obvious.

Bubble shot, the powerful force of time and space, make Yin Yang Xiangyu's face become extremely dignified.

"Yin and Yang whirlwind!"

Yin Yang Xiangyu shouted, and the whole person continued to spin.

The endless sword energy turned wildly, turning into a tornado, cutting the power of time and space crazy.

In the face of the bubble, Yin and Yang Xiangyu did not dare to carelessly explode all their strength, and the offensive was stronger than against Lu Ming and Ao Yan just now.

Zizizi...

The harsh sound rang through the sky.

Yinyang Xiangyu's attack and Bubble's attack collided hundreds of times in an instant.

I have to say that Yin Yang Xiang Yu is indeed powerful, and the power of time and space of the bubble is actually blocked by him.

"Integrity of Yin and Yang!"

Yin and Yang Xiangyu roared, the yin and yang energies were combined into one, the black and white double swords and the two were combined into one, a more amazing sword rushed in one direction, actually broke the power of space and time, and broke away from the power of space and time The enveloped range.

"Space and Time Rats, you are waiting for the anger of Tiangong!"

Yinyang Xiangyu roared, but did not dare to stay at all, and flew wildly towards the distance.

"Hurry up!"

Lu Ming yelled that if this person were to run away, it would probably affect the time-space spirit rats.

Lu Ming didn't want to involve bubbles and the space-time spirit rat family because of himself.

"Brother Lu Ming, don't worry, this guy can't run!"

With a smile, he didn't intend to do anything, but he was confident.

At this moment, dense voids suddenly appeared in the void around Yinyang Xiangyu.

Endless runes permeated and intertwined with each other, forming a large formation, and huge chains condensed out and entangled towards Yinyang Xiangyu.

"There is a seat here, do you still want to run? Sample!"

An arrogant voice sounded, and then, outside the large array, a young man appeared.

The young man looked in his twenties and was very handsome, but his face was full of ruff.

"Nest, this guy, Dandan, is here too!"

Lu Ming couldn't help but blurt out, which was quite unexpected.

That's right, this young man is the world turtle, Dandan!

"Hahaha, Lu Ming, you can't do it, don't talk about being weak, even this guy can't deal with it. If it wasn't for us to arrive in time, you would burp!"

Laughing.

"How to say, hurry up and solve this person!"

Lu Ming's face immediately blackened.

Sure enough, this guy was despised by Dandan immediately.

But there is no way, Lu Ming feels that the cultivation behavior of this guy, Dan Dan, is actually the sevenfold of Shenjun, the same as the bubble.

"Sure enough, the race is great!"

Lu Ming can only sigh.

The world's tortoise family is also an extremely terrifying group in the list of ten thousand wild people.

Ranked 15th in the Honghuang Wanzu list, second only to the time-space spirit rat, higher than the Yin-Yang tribe.

Chapter 3677: All have ancient characters

Ranked as the 14th time and space spirit mouse, control the time and space, the 15th ranked world turtle, and control the array of runes together, are the pinnacles of the vast universe.

Some people say that if the number of time-space spirit rats and world turtles is too small, they can even rank in the top ten.

It can be said that these two races, each of which comes out at random, are geniuses and elites.

"The world turtle, you dare to disobey the will of the Tiangong and help this person, you are invincible!"

Yin Yang Xiangyu shouted, sword light was like rainbow, wanted to break the chains formed by the formation method.

But at this moment, when the bubble reached out and pressed, the space was twisted, and the powerful force of time and space rolled towards Yinyang Xiangyu.

Yin Yang Xiangyu's figure suddenly stiffened.

Just such a flaw is enough to decide life and death.

"kill!"

Once he drank coldly, the endless runes shone, formed a war sword, and flew out of the sky, directly breaking the eyebrows of Yin Yang Xiangyu, Yin Yang Xiangyu roared, and wanted to avoid, it was too late.

puff!

Jianguang passed through Yin Yang Xiangyu's eyebrows accurately, Yin Yang Xiangyu let out an unwilling roar, his eyes were rounded, full of unwillingness, then, his body thumped and fell to the ground, there was no breath at all .

The 16th-ranked race, the top evil of the Yin-Yang tribe, fell.

In this scene, the prince was eightfold, and there were four young princes and sevenfold youths, all of whom were frightened.

Wherever they dare to stay, they will simply run away.

But how can they escape!

The space around their bodies is twisted, and the powerful force of time and space covers them.

Then, the space shattered like a mirror, the five heavenly arrogances, the body directly turned into fragments, and even without screaming, it fell.

In this way, all those who came after the chase fell.

"Great!"

Lu Ming has bright eyes.

Diandan and Bubble's cultivation practice, although they are all seven-fold gods, but the same level of Tianjiao, in their hands, is simply unbearable.

Even if it is Yin Yang Xiangyu, fighting alone, it is not an opponent of any one or any bubble. It can be seen from the direct escape before.

"The ancient characters, the old lady feels the ancient characters!"

Knowing the sea, the vocabulary screamed.

"The ancient characters of origin? On whom?"

Lu Ming was shocked.

"Both of them!"

Measure the word.

"Both!"

Lu Ming's eyes flashed, and of course he knew who the word measure was talking about.

Dandan and bubbles!

Unexpectedly, both Dandan and Bubble have the original ancient characters on them. It seems that after he and Dandan and Bubble are separated, not only will he get adventures, but also Dandan and Bubble, as well as adventures.

Of course, Lu Ming did not have any thoughts about the ancient characters of Dandan and Bubble, but was just happy for them.

"Hahaha, I am worthy of being mixed with Lu Ming, all of them are peerless arrogance, heroes..."

Lu Ming's soul power was laughing.

Measure word tactics, war word tactics, bone demon: ...

...

"Hahaha, Lu Ming, I saved you again. Your strength is not good. Follow me later, I will cover you!"

As soon as he stepped forward, he laughed and became proud.

"Okay, anyway, I offended Tiangong, and Tiangong will leave it with you to cover me!"

Lu Ming smiled.

Dan Dan's face collapsed immediately, causing a burst of laughter from the bubble.

Ao Yan, Ao Guan and Ao Chengdu flew over with a look of surprise.

Unexpectedly, Lu Ming actually knew the arrogance of the world turtle and the space-time spirit rat.

They were the top monsters of the Dragon Clan at that time. They knew the Time and Space Spirit Rat and the World Turtle. They knew the horrors of the two clan. If they were not too small, they might not be weaker than the Dragon Clan.

Moreover, one of the two tribes is good at the way of time and space, can open wormholes, one is good at the method of formation method, and the alchemy alchemy cloth is proficient in all forms, so it has good relations with all major races in the universe, and its relationship network is all over the universe.

"Come, let me introduce you..."

Lu Ming introduced Ao Yan and others, and Dan Dan Bubble to each other.

"Oh, how did you come in?"

Lu Ming asked.

"In Dream Shenyu, seeing you so embarrassed, come in and help you!"

Dip your lips once and for all.

Lu Ming felt warm in his heart. Obviously, Dandan and Bubble came in to help him.

"However, your whereabouts cannot let others know that once it reaches the Tiangong, it will be very unfavorable to your two families!"

Lu Ming said.

Dandan and Bubble are silent.

Over the years, they have practiced in the two great races. They naturally know a lot of things, and they also know the horror of Tiangong.

Even if the two of them are strong, they cannot compete with Tiangong.

The vast universe, the heavenly palace supreme, is not just a talk.

"You wait here for a while, let's go and release those dragon races!"

Lu Mingdao, then with Ao Yan and others, headed to the mountain in front and put all the Dragon Race above.

In addition, there is the Octopus Dragon.

The eight-clawed dragon was overjoyed when he saw Ao Yan and decided to follow Ao Yan.

"Recently, people outside the world will be against us, you better find a hidden place to hide, do not come out!"

Ao Yan warned those dragon races to hide in hidden places.

Then, with that eight-clawed dragon, as well as Dandan and Bubble, secretly returned to Penglai Island.

Soon after Lu Ming left, several Tianjiao came to the place where Yin Yang Xiangyu was killed.

After these people came, their faces were very ugly.

"This is Yin Yang Xiang Yu!"

After seeing the body of Yin Yang Xiangyu, they looked extremely dignified.

The corpses of Yin Yang Xiangyu were deliberately left by Lu Ming and they were intended to give a powerful response to Tianjiao of all ethnic groups.

"Even the Yin and Yang Xiangyu of the Yin and Yang tribe are dead. I am afraid the strength of Lu Ming and the Dragon tribe is quite different!"

"We'd better spread the news and let others be more cautious. It's better to join forces. I am afraid that if you act alone, you will be broken!"

"it is good!"

Finally, a few Tianjiao sent this news to the fantasy space.

It immediately caused a huge shock.

This time, Yixie and others used an eight-claw divine dragon and a large number of dragons to force Lu Ming to appear.

In the end, Lu Ming appeared, Yixie and others, but took himself in.

Even the Yinyang Xiangyu, the demon of the Yin-Yang tribe, has taken it in, which is really shocking.

The consequence is that the power of the Wing Human Race is furious again.

The strong men of the Yin and Yang clan also sent a message that they would kill Lu Ming.

After seeing these, Lu Ming smiled faintly.

Now, his state of mind is very peaceful.

Even Tiangong has to deal with him, how could he care about the Wings and Yin-Yang?

After returning to Penglai Island, Lu Ming and they began to discuss, preparing to continue to fight back against Tianjiao of all ethnic groups.

With the addition of faintness and bubbles, he was full of confidence.

However, the premise is that you can not expose Dandan and bubbles.

Chapter 3678: Split

Ao Yan pinched the printing tactics, and pictures emerged one after another. She was using a large array of surveillance to monitor the arrogance of all ethnic groups, looking for objects to be shot.

However, most of the pictures are empty and nobody.

There are only a few pictures that show the arrogance of all ethnic groups, but these arrogances are all in groups.

"It seems that these people became very cautious after knowing that Yin Yang Xiangyu and others were killed, they all gathered together, and it was a little difficult to get started!"

Ao Yan frowned.

"There are so many people from all races, there will always be orders, look at me!"

Dandan came over, waved his hands, and the endless runes immediately appeared in the void.

Then, pictures emerged.

"This rune..."

Ao Yan's pupils contracted for a while, wondering.

Dandan has reached the level of fascination with the rune formation method.

Practitioners usually fight against the French runes, but they are usually used to assist cultivation.

Like Ao Yan, he thinks that along with the formation rune, he still has a talent, but compared with Dandan, it is far from it.

"This guy, the original ancient characters he got, won't be that guy who is 'Array'!"

In the knowledge of the sea, the word measurement whispered.

Lu Ming looked as usual.

In the sky, at least thousands of pictures emerged, and on each picture, the scene was different.

"Is this a large monitoring team?"

Lu Ming said.

"Yes, during this time, I bubbled up with the Dragon Mother Star, and deployed a lot of formations everywhere. How is it? Compared to your large surveillance, it is much stronger!"

He looked at Ao Yan proudly.

This guy still has a good face.

"Great!"

Ao Yan, Ao Guan and others admired, making Dan Dan smile openly.

Then they watched these pictures carefully.

There are five or six thousand screens, and the monitoring range is too large, and many screens have the appearance of people.

Soon, they found some arrogance, or a small number of people, who gathered together.

"These few orders, can't do it, the strength is amazing, we are all dead together when we go together!"

Dan Dan pointed at several arrogant ways.

Lu Ming's eyes narrowed.

Even this guy said so, these people are absolutely terrifying.

"Do you know these people?"

Lu Ming asked.

"Understand a little bit, because during this time, Bubbles and I deliberately approached these people. These people probably cultivated, we know!"

Once and for all.

Lu Ming was quite moved.

Obviously, Dandan and Bubble did it because he did so, deliberately approaching these people and clarifying the background of these people.

"If you want to do it, here, here, and here, you can. These people are not strong in combat, and I have a sign for every large monitoring group. It is easy to find the location!"

Once and for all.

"Okay, let's start. This time, we will kill these people until they are afraid to stay here and get out of the Dragon Mother Star!"

In Lu Ming's eyes, a cold light flashed.

Negotiations, Lu Ming, Dan Dan, Bubble, Ao Yan, Ao Guan, Ao Cheng, six people left Penglai Island.

"I will open the way!"

Bubble said, her hands waved, the void waved, and a passage appeared.

"This is... Wormhole?"

Lu Ming showed a shocked look.

"Yes, but with my current practice, I can only open a short-distance wormhole. If it is too far, it won't work!"

Bubble said.

On the side, Ao Yan and others were all surprised.

It's just that the Seventh Level of the Divine Monarch has actually been able to open the wormhole, which is really amazing.

Even if it is only a short distance.

Lu Ming thought of pantheon.

The gods can open a short-distance wormhole when the **** is double.

Bubble is an expert in time and space. It is not surprising that Xiu Wei has reached the seventh level of Divine Monarch, and he also controls an ancient character, which can open a short-distance wormhole.

"go!"

Lu Ming and others walked into the wormhole and disappeared.

There is an island in the center of the lake.

Here, it was originally a territory of the Dragon Clan, now occupied by a few outsiders Tianjiao.

These arrogances come from the Fire God Clan.

Vulcan Clan, ranked No. 85 in the Hungry Man Race, is also an extremely powerful race.

This race, known as the natural **** of fire, is the incarnation of the flame, and its control of the flame has reached the point of fascination.

This time, a total of five Tianjiao of the Vulcan Clan entered the Dragon Clan's parent star and gathered together.

They searched for Lu Ming at the beginning, but they didn't find it for so long, they began to occupy some of the holy sites of the ruins, and skimmed the resources inside.

At this time, the five arrogant tribes are discussing how to occupy more ruins and plunder more resources.

The resources of the Dragon Mother Star make them extremely hot.

Even if they do not kill Lu Ming, as long as they practice here for a period of time and pass a lot of resources, their cultivation behavior can also advance by leaps and bounds.

"What's going on? How do I feel suddenly quiet between heaven and earth!"

A youth of the Vulcan race said, a little curious.

"I feel the same way as if there is no sound at all!"

The other Vulcan youth frowned.

"No good, there is a problem, be alert!"

The face of one of the youths changed suddenly.

Suddenly, in all directions, whether it is in the void, on the ground, or on any object, there is a rune running out. These runes are intertwined and intertwined, forming a large formation.

The large formation formed chains, winding towards them.

"There is a formation, rush out!"

A young Vulcan roared.

The arrogance of the five gods of fire turned into flames, and the flames soared into the sky, exuding a terrifying high temperature.

They are struggling hard and want to burn the big battle.

However, the void shuddered and squeezed towards them like a wave of water.

Their body stiffened at once, and then the chains formed by the large formation entangled them firmly.

"Who?"

A young Vulcan roared.

Uh!

At the next moment, the figure of a young man emerged.

"Lu...Lu Ming, it's you!"

"How come you are here!"

The five Vulcans roared with arrogance and were overwhelmed.

"Send you on the road!"

Lu Ming said coldly, all his strength broke out, and his fists burst out in succession.

Boom...

The horrible explosion exploded, and the bodies of the five Vulcans, Tianjiao, exploded into flames.

However, the flames gathered quickly, and their figures emerged again, but the breath faded a lot.

"kill!"

Lu Ming shouted, fingers were like swords, and they clicked out, hitting their eyebrows, and the terrible energy penetrated them, directly destroying their souls.

The five Vulcan races were arrogant, and their bodies collapsed on the ground, revealing unwillingness in their eyes.

Lu Ming summoned the dream magic jade, recorded this picture, and sent it to the dream magic jade, then they killed the next location.

Chapter 3679: Tianji, exposed

In just one day, Lu Ming and them killed five batches of external arrogance, and transmitted the picture to the fantasy space, which caused shock.

Everyone knows that this is Lu Ming's response and Lu Ming's warning.

"So arrogant!"

"Damn, how can they be haunted?"

"Once, I was rushing past, but I have lost their traces. How can they solve the battle so quickly, those people are not weak!"

In the fantasy space, all the ethnic groups are proud, and there is a lot of discussion.

Because, Lu Ming, they are too divine, and the speed of solving the battle is amazing.

Some terrible beings have sensed the fluctuations of battles in the vicinity and hurried over, but they have already lost Lu Ming's trail.

This makes the arrogance of all ethnic groups extremely angry and helpless.

Many people are a little scared, especially those who are not particularly strong.

Even a group of Tianjiao, who entered with Lu Ming, did not dare to stay because their strength was too weak, and left the dragon clan star.

It is very difficult to enter the Dragon Mother Star and want to leave. In fact, it is very simple. As long as you have been flying towards the high altitude, you will automatically leave the range of Wanlongyin.

At this time, Lu Ming and they have returned to Penglai Island.

The warning has been issued, it depends on the reaction of the Tianjiao of all ethnic groups.

...

A dozen figures suddenly appeared in a valley.

"Lu Ming and others, coming and going without a trace, and being able to kill the Tianjiao of all ethnic groups so easily, is definitely not simple. Either you have a different treasure in your hand, or someone is helping you, you must check it!"

One of them arrived. The man was wearing a black and white robe, and he was also a natural pride of the Yin and Yang people.

Yinyang Xiangyu is the cousin of this person, so this person's murderous opportunity is very rich.

"Indeed, this matter is too weird. Lu Ming's strength should not be as strong as it is. Be sure to check it out!"

Another young woman said.

"I have already made an appointment with Tianji Hao Yue, I believe he can find the truth!"

Another young man spoke.

"Okay, the deduction technique of the celestial family, the world is unparalleled. If he is here, he will definitely be able to deduce Lu Ming. What means is there!"

"Unexpectedly, Tianji Haoyue is here too!"

"coming!"

Suddenly, many people looked in one direction.

In that direction, a young man came out of the air.

This young man is very handsome, his eyebrows are like swords, and he looks exactly like the human race. The only thing different from the human race is that his eyebrows have a star mark.

He wore a robe and painted all kinds of star patterns on it.

"Tianji Haoyue!"

Many people's eyes light up.

"You Xiongtai!"

Tianji Haoyue clenched his fists and greeted everyone with a confident smile on his face.

"Tianji Haoyue, it's up to you this time, I hope you can deduce Lu Ming's details, what treasure is used, or, who is helping him!"

The Yin Yang tribe said proudly.

"no problem!"

Tianji Haoyue smiled.

The celestial tribe is good at deducing the celestial plane, claiming to know the world, of course, it has exaggerated elements. However, the celestial genius ranks 13th in the list of the wild and ten thousand people, which is one higher than the space-time spirit rat family, which shows its horror.

"However, it will take a while!"

Tianji Haoyue then said, and then began to do it.

With a wave of his hand, one piece of jade runes flew out, and three hundred and sixty jade runes flew out, covering the territory of tens of thousands of miles.

The territory with a radius of tens of thousands of miles was the territory where Lu Ming had killed a batch of Tianjiao.

Then, the jade symbol glowed, and Tianji Haoyue sat in the sky, the divine light filled, resonating with the three hundred and sixty jade symbols, and then his hands were quickly pinched.

In an instant, changing the world, the sky here is shrouded in a starry sky.

Tianji Haoyue is performing the technique of great magical powers and deducing it.

Other Tianjiao, watching around, did not dare to make a sound.

Time passed day by day, and in a flash, it was half a month.

At this time, Tianji Haoyue's movements suddenly stopped, and the stars disappeared.

"It's done!"

Tianji Haoyue spoke.

"How? Is the show coming?"

The Tianjiao of the Yin-Yang tribe asked.

"Look!"

Tianji Haoyue's finger was a little void, and a picture suddenly appeared in the void.

In the picture, the figures of bubbles and bubbles appeared clearly, and the two were shooting, trapping a few Tianjiao with the large array and time and space, and then Lu Ming appeared and killed those Tianjiao.

"It is the world turtle and the space-time spirit rat!"

The arrogance of the Yin-Yang people was recognized at a glance.

"Damn, the world turtle and the space-time spirit rat actually helped that Lu Ming!"

"What a bold courage to openly violate Tiangong's orders, do they want to be annihilated?"

"Send to Dream Space, please Tiangong Tianjun ruling!"

Immediately, they pushed the content of Tianji Haoyue to the fantasy space, triggering an eighteenth level shock.

The world turtle and the space-time spirit rat actually joined hands to help Lu Ming, which is beyond everyone's expectations.

In the same way, they finally knew why Lu Ming could kill so many days without knowing it.

"No, they knew it!"

On Penglai Island, Lu Ming's face changed greatly after seeing the content of Dream Shenyu.

Dan Dan and Bubbly also saw them, and their faces were ugly.

They can help Lu Ming sneakily, but once exposed, Tiangong will definitely be guilty.

Dandan and Bubble, who have spent so long in the two communities, already have some sense of belonging and feelings, and they do not want the two communities to be blamed by the Tiangong.

But now, I can't hide it.

Sure enough, Tiangong Tianjun was angry, in the dream space, questioning the world turtle and the space-time spirit rat.

The great powers of the two tribes were frightened, claiming that they did not know about this matter, and there were already powerful people who came to the dragon clan star.

At the same time, the two tribes were able to send voices to Dandan and Bubble respectively, allowing them to leave Lu Ming and withdraw from the Dragon Star parent star.

"I do not go!"

Bubble rises his mouth, Lai beside Lu Ming.

"This matter, trouble!"

He whispered and frowned, but he didn't leave.

So, a few days have passed.

"Lu Ming!"

There was another huge voice over the dragon star, like Tianwei.

Upon hearing it, Lu Ming knew that it was the Tiangong Tianjun.

"Although you hid, Ben-kun knew you could hear you. You are fine. Even the world turtle and the space-time spirit rat are helping you. Now Ben-kun lets the word out, the two world turtles and the space-time spirit rat are little. Guys, you left and withdrew from the dragon clan star, the previous thing, this king can not be blamed!"

"If you are obsessed, the world's turtles and time-space spirit rats will be destroyed by you!"

Tianjun's voice rumbling through the Dragon clan's mother star, and outside starry sky

The voice is full of killing, making many races tremble.

Chapter 3680: Forced to be helpless

Tiangong Tianjun, who speaks with the law and speaks with one word.

Many races are trembling, although many races have good relations with the world turtle and the space-time spirit rat, but now they dare not speak.

In history, it is not that there is no strong race that violates the orders of the Tiangong, and finally disappeared in the long course of history.

At that time, the Dragon Clan, how powerful, was not destroyed.

Now, Heavenly King is furious. Who dares to speak for the time-space spirit rat and the world turtle?

Dan Dan and Bubble's complexion is extremely ugly.

If this continues, it will really affect the world's turtles and time-space spirit rats.

"Dandan, bubble, let's go!"

Lu Ming said.

Now, Dandan and Bubble can only be left. Since they have been exposed, Lu Ming can't involve them.

"Brother Lu Ming, I... I won't go!"

Bubble teeth.

"I stay too!"

Once and for all.

"What are you doing? Go! Leave! Do you want to destroy the world's turtles and time-space spirit rats?"

Lu Ming deliberately sneered.

There is another reason why Dandan and Bubble must leave.

Now that they are exposed, Dandan and Bubble follow him, which is very dangerous.

Who knows what means the Tiangong has.

Therefore, Dandan and Bubble must leave and draw a line with him.

boom!

At the moment, the sky suddenly sent out a violent shock.

Then, a voice came in.

"Bubble, get me out!"

This is a woman's voice, with some urgency and some anger.

"Master..."

Bubble body shuddered, struggling in his eyes.

Her master came and was the middle-aged woman who had taken her away.

"Dan Dan, you cub, the tortoise king bastard, don't let Lao Tzu get out, do you want to die?"

Then, another rough voice sounded.

"This old man is here too!"

As he whispered, his face was full of struggle.

The powers of the space-time spirit rat and the world turtle have arrived, and they are very close to the bubble.

"Dandan, bubble, let's go!"

Lu Ming said.

"Brother Lu Ming..."

Bubble is still hesitating.

"Go, leave now, otherwise, don't blame me!"

"Don't you know me yet? I haven't seen any storms and waves, even if I am in Tiangong, I can't help me!"

"After waiting, we still have a chance to meet, but you continue to stay here, I can only go out and surrender!"

Lu Ming stared at Dan Dan and Bubble.

At this time, Tianjun, the power of the world turtle, and the power of the space-time spirit rat, continued to speak.

The meaning is very simple, let Dandan and Bubble now quit, now quit, but don't blame it in the past, otherwise, there will be disaster for the two communities.

"go!"

In the end, Lu Ming froze his face and made a guest order.

"Brother Lu Ming, you must survive!"

Bubbles reluctantly, tears whirling.

"Lu Ming, I know you will definitely be fine. I will wait for you to rise. In the future, you will kill Tiangong. I will accompany you!"

Once he opened his mouth, he sent a voice to Lu Ming.

"Okay, haha, let's go!"

Lu Ming said.

In the end, Dandan and Bubble left, and behind them, there are two families who have to take care of it.

Roar!

Soon after Dan Dan and Bubble left, the sound of Long Yin came from outside, very sad and seemed very painful.

Lu Ming took out the fantasy Shenyu and looked downcast.

"What's going on? How is there the sound of dragon chanting outside? Lu Ming, what happened outside?"

Ao Yan looked at Lu Ming.

The same is true of Ao Guan Ao Cheng and others.

"Look!"

Lu Ming took out the fantasy Shenyu, and then a picture emerged.

The background of the picture is the cosmic starry sky, which is outside the dragon star.

There are some figures in the starry sky.

It can be seen that the huge figure of Tiangong Tianjun stands in the starry sky.

In addition, a giant tortoise can also be seen, suspended in the starry sky, Lu Ming guessed that this should be the power of the world's tortoise.

There are several huge figures closer to the Dragon Clan's parent star, one of them is golden, with a pair of wings, which is the power of the Wing Clan.

There is also the power of the Wu people.

At this time, among the powerful claws of the wing human race, a dragon was held. The dragon's abdomen had six claws, but it was a six-claw dragon. It was 10,000 meters long and was caught in the hand by the wing human race.

"kill!"

The winged humans were able to drink coldly, a golden light flashed over, the six-clawed dragon was cut off its head, and dragon blood spewed out.

"This **** dragon, reward you!"

The Wing Human Clan waved with great power, and the huge dragon's corpse flew out, and was caught by a group of middle-aged Wing Clan and young Wing Clan.

"Haha, the dragon blood is a big supplement!"

"And the dragon meat!"

These winged human races laughed, and actually drank the dragon blood in the starry sky, roasted the dragon meat, and then dunked in large chunks.

"Damn!"

"This group of mixed hairy birds!"

Watching the same race was drunk with blood and flesh, Ao Guan Ao Cheng and others were angered, shaking with anger.

But at this time, the Wing-Man clan powerfully took out a bag and extended his claws into the bag. When he reached out, he caught another dragon in his palm.

As before, it was also beheaded and given to other wing human races to drink blood and eat meat.

"Lu Ming, and the remaining evil of the dragon, I know you can see, you better show up quickly, otherwise, the dragon family will really be extinct!"

In the picture, the Yiren clan spoke very powerfully, and his voice was very cold.

"Damn, I fight him!"

"Fight, it's a big deal!"

Ao Guan Ao Cheng's lungs exploded in popularity, so he rushed out desperately.

The Shenlong family is everywhere in the universe. At that time, the Shenlong family of the dragon clan's parent star was almost extinct, but there are still many Shenlongs around the universe.

Obviously, during this period of power of the Wing Human Race, they searched the universe and caught many dragons to come and force Lu Ming and Ao Yan to appear.

Tiangong Tianjun looked indifferently and indulged this behavior.

"Don't be impulsive!"

Ao Yan scolded.

Although she was trembling with anger, and wished to rush out to fight deadly, but her spirit and wisdom stopped her.

Nowadays, there are very few dragons, even fewer nine-claw dragons. They are the last hope of the dragon family and cannot be sacrificed in vain.

If you want to take revenge, you must live.

Ao Yan stopped Ao Guan Ao Cheng and others.

"They deceive people too much!"

Ao Guan roared, his eyes red.

"This hatred must be reported, but not now!"

Ao Yandao.

Ao Guan Ao Cheng waited for Shenlong to listen to Ao Yan's words. Ao Yan stopped them. Although they were angry, they could only obey.

"Princess Ao Yan is right, this hatred must be reported, but it needs to be discussed long!"

Lu Ming also persuaded.

"How can we discuss the law from a long way, and wait for them to kill all the dragons of the universe?"

Aoguan Road.

"Perhaps, we can find a special place to fight back. Can there be a burial place of the dragon on the dragon clan?"

Lu Ming asked.

"Divine Burial Ground?"

Ao Yan, Ao Guan and others are very curious.

Lu Ming nodded, and the horn of the Archaic Dragon appeared.
